The notes will only be issued in book-entry form, which means that the notes of each series will be represented by one or more permanent global certificates registered in the name of The Depository Trust Company, New York, New York, commonly known as DTC, or its nominee. You may hold interests in the notes directly through DTC, Euroclear Bank, S.A./N.V., commonly known as Euroclear, or Clearstream Banking, *société anonyme*, Luxembourg, commonly known as Clearstream, if you are a participant in any of these clearing systems, or indirectly through organizations which are participants in these systems. Links have been established among DTC, Clearstream and Euroclear to facilitate the issuance of the notes and cross-market transfers of the notes associated with secondary market trading. DTC is linked indirectly to Clearstream and Euroclear through the depository accounts of their respective U.S. depositories. Beneficial interests in the notes may be held in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess of \$2,000. Notes of each series in book-entry form that can be exchanged for definitive notes of the applicable series under the circumstances described in the accompanying prospectus under the caption CLEARING AND SETTLEMENT will be exchanged only for definitive notes of the applicable series issued in minimum denominations of \$2,000 and multiples of \$1,000 in excess of \$2,000.

**Redemption**

We have the option to redeem any of the notes due \_\_\_\_\_ or the notes due \_\_\_\_\_ on not less than 30 nor more than 60 days notice, in whole or in part, at any time prior to maturity, at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the notes being redeemed, or
- (2) the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed (exclusive of interest accrued to the date of redemption), as the case may be, discounted to the date of redemption on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus \_\_\_\_\_ basis points for the notes due \_\_\_\_\_ and the Treasury Rate plus \_\_\_\_\_ basis points for the notes due \_\_\_\_\_,

plus, in each case, accrued and unpaid interest on the principal amount being redeemed to but excluding the date of redemption.

The Treasury Rate will be determined on the third business day preceding the date of redemption and means, with respect to any date of redemption:

maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after the Remaining Life, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue will be determined and the Treasury Rate will be interpolated or extrapolated from those yields on a straight-line basis, rounding to the nearest month), or

(2) if that release (or any successor release) is not published during the week preceding the calculation date or does not contain those yields, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, calculated using a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for the date of redemption.

Comparable Treasury Issue means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term, referred to as the Remaining Life, of the notes due or the notes due , as the case may be, to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes due or the notes due , as the case may be.

Independent Investment Banker means an independent investment banking or commercial banking institution of national standing appointed by us.

Comparable Treasury Price means (1) the average of three Reference Treasury Dealer Quotations for that date of redemption, or (2) if the Independent Investment Banker is unable to obtain three Reference Treasury Dealer Quotations, the average of all quotations obtained.

Reference Treasury Dealer means (1) any independent investment banking or commercial banking institution of national standing and any of its successors appointed by us, provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in the United States, referred to as a Primary Treasury Dealer, we shall substitute therefor another Primary Treasury Dealer, and (2) any other Primary Treasury Dealer selected by the Independent Investment Banker and approved in writing by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any date of redemption, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker at 3:30 p.m., New York City time, on the third business day preceding the date of redemption.

In addition, we may at any time purchase the notes due or the notes due by tender, in the open market or by private agreement, subject to applicable law.

**CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS**

## Edgar Filing: VERIZON COMMUNICATIONS INC - Form 424B5

The following is a summary of certain U.S. federal income tax considerations relevant to the purchase, ownership and disposition of the notes under current law (which is subject to change, possibly on a retroactive basis). The summary applies only to holders who are beneficial owners of the notes who purchase the notes in the original

S-4

**Table of Contents**

offering at the initial offering prices indicated in this prospectus supplement and own the notes as capital assets. The summary does not purport to be a complete analysis of all the potential U.S. federal income tax consequences relating to the purchase, ownership and disposition of the notes and does not address the U.S. federal income tax consequences to holders that are subject to special treatment, including:

dealers in securities or currencies;

insurance companies;

financial institutions or financial services institutions;

thrifts;

tax-exempt entities;

regulated investment companies;

real estate investment trusts;

brokers or dealers;

persons who hold notes as part of a straddle, hedge, conversion transaction, or other integrated investment;

traders in securities that elect to use a mark-to-market method of accounting;

persons subject to alternative minimum tax;

U.S. Holders (as defined below) that have a functional currency other than the United States dollar;

certain expatriates or former long-term residents of the United States; or

partnerships or pass-through entities or investors in partnerships or pass-through entities that hold the notes.

This summary does not address the effect of any state or local income or other tax laws, any U.S. federal estate and gift tax laws, the Medicare tax on net investment income, any foreign tax laws, or any tax treaties.

