### **Forward-Looking Information**

This Current Report on Form 8-K, including exhibits hereto, is made in reliance upon the safe harbor of the Private Securities Litigation Reform Act of 1995, including, without limitation, the statements made concerning the Company's intent to consummate Merger with Parent. As a general matter, forward-looking statements are those focused upon anticipated events or trends, expectations, and beliefs relating to matters that are not historical in nature. Such forward-looking statements are subject to uncertainties and factors relating to the Company's operations and business environment, all of which are difficult to predict and many of which are beyond the control of the Company. Among others, the following uncertainties and other factors could cause actual results to differ from those set forth in the forward-looking statements: (i) the risk that the Merger with Acquisition Sub may not be consummated in a timely manner, if at all; (ii) the risk that the definitive Merger Agreement may be terminated in circumstances that require the Company to pay Parent a termination fee of \$103.4 million and/or reimbursement of their expenses of up to \$10 million; (iii) risks related to the diversion of management's attention from the Company's ongoing business operations; (iv) risks regarding the failure of Parent to obtain the necessary financing to complete the Merger; (v) the effect of the announcement of the Merger on the Company's business relationships (including, without limitation, customers and suppliers), operating results and business generally; and (vi) risks related to obtaining the requisite consents to the Merger, including, without limitation, the timing (including possible delays) and receipt of regulatory approvals from various domestic and foreign governmental entities (including any conditions, limitations or restrictions placed on these approvals) and the risk that one or more governmental entities may deny approval. Further risks that could cause actual results to differ materially from those matters expressed in or implied by such forward-looking statements are set forth under Risk Factors in the Company's Form 10-K for the fiscal year ended December 31, 2012, and its subsequent quarterly reports on Form 10-Q. The Company does not undertake, and hereby disclaims, any duty to update these forward-looking statements, although its situation and circumstances may change in the future.
