**PROXY STATEMENT**

**For**

**Annual Meeting of Stockholders**

**Wednesday, March 14, 2012**

**GENERAL INFORMATION**

This proxy statement is furnished in connection with the solicitation of proxies by the Board of Directors (the **Board**) of Toll Brothers, Inc., a Delaware corporation, for use at the Toll Brothers, Inc. 2012 Annual Meeting of Stockholders (the **Meeting**), which will be held on the date, at the time and place, and for the purposes set forth in the foregoing notice, and any adjournment or postponement thereof. Any reference to **Toll Brothers** or any use of the terms **Company**, **we**, **us** or **our** in this proxy statement refers to Toll Brothers, Inc. This proxy statement and the enclosed proxy card are first being sent to our stockholders on or about February 3, 2012.

The Board does not intend to bring any matter before the Meeting except as specifically indicated in the notice and does not know of anyone else who intends to do so; however, if any other matters properly come before the Meeting, Messrs. Robert I. Toll and Douglas C. Yearley, Jr., or either of them, acting as your designated proxies, will vote or otherwise act thereon in accordance with his or their judgment on such matters.

If the enclosed proxy card is properly executed and returned to and received by us prior to voting at the Meeting, the shares represented thereby will be voted in accordance with the instructions marked thereon. If the enclosed proxy card is properly executed, returned and received by us prior to voting at the Meeting without specific instructions, Messrs. Robert I. Toll and Douglas C. Yearley, Jr., or either of them, acting as your proxies, will vote your shares **FOR** all nominees under Proposal One and **FOR** each of the other proposals.

Any proxy card may be revoked at any time before its exercise by notifying the Secretary of the Company in writing, by delivering a duly executed proxy card bearing a later date, or by attending the Meeting and voting in person.

**VOTING SECURITIES AND SECURITY OWNERSHIP**

**Shares Entitled To Vote, Quorum and Required Vote**

The record date fixed by our Board for the determination of stockholders entitled to notice of and to vote at the Meeting is January 17, 2012 (the **Record Date**). At the close of business on the Record Date, there were 166,623,070 shares of our common stock outstanding and eligible to vote at the Meeting. We have no other class of voting securities outstanding. At the Meeting, stockholders will be entitled to one vote for each share of common stock owned at the close of business on the Record Date. The presence at the Meeting, in person or by proxy, of persons entitled to cast the votes of a majority of such outstanding shares of common stock will constitute a quorum for consideration of the matters expected to be voted on at the Meeting. Abstentions and broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Meeting for the purposes of determining a quorum. **Broker non-votes** means shares held of record by a broker that are not voted on a matter because the broker has not received voting instructions from the beneficial owner of the shares and lacks the authority to vote the shares in its discretion.

*Proposal One:* Directors are elected by a plurality of the votes cast at the Meeting which means that the four nominees who receive the most votes will be elected. Under the New York Stock Exchange (**NYSE**) rules, your brokerage firm or other nominee is not permitted to vote your shares with respect to Proposal One without specific instructions from you as to how to vote with respect to the election of each of the four nominees for

**Table of Contents**

director, because the election of directors is not considered a routine matter under the NYSE rules. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of the election of directors.

*Proposal Two:* To be approved, this proposal requires an affirmative vote of a majority of the votes cast. This means that the votes that our stockholders cast FOR this proposal must exceed the votes that our stockholders cast AGAINST this proposal at the Meeting. Your vote will not be binding on the Board or the Company. Proposal Two is considered a routine matter under the NYSE rules and, therefore, brokerage firms and nominees that are members of the NYSE have the authority under those rules to vote their customers' shares on Proposal Two if the customers have not furnished voting instructions within a specified period of time prior to the Meeting. Abstentions will not be taken into account in determining the outcome of this proposal.

*Proposal Three:* To be approved, this proposal requires an affirmative vote of a majority of the votes cast. This means that the votes that our stockholders cast FOR this proposal must exceed the votes that our stockholders cast AGAINST this proposal at the Meeting. Because your vote is advisory, it will not be binding on the Board or the Company. Proposal Three is not considered a routine matter under the NYSE rules and, therefore, brokerage firms and nominees that are members of the NYSE will not be able to vote the shares of customers from whom they have not received voting instructions with regard to this proposal. Abstentions and broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of this proposal.

**PROPOSAL ONE**

**ELECTION OF DIRECTORS**

At the 2011 Annual Meeting of Stockholders, the stockholders approved an amendment to the Company s Second Restated Certificate of Incorporation, as amended, to provide for the annual election of directors beginning with the class of directors up for re-election at the 2012 Annual Meeting of Stockholders, continuing with the class of directors up for re-election at the 2013 Annual Meeting of Stockholders and culminating with the full Board up for re-election, for the first time as a group, at the 2014 Annual Meeting of Stockholders.

The Board currently consists of 10 directors divided into three classes. As previously disclosed, Zvi Barzilay retired from our Company and the Board, effective December 31, 2011. The Board determined to decrease the Board size from 11 members to 10 members following Mr. Barzilay s retirement. The directors whose terms of office expire at the Meeting are Messrs. Douglas C. Yearley, Jr., Robert S. Blank, Stephen A. Novick and Paul E. Shapiro. Accordingly, the Board, upon the recommendation of the Nominating and Corporate Governance Committee, has nominated Messrs. Douglas C. Yearley, Jr., Robert S. Blank, Stephen A. Novick and Paul E. Shapiro, and our stockholders will be asked to elect these four directors, to hold office until the 2013 Annual Meeting of Stockholders and until their respective successors have been duly elected and qualified. Each nominee has indicated a willingness to continue to serve as a director. Should a nominee become unavailable to accept election as a director, the persons named in the enclosed proxy will vote the shares that such proxy represents for the election of such other person as the Board may nominate on the recommendation of the Nominating and Corporate Governance Committee.

**RATIFICATION OF THE RE-APPOINTMENT OF**

**INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee re-appointed Ernst & Young LLP to serve as the Company's independent registered public accounting firm ( independent auditors ) for the fiscal year ending October 31, 2012. Ratification is being sought at the Meeting in a non-binding vote of stockholders.

Ernst & Young LLP has audited our consolidated financial statements since 1984. Representatives of Ernst & Young LLP are expected to be present at the Meeting, will be afforded the opportunity to make a statement if they desire and are expected to be available to respond to appropriate questions.

We have been advised by Ernst & Young LLP that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in us or our subsidiaries.

**Audit and Non-Audit Fees**

The following table sets forth the fees paid to Ernst & Young LLP for professional services for the fiscal years ended October 31, 2011 and 2010:

	<b>2011</b>	<b>2010</b>
Audit Fees(1)	\$ 856,283	\$ 834,000
Audit-Related Fees(2)	30,000	30,000
Tax Fees(3)	85,536	69,398
	\$ 971,819	\$ 933,398

(1) Audit Fees include fees billed for (a) the audit of Toll Brothers, Inc. and its consolidated subsidiaries, (b) the audit of the Company's internal control over financial reporting, (c) the review of quarterly financial information, and (d) the issuance of consents in various filings with the SEC.

(2) Audit-Related Fees include fees billed for audits of a certain joint venture in which we have an interest.

(3) Tax Fees include fees billed for consulting on tax planning matters and tax compliance matters.

The Audit Committee meets and agrees upon the annual audit fee directly with our independent auditors. The Audit Committee also establishes pre-approved limits for which our management may engage our independent auditors for specific services. Any work that exceeds these pre-approved limits in a quarter requires the advance approval of the Audit Committee. Each quarter the Audit Committee reviews the matters worked on by the independent auditors during the previous quarter and establishes any pre-approved limits for the current quarter. All fees and services for fiscal 2011 were approved by the Audit Committee. The Audit Committee also reviewed and approved the compatibility of non-audit services, including tax services, with the independent registered public accounting firm's independence. The Audit Committee reviewed the services provided by Ernst & Young LLP and approved the fees paid to Ernst & Young LLP for all services for fiscal 2011.

