2012 ANNUAL MEETING OF STOCKHOLDERS

OF

CAMPUS CREST COMMUNITIES, INC.

PROXY STATEMENT

QUESTIONS AND ANSWERS

Q: Why did I receive a Notice of Internet Availability of Proxy Materials?

A: Our board of directors is soliciting proxies to be voted at our annual meeting. The annual meeting will be held at the Renaissance Charlotte SouthPark Hotel, 5501 Carnegie Blvd, Charlotte, North Carolina 28209, on Monday, April 23, 2012, at 10:00 a.m., local time. Pursuant to rules promulgated by the Securities and Exchange Commission (SEC), we are providing access to our proxy materials over the Internet. On or about March 14, 2012, we are mailing either (i) a copy of this proxy statement, the accompanying proxy card, our annual report and the Notice of Internet Availability of Proxy Materials (the Notice), or (ii) the Notice only, to our stockholders of record on February 27, 2012. The Notice and this proxy statement summarize the information you need to know to vote by proxy or in person at the annual meeting. You do not need to attend the annual meeting in person in order to vote.

Q: When was the Notice mailed?

A: The Notice was mailed to stockholders beginning on or about March 14, 2012.

Q: Who is entitled to vote?

A: All common stockholders of record as of the close of business on February 27, 2012, the record date, are entitled to vote at the annual meeting.

Q: What is the quorum for the meeting?

A: A quorum at the annual meeting will consist of a majority of the votes entitled to be cast by the holders of all shares of common stock outstanding. No business may be conducted at the meeting if a quorum is not present. As of the record date, 31,024,665 shares of common stock were issued and outstanding. If less than a majority of outstanding shares entitled to vote are represented at the annual meeting, the chairman of the meeting may adjourn the annual meeting to another date, time or place, not later than 120 days after the original record date of February 27, 2012. Notice need not be given of the new date, time or place if announced at the meeting before an adjournment is taken.

Q: How many votes do I have?

A: You are entitled to one vote for each whole share of common stock you held as of the record date. Our stockholders do not have the right to cumulate their votes for directors.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: If your shares are registered in your name with our transfer agent, American Stock Transfer and Trust Company, LLC, you are the stockholder of record of those shares.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of those shares. The Notice and proxy statement and any accompanying documents have been forwarded to you by your broker, bank or other holder of record. As the beneficial owner, you have the right to direct your broker, bank or other holder of record how to vote your shares by using the voting instruction card or by following their instructions for voting by telephone or on the Internet.

Q: *How do I vote?*

A: Whether or not you plan to attend the annual meeting, we urge you to authorize your proxy to vote your shares over the Internet as described in the Notice. Alternatively, if you received a paper copy of the proxy card by mail please complete, date, sign and promptly return the proxy card in the self-addressed stamped envelope provided. You may also authorize your proxy to vote your shares by telephone as described in your proxy card. Authorizing your proxy over the Internet, by mailing a proxy card or by telephone will not limit your right to attend the annual meeting and vote your shares in person. Your proxy (one of the individuals named in your proxy card) will vote your shares per your instructions.

Q: *How do I vote my shares that are held by my broker?*

A: If you have shares held by a broker, you may instruct your broker to vote your shares by following the instructions that the broker provides to you. Most brokers allow you to authorize your proxy by mail, telephone and on the Internet.

Q: *What am I voting on?*

A: You will be voting on:

Proposal 1: the election of seven directors to hold office until our 2013 annual meeting of stockholders and until his successor has been elected and qualifies;

Proposal 2: the ratification of the appointment of KPMG LLP to act as our independent registered public accounting firm for year ending December 31, 2012; and

Proposal 3: the approval, by non-binding vote, of executive compensation.

In addition, you will be voting on such other business as may properly come before the annual meeting, including any adjournments or postponements thereof.

Q: *What vote is required to approve the proposals assuming that a quorum is present at the annual meeting?*

A: Proposal 1: Election of Directors	The election of the director nominees must be approved by a plurality of the votes cast.
Proposal 2: Ratification of Independent Auditors	Ratification of the appointment of auditors requires a majority of the votes cast.
Proposal 3: Advisory Vote Approving Executive Compensation	Advisory vote approving executive compensation requires a majority of the votes cast.

Q: *How are abstentions and broker non-votes treated?*

A: If you are a beneficial owner whose shares are held of record by a broker, you must instruct the broker how to vote your shares. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal

Edgar Filing: Campus Crest Communities, Inc. - Form DEF 14A

because that holder does not have discretionary voting power for that particular item (such as the election of directors and the approval of our executive compensation) and has not received instructions from the beneficial owner.

If you are a beneficial owner whose shares are held of record by a broker, your broker has discretionary voting authority under New York Stock Exchange (NYSE) rules to vote your shares on the ratification of KPMG LLP as our independent registered public accounting firm even if the broker does not receive voting instructions from you. However, your broker does not have discretionary authority to vote on the election of directors or on the advisory vote approving our executive compensation, in which case a broker non-vote will occur and your shares will not be voted on these matters.

