**PROXY STATEMENT FOR 2013 ANNUAL MEETING OF STOCKHOLDERS**

**GENERAL QUESTIONS AND ANSWERS**

**Why am I receiving these materials?**

Our Board of Directors is soliciting your proxy for use at our 2013 annual meeting of stockholders to be held on Thursday, February 14, 2013 at 10:00 a.m. central time, as well as in connection with any postponements or adjournments of the meeting. The enclosed materials are being mailed to stockholders and posted on-line at [www.sandersonfarms.com/proxy](http://www.sandersonfarms.com/proxy) on or about January 16, 2013.

The annual meeting will be held in the Multi-Purpose Room of our General Corporate Offices, at 127 Flynt Road, Laurel, Mississippi, 39443. You are invited to attend the annual meeting and are requested to vote on the proposals described in this Proxy Statement.

As used in this Proxy Statement, we, us, our, Sanderson Farms or the Company refers to Sanderson Farms, Inc.

**What is included in these materials?**

These materials include:

the Notice of our 2013 annual meeting of stockholders;

this Proxy Statement for the annual meeting, which provides information about the matters to be voted on at the annual meeting, as well as other information that may be useful to you;

our Annual Report for the year ended October 31, 2012 and

the proxy card and voting instructions for the annual meeting.

The Annual Report is not to be considered part of the proxy solicitation material.

**What items will be voted on at the annual meeting?**

Shareholders will vote on two items at the annual meeting:

the election of Class C Directors to serve until the 2016 annual meeting (Proposal No. 1) and

the ratification of the appointment of Ernst & Young LLP as our independent auditors for the year ending October 31, 2013 (Proposal No. 2).

The Board recommends that you vote your shares FOR each of the director nominees and FOR the ratification of the appointment of Ernst & Young.

**Where are the Company's principal executive offices located and what is the Company's main telephone number?**

Our principal executive offices are located at 127 Flynt Road, Laurel, Mississippi, 39443, and our telephone number is (601) 649-4030.

**Who may vote at the annual meeting?**

## Edgar Filing: SANDERSON FARMS INC - Form DEF 14A

Only stockholders of record as of the close of business on December 20, 2012, the record date for the annual meeting, are entitled to receive notice of, and to vote at, the annual meeting.

### **What is the difference between a stockholder of record and a beneficial owner of shares held in street name?**

*Stockholder of Record.* If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the stockholder of record with respect to those shares, and the proxy materials were sent directly to you by mail.

## **Table of Contents**

*Beneficial Owner of Shares Held in Street Name.* If you hold your shares in an account at a brokerage firm, bank, broker-dealer, or other similar organization, then you are the beneficial owner of shares held in street name, and the proxy materials were forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to instruct that organization on how to vote the shares held in your account.

### **If I am a stockholder of record of the Company's shares, how do I vote?**

Stockholders of record have four ways to vote:

*In person.* If you are a stockholder of record, you may vote in person at the annual meeting. We will give you a ballot when you arrive.

*Via the Internet.* You may vote by proxy via the Internet by visiting [www.investorvote.com/SAFM](http://www.investorvote.com/SAFM) and entering the control number found on your proxy card.

*By Telephone.* You may vote by proxy by calling the toll free number found on your proxy card.

*By Mail.* You may vote by proxy by filling out your proxy card and sending it back in the envelope provided.

### **If I am a beneficial owner of shares held in street name, how do I vote?**

If your shares are held in the name of a broker, bank or other nominee, you will receive instructions from your broker, bank or other nominee that you must follow in order for your broker, bank or other nominee to vote your shares according to your instructions. Many brokerage firms and banks have a process for their beneficial holders to provide instructions via the Internet or over the telephone. If you are a beneficial owner of shares held in street name and you wish to vote in person at the annual meeting, you must obtain a legal proxy from the organization that holds your shares.

### **What is the quorum requirement for the annual meeting?**

The holders of a majority of the shares entitled to vote at the annual meeting must be present in person or by proxy at the annual meeting for the transaction of business. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against or abstained, if you:

are a stockholder of record (or are a beneficial owner and have a legal proxy from the organization that holds your shares) and are present in person at the annual meeting or

have voted on the Internet, by telephone or by properly submitting a proxy card or vote instruction form by mail.

If a quorum is not present, the annual meeting will be adjourned until a quorum is obtained.

### **How are proxies voted?**

All valid proxies received prior to the annual meeting will be voted. All shares represented by a proxy will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions.

### **What happens if I do not give specific voting instructions?**

## Edgar Filing: SANDERSON FARMS INC - Form DEF 14A

*Stockholders of Record.* If you are a stockholder of record and you:

indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board, or

sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the annual meeting. As of the date of this Proxy Statement, we have not received notice and we are not aware of any business to be transacted at the meeting other than the matters listed on the Notice and described in this Proxy Statement.

## **Table of Contents**

*Beneficial Owners of Shares Held in Street Name.* If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, then under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote your shares in its discretion on routine matters, but it cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will not have the authority to vote, and therefore cannot vote, on that matter with respect to your shares. This is generally referred to as a broker non-vote. The election of directors is a non-routine matter, so brokers may not vote your shares for the election of directors if you do not give specific instructions on how to vote. We encourage you to provide instructions to your broker or nominee regarding the voting of your shares for the election of directors.

The ratification of the independent auditors (Proposal No. 2) is a matter that we believe will be considered routine. Therefore, no broker non-votes are expected to occur in connection with Proposal No. 2.

### **How are broker non-votes treated?**

Broker non-votes are counted for purposes of determining whether a quorum is present. However, broker non-votes are not counted for purpose of determining the number of votes present or represented by proxy and entitled to vote with respect to a particular proposal, thus we believe they will have no effect on the vote on any matter at the meeting.

### **How are abstentions treated?**

Abstentions are counted for purposes of determining whether a quorum is present, and they are considered present for the purpose of determining the number of votes present or represented by proxy and entitled to vote with respect to a particular proposal. Abstentions will have the effect of a vote AGAINST in the election of directors (Proposal No. 1), and will have no effect on the vote on the ratification of the independent auditors (Proposal No. 2).

### **Can I revoke or change my vote after I have voted?**

Even if you submit a proxy, you may still attend the annual meeting in person, and you may revoke your proxy by voting in person at the meeting. You may also revoke your proxy before it is voted at the meeting in any of the following ways:

by filing with our Corporate Secretary a written notice of revocation;

by submitting to our Corporate Secretary a properly completed and signed proxy dated a later date; or

by re-voting by Internet or by telephone before 1:00 AM, Central Time, on February 14, 2013 using the instructions contained in the enclosed materials, if telephone or Internet voting is available to you.

Unless you revoke your proxy, it will be voted at the meeting according to your instructions, as long as you have properly completed and submitted it to us.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other nominee. You may also vote in person at the annual meeting if you obtain a legal proxy from the organization that holds your shares.

### **Where can I find the voting results of the annual meeting?**

The preliminary voting results will be announced at the annual meeting. The final voting results will be tallied by the inspector of election and published in a Current Report on Form 8-K, which we are required to file with the SEC within four business days after the annual meeting.

**Table of Contents****CAPITAL STOCK**

Our authorized capital stock consists of 5,000,000 shares of non-voting preferred stock, of which 500,000 shares have been designated Series A Junior Participating Preferred Stock, par value \$100.00 per share, none of which shares have been issued, and 100,000,000 shares of voting common stock, par value \$1.00 per share, of which 23,024,307 shares were outstanding and entitled to vote as of December 20, 2012, the record date for the annual meeting. Only stockholders of record at the close of business on such date are entitled to notice of and to vote at the annual meeting. Each such stockholder is entitled to one vote for each share of common stock held at that date.

**BENEFICIAL OWNERSHIP**

The following table sets forth information, as of January 4, 2013, concerning (a) the only stockholders known by us to own beneficially more than 5% of our outstanding common stock, which is our only class of voting securities outstanding, (b) the beneficial ownership of common stock of our executive officers named in the Summary Compensation Table below, and (c) the beneficial ownership of common stock by all of our directors and executive officers as a group. On January 4, 2013, there were 23,027,224 shares of our common stock outstanding.

**Table of Contents****PROPOSAL NO. 1****ELECTION OF DIRECTORS**

Our amended Articles of Incorporation provide that our Board of Directors shall be divided into three classes (Class A, Class B and Class C), with each class containing one-third, or as close to one-third as possible, of the total number of directors, and that the total number of directors shall be fixed by the Board of Directors in the By-Laws. The Board of Directors has fixed the number of directors at fifteen, resulting in there being five director positions in each class. Two Class B director positions are currently vacant. The Board has not identified candidates to fill those vacancies.

At each annual meeting of stockholders, directors constituting one class are elected for a three-year term. At the 2013 annual meeting, stockholders will elect three Class C Directors, whose terms will expire at the 2016 annual meeting.

The address of each director is Post Office Box 988, Laurel, Mississippi 39441.

**Nominees for Class C Directors**

The Board of Directors proposes for election as Class C Directors the five nominees listed below, each to serve as a Class C Director until the 2016 annual meeting or until his or her successor is elected and has qualified. Any vacancy on the Board of Directors may be filled either by the Board of Directors or by the stockholders, and the term of any director elected to fill a vacancy will expire at the next stockholders meeting at which directors are elected.

You may vote proxies in the enclosed form for the election as Class C Directors of only the nominees named below or substitute nominees who may be named by the Board of Directors to replace any of the nominees who become unavailable to serve for any reason. No such unavailability is presently known to the Board of Directors. There are no arrangements or understandings relating to any person's service or prospective service as a Class C Director of the Company. No person listed below will be elected as a Class C Director unless such person receives the affirmative vote of the holders of a majority of the shares entitled to vote and represented (whether in person or by proxy) at the annual meeting at which a quorum is present. If more persons than the number of directors to be elected receive a majority vote, then those persons receiving the highest number of votes will be elected. The Proxyholders named in the accompanying proxy card will vote FOR the nominees listed below (or substitutes as stated above) unless otherwise directed in the proxy. Abstentions by holders of shares entitled to vote and represented at the meeting will be counted as shares present but not voting for the purposes of calculating the vote with respect to the election of Class C Directors. Broker non-votes will be treated as not present for purposes of calculating the vote with respect to the election of the Class C Directors, and will not be counted either as a vote FOR or AGAINST or as an ABSTENTION with respect thereto.

