(b) Tender Offer.

This Schedule 14D-9 relates to the cash tender offer (the Tender Offer or Offer) by Caraco Acquisition Corporation (Acquisition Sub), a New Jersey corporation, a wholly-owned subsidiary of Caraco Pharmaceutical Laboratories, Ltd., a Michigan corporation (CPL), a subsidiary of Sun Pharmaceutical Industries Limited, a corporation organized under the laws of India (Sun Pharma), to purchase all of DUSA's outstanding Shares at a price of \$8.00 per Share, payable net to the seller in cash without interest thereon, less any applicable withholding taxes (the Offer Price), upon the terms and subject to the conditions set forth in Acquisition Sub's Offer to Purchase dated November 21, 2012 (as amended or supplemented from time to time, the Offer to Purchase), and in the related Letter of Transmittal (as amended or supplemented from time to time, the Letter of Transmittal). Copies of the Offer to Purchase and the Letter of Transmittal are filed as Exhibits (a)(1) and (a)(2) hereto, respectively, and are incorporated herein by reference. The Tender Offer is described in a Tender Offer Statement on Schedule TO (as amended or supplemented from time to time, the Schedule TO), which was filed by Acquisition Sub with the U.S. Securities and Exchange Commission (the SEC) on November 21, 2012.

The Tender Offer is being made pursuant to an Agreement and Plan of Merger, dated as of November 8, 2012 (as amended or supplemented from time to time, the Merger Agreement), by and among Sun Pharma, Acquisition Sub and the Company. The Merger Agreement is filed as Exhibit (e)(1) hereto and is incorporated herein by reference. Sun Pharma assigned its rights under the Merger Agreement as of November 16, 2012 to CPL. Notwithstanding such assignment, in accordance with the terms of the Merger Agreement Sun Pharma remains liable and obligated under the Merger Agreement. The Merger Agreement provides, among other things, for the making of the Offer by Acquisition Sub. Upon the terms and subject to the conditions contained in the Merger Agreement and in accordance with the New Jersey Business Corporation Act (the NJBCA), following the time Acquisition Sub accepts for payment any Shares validly tendered and not properly withdrawn pursuant to the Offer, Acquisition Sub will merge with and into the Company (the Merger) and the Company will continue as the surviving corporation and a wholly-owned subsidiary of CPL, a subsidiary of Sun Pharma (the Surviving Corporation), and the separate corporate existence of Acquisition Sub will cease. At the effective time of the Merger (the Effective Time), the Shares issued and outstanding immediately prior to the consummation of the Merger (other than Shares held in the treasury of the Company and Shares owned by Sun Pharma, CPL, or any direct or indirect subsidiary of Sun Pharma, CPL or the Company, all of which will be cancelled), will be converted into the right to receive an amount in cash equal to the Offer Price (the Merger Consideration).

ITEM 3. PAST CONTRACTS, TRANSACTIONS, NEGOTIATIONS AND AGREEMENTS.

Certain contracts, agreements, arrangements or understandings between the Company or its affiliates and certain of its executive officers, directors or affiliates are, except as noted below, described in the Information Statement pursuant to Section 14(f) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and Rule 14f-1 thereunder (the Information Statement) that is attached hereto as Annex A and is incorporated herein by reference. Except as set forth in this Item 3, Item 4 below, the Information Statement or in the Company's Proxy Statement on Schedule 14A filed with the SEC on April 18, 2012, as incorporated herein by reference, to the knowledge of the Company, there are no material agreements, arrangements or understandings, and no actual or potential conflicts of interest, between the Company or its affiliates and either (i) the Company's executive officers, directors or affiliates or (ii) Sun Pharma, CPL or Acquisition Sub or their respective executive officers, directors or affiliates.

(a) Agreements Between the Company and its Executive Officers and Directors.

Interests of Certain Persons. Certain members of the Company's management and Board of Directors (the Board) may be deemed to have interests in the Offer, the Merger and the other transactions contemplated by the Merger Agreement (the Transactions) that are different from or in addition to their interests as the Shareholders generally. The Board was aware of these interests and considered them, among other matters, in approving the Merger Agreement and the Transactions. The consummation of the Offer will constitute a change in control of the Company for the purposes of determining the entitlements due to certain executive officers and directors of the Company with respect to severance and certain other benefits, as more fully described below.

Cash Payable for Outstanding Shares Pursuant to the Offer. If the directors and executive officers of the Company who own Shares tender their Shares for purchase pursuant to the Offer, they will receive the same cash Offer Price on the same terms and conditions as the other Shareholders. As of November 8, 2012, the directors and executive officers of DUSA beneficially owned, in the aggregate, 854,596 Shares, excluding the Shares subject to exercise of Options and settlement of Restricted Shares (as such capitalized terms are defined in the Merger Agreement, and which are discussed below). If the directors and executive officers were to tender all 854,596 of these Shares for purchase pursuant to the Offer and those Shares were accepted for purchase and purchased by Acquisition Sub, then the directors and executive officers would receive an aggregate of \$6,836,768. To the knowledge of DUSA, to the extent permitted by applicable securities laws, rules or regulations including Section 16(b) of the Exchange Act, each executive officer and director of the Company currently intends to tender all Shares over which he has sole dispositive power. See the information set forth in Item 3(d) below under the caption Agreements among Sun Pharma, CPL, Acquisition Sub and each of the directors and executive officers of the Company Support Agreements, which information is incorporated herein by reference. The beneficial ownership of Shares of each director and executive officer is further described in the Information Statement under the heading Securities Ownership of Management and Certain Beneficial Owners.

Effect of the Offer and the Merger Agreement on DUSA Stock Options. Under the Merger Agreement, DUSA agreed to take all reasonable steps necessary to cause each unexercised Option (as defined in the Merger Agreement), whether vested or unvested, that is outstanding immediately prior to the Acceptance Time (as defined in the Merger Agreement) to become fully vested immediately prior to the Acceptance Time, and cancelled as of the Acceptance Time (without regard to the exercise price of such Option). The holders of each such Option will become entitled to receive an amount in cash equal to the product of (a) the excess, if any, of the amount of the Offer Price less the exercise price per share of

Table of Contents

Common Stock subject to such Option and (b) the number of shares of Common Stock issuable under such Option, immediately prior to the Acceptance Time, without interest (such amount, the Option Spread Value) and less any applicable withholding taxes. The Option Spread Value will be paid to each holder of an Option as promptly as practicable after the Acceptance Time and in no event later than the first regular payroll cycle of the Company following the Acceptance Time. If the exercise price of any Option equals or exceeds the amount of the Offer Price, such Option will be cancelled as of the Acceptance Time without payment of additional consideration, and all rights with respect to such Option will terminate as of the Acceptance Time.

The table below sets forth information regarding the Options held by DUSA's directors and executive officers as of November 8, 2012 having an exercise price per share of Common Stock less than \$8.00 that would be cancelled and exchanged immediately prior to the Acceptance Time into the right to receive the Option Spread Value.

Executive Employment Agreements. As further described in the Information Statement under the heading Compensation Discussion And Analysis, the Board's Compensation Committee regularly reviews and analyzes the compensation of DUSA's executive officers. In February 2012, the Compensation Committee, with its independent compensation consultant, WNB Consulting LLC, reviewed and analyzed the current employment arrangements with each of its executive officers. As a result of such review WNB Consulting LLC made various recommendations to the Compensation Committee with respect to the then current employment arrangements with DUSA's executive officers. The Company's counsel then prepared new employment agreements with each of its executive officers to reflect the Compensation Committee's decisions as recommended by WNB Consulting LLC.

On May 18, 2012, the Company amended and restated the respective employment agreements with the following named executive officers: Richard C. Christopher, William F. O'Dell, Mark C. Carota, Scott L. Lundahl, Stuart L. Marcus and Michael J. Todisco (each an Executive Employment Agreement and collectively the Executive Employment Agreements). On May 22, 2012, the Company amended and restated the employment

The Executive Employment Agreement with each of Mr. Christopher, Mr. O Dell and Dr. Marcus provide that if there is a Change in Control of the Company, and within two years following a Change in Control such executive terminates his employment with Good Reason or DUSA terminates such executive's employment without Cause, then such executive will receive (i) a lump sum payment equal to two times the sum of (a) his salary during the fiscal year immediately preceding the year in which the Termination Date (as defined in such Executive Employment Agreement) occurs and (b) forty percent of such executive's salary; (ii) any Accrued Obligations; (iii) continued medical, life insurance, disability and other benefits prior to the Termination Date until the earlier of eighteen months following the Termination Date or such Executive becomes eligible or receives similar benefits with a new employer; (iv) reimbursement for reasonable legal fees (up to \$50,000) relating to the review and negotiation of any employment, separation or consulting agreement in connection with (or as a consequence of) a Change in Control; and (v) the full vesting, exercisability and non-forfeatability, as applicable, of any outstanding equity based awards.

Section 14A:3-5(2) of the NJBCA provides that a New Jersey corporation has the power to indemnify its directors, officers, employees or agents of the indemnifying corporation or of any constituent corporation absorbed by the indemnifying corporation in a consolidation or merger and any person who is or was a director, officer, trustee, employee, or agent of any other enterprise, serving as such at the request of the indemnifying corporation, or of any such constituent corporation, or the legal representative of any such director, officer, trustee, employee or agent (each, a corporate agent), against his expenses and liabilities in connection with any proceeding involving such corporate agent by reason of his being or having been a corporate agent, other than a proceeding by or in the right of the corporation, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal proceeding, such corporate agent had no reasonable cause to believe his conduct was unlawful.

Section 14A:3-5(3) of the NJBCA provides that a New Jersey corporation has the power to indemnify a corporate agent against his expenses in connection with any proceeding by or in the right of the corporation to procure a judgment in its favor which involves the corporate agent by reason of his being or having been such corporate agent, if he acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation. However, in such proceeding no indemnification shall be provided in respect of any claim, issue or matter as to which such corporate agent shall have been adjudged to be liable to the corporation, unless and only to the extent that a court determines upon application that despite the adjudication of liability, but in view of all circumstances of the case, such corporate agent is fairly and reasonably entitled to indemnity.

Any indemnification under Section 14A:3-5(2) of the NJBCA and, unless ordered by a court, under Section 14A:3-5(3), may be made by the corporation only as authorized in a specific case upon a determination that indemnification is proper in the circumstances because the corporate agent met the applicable standard of conduct set forth in Section 14A:3-5(2) or in Section 14A:3-5(3). Unless otherwise provided in the certificate of incorporation or bylaws, such determination shall be made: (a) by the board of directors or a committee thereof, acting by a majority vote of a quorum consisting of directors who were not parties to or otherwise involved in the proceeding; or (b) if such a quorum is not obtainable, or, even if obtainable and such quorum of the board of

directors or committee by a majority vote of the disinterested directors so directs, by independent legal counsel, in a written opinion, such counsel to be designated by the board of directors; or (c) by the shareholders if the certificate of incorporation or by-laws or a resolution of the board of directors or of the shareholders so directs.

Expenses incurred by a corporate agent in connection with a proceeding may be paid by the corporation before the final disposition of the proceeding as authorized by the board of directors upon receipt of an undertaking by or on behalf of the corporate agent to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified.

The power to indemnify and pay expenses under the NJBCA does not exclude any other rights, including the right to be indemnified against liabilities and expenses incurred in proceedings by or in the right of the corporation, to which a corporate agent may be entitled to under a certificate of incorporation, by-law, agreement, vote of shareholders, or otherwise; provided that no indemnification is permitted to be made to or on behalf of such corporate agent if a judgment or other final adjudication adverse to such corporate agent establishes that his acts or omissions were in breach of his duty of loyalty to the corporation or its shareholders, were not in good faith or involved a knowing violation of the law, or resulted in receipt by such corporate agent of an improper personal benefit.

In addition, NJBCA 14A:3-5(9) authorizes a New Jersey corporation to purchase and maintain insurance on behalf of any corporate agent against any expenses incurred in any proceeding and any liabilities asserted against him by reason of his being or having been a corporate agent, whether or not the corporation would have the power to indemnify him against such expenses and liabilities under NJBCA 14A:3-5.

Article IV of the Company's Amended and Restated By-Laws requires that its former, present or future officers, directors, or employees shall be indemnified to the fullest extent permitted by the NJBCA, as the same exists or may be amended, from and against any and all liabilities and expenses in connection with any civil, criminal, administrative, legislative, or arbitral action, suit or other proceeding, including without limitation, any action suit or proceeding by or in the right of the Company to procure a judgment in its favor, or any inquiry or investigation that could lead to any such proceeding or any appeal therein in which he or she is or was involved, or is or was threatened to become involved, provided that no indemnification shall be provided as to any person adjudged by any court to be liable to the Company except as and to the extent determined by such court. Also, a director or officer shall be indemnified against expenses actually and reasonably incurred by him in connection with the successful defense on the merits with respect to any such action, suit or proceeding, or any claim issue, or matter therein. In addition, the Amended and Restated By-Laws preclude indemnification to or on behalf of a director or officer if a judgment or other final adjudication adverse to such persons establishes that his acts or omissions (a) were in breach of his duty of loyalty to the Company or its shareholders, (b) were not in good faith or involved a knowing violation of law, or (c) resulted in receipt by such person of an improper personal benefit.

The Company's Amended Certificate of Incorporation provides that a director or officer shall not be personally liable to the Company or any of its shareholders for damages for breach of any duty owed to the Company or its shareholders, except that a director or officer shall not be relieved from liability for any breach of duty based upon an act or omission (a) in breach of such person's duty of loyalty; (b) not in good faith or involving a knowing violation of law; or (c) resulting in receipt by such person of an improper personal benefit.

In addition, Article IV of the Company's Amended and Restated By-Laws authorizes the Company to purchase and maintain insurance on behalf of any person who is or was a director or officer. The Company maintains insurance on behalf of its directors and officers insuring them against liability asserted against them in their capacities as directors or officers or arising out of such status.

The Merger Agreement contains provisions relating to the advancement of expenses, indemnification, and exculpation of all the Company's past or present directors or officers and individuals who become such prior to the Effective Time. The Merger Agreement provides that all rights to advancement of expenses, indemnification and exculpation provided by the Company to all former and current officers of the Company, as set forth in the Company's certification of incorporation or by-laws in effect on the date of the Merger Agreement, or pursuant to any other agreements in effect on such date, shall survive the Merger for a period of six (6) years following the Effective Time. In addition, the Surviving Corporation is required to indemnify, defend and hold harmless (and

advance funds in respect of each of the foregoing) each Indemnified Party against any costs or expenses (including advancing reasonable attorneys' fees and expenses in advance of the final disposition of any claim, suit, proceeding or investigation to each Indemnified Party to the fullest extent permitted by law), or other actions, as defined in the Merger Agreement, arising out of, relating such person serving as an officer or director of the Company, or any entity, if such service was at the request or for the benefit of the Company, whether prior to or after the Acceptance Time.

