Dear ModusLink Global Solutions Stockholder:

You are cordially invited to attend the 2010 Annual Meeting of Stockholders (the 2010 Meeting) of ModusLink Global Solutions, Inc., which will be held at the Seaport Hotel, One Seaport Lane, Boston, Massachusetts 02210, on Wednesday, December 8, 2010, at 9:00 a.m. Eastern time.

This year, we are using the Internet as our primary means of furnishing proxy materials to stockholders. Consequently, most stockholders will not receive paper copies of our proxy materials. We will instead send those stockholders a notice with instructions for accessing the proxy materials and voting via the Internet. The notice also provides information on how stockholders may obtain paper copies of our proxy materials if they so choose. This makes the proxy distribution process more efficient and less costly, and helps conserve natural resources.

Whether or not you plan to attend the 2010 Meeting, it is important that your shares are represented and voted at the 2010 Meeting. Therefore, I urge you to promptly vote and submit your proxy via the Internet, by telephone or, if you receive a paper proxy card in the mail, by signing, dating and returning the completed proxy card. Voting by any of these methods will ensure your representation at the 2010 Meeting.

I look forward to greeting those of you who attend the 2010 Meeting.

Sincerely,

Joseph C. Lawler
Chairman, President and Chief Executive Officer

YOUR VOTE IS VERY IMPORTANT

IN ORDER TO ENSURE YOUR REPRESENTATION AT THE 2010 MEETING, PLEASE SUBMIT YOUR PROXY AND VOTING INSTRUCTIONS VIA THE INTERNET OR BY TELEPHONE, OR, IF YOU RECEIVE A PAPER PROXY CARD AND VOTING INSTRUCTIONS BY MAIL, YOU MAY VOTE YOUR SHARES BY COMPLETING, SIGNING AND DATING THE PROXY CARD AS PROMPTLY AS POSSIBLE AND RETURNING IT IN THE ENCLOSED ENVELOPE (TO WHICH NO POSTAGE NEEDS TO BE AFFIXED IF MAILED IN THE UNITED STATES). STOCKHOLDERS ENTITLED TO VOTE

Only holders of record of the Company's common stock, par value \$.01 per share (the Common Stock), as of the close of business on October 15, 2010, are entitled to notice of and to vote at the 2010 Meeting. As of the record date, 44,235,234 shares of Common Stock were outstanding. Each share of Common Stock entitles the record holder thereof to one vote on each matter brought before the 2010 Meeting.

HOW TO VOTE

Your vote is very important to the Board. Whether or not you plan to attend the 2010 Meeting, we urge you to vote your shares today.

If you received a paper copy of these proxy materials, included with such copy is a proxy card or a voting instruction card from your bank, broker or other holder of record for the 2010 Meeting, with instructions for voting via the Internet, by telephone or by mail. If you received a Notice of Internet Availability of Proxy Materials, the Notice of Internet Availability of Proxy Materials will contain instructions on how to access and review the proxy materials online and how to obtain a paper or electronic copy of the materials, which will include the Proxy Statement, the 2010 Annual Report and a proxy card or voting instruction card, as well as instructions on how to vote either at the 2010 Meeting, via the Internet, by telephone or by mail.

If you complete, sign and return your proxy card, it will be voted as you direct. If no choice is specified on a signed proxy card, the persons named as proxies will vote FOR the election of all Director nominees (and any substitute nominees selected by our Board if any present nominees should withdraw), FOR Proposals 2 and 3 and in their discretion as to all other matters which may be properly presented at the 2010 Meeting.

If You Hold Your Shares in Street Name

Edgar Filing: ModusLink Global Solutions Inc - Form DEF 14A

If you hold your shares in street name, i.e., through a bank, broker or other holder of record (a custodian), your custodian is required to vote your shares on your behalf in accordance with your instructions. Under the rules of the NASDAQ Stock Market LLC, if you do not give instructions to your custodian, your custodian will not be permitted to vote your shares with respect to non-discretionary items, such as the election of Directors, but your custodian may vote your shares with respect to discretionary items.

The ratification of the appointment of our independent registered public accounting firm (Proposal 3) is a discretionary item. The election of Directors (Proposal 1) and the adoption of our 2010 Incentive Award Plan (Proposal 2) are non-discretionary items. Accordingly, if you do not give instructions to your custodian with respect to such proposals, or if your custodian does not exercise its discretionary authority with respect to such proposals, your shares will be treated as broker non-votes on these particular matters. Broker non-votes are shares with respect to which a bank or brokerage firm does not receive voting instructions from the beneficial holder and does not have or exercise the discretionary authority in voting on a proposal.

Accordingly, we urge you to promptly give instructions to your custodian to vote FOR the proposals on the agenda by using the voting instruction card provided to you by your custodian. Please note that if you intend to vote your street name shares in person at the 2010 Meeting, you must provide a legal proxy from your custodian at the 2010 Meeting.

How Does the Board Recommend I Vote?

The Board recommends a vote:

FOR the election of each of Virginia G. Breen, Edward E. Lucente and Joseph M. O'Donnell as a Class II Director;

FOR the adoption of the Company's 2010 Incentive Award Plan; and

FOR the ratification of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year.

QUORUM AND VOTES REQUIRED

Quorum

The presence of a majority of the outstanding shares of Common Stock represented in person or by proxy at the 2010 Meeting will constitute a quorum. Votes withheld, abstentions and broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the 2010 Meeting. Shares of treasury stock held by the Company are not considered outstanding and may not be voted at the 2010 Meeting.

Votes Required

The election of each of Virginia G. Breen, Edward E. Lucente and Joseph M. O'Donnell as a Class II Director requires the affirmative vote of a plurality of the votes cast at the 2010 Meeting.

Approval of the proposals to adopt the Company's 2010 Incentive Award Plan and to ratify the appointment of KPMG LLP as the Company's independent registered public accountants requires the affirmative vote of a majority of the votes cast on each proposal.

Withheld Votes, Abstentions and Broker Non-Votes

A broker non-vote occurs when a custodian does not vote on a particular proposal because it has not received voting instructions from the applicable beneficial owner and does not have discretionary voting power on the matter in question. Withheld votes and broker non-votes will not be included in the vote totals and, as such, will have no effect in the election of Directors.

Similarly, with respect to the proposal to adopt the Company's 2010 Incentive Award Plan and the proposal to ratify the appointment of the Company's independent registered public accountants, abstentions and any broker non-votes will not be included in the vote totals and, as such, will have no effect on the outcome of these proposals.

ATTENDANCE AT THE ANNUAL MEETING

Attendance at the 2010 Meeting or any adjournment or postponement thereof will be limited to stockholders of the Company and its guests. If you are a stockholder of record, your name will be verified against the list of stockholders of record prior to your admittance to the 2010 Meeting or any adjournment or postponement thereof. Please be prepared to present photo identification for admission. If you hold your shares in street name, you will need to provide proof of beneficial ownership, such as a brokerage account statement, a copy of a voting instruction form provided by your custodian with respect to the 2010 Meeting, or other similar evidence of ownership, as well as photo identification, in order to be admitted to the 2010 Meeting. Please note that if you hold your shares in street name and intend to vote in person at the 2010 Meeting, you must also provide a legal proxy obtained from your custodian.

Use of cameras, cell phones, recording equipment and other electronic devices will not be permitted at the 2010 Meeting. The Company reserves the right to inspect any person or item prior to admission to the 2010 Meeting.

HOW TO REVOKE YOUR PROXY

Your proxy is revocable. The procedure you must follow to revoke your proxy depends on how you hold your shares.

If you are a registered holder of Common Stock, you may revoke a previously submitted proxy by submitting another valid proxy (whether by phone, the Internet or mail) or by providing a signed letter of revocation to the Secretary of the Company, at the principal executive offices of the Company, 1100 Winter Street, Waltham, Massachusetts 02451, before the closing of the polls at the 2010 Meeting. Only the latest-dated validly executed proxy will count. You also may revoke any previously submitted proxy by attending the 2010 Meeting and voting your shares in person. Note that simply attending the 2010 Meeting without taking one of the above actions will not revoke your proxy.

If you hold shares in street name, in general, you may revoke a previously submitted voting instruction by submitting to your custodian another valid voting instruction (whether by phone, the Internet or mail) or a signed letter of revocation. Please contact your custodian for detailed instructions on how to revoke your voting instruction and the applicable deadlines.

Effective as of the time of the 2010 Meeting, the Board will reduce the size of the Board to eight members. The persons named as proxies will vote for each of Ms. Breen, Mr. Lucente and Mr. O'Donnell for election to the Board as a Class II Director unless the proxy card is marked otherwise.

Each of Ms. Breen, Mr. Lucente and Mr. O'Donnell has indicated willingness to serve, if elected; however, if prior to his or her election s/he becomes unable to serve, the persons named as proxies may vote the proxy for a substitute nominee. CORPORATE GOVERNANCE AND BOARD MATTERS

The Company maintains a corporate governance page on its website which includes key information about its corporate governance initiatives, including its Code of Business Conduct and Ethics, Corporate Governance Guidelines, and charters for each of the Audit Committee, Human Resources and Compensation Committee and Nominating and Corporate Governance Committee of the Board. The corporate governance page can be found by clicking on Governance under the Investor Relations tab on our website at www.moduslink.com.

The Company has policies and practices that promote good corporate governance and are compliant with the listing requirements of the NASDAQ Stock Market LLC (Nasdaq) and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

The Board has adopted clear corporate governance policies;

A majority of the Board members are independent of the Company and its management;

All members of the Audit Committee, the Human Resources and Compensation Committee, and the Governance Committee are independent;

The independent members of the Board meet regularly without the presence of management;

The Company has a code of business conduct and ethics, which applies to all employees, is monitored by its internal audit function and Chief Compliance Officer and is annually affirmed by its employees;

The charters of the Board committees clearly establish their respective roles and responsibilities;

The Company has an ethics hotline available to all employees, and the Company's Audit Committee has procedures in place for the anonymous submission of employee complaints on accounting, internal accounting controls, or auditing matters;

The Company's internal audit control function maintains critical oversight over the key areas of its business and financial processes and controls, and reports directly to the Company's Audit Committee; and

The Company also has stock ownership guidelines for its non-employee Directors and executive officers.

Board Leadership Structure

In August 2006, upon the appointment of Mr. Lawler, the Company's President and Chief Executive Officer, as Chairman of the Board, the Company established the position of presiding director, to serve as its lead independent director. The duties of the presiding director, as set forth in the Company's Corporate Governance Guidelines, as amended to date, include (i) chairing any meeting of the independent Directors in executive session, (ii) facilitating communications between other members of the Board and the Chairman and Chief Executive Officer (however, each Director is free to communicate directly with the Chairman and Chief Executive Officer), (iii) in the event a stockholder seeks to communicate with the Board, accepting and responding to such communications in conjunction with the Chairman and Chief Executive Officer, and (iv) working with the Chairman and Chief Executive Officer (a) in the preparation of the agenda for each Board meeting, (b) in scheduling the time devoted to matters at each Board meeting and (c) as required, in determining the need for special meetings of the Board. The appointment of presiding director rotates among the independent Directors, but no more frequently than annually, and the Board periodically reviews the matter to determine if and when a rotation is advisable. The presiding director is currently Mr. Jules, who has served in this role since August 2006.

Independence of Members of the Board

The Board has determined that each of Anthony J. Bay, Virginia G. Breen, Thomas H. Johnson, Francis J. Jules, Edward E. Lucente and Michael J. Mardy, constituting a majority of the Directors of the Company, satisfies the criteria for being an independent director under the standards of Nasdaq and has no material relationship with the Company other than by virtue of service on the Board. In addition, the Board has determined that each of Jeffrey J. Fenton and Joseph M. O'Donnell satisfies the criteria for being an independent director under the standards of Nasdaq and has no material relationship with the Company. In determining that Mr. Johnson satisfies the criteria for being an independent director, the Board reviewed and considered the Company's business relationship with The Taffrail Group, LLC, of which Mr. Johnson is the chief executive officer.

Board and Committee Meetings

During the fiscal year ended July 31, 2010 (fiscal 2010), the Board held 15 meetings (including by telephone conference). During fiscal 2010, each incumbent Director attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings of the committees on which he or she served. During fiscal 2010, all of the independent Directors of the Company met regularly, either in an executive session of a regularly scheduled Board meeting or as the Governance Committee, outside of the presence of the non-independent Director and executive officers of the Company. The Company's Directors are strongly encouraged to attend the Company's Annual Meeting of Stockholders. All of the Company's Directors serving at the time of the 2009 Annual Meeting of Stockholders attended such meeting.