Pursuant to Maryland law, abstentions and broker non-votes are counted as present for purposes of determining the presence of a quorum. For purposes of the election of directors and the votes on the proposals, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

Important: NYSE Rule 452 prohibits NYSE member organizations from giving a proxy to vote with respect to an election of directors without receiving voting instructions from a beneficial owner. Therefore, brokers will not be entitled to vote shares at the annual meeting with respect to the election of directors without instructions by the beneficial owner of the shares. Beneficial owners of shares held in broker accounts are advised that, if they do not timely provide instructions to their broker, their shares will not be voted in connection with the election of directors. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

Q: Will there be any other items of business on the agenda?

A: The board of directors does not know of any other matters that may be brought before the annual meeting nor does it foresee or have reason to believe that proxy holders will have to vote for substitute or alternate nominees for election to the board of directors. In the event that any other matter should come before the annual meeting or any nominee is not available for election, the persons named in the enclosed proxy will have discretionary authority to vote all proxies with respect to such matters in accordance with their discretion.

Q: What happens if I submit my proxy without providing voting instructions on all proposals?

A: Proxies properly submitted via the Internet, mail or telephone will be voted at the annual meeting in accordance with your directions. If the properly-submitted proxy (other than proxies submitted by an institution subject to NYSE Rule 452) does not provide voting instructions on a proposal, **the proxy will be voted as follows:**

to elect (FOR) each of the director nominees listed in Proposal 1 Election of Directors;

in favor of (FOR) Proposal 2 Ratification of Appointment of Independent Registered Public Accounting Firm; and

in favor of (FOR) Proposal 3 Advisory (Non-Binding) Vote Approving Executive Compensation.

Q: Will anyone contact me regarding this vote?

A: No arrangements or contracts have been made with any solicitors as of the date of this proxy statement, although we reserve the right to engage solicitors if we deem them necessary. Such solicitations may be made by mail, telephone, facsimile, e-mail or personal interviews.

Q: Who has paid for this proxy solicitation?

A:

Edgar Filing: Campus Crest Communities, Inc. - Form DEF 14A

We have paid the entire expense of preparing, printing and mailing the Notice and, to the extent requested by our stockholders, the proxy materials and any additional materials furnished to stockholders. Proxies may be solicited by our directors, officers or employees personally or by telephone without additional

compensation for such activities. We will also request persons, firms and corporations holding shares in their names or in the names of their nominees, which are beneficially owned by others, to send appropriate solicitation materials to such beneficial owners. We will reimburse such holders for their reasonable expenses.

Q: May stockholders ask questions at the annual meeting?

A: Yes. There will be time allotted at the end of the meeting when our representatives will answer questions from the floor.

Q: What does it mean if I receive more than one Notice?

A: It means that you have multiple accounts at the transfer agent or with brokers. Please submit all of your proxies over the Internet, following the instructions provided in the Notice, by mail or by telephone to ensure that all of your shares are voted.

Q: How many copies should I receive if I share an address with another stockholder?

The SEC has adopted rules that permit companies and intermediaries, such as a broker, bank or other agent, to implement a delivery procedure called householding. Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our proxy materials, unless the affected stockholder has provided us with contrary instructions. This procedure provides extra convenience for stockholders and cost savings for companies.

Our company and some brokers, banks or other agents may be householding our proxy materials. A single Notice and, if applicable, a single set of our proxy materials, including the proxy statement, the accompanying proxy card, our annual report and the Notice, will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker, bank or other agent that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If you did not respond that you did not want to participate in householding, you were deemed to have consented to the process. Stockholders may revoke their consent at any time by contacting Broadridge ICS, either by calling toll-free (800) 542-1061 or by writing to Broadridge ICS, Household Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, we will promptly deliver a separate copy of the Notice and, if applicable, a single set of our proxy materials, to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the Notice and, if applicable, our proxy materials, you may send a written request to Campus Crest Communities, Inc., 2100 Rexford Road, Suite 414, Charlotte, North Carolina 28211, Attention: Corporate Secretary or call (704) 496-2500. In addition, if you are receiving multiple copies of the Notice and, if applicable, our proxy materials, you can request householding by contacting our Corporate Secretary in the same manner.

Q: Can I change my vote after I have voted?

A: Yes. Proxies properly submitted over the Internet, by mail or by telephone do not preclude a stockholder from voting in person at the meeting. A stockholder may revoke a proxy at any time prior to its exercise by filing with our corporate secretary a duly executed revocation of proxy, by properly submitting, either by Internet, mail or telephone, a proxy to our corporate secretary bearing a later date or by appearing at the meeting and voting in person. Attendance at the meeting will not by itself constitute revocation of a proxy.

Q: Can I find additional information on the company's website?

A: Yes. Our website is located at www.campuscrest.com. Although the information contained on our website is not part of this proxy statement, you can view additional information on the website, such as our corporate governance guidelines, our code of business conduct and ethics, charters of our board committees and reports that we file with the SEC. A copy of our corporate governance guidelines, our code of business conduct and ethics and each of the charters of our board committees may be obtained free of charge by writing to Campus Crest Communities, Inc., 2100 Rexford Road, Suite 414, Charlotte, North Carolina, 28211, Attention: Corporate Secretary.