The following table lists the nominees for Class C Directors and shows, as of January 4, 2013, their respective beneficial ownership of common stock of the Company. As discussed below, our Board of Directors has determined that each of the nominees is an independent director under the listing standards of The Nasdaq Stock Market.

<b>Nominees for Class C Director</b>	<b>Age</b>	<b>Director Since</b>	<b>Shares Beneficially Owned (1)</b>	<b>Percent Of Class</b>
Fred Banks, Jr. (2)	70	2007	20,572	(3)
Toni D. Cooley (2)	52	2007	16,667	(3)
Robert C. Khayat (2)	74	2007	13,884	(3)
Dianne Mooney (2)	69	2007	16,378	(3)
Gail Jones Pittman (2)	59	2002	12,014	(3)

- (1) The shares are owned of record by the beneficial owners shown with sole voting and investment power, except as set forth in the following notes.
- (2) The shares shown in the table for Directors Banks, Cooley, Khayat, Mooney and Pittman include 6,900 unvested shares of restricted stock that each was granted pursuant to the Company's Stock Incentive Plan and 5,870, 4,034, 532, 3,911 and 349 unvested shares, respectively, issued under the Company's share purchase plan. (See EXECUTIVE COMPENSATION, Compensation Discussion and Analysis, Director Compensation for a discussion of these shares.)

(3) Less than 1%.

**Table of Contents**

The Board of Directors recommends a vote FOR the election of Fred Banks, Jr., Toni D. Cooley, Robert C. Khayat, Dianne Mooney and Gail Jones Pittman.

**Directors Continuing in Office**

The following tables list the Class A and Class B Directors of the Company, whose terms expire at the 2014 and 2015 annual meetings, respectively, and show, as of January 4, 2013, the beneficial ownership of common stock by each of them.

### **Board Qualifications and Biographical Information**

As discussed more fully below under Corporate Governance Nominating and Governance Committee, we have sought director candidates with a diverse range of business, personal and geographic backgrounds, and the experience and perspective necessary to oversee effectively a multi-state operation of our size and type.

The following paragraphs identify the principal occupations of all continuing directors and nominees for director. We have also included the specific experience, qualifications, attributes or skills that led to the conclusion that the person should serve as a director in light of our business and structure. Except as otherwise indicated, each director has served for at least five years in the position shown.

**John H. Baker, III** is a native of Meridian, Mississippi and has been the sole proprietor of John H. Baker Interests, a real estate and development company in Houston, Texas, since 1968.

The Board believes Mr. Baker should serve as a director because of his extensive experience and contacts with both the Mississippi and Texas business communities, where a significant portion of our operations is located. Additionally, Mr. Baker is a successful entrepreneur who founded and has successfully grown and operated his own business. Mr. Baker has also been active in Mississippi and Texas state politics.

**Fred Banks, Jr.** has been a partner in the General Litigation Group in the Jackson, Mississippi office of the law firm of Phelps Dunbar LLP since 2001. Since 2008, he has been a non-equity senior partner with that firm. From 1991 to 2001, he was a Justice of the Mississippi Supreme Court, and at the time of his retirement from the court in 2001, he was serving as Presiding Justice. Before serving on the Mississippi Supreme Court, Mr. Banks served as a Circuit Court Judge in Hinds and Yazoo Counties, Mississippi for six years. From 1976 until 1985, he served in the Mississippi House of Representatives.

The Board believes Mr. Banks should serve as a director because of extensive experience in law, both in the areas of business transactions and litigation, and because of his perspective on the legal landscape in Mississippi. Mr. Banks' knowledge of Mississippi's corporate law under which the company is organized eminently qualifies him to serve as chair of the Board's Nominating and Governance committee. Mr. Banks has extensive contacts in Mississippi's legal and business communities, and is a visionary leader in numerous civic and philanthropic organizations.

**John Bierbusse** was employed by Duff and Phelps, Inc. from 1981 to 1987, and by A.G. Edwards from 1987 to 2004. Mr. Bierbusse served as Assistant Manager, Securities Research between 1999 and 2002 at A.G. Edwards, and as Manager, Research Administration from 2002 until his retirement in 2004. Mr. Bierbusse served on the New York Stock Exchange's Series 16 Test Committee from 2002 to 2007 and on the New York Stock Exchange's Research Analyst Qualification Examination Committee from 2003 to 2007. Mr. Bierbusse has been a Chartered Financial Analyst since 1987, and is currently retired.

The Board believes Mr. Bierbusse should serve as a director because of his experience as a financial analyst, particularly in the protein industry. He has extensive knowledge of the dynamics of poultry companies and the impact of grain markets and other external factors on the industry.

**Lampkin Butts** served from 1996 to 2004 as Vice President-Sales for the Company. On October 21, 2004, Mr. Butts was elected President and Chief Operating Officer of the Company. He began his career with our Company in 1973. Mr. Butts is a member of the Company's Executive Committee, which is a management committee, not a committee of directors.

The Board believes Mr. Butts should serve as a director because of his role as one of the top three executives in our Company and the extensive experience and insight he has gained from his almost 40-year tenure at Sanderson Farms. Mr. Butts' experience in most every aspect of our operations, including processing and sales, and his knowledge of our operations, contribute significantly to the Board. Mr. Butts has served in management capacities in every facet of our business, and that broad perspective is valuable to the Board.

## Table of Contents

**Mike Cockrell** has served, since 1993, as Treasurer and Chief Financial Officer for the Company. Before joining us, Mr. Cockrell was a shareholder and member of the law firm Wise Carter Child & Caraway, Professional Association, of Jackson, Mississippi. He is also a certified public accountant and was employed in the audit division of a public accounting firm from 1979 to 1980. Mr. Cockrell is a member of the Company's Executive Committee, which is a management committee, not a committee of directors.

The Board believes Mr. Cockrell should serve as a director because of his role as one of our top three executives and his 20 years of experience as the CFO of our Company. In addition, Mr. Cockrell oversees or has a key role in many aspects of our operations and administration that are not typical for chief financial officers of public companies, including investor relations, our grain purchasing strategy, legal affairs and risk management. As a result, he contributes a broad perspective on our operations to the Board process.

**Toni D. Cooley** founded and has been president of Systems Electro Coating, LLC, a tier one supplier to Nissan of electro coated frames and other vehicle components, since 2001. She has also served as president of Systems Consultants Associates, Inc., a management training and consulting firm established with the express purpose of assisting Jackson, Mississippi-based minority firms with capacity building, since 1993. Ms. Cooley is also co-owner of Systems IT, Inc., in Jackson, Mississippi, and is chief executive officer and president of Systems Automotive Interiors, L.L.C., a tier one supplier of upholstered seats to Toyota Motor Manufacturing's Mississippi plant. From 1992 to 1993, Ms. Cooley worked as an International Contract Administrator for the international sales team of the former Turner Broadcasting Systems. She is a director of Trustmark National Bank.

The Board believes Ms. Cooley should serve as a director because of her experience founding and significantly growing Systems Electro Coating in a very short period of time, as well as her experience in executive management. Her experience leading one of Mississippi's largest minority owned businesses provides to the Board a unique perspective on boardroom matters. Ms. Cooley's active involvement in the Mississippi business community has also been advantageous to the Board process.

**Beverly Wade Hogan** has served, since May 2002, as President of Tougaloo College in Jackson, Mississippi, a private, historically African-American, liberal arts college. Before becoming President of Tougaloo College, Ms. Hogan served for one year as Interim President. Before that, she served for ten years as a Commissioner for the Mississippi Workers Compensation Commission.

The Board believes that Ms. Hogan should serve as a director because of her 25-year plus career in executive leadership, management and administration, and her experience and perspective on employment and training issues. In addition, the Board has benefitted from the experience and insight Ms. Hogan has gained from her active involvement in local, state and national civic affairs, and her work pioneering numerous Mississippi community programs.

**Robert C. Khayat** served as the Chancellor of the University of Mississippi from July 1995 until his retirement in July 2009. Before that, he served the university in various capacities, including as professor of law at the University of Mississippi School of Law from 1982 to 1995. Mr. Khayat served on the Board of Directors of Mississippi Power Company, a subsidiary of The Southern Company, and Mississippi Valley Title Insurance Company, until his retirement from both boards in 2009.

The Board believes Mr. Khayat should serve as a director because of his immense skill and experience as head of the University of Mississippi. During his 14-year tenure, he led a major transformation of the university that resulted in higher academic standards, tripled African-American enrollment, significantly higher private financial support and recognition of the university by many independent organizations as one of the country's leading public universities. Among countless other accomplishments, his efforts to re-brand the university culminated in unprecedented national attention from its successful bid, led by Mr. Khayat, to host the first 2008 U.S. presidential debate.

**Phil K. Livingston** served as President and Chief Executive Officer of Citizens National Bancshares, Inc. in Hammond, Louisiana, from its organization in 1983, until its merger into Deposit Guaranty Corporation on May 19, 1995. Mr. Livingston retired in 1998, but continued to serve as a banking consultant to AmSouth Corporation following his retirement until 2001.

The Board believes Mr. Livingston should serve as a director because of his extensive experience as a banking executive, in particular his experience in growing and selling one community bank, his involvement with several bank acquisitions and his involvement in the Louisiana and Mississippi business communities, where a large part of our operations is located. The Board has also benefitted from his experience with executive compensation matters and past work with compensation consultants.

## Table of Contents

**Dianne Mooney** founded and served as Executive Director and Senior Vice President of Southern Living at Home, a direct sales division of Southern Progress Corporation, from 1999 until her retirement in 2007. Ms. Mooney was directly responsible for the launch and record growth of this \$200 million division. Before that time, she was an employee of Southern Progress Corporation for over thirty years in various positions, including Vice President of Business Development and Vice President of Custom Publishing. Southern Progress Corporation is a division of Time, Inc.

The Board believes Ms. Mooney should serve as a director because of her vast experience in brand management and corporate growth at Southern Progress, as well as in marketing, market research, international sourcing, and new product development. In addition, Ms. Mooney brings to the Board significant experience in crisis and risk management.

**Gail Jones Pittman** has served, since its founding in 1979, as Chief Executive Officer of Gail Pittman, Inc., an entrepreneurial business creating individually hand-painted, semi-vitreous china dinnerware and home accessories. It is located in Ridgeland, Mississippi.

