**EXPLANATORY NOTE**

This proxy statement relates to the annual meeting of stockholders of TRI Pointe Homes, Inc. ( TRI Pointe ) to approve, among other things, the issuance of shares of TRI Pointe common stock in the merger (the Merger ) of Topaz Acquisition, Inc. ( Merger Sub ), which is a wholly owned subsidiary of TRI Pointe, with and into Weyerhaeuser Real Estate Company ( WRECO ), which is an indirect, wholly owned subsidiary of Weyerhaeuser Company ( Weyerhaeuser ), with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. Prior to the consummation of the Merger, Weyerhaeuser will cause certain assets relating to Weyerhaeuser s real estate business to be transferred to, and certain liabilities relating to Weyerhaeuser s real estate business to be assumed by, WRECO and its subsidiaries. Weyerhaeuser will also cause certain assets of WRECO and its subsidiaries that will be excluded from the Transactions (as defined herein) to be transferred to, and certain liabilities of WRECO and its subsidiaries that will be excluded from the Transactions to be assumed by, Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). Weyerhaeuser NR Company ( WNR ), a wholly owned subsidiary of Weyerhaeuser, will receive cash proceeds of approximately \$739 million from new debt financing to be incurred by WRECO upon the consummation of the Transactions, which cash will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). WNR may also receive a cash payment of the Adjustment Amount (as defined herein), if the Adjustment Amount is payable by TRI Pointe, as described in this proxy statement. WRECO has filed a registration statement on Form S-4 and Form S-1 (Reg. No. 333-193251) to register its common shares, par value \$0.04 per share, which common shares will be distributed to Weyerhaeuser shareholders pursuant to a spin-off or a split-off. In the Merger, the WRECO common shares will be immediately converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock, par value \$0.01 per share, for each WRECO common share. In addition, TRI Pointe has filed a registration statement on Form S-4 (Reg. No. 333-193248) to register the shares of its common stock that will be issued in the Merger.

**Based on market conditions prior to the consummation of the Transactions, Weyerhaeuser will determine whether the WRECO common shares will be distributed to Weyerhaeuser shareholders in a spin-off or a split-off. Weyerhaeuser will determine which approach it will take prior to the consummation of the Transactions and no decision has been made at this time.** In a spin-off, all Weyerhaeuser shareholders would receive a pro rata number of WRECO common shares. In a split-off, Weyerhaeuser would offer its shareholders the option to exchange their Weyerhaeuser common shares for WRECO common shares in an exchange offer, which WRECO common shares would immediately be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger, resulting in a reduction in Weyerhaeuser s outstanding common shares. If the exchange offer is consummated but fewer than all of the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. WRECO is filing its registration statement under the assumption that the WRECO common shares will be distributed to Weyerhaeuser shareholders pursuant to a split-off. This proxy statement and TRI Pointe s registration statement on Form S-4 also assume that the WRECO common shares will be distributed to Weyerhaeuser shareholders pursuant to a split-off. Once a final decision is made regarding the manner of distribution of the shares, this proxy statement, WRECO s registration statement on Form S-4 and Form S-1 and TRI Pointe s registration statement on Form S-4 will be amended to reflect that decision, if necessary.

**DATED MARCH 28, 2014**

[ ], 2014

You are cordially invited to attend the annual meeting of stockholders of TRI Pointe Homes, Inc. ( TRI Pointe ) at [ ] a.m. local time, on [ ], [ ], 2014, at [ ]. A notice of the annual meeting and the proxy statement follow.

At the annual meeting, you will be asked to:

authorize the issuance of shares of TRI Pointe common stock in connection with the merger (the Merger ) of Topaz Acquisition, Inc., a Washington corporation ( Merger Sub ), which is a wholly owned subsidiary of TRI Pointe, with and into Weyerhaeuser Real Estate Company, a Washington corporation ( WRECO ), which is an indirect wholly owned subsidiary of Weyerhaeuser Company, a Washington corporation ( Weyerhaeuser ), with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe (Proposal No. 1);

approve an amendment to TRI Pointe s 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain tax code award limitations, which amendment is conditioned upon approval of Proposal No. 1 (Proposal No. 2);

approve, on an advisory basis, the compensation of TRI Pointe s named executive officers (Proposal No. 3);

conduct an advisory vote on the frequency of future advisory votes to approve the compensation of TRI Pointe s named executive officers (Proposal No. 4);

elect the seven nominees named in the accompanying proxy statement to serve on the board of directors of TRI Pointe until the earliest to occur of the 2015 annual meeting of stockholders or, if required by the Transaction Agreement, such nominee s resignation upon the consummation of the Merger (Proposal No. 5);

ratify the appointment of Ernst & Young LLP as TRI Pointe s independent registered public accounting firm for 2014 (Proposal No. 6); and

if it is determined by the TRI Pointe board of directors to be necessary or appropriate, approve adjournment(s) or postponement(s) of the annual meeting to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe

common stock in the Merger (Proposal No. 7).

As more fully described in the accompanying proxy statement, in order to complete the Merger and the related transactions, (i) WRECO will incur new indebtedness of \$800 million or more in the form of (A) debt securities, (B) senior unsecured bridge loans or (C) a combination thereof (as described in the section of the accompanying proxy statement entitled "Debt Financing"), (ii) WRECO will make a cash payment of approximately \$739 million, subject to an Adjustment Amount (as described in the section of the accompanying proxy statement entitled "The Transaction Agreement - Payment of Adjustment Amount"), to Weyerhaeuser NR Company, a subsidiary of Weyerhaeuser, which cash will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries), and (iii) Weyerhaeuser will cause certain assets relating to Weyerhaeuser's real estate business to be transferred to, and certain liabilities relating to Weyerhaeuser's real estate business to be assumed by, WRECO and its subsidiaries and cause certain assets of WRECO that will be excluded from the transaction to be transferred to, and certain liabilities that will be excluded from the transaction to be assumed by, Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). Weyerhaeuser will then offer to Weyerhaeuser shareholders the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares in an exchange offer, at a discount to the equivalent per-share value of TRI Pointe common stock, and if the exchange offer is consummated but is not fully subscribed, Weyerhaeuser will distribute the remaining WRECO common shares on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer (the "Distribution").

After the Distribution, the Merger and related transactions will be completed, and each WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock, pursuant to the exchange ratio of 1.297 as set forth in the Transaction Agreement. TRI Pointe expects to issue 129,700,000 shares of its common stock in the Merger, excluding shares to be issued on exercise or vesting of equity awards held by WRECO employees that are being assumed by TRI Pointe in connection with the transactions.

After the consummation of the Merger, WRECO will be a wholly owned subsidiary of TRI Pointe and will be the obligor under the new indebtedness, which will be guaranteed by TRI Pointe and its material wholly owned subsidiaries, subject to certain exceptions. Immediately after the consummation of the Merger, the ownership of TRI Pointe common stock on a fully diluted basis is expected to be as follows: (i) WRECO common shares will have been converted into the right to receive, in the aggregate, approximately 79.8% of the then outstanding TRI Pointe common stock, (ii) the TRI Pointe common stock outstanding immediately

---

**Table of Contents**

prior to the consummation of the Merger will represent approximately 19.5% of the then outstanding TRI Pointe common stock and (iii) outstanding equity awards of WRECO and TRI Pointe employees will represent the remaining 0.7% of the then outstanding TRI Pointe common stock. In addition, after the consummation of the Merger, TRI Pointe common stock will continue to be listed on the NYSE under TRI Pointe's current trading symbol, TPH.

Your board of directors believes that the Merger should create value for TRI Pointe stockholders by, among other things, enhancing TRI Pointe's geographical presence, expanding its land holdings and increasing its market capitalization and liquidity. **Your board of directors recommends that you vote:**

**FOR the authorization of the issuance of shares of TRI Pointe common stock in the Merger (Proposal No. 1);**

**FOR the approval of an amendment to TRI Pointe's 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain tax code award limitations, which amendment is conditioned upon approval of Proposal No. 1 (Proposal No. 2);**

**FOR the approval, on an advisory basis, of the compensation of TRI Pointe's named executive officers (Proposal No. 3);**

**EVERY THREE YEARS as the frequency of future advisory votes to approve the compensation of TRI Pointe's named executive officers (Proposal No. 4);**

**FOR the election of each of the seven nominees to the board of directors of TRI Pointe (Proposal No. 5);**

**FOR the ratification of the appointment of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm for 2014 (Proposal No. 6); and**

**If it is determined by the TRI Pointe board of directors to be necessary or appropriate, FOR the approval of adjournment(s) or postponement(s) of the annual meeting to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger (Proposal No. 7).**

**Questions About the Transactions (Proposal No. 1)**

**Q: What are the key steps of the Transactions?**

A: Below is a summary of the key steps of the Transactions. See The Transactions.  
Step 1 *WRECO Stock Split*

On January 17, 2014, WRECO effected the WRECO Stock Split pursuant to which the number of WRECO common shares issued and outstanding was increased to 100,000,000 shares and the par value of each WRECO common share was reduced to \$0.04 per share.

Step 2 *New Debt*

WRECO and certain financial institutions executed the Commitment Letter pursuant to which WRECO will incur the New Debt in the form of (i) the Debt Securities, (ii) the Senior Unsecured Bridge Facility or (iii) a combination thereof, on the terms and conditions set forth therein, as described in Debt Financing Debt Securities and Debt Financing Bridge Facility. Prior to the Closing Date, WRECO intends to enter into definitive agreements providing for the New Debt, but those agreements will be conditional upon the consummation of the Transactions.

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to pay approximately \$739 million in cash to WNR (the current direct parent entity of WRECO), which cash will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). The cash payment will be a repayment by WRECO of certain existing intercompany debt between WRECO and WNR or, to the extent that the cash payment exceeds the amount of the intercompany debt, it will be a distribution. WRECO will also pay to WNR a cash amount equal to all unpaid interest on WRECO's intercompany debt that has accrued between the date of the Transaction Agreement and the date of the Distribution. After giving effect to those payments, WNR will contribute any remaining unpaid intercompany debt to WRECO such that WRECO will have no further liability in respect of its intercompany debt.

Step 3 *REB Transfers*

Under the terms of the Transaction Agreement, certain assets and liabilities of WRECO and its subsidiaries relating to the Real Estate Business will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries

(other than WRECO and its subsidiaries), including the assets and liabilities relating to Coyote Springs.

Weyerhaeuser and its subsidiaries will transfer to WRECO and its subsidiaries certain assets relating to the Real Estate Business not already owned or held by WRECO or its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) certain assets of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date. Weyerhaeuser and its subsidiaries will also transfer to WRECO and its subsidiaries, and WRECO and its subsidiaries will assume, certain liabilities relating to the Real Estate Business that are not already liabilities of WRECO and its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries), and Weyerhaeuser or those subsidiaries will assume, certain liabilities of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date.

*Step 4 WRECO Spin*

WNR will distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser.

*Step 5 Distribution*

Weyerhaeuser will offer to Weyerhaeuser shareholders in an exchange offer the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock, subject to proration in the event of oversubscription. If the exchange offer is consummated but fewer than all of

## Table of Contents

the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. In all cases, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. WRECO common shares will not be able to be traded during this period or at any time before or after the consummation of the Merger.

As previously noted, TRI Pointe has prepared this proxy statement under the assumption that the WRECO common shares will be distributed to Weyerhaeuser shareholders pursuant to a split-off. Based on market conditions prior to the consummation of the Transactions, Weyerhaeuser will determine whether the WRECO common shares will be distributed to Weyerhaeuser shareholders in a spin-off or a split-off and, once a final decision is made, this proxy statement will be amended to reflect that decision, if necessary.

### *Step 6 Merger*

Immediately following the Distribution, Merger Sub will merge with and into WRECO, with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock. Cash will be paid in lieu of fractional shares of TRI Pointe common stock.

Immediately after the consummation of the Merger, the ownership of TRI Pointe common stock on a fully diluted basis is expected to be as follows: (i) WRECO common shares will have been converted into the right to receive, in the aggregate, approximately 79.8% of the then outstanding TRI Pointe common stock, (ii) the TRI Pointe common stock outstanding immediately prior to the consummation of the Merger will represent approximately 19.5% of the then outstanding TRI Pointe common stock and (iii) outstanding equity awards of WRECO and TRI Pointe employees will represent the remaining 0.7% of the then outstanding TRI Pointe common stock.

### *Step 7 Payment of Adjustment Amount*

In addition to the cash payments by WRECO to WNR described in *The Transaction Agreement Incurrence of New Debt and Repayment of Intercompany Debt*, the Transaction Agreement provides that, on the Closing Date, either TRI Pointe or WNR, as applicable, will pay the Adjustment Amount in cash to the other party, as more fully described in *The Transaction Agreement Payment of Adjustment Amount*. The Adjustment Amount is not subject to any aggregate limitation but is calculated based on certain variable amounts, some of which are subject to individual limitations. The most significant of these variable amounts is the amount of intercompany indebtedness owed by WRECO to WNR on the Closing Date, which is subject to a maximum limit of \$950 million. Weyerhaeuser and TRI Pointe believe that any changes to the other variable amounts will not materially impact the Adjustment Amount, and that as such the limit on the amount of intercompany indebtedness owed by WRECO to WNR on the Closing Date creates a de facto limit on the Adjustment Amount. Based on calculations by Weyerhaeuser that have been provided to TRI Pointe, it is expected that WNR will pay an Adjustment Amount in cash to TRI Pointe on the Closing Date.

**Q: What are the material U.S. federal income tax consequences to TRI Pointe and TRI Pointe stockholders resulting from the Transactions?**

A: TRI Pointe will not recognize any gain or loss for U.S. federal income tax purposes as a result of the Merger. Because TRI Pointe stockholders will not participate in the Distribution or the Merger, TRI Pointe stockholders generally will not recognize gain or loss upon either the Distribution (including the exchange offer) or the Merger. **TRI Pointe stockholders should consult their own tax advisors for a full understanding of the tax consequences to them of the Distribution and the Merger.** The material U.S. federal income tax consequences of the Distribution and the Merger are described in more detail in The Transactions Material U.S. Federal Income Tax Consequences of the Distribution and the Merger.

**Q: What will TRI Pointe stockholders receive in the Merger?**

A: TRI Pointe stockholders will not directly receive any consideration in the Merger. All shares of TRI Pointe common stock issued and outstanding immediately before the consummation of the Merger will remain issued and outstanding after the consummation of the Merger. Immediately after the consummation of the Merger, TRI Pointe stockholders will continue to own shares in TRI Pointe, which will include the Real Estate Business.

**Table of Contents****Q: What is the estimated total value of the consideration to be paid by TRI Pointe in the Transactions?**

A: TRI Pointe expects to issue 129,700,000 shares of TRI Pointe common stock in the Merger, excluding shares to be issued on exercise or vesting of equity awards held by WRECO employees that are being assumed by TRI Pointe in connection with the Transactions. Based upon the reported closing sale price of \$[ ] per share for TRI Pointe common stock on the NYSE on [ ], 2014, the total value of the shares to be issued by TRI Pointe and the amount of cash received by WNR, a subsidiary of Weyerhaeuser, in the Transactions, including from the proceeds of the New Debt (which will be an obligation of WRECO and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions), but not including any Adjustment Amount as described in The Transaction Agreement Payment of Adjustment Amount, would have been approximately \$[ ] billion. The actual value of the consideration to be paid by TRI Pointe will depend on the market price of shares of TRI Pointe common stock at the time of determination and on the Adjustment Amount.

**Q: What are the principal adverse consequences of the Transactions to TRI Pointe stockholders?**

A: Following the consummation of the Transactions, TRI Pointe stockholders will participate in a company that is one of the ten largest homebuilders in the United States based on estimated combined equity market value, assuming TRI Pointe issues 129,700,000 shares of its common stock in the Merger and based on the closing price of its common stock on March 24, 2014, but their percentage interest in this company will be substantially smaller. Immediately after the consummation of the Merger, the pre-Merger TRI Pointe stockholders are expected to own 19.5% of the TRI Pointe common stock issued and outstanding on a fully diluted basis. Therefore, the aggregate voting power represented by the shares held by pre-Merger TRI Pointe stockholders will be substantially less immediately following the consummation of the Merger than immediately prior to the consummation of the Merger. The issuance of shares of TRI Pointe common stock pursuant to the Merger may negatively affect the market price of TRI Pointe common stock. Further, WRECO will be the obligor on the New Debt after the consummation of the Transactions, which New Debt will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions. This additional indebtedness could materially and adversely affect the liquidity, results of operations and financial condition of TRI Pointe. TRI Pointe also expects to incur significant one-time costs in connection with the Transactions, including (i) up to \$15 million of Transaction-related fees and expenses, including legal, accounting and other professional fees, but excluding financing-related fees, transition and integration expenses and advisory fees, (ii) approximately \$6 million of advisory fees, (iii) approximately \$28 million of financing-related fees, (iv) if the Transactions are consummated, reimbursement of up to \$15 million of Transaction-related fees and expenses incurred by Weyerhaeuser, other than advisory fees, and (v) transition and integration expenses. Additionally, TRI Pointe may have to pay the Adjustment Amount in cash to WNR, as described in The Transaction Agreement Payment of Adjustment Amount. While TRI Pointe expects to be able to fund these one-time costs and the Adjustment Amount, if payable by TRI Pointe, using cash from operations and borrowings under existing and anticipated credit sources, these costs will negatively impact TRI Pointe's liquidity, cash flows and results of operations in the periods in which they are incurred. Finally, TRI Pointe's management will be required to devote a significant amount of time and attention to the process of integrating the operations of TRI Pointe and the Real Estate Business. If TRI Pointe's management is not able to effectively manage the process, TRI Pointe's business could suffer and its stock price may decline. See Risk Factors for a further discussion of the material risks associated with the Transactions.

**Q: How will the Transactions impact the future liquidity and capital resources of TRI Pointe?**

A: The New Debt will be a debt obligation of WRECO, which will be a wholly owned subsidiary of TRI Pointe after the consummation of the Merger, and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions. TRI Pointe expects that the Transactions will be accretive on an earnings per share basis, taking into account the estimated purchase price allocation and pro forma capital structure, increase TRI Pointe's revenues and earnings and enhance cash flow generation. TRI Pointe anticipates that its primary sources of liquidity for working capital and operating activities, including any future acquisitions, will be cash provided by operations and borrowings under the Revolving Credit Agreement or a new credit facility. TRI Pointe believes that the combination of the Real Estate Business with TRI Pointe's existing business will result in annualized cost synergies of approximately \$7 million in 2014 and approximately \$30 million annually thereafter. The cost synergy estimate for 2014 has been adjusted to reflect the current expectation that the Transactions will be consummated early in the third quarter of 2014. Synergies resulting from the combination are expected to be derived from, among other areas, overhead savings resulting from streamlining certain redundant corporate functions, improved operating efficiencies, including provision of certain corporate level administrative and support functions at a lower cost than historically allocated to WRECO for such services by Weyerhaeuser, and growth of ancillary operations in various markets as permitted under applicable law, including a mortgage business, a title company and other ancillary operations. See Information on TRI Pointe TRI Pointe's Liquidity and Capital Resources After the Transactions.

TRI Pointe expects to incur significant one-time costs in connection with the Transactions, including (i) up to \$15 million of Transaction-related fees and expenses, including legal, accounting and other professional fees, but excluding financing-related

**Table of Contents**

fees, transition and integration expenses and advisory fees, (ii) approximately \$6 million of advisory fees, (iii) approximately \$28 million of financing-related fees, (iv) if the Transactions are consummated, reimbursement of up to \$15 million of Transaction-related fees and expenses incurred by Weyerhaeuser, other than advisory fees, and (v) transition and integration expenses. Additionally, TRI Pointe may have to pay the Adjustment Amount in cash to WNR, as described in The Transaction Agreement Payment of Adjustment Amount. While TRI Pointe expects to be able to fund these one-time costs and the Adjustment Amount, if payable by TRI Pointe, using cash from operations and borrowings under existing and anticipated credit sources, these costs will negatively impact TRI Pointe's liquidity, cash flows and results of operations in the periods in which they are incurred.

**Q: How do the Transactions impact TRI Pointe's dividend policy?**

A: Pursuant to the Transaction Agreement, TRI Pointe has agreed to not pay any dividends in respect of its shares of capital stock without the prior consent of Weyerhaeuser until after the consummation of the Merger. TRI Pointe currently intends to retain its future earnings, if any, to finance the development and expansion of its business and, therefore, does not intend to pay cash dividends on its common stock for the foreseeable future. Any future determination to pay dividends will be at the discretion of TRI Pointe's board of directors and will depend on TRI Pointe's financial condition, results of operations and capital requirements, restrictions contained in any financing instruments and such other factors as the TRI Pointe board of directors deems relevant.

**Q: What will Weyerhaeuser, its subsidiaries and Weyerhaeuser shareholders receive in the Transactions?**

A: WNR, a subsidiary of Weyerhaeuser, will receive approximately \$739 million of the cash proceeds of the New Debt, which will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). WNR may also receive a cash payment of the Adjustment Amount, if the Adjustment Amount is payable by TRI Pointe, as described in The Transaction Agreement Payment of Adjustment Amount. The New Debt will be a debt obligation of WRECO, which will be a wholly owned subsidiary of TRI Pointe after the consummation of the Merger, and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions.

In the exchange offer, Weyerhaeuser will offer to Weyerhaeuser shareholders the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock, subject to proration in the event of oversubscription. If the exchange offer is consummated but fewer than all of the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. In all cases, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive shares of TRI Pointe common stock in the Merger. WRECO common shares will not be able to be traded during this period or at any time before or after the consummation of the Merger. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock, as described in The Transaction Agreement The Merger.

As previously noted, TRI Pointe has prepared this proxy statement under the assumption that the WRECO common shares will be distributed to Weyerhaeuser shareholders pursuant to a split-off. Based on market conditions prior to

the consummation of the Transactions, Weyerhaeuser will determine whether the WRECO common shares will be distributed to Weyerhaeuser shareholders in a spin-off or a split-off and, once a final decision is made, this proxy statement will be amended to reflect that decision, if necessary.

**Q: Are there any conditions to the consummation of the Transactions?**

A: Yes. The consummation of the Transactions is subject to a number of conditions, including:

the approval by TRI Pointe stockholders of the issuance of TRI Pointe common stock in the Merger;

the termination or expiration of the waiting period under the HSR Act (early termination was granted on January 14, 2014), and the receipt of any other necessary antitrust approvals;

the absence of any judgment or law issued or enacted by any governmental authority of competent jurisdiction that is in effect and enjoins or makes illegal the consummation of the Transactions;

the effectiveness under the Securities Act of WRECO's registration statement on Form S-4 and Form S-1 (Reg. No. 333-193251) and TRI Pointe's registration statement on Form S-4 (Reg. No. 333-193248), and the absence of any stop order or proceedings seeking a stop order;

**Table of Contents**

the receipt of the Covington & Burling Tax Opinion and the Gibson Dunn Tax Opinion by Weyerhaeuser and TRI Pointe, respectively;

the approval for quotation on the NYSE of the shares of TRI Pointe common stock to be issued in connection with the Merger and upon the exercise of TRI Pointe equity awards from time to time, subject to official notice of issuance; and

the execution of the definitive agreements in respect of the New Debt and the receipt by WRECO of the net proceeds thereof.

In addition, the obligations of Weyerhaeuser, WRECO, TRI Pointe and Merger Sub to consummate the Merger are further subject to the satisfaction (or, to the extent permitted by law, waiver), on or prior to the Closing Date, of the following conditions:

the REB Transfers and the WRECO Spin shall have been consummated in accordance with and subject to the terms of the Transaction Agreement; and

the Distribution shall have been consummated in accordance with and subject to the terms of the Transaction Agreement.

To the extent permitted by applicable law, Weyerhaeuser and WRECO, on the one hand, and TRI Pointe and Merger Sub, on the other hand, may waive the satisfaction of the conditions to their respective obligations to consummate the Transactions. If TRI Pointe waives the satisfaction of a material condition to the consummation of the Transactions after the TRI Pointe Stockholder Approval, TRI Pointe will evaluate the appropriate facts and circumstances at that time and resolicit stockholder approval of the issuance of shares of TRI Pointe common stock in the Merger if required to do so by law or the rules of the NYSE. The Transaction Agreement provides that Weyerhaeuser or TRI Pointe may terminate the Transaction Agreement if the Merger is not consummated on or before November 3, 2014.

This proxy statement describes these conditions in more detail in The Transaction Agreement Conditions to the Consummation of the Transactions.

**Q: When will the Transactions be completed?**

A: The Transactions are expected to be completed early in the third quarter of 2014. However, it is possible that the Transactions could be completed at a later time or not at all. See Risk Factors Risks Related to the Transactions The Transactions may not be completed on the terms or the timeline currently contemplated, or at all and The Transaction Agreement Conditions to the Consummation of the Transactions.

**Q: Are there risks associated with the Transactions?**

A: Yes. The material risks associated with the Transactions are discussed in Risk Factors. Those risks include, among others, the possibility that the Transactions may not be completed, the possibility that TRI Pointe will not be able to integrate the Real Estate Business successfully, that TRI Pointe may fail to realize the anticipated benefits of the Merger, that TRI Pointe may be unable to provide benefits and services or access to financial strength and resources to the Real Estate Business equivalent to those historically provided by Weyerhaeuser, risks associated with the additional long-term indebtedness and liabilities that TRI Pointe will have following the consummation of the Transactions and risks related to the substantial dilution to the ownership interest of current TRI Pointe stockholders following the consummation of the Merger. In addition, TRI Pointe is an emerging growth company as defined in the Jumpstart Our Business Startups ( JOBS ) Act. As such, TRI Pointe currently is not subject to the independent auditor attestation requirement with respect to internal control over financial reporting, may take advantage of the SEC's scaled disclosure requirements with respect to executive compensation pursuant to the rules applicable to smaller reporting companies and is not required to seek non-binding advisory votes on executive compensation or golden parachute arrangements. The consummation of the Transactions is expected to cause TRI Pointe to lose its status as an emerging growth company in 2014. Accordingly, after the consummation of the Transactions, TRI Pointe will be subject to additional disclosure and other obligations, which could place significant demands on TRI Pointe's management, administrative, operational and accounting resources and cause TRI Pointe to incur significant one-time and ongoing expenses. If TRI Pointe's independent auditor is unable to provide an unqualified attestation report on internal control over financial reporting, investors could lose confidence in the reliability of TRI Pointe's financial statements and its stock price could be materially and adversely affected.

**Q: Will there be any change to the TRI Pointe board of directors or the executive officers of TRI Pointe after the consummation of the Transactions?**

A: Yes. TRI Pointe will increase the size of its board of directors from seven to nine directors, the majority of whom will be independent directors in accordance with NYSE listing requirements. Assuming they are re-elected at the annual meeting, upon the consummation of the Merger, Messrs. Perrin, Bronson and Cable will resign from the TRI Pointe board of directors, Messrs. Sternlicht, Bauer, Gilbert and Rogers will continue to serve as directors, and TRI Pointe will appoint Mr. Chris Graham as a

**Table of Contents**

director. Weyerhaeuser will select the remaining four directors. Each of TRI Pointe and Weyerhaeuser will have reasonable approval rights over the directors selected for appointment by the other party, taking into account applicable independence and other NYSE listing requirements. The executive officers of TRI Pointe immediately prior to the consummation of the Merger are expected to be the executive officers of TRI Pointe immediately following the consummation of the Merger.

**Q: What vote is required to approve Proposal No. 1?**

A: Pursuant to the NYSE rules, this proposal must be approved by a majority of the votes cast. For purposes of the NYSE rules, abstentions will be treated as votes cast, but broker non-votes will not be treated as votes cast with regard to Proposal No. 1. TRI Pointe cannot complete the Transactions unless this proposal to authorize the issuance of shares of TRI Pointe common stock in the Merger is approved.

**Q: Do Weyerhaeuser shareholders have to vote to approve the Transactions?**

A: No.

**Q: Where will the shares of TRI Pointe common stock to be issued in the Merger be listed?**

A: TRI Pointe common stock is listed on the NYSE under TPH. After the consummation of the Transactions, all shares of TRI Pointe common stock issued in the Merger, and all other outstanding shares of TRI Pointe common stock, will continue to be listed on the NYSE.

**Q: What if a TRI Pointe stockholder returns a proxy but does not indicate how the shares should be voted with respect to Proposal No. 1?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe but the proxy does not indicate how the subject shares should be voted on the proposal, the shares subject to the proxy will be voted **FOR** the authorization of the issuance of shares of TRI Pointe common stock in the Merger.

**Q: What if a TRI Pointe stockholder returns a proxy but instructs the proxy holder to abstain with respect to Proposal No. 1?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe and the proxy instructs the proxy holder to abstain from voting on this proposal, the shares subject to the proxy will not be voted, but will be treated as votes cast under NYSE rules and will have the effect of a **NO** vote, with regard to this proposal.

**Q: What if a TRI Pointe stockholder is a beneficial owner of shares held in street name and fails to provide voting instructions with respect to Proposal No. 1?**

A: If a TRI Pointe stockholder is the beneficial owner of shares held in street name through its bank, broker or other nominee, the bank, broker or other nominee will typically be prohibited from voting in its discretion on this proposal with respect to that stockholder's shares, and these broker non-votes will not affect the outcome of the vote on this proposal.

**Q: Have any TRI Pointe stockholders already agreed to vote for Proposal No. 1?**

A: Yes. Certain TRI Pointe stockholders, including the Starwood Fund and members of TRI Pointe's management, have entered into Voting Agreements with respect to an aggregate of 12,639,163 shares of TRI Pointe common stock, representing in the aggregate approximately 40% of the TRI Pointe common stock currently outstanding. These Voting Agreements provide, among other things, that these TRI Pointe stockholders will vote in favor of this proposal to authorize the issuance of shares of TRI Pointe common stock in the Merger and any other actions necessary and desirable in connection with the Transactions.

**Table of Contents**

**Questions With Respect to an Amendment to the 2013 Long-Term Incentive Plan (Proposal No. 2)**

**Q: Why are TRI Pointe stockholders being asked to approve an amendment to TRI Pointe's 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain tax code award limitations?**

A: The number of shares currently available for issuance under the 2013 Long-Term Incentive Plan did not anticipate the Transactions and the substantial increase in the number of persons who will be eligible to receive awards following the consummation of the Transactions. In addition, after the consummation of the Merger, the number of shares of TRI Pointe common stock outstanding will be substantially greater. As a result, the number of shares currently available for issuance under the 2013 Long-Term Incentive Plan will constitute a significantly smaller percentage of TRI Pointe common stock outstanding after the consummation of the Merger than immediately prior to the consummation of the Merger. The increase in the number of shares available for issuance under the 2013 Long-Term Incentive Plan will allow TRI Pointe to continue to grant equity to all employees as part of a competitive compensation package and accounts for the dilutive effect of the Transactions on TRI Pointe common stock. Additionally, providing for award limitations pursuant to Section 162(m) of the Code will allow TRI Pointe to grant awards under the 2013 LTIP that can satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Code, which would allow TRI Pointe to deduct these awards for federal income tax purposes.

**Q: What vote is required to approve an amendment to TRI Pointe's 2013 Long-Term Incentive Plan?**

A: Pursuant to the NYSE rules, this proposal must be approved by a majority of the votes cast. For purposes of the NYSE rules, abstentions will be treated as votes cast, but broker non-votes will not be treated as votes cast with regard to Proposal No. 2.

**Q: What if a TRI Pointe stockholder returns a proxy but does not indicate how the shares should be voted with respect to Proposal No. 2?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe but the proxy does not indicate how it should be voted on this proposal, the shares subject to the proxy will be voted **FOR** the approval of an amendment to TRI Pointe's 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain tax code award limitations, which amendment is conditioned upon approval of Proposal No. 1.

**Q: What if a TRI Pointe stockholder returns a proxy but instructs the proxy holder to abstain with respect to Proposal No. 2?**

A:

If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe and the proxy instructs the proxy holder to abstain from voting on this proposal, the shares subject to the proxy will not be voted, but will be treated as votes cast under NYSE rules and will have the effect of a **NO** vote, with regard to this proposal.

**Q: What if a TRI Pointe stockholder is a beneficial owner of shares held in street name and fails to provide voting instructions with respect to Proposal No. 2?**

A: If a TRI Pointe stockholder is the beneficial owner of shares held in street name through its bank, broker or other nominee, the bank, broker or other nominee will typically be prohibited from voting in its discretion on this proposal with respect to that stockholder's shares and these broker non-votes will not affect the outcome of the vote on this proposal.

**Questions With Respect to the Advisory Vote on Executive Compensation (Proposal No. 3)**

**Q: What vote is required to approve, on an advisory basis, the compensation of TRI Pointe's named executive officers?**

A: Pursuant to the Bylaws, this proposal requires the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. The stockholder vote on this proposal is an advisory vote only and is not binding on TRI Pointe, its board of directors or its Compensation Committee.

**Q: What if a TRI Pointe stockholder returns a proxy but does not indicate how the shares should be voted with respect to Proposal No. 3?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe but the proxy does not indicate how it should be voted on this proposal, the shares subject to the proxy will be voted **FOR** the approval, on an advisory basis, of the compensation of TRI Pointe's named executive officers.

**Q: What if a TRI Pointe stockholder returns a proxy but instructs the proxy holder to abstain with respect to Proposal No. 3?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe and the proxy instructs the proxy holder to abstain from voting on this proposal, the shares subject to the proxy will not be voted, and will have the effect of a **NO** vote, with regard to this proposal.

**Table of Contents**

**Q: What if a TRI Pointe stockholder is a beneficial owner of shares held in street name and fails to provide voting instructions with respect to Proposal No. 3?**

A: If a TRI Pointe stockholder is the beneficial owner of shares held in street name through its bank, broker or other nominee, the bank, broker or other nominee will typically be prohibited from voting in its discretion on this proposal with respect to that stockholder's shares and these broker non-votes will not affect the outcome of the vote on this proposal.

**Questions With Respect to the Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation (Proposal No. 4)**

**Q: What vote is required to determine, on an advisory basis, the frequency of future advisory votes on executive compensation?**

A: Pursuant to the Bylaws, this proposal requires the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. With regard to this proposal, if none of the frequency alternatives (one year, two years or three years) receives a majority vote, TRI Pointe will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by stockholders. The stockholder vote on this proposal is an advisory vote only and is not binding on TRI Pointe, its board of directors or its Compensation Committee.

**Q: What if a TRI Pointe stockholder returns a proxy but does not indicate how the shares should be voted with respect to Proposal No. 4?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe but the proxy does not indicate how it should be voted on this proposal, the shares subject to the proxy will be voted for **EVERY THREE YEARS** as the frequency of future advisory votes to approve the compensation of TRI Pointe's named executive officers.

**Q: What if a TRI Pointe stockholder returns a proxy but instructs the proxy holder to abstain with respect to Proposal No. 4?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe and the proxy instructs the proxy holder to abstain from voting on this proposal, the shares subject to the proxy will not be voted for any of the frequency alternatives with regard to this proposal.

**Q: What if a TRI Pointe stockholder is a beneficial owner of shares held in street name and fails to provide voting instructions with respect to Proposal No. 4?**

A: If a TRI Pointe stockholder is the beneficial owner of shares held in street name through its bank, broker or other nominee, the bank, broker or other nominee will typically be prohibited from voting in its discretion on this proposal with respect to that stockholder's shares and these broker non-votes will not affect the outcome of the vote on this proposal.

**Questions With Respect to the Election of Directors (Proposal No. 5)**

**Q: What vote is required for election of directors?**

A: The Bylaws provide that directors are elected by a plurality of the votes cast. Therefore, the seven nominees who receive the highest number of votes will be elected as directors. If no other nominations are properly and timely received in accordance with the Bylaws, then each of the seven nominees named in this proxy statement will be elected if they receive at least one vote. There is no cumulative voting in the election of directors.

**Table of Contents**

**Q: What if a TRI Pointe stockholder returns a proxy but does not indicate how the shares should be voted with respect to Proposal No. 5?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe but the proxy does not indicate how it should be voted on this proposal, the shares subject to the proxy will be voted **FOR** the election of the seven nominees named in this proxy statement to the board of directors of TRI Pointe.

**Q: What if a TRI Pointe stockholder returns a proxy but withholds authority to vote for one or more nominees?**

A: If a TRI Pointe stockholder submits a properly executed proxy to TRI Pointe and the proxy withholds authority to vote for one or more nominees, the shares subject to the proxy will not be voted for that nominee or those nominees and will be voted **FOR** the remaining nominee(s), if any.

**Q: What if a TRI Pointe stockholder is a beneficial owner of shares held in street name and fails to provide voting instructions with respect to Proposal No. 5?**

A: If a TRI Pointe stockholder is the beneficial owner of shares held in street name through its bank, broker or other nominee, the bank, broker or other nominee will typically be prohibited from voting in its discretion on this proposal with respect to that stockholder's shares and these broker non-votes will not affect the outcome of the election.

**Questions With Respect to the Ratification of the Appointment of Auditors (Proposal No. 6)**

**Q: What vote is required to approve the ratification of the appointment of auditors?**

A: Pursuant to the Bylaws, this proposal requires the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting.

**Q: What if a TRI Pointe stockholder returns a proxy but does not indicate how the shares should be voted with respect to Proposal No. 6?**

**Table of Contents**

**General Questions**

**Q: How can TRI Pointe stockholders cast their vote?**

A: TRI Pointe stockholders may vote before the annual meeting in one of the following ways:

by using the toll-free number shown on the proxy card (or voting instruction card if a TRI Pointe stockholder received its proxy materials by mail from a bank, broker or other nominee);

by visiting the website shown on the proxy card (or voting instruction card) to submit a proxy via the Internet;

by completing, signing, dating and returning the enclosed proxy card (or voting instruction card) in the enclosed postage-paid envelope; or

by attending the annual meeting and voting their shares.

**Q: If a TRI Pointe stockholder is not going to attend the annual meeting, should that stockholder return its proxy card or otherwise vote its shares?**

A: Yes. Returning the proxy card (or voting instruction card if a TRI Pointe stockholder received its proxy materials by mail from a bank, broker or other nominee) or voting by calling the toll-free number shown on the proxy card

(or voting instruction card) or visiting the website shown on the proxy card (or voting instruction card) to submit a proxy via the Internet ensures that the shares will be represented and voted at the annual meeting, even if the TRI Pointe stockholder will be unable to or does not attend.

**Q: If a TRI Pointe stockholder's shares are held in street name through its bank, broker or other nominee, will that bank, broker or other nominee vote those shares?**

A: Banks, brokers or other nominees will not vote shares of a TRI Pointe stockholder with respect to Proposals No. 1, No. 2, No. 3, No. 4, No. 5 and No. 7 at the annual meeting unless the TRI Pointe stockholder instructs its bank, broker or other nominee how to vote. A TRI Pointe stockholder should follow the directions on the voting instruction card provided by its bank, broker or other nominee regarding how to instruct its bank, broker or other nominee to vote its shares. If a TRI Pointe stockholder does not provide its bank, broker or other nominee with instructions, under NYSE rules, that bank, broker or other nominee will not be authorized to vote with respect to Proposals No. 1, No. 2, No. 3, No. 4, No. 5 and No. 7, but may vote with respect to Proposal No. 6. Shares registered in the name of a bank, broker or other nominee, for which proxies are voted on some, but not all, matters will be considered to be represented at the annual meeting for purposes of determining a quorum and, with the exception of Proposal No. 6, voted only as to those matters marked on the proxy card. Shares registered in the name of a bank, broker or other nominee may be voted in person at the annual meeting by contacting the bank, broker or other nominee to obtain a legal proxy from the bank, broker or other nominee and presenting the legal proxy at the annual meeting.