**PROPOSAL THREE**

**ADVISORY AND NON-BINDING VOTE ON EXECUTIVE COMPENSATION**

Our stockholders voted in 2011, in a non-binding vote, in favor of the submission of the Company's executive compensation annually to our stockholders on a non-binding basis, and our Board has adopted that approach. In accordance with the requirements of Section 14A of the Securities Exchange Act of 1934 (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act and the related rules of the SEC), we are including in this proxy statement a separate resolution, subject to a non-binding stockholder vote, to approve the compensation of our named executive officers (NEOs) as disclosed in this proxy statement. In considering their vote, stockholders may wish to carefully review our compensation policies and decisions regarding our NEOs as presented in Compensation Discussion and Analysis on pages 19 to 32.

Our Executive Compensation Committee (the Compensation Committee) has developed and maintained a compensation program that is intended to reward performance and encourage actions that drive success in our business strategy. Our executive compensation program received the support of 99% of our stockholders who voted at our 2011 Stockholders Meeting in a non-binding vote. In determining fiscal 2011 compensation for our NEOs, and as described in Compensation Discussion and Analysis Compensation Decision Making Process, the Compensation Committee took note of the difficult conditions that continued to challenge the economy and the home building industry while also considering the significant transition that we continued to experience at the senior management level. The following significant areas of achievement in fiscal 2011 were among those noted by the Compensation Committee in light of the current economic condition of our industry and the economy as a whole:

*Sales:* Our net contracts signed in fiscal 2011 increased by approximately 9% in dollars and 7% in units compared to fiscal 2010.

*Backlog:* Our backlog at fiscal year end 2011 increased 15% in dollars and 12% in units compared to fiscal 2010.

*Income:* We reported net income of \$39.8 million in fiscal 2011 compared to net losses of \$3.4 million and \$755.8 million in fiscal 2010 and 2009, respectively. Excluding write-downs and debt retirement charges, our pre-tax income improved to \$67.2 million in fiscal 2011 compared to a pre-tax loss of \$0.7 million in fiscal 2010 on similar revenue volume.

*Gross margin:* Our pre-impairment home building gross margin improved nearly 2.5% in fiscal 2011 compared to fiscal 2010.

*Community Count:* We increased our community count from 195 to 215 during fiscal 2011.

*Expansion of our Business:*

Shortly after the close of fiscal 2011, we completed the acquisition of substantially all of the assets of CamWest Development LLC, marking our expansion into the Seattle market.

The continued expansion of the Toll Brothers City Living® brand name with the opening for sale of three new buildings in the New York urban market.

Gibraltar Capital and Asset Management LLC (Gibraltar Capital), our wholly owned subsidiary formed in 2010 to pursue a broad range of distressed real estate opportunities, executed four acquisition transactions during fiscal 2011, representing \$70.1 million in capital invested and generated net income of \$6.9 million.

## Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

*Honors:* During fiscal 2011, Institutional Investor Magazine named our CEO and CFO to the 2012 All America Team for the Homebuilding and Building Products Industry. We were voted the first-place ranking for Best Investor Relations in the Homebuilders & Building Products sector by the buy-side community in Institutional Investor Magazine's 2012 annual survey.

*Financial Strength:* We continue to have one of the strongest balance sheets in the industry. We maintain significant liquidity and strong land positions and believe we are well positioned for the ultimate recovery in the housing markets.

## **Table of Contents**

We believe that our Compensation Committee has developed NEO compensation that is incentivizing outstanding performance and achievements in light of the current economic condition of our industry and the economy as a whole.

Accordingly, we are asking our stockholders to approve, in a non-binding vote, the following resolution in respect of this Proposal Three:

RESOLVED, that the stockholders approve, in a non-binding vote, the compensation of the Company's named executive officers as disclosed on pages 19 to 32 in the Proxy Statement relating to the Company's Annual Meeting of Stockholders to be held on March 14, 2012.

### ***THE BOARD RECOMMENDS THAT YOU VOTE FOR PROPOSAL THREE.***

## **CORPORATE GOVERNANCE AND BOARD MATTERS**

We continue to operate within a comprehensive plan of corporate governance for the purpose of defining independence, assigning Board committee responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. We regularly monitor developments in the area of corporate governance.

### **Director Independence**

Under the NYSE rules and the standards adopted by the Board, a director is not independent unless the Board affirmatively determines that the director has no direct or indirect material relationship with us. In addition, the director must meet the requirements for independence set forth by the NYSE rules.

The Board has established categorical standards of director independence to assist it in making independence determinations. These standards, which are described below, set forth certain relationships between the Company and the directors, and their immediate family members or entities with which they are affiliated, that the Board, in its judgment, has determined to be material or immaterial in assessing a director's independence. The standards applied by the Board in affirmatively determining whether a director is independent generally provide that a director is not independent if:

- (1) the director is, or has been within the last three years, our employee or an immediate family member (defined as including a person's spouse, parents, children, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone, other than domestic employees, who shares such person's home) of, or is, or has been within the last three years, one of our executive officers;
- (2) the director has received, or has an immediate family member who has received, during any 12-month period within the last three years, more than \$120,000 per year in direct compensation from us, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
- (3) (a) the director is a current partner or employee of a firm that is our internal or external auditor; (b) the director has an immediate family member who is a current partner of such a firm; (c) the director has an immediate family member who is a current employee of such a firm and who works on our audit; or (d) the director or an immediate family member was, within the last three years, a partner or employee of such a firm and personally worked on our audit within that time;
- (4) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of our present executive officers at the same time serves or served on that company's compensation committee;
- (5) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to or received payments from us for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or two percent of such other company's consolidated gross revenues; and

## **Table of Contents**

(6) the director or an immediate family member is, or within the past three years has been, an affiliate of another company in which, in any of the last three years, any of our present executive officers directly or indirectly either:

(a) owned more than five percent of the total equity interests of such other company, or

(b) invested or committed to invest more than \$900,000 in such other company.

The Board annually reviews the independence of all directors. The Board, in applying the above-referenced standards, has affirmatively determined that all of our directors are independent, other than Messrs. Robert I. Toll, Bruce E. Toll and Douglas C. Yearley, Jr. As part of the Board's process in making such determination, each such director provided written assurances that (a) all of the above-cited objective criteria for independence are satisfied, and (b) he or she has no other material relationship with us that could interfere with his or her ability to exercise independent judgment.

## **Corporate Governance Guidelines**

The Board has adopted Corporate Governance Guidelines, which describe the Board's views on a number of governance topics. The guidelines can be obtained free of charge from our website at [www.tollbrothers.com](http://www.tollbrothers.com) under Investor Relations: Corporate Governance.

## **Board Meetings**

The Board held four meetings during our 2011 fiscal year.

Each director during our 2011 fiscal year attended at least 75% of the meetings of the Board and of the committees of which he or she was a member.

Our independent directors hold separate meetings. Edward G. Boehne, the Company's Lead Independent Director, acts as chair at meetings of the independent directors. During our 2011 fiscal year, the independent directors met four times.

## **Committees of the Board and Meetings**

The Committee did not hold a formal meeting during the 2011 fiscal year.

### **Consideration and Selection of Nominees for the Board**

The Nominating and Corporate Governance Committee is authorized to consider candidates for Board membership suggested by its members and by other Board members, as well as by management and by stockholders. A stockholder who wishes to recommend a prospective nominee for membership on the Board should follow the procedures described in this proxy statement under the caption Procedures for Nominating Candidates or Recommending Candidates for Nomination to the Board of Directors. Once a prospective nominee has been identified by, or presented to, the Nominating and Corporate Governance Committee, background information is elicited about the candidate and the candidate is investigated and evaluated by the Nominating and Corporate Governance Committee and, if deemed appropriate, interviewed. Following this process, the Nominating and Corporate Governance Committee reports to the Board and makes a recommendation regarding the prospective nominee. No distinctions are to be made as between internally-recommended candidates and those recommended by stockholders. All candidates should, at a minimum, possess a background that includes a strong education, extensive business experience and the requisite reputation, character, integrity, skills, judgment and temperament, which, in the Nominating and Corporate Governance Committee's judgment, have prepared him or her for dealing with the multi-faceted financial, business and other issues that confront a board of directors of a corporation with our size, complexity, reputation and success. The Nominating and Corporate Governance Committee does not have a policy regarding diversity.