Board Leadership

The board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The board understands that there is no single, generally accepted approach to providing board leadership and the right board leadership structure may vary as circumstances warrant. Consistent with this understanding, our independent directors consider the board's leadership structure on an annual basis.

The board of directors will annually elect a chairman of the board, who may or may not be the chief executive officer of our company. Since our formation in 2010, Ted W. Rollins has served as our co-chairman of the board and chief executive officer and Michael S. Hartnett has served as our co-chairman of the board and chief investment officer. Messrs. Rollins and Hartnett are involved in both our day-to-day operations and the strategic decision making at the board level. Based on its most recent review of our leadership structure, the board continues to believe that this leadership structure is optimal for us because it provides our company with strong and consistent leadership. The board believes that having Messrs. Rollins and Hartnett serving in these positions provides us with decisive and effective leadership.

In considering its leadership structure, the board has taken a number of factors into account. The board, which consists of a majority of independent directors, exercises a strong, independent oversight function. This oversight function is enhanced by the fact that all of the board's committees—audit, compensation and nominating and corporate governance committees—are comprised entirely of independent directors. Further, as specified in our corporate governance guidelines (and as discussed in greater detail below), the board has designated one of its independent directors as the lead independent director, with significant responsibilities. A number of board and committee processes and procedures, including regular executive sessions of non-management directors and a regular review of our executive officers' performance, provide substantial independent oversight of our management's performance. Finally, under our bylaws and corporate governance guidelines, the board has the ability to change its structure, should that be deemed appropriate and in the best interest of our company and our stockholders. The board believes that these factors provide the appropriate balance between the authority of those who oversee our company and those who manage it on a day-to-day basis.

The co-chairmen of the board preside at all meetings of the stockholders and of the board as a whole. The co-chairmen perform such other duties, and exercise such powers, as from time to time shall be prescribed in our bylaws or by the board of directors. As discussed below, the lead independent director performs such duties as may be specified by the board and outlined in our corporate governance guidelines.

Lead Independent Director

As stated in our corporate governance guidelines, our board of directors annually elects a non-management and independent director to serve in a lead capacity to coordinate the activities of the other non-management and independent directors, and to perform any other duties and responsibilities that the board of directors may determine. Although annually elected, it is generally expected that he or she will serve for more than one year. Richard S. Kahlbaugh currently serves as our lead independent director.

The role of the lead independent director may include:

presiding at executive sessions, including coordinating the agendas for the sessions;

functioning as principal liaison on sensitive issues between the independent directors and management;

approving the appropriate provision of information sent to the board, including agenda items;

facilitating the board's approval of the number and frequency of board meetings, as well as meeting schedules, to assure that there is sufficient time for discussion;

authorizing the retention of outside advisors and consultants who report directly to the board of directors; and

if requested by stockholders, ensuring that he/she is available, when appropriate, for consultation and direct communication.

Director Independence

Under the enhanced corporate governance standards of the NYSE, at least a majority of our directors, and all of the members of our audit committee, compensation committee and nominating and corporate governance committee, must meet the test of independence. The NYSE standards provide that to qualify as an independent director, in addition to satisfying certain bright-line criteria, the board of directors must affirmatively determine that a director has no material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with the company). Our board of directors has affirmatively determined that each of Dr. Coles and Messrs. Kahlbaugh, McGlynn, Popeo and Simmons satisfies the bright-line independence criteria of the NYSE and that none has a relationship with us that would interfere with such person's ability to exercise independent judgment as a member of the board of directors. Therefore, we believe that all of these directors, who constitute a majority of our board of directors, are independent under the NYSE rules.

We have implemented procedures for interested parties, including stockholders, to communicate directly with our independent directors. We believe that providing a method for interested parties to communicate directly with our independent directors, rather than the full board of directors, would provide a more confidential, candid and efficient method of relaying any interested party's concerns or comments. See [Communication with the Board of Directors, Independent Directors and the Audit Committee](#).

Board Meetings

The board of directors held five meetings in 2011, the audit committee held eight meetings in 2011, the compensation committee held four meetings in 2011 and the nominating and corporate governance committee held one meeting in 2011. Each director attended more than 75% of the board meetings and each director's respective committee meetings in 2011. The board of directors does not have a policy with respect to directors' attendance at annual meetings of stockholders.

As required by the NYSE rules, the independent directors of our board regularly meet in executive session, without management present. Generally, these executive sessions follow after each meeting of the board and each committee meeting. In 2011, the independent directors of the board met in executive session without management present four times. Our lead independent director presides over such independent, non-management sessions of the board.

Board Committees

Our board of directors has appointed an audit committee, a compensation committee and a nominating and corporate governance committee and has adopted a written charter for each of these committees. Each of these committees has three directors and is composed exclusively of independent directors, as required by and defined in the rules and listing qualifications of the NYSE and, with respect to the members of the audit committee, Rule 10A-3 promulgated pursuant to the Securities Exchange Act of 1934, as amended (the Exchange Act). Moreover, to the extent required by Rule 16b-3 of the Exchange Act, our compensation committee is composed exclusively of non-employee directors who qualify as outside directors for purposes of Section 162(m) of the Internal Revenue Code. Our board of directors may from time to time establish other committees to facilitate the management of our company.