**Table of Contents**

**Q: Can a TRI Pointe stockholder change its vote after mailing its proxy card?**

A: Yes. If a TRI Pointe stockholder has properly completed and submitted its proxy card, the TRI Pointe stockholder can change its vote in any of the following ways:

by executing a notice of revocation stating that the TRI Pointe stockholder revokes its proxy and properly sending it to the Corporate Secretary of TRI Pointe so that it is received prior to the annual meeting;

by properly completing a new proxy card bearing a later date and properly submitting it so that it is received prior to the annual meeting;

by logging onto the internet website specified on the proxy card (or voting instruction card if a TRI Pointe stockholder received its proxy materials by mail from a bank, broker or other nominee) in the same manner a stockholder would to submit its proxy electronically or by calling the toll-free number specified on the proxy card (or voting instruction card) prior to the annual meeting, in each case if the TRI Pointe stockholder is eligible to do so and following the instructions on the proxy card (or voting instruction card); or

by attending the annual meeting and voting in person.

Simply attending the annual meeting will not revoke a proxy. In the event of multiple online or telephone proxies by a TRI Pointe stockholder, each proxy will supersede the previous proxy and the last proxy will be deemed to be the final proxy of the stockholder unless that proxy is revoked.

If a TRI Pointe stockholder holds shares in street name through its bank, broker or other nominee, and has directed that person to vote its shares, it should instruct that person to change its vote, or if, in the alternative, a TRI Pointe stockholder holding shares in street name wishes to vote in person at the annual meeting, the stockholder must obtain a legal proxy from the bank, broker or other nominee and present the legal proxy at the annual meeting.

**Q: What should TRI Pointe stockholders do now?**

A: After carefully reading and considering the information contained in this proxy statement, TRI Pointe stockholders should vote their shares as soon as possible so that their shares will be represented and voted at the annual meeting. TRI Pointe stockholders should follow the instructions set forth on the enclosed proxy card (or on the voting instruction card provided by the record holder if their shares are held in the name of a bank, broker or other nominee).

**Q: Can TRI Pointe stockholders dissent to the Merger and require appraisal of their shares?**

A: No.

**Q: Will the instruments that govern the rights of TRI Pointe stockholders with respect to their shares of TRI Pointe common stock after the consummation of the Transactions be different from those that govern the rights of current TRI Pointe stockholders?**

A: No. The rights of TRI Pointe stockholders with respect to their shares of TRI Pointe common stock after the consummation of the Transactions will continue to be governed by federal and state laws and TRI Pointe's governing documents, including:

the corporate law of the State of Delaware, including the DGCL;

the Charter; and

the Bylaws.

## **The Transactions**

On November 4, 2013, TRI Pointe and Weyerhaeuser announced that they, along with WRECO and Merger Sub, had entered into the Transaction Agreement, which provides for the combination of TRI Pointe's business and the Real Estate Business.

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to make a cash payment to WNR, a subsidiary of Weyerhaeuser. Weyerhaeuser will then cause the REB Transfers to occur. Following the REB Transfers, Weyerhaeuser will cause WNR to distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser in the WRECO Spin.

Weyerhaeuser will offer to Weyerhaeuser shareholders in an exchange offer the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock, subject to proration in the event of oversubscription. If the exchange offer is consummated but fewer than all of the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. In all cases, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. WRECO common shares will not be able to be traded during this period or at any time before or after the consummation of the Merger. Immediately after the Distribution and at the effective time of the Merger, Merger Sub will merge with and into WRECO, with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock.

TRI Pointe expects to issue 129,700,000 shares of TRI Pointe common stock in the Merger, excluding shares to be issued on exercise or vesting of equity awards held by WRECO employees that are being assumed by TRI Pointe in connection with the Transactions. Based upon the reported closing sale price of \$[ ] per share for TRI Pointe common stock on the NYSE on [ ], 2014, the total value of the shares to be issued by TRI Pointe and the amount of cash received by WNR, a subsidiary of Weyerhaeuser, in the Transactions, including from the proceeds of the New Debt (which will be an obligation of WRECO and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions) as discussed below, but not including any Adjustment Amount as described in The Transaction Agreement Payment of Adjustment Amount, would have been approximately \$[ ] billion. The actual value of the consideration to be paid by TRI Pointe will depend on the market price of shares of TRI Pointe common stock at the time of determination and on the Adjustment Amount.

After the consummation of the Merger, TRI Pointe will own and operate the Real Estate Business through WRECO, which will be a wholly owned subsidiary of TRI Pointe, and will also continue its current businesses. All outstanding

shares of TRI Pointe common stock, including those issued in the Merger, will be listed on the NYSE under TRI Pointe's current trading symbol TPH.

Below is a step-by-step description of the sequence of material events relating to the Transactions.

Step 1 *WRECO Stock Split*

On January 17, 2014, WRECO effected the WRECO Stock Split pursuant to which the number of WRECO common shares issued and outstanding was increased to 100,000,000 shares and the par value of each WRECO common share was reduced to \$0.04 per share.

### *Step 2 New Debt*

WRECO and certain financial institutions executed the Commitment Letter pursuant to which WRECO will incur the New Debt in the form of (i) the Debt Securities, (ii) the Senior Unsecured Bridge Facility or (iii) a combination thereof, on the terms and conditions set forth therein, as described in Debt Financing Debt Securities and Debt Financing Bridge Facility. Prior to the Closing Date, WRECO intends to enter into definitive agreements providing for the New Debt, but those agreements will be conditional upon the consummation of the Transactions.

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to pay approximately \$739 million in cash to WNR (the current direct parent entity of WRECO), which cash will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). The cash payment will be a repayment by WRECO of certain existing intercompany debt between WRECO and WNR or, to the extent that the cash payment exceeds the amount of the intercompany debt, it will be a distribution. WRECO will also pay to WNR a cash amount equal to all unpaid interest on WRECO's intercompany debt that has accrued between the date of the Transaction Agreement and the date of the Distribution. After giving effect to those payments, WNR will contribute any remaining unpaid intercompany debt to WRECO such that WRECO will have no further liability in respect of its intercompany debt.

### *Step 3 REB Transfers*

Under the terms of the Transaction Agreement, certain assets and liabilities of WRECO and its subsidiaries relating to the Real Estate Business will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries), including the assets and liabilities relating to Coyote Springs.

Weyerhaeuser and its subsidiaries will transfer to WRECO and its subsidiaries certain assets relating to the Real Estate Business not already owned or held by WRECO or its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) certain assets of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date. Weyerhaeuser and its subsidiaries will also transfer to WRECO and its subsidiaries, and WRECO and its subsidiaries will assume, certain liabilities relating to the Real Estate Business that are not already liabilities of WRECO and its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries), and Weyerhaeuser or those subsidiaries will assume, certain liabilities of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date.

### *Step 4 WRECO Spin*

WNR will distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser.

### *Step 5 Distribution*

Weyerhaeuser will offer to Weyerhaeuser shareholders in an exchange offer the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock, subject to proration in the event of oversubscription. If the exchange offer is consummated but fewer than all of the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation

of the exchange offer. In all cases, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. WRECO common shares will not be able to be traded during this period or at any time before or after the consummation of the Merger.

As previously noted, TRI Pointe has prepared this proxy statement under the assumption that the WRECO common shares will be distributed to Weyerhaeuser shareholders pursuant to a split-off. Based on market conditions prior to the consummation of the Transactions, Weyerhaeuser will determine whether the WRECO common shares will be distributed to Weyerhaeuser shareholders in a spin-off or a split-off and, once a final decision is made, this proxy statement will be amended to reflect that decision, if necessary.

### *Step 6 Merger*

Immediately following the Distribution, Merger Sub will merge with and into WRECO, with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock. Cash will be paid in lieu of fractional shares of TRI Pointe common stock.

Immediately after the consummation of the Merger, the ownership of TRI Pointe common stock on a fully diluted basis is expected to be as follows: (i) WRECO common shares will have been converted into the right to receive, in the aggregate, approximately 79.8% of the then outstanding TRI Pointe common stock, (ii) the TRI Pointe common stock outstanding immediately prior to the consummation of the Merger will represent approximately 19.5% of the then outstanding TRI Pointe common stock and (iii) outstanding equity awards of WRECO and TRI Pointe employees will represent the remaining 0.7% of the then outstanding TRI Pointe common stock.

### *Step 7 Payment of Adjustment Amount*

In addition to the cash payments by WRECO to WNR described in *The Transaction Agreement Incurrence of New Debt and Repayment of Intercompany Debt*, the Transaction Agreement provides that, on the Closing Date, either TRI Pointe or WNR, as applicable, will pay the Adjustment Amount in cash to the other party, as more fully described in *The Transaction Agreement Payment of Adjustment Amount*. The Adjustment Amount is not subject to any aggregate limitation but is calculated based on certain variable amounts, some of which are subject to individual limitations. The most significant of these variable amounts is the amount of intercompany indebtedness owed by WRECO to WNR on the Closing Date, which is subject to a maximum limit of \$950 million. Weyerhaeuser and TRI Pointe believe that any changes to the other variable amounts will not materially impact the Adjustment Amount, and that as such the limit on the amount of intercompany indebtedness owed by WRECO to WNR on the Closing Date creates a de facto limit on the Adjustment Amount. Based on calculations by Weyerhaeuser that have been provided to TRI Pointe, it is expected that WNR will pay an Adjustment Amount in cash to TRI Pointe on the Closing Date.

Set forth below are diagrams that illustrate, in simplified form, the existing corporate structures, the corporate structures immediately following the Distribution and the corporate structures immediately following the consummation of the Merger. The ownership proportions included in the diagram illustrating the corporate structures immediately following the consummation of the Merger are approximate and are calculated on a fully-diluted basis.

### *Existing Corporate Structures*

*Structures Following Distribution*<sup>(1)</sup>

(1) The Merger will take place immediately following the Distribution. Following the Distribution, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. WRECO common shares will not be able to be traded during this or any period. See The Transaction Agreement The Merger.

*Structures Following Merger*<sup>(1)</sup>

(1) Following the consummation of the Merger, outstanding equity awards of WRECO and TRI Pointe employees are expected to represent 0.7% of the then outstanding TRI Pointe common stock on a fully diluted basis (not shown). After completion of all of the steps described above:

TRI Pointe's wholly owned subsidiary, WRECO, will hold the Real Estate Business and will be the obligor under the New Debt, which will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions; and

WNR, a subsidiary of Weyerhaeuser, will have received approximately \$739 million of the cash proceeds of the New Debt, which will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). WNR may also receive a cash payment of the Adjustment Amount, if the Adjustment Amount is payable by TRI Pointe, as described in The Transaction Agreement Payment of Adjustment Amount.

Immediately after the consummation of the Merger, the ownership of TRI Pointe common stock on a fully diluted basis is expected to be as follows: (i) WRECO common shares will have been converted into the right to receive, in the aggregate,

**Table of Contents**

approximately 79.8% of the then outstanding TRI Pointe common stock, (ii) the TRI Pointe common stock outstanding immediately prior to the consummation of the Merger will represent approximately 19.5% of the then outstanding TRI Pointe common stock and (iii) outstanding equity awards of WRECO and TRI Pointe employees will represent the remaining 0.7% of the then outstanding TRI Pointe common stock. In connection with the Transactions, TRI Pointe, Merger Sub, Weyerhaeuser and/or WRECO have entered into or will enter into the Transaction Documents relating to, among other things, certain tax matters and certain voting matters. See Other Agreements.

TRI Pointe and Weyerhaeuser considered various factors in negotiating the terms of the Transactions, including the equity ownership levels of pre-Merger TRI Pointe stockholders and Weyerhaeuser shareholders receiving shares of TRI Pointe common stock in the Transactions. Certain of the principal factors considered by the parties negotiating the terms of the Transaction Documents were, among others, the trends and competitive developments in the homebuilding industry and the range of strategic alternatives available to TRI Pointe, including continuing to operate its business as a standalone entity as currently conducted, as well as the potential of meaningful cost synergies following the consummation of the Merger, the risks and uncertainties associated with the Transactions and with other strategic alternatives and the other factors identified in The Transactions Background of the Transactions and The Transactions TRI Pointe s Reasons for the Transactions. Weyerhaeuser also considered, among other things, the value to Weyerhaeuser and Weyerhaeuser shareholders that could be realized in the Transactions as compared to the value to Weyerhaeuser and Weyerhaeuser shareholders that could be realized if the Transactions did not occur, the proposed tax treatment of the Transactions and the other factors identified in The Transactions Weyerhaeuser s Reasons for the Transactions.

**Table of Contents****SUMMARY HISTORICAL AND PRO FORMA FINANCIAL DATA**

The following summary financial data of WRECO and TRI Pointe are being provided to help you in your analysis of the financial aspects of the Transactions. You should read this information in conjunction with the financial information included and incorporated by reference in this proxy statement. See Information on TRI Pointe, Information on WRECO, Management's Discussion and Analysis of Financial Condition and Results of Operations for WRECO, Selected Historical and Pro Forma Financial and Operating Data and Where You Can Find More Information; Incorporation by Reference in this proxy statement and the Management's Discussion and Analysis of Financial Condition and Results of Operations section in TRI Pointe's Annual Report on Form 10-K for the year ended December 31, 2013, which is incorporated by reference into this proxy statement.

**Summary of Selected Historical Financial and Operating Data of WRECO**

The following summary of selected historical financial data of WRECO as of and for the years ended December 31, 2013 and 2012 and for the year ended December 31, 2011 has been derived from the audited consolidated financial statements of WRECO included in this proxy statement. The financial data as of December 31, 2011 have been derived from the audited financial statements of WRECO not included or incorporated by reference in this proxy statement. This information is only a summary and should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations for WRECO and the audited consolidated financial statements of WRECO and the notes thereto included in this proxy statement.

WRECO's historical financial information does not reflect changes that WRECO expects to experience in the future as a result of the Transactions, including the REB Transfers and changes in the financing, operations, cost structure and personnel needs of its business. See The Transaction Agreement Transfers of Certain Assets and Assumption of Certain Liabilities. Further, the historical financial statements include allocations of certain Weyerhaeuser corporate general and administrative expense. WRECO's management believes the assumptions and methodologies underlying the allocation of corporate general and administrative expense are reasonable. However, these allocations may not be indicative of the actual level of expense that would have been incurred by WRECO if it had operated as an independent company or of costs expected to be incurred in the future. These allocated expenses relate to various services that have historically been provided to WRECO by Weyerhaeuser, including corporate governance, cash management and other treasury services, administrative services (such as government relations, tax, employee payroll and benefit administration, internal audit, legal, accounting, human resources and equity-based compensation plan administration), lease of office space, aviation services and insurance coverage. During the years ended December 31, 2013, 2012 and 2011, WRECO incurred \$22.9 million, \$20.5 million and \$17.3 million, respectively, of allocated corporate general and administrative expense from Weyerhaeuser. See Management's Discussion and Analysis of Financial Condition and Results of Operations for WRECO and *Note 11: Relationship and Transactions with Weyerhaeuser* to WRECO's audited consolidated financial statements included in this proxy statement for further information regarding the allocated corporate general and administrative expense. In addition, as part of WRECO's historical cash management strategy as a subsidiary of Weyerhaeuser, WRECO has a revolving promissory note payable to Weyerhaeuser that will be extinguished in connection with the Transactions. The total amount outstanding under the promissory note was \$834.6 million, \$689.6 million and \$568.7 million as of December 31, 2013, 2012 and 2011, respectively. WRECO paid Weyerhaeuser interest on the unpaid balance for the years ended December 31, 2013, 2012 and 2011 at rates per annum of 1.87%, 1.92% and 0.62%, respectively. Interest incurred for the years ended December 31, 2013, 2012 and 2011 was \$15.7 million, \$12.8 million and \$3.4 million, respectively.

- (2) Pro forma per share amounts reflect the exchange ratio of 1.297 shares of TRI Pointe common stock to be exchanged for each WRECO common share so that the per share amounts are equated to the respective values for one share of TRI Pointe common stock.

WRECO is currently an indirect wholly owned subsidiary of Weyerhaeuser and there is no established trading market in WRECO common shares. WRECO common shares do not currently trade separately from Weyerhaeuser common shares.

**TRI Pointe Dividend Policy**

TRI Pointe currently intends to retain its future earnings, if any, to finance the development and expansion of its business and, therefore, does not intend to pay cash dividends on its common stock for the foreseeable future. Any future determination to pay dividends will be at the discretion of TRI Pointe's board of directors and will depend on TRI Pointe's financial condition, results of operations, and capital requirements, restrictions contained in any financing instruments and such other factors as the TRI Pointe board of directors deems relevant.

**RISK FACTORS**

*You should carefully consider each of the following risks and all of the other information contained and incorporated by reference in this proxy statement and the annexes hereto. Some of the risks described below relate principally to the business and the industry in which TRI Pointe, including WRECO, will operate after the consummation of the Transactions, while others relate principally to the Transactions. The remaining risks relate principally to the securities markets generally and ownership of shares of TRI Pointe common stock. The risks described below are not the only risks facing TRI Pointe following the consummation of the Transactions.*

**Risks Related to the Transactions**

*The Transactions may not be completed on the terms or timeline currently contemplated, or at all.*

The consummation of the Transactions is subject to numerous conditions, including (i) the absence of certain legal impediments to the consummation of the Transactions, (ii) the effectiveness of certain filings with the SEC, (iii) the approval by TRI Pointe stockholders of the issuance of shares of TRI Pointe common stock in the Merger, (iv) the receipt of the Covington & Burling Tax Opinion and the Gibson Dunn Tax Opinion, (v) the receipt of the proceeds of the New Debt and (vi) other customary closing conditions. See The Transaction Agreement Conditions to the Consummation of the Transactions. There is no assurance that the Transactions will be consummated on the terms or timeline currently contemplated, or at all. TRI Pointe, Weyerhaeuser and WRECO have expended and will continue to expend significant management time and resources and have incurred and will continue to incur significant expenses due to legal, advisory and financial services fees related to the Transactions. These expenses must be paid regardless of whether the Transactions are consummated.

Governmental agencies may not approve the Transactions or the related transactions necessary to complete them, or may impose conditions to any such approval or require changes to the terms of the Transactions. Any such conditions or changes could have the effect of delaying the consummation of the Transactions, imposing costs on or limiting the revenues of the combined company following the consummation of the Transactions or otherwise reducing the anticipated benefits of the Transactions.

The obligations of the lenders under the Commitment Letter are subject to customary conditions, including, subject to certain exceptions, the absence of any material adverse effect, as the term is described in The Transaction Agreement Representations and Warranties. Accordingly, there can be no assurance that these conditions will be satisfied or, if not satisfied, waived by the lenders. If WRECO is not able to obtain alternative financing on commercially reasonable terms, it could prevent the consummation of the Merger or materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations if the Merger is ultimately consummated.

Additionally, the Commitment Letter will terminate on August 4, 2014 unless the Transactions have been consummated on or prior to that date. However, the Transaction Agreement provides that Weyerhaeuser or TRI Pointe may terminate the Transaction Agreement if the Merger is not consummated on or before November 3, 2014. Therefore, it is possible that the Commitment Letter will terminate prior to the consummation of the Merger and that WRECO will be required to seek alternative sources of financing for the New Debt. WRECO may not be able to obtain alternative sources of financing on terms as favorable as those provided in the Commitment Letter. If the Commitment Letter is terminated prior to the consummation of the Merger and WRECO is not able to obtain alternative financing on commercially reasonable terms, it could prevent the consummation of the Merger or materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations if the Merger is ultimately consummated.

***The integration of TRI Pointe and WRECO may not be successful or the anticipated benefits from the Transactions may not be realized.***

After the consummation of the Transactions, TRI Pointe will have significantly more sales, assets and employees than it did prior to the consummation of the Transactions. The integration process will require TRI Pointe to expend significant capital and significantly expand the scope of its operations and financial systems. TRI Pointe's management will be required to devote a significant amount of time and attention to the process of integrating the operations of TRI Pointe and WRECO. A significant degree of difficulty and management involvement is inherent in that process. These difficulties include, but are not limited to:

integrating the operations of WRECO while carrying on the ongoing operations of TRI Pointe;

managing a significantly larger company than before the consummation of the Transactions;

the possibility of faulty assumptions underlying TRI Pointe's expectations regarding the integration process;

coordinating a greater number of diverse businesses and businesses located in a greater number of geographic locations;

integrating two separate business cultures, which may prove to be incompatible;

**Table of Contents**

attracting and retaining the necessary personnel associated with WRECO following the consummation of the Transactions;

creating uniform standards, controls, procedures, policies and information systems and controlling the costs associated with such matters;

integrating information technology, purchasing, accounting, finance, sales, billing, payroll and regulatory compliance systems; and

TRI Pointe has no history of a major integration.

There is no assurance that WRECO will be successfully or cost-effectively integrated with TRI Pointe. The process of integrating the Real Estate Business into TRI Pointe's business may cause an interruption of, or loss of momentum in, the activities of TRI Pointe's business after the consummation of the Transactions. If TRI Pointe's management is not able to manage the integration process effectively, or if any significant business activities are interrupted as a result of the integration process, TRI Pointe's business, liquidity, financial condition and results of operations may be materially and adversely impacted.

All of the risks associated with the integration process could be exacerbated by the fact that TRI Pointe may not have a sufficient number of employees with the requisite expertise to integrate the businesses or to operate TRI Pointe's business after the consummation of the Transactions. If TRI Pointe does not hire or retain employees with the requisite skills and knowledge to run TRI Pointe after the consummation of the Transactions, it may materially and adversely affect TRI Pointe's business.

Even if TRI Pointe is able to combine the two business operations successfully, it may not be possible to realize the full benefits of the increased sales volume and other benefits, including the expected synergies, which are expected to result from the Transactions, or realize these benefits within the time frame that is expected. For example, the elimination of duplicative costs may not be realized as fully as anticipated or may take significantly longer than anticipated, or the benefits from the Transactions may be offset by costs incurred or delays in integrating the companies. If TRI Pointe fails to realize the benefits it anticipates from the Transactions, TRI Pointe's business, liquidity, financial condition and results of operations may be materially and adversely affected.

***The calculation of the merger consideration will not be adjusted if the value of the business or assets of WRECO declines or if the value of TRI Pointe increases before the Merger is consummated.***

The number of shares of TRI Pointe common stock to be distributed in the Merger will not be adjusted if the value of the business or assets of WRECO or TRI Pointe declines or increases prior to the consummation of the Merger. TRI Pointe will not be required to consummate the Merger, and Weyerhaeuser and WRECO will not be required to consummate the Distribution, the Merger and the other Transactions, if there has been any material adverse effect (as the term is described in The Transaction Agreement Representations and Warranties) on the Real Estate Business or on TRI Pointe, as applicable. However, TRI Pointe will not be permitted to terminate the Transaction Agreement or re-solicit the vote of TRI Pointe stockholders because of any changes in the market prices of TRI Pointe common stock or any changes in the value of WRECO that do not constitute a material adverse effect on the Real Estate Business, and Weyerhaeuser and WRECO will not be permitted to terminate the Transaction Agreement because of any changes in the market price of TRI Pointe common stock or any changes in the value of TRI Pointe that do not constitute a material adverse effect on TRI Pointe and its subsidiaries.

***TRI Pointe expects to incur significant costs related to the consummation of the Transactions that could materially and adversely affect its liquidity, cash flows and results of operations.***

TRI Pointe expects to incur significant one-time costs in connection with the Transactions, including (i) up to \$15 million of Transaction-related fees and expenses, including legal, accounting and other professional fees, but excluding financing-related fees, transition and integration expenses and advisory fees, (ii) approximately \$6 million of advisory fees, (iii) approximately \$28 million of financing-related fees, (iv) if the Transactions are consummated, reimbursement of up to \$15 million of Transaction-related fees and expenses incurred by Weyerhaeuser, other than advisory fees, and (v) transition and integration expenses. Additionally, TRI Pointe may have to pay the Adjustment Amount in cash to WNR, as described in The Transaction Agreement Payment of Adjustment Amount. While TRI Pointe expects to be able to fund these one-time costs and the Adjustment Amount, if payable by TRI Pointe, using cash from operations and borrowings under existing and anticipated credit sources, these costs will negatively impact TRI Pointe's liquidity, cash flows and results of operations in the periods in which they are incurred.

***Current TRI Pointe stockholders' percentage ownership interest in TRI Pointe will be substantially diluted in the Merger.***

After the consummation of the Merger, the TRI Pointe common stock outstanding immediately prior to the consummation of the Merger will represent, in the aggregate, approximately 19.5% of TRI Pointe's outstanding shares of common stock on a fully diluted basis. Consequently, TRI Pointe's pre-Merger stockholders, as a group, will be able to exercise less influence over the management and policies of TRI Pointe following the consummation of the Merger than immediately prior to the consummation of the Merger.

---

**Table of Contents*****Sales of shares of TRI Pointe common stock after the consummation of the Transactions may negatively affect the market price of TRI Pointe common stock.***

The shares of TRI Pointe common stock to be issued in the Merger to holders of WRECO common shares will generally be eligible for immediate resale. The market price of TRI Pointe common stock could decline as a result of sales of a large number of shares of TRI Pointe common stock in the market after the consummation of the Transactions or even the perception that these sales could occur.

Immediately after the consummation of the Merger, the ownership of TRI Pointe common stock on a fully diluted basis is expected to be as follows: (i) WRECO common shares will have been converted into the right to receive, in the aggregate, approximately 79.8% of the then outstanding TRI Pointe common stock, (ii) the TRI Pointe common stock outstanding immediately prior to the consummation of the Merger will represent approximately 19.5% of the then outstanding TRI Pointe common stock and (iii) outstanding equity awards of WRECO and TRI Pointe employees will represent the remaining 0.7% of the then outstanding TRI Pointe common stock. Currently, Weyerhaeuser shareholders may include index funds that have their performance tied to the Standard & Poor's 500 Index or other stock indices, and institutional investors subject to various investing guidelines. Because TRI Pointe may not be included in these indices following the consummation of the Transactions or may not meet the investing guidelines of some of these institutional investors, these index funds and institutional investors may decide, or may be required, to sell the shares of TRI Pointe common stock that they receive in the Merger, if any. In addition, the investment fiduciaries of Weyerhaeuser's defined contribution and defined benefit plans may decide to sell any TRI Pointe common stock that the trusts for these plans receive in the Merger, or may decide not to participate in the exchange offer, in response to their fiduciary obligations under applicable law. These sales, or the possibility that these sales may occur, may make it more difficult for TRI Pointe to obtain additional capital by selling equity securities in the future at a time and at a price that it deems appropriate.

***The historical financial information of WRECO may not be representative of its results or financial condition if it had been operated independently of Weyerhaeuser and, as a result, is not a reliable indicator of its future results.***

WRECO is currently a business segment of Weyerhaeuser. Consequently, the financial information of WRECO included in this proxy statement has been derived from the consolidated financial statements and accounting records of WRECO and reflects all direct costs as well as assumptions and allocations made by management of Weyerhaeuser. The financial position, results of operations and cash flows of WRECO presented may be different from those that would have resulted had WRECO been operated independently of Weyerhaeuser during the applicable periods or at the applicable dates. For example, in preparing the financial statements of WRECO, Weyerhaeuser made allocations of Weyerhaeuser corporate general and administrative expense deemed to be attributable to WRECO. However, these allocations reflect the corporate general and administrative expense attributable to WRECO operated as part of a larger organization and do not necessarily reflect the corporate general and administrative expense that would be incurred by WRECO had it been operated independently. Further, WRECO's financial information does not reflect changes WRECO expects to experience in connection with the Transactions, in particular the REB Transfers. As a result, the historical financial information of WRECO homebuilding is not a reliable indicator of future results.

***TRI Pointe may be unable to provide the same types and levels of benefits, services and resources to WRECO that Weyerhaeuser has provided, or may be unable to provide them at the same cost.***

As a separate reporting segment of Weyerhaeuser, WRECO has received benefits and services from Weyerhaeuser and has been able to benefit from Weyerhaeuser's financial strength and extensive business relationships. After the consummation of the Transactions, WRECO will be owned by TRI Pointe and will no longer benefit from Weyerhaeuser's resources. It cannot be assured that TRI Pointe will be able to replace those resources adequately or

replace them at the same cost. If TRI Pointe is not able to replace the resources provided by Weyerhaeuser, is unable to replace them at the same cost or is delayed in replacing the resources provided by Weyerhaeuser, TRI Pointe's results of operations may be materially and adversely impacted.

***TRI Pointe's business, liquidity, financial condition and results of operations may be materially and adversely impacted following the consummation of the Transactions if TRI Pointe cannot negotiate terms that are as favorable as those Weyerhaeuser has historically received when TRI Pointe replaces contracts after the consummation of the Transactions.***

Prior to the consummation of the Transactions, certain functions of WRECO are generally being performed under Weyerhaeuser's centralized systems and, in some cases, under contracts that are also used for Weyerhaeuser's other businesses that are not intended to be transferred to TRI Pointe with the Real Estate Business. In addition, some contracts to which Weyerhaeuser is a party on behalf of WRECO require consents of third parties to be assigned to WRECO, however none of these required consents

---

**Table of Contents**

represent a condition to the consummation of the Transactions. Although TRI Pointe believes that it will be able to obtain any such consents or enter into new contracts for similar services, there can be no assurance that TRI Pointe will be able to obtain those consents or negotiate terms that are as favorable as those Weyerhaeuser received when and if TRI Pointe replaces these services with its own contracts for similar services. Furthermore, while TRI Pointe believes that the failure to obtain third party consents for any single contract would not have a material impact on TRI Pointe, it is possible that the failure to obtain a significant number of required consents or replace a significant number of these contracts for any of these services could have a material adverse impact on TRI Pointe's business, liquidity, financial condition and results of operations following the consummation of the Transactions.

***If the WRECO Spin and the Distribution do not qualify as tax-free distributions described in Section 355 of the Code, or if the Merger does not qualify as a tax-free reorganization described in Section 368(a) of the Code, including as a result of actions taken in connection with the WRECO Spin, the Distribution or the Merger, or as a result of subsequent acquisitions of Weyerhaeuser common shares, TRI Pointe common stock or WRECO common shares, then Weyerhaeuser or its subsidiaries or Weyerhaeuser shareholders may be required to pay substantial U.S. federal income taxes, and, in certain circumstances, TRI Pointe may be required to indemnify Weyerhaeuser for any such tax liability.***

The consummation of the Transactions is conditioned on Weyerhaeuser's receipt of the Covington & Burling Tax Opinion and TRI Pointe's receipt of the Gibson Dunn Tax Opinion. The opinions of counsel will be based on, among other things, current law and representations and assumptions as to factual matters made by Weyerhaeuser, WRECO, TRI Pointe and Merger Sub. These opinions may be incorrect. Any change in currently applicable law, which may be retroactive, or the failure of any representation or assumption to be true, correct and complete in all material respects, could materially and adversely affect the conclusions reached by counsel in the opinions. See The Transactions Material U.S. Federal Income Tax Consequences of the Distribution and the Merger.

Even if the Distribution were to otherwise qualify as a tax-free distribution described in Section 355 of the Code, the Distribution would be taxable to Weyerhaeuser or its subsidiaries (but not to Weyerhaeuser shareholders) pursuant to Section 355(e) of the Code if there is a 50% or greater change in ownership of either Weyerhaeuser or WRECO (including shares of TRI Pointe common stock after the consummation of the Merger), directly or indirectly, as part of a plan or series of related transactions that include the Distribution. For this purpose, any acquisitions of Weyerhaeuser, WRECO or TRI Pointe stock within the period beginning two years before the Distribution and ending two years after the Distribution are presumed to be part of such a plan, although Weyerhaeuser, WRECO or TRI Pointe may be able to rebut that presumption. Further, for purposes of this test, the Merger will be treated as part of such a plan, but the Merger standing alone should not cause the Distribution to be taxable to Weyerhaeuser under Section 355(e) of the Code because pre-Merger holders of WRECO common shares are expected to hold more than 50% of the then outstanding TRI Pointe common stock immediately following the consummation of the Merger. However, if the IRS were to determine that other acquisitions of Weyerhaeuser common shares, WRECO common shares or TRI Pointe common stock, either before or after the Distribution, were part of a plan or series of related transactions that included the Distribution, such determination could result in significant tax-related losses to Weyerhaeuser. In connection with the Covington & Burling Tax Opinion and the Gibson Dunn Tax Opinion, Weyerhaeuser and TRI Pointe have represented or will represent that the Distribution is not part of any such plan or series of related transactions.

In certain circumstances, under the Tax Sharing Agreement, TRI Pointe will be required to indemnify Weyerhaeuser against any taxes on the Distribution that arise as a result of certain actions or failures to act by TRI Pointe or WRECO after the consummation of the Transactions, certain events involving TRI Pointe's capital stock or the assets of TRI Pointe, WRECO or Weyerhaeuser which cause the Distribution to be a taxable event under Section 355(e) of the Code (including the Merger), or any breach by TRI Pointe or by WRECO after the consummation of the

Transactions of any representation or covenant made by them in the Tax Sharing Agreement or the Transaction Agreement.

In certain circumstances, under the Tax Sharing Agreement, Weyerhaeuser will be required to indemnify TRI Pointe and WRECO after the consummation of the Transactions against any taxes on the Distribution that arise as a result of certain actions or failures to act by Weyerhaeuser, or any breach by Weyerhaeuser of any representation or covenant made by it or its subsidiaries in the Tax Sharing Agreement or the Transaction Agreement. If Weyerhaeuser or a subsidiary of Weyerhaeuser were to recognize gain on the Distribution, Weyerhaeuser or that subsidiary, as the case may be, would be solely responsible, and would be obligated to indemnify TRI Pointe and WRECO, for any such gain.

If TRI Pointe is required to indemnify Weyerhaeuser, this indemnification obligation could be substantial and could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

---

**Table of Contents**

***TRI Pointe may be materially and adversely affected by significant restrictions following the consummation of the Transactions imposed to avoid significant tax-related liabilities.***

The Tax Sharing Agreement generally will restrict TRI Pointe and its affiliates' ability to take certain actions that could cause the WRECO Spin, the Distribution, the Merger and certain related Transactions to fail to qualify as tax-free transactions. In particular, for a two-year period following the Closing Date, TRI Pointe and its affiliates' ability to undertake any of the following is restricted:

enter into any agreement, understanding or arrangement pursuant to which any person would (directly or indirectly) acquire, or have the right to acquire, TRI Pointe capital stock or WRECO capital stock (excepting the stock of WRECO acquired pursuant to the Merger and certain limited circumstances set forth in the Tax Sharing Agreement);

merge or consolidate TRI Pointe or WRECO with any other person;

liquidate or partially liquidate TRI Pointe or WRECO;

cause or permit TRI Pointe or WRECO to be treated as other than a corporate taxpayer for U.S. federal income tax purposes; or

cause or permit WRECO to discontinue its engagement in the Real Estate Business.

If TRI Pointe intends to take any such restricted action, Weyerhaeuser will be required to cooperate with TRI Pointe in obtaining an IRS ruling or an unqualified tax opinion reasonably acceptable to Weyerhaeuser to the effect that such action will not affect the status of the WRECO Spin, the Distribution or the Merger as tax-free transactions. However, if TRI Pointe takes any of the actions above and those actions result in tax-related losses to Weyerhaeuser, then TRI Pointe generally will be required to indemnify Weyerhaeuser for such losses, without regard to whether Weyerhaeuser had given TRI Pointe prior consent. See Other Agreements Tax Sharing Agreement.

Due to these restrictions and indemnification obligations under the Tax Sharing Agreement, TRI Pointe will be limited in its ability to pursue strategic transactions, equity or convertible debt financings or other transactions that may otherwise be in TRI Pointe's best interests. Also, TRI Pointe's potential indemnity obligation to Weyerhaeuser might discourage, delay or prevent a change of control during this two-year period that TRI Pointe stockholders may consider favorable to its ability to pursue strategic transactions, equity or convertible debt financings or other transactions that may otherwise be in TRI Pointe's best interests.

***Failure to consummate the Transactions could materially and adversely impact the market price of TRI Pointe common stock as well as TRI Pointe's business, liquidity, financial condition and results of operations.***

If the Transactions are not consummated for any reason, the price of TRI Pointe common stock may decline significantly. In addition, TRI Pointe is subject to additional risks, including, among others:

depending on the reasons for and timing of the termination of the Transaction Agreement, the requirement in the Transaction Agreement that TRI Pointe pay Weyerhaeuser a termination fee of \$20 million or reimburse Weyerhaeuser for certain out-of-pocket costs relating to the Transactions;

substantial costs related to the Transactions, such as legal, accounting, regulatory filing, financial advisory and financial printing fees, which must be paid regardless of whether the Transactions are completed; and

potential disruption of the business of TRI Pointe and distraction of its workforce and management team.

***The Transaction Agreement contains provisions that may discourage other companies from trying to acquire TRI Pointe.***

The Transaction Agreement contains provisions that may discourage a third-party from submitting a business combination proposal to TRI Pointe prior to the consummation of the Transactions that might result in greater value to TRI Pointe stockholders than the Transactions. For example, the Transaction Agreement generally prohibits TRI Pointe from soliciting any takeover proposal. In addition, if the Transaction Agreement is terminated by TRI Pointe or Weyerhaeuser in circumstances that obligate TRI Pointe to pay a termination fee or to reimburse transaction expenses to Weyerhaeuser, TRI Pointe's liquidity or financial condition may be materially and adversely affected as a result, and the requirement to make a payment might deter third parties from proposing alternative business combination proposals. In addition, the Transaction Agreement requires that TRI Pointe seek stockholder approval for the issuance of shares of TRI Pointe common stock in the Merger, even if the TRI Pointe board of directors changes its recommendation regarding the proposal to authorize the issuance of shares of TRI Pointe common stock in the Merger. Further, in connection with the Transactions, Weyerhaeuser has entered into the Voting Agreements with the Starwood Fund and three of TRI Pointe's executive officers with respect to an aggregate of 12,639,163 shares of TRI Pointe common stock, representing approximately 40% of the TRI Pointe common stock currently outstanding. These agreements include provisions that may discourage a third-party from submitting a business combination proposal to TRI Pointe prior to the consummation of the Transactions. Specifically, these Voting Agreements provide, among other things, that these TRI Pointe stockholders will (i) vote their shares

## **Table of Contents**

subject to the Voting Agreements in favor of the proposal to authorize the issuance of TRI Pointe common stock in the Merger and any other actions necessary and desirable in connection with the Transactions and (ii) vote against any action, agreement or proposal made in opposition to, or in competition with, the consummation of the Transactions and the issuance of TRI Pointe common stock in the Merger, including any competing transaction or superior proposal. See Other Agreements Voting Agreements.

***TRI Pointe will have significantly more shares of its common stock outstanding after the consummation of the Transactions and this may discourage others from trying to acquire TRI Pointe.***

TRI Pointe expects to issue 129,700,000 shares of its common stock in the Merger, excluding shares to be issued on exercise or vesting of equity awards held by WRECO employees that are being assumed by TRI Pointe in connection with the Transactions. Because TRI Pointe will be a significantly larger company and have significantly more shares of its common stock outstanding after the consummation of the Transactions, an acquisition of TRI Pointe may become more expensive. As a result, some companies may not seek to acquire TRI Pointe, and the reduction in potential parties that may seek to acquire TRI Pointe could negatively impact the prices at which TRI Pointe common stock trades.

### **Risks Related to TRI Pointe's Industry and Business, Including the Real Estate Business, After the Transactions**

Unless otherwise stated, the following risk factors apply to TRI Pointe's business as currently conducted and, following the consummation of the Transactions, will continue to apply to TRI Pointe's business, including the Real Estate Business, on a going forward basis.