Further, Sun Pharma (and CPL) have agreed to cause the Surviving Corporation, as of the Effective Time, to cause the individuals who have served as officers and directors of the Company prior to the Effective Time who are then covered by the directors' and officers' liability insurance policy currently maintained by the Company (D&O Insurance), to be covered under a directors' and officers' liability insurance policy on terms and conditions no less advantageous to such individuals than the Company's existing directors' and officers' liability insurance policy, for a period of not less than six (6) years after the Effective Time, but only to the extent related to actions or omissions of such officers and directors at or prior to the Effective Time (including in respect of this Agreement and the Transactions) in their capacities as such, whether asserted or claimed prior to, at or after the Effective Time; provided, that in no event shall the Surviving Corporation be required to expend more than an amount per year equal to 200% of current annual premiums paid by the Company for such insurance (Maximum Amount) to maintain or procure insurance coverage pursuant hereto; provided, further, that if the amount of the annual premiums necessary to maintain or procure such insurance coverage exceeds the Maximum Amount, the Surviving Corporation shall procure and maintain for such six (6) year period as much coverage as is available for the Maximum Amount. Sun Pharma (or CPL) shall have the right to cause coverage to be extended under the D&O Insurance by causing the Surviving Corporation to obtain a six (6) year tail policy on terms and conditions no less advantageous to such former directors or officers than the D&O Insurance, and such tail policy shall satisfy the provisions of Section 6.9(c) of the Merger Agreement. In addition, as provided in the Merger Agreement, the Company may, prior to the Effective Time, purchase a so-called Reporting Tail Endorsement, provided that the Company does not pay more than six (6) times the Maximum Amount for such Reporting Tail Endorsement, in which case, provided that Sun Pharma (or CPL) causes the Surviving Corporation to maintain such Reporting Tail Endorsement in full force and effect for its full term, Sun Pharma (and CPL) shall be relieved from its obligations under Section 6.9(c) of the Merger Agreement.

Confidentiality Agreement. The Company and Sun Pharmaceutical Industries, Inc. (SPI), an affiliate of Sun Pharma, entered into a confidentiality agreement dated May 11, 2012 (the Confidentiality Agreement) in connection with a potential negotiated transaction between the Company and SPI or one of its controlled or controlling affiliates. Pursuant to the Confidentiality Agreement, SPI agreed to, among other things and subject to certain exceptions, keep confidential information furnished to it and its representatives by or on behalf of DUSA, and to use such information solely for the purpose of evaluating a possible transaction with DUSA. Pursuant to the Confidentiality Agreement, SPI also agreed that, subject to certain exceptions, for a period of 12 months from the date of the Confidentiality Agreement, neither SPI nor any of its subsidiaries or representatives in any manner, directly or indirectly, acting alone or in concert with others would affect or seek, offer or propose (whether publicly or otherwise) to effect, or cause or participate in or in any way assist any other person to effect or seek, offer or propose (whether publicly or otherwise) to effect or participate in:

any solicitation of proxies (as such terms are used in the proxy rules of the Securities and Exchange Commission) or consents to vote any voting securities of the Company;

any action that might require the Company to make an announcement regarding any of the types of matters set forth above; and

any short selling activities with respect to securities of the Company.

The Company also agreed that the restrictions contained in the immediately preceding paragraph shall terminate and be of no effect if (i) the Company enters into an agreement relating to any (a) merger, consolidation, business combination, binding share exchange or similar transaction involving the Company in each case, in which the Company will not be the entity surviving such transaction, (b) sale, lease or other disposition or series of related dispositions, directly or indirectly, by merger, consolidation or otherwise of assets of the Company or its subsidiaries representing all or substantially all of the consolidated assets of the Company and its subsidiaries, (c) issue, sale or other disposition or series of related dispositions by the Company of (including by merger, consolidation, binding share exchange or any similar transaction) securities (or options, rights or warrants to purchase, or securities convertible into such securities) representing fifty percent (50%) or more of the voting power of the Company to a single purchaser or an affiliated group of purchasers or (d) other transaction or series of related transactions pursuant to which any person or entity shall acquire beneficial ownership, as is defined in Rule 13d-3 under the 1934 Act, or the right to acquire beneficial ownership of, fifty percent (50%) or more of the outstanding common stock of the Company, or (ii) any corporation, partnership, person or other entity or group commences a tender offer or exchange offer to acquire fifty percent (50%) or more of the outstanding voting securities of the Company without the consent of the Board.

In addition, subject to certain exceptions, SPI agreed, for a period of one (1) year from the date of the Confidentiality Agreement, that neither it nor its affiliates would directly or indirectly solicit for employment or hire any (i) current officers or director-level employees, without obtaining the prior written consent of the Company, or (ii) other employees of the Company (so long as they are employed by the Company) who are in discussion with SPI relating to the Confidentiality Agreement, without obtaining the prior written consent of the Company.

Ownership of Company Securities. The Offer to Purchase states that Sun Pharma, CPL and Acquisition Sub do not own any Shares.

Board Designees. The Merger Agreement provides that, promptly following the time that Acquisition Sub accepts for payment, and pays for, the Shares tendered pursuant to and in accordance with the Offer satisfying the Minimum Tender Condition (as defined in the Merger Agreement), and so long as Sun Pharma (and CPL) directly or indirectly beneficially own not less than a majority of the issued and outstanding Shares, Acquisition Sub will be entitled to designate the number of directors (the Board Designees), rounded up to the next whole number, on the Board that equals the product of (a) the total number of directors on the Board, giving effect to the election of any additional directors by Acquisition Sub, multiplied by (b) the percentage that the number of Shares owned by Sun Pharma and Acquisition Sub or any other subsidiary of Sun Pharma bears to the total number of Shares then issued and outstanding. The Company agreed to take all actions available to the Company to cause the Board Designees to be so elected or appointed, including increasing the size of the Board or obtaining the irrevocable resignation of such number of its current directors, as necessary, and the Company shall use reasonable best efforts to cause such Board Designees to be elected or appointed on the same day as the Acceptance Time, and upon Sun Pharma's (or CPL's) request, shall cause the Board Designees to constitute at least the same percentage (rounded up to the next whole number) as is on the Board of each committee of the Board, all of the foregoing subject to compliance with applicable securities laws and the marketplace rules of The NASDAQ Stock Market LLC (other than committees comprised solely of Continuing Directors (as defined below) established to take action under the Merger Agreement); provided that, at all times prior to the consummation of the Merger, the Board shall include at least two directors who were on the Board prior to Sun Pharma's (or CPL) designation of the Board Designees and who qualify as independent pursuant to the listing requirements of The NASDAQ Stock Market LLC (the Continuing Directors). In the event that, prior to the consummation of the Merger, the number of Continuing Directors is reduced below two (2), the remaining Continuing Director shall be entitled to designate any other person to fill the vacancy left by such departed Continuing Director, or if no such Continuing Directors remain to fill such vacancies, the other directors then on the Board shall be entitled to designate two persons to fill the vacancies who are not officers, employees, shareholders or affiliates of the Company, Sun Pharma, Acquisition Sub or any other subsidiary of Sun Pharma. Upon request by Sun Pharma (or CPL), prior to the Acceptance Time, the Company shall obtain the applicable irrevocable resignations from that number of directors which represents one (1) director more than a simple majority of the Board, which resignations will each be contingent solely upon the consummation of the Offer, and the Company shall provide to Sun Pharma complete and correct copies of such resignations promptly (and in no event later than two (2) Business Days) following the request therefore.

Following the election or appointment of Acquisition Sub's designees and until the consummation of the Merger, the approval of a majority of the Continuing Directors, or the approval of all of the Continuing Directors then in office if there is only one (1) or two (2) Continuing Directors, will be required to authorize any amendment to or termination of the Merger Agreement by the Company, any extension of time for performance of any obligation or action under the Merger Agreement by Sun Pharma, CPL, or Acquisition Sub, any waiver of the Company's rights under the Merger Agreement, any amendment to the Company's certificate of incorporation or by-laws, any authorization of any agreement between the Company, on the one hand, and Sun Pharma, Acquisition Sub or any of their Affiliates, on the other hand, or the taking of any other action by the Company other than what has been agreed to pursuant to the terms of the Merger and the Merger Agreement.

Mr. Doman reported that he had held another telephone conference with the Chief Executive Officer of Company B, but that Company B was not prepared to submit a revised merger agreement before Company B released its third quarter earnings, which was scheduled for November 7, 2012. The representatives of Leerink reviewed the valuation analyses of a transaction with Sun Pharma. The Board directed Leerink to go back to Sun Pharma again to see if Leerink could persuade Sun Pharma to increase the share price and to raise the FTC Cap in the merger agreement. The Board scheduled another meeting for November 6, 2012.

On November 5, 2012, Leerink, at the direction of the Board, provided Sun Pharma with a counter proposal to Sun Pharma's final offer initially submitted on October 12, 2012. Further, in addition to such counter proposal, Leerink provided Sun Pharma with certain third quarter financial information related to the Company.

On November 6, 2012, Sun Pharma rejected the counter proposal and kept its offer at \$8.00 per Share.

On November 6, 2012, the Board convened a meeting with management and representatives of Reed Smith and Leerink to discuss the status of the negotiations and the process. Representatives of Leerink reported that Sun

Pharma was not prepared to increase its proposed share price or to raise the FTC Cap in the merger agreement. Leerink further explained that Sun Pharma had stated that its currently pending offer to purchase the Company would expire at the end of business on November 8, 2012, unless previously accepted by the Company. The Board then discussed its concerns regarding Company B and its recent offer, including the facts that Company B:

- had entered into and withdrawn from the Company's bid process previously;
- had indicated that it was dealing with material, but unspecified, internal issues which had previously impacted its efforts and plans to pursue a transaction with the Company;
- did not have adequate funds to consummate a transaction with the Company;
- required a financing contingency in its non-binding offer to purchase the Company, but did not indicate when or indeed whether such a condition might be satisfied; and
- had decided not to provide the Company with its comments on the draft merger agreement it had received even though it had already prepared a revised draft reflecting these comments.

The Board then discussed at length the various alternatives presented, including delaying its earnings call and release of third quarter financial results, and its concerns that if the process were delayed further, Sun Pharma would withdraw its pending offer. The Board then instructed Reed Smith to prepare the merger agreement with Sun Pharma without increasing either the share price or the FTC Cap and to begin the process of obtaining the third party consents required by Sun Pharma as a condition to signing the merger agreement.

On November 6 and November 7, 2012 counsel for Sun Pharma and Reed Smith negotiated and the Company and Sun Pharma resolved various terms in the Merger Agreement and Support Agreements, including the offer price of \$8.00 per Share.

On November 7, 2012, management of the Company, management of Sun Pharma, a representative of Leerink and a representative of Reed Smith held a conference call to discuss final diligence matters relating to the manufacturing facility. Additionally, Leerink forwarded to Sun Pharma copies of consents obtained for assignment of certain material contracts.

On November 7, 2012, at 6:00 p.m., the Board convened a meeting with management, representatives of Leerink and Reed Smith to evaluate the potential transaction with Sun Pharma, which Sun Pharma had advised would expire the next day, November 8, 2012. A representative of Leerink reviewed the entire process from inception to November 7, 2012. The Board and its legal and financial advisors then discussed the final terms of the proposed merger agreement, copies of which and a summary of which had been previously provided to members of the Board. The representatives of Reed Smith noted that all material issues in the merger agreement had been resolved. Representatives of Reed Smith reviewed with the Board its fiduciary duties in the context of the proposed transaction, including the duty of loyalty and duty of care. Mr. Doman reported on his last conversation with the Chief Executive Officer of Company B. A representative of Leerink also indicated that he had tried to contact the Chief Executive Officer of Company F as well as Company F's financial advisors, but he did not receive any responses. The representatives of Leerink made a financial presentation to the Board that was similar to the presentation made at the meeting on November 5, 2012. Following this presentation, representatives of Leerink rendered the oral opinion of Leerink (subsequently confirmed in writing) to the effect that, as of the date of its opinion and based upon and subject to the factors and assumptions set forth in the opinion, the \$8.00 per share cash consideration to be paid to holders (other than Sun Pharma and its affiliates) of Shares of the Company pursuant to the Offer and the Merger was fair, from a financial point of view, to such holders.

After considering, among other things, the proposed terms of the Merger agreement and taking into consideration the factors described under **Reasons for the Recommendation** the Board unanimously adopted resolutions declaring the merger agreement and the transactions to be advisable, and determined that the merger agreement and the Transactions are fair to, and in the best interests of, the Company and its shareholders and recommended that the shareholders of the Company accept the offer, tender their shares of Company Common Stock pursuant to the offer and vote in favor of the merger and the merger agreement at any meeting of shareholders of the Company called to consider approval of the merger and merger agreement.

Mr. Doman reported that he intended to hold a Company-wide meeting with employees of the Company after the press release announcing the transaction was released.

The Merger Agreement was executed by the Company, Sun Pharma and Acquisition Sub (the merger subsidiary) prior to the opening of the stock markets on November 8, 2012. The officers and directors of the Company each entered into a Support Agreement with Sun Pharma and Acquisition Sub. Thereafter, the Company and Sun Pharma issued a joint press release announcing the execution of the Merger Agreement.

On November 16, 2012, Sun Pharma assigned its rights under the Merger Agreement and the Support Agreements to CPL, a subsidiary of Sun Pharma and the direct parent of the Purchaser. Notwithstanding the assignment, in accordance with the terms of the Merger Agreement and the Support Agreements, Sun Pharma remains liable and obligated under the Merger Agreement and Support Agreements, respectively.

(c) Reasons for the Recommendation.

In evaluating the Offer and the Merger, the Board consulted with senior management and its legal and financial advisors and, in reaching its determination of the fairness of the terms of the Offer and the Merger and its decision to approve the Merger Agreement and recommend that the Shareholders accept the Offer and tender their Shares pursuant to the Offer and, if applicable, to adopt and approve the Merger Agreement and the Transactions, the Board considered, among other things, the following material factors, each of which is supportive of its decisions:

Business and Financial Condition and Prospects. The Board's familiarity with the business, operations, prospects, business strategy, properties, assets and financial condition of the Company, and the certainty of realizing in cash a compelling value for the Shares in the Offer compared to the risk and uncertainty associated with the operation of the Company's business (including the risk factors set forth in the Company's Annual Report on Form 10-K for the period ended December 31, 2011 as updated by the Company's Quarterly Reports on Form 10-Q) in a very competitive industry.

Financial Considerations. The Board's understanding of the historical and prospective operating environment and financial performance of the Company in a competitive industry. The Board examined the forecasted financial data set forth in the forecasts described below under the heading "Financial Projections" and considered the views of management concerning them.

Review of Strategic Alternatives. The Board's belief that the Offer and the Merger represented the surest and best prospect for enhancing Shareholder value, based on the Board's assessment, after consultation with the Company's management and legal and financial advisors, of the other strategic alternatives reasonably available to the Company. The Board reviewed the possible alternatives to the Offer and the Merger, and considered the contact by Leerink of selected market participants on a confidential basis to invite such parties to participate in a process to explore a strategic transaction with the Company, the results of which yielded the best offer proposed by Sun Pharma, the perceived risks and benefits of any such alternatives, including the timing and likelihood of consummating any such alternative, and it was, and is, the Board's view that the Offer and Merger presented, and present, a superior opportunity to any such reasonably available alternatives.