Audit Committee

Our audit committee consists of Richard S. Kahlbaugh, Denis McGlynn and William G. Popeo, each of whom is an independent director. Each member of the audit committee is financially literate and able to read and understand fundamental financial statements. William G. Popeo chairs our audit committee and serves as our audit committee financial expert, as that term is defined by the SEC. Our audit committee assists the board in overseeing, among other things:

our system of internal controls;

our accounting and financial reporting processes;

the integrity and audits of our consolidated financial statements;

our compliance with legal and regulatory requirements;

the qualifications and independence of our independent auditors; and

the performance of our independent auditors and any internal auditors.

Our audit committee also is responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. The audit committee has the power to investigate any matter brought to its attention within the scope of its duties and to retain counsel for this purpose where appropriate.

Our board of directors has adopted a policy for the review and approval of related person transactions requiring disclosure under Rule 404(a) of Regulation S-K. The policy provides that the audit committee is responsible for reviewing and approving or disapproving all interested transactions, including any transaction, arrangement or relationship in which (i) the amount involved may be expected to exceed \$120,000 in any fiscal year, (ii) we will be a participant and (iii) a related person has a direct or indirect material interest. A related person is defined as an executive officer, director or nominee for election as director, or a greater than 5% beneficial owner of our common stock, or an immediate family member of the foregoing.

In addition, we have a written code of business conduct and ethics that covers a wide range of business practices and procedures and that establishes guidelines for our directors, officers and employees, including standards for many situations where potential conflicts of interest may arise. Our code of business conduct and ethics requires all directors, officers and employees to report any transactions or relationships that reasonably could be expected to give rise to a conflict of interest to the chairman of the audit committee or our chief financial officer or through our whistleblower hotline. In addition, our corporate governance guidelines require that each member of our board of directors consult the nominating and corporate governance committee in advance of

accepting an invitation to serve on another company's board. Because the facts and circumstances regarding potential conflicts are difficult to predict, the board of directors has not adopted a written policy for evaluating conflicts of interests. In the event a conflict of interest arises, the board will review, among other things, the facts and circumstances of the conflict, our applicable corporate governance policies, the effects of any potential waivers of those policies, applicable state law, and the NYSE continued listing rules and regulations, and will consider the advice of counsel, before making any decisions regarding the conflict.

The audit committee held eight meetings in 2011.

Compensation Committee

Our compensation committee consists of N. Anthony Coles, Denis McGlynn and Daniel L. Simmons, each of whom is an independent director. Denis McGlynn chairs our compensation committee. The principal functions of our compensation committee include:

evaluating the performance of our officers;

establishing overall employee compensation policies and recommending, as appropriate or necessary, to our board of directors major compensation programs;

reviewing and approving the compensation payable to our named executive officers, including salary and bonus awards and awards under our 2010 Equity Incentive Compensation Plan;

administering our 2010 Equity Incentive Compensation Plan and any other compensation plans, policies and programs of ours;

assisting management in complying with our proxy statement and annual report disclosure requirements; and

discharging the board's responsibilities relating to compensation of our directors.

The compensation committee held four meetings in 2011.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of N. Anthony Coles, Richard S. Kahlbaugh and Daniel L. Simmons, each of whom is an independent director. Richard S. Kahlbaugh chairs our nominating and corporate governance committee. The principal functions of our nominating and corporate governance committee include:

seeking, considering and recommending to our board of directors qualified candidates for election as directors, recommending a slate of nominees for election as directors at the annual meeting of stockholders and verifying the independence of directors;

recommending to our board of directors the appointment of each of our executive officers;

periodically preparing and submitting to our board of directors for adoption the committee's selection criteria for director nominees;

reviewing and making recommendations on matters involving the general operation of our board of directors and our corporate governance;

annually recommending to our board the nominees for each committee of the board; and

annually facilitating the assessment of our board of directors' performance as a whole and of the individual directors and report thereon to our board.

The nominating and corporate governance committee held one meeting in 2011.

Risk Management

Our board of directors takes an active and informed role in our risk management policies and strategies. At least annually, our executive officers, who are responsible for our day-to-day risk management practices, present to the board of directors a comprehensive report on the material risks to our company, including credit risk, liquidity risk and operational risk. At that time, the management team also reviews with the board of directors our risk mitigation policies and strategies specific to each risk that is identified. If necessary, our board of directors may delegate specific risk management tasks to management or an appropriate committee. Throughout the year, management monitors our risk profile and, on a regular basis, updates the board of directors as new material risks are identified or the aspects of a risk previously presented to the board materially change. The nominating and corporate governance committee, subject to the review of the audit committee, also actively monitors risks to our company throughout the year, and with the aid of management, identifies any additional risks that need to be elevated for the full board's consideration.