***TRI Pointe's long-term growth depends upon its ability to successfully identify and acquire desirable land parcels for residential buildout, which may become limited due to a variety of factors.***

The future growth of TRI Pointe, including the Real Estate Business after the consummation of the Transactions, depends upon its ability to successfully identify and acquire at reasonable prices attractive land parcels for development of single-family homes, either by itself or by third parties. Its ability to acquire land parcels for new single-family homes may be adversely affected by changes in the general availability of land parcels, the willingness of land sellers to sell land parcels at reasonable prices, competition for available land parcels, availability of financing to acquire land parcels, zoning and other market conditions. If the supply of land parcels appropriate for development of single-family homes is limited because of these factors, or for any other reason, TRI Pointe's ability to grow could be significantly limited, and its revenue and gross margin could decline. Increases in the price (or decreases in the availability) of suitable land and lots could adversely affect TRI Pointe's profitability. Additionally, TRI Pointe's ability to begin new projects could be impacted if it elects not to purchase land parcels under option contracts. To the extent that TRI Pointe is unable to purchase land parcels or enter into new contracts or options for the purchase of land parcels at reasonable prices, its revenue and results of operations could be negatively impacted.

***The residential homebuilding and land development industry in the United States has recently undergone a significant downturn, and the likelihood of a continued recovery is uncertain in the current state of the economy.***

The residential homebuilding and land development industry experienced substantial losses in connection with the recent downturn in the U.S. housing market. Although the housing market has begun to recover, TRI Pointe cannot predict whether and to what extent this recovery will continue or its timing. While some of the many negative factors that contributed to the housing downturn may have moderated, several remain, and they could return or intensify to inhibit any future improvement in housing market conditions. These negative factors include, but are not limited to:

weak general economic and employment growth that, among other things, restrains consumer incomes, consumer confidence and demand for homes;

elevated levels of mortgage loan delinquencies, defaults and foreclosures that could add to a shadow inventory of lender-owned homes or generate short sales activity at low distressed price levels;

a significant number of homeowners whose outstanding principal balance on their mortgage loan exceeds the market value of their home, which undermines their ability to sell their home and purchase another home that they otherwise might desire and be able to afford;

volatility and uncertainty in domestic and international financial, credit and consumer lending markets amid slow growth or recessionary conditions in various regions around the world; and

restrictive lending standards and practices for mortgage loans that limit consumers' ability to qualify for mortgage financing to purchase a home, including increased minimum credit score requirements, increased credit risk/mortgage loan insurance premiums or other fees, increased required down payment amounts, more conservative appraisals, higher loan-to-value ratios and extensive buyer income and asset documentation requirements.

---

**Table of Contents**

Additional headwinds may come from the efforts and proposals of lawmakers to reduce the debt of the federal government through tax increases or spending cuts, and the reactions of financial markets and businesses to those efforts and proposals, which could impair economic growth. In the event that these economic, business and legislative trends continue, TRI Pointe could experience declines in the market value of its existing and future inventory and demand for its existing and future homes, which could materially and adversely affect its business, liquidity, financial condition and results of operations. Moreover, because TRI Pointe will obtain a significant amount of homebuilding and land development assets in the Transactions, its exposure to these risks will materially increase.

The health of the residential homebuilding industry can be significantly affected by shadow inventory levels. Shadow inventory refers to lender-owned homes that have not yet been listed for sale, but may be sold at low distressed prices in competition with new and other resale homes. Shadow inventory levels can increase when lenders list foreclosed or forfeited properties on a gradual basis, or delay the foreclosure process because of regulations and foreclosure moratoriums or additional costs and resources required to process and sell foreclosed properties, or to avoid further depressing housing prices by listing many distressed properties at the same time. A significant shadow inventory in TRI Pointe's markets could materially and adversely impact prices and demand for TRI Pointe's existing and future homes, which could materially and adversely affect its business, liquidity, financial condition and results of operations.

In addition, an important segment of TRI Pointe's customer base consists of move-up buyers who often purchase homes subject to contingencies related to the sale of their existing homes. The difficulties facing these buyers in selling their homes during recessionary periods may materially and adversely affect TRI Pointe's sales. Moreover, during such periods, TRI Pointe may need to reduce its home prices and offer greater incentives to buyers to compete for sales that may result in reduced margins.

***The homebuilding industry is highly competitive, and if TRI Pointe's competitors are more successful or offer better value to TRI Pointe's customers, its business could decline.***

TRI Pointe operates in a very competitive environment that is characterized by competition from a number of other homebuilders and land developers in each market in which it currently operates and expects to operate following the consummation of the Transactions. There are relatively low barriers to entry into TRI Pointe's business. TRI Pointe competes with numerous large national and regional homebuilding companies and with smaller local homebuilders and land developers for, among other things, homebuyers, desirable land parcels, financing, raw materials and skilled management and labor resources. If TRI Pointe is unable to compete effectively in its current and expected markets, its business could decline disproportionately to the businesses of its competitors and its financial condition and results of operations could be materially and adversely affected.

Increased competition could hurt TRI Pointe's business, as it could prevent TRI Pointe from acquiring attractive land parcels on which to build homes or make such acquisitions more expensive, hinder its market share expansion and cause it to increase its selling incentives and reduce its prices. Additionally, an oversupply of homes available for sale or a discounting of home prices could materially and adversely affect pricing for homes in the markets in which TRI Pointe currently operates and expects to operate following the consummation of the Transactions. Oversupply and price discounting have periodically materially and adversely affected some of these markets, and it is possible that TRI Pointe's current and expected markets will be materially and adversely affected by these factors in the future.

TRI Pointe also competes with the resale, or previously owned, home market, the size of which has increased significantly due to the large number of homes that have been foreclosed on, that could be foreclosed on due to the recent economic downturn or that could be offered for sale due to other reasons.

TRI Pointe may be at a competitive disadvantage with respect to larger competitors whose operations are more geographically diversified than TRI Pointe's, as these competitors may be better able to withstand any future regional downturn in the housing market. Due to historical and other factors, some competitors may have a competitive advantage in marketing their products, securing materials and labor at lower prices and allowing their homes to be delivered to customers more quickly and at more favorable prices. This competitive advantage could materially and adversely reduce TRI Pointe's market share and limit its ability to continue to expand its business as planned.

***TRI Pointe's business is cyclical and subject to risks associated with the real estate industry, and adverse changes in general economic or business conditions could reduce the demand for homes and materially and adversely affect TRI Pointe.***

The residential homebuilding and land development industry is cyclical and is substantially affected by adverse changes in general economic or business conditions that are outside of TRI Pointe's control, including changes in:

short- and long-term interest rates;

**Table of Contents**

the availability and cost of financing for real estate industry participants, including financing for acquisitions, construction and permanent mortgages;

unanticipated increases in expenses, including, without limitation, insurance costs, labor and materials costs, development costs, real estate assessments and other taxes and costs of compliance with laws, regulations and governmental policies;

changes in enforcement of laws, regulations and governmental policies, including, without limitation, health, safety, environmental, labor, employment, zoning and tax laws, governmental fiscal policies and the Americans with Disabilities Act of 1990;

consumer confidence generally and the confidence of potential homebuyers, retail tenants and others in the real estate industry in particular;

financial conditions of buyers and sellers of properties, particularly residential homes and land suitable for development of residential homes;

the ability of existing homeowners to sell their existing homes at prices that are acceptable to them;

the U.S. and global financial systems and credit markets, including stock market and credit market volatility;

private and federal mortgage financing programs and federal and state regulation of lending practices;

the cost of construction, labor and materials;

federal and state income tax provisions, including provisions for the deduction of mortgage interest payments and capital gain tax rates;

housing demand from population growth, household formation and demographic changes (including immigration levels and trends in urban and suburban migration);

the supply of available new or existing homes and other housing alternatives, such as condominiums, apartments and other residential rental property;

competition from other real estate investors with significant capital, including other real estate operating companies and developers and institutional investment funds;

employment levels and job and personal income growth and household debt-to-income levels;

the rate of inflation;

real estate taxes; and

the supply of and demand for developable land in TRI Pointe's current and expected markets.

Adverse changes in these or other general economic or business conditions may affect TRI Pointe's business nationally or in particular regions or localities. During the recent economic downturn, unfavorable changes in many of the above factors negatively affected the markets TRI Pointe serves or expects to serve following the consummation of the Transactions. Economic conditions in all of TRI Pointe's current and expected markets continue to be characterized by levels of uncertainty. Any deterioration in economic conditions or continuation of uncertain economic conditions could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations. Moreover, TRI Pointe will obtain a significant amount of additional homebuilding and land development assets in both its current markets and in the markets in which WRECO has operations in the Transactions, which will materially increase its exposure to these risks.

Adverse changes in economic or business conditions can cause increased home order cancellation rates, diminished demand and prices for TRI Pointe's existing and future homes, and diminished value of its existing and future real estate investments. These changes can also cause TRI Pointe to take longer to build homes and make it more costly for TRI Pointe to do so. TRI Pointe may not be able to recover any of the increased costs by raising prices because of weak market conditions and increasing pricing pressure. Additionally, the price of each home TRI Pointe sells is usually set several months before the home is delivered, as many customers sign their home purchase contracts before or early in the construction process. The potential difficulties described above could impact TRI Pointe's customers ability to obtain suitable financing and cause some homebuyers to cancel or refuse to honor their home purchase contracts altogether.

**Table of Contents**

***The geographic concentration of TRI Pointe's existing and future operations in certain regions subjects it to an increased risk of loss of revenue or decreases in the market value of its existing and future land and homes in those regions from factors which may affect any of those regions.***

TRI Pointe's business strategy is currently focused on the design, construction and sale of innovative single-family detached and attached homes in planned communities in major metropolitan areas in Southern and Northern California and Colorado. WRECO currently has operations in Arizona, California, Maryland, Nevada, Texas, Virginia and Washington State, and TRI Pointe expects to continue to operate in these regions following the consummation of the Transactions. Some or all of these regions could be affected by:

severe weather;

natural disasters (such as earthquakes or fires);

shortages in the availability of, or increased costs in obtaining, land, equipment, labor or building supplies;

changes to the population growth rates and therefore the demand for homes in these regions; and

changes in the regulatory and fiscal environment.

For the year ended December 31, 2013, TRI Pointe generated nearly all of its revenues from its California real estate inventory. During the downturn from 2007 to 2010, land values, the demand for new homes and home prices declined substantially in California. In addition, California is experiencing severe budget shortfalls and is considering raising taxes and increasing fees to offset the deficit. If these conditions in California persist or worsen, it could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations. Additionally, if the current, relatively weak demand for new homes in California continues or worsens, home prices could stagnate or continue to decline, which could materially and adversely affect TRI Pointe. Moreover, because TRI Pointe will obtain a significant amount of additional homebuilding and land development assets in California in the Transactions, its exposure to these risks will materially increase.

Because TRI Pointe's and WRECO's operations are concentrated in certain geographical regions, negative factors affecting one or a number of these geographic regions could materially and adversely affect their business, liquidity, financial condition and results of operations, and could have a disproportionately greater impact on it than other homebuilders with more diversified operations.

***Risks associated with TRI Pointe's land inventory could materially and adversely affect its business, financial condition and results of operations.***

TRI Pointe acquires land for expansion into new markets and for replacement of land inventory and expansion within TRI Pointe's current markets. Risks inherent in controlling or purchasing, holding and developing land parcels for new home construction are substantial and increase as demand for consumer housing decreases. Moreover, the market value of TRI Pointe's existing and future land and housing inventories depends on market conditions and may decline

after purchase, and the measures TRI Pointe employs to manage inventory risk may not be adequate to insulate its operations from a severe drop in inventory values. In addition, inventory carrying costs can be significant and can result in reduced margins or losses in a poorly performing community or market. TRI Pointe and WRECO may have bought and developed, or acquired options on, land at a cost that TRI Pointe will not be able to recover fully or on which TRI Pointe cannot build and sell homes profitably. When market conditions are such that land values are not appreciating, existing option agreements may become less desirable, at which time TRI Pointe may elect to forfeit deposits and pre-acquisition costs and terminate the agreements. Moreover, because TRI Pointe will obtain a significant amount of land inventory and option agreements in the Transactions, its exposure to these risks will materially increase.

The valuation of real property is inherently subjective and based on the individual characteristics of each property. Factors such as changes in regulatory requirements and applicable laws (including in relation to land development and building regulations, taxation and planning), political conditions, environmental conditions and requirements, the condition of financial markets, both local and national economic conditions, the financial condition of customers, potentially adverse tax consequences, and interest and inflation rate fluctuations subject valuations of real property to uncertainty. Moreover, all valuations of real property are made on the basis of assumptions that may not prove to accurately reflect economic or demographic conditions. If housing demand decreases below what TRI Pointe and WRECO anticipated when they acquired their inventories, TRI Pointe's profitability following the consummation of the Transactions may be materially and adversely affected and it may not be able to recover its costs when it builds and sells houses, land and lots.

The U.S. housing markets experienced dynamic demand and supply patterns in recent years due to volatile economic conditions, including increased amounts of home and land inventory that entered certain housing markets from foreclosure sales or short sales. In certain periods of market weakness, WRECO has sold homes and land for lower margins or at a loss and has recognized significant inventory impairment charges, and such conditions may recur. Write-downs and impairments have had an adverse effect on the businesses of WRECO and its financial condition and results of operations. TRI Pointe and WRECO review the value of their land holdings on a periodic basis. Further material write-downs and impairments in the value of inventory may be required, and TRI Pointe may sell land or homes at a loss, which could materially and adversely affect its business, financial condition and results of operations.

---

**Table of Contents**

Real estate investments are relatively difficult to sell quickly. As a result, TRI Pointe's ability to sell promptly one or more properties in response to changing economic, financial and investment conditions is limited and TRI Pointe may be forced to hold non-income producing assets for an extended period of time. TRI Pointe cannot predict whether it will be able to sell any property for the price or on the terms that it sets or whether any price or other terms offered by a prospective purchaser would be acceptable to it.

Because TRI Pointe will obtain a significant amount of additional land inventory in the Transactions, its exposure to these risks will materially increase.

***Changes in the subjective assumptions utilized in determining the recoverability of carrying value of homebuilding inventory could result in impairments, which could materially and adversely impact TRI Pointe's business, financial condition and results of operations.***

TRI Pointe and WRECO review their homebuilding inventory on a periodic basis for indications of impairment. If there are indications of impairment, a detailed budget and cash flow review is performed to determine how the estimated remaining undiscounted future cash flows of the asset compare to the carrying value of the asset. The determination of undiscounted future cash flows is inherently subjective and is based on assumptions regarding various factors, including when property will be developed, the intended use of property, when homes will be sold, home construction costs and the anticipated sales prices of those homes. There can be no assurance that the assumptions of TRI Pointe management with respect to estimated undiscounted future cash flows with respect to the homebuilding inventory that TRI Pointe will obtain from WRECO in the Transactions will match the historical assumptions or strategic intent of WRECO management. In the event that the assumptions or strategic intent of TRI Pointe management differ from those of WRECO management and TRI Pointe management determines that the carrying value of any homebuilding inventory obtained from WRECO is not recoverable, TRI Pointe must recognize an impairment loss equal to the excess of the carrying value of homebuilding inventory over its estimated fair value. Any impairments to TRI Pointe's homebuilding inventory could materially and adversely impact TRI Pointe's business, financial condition and results of operations in the future reporting period in which they are recorded.

***Adverse weather and natural disasters may increase costs, cause project delays and reduce consumer demand for housing, all of which could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.***

As a homebuilder and land developer, TRI Pointe is subject to the risks associated with numerous weather-related events and natural disasters, many of which are beyond its control. These weather-related events and natural disasters include, but are not limited to, droughts, floods, wildfires, landslides, soil subsidence, hurricanes, tornadoes and earthquakes. The occurrence of any of these events could damage TRI Pointe's existing and future land parcels and projects, cause delays in, or prevent, completion of its existing and future projects, reduce consumer demand for housing, and cause shortages and price increases in labor or raw materials, any of which could materially and adversely affect TRI Pointe's sales and profitability. TRI Pointe's current markets are primarily in Southern and Northern California, which have historically experienced significant earthquake activity and seasonal wildfires. Its markets in Colorado have also experienced seasonal wildfires, floods and soil subsidence. Additionally, TRI Pointe expects to operate in WRECO's current markets following the consummation of the Transactions, which will materially increase TRI Pointe's exposure to these risks, particularly in Southern California, where WRECO has a significant presence. In addition, WRECO's Washington market has historically experienced significant earthquake, volcanic and seismic activity and its Texas market occasionally experiences extreme weather conditions such as tornadoes and/or hurricanes.

In addition to directly damaging TRI Pointe's existing and future land or projects, earthquakes, hurricanes, tornadoes, volcanoes, floods, wildfires or other natural events could damage roads and highways providing access to those assets or affect the desirability of TRI Pointe's existing and future land or projects, thereby materially and adversely affecting its ability to market homes or sell land in those areas and possibly increasing the cost to complete construction of its homes.

Certain of the areas in which TRI Pointe and WRECO operate, particularly California, have experienced drought conditions from time to time. The Governor of California recently proclaimed a Drought State of Emergency warning that drought conditions may place drinking water supplies at risk in many California communities, negatively impact the state's economy and environment and greatly increase the risk of wildfires across the state. These conditions may cause TRI Pointe to incur additional costs and it may not be able to complete construction on a timely basis if the drought conditions were to continue for an extended period of time. Moreover, because TRI Pointe will obtain a significant amount of additional homebuilding and land development assets in California in the Transactions, its exposure to these risks will materially increase.

TRI Pointe may not be able to purchase insurance coverage for risks of loss associated with certain natural disasters and other losses. For example, losses associated with landslides, earthquakes and other geologic events may not be insurable. A sizeable uninsured loss could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

**Table of Contents*****Utility shortages or price increases could have an adverse impact on operations.***

Some of TRI Pointe's existing markets, and some of WRECO's existing markets in which TRI Pointe expects to operate following the consummation of the Transactions, have experienced power shortages, including mandatory periods without electrical power, as well as significant increases in utility costs. Additionally, municipalities may restrict or place moratoriums on the availability of utilities, such as water and sewer taps. TRI Pointe may incur additional costs and may not be able to complete construction on a timely basis if such utility shortages, restrictions, moratoriums and rate increases continue. In addition, these utility issues may adversely affect the local economies in which TRI Pointe currently operates or expects to operate following the consummation of the Transactions, which may reduce demand for housing in those markets. TRI Pointe's results of operations may be materially and adversely impacted if further utility shortages, restrictions, moratoriums or rate increases occur in its current and expected markets.

***Government regulations and legal challenges may delay the start or completion of TRI Pointe's existing and future communities, increase its expenses or limit its building or other activities, which could materially and adversely affect its results of operations.***

The approval of numerous governmental authorities must be obtained in connection with TRI Pointe's development activities, and these governmental authorities often have broad discretion in exercising their approval authority. TRI Pointe incurs substantial costs related to compliance with legal and regulatory requirements, and because it will obtain a significant amount of additional homebuilding and land development assets in the Transactions, its costs related to compliance with legal and regulatory requirements will materially increase. Moreover, any increase in legal and regulatory requirements may cause TRI Pointe to incur substantial additional costs, or in some cases cause it to determine that certain property is not feasible for development.

Various federal, state and local statutes, ordinances, rules and regulations concerning building, health and safety, environment, land use, zoning, density requirements, sales and similar matters apply to or affect the housing industry. Projects that are not entitled may be subjected to periodic delays, changes in use, less intensive development or elimination of development in certain specific areas due to government regulations. TRI Pointe may also be subject to periodic delays or may be precluded entirely from developing in certain communities due to building moratoriums or slow-growth or no-growth initiatives that could be implemented in the future. Local governments also have broad discretion regarding the imposition of development fees and exactions for projects in their jurisdiction. Projects for which TRI Pointe and WRECO have received land use and development entitlements or approvals may still require a variety of other governmental approvals and permits during the development process and can also be impacted adversely by unforeseen environmental, health, safety and welfare issues, which can further delay these projects or prevent their development. TRI Pointe may also be required to modify its existing approvals or WRECO's existing approvals after the consummation of the Transactions because of changes in local circumstances or applicable law. Further, TRI Pointe may experience delays and increased expenses as a result of legal challenges to its proposed communities or WRECO's proposed communities after the consummation of the Transactions, or to permits or approvals required for such communities, whether brought by governmental authorities or private parties. As a result, home sales could decline and costs could increase, which could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations. Moreover, because TRI Pointe will obtain a significant amount of homebuilding and land development assets in the Transactions, its exposure to these risks will materially increase.

***TRI Pointe is subject to environmental laws and regulations that may impose significant costs, delays, restrictions or liabilities.***

TRI Pointe and WRECO are subject to a variety of local, state and federal statutes, rules and regulations concerning land use and the protection of health and the environment, including those governing discharge of pollutants to water and air, impact on wetlands, protection of flora and fauna, handling of or exposure to hazardous materials, including asbestos, and cleanup of contaminated sites. TRI Pointe may be liable for the costs of removal, investigation, mitigation or remediation of hazardous or toxic substances located at any property currently or formerly owned, leased or occupied by TRI Pointe or, following the consummation of the Transactions, WRECO, or at third-party sites to which it or WRECO has sent or sends wastes for disposal, whether or not it or WRECO caused or knew of such conditions. These conditions can also give rise to claims by governmental authorities or other third parties, including for personal injury, property damage and natural resources damages. Insurance coverage for such claims is nonexistent or impractical. The presence of any of these conditions, or the failure to address any of these conditions properly, or any significant environmental incident, may materially and adversely affect TRI Pointe's ability to develop its properties or sell its existing and future homes, lots or land in affected communities or to borrow using the affected land as security, or impact TRI Pointe's reputation. Environmental impacts have been identified at certain active WRECO and TRI Pointe communities, some of which will need to be addressed prior to or during development. TRI Pointe could incur substantial costs in excess of amounts budgeted by WRECO or TRI Pointe to address such impacts or other environmental or hazardous material conditions that may be discovered in the future at WRECO's properties or at other TRI Pointe properties. Any failure to adequately address such impacts or conditions could delay, impede or prevent its development projects.

The particular impact and requirements of environmental laws and regulations that apply to any given community vary greatly according to the community location, the site's environmental conditions and the development and use of the site. Any failure to

## **Table of Contents**

comply with such requirements could subject TRI Pointe to fines, penalties, third-party claims or other sanctions. TRI Pointe expects that these environmental requirements will become increasingly stringent in the future. Compliance with, or liability under, these environmental laws and regulations may result in delays, cause TRI Pointe to incur substantial compliance and other costs and prohibit or severely restrict development, particularly in environmentally sensitive areas. In those cases where an endangered or threatened species is involved and related agency rule-making and litigation are ongoing, the outcome of such rule-making and litigation can be unpredictable and can result in unplanned or unforeseeable restrictions on, or the prohibition of, development and building activity in identified environmentally sensitive areas. In addition, project opponents can delay or impede development activities by bringing challenges to the permits and other approvals required for projects and operations under environmental laws and regulations.

As a result, TRI Pointe cannot assure you that its costs, obligations and liabilities relating to environmental matters will not materially and adversely affect its business, liquidity, financial condition and results of operations.

***A major health and safety incident relating to TRI Pointe's business could be costly in terms of potential liabilities and reputational damage.***

Building sites are inherently dangerous, and operating in the homebuilding and land development industry poses certain inherent health and safety risks. Due to health and safety regulatory requirements and the number of TRI Pointe's projects, which will increase substantially following the consummation of the Transactions, health and safety performance is critical to the success of all areas of TRI Pointe's business.

Any failure in health and safety performance may result in penalties for non-compliance with relevant regulatory requirements or litigation, and a failure that results in a major or significant health and safety incident is likely to be costly in terms of potential liabilities incurred as a result. Such a failure could generate significant negative publicity and have a corresponding impact on TRI Pointe's reputation, its relationships with relevant regulatory agencies, governmental authorities and local communities, and its ability to win new business, which in turn could materially and adversely affect its business, liquidity, financial condition and results of operations.

***Changes in global or regional climate conditions and governmental actions in response to such changes may adversely affect TRI Pointe by increasing the costs of or restricting its planned or future growth activities.***

Projected climate change, if it occurs, may exacerbate the scarcity or presence of water and other natural resources in affected regions, which could limit, prevent or increase the costs of residential development in certain areas. In addition, there is a variety of new legislation being enacted, or considered for enactment, at the federal, state and local level relating to energy and climate change, and as climate change concerns continue to grow, legislation and regulations of this nature are expected to continue. This legislation relates to items such as carbon dioxide emissions control and building codes that impose energy efficiency standards. Government mandates, standards or regulations intended to mitigate or reduce greenhouse gas emissions or projected climate change impacts could result in prohibitions or severe restrictions on land development in certain areas, increased energy and transportation costs, and increased compliance expenses and other financial obligations to meet permitting or land development or home construction-related requirements that TRI Pointe may be unable to fully recover (due to market conditions or other factors), any of which could cause a reduction in TRI Pointe's homebuilding gross margins and adversely affect its consolidated financial statements, potentially to a material degree. Energy-related initiatives could similarly affect a wide variety of companies throughout the United States and the world, and because TRI Pointe's results of operations are heavily dependent on significant amounts of raw materials, these initiatives could have an indirect adverse impact on TRI Pointe's results of operations and profitability to the extent the manufacturers and suppliers of its materials are burdened with expensive cap and trade or other climate related regulations.

As a result, climate change impacts, and laws and land development and home construction standards, and/or the manner in which they are interpreted or implemented, to address potential climate change concerns could increase TRI Pointe's costs and have a long-term adverse impact on its business and consolidated financial statements. This is a particular concern in the western United States, which have instituted some of the most extensive and stringent environmental laws and residential building construction standards in the country. Moreover, because TRI Pointe will obtain a significant amount of additional homebuilding and land development assets, many of which are located in California and Washington, in the Transactions, its exposure to these risks will materially increase. For example, California has enacted the Global Warming Solutions Act of 2006 to achieve the goal of reducing greenhouse gas emissions to 1990 levels by 2020. As a result, California has adopted and is expected to continue to adopt significant regulations to meet this goal.

## **Table of Contents**

***If TRI Pointe is unable to develop its communities successfully or within expected timeframes, its results of operations could be materially and adversely affected.***

Before a community generates any revenue, time and material expenditures are required to acquire land, obtain development approvals and construct significant portions of project infrastructure, amenities, model homes and sales facilities. It can take several years from the time TRI Pointe acquires control of a property to the time it makes its first home sale on the site. TRI Pointe's costs or the time required to complete development of its communities and the communities it will obtain from WRECO in the Transactions could increase beyond its estimates after commencing the development process. Delays in the development of communities expose TRI Pointe to the risk of changes in market conditions for homes. A decline in TRI Pointe's ability to successfully develop and market its communities and the communities it will obtain from WRECO in the Transactions and to generate positive cash flow from these operations in a timely manner could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations and its ability to service its debt and to meet its working capital requirements.

***Poor relations with the residents of TRI Pointe's communities could negatively impact sales, which could cause its revenues or results of operations to decline.***

Residents of communities developed by TRI Pointe and WRECO rely on TRI Pointe and WRECO to resolve issues or disputes that may arise in connection with the operation or development of their communities. Efforts made by TRI Pointe to resolve these issues or disputes could be deemed unsatisfactory by the affected residents, and subsequent actions by these residents could materially and adversely affect sales or TRI Pointe's reputation. In addition, TRI Pointe could be required to make material expenditures related to the settlement of such issues or disputes or to modify its community development plans, which could materially and adversely affect its results of operations.

***Homebuilding is subject to products liability, home warranty and construction defect claims and other litigation in the ordinary course of business that can be significant and may not be covered by insurance.***

As homebuilders, TRI Pointe and WRECO are currently subject to home warranty, products liability and construction defect claims arising in the ordinary course of business, in addition to other potentially significant lawsuits, arbitration proceedings and other claims, including breach of contract claims, contractual disputes, personal injury claims and disputes relating to defective title or property misdescription. In connection with the Transactions, TRI Pointe will assume responsibility for a substantial amount of WRECO's pending and potential lawsuits, arbitration proceedings and other claims, as well as any future claims relating to WRECO.

There can be no assurance that any current or future developments undertaken by TRI Pointe, or to be obtained by TRI Pointe in the Transactions, will be free from defects once completed. Construction defects may occur on projects and developments and may arise during a significant period of time after completion. Defects arising on a development attributable to TRI Pointe or WRECO may lead to significant contractual or other liabilities. For these and other reasons, TRI Pointe and WRECO establish warranty, claim and litigation reserves that they believe are adequate based on historical experience in the markets in which they operate and judgment of the risks associated with the types of homes, lots and land they sell. TRI Pointe and WRECO also obtain indemnities and insurance as an additional insured from contractors and subcontractors generally covering claims related to damages resulting from faulty workmanship and materials. WRECO also has adopted an Owner Controlled Insurance Plan (OCIP) in California and Nevada for general liability exposures of itself and certain contractors. Under the OCIP, contractors and subcontractors are effectively insured by an insurance program sponsored by WRECO. WRECO has assigned risk retentions and bid deductions to its contractors and subcontractors based on their risk category. These deductions are used to fund future liabilities. TRI Pointe expects to continue WRECO's practices following the consummation of the Transactions in addition to maintaining general liability insurance and generally seeking to require its subcontractors

and design professionals to indemnify it for some portion of the liabilities arising from their work.

With respect to certain general liability exposures, including construction defects and related claims and product liability claims, interpretation of underlying current and future trends, assessment of claims and the related liability and reserve estimation process require TRI Pointe and WRECO to exercise significant judgment due to the complex nature of these exposures, with each exposure often exhibiting unique circumstances. Furthermore, once claims are asserted for construction defects, it is difficult to determine the extent to which the assertion of these claims will expand geographically. Plaintiffs may seek to consolidate multiple parties in one lawsuit or seek class action status in some of these legal proceedings with potential class sizes that vary from case to case. Consolidated and class action lawsuits can be costly to defend and, if TRI Pointe or WRECO were to lose any consolidated or certified class action suit, it could result in substantial liability.

In addition to difficulties with respect to claim assessment and liability and reserve estimation, some types of claims may not be covered by insurance or may exceed applicable coverage limits. Furthermore, contractual indemnities with contractors and subcontractors can be difficult to enforce, and TRI Pointe and WRECO may also be responsible for applicable self-insured retentions with respect to certain of their insurance policies. This is particularly true in TRI Pointe's markets where it includes its subcontractors on its general liability insurance and its ability to seek indemnity for insured claims is significantly limited. Additionally, the coverage offered by and the availability of WRECO's products and completed operations excess liability insurance for construction defects is

## **Table of Contents**

currently limited and costly. This coverage, and any similar coverage that TRI Pointe may obtain following the consummation of the Transactions, may be further restricted or become more costly in the future. Furthermore, any product liability or warranty claims made against TRI Pointe or WRECO, whether or not they are viable, may lead to negative publicity, which could impact TRI Pointe's reputation and future home sales.

TRI Pointe also currently conducts a substantial portion of its business in California, one of the most highly regulated and litigious jurisdictions in the United States, which imposes a ten year, strict liability tail on many construction liability claims. As a result, its potential losses and expenses due to litigation, new laws and regulations may be greater than those of its competitors who have smaller California operations. Moreover, because TRI Pointe will obtain a significant amount of additional homebuilding and land development assets in California in the Transactions, its exposure to these risks will materially increase.

For these reasons, although TRI Pointe and WRECO actively manage their claims and litigation and actively monitor their reserves and insurance coverage, because of the uncertainties inherent in these matters, TRI Pointe and WRECO cannot provide assurance that their insurance coverage, indemnity arrangements and reserves will be adequate to cover liability for any damages, the cost of repairs and litigation, or any other related expenses surrounding the current claims to which they are subject or any future claims that may arise. Such damages and expenses, to the extent that they are not covered by insurance or redress against contractors and subcontractors, could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***TRI Pointe may suffer uninsured losses or suffer material losses in excess of insurance limits with respect to its existing and future property.***

TRI Pointe could suffer physical damage to its existing and future property resulting in losses that may not be fully compensated by insurance. Should an uninsured loss or a loss in excess of insured limits occur with respect to TRI Pointe's current or future property, TRI Pointe could sustain financial loss or lose capital invested in the affected property as well as anticipated future income from that property. In addition, TRI Pointe could be liable to repair damage or pay costs that are uninsured or subject to deductibles. It may also be liable for any debt or other financial obligations related to affected property. Material losses or liabilities in excess of insurance proceeds may occur in the future, which could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***An inability to obtain additional performance, payment and completion surety bonds and letters of credit could limit TRI Pointe's future growth.***

TRI Pointe and WRECO are often required by local jurisdictions to provide performance, payment and completion surety bonds or letters of credit to secure the completion of their construction contracts, development agreements and other arrangements. To date, TRI Pointe and WRECO have obtained facilities to provide the required volume of performance, payment and completion surety bonds and letters of credit for their expected growth. WRECO's facilities will be transferred with WRECO in the Transactions, and TRI Pointe will either (i) assume or replace Weyerhaeuser's guaranty and indemnification obligations under those facilities or (ii) to the extent that Weyerhaeuser's obligations cannot be assumed or replaced by TRI Pointe, indemnify Weyerhaeuser for any payments it may be required to make in respect of any obligations that are not assumed or replaced. However, future requirements and future growth may require additional facilities, which, following the consummation of the Transactions, will need to be obtained by TRI Pointe. TRI Pointe may also be required to replace, renew or amend its or WRECO's existing facilities. TRI Pointe's ability to obtain additional performance, payment and completion surety bonds and letters of credit will primarily depend on its and WRECO's capitalization, working capital, past performance, management expertise and certain external factors, including the capacity of the markets for such bonds. Performance, payment and completion surety

bond and letter of credit providers will consider these factors in addition to TRI Pointe's and WRECO's past performance and claims records and provider-specific underwriting standards, which may change from time to time. In recent years various surety providers have significantly reduced bonding capacities made available to the homebuilding industry.

If TRI Pointe's and WRECO's performance records or their providers' requirements or policies change, if TRI Pointe or WRECO cannot obtain the necessary consent from their lenders, or if the market's capacity to provide performance, payment and completion bonds or letters of credit is not sufficient for growth and TRI Pointe is unable to renew or amend its or WRECO's existing facilities on favorable terms or at all, TRI Pointe could be unable to obtain alternative or additional performance, payment and completion surety bonds or letters of credit from other sources when required, which could materially and adversely affect its business.

**Table of Contents*****If homebuyers are not able to obtain suitable financing, TRI Pointe's results of operations may decline.***

A substantial majority of TRI Pointe's and WRECO's homebuyers finance their home purchases through lenders that provide mortgage financing, and many must sell their existing homes in order to buy a new home. The availability of mortgage credit remains constrained in the United States due to lower property valuations, various regulatory changes and lower risk appetite of lenders. Many lenders require increased levels of financial qualification and larger deposits and lend lower multiples of income. First-time and move-up homebuyers are generally more affected by the availability of financing than other potential homebuyers. These homebuyers are a key source of demand for TRI Pointe and WRECO. Therefore, limited availability of home mortgage financing to these homebuyers may adversely affect the volume of TRI Pointe's current and future home sales and the prices it achieves.

During the last six years, the mortgage lending industry in the United States has experienced significant instability, beginning with increased defaults on subprime and other nonconforming loans and compounded by expectations of increasing interest payment requirements and further defaults. These factors caused a decline in the market value of many mortgage loans and related securities. In light of these developments, lenders, investors, regulators and others questioned the adequacy of lending standards and other credit requirements for several loan products and programs offered in recent years. Credit requirements have tightened, indemnity claims for mortgages have increased and investor demand for mortgage loans and mortgage-backed securities has declined. The deterioration in credit quality among subprime and other nonconforming loans has caused most lenders to eliminate subprime mortgages and most other loan products that do not conform to Federal National Mortgage Association ( Fannie Mae ), Federal Home Loan Mortgage Corporation ( Freddie Mac ), Federal Housing Administration (the FHA ) or Veterans Administration (the VA ) standards. Fewer loan products, tighter loan qualifications and a reduced willingness of lenders to make loans may continue to make it more difficult for certain potential homebuyers to finance the purchase of a new home or the purchase of an existing home from a potential move-up homebuyer. These factors may reduce the pool of qualified homebuyers and make it more difficult to sell to the first-time and move-up homebuyers who have historically comprised, and following the consummation of the Transactions are expected to continue to comprise, a substantial portion of TRI Pointe's and WRECO's customers. Reductions in demand resulting from the lack of affordability or availability of financing to prospective purchasers may adversely affect TRI Pointe's business and financial results, and the duration and severity of these effects arising from the most recent economic downturn remain uncertain.

***Interest rate increases or changes in federal lending programs or other regulations could lower demand for TRI Pointe's existing and future homes, which could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.***

A substantial majority of TRI Pointe's and WRECO's homebuyers finance their purchases with mortgage financing. TRI Pointe expects that these homebuyers will continue to be a key source of demand for its homes following the consummation of the Transactions. The housing industry is currently benefiting from a low interest rate environment, which has enabled many homebuyers to obtain mortgage financing with relatively low interest rates as compared to long-term historical averages. While the timing of any increase in interest rates is uncertain, it is widely expected that such an increase will occur. Rising interest rates may lead to reduced demand for TRI Pointe's existing and future homes and mortgage loans. Increased interest rates could also hinder TRI Pointe's ability to realize its existing and future backlog because home purchase contracts typically provide customers with a financing contingency. Financing contingencies allow customers to cancel their home purchase contracts in the event that they cannot arrange for adequate financing. As a result, rising interest rates could cause TRI Pointe's current and future home sales and mortgage originations to decrease, which could materially and adversely affect its business, liquidity, financial condition and results of operations.

In addition, as a result of the turbulence in the credit markets and mortgage finance industry, the federal government has taken on a significant role in supporting mortgage lending through its conservatorship of Fannie Mae and Freddie Mac, both of which purchase home mortgages and mortgage-backed securities originated by mortgage lenders, and its insurance of mortgages originated by lenders through the FHA and the VA. The availability and affordability of mortgage loans, including consumer interest rates for such loans, could be materially and adversely affected by a curtailment or cessation of the federal government's mortgage-related programs or policies. The FHA may also continue to impose stricter loan qualification standards, raise minimum down payment requirements, impose higher mortgage insurance premiums and other costs, and/or limit the number of mortgages it insures. Due to growing federal budget deficits, the U.S. Treasury may not be able to continue supporting the mortgage-related activities of Fannie Mae, Freddie Mac, the FHA and the VA at present levels, or it may revise significantly the federal government's participation in and support of the residential mortgage market. Because the availability of Fannie Mae-, Freddie Mac-, FHA- and VA-backed mortgage financing is an important factor in marketing and selling many of TRI Pointe's homes, any limitations, restrictions or changes in the availability of such government-backed financing could reduce its current and future home sales, which could materially and adversely affect its business, liquidity, financial condition and results of operations.

Furthermore, in July 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act was signed into law. This legislation provides for a number of new requirements relating to residential mortgages and mortgage lending practices, many of which are to be developed further by implementing rules. These include, among others, minimum standards for mortgages and lender practices in making mortgages, limitations on certain fees and incentive arrangements, retention of credit risk and remedies for

---

borrowers in foreclosure proceedings. The effect of these provisions on lending institutions will depend on the rules that are ultimately adopted. However, these requirements, as and when implemented, are expected to reduce the availability of loans to borrowers and/or increase the costs to borrowers to obtain such loans. Any reduction in loan availability could result in a decline of TRI Pointe's current and future home sales, which could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***Expirations, amendments or changes to tax laws, incentives or credits currently available to homebuyers may negatively impact TRI Pointe's business.***

Changes in federal income tax laws may affect demand for new homes and land suitable for residential development. Current tax laws generally permit significant expenses associated with owning a home, primarily mortgage interest expense and real estate taxes, to be deducted for the purpose of calculating an individual's federal, and in many cases, state, taxable income. Also, federal or state governments have in the past provided for substantial benefits in the form of tax credits for buyers of new or used homes. For example, from 2008 to April 2011, many homebuyers took advantage of the federal homebuyer tax credit. Various proposals have been publicly discussed to limit mortgage interest deductions and to limit the exclusion of gain from the sale of a principal residence. For instance, under the American Taxpayer Relief Act of 2012, which was signed into law in January 2013, the federal government enacted higher income tax rates and limits on the value of tax deductions for certain high-income individuals and households. If the federal government or a state government changes or further changes its income tax laws, as some lawmakers have proposed, by eliminating, limiting or substantially reducing these income tax benefits without offsetting provisions, the after-tax cost of owning a new home would increase for many of TRI Pointe's and WRECO's potential customers. Enactment of any such proposal could materially and adversely affect TRI Pointe and the homebuilding industry in general, as the loss or reduction of homeowner tax deductions could decrease the demand for new homes and land suitable for residential development.