The Board has five standing committees: the Audit Committee, the Human Resources and Compensation Committee, the Governance Committee, the Technology Committee and the Business Development Committee. Each committee reports regularly to the full Board on its activities.

Audit Committee

The Board has an Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, which assists the Board in fulfilling its responsibilities to stockholders concerning the Company's financial reporting and internal controls and facilitates open communication among the Audit Committee, Board, outside auditors and management. The Audit Committee discusses with management and the Company's outside auditors the financial information developed by the Company, the Company's systems of internal controls and the Company's audit process. The Audit Committee is solely and directly responsible for appointing, evaluating, retaining and, when necessary, terminating the engagement of the independent auditor. The independent auditors meet with the Audit Committee (both with and without the presence of the Company's management) to review and discuss various matters pertaining to the audit, including the Company's financial statements, the report of the independent auditors on the results, scope and terms of their work, and their recommendations

concerning the financial practices, controls, procedures and policies employed by the Company. The Audit Committee oversees the internal audit functions and the senior-most internal auditor reports directly to the Audit Committee. The Audit Committee pre-approves all audit services to be provided to the Company, whether provided by the principal auditor or other firms, and all other services (review, attest and non-audit) to be provided to the Company by the independent auditor. The Audit Committee coordinates the Board's oversight of the Company's internal control over financial reporting, disclosure controls and procedures and code of conduct. The Audit Committee is charged with establishing procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting, internal accounting controls or auditing matters. The Audit Committee reviews all related party transactions on an ongoing basis and all such transactions must be approved or ratified by the Audit Committee. The Audit Committee is authorized, without further action by the Board, to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Board has adopted a written charter for the Audit Committee, a copy of which can be found under the Investor Relations Governance section of the Company's website at www.moduslink.com. The contents of our website are not part of this Proxy Statement, and our internet address is included in this document as an inactive textual reference only. As of October 25, 2010, the Audit Committee consists of Anthony J. Bay, Virginia G. Breen, Francis J. Jules and Michael J. Mardy (Chair), each of whom is independent as defined in applicable Nasdaq listing standards and Rule 10A-3 under the Securities Exchange Act of 1934, as amended. The Board has determined that Michael J. Mardy is an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K. The Audit Committee met 6 times during fiscal 2010.

Human Resources and Compensation Committee

The Board has a Human Resources and Compensation Committee (the Compensation Committee), which administers the Company's 2004 Stock Incentive Plan, 2002 Non-Officer Employee Stock Incentive Plan, 2000 Stock Incentive Plan and Amended and Restated 1995 Employee Stock Purchase Plan, as well as the Company's cash incentive plans, performance-based restricted stock program and other equity-based awards. The Compensation Committee approves salaries, bonuses and other compensation arrangements and policies for the Company's executive officers, including the Chairman, President and Chief Executive Officer. The Compensation Committee is authorized, without further action by the Board, to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Board has adopted a written charter for the Compensation Committee, a copy of which can be found under the Investor Relations Governance section of the Company's website at www.moduslink.com. As of October 25, 2010, the Compensation Committee consists of Thomas H. Johnson, Francis J. Jules (Chair), Edward E. Lucente and Michael J. Mardy, each of whom is an independent Director as determined in accordance with the Compensation Committee charter and applicable Nasdaq Global Market rules. The Compensation Committee met 8 times during fiscal 2010.

The Company's Chairman, President and Chief Executive Officer and Executive Vice President and General Counsel (who is responsible for the Company's human resources department) regularly attend Compensation Committee meetings to provide information and recommendations regarding the Company's executive compensation program. The Chairman, President and Chief Executive Officer formulates and presents recommendations regarding any change in the base salary, bonus, equity compensation and other benefits of other executive officers, but the Compensation Committee is not bound by such recommendations and the Compensation Committee ultimately approves the compensation of all executive officers. In addition, the Executive Vice President and General Counsel and members of the human resources staff compile relevant data at the request of the Compensation Committee. Other than making recommendations and participating in discussions regarding the compensation of other executive officers, the Company's Chairman, President and Chief Executive Officer generally does not play a role in determining the amount or form of executive compensation. The Compensation Committee generally meets in executive sessions without any member of management present when discussing compensation matters pertaining to the Chairman, President and Chief Executive Officer and, at times, on other compensation-related matters. The Compensation Committee also reviews with the Board (other than Mr. Lawler), the compensation of the Chairman, President and Chief Executive Officer, prior to taking final action. The Chairman, President and Chief Executive Officer does not make proposals or recommendations regarding his own compensation.

In addition, to the extent permitted by applicable law and the provisions of a particular equity-based incentive plan, the Board has delegated authority to the Chairman, President and Chief Executive Officer to grant stock options to non-executive employees within certain limits, including a prohibition on making grants to direct reports and per person limits, which authority is generally

used to facilitate making new hire grants and to recognize promotions or reward special accomplishments and achievements. In addition, the Compensation Committee approves the number of shares included in an annual stock option pool for annual grants to non-executive employees and thereafter the Chairman, President and Chief Executive Officer is authorized to determine the amounts, recipients and date of grant of the annual stock option grants to non-executive employees. In addition, the Board has authorized Mr. Lawler to make restricted stock awards to non-executive employees in an amount not to exceed 1,000 shares in any one instance, and 10,000 shares in the aggregate in any fiscal year.

In fiscal 2005, the Company retained Hewitt Associates LLC (Hewitt) as an independent advisor reporting to the Compensation Committee on executive compensation matters. During the fiscal years ended July 31, 2009 and July 31, 2010, Hewitt provided independent advice on compensation matters pertaining to the named executive officers and our other executives as requested by management or the Compensation Committee. During fiscal year 2009, Hewitt reviewed with the Compensation Committee the overall executive compensation landscape, conducted a review of all elements of our executive compensation program, including bonus, long-term incentives, supplemental benefits, perquisites and severance, and provided a competitive review of compensation levels for a selected group of senior executive positions, including the named executive officers. Hewitt's findings were delivered in early fiscal 2010, and were taken into consideration in making fiscal 2010 executive compensation determinations. Hewitt has acted as an advisor to the Compensation Committee and also has provided, with the knowledge and consent of the Compensation Committee, advice and expertise to management on matters to be presented by management to the Compensation Committee. A representative of Hewitt attended a meeting of the Compensation Committee during fiscal year 2009 and was available to meet with the Compensation Committee, on occasion, outside of the presence of management. The Company has not retained Hewitt to provide any other services to the Company. The Compensation Committee reviews executive compensation on an ongoing basis and consults with Hewitt as deemed necessary. The Compensation Committee's practice is to engage an outside compensation consultant to conduct a comprehensive review of executive compensation every two years. In intervening years, it is the Compensation Committee's practice to adjust the data from the prior year, as it deems necessary, to reflect typical cost of living and inflationary effects.

The Compensation Committee also annually reviews with the Chairman, President and Chief Executive Officer the results of the Company's management succession planning activities as it relates to his direct reports, and shares its findings with the full Board.

Nominating and Corporate Governance Committee

The Board has a Nominating and Corporate Governance Committee (the Governance Committee), which makes recommendations to the Board concerning all facets of the Director-nominee selection process, develops and recommends to the Board corporate governance principles applicable to the Company and oversees the evaluation of the Board and management. The Governance Committee has the authority to engage such independent legal and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Governance Committee is responsible for overseeing an annual self-evaluation of the Board to determine whether it and its committees are functioning effectively and determines the nature of the evaluation, supervises the conduct of the evaluation and prepares an assessment of the performance of the Board, which is discussed with the Board. The Governance Committee also oversees the Company's enterprise risk management program and activities. The Governance Committee, at the request of the Board, periodically reviews and makes recommendations to the Board relating to management succession planning, including policies and principles for Chief Executive Officer selection and performance review, as well as policies regarding succession in the event of an emergency or the retirement of the Chief Executive Officer. The Board has adopted a written charter for the Governance Committee, a copy of which can be found under the Investor Relations Governance section of the Company's website at www.moduslink.com.

In recommending candidates for election to the Board, the Governance Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Evaluations of candidates generally involve a review of background materials, internal discussions, and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Governance Committee would recommend the candidate for consideration by the full Board. The Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees. The Board requires that all

nominees for the Board have a reputation for integrity, honesty and adherence to high ethical standards. In addition, nominees should also have demonstrated business acumen, experience and ability to exercise sound judgment in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company. The Governance Committee will consider nominees for the Board recommended by stockholders in accordance with the Second Amended and Restated Bylaws of the Company (the Bylaws).

Stockholders wishing to propose Director candidates for consideration by the Governance Committee may do so by writing, by deadlines specified in the Company's Bylaws, to the Secretary of the Company and providing information concerning the nominee and his or her proponent(s) required by the Company's Bylaws. The Company's Bylaws set forth further requirements for stockholders wishing to nominate director candidates for consideration by stockholders including, among other things, that a stockholder must give timely written notice of an intent to make such a nomination to the Secretary of the Company. See *Proposals of Stockholders for 2011 Annual Meeting and Nomination of Directors* in this Proxy Statement for more information.

As of October 25, 2010, the Governance Committee consists of Anthony J. Bay, Virginia G. Breen, Thomas H. Johnson, Francis J. Jules, Edward E. Lucente (Chair) and Michael J. Mardy, each of whom is independent as defined in applicable Nasdaq listing standards. The Governance Committee met 5 times during fiscal 2010.

Technology Committee

The Board has a Technology Committee, which provides strategic guidance and oversight to the Company's strategy regarding venture capital investing and evaluates and approves investment proposals for the Company's venture capital activities. As of October 25, 2010, the Technology Committee consists of Anthony J. Bay (Chair), Virginia G. Breen and Joseph C. Lawler. The Technology Committee met 7 times during fiscal 2010.

Business Development Committee

In fiscal year 2009, the Board established a Business Development Committee, which assists the Board in its review of potential strategic transactions, including mergers and acquisitions and acts as a resource for management in management's review and evaluation of such potential transactions. As of October 25, 2010, the Business Development Committee consists of Thomas H. Johnson (Chair), Francis J. Jules, Joseph C. Lawler and Edward E. Lucente. The Business Development Committee met 11 times during fiscal 2010.

Board's Role in Risk Oversight

We believe that risk is inherent in innovation and the pursuit of long-term growth opportunities. The Company's management is responsible for day-to-day risk management activities. The Board, acting directly and through its committees, is responsible for the oversight of the Company's risk management. With the oversight of the Board, the Company has implemented practices and programs designed to help manage the risks to which we are exposed in our business and to align risk-taking appropriately with our efforts to increase stockholder value.

The Governance Committee has primary responsibility for initial consideration of all risk oversight matters and oversees our financial and risk management policies and enterprise risk management activities. As part of the overall risk oversight framework, the Governance Committee's risk oversight responsibilities include, among other things, reviewing annually: (i) the categories of risk the Company faces; (ii) the design of the Company's risk management functions; (iii) the internal communication of the Company's risk management strategy; (iv) the risk policies and procedures adopted by management and the implementation of such policies and procedures; and (v) the reports of management, independent auditors, legal counsel and outside experts regarding risks the Company faces. Additionally, the Governance Committee meets with the Company's management team (i) on a quarterly basis to discuss the risks the Company faces and (ii) every six months to do an in-depth review of one particular risk area the Company faces. Our management team reviews risks on a regular basis and meets quarterly to discuss the Company's risk management.

In addition, the Board participates in regular discussions with the Company's senior management of many core subjects, including strategy, operations, finance, and legal and public policy matters, in which risk oversight is an inherent element. The

Board believes that the leadership structure described above under Board Leadership Structure facilitates the Board's oversight of risk management because it allows the Board, with leadership from the presiding director and working through its committees, including the independent Governance Committee, to participate actively in the oversight of management's actions.

Diversity

Diversity has always been very important to us. Although we have no formal separate written policy, pursuant to our Corporate Governance Guidelines, the Board annually reviews the appropriate skills and characteristics of the members of the Board, and diversity is one of the factors used in this assessment.

Director Stock Ownership Guidelines

In September 2008, the Compensation Committee adopted stock ownership guidelines for our Directors. The Compensation Committee believes that it is appropriate for the Directors to hold equity in the Company. Under these guidelines, the non-employee Directors' ownership requirement is set at two times the annual retainer. All individuals will have five years from the later of the adoption of the guidelines or his or her first appointment or election as a Director to reach these ownership levels. In computing the amounts owned, the Company will consider the value of shares owned outright, restricted stock held by the individual, and in-the-money vested options. Compliance will be measured at the end of each calendar year.

Stockholder Communications with the Board

Stockholders may send written communications to the Board, the presiding director or any individual member of the Board to the following address: c/o Secretary, ModusLink Global Solutions, Inc., 1100 Winter Street, Waltham, Massachusetts 02451. The Company will forward all such correspondence accordingly, except for mass mailings, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material.