The Board believes that Ms. Pittman should serve as a director because of her success, skill, experience and perspective as a successful entrepreneur. Ms. Pittman is recognized by many as Mississippi's preeminent female business executive, and one of the South's most noted philanthropists. Her active involvement in the Mississippi business community brings a valuable perspective to the Board.

**Charles W. Ritter, Jr.** served, from 1967 to 2002, as President and a Director of the Attala Company, which is principally engaged in the business of milling and selling feed and corn meal. He now serves as a management consultant to the Attala Company. He has also served as President of JRS, Inc., a family owned real estate investment firm, since 1973. Mr. Ritter retired as a director of First M & F Corp. and Merchants & Farmers Bank, Kosciusko, Mississippi, and chair of the audit committee of First M & F Corp.'s Board of Directors in May 2011. First M & F Corp. has a class of securities registered with the Securities and Exchange Commission.

The Board believes Mr. Ritter should serve as a director because of his experience in and knowledge of both the banking and grain industries. He is our longest serving outside director. Mr. Ritter contributes a broad business perspective to the Board of Directors as well as a long-term perspective on the evolution of our Company from a family business to a large, publicly held corporation. He knew personally the founders of our Company and brings an understanding of their long-term vision and core values to the Board table.

**Joe F. Sanderson, Jr.** served as President of the Company from November 1, 1989 to October 21, 2004, and has served as Chief Executive Officer since November 1, 1989 and as Chairman of the Board of Directors since January 8, 1998. Mr. Sanderson continues to serve as Chief Executive Officer and Chairman of the Board of Directors. Before his tenure as an executive officer of the Company, he was continuously employed by Sanderson Farms in numerous positions starting in 1969. Mr. Sanderson is a member of the Company's Executive Committee, which is a management committee, not a committee of directors. Mr. Sanderson's father, Joe Frank Sanderson, was one of the founders of our Company.

The Board believes Mr. Sanderson should serve as a director because of his outstanding leadership of our Company since 1989. Under his tenure, our Company has experienced tremendous growth, including growth in annual revenues from \$184 million in 1989 to over \$2 billion in 2012, and has opened five new plants. Mr. Sanderson is primarily responsible for the overall operation and strategic vision of our business, and as a result makes an invaluable contribution to the Board process.

#### ***Director Independence***

Our Board of Directors has determined that the following directors are independent under the listing standards of The Nasdaq Stock Market: Ms. Cooley, Ms. Hogan, Ms. Mooney, Ms. Pittman, and Messrs. Baker, Banks, Khayat, Livingston and Ritter.

Messrs. Sanderson, Butts and Cockrell are not independent because they are officers of the Company. In addition, Mr. Bierbusse does not meet The Nasdaq Stock Market's definition of independent director because his brother is a principal in the business consulting division of Ernst & Young LLP, our independent registered public accounting firm. A principal is a partner who is not an accountant. Mr. Bierbusse's brother has no involvement in Ernst & Young's audit of our financial statements or any other services they provide to us and Ernst & Young has concluded that his relationship to Mr. Bierbusse does not impair that firm's independence. In addition, we believe that Mr. Bierbusse does not have any interest in the fees we pay to Ernst & Young, but if such an interest exists, it is not material. Therefore we have not entered into a related party transaction that must be approved by a special committee of qualified, independent directors pursuant to the charter of the Audit Committee of our Board of Directors.

Our independent directors meet regularly in executive session, usually in conjunction with each regular Board meeting.

#### ***Leadership Structure***

Currently, Joe F. Sanderson, Jr. serves as both our Chief Executive Officer and the Chairman of the Board of Directors. The Board believes that Mr. Sanderson is best qualified to hold each of those positions and that it is in our stockholders' best interest that he do so because of his role overseeing all aspects of our operations, his 44 years of experience with our Company and his long-term vision for our strategic plan.

Our By-Laws provide that if at any time the Chairman of the Board is also an officer of the Company, the independent directors must appoint a Lead Independent Director. The Lead Independent Director must be independent under the rules of The Nasdaq Stock Market and is appointed by the other independent directors for a one-year term. He or she is responsible for:

presiding at all meetings of the Board of Directors at which the Chairman of the Board is not present, including executive sessions of the independent directors;

serving as a liaison between the Chairman of the Board and the independent directors;

approving information sent to the Board of Directors in preparation for meetings of the Board of Directors;

approving agendas for meetings of the Board of Directors and meeting schedules to ensure that there is sufficient time for discussion of all agenda items; and

being available for communications with our stockholders.

The Lead Independent Director also has the authority to call meetings of the independent directors.

The independent directors have appointed Phil K. Livingston as the Company's Lead Independent Director.

The Board of Directors believes that its leadership structure is appropriate because it strikes an effective balance between management and independent director participation in the Board process. The Lead Independent Director role helps to ensure greater communication between management and the independent directors. It also increases the independent directors' understanding of management decisions and Company operations and provides an additional layer of independent oversight of the Company.

### ***Risk Oversight***

The Board takes very seriously its oversight role in the Company's risk management. The Company's senior management committee, called the Executive Committee, is primarily responsible for managing the day-to-day risks of the Company's business, and is best equipped to assess and manage those risks. The Board receives reports on the Company's exposure to risk and its risk management practices from the senior managers of the Company's major divisions, including reports on the Company's biosecurity program, growth plans, information technology safeguards, financial and accounting controls and security measures, grain purchasing strategy, environmental compliance, human resources, legal matters and customer and product mix, among other things. The Board regularly receives updates about and reassesses the management of these risks throughout the year. In addition, the Board reviews the Company's risk disclosures in its draft periodic reports before they are filed and has the opportunity to question management about those risks. The Board is confident that the CEO, as the head of the Company's Executive Committee, will promptly report new material risks or material changes in the Company's risk profile to the Board. The Board also feels that, together with the CEO, it has cultivated a corporate culture and board leadership structure in which managers who report to the CEO and the other top officers of the Company have access to the Lead Independent Director and the other independent directors, and can communicate freely and candidly about risks to the Company.

### ***Board Meetings and Committees of the Board***

During our 2012 fiscal year, the Board of Directors held six meetings, one of which was a telephonic meeting. The Board of Directors strongly encourages all directors to attend the Company's annual meetings of stockholders, and thirteen directors attended the 2012 annual meeting. The Board of Directors has appointed three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Governance Committee. Each member of these committees is independent under the listing standards of The Nasdaq Stock Market. Every incumbent director attended at least 75% of the total of (i) all of the Board of Directors meetings held during the period for which he or she was a director and (ii) all of the meetings held by the committees of the Board on which he or she served (during the period in which he or she served).

The current charter of each committee of the Board of Directors is available in the Investor Relations section of our website at [www.sandersonfarms.com](http://www.sandersonfarms.com).

## **Table of Contents**

### ***Nominating and Governance Committee***

The members of the Nominating and Governance Committee are Ms. Cooley, Ms. Hogan and Ms. Mooney (Vice Chair) and Messrs. Banks (Chair), Livingston and Ritter. The committee considers all director candidates recommended for election to the Board of Directors. It also recommends all compensation paid to our non-employee directors, leads the Board in its annual self-evaluation and from time to time makes recommendations concerning our corporate governance policies. In fiscal 2012, the Committee held five meetings.

In October 2012, the Committee recommended and the Board adopted written corporate governance principles addressing the composition, functions and leadership of the Board. The principles are posted on the Company's website at [www.sandersonfarms.com](http://www.sandersonfarms.com).

As noted above, the Nominating and Governance Committee considers potential nominees for director proposed by its members, members of the Board of Directors, our stockholders or management. Stockholders who are not also members of our Board of Directors or management should submit notice of their proposed nominees for director in writing to the Nominating and Governance Committee at the Company's general offices. That address is Post Office Box 988, Laurel, Mississippi 39441.

Stockholders should include the following information in their written notice:

The stockholder's name and address;

A representation that the stockholder is a holder of record or a beneficial owner (in which case evidence of such beneficial ownership must be submitted if requested by the Nominating and Governance Committee) of shares of the Company's common stock as of the date of the notice;

The name, age, business and residence addresses, and principal occupation and experience of each proposed nominee;

Such other information regarding each proposed nominee that the stockholder wishes the Nominating and Governance Committee to consider;

The consent of each proposed nominee to serve as director of the Company if elected; and

A representation signed by each proposed nominee that states that such proposed nominee meets all of the qualifications set forth in Article IV of our By-Laws, which requires that directors must be at least 21 years old and citizens of the United States.

Persons wishing to propose nominees for consideration at our annual meeting of stockholders must submit notice of their proposed nominee to the Nominating and Governance Committee no later than September 15 of the year prior to the annual meeting.

Anyone proposing nominees to the Nominating and Governance Committee should consider the minimum qualifications, skills and qualities that the Nominating and Governance Committee believes are necessary for a director of the Company, as follows:

significant business experience in production, preferably related to agriculture, or in marketing, finance, accounting or other professional disciplines;

prominence and a highly respected reputation in his or her profession;

Edgar Filing: SANDERSON FARMS INC - Form DEF 14A

a global business and social perspective;

a proven record of honest and ethical conduct, personal integrity and good judgment;

a commitment to congeniality with and mutual respect for other members of the Board and management;

concern for the long-term interests of our stockholders; and

significant time available to devote to Board activities and to enhance his or her knowledge of our industry.

## **Table of Contents**

To date, the Board has ensured that these minimum qualifications were met by recommending to our stockholders only nominees whom our incumbent directors knew personally. In this way, the Board has had the benefit of reliable, first-hand reports about the nominees' personal integrity and reputation.

Although the Board does not have a formal policy on diversity with respect to the Board, it has worked hard to identify director candidates who represent a diverse range of personal and business backgrounds. The Board has identified such persons through directors' personal contacts in the local business communities where we operate. Board members currently reflect racial and gender diversity and our directors have worked in a variety of fields including finance, banking, law, higher education, heavy industry, agriculture, publishing and brand management. The Board has also endeavored to identify directors from the various communities in which our operations are located, including Mississippi, Louisiana and Texas. When searching for candidates for future Board positions, the Nominating and Governance Committee may focus its attention on candidates from Georgia and North Carolina, where our newer plants are located.

The Nominating and Governance Committee annually assesses its effectiveness at composing a diverse and qualified group of directors through a self-evaluation process. The full Board also has the opportunity to comment on the size and composition of the Board.