***Increases in TRI Pointe's and WRECO's cancellation rates could have a negative impact on TRI Pointe's home sales revenue and homebuilding margins.***

TRI Pointe's and WRECO's backlogs reflect homes that may close in future periods. TRI Pointe and WRECO have received a deposit from a homebuyer for each home reflected in their backlog, and generally they have the right, subject to certain exceptions, to retain the deposit if the homebuyer fails to comply with his or her obligations under the purchase contract, including as a result of state and local law, the homebuyer's inability to sell his or her current home or the homebuyer's inability to make additional deposits required under the purchase contract. Home order cancellations can result from a number of factors, including declines or slow appreciation in the market value of homes, increases in the supply of homes available to be purchased, increased competition and use of sales incentives by competitors, higher mortgage interest rates, homebuyers' inability to sell their existing homes, homebuyers' inability to obtain suitable mortgage financing, including providing sufficient down payments, and adverse changes in local, regional or national economic conditions. In these circumstances, homebuyers may terminate their existing purchase contracts in order to negotiate for a lower price or because they cannot, or will not, complete the purchase. For the years ended December 31, 2013 and December 31, 2012, WRECO's cancellation rate was 15%. For the year ended December 31, 2013, TRI Pointe's cancellation rate was 10%, as compared to 16% for the year ended December 31, 2012.

Cancellation rates may rise significantly in the future. If uncertain economic conditions continue, if mortgage financing becomes less available or if current homeowners find it difficult to sell their current homes, more homebuyers may cancel their purchase contracts. An increase in the level of home order cancellations could have a material and adverse impact on TRI Pointe's business, liquidity, financial condition and results of operations.

In cases of cancellation, WRECO remarkets the home and usually retains any deposits it is permitted to retain. TRI Pointe also remarkets the home but typically returns the homebuyer's escrow deposit (other than certain design-related deposits, which it retains). The retained deposits may not cover the additional costs involved in remarketing the home and carrying higher inventory, and as such significant numbers of cancellations could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***Any increase in unemployment or underemployment may lead to an increase in the number of loan delinquencies and property repossessions and have a material and adverse impact on TRI Pointe's business.***

In the United States, the unemployment rate was 6.6% as of January 31, 2014, according to the U.S. Bureau of Labor Statistics. People who are unemployed, underemployed or concerned about the loss of their jobs are less likely to purchase new homes, may be forced to try to sell the homes they own and may face difficulties in making required mortgage payments. Therefore, any increase in unemployment or underemployment may lead to an increase in the number of loan delinquencies and property repossessions and have a material and adverse impact on TRI Pointe's business both by reducing demand for its existing and future homes and by increasing the supply of homes for sale.

**Table of Contents**

***TRI Pointe uses leverage in executing its business strategy, which may materially and adversely affect its business, liquidity, financial condition and results of operations and prevent it from fulfilling its debt-related obligations.***

TRI Pointe employs what it believes to be prudent levels of leverage to finance the acquisition and development of its lots and construction of its homes. TRI Pointe's existing indebtedness is recourse to TRI Pointe and TRI Pointe anticipates that future indebtedness will likewise be recourse. At December 31, 2013, on a pro forma basis and after giving effect to the Transactions, including the incurrence of the New Debt by WRECO, the total principal amount of TRI Pointe's debt was \$938.1 million.

TRI Pointe's board of directors intends to consider a number of factors when evaluating its level of indebtedness and when making decisions regarding the incurrence of new indebtedness, including the purchase price of assets to be acquired with debt financing, the estimated market value of such assets and the ability of the particular assets, and TRI Pointe as a whole, to generate cash flow to cover the expected debt service. As a means of sustaining its long-term financial health and limiting its exposure to unforeseen dislocations in the debt and financing markets, TRI Pointe currently expects to remain conservatively capitalized. However, the Charter does not contain a limitation on the amount of debt it may incur, and TRI Pointe's board of directors may change its target debt levels at any time without the approval by TRI Pointe stockholders.

Incurring substantial debt could subject TRI Pointe to many risks that, if realized, would materially and adversely affect its business and financial condition, including the risks that:

it may be more difficult for TRI Pointe to satisfy its obligations with respect to its debt or to its other creditors;

TRI Pointe's cash flow from operations may be insufficient to make required payments of principal of and interest on its debt, which is likely to result in acceleration of its debt;

TRI Pointe's debt may increase its vulnerability to adverse economic and industry conditions, including fluctuations in market interest rates, with no assurance that investment yields will increase with higher financing cost, particularly in the case of debt with a floating interest rate;

TRI Pointe's debt may limit its ability to obtain additional financing to fund capital expenditures and acquisitions, particularly when the availability of financing in the capital markets is limited;

TRI Pointe may be required to dedicate a portion of its cash flow from operations to payments on its debt, thereby reducing funds available for operations and capital expenditures, future investment opportunities or other purposes;

in the case of secured indebtedness, TRI Pointe could lose its ownership interests in its land parcels or other assets because defaults thereunder may result in foreclosure actions initiated by lenders;

TRI Pointe's debt may limit its ability to buy back its common stock or pay cash dividends;

TRI Pointe's debt may limit its flexibility in planning for, or reacting to, changes in its business and the industry in which it operates, thereby limiting its ability to compete with companies that are not as highly leveraged; and

the terms of any refinancing may not be as favorable as the terms of the debt being refinanced.

TRI Pointe cannot make any assurances that its business will generate sufficient cash flow from operations or that future borrowings will be available to it through capital markets financings or otherwise in an amount sufficient to enable it to service or refinance its indebtedness, or to fund its other liquidity needs. TRI Pointe may need to refinance all or a portion of its existing or future indebtedness on or before its maturity. TRI Pointe cannot make any assurances that it will be able to refinance any of its indebtedness on commercially reasonable terms or at all. If, at the time of any refinancing, prevailing interest rates or other factors result in higher interest rates on the refinanced debt, increases in interest expense could materially and adversely affect TRI Pointe's cash flows and results of operations. If TRI Pointe is unable to refinance its debt on acceptable terms, it may be forced to dispose of its assets on disadvantageous terms, potentially resulting in significant losses.

TRI Pointe may incur additional indebtedness in order to finance its operations or to repay existing indebtedness. If TRI Pointe cannot service its indebtedness, it will risk losing to foreclosure some or all of its assets that may be pledged to secure its obligations and it may have to take actions such as selling assets, seeking additional debt or equity or reducing or delaying capital expenditures, strategic acquisitions, investments and alliances. TRI Pointe cannot make any assurances that any such actions, if necessary, could be effected on commercially reasonable terms or at all, or on terms that would be advantageous to its stockholders or on terms that would not require it to breach the terms and conditions of its existing or future debt agreements. Additionally, unsecured debt agreements may contain specific cross-default provisions with respect to specified other indebtedness, giving the unsecured lenders the right to declare a default if TRI Pointe is in default under other loans in some circumstances. Defaults under TRI Pointe's debt agreements could materially and adversely affect its business, liquidity, financial condition and results of operations.

**Table of Contents**

*TRI Pointe's current financing arrangements contain, and its future financing arrangements likely will contain, restrictive covenants relating to its operations.*

TRI Pointe's current financing arrangements contain, and the financing arrangements it or WRECO may enter into in the future, including the New Debt, will likely contain, covenants affecting its ability to, among other things:

incur or guarantee additional indebtedness;

make certain investments;

reduce liquidity below certain levels;

pay dividends or make distributions on its capital stock;

sell assets, including capital stock of restricted subsidiaries;

agree to payment restrictions affecting its restricted subsidiaries;

consolidate, merge, sell or otherwise dispose of all or substantially all of its assets;

enter into transactions with its affiliates;

incur liens; and

designate any of its subsidiaries as unrestricted subsidiaries.

If TRI Pointe or WRECO fails to meet or satisfy any of these covenants in their debt agreements, it would be in default under these agreements, which could result in a cross-default under other debt agreements, and its lenders could elect to declare outstanding amounts due and payable, terminate their commitments, require the posting of additional collateral and enforce their respective interests against existing collateral. A default also could significantly limit TRI Pointe's financing alternatives, which could cause it to curtail its investment activities and/or dispose of assets when it otherwise would not choose to do so. If TRI Pointe or WRECO defaults on several of its debt agreements or any single significant debt agreement, it could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations. These and certain other restrictions could limit TRI Pointe's ability to plan for or react to market conditions, meet capital needs or make acquisitions or otherwise restrict its activities or business plans.

***TRI Pointe may require significant additional capital in the future and may not be able to secure adequate funds on acceptable terms.***

The expansion and development of TRI Pointe's business following the consummation of the Transactions may require significant additional capital, which it may be unable to obtain, to fund its operating expenses, including working capital needs.

TRI Pointe expects to meet its current capital requirements, and believes it will be able to meet its increased capital requirements following the consummation of the Transactions, with existing cash and cash equivalents, borrowings under the Revolving Credit Agreement or a new credit facility and cash flow from operations (including sales of its existing and future homes and land). However, TRI Pointe may fail to generate sufficient cash flow from the sales of its existing and future homes and land to meet its cash requirements. To a large extent, TRI Pointe's cash flow generation ability is subject to general economic, financial, competitive, legislative and regulatory factors and other factors that are beyond its control. Further, its capital requirements may vary materially from those currently planned if, for example, its revenues do not reach expected levels or it has to incur unforeseen capital expenditures and make investments to maintain its competitive position. If this is the case, TRI Pointe may need to refinance all or a portion of its debt on or before its maturity, or obtain additional equity or debt financing sooner than anticipated, which could materially and adversely affect its liquidity and financial condition if financing cannot be secured on reasonable terms. As a result, TRI Pointe may have to delay or abandon some or all of its development and expansion plans or otherwise forego market opportunities.

TRI Pointe's access to additional third-party sources of financing will depend, in part, on:

general market conditions;

the market's perception of its growth potential, including relative to other opportunities;

with respect to acquisition and/or development financing, the market's perception of the value of the land parcels to be acquired and/or developed;

its current debt levels;

its current and expected future earnings;

its cash flow; and

the market price per share of its common stock.

Recently, domestic financial markets have experienced unusual volatility, uncertainty and a restricting of liquidity in both the investment grade debt and equity capital markets. Credit spreads for major sources of capital widened significantly during the U.S. credit crisis as investors demanded a higher risk premium. Given the current volatility and weakness in the capital and credit markets, potential lenders may be unwilling or unable to provide TRI Pointe with suitable financing or may charge TRI Pointe prohibitively high fees in order to obtain financing. Depending on market conditions at the relevant time, TRI Pointe may have to rely more heavily on additional equity financings or on less efficient forms of debt financing that require a larger portion of its cash flow from operations to service, thereby reducing funds available for its operations, future business opportunities and other purposes. Consequently, there is greater uncertainty regarding TRI Pointe's ability to access the credit market in order to attract financing on reasonable terms. Investment returns on TRI Pointe's assets and its ability to make acquisitions could be materially and adversely affected by its inability to secure additional financing on reasonable terms, if at all. Additionally, if TRI Pointe cannot obtain additional financing to fund the purchase of land under its option contracts or purchase contracts, it may incur contractual penalties and fees. Any difficulty in obtaining sufficient capital for planned development expenditures could also cause project delays and any such delay could result in cost increases. Any of the foregoing factors could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***Higher interest rates may materially and adversely affect TRI Pointe's cash flows and results of operations.***

TRI Pointe employs what it believes to be prudent levels of leverage to finance the acquisition and development of its lots and construction of its homes. Certain of TRI Pointe's existing debt has, and any additional debt it subsequently incurs may have, a floating rate of interest. Higher interest rates could increase debt service requirements on its existing floating rate debt and on any floating rate debt it may subsequently incur, and could reduce funds available for operations, future business opportunities or other purposes. If TRI Pointe needs to repay existing debt during periods of rising interest rates, it could be required to refinance its then-existing debt on unfavorable terms, or liquidate one or more of its assets to repay such debt at times which may not permit realization of the maximum return on such assets and could result in a loss. The occurrence of either or both of these events could materially and adversely affect TRI Pointe's cash flows and results of operations.

***Failure to hedge effectively against interest rate changes may materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.***

TRI Pointe may obtain one or more forms of interest rate protection in the form of swap agreements, interest rate cap contracts or similar agreements to hedge against the possible negative effects of interest rate fluctuations. However, TRI Pointe cannot assure you that any hedging will adequately relieve the adverse effects of interest rate increases or that counterparties under these agreements will honor their obligations thereunder. In addition, TRI Pointe may be subject to risks of default by hedging counterparties. Failure of TRI Pointe's hedging mechanisms could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***Raw material shortages and price fluctuations could cause delays or increased costs in developing TRI Pointe's existing and future communities or building homes, which could materially and adversely affect its business, liquidity, financial condition and results of operations.***

TRI Pointe requires raw materials to build its homes. The residential construction industry experiences serious raw material shortages from time to time, including shortages in supplies of insulation, drywall, cement, steel, lumber and

other building materials. These shortages can be more severe during periods of strong demand for housing or during periods following natural disasters that have a significant impact on existing residential and commercial structures. The cost of raw materials may also be materially and adversely affected during periods of shortage or high inflation. Shortages and price increases could cause delays in and increase TRI Pointe's costs of home construction, which in turn could materially and adversely affect its business, liquidity, financial condition and results of operations. Because TRI Pointe will obtain a significant amount of additional homebuilding and land development assets in the Transactions, it will require significantly more raw materials, thereby materially increasing its exposure to these risks.

***Failure to find and retain suitable contractors and subcontractors at reasonable rates could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.***

The vast majority of WRECO's construction work is performed by contractors and subcontractors, and substantially all of TRI Pointe's construction work is performed by subcontractors with TRI Pointe acting as the general contractor. Accordingly, the timing and quality of TRI Pointe's existing and future construction currently depends and will continue to depend on the availability, cost and skill of contractors and subcontractors and their employees.

---

**Table of Contents**

The residential construction industry experiences serious shortages of skilled labor from time to time. The difficult operating environment over the last six years in the United States has resulted in the failure of the businesses of some contractors and subcontractors and may result in further failures. In addition, reduced levels of homebuilding in the United States have caused some skilled tradesmen to leave the real estate industry to take jobs in other industries. These shortages can be more severe during periods of strong demand for housing or during periods following natural disasters that have a significant impact on existing residential and commercial structures. While TRI Pointe anticipates being able to obtain sufficient reliable contractors and subcontractors during times of material shortages and believes that its and WRECO's relationships with contractors and subcontractors are good, TRI Pointe and WRECO do not have long-term contractual commitments with any contractors or subcontractors, and there can be no assurance that skilled contractors, subcontractors or tradesmen will continue to be available in the areas in which TRI Pointe currently conducts, and following the consummation of the Transactions expects to conduct, its operations. If skilled contractors and subcontractors are not available on a timely basis for a reasonable cost, or if contractors and subcontractors are not able to recruit sufficient numbers of skilled employees, TRI Pointe's existing and future development and construction activities may suffer from delays and quality issues, which could lead to reduced levels of customer satisfaction and materially and adversely affect its business, liquidity, financial condition and results of operations.

Moreover, some of the subcontractors engaged by TRI Pointe and WRECO are represented by labor unions or are subject to collective bargaining arrangements. A strike or other work stoppage involving any of their subcontractors could also make it difficult for TRI Pointe and WRECO to retain subcontractors for their construction work. In addition, union activity could result in higher costs for TRI Pointe and WRECO to retain their subcontractors. Access to qualified labor at reasonable rates may also be affected by other circumstances beyond TRI Pointe's control, including: (i) shortages of qualified tradespeople, such as carpenters, roofers, electricians and plumbers; (ii) high inflation; (iii) changes in laws relating to employment and union organizing activity; (iv) changes in immigration laws and trends in labor force migration; and (v) increases in contractor, subcontractor and professional services costs. The inability to contract with skilled contractors and subcontractors at reasonable rates on a timely basis could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

Several other homebuilders have received inquiries from regulatory agencies concerning whether homebuilders using contractors are deemed to be employers of the employees of such contractors under certain circumstances. Although contractors are independent of the homebuilders that contract with them under normal management practices and the terms of trade contracts and subcontracts within the homebuilding industry, if regulatory agencies reclassify the employees of contractors as employees of homebuilders, homebuilders using contractors could be responsible for wage, hour, workers' compensation and other employment-related liabilities of their contractors. In the event that a regulatory agency reclassified the employees of WRECO's contractors or WRECO's or TRI Pointe's subcontractors as TRI Pointe's own employees, TRI Pointe could be responsible for wage, hour, workers' compensation and other employment-related liabilities with respect to those employees.

Despite quality control efforts, TRI Pointe may discover that WRECO's contractors or its or WRECO's subcontractors were engaging in improper construction practices or installing defective materials in homes. When TRI Pointe discovers these issues, it generally repairs the homes through its subcontractors in accordance with its new home warranty and as required by law. TRI Pointe and WRECO currently each reserve a portion of the sales price of each home they sell to satisfy warranty and other legal obligations and to provide customer service to their homebuyers. These reserves are established based on market practices, historical experiences and judgment of the qualitative risks associated with the types of homes built. However, the cost of satisfying warranty and other legal obligations in these instances may be significantly higher than the amounts reserved, and TRI Pointe may be unable to recover the cost of repair from its subcontractors. Regardless of the steps TRI Pointe takes, it is subject to fines or other penalties in some instances and its reputation may be materially and adversely affected.

Because TRI Pointe will obtain a significant amount of additional homebuilding and land development assets in the Transactions, it will require an increased amount of qualified labor, thereby materially increasing its exposure to these risks.

***TRI Pointe is and will continue to be dependent on key personnel and certain members of its management team.***

TRI Pointe's business involves complex operations, which will become increasingly complex following the consummation of the Transactions and, therefore, requires a management team and employee workforce that is knowledgeable and expert in many areas necessary for its operations. TRI Pointe's success and ability to obtain, generate and manage opportunities depends to a significant degree upon the contributions of key personnel, including, but not limited to, Douglas Bauer, its Chief Executive Officer, Thomas Mitchell, its President and Chief Operating Officer, and Michael Grubbs, its Chief Financial Officer. TRI Pointe's investors must rely to a significant extent upon the ability, expertise, judgment and discretion of this management team and other key personnel, and their loss or departure could be detrimental to TRI Pointe's future success. Although TRI Pointe has entered into employment agreements with Messrs. Bauer, Mitchell and Grubbs, there is no guarantee that these executives will remain employed with TRI Pointe and TRI Pointe has not adopted a succession plan. Additionally, key employees working in the real estate, homebuilding and construction industries are highly sought after and failure to attract and retain such personnel, including key WRECO personnel following the consummation of the Transactions, may materially and adversely affect the standards of TRI Pointe's future service and may have a material and adverse impact on TRI Pointe's business, liquidity, financial condition and results of operations.

---

**Table of Contents**

TRI Pointe's ability to retain its management team and key personnel or to attract suitable replacements should any members of its management team leave is dependent on the competitive nature of the employment market. The loss of services from any member of its management team or key personnel, or the potential that they could have competing obligations and will only spend a portion of their time working for TRI Pointe, could materially and adversely impact its business, financial condition and results of operations. Further, the process of attracting and retaining suitable replacements for key personnel whose services TRI Pointe may lose would result in transition costs and would divert the attention of other members of its management from existing operations. Moreover, such a loss could be negatively perceived in the capital markets.

Although TRI Pointe is currently considering its insurance coverage, it has not obtained key man life insurance that would provide it with proceeds in the event of death or disability of any of its key personnel.

***Negative publicity may materially and adversely affect TRI Pointe's business performance.***

Unfavorable media related to the Transactions or WRECO and TRI Pointe's industry, brands, marketing, personnel, operations, business performance or prospects may materially and adversely affect TRI Pointe's stock price and the performance of its business, regardless of its accuracy or inaccuracy. TRI Pointe's success in maintaining, extending and expanding its brand image depends on its ability to adapt to a rapidly changing media environment. Adverse publicity or negative commentary on social media outlets, such as blogs, websites or newsletters, could hurt results of operations, as consumers might avoid brands that receive bad press or negative reviews. Negative publicity may materially and adversely affect results of operations that could lead to a decline in the price of TRI Pointe common stock.

Maintaining a good reputation in the areas in which TRI Pointe is currently developing or, following the consummation of the Transactions, expects to develop master planned communities is and will continue to be critical to TRI Pointe's success. TRI Pointe's reputation could be materially and adversely impacted by any of the following: failure to maintain high ethical, social and environmental standards for all of its operations and activities; the activities and reputation of WRECO's contractors and its and WRECO's respective subcontractors; or its failure to comply with applicable laws and regulations. Unfavorable media related to TRI Pointe's industry, brands, marketing, personnel, operations, business performance or prospects, including from social media outlets, such as blogs, websites or newsletters, may also impact its reputation, regardless of such media's accuracy, as consumers might avoid brands that receive bad press or negative reviews. Damage to TRI Pointe's reputation could materially and adversely affect the performance of its business.

***TRI Pointe's quarterly results of operations may fluctuate because of the seasonal nature of its business and other factors.***

TRI Pointe and WRECO have experienced seasonal fluctuations in quarterly results of operations and capital requirements that can have a material and adverse impact on consolidated results of operations and financial condition. TRI Pointe and WRECO typically experience the highest new home order activity during the spring selling season, although sales velocity is also highly dependent on the number of active selling communities, timing of new community openings and other market factors, including seasonal natural disasters such as hurricanes, tornadoes, floods and fires. Since it typically takes four to six months to construct a new home, TRI Pointe and WRECO deliver more homes in the second half of the year as new home orders sold earlier in the year convert to home closings. Because of this seasonality, cash outflows for construction costs have historically been highest in the second and third quarters, and the majority of cash receipts from home closings occur during the second half of the year. TRI Pointe expects this seasonal pattern to continue following the consummation of the Transactions and over the long-term, although it may be affected by market cyclicity. TRI Pointe also expects the traditional seasonality cycle and its

impact on results of operations to become more prominent if the present housing recovery progresses and the homebuilding industry returns to a more normal operating environment, but it can make no assurances as to the degree to which historical seasonal patterns will occur in 2014 and beyond, if at all. Seasonality requires WRECO and TRI Pointe to finance construction activities in advance of the receipt of sales proceeds. In many cases, TRI Pointe may not be able to recapture increased costs by raising prices because prices are established upon signing the purchase contract. Accordingly, there is a risk that, following the consummation of the Transactions, TRI Pointe will invest significant amounts of capital in the acquisition and development of land and construction of homes that it does not sell at anticipated pricing levels or within anticipated time frames. If, due to market conditions, construction delays or other causes, TRI Pointe does not complete sales of its existing or future homes at anticipated pricing levels or within anticipated time frames, its business, liquidity, financial condition and results of operations would be materially and adversely affected.

**Table of Contents**

***TRI Pointe may incur a variety of costs to engage in future growth or expansion of its operations or acquisitions or disposals of businesses, and the anticipated benefits may never be realized.***

As a part of its business strategy, TRI Pointe may make acquisitions or significant investments in or disposals of businesses. Any future acquisitions, investments and/or disposals would be accompanied by risks such as:

difficulties in assimilating the operations and personnel of acquired companies or businesses;

diversion of TRI Pointe management's attention from ongoing business concerns;

TRI Pointe's potential inability to maximize its financial and strategic position through the successful incorporation or disposition of operations;

maintenance of uniform standards, controls, procedures and policies; and

impairment of existing relationships with employees, contractors, suppliers and customers as a result of the integration of new management personnel and cost-saving initiatives.

TRI Pointe cannot guarantee that it will be able to successfully integrate any company or business that it might acquire in the future, and its failure to do so could harm its current business.

In addition, TRI Pointe may not realize the anticipated benefits of any future transactions and there may be other unanticipated or unidentified effects. While TRI Pointe may seek protection, for example, through warranties and indemnities in the case of acquisitions, significant liabilities may not be identified in due diligence or come to light after the expiration of warranty or indemnity periods or may exceed the maximum warranty or indemnity amounts. Additionally, while TRI Pointe may seek to limit its ongoing exposure, for example, through liability caps and time limits on warranties and indemnities in the case of disposals, some warranties and indemnities may give rise to unexpected and significant liabilities. Any claims arising in the future may materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***Inflation could materially and adversely affect TRI Pointe's business, financial condition and results of operations.***

Inflation can materially and adversely affect TRI Pointe by increasing costs of land, materials and labor. In the event of an increase in inflation, TRI Pointe may seek to increase the sales prices of land or homes in order to maintain satisfactory margins or realize a satisfactory return on its investment. However, if the market continues to have an oversupply of homes relative to demand, prevailing market prices may prevent it from doing so. In addition, inflation is often accompanied by higher interest rates, which historically have had a negative impact on housing demand and the real estate industry generally and which could materially and adversely impact potential customers' ability to obtain mortgage financing on favorable terms. In such an environment, TRI Pointe may not be able to raise prices sufficiently to keep up with the rate of inflation and its margins and returns could decrease. Additionally, if TRI Pointe is required to lower home prices to meet demand, the value of its land inventory may decrease. Moreover, the nominal cost of capital increases as a result of inflation and the real purchasing power of its cash resources declines. Current or

future efforts by the government to stimulate the economy may increase the risk of significant inflation and its adverse impact on TRI Pointe's business, financial condition and results of operations.

***Information technology failures and data security breaches could harm TRI Pointe's business.***

TRI Pointe uses information technology and other computer resources to carry out important operational and marketing activities as well as maintain its business records. Many of these resources are provided to TRI Pointe or are maintained on its behalf by third-party service providers pursuant to agreements that specify certain security and service level standards. Although TRI Pointe and its service providers employ what TRI Pointe believes are adequate security, disaster recovery and other preventative and corrective measures, TRI Pointe's ability to conduct its business may be materially and adversely impaired if these resources are compromised, degraded, damaged or fail, whether due to a virus or other harmful circumstance, intentional penetration or disruption of TRI Pointe's information technology resources by a third-party, natural disaster, hardware or software corruption or failure or error (including a failure of security controls incorporated into or applied to such hardware or software), telecommunications system failure, service provider error or failure, intentional or unintentional personnel actions (including the failure to follow TRI Pointe's security protocols), or lost connectivity to its networked resources.

A significant and extended disruption in the functioning of these resources could damage TRI Pointe's reputation and cause it to lose customers, sales and revenue, result in the unintended public disclosure or the misappropriation of proprietary, personal and confidential information (including information about its homebuyers and business partners), and require it to incur significant expense to address and resolve these kinds of issues. The release of confidential information may also lead to litigation or other proceedings against TRI Pointe by affected individuals and/or business partners and/or by regulators, and the outcome of such proceedings, which could include penalties or fines, could materially and adversely affect TRI Pointe's consolidated financial statements. In addition, the costs of maintaining adequate protection against such threats, depending on their evolution, pervasiveness and frequency and/or government-mandated standards or obligations regarding protective efforts, could be material to TRI Pointe's consolidated financial statements.

**Table of Contents****Risks Related to Conflicts of Interest**

***The Starwood Fund holds a significant equity interest in TRI Pointe and its interests may not be aligned with the interests of other TRI Pointe stockholders.***

As of March 24, 2014, the Starwood Fund owned 11,985,905 shares of TRI Pointe common stock (not including 2,701,569 shares subject to the investor rights agreement described in the section entitled "Description of TRI Pointe Capital Stock - Investor Rights Agreement"), which represents 37.9% of TRI Pointe's outstanding common stock and 7.4% of TRI Pointe's outstanding common stock on a pro forma basis after giving effect to the Transactions. The Starwood Fund has the right to designate two members of TRI Pointe's board of directors for as long as it owns 25% or more of the outstanding TRI Pointe common stock (excluding shares of common stock that are subject to issuance upon the exercise or exchange of rights of conversion or any options, warrants or other rights to acquire shares) and one member of the TRI Pointe board of directors for as long as it owns at least 10% of the outstanding TRI Pointe common stock. Messrs. Bauer, Mitchell and Grubbs have agreed to vote all shares of TRI Pointe common stock that they own in favor of the Starwood Fund nominees in any election of directors for as long as the Starwood Fund owns at least 10% of the outstanding TRI Pointe common stock. Following the consummation of the Transactions, the Starwood Fund will have the right to designate one member of the TRI Pointe board of directors for as long as the Starwood Fund owns at least 5% of the outstanding TRI Pointe common stock. The Starwood Fund's interests may not be fully aligned with the interests of other TRI Pointe stockholders and this could lead to a strategy that is not in the best interests of other TRI Pointe stockholders.

***As a result of Starwood Capital Group's relationship with TRI Pointe, conflicts of interest may arise with respect to any transactions involving or with Starwood Capital Group or its affiliates.***

Barry Sternlicht, the chairman of TRI Pointe's board of directors, is the Chairman and Chief Executive Officer of Starwood Capital Group. As a result of TRI Pointe's relationship with Starwood Capital Group, there may be transactions between TRI Pointe and Starwood Capital Group, Starwood Property Trust (which is managed by an affiliate of Starwood Capital Group) or their affiliates that could present an actual or perceived conflict of interest. These conflicts of interest may lead Mr. Sternlicht to recuse himself from actions of TRI Pointe's board of directors with respect to any transactions involving or with Starwood Capital Group, Starwood Property Trust or their affiliates. In addition, Mr. Sternlicht will devote only a portion of his business time to his duties with TRI Pointe's board of directors, and he will devote the majority of his time to his duties with Starwood Capital Group and its affiliates and other commitments. Following the consummation of the Transactions, Mr. Sternlicht is expected to continue as chairman of TRI Pointe's board of directors and Mr. Chris Graham, a Senior Managing Director at Starwood Capital Group, is expected to be appointed as a director.

In addition, the Charter includes a provision whereby TRI Pointe must renounce any interest or expectancy in, or in being offered an opportunity to participate in, any business opportunity that may be from time to time presented to the Starwood Fund or any of its affiliates and subsidiaries (other than TRI Pointe and its subsidiaries), officers, directors, agents, stockholders, members, partners or employees and that may be a business opportunity for the Starwood Fund or any of its affiliates and subsidiaries, even if the opportunity is one that TRI Pointe might reasonably have pursued or had the ability or desire to pursue if granted the opportunity to do so. This provision may limit TRI Pointe's ability to take advantage of certain business opportunities, which could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations. This provision may also result in misalignment between the Starwood Fund's interests and the interests of other TRI Pointe stockholders. This provision will cease to be effective on the date that no person who is a director or officer of TRI Pointe is also a director, officer, member, partner or employee of the Starwood Fund or any of its affiliates or subsidiaries.

TRI Pointe may in the future acquire additional land from affiliates of Starwood Capital Group. Any such acquisitions will be separately considered for approval by TRI Pointe's independent directors.

### **Risks Related to TRI Pointe's Organization and Structure**

*Termination of the employment agreements with the members of TRI Pointe's management team could be costly and prevent a change in control of TRI Pointe.*

TRI Pointe's employment agreements with Messrs. Bauer, Mitchell and Grubbs provide that if their employment with TRI Pointe terminates under certain circumstances, TRI Pointe may be required to pay them significant amounts of severance compensation, thereby making it costly to terminate their employment. Furthermore, these provisions could delay or prevent a transaction or a change in control of TRI Pointe that might involve a premium paid for shares of TRI Pointe common stock or otherwise be in the best interests of its stockholders, which could materially and adversely affect the market price of TRI Pointe common stock.

**Table of Contents**

***Certain anti-takeover defenses and applicable law may limit the ability of a third-party to acquire control of TRI Pointe.***

The Charter, the Bylaws and Delaware law contain provisions that may delay or prevent a transaction or a change in control of TRI Pointe that might involve a premium paid for shares of TRI Pointe common stock or otherwise be in the best interests of TRI Pointe stockholders, which could materially and adversely affect the market price of TRI Pointe common stock. Certain of these provisions are described below.

*Selected provisions of the Charter and the Bylaws*

The Charter and the Bylaws contain anti-takeover provisions that:

authorize TRI Pointe's board of directors, without further action by TRI Pointe stockholders, to issue up to 50,000,000 shares of preferred stock in one or more series, and with respect to each series, to fix the number of shares constituting that series and establish the rights and other terms of that series;

require that actions to be taken by TRI Pointe stockholders may be taken only at an annual or special meeting of its stockholders and not by written consent;

specify that special meetings of TRI Pointe stockholders can be called only by its board of directors, the chairman of its board of directors or its chief executive officer;

establish advance notice procedures for TRI Pointe stockholders to submit nominations of candidates for election to TRI Pointe's board of directors and other proposals to be brought before a stockholders meeting;

provide that the Bylaws may be amended by TRI Pointe's board of directors without stockholder approval;

allow TRI Pointe's directors to establish the size of its board of directors by action of its board, subject to a minimum of three members;

provide that vacancies on TRI Pointe's board of directors or newly created directorships resulting from an increase in the number of its directors may be filled only by a majority of directors then in office, even though less than a quorum;

do not give TRI Pointe stockholders cumulative voting rights with respect to the election of directors; and

prohibit TRI Pointe from engaging in certain business combinations with any interested stockholder unless specified conditions are satisfied as described in Selected provisions of Delaware law.

*Selected provisions of Delaware law*

TRI Pointe has opted out of Section 203 of the DGCL, which regulates corporate takeovers. However, the Charter contains provisions that are similar to Section 203 of the DGCL. Specifically, the Charter provides that it may not engage in certain business combinations with any interested stockholder for a three-year period following the time that the person became an interested stockholder, unless:

prior to the time that person became an interested stockholder, TRI Pointe's board of directors approved either the business combination or the transaction which resulted in the person becoming an interested stockholder;

upon the consummation of the transaction which resulted in the person becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding certain shares; or

at or subsequent to the time the person became an interested stockholder, the business combination is approved by TRI Pointe's board of directors and by the affirmative vote of at least  $6\frac{2}{3}\%$  of the outstanding voting stock which is not owned by the interested stockholder.

Generally, a business combination includes a merger, consolidation, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an interested stockholder is a person who, together with that person's affiliates and associates, owns, or within the previous three years owned, 15% or more of TRI Pointe's voting stock. However, in the case of TRI Pointe, the Starwood Fund and any of its affiliates and subsidiaries and any of their permitted transferees receiving 15% or more of TRI Pointe's voting stock will not be deemed to be interested stockholders regardless of the percentage of voting stock owned by them. This provision could prohibit or delay mergers or other takeover or change in control attempts with respect to TRI Pointe and, accordingly, may discourage attempts to acquire TRI Pointe.

**Table of Contents**

***TRI Pointe may change its operational policies, investment guidelines and its business and growth strategies without stockholder consent, which may subject TRI Pointe to different and more significant risks in the future.***

TRI Pointe's board of directors will determine its operational policies, investment guidelines and its business and growth strategies. TRI Pointe's board of directors may make changes to, or approve transactions that deviate from, those policies, guidelines and strategies without a vote of, or notice to, its stockholders. This could result in TRI Pointe conducting operational matters, making investments or pursuing different business or growth strategies than those contemplated herein. Under any of these circumstances, TRI Pointe may expose itself to different and more significant risks in the future, which could materially and adversely affect its business, liquidity, financial condition and results of operations.

***The obligations associated with being a public company require significant resources and management attention.***

As a public company with listed equity securities, TRI Pointe is required to comply with certain laws, regulations and requirements, including the requirements of the Exchange Act, certain corporate governance provisions of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), related regulations of the SEC and requirements of the NYSE. The Exchange Act requires that TRI Pointe file annual, quarterly and current reports with respect to its business and financial condition. The Sarbanes-Oxley Act requires, among other things, that TRI Pointe establish and maintain effective internal controls and procedures for financial reporting.

Section 404 of the Sarbanes-Oxley Act requires TRI Pointe management and independent auditors to report annually on the effectiveness of TRI Pointe's internal control over financial reporting. However, TRI Pointe is an emerging growth company, as defined in the JOBS Act, and, so for as long as TRI Pointe continues to be an emerging growth company, it intends to take advantage of certain exemptions from various reporting requirements applicable to other public companies but not to emerging growth companies, including, but not limited to, not being required to comply with the auditor attestation requirements of Section 404. The consummation of the Transactions is expected to cause TRI Pointe to lose its status as an emerging growth company in 2014. Once TRI Pointe is no longer an emerging growth company or, if prior to such date, TRI Pointe opts to no longer take advantage of the applicable exemption, it will be required to include an opinion from its independent auditors on the effectiveness of its internal control over financial reporting.

These reporting and other obligations place significant demands on TRI Pointe's management, administrative, operational and accounting resources and cause TRI Pointe to incur significant one-time and ongoing expenses. If TRI Pointe's independent auditor is unable to provide an unqualified attestation report on internal control over financial reporting, investors could lose confidence in the reliability of TRI Pointe's financial statements and its stock price could be materially and adversely affected.

***If TRI Pointe fails to maintain an effective system of internal controls, it may not be able to accurately determine its financial results or prevent fraud. As a result, TRI Pointe stockholders could lose confidence in TRI Pointe's financial results, which could materially and adversely affect TRI Pointe and the market price of its common stock.***

Effective internal controls are necessary for TRI Pointe to provide reliable financial reports and effectively prevent fraud. However, a control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of control systems reflects resource constraints and the benefits of controls must be considered in relation to their costs. Accordingly, there can be no assurance that all control issues or fraud will be detected. TRI Pointe cannot be certain that it will be successful in maintaining adequate internal control over its financial reporting and financial processes. Furthermore, in connection with the Transactions and as TRI Pointe continues to grow its business, its internal controls will become

more complex, and TRI Pointe will require significantly more resources to ensure its internal controls remain effective. Additionally, the existence of any material weakness or significant deficiency would require management to devote significant time and incur significant expense to remediate any such material weaknesses or significant deficiencies and management may not be able to remediate any such material weaknesses or significant deficiencies in a timely manner. The existence of any material weakness in TRI Pointe's internal control over financial reporting could also result in errors in its financial statements that could require TRI Pointe to restate its financial statements, cause it to fail to meet its reporting obligations and cause stockholders to lose confidence in its reported financial information, all of which could materially and adversely affect TRI Pointe and the market price of its common stock.

***TRI Pointe is an emerging growth company and, as a result of the reduced disclosure and governance requirements applicable to emerging growth companies, TRI Pointe common stock may be less attractive to investors.***

TRI Pointe is an emerging growth company as defined in the JOBS Act, and it is eligible to take advantage of certain exemptions from various reporting requirements applicable to other public companies but not to emerging growth companies, including, but not limited to, an exemption from the auditor attestation requirement of Section 404 of the Sarbanes-Oxley Act, reduced disclosure about executive compensation arrangements pursuant to the rules applicable to smaller reporting companies and no requirement to seek non-binding advisory votes on executive compensation or golden parachute arrangements. TRI Pointe has elected to adopt these reduced disclosure requirements. TRI Pointe cannot predict if investors will find its common stock less attractive as a result of its taking advantage of these exemptions. If some investors find TRI Pointe common stock less attractive as a result of its choices, there may be a less active trading market for its common stock and its stock price may be more volatile.

**Table of Contents**

In addition, Section 107 of the JOBS Act provides that an emerging growth company can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act for complying with new or revised financial accounting standards. An emerging growth company can therefore delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. However, TRI Pointe has determined to opt out of such extended transition period and, as a result, TRI Pointe will comply with new or revised financial accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. Section 107 of the JOBS Act provides that TRI Pointe's decision to opt out of the extended transition period for complying with new or revised financial accounting standards is irrevocable.

