Ranking, Guarantees

The Notes will be PPL Capital Funding's unsecured and unsubordinated obligations and will rank equally in right of payment with PPL Capital Funding's existing unsecured and unsubordinated indebtedness and senior in right of payment to PPL Capital Funding's subordinated indebtedness. The Notes will be fully and unconditionally guaranteed by PPL Corporation as to payment of principal, premium, if any, and interest. The Guarantees will be PPL Corporation's unsecured obligations and will rank equally in right of payment with PPL Corporation's other unsecured and unsubordinated indebtedness. However, because PPL Corporation is a holding company, its obligations under the Guarantees will be effectively subordinated to existing and future liabilities of its subsidiaries. See Risk Factors.

Form and Denomination

The Notes will be initially issued in the form of one or more global securities, without coupons, in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof, and deposited with the Trustee on behalf of The Depository Trust Company (DTC), as depositary, and registered in the name of DTC or its nominee. See Description of the Notes General and Description of the Notes Book-Entry Only Issuance The Depository Trust Company.

Use of Proceeds

We expect to loan the net proceeds from the sale of the Notes to subsidiaries of PPL Corporation, which will use the funds for general corporate purposes.

Reopening of the Series

We may, without the consent of the Holders of the Notes, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms as the Notes, other than the date of issuance and, in some circumstances, the initial interest accrual date and the initial interest payment date, if applicable. Any such additional notes may, together with the Notes, constitute a single series of securities under the Indenture. See Description of the Notes General.

Governing Law

The Notes and the Indenture are governed by the laws of the State of New York, except to the extent the Trust Indenture Act shall be applicable.

Table of Contents

RISK FACTORS

Before making a decision to invest in the Notes, you should carefully consider the following risk factors, as well as the other information included in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference into this prospectus supplement and the accompanying prospectus.

Risks Relating to PPL Corporation's Businesses

See the risk factors set forth beginning on page 21 of PPL Corporation's Annual Report on Form 10-K for the year ended December 31, 2011 for a discussion of certain risks relating to PPL Corporation's businesses.

Risks Relating to the Notes

PPL Corporation's cash flow and ability to meet its obligations with respect to its Guarantees of the Notes largely depend on the performance of its subsidiaries. As a result, PPL Corporation's obligations with respect to its Guarantees of the Notes will be effectively subordinated to all existing and future liabilities of its subsidiaries.

PPL Corporation is a holding company and conducts its operations primarily through subsidiaries. Substantially all of its consolidated assets are held by such subsidiaries. Accordingly, its cash flow and its ability to meet its obligations under its Guarantees of the Notes are largely dependent upon the earnings of these subsidiaries and the distribution or other payment of such earnings to it in the form of dividends, loans or advances or repayment of loans and advances from it. The subsidiaries are separate and distinct legal entities and have no obligation to pay any amounts due on the Notes or to make any funds available for such payment.

Because PPL Corporation is a holding company, its obligations with respect to the Notes will be effectively subordinated to all existing and future liabilities of its subsidiaries. Therefore, its rights and the rights of its creditors, including rights of a holder of any Note, to participate in the assets of any subsidiary in the event that such a subsidiary is liquidated or reorganized will be subject to the prior claims of such subsidiary's creditors. To the extent that PPL Corporation may be a creditor with recognized claims against any such subsidiary, its claims would still be effectively subordinated to any security interest in, or mortgages or other liens on, the assets of the subsidiary and would be subordinated to any indebtedness or other liabilities of the subsidiary senior to that held by it. Although certain agreements to which PPL Corporation's subsidiaries are parties limit the ability to incur additional indebtedness, PPL Corporation and its subsidiaries retain the ability to incur substantial additional indebtedness and other liabilities.

The debt agreements of some of PPL Corporation's subsidiaries contain provisions that might restrict their ability to pay dividends, make distributions or otherwise transfer funds to PPL Corporation upon failing to meet certain financial tests or other conditions prior to the payment of other obligations, including operating expenses, debt service and reserves. PPL Corporation currently believes that all of its subsidiaries are in compliance with such tests and conditions. Further, if PPL Corporation elects to receive distributions of earnings from its foreign operations, PPL Corporation may incur United States taxes, net of any available foreign tax credits, on such amounts. Distributions to PPL Corporation from its international projects are, in some countries, also subject to withholding taxes.

An active trading market for the Notes may not develop.