The Nominating and Governance Committee may interview candidates for nomination for election as director who are not incumbent directors. The Nominating and Governance Committee may elect to invite members of our management to participate in the interviews. When all interviews are complete, the Nominating and Governance Committee votes to determine a slate of nominees to be submitted to the Board of Directors. The Nominating and Governance Committee uses the same process to evaluate potential nominees proposed by stockholders as it uses to evaluate any other potential nominee.

Nothing in the committee's policies will prevent a stockholder from nominating persons for election as directors from the floor at any annual or special meeting of stockholders called for that purpose by following the advance notification procedures set forth in Article III of our By-Laws. These procedures are described under "STOCKHOLDER PROPOSALS, Procedure" in this Proxy Statement.

### ***Audit Committee***

The Audit Committee is established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The members of the Audit Committee are Ms. Pittman and Ms. Mooney and Messrs. Baker (Vice Chair), Khayat, Livingston, and Ritter (Chair). The committee, among other things, appoints or replaces the independent auditors, reviews the scope of the independent auditors' audit, reviews our major accounting and financial reporting policies, practices and systems for compliance with applicable statutes and regulations, and reviews our internal auditing functions. The Audit Committee held eight meetings during fiscal 2012, four of which were telephonic meetings.

**Audit Committee Report**

To the extent provided by Instruction 1 to Item 407(d) of Regulation S-K of the Securities and Exchange Commission (SEC), this section shall not be deemed to be proxy soliciting material or to be filed with the SEC or subject to its proxy regulations or to the liabilities imposed by Section 18 of the Exchange Act.

The Audit Committee has reviewed and discussed the audited financial statements with management, and the Audit Committee has discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. SAS 61 requires the independent auditor to provide the Audit Committee with information regarding the scope and results of an audit that may assist the Audit Committee in overseeing management's financial reporting and disclosure process. The Audit Committee has received the written disclosures and the letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board, and has discussed with the independent accountants the independent auditors' independence. Based on the review and discussions referred to above, the Audit Committee recommended that the audited financial statements for the fiscal year ended October 31, 2012 be included in our Annual Report on Form 10-K for that fiscal year for filing with the SEC.

The Audit Committee:

John H. Baker, III (Vice Chair)

Robert Khayat

Phil K. Livingston

Dianne Mooney

Gail J. Pittman

Charles W. Ritter, Jr. (Chair)

***Compensation Committee; Compensation Committee Interlocks and Insider Participation***

The members of the Compensation Committee are Ms. Cooley, Ms. Hogan, Ms. Pittman (Vice Chair) and Messrs. Baker, Banks, Khayat, Livingston (Chair) and Ritter. The committee determines the philosophy, components, levels and terms of our executive compensation. In fiscal 2012, the Compensation Committee held six meetings, one of which was telephonic.

The committee's processes and procedures for the consideration and determination of executive pay, as well as the role of management and outside consultants in that process, are more fully described in the EXECUTIVE COMPENSATION section, below.

The Compensation Committee may form and delegate its authority to subcommittees consisting only of persons who are members of the Compensation Committee.

During fiscal 2012, none of the members of the Compensation Committee was an officer or employee of the Company and no member of the committee is a former officer of the Company. In addition, during fiscal 2012, none of our executive officers served on the board of directors of any entity whose directors or officers served on our Board of Directors.

### ***Communications Between Stockholders and the Board of Directors***

The Board of Directors has adopted a formal procedure that stockholders may follow to send communications to the Board of Directors. Stockholders may send communications to the Board by writing to:

Internal Audit Department

Sanderson Farms, Inc.

P. O. Box 988

Laurel, MS 39441-0988

Stockholders desiring to send a communication to the full Board of Directors should mark the envelope Attention: Board of Directors. Envelopes intended for a committee of the Board should be marked to the attention of the particular committee. Stockholders may also communicate with directors who are independent directors under the rules of The Nasdaq Stock Market by marking the envelope Attention: Independent Directors at the address given above.

We will forward all communications we receive as addressed on a quarterly basis, unless management determines by individual case that a communication should be forwarded more promptly. However, any stockholder communication concerning employee fraud or accounting matters will be forwarded as addressed, with a copy to the Audit Committee, immediately upon receipt.

### ***Review and Approval of Certain Transactions***

The Audit Committee's charter charges it with reviewing on an on-going basis certain transactions between the Company and its directors, officers, major stockholders and certain other persons for conflicts of interest. The types of transactions that are subject to this review are those related party transactions that must be disclosed in our proxy statement under the rules of the SEC. The Audit Committee must recommend to a special committee of qualified, independent directors whether or not the transaction should be approved. The special committee may retain independent legal, accounting or other advisors to advise it in this process. During our 2012 fiscal year, there were no transactions between the Company and related persons that required review by the Audit Committee or that required disclosure in this Proxy Statement.

### ***Section 16(a) Beneficial Ownership Reporting Compliance***

Section 16(a) of the Exchange Act requires our directors, officers and persons who own more than 10% of our outstanding common stock to file with the SEC reports of changes in their ownership of our common stock. Officers, directors and greater than 10% stockholders are also required to furnish us with copies of all forms they file under this regulation. Based solely on a review of written information provided by these persons, our officers, directors and greater than 10% stockholders were in compliance with all Section 16(a) filing requirements for fiscal 2012.

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

*Executive Summary*

This Compensation Discussion and Analysis (CD&A) describes our compensation philosophies, factors considered in developing our compensation packages and the decision-making process followed in setting compensation for our Named Executive Officers during our 2012 fiscal year. It should be read in conjunction with the tables and accompanying narratives that follow. Other than our principal executive officer and principal financial officer, there were only two individuals at our Company who met the definition of executive officer under SEC rules in our 2012 fiscal year, and therefore those four executive officers were our only Named Executive Officers under the SEC's proxy statement rules. They are:

Joe F. Sanderson, Jr., Chairman of the Board and Chief Executive Officer (CEO);

Lampkin Butts, President and Chief Operating Officer (COO);

Mike Cockrell, Treasurer and Chief Financial Officer (CFO); and

James A. Grimes, Secretary and Controller (Secretary).

Mr. Grimes retired from the Company effective on the last day of our 2012 fiscal year. He was succeeded in the positions of Secretary and Controller by Timothy F. Rigney, effective November 1, 2012.

The goal of this CD&A is to describe our executive compensation philosophies and programs with transparency and clarity. Our Compensation Committee met six times during the year and retained Towers Watson as its independent executive compensation consultant. We believe that our executive compensation programs reflect our Company's pay-for-performance philosophy, assist us in creating long-term value for our stockholders and are effective in retaining and motivating our current executives. Although we generally strive to appoint executives from within our Company, our compensation programs will allow us to attract top management candidates from outside our Company, should the need arise.

Sanderson Farms has always had a pay-for-performance culture. We expect top performance from our people every year and are willing to pay for that success. Accordingly, a substantial part of the compensation package for each Named Executive Officer is at risk and is only earned if performance so warrants. In addition to base salary, we offer our Named Executive Officers the opportunity to earn an annual bonus if certain performance goals are met, and we also grant long-term incentives to our Named Executive Officers to align their pay with the long-term success of our Company. Our long-term incentives have both a performance-based component, as well as a time-based element to assist us in retaining our management team. We encourage our Named Executive Officers, other members of management and our Board of Directors to follow our stock ownership guidelines. In addition, our executives participate in our Employee Stock Ownership Plan and can elect to participate in our Management Share Purchase Plan, which further aligns them with our stockholders.

The Committee regularly compares our executive officers' total realizable pay against our total shareholder return for the past three years, to determine if there is alignment between our executive pay and our performance. Total realizable pay means the compensation our officers actually received, and equals the sum of an officer's base salary, actual bonus paid, long term incentive pay-outs and the value of equity awards at the Company's current stock price. Based on this analysis, the Committee believes our executive compensation and our Company's performance are strongly aligned. For example, in setting our executive pay for fiscal 2012, the Committee noted at that time that our total shareholder return ranked at the 73<sup>rd</sup> percentile of our peer group, while our CEO's realizable pay ranked at the 40<sup>th</sup> percentile.

We use a peer group and appropriate published surveys (based on appropriate industry and revenue size comparisons) to set compensation levels. We do not target our compensation levels at any particular point in the range established by data we gather, but we do consider the median of those markets as a general guide, along with a multitude of other factors, in setting our pay opportunity. However, with above-target performance, our Named Executive Officers can earn above-market pay.

## Edgar Filing: SANDERSON FARMS INC - Form DEF 14A

For purposes of our annual bonus award plan, we measure operational performance using Agristats, a private industry benchmarking service that analyzes performance data submitted weekly by a significant majority of the poultry industry, and through earnings per share. Even if we meet the operational and earnings per share targets, our executives will not receive payments under the bonus award plan unless we also meet a return on equity threshold. For our long-term performance share plan, we measure performance by return on sales and return on equity, and our stock price also factors into the final amount of the award to the Named Executive Officers.

## **Table of Contents**

In fiscal 2012, although poultry markets improved versus 2011, the market prices for feed grains remained challenging. Despite challenging conditions, we reported net income of \$2.35 per share. Overall chicken prices were higher during fiscal 2012 than during 2011, but our costs for feed grains were higher than in 2011 and we continued to incur start-up costs and inefficiencies from the opening of our new plant in Kinston, North Carolina. Because of these challenging conditions and our resulting performance, we did not pay bonuses for fiscal 2012 under the terms of our bonus award plan and performance shares with a performance period ending at the end of fiscal 2012 were not earned. There are two additional long-term performance share cycles currently in place under our long-term performance share plan, and the payouts on those awards, if achieved, will occur at the end of fiscal 2014 and 2015.

Our CEO, at his request, received no equity awards under the long-term incentive program from 2005 through our 2009 fiscal year. The Committee determined, and he agreed, that he again be considered for long-term incentive awards beginning in the 2010 fiscal year. In 2012, Mr. Sanderson informed the Committee that he would not accept any restricted stock awards for the 2013 fiscal year. However, Mr. Sanderson was granted, and he accepted, an award of performance shares for fiscal 2013.