Risks of Remaining Independent. The Board's assessment, after discussions with the Company's management and legal and financial advisors, of the risks of remaining an independent company and pursuing the Company's strategic plan, including risks relating to:

the on-going commercialization of the Company's products, particularly in light of the fact that 95% of the Company's revenues and 100% of the Company's gross margin are derived from one product operating in a highly regulated, competitive environment;

the ability of the Company to diversify its product offerings, particularly within the field of in-licensing, and/or product acquisition which would likely require the Company to raise additional equity capital thereby diluting the interests of the Shareholders;

the Company's lack of significant resources relative to some of its competitors and the effect thereof on its ability to remain competitive in this industry;

maintaining and protecting the Company's intellectual property rights;

Table of Contents

future clinical development plans for product label expansion; and

the early stage status of the Company's future product development activities in light of expiring intellectual property.

Unpredictability of Future Operating Environment. The limitations on the Company's ability to predict its future operating environment due to numerous factors, including the results of clinical trials of the Company's product candidates, the ability to receive regulatory approvals for product candidates for particular treatments, and the effect of competing products that may be introduced into the market place, including generic equivalents to the Company's key products.

Lack of a Superior Proposal. Sun Pharma's proposal was a superior offer, in terms of price, certainty and timing, including the fact that Sun Pharma's offer was the highest offer that did not contain a financing contingency.

Low Likelihood of Other Third Party Interest. The Board's view as to the likely interest of any additional third parties to enter into a strategic transaction with the Company on terms more favorable than those offered by Sun Pharma, including the fact that Leerink contacted numerous market participants regarding their interest in a potential strategic transaction with the Company, which resulted in only two (2) parties submitting final proposals, including Sun Pharma.

Negotiations with Sun Pharma. The course of discussions and negotiations between the Company and Sun Pharma, resulting in an increase from an initial price per Share of \$6.98 offered by Sun Pharma to a revised expression of interest at \$7.50 per Share, which was further revised by an additional bid to a price of \$7.70 per Share and, finally, to an offer price of \$8.00 per Share; improvements to the terms of the Merger Agreement in connection with those negotiations, including with respect to the amount of, and circumstances pursuant to which, the termination fee would be payable to Sun Pharma; and the Board's belief that based on these negotiations this was the highest price per Share that Sun Pharma was willing to pay and that these were the most favorable terms to the Company to which Sun Pharma was willing to agree, in each case which were generally more favorable than those offered by any other party without a financial contingency.

Financial Strength of Sun Pharma. The fact that Sun Pharma represented that it has and will have available to it at the closing of the Transactions, the expiration of the Offer and the consummation of the Merger, cash on hand and other working capital sources sufficient to pay for all the Shares pursuant to the Offer and to consummate the Merger and the Transactions and that the closing of the Transactions is not subject to Sun Pharma's ability to obtain third-party financing.

Premium to Market Price. The fact that the \$8.00 price to be paid for each Share represented a 38% premium over the closing price of the Shares on November 7, 2012, the last full trading day before the Offer and the Merger was publicly announced.

Terms of the Merger Agreement. The terms and conditions of the Merger Agreement, including:

the provision for a two-step transaction structure, with the Offer, including the obligation of Acquisition Sub to exercise the Top-Up Option, followed by the Merger, which may shorten the time to closing as compared to alternative structures;

the fact that the Merger Agreement provides that, under certain circumstances, Sun Pharma would be required to extend the Offer beyond the initial expiration date of the Offer if certain conditions to the consummation of the Offer are not satisfied as of the initial expiration date of the Offer or, if applicable, subsequent expiration date;

Edgar Filing: DUSA PHARMACEUTICALS INC - Form SC 14D9

the Company's favorable material adverse effect definition;

the Company's ability to obtain specific performance of Sun Pharma's and Acquisition Subs' obligations;

the conditions to the closing of the Offer and the Merger and the likelihood of such conditions being satisfied, including the absence of any financing condition to Sun Pharma's obligation to complete the Offer;

the ability of the Company, under certain circumstances specified in the Merger Agreement and prior to completion of the Offer, to furnish information to and engage in discussions or negotiations with a third party that makes an unsolicited written proposal for an acquisition transaction;

Table of Contents

the Board's ability under the Merger Agreement to withdraw or modify its recommendation in favor of the Offer and the Merger under certain circumstances, including its ability to terminate the Merger Agreement in connection with the acceptance of a superior offer, subject to payment of a termination fee of \$9.0 million; and

the Board's belief that the termination fee of \$9.0 million payable to Sun Pharma in the circumstances set forth in the Merger Agreement is reasonable in the context of termination fees that are payable in other comparable transactions of this type, particularly in light of the number of market participants contacted by Leerink in connection with the transaction, and is not likely to preclude or unreasonably deter another party from making a superior acquisition proposal.

Opinion and Financial Presentation of Leerink. The Board considered the opinion and financial presentation of Leerink, dated November 7, 2012, to the effect that, as of the date of the opinion and based upon and subject to the factors and assumptions set forth in the opinion, the Offer Price to be paid to Shareholders was fair, from a financial point of view, to those holders. The full text of the Leerink opinion, which sets forth the procedures followed, the factors considered, and the assumptions made, by Leerink in arriving at its opinion, is attached hereto as Annex B and is incorporated herein by reference.

Certainty. The fact that the Offer and the Merger, because they are for cash consideration, provide certainty as to the value of the consideration to be received in the proposed Transactions, that Sun Pharma agreed to proceed quickly towards the closing of the Merger and that Sun Pharma's and Acquisition Sub's obligations to purchase Shares in the Offer and to close the Merger are subject only to limited conditions.

Absence of Significant Regulatory Approvals. The absence of significant regulatory approvals to consummate the Offer and the Merger that could potentially prevent or materially delay the Offer and the Merger, or cause either party to exercise its right to terminate the Merger Agreement, as well as the efforts required by the parties to the Merger Agreement to obtain such approvals.

The Board also considered a variety of uncertainties and risks in its deliberations concerning the Offer, the Merger, the Merger Agreement and the Transactions, including the following:

No Shareholder Participation in Future Growth or Earnings. The fact that the nature of the Offer as a cash transaction will prevent the Shareholders from being able to participate in any future earnings or growth of the Company, or the combined company, and Shareholders will not benefit from any potential future appreciation in the value of the Shares, including any value that could be achieved if the Company were to engage in future strategic or other transactions.

Effect of Failure to Complete Transactions. The possibility that if the Offer, the Merger and/or the Transactions are not consummated, the trading price of the Shares could be adversely affected, the Company will have incurred significant transaction and opportunity costs attempting to consummate the Transactions, the Company's business may be subject to disruption, the market's perceptions of the Company's prospects could be adversely affected and the Company's directors, officers and other employees will have expended considerable time and effort to consummate the Transactions.

Interim Restrictions on Business. The restrictions in the Merger Agreement on the conduct of the Company's business prior to the date Acquisition Sub's designees are elected to the Board, requiring the Company to operate its business in the ordinary course of business and subject to other restrictions, which may delay or prevent the Company from undertaking business opportunities that could arise prior to the appointment of Acquisition Sub's designees to the Board.

Restrictions on Competing Proposals. The fact that the Merger Agreement imposes restrictions on the Company's ability to solicit or enter into discussion or agreements concerning competing proposals, and the fact that the Company would be obligated to pay the termination fee of \$9.0 million to Sun Pharma under specified circumstances.

Potential Conflicts of Interest. The fact that the Company's executive officers and directors may have interests in the Transactions that are different from, or in addition to, those of the other Shareholders, including, among other things, the vesting of Options and Restricted Shares and the potential cash

payments payable to certain executives at the completion of the Merger in the event that their employment agreements are terminated. See Item 3 above Past Contracts, Transactions, Negotiations and Agreements .

Tax Issues. The fact that the all-cash consideration would be a taxable transaction to the holders of Shares of the Company that are U.S. persons for U.S. Federal income tax purposes.

The Board based its ultimate decision on its business judgment that the benefits of the Offer and the Merger to the Shareholders outweigh the negative considerations, as well as all alternative options. The Board determined that the Offer and the Merger represent the best reasonably available alternative to enhance Shareholder value with limited risk of non-completion.

This discussion of the information and factors considered by the Board includes a summary of some of the material positive and negative factors considered by the Board, but is not intended to be exhaustive and may not include all of the factors considered by the Board. The Board did not undertake to make any specific determination as to whether any particular factor, or any aspect of any particular factor, was favorable or unfavorable to its ultimate determination, and did not quantify or assign any relative or specific weights to the various factors that it considered in reaching its determination that the Offer, the Merger, the Merger Agreement and the Transactions contemplated by the Merger Agreement are fair and advisable to and in the best interests of DUSA and its Shareholders. Rather, the Board conducted an overall review of the factors described above, including discussion with DUSA's management and outside advisors, and considered the factors overall to be favorable to, and to support, its determination. In addition, individual members of the Board may have given different weight to different factors. It should be noted that certain factors considered by the Board and certain information presented in this section are forward-looking in nature and, therefore, that information should be read in light of the factors discussed in the section entitled Forward-Looking Statements in this Schedule 14D-9.

(d) Intent to Tender.

To the knowledge of the Company, to the extent permitted by applicable securities laws, rules or regulations, including Section 16(b) of the Exchange Act, each executive officer and director of the Company currently intends to tender all Shares over which he has sole dispositive power. See the information set forth in Item 3(d) above under the caption Agreements among Sun Pharma, CPL, Acquisition Sub and each of the directors and executive officers of the Company Support Agreements , which information is incorporated herein by reference.

(e) Opinion of the Company's Financial Advisor.

Pursuant to an engagement letter dated February 3, 2012, the Company engaged Leerink to render an opinion with respect to the fairness, from a financial point of view, of the consideration to be paid in connection with a possible merger, sale or other business combination involving the Company. At a meeting of the Board on November 7, 2012, Leerink rendered its oral opinion to the Board, confirmed by delivery of a written opinion dated November 7, 2012, that, as of such date and based upon and subject to the factors, assumptions and limitations set forth in its written opinion, the consideration to be received in the Transactions by the holders (other than Sun Pharma and its affiliates) of Shares was fair, from a financial point of view, to such holders.

The full text of the written opinion of Leerink, dated November 7, 2012, which sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations on the review undertaken by Leerink in connection with the opinion, is attached as Annex B and is incorporated herein by reference. Holders of Shares are encouraged to read the opinion carefully in its entirety. The summary of the opinion set forth herein is qualified in its entirety by reference to the full text of the opinion. Leerink provided its opinion for the benefit and use of the Board in its consideration of the Transactions, and its opinion is directed only to the fairness, from a financial point of view, of the consideration to be received in the Transactions by the holders (other than Sun Pharma and its affiliates) of Shares. The Leerink opinion does not constitute an opinion as to the merits of the Merger and is not a recommendation to any holder of Shares as to whether or not such holder should tender such Shares in connection with the Offer or how such holder should vote with respect to the Merger, or any other matter.

In connection with rendering the opinion described above and performing its related financial analyses, Leerink reviewed and considered such financial and other information as it deemed relevant, including, among other things:

- (i) certain financial terms of a draft of the Agreement, dated November 6, 2012;

- (iii) certain periodic reports and other publicly available information regarding the Company;
- (iv) comparisons of certain publicly available financial data of companies whose securities are traded in the public markets and that we deemed relevant to similar data for the Company;
- (v) comparisons of the financial terms of the proposed Transactions with the financial terms, to the extent publicly available, of certain other transactions that we deemed relevant; and
- (vi) such other information, financial studies, analyses and investigations and such other factors that Leerink deemed relevant for the purposes of its letter and opinion.

In addition, Leerink held discussions with members of senior management and representatives of the Company concerning the matters described in clause (ii) above, as well as the businesses and prospects of the Company.

In conducting its review and analysis and in arriving at their opinion, Leerink, with the Company's consent, assumed and relied, without independent investigation, upon the accuracy and completeness of all financial and other information provided to Leerink, or publicly available. Leerink did not undertake any responsibility for independently verifying, and did not independently verify the accuracy, completeness or reasonableness of any such information. With respect to financial forecasts for the Company that were provided to Leerink and that Leerink reviewed, Leerink was advised, and assumed, with the Company's consent, that such forecasts had been reasonably prepared in good faith on the basis of reasonable assumptions and reflected the best currently available estimates and judgments of the management of the Company as to the future financial condition and performance of the Company. Leerink expressed no opinion with respect to such forecasts or estimates or the assumptions upon which they were based.

Leerink did not make or obtain any independent evaluations, valuations or appraisals of the assets or liabilities (contingent or otherwise) of the Company, nor was Leerink furnished with such materials. Leerink did not make any independent investigation of any legal, accounting or tax matters relating to the Company, and assumed the correctness of all legal, accounting and tax advice given to the Company.

For purposes of rendering its opinion, Leerink assumed in all respects material to its analysis, that the consideration to be received in the Transactions was determined through arm's-length negotiations between the appropriate parties, that the representations and warranties of each party contained in the Agreement were true and correct, that each party would perform all of the covenants and agreements required to be performed by it under the Agreement without material alteration or waiver thereof, that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transactions would be obtained without any adverse effect on the expected benefits of the Transactions in any way meaningful to Leerink's analysis and that all conditions to the consummation of the proposed Transactions would be satisfied without waiver thereof or material alteration to the terms of the proposed Transactions. Leerink also assumed, with the Company's consent, that the final form of the Agreement would be substantially the same as the last draft reviewed by Leerink. In addition, Leerink assumed, with the Company's consent, that the historical financial statements of the Company reviewed by Leerink had been prepared and fairly presented in accordance with U.S. generally accepted accounting principles consistently applied. Leerink further assumed, with the Company's consent, that as of the date of its opinion, there had been no material adverse change in the Company's assets, financial condition, results of operations, business or prospects since the date of the last audited financial statements made available to Leerink which change had not been disclosed to Leerink prior to the date of Leerink's opinion.

Leerink was not requested to opine as to, and its opinion does not express any opinion as to, (i) the value of any employee agreement or other arrangement entered into in connection with the proposed Transactions, or (ii) any tax or other consequences that might result from the proposed Transactions. Furthermore, Leerink was not requested to opine as to, and its opinion expressed no opinion with respect to, the amount or nature of compensation to any officer, director or employee of any party to the Transactions, or any class of such persons, relative to the consideration to be paid by Sun Pharma or Acquisition Sub in the Transactions or with respect to the fairness of any such compensation.