There is no existing market for the Notes. We cannot assure that an active trading market for the Notes will develop. There can be no assurances as to the liquidity of any market that may develop for the Notes, the ability of holders to sell their Notes or the price at which the holders will be able to sell their Notes. Future trading prices of the Notes will depend on many factors including, among other things, prevailing interest rates, our operating results and the market for similar securities.

USE OF PROCEEDS

We expect to loan the net proceeds from the sale of the Notes to subsidiaries of PPL Corporation, which will use the funds for general corporate purposes.

DESCRIPTION OF THE NOTES

The following summary description sets forth certain terms and provisions of the Notes that we are offering by this prospectus supplement. Because this description is a summary, it does not describe every aspect of the Notes or the Indenture under which the Notes will be issued, as described below. The Indenture is filed as an exhibit to the registration statement of which the accompanying prospectus is a part. The Indenture and its associated documents contain the full legal text of the matters described in this section. This summary is subject to and qualified in its entirety by reference to all of the provisions of the Notes and the Indenture, including definitions of certain terms used in the Indenture. We also include references in parentheses to certain sections of the Indenture. Whenever we refer to particular sections or defined terms of the Indenture in this prospectus supplement, such sections or defined terms are incorporated by reference herein. The Indenture has been qualified under the Trust Indenture Act, and you should refer to the Trust Indenture Act for provisions that apply to the Notes.

General

PPL Capital Funding will issue the Notes as a series of debt securities under an Indenture, dated as of November 1, 1997 (as such indenture has been and may be amended and supplemented from time to time, the Indenture), among PPL Capital Funding, PPL Corporation and The Bank of New York Mellon (as successor to JPMorgan Chase Bank, N.A. (formerly known as The Chase Manhattan Bank)), as trustee (the Trustee). We may issue an unlimited amount of Notes or other securities under the Indenture. The Notes and all other debt securities issued previously or hereafter under the Indenture are collectively referred to herein as the Indenture Securities.

The Notes will be unsecured and unsubordinated obligations of PPL Capital Funding and will rank equally in right of payment with PPL Capital Funding's existing unsecured and unsubordinated indebtedness and senior in right of payment to PPL Capital Funding's subordinated indebtedness. The Notes will be fully and unconditionally guaranteed (the Guarantees) by PPL Corporation as to payment of principal, premium, if any, and interest. The Guarantees will be PPL Corporation's unsecured obligations and will rank equally in right of payment with PPL Corporation's other unsecured and unsubordinated indebtedness.

The Notes will be issued in fully registered form only, without coupons. The Notes will be initially represented by one or more fully registered global securities (the Global Securities) deposited with the Trustee, as custodian for DTC, as depository, and registered in the name of DTC or DTC's nominee. A beneficial interest in a Global Security will be shown on, and transfers or exchanges thereof will be effected only through, records maintained by DTC and its participants, as described below under Book-Entry Only Issuance The Depository Trust Company. The authorized denominations of the Notes will be \$2,000 and any larger amount that is an integral multiple of \$1,000. Except in limited circumstances described below, the Notes will not be exchangeable for Notes in definitive certificated form.

The Notes are initially being offered in one series in the principal amount of \$400,000,000. We may, without the consent of the Holders of the Notes, increase the principal amount of the series and issue additional notes of such series having the same ranking, interest rate, maturity and other terms (other than the date of issuance and, in some circumstances, the initial interest accrual date and the initial interest payment dates, if applicable) as the Notes, provided that any such additional notes either shall be fungible with the original Notes for federal income tax purposes or shall be issued under a different CUSIP. Any such additional notes may, together with the Notes, constitute a single series of securities under the Indenture. The Notes and any additional notes of the same series having the same terms as the Notes offered hereby subsequently issued under the Indenture will be treated as a single class for all purposes under the Indenture, including, without limitation, voting waivers and amendments.

Table of Contents

Principal and Interest

The Notes will mature on June 15, 2022 (the Stated Maturity Date) and will bear interest from the date of original issuance at the rate of 4.20% per annum. Interest will be payable semi-annually on June 15 and December 15 of each year (each, an Interest Payment Date), commencing on December 15, 2012, and at maturity, whether at the Stated Maturity Date, upon redemption, or otherwise (Maturity). Subject to certain exceptions, the Indenture provides for the payment of interest on an Interest Payment Date only to persons in whose names the Notes are registered at the close of business on the Regular Record Date, which will be the June 1 and December 1 (whether or not a Business Day), as the case may be, immediately preceding the applicable Interest Payment Date; except that interest payable at Maturity will be paid to the person to whom principal is paid. Interest will be calculated on the basis of a 360-day year consisting of twelve 30-day months, and with respect to any period less than a full calendar month, on the basis of the actual number of days elapsed during the period.