For purposes of the following discussion, U.S. Holder means a beneficial owner of a note who is for U.S. federal income tax purposes:

an individual citizen or resident of the United States;

a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or of any state or political subdivision thereof or therein, including the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust with respect to which (i) a court within the United States is able to exercise primary supervision over its administration and (ii) one or more U.S. persons have the authority to control all of its substantial decisions, or certain trusts that were in existence on August 19, 1996, were treated as domestic trusts on that date and have made valid elections to be treated as U.S. persons for U.S. federal income tax purposes.

For purposes of the following discussion, Non-U.S. Holder means any beneficial owner of the notes that is not a U.S. Holder.

**Circular 230 Disclosure**

TO ENSURE COMPLIANCE WITH INTERNAL REVENUE SERVICE CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS PROSPECTUS SUPPLEMENT IS NOT INTENDED OR WRITTEN BY US TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE UNITED STATES INTERNAL REVENUE CODE OF 1986; (B) SUCH DISCUSSION IS WRITTEN IN CONNECTION WITH THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

**U.S. Holders**

*Taxation of Interest.* We will treat the interest payable on the notes as qualified stated interest. Accordingly, interest payable on the notes generally will be included in a U.S. Holder's gross income as ordinary income in accordance with the holder's regular method of tax accounting.

*Sale, Exchange, Redemption or Other Taxable Disposition.* Upon a sale, exchange or other taxable disposition of the notes, the U.S. Holder will recognize a gain or loss equal to the difference, if any, between the amount realized and the holder's adjusted tax basis in the notes. The amount of any proceeds attributable to accrued but unpaid interest will not be taken into account in computing the holder's gain or loss. Instead, that portion will be recognized as ordinary income to the extent that the holder has not previously included the accrued interest in income.

A gain or loss recognized generally will be treated as a capital gain or loss and generally will be treated as a long-term capital gain or loss if, at the time of the sale or exchange, the holder has held the notes for more than one year. Non-corporate taxpayers are subject to a reduced tax rate on their long-term capital gains. All taxpayers are subject to certain limitations on the deductibility of their capital losses.

**Non-U.S. Holders**

*U.S. Federal Withholding Tax.* U.S. federal withholding tax will not apply to any payment made to a Non-U.S. Holder of principal or interest on the notes, provided that:

the holder does not own 10% or more of the total combined voting power of all classes of our voting stock for U.S. federal income tax purposes;

the holder is not a controlled foreign corporation that is related to us through stock ownership; and

the holder (a) provides a properly executed Internal Revenue Service, referred to as the IRS, Form W-8BEN (or a suitable substitute form), and certifies, under penalties of perjury, that it is not a U.S. person or (b) holds the notes through a qualified intermediary or withholding foreign partnership that has entered into a withholding agreement with the IRS or through a clearing organization or other financial institution and, in each case, certain certification requirements are satisfied.

Interest payments that are effectively connected with the conduct of a trade or business by a Non-U.S. Holder within the United States are not subject to the U.S. federal withholding tax, but instead are subject to U.S. federal income tax, as described below.

If a Non-U.S. Holder cannot satisfy the requirements described above, payments of interest will be subject to the 30% U.S. federal withholding tax subject to reduction under any applicable tax treaty.

*United States Federal Income Tax.* If a Non-U.S. Holder is engaged in a trade or business in the United States and interest on the notes is effectively connected with the conduct of that trade or business, the holder will be subject to U.S. federal income tax (but not withholding tax) on that interest on a net income basis in the same

**Table of Contents**

manner as if it were a U.S. person. In addition, in certain circumstances, if the Non-U.S. Holder is a foreign corporation, it may be subject to a 30% (or, if a tax treaty applies, a lower rate as provided) branch profits tax.

Any gain or income realized by a Non-U.S. Holder on the disposition of the notes will generally not be subject to U.S. federal income tax unless:

the gain or income is effectively connected with its conduct of a trade or business in the United States; or

the holder is an individual who is present in the United States for 183 days or more in the taxable year of the disposition and certain other conditions are met.

**Information Reporting and Backup Withholding**

Information reporting to the IRS may be required with respect to payments of principal or interest on the notes and payments of proceeds of the disposition of the notes to holders other than corporations and other exempt recipients. A backup withholding tax may apply to those payments that are subject to information reporting if the holder fails to provide certain required documentation to the payor. Non-U.S. Holders may be required to comply with certification procedures to establish that they are not U.S. Holders in order to avoid information reporting and backup withholding. Holders should consult their tax advisors about the procedures for obtaining an exemption from backup withholding. Amounts withheld under the backup withholding rules will be refunded or allowed as a credit against a holder's U.S. federal income tax liabilities if the required information is furnished to the IRS.

**UNDERWRITING**

Credit Suisse Securities (USA) LLC, Morgan Stanley & Co. LLC and UBS Securities LLC are acting as representatives of the several underwriters for the notes.