Nomination of Directors

Before each annual meeting of stockholders, the nominating and corporate governance committee considers the nomination of all directors whose terms expire at the next annual meeting of stockholders and also considers new candidates whenever there is a vacancy on the board or whenever a vacancy is anticipated due to a change in the size or composition of the board, a retirement of a director or for any other reasons. In addition to considering incumbent directors, the nominating and corporate governance committee may identify director candidates based on recommendations from the directors and executive officers. The committee may in the future engage the services of third-party search firms to assist in identifying or evaluating director candidates. No such firm was engaged in 2011.

The nominating and corporate governance committee evaluates annually the effectiveness of the board as a whole and of each individual director and identifies any areas in which the board would be better served by adding new members with different skills, backgrounds or areas of experience. The nominating and corporate governance committee and the board of directors consider director candidates based on a number of factors including:

whether the candidate will be independent, as such term is defined by the NYSE listing standards;

whether the candidate has a general understanding of marketing, finance, corporate strategy and other elements relevant to the operation of a publicly-traded company in today's business environment;

the candidate's character, including whether the candidate possesses high personal and professional ethics, integrity and values;

the candidate's educational and professional background, including whether the candidate has demonstrated leadership ability, with broad experience, diverse perspectives, and the ability to exercise sound business judgment;

whether the candidate has an understanding of our business, including experience in areas important to the operations of our company; and

whether the candidate provides a diversity of viewpoints, background, experience and demographics as compared the current members of the board.

Candidates are also evaluated based on their understanding of our business and willingness to devote adequate time to carrying out their duties. The nominating and corporate governance committee also monitors the mix of skills, experience and background to assure that the board has the necessary composition to effectively perform its oversight function. As noted immediately above, diversity characteristics of a candidate are just one of several factors considered by the committee when evaluating director candidates. A candidate will neither be included nor excluded from consideration solely based on his or her diversity traits. The nominating and corporate governance committee conducts regular reviews of current directors in light of the considerations described above and their past contributions to our board of directors. The board reviews the effectiveness of its director candidate nominating policies annually.

The nominating and corporate governance committee will consider appropriate nominees for directors whose names are submitted in writing by a stockholder of our company. Director candidates submitted by our stockholders will be evaluated by the nominating and corporate governance committee on the same basis as any other director candidates. We did not receive any nominations of directors by stockholders for the 2012 annual meeting.

Nominations must be addressed to Campus Crest Communities, Inc., 2100 Rexford Road, Suite 414, Charlotte, North Carolina 28211, Attn: Donald L. Bobbitt, Jr., Corporate Secretary, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as director, if elected. In order to be considered for the next annual election of directors, any such written request must comply with the requirements set forth in our bylaws and below under "Stockholder Proposals."

Compensation Committee Interlocks and Insider Participation

The compensation committee consists of N. Anthony Coles, Denis McGlynn and Daniel L. Simmons. None of the members of our compensation committee is or has been employed by us. None of our executive officers currently serves, or in the past three years has served, as a member of the compensation committee of another entity that has one or more executive officers serving on our board of directors or compensation and governance committee. No member of the compensation committee has any other business relationship or affiliation with us (other than his service as a director).

Director Compensation for 2011

We pay a \$10,000 annual director's fee to each of our independent directors in cash. Each independent director also receives a fee of \$2,500 for attendance at every in-person meeting of our board of directors and committee of our board of directors (unless a committee meeting is on the same day as a board meeting) and a fee of \$1,000 for attendance at every telephonic meeting of our board of directors and committee of our board of directors (unless a committee meeting is on the same day as a board meeting), up to a maximum of \$15,000 per year. In addition, we pay an additional annual fee of \$10,000 to the chair of our audit committee, an additional annual fee of \$6,000 to the chair of each of our compensation committee and our nominating and corporate governance committee, and an additional annual fee of \$15,000 to our lead independent director. Our independent directors are also eligible to receive awards under our 2010 Equity Incentive Compensation Plan. Further, all members of our board of directors are reimbursed for their reasonable out-of-pocket costs and expenses in attending all meetings of our board of directors and its committees.

Our board of directors (or a duly formed committee thereof) may revise our non-employee directors' compensation in its discretion.

The following table summarizes the compensation that we paid to our independent directors in 2011:

**PROPOSAL 2: RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee of our board of directors has selected the accounting firm of KPMG LLP to serve as our independent registered public accountants for the year ending December 31, 2012, and the board of directors is asking stockholders to ratify this appointment. Although current law, rules and regulations, as well as the audit committee charter, require the company's independent auditor to be engaged, retained and supervised by the audit committee, the board of directors considers the selection of the independent auditor to be an important matter of stockholder concern and is submitting the selection of KPMG LLP for ratification by stockholders as a matter of good corporate practice. KPMG LLP has served as our independent registered public accountants since our formation in March 2010 and is considered by our management to be well qualified. A representative of KPMG LLP will be present at the annual meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

Fee Disclosure

The following is a summary of the fees billed to our company by KPMG LLP for professional services rendered for the years ended December 31, 2011 and 2010:

	Year Ended December 31, 2011	Year Ended December 31, 2010
Audit Fees	\$ 530,850	\$ 1,051,308
Audit-Related Fees		
Tax Fees	207,660	164,252
All Other Fees		
Total	\$ 738,510	\$ 1,215,560

Audit Fees

Audit Fees consist of fees and related expenses billed for professional services rendered for the audit of the financial statements and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings or engagements. For example, audit fees included fees for professional services rendered in connection with quarterly and annual reports, and the issuance of consents by KPMG LLP to be named in our registration statements and to the use of their audit report in the registration statements.