Payment

So long as the Notes are registered in the name of DTC, as depositary for the Notes as described herein under Book-Entry Only Issuance The Depository Trust Company or DTC s nominee, payments on the Notes will be made as described therein.

If we default in paying interest on a Note, we will pay such interest either

on a special record date fixed by the Trustee between 10 and 15 days before the payment; or

in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the Notes may be listed for trading if deemed practicable by the Trustee. (See Section 307.)

We will pay principal, premium, if any, and interest on the Notes at Maturity upon presentation of the Notes at the corporate trust office of The Bank of New York Mellon in New York, New York, as our Paying Agent. In our discretion, we may change the place of payment on the Notes, and we may remove any Paying Agent and may appoint one or more additional Paying Agents (including us or any of our affiliates). (See Section 602.)

If any Interest Payment Date, Redemption Date or the Maturity of a Note falls on a day that is not a Business Day, the required payment of principal, premium, if any, and/or interest will be made on the next succeeding Business Day as if made on the date such payment was due, and no interest will accrue on such payment for the period from and after such Interest Payment Date, Redemption Date or the Maturity, as the case may be, to the date of such payment on the next succeeding Business Day. Business Day means any day, other than a Saturday or Sunday, that is not a day on which banking institutions or trust companies are generally authorized or required by law, regulation or executive order to close in The City of New York or other city in which any Paying Agent for the Notes is located. (See Section 113.)

Redemption

We may, at our option, redeem the Notes, in whole at any time or in part from time to time. If we redeem the Notes before March 15, 2022 (the date that is three months prior to the Stated Maturity Date), the Notes will be redeemed by us at a redemption price equal to the greater of:

(1) 100% of the principal amount of the Notes to be so redeemed; and

(2) as determined by the Quotation Agent, the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be so redeemed (not including any portion of such payments of interest accrued to the date of redemption) discounted to the Redemption Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate, plus 45 basis points;

Table of Contents

plus, in either of the above cases, accrued and unpaid interest on the principal amount being redeemed to, but not including, the Redemption Date.

If we redeem the Notes on or after March 15, 2022, the Notes will be redeemed by us at a redemption price equal to 100% of the principal amount of the Notes to be so redeemed, plus accrued and unpaid interest on the principal amount being redeemed to, but not including, the Redemption Date.

For purposes of calculating the redemption price, the following terms will have the meanings set forth below:

Adjusted Treasury Rate means, with respect to any Redemption Date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that Redemption Date.

Comparable Treasury Issue means the United States Treasury security selected by the Quotation Agent as having an actual or interpolated maturity comparable to the remaining term of the Notes to the Stated Maturity Date that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

Comparable Treasury Price means, with respect to any Redemption Date:

the average of five Reference Treasury Dealer Quotations for that Redemption Date, after excluding the highest and lowest Reference Treasury Dealer Quotations; or

if the Quotation Agent obtains fewer than five Reference Treasury Dealer Quotations, the average of all of those quotations received.

Quotation Agent means one of the Reference Treasury Dealers appointed by us.

Reference Treasury Dealer means:

each of BNP Paribas Securities Corp., Goldman, Sachs & Co., J.P. Morgan Securities LLC and UBS Securities LLC and their respective successors, unless any of them ceases to be a primary U.S. government securities dealer in the United States (a Primary Treasury Dealer), in which case we will substitute another Primary Treasury Dealer; and

any other Primary Treasury Dealer selected by us.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any Redemption Date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount), as provided to the Quotation Agent by that Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding that Redemption Date.

The Notes will not be subject to a sinking fund or other mandatory redemption and will not be repayable at the option of the Holder of a Note prior to the Stated Maturity Date.

Notes will be redeemable upon notice by mail between 30 and 60 days prior to the Redemption Date. If less than all of the Notes are to be redeemed, the Trustee will select the Notes for redemption in such manner as it deems fair and appropriate. (See Sections 403 and 404.)

Notes called for redemption will cease to bear interest on the Redemption Date. We will pay the redemption price and any accrued interest once you surrender the Note for redemption. (See Section 405.) If only part of a

Table of Contents

Note is redeemed, the Trustee will deliver to you a new Note for the remaining portion without charge. (See Section 406.)

