PROXY STATEMENT

Our Board of Directors is providing this proxy statement to ask for your vote as a stockholder of TFS Financial Corporation (the "Company," "we," "us" or "our") on certain matters to be voted on at our upcoming annual meeting of stockholders, which will be held at the offices of Third Federal Savings and Loan, 7007 Broadway Avenue, Cleveland, Ohio 44105, on Thursday, February 24, 2011, at 9:00 a.m., local time. We are making these proxy materials, along with our 2010 Annual Report to Stockholders, available to you electronically on or about January 10, 2011.

ABOUT THE MEETING

What Is the Purpose of the Annual Meeting of Stockholders?

At our annual meeting of stockholders, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of two directors, an advisory vote on compensation of our named executive officers, an advisory vote on the frequency of future advisory votes on compensation of our named executive officers, and a proposal to ratify the selection of Deloitte & Touche LLP as the Company's independent accountant for the Company's fiscal year ending September 30, 2011. We are not aware of any other matter that will be presented for your vote at the meeting.

Who Is Entitled to Vote?

Only stockholders of record at the close of business on the record date, December 27, 2010, are entitled to receive notice of and to vote the shares of our common stock that they held on the record date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of common stock entitles its holder as of the record date to cast one vote on each matter acted upon at the meeting. As of the record date, the Company had outstanding 308,395,893 shares of common stock.

What if My Shares Are Held in the Third Federal Savings Associate Stock Ownership Plan or the Third Federal Savings 401(k) Savings Plan?

If you are a participant in the Third Federal Savings Associate Stock Ownership Plan (the "ASOP") or the Third Federal Savings 401(k) Savings Plan (the "401(k) Plan") and you own shares of our common stock through those plans, you have been provided voting instruction forms with respect to shares you may vote under those plans. Although the trustee or administrator for each plan votes all shares of our common stock held by that plan, each participant may direct the trustee or administrator how to vote the shares of our common stock allocated to his or her plan account. Voting instructions must be provided to the trustee or administrator by February 19, 2011 to be effective. If you own shares of our common stock through either of these plans and do not provide voting instructions to the trustee or administrator by February 19, 2011, the respective trustee or administrator will vote the shares of common stock in accordance with the terms of the respective plans, which provide that the trustee or administrator will vote any shares of our common stock for which it has received no voting instructions in the same proportions as it votes the shares of our common stock for which it has received instructions from plan participants. You also may revoke previously given voting instructions prior to February 19, 2011 by filing with the trustee or administrator either written notice of revocation or a properly completed voting instruction form bearing a later date.

Table of Contents

Who Can Attend the Meeting?

Only stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Please note that if you hold your shares in street name (that is, through a broker or other nominee), your name does not appear in the Company's records, and you will need to bring to the annual meeting a copy of your brokerage statement reflecting your ownership of shares of our common stock as of the record date in order to be admitted.

When and Where Is the Meeting?

The meeting will be held at the offices of Third Federal Savings and Loan, 7007 Broadway Avenue, Cleveland, Ohio 44105, on Thursday, February 24, 2011, at 9:00 a.m., local time. Parking is available in our visitor parking lot, which you can enter from Aetna Avenue.

What Constitutes a Quorum?

The presence at the meeting, either in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the record date will represent a quorum, permitting the conduct of business at the meeting. Proxies received by the Company but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of establishing a quorum. A broker non-vote occurs if your shares are held in street name by a broker or nominee and the broker or nominee reports your shares as non-votes because you did not provide your broker or nominee with voting instructions for your shares.

What Vote Is Required to Approve Each Proposal, Assuming that a Quorum Is Present at the Annual Meeting of Stockholders?

Proposal One: Election of Directors. The two nominees for director who receive the greatest number of affirmative votes will be elected directors, and abstentions and broker non-votes will not count either for or against any nominee for director.

Proposal Two: Advisory Vote on Executive Compensation. The Company is presenting an advisory vote on compensation of its named executive officers. See page 34 under Proposal Two: Advisory Vote on Executive Compensation for additional information. If a majority of the votes cast on this proposal are cast in favor of approval, the proposal will be approved. Abstentions will be treated as cast and will have the same effect as a vote against approval. Broker non-votes are not considered votes cast either for or against approval. While our Board of Directors intends to consider carefully the stockholder vote resulting from this proposal, the final vote will not be binding on us and is advisory in nature.

Proposal Three: Advisory Vote on the Frequency of Advisory Vote on Executive Compensation. The Company is presenting an advisory vote on the frequency (every one, two or three years) of the advisory vote on compensation of our named executive officers. See page 35 under Proposal Three: Advisory Vote on the Frequency of the Executive Compensation Advisory Vote for additional information. The frequency receiving the greatest number of votes will be the frequency recommended by the stockholders. Abstentions and broker non-votes are not considered votes cast for any frequency.

Proposal Four: Ratification of the Selection of Deloitte & Touche LLP as the Company's Independent Accountant. The Audit Committee of our Board of Directors plans to reappoint Deloitte & Touche LLP as the Company's independent accountant to audit our financial statements for the fiscal year ending September 30, 2011, subject to the ratification of the appointment by our stockholders as required by our bylaws. See page 38 under Proposal Four: Ratification of the Selection of Deloitte & Touche LLP as the Company's Independent Accountant for additional information. If a majority of votes cast on this proposal are cast in favor of approval, the proposal will be approved. Abstentions will be treated as cast and will have the same effect as a vote against ratification. Broker non-votes are not considered votes cast either for or against ratification.

However, your presence at the annual meeting alone will not be sufficient to revoke your previously-granted proxy or vote.

How Will the Proxy Solicitation Be Conducted?

This solicitation of proxies is made by and on behalf of our Board of Directors. The cost of the solicitation of your proxy will be borne by the Company. In addition to solicitation of proxies by mail and electronically, officers and regular associates of the Company may solicit proxies in person, by telephone or by facsimile. These officers and associates will not receive any additional compensation for their participation in the solicitation process.

Table of Contents**PROPOSAL ONE: ELECTION OF DIRECTORS**

Our bylaws currently provide for 11 directors divided into three classes as nearly equal in number as possible. Thomas J. Baird and John J. Fitzpatrick, current directors of the Company, will not stand for re-election at the annual meeting and will cease to be directors upon expiration of their current terms. The Board intends to reduce the size of the Board to 10 directors following the annual meeting. We believe that 10 directors is an appropriate size for our Board of Directors to ensure optimal oversight and governance of the Company.