The consummation of the Transactions is expected to cause TRI Pointe to lose its status as an emerging growth company in 2014.

***Changes in accounting rules, assumptions or judgments could materially and adversely affect TRI Pointe.***

Accounting rules and interpretations for certain aspects of TRI Pointe's operations are highly complex and involve significant assumptions and judgment. These complexities could lead to a delay in the preparation and dissemination of TRI Pointe's financial statements. Furthermore, changes in accounting rules and interpretations or in TRI Pointe's accounting assumptions and/or judgments, such as asset impairments, could significantly impact its financial statements. In some cases, TRI Pointe could be required to apply a new or revised standard retroactively, resulting in restating prior period financial statements. Any of these circumstances could materially and adversely affect TRI Pointe's business, liquidity, financial condition and results of operations.

***Any joint venture investments that WRECO has made or that TRI Pointe makes in the future could be materially and adversely affected by lack of sole decision making authority, reliance on co-venturers' financial condition and disputes between TRI Pointe and its co-venturers.***

WRECO has co-invested, and TRI Pointe may co-invest in the future, with third parties through partnerships, joint ventures or other entities, acquiring non-controlling interests in or sharing responsibility for managing the affairs of land acquisition and/or developments. TRI Pointe will succeed to WRECO's investments in its joint ventures in the Transactions. TRI Pointe will not be in a position to exercise sole decision-making authority regarding the land acquisitions and/or developments undertaken by WRECO's joint ventures and any future joint ventures in which TRI Pointe may co-invest, and its investment may be illiquid due to its lack of control. Investments in partnerships, joint ventures or other entities may, under certain circumstances, involve risks not present where a third-party is not involved, including the possibility that partners or co-venturers might become bankrupt, fail to fund their share of required capital contributions, make poor business decisions or block or delay necessary decisions. Partners or co-venturers may have economic or other business interests or goals which are inconsistent with TRI Pointe's business interests or goals, and may be in a position to take actions contrary to TRI Pointe's policies or objectives. Such investments may also have the potential risk of impasses on decisions, such as a sale, because neither TRI Pointe nor the partner or co-venturer would have full control over the partnership or joint venture. Disputes between TRI Pointe and partners or co-venturers may result in litigation or arbitration that would increase TRI Pointe's expenses and prevent its officers and/or directors from focusing their time and effort on TRI Pointe's business. In addition, TRI Pointe may in certain circumstances be liable for the actions of its third-party partners or co-venturers.

***TRI Pointe may become subject to litigation, which could materially and adversely affect TRI Pointe.***

In the future, TRI Pointe may become subject to litigation, including claims relating to its operations, security offerings and otherwise in the ordinary course of business. Some of these claims may result in significant defense costs and potentially significant judgments against TRI Pointe, some of which are not, or cannot be, insured. TRI

Pointe generally intends to vigorously defend itself. However, TRI Pointe cannot be certain of the ultimate outcomes of any claims that may arise in the future. Resolution of these types of matters against TRI Pointe may result in it having to pay significant fines, judgments or settlements, which, if uninsured, or if the fines, judgments and settlements exceed insured levels, could materially and adversely impact its earnings and cash flows. Certain litigation or the resolution of certain litigation may affect the availability or cost of some of TRI Pointe's insurance coverage, which could materially and adversely impact it, expose it to increased risks that would be uninsured, and materially and adversely impact its ability to attract directors and officers.

***Failure by TRI Pointe directors, executives or employees to comply with applicable codes of conduct could materially and adversely affect it and the market price of its stock.***

TRI Pointe has adopted a Code of Business Conduct and Ethics and a Code of Ethics for senior executives and financial officers. TRI Pointe's adoption of these codes and other standards of conduct is not a representation or warranty that all persons subject to those codes or standards are or will be in complete compliance. The failure of a director, executive or employee to comply with applicable codes or standards of conduct may result in termination of the relationship and/or adverse publicity, either of which could materially and adversely affect TRI Pointe and the market price of its stock.

**Table of Contents****Risks Related to Ownership of TRI Pointe Common Stock*****TRI Pointe does not intend to pay dividends on its common stock for the foreseeable future.***

TRI Pointe currently intends to retain its future earnings, if any, to finance the development and expansion of its business and, therefore, does not intend to pay cash dividends on TRI Pointe common stock for the foreseeable future. Any future determination to pay dividends will be at the discretion of TRI Pointe's board of directors and will depend on TRI Pointe's financial condition, results of operations, capital requirements, restrictions contained in any financing instruments and such other factors as the TRI Pointe board of directors deems relevant. Accordingly, TRI Pointe stockholders may need to sell their shares of TRI Pointe common stock to realize a return on their investment, and they may not be able to sell their shares at or above the price they paid for them.

Beginning with the third quarter dividend payable in September 2013, Weyerhaeuser increased its quarterly dividend from \$0.20 per common share to \$0.22 per common share. Weyerhaeuser's dividend decisions are in the sole discretion of its board of directors and depend on a number of factors, some of which are outside of Weyerhaeuser's control. Any decision by Weyerhaeuser's board of directors to increase the dividend, as well as the future payment of dividends and the amount of such dividends, will depend on Weyerhaeuser's results of operations, financial condition, capital requirements and other factors deemed relevant by Weyerhaeuser's board of directors. Common share dividends have exceeded Weyerhaeuser's target ratio in recent years, although Weyerhaeuser cannot guarantee that this will continue in the future.

***Future sales of TRI Pointe common stock or other securities convertible into TRI Pointe common stock could cause the market value of TRI Pointe common stock to decline and could result in dilution of your shares.***

TRI Pointe's board of directors is authorized, without stockholder approval, to cause it to issue additional shares of TRI Pointe common stock or to raise capital through the issuance of preferred stock (including equity or debt securities convertible into common stock), options, warrants and other rights, on terms and for consideration as TRI Pointe's board of directors in its sole discretion may determine. Sales of substantial amounts of TRI Pointe common stock could cause the market price of TRI Pointe common stock to decrease significantly. TRI Pointe cannot predict the effect, if any, of future sales of TRI Pointe common stock, or the availability of TRI Pointe common stock for future sales, on the value of TRI Pointe common stock. Sales of substantial amounts of TRI Pointe common stock by the Starwood Fund or another large stockholder or otherwise, or the perception that such sales could occur, may adversely affect the market price of TRI Pointe common stock.

As of March 24, 2014, the members of TRI Pointe's senior management team collectively owned 2,131,232 shares of TRI Pointe common stock (excluding grants of unvested restricted stock units, unvested options to purchase shares of TRI Pointe common stock and shares of TRI Pointe common stock owned by BMG Homes Inc.), which represents 6.7% of TRI Pointe common stock outstanding and 1.3% of TRI Pointe common stock outstanding on a pro forma basis after giving effect to the Transactions. Further, as of March 24, 2014, the Starwood Fund owned 11,985,905 shares of TRI Pointe common stock (not including 2,701,569 shares subject to the investor rights agreement described in the section entitled "Description of TRI Pointe Capital Stock - Investor Rights Agreement"), which represents 37.9% of TRI Pointe common stock outstanding and 7.4% of TRI Pointe common stock outstanding on a pro forma basis after giving effect to the Transactions. See "Ownership of TRI Pointe Common Stock."

In connection with the Transactions, 675,876 shares of restricted stock granted to Messrs. Bauer, Mitchell and Grubbs will vest. Messrs. Bauer, Mitchell and Grubbs have entered into a lock-up agreement with the Starwood Fund, pursuant to which Messrs. Bauer, Mitchell and Grubbs have agreed not to sell these shares of TRI Pointe common stock until the Starwood Fund owns less than 4.875% of TRI Pointe common stock outstanding. See "Other

Agreements Lock-Up Agreement.

Additionally, pursuant to their employment agreements, each of Messrs. Bauer, Mitchell and Grubbs agreed that, for a period of 36 months following the completion of TRI Pointe's initial public offering, during any calendar quarter, he will not sell shares of TRI Pointe common stock in an amount exceeding the greater of (i) 10% of the shares of TRI Pointe common stock owned by him on the date of the completion of TRI Pointe's initial public offering and (ii) the percentage of shares of TRI Pointe common stock that has been sold or otherwise disposed of by the Starwood Fund during such calendar quarter. Any sales of shares of TRI Pointe common stock made pursuant to the foregoing will be subject to the restrictions imposed by applicable law.

TRI Pointe has entered into a registration rights agreement with the former members of TPH LLC, including the Starwood Fund, the members of TRI Pointe's management team and a third-party investor, with respect to the shares of TRI Pointe common stock that they received as part of TRI Pointe's formation transactions. The shares are referred to collectively as the registrable shares. Pursuant to the registration rights agreement, TRI Pointe granted the former members of TPH LLC and their direct and indirect transferees (i) shelf registration rights to require TRI Pointe to file a shelf registration statement for the registrable shares and to maintain the effectiveness of such registration statement so as to allow sales thereunder from time to time, (ii) demand registration rights to have the registrable shares registered for resale and (iii) in certain circumstances, the right to make piggy-back sales of the registrable shares under registration statements TRI Pointe might file in connection with future public offerings.

**Table of Contents**

TRI Pointe has filed a registration statement on Form S-8 to register the total number of shares of TRI Pointe common stock that may be issued under TRI Pointe's 2013 Long-Term Incentive Plan, including the restricted stock units to be granted to the members of TRI Pointe's management team, other officers and employees and TRI Pointe's director nominees, as well as the options to purchase shares of TRI Pointe common stock to be granted to the members of TRI Pointe's management team.

***Future offerings of debt securities, which would rank senior to TRI Pointe common stock upon TRI Pointe's bankruptcy or liquidation, and future offerings of equity securities that may be senior to TRI Pointe common stock for the purposes of dividend and liquidating distributions, may materially and adversely affect the market price of TRI Pointe common stock.***

In the future, TRI Pointe may attempt to increase its capital resources by making offerings of debt securities or additional offerings of equity securities. Upon TRI Pointe's bankruptcy or liquidation, holders of TRI Pointe's debt securities and shares of preferred stock and lenders with respect to other borrowings will receive a distribution of TRI Pointe's available assets prior to TRI Pointe stockholders. Additional equity offerings may dilute the holdings of TRI Pointe's existing stockholders or reduce the market price of TRI Pointe common stock, or both. TRI Pointe's preferred stock, if issued, could have a preference on liquidating distributions, a preference on dividend payments or both that could limit TRI Pointe's ability to make a dividend distribution to TRI Pointe stockholders. TRI Pointe's decision to issue securities in any future offering will depend on market conditions and other factors beyond TRI Pointe's control. As a result, TRI Pointe cannot predict or estimate the amount, timing or nature of its future offerings.

Under NYSE rules that govern banks, brokers or other nominees who have record ownership of shares that are held in brokerage accounts for their clients, who are the beneficial owners of those shares, banks, brokers or other nominees typically have the authority to vote on routine proposals when they have not received instructions from beneficial owners. Absent specific instructions from the beneficial owner of the shares, however, banks, brokers or other nominees are not allowed to exercise their voting discretion with respect to the approval of non-routine matters. Broker non-votes will be excluded from the tabulation of votes cast and shares entitled to vote, and therefore will have no effect on the vote with respect to non-routine items. Proposals No. 1, No. 2, No. 3, No. 4, No. 5 and No. 7 to be voted on at the annual meeting are considered non-routine. Proposal No. 6 is considered routine and banks, brokers or other nominees may exercise their voting discretion with respect to that proposal.

Abstentions may be specified for all proposals except Proposal No. 5. An abstention will be treated as a vote cast under NYSE rules with regard to Proposals No. 1 and No. 2, and will be treated as present and entitled to vote, and will have the effect of a **NO** vote with respect to Proposals No. 1, No. 2, No. 3, No. 4, No. 6 and No. 7.

## Table of Contents

Shares entitled to vote at the annual meeting may only take action on a matter at the annual meeting if a quorum is present. The presence at the meeting, in person or by proxy, of the holders of a majority of the TRI Pointe common stock outstanding that are entitled to vote at the annual meeting will constitute a quorum for the transaction of business at the annual meeting. If a share is represented for any purpose at the annual meeting, it will be deemed present for purposes of determining whether a quorum exists. Abstentions and broker non-votes will be counted as present and entitled to vote for purposes of determining a quorum. If a quorum is present when the annual meeting is convened, the subsequent withdrawal of stockholders, even if less than a quorum remains after such withdrawal, will not affect the ability of the remaining stockholders to lawfully transact business.

Proposal No. 1, the authorization of the issuance of TRI Pointe common stock in the Merger, must be approved by a majority of the votes cast. For purposes of the NYSE rules, abstentions will be treated as votes cast, but broker non-votes will not be treated as votes cast with regard to Proposal No. 1. If TRI Pointe stockholders fail to authorize this issuance, each of Weyerhaeuser and TRI Pointe will have the right to terminate the Transaction Agreement, and TRI Pointe will be required to reimburse Weyerhaeuser for certain out-of-pocket costs relating to the Transactions. If TRI Pointe stockholders fail to authorize this issuance in connection with a TRI Pointe acquisition proposal, TRI Pointe may be required to pay Weyerhaeuser a termination fee of \$20 million (less any amounts reimbursed by TRI Pointe to Weyerhaeuser for out-of-pocket expenses actually incurred). See The Transaction Agreement Termination of the Transaction Agreement and The Transaction Agreement Fees and Expenses.

Proposal No. 2, the approval of an amendment to TRI Pointe's 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain award limitations intended to allow for awards that qualify as performance-based compensation within the meaning of Section 162(m) of the Code, which amendment is conditioned upon approval of Proposal No. 1, must be approved by a majority of the votes cast. For purposes of the NYSE rules, abstentions will be treated as votes cast, but broker non-votes will not be treated as votes cast with regard to Proposal No. 2.

Proposal No. 3, the approval, on an advisory basis, of the compensation of TRI Pointe's named executive officers, must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. The stockholder vote on this proposal is an advisory vote only and is not binding on TRI Pointe, its board of directors or its Compensation Committee.

Proposal No. 4, the advisory vote on the frequency of future advisory votes to approve the compensation of TRI Pointe's named executive officers, must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. If none of the frequency alternatives (one year, two years or three years) receives a majority vote, TRI Pointe will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by stockholders. The stockholder vote on this proposal is an advisory vote only and is not binding on TRI Pointe, its board of directors or its Compensation Committee.

Proposal No. 5, the election of the seven nominees named in this proxy statement to serve on the board of directors of TRI Pointe until the earlier to occur of the 2015 annual meeting of stockholders or, if required by the Transaction Agreement, such nominee's resignation upon the consummation of the Merger, will be determined by a plurality of the votes cast. Therefore, the seven nominees who receive the highest number of votes will be elected as directors. If no other nominations are properly and timely received in accordance with the Bylaws, then each of the seven nominees named in this proxy statement will be elected if they receive at least one vote. There is no cumulative voting in the election of directors.

Proposal No. 6, the ratification of the appointment of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm for 2014, must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting.

Proposal No. 7, if determined by the TRI Pointe board of directors to be necessary or appropriate, the adjournment(s) or postponement(s) of the annual meeting to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger, must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting.

As of March 24, 2014, TRI Pointe's directors and executive officers held approximately 48.5% of the shares entitled to vote at the annual meeting, of which the Starwood Fund, an affiliate of one of TRI Pointe's directors, held approximately 37.9%. In addition, Merger Sub's directors, executive officers and their affiliates held approximately 9.7% of the shares entitled to vote at the annual meeting. Merger Sub's shareholders are not required to vote on any of the proposals, and Merger Sub will not hold an annual meeting of shareholders in connection with the Transactions.

### **Recommendation of Board of Directors**

After careful consideration, the board of directors of TRI Pointe authorized and approved the form, terms and provisions of the Transaction Agreement, and determined that the terms and conditions of the Transaction Agreement, the Merger, including the issuance of TRI Pointe common stock, the Transactions and the Transaction Documents are advisable, fair to and in the best interests of TRI Pointe and its stockholders.

#### **TRI Pointe's board of directors recommends that stockholders vote:**

**FOR the authorization of the issuance of shares of TRI Pointe common stock in the Merger (Proposal No. 1);**

**FOR the approval of an amendment to TRI Pointe's 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain tax code award limitations, which amendment is conditioned upon approval of Proposal No. 1 (Proposal No. 2);**

**FOR the approval, on an advisory basis, of the compensation of TRI Pointe's named executive officers (Proposal No. 3);**

**EVERY THREE YEARS as the frequency of future advisory votes to approve the compensation of TRI Pointe's named executive officers (Proposal No. 4);**

**FOR the election of each of the seven nominees to the board of directors of TRI Pointe (Proposal No. 5);**

**FOR the ratification of the appointment of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm for 2014 (Proposal No. 6); and**

**If it is determined by the TRI Pointe board of directors to be necessary or appropriate, FOR the approval of adjournment(s) or postponement(s) of the annual meeting to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger (Proposal No. 7).**

#### **How to Vote**

TRI Pointe stockholders can vote in person by completing a ballot at the annual meeting, or TRI Pointe stockholders can vote by giving a proxy. Even if TRI Pointe stockholders plan to attend the annual meeting, TRI Pointe encourages its stockholders to give their proxies as soon as possible. TRI Pointe stockholders can give their proxies using the Internet, by telephone or by mail, as discussed below.

*Vote by Internet:* TRI Pointe stockholders can vote their shares using the Internet. With the enclosed proxy card (or voting instruction card if a TRI Pointe stockholder received its proxy materials by mail from a bank, broker or other nominee) in hand, go to the website indicated on the proxy card and follow the instructions. Internet voting is available twenty-four hours a day, seven days a week until 11:59 p.m. Eastern time on [        ]. TRI Pointe stockholders will be given the opportunity to confirm that their instructions have been properly recorded. If TRI Pointe stockholders give their proxy by Internet, they do NOT need to return their proxy card.

*Vote by Telephone:* TRI Pointe stockholders can vote their shares by telephone if they have a touch-tone telephone. With the enclosed proxy card (or voting instruction card) in hand, call the toll-free number shown on the proxy card and follow the instructions. Telephone voting is available twenty-four hours a day, seven days a week until 11:59 p.m. Eastern time on [        ]. Easy-to-follow voice prompts allow TRI Pointe stockholders to vote their shares and confirm that their instructions have been properly recorded. If TRI Pointe stockholders give their proxy by telephone, they do NOT need to return their proxy card.

*Vote by Mail:* TRI Pointe stockholders can vote their shares by mail, by marking, dating and signing the proxy card (or voting instruction card), and returning it in the postage-paid envelope provided. If TRI Pointe stockholders sign the proxy card but do not specify how they want their shares to be voted, their shares will be voted in accordance with the TRI Pointe board of directors' recommendation on the proposals. All properly executed proxy cards received before the polls are closed at the annual meeting, and not revoked or superseded, will be voted at the annual meeting in accordance with the instructions indicated on those proxy cards.

*Registered Owners:* If a TRI Pointe stockholder's shares of common stock are registered directly in its name with TRI Pointe's transfer agent, American Stock Transfer & Trust Company, LLC, the TRI Pointe stockholder is considered a registered stockholder with respect to those shares. If this is the case, the proxy materials have been sent or provided directly to the TRI Pointe stockholder by American Stock Transfer & Trust Company, LLC.

## **Table of Contents**

*Beneficial Owners:* If a TRI Pointe stockholder holds shares of TRI Pointe common stock in street name or beneficial name (that is, the TRI Pointe stockholder holds its shares through a bank, broker or other nominee), the proxy materials have been forwarded to that stockholder by its brokerage firm, bank or other nominee, which is considered the stockholder of record with respect to these shares. As the beneficial holder, a TRI Pointe stockholder has the right to direct its bank, broker or other nominee as to how to vote its shares by using the voting instruction form or proxy card included in the proxy materials, or by voting via the Internet or by telephone, but the scope of its rights depends upon the voting processes of the bank, broker or other nominee. Please carefully follow the voting instructions provided by the broker, bank or other nominee.

If a TRI Pointe stockholder signs its proxy card without indicating its vote, its shares will be voted **FOR** the authorization of the issuance of shares of TRI Pointe common stock in the Merger, **FOR** the approval of an amendment to TRI Pointe's 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain tax code award limitations, which amendment is conditioned upon approval of the authorization of the issuance of shares of TRI Pointe common stock in the Merger, **FOR** the approval, on an advisory basis, of the compensation of TRI Pointe's named executive officers, **EVERY THREE YEARS** as the frequency of future advisory votes to approve the compensation of TRI Pointe's named executive officers, **FOR** the election of the seven nominees named in this proxy statement to serve on the board of directors of TRI Pointe until the earlier to occur of the 2015 annual meeting of stockholders or, if required by the Transaction Agreement, such nominee's resignation upon the consummation of the Merger, **FOR** the ratification of the appointment of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm for 2014, and, if it is determined by the TRI Pointe board of directors to be necessary or appropriate, **FOR** the approval of adjournment(s) or postponement(s) of the annual meeting, to solicit additional proxies, and in accordance with the recommendations of the TRI Pointe board of directors on any other matters properly brought before the annual meeting for a vote or any adjourned or postponed session of the annual meeting.

## **Solicitation of Proxies**

TRI Pointe will bear the entire cost of soliciting proxies from its stockholders. In addition to solicitation of proxies by mail, proxies may be solicited in person, by telephone or other electronic communications, such as emails or postings on TRI Pointe's website by TRI Pointe's directors, officers and employees, who will not receive additional compensation for these services. TRI Pointe has retained Eagle Rock Proxy Advisors, LLC to assist in the solicitation of proxies for a fee of \$3,500 plus expenses. Banks, brokers and other nominees will be requested to forward soliciting material to beneficial owners of stock held of record by them, and TRI Pointe will reimburse those persons for their reasonable expenses in doing so.

## **Revocation of Proxies**

If a holder of record of TRI Pointe common stock has properly completed and submitted its proxy card, the TRI Pointe stockholder can change its vote in any of the following ways:

by executing a notice of revocation stating that the TRI Pointe stockholder revokes its proxy and properly sending it to the Corporate Secretary of TRI Pointe so that it is received prior to the annual meeting;

by properly completing a new proxy card bearing a later date and properly submitting it so that it is received prior to the annual meeting;

by logging onto the internet website specified on the proxy card (or voting instruction card if a TRI Pointe stockholder received its proxy materials by mail from a bank, broker or other nominee) in the same manner a stockholder would to submit its proxy electronically or by calling the toll-free number specified on the proxy card (or voting instruction card) prior to the annual meeting, in each case if the TRI Pointe stockholder is eligible to do so and following the instructions on the proxy card (or voting instruction card); or

by attending the annual meeting and voting in person.

Simply attending the annual meeting will not revoke a proxy. In the event of multiple online or telephone votes by a TRI Pointe stockholder, each proxy will supersede the previous proxy and the last proxy given will be deemed to be the final proxy of the stockholder unless such proxy is revoked in person at the annual meeting.

If a TRI Pointe stockholder holds shares in street name through its bank, broker or other nominee, and has directed such person to vote its shares, it should instruct such person to change its vote, or if, in the alternative, a TRI Pointe stockholder holding shares in street name wishes to vote in person at the annual meeting, the stockholder must obtain a legal proxy from the bank, broker or other nominee and present the legal proxy at the annual meeting.

### **Adjournments and Postponements**

Although it is not currently expected, if it is determined by the TRI Pointe board of directors to be necessary or appropriate, the annual meeting may be adjourned or postponed for the purpose of soliciting additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger. Any adjournment or postponement may be made from time to time by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting, without further notice other than by an announcement made at the annual meeting, unless such adjournment is for more than 30 days or if after such adjournment a new record date is fixed for the adjourned meeting. Any adjournment or postponement of the annual meeting for the purpose of soliciting additional proxies will allow TRI Pointe stockholders who have already sent in their proxies to revoke them at any time prior to their use at the annual meeting as adjourned or postponed.

The adjournment or postponement proposal relates only to an adjournment or postponement of the annual meeting occurring for purposes of soliciting additional proxies for the approval of the issuance of shares of TRI Pointe common stock in the Merger. TRI Pointe's board of directors retains full authority to adjourn or postpone the annual meeting for any other purpose, including the absence of a quorum, or to postpone the annual meeting before it is convened, without the consent of any stockholders.

### **Attending the Annual Meeting**

All TRI Pointe stockholders, including stockholders of record and stockholders who hold their shares in street name through banks, brokers or other nominees, are invited to attend the annual meeting. Stockholders of record can vote in person at the annual meeting. To attend the annual meeting, TRI Pointe stockholders need to bring an admission ticket (or legal proxy as described below) and valid picture identification. If a TRI Pointe stockholder's shares are registered in its name and the holder received proxy materials by mail, its admission ticket is attached to its proxy card. If a TRI Pointe stockholder holds shares in street name through an account with a bank, broker or other nominee, the holder will need to contact its bank, broker or other nominee and obtain a legal proxy from the bank, broker or other nominee and present the legal proxy at the annual meeting, which legal proxy will serve as the stockholder's admission ticket. Cell phones must be turned off prior to entering the annual meeting. Cameras and video, audio or any other electronic recording devices will not be allowed in the meeting room during the annual meeting, except to the extent permitted by TRI Pointe. You can obtain directions to be able to attend the annual meeting and vote in person, by requesting them in writing or by telephone from TRI Pointe at the following address and telephone number: 19520 Jamboree Road, Suite 200, Irvine, California 92612, Attention: Investor Relations; Telephone: (949) 478-8600.

TRI Pointe expects representatives of Ernst & Young LLP to be present at the annual meeting and available to respond to questions.

### **Householding**

SEC rules allow delivery of a single document to households at which two or more stockholders reside. Accordingly, TRI Pointe stockholders sharing an address who have been previously notified by their bank, broker or other nominee will receive only one copy of this proxy statement, unless the stockholder has provided contrary instructions. Individual proxy cards or voting instruction cards will, however, continue to be provided for each stockholder account. This procedure, referred to as householding, reduces the volume of duplicate information received by stockholders, as well as TRI Pointe's expenses. Stockholders having multiple accounts may have received householding notifications from their respective banks, brokers or other nominees and, consequently, such stockholders may receive only one document. Stockholders that prefer to receive separate copies of the document may

request to receive separate copies of the document by notifying TRI Pointe's Corporate Secretary in writing or by telephone at the following address: TRI Pointe Homes, Inc., Attention: Corporate Secretary, 19520 Jamboree Road, Suite 200, Irvine, California 92612, telephone: (949) 478-8600. TRI Pointe will provide the document promptly upon request. Stockholders currently sharing an address with another stockholder that wish to have only one proxy statement and annual report delivered to the household in the future should also contact TRI Pointe's Corporate Secretary.

**Table of Contents****INFORMATION ON WEYERHAEUSER S OFFER TO EXCHANGE**

In the Transactions, Weyerhaeuser will offer to Weyerhaeuser shareholders the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock. See The Transactions. WRECO will file a registration statement on Form S-4 and Form S-1 to register its common shares, which will be distributed to Weyerhaeuser shareholders pursuant to a spin-off or a split-off in connection with the Merger. The WRECO common shares will be immediately converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. TRI Pointe will file a registration statement on Form S-4 to register the shares of its common stock to be issued in the Merger. The terms and conditions of the exchange offer are described in WRECO s registration statement and TRI Pointe s registration statement. TRI Pointe and its stockholders are not a party to the exchange offer and are not being asked to separately vote on the exchange offer or to otherwise participate in the exchange offer.

Upon the consummation of the exchange offer, Weyerhaeuser will irrevocably deliver to the exchange agent a global certificate representing all of the WRECO common shares being distributed by Weyerhaeuser, with irrevocable instructions to hold the WRECO common shares in trust for the holders of Weyerhaeuser common shares validly tendered and not properly withdrawn in the exchange offer and, in the case of a pro rata distribution, Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. TRI Pointe will deposit with the transfer agent for the benefit of persons who received WRECO common shares in the exchange offer certificates or book-entry authorizations representing shares of TRI Pointe common stock, with irrevocable instructions to hold the shares of TRI Pointe common stock in trust for the holders of WRECO common shares.

TRI Pointe expects to issue 129,700,000 shares of its common stock in the Merger, excluding shares to be issued on exercise or vesting of equity awards held by WRECO employees that are being assumed by TRI Pointe in connection with the Transactions. Based upon the reported closing sale price of \$[ ] per share for TRI Pointe common stock on the NYSE on [ ], 2014, the total value of the shares to be issued by TRI Pointe and the amount of cash received by WNR, a subsidiary of Weyerhaeuser, in the Transactions, including from the proceeds of the New Debt (which will be an obligation of WRECO and will be guaranteed by WRECO s material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions) as discussed below but not including any Adjustment Amount as described in The Transaction Agreement Payment of Adjustment Amount, would have been approximately \$[ ] billion. The actual value of the consideration to be paid by TRI Pointe will depend on the market price of shares of TRI Pointe common stock at the time of determination and on the Adjustment Amount. Therefore, the actual purchase price will fluctuate with the market price of TRI Pointe common stock until the Merger is consummated.

Weyerhaeuser s exchange offer is subject to various conditions listed in WRECO s registration statement and TRI Pointe s registration statement. The information included in this section regarding Weyerhaeuser s exchange offer is being provided to TRI Pointe stockholders for informational purposes only and does not purport to be complete. For additional information on Weyerhaeuser s exchange offer and the terms and conditions of Weyerhaeuser s exchange offer, TRI Pointe stockholders are urged to read WRECO s registration statement on Form S-4 and Form S-1 (Reg. No. 333-193251), or TRI Pointe s registration statement on Form S-4 (Reg. No. 333-193248), and all other documents WRECO or TRI Pointe has filed or will file with the SEC relating to the Transactions. This proxy statement constitutes only a proxy statement for TRI Pointe stockholders relating to, among other things, the approval of the issuance of shares of TRI Pointe common stock in the Merger and is not an offer to sell or an offer to purchase shares of TRI Pointe common stock.

**INFORMATION ON TRI POINTE**

**Overview**

TRI Pointe was founded in April 2009 and is engaged in the design, construction and sale of innovative single-family homes in planned communities in major metropolitan areas located throughout California and Colorado. As of December 31, 2013, TRI Pointe's operations consisted of 27 communities, ten of which were actively selling, containing 2,282 lots under various stages of development in California and Colorado. Since its formation, TRI Pointe has sold over 1,100 homes (including fee building projects), a number of which are located in prestigious master planned communities in California, and has forged relationships with several leading national land developers.

Net new home orders for TRI Pointe's owned projects for the year ended December 31, 2013 were 477. For the year ended December 31, 2013, TRI Pointe delivered 396 homes from its owned projects for total home sales revenue of \$247.1 million. The cancellation rate of buyers for TRI Pointe's owned projects who contracted to buy a home but did not close escrow (as a percentage of overall orders) was 10% during the year ended December 31, 2013. The dollar amount of TRI Pointe's backlog of homes sold but not closed for its owned projects as of December 31, 2013 was \$111.6 million.

For a more detailed description of the business of TRI Pointe, see TRI Pointe's Annual Report on Form 10-K for the year ended December 31, 2013, which is incorporated by reference into this proxy statement. See [Where You Can Find More Information](#); Incorporation by Reference.

**TRI Pointe's Business After the Transactions**

The combination of the Real Estate Business with TRI Pointe's existing business is intended to create a regionally focused national homebuilder with an established presence in some of the most attractive housing markets in the United States. The Transactions, if consummated, will establish TRI Pointe as one of the ten largest homebuilders in the United States based on estimated combined equity market value, assuming TRI Pointe issues 129,700,000 shares of its common stock in the Merger and based on the closing price of its common stock on November 1, 2013.

TRI Pointe expects the Transactions to have the following strategic benefits:

*Enhanced geographic presence.* TRI Pointe will significantly broaden its geographic footprint with the addition of the Real Estate Business, providing entry into high-growth markets that exhibit favorable long-term economic and demographic fundamentals, including expected home value, permit and population growth. These markets include Houston, Phoenix and Tucson, Las Vegas, the Washington, D.C. suburbs, Richmond and the Puget Sound region of Washington State. Home value growth in each of Las Vegas, Phoenix and the Puget Sound region of Washington State is expected to exceed the U.S. average on both a year-over-year and a next five years basis. Moreover, housing permits as a percentage of peak in most of these markets are relatively moderate as compared to the U.S. average, which indicates significant potential for growth in these markets.

*Deepened California footprint.* The addition of Pardee Homes will provide TRI Pointe with a considerable number of additional fully- or partially-entitled lots in key Southern California counties, including Los Angeles, San Diego and Riverside, in which the land entitlement and development

environment is complex and typically lengthy, requiring significant expertise and capital.

*Expanded land holdings.* As a result of the Transactions, TRI Pointe will increase its land inventory by gaining control of WRECO's approximately 28,000 lots (excluding lots that are expected to be transferred to Weyerhaeuser and its subsidiaries by WRECO as a result of the REB Transfers). Approximately 17,000 of these lots are located in entitlement-constrained California markets, as identified above. The added land holdings provide optionality for future land and lot sales.

*Best-in-class management team.* In addition to TRI Pointe's executive management team, TRI Pointe will gain experienced presidents who manage the homebuilding subsidiaries of WRECO, with substantial industry knowledge and local market expertise. The average homebuilding experience of these presidents exceeds 20 years.

*Increased market capitalization and liquidity.* The Transactions will increase TRI Pointe's market capitalization and shares outstanding. Moreover, the Transactions will also improve TRI Pointe's access to the capital markets by providing it with more diversified operations, a substantially increased portfolio of assets and increased scale, all of which, when combined with TRI Pointe's expected conservative capital structure, will make TRI Pointe more attractive to both equity and debt investors and institutional lenders. Additionally, the combined company will benefit from strong margin contribution from WRECO's assets, which are being transferred at book value.

---

**Table of Contents****TRI Pointe's Liquidity and Capital Resources After the Transactions**

As of December 31, 2013, TRI Pointe had total assets of \$506.0 million, current liabilities of \$45.6 million and debt of \$138.1 million. Following the consummation of the Transactions, TRI Pointe's total assets and liabilities will increase significantly. As of December 31, 2013, on a pro forma basis, TRI Pointe would have had total assets of \$2.5 billion, current liabilities of \$229.4 million and long-term debt of \$938.1 million. TRI Pointe also expects its cash from operations to increase significantly as a result of the consummation of the Transactions and the integration of WRECO.

TRI Pointe believes that the combination of the Real Estate Business with TRI Pointe's existing business will result in annualized cost synergies of approximately \$7 million in 2014 and approximately \$30 million annually thereafter. The cost synergy estimate for 2014 has been adjusted to reflect the current expectation that the Transactions will be consummated early in the third quarter of 2014. Synergies resulting from the combination are expected to be derived from, among other areas, overhead savings resulting from streamlining certain redundant corporate functions, improved operating efficiencies, including provision of certain corporate level administrative and support functions at a lower cost than was historically allocated to WRECO for such services by Weyerhaeuser, and growth of ancillary operations in various markets as permitted under applicable law, including a mortgage business, a title company and other ancillary operations.

Weyerhaeuser has historically provided various services to WRECO, including corporate governance, cash management and other treasury services, administrative services, lease of office space, aviation services and insurance coverage, as described in *Information on WRECO Overview*. During the years ended December 31, 2013, 2012 and 2011, WRECO incurred \$22.9 million, \$20.5 million and \$17.3 million, respectively, of allocated corporate general and administrative expense from Weyerhaeuser. See *Note 11: Relationship and Transactions with Weyerhaeuser* to WRECO's audited consolidated financial statements included in this proxy statement for further information regarding the allocated corporate general and administrative expense. As TRI Pointe currently provides or procures many of these same services for itself, TRI Pointe does not anticipate that providing these services to WRECO will materially and adversely affect the integration process. In addition, although there can be no assurances, TRI Pointe anticipates that it may be able to provide these services to WRECO at a lower annual cost than the amounts allocated by Weyerhaeuser. These anticipated cost savings were taken into account when the cost savings and synergies expected to result from the Transactions were estimated.

TRI Pointe expects to incur significant one-time costs in connection with the Transactions, including (i) up to \$15 million of Transaction-related fees and expenses, including legal, accounting and other professional fees, but excluding financing-related fees, transition and integration expenses and advisory fees, (ii) approximately \$6 million of advisory fees, (iii) approximately \$28 million of financing-related fees, (iv) if the Transactions are consummated, reimbursement of up to \$15 million of Transaction-related fees and expenses incurred by Weyerhaeuser, other than advisory fees, and (v) transition and integration expenses. Additionally, TRI Pointe may have to pay the Adjustment Amount in cash to WNR, as described in *The Transaction Agreement Payment of Adjustment Amount*. While TRI Pointe expects to be able to fund these one-time costs and the Adjustment Amount, if payable by TRI Pointe, using cash from operations and borrowings under existing and anticipated credit sources, these costs will negatively impact TRI Pointe's liquidity, cash flows and results of operations in the periods in which they are incurred.

Following the consummation of the Transactions, the New Debt will be a debt obligation of WRECO, which will be a wholly owned subsidiary of TRI Pointe, and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions. In addition, subject to ongoing negotiations between TRI Pointe and certain lenders, the Revolving Credit Agreement may be amended, modified or replaced and borrowing availability thereunder or under a new revolving

facility may exceed \$175 million.

TRI Pointe anticipates that its primary sources of liquidity for working capital and operating activities, including any future acquisitions, will be cash from operations and borrowings under existing debt arrangements, including the Revolving Credit Agreement, or a new credit facility. TRI Pointe expects that these sources of liquidity will be sufficient to make required payments of interest on the outstanding TRI Pointe debt and to fund working capital and capital expenditure requirements, including the significant one-time costs relating to the Transactions described above. TRI Pointe expects that it will be able to comply with the financial and other covenants of its existing debt arrangements, including the Revolving Credit Agreement, and the covenants under the agreements governing the New Debt.

For more information on WRECO's and TRI Pointe's existing sources of liquidity, see Management's Discussion and Analysis of Financial Condition and Results of Operations for WRECO in this proxy statement and the Management's Discussion and Analysis of Financial Condition and Results of Operations section contained in TRI Pointe's Annual Report on Form 10-K for the year ended December 31, 2013, which is incorporated by reference into this proxy statement. See Where You Can Find More Information; Incorporation by Reference.

TRI Pointe's board of directors currently consists of the following seven directors:

Barry S. Sternlicht

Douglas F. Bauer

J. Marc Perrin

Richard D. Bronson

Wade H. Cable

Steven J. Gilbert

Thomas B. Rogers

The TRI Pointe board of directors has determined that five of its directors, Messrs. Bronson, Cable, Gilbert, Perrin and Rogers, constituting a majority, satisfy the listing standards for independence of the NYSE and Rule 10A-3 under the Exchange Act.

For biographical information for each person who is currently a member of the board of directors of TRI Pointe, see Board of Directors Director Nominees.

The Transaction Agreement provides that upon the consummation of the Merger, TRI Pointe will increase the size of its board of directors from seven to nine directors, the majority of whom will be independent directors in accordance with NYSE listing requirements. Assuming they are re-elected at the annual meeting, Messrs. Perrin, Bronson and Cable will resign from the board of directors of TRI Pointe on the Closing Date. Messrs. Sternlicht, Bauer, Gilbert and Rogers will continue to serve as directors of TRI Pointe following the consummation of the Transactions, and TRI Pointe will appoint Mr. Chris Graham as a director on the Closing Date. The TRI Pointe board of directors believes that if the Transactions are consummated and Mr. Graham is appointed as a director, he will provide substantial financial and investment management experience to the TRI Pointe board of directors. Weyerhaeuser will select the remaining four directors. Each of TRI Pointe and Weyerhaeuser will have reasonable approval rights over the directors selected for appointment by the other party, taking into account applicable independence and other NYSE listing requirements.