Upon giving notice of redemption, PPL Capital Funding may make any redemption at its option conditional upon the receipt by the Paying Agent, on or prior to the date fixed for redemption, of money sufficient to pay the redemption price. If the Paying Agent has not received such money by the date fixed for redemption, such redemption notice shall be of no force and effect and we will not be required to redeem such Notes. (See Section 404.)

Form; Transfers; Exchanges

So long as the Notes are registered in the name of DTC, as depositary for the Notes as described herein under Book-Entry Only Issuance The Depository Trust Company or DTC's nominee, transfers and exchanges of beneficial interests in the Notes will be made as described therein. In the event that the book-entry only system is discontinued, and the Notes are issued in certificated form, you may exchange or transfer Notes at the corporate trust office of the Trustee. Notes presented or surrendered for registration of transfer or for exchange shall (if so required by us or the Trustee) be duly endorsed or shall be accompanied by a written instrument of transfer in the form satisfactory to us and the Trustee, duly executed by the Holder thereof or his attorney duly authorized in writing. The Trustee acts as our agent for registering Notes in the names of Holders and transferring debt securities. We may appoint another agent or act as our own agent for this purpose. The entity performing the role of maintaining the list of registered Holders is called the Security Registrar. It will also perform transfers. In our discretion, we may change the place for registration of transfer of the Notes and may remove and/or appoint one or more additional Security Registrars (including us or any of our affiliates). (See Sections 305 and 602.)

There will be no service charge for any transfer or exchange of the Notes, but you may be required to pay a sum sufficient to cover any tax or other governmental charge payable in connection therewith. We may block the transfer or exchange of (1) Notes during a period of 15 days prior to giving any notice of redemption or (2) any Note selected for redemption in whole or in part, except the unredeemed portion of any Note being redeemed in part. (See Section 305.)

Guarantees

PPL Corporation will fully and unconditionally guarantee the payment of principal, premium, if any, and any interest on the Notes, when due and payable, whether at the Stated Maturity Date, by declaration of acceleration, call for redemption or otherwise, in accordance with the terms of the Notes and the Indenture. The Guarantees will remain in effect until the entire principal, premium, if any, and interest on the Notes has been paid in full or otherwise discharged in accordance with the provisions of the Indenture. (See Article Fourteen.)

Events of Default

An Event of Default with respect to the Notes will occur if

we do not pay any interest on any Note within 30 days of the due date;

we do not pay principal or premium, if any, on any Note on its due date;

we remain in breach of a covenant (excluding covenants solely applicable to a specific series other than the Notes) or warranty of the Indenture for 90 days after we receive a written notice of default stating we are in breach and requiring remedy of the breach; the notice must be sent by either the Trustee or Holders of 25% of the aggregate principal amount of the outstanding Indenture Securities of the affected series; the Trustee or such Holders can agree to extend the 90-day period and such an agreement to extend will be automatically deemed to occur if we are diligently pursuing action to correct the default;

Table of Contents

PPL Corporation's Guarantees of the Notes cease to be effective (except in accordance with their terms), are found in any judicial proceeding to be unenforceable or invalid, or are denied or disaffirmed (except in accordance with their terms); or

we file for bankruptcy or certain other similar events in bankruptcy, insolvency, receivership or reorganization occur. (See Section 801.)

No Event of Default with respect to the Notes necessarily constitutes an Event of Default with respect to the Indenture Securities of any other series issued under the Indenture.

Remedies

Acceleration

Any One Series. If an Event of Default occurs and is continuing with respect to any one series of Indenture Securities, then either the Trustee or the Holders of 25% in principal amount of the outstanding Indenture Securities of such series may declare the principal amount of all of the Indenture Securities of such series to be due and payable immediately.

More Than One Series. If an Event of Default occurs and is continuing with respect to more than one series of Indenture Securities, then either the Trustee or the Holders of 25% of the aggregate principal amount of the outstanding Indenture Securities of all such series, considered as one class, may make such declaration of acceleration. Thus, if there is more than one series affected, the action by the Holders of 25% of the aggregate principal amount of the outstanding Indenture Securities of any particular series will not, in itself, be sufficient to make a declaration of acceleration. (See Section 802.)