### **Risk Oversight**

Our Audit Committee regularly receives reports from a risk management committee comprised of representatives from various Company business functions that are charged with risk assessment and business continuity planning. This committee meets on a regular basis and selects topics related to specific risks and potential vulnerabilities related to particular business functions of the Company, which topics are then presented to the Audit Committee along with a summary of the measures the Company has taken or plans to take in order to define and mitigate such risks and prepare for and address such vulnerabilities. These presentations include reports regarding risks and vulnerabilities relating to, among other things, operations, assets, land investments, competition, personnel, credit and debt covenant compliance, joint venture relationships, litigation and information technology. In addition, our Compensation Committee oversees risks arising from executive officer compensation practices, and our Nominating and Corporate Governance Committee oversees succession risks. Each of the standing committees regularly reports to the full Board, which is ultimately responsible for overseeing risks at the enterprise level. In addition, our full Board oversees strategic risks through its focus on overall corporate strategy and execution.

The Compensation Committee has also reviewed the design and operation of the Company's compensation structures and policies as they pertain to risk and has determined that the Company's compensation programs do not create or encourage the taking of risks that are reasonably likely to have a material adverse effect on the Company.

### **Codes of Business Conduct and Ethics**

Management has adopted a Code of Ethics for Principal Executive Officer and Senior Financial Officers, violations of which may be reported to the Audit Committee. Copies of this code and any waiver or amendment to such code can be obtained free of charge from our website at [www.tollbrothers.com](http://www.tollbrothers.com) under Investor Relations: Corporate Governance.

We operate under a comprehensive Code of Ethics and Business Conduct that we review annually and which applies to all directors, officers and employees and includes provisions ranging from conflicts of interest and acceptance of gifts to harassment, discrimination and other employment-related matters. Upon employment with us, all employees are required to affirm in writing their receipt and review of the code and their compliance with its provisions. Copies of this code can be obtained free of charge from our website at [www.tollbrothers.com](http://www.tollbrothers.com) under Investor Relations: Corporate Governance.

### **Leadership Structure**

In connection with the appointments of Douglas C. Yearley, Jr. as Chief Executive Officer and Robert I. Toll as Executive Chairman of the Board, each effective June 16, 2010, the Board separated the roles of chairman and chief executive officer. As our Chief Executive Officer, Mr. Yearley is responsible for our day-to-day operations and for formulating and executing our long-term strategies in collaboration with the Board and Mr. Toll, as Executive Chairman of the Board. As Executive Chairman of the Board, Mr. Toll continues to play a key role and be actively involved in our business. He continues to chair the Board, act as advisor to the executive officers, actively engage in the review of land transactions, and play a major role in the planning of our long-term business strategy. In the Board's view, an appropriate leadership structure depends on the opportunities and challenges facing a company at a given time. The Board believes that the current leadership structure is appropriate for the Company at this time as it enables us and the Board to continue to benefit from Mr. Toll's vast experience, skills, expertise and knowledge of the Company and the industry.

In fiscal 2011, the Board designated Edward G. Boehne as the Lead Independent Director of the Board of Directors until his successor is duly designated and qualified. The Lead Independent Director helps ensure that there is an appropriate balance between management and independent directors and that the independent directors are fully informed and able to discuss and debate the issues that they deem important. The role of the Lead Independent Director includes: (i) presiding over all executive sessions and other meetings of the independent directors; (ii) acting as principal liaison between the Executive Chairman of the Board and the independent directors; (iii) serving as the director whom stockholders may contact; (iv) leading the process for evaluating the

All members of the Board who were serving or standing for re-election, other than Bruce E. Toll, attended our 2011 Annual Meeting of Stockholders.

**Communication with the Board**

Any person who wishes to communicate with the Board or specific individual directors, including the chair of the independent directors meetings or the independent directors as a group, may do so by directing a written request addressed to such directors or director in care of the Office of the General Counsel, Toll Brothers, Inc., at the address appearing on the first page of this proxy statement. Communications directed to members of the Board who are management directors will be referred to the intended Board member(s) except to the extent that it is deemed unnecessary or inappropriate to do so pursuant to the procedures established by a majority of the independent directors. Communications directed to independent directors will be referred to the intended Board member(s).

Toll with other benefits having an estimated value of \$2,746, which are described in greater detail under *Director Compensation during Fiscal 2011* table, below. These benefits were reviewed by the Compensation Committee as part of its review of benefits and perquisites paid to our NEOs and were found to be reasonable and consistent with past practices.

**COMPENSATION DISCUSSION AND ANALYSIS****Executive Summary**

This compensation discussion and analysis ( CD&A ) describes in detail each element of compensation that we pay or award to, or that is earned by, our named executive officers ( NEOs ). This CD&A includes a description of the principles underlying our executive compensation policies and our most important executive compensation decisions during our 2011 fiscal year and provides our analysis of these policies and decisions. It is also intended to provide a context for the data we present in the compensation tables and related footnotes below, as well as the narratives that accompany the compensation tables.

We are the nation's leading builder of luxury single-family detached and attached home communities; master planned luxury residential, resort-style golf communities; and urban low-, mid- and high-rise communities, principally on land we develop and approve. We operate our own architectural, engineering, mortgage, title, land development and land sale, golf course development and management, home security, and landscape subsidiaries. We face intense competition from a number of other home builders in each market in which we operate. It is imperative to our success and long-term viability that our business continues to be managed by highly experienced, focused and capable executives who possess the dedication to oversee our organization on a day-to-day basis and have the vision to anticipate and respond to market developments. It is also important that we concentrate on retaining and developing the capabilities of our emerging leaders to ensure that we continue to have an appropriate depth of executive talent.

Our 2011 fiscal year was the first full fiscal year after the occurrence of significant changes in several of our key leadership roles changes that, in each instance, resulted from succession planning by the Board and our management. Our 2011 fiscal year NEOs were as follows:

*Robert I. Toll, Executive Chairman of the Board ( Executive Chairman )* Mr. Toll served as our Chairman and Chief Executive Officer since our founding in 1967 until the appointment of Douglas C. Yearley, Jr. as Chief Executive Officer in June 2010, at which time he was appointed Executive Chairman, with the expectation that he will, among other things, maintain an active role in the strategic management of the Company;

*Douglas C. Yearley, Jr., Chief Executive Officer ( CEO )* Mr. Yearley joined us in 1990, served as a Regional President from November 2005 until November 2009 and served as Executive Vice President from November 2009 until June 2010, at which time he was appointed CEO;

*Zvi Barzilay, President and Chief Operating Officer ( COO )* Mr. Barzilay joined us in 1980 and served in various senior management positions from 1983 to 1998, at which time he was appointed President and COO. He retired from the Company effective December 31, 2011;

*Martin P. Connor, Senior Vice President, Chief Financial Officer and Treasurer ( CFO )* Mr. Connor joined us in 2008, was appointed a Senior Vice President in December 2009 and continued in that position from that time until his appointment as CFO and Treasurer in September 2010.

In determining fiscal 2011 compensation for our senior executives, the Executive Compensation Committee of the Board (the Compensation Committee ) took note of the difficult conditions that continued to challenge the economy and home building industry, while also considering the transition that we continued to experience at

## **Table of Contents**

the senior management level. In particular, with respect to our Executive Chairman, the Compensation Committee considered his continuing role in strategic and day-to-day business activities during fiscal 2011. As a result, the Compensation Committee sought to compensate our NEOs in a way that would enable us to retain them as our senior management team, appropriately recognize their individual experience, roles and skill sets and their efforts on behalf of the Company during fiscal 2011 and in a way that would be consistent with our overall business objectives and our stockholders' best interests. The Compensation Committee paid particular attention to the following notable areas of achievement in fiscal 2011 in light of the current economic condition of our industry and the economy as a whole:

*Sales:* Our net contracts signed in fiscal 2011 increased by approximately 9% in dollars and 7% in units compared to fiscal 2010.