Tax Fees

Tax Fees consist of fees and related expenses billed for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal and state tax compliance and tax planning and structuring.

Audit-Related Fees and All Other Fees

Audit-Related Fees and All Other Fees consist of fees and related expenses for products and services other than services described under Audit Fees and Tax Fees. KPMG LLP did not provide any such products or services for us during the years ended December 31, 2011 and 2010.

Pre-Approval Policy

All audit, tax and other services provided to us were reviewed and pre-approved by the audit committee or a member of the audit committee designated by the full committee to pre-approve such services. The audit committee or designated member concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

The board of directors recommends a vote FOR the ratification of the appointment of the independent registered public accountants.

AUDIT COMMITTEE REPORT

The following is a report by our audit committee regarding the responsibilities and functions of our audit committee.

The audit committee oversees the company's financial reporting process on behalf of the board of directors, in accordance with the audit committee charter. Management is responsible for the company's financial statements and the financial reporting process, including implementing and maintaining effective internal control over financial reporting and for the assessment of, and reporting on, the effectiveness of internal control over financial reporting. The company's independent registered public accounting firm, KPMG LLP, is responsible for expressing opinions on the conformity of the company's audited financial statements with accounting principles generally accepted in the United States of America and on the effectiveness of the company's internal control over financial reporting.

In fulfilling its oversight responsibilities, the audit committee reviewed with management and KPMG LLP the audited financial statements for the year ended December 31, 2011 and the reports on the effectiveness of the company's internal control over financial reporting as of December 31, 2011 contained in the company's Annual Report on Form 10-K for the year ended December 31, 2011, and discussed with management the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements. The audit committee also reviewed and discussed with management and KPMG LLP the disclosures made in Management's Discussion and Analysis of Financial Condition and Results of Operations and Controls and Procedures included in the Annual Report on Form 10-K for the year ended December 31, 2011.

In addition, the audit committee received and discussed the written disclosures and the letter from KPMG LLP that are required by applicable requirements of the Public Company Accounting Oversight Board regarding the firm's communications with the audit committee concerning independence, discussed with KPMG LLP the firm's independence from management and the audit committee, and discussed with KPMG LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In reliance on the reviews and discussions referred to above, prior to the filing of the company's Annual Report on Form 10-K for the year ended December 31, 2011 with the SEC, the audit committee recommended to the board of directors (and the board approved) that the audited financial statements be included in such Annual Report for filing with the SEC.

The members of the audit committee are not professionally engaged in the practice of auditing or accounting. Members of the audit committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent registered public accountants. Accordingly, the audit committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the audit committee's considerations and discussions referred to above do not assure that the audit of the company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that KPMG LLP is in fact independent.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

The following describes our 2011 compensation program for our named executive officers, which includes Ted W. Rollins, our co-chairman and chief executive officer, Michael S. Hartnett, our co-chairman and chief investment officer, Earl C. Howell, our president and chief operating officer, Donald L. Bobbitt, Jr., our executive vice president and chief financial officer, and Robert Dann, our executive vice president and division president Campus Crest Real Estate Management and Campus Crest Development. The following discussion and analysis should be read together with the tables and related footnote disclosures detailed below.

Executive Compensation Program Objectives

The primary objectives of our executive compensation program are to attract, motivate and retain talented, high-caliber executives necessary to lead us in achieving business success, and to align their compensation with our short-term and long-term goals. To do this, our compensation program for executive officers is made up of the following components: (i) base salary, designed to compensate our executive officers for work performed during the fiscal year; (ii) annual cash bonuses, designed to reward our executive officers for our yearly performance and for their individual performance during the fiscal year; and (iii) equity-based awards under our 2010 Equity Incentive Compensation Plan, meant to align our executive officers' interests with our long-term performance. For all named executive officers, compensation is intended to be significantly performance-based, with a belief that compensation paid to executive officers should be closely aligned with the performance of our company on both a short-term and long-term basis, in order to create value for stockholders.

In establishing compensation for executive officers, the following summarizes our primary objectives:

attract and retain individuals of superior ability and managerial talent;

ensure senior officer compensation is aligned with our corporate strategies and business objectives and the long-term interests of our stockholders;

increase the incentive to achieve key strategic and financial performance measures by linking incentive award opportunities to the achievement of performance goals in these areas; and

enhance the officers' incentives to provide increased value to stockholders, as well as promote retention of key management personnel, by providing a portion of total compensation opportunities for senior management in the form of ownership in our company in the form of shares of our common stock and other equity and equity-based awards.

Taking into consideration the foregoing objectives, we structure total compensation for our executives to provide a guaranteed amount of cash compensation in the form of base salaries, while also providing a meaningful amount of annual cash compensation that is at risk and dependent on our performance and the individual performance of the executives, in the form of discretionary annual bonuses. We also seek to provide a portion of total compensation in the form of equity-based awards in order to align the interests of executives and other key employees with those of our stockholders, and for retention purposes.