Rescission of Acceleration

After the declaration of acceleration has been made and before the Trustee has obtained a judgment or decree for payment of the money due, such declaration and its consequences will be rescinded and annulled, if

we pay or deposit with the Trustee a sum sufficient to pay

all overdue interest;

the principal of and any premium on the Notes which have become due otherwise than by such declaration of acceleration and interest thereon;

interest on overdue interest to the extent lawful; and

all amounts due to the Trustee under the Indenture; and

all Events of Default, other than the nonpayment of the principal which has become due solely by such declaration of acceleration, have been cured or waived as provided in the Indenture.

No such rescission shall affect any subsequent Event of Default or impair any right consequent thereon. (See Section 802.) For more information as to waiver of defaults, see Waiver of Default and of Compliance below.

Table of Contents

Control by Holders; Limitations

Subject to the Indenture, if an Event of Default with respect to the Indenture Securities of any one series occurs and is continuing, the Holders of a majority in principal amount of the outstanding Indenture Securities of that series will have the right to

direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or

exercise any trust or power conferred on the Trustee with respect to the Indenture Securities of such series.

If an Event of Default is continuing with respect to more than one series of Indenture Securities, the Holders of a majority in aggregate principal amount of the outstanding Indenture Securities of all such series, considered as one class, will have the right to make such direction, and not the Holders of the Indenture Securities of any one of such series.

These rights of Holders to make direction are subject to the following limitations:

the Holders' directions may not conflict with any law or the Indenture; and

the Holders' directions may not involve the Trustee in personal liability where the Trustee believes indemnity is not adequate.

The Trustee may also take any other action it deems proper that is consistent with the Holders' direction. (See Sections 812 and 903.) With respect to Events of Default and other defaults in the performance of, or breach of, covenants in the Indenture that do not constitute Events of Default, if any such Event of Default or other default occurs and is continuing after any applicable notice and/or cure period, then the Trustee may in its discretion (and subject to the rights of the Holders to control remedies as described above and certain other conditions specified in the Indenture) bring such judicial proceedings as the Trustee shall deem appropriate or proper.

The Indenture provides that no Holder of any Indenture Security will have any right to institute any proceeding, judicial or otherwise, with respect to the Indenture for the appointment of a receiver or trustee, or for any other remedy thereunder, unless

that Holder has previously given the Trustee written notice of a continuing Event of Default;

the Holders of 25% in aggregate principal amount of the outstanding Indenture Securities of all affected series, considered as one class, have made written request to the Trustee to institute proceedings in respect of that Event of Default and have offered the Trustee reasonable indemnity against costs and liabilities incurred in complying with such request; and

for 60 days after receipt of such notice, the Trustee has failed to institute any such proceeding and no direction inconsistent with such request has been given to the Trustee during such 60-day period by the Holders of a majority in aggregate principal amount of outstanding Indenture Securities of all affected series, considered as one class.

Furthermore, no Holder will be entitled to institute any such action if and to the extent that such action would disturb or prejudice the rights of other Holders. (See Sections 807 and 903.)

However, each Holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right, and such rights shall not be impaired without the consent of such Holder. (See Sections 807 and 808.)

Table of Contents

Notice of Default

The Trustee is required to give the Holders of the Notes notice of any default under the Indenture to the extent required by the Trust Indenture Act, unless such default has been cured or waived; except that in the case of an Event of Default of the character specified above in the third bullet point under Events of Default, no such notice shall be given to such Holders until at least 75 days after the occurrence thereof. (See Section 902.) The Trust Indenture Act currently permits the Trustee to withhold notices of default (except for certain payment defaults) if the Trustee in good faith determines the withholding of such notice to be in the interests of the Holders.

PPL Capital Funding and PPL Corporation will furnish the Trustee with an annual statement as to their compliance with the conditions and covenants in the Indenture. (See Section 605.)

Waiver of Default and of Compliance

The Holders of a majority in principal amount of the outstanding Notes may waive, on behalf of the Holders of all outstanding Notes, any past default under the Indenture, except a default in the payment of principal or premium, if any, or interest, or with respect to compliance with certain provisions of the Indenture that cannot be amended without the consent of the Holder of each outstanding Indenture Security of the affected series. (See Section 813.)

Compliance with certain covenants in the Indenture or otherwise provided with respect to Indenture Securities may be waived by the Holders of a majority in aggregate principal amount of the affected Indenture Securities, considered as one class. (See Section 606.)

Consolidation, Merger and Conveyance of Assets as an Entirety

Subject to the provisions described in the next paragraph, each of PPL Capital Funding and PPL Corporation has agreed in the Indenture to preserve its corporate existence. (See Section 604.)