Subject to the terms and conditions stated in the purchase agreement dated the date of this prospectus supplement, each underwriter named below has agreed to purchase, and we have agreed to sell to that underwriter, the principal amount of notes due \_\_\_\_\_ and notes due \_\_\_\_\_ set forth opposite the underwriter's name.

Underwriters	Principal Amount of Notes due	Principal Amount of Notes due
Credit Suisse Securities (USA) LLC	\$	\$
Morgan Stanley & Co. LLC		
UBS Securities LLC		
<b>Total</b>	<b>\$</b>	<b>\$</b>

The purchase agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the notes if they purchase any of the notes.

The underwriters propose to offer some of the notes directly to the public at the public offering prices set forth on the cover page of this prospectus supplement and some of such notes to dealers at the public offering prices less a

**Table of Contents**

concession not to exceed % of the principal amount of the notes due and % of the principal amount of the notes due . The underwriters may allow, and dealers may reallocate, a concession not to exceed % of the principal amount of the notes due and % of the principal amount of the notes due on sales to other dealers. After the initial offering of the notes to the public, the representatives, on behalf of the underwriters, may change the public offering prices and concessions.

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering (expressed as a percentage of the principal amount of each series of the notes).

	<b>Paid by Verizon Communications</b>
Per note due	%
Per note due	%

Each series of notes will constitute a new class of securities with no established trading market. The underwriters have advised us that they currently intend to make a market in the notes. However, they are not obligated to do so and they may discontinue market-making activities with respect to the notes at any time without notice. Accordingly, we cannot assure you as to the liquidity of, or the trading market for, the notes.

In connection with this offering, the representatives, on behalf of the underwriters, may over-allot notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. However, there is no assurance that the representatives, on behalf of the underwriters, will undertake stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the terms of the offer of the notes is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the relevant notes and 60 days after the date of the allotment of the relevant notes. Any stabilization action or over-allotment must be conducted by the representatives, on behalf of the underwriters, in accordance with all applicable laws and rules.

Over-allotment involves syndicate sales of the notes in excess of the principal amount of notes to be purchased by the underwriters in the offering, which creates a syndicate short position. Syndicate covering transactions involve purchase of the notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of notes made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The representatives, on behalf of the underwriters, also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the representatives, in covering syndicate short positions or making stabilizing purchases, repurchase notes originally sold by that syndicate member.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the notes. They may also cause the price of the notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The underwriters may conduct these transactions in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a relevant member state), each underwriter has represented and agreed that, with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the relevant implementation date), it has not made and will not make an offer of notes to the public in that relevant member state prior to the publication of a prospectus in relation to such offer that has been approved by the competent

**Table of Contents**

authority in that relevant member state or, where appropriate, approved in another relevant member state and notified to the competent authority in that relevant member state, all in accordance with the Prospectus Directive, except that, it may, with effect from and including the relevant implementation date, make an offer of notes in that relevant member state at any time:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 100, or, if the relevant member state has implemented the relevant provisions of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive) as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives, on behalf of the underwriters, for any such offer; or

in any other circumstances falling within Article 3(2) of the Prospectus Directive; provided that no such offer shall require us to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For purposes of this provision, the expression an offer of notes to the public in relation to any notes in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the expression may be varied in that relevant member state by any measure implementing the Prospectus Directive in that relevant member state, the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the relevant member state) and includes any relevant implementing measure in the relevant member state and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

Each underwriter has represented and agreed that:

it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000, as amended (the FSMA)), received by it in connection with the issue or sale of the notes in circumstances in which Section 21(1) of the FSMA does not apply to the issuer; and

it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

We estimate that our total expenses for this offering will be approximately \$ .

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. Certain of the underwriters have performed commercial banking, investment banking or advisory services for us from time to time for which they have received customary fees and reimbursement of expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses. In addition, certain underwriters or their affiliates may provide credit to us as lenders. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve our securities or instruments. The underwriters and their respective affiliates may also make investment recommendations or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long or short positions in such securities and instruments.

We have agreed to indemnify the several underwriters against certain liabilities in connection with this offering, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make because of any of these liabilities.

**Table of Contents****RATIOS OF EARNINGS TO FIXED CHARGES**

The following table shows our ratios of earnings to fixed charges for the periods indicated:

Nine Months Ended September 30, 2011	2010	2009	Year Ended December 31,		
	2008	2007	2006	2007	2006
4.96	3.74	3.69	1.37	7.27	5.29

For these ratios, earnings have been calculated by adding fixed charges to income before provision for income taxes, discontinued operations, extraordinary items and cumulative effect of accounting change, and before noncontrolling interests and income (loss) of equity investees. Fixed charges include interest expense, preferred stock dividend requirements of consolidated subsidiaries, capitalized interest and the portion of rent expense representing interest.

Since we had no preferred stock outstanding during any of the periods presented, the ratios of earnings to fixed charges and the ratios of earnings to combined fixed charges and preferred dividends are the same.