Listed below is the biographical information for Mr. Graham.

CHRISTOPHER GRAHAM, 39, is a Senior Managing Director at Starwood Capital Group, supervising its investments in North America. Mr. Graham is responsible for originating, structuring, underwriting and closing investments in all property types. At Starwood Capital Group, he has managed Starwood Land Ventures and overseen Starwood's investments in approximately 10,000 residential lots. In addition, he has overseen the acquisition of approximately \$300 million of non performing single-family residential loans. Prior to joining Starwood Capital Group in 2002, Mr. Graham was with CB Richard Ellis in Washington, D.C., where he was Director of its Financial Consulting Group for the Eastern Region of the United States. Prior to this role, Mr. Graham was Associate Director, Eastern Region of CB Richard Ellis Investment Properties Group. Mr. Graham also served as a consultant to Lincoln Property Company's Washington, D.C. office on various asset management, development and acquisition assignments. Mr. Graham received a BBA in finance from James Madison University and an MBA from Harvard Business School.

Weyerhaeuser is in the process of identifying the individuals whom it will select for appointment to the board of directors of TRI Pointe upon the consummation of the Merger, and details regarding these individuals will be provided in an amendment to this proxy statement.

**INFORMATION ON WRECO**

**Overview**

WRECO is primarily engaged in the design, construction and sale of single-family homes in California, Texas, Arizona, Washington, Nevada, Maryland and Virginia. In 2012, WRECO was a top 20 U.S. homebuilder as measured by annual single-family home deliveries. WRECO's core markets are Southern California, Houston, Phoenix and Tucson, the Puget Sound region of Washington State, Las Vegas, Richmond, and the Washington, D.C. suburbs. In addition, WRECO is a developer of master planned communities, which include residential lots for its own use, lots for sale to other homebuilders, and the sale of commercial and multi-family properties, primarily in Southern California.

Headquartered in Washington, WRECO was founded in 1970 as a subsidiary of Weyerhaeuser. WRECO conducts its operations through five homebuilding subsidiaries: Maracay Homes LLC ( Maracay ), Pardee Homes ( Pardee ), The Quadrant Corporation ( Quadrant ), Trendmaker Homes, Inc. ( Trendmaker ) and Winchester Homes, Inc. ( Winchester ). The homebuilding subsidiaries are managed by presidents who have substantial industry knowledge and local market expertise. The average homebuilding experience of these presidents exceeds 20 years.

WRECO believes that it has acquired a reputation for building quality homes. This reputation has positioned its homebuilding subsidiaries as preferred local brands that offer an extensive collection of detached and attached home designs for a variety of market segments ranging from entry level to move-up to luxury homes. In recent years, WRECO has introduced complementary brands and broadened its product offerings to expand existing, and enter into new, core markets. Further, in some of its markets, WRECO offers the option to build homes on lots owned by others. As a result, WRECO builds across a variety of base sales prices, ranging from approximately \$165,000 to more than \$2 million, and home sizes, ranging from approximately 1,000 to 8,500 square feet.

WRECO's broad product offerings and local brand power are fundamental to positioning its homebuilding operations with land sellers. WRECO has forged relationships with regional and national land developers based on its market-driven product offerings, excellent reputation and record of customer satisfaction. As a result, WRECO has the flexibility to pursue a wide range of land acquisition opportunities in support of homebuilding strategies appropriate for each of its markets.

WRECO combines its land development expertise with its homebuilding operations to increase the flexibility of its business by developing residential lots for its own use or sale to other homebuilders, and controlling the scheduled delivery of lots to meet market demand. Management believes most of WRECO's land positions are located in supply constrained markets with historically strong housing demand, diverse employment and desirable quality of life characteristics. Land acquisition and entitlement are highly regulated and complex in most of WRECO's core markets, including California, Maryland and Washington. Consequently, WRECO relies on its knowledge of local markets and operating history with local, state and federal regulators to obtain necessary land development and home construction approvals.

***Historical Business Relationship with Weyerhaeuser***

Weyerhaeuser indirectly owns all of the issued and outstanding WRECO common shares and will own these shares until the Distribution occurs. WRECO has purchased certain products from Weyerhaeuser on market terms and conditions. WRECO has no obligation to purchase from Weyerhaeuser, nor is it dependent upon Weyerhaeuser to provide, these products. WRECO's historical consolidated financial statements include allocations of certain Weyerhaeuser corporate general and administrative expenses. WRECO's management believes the assumptions and

methodologies underlying the allocation of corporate general and administrative expenses are reasonable. However, these expenses may not be indicative of the actual level of expense that would have been incurred by WRECO if it had operated as an independent company or of expenses expected to be incurred in the future. These allocated expenses relate to various services that have historically been provided to WRECO by Weyerhaeuser, including corporate governance, cash management and other treasury services, administrative services (such as government relations, tax, employee payroll and benefit administration, internal audit, legal, accounting, human resources and equity-based compensation plan administration), lease of office space, aviation services and insurance coverage. During the years ended December 31, 2013, 2012 and 2011, WRECO incurred \$22.9 million, \$20.5 million and \$17.3 million, respectively, of allocated corporate general and administrative expenses from Weyerhaeuser. See *Note 11: Relationship and Transactions with Weyerhaeuser* to WRECO's audited consolidated financial statements included elsewhere in this proxy statement for further information regarding the allocated corporate general and administrative expenses.

***Land Acquisition Strategy***

WRECO's land acquisition strategy for its single-family housing operations focuses on the acquisition and development of entitled parcels that can be absorbed within approximately 12 to 48 months from the start of sales depending on the characteristics of each market. This strategy mitigates development and market cycle risk while maintaining an inventory of owned and controlled lots sufficient to meet demand in light of available land, developer channels, the entitlement environment and other factors specific to each market.

In markets with higher barriers to entry and a more challenging entitlement environment, such as Southern California, WRECO's land strategy includes the acquisition of unentitled and undeveloped land for the development of master planned communities where it can add value through the entitlement and development process. Completion of these master planned communities can take up to ten years or longer depending on a number of factors including the length of time necessary to obtain entitlements.

WRECO's ability to identify, acquire and develop land in desirable locations and on favorable terms is critical to achieving its land strategy. WRECO believes its expertise and experience in land acquisition, entitlement and development is important to its success. WRECO uses its extensive relationships with land sellers, developers of master planned communities, other homebuilders, brokers and investors to acquire attractive land parcels to support its growth.

WRECO's acquisition process generally includes the following steps to mitigate acquisition, development and market cycle risk:

due diligence on the land parcel prior to committing to the acquisition;

limiting acquisitions to land parcels that are consistent with the specific value proposition, market focus, and regional land strategy of the homebuilding subsidiary acquiring the land parcel;

review of entitlements, other governmental approvals and title;

environmental and soils review;

review of market studies;

preparation of detailed budgets for all cost and revenue categories; and

utilization of options, joint ventures or other land acquisition arrangements.

All land acquisitions are subject to review and approval by WRECO's land committee consisting of its chief executive officer, executive vice-president, chief investment officer, controller and general counsel.

***Land Position***

WRECO acquires land pursuant to purchase contracts and option contracts, typically at fixed prices. Option contracts may require refundable or non-refundable deposits, which vary by transaction, and authorize, but do not obligate, WRECO to acquire the land. The term within which WRECO can exercise its option varies by transaction and the acquisition closing is often contingent upon the completion of necessary entitlement approvals or the completion of infrastructure improvements. Depending upon the transaction, WRECO may acquire all of the land at one time or it may have the right to acquire a specified number of lots over agreed upon intervals.

The following table summarizes the lots owned and controlled by homebuilding subsidiary as of December 31, 2013.

- (1) Lots controlled include lots under purchase agreements or option contracts, but exclude lots subject to non-binding agreements such as letters of intent. There can be no assurance that WRECO will acquire these lots on the terms or timing anticipated, or at all, or that WRECO will proceed to build and sell homes on any of these controlled lots.
- (2) Excludes lots that are expected to be transferred to Weyerhaeuser and its subsidiaries by WRECO as a result of the REB Transfers. See *The Transaction Agreement Transfers of Certain Assets and Assumption of Certain Liabilities*. WRECO's current inventory of owned and controlled lots represents approximately 9.4 years of supply based on the number of homes delivered during 2013, excluding non-single-family land or lot sales. ### ***Design, Construction and Procurement***

WRECO's homebuilding subsidiaries tailor their product lines to the local architectural styles found in each core market. The product offering in each community takes into account the land design plan, consumer preferences, competitive positioning, regulatory requirements and costs for land, development and home construction.

In most of WRECO's communities, a minimum of three home plans are offered for sale, each with different architecture and exterior treatment. WRECO's homebuilding subsidiaries develop new home designs to replace or refresh existing plans to reflect current consumer preferences.

WRECO's homebuilding subsidiaries design their homes, specify components and supervise the construction activity provided by subcontractors that they have pre-qualified based on a number of factors including quality and safety. The scope of their on-site construction supervision includes scheduling and coordinating subcontractor work, monitoring quality and safety practices and ensuring compliance with contractual requirements and relevant building codes. WRECO does not directly employ tradespeople such as carpenters, electricians, plumbers, and roofers. Subcontractors are required to provide indemnities, warranties and evidence of insurance.

Construction of a home typically starts after a homebuyer has selected a lot and home design, executed a purchase contract and received preliminary mortgage approval. Construction may also begin prior to contract execution to satisfy anticipated market demand for completed homes and to facilitate efficient construction scheduling. The duration of the home construction process is generally between three and six months. The time required for home construction is influenced by weather, availability of materials and subcontractors, construction complexity and timeliness of governmental inspections.

WRECO has approximately 100 national purchasing contracts with well-established suppliers of appliances, heating, ventilation and air conditioning systems, insulation, lumber, siding and roofing material, paint, plumbing and lighting fixtures, among other building materials. These contractual relationships allow WRECO to leverage its purchasing power through a combination of attractive pricing, model home discounts, rebates and, in certain circumstances, retroactive pricing upon contract renewal. Each of WRECO's homebuilding subsidiaries elects whether to opt into these national purchasing contracts based on its needs. These national purchasing contracts collectively cover approximately 20% to 30% of the total construction cost of a typical house. Some of these national purchasing contracts have allocation protection provisions during periods of supply shortages and allow for cooperative marketing.

WRECO purchases product from Weyerhaeuser pursuant to national purchasing contracts and through other channels, in all cases on market terms and conditions. WRECO has no obligation to purchase from Weyerhaeuser, nor is it dependent upon Weyerhaeuser to provide, these products.

### ***Sales and Marketing***

WRECO preliminarily develops marketing plans, including product, pricing and promotion strategies, during the feasibility stage of a proposed land acquisition. Specific strategies are refined after land acquisition and adjusted for market and competitive conditions expected at the time of community opening. Homes are sold by employed community sales personnel who review with the homebuyers the mortgage financing options, local community amenities and the features and benefits of each home design, including available options and upgrades. A new home order is reported when a purchase contract has been executed by the homebuyer, approved by the homebuilding subsidiary and secured by a cash deposit, subject to cancellation. Single-family home sales revenue is recognized when title and possession have been transferred to the homebuyer.

Most WRECO communities have model homes for potential homebuyers to tour and view available design options, product upgrades and color selections. The number and type of design options vary with the size and base sales price of the home and range from adding additional electrical outlets to converting a room or finishing a basement. Product upgrades include, among other things, flooring, cabinet, appliance, lighting and plumbing fixture choices. In certain base sales price segments, WRECO also offers its homebuyers the opportunity to customize their home with specific design modifications, including structural changes. Options and product upgrades represent sources of incremental revenue and profit above base sales prices.

WRECO advertises directly to potential customers through the Internet and in newspapers, brochures, newsletters and trade publications. Brand and community specific websites are used to advertise community locations, home designs and base sales price ranges.

Purchase contracts entered into between WRECO and its homebuyers typically require a deposit, the amount of which varies by market and community. Homebuyers may be required to increase the amount of the deposit depending on the options and upgrades selected. If a homebuyer cancels its purchase contract, the deposit may be either retained by WRECO or returned to the homebuyer, depending on the reason for cancellation and statutory requirements.

### ***Warranty Programs***

WRECO's homebuilding subsidiaries offer customer care and limited warranty service programs that generally provide for one to two years of coverage for defects in workmanship and materials, including roofing, electrical, plumbing and heating, ventilation and air conditioning systems, and up to ten years for foundation and major structural components. In addition, certain home systems and appliances are warranted directly to the homebuyer by the manufacturer or passed through to the homebuyer by WRECO's homebuilding subsidiaries. Some of its homebuilding subsidiaries' warranty programs are backed by a third-party home warranty company. Generally, warranties are transferable to homebuyers who purchase their homes from the original homebuyers, subject to the same program rules as agreed to by the original homebuyer, including arbitration of disputes that cannot be resolved between the homebuyer and WRECO's homebuilding subsidiaries. In some states, additional statutory warranties and notice and opportunity to cure requirements also may exist.

WRECO's homebuilding subsidiaries contract their home construction to subcontractors who generally provide them with an indemnity and a warranty and, therefore, claims relating to workmanship and materials are generally the primary responsibility of their subcontractors. Certain warranty obligations of Pardee are insured. WRECO establishes warranty reserves in an amount it believes are adequate to cover expected costs of labor and material during warranty periods.

There can be no assurance, however, that (i) the terms and limitations of the limited warranty will be effective against claims made by homebuyers, (ii) insurance or third party home warranty coverage can be renewed or renewed at reasonable rates, (iii) the homebuilding subsidiaries will not be liable for damages, the cost of repairs, and/or the expense of litigation surrounding possible construction defects, soil subsidence or expansion, or building related claims or (iv) claims will not arise out of events or circumstances not covered by insurance and not subject to effective indemnification agreements with their subcontractors.

### ***Sustainability***

WRECO's homebuilding subsidiaries have been recognized as leaders in sustainable homebuilding. As an example, Pardee has been a pioneer in sustainable practices for production builders since 2001, earning multiple awards over the years including the Green Building Corporate Advocate of the Year by the National Association of Home Builders in 2010. Each homebuilding subsidiary offers a comprehensive package of value-oriented sustainable features and options under the Living Smart brand to reduce energy and water usage, utilize sustainable and recycled materials and improve air quality.

### ***Non-Single-Family***

WRECO also engages in non-single-family operations, including the sale of land, lots and other operations. Other operations include the development and sale of commercial and multi-family properties and the development and sale of property for civic uses, such as parks and school sites. Most of the commercial, multi-family and civic use properties developed and sold by WRECO are part of master planned communities.

The following table sets forth WRECO's non-single-family revenue by homebuilding subsidiary and by state for each of the last five years:

## **Table of Contents**

The variability in non-single-family revenue from period to period is a function of market conditions, volume of land sold, land use (for example, residential, retail, commercial or civic use), macroeconomic factors (such as the recent global financial crisis) and land condition (for example, undeveloped, partially developed or ready for construction). In certain circumstances, land sales agreements may provide for payments to be made over a period of more than one year with such obligations secured by the underlying land with a first deed of trust or mortgage. Non-single-family revenue is recognized when required down payments have been received, there is no substantial continuing involvement with the real estate and all other criteria for sale and profit recognition are satisfied.

Winchester has received multiple awards for excellence in home design and customer satisfaction. In 2013, Winchester was named High Volume Builder of the Year for the seventh consecutive year by The Maryland-National Capital Building Industry Association for excellence in scheduling, supervision, engineering, quality control and ethics.

Net new home orders for the year ended December 31, 2013 were 412. For the year ended December 31, 2013, Winchester's operations consisted of 21 average selling communities.

For the year ended December 31, 2013, Winchester delivered 345 homes for single-family home sales revenue of \$217.8 million. The dollar amount of backlog for homes sold but not closed as of December 31, 2013 was approximately \$141.2 million. As of December 31, 2013, Winchester owned and controlled 2,105 and 1,088 lots, respectively, in Maryland and Virginia for a total of 3,193 lots owned and controlled.

**Table of Contents****Competition**

WRECO operates in a very competitive environment that is characterized by competition from other homebuilders and land developers in each market in which it currently operates. There are relatively low barriers to entry into WRECO's homebuilding business. WRECO competes with numerous national and regional homebuilding or development companies and with smaller local homebuilders and land developers for, among other things, customers, desirable land parcels, financing, raw materials and skilled management and labor resources. WRECO also competes with the resale, or previously owned, home market, the size of which has increased significantly due to the large number of homes that have been foreclosed on due to the recent economic downturn or that could be offered for sale due to other reasons. WRECO may be at a competitive disadvantage with respect to larger competitors who are more geographically diversified or better capitalized than WRECO, as these competitors may be better able to withstand any future regional downturn in the housing market. Due to historical and other factors, some competitors may have a competitive advantage in marketing their products, securing materials and labor at lower prices and allowing their homes to be delivered to customers more quickly and at more favorable prices. See Risk Factors Risks Related to TRI Pointe's Industry and Business The homebuilding industry is highly competitive, and if TRI Pointe's competitors are more successful or offer better value to TRI Pointe's customers, its business could decline.

**Regulatory, Environmental, and Health and Safety Matters*****Regulatory***

WRECO is subject to numerous local, state and federal statutes, ordinances, rules and regulations concerning zoning, land development, building design, construction and similar matters, including those that limit the number of homes that can eventually be built within the boundaries of a particular property or locality. In a number of WRECO's markets, there has been an increase in state and local legislation authorizing the acquisition of land as dedicated open space, mainly by governmental, quasi-public and non-profit entities. In addition, WRECO is subject to various licensing, registration and filing requirements in connection with the construction, advertisement and sale of homes. The impact of these laws may increase overall costs and may delay the opening of communities or cause WRECO to conclude that development of particular communities is not economically feasible, even if any or all governmental approvals were obtained. WRECO also may be subject to periodic delays or may be precluded entirely from developing communities due to building moratoriums in one or more of its core markets. Generally, building moratoriums relate to insufficient water or sewage facilities or inadequate road capacity.

In order to secure certain approvals in some geographic areas, WRECO may be required to provide affordable housing at below market rental or sales prices. The impact on WRECO's business depends on how the various state and local governments in those areas implement their programs for affordable housing. To date, these restrictions have not had a material impact on WRECO's operations and have existed generally only in California and Maryland. See Risk Factors Risks Related to TRI Pointe's Industry and Business Government regulations and legal challenges may delay the start or completion of TRI Pointe's existing and future communities, increase its expenses or limit its building or other activities, which could have a negative impact on its results of operations.

***Environmental***

WRECO is required to comply with federal, state and local environmental statutes, ordinances, rules and regulations concerning the protection of public health and the environment. These laws and regulations include requirements during the land development and home construction processes, including for the protection of flora, fauna and wetlands, management of storm water and dust, protection of archeological and historical artifacts, and those which require a current or previous owner or operator of real property to bear the costs of removal or remediation of

hazardous or toxic substances on, under, or in a property. These hazardous waste laws often impose liability whether or not the owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances. In addition, the presence of hazardous or toxic substances, or the failure to properly remediate, may adversely affect the owner's ability to borrow by using the real property as collateral or to affect the ultimate sale to a homebuyer or other homebuilder. A person who arranges for the disposal or treatment of hazardous or toxic substances also may be liable for the costs of removal or remediation of any substance at a disposal or treatment facility, whether or not the facility is or ever was owned or operated by that person. Environmental laws and common law principles could be used to impose liability for releases of hazardous materials, including asbestos-containing materials in buildings acquired by WRECO in the development of new communities, into the environment, and third parties may seek recovery for personal injuries caused by hazardous materials from owners of real property that contain hazardous materials. Failure to comply with these environmental laws may result in the imposition of substantial fines and penalties, or result in substantial project delays. Complying with these environmental laws may result in delays, may cause WRECO to incur substantial compliance and other costs, and may prohibit or severely restrict development in certain environmentally sensitive regions or areas. WRECO's land acquisition and development processes and on-site material management requirements are designed to mitigate these risks.

---

**Table of Contents**

WRECO is subject to certain regulatory actions and litigation related to environmental matters, none of which currently is expected by WRECO's management to materially and adversely affect WRECO's consolidated business, financial condition, results of operations or cash flows.

As part of the land acquisition due diligence process, WRECO utilizes environmental assessments to identify environmental conditions that may exist on potential acquisition properties. Environmental site assessments conducted at WRECO's properties have not revealed any environmental liability or compliance concerns that WRECO believes would materially and adversely affect WRECO's consolidated business, financial condition, results of operations or cash flows, nor is WRECO aware of any material environmental liability or concerns.

WRECO manages compliance with federal, state, and local environmental requirements, including environmental regulations related to hazardous waste and toxic materials, endangered and protected species, storm water, dust, surface water and wetlands, cultural and historical resources, at the homebuilding subsidiary level with assistance from the corporate legal department and local consultants and attorneys. See *Risk Factors* *Risks Related to TRI Pointe's Industry and Business* TRI Pointe is subject to environmental laws and regulations that may impose significant costs, delays, restrictions or liabilities.

***Health and Safety***

WRECO is committed to providing a safe and healthy environment for its employees, subcontractors, customers and the general public. That commitment is maintained through a health and safety training and audit system that includes employee education, subcontractor orientations, subcontractor compliance with minimum on-site safety standards and practices, and on-site auditing. WRECO's subcontractor orientation program was awarded the 2013 Innovative Safety Program/Idea of the Year by the National Association of Homebuilders. WRECO maintains a safety council led by a senior homebuilding subsidiary executive with participation by safety-responsible managers from each homebuilding subsidiary and supported by WRECO's general counsel. The safety council shares best practices, distributes information about regulatory changes in health and safety, and debriefs on health and safety incidents occurring in WRECO offices and on its job sites. The safety council plays an important role in promoting WRECO's commitment to continuous improvement in health and safety. All of WRECO's employees must complete an assigned curriculum of online health and safety courses each year. These courses vary according to job responsibility. For example, groups such as construction and field personnel are required to attend additional training programs such as the Occupational Safety and Health Administration (OSHA) ten-hour course, First-Aid and CPR. See *Risk Factors* *Risks Related to TRI Pointe's Industry and Business* A major health and safety incident relating to TRI Pointe's business could be costly in terms of potential liabilities and reputational damage.

***Legal Proceedings***

WRECO and its homebuilding subsidiaries are involved in claims and legal proceedings incidental to the ordinary course of their businesses. Certain of the claims and legal proceedings are covered by insurance or the contractual warranties, indemnities or insurance of others. See *Single-Family Housing Warranty Programs*. In some of these legal proceedings substantial monetary damages are sought. These claims and legal proceedings principally allege design or construction defects, or both, in homes purchased by customers or in the communities in which the homes are built (including the alleged use of defective products manufactured by others and incorporated into the homes and communities of WRECO's homebuilding subsidiaries), while others allege personal injury or property damage in the homes or communities built by WRECO's homebuilding subsidiaries. Additional claims and legal proceedings include contract, environmental, title, land use (including land development permitting and entitlement) and intellectual property matters, including claims alleging inadequate disclosures to homebuyers. While the results of any current or future claims or legal proceedings are unpredictable, presently WRECO management believes that, in the aggregate,

the disposition of these matters will not materially and adversely affect WRECO's consolidated business, financial condition, results of operations or cash flows.

### **Employees**

As of December 31, 2013, WRECO and its homebuilding subsidiaries had 726 employees. WRECO considers its employee relations to be good. No employees are covered by a collective bargaining agreement.

### **Properties**

WRECO's corporate headquarters are located at Weyerhaeuser's offices in Federal Way, Washington. A portion of Weyerhaeuser's lease payments for such office space is part of the allocated corporate general and administrative expenses. Each of WRECO's homebuilding subsidiaries also leases its own office space.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS FOR WRECO**

*You should read the following in conjunction with the sections of this proxy statement entitled **Risk Factors, Cautionary Statement on Forward-Looking Statements, Selected Historical and Pro Forma Financial and Operating Data and Information on WRECO and WRECO's historical consolidated financial statements and related notes thereto included in this proxy statement.***

WRECO is primarily engaged in the design, construction and sale of single-family homes in California, Texas, Arizona, Washington, Nevada, Maryland and Virginia. In 2012, WRECO was a top 20 U.S. homebuilder as measured by annual single-family home deliveries. WRECO's core markets are Southern California, Houston, Phoenix and Tucson, the Puget Sound region of Washington State, Las Vegas, Richmond and the Washington, D.C. suburbs. In addition, WRECO is a developer of master planned communities, which include residential lots for its own use, lots for sale to other homebuilders, and the sale of commercial and multi-family properties, primarily in California.

Headquartered in Washington, WRECO was founded in 1970 as a subsidiary of Weyerhaeuser. WRECO conducts its operations through five subsidiaries: Maracay, Pardee, Quadrant, Trendmaker and Winchester.

**Basis of Presentation**

The consolidated financial statements of WRECO included in this proxy statement, which are discussed below, include 100% of WRECO's assets, liabilities, revenues, expenses and cash flows as well as those of its wholly owned subsidiaries and other entities that it controls. For each of the periods presented, WRECO was a wholly owned subsidiary of Weyerhaeuser. The financial information included in this discussion may not necessarily reflect WRECO's financial position, results of operations and cash flows in the future or what WRECO's financial position, results of operations and cash flows would have been had WRECO been an independent company during the periods presented.

WRECO's historical consolidated financial information does not reflect changes that WRECO expects to experience as a result of the Transactions, including the REB Transfers and changes in the financing, operations, cost structure and personnel needs of its business. See The Transaction Agreement Transfers of Certain Assets and Assumption of Certain Liabilities. The historical consolidated financial statements include allocations of certain Weyerhaeuser corporate general and administrative expenses. WRECO's management believes the assumptions and methodologies underlying the allocation of corporate general and administrative expenses are reasonable. However, these expenses may not be indicative of the actual level of expense that would have been incurred by WRECO if it had operated as an independent company or of expenses expected to be incurred in the future. These allocated expenses relate to various services that have historically been provided to WRECO by Weyerhaeuser, including corporate governance, cash management and other treasury services, administrative services (such as government relations, tax, employee payroll and benefit administration, internal audit, legal, accounting, human resources and equity-based compensation plan administration), lease of office space, aviation services and insurance coverage. For the years ended December 31, 2013, 2012 and 2011, WRECO incurred \$22.9 million, \$20.5 million and \$17.3 million, respectively, of allocated corporate general and administrative expenses from Weyerhaeuser. See *Note 11: Relationship and Transactions with Weyerhaeuser* to WRECO's audited consolidated financial statements included elsewhere in this proxy statement for further information regarding allocated corporate general and administrative expenses.

In addition, as part of WRECO's historical cash management strategy as a subsidiary of Weyerhaeuser, WRECO has a revolving promissory note payable to Weyerhaeuser that will be extinguished in connection with the Transactions. The total amount outstanding under the promissory note was \$834.6 million, \$689.6 million and \$568.7 million as of

December 31, 2013, 2012 and 2011, respectively. WRECO paid Weyerhaeuser interest on the unpaid balance for the years ended December 31, 2013, 2012 and 2011 at rates per annum of 1.87%, 1.92% and 0.62%, respectively. Interest incurred for the years ended December 31, 2013, 2012 and 2011 was \$15.7 million, \$12.8 million and \$3.4 million, respectively.

The accompanying audited consolidated financial statements have been prepared in accordance with generally accepted accounting principles in the United States ( GAAP ) and with the instructions to Form 10-K and Article 10 of Regulation S-X. WRECO s financial statements refer to the Transactions as the TRI Pointe Transaction.

### **Use of Estimates**

The preparation of the audited consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amount of assets, liabilities and equity, disclosure of contingent assets and liabilities, and reported amounts of revenues and expenses. Accordingly, actual results can and do differ materially from these estimates.

**Results of Operations**

WRECO discusses its results of operations in terms of single-family housing and non-single-family operations. Below are definitions to aid in the discussion of its results:

Single-family housing refers to operations related to the sale, construction and delivery of single-family homes. Single-family homes include both attached and detached products.

Non-single-family operations include the sale of land, lots and other operations. Other operations include the development and sale of commercial and multi-family properties and the development and sale of property for civic uses, such as parks and school sites.

Absorption rate refers to the rate at which new home orders are contracted, net of cancellations, in relation to the average number of active selling communities during the period.

**Table of Contents*****Comparing the Years Ended December 31, 2013 and 2012******Single-Family Net New Home Orders, Monthly Absorption Rate and Cancellation Rate***

	Single-family Net New Home Orders				Monthly Absorption Cancellation Rate Rate			
	Year Ended		Increase (Decrease)		Year Ended		Year Ended	
	December 31, 2013	2012	Amount	%	December 31, 2013	2012	2013	2012
Maracay	488	420	68	16%	3.1	3.5	10%	8%
Pardee	1,152	915	237	26%	5.3	4.5	18%	16%

Winchester	412	389	23	6%	1.6	2.0	4%	7%
Total	3,055	2,665	390	15%	3.0	3.1	15%	15%

Net new home orders for the year ended December 31, 2013 increased 390, or 15%, to 3,055 compared to 2,665 for the year ended December 31, 2012. The year over year increase in net new home orders was driven by higher net new home activity among most of WRECO's homebuilding subsidiaries, with the most significant increases occurring at Pardee and Trendmaker, reflecting improved market conditions primarily in the Inland Empire (Riverside County), Los Angeles/Ventura and the Houston markets. The year over year decrease at Quadrant was primarily due to a lower absorption rate.

The overall average absorption rate of 3.0 net new orders per month for the year ended December 31, 2013 was comparable to the 3.1 net new orders per month for the year ended December 31, 2012. Quadrant's absorption rate decreased to 2.5 net new orders per month for the year ended December 31, 2013 compared to 3.2 net new orders per month for the year ended December 31, 2012 due to the delayed openings of new communities in 2013 as a result of later than expected delivery of finished lots by land sellers. Winchester's absorption rate also declined to 1.6 net new orders per month for the year ended December 31, 2013 compared to 2.0 net new orders per month for the year ended December 31, 2012, primarily as a result of a higher proportion of communities nearing completion or closure during 2013 which generally experience a slower rate of orders. Winchester generally has lower absorption rates due to the higher level of customization and longer construction cycles for their higher end products. Pardee's absorption rate increased for the year ended December 31, 2013 as compared to the year ended December 31, 2012, reflecting the general improvement in market conditions noted above.

WRECO's cancellation rate of homebuyers who contracted to buy a home but did not close escrow (as a percentage of overall orders) was 15% for the years ended December 31, 2013 and 2012. The cancellation rate shifted slightly year over year in each subsidiary with the largest change being a 3% reduction at Winchester primarily due to a change in mix to a greater proportion of higher priced, detached homes purchased by highly qualified buyers in 2013 as compared to 2012.

The increase in net new home orders positively affects the number of homes in backlog, which are homes that will close in future periods. As new home orders and backlog increase, it has a positive effect on revenues and cash flow in future periods.

*Average Selling Communities*

	<b>Year Ended</b>		<b>Increase (Decrease)</b>	
	<b>December 31, 2013</b>	<b>2012</b>	<b>Amount</b>	<b>%</b>

Winchester	21	16	5	31%
Total	86	72	14	19%
Selling communities at end of the period	89	68	21	31%

**Table of Contents**

WRECO opened 50 new communities and closed 29 during the year ended December 31, 2013. The average number of selling communities increased to 86 for the year ended December 31, 2013 from 72 for the year ended December 31, 2012. The number of selling communities as of December 31, 2013 was 89 compared to 68 as of December 31, 2012.

The increase in selling communities reflects the net effect of new community openings and community closings that occur throughout the year. The average number of selling communities for the year is also affected by the timing of new community openings and community closings. Maracay opened 11 new communities and closed four during the year ended December 31, 2013, ending the year with 14 selling communities. Pardee opened ten new communities and closed nine during the year ended December 31, 2013, ending the year with 19 selling communities. Quadrant opened eight new communities and closed four during the year ended December 31, 2013, ending the year with 12 selling communities. Trendmaker opened five new communities and closed three during the year ended December 31, 2013, ending the year with 22 selling communities. Winchester opened 16 new communities and closed nine during the year ended December 31, 2013, ending the year with 22 selling communities.

**Table of Contents***Backlog Units*

	<b>December 31,</b>		<b>Increase (Decrease)</b>	
	<b>2013</b>	<b>2012</b>	<b>Amount</b>	<b>%</b>
Maracay	116	91	25	27%
Pardee	280	311	(31)	(10%)
Quadrant	96	105	(9)	(9%)
Trendmaker	222	158	64	41%
Winchester	183	116	67	58%
Total	897	781	116	15%

Backlog units reflect the number of homes, net of cancellations, for which the homebuilding subsidiary has entered into a purchase contract with a customer but for which it has not yet delivered the home. The increase in backlog units of 116 homes as of December 31, 2013 was driven primarily by the 15% increase in net new home orders during the year ended December 31, 2013 as compared to the year ended December 31, 2012. Backlog units at any given time may fluctuate based on absorption rates, timing of new community openings, and other factors, but typically will increase as net new home orders increase. The overall change in backlog units was comprised of increases at Maracay, Trendmaker and Winchester as of December 31, 2013 compared to December 31, 2012 due to increased net new orders for 2013 as compared to 2012, partially offset by declines at Pardee and Quadrant. Pardee's backlog, which decreased by 31 units or 10%, was primarily attributable to the 74% increase in the number of new homes delivered during the year ended December 31, 2013 as compared to the year ended December 31, 2012. Quadrant's backlog, which decreased by 9 homes or 9%, was primarily attributable to the 16% decrease in net new home orders for the year ended December 31, 2013 as compared to the year ended December 31, 2012.

*Backlog Dollar Value (dollars in thousands)*

	<b>December 31,</b>		<b>Increase (Decrease)</b>	
	<b>2013</b>	<b>2012</b>	<b>Amount</b>	<b>%</b>
Maracay	\$ 42,068	\$ 24,761	\$ 17,307	70%
Pardee	171,077	129,770	41,307	32%

Total	\$ 507,064	\$ 342,497	\$ 164,567	48%

The dollar value of backlog increased \$164.6 million, or 48%, to \$507.1 million as of December 31, 2013 from \$342.5 million as of December 31, 2012. The increase in the dollar value of backlog as of December 31, 2013 reflects an increase in the average sales price of homes in backlog of \$126,000, or 29%, to \$565,000 as of December 31, 2013 compared to \$439,000 as of December 31, 2012. The increase in average sales price of homes in backlog is attributable to the introduction of new products with larger square footage at higher prices in newly opened selling communities and higher prices at existing communities from price increases. The increase in the dollar value of backlog described above, generally results in an increase in operating revenues in subsequent periods.

At Maracay, the dollar value of backlog increased 70% to \$42.1 million as of December 31, 2013 from \$24.8 million as of December 31, 2012, which is attributable to a 27% increase in the number of homes in backlog and a 33% increase in the average sales price of homes in backlog to \$363,000 as of December 31, 2013 compared to \$272,000 as of December 31, 2012. The increase in the average sales price in backlog is due to changes in product mix resulting from opening new selling communities during the year ended December 31, 2013.

At Pardee, the dollar value of backlog increased 32% to \$171.1 million as of December 31, 2013 from \$129.8 million as of December 31, 2012, which is attributable to a 47% increase in the average sales price of homes in backlog to \$611,000 as of December 31, 2013 compared to \$417,000 as of December 31, 2012. The increase in the average sales price in backlog is due to

**Table of Contents**

changes in product mix reflecting a shift to higher priced products in San Diego and Las Vegas, partially offset by a shift in mix to lower priced product in the Inland Empire (Riverside County) in the year ended December 31, 2013. The effect of the year-over-year increase in the average sales price of homes in backlog was partially offset by a 10% decrease in the number of homes in backlog as of December 31, 2013 as compared to December 31, 2012.

At Quadrant, the dollar value of backlog increased 38% to \$44.3 million as of December 31, 2013 from \$32.1 million as of December 31, 2012, which is attributable to a 51% increase in the average sales price of homes in backlog to \$461,000 as of December 31, 2013 compared to \$306,000 as of December 31, 2012. The increase in the average sales price in backlog is due to higher prices in new selling communities, as a result of shifting Quadrant's focus from value-oriented market segment to the move-up market segment. The effect of the year-over-year increase in the average sales price of homes in backlog was partially offset by a 9% decrease in the number of homes in backlog as of December 31, 2013 as compared to December 31, 2012.

At Trendmaker, the dollar value of backlog increased 54% to \$108.5 million as of December 31, 2013 from \$70.3 million as of December 31, 2012, which is attributable to a 41% increase in the number of homes in backlog and a 10% increase in the average sales price of homes in backlog to \$489,000 as of December 31, 2013 compared to \$445,000 as of December 31, 2012. The increase in the average sales price in backlog is consistent with the overall increase in housing prices in Houston during 2013.

At Winchester, the dollar value of backlog increased 65% to \$141.2 million as of December 31, 2013 from \$85.5 million as of December 31, 2012, which is attributable to a 58% increase in the number of homes in backlog and a 5% increase in the average sales price of homes in backlog to \$771,000 as of December 31, 2013 compared to \$737,000 as of December 31, 2012. The increase in the average sales price in backlog was the result of a shift in product mix to newer selling communities with larger square footage, as well as greater proportion of net new home orders for higher price detached homes as compared with net new home orders for attached homes.

New homes delivered increased by 625, or 27%, to 2,939 for the year ended December 31, 2013 compared to the year ended December 31, 2012, primarily attributable to a 15% increase in net new home orders for the year ended December 31, 2013 as compared with the year ended December 31, 2012 as well as an 82% increase in the number of homes in backlog as of December 31, 2012 compared to December 31, 2011. The 74% increase in new homes delivered by Pardee is attributable to a 26% increase in net new home orders for the year ended December 31, 2013 as compared with the year ended December 31, 2012 and a 304% increase in the number of homes in backlog as of December 31, 2012 compared to December 31, 2011. The 13% decrease in new homes delivered by Quadrant during

the year ended December 31, 2013 as compared to the year ended December 31, 2012 is consistent with the 16% decrease in net new home orders over the same periods.

The average sales price of homes delivered increased \$39,000, or 10%, to \$415,000 for the year ended December 31, 2013 compared to \$376,000 for the year ended December 31, 2012. The increase was across all homebuilding subsidiaries. At Pardee, prices increased in all markets during the year ended December 31, 2013 compared to the year ended December 31, 2012, but the overall average only increased 2% due to having a greater proportion of deliveries during 2013 in the lower priced Inland Empire (Riverside County) market compared to the prior year. At Winchester, the 26% increase in average sales price of homes delivered for the year ended December 31, 2013 as compared to the year ended December 31, 2012 was the result of a shift in mix to newer communities with larger square footage, as well as a shift in the product mix toward higher priced detached versus lower priced attached homes.

The variability in the number of new homes delivered, single-family home sales revenue and the average sales price of homes delivered from period to period in each respective market is due to a variety of factors, including, but not limited to: (i) local supply and demand patterns, (ii) the number of selling communities, (iii) the availability of lots in each community and (iv) macroeconomic factors. In addition to these factors, the variability in single-family home sales revenue and average sales price of homes delivered is due to changes in product type or mix, for example, between first-time homebuyer or move-up market segments and detached or attached products.

The increase was primarily attributable to: (i) an increase in revenue of \$235.1 million due to a 27% increase in the number of homes delivered to 2,939 for the year ended December 31, 2013 from 2,314 for the year ended December 31, 2012, and (ii) an increase in revenue of \$112.7 million related to a \$39,000 increase in the average sales price of homes delivered to \$415,000 for the year ended December 31, 2013 from \$376,000 for the year ended December 31, 2012.

(1) Non-GAAP financial measure (discussed below).