In order to fill the vacancy resulting from Messrs. Baird and Fitzpatrick not standing for re-election and the anticipated reduction in the size of the Board, the Board is currently conducting a search for qualified candidates with expertise in risk management and, once it identifies a qualified candidate, intends to elect that candidate to the Board. The elected candidate will stand for re-election at next year's annual meeting.

You will be voting on the election of two directors at the annual meeting of stockholders, each of whom will serve a three-year term expiring in 2014 and until his successor is elected and appointed. At the meeting, unless you specify otherwise, the shares of common stock represented by your proxy will be voted to re-elect William C. Mulligan and Paul W. Stefanik.

If for any reason either of the nominees is unable to serve as a director at the time of the election (which is not expected), the shares of common stock represented by your proxy will be voted for the election of a substitute nominee recommended by our Board of Directors, acting as our nominating committee.

The following table sets forth information regarding our directors (other than Messrs. Baird and Fitzpatrick):

CORPORATE GOVERNANCE

Meetings of the Board of Directors

During the fiscal year ended September 30, 2010, our Board of Directors met seven times and the board of directors of Third Federal Savings and Loan, which consists of the same directors as our Board of Directors, met 12 times. During the fiscal year ended September 30, 2010 or such period during the fiscal year as an individual may have served as a director, no director attended fewer than 75% of the total number of meetings of our Board of Directors and the total number of meetings held by all committees on which the director served. The Company anticipates that all of its directors will attend the annual meeting of stockholders. All directors, except for Messrs. Fitzpatrick and Mulligan, attended last year's annual meeting of stockholders. Our Board of Directors has established various standing committees, including an Audit Committee, Compensation Committee and Executive Committee. The full Board of Directors acts as the Company's nominating committee.

Independent Directors

A majority of our Board of Directors and all members of the Audit Committee and Compensation Committee are independent, as affirmatively determined by our Board of Directors consistent with the criteria established by the NASDAQ Stock Market.

Our Board of Directors conducts an annual review of director independence for all current nominees for election as directors and all continuing directors. In connection with this review, our Board of Directors considers all relevant facts and circumstances relating to relationships that each director, his or her immediate family members and their related interests had with the Company and its subsidiaries.

As a result of this review, our Board of Directors affirmatively determined that nominees Messrs. Mulligan and Stefanik, continuing directors Messrs. Cohen, Fiala, Stefanski III and Asher, and retiring directors Messrs. Baird and Fitzpatrick, are independent. Our Board of Directors determined that continuing directors Ms. Piterans and Messrs. Kobak and Stefanski are not independent because they are associates of the Company.

James S. Gascoigne, a former director of the Company, was not independent during his tenure as a director, which ended on February 25, 2010. Mr. Gascoigne controls Baywater Capital Partners LTD, Baywater Realty Company LTD, Baywater Management Company and Fairfax Investment Company. These entities provide real estate and management services to Hazelmere Investment Group I LTD (Hazelmere), which is 70% owned by Third Capital, Inc., a wholly owned subsidiary of the Company, or have participating economic interests in the cash flows and capital proceeds of Hazelmere. During the fiscal year ended September 30, 2010, the Baywater entities collectively received management fees of \$692,722 from Hazelmere. Third Capital, Inc. received distributions from Hazelmere, including cash flows and capital proceeds, totaling \$1,523,241 during the year.

Board Leadership Structure and Risk Oversight

Pursuant to the Company's bylaws, the Board of Directors is responsible for the selection of a Chairman of the Board and a President of the Company, and may further designate the Chairman of the Board as an officer. Mr. Stefanski currently serves as our Chairman of the Board, President, and Chief Executive Officer. The Board of Directors believes that this structure provides the optimal leadership model for us. Combining the Chairman of the Board and President and Chief Executive Officer roles fosters accountability, effective decision-making and alignment between interests of the Board of Directors and management. Mr. Stefanski also is able to use the in-depth focus and perspective gained in running the Company to assist our Board of Directors in addressing both internal and external issues affecting the Company. This structure also allows a single person to act as a spokesperson for the Company and to represent and speak on our behalf to our customers, employees and regulators. It also best leverages Mr. Stefanski's unique attributes and heritage as his family's name and history are an important part of our brand image.

Table of Contents

While the Board of Directors does not have a lead independent director, we feel that having a majority of independent directors, a discrete and independent committee system and periodic meetings of non-management directors in executive session permits the Board to maintain effective oversight of the Company's management. Nevertheless, the Board of Directors periodically reviews its leadership structure to ensure that it meets the Company's needs.

Our Board of Directors assists in monitoring the risks inherent in the Company's business model and internal operations, including risk relating to changes in interest rates, risk relating to the Company's investments, risk relating to the Company's lending activities and risks arising from the Company's compensation policies and practices.

Because a majority of the Company's assets and liabilities are monetary in nature, the Company's most significant form of risk, and thus the risk most important to manage, is interest rate risk. In general, our assets, consisting primarily of mortgage loans, have longer maturities than our liabilities, consisting primarily of deposits. As a result, a principal part of our business strategy is to manage interest rate risk and limit the exposure of our net interest income to changes in market interest rates. Accordingly, the Board of Directors has established risk management guidelines and an Asset/Liability Management Committee consisting of members of management. This committee is responsible for evaluating the interest rate risk inherent in our assets and liabilities, for determining the level of risk that is appropriate, given our business strategy, operating environment, capital, liquidity and performance objectives, and for managing this risk consistent with the guidelines approved by the Board of Directors. The committee meets quarterly and provides reports of its proceedings to the Board of Directors.

The Company is also exposed to risk from the assets in which the Company invests its deposits. As part of its risk oversight, the Board of Directors is responsible for establishing and overseeing the Company's investment policy, which is reviewed at least annually by management, and any changes to the policy are subject to approval by the Board of Directors. This policy dictates that investment decisions be made based on the safety of the investment, liquidity requirements, potential returns, the ability to provide collateral for pledging requirements, and consistency with our interest rate risk management strategy. The Company also maintains an Investment Committee appointed by the Board of Directors and made up of members of management, which oversees investing activities and strategies and policies. The committee meets quarterly and provides reports of its proceedings to the Board of Directors.

A third category of risk to which the Company is exposed is risk from its lending activities. As part of its risk oversight, the Board of Directors has established underwriting standards and loan origination procedures, including loan approval limits. The Board of Directors has delegated authority to its Executive Committee to review and assign lending authorities to certain individuals of the Company to consider and approve loans within their designated authority.