PROPOSAL 2

APPROVAL OF MODUSLINK GLOBAL SOLUTIONS, INC. 2010 INCENTIVE AWARD PLAN

The Board is submitting the ModusLink Global Solutions, Inc. 2010 Incentive Award Plan (the Plan) for stockholder approval. As proposed for approval, 5,000,000 shares will be authorized for future grants under the Plan, subject to adjustment from Prior Plans as described below.

If the Plan is approved by our stockholders, then, after such approval, no additional awards may be granted under the Company's 2004 Stock Incentive Plan, 2002 Non-Officer Employee Stock Incentive Plan or 2000 Stock Incentive Plan (collectively, the Prior Plans). Awards under the Prior Plans that are outstanding will remain outstanding and subject to the terms of the respective Prior Plan until they are either exercised or forfeited, or they expire in accordance with their original terms.

The Plan provides equity compensation to the Board, employees and consultants and is necessary in order to maintain competitive compensation practices and to align the interests of our Board, employees and consultants with our stockholders, in accordance with our executive compensation philosophy. If the Plan is not approved, we will be limited in using equity compensation as a tool for aligning our Board's, employees' and consultants' interests with our stockholders' interests. We believe the Plan properly balances its compensatory design with stockholder interests by having the following characteristics:

Discounted options or stock appreciation rights (SARs) are prohibited;

Repricing of awards is prohibited without prior stockholder approval;

A cap on grants of full-value awards;

No dividends or dividend equivalents are paid on performance awards until the applicable performance criteria is satisfied and shares of Common Stock are issued pursuant to the award; and

Shares used to pay option exercise prices or to satisfy tax withholdings are not recycled back into the Plan and the Plan does not have other liberal share counting practices, as defined by Institutional Shareholder Services, Inc.

On October 11, 2010, the Board approved and adopted the Plan, subject to approval by our stockholders.

The principal features of the Plan are summarized below, but the summary is qualified in its entirety by reference to the Plan itself, which is included as [Appendix I](#) to this Proxy Statement.

The Plan provides for the grant of incentive stock options (ISOs), as defined in Section 422 of the Internal Revenue Code of 1986 (the Code), non-statutory stock options, restricted stock, restricted stock units, stock appreciation rights (SARs), deferred stock, dividend equivalent rights, performance awards and stock payments (collectively referred to as Awards) to our employees, consultants and directors.

Shares Subject to the Plan

Under the Plan, the aggregate number of shares of Common Stock that may be granted is (i) 5,000,000 plus (ii) any shares of Common Stock that are subject to awards under the Prior Plans, which after the effective date of the Plan are forfeited, lapse unexercised (in whole or in part) or are settled in cash and not issued under the Prior Plans. The Plan provides that no more than 3,000,000 shares will be granted as full value awards, such as restricted stock, restricted stock units, deferred stock, performance awards, or stock payments where the participant does not pay the intrinsic value for such award. Under the Plan, no more than 4,000,000 shares may be granted as Awards to any one individual during any calendar year.

Edgar Filing: ModusLink Global Solutions Inc - Form DEF 14A

The shares subject to the Plan, the limitations on the number of shares that may be awarded under the Plan, and shares and option prices subject to Awards outstanding under the Plan, will be adjusted as the Plan administrator deems appropriate to reflect stock dividends, stock splits, combinations or exchanges of shares, merger, consolidation, spin-off, recapitalization, or other similar transactions.

No option may be awarded to reduce the per share exercise price of the shares subject to the option below the exercise price as of the date the option is granted, and no option may be granted in exchange for, or in connection with, the cancellation or surrender of an option having a higher per share exercise price, unless the approval of the Company's stockholders is first obtained.

Shares subject to Awards under the Plan or awards under the Prior Plans that have expired, been forfeited or settled in cash, or otherwise terminated without having been exercised may be added back to the Plan and may be granted as new Awards. Shares which are used to pay the exercise price for an option or stock appreciation right, shares withheld to pay taxes, and shares repurchased by the Company other than by reason of a forfeiture provision will be cancelled and will not be added back to the number of shares available for grant under the Plan. Shares granted under the Plan may be previously authorized but unissued shares, treasury shares or shares bought on the open market or otherwise.

On October 21, 2010, the closing price of a share of Common Stock on the NASDAQ Global Select Market was \$6.92.

Administration

Generally, the Compensation Committee will administer the Plan. The Compensation Committee has the authority to:

select the individuals who will receive Awards;

determine the type or types of Awards to be granted;

determine the number of Awards to be granted and the number of shares to which the Award relates;

determine the terms and conditions of any Award, including the exercise price and vesting (including acceleration thereof);

determine the terms of settlement of any Award;

prescribe the form of Award agreement;

establish, adopt or revise rules for administration of the Plan;

interpret the terms of the Plan and any Award, and any matters arising under the Plan; and

make all other decisions and determinations as may be necessary or advisable to administer the Plan.

The Compensation Committee may delegate its authority to grant or amend Awards with respect to participants other than senior executive officers, employees covered by Section 162(m) of the Code or the officers to whom the authority to grant or amend Awards has been delegated. In addition, the full Board, acting by majority, will conduct the general administration of the Plan with respect to Awards granted to directors who are not employees of the Company.

The Compensation Committee or the Board may also amend the Plan. Amendments to the Plan are subject to stockholder approval to the extent required by law, or NASDAQ Stock Market rules or regulations. Additionally, stockholder approval will be specifically required to increase the number of shares available for issuance under the Plan, allow for the grant of options or stock appreciation rights with an exercise price that is below fair market value on the date of grant, extend the term of an option or a stock appreciation right beyond ten years, or otherwise materially increase the benefits or change eligibility requirements.

The Board may exercise the rights and duties of the Compensation Committee, except with respect to matters which are required to be determined in the sole discretion of the Compensation Committee under Rule 16b-3 of the Exchange Act or Section 162(m) of the Code.

Eligibility

Awards under the Plan may be granted to individuals who are our employees or employees of our subsidiaries, our directors and our consultants. However, options which are intended to qualify as ISOs may only be granted to our employees and employees of our subsidiaries.

Awards

The following will briefly describe the principal features of the various Awards that may be granted under the Plan.

Options. Options provide for the right to purchase Common Stock at a specified price, and usually will become exercisable in the discretion of the Compensation Committee in one or more installments after the grant date. The option exercise price may be

paid in cash, by check, shares of Common Stock which have been held by the option holder for such period of time as may be required by the Compensation Committee to avoid adverse accounting consequences, other property with value equal to the exercise price, through a broker-assisted cashless exercise, a loan, provided such loan does not otherwise violate Section 13(k) of the Securities Exchange Act, or such other methods as the Compensation Committee may approve from time to time. The Compensation Committee may at any time substitute SARs for options granted under the Plan.

Options may be granted for any term specified by the Compensation Committee, but shall not exceed ten years. Options may not be granted at an exercise price that is less than the fair market value of our Common Stock on the date of grant. For purposes of the Plan, fair market value is defined as the closing price for Common Stock on the NASDAQ Stock Market on the grant date (or if no sale occurred on such date, then on the first immediately preceding date during which a sale occurred), as reported in the *Wall Street Journal* (or another similar reliable source). Additionally, the Compensation Committee may not, without stockholder approval, reprice any options, including the cancellation of options in exchange for options with a lower exercise price.

Options may take two forms, nonstatutory options (NSOs) and ISOs.

ISOs will be designed to comply with the provisions of the Code and will be subject to certain restrictions contained in the Code in order to qualify as ISOs. Among such restrictions, ISOs must:

have an exercise price not less than the fair market value of Common Stock on the date of grant, or if granted to certain individuals who own or are deemed to own at least 10% of the total combined voting power of all of our classes of stock (10% stockholders), then such exercise price may not be less than 110% of the fair market value of Common Stock on the date of grant;

be granted only to our employees and employees of our subsidiary entities;

expire within a specified time following the option holder's termination of employment;

be exercised within ten years after the date of grant, or with respect to 10% stockholders, no more than five years after the date of grant; and

not be first exercisable for more than \$100,000 worth of value, determined based on the exercise price.

If an Award purported to be an ISO fails to meet the requirements of the Code, then the Award will instead be considered a NSO.

Restricted Stock. A restricted stock award is the grant of shares of Common Stock at a price determined by the Compensation Committee (which price may be zero), is nontransferable and unless otherwise determined by the Compensation Committee at the time of award, may be forfeited upon termination of employment or service during a restricted period. The Compensation Committee may restrict the participant's ability to vote the shares of restricted stock and or receive dividends on such shares.

Stock Appreciation Rights. SARs provide for the payment to the holder based upon increases in the price of Common Stock over a set base price, which may not be less than the fair market value of Common Stock on the date of grant. Payment for SARs may be made in cash, Common Stock or any combination of the two. The Compensation Committee may not, without stockholder approval, reprice any SARs, including the cancellation of SARs in exchange for options or SARs with a lower exercise price. SARs become exercisable in the discretion of the Compensation Committee, but generally not earlier than three years from the grant date. However, SARs granted to non-employee directors will generally become exercisable within one year from the grant date. SARs may be granted for any term specified by the Compensation Committee, but shall not exceed ten years.

Restricted Stock Units. Restricted stock units represent the right to receive shares of Common Stock at a specified date in the future, subject to forfeiture of such right. If the restricted stock unit has not been forfeited, then on the date specified in the restricted stock unit agreement we shall deliver to the holder of the restricted stock unit, unrestricted shares of Common Stock which will be freely transferable. The Compensation Committee will specify the purchase price, if any, to be paid by the grantee for the Common Stock.

Dividend Equivalents. Dividend equivalents represent the value of the dividends per share of Common Stock paid by the Company, calculated with reference to the number of shares covered by an Award (other than a dividend equivalent award) held by the participant. No dividends or dividend equivalent awards will be paid on any performance awards until the applicable performance criteria is satisfied and shares of Common Stock are issued pursuant to the Award.

Performance Share Awards. Performance share awards are denominated in shares of Common Stock and are linked to satisfaction of performance criteria established by the Compensation Committee. If the Compensation Committee determines that the Award is intended to meet the requirements of qualified performance based compensation and therefore be deductible under Section 162(m) of the Code, then the performance criteria on which the Award will be based shall be with reference to any one or more of the following: earnings (either before or after interest, taxes, depreciation and amortization), gross or net sales or revenue, income (either operating, gross or net, or before or after taxes), adjusted net income, operating earnings or profit, cash flow (including, but not limited to, operating cash flow and free cash flow), return on assets, return on capital, return on stockholders' equity, total stockholder return, return on sales, gross or net profit or operating margin, costs, funds from operations, expenses, working capital, earnings per share, adjusted earnings per share, price per share of Common Stock, regulatory body approval for commercialization of a product, implementation or completion of critical projects, market share, economic value, productivity, operating efficiency, economic value-added (as determined by the Compensation Committee), cash flow return on capital, return on net assets, regulatory compliance, improvement in financial ratings, objective goals relating to the balance sheet or income statement, and such other objective goals established by the Compensation Committee any of which may be measured either in absolute terms or as compared to any incremental increase or decrease or as compared to results of a peer group or to market performance indicators (the Performance Criteria).

Performance Stock Units. Performance stock units are denominated in units equivalent to shares of Common Stock or units of value, including dollar value of shares of Common Stock, and are linked to satisfaction of performance criteria established by the Compensation Committee, including the Performance Criteria, on a specified date or dates over any period or periods.

Stock Payments. Payments to participants of bonuses or other compensation may be made under the Plan in the form of Common Stock. The number of shares will be determined by the Compensation Committee, and may be based upon performance criteria, including the Performance Criteria.

Deferred Stock. Deferred stock typically is awarded without payment of consideration and is subject to vesting conditions, including satisfaction of performance criteria, including the Performance Criteria. Like restricted stock, deferred stock may not be sold or otherwise transferred until the vesting conditions are removed or expire. Unlike restricted stock, deferred stock is not actually issued until the deferred stock award has vested. Recipients of deferred stock have no voting or dividend rights prior to the time when the vesting conditions are met and the deferred stock is delivered.

Performance Award. Performance awards are payable in cash or stock and are linked to satisfaction of performance criteria, including the Performance Criteria. The Compensation Committee has the authority to reduce the amount otherwise payable under a performance award upon attainment of the Performance Criteria.

Change in Control

In the event of a change in control (as defined in the Plan set forth in [Appendix I](#) to this Proxy Statement), Awards granted under the Plan will be assumed or an equivalent award will be substituted by a successor in such change in control. If such Awards are assumed or substituted and the participant is terminated without cause within 12 months following the change in control, then the Awards will become fully vested. If the Awards are not assumed or substituted in the change in control, they may, in the discretion of the Compensation Committee, become fully vested and exercisable immediately prior to the consummation of a change in control.

