Report of Independent Registered Public Accounting Firm

The Administrative Committee of

The 401(k) Plan and the Employee Stock Ownership

Plan of CVS Caremark Corporation and Affiliated Companies

We have audited the accompanying statements of net assets available for benefits of the 401(k) Plan and the Employee Stock Ownership Plan of CVS Caremark Corporation and Affiliated Companies (the Plan) as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of delinquent participant contributions for the year ended December 31, 2009 and assets (held at end of year) as of December 31, 2009, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2009 and 2008

Note 1 - Plan Description

The following description of the 401(k) Plan and the Employee Stock Ownership Plan of CVS Caremark Corporation and Affiliated Companies (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

(a) Background

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The general administration of the Plan and the responsibility for carrying out the provisions of the Plan are maintained by a committee (the Benefit Plans Committee) of not less than three persons appointed by the Board of Directors of CVS Caremark Corporation (CVS Caremark or the Company), the sponsor of the Plan. In accordance with the provisions of the Plan, the Benefit Plans Committee has appointed an administrator (the Administrator) and a trustee (the Trustee). The Administrator maintains participant account records and instructs the Trustee to execute transactions such as benefit payments to participants. The Trustee holds the assets of the Plan and executes transactions at the direction of the Benefit Plans Committee and the Administrator. Effective January 2010, the Benefits Plans Committee further named an Administrative Sub Committee and an Investment Sub Committee and delegated certain fiduciary duties to each of the Committees.

The ESOP and the 401(k) Plan were established as of January 1, 1989.

Effective April 10, 2002, the 401(k) Profit Sharing Plan of CVS Corporation (the 401(k) Plan) was merged into this Plan, and the name of this plan was changed from CVS Corporation and Subsidiaries Employee Stock Ownership Plan (the ESOP) to the 401(k) Plan and the Employee Stock Ownership Plan of CVS Corporation and Affiliated Companies. All assets and liabilities under the 401(k) Plan as of April 10, 2002 were transferred to the Plan and, as of that date, benefits for the participants and beneficiaries of the 401(k) Plan have been paid from the Plan. See note 2(a) for further breakdown between ESOP and 401(k) assets.

Effective March 22, 2007, pursuant to the Agreement and Plan of Merger dated as of November 1, 2006, as amended, Caremark Rx, Inc. (Caremark) was merged into a newly formed subsidiary of CVS Caremark Corporation (CVS) with the CVS subsidiary continuing as the surviving entity (the Caremark Merger). Subsequently, the name of this plan was changed from the 401(k) Plan and the Employee Stock Ownership Plan of CVS Corporation and Affiliated Companies to the 401(k) Plan and the Employee Stock Ownership Plan of CVS Caremark Corporation and Affiliated Companies. The Plan has not been amended to allow for participation by Caremark employees and as such, the financial statements herein do not reflect any consolidation of benefits as provided to employees by Caremark at the time of the Caremark Merger.

Effective February 21, 2009, the Longs Drug Stores California LLC 401(k) Plan (the Longs Plan) was merged into the Plan and effective March 10, 2009, the assets of the Longs Plan, both cash and in-kind, were transferred into the Plan. This transfer included \$194,944,787 and \$535,097,274 of cash and in-kind assets, respectively. There are no remaining assets in the Longs Plan.

Table of Contents

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2009 and 2008

(b) Eligibility

Employees are eligible to participate in the Plan upon attainment of age 21 and on the earliest of:

The first payroll period of the first month after completion of 90 continuous days of service as a full-time employee; or

Completion of 12 months of service beginning on the employee's hire date with at least 1,000 hours worked; or

Completion of at least 1,000 hours of service in the course of one calendar year.

Employees referred to above are defined as regular employees of the Company other than:

A nonresident alien receiving no United States (U.S.) earned income from the Company;

An individual covered under a collective bargaining agreement (unless the agreement provides for membership);

A leased employee (as defined in the Internal Revenue Code);

A temporary employee (as determined by the Company); or

An independent contractor or consultant (as defined by the Company).