*Backlog:* Our backlog at fiscal year end 2011 increased 15% in dollars and 12% in units compared to fiscal 2010.

*Income:* We reported net income of \$39.8 million in fiscal 2011 compared to net losses of \$3.4 million and \$755.8 million in fiscal 2010 and 2009, respectively. Excluding write-downs and debt retirement charges, our pre-tax income improved to \$67.2 million in fiscal 2011 compared to a pre-tax loss of \$0.7 million in fiscal 2010 on similar revenue volume.

*Gross Margin:* Our pre-impairment home building gross margin improved nearly 2.5% in fiscal 2011 compared to fiscal 2010.

*Community Count:* We increased our community count from 195 to 215 during fiscal 2011.

### *Expansion of our Business:*

Shortly after the close of fiscal 2011, we completed the acquisition of substantially all of the assets of CamWest Development LLC, marking our expansion into the Seattle market.

The continued expansion of the Toll Brothers City Living® brand name with the opening for sale of three new buildings in the New York urban market.

Gibraltar Capital, our wholly owned subsidiary formed in 2010 to pursue a broad range of distressed real estate opportunities, executed four acquisition transactions during fiscal 2011, representing \$70.1 million in capital invested, and generated net income of \$6.9 million.

*Honors:* During fiscal 2011, Institutional Investor Magazine named our CEO and CFO to the 2012 All America Team for the Homebuilding and Building Products Industry. We were voted the first-place ranking for Best Investor Relations in the Homebuilders & Building Products sector by the buy-side community in Institutional Investor Magazine's 2012 annual survey.

*Financial Strength:* The Company continues to have one of the strongest balance sheets in the industry. We maintain significant liquidity and strong land positions and believe that we are well positioned for the ultimate recovery in the housing markets. Consistent with our historical compensation practices, our fiscal 2011 compensation program, which is discussed in detail in this CD&A, featured the following attributes:

## Edgar Filing: TOLL BROTHERS INC - Form DEF 14A

A balanced mix of annual cash and long-term equity incentives that reward our NEOs for current performance and align their compensation with long-term performance and long-term stockholder value creation; and

A structure for NEO incentive compensation that complies with Internal Revenue Code ( Code ) requirements for tax deductibility.

In addition, our program does not feature any NEO employment agreements or severance plans or agreements; nor do we have any plans or agreements that provide golden parachute cash payouts for our NEOs conditioned upon a change of control, except with respect to vesting and potential payment of SERP benefits and vesting of equity compensation awards and grants.

**Table of Contents****Consideration of Say-on-Pay Results**

The Compensation Committee considered the results of the 2011 advisory, non-binding say-on-pay proposal in connection with the discharge of its responsibilities. Because 99% of our shareholders voting on the say on pay proposal approved the compensation of our NEOs described in our proxy statement in 2011, the Compensation Committee did not implement significant changes to our executive compensation program as a result of the shareholder advisory vote.

**Compensation Governance*****Role of Executive Officers***

The Compensation Committee worked with management to establish its meeting agendas and determine who should be invited to attend meetings. Throughout the year, the Compensation Committee requested various types of information from management and its independent compensation consultant, including information about other companies in the home building industry. Our CFO was invited by the Compensation Committee to attend relevant portions of the Compensation Committee meetings in order to provide information and answer questions regarding the Company's strategic objectives and financial performance related to the Compensation Committee's work. Our Executive Chairman, CEO and COO were also all available to members and meetings of the Compensation Committee. Our CEO submitted recommendations to the Compensation Committee regarding salary, bonus, equity compensation, performance goals and overall compensation levels for the COO and CFO. The Compensation Committee, after consideration of these recommendations, determined the actual awards to the COO and CFO. The Executive Chairman submitted recommendations to the Compensation Committee regarding salary, bonus, equity compensation, performance goals and overall compensation for the CEO; the Compensation Committee considered these recommendations in determining the CEO's compensation.

***Use of Compensation Consultants***

During fiscal 2011, the Compensation Committee engaged Compensation Advisory Partners LLC (CAP) to serve as its independent compensation consultant. CAP received instructions from, and reported to, the Compensation Committee on an independent basis. The Compensation Committee periodically obtains confirmation from CAP with regard to CAP's independence. CAP was also authorized by the Compensation Committee to share with and request and receive from management specified information in order to prepare for meetings. The Compensation Committee requested CAP's advice on a variety of issues, including compensation strategy, market comparisons, pay and performance alignment versus industry peers, executive pay trends, compensation best practices and potential compensation plan designs and modifications. The Compensation Committee met with CAP, both with and without management, on several occasions during fiscal 2011 and thereafter.

### **Compensation Philosophy and Objectives**

The Board and the Compensation Committee believe that our ability to retain and motivate NEOs who possess the skills, experience and capacity to succeed in our competitive industry has been essential to the long-term success of our Company and a significant factor in creating long-term value for our stockholders. Base salaries, annual incentive bonuses, long-term equity compensation and competitive employee benefits are the primary tools used to retain and motivate our NEOs to deliver superior performance and to enhance long-term value to our stockholders. Our compensation philosophy recognizes the value of rewarding our NEOs for their past performance and motivating them to continue to excel in the future. The Compensation Committee believes it has developed a compensation program that is intended to reward outstanding performance and encourage actions that successfully deliver on our business strategy.

We are in an industry that has suffered a severe downturn during the past several years. The compensation policies for our NEOs during this difficult period are based on the philosophy that compensation should reflect our Company's financial and operational performance and the individual performance of each executive in dealing with a challenging economic and housing environment. The Compensation Committee also believes that long-term incentives should be a significant factor in the determination of compensation, particularly because the business of home building, including evaluating and purchasing land, planning the use of that land, obtaining approvals, completing development, generating revenues and many of the other actions and decisions of our NEOs, requires a long time horizon before we realize a tangible financial benefit.

The Compensation Committee's primary objectives when setting compensation for our NEOs are:

*Set compensation levels that are sufficiently competitive to retain, motivate and reward the highest quality individuals to contribute to our goals and overall financial success.* By keeping compensation competitive during times of growth as well as contraction, the Compensation Committee attempts to achieve these objectives.

*Retain executives and encourage continued service.* The Compensation Committee seeks to attract and maintain the continuity of excellent management. The Compensation Committee believes our stockholders have historically benefited from the continued employment of our NEOs over an extended period of time—the Executive Chairman since he co-founded our predecessor operations in 1967 (43 years), the CEO, who joined the Company in 1990 and has served in various senior management positions during the 20 years preceding his appointment as CEO, and the COO who joined the Company in 1980 (30 years) and had served in that role since 1998 until his retirement effective December 31, 2011. Our NEOs are highly talented individuals who have been leaders in contributing to the Company's goals, objectives and overall success. Our Executive Chairman has been consistently recognized as a leader in our industry by various publications and industry groups, and, in 2011, our CEO and CFO were named by a leading institutional investor publication to its 2012 All America team for the homebuilding and building products industry. Richard T. Hartman, our new COO, effective January 1, 2012, has served the Company for over 30 years.

*Incentivize executives to manage risks appropriately while attempting to improve our financial results, performance and condition over both the short-term and the long-term.* The Compensation Committee attempts to provide both short-term and long-term compensation for current performance, as well as to provide incentives to achieve short- and long-term goals. Short-term compensation is typically in the form of base salary and annual incentive cash bonuses under stockholder-approved plans, and long-term compensation is typically in the form of equity awards. Because of the current condition of the economy, the nature of our business and the way we operate our business and implement our strategies, we may not witness for several years the positive results of many decisions made or actions taken by our NEOs in any current fiscal year, including land purchased and strategies implemented to manage risks and position us for future growth. Accordingly, the Compensation Committee, by seeking a balance of short-term and long-term compensation, seeks to motivate and reward NEOs for decisions made today that may not produce immediate or short-term results, but will likely have a positive long-term effect.