Leerink's opinion relates solely to the fairness of the consideration to be received in the Transactions, to the holders (other than Sun Pharma and its affiliates) of the Shares, and its opinion does not address the Company's underlying business decision to proceed with or effect the Transactions or any other term, aspect or implication of

the proposed Transactions or any other agreement or arrangement entered into in connection with the proposed Transactions. Leerink was not requested to opine as to, and its letter and opinion do not in any manner address, the fairness of the Transactions or the consideration to the holders of any other class of securities or creditors or any other constituency of the Company. Leerink is not expressing any opinion as to the impact of the Transactions on the solvency or viability of the Company or Sun Pharma or the ability of the Company or Sun Pharma to pay its obligations when they come due. In addition, Leerink's opinion does not address any legal or accounting matters, as to which Leerink understood that the Company had obtained such advice as it has deemed necessary from qualified professionals.

Leerink's opinion was necessarily based upon economic and market conditions and other circumstances as they existed and could be evaluated by Leerink on the date of its opinion. It should be understood that although subsequent developments may affect Leerink's opinion, Leerink does not have any obligation to update, revise or reaffirm Leerink's opinion and Leerink expressly disclaims any responsibility to do so.

Leerink's opinion was intended for the benefit and use of the Board in its consideration of the proposed Transactions. Leerink's letter and opinion do not constitute a recommendation of the Transactions to the Board nor do they constitute a recommendation to any holder of Shares as to whether or not such holder should tender such Shares in connection with the Offer or how such holder should vote with respect to the Merger or otherwise. Leerink's opinion was authorized by Leerink's Fairness Opinion Review Committee.

The following is a summary of the material financial analyses utilized by Leerink and presented to the Board by Leerink in connection with rendering its opinion. The following summary, however, does not purport to be a complete description of the financial analyses performed by Leerink, nor does the order of analyses described represent relative importance or weight given to those analyses by Leerink. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and alone are not a complete description of Leerink's financial analyses. Considering the following data without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Leerink's financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before November 7, 2012 and is not necessarily indicative of current market conditions.

Historical Stock Trading Analysis. Leerink reviewed the historical spot and volume-weighted average trading prices for the Shares for various periods during and including the fifty-two (52) week period ended November 7, 2012 and analyzed the consideration to be received by holders of Shares in the Transactions agreement in relation to these spot and volume-weighted average trading prices. This analysis indicated that the price per share to be paid to the Company shareholders in the Transactions represented:

a premium of 38.4% based on the closing market price on November 7, 2012 of \$5.78 per share;

a premium of 14.3% based on the fifty-two (52) week high closing market price of \$7.00 per share;

a premium of 19.8% based on the closing market price four (4) weeks prior to November 7, 2012 of \$6.68 per share;

a premium of 48.4% based on the closing market price sixty (60) days prior to November 7, 2012 of \$5.39 per share;

a premium of 93.7% based on the closing market price of November 7, 2011 of \$4.13 per share;

Selected Publicly Traded Companies Analysis. To provide contextual data and comparative market information, Leerink compared certain operating and financial information for the Company to the corresponding operating and financial information of certain other companies in the specialty pharmaceutical and/or dermatology industries, which we refer to herein as the Selected Companies, whose securities are publicly traded. The corporations that Leerink reviewed were the following:

Allergan, Inc.

Table of Contents

Valeant Pharmaceuticals International, Inc.

Actelion Ltd.

Cubist Pharmaceuticals, Inc.

Auxilium Pharmaceuticals, Inc.

InterMune, Inc.

Optimer Pharmaceuticals, Inc.

Cadence Pharmaceuticals, Inc.

Obagi Medical Products, Inc.

Although none of the selected companies is directly comparable to the Company, the companies included were chosen because they are publicly traded companies with operations that for purposes of analysis may be considered similar to certain operations of the Company.

Leerink calculated and compared various financial multiples and ratios for each of the selected companies and for the Company based on closing stock prices as of November 7, 2012, and, in the case of the selected companies, publicly available financial data from SEC filings and FactSet consensus estimates as of that date and, in the case of the Company, financial data based on the Company Forecasts provided by the Company's management as well as publicly available analyst forecasts. With respect to the Company and each of the selected companies, Leerink calculated:

enterprise value, which is the diluted equity value using the treasury stock method based on outstanding options, warrants and Restricted Shares units, plus the value of such company's indebtedness and minority interests and preferred stock, minus such company's cash, cash equivalents and marketable securities, in each case, as of the company's latest SEC filing prior to November 7, 2012, as a multiple of estimated calendar year 2012, 2013 and 2014 revenue; and

enterprise value as a multiple of estimated calendar year 2012, 2013 and 2014 earnings before interest, taxes, depreciation and amortization, or EBITDA.

The results of these analyses are summarized as follows:

Enterprise Value as a multiple of:	Selected Publicly Traded Companies			DUSA Company Forecasts
	Range	Median	Mean	
2012E Revenue	1.6x-6.9x	3.1x	3.6x	2.4x
2013E Revenue	1.5x-5.8x	2.6x	3.3x	2.0x
2014E Revenue	1.4x-5.3x	2.4x	2.6x	1.7x
2012E EBITDA	8.8x-17.7x	11.3x	12.0x	13.6x

Edgar Filing: DUSA PHARMACEUTICALS INC - Form SC 14D9

2014E EBITDA	4.9x-20.7x	9.4x	11.5x	5.4x

Based on the results of this analysis and other factors which it considered appropriate, Leerink applied a multiple range of 2.75x-3.5x enterprise value to estimated calendar year 2012 revenue, a multiple range of 2.2x-2.8x price to estimated calendar year 2013 revenue, a multiple range of 9.0x-11.0x enterprise value to estimated calendar year 2012 EBITDA and a multiple range of 8.0x to 10.5x price to estimated calendar year 2013 EBITDA to the financial data derived from the Company's forecasts and the Wall Street forecasts to derive an implied equity value per Share.

Table of Contents

This calculation resulted in the following:

Multiple	Company Forecasts		Wall Street Forecasts	
	Implied Equity Value per Share		Implied Equity Value per Share	
Enterprise Value/2012E Revenue	\$6.25	\$7.50	\$6.25	\$7.50

While none of the companies that participated in the Selected Transactions are directly comparable to the Company, the companies that participated in the Selected Transactions are companies with operations that, for the purposes of analysis, may be considered similar to certain of the Company's results and product profile.

For each of the Selected Transactions, using publicly available estimate, Leerink calculated and compared transactions value as a multiple of the target company's revenue and EBITDA for the latest twelve (12) months prior to the announcement of the transactions (LTM) and, to the extent available, the target company's expected revenue and EBITDA for the twelve (12) months following announcement of the transactions (NTM). The following table presents the results of this analysis:

Transactions Value as a Multiple of:	Dermatology /Aesthetics Companies			DUSA Company Forecasts
	Range	Median	Mean	
LTM Revenue	2.0x-6.2x	3.6x	3.9x	3.9x

Edgar Filing: DUSA PHARMACEUTICALS INC - Form SC 14D9

NTM Revenue	2.0x-4.9x	3.2x	3.4x	3.2x
LTM EBITDA	8.8x-21.9x	13.0x	14.2x	24.1x
NTM EBITDA	9.0x-16.5x	9.8x	11.7x	12.7x

Table of Contents

Based on the results of this analysis and other factors that Leerink considered appropriate, Leerink applied a multiple range of 3.25x-4.0x LTM revenue, a multiple range of 2.75x-3.5x NTM revenue, a multiple range of 10.0x-15.0x LTM EBITDA and a multiple range of 9.0x-13.0x NTM EBITDA to the financial data derived from the Company's forecasts and the Wall Street forecasts to derive an implied equity value per Share. This calculation resulted in the following:

Multiple	Company Forecasts		Wall Street Forecasts	
	Implied Equity Value per Share		Implied Equity Value per Share	
Transaction Value/LTM Revenue	\$7.00	\$8.25	\$7.00	\$8.25
Transaction Value/NTM Revenue	\$7.00	\$8.50	\$7.00	\$8.50
Transaction Value/LTM EBITDA	\$4.25 - \$5.50		\$4.25 - \$5.50	
Transaction Value/NTM EBITDA	\$6.00	\$8.25	\$5.25 - \$7.00	

Illustrative Discounted Cash Flow Analysis. Leerink performed a discounted cash flow analysis on the Company using the Company forecasts. Leerink calculated indications of net present value of free cash flows for the Company from October 1, 2012 through December 31, 2019, which reflects the expiration of the Company's U.S. patent number 7,723,910 on June 17, 2019, using discount rates ranging from 10.0% to 14.0% and utilization of the half-year convention. This methodology excluded a terminal value for the Company to reflect the expiration of the patent and the fact that there is no assurance that the Company will be successful in bringing to market any successor product. In addition, for purposes of illustration, Leerink calculated the value of a hypothetical potential life cycle extension strategy for the Company, by applying a terminal value for the Company in 2019 based on multiples ranging from 2.0x revenue to 3.5x revenue, discounted to calculate implied indications of present values using discount rates ranging from 10.0% to 14.0%. The present value of usable net operating loss carryforwards was included when calculating the per share equity value for this analysis. Due to the current lack of any expected current life cycle extension program(s), Leerink was not able to estimate a probability of success, and therefore did not probability adjust the potential cash flows from any life cycle extension program(s). The following table presents the results of this analysis:

Discounted Free Cash Flow From
October 1, 2012 Through December 31,
2019

Excluding terminal value	\$5.36 - \$5.90
Including terminal value	\$10.02 - \$16.24

General. The foregoing summary of certain material financial analyses does not purport to be a complete description of the analyses or data presented by Leerink. The preparation of a fairness opinion is a complex process involving various determinations and subjective judgments as to the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances. Therefore such an opinion and the analyses used in arriving at such an opinion are not readily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Leerink's opinion. In arriving at its fairness determination, Leerink considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Leerink made qualitative judgments as to the significance and relevance of each analysis and factor on the basis of its experience and professional judgment after considering the results of all of its analyses. Accordingly, notwithstanding the separate factors summarized above, Leerink believes, and has advised the Board, that its analysis must be considered as a whole and that selecting portions of the analyses and the factors considered by it, without considering all analyses and factors, could create an incomplete view of the processes underlying Leerink's opinion.

In performing its analyses, Leerink made numerous assumptions with respect to industry performance, business and economic conditions and other matters, many of which are beyond the control of the Company. The analyses performed by Leerink based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. In addition, analyses relating to the value of businesses do not purport to be appraisals nor do they necessarily reflect the prices at which

Table of Contents

businesses or securities actually may be sold. Accordingly, as such analyses and estimates are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, neither the Company nor Leerink nor any other person assumes responsibility if future results are materially different from those forecast. No company or transaction used in the above analyses as a comparison is directly comparable to Sun Pharma or the Company or the contemplated Transactions. None of the Company, Leerink or any other person assumes responsibility if future results are materially different from those projected. The analyses supplied by Leerink and its opinion were among several factors taken in consideration by the Board in making its decision to enter into the Merger Agreement and should not be considered determinative of such decision.

Leerink prepared these analyses for purposes of Leerink's providing its opinion to the Company's Board as to the fairness from a financial point of view of the consideration to be received in the Transactions by the holders (other than Sun Pharma and its affiliates) of Shares. The consideration to be received by holders of Shares in the Transactions was determined through arm's-length negotiations between the Company and its representatives, on the one hand, and Sun Pharma and its representatives, on the other hand. Leerink provided advice to the Company during these negotiations. Leerink did not, however, recommend any specific amount of consideration to the Company or its Board or suggest that any specific amount of consideration constituted the only appropriate consideration for the Transactions.

The decision by the Board to approve the Transactions and enter into the Merger Agreement was solely that of the Board. As described in the foregoing, Leerink's opinion to the Board was one of many factors taken into consideration by the Board in making its determination to approve the Merger Agreement and the Transactions contemplated by the Merger Agreement.

Leerink is an investment banking firm focused exclusively on healthcare. Leerink is recognized as a leading investment bank for both emerging and established healthcare companies. Leerink, as part of its investment banking business, is continually engaged in the valuation of businesses and securities in connection with business combinations and acquisitions and for other purposes. Leerink was selected by the Company due to its substantial experience in the healthcare industry and with transactions similar to this transaction.

Leerink is a full-service securities firm engaged in securities trading and brokerage activities as well as investment banking and financial advisory services. In the ordinary course of its trading and brokerage activities, Leerink and its affiliates have in the past and may in the future hold positions, for its own account or the accounts of its customers, in the equity, debt and other securities of the Company, Sun Pharma or their respective affiliates.

Leerink acted as financial advisor to the Company in connection with, and participated in certain of the negotiations leading to, the Transactions contemplated by the Merger Agreement. Leerink has not previously provided investment banking or financial advisory services to the Company or Sun Pharma; however, in the ordinary course of business, Leerink and its affiliates may, in the future, provide commercial and investment banking services to the Company, Sun Pharma or their respective affiliates. In connection with such services, Leerink and/or its affiliates may, in the future, receive customary compensation.

Pursuant to the Leerink engagement letter, in connection with the merger, Leerink will be entitled to receive a transaction fee equal to approximately \$3.0 million and is contingent upon consummation of the Merger. A fee of \$500,000 (credited against the ultimate transaction fee payable upon closing) became payable upon Leerink's delivery of its fairness opinion. Additionally, the Company has agreed to reimburse Leerink for its out-of-pocket expenses, including attorney's fees, and has agreed to indemnify Leerink against certain liabilities, including liabilities under the federal securities laws. The terms of the fee arrangement with Leerink, which are customary in transactions of this nature, were negotiated at arm's length between Leerink and the Company, and the Board was aware of the arrangement, including the fact that the transaction fee payable to Leerink is contingent upon the completion of the Merger pursuant to the Merger Agreement. Leerink has not had a material relationship with, nor otherwise received fees from, the Company during the past two years preceding the date of this solicitation/recommendation statement.

The full text of the Leerink written opinion to the Board, which describes, among other things, the assumptions made, procedures followed, factors considered and limitations on the review undertaken, is attached as Annex B to this solicitation/recommendation statement and is incorporated by reference in its entirety into this solicitation/recommendation statement. Holders of Shares are encouraged to read the opinion carefully in its entirety.

Leerink delivered its opinion to the Board for the benefit and use of the Board in connection with and for purposes of its evaluation of the consideration provided for in the Transactions. It does not constitute a recommendation to you on how to vote or act in connection with the Transactions or otherwise.

ITEM 5. PERSONS/ASSETS RETAINED, EMPLOYED, COMPENSATED OR USED.

(a) Leerink Swann.

Pursuant to the Leerink engagement letter, the Company has agreed to pay Leerink a transaction fee equal to approximately \$3.0 million, which is contingent upon consummation of the Merger. A fee of \$500,000 (credited against the ultimate transaction fee payable upon closing) became payable upon Leerink's delivery of its fairness opinion. In addition, the Company agreed to reimburse Leerink upon request, certain out-of-pocket expenses incurred by Leerink under the Leerink engagement letter, up to \$25,000, including attorney's fees and disbursements. The Company also agreed to indemnify Leerink and related parties against certain liabilities arising out of its engagement, including liabilities under the federal securities laws.