(c) Leveraged ESOP Transaction

On June 23, 1989, the ESOP borrowed \$357,500,000 from qualified lenders at an interest rate of 8.60% for a 20-year term (the ESOP Notes). The loan to the ESOP was guaranteed by CVS Caremark. The ESOP used the proceeds of the loan to purchase 6,688,494 shares of CVS Caremark Corporation Series One ESOP Convertible Preference Stock (ESOP Preference Stock). Each share of ESOP Preference Stock was convertible into shares of CVS Caremark Common Stock at the election of the Plan's Trustee. The conversion rate was 4.628 shares of CVS Caremark Common Stock for each share of ESOP Preference Stock. Shares of ESOP Preference Stock converted into common stock and authorized and unissued amounted to 213,395 in 2008. The annual dividend on the ESOP Preference Stock was \$3.90 per share. Cash dividend payments on unallocated ESOP Preference Stock were used to make debt service payments and are not allocated to participants' accounts.

In accordance with the terms of the loan agreement, the interest rate on the loan was adjusted as of January 1, 1995 in connection with the increase in the Federal income tax rate to 35%. The adjusted interest rate was 8.52%.

Edgar Filing: CVS CAREMARK CORP - Form 11-K

As of December 31, 2008, the Plan had repaid all outstanding amounts under the terms of the ESOP Notes described above.

Table of Contents

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2009 and 2008

On January 30, 2009, pursuant to the Company's Amended and Restated Certificate of Incorporation (the "Charter"), the Company informed the trustee of the ESOP Trust of its intent to redeem for cash all of the outstanding shares of ESOP Preference Stock on February 24, 2009 (the "Redemption Date"). Under the Charter, at any time prior to the Redemption Date, the trustee is afforded the right to convert the ESOP Preference Stock into shares of the Company's Common Stock. The conversion rate at the time of the notice was 4.628 shares of Common Stock for each share of ESOP Preference Stock. The trustee exercised its right of conversion on February 23, 2009, and 3,553,212 shares of ESOP Preference Stock were converted into 16,444,265 shares of CVS Caremark Common Stock at a market value of \$457,479,456.

(d) Contributions

Participants may elect to have the Company contribute to their accounts from 1% to 85% of the compensation that would otherwise be due to them, in multiples of 1%, pursuant to a salary reduction agreement. Each participant's total elective deferrals for any calendar year may not exceed 85% of annual compensation or the maximum allowed by the Internal Revenue Code (the "Code"); whichever is less, as specified in the Plan document. The maximum elective deferrals allowed by the Code were \$16,500 and \$15,500 for 2009 and 2008, respectively.

Effective January 1, 2009, on a quarterly basis, the Company matches in cash 100% up to 5% of eligible pre-tax compensation contributed, if the employee is actively employed at that time. Prior to January 1, 2009, the Company matched 100% up to 5% of eligible pre-tax compensation contributed, 50% to the employees' Plan account quarterly and 50% to the employees' ESOP Diversification Account at the end of the year. Shares of ESOP Preference Stock allocated to a participant account were calculated by dividing the greater of \$53.45 (the cash liquidation value as specified in the Plan document) or the market price of CVS Caremark Common Stock at the time of allocation.

All employees at least age 50 that contribute the maximum amount to the Plan are permitted to make additional pre-tax catch-up contributions. Catch-up contributions may be made up to an additional \$5,500 and \$5,000 for 2009 and 2008, respectively.

(e) Participant's Account

Each participant's account is credited with an allocable share of their selected Plan's investments and any unrealized appreciation or depreciation and interest and dividends of those investments. In 2008, the total amount of new shares to be allocated was calculated by multiplying the ratio of the 2008 debt service payments to total current and future debt service payments by the total number of unallocated shares of ESOP Preference Stock in the Plan. Allocations to individual participant's accounts are based on the number of shares due to each participant as described in 1(d) above.

(f) Vesting

Participants are 100% vested in all contributions.

Table of Contents

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2009 and 2008

Participants whose account balances have been transferred into the Plan from other defined contribution plans maintain at least the degree of vesting in the account they had at the time of the transfer. Notwithstanding the foregoing, participants are fully vested in, and have a nonforfeitable right to (1) their accounts upon death or disability, and (2) any elective deferrals described in note 1(d).