*Align executive and stockholder interests.* The Compensation Committee believes that the use of equity compensation as a key component of executive compensation is a valuable tool for aligning the interests of our NEOs with those of our stockholders; this would include the use of such compensation to reward

**Table of Contents**

actions that demonstrate long-term vision. When management and stockholder interests are aligned, the Compensation Committee believes management's focus on creating long-term growth and value is increased.

*Obtain tax deductibility for incentive compensation.* The Compensation Committee believes that tax deductibility for the Company is a favorable feature for an executive incentive compensation program. Although the Compensation Committee, where it deems appropriate, may award base compensation to NEOs that will not be entirely tax-deductible, it generally attempts to structure compensation for NEOs to comply with the Code requirements for deductibility, including deductibility of compensation awarded under performance-based compensation plans.

**Elements of Compensation**

The Compensation Committee seeks to be creative, as well as cognizant of changing economic and industry conditions and changing compensation trends, in its choice of methods to achieve these objectives, using a variety of compensation elements described below.

<b>Element</b>	<b>Purpose</b>	<b>Characteristics</b>
<i>Base Salary</i>	Provide a basic level of compensation to the NEOs for performing their roles and assuming their levels of executive responsibility.	Fixed cash component. Annually reviewed by the Compensation Committee and adjusted upwards or downwards, from time to time.
<i>Annual Incentive Bonuses</i>	Promote improvement of our financial results, performance and condition; intended to be a short-term incentive to drive achievement of performance goals in a particular fiscal year, without incentivizing inappropriate risk-taking or deterring achievement of our long-term goals and initiatives.	Annual incentive bonuses have been primarily paid in cash. Performance-based bonus opportunity based on the achievement of specified goals, which may be Company performance goals, individual performance goals or a combination of the two, pursuant to stockholder-approved plans. Where applicable, goals are typically established annually, and bonus amounts awarded vary based on performance.
<i>Long-Term Incentive Compensation</i>	Promote the achievement of our long-term financial goals and stock price appreciation by aligning NEO and stockholder interests, promoting NEO retention and rewarding NEOs for superior performance over time.	Equity awards granted annually by the Compensation Committee pursuant to stockholder-approved plans. Long-term incentive compensation may be in the form of stock options, stock appreciation rights, and stock awards and units, which may be restricted, unrestricted or performance-based. Benefits ultimately realized by each NEO will vary and will depend on our stock price, achievement of performance targets, and passage of time.

**Table of Contents**

<b>Element</b>	<b>Purpose</b>	<b>Characteristics</b>
<i>Benefits and Perquisites, Including Retirement Benefits</i>	Provide health and welfare benefits during employment and a program for income upon retirement. Designed to retain and reward NEOs by providing an overall benefits package competitive with those provided by comparable companies.	Health and welfare benefits may vary based on employee elections. Perquisites and other benefits may vary from year to year. Retirement benefits also vary based on compensation and years of service.

**Compensation Decision-Making Process**

The Compensation Committee reviews and determines base salary, incentive bonuses and long-term incentive compensation, as well as benefits and perquisites, on an annual basis. For compensation relating to fiscal 2011, the significant steps taken by the Compensation Committee to establish and award compensation to our NEOs were as follows:

<b>October</b>	<b>December 2010</b>	Set fiscal 2011 base salaries and performance goals under each of our bonus plans for fiscal 2011 bonuses
<b>June 2011</b>		Determined and granted equity compensation awards for fiscal 2010 service Reviewed executive compensation at peer companies for the preceding year
<b>September 2011</b>		Monitored Company performance and individual performance of NEOs Reviewed executive compensation benchmarking analysis for the preceding year prepared by the independent compensation consultant
<b>November</b>	<b>December 2011</b>	Reviewed fiscal 2011 performance goals and certified that performance goal was attained under each of our bonus plans  Reviewed overall Company performance relative to industry peers  Reviewed each NEO's individual performance during fiscal 2011  Determined fiscal 2011 NEO bonuses  Determined and granted equity awards for fiscal 2011 service  Consulted with independent compensation consultant regarding industry trends in executive compensation  Further revised RSU program in response to emerging practices

Portions of the compensation decision-making process are more fully described below.

***Establish Performance Goals***

The Compensation Committee, when setting performance goals, reviews the Company's financial condition, current industry and national economic factors, compensation practices and trends at other companies within our industry, and our market capitalization, and attempts to set goals that will effectively motivate the NEOs to achieve the Company's most important business objectives, while limiting risk. The achievement of performance goals does not automatically entitle any NEO to a bonus. Rather, the establishment of performance goals permits the Compensation Committee, in its discretion, to determine and award bonuses to our NEOs that will be tax-deductible by the Company if the performance goals are met. The Compensation Committee has historically awarded bonuses that were well below the maximum range of amounts payable under the related plans. The Compensation Committee reserves the authority to reduce the minimum and maximum range of amounts payable and any resulting amounts payable to any participant based upon such facts and circumstances that the Compensation Committee deems relevant and appropriate.

## **Table of Contents**

At the beginning of fiscal 2011, the Compensation Committee, in the context of the severe downturn of the housing industry, believed that the achievement of revenues was once again an important goal that each of our NEOs should focus on during fiscal 2011. The Compensation Committee, which had determined, in fiscal 2010, that Messrs. Yearley, Barzilay and Connor would be participants in the Senior Officer Plan approved by our stockholders that year, decided that potential bonuses for fiscal 2011 under the Senior Officer Plan would be conditioned upon our achievement of a specified level of net revenues in fiscal 2011. The Committee established that eligibility for the bonus available under the Senior Officer Plan and under the Plan Year Performance Bonus component of the Cash Bonus Plan would be conditioned upon our achievement of at least \$1.1 billion in consolidated revenues in fiscal 2011, and eligibility for 80% of the full bonus available under the Senior Officer Plan and under the Plan Year Performance Bonus component of the Cash Bonus Plan would be conditioned upon our achievement of at least \$880 million in consolidated revenues in fiscal 2011. The Compensation Committee established the \$1.1 billion goal after reviewing, among other things, market conditions, our backlog at the end of fiscal 2010, the revenue associated with the homes in backlog which were projected to be delivered during fiscal 2011, other projected results, and cancellation rates and delivery delays that we were experiencing at that time and in the recent past.

### ***Review Market Comparisons***

Although the Compensation Committee does not believe that it is appropriate to establish compensation levels based solely on market comparisons or industry practices, it believes that information regarding pay practices at other companies is useful in three respects. First, marketplace information is one of the many factors that the Compensation Committee considers in assessing the reasonableness of compensation. Second, it recognizes that our compensation practices must be generally competitive for executive talent in the home building industry and the market overall. Third, it recognizes that marketplace information reflects emerging and changing components and forms of compensation. While the Compensation Committee considers peer compensation levels and practices when making its compensation decisions, it does not target compensation at any particular point within a range established by a comparison of the financial performance or compensation levels of our peer companies.

When setting fiscal 2011 salaries, performance goals and ultimate bonus amounts, and equity compensation awards, the Compensation Committee, with guidance from our independent compensation consultant, compared our NEOs' total compensation in 2010 against a peer group of publicly-traded home building companies. Based on these comparisons, the Compensation Committee noted that, for the fiscal year 2010, except for our executive chairman position (there being only one comparable position in the peer group), our compensation for each of our chief executive officer and chief financial officer positions was significantly below the median for the homebuilding peer group (Peer Group), reflecting each one's partial year in such position, and our compensation for our chief operating officer position was slightly below the median for the Peer Group. The Peer Group consisted of the following companies with whom the Compensation Committee believes we primarily compete for talent and market share.

Beazer Homes USA, Inc.	Lennar Corporation	NVR, Inc.
D. R. Horton, Inc.	M. D. C. Holdings, Inc.	Pulte Homes, Inc.
Hovnanian Enterprises, Inc.	MI Homes, Inc.	The Ryland Group, Inc.
KB Home	Meritage Homes Corporation	Standard Pacific Corp.