PPL Capital Funding and PPL Corporation have each also agreed not to consolidate with or merge into any other entity or convey, transfer or lease its properties and assets substantially as an entirety to any entity unless

the entity formed by such consolidation or into which PPL Capital Funding or PPL Corporation, as the case may be, is merged or the entity which acquires or which leases its property and assets substantially as an entirety is a corporation or limited liability company organized and existing under the laws of the United States of America or any State thereof or the District of Columbia, and expressly assumes, by supplemental indenture, in the form satisfactory to the Trustee, the due and punctual payment of the principal, premium, if any, and interest on all the outstanding Notes (or the Guarantees, as the case may be) and the performance of all of its covenants under the Indenture; and

immediately after giving effect to such transaction, no Event of Default, and no event which, after notice or lapse of time or both, would become an Event of Default, will have occurred and be continuing. (See Section 1101.)

The Indenture does not prevent or restrict:

any consolidation or merger after the consummation of which PPL Capital Funding or PPL Corporation would be the surviving or resulting entity; or

any conveyance or other transfer, or lease, of any part of the properties of PPL Capital Funding or PPL Corporation which does not constitute the entirety, or substantially the entirety, thereof. (See Section 1103.)

Modification of Indenture

Without Holder Consent. Without the consent of any Holders of Indenture Securities, PPL Capital Funding, PPL Corporation and the Trustee may enter into one or more supplemental indentures for any of the following purposes:

to evidence the succession of another entity to PPL Capital Funding or PPL Corporation;

to add one or more covenants or other provisions for the benefit of the Holders of all or any series or tranche of Indenture Securities, or to surrender any right or power conferred upon us;

to add any additional Events of Default for all or any series of Indenture Securities;

to change or eliminate any provision of the Indenture or to add any new provision to the Indenture that does not adversely affect the interests of the Holders in any material respect;

to provide security for the Indenture Securities of any series;

to establish the form or terms of Indenture Securities of any series or tranche as permitted by the Indenture;

to provide for the issuance of bearer securities;

to evidence and provide for the acceptance of appointment of a separate or successor Trustee;

to provide for the procedures required to permit the utilization of a noncertificated system of registration for any series or tranche of Indenture Securities;

to change any place or places where

we may pay principal, premium and interest,

Indenture Securities may be surrendered for transfer or exchange, and

notices and demands to or upon PPL Capital Funding or PPL Corporation may be served; or

to cure any ambiguity, defect or inconsistency or to make any other changes that do not adversely affect the interests of the Holders in any material respect.

Edgar Filing: PPL Corp - Form 424B2

If the Trust Indenture Act is amended after the date of the Indenture so as to require changes to the Indenture or so as to permit changes to, or the elimination of, provisions which, at the date of the Indenture or at any time thereafter, were required by the Trust Indenture Act to be contained in the Indenture, the Indenture will be deemed to have been amended so as to conform to such amendment or to effect such changes or elimination, and PPL Capital Funding, PPL Corporation and the Trustee may, without the consent of any Holders, enter into one or more supplemental indentures to effect or evidence such amendment. (See Section 1201.)

With Holder Consent. Except as provided above, the consent of the Holders of at least a majority in aggregate principal amount of the Indenture Securities of all outstanding series, considered as one class, is generally required for the purpose of adding to, changing or eliminating any of the provisions of the Indenture pursuant to a supplemental indenture. However, if less than all of the series of outstanding Indenture Securities are directly affected by a proposed supplemental indenture, then such proposal only requires the consent of the Holders of a majority in aggregate principal amount of the outstanding Indenture Securities of all directly affected series, considered as one class. Moreover, if the Indenture Securities of any series have been issued in more than one tranche and if the proposed supplemental indenture directly affects the rights of the Holders of Indenture Securities of one or more, but less than all, of such tranches, then such proposal only requires the consent of the Holders of a majority in aggregate principal amount of the outstanding Indenture Securities of all directly affected tranches, considered as one class.

Table of Contents

However, no amendment or modification may, without the consent of the Holder of each outstanding Indenture Security directly affected thereby,

change the stated maturity of the principal or interest on any Indenture Security (other than pursuant to the terms thereof), or reduce the principal amount, interest or premium payable or change the currency in which any Indenture Security is payable, or impair the right to bring suit to enforce any payment;

reduce the percentages of Holders whose consent is required for any supplemental indenture or waiver or reduce the requirements for quorum and voting under the Indenture; or

modify certain of the provisions in the Indenture relating to supplemental indentures and waivers of certain covenants and past defaults.