Adjustments Upon Certain Events

The number and kind of securities subject to an Award, terms and conditions (including performance targets or criteria) and the exercise price or base price of outstanding Awards will be proportionately adjusted as the Compensation Committee deems appropriate, in its discretion, to reflect any stock dividends, stock split, combination or exchange of shares, merger, consolidation,

spin-off, recapitalization or other distribution (other than normal cash dividends) of Company assets to stockholders, or other similar changes affecting the shares other than an equity restructuring. In the event of any other change in the capitalization of the Company, including an equity restructuring, the Compensation Committee will make proportionate and equitable adjustments in the number and class of shares and the per share grant or exercise price for outstanding Awards as the Compensation Committee deems appropriate in its discretion to prevent dilution or enlargement of rights. In the event of any pending stock dividend, stock split, combination or exchange of shares, merger, consolidation or other distribution (other than normal cash dividends) of Company assets to stockholders, or any other change affecting the shares or share price of Common Stock, including an equity restructuring, the Company may in its sole discretion refuse to permit the exercise of any Award for a period of 30 days prior to the consummation of any such transaction.

Awards Not Transferable

Generally, the Awards may not be pledged, assigned or otherwise transferred other than by will or by laws of descent and distribution or pursuant to beneficiary designation procedures approved by the Compensation Committee. The Compensation Committee may allow Awards other than ISOs to be transferred for estate or tax planning purposes to members of the holder's family, charitable institutions or trusts for the benefit of family members.

Miscellaneous

As a condition to the issuance or delivery of stock or payment of other compensation pursuant to the exercise or lapse of restrictions on any Award, the Company requires participants to discharge all applicable withholding tax obligations. Shares held by or to be issued to a participant may also be used to discharge tax withholding obligations, subject to the discretion of the Compensation Committee to disapprove of such use.

The Plan will expire and no further Awards may be granted under the Plan after the tenth anniversary of its approval by stockholders.

Certain U.S. Federal Income Tax Consequences

The U.S. Federal income tax consequences of the Plan under current U.S. Federal income tax law are summarized in the following discussion which deals with the general tax principles applicable to the Plan, and is intended for general information only. In addition, the tax consequences described below are subject to the limitations of Code Section 162(m), as discussed in further detail below. Alternative minimum tax and other Federal taxes and foreign, state and local income taxes are not discussed, and may vary depending on individual circumstances and from locality to locality.

Nonqualified Stock Options. For Federal income tax purposes, the recipient of NSOs granted under the Plan will not have taxable income upon the grant of the option, nor will the Company then be entitled to any deduction. Generally, upon exercise of NSOs the optionee will realize ordinary income, and the Company will be entitled to a deduction, in an amount equal to the difference between the option exercise price and the fair market value of the stock at the date of exercise.

Incentive Stock Options. An optionee generally will not recognize taxable income upon either the grant or exercise of an ISO. However, the amount by which the fair market value of the shares at the time of exercise exceeds the exercise price will be an item of tax preference for the optionee. Generally, upon the sale or other taxable disposition of the shares of Common Stock acquired upon exercise of an ISO, the optionee will recognize income taxable as capital gains in an amount equal to the excess, if any, of the amount realized in such disposition over the option exercise price, provided that no disposition of the shares has taken place within either (a) two years from the date of grant of the ISO or (b) one year from the date of exercise. If the shares of Common Stock are sold or otherwise disposed of before the end of the one-year and two-year periods specified above, the difference between the Award exercise price and the fair market value of the shares on the date of exercise generally will be taxable as ordinary income; the balance of the amount realized from such disposition, if any, generally will be taxed as capital gain. If the shares of Common Stock are disposed of before the expiration of the one-year and two-year periods and the amount realized is less than the fair market value of the shares at the date of exercise, the optionee's ordinary income generally is limited to the excess, if any, of the amount realized in such disposition over the option exercise price paid. The Company (or other employer corporation) generally will be entitled to a tax deduction only to the extent the optionee has ordinary income upon sale or other disposition of the shares of Common Stock.

Restricted Stock. Generally, a Participant will not be taxed upon the grant or purchase of restricted stock that is subject to a substantial risk of forfeiture, within the meaning of Section 83 of the Code, until such time as the restricted stock is no longer subject to the substantial risk of forfeiture. At that time, the Participant will be taxed on the difference between the fair market value of the Common Stock and the amount the Participant paid, if any, for such restricted stock. However, the recipient of restricted stock under the Plan may make an election under Section 83(b) of the Code to be taxed with respect to the restricted stock as of the date of transfer of the restricted stock rather than the date or dates upon which the restricted stock is no longer subject to a substantial risk of forfeiture.

Stock Appreciation Rights. No taxable income is generally recognized upon the receipt of a SAR. Upon exercise of a SAR, the cash or the fair market value of the shares received generally will be taxable as ordinary income in the year of such exercise. The Company generally will be entitled to a compensation deduction for the same amount which the recipient recognizes as ordinary income.

Restricted Stock Units. A participant will generally not recognize taxable income upon grant of a restricted stock unit. However, when the shares are delivered to the participant, then the value of such shares at that time will be taxable to the participant as ordinary income. Generally, the Company will be entitled to a deduction for an amount equal to the amount of ordinary income recognized by the participant.

Dividend Equivalents. A participant will recognize taxable ordinary income on dividend equivalents as they are paid and the Company generally will be entitled to a corresponding deduction.

Performance Share Awards and Performance Stock Units. A participant will recognize taxable ordinary income on the fair market value of the shares or the cash paid on performance share awards and performance stock units when such Awards are delivered or paid and generally the Company will be entitled to a corresponding deduction.

Stock Payments. A participant will recognize taxable ordinary income on the fair market value of the stock delivered as payment of bonuses or other compensation under the Plan and generally the Company will be entitled to a corresponding deduction.

Deferred Stock. A participant will recognize taxable ordinary income on the fair market value of the shares on the date shares are delivered under a deferred stock award and generally the Company will be entitled to a corresponding deduction.

Performance Awards. A participant will recognize taxable ordinary income on the amount of cash paid under the Performance Award and generally the Company will be entitled to a corresponding deduction.

Code Section 409A. Certain Awards under the Plan, depending in part on particular Award terms and conditions, may be considered non-qualified deferred compensation subject to the requirements of Code Section 409A. If the terms of such Awards do not meet the requirements of Code Section 409A, then the violation may result in an additional 20% tax obligation, plus penalties and interest for such participant.

Section 162(m)

Under Code Section 162(m), in general, income tax deductions of publicly-traded companies may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises) for certain executive officers exceeds \$1 million in any one taxable year. However, under Code Section 162(m), the deduction limit does not apply to certain performance-based compensation established by an independent compensation committee which conforms to certain restrictive conditions stated under the Code and related regulations. The Plan has been structured with the intent that Awards granted under the Plan may meet the requirements for performance-based compensation and Code Section 162(m). To the extent granted at an exercise price not less than the value of our Common Stock, options and SARs granted under the Plan are intended to qualify as performance-based under Section 162(m) of the Code. Restricted Stock, Performance Stock Awards, Performance Stock Units, Restricted Stock Units and Deferred Stock under the Plan may qualify as performance-based under Code Section 162(m) if they vest or become payable based solely upon attainment of pre-established goals based on the Performance Criteria. Performance Awards may qualify as

performance based under Code Section 162(m) to the extent payable based solely on attainment of pre-established goals based on the Performance Criteria. We have attempted to structure the Plan in such a manner that the Compensation Committee can determine the terms and conditions of Awards granted thereunder in order to determine whether the remuneration attributable to such Awards will be subject to the \$1 million limitation. We have not, however, requested a ruling from the IRS or an opinion of counsel regarding this issue. This discussion will neither bind the IRS nor preclude the IRS from taking a contrary position with respect to the Plan.

Plan Benefits

The number of Awards that will be received by or allocated to our executive officers, directors and employees under the Plan is not undeterminable at this time.

PROPOSAL 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed KPMG LLP, an independent registered public accounting firm, to audit the Company's consolidated financial statements for the fiscal year ending July 31, 2011, and recommends that the stockholders vote for ratification of such appointment. If the stockholders do not ratify the selection of KPMG LLP as the Company's independent registered public accounting firm, the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests. A representative of KPMG LLP, which served as the Company's independent registered public accounting firm in fiscal 2010, is expected to be present at the 2010 Meeting, to be available to respond to appropriate questions from stockholders and to make a statement if he or she desires to do so.

The Board recommends that the stockholders vote FOR the ratification of KPMG LLP to serve as the Company's independent registered public accounting firm for the current fiscal year.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary of Analysis

As set forth below, the Company's compensation philosophy historically has been to set total target compensation for our executives at approximately the 50th percentile relative to a peer group and the general market. As discussed below, target total compensation was increased in fiscal 2010 for the named executive officers through an increase in targeted performance-based annual cash bonus, which in some instances increased total target compensation above the 50th percentile. We make our compensation determinations in order to have our compensation reflect the market for the talented professionals that we seek to employ. We attempt to align our executives' compensation with the interests of our stockholders by tying incentive compensation very closely to Company performance. Our performance-based annual cash bonus plan is tied to the key financial metrics that the Company uses to assess its business performance and where the minimum, yet challenging performance thresholds that are set by the Compensation Committee are not attained, no bonus is paid with respect to such metric. Conversely, the bonus plan provides for increasing levels of payout for performance at higher levels. Our compensation package also includes the award of stock options, so that our executives are rewarded, along with our stockholders, when the market price of our stock appreciates, and restricted stock. Our use of performance-based restricted stock awards, which are only granted if a targeted level of financial performance is met, also reinforces a pay-for-performance culture. Our use of perquisites is modest and we consider our severance benefits, discussed elsewhere in this Proxy Statement, to reflect market practice and to be reasonable. We periodically engage an outside compensation consultant to assist the Compensation Committee with its compensation review and consider peer group and industry data. In addition, the Compensation Committee periodically reviews tally sheets, as further discussed below, in order to take a holistic view of the compensation of our executives.

As discussed below, our performance-based annual cash bonus plan for fiscal 2010 was designed to focus and reward management for driving improved financial results. In fiscal 2010, the Company reached record levels of free cash flow, which in part resulted in above target payouts under the bonus plan.

Executive Compensation Objectives

Our executive compensation program is designed to meet the following objectives:

Attract and retain executive officers who contribute to our success;

Align compensation with our business mission, strategy and goals; and

Motivate and reward high levels of performance.

These objectives collectively seek to link compensation to overall Company performance, which helps to ensure that the interests of our executives are aligned with the interests of our stockholders. These objectives serve as guiding principles in compensation program design.

Our compensation philosophy generally is to set our target total compensation (base salary, bonus and long term incentives) at the 50th percentile for similarly situated individuals at companies we consider to be our peers and competitors for talented individuals such as our executives and within the general industry. However, we consider the need to incent our executives and, as a result, from time to time and for certain individuals, we will exceed the 50th percentile at target.

Components of Executive Compensation

The principal components of compensation for our named executive officers consist of base salary; performance-based annual cash bonus; equity grants of stock options, performance-based restricted stock and restricted stock; limited perquisites; and other benefits. Each component is described in more detail below. As discussed under "Corporate Governance and Board Matters" earlier in this Proxy Statement, from time to time we have engaged Hewitt as a compensation consultant to assist us in determining these compensation levels and to review our executive compensation programs.

Base Salary

Base salary is the fixed component of an executive's annual cash compensation and supports our compensation objectives to attract and retain talented executives and adequately compensate and reward them for services rendered during the fiscal year. Changes in base salary are typically considered based on subjective evaluation of individual performance during our annual performance review process which takes place in our fiscal first quarter. Assessment of individual performance includes achievements and performance of the applicable operating unit or function for which the executive is responsible. In addition, from time to time, adjustments are made to base salaries during the fiscal year in light of promotions, added responsibilities or in reaction to changes in the market for an individual possessing the skills and abilities required by our executives. Our Chairman, President and Chief Executive Officer recommends compensation adjustments for the other named executive officers, which adjustments are considered by and are subject to approval by the Compensation Committee. The process for compensation adjustments for our Chairman, President and Chief Executive Officer is described in the section titled "Chairman, President and Chief Executive Officer Compensation Decisions" below.

The Compensation Committee reviewed base salaries during the first quarter of fiscal 2010, and given the state of the economy, decided that no changes in base salary would be made for fiscal 2010.