Role of the Compensation Committee and Management

The compensation committee, pursuant to its charter, determines all performance goals and compensation decisions for the chief executive officer and determines compensation decisions for the other named executive officers, including decisions regarding non-equity compensation and equity awards. In doing so, the compensation committee consults with our chief executive officer, our chief investment officer and our chief operating officer and other officers as appropriate. The compensation committee believes it is valuable to consider the recommendations of our chief executive officer, chief investment officer and chief operating officer with respect to these matters because, given their knowledge of our operations, the student housing industry and the day-to-day responsibilities of our executive officers, they are in a unique position to provide the compensation committee perspective into the performance of our executive officers in light of our business at a given point in time.

The compensation committee is charged with, among other things, the responsibility of reviewing executive officer compensation policies and practices to ensure adherence to our compensation philosophies and that the total compensation paid to our executive officers is fair, reasonable and competitive, taking into account our competitive position within our industry and our named executive officers' level of expertise and experience in their positions. The compensation committee's primary responsibilities with respect to determining executive compensation are (i) setting performance targets under all annual bonus and long-term incentive compensation plans, including our 2010 Equity Incentive Compensation Plan; (ii) verifying that performance targets used for any performance-based equity compensation plans have been met before payment of any executive bonus or compensation; (iii) approving all amendments to, and terminations of, all compensation plans and any awards under such plans; (iv) granting any awards under any performance-based annual bonus, long-term incentive compensation and equity compensation plans to executive officers; (v) approving which executive officers and other employees receive awards under our equity and incentive compensation plans; and (vi) conducting an annual review of all compensation plans.

Compensation Committee Consideration of the 2011 Vote on Executive Compensation

In determining our executive compensation program for 2011, the compensation committee generally considered the results of the 2011 advisory vote of our stockholders on executive compensation presented in our 2011 proxy statement. The compensation committee noted that more than 98% of the votes cast approved the compensation of our named executive officers as described in our 2011 proxy statement. The compensation committee considered these voting results as supportive of the committee's general executive compensation practices.

Components and Criteria of Executive Compensation

The following narrative discusses the components of our named executive officer compensation program, including annual cash compensation, equity awards, and health and retirement benefits.

Annual Base Salary

Our named executive officers receive an annual base salary based on position-specific responsibilities, taking into account competitive market compensation for similar positions, the skills and experience of the individual, internal equity among executive officers and individual performance. For 2011, pursuant to the terms of each named executive officer's employment agreement, we paid each of Messrs. Rollins and Hartnett an annual base salary of \$300,000, Mr. Howell an annual base salary of \$260,000, Mr. Bobbitt an annual base salary of \$250,000, and Mr. Dann an annual base salary of \$290,000. In accordance with our normal executive compensation practices and consistent with the employment agreements with each named executive officer, effective January 1, 2012 we increased the annual base salaries of Messrs. Rollins, Hartnett and Howell to \$360,000, Mr. Bobbitt's annual base salary to \$290,000 and Mr. Dann's annual base salary to \$320,000.

Subject to the employment agreements, the compensation committee considers salary levels for our named executive officers annually as part of our performance review process as well as upon any promotion or other change in job responsibility. Changes in salary may reflect changes in the cost of living, changes in compensation paid by other employers, or the compensation committee's assessment, in consultation with our chief executive officer and our chief investment officer, of the individual's performance.

Annual Incentive Compensation Program

In addition to an annual base salary, we have an annual incentive compensation program that consists of discretionary cash bonuses and discretionary restricted stock awards. The awards are designed to incentivize our named executive officers at a variable level of compensation based on our and such individual's performance. In connection with the annual incentive compensation program, our compensation committee determines annual

performance criteria that are flexible and that change with the needs of our business. Our incentive compensation program is designed to reward the achievement of specific financial and operational objectives. Pursuant to the program and their several employment agreements, for 2011, our named executive officers were eligible for a cash bonus of between 50% and 100% of their base salary through December 31, 2011, and a restricted stock award of between 50% and 100% of their base salary through December 31, 2011, depending on their achievement of individualized performance goals and the relative weighting of the applicable goals. In some cases, our incentive compensation program sets a threshold goal for a minimum award and an outperformance goal for a greater award. Achievement in excess of the threshold goal results in a pro rata increase in the amount of the bonus or stock award attributable to that goal, up to the point where achievement equals or exceeds the outperformance goal.

The table below indicates the performance goals for each of our named executive officers and the relative weighting of each officer's goal. The footnotes to the table provide additional information about certain of the goals and indicate, if applicable, the threshold goal and the outperformance goal.

(1) FFO budget for 2011 was approximately \$24.0 million. Outperformance FFO budget for 2011 was approximately \$25.2 million. For purposes of our compensation plans, we calculate FFO in accordance with the definition that was adopted by the Board of Governors of NAREIT. FFO, as defined by NAREIT, represents net income (loss) determined in accordance with U.S. GAAP, excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated operating real estate assets, plus specified non-cash items, such as real estate asset depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

(2) Property NOI budget for 2011 was approximately \$33.6 million. Outperformance property NOI budget was approximately \$35.2 million. For purposes of our compensation plans, we calculate property NOI as property operating revenue (including student housing rental and services) less property-level operating expenses (including management fees and general and administrative expenses), excluding depreciation and amortization, impairments, gain/loss on sale of real estate, interest expense and other non-operating items.