The Board of Directors has engaged Promontory Financial Group, LLC (Promontory) to review and assess the Company's risk management organization, structure, programs and practices. The ongoing review and assessment focuses on credit risk, market, interest rate, liquidity and operational risk, including compliance risk. The Board intends to consider any recommendations presented by Promontory.

On a more general level, the Audit Committee in particular is involved in the risk management process, as it annually reviews and approves the processes used by our internal audit department in developing our annual risk assessment, discusses any areas of high risk identified during an audit, inquires into significant risks facing the Company, and independently discusses with management the Company's policies with respect to risk assessment and risk management.

As part of our bonus program, the Compensation Committee has negative discretion to reduce the amount payable from the incentive pool based on certain measures, including interest rate risk and credit risk. In addition, the Company uses only non-commissioned associates to gather loan applications and underwrite and process loan requests. These measures are designed to reduce incentives for employees to cause the Company to take undue risk.

Table of Contents

Our management has assessed our compensation policies and practices and has concluded that they are not reasonably likely to have a material adverse effect on the Company.

Executive Session

The non-management directors of our Board of Directors meet periodically in executive session without management.

Nominating Committee

Our Board of Directors has determined that the Company is a Controlled company, as defined by the NASDAQ Stock Market, because Third Federal Savings and Loan Association of Cleveland, MHC currently owns more than 50% of our common stock. Therefore, the full Board of Directors acts as our nominating committee and does not have a separate nominating committee charter. The Board of Directors met once in this capacity during the fiscal year ended September 30, 2010. In that capacity, our Board of Directors recommended a slate of nominees for election by stockholders at the Company's 2011 annual meeting of stockholders.

As set forth in our Policy and Procedures for Stockholder Recommendations for Director Candidates (the Policy), our Board of Directors will consider suggestions forwarded by stockholders to the Secretary of the Company concerning qualified candidates for election as directors. To recommend a prospective nominee for our Board of Directors' consideration, a stockholder may submit the candidate's name, qualifications and other pertinent information required by the Policy to the Company's Secretary at the following address: 7007 Broadway Avenue, Cleveland, Ohio 44105. To be timely, the submission must be received by the Secretary at least 150 days prior to the anniversary date of the proxy statement relating to the preceding year's annual meeting of stockholders.

Under our bylaws, no nomination for director, except one made by the Board of Directors, will be voted upon unless the nomination is made in writing and delivered to the Company's Secretary at least 30 days prior to the date of the annual meeting. Upon delivery, a nomination will be posted in a conspicuous place in each office of the Company. Ballots bearing the names of all persons nominated by the Board of Directors and by stockholders will be provided for use at the annual meeting. If the Board of Directors fails or refuses to act in regard to nominations for directors at least 20 days prior to the annual meeting, nominations for directors may be made at the annual meeting by any holders of shares of common stock entitled to vote, and will be voted upon.

Our Board of Directors has recommended for election each of the nominees identified in Proposal One: Election of Directors on page 5.

A current copy of our Policy and Procedures for Stockholder Recommendations for Director Candidates is available to stockholders on the Company's web site, www.thirdfederal.com, under Investor Relations and a written copy is available to stockholders upon written request to the Company, to the attention of Investor Relations at 7007 Broadway Avenue, Cleveland, Ohio 44105.

Our Board of Directors has not established specific minimum qualifications that a candidate must have in order to be recommended for election to our Board of Directors. However, in determining qualifications for new directors, our Board of Directors will consider a potential member's qualification as independent under the NASDAQ Stock Market listing standards, as well as his or her age, skill and experience in the context of the needs of the Board of Directors. Our Board of Directors does not have a specific policy with regard to its consideration of diversity of its directors, although diversity is one of many factors taken into account when considering potential candidates to serve on the Board of Directors.

When evaluating a candidate, the Board of Directors considers those attributes most likely to serve the interests of the Company and its stockholders. Those characteristics will ideally reflect a balance of professional and personal backgrounds that contribute to the Board of Directors' performance of its functions in the highly

EXECUTIVE COMPENSATION

Executive Summary

The Company was faced with a challenging operating environment in fiscal year 2010. While recent financial and economic releases have not been as consistently negative, and some positive trends have been reported, much of the financial services industry remains relatively fragile and susceptible to the consequences of adverse financial conditions. Regionally high unemployment, weak residential real estate values, capital and credit markets that remain at less than robust levels, and a general lack of confidence in the financial service sector of the economy as a result of continuing bank failures presented challenges for us. For fiscal year 2010, our net income decreased \$3.1 million, or 21%, to \$11.3 million. This change is attributable to decreases in both net interest income and non-interest income, partially offset by a decrease in the provision for loan losses.

As a result of the Company's pay for performance commitment, compensation for our named executive officers reflected the challenging environment we faced in fiscal 2010:

Semiannual performance-based cash bonuses for named executive officers were not paid for the second half of the fiscal year;

All of the named executive officers' previously granted stock options were out-of-the-money at fiscal year end; and

The named executive officers' base salaries have not increased since October 2008.

The Company continues to review and refine its compensation plans and programs as appropriate to enable those plans and programs to support the achievement of the Company's strategic goals as well as practices that our stockholders find desirable. Among other positive practices the Company has adopted, the Company:

Does not maintain employment agreements with any of the named executive officers;

Does not maintain severance agreements with any of the named executive officers; and

In effect, requires that the named executive officers hold restricted stock units granted to them until their retirement or other qualified termination of employment, even after such restricted stock units are vested.

Compensation Discussion and Analysis

Overview

The following discussion and analysis should be read in conjunction with the information presented in the compensation and award tables, the footnotes to those tables and the related disclosures appearing later in this proxy statement. The tables and related disclosures contain specific information about the compensation earned or paid during the fiscal year ended September 30, 2010. The Committee engages a compensation consultant, Exequity LLP (the Compensation Consultant), to advise it on the Company's compensation programs.

The tables and related disclosures that follow cover the following individuals, whom we refer to as our named executive officers:

Marc A. Stefanski, Chairman of the Board, President and Chief Executive Officer;

Ralph M. Betters, Chief Information Officer, Third Federal Savings and Loan;

David S. Huffman, Chief Financial Officer;

Marianne Piterans, Director of Human Resources, Third Federal Savings and Loan; and

John P. Ringenbach, Chief Operating Officer, Third Federal Savings and Loan.

Each of the named executive officers is an officer of the Company and employed by Third Federal Savings and Loan. Of the total compensation paid to each named executive officer, a portion of such compensation is allocated as being paid by the Company while the remainder is allocated as being paid by Third Federal Savings and Loan. All discussion of compensation paid to the named executive officers refers to the combined amount of compensation paid by the Company and Third Federal Savings and Loan.