Performance-Based Annual Cash Bonus

Each year, the Compensation Committee establishes an Executive Management Incentive Plan, which provides cash incentives for our executives. This plan supports our compensation objectives by focusing on annual financial and operating results and enabling our target total compensation to remain competitive within the marketplace for executive talent. Each named executive officer has a target bonus award for each plan year. Target bonus awards are expressed as a percentage of the base salary paid to the named executive officer during that plan year. Historically, the Compensation Committee selected bonus amounts for the named executive officers such that target total compensation approximated the 50th percentile of comparable positions at our peer companies or the general industry. For fiscal 2010, the Compensation Committee increased the target percentage of base salary for each of the named executive officers, on a one-time basis, by 15 percentage points over the fiscal 2009 levels in order to retain, incent and motivate the named executive officers to drive financial performance of the Company in fiscal 2010. This change was also made in light of the fact that base salaries for those executives had been at the same levels since fiscal 2008. For fiscal 2010, the target bonus percentages for the named executive officers were 140% for Mr. Lawler, 85% for Mr. Crane, 95% for Mr. McLennan, 65% for Mr. Riley and 75% for Mr. Gray. As a result, at target, the performance-based annual cash bonus for the named executive officers approximated the 75th percentile relative to the general industry.

For fiscal 2010, the Compensation Committee adopted the FY 2010 Executive Management Incentive Plan (the "2010 MIP"). The 2010 MIP covered our executive officers, including executives of ModusLink Corporation, and other senior managers and was to be funded based on the Company's financial performance, as discussed below. The 2010 MIP was designed to recognize and reward the achievement of financial goals that were deemed essential to the success of the Company and its subsidiaries. As designed, the bonus payments under the 2010 MIP could range from 25% to 200% of an individual's target bonus, based on financial performance of the Company and the discretion of the Compensation Committee.

The 2010 MIP design was based entirely on financial achievements in order to compute the percentage of target achieved. In prior years, the Company had primarily measured performance, for purposes of its cash bonus plans, in terms of achievement of certain levels of non-GAAP operating income. For fiscal 2010, the Compensation Committee established metrics to focus the Company's executives on revenue growth, increasing operating income and generating cash from operations, which the Compensation Committee believes are key drivers for the Company's success. A portion of each participant's target bonus percentage was allocated to each of the components on a 20%, 40% and 40% basis among revenue, operating income and free cash flow, respectively. Each metric was considered independent from the other, so that minimum performance on any one metric was not required to make a payment for any other metric. In addition, all performance measures under the 2010 MIP were determined exclusive of the impact of acquisitions or divestitures, the impact of any non-cash goodwill impairments, or any expense variances to budget related to @Ventures, which conducts the Company's venture capital investing activities.

In September 2009, the Compensation Committee established consolidated revenue, operating income and free cash flow threshold, target and maximum levels for assessment of performance and payout of bonuses under the 2010 MIP. As to these

levels, the threshold for revenue was established at \$951.7 million; the target was set at \$1,026.7 million and the maximum was set at \$1,129.4 million. Operating income levels under the 2010 MIP consisted of a threshold of \$9.0 million, target of \$29.2 million and maximum of \$60.0 million. Free cash flow, which we define as net cash provided by operating activities of continuing operations less additions to property and equipment, had a threshold of \$24.2 million, a target of \$29.2 million and a maximum of \$34.2 million. Payouts for the various components would scale from 25% to 100% between the threshold and the target levels and from 100% to 200% between the target and the maximum levels.

In the Compensation Committee's view, the objectives established were challenging in that they could be achieved only with substantial effort. With respect to revenue, given the state of the global economy, revenue growth appeared to be attainable, however with much uncertainty. Accordingly the threshold for payment was intended to recognize efforts to stabilize revenue and was set at a 6% annual decline from prior year of \$1,008.6 million. The target level for revenue represented a 2% increase over fiscal 2009 and the maximum level was set at a 12% increase from fiscal 2009 revenue. As to operating income, in fiscal 2009 the Company had an operating loss of \$3.0 million (excluding the impact of a non-cash goodwill impairment charge of \$164.7 million) while the levels set for the operating income metric required operating income at increasing levels, and tripling from threshold to target and doubling from target to maximum. The target level of operating income would also be a record level of operating income, nearly doubling the Company's next best year for operating income. For free cash flow, the levels established represented an 89%, 128% and 167% increase over the \$12.8 million of free cash flow generated by the Company in fiscal 2009.

For fiscal 2010, the Company's revenue, operating income and free cash flow, determined in accordance with the 2010 MIP was \$900.3 million, \$21.9 million and \$34.1 million, respectively, resulting in a 0% payout for revenue, 29% payout for operating income and 79% payout for free cash flow, for a total payout under the 2010 MIP of 107.9% of target. The individual payouts under the 2010 MIP for each of the named executive officers is as reflected in the Summary Compensation Table under the heading Non-Equity Incentive Plan Compensation. No discretion was exercised by the Compensation Committee with respect to these determinations.

Equity Grants

A key component of our executives' compensation takes the form of equity grants, including stock options, performance-based restricted stock and restricted stock.

Our long-term equity incentives support our compensation objectives by rewarding the achievement of long-term business objectives that benefit our stockholders and helping us retain a successful and tenured management team. Our executive compensation program has, to a great extent, historically relied on equity components to meet its objectives.

Stock options

Historically, our equity program for executive officers was comprised of stock options with the size and value of awards based on the executive's position and market compensation data. The Compensation Committee believes that stock options align the interests of our executive officers with those of investors and rewards the executives for enhancing our stock valuation, and serve as a retention vehicle. As part of the named executive officers' compensation, these individuals are typically awarded stock options (i) upon initial hiring, (ii) annually, on the third business day after the release of earnings for the fiscal year and (iii) periodically, in the event of promotions, added responsibilities and exemplary performance. Options are granted with an exercise price equal to the fair market value on the date of grant, which is set at the closing price of the common stock on the date of grant, and generally vest over 4 years, with 25% vesting after one year and 1/48th of the grant vesting each month thereafter provided that the recipient is an employee of the Company or one of its subsidiaries on each vesting date. With respect to certain options granted to Messrs. Lawler and McLennan, these options vest over five years, with 20% vesting on each of the first five anniversaries of the date of grant provided that the recipient is an employee of the Company or one of its subsidiaries on each vesting date. Options expire seven years after they are granted, except in the case of earlier termination by their terms. The number of shares underlying an option grant is determined relative to market practice and in line with the Company's goals in relation to setting target total compensation. In determining the size of option grants made during fiscal 2010, we reviewed market information provided by Hewitt in September 2009.

All stock option grants made to the named executive officers in fiscal 2010 are included in the table titled "Grants of Plan-Based Awards for Fiscal 2010," and represent annual awards given on the third business day after the release of earnings for fiscal 2009, other than a grant of an option to Mr. Lawler on August 23, 2009, which is discussed below in the section titled "Equity Grants to Mr. Lawler."

Performance-Based Restricted Stock

In fiscal 2006, in response to emerging trends, the Compensation Committee modified its practice with respect to awarding restricted stock and adopted a performance-based restricted stock program, under which executive officers would be granted a predetermined number of shares of restricted stock in the event that the Company achieved a certain level of financial performance. The Compensation Committee believes that performance-based restricted stock aligns the interests of our executive officers with those of investors, rewards the executives for enhancing our stock valuation and serves as a retention vehicle.

For fiscal 2010, consistent with past years the Compensation Committee established the FY2010 Performance-Based Restricted Stock Bonus Plan, pursuant to which a predetermined number of shares of restricted stock would be granted to executive officers (on the third day after the release of earnings results for fiscal 2010) in the event that a certain level of financial performance was attained. The potential awards under the plan were as follows:

Name	Number of Shares		
	Threshold	Target	Maximum
Joseph C. Lawler	12,500	50,000	100,000
Steven G. Crane	2,250	9,000	18,000
Peter L. Gray	2,250	9,000	18,000
William R. McLennan	3,750	15,000	30,000
David J. Riley	2,250	9,000	18,000

The number of shares underlying the performance-based restricted stock awards was determined relative to market practice and in line with the Company's goal regarding target total compensation.

The Compensation Committee set the financial performance target under the FY2010 Performance-Based Restricted Stock Bonus Plan at the same threshold, target and maximum levels of operating income as described and determined above under the 2010 MIP.

For fiscal 2010, the Company's operating income determined in accordance with the plan was \$21.9 million resulting in a 72.6% payout under this plan and the issuance of 36,300 shares to Mr. Lawler, 10,890 shares to Mr. McLennan and 6,534 shares to each of Messrs. Crane, Gray and Riley. These awards vest in three equal annual installments.

Restricted Shares

The Compensation Committee determined in fiscal 2009 that an element of annual equity compensation would take the form of restricted stock awards vesting annually over a three year period. The Compensation Committee believes that adding restricted stock awards to our annual compensation package helps keep our compensation competitive with the marketplace and provides retentive value. In fiscal 2010, Messrs. Crane, Gray, McLennan and Riley each received restricted stock awards of 20,000 shares, each vesting in three equal annual installments.

The Company also awards shares of restricted stock coincident with the commencement of employment or in recognition of a promotion, added responsibilities, exemplary performance, to address market factors or to serve as a means to retain and motivate management. Restricted stock awards typically vest in three approximately equal installments on each of the first three anniversaries of the date of grant, provided that the recipient is an employee of the Company or one of its subsidiaries on each vesting date. With respect to certain restricted stock awards to Messrs. Lawler and McLennan, these awards vest in five approximately equal annual installments, subject to the employment condition stated in the prior sentence.

Equity Grants to Mr. Lawler

In August 2004, the Company hired Mr. Lawler as President and Chief Executive Officer. The Compensation Committee used a compensation consultant to advise it with respect to Mr. Lawler's initial compensation arrangement. In addition to cash compensation, we agreed to make a series of equity grants to Mr. Lawler, in an aggregate number equal to 2% of our outstanding shares of Common Stock (on a fully diluted basis) on August 2, 2004. These grants were made over a five-year period and were in a ratio of 60% stock options and 40% shares of restricted stock. Initial grants of an option to purchase 270,000 shares of Common Stock and an award of 180,000 shares of restricted stock were made in August 2004. Thereafter, on each of the first five anniversaries of Mr. Lawler's date of hire, Mr. Lawler received an additional option to purchase 67,452 shares of Common Stock (with an exercise price equal to the fair market value of our Common Stock on the date of grant) and 44,968 shares of restricted stock. All equity grants made to Mr. Lawler pursuant to his initial employment arrangement vest in five equal installments on each of the first five anniversaries of the date of grant. Mr. Lawler's employment arrangement equity grants reflected the Compensation Committee's view of the market for an executive of his qualifications at the time of his hiring. The grants were structured in this way in light of the condition of our business at the time of his hiring, having just completed a major acquisition, and provide Mr. Lawler with an incentive to increase stockholder value. In fiscal 2010, the Compensation Committee included Mr. Lawler as a participant in the FY2010 Performance-Based Restricted Stock Bonus Plan, in order to augment and reinforce the pay for performance elements of his compensation.

Perquisites and other benefits

The Compensation Committee believes that the perquisites provided to the named executive officers are reasonable and modest compared to the general market. To the extent we offer any perquisites, we do so in order to be competitive with the market. Each of the named executive officers receives an automobile allowance as a term of his employment and 401(k) matching benefits consistent with those offered to all other participating employees. With respect to 401(k) matching, this practice was temporarily suspended for all employees, including the named executive officers, in February 2009, and was reinstated in November 2009.

From time to time, we have awarded discretionary cash bonuses based on, for example, exemplary performance or the assumption of additional responsibilities. No such bonuses were awarded to any named executive officers in fiscal 2010.

Assessment of risk

The Compensation Committee believes that our compensation policies and practices motivate our employees to achieve our corporate objectives and to remain with our Company while avoiding unreasonable risk taking, and that our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company. We believe we have allocated our compensation among base salary and incentive compensation target opportunities in such a way as to not encourage excessive risk taking. In addition, we believe our approach to goal setting, and our bonus plan design that provides for payouts at various levels of performance, further aligns employee and stockholder interests. Also, the multi-year vesting of our equity awards and our share ownership guidelines encourage our employees to have a long-term perspective.

Benchmarking

The Compensation Committee reviews executive compensation relative to marketplace norms on a regular basis and has followed a practice of refreshing this data every two years, most recently in calendar 2009. The 2009 data was considered when making fiscal 2010 compensation decisions. For the most recent review, the Compensation Committee evaluated the competitiveness of our total target compensation relative to two data sources. One data source, which we refer to as our Custom Peer Group, consists of companies which provide outsourced services and solutions. The companies in our Custom Peer Group are:

Axiom Corporation;

ATC Technology Corporation;

Brightpoint, Inc.;

Celestica Inc.;

Convergys Corporation;

Deluxe Corporation;

Digital River, Inc.;

Forward Air Corporation;

GSI Commerce, Inc.;

Hub Group, Inc.; and

Sykes Enterprises, Incorporated.