Additional information pertaining to the retention of Leerink by the Company is set forth in Item 4 under the heading "Opinion of the Company's Financial Advisor".

ITEM 6. INTEREST IN SECURITIES OF THE SUBJECT COMPANY.

Except with respect to the option exercise described in the following sentence, no transactions in the Shares have been effected during the last sixty (60) days by the Company or any of its subsidiaries or, to the knowledge of the Company, by any executive officer, director or affiliate of the Company, other than Shares received as compensation in the ordinary course of business in connection with the Company's employee benefit plans. On November 13, 2012, Mr. Christopher, CFO of the Company, exercised options to purchase 7,500 Shares (which he continues to hold) at an exercise price of \$1.60 per Share.

ITEM 7. PURPOSES OF THE TRANSACTION AND PLANS OR PROPOSALS.

Except as set forth in this Schedule 14D-9, the Company is not engaged in any negotiation in response to the Offer which relates to or would result in (a) a tender offer for or other acquisition of the Company's securities by the Company, any of its subsidiaries, or any other person, (b) an extraordinary transaction, such as a merger, reorganization or liquidation, involving the Company or any of its subsidiaries, (c) a purchase, sale or transfer of a material amount of assets by the Company, or any of its subsidiaries, or (d) any material change in the present dividend rate or policy, or indebtedness or capitalization of the Company.

Except as set forth above, there are no transactions, resolutions of the Board, agreements in principle or signed contracts in response to the Offer that relate to one (1) or more of the events referred to in the preceding paragraph.

ITEM 8. ADDITIONAL INFORMATION TO BE FURNISHED.

The Information set forth under Item 3 "Past Contacts, Transactions, Negotiations and Agreements - Golden Parachute Compensation", as it relates to the Company's named executive officers (as defined in Item 402 of Regulation S-K), is incorporated herein by reference.

(a) Appraisal Rights.

No appraisal rights are available in connection with the Offer. In addition, holders of shares are not entitled to statutory appraisal rights in connection with the Merger under the NJBCA.

(b) Anti-Takeover Statutes.

As a corporation incorporated under the laws of the State of New Jersey, DUSA is subject to the NJBCA. Sections 14A:10A-4 and -5 of the NJBCA restrict the ability of certain persons to acquire control of a New Jersey corporation. In general, a New Jersey corporation with its principal executive offices or significant business operations in New Jersey as of the stock acquisition date in question (a "resident domestic corporation"), may not engage in a business combination with an interested shareholder for a period of five years following the interested shareholder's becoming such unless that business combination is approved by the board of directors of the resident

Table of Contents

domestic corporation prior to that interested shareholder's becoming an interested shareholder of a resident domestic corporation. An interested shareholder is any person (other than the resident domestic corporation or any subsidiary of that resident domestic corporation) that: (1) is the beneficial owner, directly or indirectly, of 10% or more of the voting power of the outstanding stock of the resident domestic corporation, or (2) is an affiliate or associate of that resident domestic corporation who, at any time within the five (5) year period immediately prior to the date in question, was a beneficial owner, directly or indirectly, of 10% or more of the voting power of the outstanding stock of the resident domestic corporation. Covered business combinations include (1) any merger or consolidation of that resident domestic corporation or any subsidiary of that resident domestic corporation with that interested shareholder or any other corporation (whether or not it is an interested shareholder of that resident domestic corporation) which is, or after a merger or consolidation would be, an affiliate or associate of that interested shareholder; (2) dispositions of assets; or (3) shares and recapitalizations.

In addition, after the five (5) year period a resident domestic corporation may not engage in a business combination with an interested shareholder other than (1) a business combination approved by the board of directors of such corporation's prior such interested shareholder's stock acquisition date, (2) a business combination approved by the affirmative vote of the holders of two-thirds of the voting stock not beneficially owned by such interested shareholder at a meeting for such purpose, or (3) a business combination in which the interested shareholder pays a formula price designed to ensure that all other shareholders receive at least the highest price per share paid by such interested shareholder or available in the marketplace.

A covered New Jersey corporation may not opt out of the foregoing provisions. However, in accordance with the cited provisions of the NJBCA, on November 7, 2012, the Board approved the Merger Agreement and the contemplated Transactions, including the Offer and the Merger, and took all appropriate action so that restrictions on business combinations set forth in such provisions, with respect to DUSA, are inapplicable to Sun Pharma and its affiliates by virtue of such actions.

(c) Antitrust Compliance.

United States. The acquisition of Shares pursuant to the Merger Agreement is subject to the pre-merger notification and reporting obligations under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the HSR Act). Under the HSR Act, the parties to the Merger Agreement are required to submit a Notification and Report Form (the HSR Application) and observe a 15-day waiting period following Acquisition Sub's filing prior to Acquisition Sub's acquisition of the Shares. During the 15-day HSR waiting period, the Antitrust Division of the U.S. Department of Justice (the Antitrust Division) and the Federal Trade Commission (the FTC), will examine the legality under the antitrust laws of Acquisition Sub's acquisition of the Shares. At any time prior to the expiration of the 15-day HSR Application waiting period, the Antitrust Division or the FTC has the authority to open an investigation of the Transaction and suspend the running of the waiting period by issuance of a Request for Additional Information and Documentary Material, sometimes referred to as a Second Request. The Antitrust Division and the FTC also have the statutory authority after Acquisition Sub's acquisition of Shares pursuant to the Offer to take any action under the antitrust laws it deems necessary or desirable in the public interest, including (i) seeking to enjoin the purchase of Shares pursuant to the Offer or the consummation of the Merger or (ii) seeking the divestiture of Shares or substantial assets of the Company. Private parties, and state attorneys general, may also bring legal action under the antitrust laws under certain circumstances. There can be no assurance that a challenge to the Offer on antitrust grounds will not be made, or, if a challenge is made, the ultimate result. The Company and Sun Pharma each submitted their respective HSR Applications on November 21, 2012, and requested early termination of the waiting period applicable to the Offer. The Offer is conditioned upon, among other things, (a) the absence of a termination of the Merger Agreement in accordance with its terms, (b) the satisfaction of the Minimum Tender Condition, (c) the expiration or termination of any waiting period under the HSR Act, (d) the absence of any applicable judgment that shall have been served by a court or Governmental Authority (as defined in the Merger Agreement) or the existence of any law shall be in effect that would make payment for the Shares or consummation of the Offer or Merger illegal.

Antitrust Laws of Countries and Jurisdictions Other Than the United States. Sun Pharma and its subsidiaries conduct business in countries and jurisdictions outside of the United States. In connection with the purchase of Common Stock pursuant to the Offer, the laws of certain of these countries may require the filing of information with, or the obtaining of the approval of, governmental authorities therein. Furthermore, the governments in such

Table of Contents

countries and jurisdictions might attempt to impose additional conditions on the Company's operations conducted in such countries and jurisdictions as a result of the acquisition of the Shares pursuant to the Offer or the Merger. If such approvals or consents are found to be required, the parties intend to make the appropriate filings and applications. In the event such a filing or application is made for the requisite foreign approvals or consents, there can be no assurance that such approvals or consents will be granted and, if such approvals or consents are received, there can be no assurance as to the date of such approvals or consents. In addition, there can be no assurance that the Company will be able to, or that Sun Pharma, CPL or Acquisition Sub will, satisfy or comply with such laws or that compliance or noncompliance will not have adverse consequences for the Company after purchase of the Shares pursuant to the Offer or the Merger.

(d) Top-Up Option.

The summary of the Top-Up Option in Section 11 of the Offer to Purchase is incorporated herein by reference.

(e) Vote Required to Approve the Merger.

The Board has approved the Offer, the Merger and the Merger Agreement in accordance with the NJBCA. Acquisition Sub, upon consummation of the Offer, will own more than a majority of the outstanding shares of Common Stock. Under Section 14A:10-5.1 of the NJBCA, if the Acquisition Sub acquires, pursuant to the Offer, the Top-Up Option or otherwise, at least 90% of the outstanding shares of the Common Stock, Acquisition Sub will be able to effect the merger after consummation of the Offer without a vote by the Shareholders. If Acquisition Sub acquires, pursuant to the Offer or otherwise, less than 90% of the outstanding shares of the Common Stock, the affirmative vote of the holders of a majority of the outstanding shares of the Common Stock will be required under the NJBCA to effect the Merger.

(f) Section 14(f) Information Statement.

The Information Statement attached as Annex A to this Schedule 14D-9 is being furnished pursuant to Section 14(f) under the Exchange Act in connection with the possible designation by Sun Pharma (or CPL), pursuant to the Merger Agreement, of certain persons to be appointed to the Board other than at a meeting of the Shareholders as described in the Information Statement, and is incorporated herein by reference.

(g) Financial Projections.

The Company does not as a matter of course publicly disclose earnings guidance or any other short-term or long-term forecasts or projections as to future performance, including earnings or other results relating to the current fiscal year or any period beyond the current fiscal year, and is especially wary of making projections for extended periods due to the significant unpredictability of the underlying assumptions and estimates. However, the Company provided certain unaudited financial forecasts prepared by management to Sun Pharma, Acquisition Sub and other potentially interested parties that were given access to the Company's virtual data room in connection with their consideration of a potential transaction with the Company, as set forth below under the heading "Base Case" and "Base Case Plus BASDI Phase III and Acne". The Company has included certain portions of the "Base Case" and "Base Case Plus BASDI Phase III and Acne" projections, which were prepared on May 30, 2012, provided to Sun Pharma, Acquisition Sub and other potentially interested parties who had access to the Company's virtual data room, and utilized by Leerink in connection with its fairness opinion, in this Schedule 14D-9 to provide shareholders access to this information. The Company's internal financial forecasts (upon which the projections provided to Sun Pharma and others were based) are, in general, prepared solely for internal use and capital budgeting and other management decisions and are subjective in many respects, and, thus, susceptible to multiple interpretations and periodic revisions based on actual experience and business developments. The projections were not probability adjusted. The inclusion of this information should not be regarded as an indication that the Company, Sun Pharma, Acquisition Sub, Leerink or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual results as further discussed below under the heading "General Discussion Regarding Projections."

(i) Base Case Projections.

The "Base Case" projections were prepared by the management of the Company for the purpose of sharing with Sun Pharma, Acquisition Sub and other potentially interested parties that were provided access to the

Table of Contents

Company's virtual data room and showing the potential of the Company. The Base Case projections are not probability-adjusted and do not reflect the estimates and judgments of the Company's management as to the expected future results of operations and financial condition of the Company. Set forth below are certain portions of the Base Case projections that were provided to Sun Pharma and Acquisition Sub and other potentially interested parties that were granted access to the Company's virtual data room, consisting of the Company's estimates of financial performance for the fiscal years ending December 31, 2012 through 2016.

Note that, amongst various other assumptions, the Base Case projections reflect the following assumptions:

- U.S. Kerastick volumes reflect positive Phase II BASDI results;
- U.S. Kerastick pricing increases consistent with the Company's practices;
- Net BLU-U pricing remains constant;
- Medicare reimbursement levels remain the same or improve;
- Excludes potential incremental revenues from next generation Levulan formulation development
- Marketing costs increase at 10% per year;
- Increases in the size of the sales force;
- Increases in the number of medical science liaisons;
- All other operating costs increase at 5% per year;
- Research and development costs reflect the following funding: BASDI - \$2.6 million over two years started in 2011 and next generation Levulan formulation development will cost \$20.6 million over 6 years, started in 2012; and
- Numerous other assumptions of management with respect to generic, business, economic, legal, market and financial conditions and other matters.

These assumptions regarding future events are difficult to predict and many are beyond the Company's control. Accordingly, there can be no assurance that the assumptions made by the Company in preparing these projections will be realized and actual results may be materially greater or less than those contained in the projections below.

Reconciliation to GAAP.

Management uses these Non-GAAP measures to help manage the Company's business, evaluate DUSA's performance, and incentivize employees. However, the presentation of non-GAAP financial measures was not meant to be considered in isolation, or as superior to, or as a substitute for financial information provided in accordance with GAAP. For purposes of these projections, since the gain or loss on change fair value of warrants and the share-based compensation expense are based on a number of unknown prospective factors including future equity grants and the Company's stock price going forward, a reconciliation to GAAP of these items is not feasible. As of September 30, 2012, share-based compensation for the nine-months ended September 30, 2012 was \$1,852,920 and the warrant expense based on the change in fair value of the warrants for the nine-months ended September 30, 2012 was \$2,308,842. The warrants have an exercise price of \$2.85, and expire in April 2013. There are no other items included in the financial projections set forth above which require reconciliation to GAAP.

(i) Base Case plus BASDI Phase III and Acne Projections.

Except as specifically set forth below, the Base Case plus BASDI Phase III and Acne projections reflect all of the Base Case assumptions summarized above, as well as the following additional assumptions:

U.S. Kerastick volumes reflect a label change in mid-2016;

Excludes potential incremental revenues from sales based on a potential approval for the treatment of acne; and

Edgar Filing: DUSA PHARMACEUTICALS INC - Form SC 14D9

Research and Development costs reflect the following funding: BASDI - \$10 million over three years started in 2011, next generation Levulan formulation development will cost \$17 million over 6 years, started in 2012; and the acne development program will cost \$20 million over 7 years, commencing in 2013.

(iii) *General Discussion Regarding Projections.*

DUSA's non-public business and financial information and projections that DUSA provided to Sun Pharma, Acquisition Sub, Leerink and any other party during the course of such person's respective due diligence investigation, or in the case of Leerink, utilization in connection with the financial analysis conducted by Leerink, were provided solely in connection with such due diligence investigation or utilization and not expressly for inclusion or incorporation by reference in any Offer documents. There is no guarantee that any projections will be realized, or that the assumptions on which they are based will be correct.

The projections reflect numerous estimates and assumptions with respect to industry performance, general business, economic, regulatory, legal, market and financial conditions, as well as matters specific to the Company's business. Many of these matters are beyond the Company's control and, as a result, there is significant uncertainty around the projections. As a result, there can be no assurance that the projected results will be realized or that actual results will not be significantly higher or lower than projected results. Since the projections cover multiple years, such information by its nature becomes subject to greater uncertainty with each successive year. The Base Case and Base Case Plus BASDI Phase III and Acne financial projections were prepared solely for internal use by the Company and its advisors, and for the use of Sun Pharma and other potential interested parties that were given access to the Company's virtual data room and their respective advisors in connection with a potential transaction with the Company and not with a view toward public disclosure or toward complying with generally accepted accounting principles, the published guidelines of the SEC regarding projections or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. The projections included herein were prepared by the Company's management. Neither the Company's independent registered public accounting firm, nor any other independent accountants, have compiled, examined, or performed any procedures with respect to the prospective financial information contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and assume no responsibility for, and disclaim any association with, the prospective financial information. Furthermore, the Base Case and Base Case Plus BASDI Phase III and Acne financial projections do not take into account any circumstances or events occurring after May 30, 2012, the date they were prepared. There can be no assurance that the announcement of the Offer and the Merger will not cause the Company's customers to delay or cancel purchases of the Company's products pending the consummation of the Offer and the Merger or the clarification of Sun Pharma's intentions with respect to the conduct of the Company's business thereafter. Any such delay or cancellation of customer sales could adversely affect the ability of the Company to achieve the results reflected in such financial projections. Further, the ability of the Company to achieve the results reflected in such financial projections could be adversely affected by the termination of the Merger Agreement and the Transactions.