(g) *Payment of Benefits*

Upon termination of service by the participant, the Administrator will direct the Trustee to pay to the participant their benefit under one or more options, such as a single lump-sum, or in equal annual installments over a period not exceeding fifteen years. In 2008, the beneficiary may have elected to receive their ESOP payment in shares of CVS Caremark Common Stock or in cash at \$53.45 per ESOP Preference Stock or the fair market value of a share of CVS Caremark Common Stock at the time of the distribution times a factor of 4.628, whichever was greater.

(h) *Administrative Expenses*

Administrative expenses specifically attributable to the Plan and not covered by forfeitures were funded by the Plan for 2009 and 2008. Trustee's fees were paid by the Plan for 2009 and 2008.

(i) *Forfeitures*

On a participant's termination date, any unvested portion of their account is forfeited at the earlier of distribution or five years from the date of termination. If a former participant resumes employment and eligibility in the Plan within five years of termination, any amounts previously forfeited are restored to the participant's account, but remain subject to the vesting provisions of the Plan. Forfeitures during any plan year are applied as follows: (i) to restore amounts previously forfeited by participants but required to be reinstated upon resumption of employment; (ii) to pay administrative expenses of the Plan; or (iii) to reduce future CVS Caremark contributions. If forfeitures for any plan year are insufficient to restore the required forfeitures, CVS Caremark shall contribute the balance required for that purpose.

Approximately 8,918 shares of ESOP Preference Stock were forfeited during 2008 and were applied as of December 31, 2008. Forfeitures restored to participants in ESOP Preference Stock upon resumption of employment for 2008 were approximately 868 shares of ESOP Preference Stock.

Cash forfeitures for 2009 and 2008 were \$260,084 and \$476,660, respectively. Cash forfeitures restored to participants upon resumption of employment for 2009 and 2008 were approximately \$20,902 and \$46,370, respectively. The remainder of the forfeitures for each year was applied to the administrative expenses of the plan and to reduce the CVS Caremark contribution.

(j) *Investment Options*

Upon enrollment in the Plan or daily, a participant elects to direct contributions or investment balances within the investments which are comprised of guaranteed insurance contracts, securities of CVS Caremark and securities of unaffiliated issuers. The securities in unaffiliated issuers include marketable mutual funds and separately managed funds, comprised of marketable securities. The following is a brief explanation of each fund's investment objectives:

Core Equity Fund

The Institutional Vanguard Index Fund seeks to replicate the total return of the Standard & Poors (S&P) 500 Composite Stock Index (S&P 500) by investing in stocks that make up the index. The S&P 500 Index consists mainly of large companies and represents approximately 75% of the U.S. stock market value.

Diversified Bond Fund

The PIMCO Total Return Institutional Class Fund is a core bond fund that seeks to outperform the Barclays Capital Aggregate Bond Index. Investments may include government and corporate debt securities, mortgage and other asset-backed securities, money market instruments, and derivatives.

International Equity Fund

The Templeton Foreign Equity Series-Primary Shares Fund seeks long-term growth of capital through participation in stock markets outside the United States. The fund invests mainly in the common stock of companies based in more developed countries, but may also include investments in developing countries. It is benchmarked by the Morgan Stanley Capital International (MSCI) Europe, Australasia, and Far East (EAFE) Index.

Small Cap Growth Fund

The Vanguard® Explorer Fund seek long-term growth of capital and dividend income through participation in the stock market. The fund invests primarily in stocks of relatively small companies, making it a high-risk investment with potential for large rewards. This fund is benchmarked by the Russell 2500 Growth Index.

Global Equity Fund

The American Funds-New Perspective seeks long-term growth of capital by investing in a variety of foreign and domestic companies. The fund tries to outperform the MSCI World Index, which measures the performance of U.S. and international stock markets.

Small Cap Value Fund

Columbia Small Cap Fund is managed by Columbia Management and its affiliates. The fund seeks long-term growth by investing primarily in stocks of small to medium-sized companies, which either are believed to offer superior earnings growth or appear to be undervalued. This fund may experience above-average share price volatility. It is benchmarked by the Russell 2000 Index.