A supplemental indenture which changes or eliminates any provision of the Indenture expressly included solely for the benefit of Holders of Indenture Securities of one or more particular series or tranches will be deemed not to affect the rights under the Indenture of the Holders of Indenture Securities of any other series or tranche. (See Section 1202.)

We will be entitled to set any day as a record date for the purpose of determining the Holders of outstanding Indenture Securities of any series entitled to give or take any demand, direction, consent or other action under the Indenture, in the manner and subject to the limitations provided in the Indenture. In certain circumstances, the Trustee also will be entitled to set a record date for action by Holders. If such a record date is set for any action to be taken by Holders of particular Indenture Securities, such action may be taken only by persons who are Holders of such Indenture Securities at the close of business on the record date. (See Section 104.)

The Indenture provides that certain Indenture Securities, including those for which payment or redemption money has been deposited or set aside in trust as described under Satisfaction and Discharge below, will not be deemed to be outstanding in determining whether the Holders of the requisite principal amount of the outstanding Indenture Securities have given or taken any demand, direction, consent or other action under the Indenture as of any date, or are present at a meeting of Holders for quorum purposes. (See Section 101.)

Satisfaction and Discharge

Any Indenture Securities or any portion will be deemed to have been paid for purposes of the Indenture and, at PPL Capital Funding's election, the entire indebtedness of PPL Capital Funding and PPL Corporation will be satisfied and discharged, if there shall have been irrevocably deposited with the Trustee or any Paying Agent (other than PPL Capital Funding or PPL Corporation), in trust

money sufficient,

in the case of a deposit made prior to the maturity of such Indenture Securities, non-redeemable Government Obligations (as defined in the Indenture) sufficient, or

a combination of items listed in the preceding two bullet points, which in total are sufficient, to pay when due the principal of, and any premium and interest due and to become due on such Indenture Securities or portions thereof on and prior to the maturity thereof. (See Section 701.)

Subject to certain limitations, the Indenture will be deemed satisfied and discharged when no Indenture Securities remain outstanding and when we have paid all other sums payable by us under the Indenture. (See Section 702.)

Edgar Filing: PPL Corp - Form 424B2

All moneys we pay to the Trustee or any Paying Agent on Indenture Securities that remain unclaimed at the end of two years after payments have become due will be paid to PPL Capital Funding upon its request. Thereafter, the Holder of such Indenture Security may look only to us for payment. (See Section 603.)

Resignation and Removal of the Trustee; Deemed Resignation

The Trustee may resign at any time by giving written notice to us.

The Trustee may also be removed by act of the Holders of a majority in principal amount of the then outstanding Indenture Securities of any series.

No resignation or removal of the Trustee and no appointment of a successor trustee will become effective until the acceptance of appointment by a successor trustee in accordance with the requirements of the Indenture.

Under certain circumstances, we may appoint a successor trustee and if the successor accepts, the Trustee will be deemed to have resigned. (See Section 910.)

Notices

Notices to Holders of Notes will be given by mail to the addresses of the Holders as they may appear in the security register. (See Section 106.)

Title

PPL Capital Funding, PPL Corporation, the Trustee, and any agent of PPL Capital Funding, PPL Corporation or the Trustee, will treat the person or entity in whose name Indenture Securities are registered as the absolute owner of those Indenture Securities (whether or not the Indenture Securities may be overdue) for the purpose of making payments and for all other purposes irrespective of notice to the contrary. (See Section 308.)

Governing Law

The Indenture and the Indenture Securities provide that they will be governed by and construed in accordance with the laws of the State of New York, except to the extent the Trust Indenture Act shall be applicable. (See Section 112.)

Regarding the Trustee

The Trustee under the Indenture is The Bank of New York Mellon (BNYM). In addition to acting as Trustee, BNYM also maintains various banking and trust relationships with us and some of our affiliates.

Book-Entry Only Issuance The Depository Trust Company

DTC will act as the initial securities depository for the Notes. The Notes will be issued in fully registered form and will be evidenced by one or more global Notes registered in the name of DTC's nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The global Notes will be deposited with the Trustee as custodian for DTC.