With the assistance of Hewitt, we developed our Custom Peer Group by considering companies included in Hewitt's Total Compensation Database, competitors identified by internal resources and industry and equity analysts, and companies identified in proxy disclosures as peers of companies reviewed. In fiscal 2009 we changed our Custom Peer Group from the group that we had used previously. The changes reflected that several companies in the prior peer group had been acquired and were no longer independent companies (Advo, Inc., CDW Corporation, Ceridian Corporation, eFunds Corp., Solectron Corporation), a lack of data availability (Merrill Corporation), or a determination by the Company that the former peer's size and/or business was sufficiently different from that of the Company (Automatic Data Processing, Inc., DST Systems Inc., Flextronics International Ltd., R.R Donnelley & Sons Company) so that it was no longer considered a peer for compensation comparison purposes. In addition, we added ATC Technology Corporation, Brightpoint, Inc., Forward Air Corporation and Hub Group, Inc. as we believed these companies to have similarities to our business and reflected the market in which we compete for executive talent. Following the process of determining our Custom Peer Group, we concluded that Custom Peer Group data of a reliable sample size was only available for the Chief Executive Officer and Chief Financial Officer positions. Accordingly, only those two positions were compared with the Custom Peer Group.

The second data source we considered in making fiscal 2010 compensation decisions was a broad-based general industry group that included the 154 companies with annual revenues below \$5 billion in Hewitt's Total Compensation Database. Since inclusion in this second group was based solely on the stated criteria and participation in Hewitt's database, the Compensation Committee is not aware of the names of the specific companies included. With respect to this second source, data was regressed to reflect our revenue level, in order to draw what the Compensation Committee believes to be appropriate comparisons to our executives' compensation. We used this general industry group data as a comparison for all of our named executive officers, including the Chief Executive Officer and Chief Financial Officer.

Relative to the Custom Peer Group, we found that target total compensation for our Chief Executive Officer and our Chief Financial Officer was at the market median (i.e., within 10% of the median). We also found that in the aggregate and relative to the general industry group, our total target compensation for the named executive officers fell between the median and 75th percentile, which we attribute in part to the increase in performance-based annual cash bonus plan targets for fiscal 2010.

Tally Sheets

The Compensation Committee periodically reviews all components of compensation for our Chairman, President and Chief Executive Officer and the other named executive officers, including salary, bonus, current value of all stock options and restricted shares outstanding, the dollar value and cost to us of all perquisites and benefits and the actual projected payout obligations under potential termination, severance and change-in-control scenarios. Tally sheets detailing the above components and scenarios with their respective dollar amounts are prepared by management for each of our named executive officers and other executives and reviewed by the Compensation Committee at least annually. The

Edgar Filing: ModusLink Global Solutions Inc - Form DEF 14A

Compensation Committee believes, based on this review, that the compensation of the named executive officers is reasonable. In addition, the Compensation Committee believes that the differences between the compensation of our Chairman, President and Chief Executive Officer and that of the other named executive officers is appropriate based on similar differences found in market data.

Chairman, President and Chief Executive Officer Compensation Decisions

The Compensation Committee coordinates the annual performance evaluation of our Chairman, President and Chief Executive Officer with the independent members of our Board. The evaluation is based on objective criteria, including the performance of the business, accomplishment of reported goals and strategic objectives and the development of management. There is no formula applied or weighting of these factors and the Compensation Committee considers the Chairman, President and Chief Executive Officer's performance in its totality. The evaluation is used by the Compensation Committee in determining our Chairman, President and Chief Executive Officer's cash compensation (base salary and bonus), which is also reviewed with the independent members of the Board prior to final approval by the Compensation Committee. The stock option and restricted stock components of Mr. Lawler's compensation in fiscal 2010 were determined at the time of his initial hiring, based on market information gathered during the recruitment process and reflected at that time our determination of the equity compensation required to attract and retain a Chief Executive Officer of Mr. Lawler's experience and capability at that time. In addition, in fiscal 2010, as noted above, the Compensation Committee included Mr. Lawler as a participant in the FY2010 Performance-Based Restricted Stock Bonus Plan, in order to augment the pay for performance elements of his compensation.

Input from Management

Our Chairman, President and Chief Executive Officer and our Executive Vice President and General Counsel, who is responsible for human resources matters, provide information and recommendations regarding our executive compensation program to our Compensation Committee, as is described in the Corporate Governance and Board Matters Human Resources and Compensation Committee section above.

Related Policies and Considerations

Employment, Termination of Employment and Change-In-Control Agreements

Each of our executive officers is an employee-at-will, meaning that his employment may be terminated at any time and for any reason. We have entered into severance benefit agreements with each of our named executive officers, which are described under the heading Potential Payments Upon Termination or Change-in-Control later in this Proxy Statement. During fiscal 2007, the Compensation Committee retained Hewitt to conduct a review of our severance benefits, including change-in-control protections. Based on that review, we standardized the severance benefits of the named executive officers, with certain exceptions for pre-existing arrangements. In addition, based on that review, we believe that the severance benefits we offer to our executives are competitive with similarly situated individuals and companies. With respect to termination of employment absent a change-in-control, we believe that the benefits we offer are in line with the markets in which we compete, and we offer these benefits to attract and retain our executives. Regarding change-in-control benefits, we have structured these benefits as a double trigger meaning that the benefits are only paid in the event of, first, a change-in-control transaction, and second, the loss of employment within one year after the transaction. We decided to offer these benefits in order to provide an incentive for our executives to remain in our employ in the event of such a transaction.

Stock Ownership Guidelines

In September 2008, the Compensation Committee adopted stock ownership guidelines for our executive officers. The Compensation Committee believes that it is appropriate for the executive officers to hold equity in the Company. Under these guidelines, the Chief Executive Officer's ownership requirement is set at three times his annual salary and other executive officers' ownership requirement is set at two times their respective annual salaries. All individuals will have five years from the later of the adoption of the guidelines or his or her first appointment as an executive officer to reach these ownership levels. In computing the amounts owned, the Company will consider the value of shares owned outright, unvested restricted stock held by the individual, and in-the-money vested options. Compliance will be measured at the end of each calendar year.

Tax and Accounting Implications

Under Section 162(m) of the Internal Revenue Code, certain executive compensation in excess of \$1 million paid to certain officers of a public company is not deductible for federal income tax purposes unless the executive compensation is awarded under a performance-based plan approved by stockholders. To maintain flexibility in compensating executive officers in a manner

designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible. The Compensation Committee intends, to the extent practicable, to preserve deductibility under the Internal Revenue Code of compensation paid to our executive officers while maintaining compensation programs that support attraction and retention of key executives.

Stock options awarded to executive officers under our stock option plans, which were approved by stockholders, and shares of restricted stock awarded under our performance-based restricted stock program are performance-based and are potentially deductible for us. Restricted stock awards that are not performance based do not qualify for the performance-based exception to Section 162(m) of the Internal Revenue Code, but the Compensation Committee believes that the retention benefit derived outweighs any tax benefit that might otherwise be obtained.

The compensation that we pay to the named executive officers is expensed in our financial statements as required by U.S. generally accepted accounting principles. As one of many factors, the Compensation Committee considers the financial statement impact in determining the amount of, and allocation among the elements of, compensation. We account for stock-based compensation in accordance with the requirements of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (ASC 718) (formerly Statement of Financial Accounting Standards No. 123(R), Share-Based Payment).

The Human Resources and Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and discussion, recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

SUMMARY COMPENSATION TABLE

The following table sets forth certain information concerning fiscal 2010, fiscal 2009 and fiscal 2008 compensation of our Chairman, President and Chief Executive Officer, our Chief Financial Officer and the three other most highly compensated executive officers of the Company at the end of fiscal 2010. Collectively, we refer to all of these individuals as the named executive officers.

In accordance with new SEC disclosure requirements, the amounts in the Stock Awards and Option Awards columns reflect the grant date fair values of awards made in each such year. The amounts in such columns and the Total column for fiscal 2008 and fiscal 2009 have been recalculated to conform to the current requirements and will not match the proxy statements for prior years, which disclosed the value of the stock awards based on accounting expense recognized by the Company during the applicable fiscal year.

- (1) The amounts shown in the Stock Awards and Option Awards columns represent the aggregate grant date fair value of awards computed in accordance with ASC 718, not the actual amounts paid to or realized by the named executive officers during fiscal 2010, fiscal 2009 and fiscal 2008. ASC 718 fair value amount as of the grant date for stock awards and stock options generally is spread over the number of months of service required for the grant to vest. An explanation of the vesting of restricted stock awards and options awards, as well as the methodology for performance-based restricted stock payouts, is discussed in the footnotes to the Grants of Plan-Based Awards for Fiscal 2010 and Outstanding Equity Awards at 2010 Fiscal Year End tables below.
- (2) Reflects the aggregate grant date fair value of awards computed in accordance with ASC 718 for restricted stock and performance-based restricted stock awards granted to the named executive officers. The fair value of these awards is based on the closing price of our Common Stock on the date of grant and, for performance-based restricted stock awards, is calculated at the target share payout as of the grant date (September 23, 2009, September 24, 2008 and September 18, 2007). The maximum grant date potential values for the 2010 performance-based restricted stock awards for Messrs. Lawler, Crane, McLennan, Gray and Riley were \$853,000, \$153,540, \$255,900, \$153,540 and \$153,540, respectively. The performance objectives set for fiscal 2010 performance were achieved at a level of 72.6% of target and shares were granted on the third business day after the Company's earnings release for fiscal 2010 in accordance with the FY2010 Performance-Based Restricted Stock Bonus Plan. See Compensation Discussion and Analysis for a discussion of the plan. The performance objectives for fiscal 2009 and fiscal 2008 were not achieved and no shares were issued pursuant to either the FY2009

Edgar Filing: ModusLink Global Solutions Inc - Form DEF 14A

Performance-Based Restricted Stock Bonus Plan or the FY2008 Performance-Based Restricted Stock Bonus Plan.

- (3) The fair value of each stock option award is estimated as of the date of grant using a binomial valuation model. Additional information regarding the assumptions used to estimate the fair value of all stock options awards is included in Note 15 to Consolidated Financial Statements contained in our Annual Report on Form 10-K for fiscal 2010.
- (4) Represents amounts earned under the Company's fiscal 2010, 2009 or 2008 Executive Management Incentive Plan, as applicable. See Compensation Discussion and Analysis for a discussion of the 2010 MIP. Payments are generally made in October of each year, after the Compensation Committee determines whether the performance objectives for the previous plan year have been achieved. No payments were made under the fiscal 2009 or 2008 Executive Management Incentive Plan.
- (5) Amounts set forth in this column represent employer 401(k) plan matching cash contributions, in addition to the other items noted in the applicable footnote. The Company temporarily suspended its practice of providing a 401(k) matching contribution in February 2009, which practice was reinstated in November 2009.
- (6) Includes a \$12,000 automobile allowance.
- (7) Includes a \$12,000 automobile allowance and \$31,932 in relocation expenses paid by the Company in connection with the conclusion of Mr. McLennan's expatriate assignment.
- (8) Includes a \$9,000 automobile allowance.

* Equity awards to the named executive officers during fiscal 2010 were made pursuant to the 2000 Stock Incentive Plan (for restricted stock awards) and 2004 Stock Incentive Plan (for stock option awards).

- (1) Non-equity awards were to be made pursuant to our 2010 MIP. In September 2009, the Compensation Committee established the performance objectives for fiscal 2010, as well as the threshold, target and maximum payment levels. The threshold amount is 25% of target and maximum is 200% of target. The performance objectives were achieved at 107.9% of target resulting in payments of \$974,337, \$366,860, \$461,273, \$242,775 and \$166,921 for Messrs. Lawler, Crane, McLennan, Gray and Riley, respectively. See Compensation Discussion and Analysis for a discussion of the 2010 MIP.
- (2) The amounts shown reflect number of potential shares of restricted stock awarded subject to satisfaction of conditions of the FY2010 Performance-Based Restricted Stock Bonus Plan. The performance objectives must be satisfied for an award of shares to be made. The number of shares of restricted stock awarded is determined based on the extent to which the objectives are achieved. The threshold achievement payout is 25% of target and maximum achievement payout is 200% of target. Performance below a threshold level results in no payout. Awarded shares of restricted stock vest 33 1/3% on each of the first three anniversaries of the date the shares are awarded, provided that the recipient remains employed by the Company or one of its subsidiaries on each such date. If awards are made, the vesting of these restricted stock awards is accelerated under certain circumstances. See Potential Payments Upon Termination or Change-in-Control below. The performance objectives set for fiscal 2010 performance were achieved at a level of 72.6% of target and shares were granted on the third business day after the Company's earnings release for fiscal 2010 in accordance with the FY2010 Performance-Based Restricted Stock Bonus Plan. See Compensation Discussion and Analysis for a discussion of the plan.
- (3) Unless otherwise noted, the restricted stock awards vest 33 1/3% on each of the first three anniversaries of the date of grant, provided that the recipient remains employed by the Company or one of its subsidiaries on each such date. The vesting of these restricted stock awards is

Edgar Filing: ModusLink Global Solutions Inc - Form DEF 14A

- accelerated under certain circumstances. See Potential Payments Upon Termination or Change-in-Control below.
- (4) Unless otherwise noted, stock option awards vest as to 25% on the first anniversary of the date of grant and as to 1/48th of the shares on each monthly anniversary thereafter, provided that the recipient remains employed by the Company or one of its

subsidiaries on each such date. The vesting and exercisability of the options is accelerated under certain circumstances. See Potential Payments Upon Termination or Change-in-Control below.