The Company has made publicly available its actual results of operations for the quarter ended September 30, 2012 and year ended December 31, 2011. You should review the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2012 and the Company's Annual Report on Form 10-K for the year ended December 31, 2011 filed with the SEC to obtain this information. Readers of this Schedule 14D-9 are strongly cautioned not to place undue reliance on the projections set forth above. No one has made or makes any representation to any shareholder regarding the information included in these projections.

The Company expects there will be differences between actual and projected results, and actual results may be materially greater or materially less than those contained in the projections due to numerous risks and uncertainties, including, but not limited to, the important factors listed under Item 1A. Risk Factors in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2012 filed with the SEC (the 3Q 2012 10-Q) and the Company's Annual Report on Form 10-K for the year ended December 31, 2011 (the 2011 10-K). All projections and forward-looking statements are expressly qualified in their entirety by the risks and uncertainties identified in the 3Q 2012 10-Q and the 2010 10-K. The inclusion of projections herein should not be regarded as an indication that such projections will be necessarily predictive of actual future events, and they should not be relied on as such. However, the Company's management informed Leerink that the Base Case projections set forth above are the projections that the management of the Company believes reflect the best currently available estimates and judgments by management as to the expected future results of operations and financial condition of the Company and, accordingly, upon which, with the Company's consent, Leerink relied upon in performing its analysis.

Table of Contents

Except as required by applicable securities laws, the Company undertakes no obligation to update, or otherwise revise the material projections to reflect circumstances existing after the date when made or to reflect the occurrence of future events, even in the event that any or all of the assumptions are shown to be in error.

Shareholders are cautioned not to place undue reliance on the projections included in this Schedule 14D-9.

(h) Litigation.

The Company has been made aware of the filing of a putative shareholder class action complaint in the Superior Court of New Jersey, Law Division, Mercer County on November 14, 2012 captioned Bello v. Doman, et al., Docket No. MER-L-2688-12. The complaint, which has not yet been served on the Company, names as defendants the Company, Jay M. Haft, Alfred Altomari, David M. Bartash, Alexander Casdin, Robert F. Doman, Paul Hondros, Magnus Moliteus and David M. Wurzer (the individuals being members of the Board and hereafter referred to as the Individual Defendants), Sun Pharma and Acquisition Sub. The complaint alleges generally that the Individual Defendants breached their fiduciary duties by attempting to unfairly deprive shareholders of the value of their investment in the Company and contractually preventing a higher offer from other interested buyers. The complaint further alleges that Sun Pharma and the Company aided and abetted the purported breaches by the Individual Defendants. Plaintiffs seek an injunction against all defendants prohibiting consummation of the proposed transaction, rescission of the transaction or related damages if consummated before entry of final judgment, an accounting of all damages allegedly suffered by the shareholders, and an award of the costs, fees and disbursements incurred by the shareholders in bringing the action. The foregoing is qualified in its entirety by reference to the complaint which is filed as Exhibit (a)(10).

(i) Forward Looking Statements.

Information both included and incorporated by reference in this Schedule 14D-9 may contain forward-looking statements that involve significant risks and uncertainties. All statements other than statements of historical fact are statements that could be deemed forward-looking statements, including: statements regarding the anticipated timing of filings and approvals relating to the Transactions; statements regarding the expected timing of the completion of the Transactions; statements regarding the ability to complete the Transactions considering the various closing conditions; any statements of expectation or belief; and any statements of assumptions underlying any of the foregoing. Investors and security holders are cautioned not to place undue reliance on these forward-looking statements. Actual results could differ materially from those currently anticipated due to a number of risks and uncertainties. Risks and uncertainties that could cause results to differ from expectations include: uncertainties as to the timing of the Offer and Merger; uncertainties as to how many of the Shareholders will tender their stock in the Offer; the risk that competing offers will be made; the possibility that various closing conditions for the Transactions may not be satisfied or waived, including that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the Transactions; the effects of disruption from the Transactions, making it more difficult to maintain relationships with employees, licensees, other business partners or governmental entities; other business effects, including the effects of industry, economic or political conditions outside of the Company's control; transaction costs; actual or contingent liabilities; and other risks and uncertainties discussed in documents filed with the SEC by the Company, as well as the tender offer documents to be filed by Acquisition Sub and this Schedule 14D-9 to be filed by the Company. The Company does not undertake any obligation to update any forward-looking statements as a result of new information, future developments or otherwise, except as expressly required by law.

INFORMATION STATEMENT PURSUANT TO SECTION 14(f) OF THE SECURITIES

EXCHANGE ACT OF 1934 AND RULE 14f-1 THEREUNDER

GENERAL INFORMATION

This Information Statement is being mailed on or about November 21, 2012, as part of the Solicitation/Recommendation Statement on Schedule 14D-9 (the Schedule 14D-9) of DUSA Pharmaceuticals, Inc. (referred to herein as the Company or DUSA), with respect to the tender offer by Caraco Acquisition Corporation (Acquisition Sub), a New Jersey corporation, a wholly-owned subsidiary of Caraco Pharmaceutical Laboratories, Ltd., a Michigan corporation (CPL), a subsidiary of Sun Pharmaceutical Industries Limited, a corporation organized under the laws of India (Sun Pharma), to holders of the common stock, no par value (the Common Stock) of the Company (each share of Common Stock a Share and, collectively, the Shares). Unless the context indicates otherwise, in this Information Statement we use the terms us, we and our to refer to the Company. You are receiving this Information Statement in connection with the possible election of persons designated by Acquisition Sub to a majority of the seats on the board of directors of the Company (the Board or Board of Directors).

BACKGROUND

On November 8, 2012, the Company entered into an Agreement and Plan of Merger (the Merger Agreement) with Sun Pharma and Acquisition Sub. Pursuant to the Merger Agreement, Acquisition Sub has commenced a cash tender offer (the Offer) to purchase all outstanding Shares at a price of \$8.00 per Share (the Offer Price), net to the sellers in cash, without interest and less any applicable withholding taxes, if any, upon the terms and conditions set forth in the Offer to Purchase, dated November 21, 2012 (the Offer to Purchase). On November 16, 2012, Sun Pharma assigned its rights under the Merger Agreement to CPL. Notwithstanding such assignment, in accordance with the terms of the Merger Agreement, Sun Pharma remains liable and obligated under the Merger Agreement. Unless extended in accordance with the terms and conditions of the Merger Agreement, the Offer is scheduled to expire at midnight on December 19, 2012, at which time, if all conditions to the Offer have been satisfied or waived, Acquisition Sub will purchase all Shares validly tendered pursuant to the Offer and not properly withdrawn. Copies of the Offer to Purchase and the accompanying Letter of Transmittal have been mailed to the Company shareholders and are filed as Exhibits (a)(1)(A) and (a)(1)(B), respectively, to the Tender Offer Statement on Schedule TO filed by Acquisition Sub and Sun Pharma with the Securities and Exchange Commission (the SEC) on November 21, 2012.

The Merger Agreement provides, among other things, for the making of the Offer by Acquisition Sub and further provides that, upon the terms and subject to the conditions contained in the Merger Agreement, following completion of the Offer and the satisfaction or waiver of certain conditions, Acquisition Sub will merge with and into the Company (the Merger) and the Company will continue as the surviving corporation under the laws of the State of New Jersey, and the separate corporate existence of Acquisition Sub will cease. In the Merger, Shares issued and outstanding immediately prior to the consummation of the Merger (other than Shares owned by Sun Pharma, CPL, Acquisition Sub, any other direct or indirect subsidiary of Sun Pharma or of the Company including the Top Up Option Shares, all of which will be cancelled) will be converted into the right to receive an amount in cash equal to the Offer Price, without interest and less any applicable withholding taxes.

The Offer, the Merger and the Merger Agreement are more fully described in the Schedule 14D-9, to which this Information Statement is attached, which was filed by the Company with the SEC on November 21, 2012, and which is being mailed to shareholders of the Company along with this Information Statement.

Table of Contents

This Information Statement is being mailed to you in accordance with Section 14(f) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and Rule 14f-1 promulgated thereunder. Information set forth herein relating to Sun Pharma, Acquisition Sub or the Potential Designees (as defined below) has been provided by Sun Pharma. You are urged to read this Information Statement carefully. You are not, however, required to take any action in connection with the matters set forth herein.

Acquisition Sub commenced the Offer on November 21, 2012. As set forth in the Offer to Purchase, the Offer will expire at 12:00 midnight on December 19, 2012, or any later time to which Acquisition Sub, subject to the terms of the Merger Agreement, extends the period of time during which the Offer is open.

DIRECTORS DESIGNATED BY ACQUISITION SUB

Right to Designate Directors

The Merger Agreement provides that, promptly following the time that Acquisition Sub accepts for payment, and pays for, the Shares tendered pursuant to and in accordance with the Offer satisfying the Minimum Tender Condition (as defined in the Merger Agreement), and so long as Sun Pharma (or CPL) directly or indirectly beneficially owns not less than a majority of the issued and outstanding Shares, Acquisition Sub will be entitled to designate the number of directors (the Board Designees), rounded up to the next whole number, on the Board that equals the product of (a) the total number of directors on the Board, giving effect to the election of any additional directors by Acquisition Sub, multiplied by (b) the percentage that the number of Shares owned by Sun Pharma, CPL and Acquisition Sub or any other subsidiary of Sun Pharma bears to the total number of Shares then issued and outstanding. The Company shall take all actions available to the Company to cause the Board Designees to be so elected or appointed, including increasing the size of the Board or obtaining the irrevocable resignation of such number of its current directors, as necessary, and the Company shall use reasonable best efforts to cause such Board Designees to be elected or appointed on the same day as the Acceptance Time (as defined in the Merger Agreement), and upon Sun Pharma's (or CPL's) request, shall cause the Board Designees to constitute at least the same percentage (rounded up to the next whole number) as is on the Board of each committee of the Board, all of the foregoing subject to compliance with applicable securities laws and the marketplace rules of The NASDAQ Stock Market LLC (other than committees comprised solely of Continuing Directors (as defined below) established to take action under the Merger Agreement); provided that, at all times prior to the consummation of the Merger, the Board shall include at least two directors who were on the Board prior to Sun Pharma's (or CPL's) designation of the Board Designees and who qualify as independent pursuant to the listing requirements of The NASDAQ Stock Market LLC (the Continuing Directors). In the event that, prior to the consummation of the Merger, the number of Continuing Directors is reduced below two, the remaining Continuing Director shall be entitled to designate any other person to fill the vacancy left by such departed Continuing Director, or if no such Continuing Directors remain to fill such vacancies, the other directors then on the Board shall be entitled to designate two (2) persons to fill the vacancies who are not officers, employees, shareholders or affiliates of the Company, Sun Pharma, CPL, Acquisition Sub or any other subsidiary of Sun Pharma. Upon request by Sun Pharma (or CPL), prior to the Acceptance Time, the Company shall obtain the applicable irrevocable resignations from that number of directors which represents one (1) director more than a simple majority of the Board, which resignations will each be contingent solely upon the consummation of the Offer, and the Company shall provide to Sun Pharma (or CPL) complete and correct copies of such resignations promptly (and in no event later than two (2) Business Days) following the request therefor.

Following the election or appointment of the Board Designees and until the consummation of the Merger, the approval of a majority of the Continuing Directors, or the approval of all of the Continuing Directors then in office if there is only one or two Continuing Directors, will be required to authorize any amendment to or termination of the Merger Agreement by the Company, any extension of time for performance of any obligation or action under the Merger Agreement by Sun Pharma, CPL or Acquisition Sub, any waiver of the Company's rights under the Merger Agreement, any amendment to the Company's certificate of incorporation or bylaws, any authorization of any agreement between the Company, on the one hand, and Sun Pharma, CPL, Acquisition Sub or any other subsidiary of Sun Pharma, on the other hand, or the taking of any other action by the Company other than what has been agreed to pursuant to the terms of the Merger and the Merger Agreement.

Table of Contents

Information with respect to the Board Designees

As of the date of this Information Statement, Acquisition Sub has not determined who it will designate to the Board under the circumstances described above. However, Acquisition Sub intends to select such designees from the list set forth on Schedule I of the Offer to Purchase (the Potential Designees). The information with respect to the Potential Designees is incorporated herein by reference. Sun Pharma has informed the Company that each of the Potential Designees have consented to serve as directors of the Company if so designated by Acquisition Sub. Sun Pharma (and CPL) have advised the Company that none of the Potential Designees currently is a director of, or holds any position with, the Company. Sun Pharma (and CPL) have also advised the Company that none of the Potential Designees beneficially owns any equity securities, or rights to acquire any equity securities of the Company, has a familial relationship with any director or executive officer of the Company or has been involved in any transactions with the Company or any of its directors, executive officers or affiliates that are required to be disclosed pursuant to the rules of the SEC other than the Offer, the Merger and other transactions contemplated by the Merger Agreement. Sun Pharma (and CPL) have advised the Company that there are no material pending legal proceedings to which any Potential Designee listed below is a party adverse to the Company or has a material interest adverse to the Company.

Sun Pharma (and CPL) have informed Company that, to the best of its knowledge, none of the Potential Designees has been convicted in a criminal proceeding (excluding traffic violations or misdemeanors) or has been a party to any judicial or administrative proceeding during the past five years (except for matters that were dismissed without sanction or settlement) that resulted in a judgment, decree or final order enjoining the person from future violations of, or prohibiting activities subject to, federal or state securities laws, or a finding of any violation of federal or state securities laws.

It is expected that the Potential Designees may assume office at any time following the purchase by Acquisition Sub of Shares pursuant to the offer, and that upon assuming office, such Potential Designees will thereafter constitute at least a majority of the Board. It is currently not known which of the current directors of the Company would resign, if any.

Meetings and Committees of the Board of Directors

During the year ended December 31, 2011, there were nine (9) meetings of the Board of Directors. Each incumbent director, attended at least 75% of the aggregate of the meetings of the Board of Directors and of all of the committees on which he serves. The Board of Directors has established an Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee. In March 2012, the Board disbanded its Acquisition and Business Development Committee for the time being as the function of this Committee is being handled by management or the entire Board of Directors. Mr. Haft, the Chairman of the Board, normally presides at Board meetings, and, in his absence, Mr. Bartash, the Vice-Chairman of the Board, presides.