Single-family gross margin represents single-family home sales revenue less single-family home costs and impairments of single-family homebuilding inventory. Costs of single-family homes increased \$258.0 million, or 37%, to \$948.6 million for the year ended December 31, 2013 from \$690.6 million for the year ended December 31, 2012. The increase was primarily due to a 27% increase in the number of homes delivered and a change in the product mix of homes delivered. Overall, WRECO's single-family gross margin percentage increased to 22.0% for the year ended December 31, 2013 as compared to 20.3% for the year ended December 31, 2012 due to higher priced product mix from new selling communities and the implementation of price increases at rates that exceeded cost increases. Quadrant's single-family gross margin percentage increased 4.1% as a result of year-over-year price increases due to a shift in market focus from value-oriented products to move-up products and due to lower impairment charges in the year ended December 31, 2013 as compared to the year ended December 31, 2012.

Excluding impairments of single-family homebuilding inventory assets and related assets and interest included in single-family home costs, adjusted single-family gross margin percentage was 24.2% for the year ended December 31, 2013, compared to 22.9% for the year ended December 31, 2012. Adjusted single-family gross margin is a non-GAAP financial measure. WRECO believes this information is meaningful to investors because it isolates the collective impact of impairment and interest charges on single-family gross margin and permits investors to make better comparisons with WRECO's competitors, who adjust gross margins in a similar fashion.

(1) Non-GAAP financial measure (discussed below).

Non-single-family revenue for the year ended December 31, 2013 was \$56.3 million, primarily related to the sale of residential lots in Southern California and Maryland, as well as a school site in Southern California.

Non-single-family revenue for the year ended December 31, 2012 included the sale of Cross Creek Ranch, a 3,200 acre master planned community in Houston for approximately \$100 million. The balance of non-single-family revenue during the year ended December 31, 2012 was primarily related to the sale of residential lots in Southern California.

Non-single-family gross margin represents non-single-family revenue less non-single-family cost. Non-single-family gross margin for the year ended December 31, 2013 was \$(328.4) million compared to \$78.1 million for the year ended December 31, 2012. Results for the year ended December 31, 2013 include a \$343.3 million impairment charge for Coyote Springs, a large master planned community north of Las Vegas, Nevada which is excluded from the Transactions. Under the terms of the Transaction Agreement, certain assets and liabilities of WRECO and its subsidiaries will be excluded from the Transactions and retained by Weyerhaeuser, including assets and liabilities relating to Coyote Springs. During the fourth quarter of 2013, following the announcement of the Transactions, WRECO and Weyerhaeuser began exploring strategic alternatives for Coyote Springs and determined that Weyerhaeuser's strategy for development of Coyote Springs will likely differ from WRECO's current development plan. WRECO's development plan was long-term in nature with development and net cash flows covering at least 15-20 years or more. The undiscounted cash flows for Coyote Springs under the WRECO development plan remained above the carrying value of the property. Weyerhaeuser's strategy is to cease holding Coyote Springs for development and to initiate activities in the near-term to market the assets to potential third-party buyers. The undiscounted cash flows under Weyerhaeuser's asset sale strategy were below the carrying value of the property. Consequently, WRECO recognized a non-cash charge of \$343.3 million in the fourth quarter of 2013 for the impairment of Coyote Springs.

Non-single-family gross margin can vary by transaction due to a number of factors including property use (for example, residential, multi-family, commercial or civic use), regulatory approval status (for example, unentitled, tentative approval or final approval), property condition (for example, undeveloped, partially developed or finished ready for construction), on-site and off-site improvement requirements (for example, utilities or transportation) and local market demand/supply dynamics.

Excluding impairments of non-single-family homebuilding inventory assets and related assets and interest included in non-single-family costs, adjusted non-single-family gross margin percentage was 47.0% for the year ended December 31, 2013, compared to 44.5% for the year ended December 31, 2012. Adjusted non-single-family gross margin is a non-GAAP financial measure. WRECO believes this information is meaningful to investors because it isolates the collective impact of impairment and interest charges on non-single-family gross margin. The table presented above reconciles this non-GAAP financial measure to non-single-family gross margin, the nearest GAAP equivalent.

Sales and marketing expense increased \$16.5 million, or 21%, to \$94.5 million for the year ended December 31, 2013 from \$78.0 million for the year ended December 31, 2012. The increase in sales and marketing expense is primarily attributable to variable costs, such as sales commissions and closing costs, related to a 27% increase in the number of homes delivered, and additional expenses associated with 49 new community openings during the year ended December 31, 2013, an increase of 75% over the year ended December 31, 2012. Pardee sales and marketing expense comprised the most significant portion of the overall year-over-year increase due to a 74% increase in the number of homes delivered and a 77% increase in single-family home sales revenue. Quadrant's sales and marketing expenses decreased 6% year-over-year, primarily due to a 13% decrease in the number of homes delivered during the year ended December 31, 2013 as compared to the year ended December 31, 2012. While total sales and marketing expenses increased in absolute dollars, sales and marketing expense as a percent of total single-family home sales revenue declined for the year ended December 31, 2013 to 7.8% from 9.0% in the year ended December 31, 2012. The fixed component of sales and marketing expenses benefited from a 40% increase in single-family homes sales from 2012 to 2013.

General and administrative expense decreased \$1.3 million, or 2%, to \$74.2 million for the year ended December 31, 2013 from \$75.6 million for the year ended December 31, 2012. For the years ended December 31, 2013 and 2012, WRECO incurred \$22.9 million and \$20.5 million, respectively, of allocated corporate general and administrative expenses from Weyerhaeuser, a 12% increase year-over-year. Direct general and administrative expenses decreased \$3.7 million for the year ended December 31, 2013 compared to the year ended December 31, 2012, primarily due to lower employee variable compensation costs. General and administrative expense as a percentage of total single-family home sales revenue was 6.1% and 8.7% for the years ended December 31, 2013 and 2012, respectively. The primarily fixed nature of general and administrative costs benefited from a 40% increase in single-family homes sales from 2012 to 2013.

*Restructuring Costs*

Restructuring costs for the year ended December 31, 2013 totaled \$10.9 million compared with \$2.5 million for the year ended December 31, 2012. The \$8.4 million increase includes a \$5.1 million increase in employee-related costs such as severance and retention, primarily incurred in connection the pending Transactions, and a \$3.3 million increase in lease termination costs related to contract terminations resulting from general cost reduction initiatives.

*Other Income (Expense)*

Other income for the year ended December 31, 2013 totaled \$2.5 million compared with \$0.9 million for the year ended December 31, 2012. The \$1.6 million increase is primarily attributable to a \$1.8 million increase in interest income on outstanding notes receivable, a \$1.6 million increase in marketing fee income, a \$1.4 million decrease in interest expense and a \$2.5 million decrease in earnings from unconsolidated entities. During 2013, WRECO entered into joint marketing agreements with certain preferred lenders. Similar activities had previously occurred within a partnership with a preferred lender. This change resulted in an increase in marketing fee income and a decrease in earnings from unconsolidated entities for the year ended December 31, 2013, as compared to the year ended December 31, 2012.

Interest incurred for the year ended December 31, 2013 totaled \$22.7 million, of which \$19.1 million was capitalized to inventory in process of construction or development, including both real estate under development and land under development, leaving \$3.6 million not eligible for capitalization that was expensed. Interest incurred for the year ended December 31, 2012 totaled \$27.1 million, of which \$22.1 million was capitalized to inventory in process of

construction or development, leaving \$5.0 million not eligible for capitalization that was expensed. The period over period decrease in total interest incurred was the result of varying interest rates on the mix of average outstanding debt.

*Income Tax Expense*

The benefit for income taxes in 2013 is due to the loss from continuing operations before taxes. The 2013 effective tax rate decreased to 36.3% from 39.1% in 2012 due primarily to a reduction in state income taxes in 2013 resulting from a change in WRECO's revenue mix by state, partially offset by an increase to the rate (providing an increase in the tax benefit when applied to the pretax loss) for federal tax credits.

*Net Earnings from discontinued operations*

Net earnings from discontinued operations were \$1.8 million for the year ended December 31, 2013 compared to \$0.8 million for the year ended December 31, 2012. 2013 included a \$1.9 million gain on the sale of WRI to Weyerhaeuser NR.

**Table of Contents***Net Earnings Attributable to Common Shareholder*

As a result of the foregoing factors, net earnings (loss) attributable to common shareholder for the year ended December 31, 2013 were \$(149.5) million compared with \$61.5 million for the year ended December 31, 2012.

*Lots Owned and Controlled*

WRECO acquires land pursuant to purchase contracts and option contracts, typically at fixed prices. Option contracts may require refundable or non-refundable deposits, which vary by transaction, and permit, but do not obligate, WRECO to acquire the land. The term within which WRECO can exercise its option varies by transaction and the closing of the acquisition is often contingent upon the completion of necessary entitlement or infrastructure improvements. Depending upon the transaction, WRECO may acquire all of the land at one time or it may have the right to acquire a specified number of lots over agreed upon intervals. The following table summarizes lots owned and controlled by homebuilding subsidiary as of December 31, 2013 and December 31, 2012:

**Table of Contents**

Net new home orders for the year ended December 31, 2012 increased 763, or 40%, to 2,665 compared to 1,902 during the same period in 2011. The year-over-year increase was driven by higher net new home order activity among all homebuilding subsidiaries, with the most significant increases occurring at Maracay and Pardee as a result of improved market conditions in both Arizona and California.

WRECO's absorption rate increased to 3.1 net new home orders per month for the year ended December 31, 2012 compared to 2.1 net new home orders per month for the year ended December 31, 2011. Each of WRECO's subsidiaries experienced year-over-year increases due to the improved market conditions for housing, particularly in Arizona and California. The absorption rate for Maracay increased 94% to 3.5 net new home orders per month for the year ended December 31, 2012 from 1.8 net new home orders per month for the year ended December 31, 2011, while the absorption rate for Pardee increased 67% to 4.5 net new orders per month for the year ended December 31, 2012 from 2.7 net new home orders per month for the year ended December 31, 2011.

WRECO's cancellation rate of homebuyers who contracted to buy a home but did not close escrow (as a percentage of overall orders) was 15% for the year ended December 31, 2012 compared to 16% for the year ended December 31, 2011. The decrease in cancellation rate at Pardee to 16% for the year ended December 31, 2012 from 22% for the year ended December 31, 2011 reflects improved market conditions. The increase in cancellation rate at Quadrant to 26% for the year ended December 31, 2012 from 21% for the year ended December 31, 2011 relates to its shift in market focus from value-oriented product to the move-up segment. Winchester's cancellation rate was 7% for the year ended December 31, 2012 as compared to an unusually low 2% for the year ended December 31, 2011. Management believes that the higher cancellation rate during 2012 is more representative of the cancellation rate that Winchester is likely to experience given its target market and homebuyer profile.

WRECO's homebuilding subsidiaries opened 31 new communities and closed 32 during the year ended December 31, 2012. The average number of selling communities was 72 for the year ended December 31, 2012, a slight decrease from 74 for the year ended December 31, 2011. The number of selling communities at the end of the year was 68 as of December 31, 2012 compared to 69 as of December 31, 2011.

The decrease in selling communities reflects the net effect of new community openings and community closings that occurred throughout the year. The average number of selling communities for the period is also affected by the timing of new community openings and community closings. Maracay opened three new communities and closed seven in

2012, ending the year with seven selling communities. Pardee opened 11 new communities and closed six in 2012, ending the year with 18 selling communities. Quadrant opened five new communities and closed 10 in 2012, ending the year with eight selling communities. The increase in backlog units of 351 homes was driven primarily by a 40% increase in net new home orders during the year ended December 31, 2012 as compared to the prior year, when the backlog levels were unusually low as a result of the overall industry market conditions. The 304% increase in backlog units at Pardee as of December 31, 2012 compared to December 31, 2011 relates to an increase in net new home orders and an increase of five open selling communities as of December 31, 2012 compared to December 31, 2011.

The dollar value of backlog increased \$175.0 million, or 104%, to \$340.7 million as of December 31, 2012 from \$167.5 million as of December 31, 2011. The increase in dollar value of backlog reflects an increase in the number of homes in backlog and an increase in the average sales price of backlog. The average sales price of backlog increased \$49,000, or 13%, to \$439,000 as of December 31, 2012 compared to \$390,000 as of December 31, 2011. The increase in average sales price of homes in backlog is attributable to the introduction of new product with larger square footage at higher prices in newly opened selling communities and higher prices at existing communities from price increases.

At Maracay, the dollar value of backlog increased 54% to \$24.8 million as of December 31, 2012 from \$16.0 million as of December 31, 2011, which is attributable to a 52% increase in the number of homes in backlog and a 2% increase in the average sales price of homes in backlog to \$272,000 as of December 31, 2012 compared to \$267,000 as of December 31, 2011.

At Pardee, the dollar value of backlog increased 269% to \$129.8 million as of December 31, 2012 from \$35.2 million as of December 31, 2011, which is attributable to a 304% increase in the number of homes in backlog, offset by a 9% decrease in the average sales price of homes in backlog to \$417,000 as of December 31, 2012 compared to \$457,000 as of December 31, 2011. The decrease in the average sales price in backlog is due to a regional shift of units in backlog to the lower priced Las Vegas market from the higher priced San Diego market.

At Quadrant, the dollar value of backlog increased 13% to \$32.1 million as of December 31, 2012 from \$28.5 million as of December 31, 2011, which is attributable to a 9% increase in the average sales price of homes in backlog to \$306,000 as of December 31, 2012 compared to \$282,000 as of December 31, 2011 and a 4% increase in the number of homes in backlog. The increase in the average sales price in backlog is due to higher average sales prices in new selling communities opened in 2012.

At Trendmaker, the dollar value of backlog increased 57% to \$70.3 million as of December 31, 2012 from \$44.9 million as of December 31, 2011, which is attributable to a 40% increase in the number of homes in backlog and a 12% increase in the average

**Table of Contents**

sales price of homes in backlog to \$445,000 as of December 31, 2012 compared to \$398,000 as of December 31, 2011. The increase in the average sales price in backlog is due to higher average sales prices in new selling communities opened in 2012 as well as improved conditions in the Houston market.

At Winchester, the dollar value of backlog increased 100% to \$85.5 million as of December 31, 2012 from \$42.9 million as of December 31, 2011, which is attributable to a 47% increase in the number of homes in backlog and a 36% increase in the average sales price of homes in backlog to \$737,000 as of December 31, 2012 compared to \$543,000 as of December 31, 2011. The increase in the average sales price in backlog is attributable to higher average prices in selling communities opened in 2012 as well as a change in product mix to higher price homes.

Trendmaker	477	453	24	5%
Winchester	352	313	39	12%
Total	2,314	1,912	402	21%

New homes delivered increased by 402, or 21%, to 2,314 for the year ended December 31, 2012 compared to 1,912 for the prior year. The increase in new home deliveries was primarily attributable to an increase in net new home orders, partially offset by an increase in units in backlog as a result of the factors discussed above.

The average sales price of homes delivered decreased \$26,000, or 6%, to \$376,000 for the year ended December 31, 2012 compared to \$402,000 for the year ended December 31, 2011, primarily as a result of lower average sales prices at Pardee and Winchester.

At Pardee, the average sales price of homes delivered decreased \$39,000, or 9%, primarily due to a regional shift to the lower priced Inland Empire market from the higher priced San Diego market.

At Winchester, the average sales price of homes delivered decreased \$83,000, or 14%, to \$499,000 for the year ended December 31, 2012 compared to \$582,000 for the year ended December 31, 2011 primarily due to a shift in product mix toward lower priced attached versus detached homes.

Single-family home sales revenue increased \$102.5 million, or 13%, to \$870.6 million for the year ended December 31, 2012 compared to \$768.1 million for the year ended December 31, 2011. The increase was primarily attributable to an increase in revenue of \$161.5 million due to a 21% increase in the number of homes delivered to 2,314 for the year ended December 31, 2012 from 1,912 for the prior year. This increase was partially offset by a decrease in revenue of \$59.0 million related to a decrease in the average sales price of homes delivered of \$26,000 per unit to \$376,000 for the year ended December 31, 2012 from \$402,000 for the prior year. Price decreases at Maracay, Pardee, and Winchester, more than offset price increases at Quadrant and Trendmaker for the year ended December 31, 2012 as compared with the prior year. In addition, the average price decreased due to a shift in the product mix of home deliveries to lower priced markets from higher priced markets.

Adjusted single-family gross margin percentage <sup>(1)</sup>	22.9%	25.6%	(2.7)%

(1) Non-GAAP financial measure (discussed below).

Single-family gross margin represents single-family home sales revenue less single-family home costs and impairments of single-family homebuilding inventory. Single-family homes costs increased \$101.0 million, or 17%, to \$690.6 million for the year ended December 31, 2012 from \$589.6 million for the year ended December 31, 2011. The

increase is primarily due to a 21% increase in the number of homes delivered, partially offset by a proportional increase of deliveries in markets with lower average per unit gross margins.

The single-family gross margin percentage decreased to 20.3% for the year ended December 31, 2012 from 21.9% for the year ended December 31, 2011. The decrease is primarily due to a shift in product mix at Pardee to the lower margin Inland Empire market and at Winchester to lower margin attached product. This decrease was partially offset by higher margins at Quadrant and Maracay primarily due to lower impairments for the year ended December 31, 2012 as compared to 2011. The impairment charge in 2011 was primarily related to the impairment of two individual communities. A \$2.0 million impairment at Maracay was triggered by price reductions in a community in response to local market conditions. A \$6.1 million impairment at Quadrant was triggered by slower than expected new orders in a community as a result of local market conditions and management's decision to market the community for sale.

**Table of Contents**

Excluding impairments of single-family homebuilding inventory and related assets and interest in single-family home costs, the adjusted single-family gross margin percentage was 22.9% for the year ended December 31, 2012, compared to 25.6% for the year ended December 31, 2011. Adjusted single-family gross margin is a non-GAAP financial measure. WRECO management believes this information is meaningful to investors because it isolates the collective impact of these impairment and interest charges on single-family gross margin and permits investors to make better comparisons with WRECO's competitors, who adjust gross margins in a similar fashion.

(1) Non-GAAP financial measure (discussed below).

Non-single-family revenue for the year ended December 31, 2012 was \$199.7 million, primarily related to the sale of Cross Creek Ranch, a 3,200 acre master planned community in Houston for approximately \$100 million. The balance of the activity during 2012 included approximately \$86 million in revenue from the sale of a multi-family site and two commercial sites in Southern California. Non-single-family revenue for the year ended December 31, 2011 was \$69.7 million primarily due to the sale of residential lots in California, Texas and Washington and an acreage sale in Northern California.

Non-single-family gross margin represents non-single-family revenue less non-single-family cost. For the year ended December 31, 2012, non-single-family gross margin was \$78.1 million compared to \$29.8 million for the year ended December 31, 2011. Non-single-family gross margin can vary by transaction due to a number of factors including property use (for example, residential, multi-family, commercial or civic use), regulatory approval status (for example, unentitled, tentative approval or final approval), property condition (for example, undeveloped, partially developed or finished ready for construction), on-site and off-site improvement requirements (for example, utilities or transportation) and local market demand/supply dynamics.

Excluding impairments of non-single-family homebuilding inventory assets and related assets and interest included in non-single-family costs, adjusted non-single-family gross margin percentage was 44.5% for the year ended December 31, 2012, compared to 50.8% for the year ended December 31, 2011. Adjusted non-single-family gross margin is a non-GAAP financial measure. WRECO believes this information is meaningful to investors because it isolates the collective impact of impairment and interest charges on non-single-family gross margin. The table presented above reconciles this non-GAAP financial measure to non-single-family gross margin, the nearest GAAP equivalent.

Sales and marketing expense increased \$6.4 million, or 9%, to \$78.0 million for the year ended December 31, 2012 from \$71.6 million for the year ended December 31, 2011. The increase in sales and marketing expense was primarily attributable to higher commission expense due to an increase in the number of homes delivered. Sales and marketing expense was 9.0% and 9.3% of total single-family home sales revenue for the year ended December 31, 2012 and December 31, 2011, respectively.

General and administrative expense increased \$4.2 million, or 6%, to \$75.6 million for the year ended December 31, 2012 from \$71.3 million for the year ended December 31, 2011. The increase was attributable to the \$7.2 million increase in corporate and other, which was primarily due to a \$3.2 million increase in allocated corporate general and administrative expenses from Weyerhaeuser and a \$2.5 million increase in WRECO corporate general and administrative expense, in each case primarily due to increased employee variable compensation due to year-over-year improved performance. The \$5.7 million decrease at Pardee was the result of organizational changes and realignment of administrative functions. For the years ended December 31, 2012 and 2011, WRECO incurred a total of \$20.5 million and \$17.3 million, respectively, of allocated corporate general and administrative expenses from Weyerhaeuser. General and administrative expense as a percentage of total single-family home sales revenue was 8.7% and 9.3% for the year ended December 31, 2012 and December 31, 2011, respectively.

*Other Income (Expense)*

Other income for the year ended December 31, 2012 totaled \$0.9 million compared with other income of \$2.1 million for the year ended December 31, 2011. The decrease of \$1.2 million was primarily attributable to a \$2.8 million increase in interest expense, partially offset by a \$0.9 million increase in earnings from unconsolidated entities.

Interest incurred for the year ended December 31, 2012 totaled \$27.1 million, of which \$22.1 million was capitalized to inventory in process of construction or development, including both real estate under development and land under development, leaving \$5.0 million not eligible for capitalization that was expensed. Interest incurred for the year ended December 31, 2011 totaled \$23.7 million, of which \$21.5 million was capitalized to inventory in process of construction or development, leaving \$2.2 million not eligible for capitalization that was expensed. The year-over-year increase in total interest incurred was the result of higher average outstanding debt.

*Income Tax Expense*

Income tax expense increased \$19.6 million, or 102%, to \$38.9 million for the year ended December 31, 2012 from \$19.3 million for the year ended December 31, 2011. The increase in income tax expense was primarily attributable to higher earnings from continuing operations before taxes. The 2012 effective tax rate increased to 39.1% from 35.6% in 2011 primarily due to the expiration of federal tax credits in 2012, along with a decrease in our state deferred tax asset due to a California law change.

*Net Earnings Attributable to Common Shareholder*

As a result of the foregoing factors, net earnings attributable to common shareholder for the year ended December 31, 2012 was \$61.5 million compared to \$35.5 million for the year ended December 31, 2011.

**Table of Contents****Liquidity and Capital Resources***Overview*

WRECO's principal use of its liquidity and capital for the year ended December 31, 2013 was to support its operations, including land acquisition, land development, home construction, operating expenses and the payment of routine liabilities. WRECO uses funds generated by operations and borrowings from Weyerhaeuser to meet its short-term working capital requirements. WRECO's management is focused on generating positive margins and maintaining controls on expenditures, including those related to land acquisition, development and home construction in order to maintain a strong balance sheet.

Cash flows for each of WRECO's communities depend on their stage in the development cycle and can differ substantially from reported earnings. In addition, cash flows are affected by the stage of the business cycle the real estate and homebuilding industry is in, as expansion through increased community count requires an incremental investment of cash. Early stages of development or expansion require significant cash outlays for land acquisition, entitlement and other approvals, development of roads, utilities, general landscaping and other amenities, as well as the construction of model homes. As part of its business of developing master planned communities, WRECO also sells lots to other homebuilders and land to multi-family or commercial developers with a focus on generating positive margins and increasing the returns on these investments. The sale of land and lots generates cash for reinvestment of capital in communities, funds growth and services other corporate needs.

The availability of substantially completed lots in desirable locations is becoming more limited and competitive. As a result, the amount of spending on land development is increasing as purchases of undeveloped land or partially finished lots increases. WRECO intends to use cash generated from the sale of inventory, including land and lots in its master planned communities, net of debt service obligations, to acquire and develop well positioned land in its existing markets, as well as for other operating purposes. WRECO's management believes this reinvestment will create opportunities to generate desired margins and help expand its operations to meet market demand.

Weyerhaeuser manages WRECO's cash balances. As part of its cash management strategy, Weyerhaeuser may choose to fund WRECO's cash needs through affiliated entities in lieu of utilizing existing third-party borrowing capacity or arranging for new borrowings, such as a credit facility, on WRECO's behalf. WRECO has a revolving promissory note payable to Weyerhaeuser as a result of this activity. The promissory note will be extinguished in connection with the Transactions. See *The Transactions* for more details on the extinguishment of the promissory note in connection with the Transactions. Following the consummation of the Transactions, WRECO expects, based on discussions with TRI Pointe regarding post-closing liquidity of the combined businesses, to use funds generated by operations and the proceeds from the New Debt that are not paid to WNR to meet its short-term working capital requirements. TRI Pointe also expects to deploy its sources of liquidity and capital, including borrowings under the Revolving Credit Agreement or a new credit facility, to replace the funding previously provided to WRECO by Weyerhaeuser.

***Debt Payable to Weyerhaeuser***

WRECO's debt payable to Weyerhaeuser was \$834.6 million as of December 31, 2013 at an interest rate of 1.87%. The debt payable to Weyerhaeuser as of December 31, 2012 was \$689.6 million at an interest rate of 1.92%. The interest rate and terms of the revolving promissory note payable to Weyerhaeuser are reviewed annually. The current expiration is the earlier of December 31, 2014 and the Closing Date. See *Note 11: Relationship and Transactions with Weyerhaeuser* to WRECO's audited consolidated financial statements included in this proxy statement and *The Transactions* for more information.

***Debt Payable to Third Parties***

WRECO had fully paid all outstanding debt payable to third parties as of December 31, 2013. Debt payable to third parties at December 31, 2012 was \$109.3 million consisting of medium-term notes at a weighted average interest rate of 6.15% and a bond at a rate of 0.25%.

In connection with the Transactions, WRECO will incur \$800 million or more in aggregate principal amount of debt financing in the form of (i) debt securities, (ii) the Senior Unsecured Bridge Facility or (iii) a combination thereof, which debt will be an obligation of WRECO and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions. See [Debt Financing](#) for more information.

***Revolving Credit Facility***

During 2013, WRECO entered into a new \$1.0 billion five year senior unsecured revolving credit facility jointly with Weyerhaeuser that expires in September 2018. This replaces a \$1.0 billion revolving credit facility that was set to expire in June 2015. Conditions of the line of credit include that WRECO can borrow up to \$50.0 million under this credit facility and neither of the entities is a guarantor of the borrowing of the other.

**Table of Contents**

Borrowings under the revolving credit facility are at LIBOR plus a spread or at other interest rates mutually agreed upon between the borrower and the lending banks. There were no net proceeds from borrowings under the available credit facility as of December 31, 2013, December 31, 2012, or December 31, 2011. As of December 31, 2013, WRECO was in compliance with the credit facility covenants. See *Note 12: Debt and Revolving Lines of Credit* to WRECO's audited consolidated financial statements included in this proxy statement for more information.

Upon the consummation of the Transactions, WRECO will no longer be a party to the revolving credit facility and will be unable to borrow under the facility.

***Covenants***

Key covenants related to WRECO's revolving credit facility include the requirement to maintain a minimum capital base, as defined, of \$100 million and ownership by Weyerhaeuser or a subsidiary of at least 79 percent of the aggregate ordinary voting power represented by the issued and outstanding capital stock of WRECO. As of December 31, 2013, WRECO had a capital base of \$758.2 million, was a wholly owned subsidiary of Weyerhaeuser and therefore was in compliance with these covenants.

**Table of Contents****Debt-to-Capital**

(1) The ratio of debt-to-capital is computed as the quotient obtained by dividing total debt by total capital.

(2) The ratio of net debt-to-capital is computed as the quotient obtained by dividing net debt (which is total debt less cash) by total capital. The most directly comparable GAAP financial measure is the ratio of debt-to-capital.

WRECO's management believes the ratio of net debt-to-capital is a relevant financial measure for investors to understand the leverage employed in its operations and as an indicator of its ability to obtain financing. See the table above reconciling this non-GAAP financial measure to the ratio of debt-to-capital.

**Table of Contents****Cash Flows Year Ended December 31, 2013 Compared to the Year Ended December 31, 2012**

For the year ended December 31, 2013 as compared to the year ended December 31, 2012, the comparison of cash flows is as follows:

Net cash flow from operations decreased by \$83.8 million to a use of \$21.0 million in 2013 from a source of \$62.8 million in 2012. Decreases in cash from operating activities included (i) a \$93.7 million decrease in net proceeds from non-single-family activities, including land and lot sales, and collections on notes receivable, primarily due to the sale of a 3,200-acre master planned community in Houston in 2012; (ii) an increase in land acquisition and development spending of \$79.8 million; and (iii) a \$10.2 million decrease in a refund of income taxes, with a refund of \$10.5 million in 2013, compared to a refund of \$20.7 million in 2012. These decreases were partially offset by a \$102.0 million increase in net cash from single-family operations, including a \$351.7 million increase in proceeds from the sale of single-family homes primarily due to increased closings in WRECO's homebuilding operations, net of higher construction and other costs of \$249.7 million.

Net cash used in investing activities increased \$6.2 million to \$8.3 million in 2013 from \$2.1 million in 2012, primarily due to an increase in property and equipment purchases to \$10.4 million in 2013 from \$3.5 million in 2012. These additional purchases related to both model furnishings acquired for new selling communities and leasehold improvements made in connection with regional office relocations.

Net cash flow from financing activities increased \$87.3 million to \$28.6 million in 2013 from a use of \$58.7 million in 2012. The change was primarily the result of (i) a \$65.9 million reduction in debt payments to third parties, with \$109.9 million of payments made in 2013 and \$175.8 million paid in 2012; (ii) a \$24.2 million increase in net borrowings of intercompany debt with Weyerhaeuser to \$145.0 million in 2013 from \$120.8 million in 2012; and (iii) a \$9.6 million increase in book overdrafts to \$6.8 million in 2013 from (\$2.8) million in 2012; partially offset by (iv) a \$11.6 million increase in the payment of returns of capital to Weyerhaeuser to \$13.9 million in 2013 from \$2.3 million in 2012.

As of December 31, 2013 WRECO's cash balance was \$4.5 million.

**Cash Flows Year Ended December 31, 2012 Compared to the Year Ended December 31, 2011**

For the year ended December 31, 2012 as compared to the year ended December 31, 2011, the comparison of cash flows is as follows:

Net cash flow provided by operations increased by \$45.9 million to \$62.8 million in 2012 compared to \$16.9 million in 2011. Increases in cash from operating activities included (i) a \$45.0 million increase in cash from single-family operations with a \$106.6 million increase in proceeds from the sale of single family homes primarily due to increased closings in WRECO's homebuilding operations, net of \$61.6 million in higher construction and other costs; (ii) a \$74.9 million increase in net proceeds from non-single family activities, including land and lot sales and collections on notes receivable, primarily due to the sale of a 3,200-acre master planned community in Houston in 2012; (iii) a \$34.0 million increase in cash receipts related to income taxes with the receipt of a net income tax refund of \$20.7 million in 2012 compared to a payment of \$13.3 million in

2011; and (iv) a \$32.1 million reduction in the payment for a 2011 legal settlement relating to the South Edge partnership; partially offset by (v) a \$136.2 million increase in land acquisition and development spending. For more details on the 2011 legal settlement, see *Note 16: Commitments and Contingent Liabilities* to WRECO's audited consolidated financial statements included in this proxy statement.

Net cash used by investing activities was comparable with a net use of \$2.1 million in 2012 compared to a net use of \$2.8 million in 2011.

Net cash used by financing activities increased \$46.7 million to \$58.7 million in 2012 from \$12.0 million in 2011. The additional use of cash was primarily due to (i) a \$110.9 million increase in payments on debt payable to third parties to \$175.8 million in 2012 from \$64.9 million in 2011, partially offset by (ii) a \$60.3 million increase in net borrowings of intercompany debt with Weyerhaeuser to \$120.8 million in 2012 from \$60.5 million in 2011, and (iii) a \$10.6 million reduction in the payment of returns of capital to Weyerhaeuser to \$2.3 million in 2012 from \$12.9 million in 2011.

As of December 31, 2012, WRECO's cash balance was \$5.2 million.

- (4) Land purchase commitments represent minimum annual payments required for WRECO to retain control of land and lots under land purchase and option contracts in place as of December 31, 2013.
- (5) Land purchase commitments beyond 2018 include \$105.2 million of remaining purchase commitments related to the lot option contract for Coyote Springs, which is excluded from the Transactions.

**Table of Contents*****Seasonality and Cyclical***

The homebuilding industry generally exhibits seasonality. WRECO has historically experienced and in the future expects to continue to experience, variability in operating results and capital needs on a quarterly basis. Although WRECO enters into new home order contracts throughout the year, a significant portion of its order activity takes place during the spring selling season, with the corresponding deliveries taking place during the fall and early winter. WRECO's capital needs for construction are typically greater during the spring and summer when it is building homes for delivery later in the year. Accordingly, its revenues may fluctuate significantly on a quarterly basis, and it must maintain sufficient liquidity to meet short-term operating requirements. As a result of seasonal variation, WRECO's quarterly results of operations and its financial position at the end of a particular quarter are not necessarily representative of the results expected for the year and at year end. Additionally, the residential homebuilding and land development industry is cyclical and is substantially affected by adverse changes in general economic or business conditions that are outside of WRECO's control. See Risk Factors related to TRI Pointe's Industry and Business. TRI Pointe's business is cyclical and subject to risks associated with the real estate industry, and adverse changes in general economic or business conditions could reduce the demand for homes and have a material adverse effect on TRI Pointe.

***Off-Balance Sheet Arrangements***

Off-balance sheet arrangements have not, and are not reasonably likely to, materially and adversely affect WRECO's financial condition, results of operations or cash flows. *Note 8: Variable Interest Entities, Note 12: Debt and Revolving Lines of Credit and Note 16: Commitments and Contingent Liabilities* to WRECO's audited consolidated financial statements included in this proxy statement contain WRECO's disclosures of:

information regarding variable interest entities;

surety bonds; and

letters of credit and guarantees.

**Table of Contents****Accounting Matters*****Critical Accounting Policies***

WRECO's financial statements have been prepared in accordance with GAAP. The preparation of these financial statements requires WRECO's management to make estimates and judgments that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of costs and expenses during the reporting period. On an ongoing basis, WRECO's management evaluates its estimates and judgments, including those that impact its most critical accounting policies. Estimates and judgments are based on historical experience and various other factors that management believes to be reasonable under the circumstances. Actual results may differ from management's estimates under different assumptions or conditions. WRECO's accounting policies that require the most difficult subjective or complex judgments are listed below. Details about WRECO's other significant accounting policies are in *Note 1: Summary of Significant Accounting Policies* to WRECO's audited consolidated financial statements included in this proxy statement.

***Inventory and Cost of Sales***

Inventory consists of land, land and lots under development, homes under construction and completed homes which are stated at cost, net of impairment losses. WRECO capitalizes direct carrying costs, including interest, property taxes and related development costs to inventory. Field construction supervision and related direct overhead are also included in the capitalized cost of inventory. Direct construction costs are specifically identified and allocated to homes while other common costs, such as land, land improvements and carrying costs, are allocated to homes within a community or to lots or acreage held for sale based on total acreage in a master planned community or based on the relative sales value of homes in a residential community. The cost of inventory, including both direct construction costs and allocated land and lot costs, is recognized in cost of sales at the same time revenue is recognized and is recorded based upon total estimated costs expected to be incurred over the life of the community.

Once a parcel of land has been approved for development and the community is opened, it can typically take many years to fully develop, sell and deliver all the homes in that community depending on the number of home sites in a community and the sales and delivery pace of the homes in a community. Changes to the estimated costs are allocated to the remaining undelivered lots and homes within their respective community. The estimation and allocation of these costs requires a substantial degree of judgment by management.

The estimation process involved in determining relative sales or fair values is inherently uncertain because it involves estimating future sales values of homes before delivery. Additionally, in determining the allocation of costs to a particular land parcel or individual home, WRECO relies on project budgets that are based on a variety of assumptions, including assumptions about construction schedules and future costs to be incurred. It is common that actual results differ from budgeted amounts for various reasons, including construction delays, increases in costs that have not been committed or unforeseen issues encountered during construction that fall outside the scope of existing contracts, or costs that come in less than originally anticipated. While the actual results for a particular construction project are accurately reported over time, a variance between the budget and actual costs could result in the understatement or overstatement of costs and have a related impact on gross margins between reporting periods. To reduce the potential for such variances, WRECO has procedures that have been applied on a consistent basis, including assessing and revising project budgets on a periodic basis, obtaining commitments from subcontractors and vendors for future costs to be incurred and utilizing the most recent information available to estimate costs.

***Impairments***

Each quarter, the performance and outlook of inventory is reviewed for indicators of potential impairment. WRECO's inventory includes residential homes under construction and completed homes, land and lots under development, and land held for future use. In addition, WRECO's inventory is comprised of master planned communities owned by WRECO, individual subdivisions within master planned communities owned by third parties and standalone communities. Master planned communities typically include several product segments such as residential, active adult, retail and commercial. WRECO generally reviews inventory for impairment indicators at either the master planned or individual community level. In reviewing each of WRECO's communities, WRECO determines if impairment indicators exist on inventory held and used by analyzing a variety of factors including, but not limited to, the following:

gross margins and selling costs on homes closed in recent months;

projected gross margins and selling costs on homes sold but not closed;

projected gross margins and selling costs based on operating budgets;

**Table of Contents**

competitor pricing and incentives in the same or nearby communities;

trends in average selling prices, discounts, incentives, sales velocity and cancellations;

sales absorption rates;

performance of other communities in nearby locations;

significant changes in the development plan for the community; and

changes in the strategic alternatives for or WRECO's strategic intent with respect to the community.

When indicators of impairment are present for a community, WRECO performs an impairment evaluation of the community. In addition, WRECO periodically reviews certain future master planned communities and land held for future use regardless of whether an impairment indicator is present. As part of WRECO's impairment evaluation and WRECO's periodic analysis of land held for future use, WRECO determines whether the undiscounted net cash flows estimated to be generated by those assets are less than their carrying amounts, and if so, impairment charges are recorded if the fair value of such assets is less than their carrying amounts. These estimates of cash flows are significantly impacted by community specific factors that include:

estimates of the amounts and timing of future revenues;

estimates of the amounts and timing of future land development, materials, labor, contractor, and interest costs;

community location and desirability, including availability of schools, retail mass transit and other services;

local economic and demographic trends regarding employment, new jobs and taxes;

variety of product types offered in the area;

competitor presence, product types, future competition, pricing, incentives and discounts; and

land availability, number of lots WRECO owns or control, entitlement restrictions and alternative uses.

For those assets deemed to be impaired, the impairment to be recognized is measured as the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets. WRECO generally uses the income approach to determine the fair value of WRECO's land held for future use and land and lots in process of development.

The income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present amount (discounted). The fair value measurement is based on the value indicated by current market expectations regarding those future estimated cash inflows and outflows. WRECO uses present value techniques based on discounting the estimated cash flows at a rate commensurate with the inherent risks associated with the assets and related estimated cash flow streams. The income approach relies on management judgment regarding the various inputs to the undiscounted cash flow forecasts. When an impairment charge for a community is determined, the charge is then allocated to each lot in the community in the same manner as land and development costs are allocated to each lot.

The homebuilding impairment charge in 2013 is primarily related to the impairment of Coyote Springs. Under the terms of the Transaction Agreement, certain of WRECO's consolidated assets and liabilities will be excluded from the transaction and retained by Weyerhaeuser, including assets and liabilities relating to Coyote Springs. During the fourth quarter of 2013, following the announcement of the Transactions, WRECO and Weyerhaeuser began exploring strategic alternatives for Coyote Springs and determined that Weyerhaeuser's strategy for development of Coyote Springs will likely differ from WRECO's current development plan. WRECO's development plan was long-term in nature with development and net cash flows covering at least 15-20 years. The undiscounted cash flows for Coyote Springs under WRECO's development plan remained above the carrying value of the property. Weyerhaeuser's strategy is to cease holding Coyote Springs for development and to initiate activities in the near-term to market the assets to potential third-party buyers. The undiscounted cash flows under the Weyerhaeuser asset sale strategy were below the carrying value of the property. Consequently, WRECO recognized a non-cash charge of \$343.3 million in the fourth quarter of 2013 for the impairment of Coyote Springs. The estimated fair value of Coyote Springs that was impaired during 2013 was primarily based on an independent appraisal that was determined using both other observable inputs (Level 2) related to other market transactions and significant unobservable inputs (Level 3) such as the timing and amounts of future cash flows related to the development of the property, timing and amounts of proceeds from acreage sales, access to water for use on the property and discount rates applicable to the future cash flows. The discount rate applied to the estimated future cash flow projections was 25 percent.