- (5) The grant date fair value of All Other Stock Awards is computed based on a value per share of \$7.25 on October 2, 2009 for all recipients other than Mr. Lawler. In accordance with U.S. GAAP, the grant date fair value of the stock award to Mr. Lawler is computed based on a value per share of \$12.50 on August 23, 2004, Mr. Lawler's date of hire. The grant date fair value of All Other Option Awards is computed based on a value per share of \$3.46 on August 23, 2009 for Mr. Lawler and \$3.45 on October 2, 2009 for all other recipients. The grant date fair value of the performance-based shares of restricted stock is computed based on a value per share of \$8.53 on September 23, 2009 and reflects the target number of shares. All per share amounts are computed in accordance with ASC 718.
- (6) The Compensation Committee approved the bonus target percentages for the named executive officers on September 23, 2009. The Compensation Committee approved the terms of the 2010 MIP on October 16, 2009.
- (7) Restricted stock award vests as to 20% of the shares covered thereby on each of the first five anniversaries of the date of grant, provided the recipient remains employed by the Company or one of its subsidiaries on each such date.
- (8) Stock option award vests and becomes exercisable as to 20% of the shares subject to the option on each of the first five anniversaries of the date of grant, provided the recipient remains employed by the Company or one of its subsidiaries on each such date.

Employment Arrangements of Named Executive Officers

We do not have agreements with any of the named executive officers which guarantee employment for a set term, and accordingly, all of the named executive officers are employees at will. We have entered into certain severance agreements with our named executive officers, as discussed in Potential Payments Upon Termination or Change-in-Control.

Joseph C. Lawler

On August 23, 2004, Joseph C. Lawler was appointed President and Chief Executive Officer of the Company and in August 2006 was named Chairman of the Company. In connection with his employment, Mr. Lawler and the Company entered into an employment offer letter which set forth his initial compensation terms and his equity grants. A description of Mr. Lawler's equity grants, which have been made in accordance with the employment offer letter, is contained in the Compensation Discussion and Analysis section above.

Other Named Executive Officers

We entered into employment offer letters with each of our other named executive officers when they commenced their employment. These letters generally set forth initial base salary, target bonus and other compensatory matters, such as initial equity grants.

Potential Payments Upon Termination or Change-in-Control

We have entered into agreements with each of our named executive officers, which agreements provide for benefits in the event of termination of employment. These benefits vary based on whether the termination occurs before or within one year following a change in control of the Company.

Joseph C. Lawler

Mr. Lawler's Executive Severance Agreement, dated August 23, 2004 (as amended to date, the Agreement), which was entered into at the time he commenced employment, provides in the event that his employment is terminated by the Company for a reason other than for Cause (as defined below) or by Mr. Lawler for Good Reason (as defined below), then the Company shall pay Mr. Lawler a one-time severance payment equal to 12 months of his then-current annual base salary plus his target bonus as in effect on his last day of employment. In addition, 50% of the portion of each of Mr. Lawler's stock options and restricted stock awards made pursuant to his employment offer letter which would otherwise become vested on or before the first anniversary of the date his employment is terminated shall be immediately vested, such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In such case, the Company will also reimburse Mr. Lawler for the cost of COBRA for medical, dental and vision benefits for 12 months. In addition, the Agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Lawler for Good Reason within 12 months following a Change of Control (as defined below), then the Company shall pay Mr. Lawler a one-time severance payment equal to 24 months of his then-current annual base salary plus two times his target bonus as in effect on his last day of employment. In addition, all of Mr. Lawler's stock options and restricted stock awards which are not then vested shall immediately vest as of the date of termination, and such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In such case, the Company will also reimburse Mr. Lawler for the cost of COBRA for medical, dental and vision benefits for 18 months. The Agreement also provides that if Mr. Lawler's employment is terminated without Cause or for Good Reason, either before or after a Change of Control, he shall be entitled to a pro rata share of his earned target bonus, determined in accordance with the terms and provisions of the applicable bonus plan. The Agreement is intended to comply with Section 409A (Section 409A) of the Internal Revenue Code of 1986, as amended (the Code). In the event that any amounts payable to Mr. Lawler under the Agreement are characterized as excess parachute payments under Section 280G of the Internal Revenue Code, then Mr. Lawler may elect to reduce the severance payments or have a portion of the stock options or restricted stock not vest.

For the purposes of Mr. Lawler's Agreement, terms are defined as follows:

Cause is defined as a good faith finding by a majority of the members of the Board of the Company (excluding Mr. Lawler), after giving Mr. Lawler an opportunity to be heard, of (i) gross negligence or willful misconduct by Mr. Lawler in connection with his employment duties, (ii) willful repeated and continued failure by Mr. Lawler (other than due to disability) to perform his duties

or responsibilities required pursuant to his employment, after written notice and an opportunity to cure, (iii) mis-appropriation by Mr. Lawler of the assets or business opportunities of the Company, or its affiliates, having a material economic effect on the Company, (iv) embezzlement or other financial or other fraud committed by Mr. Lawler, (v) Mr. Lawler knowingly allowing any third party to commit any of the acts described in any of the preceding clauses (iii) or (iv), or (vi) Mr. Lawler's conviction of, or entry of a plea of no contest with respect to, any felony or any crime involving moral turpitude. For the purposes of this Agreement, Mr. Lawler's acts or omissions shall not be willful if conducted in good faith and with a reasonable belief that such conduct was in the best interests of the Company.

Good Reason is defined as: (i) the unilateral relocation by the Company of Mr. Lawler's principal work place for the Company to a site more than 60 miles from Waltham, Massachusetts, (ii) a reduction in Mr. Lawler's (A) then-current base salary without his consent, or (B) target bonus or a material reduction in benefits without Mr. Lawler's consent, or unless other executive officers are similarly treated, (iii) material diminution of Mr. Lawler's duties, authority or position as Chief Executive Officer of the Company, without his consent, (iv) any amendment to the officer indemnification provisions contained in Article Ninth of the Company's certificate of incorporation that materially reduces the indemnification benefits to Mr. Lawler, (v) the failure of the Company to assign and of any successor to assume the obligations of the Company under the Agreement or Mr. Lawler's offer letter, or (vi) the death or permanent and total disability (as defined in Section 22(e)(3) of the Code) of Mr. Lawler. Notwithstanding, Mr. Lawler shall not have Good Reason to voluntarily terminate his employment unless and until: (x) he provides notice to the Company of the event or condition constituting Good Reason not later than ninety (90) days after the occurrence thereof and (y) thirty (30) days shall have elapsed following such notice during which the Company has not remedied such event or condition.

Change of Control is defined as the first to occur of any of the following: (a) any person or group becomes the beneficial owner of a majority of the combined voting power of the then outstanding voting securities with respect to the election of the Board of the Company; (b) any merger, consolidation or similar transaction involving the Company, other than a transaction in which the stockholders of the Company immediately prior to the transaction hold immediately thereafter in the same proportion as immediately prior to the transaction not less than 50% of the combined voting power of the then voting securities with respect to the election of the Board of the resulting entity; or (c) any sale of all or substantially all of the assets of the Company.

Steven G. Crane, William R. McLennan and David J. Riley

Messrs. Crane, McLennan and Riley are parties to agreements entered into with each of them in July 2007 (as amended, the Executive Severance Agreements), which provide that in the event such individual's employment is terminated by the Company, in the case of Messrs. Crane and Riley, or ModusLink Corporation, in the case of Mr. McLennan, without Cause (as defined below), then the executive officer will receive 12 months of continued base salary. In the event the executive officer's employment is terminated by the Company without Cause (as defined below) or by the executive officer for Good Reason (as defined below) within one year after a Change of Control (as defined below) of the Company, then (i) the executive officer will receive (x) 12 months of continued base salary, and (y) his target bonus (each payable in 12 monthly installments) and (ii) all of the executive officer's stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following the executive officer's last day of employment (but not to exceed the original term of such awards) and all of the executive officer's restricted stock shall be immediately vested and free of restrictions. The Executive Severance Agreements are intended to comply with Section 409A of the Code. Also, under certain circumstances, in the event that any amounts payable to an executive officer under an Executive Severance Agreement would qualify as excess parachute payments under Section 280G of the Code, then we may not be obligated to pay to the executive officer that portion of the consideration that is payable as a result of the Change of Control as is necessary to eliminate any excess parachute payments.

For purposes of the Executive Severance Agreements, terms are defined as follows:

Cause is defined as a good faith finding by the Board of the Company after giving the executive an opportunity to be heard, of: (i) gross negligence or willful misconduct by the executive in connection with his employment duties, (ii) failure by the executive to perform his duties or responsibilities required pursuant to his employment, after written notice and an opportunity to cure, (iii) mis-appropriation by the executive for his personal use of the assets or business opportunities of the Company, or its affiliates, (iv) embezzlement or other financial fraud committed by the executive, (v) the executive knowingly allowing any third

party to commit any of the acts described in any of the preceding clauses (iii) or (iv), or (vi) the executive's indictment for, conviction of, or entry of a plea of no contest with respect to, any felony.

Good Reason is defined as: (i) the unilateral relocation by the Company of the executive's principal work place for the Company to a site more than 60 miles from the executive's principal office, (ii) a material reduction in the executive's then-current salary without the executive's consent or (iii) material diminution of the executive's duties, authority or responsibilities, without the executive's consent. In order to establish Good Reason for a termination, the executive must provide notice to the Company of the existence of the condition giving rise to Good Reason within 90 days following the initial existence of the condition, and the Company has 30 days following receipt of such notice to remedy such condition.

Change of Control is defined as the first to occur of any of the following:

(A) the acquisition by an individual, entity or group (a Person) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns 50% or more of either (x) the then-outstanding shares of common stock of the Company (the Outstanding Company Common Stock) or (y) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the Outstanding Company Voting Securities); provided, however, that for purposes of this subsection (A), any acquisition directly from the Company shall not constitute a Change in Control; or

(B) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board of the Company (or, if applicable, the Board of a successor corporation to the Company), where the term Continuing Director means at any date a member of the Board (x) who was a member of the Board on the date of the Executive Severance Agreement or (y) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (y) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or

(C) the consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a Business Combination), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (x) all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) (such resulting or acquiring corporation is referred to herein as the Acquiring Corporation) in substantially the same proportions as their ownership of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively, immediately prior to such Business Combination and (y) no Person (excluding any employee benefit plan (or related trust) maintained or sponsored by the Company or by the Acquiring Corporation) beneficially owns, directly or indirectly, 40% or more of the then-outstanding shares of common stock of the Acquiring Corporation, or of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(D) the liquidation or dissolution of the Company.

Peter L. Gray

The Company also entered into an agreement with Mr. Gray in August 2002. As amended to date, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause, then the Company shall pay Mr. Gray as severance pay his regular base salary, as in effect on his last day of employment, for one year following the termination date, payable in installments in accordance with the Company's regular payroll practices, plus the bonus amount he

would have been entitled to receive under the Company's bonus plan then in effect for the fiscal year in which the termination occurred, determined in accordance with the applicable bonus plan (the "Bonus"), multiplied by a fraction, the numerator of which shall be the number of months that Mr. Gray was employed by the Company during the fiscal year in which his termination occurs and the denominator of which shall be twelve. In addition, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Gray for Good Reason within one year following a Change of Control of the Company, then the Company shall pay Mr. Gray (i) a one-time severance payment equal to two times his then-current base salary and (ii) his Bonus multiplied by a fraction, the numerator of which shall be the number of months that Mr. Gray was employed by the Company during the fiscal year in which his termination occurs and the denominator of which shall be twelve. In the event Mr. Gray's employment is terminated without Cause within one year following a Change of Control, all of his stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following his last day of employment (but not to exceed the original term of such awards), and all of his restricted stock shall be immediately vested and free of restrictions. This agreement is intended to comply with Section 409A of the Code. Also, under certain circumstances, in the event that any amounts payable to Mr. Gray under this agreement would qualify as "excess parachute payments" under Section 280G of the Code, then we may not be obligated to pay to Mr. Gray that portion of the consideration that is payable as a result of the Change of Control as is necessary to eliminate any "excess parachute payments." For purposes of Mr. Gray's agreement, the definition of "Cause" is substantially similar to the definition of "Cause" in the Executive Severance Agreements, as set forth above, and the definitions of "Good Reason" and "Change of Control" are identical to those used in the Executive Severance Agreements.