The members of the Audit Committee currently are Messrs. Bartash, Hondros and Wurzer. Mr. Wurzer serves as its Chairman. All of the members are independent directors in accordance with the rules of The NASDAQ Stock Market and applicable federal securities laws and regulations. In addition, the Board of Directors has determined that Mr. Wurzer qualifies as an audit committee financial expert and has designated him to fill that role. The Audit Committee provides oversight of the Company's accounting functions and acts as liaison between the Board of Directors and the Company's independent registered public accounting firm. The Committee reviews, with the independent auditors, the Company's unaudited quarterly financial statements, the planning and scope of the audits of the Company's financial statements, the results of those audits and the adequacy of internal accounting controls, and monitors other corporate and financial policies. In performing these functions, the Audit Committee meets periodically with the independent auditors (including in private sessions) and with management. In addition, the Audit Committee selects the independent registered public accounting firm. The Audit Committee operates under a written charter adopted and approved by the Board of Directors, a copy of which is available on the Company's website at www.DUSApharma.com. The Committee met five (5) times during 2011.

The members of the Nominating and Corporate Governance Committee currently are Mr. Haft, who serves as its Chairman, and Messrs. Altomari and Casdin. All of the members of our Nominating and Corporate Governance Committee are independent directors in accordance with the rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee's purpose is to identify and evaluate the qualifications of individuals to become members of the Board of Directors, to select the director nominees, to develop and recommend corporate governance principles to the Board of Directors and to provide oversight and guidance to the Board of Directors to assure compliance with its corporate governance policies and principles. There were three (3) meetings of this Committee in 2011. Shareholders who wish to suggest qualified candidates to the Nominating and Corporate Governance Committee for director should write to: Administrator, Nominating and Corporate Governance Committee, DUSA Pharmaceuticals, Inc., 25 Upton Drive, Wilmington, Massachusetts 01887 stating, in detail, the suggested nominee's biography and qualifications of such person for consideration by the Nominating and Corporate Governance Committee. You should also enclose a written statement from each proposed nominee consenting to be named as a nominee and, if nominated and elected, to serve as a director. The Committee operates under a written charter adopted and approved by the Board of Directors, a copy of which is available on the Company's website at www.DUSApharma.com.

Among the central purposes of the Nominating and Corporate Governance Committee are identifying individuals qualified to become members of the Board of Directors, reviewing the qualifications of candidates and selecting the director nominees to be voted on at each annual meeting of shareholders. When the need to recruit a director arises, the Nominating and Corporate Governance Committee will consult the other directors and the Chief Executive Officer and may retain fee-paid third party recruiting firms to identify potential candidates. The candidate evaluation process may include inquiries as to the candidate's reputation and background, examination of the candidate's experiences and skills in relation to the Board of Director's requirements at the time, consideration of the candidate's independence as measured by the Board of Director's independence standards, and other considerations as the Nominating and Corporate Governance Committee deems appropriate at the time. In addition, the Nominating and Corporate Governance Committee considers the diversity of professional experience, education, skill sets and viewpoints of the Board of Directors, as a whole, when considering the individual qualities of a potential nominee, with the goal of promoting a balance of perspectives. Prior to formal consideration by the Nominating and Corporate Governance Committee, any candidate who passes such screening would be interviewed by the Nominating and Corporate Governance Committee or its Chairman and the Chief Executive Officer. In effectuating those purposes, the Nominating and Corporate Governance Committee is charged with ensuring that the nominees for membership on the Board of Directors are of the highest possible caliber and are able to provide insightful, intelligent and effective guidance to the management of the Company. The following criteria have been identified by the Nominating and Corporate Governance Committee, and adopted by the Board of Directors, to guide the Nominating and Corporate Governance Committee in selecting nominees:

1. Directors should be of the highest ethical character and share the values of DUSA;
2. Directors should have personal and professional reputations that complement and enhance the image and standing of DUSA;
3. Directors should be leaders in their fields of endeavor, with exemplary qualifications;
4. The Nominating and Corporate Governance Committee should generally seek current and/or former officers and/or directors of companies and organizations, including scientific, government, educational and other non-profit institutions;
5. The Nominating and Corporate Governance Committee should seek directors so the Board is comprised of directors who collectively are knowledgeable in the fields of pharmaceuticals and device development, particularly those areas of research, development and commercialization undertaken by the Company;
6. Directors should have varied educational and professional experiences and backgrounds who, collectively, provide meaningful counsel to management;
7. Directors should generally not serve on more than six (6) boards;
8. At least two-thirds (2/3rds) of the directors on the Board should be independent as defined by The NASDAQ Stock Market and should not have any real or apparent conflicts of interest in serving as a director; and
9. Each director should have the ability to exercise sound, independent business judgment.

The Nominating and Corporate Governance Committee applies the same criteria to all nominees for the Board irrespective of the source of such nominee.

The members of the Compensation Committee currently are Messrs. Altomari, Casdin, Moliteus and Wurzer. Mr. Moliteus serves as its Chairman. The Compensation Committee considers matters related to the compensation of the Company's key officers and directors. The Committee also considers employee benefits which may be appropriate as the Company grows and develops policies and procedures. The

the Compensation Committee, however, the Compensation Committee seeks input from him regarding the performance and proposed compensation of DUSA's other executive officers. Mr. Doman and Mr. Richard C. Christopher, DUSA's Vice President of Finance and Chief Financial Officer, are present, at the invitation of the Compensation Committee, at its meetings, other than during consideration of their own compensation. The Compensation Committee has the authority to retain, at the Company's expense, independent counsel or other advisers as it deems necessary in connection with its responsibilities. In 2011, the Compensation Committee engaged WNB Consulting LLC to review and analyze DUSA's executive compensation program, including benefit plans, to prepare a benchmarking analysis and to recommend appropriate levels of cash and equity compensation for DUSA's directors, executive officers, including the Chairman of the Board and Chief Executive Officer, and to recommend ways to enhance long-term incentives for the Company's management team. The Compensation Committee is solely responsible for the engagement of WNB Consulting LLC, and all work performed by WNB Consulting LLC on behalf of DUSA is initiated and supervised by the Compensation Committee, except to the extent delegated by the Compensation Committee to management. The Compensation Committee met seven (7) times in 2011. It also met once in 2012 to discuss cash and equity compensation for 2012 and to consider cash bonuses for 2011. The Compensation Committee operates under a written charter adopted and approved by the Board of Directors, a copy of which is available on the Company's website at www.DUSAPharma.com.

On March 5, 2012, the Board dissolved the Acquisition and Development Committee because the function of such committee is being handled by both management and the entire Board of Directors. Prior to dissolution, the members of the Acquisition and Business Development Committee were Messrs. Altomari, Bartash, Hondros and Moliteus. Mr. Bartash served as its Chairman. The Acquisition and Business Development Committee met three (3) times in 2011.

In addition, none of our executive officers serves as a member for the compensation committee of any entity that has one or more of its executive officers serving as a member of our Board of Directors.

Structure and Risk Oversight Function of the Board of Directors

The leadership structure of the Board currently consists of an independent Chairman of the Board who oversees the Board meetings and works with our Chief Executive Officer to establish meeting agendas and a Vice-Chairman of the Board and Lead Director. Our Chairman, Mr. Haft, does not serve as our principal executive officer as we believe this structure enhances the independence of our Board. As noted above, our Chief Executive Officer, Mr. Doman, is the only member of our Board who has not been deemed to be independent by the Board. Further, our Corporate Governance Guidelines provide that if the positions of Chairman of the Board and Chief Executive Officer are held by the same person, the Board shall designate a Lead Director who will organize and lead meetings of the Board's independent directors. Our Audit, Nominating and Corporate Governance and Compensation Committees are comprised of only independent directors. All Board committees are chaired by independent directors who report to the full Board whenever necessary. We believe this leadership structure helps facilitate efficient decision-making and communication among our directors and fosters efficient Board functioning at regularly scheduled meetings.

Table of Contents

Our management is primarily responsible for managing the risks we face in the ordinary course of operating our business. The Board oversees potential risks and our risk management activities by receiving operational and strategic presentations from management which include discussions of key risks to our business. The Board also periodically discusses with management important compliance and quality issues. In addition, the Board has delegated risk oversight to each of its key committees within their areas of responsibility. For example, the Audit Committee assists the Board in its risk oversight function reviewing and discussing with management certain financial risks, such as our system of disclosure controls and risks associated with our cash investment policies. The Compensation Committee assists the Board in its risk oversight function by overseeing strategies with respect to our incentive compensation programs and key employee retention issues. We believe our Board leadership structure facilitates the division of risk management oversight responsibilities among the Board committees and enhances the Board's efficiency in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

Certain Relationships and Related Transactions; Director Independence

We review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. According to our written Statement of Policy with respect to Related Person Transactions, our Audit Committee, with the assistance of management and our legal counsel, is primarily responsible for the implementation of processes and controls to obtain information from the directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. In determining whether a proposed transaction is a related person transaction, we examine:

- (i) the related person's relationship to us;
- (ii) the related person's interest in the transaction;
- (iii) the material facts of the proposed transaction, including the proposed aggregate value of such transaction or, in the case of indebtedness, the amount of principal that would be involved; and
- (iv) whether the proposed transaction is on terms that are comparable to the terms available to an unrelated third party or to employees generally.

If our Audit Committee determines that the proposed transaction is a related person transaction, the Audit Committee decides whether to approve or disapprove the transaction. If it is approved, any material related person transaction is submitted to our Board of Directors. For the period beginning January 1, 2011 and ending March 31, 2012, there was one transaction in which the Company was or is to be a participant and the amount involved exceeded \$120,000, and in which any related person had or will have a direct or indirect material interest. In January 2007, DUSA hired Kevin Doman, the son of Robert F. Doman, our President and Chief Executive Officer, as a sales representative. Kevin Doman's hiring was reviewed and approved by the Audit Committee after review and approval of his compensation by the Compensation Committee and the Compensation Committee reviews his compensation each year. Factors considered by the Audit Committee included (i) Kevin Doman's experience in the industry, (ii) the fact that his compensation package is the same as that of our other sales representatives and was not reviewed or influenced by Robert F. Doman, prior to hiring or on an annual basis thereafter and (iii) the amount of compensation that Kevin Doman could receive from DUSA in the future. Kevin Doman received \$115,000 in salary and commissions for 2011 and has the potential to earn approximately \$136,000 in salary and commissions in 2012.

The Board has determined that all of the non-employee directors are independent, as independence is defined under the rules of The NASDAQ Stock Market.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Company's directors, officers and any person holding more than ten percent (10%) of our Common Stock are required to report their ownership of securities and any changes in that ownership to the Securities and Exchange Commission on Forms 3, 4 and 5. Based on our review of the copies of such forms we have received, we believe that all of our officers, directors and shareholders holding ten percent or more of our Common Stock complied with all filing requirements applicable to them with respect to their reporting obligations, except for Mr. Doman who filed one late Form 4 on May 11, 2011 relating to transactions occurring on June 9, 2008 and August 22, 2008 pursuant to which Mr. Doman transferred 10,000 and 5,000 shares, respectively, to his wife as a gift for no consideration. In making these statements, we have relied on the written representations of our directors and officers and copies of the reports that they, and any person holding more than ten percent of our Common Stock, have filed with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy and Objectives - All of our compensation programs and policies are designed to attract, retain, and reward key employees to align compensation with DUSA's performance and to motivate executive officers to achieve the Company's business objectives. Our programs are geared to rewarding both short and longer-term performance with the ultimate objective of increasing shareholder value over time.

The Compensation Committee of the Board of Directors (the Compensation Committee) believes that compensation should reflect the success of our executives as a management team, so, generally, we consider both individual and corporate strategic and financial goals in determining compensation. However, we believe that our Chief Executive Officer's performance should be evaluated entirely on achievement of corporate goals since these are his primary responsibilities. We believe that executive compensation should not be based on the short-term performance of our stock, but that the price of our stock will, in the long-term, reflect our operating performance and management of the Company by our executives. We seek to have the long-term performance of our stock reflected in executive compensation through our stock option and Restricted Shares award programs.

Throughout this Information Statement, the individuals who served as our Chief Executive Officer and our Chief Financial Officer during fiscal year 2011, as well as other individuals included in the Summary Compensation Table on page A-20, are referred to as named executive officers.

Overview of Compensation and Process - The Compensation Committee is composed of Messrs. Altomari, Casdin, Moliteus and Wurzer. Mr. Moliteus serves as its Chairman. The Compensation Committee is responsible for setting and administering the policies which govern annual executive salaries and cash bonus awards. Also, the Committee approves the amounts of stock option or other equity awards to all grantees under the Amended and Restated 2011 Equity Compensation Plan. The Compensation Committee evaluates, on a yearly basis, the performance, and determines the compensation of, the executive officers of DUSA, including the named executive officers. DUSA's President and Chief Executive Officer, Robert F. Doman, is not a member of the Compensation Committee, however, the Compensation Committee seeks input from him regarding the performance of DUSA's other executive officers. Richard C. Christopher, DUSA's Vice President of Finance and Chief Financial Officer, provides input regarding the Company's Vice President, Controller. The Compensation Committee discusses and adjusts the written recommendations of Mr. Doman and Mr. Christopher in awarding discretionary cash bonuses, as well as base salary increases for the other executives. The Compensation Committee exercises subjective judgment and discretion in the granting of the amount of bonuses and in setting base salaries. Mr. Doman and Mr. Christopher are present, at the invitation of the Compensation Committee, at its meetings, other than during consideration of their own compensation or other executive sessions.

Table of Contents

Following the annual meeting of shareholders held in June 2011, the Compensation Committee considered the results of the advisory vote on executive compensation, which was very supportive. The Compensation Committee continued to use the same policies and procedures in 2011 as it did in 2010 and thus far in 2012.

The Compensation Committee regularly retains an independent compensation consultant, WNB Consulting LLC, to review and analyze DUSA's executive compensation programs, to prepare a benchmarking analysis, and to recommend appropriate levels of cash and equity compensation for DUSA's directors and executive officers, including its President and Chief Executive Officer. WNB Consulting LLC was retained in both 2010 and 2011 for similar purposes, which included updating the information that the firm had provided to the Committee in 2009. The Compensation Committee is solely responsible for the engagement of WNB Consulting LLC, and all work performed by WNB Consulting is initiated and supervised by the Compensation Committee, except to the extent delegated by the Compensation Committee to management. The Compensation Committee discussed the recommendations of WNB Consulting LLC when setting 2011 and 2012 salaries, when making decisions about bonus levels and equity compensation awards and when revising compensation for our directors. While input from the consultant is carefully considered, the ultimate decision making authority rests with the Compensation Committee, which retains discretion over salary, cash bonus, and equity compensation determinations, based upon its subjective view of an executive's performance.

DUSA's executive compensation programs consist of base salary, discretionary cash bonus incentives based on annual individual and corporate goals, grants under the Company's equity plan, a 401(k) plan, a deferred compensation plan (which is currently inactive), and certain other perquisites and benefits generally available on the same basis as benefits provided to its other employees. Typically, during the first quarter of each year, our Compensation Committee meets to consider and, if deemed appropriate, approve cash bonuses for our executives based on the prior fiscal year's performance and base salaries for the new fiscal year, and to consider and, if deemed appropriate, grant equity awards, in the form of stock options and/or Restricted Shares awards, to the executive officers. On occasion, compensation adjustments are made during the year to reflect a change in roles or responsibilities of our executives.