At our 2011 annual meeting, our stockholders approved the compensation of our Named Executive Officers as disclosed in our 2011 proxy statement in a non-binding say on pay vote by 99 percent of the votes cast. The Committee took this approval into account in determining to follow the same policies, practices and framework to set our fiscal 2013 executive pay as it has used in the past. Our stockholders also voted in a non-binding advisory vote, by a majority of the votes cast, to hold an advisory say on pay vote every three years. Our Board subsequently determined to adopt this frequency, and thus our next advisory say on pay vote will occur at our 2014 annual meeting.

### ***Principles and Objectives of the Executive Compensation Program***

The main objectives of our executive compensation programs have been to reward outstanding performance by our executives appropriately and to ensure that management and stockholder interests are closely aligned. The Committee strives to structure compensation packages that create incentives for our executives to maximize stockholder value, rather than to maximize their individual pay. A significant portion of our executive compensation opportunity is related to factors that directly and indirectly influence stockholder value, including stock performance, earnings per share, operational performance, return on sales and return on equity.

Another significant factor in the Committee's decisions to make equity-based awards to our executives is stockholder dilution, and the Committee strives to minimize the dilutive effect of those awards on our stockholders. Our Board of Directors has also adopted a share repurchase program under which we may repurchase up to one million shares of our common stock, in part to offset the dilutive effect of our equity compensation plans.

We believe our executive culture is unique within our industry. Our management team is motivated by a strong tone from the top that has fostered our core mission to create returns for our stockholders. We believe our executives should be rewarded fairly for their loyalty to that mission, especially in years when we perform at the top of our industry.

Management, the Board of Directors and the Compensation Committee recognize that our business is cyclical and seasonal, and often times the level of profitability we achieve is significantly influenced by factors beyond our control. These factors include swings in the market prices for our primary product, fresh chicken, and our two primary input costs, corn and soybean meal. Accordingly, the Compensation Committee believes it is important to measure and reward outstanding performance as much by operational performance relative to our peers as in absolute dollars per share and other typical measuring tools. This concept of placing significant emphasis on operational performance relative to our peers permeates our overall compensation plans and philosophy.

**Table of Contents**

We expect top-level performance from our management team even during downturns in our industry and during periods of Company expansion. Accordingly, the criteria that the Committee has established for our performance-based awards have been historically very challenging to achieve. Indeed, fiscal 2010 was the first year in which any of our performance shares were earned since the inception of the program in 2005. Nevertheless, even in years for which we have incurred a net loss, our Company has still performed better than most of our peers. The Committee has considered these factors in evaluating our compensation plans and has made adjustments to the plans or discretionary awards to take into account our strong performance relative to the industry and our significant Company growth.

The Committee intends to continue its strategy of employing compensation programs that emphasize performance-based incentive compensation. We have structured our executive compensation packages with an understanding of the cyclical nature of our business, and with a goal to achieve an appropriate balance between our short and long-term performance. We have also tried to balance the focus of our pay elements between our operational performance versus the industry and our financial performance on the one hand, and stockholder return on the other.

***Benchmarking and Competitive Analyses***

The Committee uses information gathered by analyzing the compensation levels and programs of a peer group and, in some cases, composite survey data compiled from companies of appropriate size and industry (although the survey data does not specifically identify contributing companies). The peer group serves as the chief point of comparison of the level and structure of executive pay, and is composed of companies similar to Sanderson Farms in size, industry, geographic location and/or performance. The Committee also uses data from a reference group of direct competitors that are considerably larger than Sanderson Farms as a comparator for components of executive pay, but not for pay levels. Selection of the peer and reference groups was based on the research of Towers Watson, with input from the Committee, the CEO, and the CFO.

The comparator groups yield information about the general level and components of pay for comparable executive positions at other companies. The Committee uses this information as a general guide in its deliberations, but it does not target our executive compensation levels at any point in the range established by the comparisons. Instead, the Committee bases its final decisions on its business judgment, which may be influenced by the median level of that range, as well as a variety of other factors discussed below. The companies comprising the comparator groups for fiscal year 2012 are shown below:

***The Compensation Committee Process and the Role of Management and Compensation Consultants***

Both management and the Compensation Committee recognize the importance of maintaining sound principles for the development and administration of compensation and benefit programs. Our Compensation Committee has taken steps to significantly enhance its ability to carry out its responsibilities effectively, as well as to ensure that the Company maintains strong links between executive pay and performance. Examples of actions that the Committee has taken in the past few years include:

Retained an independent compensation consultant, Towers Watson, to advise on executive and director compensation issues.

Met regularly in executive sessions with the compensation consultant and legal and accounting advisors without Company management present; and

Made significant changes to our executive and director compensation programs, including:

Establishing a peer group for primary comparisons of the level and structure of executive and director pay;

Establishing a broader reference group of companies with a business environment similar to ours to assist in comparing the elements of executive and director compensation (not levels of pay);

Developing a long-term incentive program for executives designed to offer a variety of equity-based awards that are linked to stockholder value, and making adjustments to the program where necessary to take into account our significant Company growth and strong performance relative to our peers;

Implementing incentive programs to promote increased Company stock ownership by management and non-employee directors;

Instituting share ownership guidelines for both management and non-employee directors;

Adopting a compensation recoupment policy for incentive-based compensation, discussed below;

Undertaking a formalized annual review of executive compensation packages with advice from the compensation consultant in light of market standards, company and industry performance and individual merit; and

Bringing the mix of the top officers' cash compensation closer to marketplace standards by increasing the maximum performance-based bonus award opportunity for the CEO from 100% to 150% of base salary, and for the COO and the CFO from 100% to 120% of base salary.

## **Table of Contents**

The Committee has the sole authority to retain or terminate Towers Watson (or any other compensation consultant) and to approve the consultant's fees and other terms and conditions of its engagement. In July 2011, as in prior years, the Committee engaged Towers Watson to review its executive compensation components and levels and recommend any changes for fiscal 2012 necessary to bring our programs in line with market standards or Company performance. The Board or the Nominating and Governance Committee have also retained Towers Watson periodically, most recently in September 2009, to review the compensation of our outside directors. In December 2009, the Committee also retained Towers Watson on the recommendation of management to perform a limited review of the salary ranges of selected salaried employees, but the fees for this review were less than \$120,000. The Committee will take measures to ensure that any future engagement of Towers Watson by our Company does not impair Towers Watson's independence.

Typically, the Committee chairman meets with representatives from Towers Watson at the outset of any engagement to discuss the Committee's goals and objectives and to outline the parameters of the review that Towers Watson will undertake. The CFO is sometimes present for those meetings as a liaison with management, and Towers Watson uses the CFO to gather internal information necessary for its work. The Committee chairman also corresponds with Towers Watson directly during an engagement as questions arise. Because the CEO is the Committee's chief source of information about the overall performance of the Company and of senior management, the Committee or its chairman may also meet privately with the CEO to inform him of the Committee's thinking on any particular issue and to get his feedback and recommendations. Although the CEO has substantial influence on the Company's compensation and could contact or meet with Towers Watson or the Committee if he chooses, he is usually not directly involved in the Committee's decision-making process or in meetings with Towers Watson.

When compensation questions arise for the Committee's consideration, management is generally present for Towers Watson's presentations and to answer any questions by directors. However, when the Committee sets levels and components of compensation, management is ultimately excused from the meeting to permit the Committee to meet with Towers Watson and legal and accounting advisors in executive session and to vote. The Committee may ask the CEO to be present for the deliberations on the compensation of the other Named Executive Officers, but he is excused from the deliberations and vote on his own compensation.

### ***Elements of Executive Compensation***

The compensation of our executive officers consists of the following elements:

Base salary

Annual cash incentive (bonus) awards

Long-term equity incentive awards, including:

Restricted stock

Performance shares

Management share purchase rights

In-service and post-employment benefits

Perquisites

The Committee has used these elements of compensation to create a flexible package that reflects the cyclical nature of the poultry business and can reward both the short and long-term performance of the Company and the individual. Each item of compensation is considered individually,

## Edgar Filing: SANDERSON FARMS INC - Form DEF 14A

followed by consideration of the overall package, with the goal of treating executives equitably and rewarding outstanding performance. The Committee also considers how our executive pay compares to the peer and reference companies and to similar positions included in published survey data, with respect to both levels and components of total pay. Generally, the Committee does not consider the amounts realizable from prior compensation in setting future benefits. However, the Committee has restructured our long-term performance incentives to reflect more fairly the conditions in our industry when past awards have failed to vest because of cyclical downturns in the poultry market and inefficiencies stemming from our significant internal growth. This is discussed in more detail below.

---

**Table of Contents**

The CEO's 2012 total compensation, as reported in the Summary Compensation Table below, was approximately 192% and 237%, respectively, higher than the total compensation for the COO and CFO because of his higher level of responsibility within our Company and his more pervasive influence over our performance. The compensation of the COO and CFO was likewise approximately 224% and 180%, respectively, higher than the Secretary's for the same reasons.

In 2009, we entered into employment agreements with the CEO, the COO and the CFO. Among other benefits, the agreements provide for a severance payment to be paid to the officers if:

before a change in control of our Company, the officers are terminated without cause, except in the case of poor performance;

at or after a change in control, the officers are terminated without cause; or

the officers resign for good reason.

The amount of the severance payments will be, in the case of Mr. Sanderson, three times, and in the case of Messrs. Butts and Cockrell, two times, the following amounts:

the officer's annual base salary in effect at the time of his termination, plus

fifty percent of the maximum bonus available to the executive under the Company's bonus program in effect for the year of termination.

The Committee believes these benefits are important officer retention tools that will protect the Company and its stockholders against an unexpected departure of our most senior management. In addition, the commitment to pay severance is counterbalanced by an agreement from the officers not to disclose confidential information about us during and after their employment, and not to engage in certain competitive activity during their employment and for two years after the termination of their employment for any reason other than poor performance. The Committee also believed it was crucial to structure the agreements so that, except in the case of a change in control, the officers will not be paid severance if they are terminated for poor performance. In the context of a change in control, the severance is not payable unless the officer is subsequently terminated without cause. This is sometimes referred to as a "double trigger." In the case of a merger or other transaction that would allow our stockholders to profit from a sale of control of our Company, such provisions can help ensure that management will not be distracted in the transaction negotiations by concerns that they will be arbitrarily terminated by new management without any economic protection after the change of control is complete.

The agreements are discussed further below in the narrative following the table entitled, "Grants of Plan-Based Awards."