Our independent compensation consultant also provided the Compensation Committee with compensation data for companies of similar size outside of the home building sector for the Compensation Committee's consideration.

### ***Review Company Performance***

Throughout the fiscal year, the full Board monitored our financial performance in relation to our recent historical performance and, to the extent reliable data was available, in relation to our Peer Group. The Compensation Committee reviewed our performance data during the fiscal year, which it considered when making final fiscal 2011 compensation decisions.

**Table of Contents****Fiscal 2011 Compensation Elements*****Total Cash Compensation***

Total cash compensation (base salary and annual incentive bonus) paid to or earned by each of our NEOs for fiscal 2011 is set forth below. Details on total compensation, presented in the format required by the SEC, can be found in the Summary Compensation Table on page 32 of this proxy statement.

	<b>Base Salary</b>	<b>Annual Incentive Bonus</b>	<b>Total Fiscal 2011 Cash Compensation</b>
Robert I. Toll	\$ 1,300,000	\$ 1,250,000	\$ 2,550,000
Douglas C. Yearley, Jr.	\$ 1,000,000	\$ 1,250,000	\$ 2,250,000
Zvi Barzilay	\$ 1,000,000	\$ 1,250,000	\$ 2,250,000
Martin P. Connor	\$ 650,000	\$ 225,000	\$ 875,000

***Base Salary***

Generally, when establishing annual base salaries, the Compensation Committee takes into account each NEO's performance of his role and responsibilities and the compensation of comparable executives within our Peer Group. The Compensation Committee believes that its compensation objectives are more effectively met when the majority of an executive's compensation package is comprised of performance-based bonuses and long-term incentive compensation, rather than fixed compensation such as base salaries. In October 2010, the Compensation Committee determined that our named executive officers would not receive base salary increases for fiscal 2011. Accordingly, our NEOs received the same base salaries in fiscal 2011 as they had received in fiscal 2010, except for Mr. Connor, whose base salary of \$650,000 for fiscal 2011 was the same annualized base salary approved by the Compensation Committee upon his appointment to the CFO position in September 2010.

***Annual Incentive Bonus Robert I. Toll***

An annual incentive bonus is payable to Mr. Toll if and when earned under the terms of the stockholder-approved Cash Bonus Plan. Amounts payable under the Cash Bonus Plan are designed to be performance-based compensation and, therefore, exempt from the limitations on tax deductibility under Section 162(m) of the Code, as discussed below under Tax and Accounting Implications.

*Description of the Cash Bonus Plan.* The Cash Bonus Plan was approved by our stockholders at the 2008 annual meeting. The purpose of the Cash Bonus Plan is to provide a tax-deductible, performance-based bonus for Mr. Toll, paid partly in accordance with a formula that is based on our financial success and partly on the basis of one or more performance goals, all as part of an integrated compensation program which is intended to assist us in motivating and retaining the leadership of our co-founder, Robert I. Toll.

The Cash Bonus Plan has two components—a Company performance component (Company Performance Bonus) and an individual performance component (referred to in the Cash Bonus Plan and this CD&A as the Plan Year Performance Bonus). The formula for determining the Company Performance Bonus is set forth in the Cash Bonus Plan and is equal to 2.0% of our pre-tax income before bonus for the applicable fiscal year.

The Plan Year Performance Bonus under the Cash Bonus Plan is determined annually by the Compensation Committee, based on the achievement of one or more performance goals established by the Compensation Committee at the beginning of each fiscal year using various business criteria as set forth in the Cash Bonus Plan. In no event can the total amount of the Plan Year Performance Bonus exceed the greater of \$5.2 million or 1/10 of 1% of our gross revenues for the applicable fiscal year. The Compensation Committee, in its sole discretion, has the power to reduce or completely eliminate, but not increase, the Plan Year Performance Bonus.

Bonuses under the Cash Bonus Plan may be paid in cash, in shares of our common stock or both; the method of payment is determined by the Compensation Committee. In addition, in no event may the sum of the

**Table of Contents**

Company Performance Bonus and the Plan Year Performance Bonus (cash and fair market value of stock) exceed \$8.5 million in any fiscal year.

*Fiscal 2011 Company Performance Bonus Determination.* In fiscal 2011, we did not have pre-tax income; therefore, Mr. Toll was not entitled to a Company Performance Bonus under the terms of the Cash Bonus Plan.

*Fiscal 2011 Plan Year Performance Bonus Determination.* At the beginning of fiscal 2011, the Compensation Committee established that eligibility for the full amount available to Mr. Toll under the Plan Year Performance Bonus was conditioned upon our achievement of more than \$1.1 billion in consolidated revenues in fiscal 2011, and eligibility for 80% of the amount available to Mr. Toll under the Plan Year Performance Bonus was conditioned upon our achievement of at least \$880 million in consolidated revenues in fiscal 2011. The Compensation Committee met in October 2011 and determined that we had achieved more than \$1.1 billion in consolidated revenues (our actual fiscal 2011 consolidated revenues were \$1.48 billion) during fiscal 2011 and, therefore, the maximum amount (\$5.2 million) was available for the Plan Year Performance Bonus. The Compensation Committee then made a subjective evaluation of Mr. Toll's performance during fiscal 2011, considering his overall leadership, and concluded that he had made remarkable contributions to the outstanding management and performance of the Company, both with respect to the Company's strategic planning and its day-to-day issues, during the continued downturn in the economy and the homebuilding industry. The Compensation Committee also determined that Mr. Toll's performance in fiscal 2011 merited long-term incentive compensation awards, which were granted in December 2011 and are further described below under *Looking Ahead* Fiscal 2012 Compensation.

***Annual Incentive Bonus* Messrs. Yearley, Barzilay and Connor**

*Description of Senior Officer Plan.* At the beginning of our 2010 fiscal year, the Board and the Compensation Committee developed the Senior Officer Plan as a replacement for the Executive Officer Bonus Plan. In doing so, they determined that the Senior Officer Plan should be sufficiently flexible to allow the Compensation Committee to make awards in appropriate amounts and with appropriate performance periods and performance goals to whichever officers the Compensation Committee designates as plan participants. The Senior Officer Plan, subsequently approved by our stockholders at the 2010 annual meeting, was in effect during fiscal 2011. The awards paid under the Senior Officer Plan are designed to be qualified performance-based compensation under Section 162(m) of the Code for participants.

The Senior Officer Plan is designed to permit us to pay participants incentive compensation based upon the achievement of one or more pre-established performance goals. The Compensation Committee has designated the CEO, COO and CFO as participants in the Senior Officer Plan and has concluded that it will not designate Robert I. Toll as a participant in that plan as long as he participates in the Cash Bonus Plan. At or after the end of each performance period, the Compensation Committee determines whether and to what extent the performance goals have been achieved and calculates the amount of the award that could be paid to each participant, if any, based upon the levels of achievement of the relevant performance goals and the objective formula or method established with respect to such performance period. In order to ensure tax deductibility of all awards under the Senior Officer Plan, the Compensation Committee has established that no award payable under the Senior Officer Plan can exceed \$8.5 million (the Award Cap). Additionally, in no event will the maximum aggregate amount payable to any participant with respect to awards that have performance periods that end in the same fiscal year exceed two times the Award Cap, regardless of the number of awards that would otherwise be payable in that fiscal year (the Annual Payment Cap). Awards that are limited under the Annual Payment Cap may not be carried over and paid during a subsequent fiscal year. The Compensation Committee has no discretion to increase the amount of any awards beyond the Award Cap or the Annual Payment Cap, as applicable, but may, in its sole discretion, reduce or completely eliminate an award based on such facts and circumstances as it deems relevant. Awards under the Senior Officer Plan may be paid in cash, equity or a combination of the two. The equity portion of any award under the Senior Officer Plan may be paid in shares of restricted stock, shares of unrestricted stock or restricted or unrestricted stock units, all of which will be issued from the Employee Plan or a successor plan. To the extent an award is settled with equity, the equity is valued as of the end of the performance period for the award.