DUSA does not currently provide any pension benefits to its named executive officers or employees.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the corporation's chief executive officer and four other most highly paid executive officers. We periodically review the potential consequences of Section 162(m) and may structure performance-based compensation to comply with certain exemptions. However, we have not done so to date.

DUSA had numerous successes in 2011 highlighted by significant increases in profitability and positive cash flow, as well as achievement of record sales volumes and revenues of its key products. In order to recognize the short term performance, as well as, strengthen the Company's position for the long term through the initiation of clinical trials to enhance its key product's label claims, the Compensation Committee provided a combination of base salary increases, cash bonuses and equity awards in order to better align management with shareholders' interests.

Base Salary - With regard to base salary, the Compensation Committee believes that DUSA's executive officers should be compensated at levels comparable to the base salary of executive officers at similar public biotechnology or pharmaceutical companies. The Company's goal is to pay base salaries that are at competitive levels in order to attract and retain talented management personnel. During 2009, 2010 and 2011, the Compensation Committee used survey data reporting the salaries and bonuses for executives of companies in these groups, which was prepared by WNB Consulting LLC. The surveys included the Ernst and Young's National Life Sciences Entrepreneurial Survey, Radford Associates Survey, Mercer Executive Compensation Survey, Tower Watson's Executive Compensation Survey, ORC SIRS Executive Compensation Survey and Salary.com 2011 proxy analysis. The Compensation Committee uses this information to assist it in setting executive compensation but does not have a pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation.

The Compensation Committee also takes note of the cost of living increase in determining base salary increases, as well as the general performance of the Company. Following the analysis by WNB Consulting LLC, all named executive officers' base salaries for 2009 remained at 2008 levels in order to preserve cash resources during uncertain

Table of Contents

economic times. For 2010, the Compensation Committee approved base salary increases for the named executive officers, other than Mr. Doman, in the range of 2.0% to 6.4% which included certain market adjustments for two of the named executive officers whose base salaries were, based on the analysis from WNB Consulting LLC, below competitive levels. The Compensation Committee granted an increase of 4% to Mr. Doman in light of his very strong performance and guidance of the Company to achieve both positive cash flow and profitability during the fourth quarter of 2009. For 2011, the Compensation Committee considered information from WNB Consulting LLC and provided two executives with market adjustments. The Committee approved base salary increases, including these adjustments, ranging from 0% to 10%, including an increase of 3.69% for Mr. Doman and 10% for Mr. Christopher (including a market adjustment), due to their leadership and the impressive financial improvement by the Company. For 2012, in addition to assessing individual performance, the Compensation Committee also considered WNB Consulting's updated findings, which indicated that the Company's base salary was still below the market median for several executives. In an effort to address this situation, Mr. Christopher, the Company's Chief Financial Officer, received another base salary adjustment in order to bring his salary more in line with the competitive market. The Compensation Committee approved base salary increases, including this adjustment, ranging from 0% to 7.16% to reward the management team for the strong financial and operational performance. Mr. Doman received an increase of 4.44% and Mr. Christopher received an increase of 7.16% (including the market adjustment), due to their leadership and the continuing strong financial improvement by the Company.

Bonuses - Under the terms of its employment agreements with its officers, DUSA's Vice Presidents are eligible to receive a range of up to 35% to 40% of their base salary as a discretionary cash bonus award to be set by the Board of Directors. Mr. Doman is eligible to receive up to 50% of his base salary as a cash bonus. In some cases, the agreements provide that the Board may award a cash bonus in excess of the stated percentage for outstanding performance. DUSA believes that the cash bonus is an important incentive to its officers and assists DUSA in reaching its corporate goals.

Financial and strategic business goals are typically set by management, and approved by the Board of Directors, usually during the fourth quarter of the previous year. The primary financial goals relate to achievement of net revenue and income statement improvement milestones. Management recommends these goals to incentivize its named executive officers to perform at consistent high levels, however, these goals are not set at levels which management believes are likely to be unattainable. The Compensation Committee uses a subjective approach in its consideration of cash bonus incentives. For 2011, management made recommendations to the Compensation Committee in light of certain corporate performance, including surpassing the budgets for revenue on the Company's key products, Kerastick[®] and BLU-U[®], net income and cash flow along with achievement of improved product margins, the launch of an alternate Kerastick[®] tip and the issuance of several new patents. In the past, the Compensation Committee also considered other factors, such as the attainment of positive cash flow and profitability on a full year basis, despite a difficult economic environment. In February 2012, the Compensation Committee using its discretion, based on the experience of its members, and in light of strong performance during 2011, determined that bonuses should be paid in amounts ranging from approximately 30% to approximately 57% of base salary. The Compensation Committee believes that a flexible approach is fairer and provides a greater incentive for the Company's executives to achieve both short and long term objectives.

In February 2011 and again in February 2012, the Compensation Committee met with Mr. Doman and Mr. Christopher who reviewed the contributions of each of the named executive officers, and Mr. Doman provided his recommendations for base salaries for 2011 and 2012, respectively, and proposed a cash bonus opportunity that should be paid to each of the named executive officers other than himself. In making its decision, the Compensation Committee discussed and evaluated the recommendations of Mr. Doman regarding 2011 and 2012 salaries and cash bonus opportunities, as well as the base salary and bonus for Mr. Doman, in conjunction with WNB Consulting LLC.

Equity Awards - DUSA has awarded stock options to its executive officers on initial hire, sometimes at the time of a promotion, and generally, has awarded stock options and/or restricted shares on an annual basis at a meeting of the Compensation Committee during the first quarter of the year. The Compensation Committee believes that a strong stock ownership program aligns executive officers with shareholders' interests and is essential to the long-term growth of the Company by providing executives with incentives to increase shareholder value over time. The Compensation Committee uses survey data and recommendations of independent consultants to monitor and evaluate the amount of long-term incentive compensation levels of its officers. There is no formula for the number of grants which are issued. In addition, the Board has decided to grant equity awards every year in order to

Table of Contents

take into account the volatility of DUSA's stock price from year to year. In 2011 and again in 2012, WNB Consulting LLC advised that DUSA's current equity compensation does not meet desired levels of competitive long-term compensation based on its analysis. WNB Consulting LLC recommended to the Compensation Committee that DUSA should increase the level of equity compensation that DUSA pays to its executive officers to better align executive officers' interests with shareholders and to maintain the effectiveness of DUSA's goal of retaining and motivating its executive officers through the use of equity compensation, since historically equity compensation has been significantly below that of similarly situated companies. In 2012, the Compensation Committee increased the size of the restricted share grants to begin to address this matter, but the size of the award is limited by the number of shares that are eligible for grant under the Amended and Restated 2011 Equity Compensation Plan.

In 2011, WNB Consulting LLC also provided updated survey data indicating that the members of DUSA's Board of Directors received less compensation than their peers, particularly with respect to equity compensation and committee activities. In October 2010, the Compensation Committee had reviewed information from WNB Consulting LLC and in light of this information and the increasing responsibilities of board members of public companies, increased the annual base fee for non-employee members of the Board of Directors from \$25,000 to \$30,000. As of January 1, 2011, the Compensation Committee established additional fees for service and attendance at Board and committee meetings. In June 2012, Messrs. Altomari, Bartash, Casdin, Haft, Hondros, Moliteus and Wurzer each received a formula award of 8,000 restricted shares.

Stock options have typically been granted as of the close of business on the date of grant. The Board of Directors determined that all grants should be made two days following the release of quarterly earnings by DUSA.

DUSA also maintains a 401(k) plan for all employees which provides a match of \$0.50 for each dollar contributed up to 6% of base salary, which was raised from up to 2.5% in December 2011. In 2006, DUSA adopted a deferred compensation plan which was available to operating director-level employees and above, however, the plan has been suspended for the time being due to lack of enrollment. DUSA adopted these plans in order to provide competitive benefits to its upper level employees.

In some cases, the Compensation Committee has altered a proposed amount of a cash bonus or equity grant to provide a particular award for excellent performance. This is an example of the discretion which is contemplated in the employment agreements between the Company and the named executive officers.

Currently, DUSA does not have any stated policy regarding an adjustment or recovery of awards or payments if a performance measure, upon which such award or payment may have been based, were to be restated. However, the Compensation Committee plans to consider adoption of a policy consistent with the Dodd-Frank Wall Street Reform and Consumer Protection Act following issuance of the final regulations by the SEC on this matter.

Perquisites - As provided in his employment agreement, DUSA provides its President and Chief Executive Officer with local housing, including utilities, since his permanent residence is in a state different from the location of DUSA's principal offices in Massachusetts. In addition, DUSA covers the amount of tax that the officer pays on the amount of the rent which constitutes compensation to him. This form of compensation did affect the level of base salary that the officer was offered and agreed upon when he joined DUSA in 2005.

Other Compensation -

Generally Available Benefits

We provide the following benefits to our named executive officers generally on the same basis as the benefits provided to all employees:

- Health and dental insurance;
- Life insurance;
- Short- and long-term disability;
- Educational assistance; and
- 401(k) plan.

Table of Contents

We believe that these benefits are consistent with those offered by other similarly situated companies.

Severance Benefits

All of the named executive officers have a provision in their employment agreements providing for severance benefits. See section below entitled Employment Agreements With Named Executive Officers. DUSA has received information from its employment consultant that the provision of such severance benefits for termination without cause is relatively common, and DUSA believes that the provision assists it in attracting key management to the Company.

Change of Control

DUSA provides a change of control provision in its named executive officers' employment agreements. See section below entitled Employment Agreements With Name Executive Officers. DUSA believes that the change of control provision would serve to retain DUSA's senior management talent and to focus management's attention on DUSA's operations during a change of control transaction.

Sections 280G and 4999 of the Internal Revenue Code impose certain adverse tax consequences on compensation treated as excess parachute payments. An executive is treated as having received excess parachute payments if he receives compensatory payments or benefits that are contingent on a change in control, and the aggregate amount of such payments and benefits equal or exceeds three times the executive's base amount as defined under the Internal Revenue Code. The portion of the payments and benefits in excess of one times base amount are treated as excess parachute payments and are subject to a 20% excise tax, in addition to any applicable federal income and employment taxes. Also, our compensation deduction in respect of the executive's excess parachute payments is disallowed. If we were to be subject to a change of control, certain amounts received by our executives could be excess parachute payments under Section 280G and 4999 of the Internal Revenue Code.

Deferred Compensation

On the recommendation of the Compensation Committee, DUSA adopted the DUSA Pharmaceuticals, Inc. Non-Qualified Deferred Compensation Plan (the Plan) effective October 18, 2006. The Plan is intended to be a non-qualified, supplemental retirement plan. It is intended primarily for the purpose of allowing a select group of management, including the named executive officers and members of the Board of Directors (the Participants) the option of having a portion of their compensation deferred, pursuant to Sections 201(2), 301(a)(3), and 401(a)(1) of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and, as such, to be exempt from the provisions of Parts II, III, and IV of Title I of ERISA. Participants may defer up to 80% of their compensation. A Participant will be 100% vested in all of the amounts he or she defers as well as in the earnings attributable to a Participant's deferred account. A Participant may elect to receive distributions from the deferred account at various times, either in a lump sum or in up to ten annual installments. DUSA's obligation to pay the Participant an amount from his or her deferred account is an unsecured promise and benefits will be paid out of the general assets of the Company. While DUSA has established a Rabbi Trust to segregate the Participants' deferred amounts, the Participants will be general creditors of DUSA. The Compensation Committee acts as the administrator of the Plan. The trustee of the Participants' deferred accounts is Bankers Trust Company. Although, as noted above, the Plan has been suspended for lack of enrollees, we believe that the Plan is beneficial in assisting DUSA to retain and attract key individuals for the long-term benefit of the Company.

Section 409A of the Internal Revenue Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities and penalty taxes and interest on their vested compensation under such plans. It is our intention to design and administer our compensation and benefits plans and arrangements for all of our employees and other service providers, including the named executive officers, so that they are either exempt from, or satisfy the requirements of, Section 409A. With respect to our compensation and benefits plans that are subject to Section 409A, in accordance with Section 409A and regulatory guidance issued by the IRS, we are currently operating such plans in compliance with Section 409A based upon our good faith, reasonable interpretation of the statute and the IRS's regulatory guidance.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company has employment agreements with each of its named executive officers. According to the terms of these agreements, the named executive officers are entitled to receive compensation as determined by the Board of Directors and are eligible to receive the benefits generally made available to employees of the Company. The Company may terminate any of these agreements at any time, with or without cause on sixty (60) days prior written notice. If employment is terminated without cause, the Company has agreed to pay a severance allowance equivalent to two (2) (in the case of Mr. Doman) or one and one-half (1.5) (in the case of the other named executive officers) times the sum of (a) such named executive officer's current salary and (b) fifty percent (50%) (in the case of Mr. Doman), forty percent (40%) (in the case of Mr. Christopher and Mr. O Dell) or thirty-five percent (35%) (in the case of Mr. Carota and Mr. Lundahl), within sixty (60) days following the date of termination.

In the event a named executive officer should die while employed by the Company, his heirs or beneficiaries will be entitled to any cash bonus such executive would have been entitled to, pro-rated to the date of such executive's death, any Company paid death benefits in force at the time of such death and his heirs or beneficiaries will also be entitled to exercise any vested but unexercised stock options which were held by him at the time of his death, within a period of one (1) year from the date of death.

Table of Contents

These employment agreements also provide for certain severance benefits following a change in control of the Company and termination of employment as summarized in the section below entitled Employment Agreement with Named Executive Officers.

Under the Company's equity plans, upon a change of control, unless the Company determines otherwise, all outstanding options not fully vested automatically accelerate and become immediately exercisable and the restrictions and conditions on all outstanding stock awards immediately lapse. The date on which such accelerated vesting, immediate exercisability and lapse of restrictions and conditions would occur, is the date of the occurrence of the change of control.

ESTIMATED TERMINATION PAYMENT

The table below reflects amounts payable to the named executive officers, assuming that their employment was terminated on November 8, 2012, both prior to and following a change in control of the Company, or assuming a change in control of the Company occurred on December 19, 2012.

EMPLOYMENT AGREEMENTS WITH NAMED EXECUTIVE OFFICERS

As described above under the heading Compensation Discussion And Analysis, the Compensation Committee regularly reviews and analyzes the compensation of DUSA's executive officers. In February 2012, the Compensation Committee, with its independent compensation consultant, WNB Consulting LLC, reviewed and analyzed the current employment arrangements with each of its executive officers. As a result of such review WNB Consulting LLC made various recommendations to the Compensation Committee with respect to the current employment arrangements with DUSA's executive officers. The Company's counsel then prepared new employment agreements with each of its executive officers to reflect the Compensation Committee's decisions as recommended by WNB Consulting LLC.