***Base Salaries***

Salaries are used to provide a fixed amount of compensation for the executive's regular work. The Committee reviews the salaries of the Named Executive Officers annually in October, with input from the outside compensation consultant, and makes final salary decisions at that time. Salary increases are based on an evaluation of Company performance, the individual's performance, and the individual's level of pay compared to the pay levels for similar positions in the peer group. Although the peer group suggests a range of competitive levels for base salaries, exact levels are determined by the Committee based on each executive's merit. The Committee also takes into account years of service, responsibilities, our future growth plans and our current ability to pay.

For fiscal year 2012, the Committee determined, due to industry-wide challenges and the competitive nature of our then-current salaries, not to increase the base salaries of the CEO, COO and CFO. The Secretary, however, received a 5% salary increase. For more information about the factors the Committee considered in setting fiscal 2012 compensation, see the subsection below entitled "Evaluation of Executive Performance."

The effective date for salary increases typically is November 1 of each year. Salary increases can also occur upon an individual's promotion.

**Table of Contents****Annual Cash Bonus Awards**

We maintain a bonus award plan under which our salaried employees, including the Named Executive Officers, are eligible for fiscal year-end cash incentive awards equal to a percentage of their base salary based on the Company's performance ( Bonus Award Program ). These awards are designed to reward short-term performance and the achievement of designated operational results. For officers and key management employees, the total award has two components: a percentage based on our achieving certain target earnings per share goals, and a percentage based on our operational performance versus our industry peers as measured by Agristats.

The earnings per share targets established under the Bonus Award Program are set each year, and reflect our growth and ability to generate earnings. We have experienced significant growth in production capacity over the past 15 years, and our ability to generate earnings has likewise grown significantly. As a result, the earnings per share targets established under the Bonus Award Program have moved higher to reflect our increased earnings capacity. We have historically performed at or near the top of the industry in operational measures, and the targets set for operational goals under the Bonus Award Program reflect our culture and expectations of achieving superior performance relative to our peers. However, it is possible that even if we operate at the top of the industry, we still might not achieve an acceptable level of profitability, due to factors such as the cyclical nature of the industry, external forces that influence profitability that are beyond the control of management, and our significant internal growth in recent years and resulting short-term inefficiencies. Therefore, unless we achieve at least an 8% return on average stockholders' equity (computed after taking into account any bonus to be paid), no payments are made under the Bonus Award Program even if the operational targets are reached, and payments are not cumulative.

Generally, earnings per share targets are established by reference to our earnings per pound of poultry products sold during years of significant profitability. That is, our rate of earnings per pound in high performing years is applied to pounds we expect to produce and sell in the coming year. We also consider our five-year average return on sales and what earnings level would result in an acceptable return on average equity. Through this exercise, we establish a dollar earnings target that is then translated into an earnings per share target for purposes of the Bonus Award Program. While the Committee recognizes that there are many factors beyond the control of management that might affect our ability to achieve these results, it attempts to make the program competitive by awarding a relatively high percentage of salary payouts in years in which we achieve these aggressive targets. Likewise, the Committee sets aggressive targets when setting operational goals. Unless we operate in the top 30% of the industry in terms of operating profit per head of chickens sold, no operational awards are made. For participants to earn the top bonus, we must operate in the top 10% of the industry.

For fiscal 2012, we did not meet either the minimum earnings per share target or the minimum operational goals necessary under the Bonus Award Program for officers, and therefore we paid no bonuses to our officers for 2012.

The following table shows, for fiscal 2012, the percentage of base salary that the Named Executive Officers were eligible to receive from each component of the bonus award:

Actual cash awards for past years are shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table that follows this Compensation Discussion and Analysis. For fiscal 2012, the Company's actual performance reflected improved market prices for poultry products, partially offset by inefficiencies we experienced due to the ramping up of production at our new Kinston, North Carolina complex and higher grain prices compared with the prior year.

Each January, the Committee reviews and reconsiders the Bonus Award Program, the maximum bonus opportunities, the performance criteria under the program and the earnings per share targets for the then-current fiscal year. As part of its review, it receives reports from the outside compensation consultant concerning the level of similar short-term cash incentives paid by the peer group companies. It also receives management's recommendations as to the appropriate targets for earnings per share and operational performance based on management's estimates of what would qualify as superior performance.

The Committee generally adopts the program in January for the current fiscal year. The parameters of the program and the performance criteria are then communicated to the participants. In general, once the Committee adopts the program, the bonus awards are determined solely according to the program criteria and are not subject to the discretion of the Committee. The program does provide that adjustments can be made to awards in the event of extraordinary operating conditions, errors in Agristats reporting or significant changes in the number of Agristats participants, changes in law or accounting procedures or substantial and unforeseen fluctuations in sales pounds or dollars during the year. We have never made any such adjustments. Bonuses earned for a completed fiscal year are usually paid in December following that fiscal year.

**Long-Term Equity Incentive Awards**

Equity-based compensation and ownership ensures that our executive officers and directors have a continuing stake in the long-term success of the Company. Generally, the Committee considers equity incentive awards to the Named Executive Officers each October, after its annual evaluation of executive pay. The awards, if made, usually become effective in November at the start of the Company's new fiscal year.

Under the Stock Incentive Plan, the Board may grant restricted stock, performance shares, stock options, stock appreciation rights, phantom stock, management share purchase rights and other stock-based awards. Since its inception in 2005, awards to the Named Executive Officers under the plan have consisted of restricted stock, performance shares and management share purchase rights.

The Committee, with input from Towers Watson, has made specific grants by comparing each executive's current long-term incentive levels with the market range established by published survey and peer proxy data. Based on market studies, it has then identified a typical multiple of the average base salary for the individual's management level that his or her long-term incentives should represent. These multiples are reconsidered annually based on the then-current market data. The Committee used multiples for fiscal 2010 compensation of 120% for each of the CEO, COO and CFO, and 40% for the Secretary. (The CEO's multiple was half of the 240% that Towers Watson identified as typical for the market, in light of his request for additional vacation time in lieu of equity awards from 2005 through 2009.) For fiscal 2011 and 2012, the Committee used multiples of 265% for the CEO, 135% for the COO and the CFO, and 45% for the Secretary. For fiscal 2013, the Committee adopted Towers Watson's recommended multiples of 300% for the CEO, 150% for the COO, 145% for the CFO, and 45% for the Secretary.

## **Table of Contents**

The multiple of the officer's salary yields a target annual long-term incentive award level that is then converted into a recommended number of shares to be awarded using the approximate stock price quoted on Nasdaq at that time. As discussed above, the Committee also bases its final decisions as to the award level on factors such as individual merit, responsibilities, individual and Company performance, and the dilutive effect of the award on our stockholders. The Committee then divides the total recommended share award equally between performance shares and restricted stock. However, as mentioned above, the CEO declined to accept any restricted stock awards for 2013.

All of our restricted stock and Management Share Purchase Plan agreements provide that stock awarded under those plans will become fully vested in the event of a change in control of our Company and fully or partially vested upon certain other events, as described more fully in the Potential Payments Upon Termination or Change-in-Control section below. These provisions were adopted because they are customary for equity incentive awards of those types and because the Board of Directors deemed them to be reasonable and fair to our management. In the context of a merger or other transaction that would allow our stockholders to profit from a sale of control of our Company, such provisions can help ensure that management will not be distracted in the transaction negotiations by concerns that the value of their awards will decline after the change of control is complete. The potential payments under these provisions played no part in the Committee's decisions regarding other elements of our executive compensation.

### **Restricted Stock**

Shares of restricted stock are shares granted subject to a vesting period during which the shares may not be transferred. The CEO, COO, CFO and Secretary and certain other salaried employees of the Company received restricted stock as part of their long-term incentive award in November 2011 for the 2012 fiscal year. The fiscal 2012 restricted stock generally will vest on November 1, 2015, as long as the holder remains continuously employed by us during the restricted period.

Recipients of restricted stock have all the rights of a stockholder of the Company, including the right to receive dividends, beginning on the grant date. In the event a recipient forfeits shares of restricted stock before such shares vest, the shares are cancelled.

### **Performance Shares**

Performance shares provide a material incentive to executives by offering potential increased stock ownership in the Company tied directly to our stockholders' return. The CEO, COO, CFO, Secretary and certain other salaried employees received performance share grants as part of their long-term incentive awards in November 2011. The performance share program entitles the holder to earn shares of Sanderson Farms common stock if we achieve certain relative levels of performance on stockholder return over a multi-year period following the grant, as long as the holder remains continuously employed by us until the end of the performance period and any additional vesting period. The length of the performance period reflects the cyclical nature of the poultry business, and is designed, generally, to measure our performance over an industry cycle. Currently, the performance period is two years and there is an additional one-year vesting period before they are issued.

Performance shares carry no dividend or voting rights until they are issued after achievement of the performance objectives and the expiration of any additional vesting period.

The Board of Directors may pay earned performance shares in cash, shares of Sanderson Farms common stock, or in a combination of both. Once the performance criteria are established and the awards are granted, the payment of earned shares is generally not subject to the discretion of the Committee or the Board, but adjustments can be made in limited circumstances.

Performance share awards are made in a target amount of shares based on our average return on equity (which we call ROE) and a target amount based on our average return on sales (which we call ROS). The award establishes three possible non-discretionary percentages of those target amounts that the recipient could actually receive, depending on our actual performance measured at the end of the performance period.

**Table of Contents**

As a result, the performance criteria for fiscal 2012 awards were structured as follows:

**2012 Performance Share Criteria**

Measure	Weight	Threshold (50% Payout)	Target (100% Payout)	Maximum (200% Payout)
ROE	50%	9.7%	11.6%	22.3%
ROS	50%	3.0%	3.6%	4.9%

If our average ROE or average ROS is otherwise between the threshold and maximum percentages, the number of performance shares for which the award recipient is eligible will be calculated using a straight-line interpolation. If average ROE or ROS is less than the threshold, the recipient will not be entitled to receive any shares of that portion of the target award measured by that metric.

The threshold level represents our median performance over the course of 20 historical two-year periods. The target level represents the 65th percentile of performance during the historical measurement period and the maximum level represents the 83rd percentile. Average ROE is equal to the mathematical average of the net return on average equity for each of the two years in the performance period. Net return on average equity is computed by adding together stockholders' equity at the beginning and end of each fiscal year on our audited financial statements and dividing by two. The resulting number is then divided into net income for the fiscal year as reported on our audited financial statements to reach net return on average equity for the year. Average ROS is equal to the mathematical average of the net return on net sales for the two years in the performance period. Net return on net sales is computed by dividing net income by net sales, as both numbers are reported on our audited financial statements for the year.