(3) G&A costs budget for 2011 was approximately \$6.5 million.

- (6) Property-level expense budget for 2011 was approximately \$29.0 million. Outperformance property-level expense budget for 2011 was approximately \$27.6 million.
- (7) Pre-leasing goal for academic year 2012-2013 was 20% pre-leased by December 31, 2011.
- (8) Customer satisfaction measured in accordance with our customer surveys.

On October 19, 2011, Mr. Bobbitt was issued 8,056 vested shares of common stock in satisfaction of his vested interests in awards that were outstanding under the DCP.

Contractually-Required Restricted Stock Awards

On January 31, 2012, the compensation committee approved, pursuant to the terms of each named executive officer’s employment agreement entered into at the time of our formation transactions and initial public offering and our 2010 Equity Incentive Compensation Plan, we granted the following awards of restricted common stock to our named executive officers. These shares will vest ratably on each of the first, second and third anniversaries of the date of grant.

The initial term of the employment agreements is three years for each of Messrs. Rollins and Hartnett and two years for each of Messrs. Howell, Bobbitt and Dann. Each employment agreement provides for automatic one-year extensions after the expiration of its term, unless either party provides at least three months' notice of non-renewal.

In partial compensation for the loss incurred by Mr. Dann in connection with the sale of his house upon his relocation, Mr. Dann's employment agreement provided for a one-time grant of 6,916 shares of restricted common stock and a cash payment of \$73,936. These shares were granted on January 31, 2012 and vest 25% on the first anniversary, 25% on the second anniversary and 50% on the third anniversary of the date of grant.

The employment agreements provide for participation in any other employee benefit plans, insurance policies or contracts maintained by us relating to retirement, health, disability, vacation, auto and other related benefits.

None of the employment agreements contains an Internal Revenue Code Section 280G excise tax gross-up provision.

Potential Payments Upon Termination or Change of Control

Under their employment agreements, certain of our named executive officers are entitled to receive severance payments and benefits under certain circumstances in the event that his or her employment is terminated by us without cause or by the executive for good reason, or in the event of a change of control of us (each as defined in the applicable employment agreement). Howell, Bobbitt and Dann will be entitled to a lump sum cash payment equal to two times the sum of his then current annual base salary plus the bonus paid to him in the prior year (or, if no bonus was paid, 50% of his target bonus for the current year). Rollins, Hartnett, Howell, Bobbitt and Dann will be entitled to a cash payment equal to two times the sum of his then current annual base salary plus the bonus paid to him in the prior year (or, if no bonus was paid, 50% of his target bonus for the current year), payable in equal monthly installments over a period of 24 months after termination.

In addition, the employment agreements provide that if the executive is terminated either by us without cause or by the executive for good reason, with or without a change in control of us, or if the executive retires at or after the age of 63, then any unvested equity awards granted to such named executive officer shall immediately vest.

PROPOSAL 3: ADVISORY (NON-BINDING) VOTE

APPROVING EXECUTIVE COMPENSATION

We are presenting the following proposal, which gives you as a stockholder the opportunity to endorse or not endorse our executive compensation program for named executive officers by voting for or against the following resolution.

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Company's proxy statement for the 2012 annual meeting of stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosure.

While this vote is advisory and not binding on us, it will provide information to us and the compensation committee regarding stockholder sentiment about our executive compensation philosophy, policies and practices, which the compensation committee will be able to consider when determining executive compensation for the remainder of 2012 and beyond.

As described more fully in Executive Officer Compensation Compensation Discussion and Analysis, our executive compensation program is designed to attract, motivate and retain individuals with the skills required to formulate and drive our strategic direction and achieve annual and long-term performance necessary to create stockholder value. The program also seeks to align executive compensation with stockholder value on an annual and long-term basis through a combination of base pay, annual incentives and long-term incentives. Our practice of placing a significant portion of each executive's compensation at risk demonstrates this pay-for-performance philosophy.

We actively review and assess our executive compensation program in light of the industry in which we operate, the marketplace for executive talent in which we compete, and evolving compensation governance and best practices. We are focused on compensating our executive officers fairly and in a manner that promotes our compensation philosophy. Specifically, our compensation program for executive officers focuses on the following principal objectives:

align executive compensation with stockholder interests;

attract and retain talented personnel by offering competitive compensation packages;

motivate employees to achieve strategic and tactical corporate objectives and the profitable growth of our company; and

reward employees for individual and company performance.

The compensation committee believes that our executive compensation program satisfies these objectives, properly aligns the interests of our executive officers with those of our stockholders, and is worthy of stockholder support. In determining whether to approve this proposal, we believe that stockholders should consider the following:

Independent Compensation Committee. Executive compensation is reviewed and established by the compensation committee of the board of directors consisting solely of independent directors. The compensation committee meets in executive session, without executive officers present, in determining annual compensation.