The compensation and benefits payable to the Company's directors and executive officers are established by or under the supervision of the Committee. The Committee currently consists of three members, Robert A. Fiala (Chairman), Anthony J. Asher and William C. Mulligan, each of whom is an independent director within the meaning of the listing standards of the NASDAQ Stock Market, a disinterested director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and a non-employee director within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code).

The purposes of the Committee, among others, are to discharge our Board of Directors' responsibilities relating to compensation of the Company's directors and executive officers and to approve and evaluate the director and executive officer compensation plans, policies and programs of the Company. The Committee's charter provides that the Committee will generally meet quarterly or as needed. During fiscal year 2010, the Committee held eight meetings. The agenda for each meeting is established by the Chairman of the Committee. The Committee generally invites the Company's Director of Human Resources, and frequently invites other members of senior management and outside advisors, as necessary, to report on matters of interest to the Committee and to participate as requested in its deliberations. In addition, the Committee meets in executive session without management at each meeting.

Compensation Philosophy and Objectives

In making decisions with respect to compensation for our named executive officers and other executives, the Committee is guided by the following philosophies and objectives:

We must attract, retain and motivate superior associates, including executives, for our flat business structure to be effective. Our flat business structure is intended to provide a framework for effective and prompt decision making, associate job satisfaction, the

sharing of resources and the ability to respond quickly to changes in the marketplace.

Table of Contents

Our compensation program should be competitive and comprehensive, consist of base salary, annual incentives, long-term incentives and benefits, and support our operating strategy of emphasizing teamwork and personal and professional enhancement through cross-training and efficiency.

Our compensation program should motivate and reward our executives for sustained performance through the use of performance-based cash and equity compensation tied to short, intermediate and long-term goals designed to facilitate the achievement of the Company's business objectives and the enhancement of stockholder value.

Our compensation program should be designed to eliminate any incentive for our executive officers to cause the Company to take undue risk.

Compensation Setting Process

On an annual basis, the Committee reviews and recommends compensation levels for executive officers based on the Company's performance, the performance of the executive officers as a group, individual performance and experience and market comparisons.

For fiscal year 2010, the Company retained the Compensation Consultant to assist the Committee in its process of reviewing its comparator group of companies, reviewing the compensation programs of the members of the comparator group and making recommendations and providing advice with respect to the compensation of the Company's executive officers.

For fiscal year 2010, the Committee reviewed pay information for two comparator groups. The first group was a 20 company peer group utilized in fiscal year 2009. These companies were the 20 highest ranked publicly traded thrifts and mortgage financing companies with assets ranging from \$1 billion to \$60 billion, based upon one-year total shareholder return for calendar year 2008. The companies included in the first comparator group for fiscal year 2010 were as follows:

Bank Mutual Corporation	Hudson City Bancorp Inc.
Beneficial Mutual Bancorp Inc.	Kearny Financial Corp.
Berkshire Hills Bancorp Inc.	NewAlliance Bancshares, Inc.
Brookline Bancorp Inc.	Northwest Bancorp, Inc. (MHC)
Capitol Federal Financial (MHC)	Ocwen Financial Corp.
Dime Community Bancshares Inc.	People's United Financial
Federal Agriculture Mortgage Corp.	Provident Financial Services, Inc.
First Financial Holdings Inc.	Provident New York Bancorp
First Niagara Financial Group, Inc.	Trustco Bank Corp. NY
Flushing Financial Corp.	WSFS Financial Corp.

In order to obtain more robust competitive information and relevant data, the Committee then reviewed pay information for a second peer group consisting of the first comparator group and 10 additional publicly traded thrifts and mortgage financing companies, including one retail bank. The additional companies selected for this second group were the highest-performing publicly traded thrifts and mortgage financing companies, along with one retail bank, with assets ranging from \$1.5 billion to \$60 billion, based upon two-year total shareholder return for calendar years 2008 and 2009. The additional companies included in the second comparator group for fiscal year 2010 were as follows:

Astoria Financial Corporation	OceanFirst Financial Corp.
ESB Financial Corporation	Oritani Financial Corp.
First Defiance Financial Corp.	Radian Group Inc.
Investors Bancorp, Inc.	ViewPoint Financial Group
New York Community Bancorp, Inc.	Washington Federal, Inc.

Table of Contents

Both comparator groups were intended to include those institutions most comparable to the Company in terms of asset base, operational scope, shareholder return and other relevant characteristics.

Because fiscal year 2010 base salaries and bonuses were established at the end of fiscal year 2009, the comparator groups were used exclusively for purposes of evaluating fiscal year 2010 long-term incentive grants, which were approved and made on May 14, 2010.

The Committee does not benchmark the named executive officers' compensation against these comparator groups. For example, the Committee does not set compensation for our executives at a pre-determined level in relation to these groups, such as the median level of compensation reported by these groups, or by applying a formula to the compensation reported by these groups. Instead, as the first step in the compensation setting process, the Committee reviews the compensation data for the comparator groups to assess the competitiveness of the Company's compensation programs and its ability to achieve the philosophies and objectives of its compensation programs.

In making determinations on the mix and amount of executive compensation, the Committee reviews all components of executive compensation, including base salary, semi-annual performance-based cash bonuses, long-term incentives, associate benefits, costs of perquisites and any other form of compensation received from the Company. The Committee believes that the total compensation opportunity available to executive officers should consist of base salary, performance-based cash bonuses, long-term incentives, retirement and other associate benefits and perquisites. The Committee has no mandatory policy for the allocation between base salary, semi-annual performance-based cash bonuses, and long-term incentives. For fiscal year 2010, the mix of pay continued to include significant long-term incentives in order to create a strong link between executive pay and long-term stockholder value creation and encourage long-term retention. To motivate and reward current-year performance, a significant percentage of total cash compensation for the Company's executive officers, including the named executive officers, during fiscal year 2010 was allocated to semi-annual performance-based cash bonus awards.

As part of the compensation-setting process, the Committee reviews with Mr. Stefanski the compensation data for his direct reports, and considers Mr. Stefanski's recommendations for his direct reports. Mr. Stefanski's review attributes significant weight to how the named executive officers performed as a team, rather than simple individual performance, because of the Company's culture of rewarding teamwork. As a result, internal pay equity plays a significant role in the Committee's analysis of compensation for the named executive officers (other than Mr. Stefanski, as explained below) and its final determination of compensation. In making its final determinations, the Committee was less focused on market pay for each individual executive officer (other than Mr. Stefanski), and more focused on how the aggregate pay of the named executive officers (other than Mr. Stefanski) compared to aggregate market values.