Using the methodology described above and 21 two-year periods, the performance criteria for the fiscal 2013 awards were established as follows:

**2013 Performance Share Criteria**

Measure	Weight	Threshold (50% Payout)	Target (100% Payout)	Maximum (200% Payout)
ROE	50%	9.6%	11.0%	21.9%
ROS	50%	2.8%	3.5%	4.9%

Since the inception of the Stock Incentive Plan, we have granted eight cycles of performance shares, one for each of the fiscal years from 2006 through 2013. None of our fiscal year 2006, 2007, 2010 and 2011 performance shares were earned. Fiscal 2010 was the only year in which any of our performance shares have been earned, specifically, those granted for fiscal years 2008 and 2009, which had performance periods ending on October 31, 2010. The fiscal 2008 awards were issued in December 2010, and the fiscal 2009 awards, which were subject to an additional one-year vesting period, were issued on October 31, 2011.

**Table of Contents****Management Share Purchase Rights**

Under our Management Share Purchase Plan, executive officers and other key employees may elect to reduce their annual base salaries by up to 15% and their bonuses earned under the Bonus Award Program by up to 75% and instead receive those amounts in the form of restricted stock at the current market price. The Company matches 25% of the employee's contribution to the plan to grant additional shares. The shares purchased or granted through the plan generally vest on the third anniversary of their acquisition by the participant. Recipients of the shares purchased or granted have all the rights of a stockholder during the restricted period. If the shares fail to vest, any dividends paid on the Company matched shares must be returned to us. In fiscal 2012, the CFO was the only Named Executive Officer who participated in the plan. You can find more information about the plan in the narrative accompanying the Grant of Plan-Based Awards table, below.

***In-Service and Post-Employment Benefits***

As mentioned above, we believe strongly in aligning the interests of management with those of our stockholders. We were among the first in our industry to adopt an Employee Stock Ownership Plan, and each of the Named Executive Officers participates in the plan on the same basis as all of our other employees. Participants are automatically enrolled in the plan after one year of service and become fully vested after six years. We contribute funds to the plan in profitable years, and on October 31, 2012, we contributed \$3.8 million to the plan for the 2012 fiscal year.

We also sponsor a 401(k) retirement plan that is available to all of our employees after one year of service. The Named Executive Officers participate on the same basis as all other employees. Eligible employees may contribute up to 15% of their salary to the plan on a pre-tax basis through payroll deductions. We began matching employee contributions to the plan in 2000, and will match 100% of an employee's contribution up to 3% of his or her salary, and 50% of such contribution that exceeds 3% but does not exceed 5% of his or her salary. Sanderson Farms common stock is not currently an investment option under the plan.

We also provide other benefits such as medical, dental and long-term/short-term disability (up to 66 2/3% of salary not exceeding \$270,000 per year in long-term disability payments) coverage, as well as vacation and other paid holidays. Beginning with our 2001 fiscal year, we began paying premiums on term life insurance policies for all employees. The death benefit under these policies depends on the amount of the employee's annual salary, up to a maximum benefit of \$100,000 and a minimum of \$50,000 for salaried employees. These benefit programs are comparable to those provided at other large companies. They are designed to provide certain basic quality of life benefits and protections to our employees and at the same time enhance our attractiveness as an employer.

In 2008, the Committee adopted a Supplemental Disability Plan for the CEO. The plan provides that if the CEO becomes disabled as defined in our long term disability plan for all our salaried employees, he will receive a monthly benefit equal to 66 2/3% of his salary beginning one year from the date of disability until the date that he has received five years of payments or his 70th birthday, whichever occurs first, with a minimum of 12 months of payments. This is the same benefit that is provided to all participants in our long term disability plan who are 60 years or older. Participants who become disabled before their 60<sup>th</sup> birthday would receive the benefit until they reach age 65. The Committee adopted the supplemental plan because our long term disability plan places an annual dollar limit on the benefit that participants can receive, which would have resulted, if the CEO became disabled at the time the supplemental plan was adopted, in a benefit to him of only 26% of his then current salary. The employment agreements that the Company entered into with the COO and CFO in 2009 made those officers participants in the supplemental plan.

The Company's portion of the cost of health benefits provided in the 2012 fiscal year for the Named Executive Officers was as follows:

**2012 Health Benefits**

<b>Officer</b>	<b>Cost to Company of Active Health Benefits</b>
CEO	\$ 8,164
COO	\$ 8,164
CFO	\$ 8,164
Secretary	\$ 8,164

The 401(k) contribution, health plan and life insurance premiums, as well as dividends paid on restricted stock and matching charitable contributions under our charitable gift program are ratified by the Committee in January of the year following the year for which they were made. The Board of Directors approves the annual ESOP contribution, if any, in October of each year.

All employees may elect to continue participating in our health benefit plan following their retirement, but they must pay 100% of the premium cost.

In rare instances, we have continued, because of the applicable circumstances, to pay the base salaries of certain key employees for a short period of time after their deaths. None of those employees served at any time as an executive officer of Sanderson Farms. However, the employment agreements we entered into with the CEO, COO and CFO in 2009 provide that we will continue to make base salary payments to their designated beneficiary or estate for a period of one year from the date of the officer's death.

### ***Perquisites***

We provide certain perquisites to our executives, which consist primarily of personal use of our Company aircraft by the CEO and his immediate family. This perquisite provides flexibility to the CEO and increases travel efficiencies, allowing more productive use of executive time, in turn allowing greater focus on Sanderson Farms-related activities. The Company also permits the COO and CFO to use Company aircraft in times of family or other emergencies. In some cases, the Company also permits and pays for the Named Executive Officers' spouses to accompany them on the corporate aircraft. The amounts of these perquisites are ratified by the Committee in January of the year following payment. More detail on our perquisites may be found in the narrative following the Summary Compensation Table, below.

### ***Compensation Recoupment Policy***

In 2010, the Committee adopted a policy requiring the Board or the Committee to seek to recoup incentive-based compensation paid to our directors, executive officers or other personnel whenever required by law or the rules of the Nasdaq Stock Market. In addition, the Board or the Committee, in its discretion, may determine, as a result of a restatement of our financial statements or misconduct that adversely affects us by a member of our management executive committee or a director, to take such actions it deems necessary or appropriate and in our best interests with respect to the executive committee member, or the director in the case of director misconduct, to address the restatement or misconduct. Such actions may include, to the extent permitted by law and our charter and By-Laws:

Requiring the executive or director to repay some or all of any incentive compensation paid, including bonus, performance shares or restricted stock;

Requiring the executive or director to repay gains realized on the exercise of stock options or the sale of vested stock;

Cancelling all or part of the executive's or director's incentive awards;

Adjusting the executive's or director's future cash or non-cash compensation or fees, as applicable;

Terminating the executive or seeking to remove the director; or

Initiating legal action against the executive or director.

The recoupment policy is in addition to the authority under the Stock Incentive Plan to cancel awards or recoup the value of shares in the event of detrimental activity by the participant.

### ***Stock Ownership Guidelines***

## Edgar Filing: SANDERSON FARMS INC - Form DEF 14A

In October 2004, the Committee recommended and the Board of Directors adopted non-binding stock ownership guidelines for our management, in an effort to encourage increased ownership of our Company by key employees and directors. Towers Watson has periodically reviewed the guidelines and advised the Committee that they continue to be appropriate. We believe that these guidelines are reasonable to achieve and will be a long-term benefit to all of our stockholders by helping to align management and stockholder interests. They also encourage officers and directors to hold purchased shares and vested option shares, restricted stock and performance shares, as applicable, for long-term investment.

Stock ownership includes stock owned directly, indirectly through the 401(k) plan or Employee Stock Ownership Plan, restricted stock, and earned or unearned performance shares. The

**Table of Contents**

guidelines are based on a multiple of base salary at 2005 levels and current director annual retainer fees, and are set forth in the table below. As of our 2012 fiscal year, all of our Named Executive Officers and directors had exceeded the guidelines below. Timothy Rigney became our Secretary and Controller effective November 1, 2012, and has not yet reached the ownership guideline for his new position.

**Stock Ownership Guidelines**

Position	Average Base Salary/Annual Retainer	Desired Ownership Multiple	Number of Shares (assuming \$45 per share) <sup>1</sup>
CEO	\$ 800,000	6	107,000
COO, CFO	\$ 300,000	4	27,000
Secretary	\$ 170,000	3	11,000
Director	\$ 25,000	8	4,000

<sup>1</sup> In setting ownership guidelines in 2004, the committee used \$45 per share, which was the share price at the time. The numbers were rounded to the nearest one thousand shares.

It is Sanderson Farms policy that our directors and all employees, including the Named Executive Officers, not trade their Sanderson Farms stock, other than shares underlying options, on a short-term basis (i.e., shares must be held for a minimum of six months). Additionally, employees and directors may not purchase Sanderson Farms stock on margin, nor may they buy or sell put or call options linked to Sanderson Farms stock.

***Tax and Accounting Considerations***

For income tax purposes, we may not deduct any portion of compensation that is in excess of \$1 million paid in a taxable year to the CEO, CFO, COO and Secretary, unless that compensation qualifies as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (referred to as the Code). Our Bonus Award Program and certain awards we may make under our Stock Incentive Plan, like the performance shares, are based on the Company meeting specified performance criteria. However, Section 162(m) of the Code requires that the performance criteria and material terms of these plans be approved by our stockholders every five years and that we comply with certain other requirements in order for awards to meet the definition of performance-based and thus be fully deductible. While the Committee generally strives to structure employee compensation in order to preserve maximum deductibility, it may from time to time make awards that do not meet the Code's definition of performance-based compensation. For example, we have not sought to qualify our Bonus Award Program under Section 162(m) because Section 162(m) would require us to remove certain discretionary features of the program that we believe are critical for management retention, and therefore are in the best interest of our stockholders.