*Fiscal 2011 Performance Goal.* For fiscal 2011, the Compensation Committee established that eligibility for the full amount available to each of Messrs. Yearley, Barzilay, and Connor under the Senior Officer Plan was conditioned upon our achievement of at least \$1.1 billion in consolidated revenues in fiscal 2011 and eligibility for 80% of the amount available to each of Messrs. Yearley and Barzilay under the Senior Officer Plan was conditioned upon our achievement of at least \$880 million in consolidated revenues in fiscal 2011. The Compensation Committee met in December 2011 and determined that we had exceeded the requisite consolidated revenues during fiscal 2011 and, therefore, the maximum amount was potentially available to each of Messrs. Yearley, Barzilay and Connor. In determining the actual bonus amounts to be paid, the Compensation Committee then made a subjective evaluation regarding the overall individual performance of each of Messrs. Yearley, Barzilay and Connor during fiscal 2011, in light of the current difficult industry conditions. The Compensation Committee particularly noted the contributions of Messrs. Yearley, Barzilay and Connor to the Company's achievements described under the Executive Summary section.

The Compensation Committee believed that, by surpassing the established minimum financial performance goal and by performing in an outstanding manner in fiscal 2011, Messrs. Yearley, Barzilay and Connor merited bonuses for fiscal 2011 performance of \$1,250,000, \$1,250,000, and \$225,000, respectively. The Committee also determined that such amounts were reasonable in light of current economic conditions and comparisons within our industry and in establishing improved parity among the bonuses of the Executive Chairman, CEO and COO. The Compensation Committee particularly noted, with respect to Mr. Yearley, his leadership in his first full year as the CEO and his ranking as the second-best chief executive officer in the Homebuilders & Building Products sector by the buy-side community in Institutional Investor magazine's 2012 annual survey and, with respect to Mr. Connor, his leadership in the first full year as the CFO and his ranking as the best chief financial officer in the Homebuilders & Building Products sector by the buy-side community in Institutional Investor magazine's 2012 annual survey. In addition, the Compensation Committee believed the individual performances of Messrs. Yearley, and Connor in fiscal 2011 merited long-term incentive compensation awards, which were granted in December 2011 and are further described below under Looking Ahead Fiscal 2012 Compensation.

***Long-Term Incentive Compensation***

The Compensation Committee does not use constant criteria from year to year in the granting of equity compensation. The Compensation Committee takes into consideration the Company's performance and makes subjective determinations of the effectiveness of each NEO and the extent of his contributions to our success and, based on that determination, awards equity compensation.

Equity compensation to any of our employees, including our NEOs, may be either in the form of stock options, stock appreciation rights, stock awards or stock units (which may be restricted, unrestricted or performance-based), in accordance with the terms of our stockholder-approved Employee Plan. Stock options for all employees, including NEOs, are granted and priced on a date in the last two weeks of December that is determined in advance by the Compensation Committee.

The Compensation Committee's primary purposes and objectives when granting equity compensation to our NEOs under the Employee Plan are to:

serve as a particular incentive for NEOs to devote themselves to our future success by providing NEOs with an opportunity to increase their proprietary interest in the Company;

motivate NEOs to achieve long-term financial results, such as improved financial or other performance, that may ultimately cause an increase in the market price of our stock.

give overall NEO compensation an appropriate balance between long-term and short-term compensation;

retain NEOs in our employ; and

protect us by providing for forfeiture of unexercised stock options in the event that the NEO retires, or otherwise leaves our employ, and competes with us.

---

## **Table of Contents**

**Stock Options.** During fiscal 2011, the Compensation Committee granted stock options to each of the NEOs, as set forth in the Grants of Plan-Based Awards during Fiscal 2011 table on page 34 in this proxy statement. These grants were awarded at the beginning of fiscal 2011 in recognition of the respective NEO's service during fiscal 2010. The Compensation Committee chose to grant these options to each of the NEOs in order to further the Compensation Committee's objectives, as set forth above. Because the options were granted with exercise prices equal to the fair market value of the underlying common stock on the date of the grant, any value that ultimately accrues to the grantee is based entirely upon our future performance, as perceived by investors who establish the market price of our common stock.

The term of these options is 10 years from the date of the grant and the options vest in equal amounts over a four year period, beginning on the first anniversary of the date of the grant. Options would continue to vest and be exercisable for the remainder of the 10-year term upon death, disability or, in most cases, retirement, and would fully vest upon a change of control of the Company. In addition, all unexercised stock options, vested and unvested, granted to NEOs are subject to forfeiture in the event that, after the NEO retires or otherwise leaves our employ, the NEO competes with us.

**Performance-Based Restricted Stock Unit.** During early fiscal 2011, the Compensation Committee, in recognition of emerging practices in the area of equity compensation, awarded Messrs. Toll, Yearley and Connor performance-based Restricted Stock Units ( RSUs ) relating to 200,000, 100,000 and 6,000 shares, respectively, of our common stock in addition to granting stock options. The awards were valued based on the closing price of our common stock on the NYSE on December 20, 2010. The RSUs are performance-based and will only vest if (1) the average closing price of our common stock on the NYSE, measured over any 20 consecutive trading days ending on or prior to December 20, 2015, increases 30% or more over the closing price of our common stock on the NYSE on December 20, 2010 and (2) the executive continues to be employed by us or serve as a member of our Board until December 20, 2013. The performance-based RSUs will also vest if the executive dies or becomes disabled, or we experience a change of control prior to satisfaction of the aforementioned performance criteria. The Compensation Committee chose to award these performance-based RSUs and selected the increase in stock price and continued service as its vesting criteria in an effort to retain the executives and motivate them to continue to lead us in such a manner that will cause a sustained increase in our stock price and to further align their financial interests with those of our stockholders. As of the date of this proxy statement, none of the vesting criteria has been satisfied.

### ***Benefits and Perquisites***

We provide all of our employees (after 60 days of service with us), including our NEOs, with specified employee benefits programs. These include the opportunity to save for retirement through the Toll Brothers 401(k) Savings Plan (the 401(k) Plan ), which is more fully described below, and various health and welfare benefit programs, including medical, dental, life and long-term disability insurance. We share the cost of the above programs with our employees. Our NEOs participate in these programs on the same terms as our other employees. These programs are intended to promote the health and financial security of our employees and are provided at competitive market levels to attract, retain and reward employees.

**401(k) Savings Plan.** All employees, including our NEOs, after 60 days of service with us, are eligible to participate in the 401(k) Plan. The 401(k) Plan is a qualified retirement savings plan under Section 401(k) of the Code. Participants in the 401(k) Plan may contribute a portion of their compensation, subject to Internal Revenue Service ( IRS ) regulations and specified limitations applicable to highly compensated employees, as such term is defined in the Code. After a year of service, we may match a portion of each participant's contribution and also may make an annual discretionary contribution to each active participant's account. All of the NEOs were participants in the 401(k) Plan during fiscal 2011.

**Supplemental Executive Retirement Plan ( SERP ).** We also maintain a SERP, which provides retirement benefits to our NEOs. The Board's intention when adopting the SERP was to provide competitive retirement benefits, to protect against reductions in retirement benefits due to tax law limitations on qualified plans and to

encourage continued employment or service with us. For a discussion of the material terms of the SERP, please see Executive Compensation Tables Pension Benefits at October 31, 2011 Supplemental Executive Retirement Plan.

*Perquisites.* Perquisites did not constitute a material portion of the compensation paid to our NEOs for fiscal 2011. We provide our NEOs with limited perquisites and personal benefits that we and the Compensation Committee believe are consistent with our executive compensation philosophy and objectives. Each fiscal year, the Compensation Committee reviews and approves those perquisites which are to be provided to our NEOs. The Compensation Committee believes the perquisites for fiscal 2011, which included auto and gas allowances, insurance, and tax and financial statement preparation as more fully described in the Summary Compensation Table in this proxy statement, are reasonable and consistent with our past practices and consistent with general practices in our industry.