Table of Contents

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2009 and 2008

Small Cap Value Fund

The Vanguard Small Cap Index fund seeks to replicate the total return of the MSCI US Small Cap 1750 Index by investing in the stocks that make up the index. The MSCI US Small Cap 1750 Index consists of smaller U.S. companies.

Mid Cap Fund

The Vanguard Mid Cap Index fund seeks to replicate the total return of the Morgan Stanley Capital International[®] US Mid Cap 450 Index by investing in the stocks that make up the index. The MSCI US Mid Cap 450 Index consists of medium-size U.S. companies.

International Equity Fund

The Vanguard Institutional Developed Markets Index Fund seeks to replicate the total return of the MSCI Europe, Australasia, Far East Index by investing in the institutional shares of two other Vanguard funds – the Vanguard European Stock Index Fund and Vanguard Pacific Stock Index Fund. These indexes include approximately 1,140 common stocks of companies located in Europe, Australia, Asia and the Far East.

Conservative Lifestyle

The fund invests in the following Future Fund investment options: Small Cap Growth, Small Cap Value, International Equity, Large Cap Growth, Core Equity, Growth & Income, Diversified Bond, and Investment Contracts. This fund has the following composite benchmarks: Russell 1000 Index, Barclays Capital Aggregate Bond Index, S&P 500 Index, 3-Year U.S. Treasury Index, Russell 2000 Index, and the MSCI EAFE Index.

Moderate Lifestyle

The fund invests in other Future Fund investment options as follows: Small Cap Growth, Small Cap Value, International Equity, Large Cap Growth, Core Equity, Growth & Income, Diversified Bond, and Investment Contracts. The composite benchmark has been determined as follows: Russell 1000 Index, Barclays Capital Aggregate Bond Index, S&P 500 Index, MSCI EAFE Index, Russell 2000 Index, and the 3-Year U.S. Treasury Index.

Aggressive Lifestyle

The fund invests in other Future Fund investment options as follows: Small Cap Growth, Small Cap Value, International Equity, Large Cap Growth, Core Equity, Growth & Income, and Diversified Bond. This fund has the following composite benchmarks: Russell 1000 Index, Barclays Capital Aggregate Bond Index, S&P 500 Index, MSCI EAFE Index, and the Russell 2000 Index.

Notes to Financial Statements

December 31, 2009 and 2008

CVS Caremark Common Stock Fund

CVS Caremark Common Stock Fund seeks long-term growth and dividend income by purchasing shares of CVS Caremark common stock.

Investment Contract Fund

This fund is managed by State Street Bank & Trust Co. Global Advisors and seeks to preserve capital while generating a steady rate of return higher than money market funds. The fund's investments consists of Guaranteed Investment Contracts, U.S. Treasury bonds, other U.S. government-backed bonds, investment grade corporate bonds, money market instruments. This fund is benchmarked by the 3-Year U.S. Treasury Index.

Growth and Income Fund

This fund is managed by J&W Seligman, Mellon Capital Management and Barrow, Hanley, Mewhinney & Strauss. This blended fund seeks long-term growth of capital and dividend income through participation in the stock market. This fund invests primarily in the common stock of U.S.-based, well-established, medium- to large-sized companies. This blended fund is benchmarked by the Russell 1000 Value Index (RVI).

Large Cap Growth Fund

This fund seeks long-term growth of capital through participation in the stock market. Investment advisory services are provided by Columbus Circle. The fund invests primarily in the common stock of established large companies that are based in the United States and that represent industries expected to out-perform the stock market as a whole. This fund is benchmarked by the Russell 1000 Growth Index and the S&P 500.

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2009 and 2008

(b) Recently Adopted Accounting Pronouncements

In the third quarter of 2009, the Plan adopted the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) as the source of authoritative generally accepted accounting principles (GAAP) for nongovernmental entities. The ASC does not change GAAP but rather takes the numerous individual pronouncements that previously constituted GAAP and reorganized them into approximately 90 accounting topics, and displays all topics using a consistent structure. Citing particular content in the ASC involves specifying the unique numeric path to the content. The adoption of ASC did not have a material effect on the Statement of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits.