As Chairman and Chief Executive Officer, Mr. Stefanski's compensation is significantly higher than that of the other named executive officers due to his scope of responsibility, his tenure and experience with the Company, his impact on the performance of the Company, and the competitive compensation levels for Chief Executive Officers of comparator companies. Mr. Stefanski also is an integral part of our marketing campaign as spokesman, and his family's name is an important part of our brand image.

Elements of Compensation

The elements of the Company's executive compensation program for fiscal year 2010 consisted of base salary; semi-annual performance-based cash bonuses; stock options; restricted stock units; retirement benefits in the form of a defined benefit pension plan, a qualified defined contribution plan with a profit-sharing component and non-qualified deferred compensation plans; an associate stock ownership plan; and life insurance, health insurance and other perquisites and personal benefits.

Table of Contents

Base Salary. The Company defines base salary as a fixed rate of pay that associates, including the named executive officers, receive in exchange for sustained performance of job duties and responsibilities over time. Base salary is intended to provide the Company the ability to attract and retain the highest quality professionals in their fields. The Company reviews the base salary of its executive officers annually. Due to the continued uncertain economic conditions facing the Company, and with advice from the Compensation Consultant, the Company did not adjust the base salaries of the named executive officers for fiscal year 2010. As a result, the base salary of each named executive officer during fiscal year 2010 was unchanged from fiscal year 2009, and was:

Named Executive Officer	Base Salary
Marc A. Stefanski	\$ 1,080,000
John P. Ringenbach	\$ 463,191
Marianne Piterans	\$ 392,568
Ralph M. Betters	\$ 372,265
David S. Huffman	\$ 358,507

Semi-Annual Performance-based Cash Bonuses for Named Executive Officers. Under the TFS Financial Corporation Management Incentive Compensation Plan (the Management Incentive Plan), the named executive officers are eligible to receive semi-annual performance-based cash bonuses. The potential bonuses under this plan are directly correlated to the net income of the Company during the applicable semi-annual period. This plan is intended to provide an incentive for superior performance and payout amounts that are competitive with the market. The Company believes that paying these bonuses on a semi-annual, rather than an annual, basis focuses associates on achieving goals throughout the year by recognizing and rewarding officers concurrently with their performance and contributions.

For fiscal year 2010, the bonuses under the Management Incentive Plan were primarily based upon objective criteria. This plan was structured to satisfy the requirements for the performance-based compensation exception to the \$1,000,000 limitation on deductibility of compensation under Section 162(m) of the Code.

Under this plan for fiscal year 2010, bonuses were based on the net income of the Company, subject to certain adjustments. The amount of adjusted net income of the Company is used to establish an incentive pool that is distributed to the named executive officers. For purposes of establishing the incentive pool, net income is adjusted to eliminate the effect, positive or negative, of (i) unexpected events outside the control of the named executive officers relating to interest rate spreads on asset sales, taxes, regulatory assessments and pension or medical coverage charges and (ii) changes in accounting principles. For fiscal year 2010, if adjusted net income for the semi-annual period was less than \$2.5 million, then an incentive pool would not be created and no bonuses would be paid; if adjusted net income for the semi-annual period equaled or exceeded \$2.5 million, the incentive pool would be calculated as the sum of the following:

Five percent (5%) of the first \$2.5 million of net income;

Seven percent (7%) of the second \$2.5 million of net income;

Eight percent (8%) of the third \$2.5 million of net income;

Eight percent (8%) of the fourth \$2.5 million of net income;

Eight percent (8%) of the next \$5 million of net income;

Nine percent (9%) of the next additional \$5 million of net income;

Seven percent (7%) of the next additional \$5 million of net income;

Table of Contents

Five percent (5%) of the next additional \$5 million of net income; and

Three percent (3%) of any net income in excess of \$30 million.

The Committee determined that for each semi-annual period of 2010, the incentive pool was to be distributed to the named executive officers in accordance with the following percentages:

Named Executive Officer	Percentage of Incentive Pool
Marc A. Stefanski	45.9%
John P. Ringenbach	15.8%
Marianne Piterans	13.4%
Ralph M. Betters	12.7%
David S. Huffman	12.2%

The maximum bonus that could be paid to a named executive officer for a semi-annual period of fiscal year 2010 was \$1,500,000.

In determining the actual bonus payment made to the named executive officers, the Committee has discretion to reduce the amount payable from the incentive pool to the officers. The measures established for fiscal year 2010 to be considered when determining whether to implement a reduction in the bonus amounts were the following: (i) expense control, (ii) credit risk, (iii) interest rate risk, (iv) associate evaluations, (v) turnover and (vi) customer satisfaction. The Committee considers performance with respect to all established measures as a group, rather than assigning any specific weighting to each individual measure. By retaining the ability to reduce the bonus pool based on credit risk measures and interest rate risk measures, the Committee believes that the bonus program is designed to eliminate incentive for the executive officers to cause the Company to take undue risk.

The Company's adjusted net income for the first semi-annual period during fiscal year 2010, which included a reduction of net income by a component of net gain on the sale of loans, was \$10.468 million, resulting in an incentive pool of \$738,000 for that period. The Committee believed actual performance with respect to the negative discretion measures as a group exceeded expectations during the first semi-annual period in fiscal year 2010. In assessing such performance, the Committee requested and received advisory input from Mr. Stefanski. The Committee did not reduce the amount of the incentive pool for the first semi-annual period in fiscal year 2010.

No bonuses were paid to the named executive officers for the second semi-annual period because net income of the Company for the period did not exceed the \$2.5 million threshold necessary to establish an incentive pool.

The total dollar amount of bonuses approved for the named executive officers for fiscal year 2010 was as follows:

Named Executive Officer	Bonus (\$)		Total
	10/1/2009- 3/31/2010	4/1/2010- 9/30/2010	
Marc A. Stefanski	\$ 338,742	\$ 0	\$ 338,742
John P. Ringenbach	\$ 116,604	\$ 0	\$ 116,604
Marianne Piterans	\$ 98,892	\$ 0	\$ 98,892
Ralph M. Betters	\$ 93,726	\$ 0	\$ 93,726
David S. Huffman	\$ 90,036	\$ 0	\$ 90,036

Long-Term Incentives. Fiscal year 2010 represented the third year in which we awarded equity grants under the TFS Financial Corporation 2008 Equity Incentive Plan (the "2008 Equity Incentive Plan"). The objectives of the equity grants are to:

Link executive compensation and our long-term stock price performance;

Better align our executives' interests with our stockholders' interests; and

Provide opportunity for long-term compensation that is competitive with comparator companies and sufficient to attract and retain executive talent to effectively manage our business.