*Deferred Compensation Plan.* Our NEOs may elect to defer receipt of all or part of their cash compensation pursuant to the Toll Bros., Inc. Nonqualified Deferred Compensation Plan (the Deferred Compensation Plan). The Deferred Compensation Plan is open to certain management and highly compensated employees; all NEOs are eligible to participate in the Deferred Compensation Plan. Under the Deferred Compensation Plan, NEOs may elect, prior to the beginning of the year, to defer a portion of their cash compensation during any calendar year. They may select a fixed payment date or dates for payment of the deferred amounts, or elect to have such amounts paid upon termination of employment. We have the right under the Deferred Compensation Plan to make discretionary contributions for the benefit of any participant in the plan. We did not make any discretionary contributions under the Deferred Compensation Plan for any NEO in fiscal 2011. No new contributions to the Plan by employees are allowed for compensation earned after December 31, 2011.

Interest earned during fiscal 2011 on any NEO deferred compensation is included under Change in Pension Value and Nonqualified Deferred Compensation Earnings in the Summary Compensation Table in this proxy statement, and further information about NEO deferred compensation is contained in the Nonqualified Deferred Compensation at October 31, 2011 table in this proxy statement.

### **Employment Agreements, Change of Control Provisions and Severance Payments**

None of our NEOs has an employment agreement with us. We do not have a severance plan for our NEOs.

### ***Change of Control Provisions***

We have no change of control agreements relating to employment benefits or discrete benefits that arise simply from the change of control or severance related thereto; however, under our equity compensation plans and our SERP, awards and benefits are generally subject to special provisions upon a defined change of control transaction. Upon a change of control, any outstanding options, restricted stock, deferred cash or other plan awards will generally immediately vest and any restrictions will immediately lapse. Under the SERP, if there is a change of control of the Company, all participants in the SERP shall be fully vested in their SERP benefits and potentially eligible for a lump sum payout.

### **Tax and Accounting Implications**

*Tax Regulations.* Section 162(m) of the Code generally disallows a tax deduction to a public company for compensation over \$1 million paid to specified covered employees (its chief executive officer and to any of its three other most highly-compensated executive officers other than its chief financial officer). Performance-based compensation will not be subject to the deduction limitation if certain requirements set forth in the Code and applicable Treasury Regulations are met. We generally structure our compensation plans for our NEOs to comply with the performance-based compensation exemption requirements of Section 162(m) of the Code; however, since corporate objectives may not always be consistent with the requirements for full deductibility, the Board and the Compensation Committee may award non-deductible compensation to our NEOs as they deem appropriate.

**Table of Contents**

*Accounting Considerations.* When making decisions about executive compensation, the Compensation Committee also considers how elements of compensation will impact our financial results. We accrue our NEOs' salaries and estimated cash bonus awards as an expense during the performance year. For equity compensation grants, the Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 718 Compensation-Stock Compensation (ASC 718) requires us to recognize compensation expense for all share-based payment arrangements based upon the grant date fair value of those awards and period of vesting. In the Summary Compensation Table contained in this proxy statement, we are required to show the grant date fair value of the equity awards made to our NEOs in each fiscal year and to include this amount as part of the NEOs' total compensation. This number, while required by the SEC rules and important for understanding the impact of granting equity on our financial statements, may not accurately represent the value received by the NEO. For example, stock options have a compensation expense for accounting purposes, but do not have any value to an NEO unless the market value of our stock increases above the grant price of the stock option. In fact, options granted over the past six years to our NEOs were "under water" as of October 31, 2011 (that is, the exercise price of these options was higher than the closing price of our common stock on the NYSE on October 31, 2011). Similarly, stock awards and units fluctuate in value based on the market price of our common stock and may be worth more or less than the associated exercise date fair value. Performance-based stock awards and units, which do have grant date fair value, may never have any value to the recipient because the performance criteria may never be met.

**Looking Ahead Fiscal 2012 Compensation**

*Base Salaries.* In December 2011, the Compensation Committee determined that, for fiscal 2012, the base salary of Mr. Toll would be reduced to \$1 million, the base salary for Mr. Yearley would remain at \$1 million, and the base salary for Mr. Connor would be increased to \$700,000.

*Annual Incentive Bonuses.* Pursuant to the terms of the Cash Bonus Plan, Mr. Toll will be entitled to a Company Performance Bonus under the Cash Bonus Plan for fiscal 2012 equal to 2.0% of our fiscal 2012 income before taxes and will be eligible to receive a Plan Year Performance Bonus, which will be determined by evaluating Mr. Toll's performance in light of one or more performance goals established by the Compensation Committee in a manner consistent with prior periods. Similarly, pursuant to the terms of the Senior Officer Plan, Messrs. Yearley and Connor will be eligible to receive annual incentive bonuses for fiscal 2012 based upon our achievement of one or more performance goals established by the Compensation Committee in a manner consistent with prior periods.

*Long-Term Incentive Compensation.* The Compensation Committee met in December 2011 and decided to grant options to acquire 100,000 shares of common stock to Mr. Toll, options to acquire 120,000 shares of common stock to Mr. Yearley, and options to acquire 20,000 shares of common stock to Mr. Connor. Such grants were made as of December 20, 2011, have an exercise price of \$20.50 and will vest in equal installments over four years. The Compensation Committee also determined to award performance-based RSUs to some of our NEOs relating to 200,000 shares to Mr. Toll, 110,000 shares to Mr. Yearley, 22,000 shares to Mr. Connor, respectively. The RSUs were valued based on the closing price of our common stock on the NYSE on December 20, 2011. The RSUs granted to each NEO are divided equally into three performance metrics, such that one-third of the shares relating to the RSUs granted to the NEO are allocated to each performance metric, which has various levels of achievement in the fiscal 2012 performance period. In the event the threshold level of achievement is not achieved for a performance metric, none of the RSUs would be earned for that metric. Satisfaction of the various levels of achievement would earn between 90% and 110% of the RSUs allocated to that metric. In addition, each such RSU is subject to service vesting in equal amounts over four years from the date of grant and the RSUs will not be delivered until the end of the four year service vesting period, except as otherwise provided in the event of death, disability and change of control.

- (1) These columns present the aggregate grant date fair value of RSUs and stock options, respectively, granted in the indicated fiscal year, calculated in accordance with ASC 718 utilizing the assumptions discussed in Note 9 in the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended October 31, 2011. The calculation of these amounts disregards the estimate of forfeitures related to time-based vesting conditions. The amounts shown in these columns do not reflect compensation actually received by the NEOs. The actual value, if any, that a NEO may realize from an award is contingent upon the satisfaction of the conditions to vesting in that award and, for stock options, upon the excess of the share price over the exercise price, if any, on the date the options are exercised. Thus, there is no assurance that the value, if any, eventually realized by the NEOs will correspond to the amount shown in the table.

- (2) The award to Mr. Toll for fiscal 2011 and 2010 represents a Plan Year Performance Bonus determined by the Compensation Committee under the terms of the Cash Bonus Plan, as described on pages 26 and 27 of this proxy statement. Mr. Toll did not earn an award for fiscal 2009 under the terms of the Cash Bonus Plan. The awards for Messrs. Yearley, Barzilay and Connor for fiscal 2011, 2010 and 2009, as applicable, were earned based upon the terms of the Senior Officer Plan, as described on page 27 of this proxy statement, and the predecessor to that plan, the Executive Officer Bonus Plan. Mr. Barzilay elected to defer 20% of the 2009 award into his account in the Deferred Compensation Plan (see Nonqualified Deferred Compensation During Fiscal 2011 in this proxy statement).

- (3) The amounts in this column represent the increase in the actuarial present value of accumulated benefits under the SERP for each NEO and the amount of above-market interest earned on their respective balances, if applicable, in the Deferred Compensation Plan. The exact amounts attributed to the increase in actuarial present value of SERP benefits and above-market interest on deferred compensation are as follows (see also the Pension Benefits at October 31, 2011 table on page 37 of this proxy statement):