In September 2006, the FASB issued ASC 820 *Fair Value Measurements and Disclosures* (ASC 820) (formerly Statement of Financial Accounting Standards (SFAS) No. 157, *Fair Value Measurements*), which defines fair value, establishes guidelines for measuring fair value and expands disclosures regarding fair value measurements. ASC 820 does not require any new fair value measurements but rather eliminates inconsistencies in guidance found in various prior accounting pronouncements and is effective for fiscal years beginning after November 15, 2007. Effective January 1, 2008, the Plan adopted ASC 820 which did not have a material impact on the Statement of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits. See Note 3 for information and related disclosures regarding fair value measurements

In April and September 2009, the FASB issued guidance which (i) provided additional guidance for estimating fair value when the volume and level of activity for the asset or liability have significantly decreased, (ii) provided guidance on identifying circumstances that indicate a transaction is not orderly, (iii) permitted, as a practical expedient, entities to measure the fair value of certain investments based on the net asset value per share and (iv) expanded the required disclosures about fair value measurements. The adoption of the amendments to ASC 820 did not have material effect on the Statement of Net Assets Available for Benefits or the Statement of Changes in Net Assets Available for Benefits.

(c) Recent Accounting Pronouncement Not Yet Effective

In January 2010, the FASB issued guidance which expanded the required disclosures about fair value measurements. In particular, this guidance requires (i) separate disclosure of the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements along with the reasons for such transfers, (ii) information about purchases, sales, issuances and settlements to be presented separately in the reconciliation for Level 3 fair value measurements, (iii) expanded fair value measurement disclosures for each class of assets and liabilities and (iv) disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements that fall in either Level 2 or Level 3. This guidance is effective for annual reporting periods beginning after December 15, 2009 except for (ii) above which is effective for fiscal years beginning after December 15, 2010. The Plan is currently evaluating the impact that this guidance will have on the Plan's financial statements.

(d) Investment Valuation

The value of the investments in the 401(k) portion of the Plan held at December 31, 2009 and 2008 is based on the fair value of the underlying funds. Shares of mutual funds are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year end. CVS Caremark common stock and common stock owned directly in the two separately managed funds are valued based upon quoted market prices. The participant loans are valued at their outstanding balances, which approximate fair value.

Table of Contents

THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP

PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES

Notes to Financial Statements

December 31, 2009 and 2008

The fair value of the Plan's common collective trust funds represent the value of the underlying investments.

The ESOP portion of the Plan invested its funds primarily in ESOP Preference Stock. The investment in ESOP Preference Stock was carried at the higher of the cash liquidation value of \$53.45 or 4.628 times the market value of an equivalent share of CVS Caremark Common Stock. The market value of CVS Caremark Common Stock was \$32.21 and \$28.74 per share at December 31, 2009 and 2008, respectively. Effective February 24, 2009, the ESOP Preference Stock was retired and converted into CVS Caremark common stock.

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

(e) Benefits Paid

Distribution of benefits are recorded when paid.

(f) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

(g) Accrual Basis of Accounting

The Plan utilizes the accrual basis of accounting.

(h) Purchase and Sale of Securities

Purchase and sales of securities are made on a trade-date basis.

(i) Investment Income

Dividend and interest income is recorded when earned.

Notes to Financial Statements

December 31, 2009 and 2008

Note 3 - Fair Value Measurements

The Plan uses the three-level hierarchy for the recognition and disclosure of fair value measurements. The categorization of assets and liabilities within this hierarchy is based upon the lowest level of the input that is significant to the measurement of fair value. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy consist of the following:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology are quoted prices for similar assets and liabilities in active markets, quoted prices in markets that are not active or inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the instrument.

Level 3 Inputs to the valuation methodology are unobservable inputs based upon management's best estimate of inputs market participants could use in pricing the asset or liability at the measurement date, including assumptions about risk.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Common collective trust funds:

Cash equivalents within the common collective trust funds are valued at cost, which approximates fair value.

