(the Registrant) is unable to file its annual report on Form 10-K for the year ended March 31, 2012 (the 2012 Form 10-K), within the time period prescribed for such report without unreasonable effort or expense. (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof? Yes No

Anticipated Result of Operations. The below information contains preliminary, unaudited information about the Registrant's results of operations for the fiscal year ended March 31, 2012. This information is preliminary in nature and is subject to change in connection with the completion of the Registrant's 2012 Form 10-K.

The Registrant expects to report net revenues for fiscal year 2012 of approximately \$163.3 million as compared to fiscal year 2011 net revenues of \$200.8 million, driven by approximately a (1) a \$31.6 million decline in net sales of houseware products, which was the result of lower sales of microwave ovens (primarily due to the discontinuation of one model by one of the Registrant's largest retail customers beginning in December 2010), toaster ovens, wine coolers and coffee makers, partly offset by higher net sales of compact refrigerators, (2) a \$5.0 million decline in net sales of audio products, and (3) a \$1.0 million decline of licensing revenues. Operating income for the fiscal year 2012 is expected to be \$11.9 million as compared to operating income of \$18.9 million for fiscal year 2011, due primarily to a combination of lower net revenues, higher product costs as a percent of net revenues and higher SG&A expenses. The Registrant expects to report net income for fiscal year 2012 of approximately \$10.6 million, as compared to \$15.9 million for fiscal year 2011, and diluted earnings per share for fiscal year 2012 of approximately \$0.39, as compared to \$0.59 for fiscal year 2011.
