Item 1.01 Entry into a Material Definitive Agreement.

On November 30, 2011, a wholly-owned subsidiary of BioMarin Pharmaceutical Inc. (BioMarin) entered into an Asset Purchase Agreement (Purchase Agreement) to buyback certain intellectual property from SA Pathology, a unit of the Central Adelaide Local Health Network located in Adelaide, Australia, for an upfront cash payment of \$81.0 million. The intellectual property purchased by BioMarin includes patents related to the purified form of Naglazyme (galsulfase) and the method of using the enzyme in the treatment of Mucopolysaccharidosis VI, which expire between 2022 and 2023. Prior to this purchase, BioMarin licensed this intellectual property from SA Pathology and paid to them a five percent royalty on net sales of Naglazyme.

The Purchase Agreement contains customary representations and warranties by each party and also includes an assignment by SA Pathology to BioMarin s subsidiary of all of its rights to the patents and patent applications listed in the Purchase Agreement (Transferred Assets). BioMarin assumes all liabilities relating to the ownership of the Transferred Assets after November 30, 2011, the effective date of the Purchase Agreement. The foregoing descriptions of the Purchase Agreement are qualified in their entirety by reference to the full text of Purchase Agreement, a copy of which will be filed with BioMarin s Annual Report on Form 10-K for the year ending December 31, 2011.