In developing our grant sizes for long-term incentive awards to named executive officers in fiscal year 2010, the following were considered:

The competitive pay analyses of the two comparator peer groups previously mentioned;

Each executive's role within our Company; and

The cost and share usage associated with the proposed grants and grants made in fiscal years 2009 and 2008.

Stock Options. Stock options were included in the grants to link compensation to stock price appreciation and to support our growth objectives. In order to support retention and reward executives for stock performance over a longer horizon, the options vest 33 1/3% annually over a three year period starting on the first anniversary of their grant, and remain exercisable until the tenth anniversary of their grant.

Restricted Stock Units. Restricted stock unit awards are designed to support executive retention and increase share ownership, which aligns the recipient's interests with our stockholders' interests. The restricted stock units will vest 25% annually over a four year period starting on the first anniversary of their grant. The restricted stock units were granted with dividend equivalents that pay cash to the holder at the same time and to the same extent stockholders receive any dividends.

The Committee made the following grants to the named executive officers on May 14, 2010:

Named Executive Officer	Number of Stock Options	Stock Option Exercise Price	Number of Restricted Stock Units
Marc A. Stefanski	315,500	\$ 14.00	35,700
John P. Ringenbach			35,700
Marianne Piterans	31,500	\$ 14.00	3,600
Ralph Betters	31,500	\$ 14.00	3,600
David S. Huffman	31,500	\$ 14.00	3,600

Additional information with respect to the grants to each named executive officer is included under the "Grants of Plan-Based Awards For Fiscal Year 2010" table on page 26.

Stock Option Granting Practices. In May 2010, the Committee granted stock options and restricted stock units to our named executive officers as discussed above. The exercise price for the stock options was equal to the fair market value of a share of our common stock on the date of grant, which was the closing price of our common stock on NASDAQ on the date of the Board of Directors meeting at which the award was approved. The exercise price for future grants of stock options is expected to be determined in the same manner.

Retirement Benefits. In addition to the 401(k) Plan and the ASOP, with respect to which the Company's contributions on behalf of the named executive officers are included in the Summary Compensation Table on page 24, each of the Company's executive officers, including the named executive officers, is eligible to participate in the retirement plans discussed below. The Committee believes these plans provide financial security that promotes retention.

Retirement Plan. Third Federal Savings and Loan sponsors a defined benefit retirement plan for associates, the Third Federal Savings Retirement Plan (the Retirement Plan), and each of the named executive officers participates in the Retirement Plan. Prior to January 1, 2003, an associate became eligible to participate in the Retirement Plan on the first day of the calendar quarter coinciding with or following the date he had both attained age 21 and been credited with a year of eligibility service. The Retirement Plan has been closed to new associates; however, individuals who were already participants in the Retirement Plan on December 31, 2002 continue to accrue benefits under the terms of the Retirement Plan. Upon normal retirement at age 65, a participant will generally be entitled to a monthly benefit equal to 2% of one-twelfth of the participant's average annual compensation multiplied by the participant's years of benefit service. In the event a participant continues working after reaching age 65, the participant will be eligible to receive his or her monthly normal retirement benefit for any month in which the participant works less than 40 hours. For these purposes, average annual compensation means the average compensation for each calendar year of employment other than years prior to participation in the Retirement Plan and years in which a participant has less than 1,000 hours of employment, that is, average annual compensation generally is based on the participant's average compensation over the participant's career with the Company. Compensation is defined as wages reported on Form W-2, including salary reduction contributions to the 401(k) Plan and flexible benefits plan and excluding certain reimbursements or special amounts such as expense allowances, fringe benefits, moving expenses and welfare benefits. In the event of retirement after age 65, the benefit will be the greater of the normal retirement benefit determined at retirement or the normal retirement benefit determined at age 65, increased by 0.8% for each month of deferral after reaching normal retirement age. The normal form of benefit payment is a monthly payment over the longer of the participant's lifetime or ten years, and, in the event of the participant's death, payment to the participant's beneficiary for the remainder of the ten-year term. Additional information with respect to each named executive officer's participation in the Retirement Plan is included under - Pension Benefits on page 29.

Executive Retirement Benefit Plan. Prior to October 1, 2008, the Company credited amounts to accounts of participants in the Third Federal Savings and Loan Association MHC and Subsidiaries Executive Retirement Benefit Plan (the Executive Retirement Benefit Plan) at the end of each quarter. Effective October 1, 2008, the Company no longer makes quarterly contributions to accounts under the Executive Retirement Benefit Plan. Account balances under the Executive Retirement Benefit Plan continue to be deferred. Our Board of Directors may offer investment options from which a participant may select for the purpose of determining the earnings to be credited to the participant's account. If our Board of Directors does not offer investment options or the participant does not elect to participate in the investment options, the participant's account will be credited with earnings at the rate of 10-year Treasury bonds at the end of each calendar quarter. The Executive Retirement Benefit Plan, which operates on a calendar year basis, credited a rate of 3.85% for the calendar year ended December 31, 2010.

Each of the named executive officers is vested in his or her account. The participant's account balance will be distributed to the participant (or the participant's beneficiary) in the form elected by the participant following separation from service due to death, disability, normal retirement or separation of service. If the participant does not elect a form of payment, payment will be made in a lump sum distribution. Third Federal Savings and Loan may, in its discretion, establish rabbi trusts to provide a source of payment of obligations under the plans, although it has not elected to do so.

Additional information with respect to each named executive officer's participation in an Executive Retirement Benefit Plan is included under Non-Qualified Deferred Compensation on page 30.

Benefit Equalization Plan. Third Federal Savings and Loan maintains the Third Federal Savings and Loan Association MHC and Subsidiaries Benefit Equalization Plan (the Benefit Equalization Plan) for the purpose of providing benefits to certain executive officers, including each of the named executive officers, that would have been payable under the 401(k) Plan but for the limitations under Sections 401(a)(17), 402(g) and 415 of the Code. The named executive officers are the only participants in the Benefit Equalization Plan. Under this plan, a participant may elect to defer up to 15% of his or her compensation, reduced by the maximum amount of compensation that the participant may defer for the current plan year under the terms of the 401(k) Plan. A participant under the plan is eligible to receive a matching contribution with respect to his or her elective deferrals and a profit-sharing contribution in an amount equal to that which he or she would have received under the 401(k) Plan but for the compensation limits, reduced by the profit-sharing contribution allocated to the participant under the 401(k) Plan for such year. A participant is always 100% vested in his or her account under the plan. A participant may elect to receive his or her distribution of benefits in a lump sum or in ten annual installments.