DTC advises that it is a New York limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. DTC holds securities that its participants (Direct Participants) deposit with it and also facilitates the settlement among Direct Participants of sales and other securities transactions, including transfers and pledges, in deposited securities through electronic computerized book-entry changes in Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. The depository is owned by a number of its Direct Participants and by the New York Stock Exchange and the Financial Industry Regulatory Authority, Inc. Access to DTC's system is also available to others, including

Table of Contents

both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear transactions through, or maintain a custodial relationship with, a Direct Participant, either directly or indirectly (Indirect Participants). The rules applicable to DTC and its participants are on file with the SEC.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser (Beneficial Owner) is in turn to be recorded on the Direct and Indirect Participants records. Beneficial Owners will not receive written confirmation from DTC of their purchases, but Beneficial Owners should receive written confirmations providing details of the transactions, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which they purchased Notes. Transfers of ownership interests on the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all Notes deposited by Direct Participants with DTC are registered in the name of DTC's nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the participants to whose accounts the Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners, will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Notices will be sent to DTC.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns the voting or consenting rights of Cede & Co. to those Direct Participants to whose accounts the Notes are credited on the record date. We believe that these arrangements will enable the beneficial owners to exercise rights equivalent in substance to the rights that can be directly exercised by a registered holder of the Notes.

Payments of principal, premium, if any, and interest on the Notes will be made to Cede & Co. (or such other nominee of DTC). DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from us or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to Beneficial Owners will be governed by standing instructions and customary practices and will be the responsibility of each participant and not of DTC, the Trustee or us, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, premium, if any, and interest to Cede & Co. (or other such nominee of DTC) is our responsibility. Disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners is the responsibility of Direct and Indirect Participants.

A Beneficial Owner will not be entitled to receive physical delivery of the Notes. Accordingly, each Beneficial Owner must rely on the procedures of DTC to exercise any rights under the Notes.

DTC may discontinue providing its services as securities depository with respect to the Notes at any time by giving us or the Trustee reasonable notice. In the event no successor securities depository is obtained, certificates for the Notes will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that we believe to be reliable, but neither we nor the underwriters take any responsibility for the accuracy of this information.

Table of Contents**UNDERWRITING**

PPL Capital Funding, PPL Corporation and the underwriters for the offering named below have entered into an underwriting agreement with respect to the Notes. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of Notes indicated in the following table:

Underwriter	Principal Amount of Notes
BNP Paribas Securities Corp.	\$ 80,000,000
Goldman, Sachs & Co.	80,000,000
J.P. Morgan Securities LLC	80,000,000
UBS Securities LLC	80,000,000
BNY Mellon Capital Markets, LLC	20,000,000
KeyBanc Capital Markets Inc.	20,000,000
Mitsubishi UFJ Securities (USA), Inc.	20,000,000
Santander Investment Securities Inc.	20,000,000
Total	\$ 400,000,000

The underwriters are committed to take and pay for all of the Notes being offered, if any are taken.

The underwriters initially propose to offer part of the Notes directly to the public at the public offering price set forth on the cover page hereof and part to certain dealers at the public offering price minus a selling concession not in excess of 0.40% per Note. In addition, any underwriter may allow, and those selected dealers may reallow, a selling concession to certain other dealers of up to 0.25% per Note. After the initial offering of the Notes, the offering price and other selling terms may from time to time be varied. The offering of the Notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

Prior to this offering, there has been no public market for the Notes. We have been advised by the underwriters that they presently intend to make a market in the Notes as permitted by applicable laws and regulations. The underwriters are not obligated, however, to do so and any such market making may be discontinued at any time without notice at the sole discretion of the underwriters. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the Notes.

In connection with the offering, the underwriters may purchase and sell Notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of Notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased Notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

These activities by the underwriters, as well as other purchases by the underwriters for their own accounts, may stabilize, maintain or otherwise affect the market price of the Notes. As a result, the price of the Notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

The Company estimates that its share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$275,000.

PPL Capital Funding and PPL Corporation have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

Table of Contents

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. In the ordinary course of their business, certain of the underwriters and their affiliates have engaged and may in the future engage in investment and commercial banking, corporate trust or financial advisory transactions with PPL Capital Funding, PPL Corporation and certain of their affiliates, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the issuer (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the issuer. The underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

provided that no such offer of Notes shall require the issuer or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of Notes to the public in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State, the expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member State), and includes any relevant implementing measure in the Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

This prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus supplement and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the Notes may not be circulated or distributed, nor may the Notes be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the Notes are subscribed or purchased under Section 275 by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the Notes under Section 275 except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.