In the first quarter of our 2006 fiscal year, we adopted Revised Statement of Financial Accounting Standards No. 123, Share-Based Payment (FAS 123(R)). FAS 123(R) requires all share-based payments to employees, including grants of employee stock options, restricted stock and performance shares, to be recognized in our income statement based on their fair values. Before the adoption of FAS 123(R), we accounted for share-based payments to employees using an intrinsic value method and, therefore, we generally recognized no compensation cost for employee stock options. Based upon the provisions of FAS 123(R), we are required to accrue stock-based compensation expense as it is earned. This change in accounting rules has influenced the Committee to make restricted stock and performance share awards in lieu of option awards. Other factors that have made restricted stock and performance share awards more attractive than option awards include their generally smaller dilutive effect and the performance incentive they provide even in times when our stock price is depressed.

***Evaluation of Executive Performance***

In evaluating the performance of the individual Named Executive Officers before setting or adjusting compensation, the Committee and the Board of Directors do not rely solely on predetermined formulas. Rather, they focus on those officers' individual objectives. The Committee evaluates the CEO's performance in consultation with the Board, and it evaluates the other Named Executive Officers with the input of the CEO.

## **Table of Contents**

In 2011, the Committee and the Board based their decisions for fiscal 2012 compensation on the assessment of the Company's fiscal 2011 performance and the Named Executive Officers' objectives and strategies, as follows:

Our margins in fiscal 2011 were challenged by continued soft demand for fresh chicken in food service markets caused primarily by weak macroeconomic conditions, including high unemployment, and an oversupply of poultry meat in the United States relative to the weak demand. In addition, our costs for feed grains increased significantly versus 2010, in part due to lower than expected crop yields for 2010 and uncertainty regarding the size and quality of the 2011 crop. As a result of these and other factors, we incurred a net loss of \$5.74 per share.

As a result of our fiscal 2011 net loss, our CEO, COO and CFO requested that they not be considered for a base salary increase for fiscal 2012 and, in light of that request and Towers Watson's findings that our current salary levels are competitive in our industry, the Committee determined not to increase the base salaries of our top three executive officers.

Despite our fiscal 2011 operating results, the Committee was pleased with our officers' performance in light of challenging conditions, most notably their success in beginning operations on time at our new Kinston, North Carolina facility in January 2011, a key step in our long-term growth strategy. Therefore, the Committee determined to make awards to each of the executive officers under our long-term stock incentive plan.

The Committee continued to be impressed with the CEO's leadership and long-term vision for company growth.

The CEO was pleased with the performance of the other three executive officers, especially in light of extremely difficult market conditions.

Our COO's most notable accomplishments in fiscal 2011 included managing the start-up of operations at our new Kinston, North Carolina facility, overseeing sales efforts for product produced at the new facility and managing costs and other operational factors that continue to cause us to rank among the best in our industry.

In addition to his role overseeing our accounting, financial reporting, audit functions, and financial strategy as well as his participation in our grain purchasing strategy and capital raising, our CFO heads or has a key role in areas that are not typical for chief financial officers of public companies, such as investor relations, legal affairs and risk management. During fiscal 2011, he managed our successful efforts to secure a new revolving credit facility with the addition of a number of new banks and an increase in the credit available under the facility to \$500 million.

In 2012, the Committee considered the following factors in setting our fiscal 2013 compensation:

Our margins improved during fiscal 2012 as compared to 2011, reflecting improved poultry market prices. This improvement led to net income per share of \$2.35, compared to a net loss for 2011 of \$5.74 per share.

However, feed grain prices continued to be high in 2012 and beginning in July 2012, we experienced historically high prices for feed grains due to the impact of severe drought conditions in the Midwest. We believe grain costs will be high and volatile throughout fiscal 2013.

## Edgar Filing: SANDERSON FARMS INC - Form DEF 14A

Due to these anticipated high costs, we have reduced our production levels to six percent below capacity until conditions improve.

In light of this challenging outlook, our CEO, COO and CFO again requested that they not be considered for a base salary increase for fiscal 2013 and, in light of that request and Towers Watson's findings that our current salary levels are competitive in our industry, the Committee determined to forego salary increases for our top three officers again for 2013.

The Committee determined to set the salary of Mr. Rigney, who was promoted to Secretary and Controller effective November 1, 2012, at \$179,000, a 51.3% increase from his salary as Corporate Accounting Manager.

**Table of Contents**

Towers Watson recommended, and the Committee was prepared to award, restricted shares for the CEO due to the Company's 2012 performance. However, the CEO, as discussed above, informed the Committee that he would not accept a restricted stock award for 2013 in light of the challenging industry outlook. However, the Committee awarded him, and he accepted, a grant of performance shares.

The CEO and the Committee were extremely pleased with the performance of the other officers given recent industry challenges. So, on the recommendation of Towers Watson, the Committee awarded restricted stock and performance shares to the executive officers, at slightly higher levels for the top three officers than in 2012 in accordance with market practices.

Despite challenging market conditions, the executive officers successfully managed the move to near-full production at the Company's new Kinston, North Carolina facility during the first half of fiscal 2012, as scheduled.

During much of fiscal 2012, the Company's big bird deboning plants that target the food service and export markets operated at the very top of our industry and, even though overall Company earnings per share and return on sales and equity goals were not met during fiscal 2012 in part due to the inefficiencies inherent in our new facilities, managers at our big bird deboning plants met their return on sales targets allowing them to earn a portion of their annual bonus award.

Our executive officers successfully managed the Company's efforts to secure an amendment, approved by all of its lenders, to its revolving credit facility to provide flexibility needed to continue the Company's long term strategic growth plan once market conditions improve.

Our executive officers oversaw the development during fiscal 2012 of a very deliberate and detailed process of identifying and training the next generation of leaders and managers of the Company. That process, designed in part to assist the Board of Directors in its succession planning for top executives, includes a significant expansion of the Company's management training program, in which all of our executive officers heavily participate, quarterly leadership meetings led by our top three executive officers, and a mentoring program that pairs young managers with more seasoned employees to educate the next generation of leaders within the Company on our history, our values, our strategic goals and our expectations for superior performance in our industry.

Based on the assessment detailed above, the Committee approved the following compensation for the Named Executive Officers for fiscal 2013.

**Fiscal 2013 Compensation Actions**

Position	Salary	Percent Increase	Number of Shares of Restricted Stock	Grant Value of Restricted Stock Awards	Target Number of Performance Shares	Grant Value of Target Performance Share Awards

**Table of Contents**

Elements of compensation paid for the 2012 fiscal year are set forth in the Summary Compensation Table, below.

**Director Compensation**

The Nominating and Governance Committee is charged with recommending all cash and non-cash compensation of our non-employee directors. Towers Watson reviews and reassesses our director pay periodically and makes recommendations to the Nominating and Governance Committee. In fiscal 2012, our non-employee directors received cash fees for their service on the Board and its committees as set forth below:

**Director Cash Fees**

	<b>Amount</b>
Annual Stipend	\$ 25,000
Each Board of Directors meeting attended in person	\$ 7,500
Each telephonic Board of Directors or Board committee meeting attended	\$ 1,000 <sup>(1)</sup>
Each committee meeting attended in person, not in conjunction with a Board meeting	\$ 6,000
Received annually by Audit Committee Chair	\$ 10,000
Received annually by other committee chairs	\$ 6,000
Received annually by the Lead Independent Director	\$ 15,000

<sup>1</sup> We also pay this fee to directors who join telephonic committee meetings by invitation, even though they are not committee members. If a telephonic committee meeting is held in conjunction with a telephonic full Board meeting, only one \$1,000 fee is paid for directors who participate in both calls.

Non-employee directors receive an annual grant of 2,300 shares of restricted stock, or 6,900 shares over the course of their three-year term. The annual grants have staggered one, two or three-year vesting periods, so that upon the expiration of a director's three-year term, he or she has 6,900 vested shares. These awards combined with the cash fees achieve an approximately 60-40 equity and cash pay mix.

The Nominating and Governance Committee recommended and the Board has approved an annual allowance of up to \$10,000 for outside directors to attend continuing education seminars related to corporate board of directors service and other topics relevant to the Company. The chairman of our Nominating and Governance Committee must pre-approve the particular seminar requested by a director for reimbursement.

Non-employee directors may participate in the Management Share Purchase Plan by reducing their director fees by up to 100% and instead receiving those amounts in the form of restricted shares of Sanderson Farms common stock. The Company matches 25% of the director's contribution to grant additional restricted shares. Restricted shares held through the plan generally vest on the third anniversary of their acquisition by the director, as long as, with respect to the matching portion, he or she has served on the Board continuously through that date.

Non-employee directors may also participate in the Company's medical plan, but they must pay 100% of the premium cost with after-tax dollars.

More information about the actual compensation paid to non-employee directors is set forth in the Director Compensation table, below.

**Compensation Committee Report**

The Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis section of our 2013 Proxy Statement. Based on its review and discussions with management, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in our Proxy Statement for 2013.

<sup>1</sup> The amounts for Mr. Sanderson include the aggregate incremental cost to the Company of his personal use, or use by his immediate family, of Company and charter aircraft of \$48,580 for 2010, \$60,122 for fiscal 2011, and \$61,304 for fiscal 2012. These amounts were calculated by taking into account the direct variable operating cost of a personal trip on an hourly basis, including all costs that may vary by the hours flown, but excluding fixed costs incurred for the overall ownership and staffing of the aircraft. Variable costs include fuel and oil; travel, lodging and other expenses for the crew; the prorated amount of repairs and maintenance; catering; landing fees and permits; insurance required for a particular flight; crew overtime; telecommunication expenses; and the amount of any disallowed tax deductions associated with the personal use.

The amounts shown in this column also include the value of other travel expenses incurred by the spouses of Messrs. Sanderson and Butts while accompanying them on Company business of \$47 and \$1,003, respectively, for fiscal 2010, \$1,256 and \$2,588, respectively, for fiscal 2011, and \$1,298 and \$5,010, respectively, for fiscal 2012. The column also includes \$154 for a medical physical for Mr. Butts in fiscal 2010.

<sup>2</sup> The Company contributed \$3,800,000 to the Company's Employee Stock Ownership Plan on October 31, 2012 for the 2012 fiscal year following approval of that contribution by the Board of Directors. Each plan participant, including the Named Executive Officers, will be allocated a portion of that contribution based on his or her salary and the total salaries of all qualifying plan participants in 2012. However, as of January 4, 2013, the plan administrator had not yet finally determined the amount of the allocation to each participant. The amounts in this column reflect the administrator's estimate of the allocation to each of the Named Executive Officers for 2012.