Our Board of Directors may offer investment options from which a participant may select for the purpose of determining the earnings to be credited to the participant's account. If our Board of Directors does not offer investment options or the participant does not elect to participate in the investment options, the participant's account will be credited with earnings at the rate of 10-year Treasury bonds at the end of each calendar quarter. The Benefit Equalization Plan, which operates on a calendar year basis, credited a rate of 3.85% for the calendar year ended December 31, 2010.

The participant's account balance will be distributed to the participant (or the participant's beneficiary), in the form elected by the participant, following the participant's death, disability, normal retirement or other separation of service. If the participant does not elect a form of payment, payment will be made in a lump sum. At the request of a participant who has an unforeseeable emergency, the Board of Directors may, in its discretion, distribute all or a portion of the participant's account. Third Federal Savings and Loan may establish rabbi trusts to provide a source of payment of obligations under the plan, although it has not elected to do so.

Additional information with respect to each named executive officer's participation in the Benefit Equalization Plan is included under - Non-Qualified Deferred Compensation on page 30.

Other Benefits. Third Federal Savings and Loan sponsors medical and dental insurance plans for its associates, as well as short-term and long-term disability plans and life, accidental death and dismemberment insurance policies. The named executive officers participate in these plans. In addition, Third Federal Savings and Loan provides the following benefits:

Executive Life Insurance Bonus Program. Third Federal Savings and Loan has established an Executive Life Insurance Bonus Program for Messrs. Stefanski, Ringenbach and Betters, whereby the individual executives have acquired insurance policies on their lives and have transferred such policies to life insurance trusts. Third Federal Savings and Loan pays a bonus to the executives annually in amounts sufficient to pay the premiums on the policies. In addition, at year end, Third Federal Savings and Loan provides a tax gross-up to the executives in an amount sufficient to pay the taxes due on the premium payments. The amounts of the bonus and gross-up are included under All Other Compensation in the Summary Compensation Table on page 24. The death benefits under the insurance policies are as follows: \$6.0 million for Mr. Stefanski and \$1.5 million for each of Messrs. Ringenbach and Betters.

Executive Disability Insurance Bonus Program. Third Federal Savings and Loan has established an Executive Disability Insurance Bonus Program for Messrs. Stefanski, Ringenbach and Betters and Ms. Piterans, whereby the individual executives have acquired individual disability policies and Third Federal Savings and Loan pays bonuses to the executives annually in amounts sufficient to pay the premiums on the policies. In addition, at year-end, Third Federal Savings and Loan provides a tax gross-up to the executives in an amount sufficient to pay any taxes due on the bonuses. The amounts of the bonus and gross-up are included under All Other Compensation in the Summary Compensation Table on page 24.

Financial, Retirement and Estate Planning Program. Third Federal Savings and Loan sponsors the Financial, Retirement and Estate Planning Program for certain of its executive officers, including the named executive officers, and one additional associate director. Individuals designated by the Board of Directors are eligible to participate in the program during the year in which they are designated and during the two succeeding years. For the year ended September 30, 2010, each of the named executive officers and director Bernard Kobak, who is also a part-time associate, were designated by the Board of Directors to participate in the program, and Messrs. Stefanski and Ringenbach participated. Under the program, a participant (or in certain circumstances, his or her surviving spouse) may consult with a financial planning adviser, investment adviser or legal adviser, each of whom may perform such services as are reasonably required, and Third Federal Savings and Loan will pay the fees for those services, up to \$40,000 in any one calendar year. The amount of fees paid by Third Federal Savings and Loan is included under All Other Compensation in the Summary Compensation Table on page 24.

Personal Health Management Program. Third Federal Savings and Loan also has implemented a personal health management program for the named executive officers that offers participants the opportunity to have annual medical examinations and health risk appraisals on a regular basis. None of the named executive officers participated in the executive physical program during the year ended September 30, 2010.

Company Car Program. Third Federal Savings and Loan sponsors a company car program under which members of executive management designated by the Chief Executive Officer are provided a new company car and other staff members designated by the Chief Executive Officer receive an assigned company car or have the opportunity to use a company vehicle or receive a gasoline credit card. Messrs. Stefanski and Kobak have each been provided with a company car under the program. The company car program also covers the costs of maintenance and operation of company cars and insurance coverage. The value of the benefits provided under this program is included under All Other Compensation in the Summary Compensation Table on page 24.

Supplemental Executive Split Dollar Life Insurance. Third Federal Savings and Loan maintains supplemental life insurance coverage for the named executive officers through an endorsement split dollar life insurance program. Third Federal Savings and Loan owns each of the policies and endorses a portion of the death benefit to the beneficiaries designated by the executive. These arrangements do not provide a death benefit postretirement. Supplemental life insurance death benefit amounts are determined according to the ranges of salary and bonus compensation of the executives, as follows: \$4.7 million for Mr. Stefanski; \$4.0 million for Mr. Ringenbach; and \$2.0 million for each of Messrs. Betters and Huffman and Ms. Piterans. No other executives currently participate in the endorsement split dollar program. The amount of insurance premiums paid with respect to these policies is included under All Other Compensation in the Summary Compensation Table on page 24.

Employment Agreements and Severance Policy

The Company is not party to an employment agreement or severance agreement with any of the named executive officers. The Company has a policy to review severance for its associates, including the named executive officers, on a case-by-case basis. However, the 2008 Equity Incentive Plan provides for acceleration of vesting of awards upon the occurrence of certain terminations or a change in control. See - Potential Payments upon Termination or Change in Control on page 31.

Deductibility of Compensation

The Committee considers Section 162(m) of the Code, which provides certain criteria for the tax deductibility of compensation in excess of \$1.0 million paid to the Company's named executive officers, in determining compensation of the named executive officers. It is the Committee's intent to maximize deductibility of executive compensation while retaining the discretion needed to compensate executive officers in a manner commensurate with performance and retention. The Company believes that all compensation paid to named executive officers other than Mr. Stefanski during fiscal year 2010 was fully deductible. A portion of

Table of Contents

Mr. Stefanski's salary and insurance-related bonuses as well as dividend equivalents paid by the Company with respect to his restricted stock units and amounts paid by the Company for life insurance, financial planning and tax gross ups were not deductible. The Company expects that a portion of Mr. Stefanski's compensation for fiscal year 2011 will not be deductible.