Guaranteed investment contracts within the common collective trust funds are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The passively managed collective fund within the common collective trust funds is valued by tracking the performance of the Russell 1000 index. Holdings are adjusted when there is a change in the Russell 1000 index.

Mutual funds: Valued at the net asset value (NAV) of shares held by the plan at year end reported on an active market.

Common stock: Valued at the closing price reported on the active market on which the individual securities are traded.

Preference shares: Valued at the greater of \$53.45 (the cash liquidation value as specified in the Plan document) or the market price of the Company's common stock at the time of allocation multiplied by a factor of 4.628.

Participant loans: Valued at amortized cost, which approximates fair value.

Table of Contents**THE 401(k) PLAN AND THE EMPLOYEE STOCK OWNERSHIP****PLAN OF CVS CAREMARK CORPORATION AND AFFILIATED COMPANIES**

Notes to Financial Statements

December 31, 2009 and 2008

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	As of December 31, 2009			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Notes to Financial Statements

December 31, 2009 and 2008

	Level 3 Assets	Common collective trust funds
	Year Ended December 31,	
	2009	2008
Balance, beginning of year	\$ 488,833,048	\$ 380,521,059
Realized gains/(losses)		
Unrealized gains/(losses) relating to instruments still held at the reporting date	(11,603,899)	26,353,003
Purchases, sales, issuances and settlements, net	(72,498,859)	81,958,986
Balance, end of year	\$ 404,730,290	\$ 488,833,048

Note 4 - Loans to Participants

Participants may obtain bona fide loans from the Plan, utilizing funds accumulated in their accounts. The minimum amount, which may be borrowed, is \$1,000. Participants can borrow up to 50% of their vested account balance but not more than \$50,000 less their highest outstanding loan balance during the previous twelve months. The loans are repaid to the Plan through after-tax payroll deductions. The term of the loan is selected at the discretion of the participant, but may not exceed five years for a general loan and twenty-five years for a home purchase loan. Interest on loans is equal to the Prime rate as of the prior month end plus 1%.

Note 5 - Investment Policy

At December 31, 2009 and 2008, most of the Plan's 401(k) related assets were allocated among the investment options discussed in Note 1(j) based on Employees' elections. The investment options are recommended by independent investment managers and approved by the Benefit Plans Investment Sub-Committee. Employee contributions that are waiting processing are temporarily invested in common collective trust funds. These common collective trust funds are also used to account for and administer participants' loans. The loan repayments and interest earned are allocated to each of the investment funds based upon the participants' contribution election percentages.

During 2009 and 2008, the Plan's investments, including investments purchased, sold as well as held during the year appreciated (depreciated) in fair value as follows:

Asset Category	2009	2008
Common Collective Trust Funds	\$ 116,793	\$ (2,887,573)
Mutual Funds *	339,988,884	(274,875,685)
Common Stock	186,602,089	(470,364,128)
Preference Shares	39,393,331	(186,694,252)
	\$ 566,101,097	\$ (934,821,638)

* The Mutual Funds category includes the Conservative Lifestyle fund, the Moderate Lifestyle fund and the Aggressive Lifestyle fund.

Notes to Financial Statements

December 31, 2009 and 2008

Note 6 - Plan Termination and Related Commitments

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Company terminates the Plan, all participants in the Plan become fully vested.

Note 7 - Federal Income Taxes

The Plan has received a determination letter from the Internal Revenue Service dated June 17, 2004, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator has indicated that it will take the necessary steps, if any, to bring the Plan's operations into compliance with the Code.

Note 8 - Transactions with Parties-In-Interest

Certain plan investments are investment funds managed by The Bank of New York Mellon. The Bank of New York Mellon is the Trustee as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2009 and 2008:

	2009	2008
Net Assets Available for Benefits per the Financial Statements	\$ 4,194,724,874	\$ 2,613,082,837
Employer contributions receivable	(149,811)	(610,923)
Adjustment from Fair Value to Contract Value for Fully Benefit Responsive Investment Contracts	(75,476)	35,349,307
Net Assets Available for Benefits per the Form 5500	\$ 4,194,499,587	\$ 2,647,821,221