The table below shows the estimated incremental value transfer to each named executive officer under various scenarios relating to a termination of employment. The table below assumes that such termination occurred on July 31, 2010. The actual amounts that would be paid to any named executive officer can only be determined at the time of an actual termination of employment and would vary from those listed below.

- (2) As described above, severance pay consists of 12 months base salary plus target bonus for Mr. Lawler, 12 months of base salary for each of Messrs. Crane, McLennan and Riley and 12 months of base salary plus a pro rata earned bonus for Mr. Gray. For purposes of Mr. Gray's calculation, the pro rata earned bonus is calculated assuming employment for 12 months and earned bonus at target.

- (4) As described above, severance pay consists of 24 months base salary plus two times target bonus for Mr. Lawler, 12 months of base salary plus target bonus for each of Messrs. Crane, McLennan and Riley and 24 months of base salary plus a pro rata earned bonus for Mr. Gray. For purposes of Mr. Gray's calculation, the pro rata earned bonus is calculated assuming employment for 12 months and earned bonus at target.
- (5) Severance agreement provides for accelerated vesting of stock options, and "0" indicates that all stock options had exercise prices greater than the then current price of our Common Stock at July 31, 2010.
- (6) Pro rata earned bonus calculated assuming employment for 12 months and earned bonus at target.

Members of the Board receive a combination of cash compensation and equity in the form of restricted stock awards, provided they are eligible under the applicable plan. In addition, all of the Directors of the Company receive reimbursement of expenses incurred with respect to attendance at meetings of the Board and meetings of committees thereof, which is not included in the above table.

Under the 2005 Non-Employee Director Plan (the 2005 Plan), all Directors, other than an Affiliated Director (as defined below), will automatically be granted an option to acquire 20,000 shares of Common Stock (the Initial Option) upon election to the Board. Each Director who ceases to be an Affiliated Director and is not otherwise an employee of the Company or any of its subsidiaries or affiliates will be granted, on the date such Director ceases to be an Affiliated Director but remains as a member of the Board, an Initial Option to acquire 20,000 shares of Common Stock under the 2005 Plan. Each Initial Option will vest and become exercisable as to 1/36th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a Director on such monthly anniversary date. Prior to September 23, 2009, the 2005 Plan also provided that on the date of each annual meeting of stockholders of the Company, each eligible Director who was both serving as Director immediately prior to and immediately following such annual meeting, and who had served on the Board for at least six months, would automatically be granted an option to purchase 2,400 shares of Common Stock (an Annual Option). Each Annual Option vests and becomes exercisable as to 1/36th of the number of shares originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a Director on such

monthly anniversary date. The option exercise price per share for each option granted under the 2005 Plan shall equal the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 2005 Plan shall terminate, and may no longer be exercised, on the date that is ten years after the date of grant of such option. On September 23, 2009, the Board, upon recommendation of the Compensation Committee, amended the 2005 Plan to eliminate the Annual Option.

The Board has adopted a Director Compensation Plan which governs cash compensation to Directors and under which all Directors are eligible to participate, other than any Director who (i) is an employee of the Company or any of its subsidiaries or affiliates or (ii) unless otherwise determined by the Board, is an affiliate, employee or designee of an institutional or corporate investor in the Company (an Affiliated Director). Pursuant to the Director Compensation Plan, each participating Director who is serving as a Director on the last day of any fiscal quarter shall receive a payment for such quarter of \$12,500. Each participating Director who is serving as the chairperson of a committee of the Board on the last day of any fiscal quarter shall receive a payment of \$1,250; provided, however, that the chairperson of the Audit Committee on the last day of any fiscal quarter shall receive a payment of \$2,500. In addition, any Director serving as presiding director on the last day of any fiscal quarter shall receive a payment of \$2,500. Each participating Director who attends a telephonic meeting of the Board or a committee thereof shall receive a meeting fee of \$500. Each participating Director who attends a meeting of the Board or a committee thereof, where a majority of the Directors attend such meeting in person, shall receive a meeting fee of \$1,000. In addition, on September 23, 2009, the Board, upon the recommendation of the Compensation Committee, amended the Director Compensation Plan to provide that each Director, other than an Affiliated Director, will receive a restricted stock award for 2,500 shares of Common Stock on the first business day of the calendar year following the annual meeting of stockholders provided that such Director was both serving as Director immediately prior to and immediately following such annual meeting, and had served on the Board for at least six months (unless otherwise determined by the Board). Such awards are subject to a restriction on transfer which lapses on the first anniversary of the date of grant.

Prior to the adoption of the 2005 Plan, all Directors of the Company were eligible to receive non-statutory stock options to purchase shares of Common Stock under the Company's 1999 Stock Option Plan for Non-Employee Directors, as amended (the 1999 Plan). Since the adoption of the 2005 Plan, no further options have been or will be granted under the 1999 Plan. Under the 1999 Plan each eligible Director who was elected to the Board for the first time was granted an option to acquire 20,000 shares of Common Stock (the 1999 Initial Option). Each Affiliated Director who ceased to be an Affiliated Director was granted, on the date such Director ceased to be an Affiliated Director but remained as a member of the Board, a 1999 Initial Option to acquire 20,000 shares of Common Stock under the 1999 Plan. Each 1999 Initial Option granted under the 1999 Plan and held by a current Director is fully vested and exercisable. On each anniversary of the grant of the 1999 Initial Option, each eligible Director was automatically granted an option to purchase 2,400 shares of Common Stock (a 1999 Annual Option), provided that such eligible Director served as a Director on the applicable anniversary date. Each 1999 Annual Option granted under the 1999 Plan and held by a current Director is fully vested and exercisable.

The option exercise price per share for each option granted under the 1999 Plan equals the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 1999 Plan shall terminate, and may no longer be exercised, on the date that is ten years after the date of grant of such option.

Each of the Directors has also entered into an Indemnification Agreement with the Company providing that the Company shall indemnify the Director to the fullest extent authorized or permitted by applicable law in the event that the Director is involved in any threatened, pending or completed action, suit or proceeding, or any inquiry or investigation, whether brought by or in the right of the Company or by any other party and whether of a civil, criminal, administrative or investigative nature, by reason of the fact that the Director is or was a Director of the Company, or is or was serving at the request of the Company as a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against all expenses, judgments, fines and penalties, provided that the Director shall not have been finally adjudged to have engaged in willful misconduct or to have acted in a manner which was knowingly fraudulent or deliberately dishonest, or had reasonable cause to believe that his or her conduct was unlawful.

Audit Committee Policy on Pre-Approval of Services of Independent Registered Public Accounting Firm

The Audit Committee's policy is to pre-approve all audit services to be provided by the Company's independent registered public accounting firm or other firms, and all non-audit services to be provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The Company's independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee of the Board has reviewed and discussed the Company's audited financial statements for fiscal 2010 with the Company's management. The Audit Committee has discussed with KPMG LLP, the Company's independent registered public accounting firm, the matters required to be discussed by the Statement on Auditing Standards No. 61. The Audit Committee has discussed with KPMG LLP its independence and has received the written disclosures and the letter from KPMG LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The information contained in the foregoing report shall not be deemed to be soliciting material or filed or incorporated by reference into any of the Company's previous or future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent specifically incorporated by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Certain Relationships and Related Transactions

The Audit Committee of our Board has adopted a written policy and procedures for the review and approval of related-party transactions. A related-party transaction is a transaction that meets the minimum threshold for disclosure in the proxy statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a related person or entity has a direct or indirect material interest).

Related persons include the Company's executive officers, directors, 5% or more beneficial owners of our common stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. When a potential related-party transaction is identified, management presents it to the Audit Committee to determine whether to approve or ratify it.

The Audit Committee reviews the material facts of any related-party transaction and either approves or disapproves of the entry into the transaction. In the course of reviewing the related-party transaction, the Audit Committee considers whether (i) the transaction is fair and reasonable to the Company, (ii) under all of the circumstances the transaction is in, or not inconsistent with, the Company's best interests, and (iii) the transaction will be on terms no less favorable to the Company than could have been obtained in an arms-length transaction with an unrelated third party. If advance approval of a related-party transaction is not feasible, then the transaction will be considered and, if the Audit Committee determines it to be appropriate, ratified by the Audit Committee. No director may participate in the approval of a transaction for which he or she is a related party.

When a related-party transaction is ongoing, any amendments or changes are reviewed and the transaction is reviewed annually for reasonableness and fairness to the Company.

In fiscal 2010, there were no related-party transactions involving the Company and a related person.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than ten percent of a registered class of the Company's equity securities, to file reports of beneficial ownership and changes in beneficial ownership with the SEC.

Based solely on its review of the copies of such forms received or written representations from certain reporting persons, the Company believes that, during fiscal 2010, its officers, directors and ten-percent stockholders complied with all applicable Section 16(a) filing requirements applicable to such individual. There are no known failures to file a required Form 3, Form 4 or Form 5.

Annual Report on Form 10-K

The Company's Annual Report on Form 10-K for the fiscal year ended July 31, 2010, including exhibits, is available without charge upon request from the Company. Requests for copies of the Annual Report on Form 10-K should be sent to the Company's Office of Investor Relations at ModusLink Global Solutions, Inc., 1100 Winter Street, Waltham, Massachusetts 02451.

Some banks, brokers and other nominee record holders may participate in the practice of "householding" proxy statements, annual reports and notices of Internet availability of proxy materials. This means that only one copy of our Proxy Statement, 2010 Annual Report or Notice of Internet Availability of Proxy Materials may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you write, email or call our Investor Relations department at 1100 Winter Street, Suite 4600, Waltham, Massachusetts 02451, email: ir@moduslink.com, or telephone: (781) 663-5012. Solicitation

The cost of soliciting proxies, including expenses in connection with preparing, printing and mailing of the Notice of Internet Availability of Proxy Materials, this Proxy Statement, and any additional solicitation material will be borne by the Company. The Company has engaged The Proxy Advisory Group, LLC and Innisfree M&A Incorporated, to assist in the solicitation of proxies for fees not to exceed \$20,000 in the aggregate and the reimbursement of customary disbursements. Copies of solicitation materials will be furnished to brokerage houses, nominees, fiduciaries and custodians to forward to beneficial owners of the Company's Common Stock held in their names. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of stock for their reasonable expenses in forwarding solicitation materials to such beneficial owners. The Company's directors, officers and other employees may, without additional compensation, solicit proxies by telephone, facsimile, electronic communication and personal interviews.

Other Matters

The Board does not know of any other matter which may come before the 2010 Meeting. If any other matters are properly presented to the 2010 Meeting, the Board intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.

Proposals of Stockholders for 2011 Annual Meeting and Nomination of Directors

Any proposal that a stockholder of the Company wishes to be considered for inclusion in the Company's Proxy Statement, Notice of Internet Availability of Proxy Materials and proxy card for the Company's 2011 Annual Meeting of Stockholders (the "2011 Annual Meeting") must be submitted to the Secretary of the Company at its offices, 1100 Winter Street, Waltham, Massachusetts 02451, no later than June 28, 2011. In addition, such proposals must comply with the requirements of Rule 14a-8 under the Exchange Act and the Company's Bylaws, as applicable.

If a stockholder of the Company wishes to present a proposal or nominate a director before the 2011 Annual Meeting, but does not wish to have the proposal considered for inclusion in the Company's Proxy Statement and proxy card, such stockholder must also give written notice to the Secretary of the Company at the address noted above. The Secretary must receive such notice

no earlier than August 10, 2011 and no later than September 9, 2011 (unless the Company's 2011 Annual Meeting is held before November 8, 2011 or after February 6, 2012, in which case different deadlines are established by the Company's Bylaws) and the stockholder must comply with the provisions of the Company's Bylaws. If a stockholder fails to provide timely notice of a proposal to be presented at the 2011 Annual Meeting, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the 2011 Annual Meeting.

By Order of the Board of Directors,

Peter L. Gray, *Executive Vice President,
General Counsel and Secretary*

Waltham, Massachusetts