Stock Ownership Guidelines

While many of the Company's executive officers, including the named executive officers, invested a significant amount of money in the Company's shares during its initial public offering and have acquired shares on the open market and through the 401(k) Plan since the public offering, the Company does not have specific guidelines regarding stock ownership for its executive officers. The Committee believes that shares acquired by the executive officers and the stock option and restricted stock unit awards made in 2008, 2009 and 2010 appropriately align the interests of executive officers with the interests of the Company's stockholders.

DIRECTOR COMPENSATION

For fiscal year 2010, directors of the Company were paid an annual retainer of \$25,000, in monthly installments, except for Mr. Stefanski III, whose retainer was prorated to reflect his election to the Board of Directors in February of 2010. Directors of Third Federal Savings and Loan were paid an annual retainer of \$25,000, also in monthly installments and also prorated for Mr. Stefanski III. Members of our Audit Committee and Compensation Committee were paid \$1,000 per Audit Committee or Compensation Committee meeting attended, and committee chairs were paid an additional \$10,000 annually in quarterly installments. All of our directors are also directors of Third Federal Savings and Loan. Mr. Stefanski and Ms. Piterans do not receive fees for their service as directors.

Each director of the Company, other than Mr. Stefanski, Ms. Piterans and Mr. Stefanski III, was granted 50,000 restricted stock units on August 11, 2008. Mr. Stefanski III was granted 50,000 restricted stock units on May 14, 2010. These restricted stock units vest in equal installments over a five-year period, commencing one year from the date of the grant (August 11, 2009 or, in the case of Mr. Stefanski III, May 14, 2011). These restricted stock units are settled in shares of our common stock upon vesting. The vesting of these restricted stock units accelerates (a) upon death, disability, or retirement, or (b) following a change in control (as such terms are defined in the 2008 Equity Incentive Plan or the form of award agreement). For purposes of these awards to the directors, retirement is defined as cessation of board service other than for cause after attaining age 72. The restricted stock units, including those that are unvested, are entitled to dividend equivalent rights. Dividend equivalent rights represent the right to receive cash payments on our dividend payment date equal in value to the amount of any cash dividend paid per share of common stock of the Company, multiplied by the number of shares of stock underlying the restricted stock units.

REPORT OF THE COMPENSATION COMMITTEE

PROPOSAL TWO: ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), the Company is conducting an advisory vote concerning our compensation program for our named executive officers. While the Board of Directors intends to consider carefully the stockholder vote on the proposal, the final vote will not be binding on us and is advisory in nature.

The Board of Directors believes that the Company's compensation policies and procedures support a pay-for-performance culture, are aligned with the long-term interests of stockholders and are designed to attract, motivate, reward and retain superior talent.

A significant portion of the compensation of our named executive officers is tied closely to the performance of the Company, thus aligning our officers' interests with those of our stockholders. The semi-annual performance-based cash bonus paid to our named executive officers under the Management Incentive Plan is based on the Company's net income, a key metric of Company performance and indicator of stockholder return, and provides that no bonus is paid if a threshold level of net income is not reached. Our named executive officers did not receive a bonus under this plan for the second half of fiscal year 2010 because the threshold net income was not satisfied. The equity awards link compensation and our long-term performance, as described on page 20, which further aligns our executives' interests with our stockholders' interests. Our officers' interests are further aligned with those of our stockholders because the named executive officers hold restricted stock units granted to them until their retirement or other termination of employment.

As disclosed under Security Ownership of Certain Beneficial Owners and Management, each of our named executive officers also owns a significant number of shares of common stock of the Company, thus giving each of them a direct, vested interest in long-term Company performance and stockholder return. Likewise, the Company has not entered into employment or severance agreements with any of the named executive officers. Each of the named executive officers is employed at will and is expected to perform in order to continue serving as a member of the executive team.

Our Board of Directors endorses our executive compensation program and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve the compensation of the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related disclosure set forth under the caption Executive Compensation of this proxy statement.

Our Board of Directors recommends that stockholders vote FOR approval of the compensation of our named executive officers as disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related disclosure set forth under the caption Executive Compensation of this proxy statement.

Table of Contents

PROPOSAL THREE: ADVISORY VOTE ON THE FREQUENCY OF THE EXECUTIVE

COMPENSATION ADVISORY VOTE

Under the Dodd-Frank Act, the Company is conducting an advisory vote on whether the advisory vote on compensation of our named executive officers should occur every one, two or three years. The final vote will not be binding on us and is advisory in nature. However, the Company has adopted a policy that it will include an advisory vote on executive compensation similar to Proposal Two consistent with the voting frequency receiving the greatest number of votes cast in its most recent advisory vote on the frequency of future advisory votes on executive compensation.

The Board of Directors recommends that you vote to recommend an advisory vote on executive compensation every three years, as a three-year cycle will provide investors with sufficient time to evaluate the effectiveness of the Company's short-term and long-term compensation programs, compensation strategies and Company performance and further will provide the Board of Directors and the Compensation Committee with sufficient time to evaluate thoughtfully and respond to stockholder input and implement effectively any desired changes to the Company's executive compensation program.

In addition, a three-year period provides a period of time sufficiently long to evaluate the efficacy of the Compensation Committee's philosophy and procedures with respect to executive compensation. In light of the volatility in recent years of the economy and the markets in which the Company operates, the Board believes that long-term continuity in the Company's executive compensation program and the opportunity to observe the efficacy of such program over a longer time period will decrease the likelihood of any detrimental change in the Company's executive compensation programs made in response to short-term economic or market fluctuations.

Our Board of Directors recommends that stockholders vote to recommend an advisory vote on executive compensation every three years.

The Sarbanes-Oxley Act of 2002 generally prohibits us from making loans to our executive officers and directors, but contains a specific exemption from such prohibition for loans made by Third Federal Savings and Loan to our executive officers and directors in compliance with federal banking regulations. The aggregate amount of our outstanding loans to our officers and directors and their related entities as of September 30, 2010 was \$2,129,803. All such loans were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than the normal risk of collectability or present other unfavorable features. These loans were performing according to their original terms at September 30, 2010, and were made in compliance with federal banking regulations.

James S. Gascoigne, a former director of the Company whose service as a director ended February 25, 2010, controls Baywater Capital Partners LTD, Baywater Realty Company LTD, Baywater Management Company and Fairfax Investment Company.