When WRECO owns land or communities under development that do not fit into WRECO's development and construction plans and WRECO determines to sell the asset, the asset is accounted for as an asset held for sale. Finished home inventory is also accounted for as held for sale. WRECO records each asset held for sale at the lesser of its carrying value or estimated fair value less costs to sell. If the estimated fair value less costs to sell an asset is less than the current carrying value, the asset is written down to its estimated fair value less costs to sell. WRECO continues to monitor the fair value of assets held for sale through the disposition date.

## **Table of Contents**

When information for comparable assets is available, WRECO uses the market approach to determine the estimated fair value of assets held for sale. Under the market approach, WRECO typically uses information such as:

sales prices for comparable assets,

market studies,

appraisals or

legitimate offers.

Estimated fair values of both held and used and held for sale inventory may reflect significant management judgment and the key assumptions relating to inventory valuations may be impacted by local market economic conditions and the actions of competitors, and are inherently uncertain. Due to uncertainties in the estimation process, actual results could differ from such estimates.

During the year ended December 31, 2013, WRECO reviewed a total of 11 held and used communities for impairment. Three of these communities were reviewed due to circumstances that indicated the carrying value of the community may not be recoverable from future undiscounted net cash flows. The other eight communities were reviewed in connection with WRECO's periodic review of future master planned communities and land held for future use, but had no specific indicators of impairment. Coyote Springs discussed above was the only community classified as held and used that was impaired during the year ended December 31, 2013. The remaining 10 communities were comprised of the following: (a) two communities at Maracay that were tested due to possible indicators of impairment with an aggregate carrying value of \$3.6 million and aggregate estimated future undiscounted net cash flows of \$4.4 million at the time of the impairment assessments and (b) eight communities at Pardee that were tested as part of WRECO's periodic review of future master planned communities and land held for future use, but had no specific indicators of impairment. These eight communities had an aggregate carrying value of \$393.4 million and aggregate estimated future undiscounted net cash flows of \$829.2 million at the time of the impairment assessments.

As of December 31, 2013, there were no other communities identified as being at risk of material impairment and WRECO believes that the carrying value of WRECO's consolidated inventory balance of \$1,422 million as of December 31, 2013 is recoverable. However if conditions in the overall housing market or in specific markets worsen in the future beyond WRECO's current expectation, or if future changes in WRECO's development plans or WRECO's strategic intent with respect to individual communities significantly affect any key assumptions used in WRECO's projections of future cash flows, or if there is any material change in any of the other items WRECO considers in assessing recoverability, WRECO may recognize charges in future periods for impairments of inventory or option deposits and capitalized pre-acquisition costs associated with the assets under option, or both. Any such charges could be material to WRECO's consolidated financial statements.

## ***Revenue Recognition***

Single-family home sales revenue is recorded using the completed-contract method of accounting at the time each home is delivered, down payment has been received, title and possession are transferred to the buyer, and there is no significant continuing involvement with the home.

Land and lot revenue is recognized when title is transferred to the buyer, buyer has made adequate initial investment in the property, and there is no significant continuing involvement. If the buyer has not made an adequate initial or continuing investment in the property, the profit on such sales is deferred until these conditions are met.

***Variable Interest Entities***

WRECO accounts for variable interest entities in accordance with ASC 810, *Consolidation*, or ASC 810. For further details on what is a variable interest entity, or VIE, refer to *Note 8: Variable Interest Entities* to WRECO's audited consolidated financial statements included in this proxy statement. For each VIE, WRECO assesses whether it is the primary beneficiary by first determining if it has the ability to control the activities of the VIE that most significantly impact economic performance. Those activities include, but are not limited to the ability to: direct entitlement of land; determine the budget and scope of land development work; perform land development activities; control financing decisions for the VIE; the ability to acquire additional land into the VIE or dispose of land in the VIE not already under contract; or the ability to approve, change or amend the respective VIE's operating agreement. If WRECO is not able to control those activities, it is not considered the primary beneficiary of the VIE. If WRECO does have the ability to control those activities, the company also determines if it is expected to absorb a potentially significant amount of the VIE's losses or, if no party absorbs the majority of such losses, if it will potentially benefit from a significant amount of the VIE's expected gains. If WRECO is the primary beneficiary of the VIE, it will consolidate the VIE in the financial statements and reflect the VIE's assets and liabilities as consolidated real estate not owned within the inventory balance in the consolidated balance sheet.

The equity method of accounting is used for investments that qualify as VIEs when WRECO is not the primary beneficiary.

## **Table of Contents**

### ***Warranty Reserves***

In the normal course of business, WRECO incurs warranty-related costs associated with homes that have been delivered to homebuyers. Estimated future direct warranty costs are accrued and charged to cost of sales in the period when the related home sale revenues are recognized and the warranty reserve is included in other accrued liabilities. Amounts accrued on homes delivered will vary based on product type and geographical area. Warranty coverage also varies depending on state and local laws. Indirect warranty overhead salaries and related costs are charged to cost of sales in the period incurred. Amounts are accrued based upon WRECO's historical experience. WRECO periodically assesses the adequacy of the warranty reserve balance and adjusts the amounts as appropriate for current quantitative and qualitative factors. Factors that affect the warranty accruals include the number of homes delivered, historical and anticipated rates of warranty claims and cost per claim.

### ***Contingent Liabilities***

WRECO is subject to lawsuits, investigations and other claims related to product and other matters, and are required to assess the likelihood of any adverse judgments or outcomes to these matters, as well as potential ranges of probable losses. Contingent liabilities are recorded when it becomes probable the company will have to make payments and the amount of the loss can be reasonably estimated. Assessing probability of loss and estimating probable losses requires analysis of multiple factors, including: historical experience; judgments about the potential actions of third party claimants and courts and recommendations of legal counsel. In addition to contingent liabilities recorded for probable losses, WRECO discloses contingent liabilities when there is a reasonable possibility that an ultimate loss may occur.

Recorded contingent liabilities are based on the best information available and actual losses in any future period are inherently uncertain. If estimated probable future losses or actual losses exceed the recorded liability for such claims, WRECO would record additional charges as part of operating costs and expenses within the statement of operations.

### ***Prospective Accounting Pronouncements***

Currently there are no significant prospective accounting pronouncements that are expected to have a material impact on WRECO.

## **Quantitative and Qualitative Disclosures About Market Risk**

### ***Debt Obligations (dollars in thousands)***

All third party debt was repaid as of December 31, 2013. On November 15, 2013, the promissory note payable to Weyerhaeuser was extended to the earlier of December 31, 2014 or the closing of the Transaction with TRI Pointe Homes, Inc.

WRECO's operations are interest rate sensitive. As overall housing demand is adversely affected by increases in interest rates, a significant increase in mortgage interest rates may negatively affect the ability of homebuyers to secure adequate financing. Higher interest rates could adversely affect WRECO's revenues, gross margins and net earnings and would also increase its variable rate borrowing costs. WRECO does not enter into, or intend to enter into, derivative financial instruments for trading or speculative purposes.

In connection with the Transactions, up to \$739 million of WRECO's debt payable to Weyerhaeuser will be repaid and any remaining amounts outstanding under the revolving promissory note with Weyerhaeuser (if any) will be extinguished, and WRECO will incur \$800 million or more in aggregate principal amount of debt financing in the

form of (i) debt securities, (ii) the Senior Unsecured Bridge Facility or (iii) a combination thereof, which debt will be an obligation of WRECO and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions. See [The Transactions](#) and [Debt Financing](#) for additional information.

**Table of Contents****SELECTED HISTORICAL AND PRO FORMA FINANCIAL AND OPERATING DATA****Selected Historical Financial and Operating Data of WRECO**

The following selected historical financial data of WRECO as of and for the years ended December 31, 2013 and 2012 and for the year ended December 31, 2011 have been derived from the audited consolidated financial statements of WRECO included in this proxy statement. The financial data as of December 31, 2011 and for the year ended December 31, 2010 have been derived from the audited financial statements of WRECO not included or incorporated by reference in this proxy statement. The financial data as of December 31, 2010 and as of and for the year ended December 31, 2009 have been derived from the unaudited financial statements of WRECO not included or incorporated by reference in this proxy statement. This information is only a summary and should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations for WRECO and the audited consolidated financial statements of WRECO and the notes thereto included in this proxy statement.

WRECO's historical financial information does not reflect changes that WRECO expects to experience in the future as a result of the Transactions, including the REB Transfers and changes in the financing, operations, cost structure and personnel needs of its business. See The Transaction Agreement Transfers of Certain Assets and Assumption of Certain Liabilities. Further, the historical financial statements include allocations of certain Weyerhaeuser corporate general and administrative expense. WRECO's management believes the assumptions and methodologies underlying the allocation of corporate general and administrative expense are reasonable. However, these allocations may not be indicative of the actual level of expense that would have been incurred by WRECO if it had operated as an independent company or of costs expected to be incurred in the future. These allocated expenses relate to various services that have historically been provided to WRECO by Weyerhaeuser, including corporate governance, cash management and other treasury services, administrative services (such as government relations, tax, employee payroll and benefit administration, internal audit, legal, accounting, human resources and equity-based compensation plan administration), lease of office space, aviation services and insurance coverage. During the years ended December 31, 2013, 2012 and 2011, WRECO incurred \$22.9 million, \$20.5 million and \$17.3 million, respectively, of allocated corporate general and administrative expense from Weyerhaeuser. See Management's Discussion and Analysis of Financial Condition and Results of Operations for WRECO and *Note 11: Relationship and Transactions with Weyerhaeuser* to WRECO's audited consolidated financial statements included in this proxy statement for further information regarding allocated corporate general and administrative expense. In addition, as part of WRECO's historical cash management strategy as a subsidiary of Weyerhaeuser, WRECO has a revolving promissory note payable to Weyerhaeuser that will be extinguished in connection with the Transactions. The total amount outstanding under the promissory note was \$834.6 million, \$689.6 million and \$568.7 million as of December 31, 2013, 2012 and 2011, respectively. WRECO paid Weyerhaeuser interest on the unpaid balance for the years ended December 31, 2013, 2012 and 2011 at rates per annum of 1.87%, 1.92% and 0.62%, respectively. **Unaudited Pro Forma Condensed Combined Financial Information of TRI Pointe and WRECO**

The following unaudited pro forma condensed combined financial information presents the unaudited pro forma condensed combined balance sheet and unaudited pro forma condensed combined statement of operations based upon the combined historical

## Table of Contents

financial statements of WRECO and TRI Pointe, after giving effect to the Transactions between WRECO and TRI Pointe and adjustments described in the accompanying notes. The Transactions are accounted for as a reverse acquisition under the acquisition method of accounting, which requires determination of the accounting acquiror. The accounting guidance for business combinations, Accounting Standards Codification 805, *Business Combinations*, provides that in identifying the acquiring entity in a combination effected through an exchange of equity interests, all pertinent facts and circumstances must be considered, including the following:

*The relative voting interests of TRI Pointe after the consummation of the Transactions.* Weyerhaeuser shareholders are expected to receive approximately 79.8% of the equity ownership and associated voting rights in TRI Pointe after the consummation of the Transactions.

*The size of the combining companies in the Transactions.* The relative sizes are measured in terms of assets, revenues, net income and other applicable metrics. WRECO would represent 73%, 83% and 94%, and TRI Pointe would represent 27%, 17% and 6%, of the combined assets, revenues and net income, respectively, as of or for the year ended December 31, 2013, as applicable.

*The composition of the governing body of TRI Pointe after the consummation of the Transactions.* The composition of TRI Pointe's board of directors following the consummation of the Transactions will be comprised of five directors selected by TRI Pointe while the remaining four directors will be selected by Weyerhaeuser immediately prior to the consummation of the Transactions. However, the TRI Pointe board of directors can be replaced at a stockholders' meeting after the consummation of the Transactions.

*The composition of senior management of TRI Pointe after the consummation of the Transactions.* TRI Pointe's senior management following the Merger will be the same as TRI Pointe's current management team. However, senior management can be removed by the board of directors of TRI Pointe after the consummation of the Transactions.

Based on the foregoing analysis, WRECO will be considered to be the accounting acquiror. The historical consolidated financial statements for all periods prior to the consummation of the Transactions will only reflect the historical consolidated financial statements of WRECO. Upon the consummation of the Transactions, WRECO will apply purchase accounting to the assets and liabilities of TRI Pointe.

The unaudited pro forma condensed combined balance sheet as of December 31, 2013 reflects the Transactions as if they were consummated on that date. The unaudited pro forma condensed combined statement of operations for the year ended December 31, 2013 reflects the Transactions as if they were consummated on January 1, 2013.

The unaudited pro forma condensed combined financial information should be read in conjunction with the audited consolidated historical financial statements of WRECO and TRI Pointe and the notes thereto included in this proxy statement and in TRI Pointe's Annual Report on Form 10-K for the year ended December 31, 2013, which is incorporated by reference into this proxy statement, as well as the disclosures contained in each company's Management's Discussion and Analysis of Financial Condition and Results of Operations. Additional information about the basis of presentation of this information is provided in *Note 1. Basis of Presentation* hereto.

The unaudited pro forma condensed combined financial information was prepared in accordance with Article 11 of Regulation S-X. The unaudited pro forma adjustments reflecting the consummation of the Transactions have been prepared in accordance with business combination accounting guidance as provided in Accounting Standards Codification 805, *Business Combinations*, and reflect the preliminary allocation of the purchase price to the acquired assets and liabilities based upon their estimated fair values, using the assumptions set forth in the notes to the unaudited pro forma condensed combined financial information.

The unaudited pro forma condensed combined financial information is provided for informational purposes only and is not necessarily indicative of the operating results or financial position that would have occurred if the Transactions had been completed as of the dates set forth above, nor is it indicative of the future results or financial position of the combined company. In connection with the pro forma financial information, WRECO allocated the purchase price using its best estimates of fair value of TRI Pointe's assets and liabilities. These estimates are based on the most recently available information. The allocation is dependent upon certain valuation and other analyses that are not yet final. Accordingly, the pro forma acquisition price allocations are preliminary and subject to further adjustments as additional information becomes available and as additional analyses are performed. There can be no assurances that the final valuations will not result in material changes to these preliminary purchase price allocations.

The unaudited pro forma condensed combined financial information also does not give effect to the potential impact of current financial conditions, any anticipated synergies, operating efficiencies or cost savings that may result from the Transactions or any integration costs. Furthermore, the unaudited pro forma condensed combined statement of operations does not include certain nonrecurring charges and the related tax effects which result directly from the Transactions as described in the notes to the unaudited pro forma condensed combined financial information.

**Table of Contents****Notes to Unaudited Pro Forma Condensed Combined Financial Information*****1. Basis of Presentation***

The historical consolidated financial information has been adjusted to give pro forma effect to events that are (i) directly attributable to the Transactions, (ii) factually supportable and (iii) with respect to the unaudited pro forma condensed combined statements of operations, expected to have a continuing impact on the combined results. The pro forma adjustments are preliminary and based on estimates of the fair value and useful lives of the assets acquired and liabilities assumed and have been prepared to illustrate the estimated effect of the Transactions and certain other adjustments. The final determination of the purchase price allocation will be based on the fair values of assets acquired and liabilities assumed as of the Closing Date.

WRECO's historical results are derived from WRECO's audited consolidated statement of operations for the year ended December 31, 2013 and audited consolidated balance sheet as of December 31, 2013. TRI Pointe's historical results are derived from TRI Pointe's audited consolidated statement of operations for the year ended December 31, 2013 and audited consolidated balance sheet as of December 31, 2013.

The denominator used to calculate pro forma basic earnings per common share was calculated by adding 129,700,000 shares issued in the Transactions to the historical shares of TPH prior to the Transactions. The denominator used to calculate pro forma diluted earnings per common share was derived from the shares used to calculate basic earnings per common share plus 1,194,000 shares attributable to equity awards outstanding prior to the Transactions.

***Significant Accounting Policies***

The accounting policies used in the preparation of this unaudited pro forma condensed combined financial information are those set forth in WRECO's and TRI Pointe's audited consolidated financial statements as of December 31, 2013. TRI Pointe's management has determined that no material adjustments are necessary to conform TRI Pointe's financial statements to the accounting policies used by WRECO in the preparation of the unaudited pro forma condensed combined financial information. Certain reclassification adjustments have been made in the unaudited pro forma condensed combined financial statements to conform TRI Pointe's historical basis of presentation to that of WRECO.

***Description of Transaction***

On November 4, 2013, TRI Pointe and Weyerhaeuser announced that they, along with WRECO and Merger Sub, had entered into the Transaction Agreement, which provides for the combination of TRI Pointe's business and the Real Estate Business.

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to make a cash payment to WNR, a subsidiary of Weyerhaeuser. Weyerhaeuser will then cause the REB Transfers to occur.

Following the REB Transfers, Weyerhaeuser will cause WNR to distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser in the WRECO Spin. If Weyerhaeuser elects to conduct an exchange offer, Weyerhaeuser will offer to Weyerhaeuser shareholders in the exchange offer the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock, subject to proration in the event of oversubscription. If the exchange offer is consummated but fewer than all the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata

basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. In all cases, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. If Weyerhaeuser does not elect to conduct an exchange offer, it will distribute all WRECO common shares owed by it to Weyerhaeuser shareholders. Immediately after the Distribution and at the effective time of the Merger, Merger Sub will merge with and into WRECO, with WRECO surviving the merger and becoming a wholly owned subsidiary of TRI Pointe. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock.

TRI Pointe expects to issue 129,700,000 shares of TRI Pointe common stock in the Merger, excluding shares to be issued on exercise or vesting of equity awards held by WRECO employees that are being assumed by TRI Pointe in connection with the

**Table of Contents**

Transactions. Based upon the reported closing sale price of \$[ ] per share for TRI Pointe common stock on the NYSE on [ ], 2014, the total value of the shares to be issued by TRI Pointe and the amount of cash received by WNR, a subsidiary of Weyerhaeuser, in the Transactions, including from the proceeds of the New Debt (which will be an obligation of WRECO and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions) as discussed below but not including any Adjustment Amount as described in The Transaction Agreement Payment of Adjustment Amount, would have been approximately \$[ ] billion. The actual value of the consideration to be paid by TRI Pointe will depend on the market price of TRI Pointe common stock at the time of determination and on the Adjustment Amount. Therefore, the actual purchase price will fluctuate with the market price of TRI Pointe common stock until the Merger is consummated.

Upon the consummation of the Transactions, equity awards in Weyerhaeuser common shares held by WRECO employees will be converted into 1.721 equity awards of TRI Pointe common stock. As of March 24, 2014, there were 1,139,990 unvested and 1,339,888 vested equity awards in Weyerhaeuser common shares held by WRECO employees that would be converted into 584,474 unvested TRI Pointe restricted stock units and 1,377,449 unvested and 2,305,947 vested options exercisable for shares of TRI Pointe common stock. The exercise price of the Weyerhaeuser options ranged from \$9.53 to \$30.54, and the exercise price of the replacement TRI Pointe options will range from \$5.54 to \$17.76. The fair value of the Weyerhaeuser equity awards and the replacement equity awards were measured as of March 24, 2014. The excess fair value of the TRI Pointe options, approximately \$0.3 million, will be recognized as additional compensation expense over the term of the unvested equity awards. For purposes of the Unaudited Pro Forma Condensed Consolidated Statements of Operations for the Year Ended December 31, 2013, additional compensation expense related to the increase in fair value to the WRECO employee equity awards was recorded as \$1.1 million, as discussed in explanation seven of *Note 4. Notes to Unaudited Pro Forma Condensed Combined Statements of Operations*. Significant assumptions used in the measurement of fair value of the replacement options included expected terms, volatility, annual discount rate and the risk free rate.

After the consummation of the Merger, TRI Pointe will own and operate the Real Estate Business through WRECO, which will be TRI Pointe's wholly owned subsidiary, and will also continue its current businesses. TRI Pointe common stock, including the shares issued in the Merger, will be listed on the NYSE under TRI Pointe's current trading symbol TPH.

**2. Calculation of Estimated Purchase Consideration**

The purchase consideration in a reverse acquisition is determined with reference to the value of equity of the accounting acquiree (in this case, TRI Pointe, the legal acquirer). The fair value of TRI Pointe common stock is based on the closing stock price on March 24, 2014 of \$16.98.

The purchase price is calculated as follows (dollars in thousands, except number of shares and per share amount):

Number of TRI Pointe shares outstanding <sup>(1)</sup>	31,632,533
TRI Pointe common stock price <sup>(2)</sup>	\$ 16.98
<b>Total</b>	<b>\$ 537,120</b>
Fair value of stock options <sup>(3)</sup>	253
<b>Estimated purchase price</b>	<b>\$ 537,373</b>

- (1) Number of shares of TRI Pointe common stock issued and outstanding as of March 24, 2014.
- (2) Closing price of TRI Pointe common stock on the NYSE on March 24, 2014 of \$16.98 per share.
- (3) The fair value of stock options for the services already rendered have been added to the calculation of the estimated purchase price.

For pro forma purposes, the fair value of the consideration given and thus the estimated purchase price was determined based on the \$16.98 per share closing price of TRI Pointe common stock on March 24, 2014. The final purchase consideration could significantly differ from the amounts presented in the unaudited pro forma condensed combined financial information due to movements in the market price of TRI Pointe common stock as of the Closing Date of the transaction. A sensitivity analysis related to the fluctuations in the market price of TRI Pointe common stock was performed to assess the impact that a hypothetical change of 10% in the market price of TRI Pointe common stock on March 24, 2014 would have on the estimated purchase price and goodwill as of the Closing Date.

**Table of Contents**

The following table shows the change in the market price of TRI Pointe common stock, estimated consideration transferred and goodwill (dollars in thousands, except per share amounts):

Change in stock price	Estimated consideration		
	Stock price	transferred	Goodwill
Increase of 10%	\$ 18.68	\$ 591,148	\$ 245,897
Decrease of 10%	\$ 15.28	\$ 483,598	\$ 138,347

**Preliminary Purchase Price Allocation**

Under the acquisition method of accounting, the identifiable assets acquired and liabilities assumed of TRI Pointe are recorded at the acquisition date fair values and added to those of WRECO. The pro forma adjustments are preliminary and based on estimates of the fair value and useful lives of the assets acquired and liabilities assumed as of December 31, 2013 and have been prepared to illustrate the estimated effect of the Transactions.

Acquisition date fair value for inventory was estimated using an income approach that estimates the fair value of real estate inventory using a discounted cash flow model. The final determination of the fair value of real estate inventory will depend on expected average selling prices, sales pace, cancellation rates, construction and overhead costs. Additionally, the acquisition date fair value of the trademark intangible asset was estimated using the relief-from-royalties method of the income approach. Under that method, the owner of the intangible asset is able to avoid royalty payments would have otherwise been incurred. The present value of the estimated net royalty savings becomes the basis of fair value. The final determination of the trademark intangible will depend on changes to the expected life of the intangible asset, the royalty rate and the discount rate that reflects the level of risk associated with the future cash flows.

The final determination of purchase price allocation upon the consummation of the Transactions will be based on TRI Pointe's net assets acquired as of that date and will depend on a number of factors, which cannot be predicted with any certainty at this time. The purchase price allocation may change materially based on the receipt of more detailed information; therefore, the actual allocations will differ from the pro forma adjustments presented. There can be no assurances that these additional analyses and final valuations will not result in significant changes to the estimates of fair value set forth below.

The following table sets forth a preliminary allocation of the estimated purchase consideration to the identifiable tangible and intangible assets acquired and liabilities assumed of TRI Pointe, with the excess recorded as goodwill (dollars in thousands):

Cash and cash equivalents	\$ 35,261
Real estate inventories	480,983
Contract, notes or accounts receivable	1,697
Trademark intangible asset	12,900
Goodwill	192,122
Other assets	8,824
<b>Total assets</b>	<b>731,787</b>

Accounts payable	23,397
Accrued payroll liabilities	3,508
Other accrued liabilities	18,712
Deferred tax liability	10,685
Notes payable to third parties	138,112
<b>Total liabilities</b>	<b>194,414</b>
Net assets acquired	\$ 537,373

The goodwill expected to be recognized is primarily attributed to expected synergies from combining the Real Estate Business with TRI Pointe's existing business, including, but not limited to, expected cost synergies from overhead savings resulting from streamlining certain redundant corporate functions, improved operating efficiencies, including provision of certain corporate level administrative and support functions at a lower cost than was historically allocated to WRECO for such services by Weyerhaeuser, and growth of ancillary operations in various markets as permitted under applicable law, including a mortgage business, a title company and other ancillary operations. See Information on TRI Pointe TRI Pointe's Liquidity and Capital Resources After the Transactions.

**Table of Contents****3. Notes to Unaudited Pro Forma Condensed Combined Balance Sheet (dollars in thousands)**

- (a) Reflects the elimination of debt payable to Weyerhaeuser of \$835 million, accounts payable to Weyerhaeuser of \$19 million and income tax payable to Weyerhaeuser of \$17 million by WRECO. These liabilities will be settled by the \$739 million cash dividend to be paid by WRECO to Weyerhaeuser in connection with the Transactions.
- (b) Represents the estimated net cash proceeds from the issuance of the New Debt, as well as deferred finance costs and the establishment of the net payable. The New Debt is expected to be valued at \$800 million, with financing costs estimated to be \$18 million, and the net \$782 million increasing cash. Refer to *Note 6. Financing Arrangements* for further details.
- (c) Represents compensation to WRECO employees that was payable in March 2014, concurrent with the payment of annual incentive plan bonus payments.
- (d) Represents the estimated cash transaction costs related to underwriting, legal and other advisory fees associated with the Transactions. These fees were estimated based on the expected costs for underwriting, legal and banking fees, which totaled approximately \$46 million. Accrued fees payable on the balance sheet date were approximately \$0.8 million and fees previously paid were approximately \$5 million as of December 31, 2013.
- (e) Represents the transfer of WRECO's interest in Coyote Springs which, under the terms of the Transaction Agreement, will be excluded from the Transactions and retained by Weyerhaeuser. These excluded assets were deposits on real estate of \$1 million, inventory of \$17 million, a deferred tax asset of \$126 million and other assets of \$2 million.
- (f) Reflects the fair value purchase accounting adjustments to TRI Pointe, including the fair value increase to real estate inventories, trade name intangible and goodwill. Refer to *Note 5. Intangible Asset* for discussion on the valuation of intangible assets. The preliminary estimated fair value of inventory was determined primarily using a discounted cash flow model. These estimated cash flows are significantly impacted by estimates related to expected average selling prices, sales pace, cancellation rates and construction and overhead costs. The fair value of TRI Pointe's real estate inventory was estimated to be \$461 million. Due to the preliminary nature of these estimates, actual results could differ significantly from such estimates. Discount rates used in the pro forma analysis of real estate inventory ranged from 18% to 22%. See Preliminary Purchase Price Allocation discussion in *Note 2. Calculation of Estimated Purchase Consideration* for more information on the value goodwill.
- (g) Represents the elimination of deferred financing costs of \$0.7 million from the historical financial statements of TRI Pointe.
- (h) Reflects the elimination of deferred compensation amounts owed by Weyerhaeuser to employees of WRECO. These liabilities of \$28 million are being excluded from the liabilities assumed because they are being retained by Weyerhaeuser pursuant to the Transaction Agreement.
- (i) Reflects the purchase accounting adjustment to eliminate deferred rent of \$0.2 million from TRI Pointe.
- (j) Represents the adjustment to common stock to reflect the total amount of shares outstanding of 161,332,533 shares of common stock at \$0.01 par value upon the consummation of the Transactions. The historical common stock values of \$4 million for WRECO and \$0.3 million for TRI Pointe were eliminated and replaced with a common stock value of \$1.6 million.

- (k) Represents the elimination of historical equity of TRI Pointe to reflect the new accounting basis of the acquirer.
- (l) Represents adjustments to reflect the decrease in deferred tax assets as a result of the fair value increases of inventory by \$25 million and trade name intangible by \$13 million. The estimated tax rate was determined to be 40% resulting in a decrease to deferred tax assets of \$15 million.
- (m) Reflects the cumulative adjustment to additional paid-in capital, primarily attributable to the transfer of interest in Coyote Springs, the issuance of equity to effect the Transactions and the elimination of payable amounts between WRECO and Weyerhaeuser.

***4. Notes to Unaudited Pro Forma Condensed Combined Statement of Operations***

- (1) Reflects the incremental increase to cost of home sales and change to interest expense related to the issuance of the New Debt by WRECO. The higher interest rate on the New Debt compared to the debt payable to Weyerhaeuser increased the amount of

**Table of Contents**

interest available for capitalization by approximately \$35 million for the year ended December 31, 2013. Additional capitalized interest subsequently increased pro forma cost of home sales by approximately \$8 million for the year ended December 31, 2013. Interest expense decreased approximately \$4 million for the year ended December 31, 2013 to adjust for changes in interest expense and for interest capitalized to inventory. Refer to *Note 6. Financing Arrangements* for further details.

- (2) Represents the increase in cost of home sales to the increase in fair value of inventory acquired in the Transactions by approximately \$25 million. Pro forma cost of sales increased approximately \$22 million for the year ended December 31, 2013.
- (3) Reflects the elimination of certain costs related to deferred compensation that were related to amounts Weyerhaeuser owed to WRECO. These expenses, which include \$0.6 million for the year ended December 31, 2013, are being excluded because they are specifically identified as liabilities of Weyerhaeuser in the Transaction Agreement.
- (4) Represents the amortization expense related to the TRI Pointe trade name intangible recognized in purchase accounting. The trade name intangible asset is expected to have a useful life of ten years and will be amortized on a straight line basis. See *Note 5. Intangible Asset* for additional information.
- (5) Represents the elimination of costs related to WRECO's interest in Coyote Springs, which is expected to be retained by Weyerhaeuser. Pro forma impairment charges of \$343.3 million and cost of land and lot sales of \$2.4 million for the year ended December 31, 2013 relate to a property that will not be transferred to TRI Pointe in the Transactions.
- (6) Represents retention compensation to WRECO employees payable in March 2014, concurrent with the payment of annual incentive plan bonus payouts.
- (7) Represents the change in stock-based compensation expense due to the equity award modification and resulting remeasurement of the fair value of stock based compensation as a result of the Transactions. Under the terms of the Transaction Agreement, equity awards in Weyerhaeuser common shares held by WRECO employees will be converted into equity awards of TRI Pointe common stock. Due to the fair value of the replacement awards exceeding the fair value of the original awards, additional pro forma compensation expense was recognized of approximately \$1 million for the year ended December 31, 2013.
- (8) Represents the elimination of previously recognized transaction costs of \$4 million recorded in the year ended December 31, 2013 related to underwriting, legal and other advisory fees associated with the Transactions.
- (9) Represents the elimination of previously recognized amortization of deferred financing fees of \$0.1 million recorded in the year ended December 31, 2013, which were removed in purchase accounting in connection with the Transactions.

- (10) Represents the adjustment to income tax expense as a result of the tax impact on the pro forma adjustments. WRECO and TRI Pointe used statutory tax rates to compute the income tax expense related to each entity's pro forma condensed combined statement of operations adjustment as follows (dollars in thousands):

	For the year ended		
	December 31, 2013		
	<b>WRECO</b>	<b>TRI Pointe</b>	<b>Total</b>
Pro forma adjustments	\$ 342,808	\$ (19,125)	\$ 323,683
Statutory tax rate	37%	40%	
Tax impact	\$ (126,839)	\$ 7,650	\$ (119,189)

### **5. Intangible Asset**

The fair value of the trade name intangible was estimated using a relief-from-royalties method, and has an estimated useful life of 10 years. The key inputs were: (i) the projected revenue over the expected remaining life of the intangible asset; (ii) royalty rate of 0.5% based on TRI Pointe's margins and market royalty rates; (iii) economic life of 10 years; and (iv) discount rate of 17.0% that reflects the level of risk associated with receiving future cash flow.

**6. Financing Arrangements**

WRECO has entered into a Commitment Letter and related engagement and fee letters with various lenders with respect to financing in connection with the Transactions. The Commitment Letter is subject to customary conditions, including, subject to exceptions, the absence of any material adverse effect (as the term is described in The Transaction Agreement Representations and Warranties ) with respect to WRECO or TRI Pointe and the consummation of the Transactions. WRECO has agreed to pay certain fees to the lenders in connection with the Commitment Letter and has agreed to indemnify the lenders against certain liabilities.

**Table of Contents**

In connection with the Transactions, WRECO expects to engage in the following financing activities:

the issuance and sale by WRECO of Debt Securities in aggregate principal amount of up to the full amount of the New Debt; and

to the extent that WRECO does not issue Debt Securities in aggregate amount of at least \$800 million on or prior to the Closing Date, the incurrence of senior unsecured bridge loans in an aggregate principal amount equal to \$800 million less the aggregate principal amount of Debt Securities issued, from one or more lenders under the Senior Unsecured Bridge Facility (as described in Debt Financing Bank Debt Bridge Facility );

Below is a table that sets forth the amount of the New Debt and the calculation of pro forma interest expense for the period presented, in each case assuming that WRECO incurs \$800 million of senior unsecured bridge loans under the Commitment Letter:

*(Dollars in thousands)*

	Assumed Interest Rate	Balance Outstanding	Interest Expense for the Year Ended December 31, 2013
New Debt	6.25%	\$ 800,000	\$ 50,000

A 0.125% increase or decrease in the interest rate on the unsecured bridge loan would increase (decrease) interest expense on a pro forma basis by \$1.0 million for the year ended December 31, 2013.

Table of Contents**THE TRANSACTIONS**

On November 4, 2013, TRI Pointe and Weyerhaeuser announced that they, along with WRECO and Merger Sub, had entered into the Transaction Agreement, which provides for the combination of TRI Pointe's business and the Real Estate Business.

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to make a cash payment to WNR, a subsidiary of Weyerhaeuser. Weyerhaeuser will then cause the REB Transfers to occur. Following the REB Transfers, Weyerhaeuser will cause WNR to distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser in the WRECO Spin.

Weyerhaeuser will offer to Weyerhaeuser shareholders in an exchange offer the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock, subject to proration in the event of oversubscription. If the exchange offer is consummated but fewer than all of the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. In all cases, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. WRECO common shares will not be able to be traded during this period or at any time before or after the consummation of the Merger. Immediately after the Distribution and at the effective time of the Merger, Merger Sub will merge with and into WRECO, with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock.

TRI Pointe expects to issue 129,700,000 shares of TRI Pointe common stock in the Merger, excluding shares to be issued on exercise or vesting of equity awards held by WRECO employees that are being assumed by TRI Pointe in connection with the Transactions. Based upon the reported closing sale price of \$[ ] per share for TRI Pointe common stock on the NYSE on [ ], 2014, the total value of the shares to be issued by TRI Pointe and the amount of cash received by WNR, a subsidiary of Weyerhaeuser, in the Transactions, including from the proceeds of the New Debt (which will be an obligation of WRECO and will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions) as discussed below, but not including any Adjustment Amount as described in The Transaction Agreement Payment of Adjustment Amount, would have been approximately \$[ ] billion. The actual value of the consideration to be paid by TRI Pointe will depend on the market price of shares of TRI Pointe common stock at the time of determination and on the Adjustment Amount.

After the consummation of the Merger, TRI Pointe will own and operate the Real Estate Business through WRECO, which will be a wholly owned subsidiary of TRI Pointe, and will also continue its current businesses. All shares of TRI Pointe common stock, including those issued in the Merger, will be listed on the NYSE under TRI Pointe's current trading symbol TPH.

Below is a step-by-step description of the sequence of material events relating to the Transactions.

*Step 1 WRECO Stock Split*

On January 17, 2014, WRECO effected the WRECO Stock Split pursuant to which the number of WRECO common shares issued and outstanding was increased to 100,000,000 shares and the par value of each WRECO common share was reduced to \$0.04 per share.

*Step 2 New Debt*

WRECO and certain financial institutions executed the Commitment Letter pursuant to which WRECO will incur the New Debt in the form of (i) the Debt Securities, (ii) the Senior Unsecured Bridge Facility or (iii) a combination thereof, on the terms and conditions set forth therein, as described in Debt Financing Debt Securities and Debt Financing Bridge Facility. Prior to the Closing Date, WRECO intends to enter into definitive agreements providing for the New Debt, but those agreements will be conditional upon the consummation of the Transactions.

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to pay approximately \$739 million in cash to WNR (the current direct parent entity of WRECO), which cash will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). The cash payment will be a repayment by WRECO of certain existing intercompany debt between WRECO and WNR or, to the extent that the cash payment exceeds the amount of the

## **Table of Contents**

intercompany debt, it will be a distribution. WRECO will also pay to WNR a cash amount equal to all unpaid interest on WRECO's intercompany debt that has accrued between the date of the Transaction Agreement and the date of the Distribution. After giving effect to those payments, WNR will contribute any remaining unpaid intercompany debt to WRECO such that WRECO will have no further liability in respect of its intercompany debt.

### *Step 3 REB Transfers*

Under the terms of the Transaction Agreement, certain assets and liabilities of WRECO and its subsidiaries relating to the Real Estate Business will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries), including the assets and liabilities relating to Coyote Springs.

Weyerhaeuser and its subsidiaries will transfer to WRECO and its subsidiaries certain assets relating to the Real Estate Business not already owned or held by WRECO or its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) certain assets of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date. Weyerhaeuser and its subsidiaries will also transfer to WRECO and its subsidiaries, and WRECO and its subsidiaries will assume, certain liabilities relating to the Real Estate Business that are not already liabilities of WRECO and its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries), and Weyerhaeuser or those subsidiaries will assume, certain liabilities of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date.

### *Step 4 WRECO Spin*

WNR will distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser.

### *Step 5 Distribution*

Weyerhaeuser will offer to Weyerhaeuser shareholders in an exchange offer the right to exchange all or a portion of their Weyerhaeuser common shares for WRECO common shares at a discount to the equivalent per-share value of TRI Pointe common stock, subject to proration in the event of oversubscription. If the exchange offer is consummated but fewer than all of the issued and outstanding WRECO common shares are exchanged because the exchange offer is not fully subscribed, the remaining WRECO common shares owned by Weyerhaeuser will be distributed on a pro rata basis to Weyerhaeuser shareholders whose Weyerhaeuser common shares remain outstanding after the consummation of the exchange offer. In all cases, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. WRECO common shares will not be able to be traded during this period or at any time before or after the consummation of the Merger.

As previously noted, TRI Pointe has prepared this proxy statement under the assumption that the WRECO common shares will be distributed to Weyerhaeuser shareholders pursuant to a split-off. Based on market conditions prior to the consummation of the Transactions, Weyerhaeuser will determine whether the WRECO common shares will be distributed to Weyerhaeuser shareholders in a spin-off or a split-off and, once a final decision is made, this proxy statement will be amended to reflect that decision, if necessary.

### *Step 6 Merger*

Immediately following the Distribution, Merger Sub will merge with and into WRECO, with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock. Cash will be paid in lieu of fractional shares of TRI Pointe common stock.

Immediately after the consummation of the Merger, the ownership of TRI Pointe common stock on a fully diluted basis is expected to be as follows: (i) WRECO common shares will have been converted into the right to receive, in the aggregate, approximately 79.8% of the then outstanding TRI Pointe common stock, (ii) the TRI Pointe common stock outstanding immediately prior to the consummation of the Merger will represent approximately 19.5% of the then outstanding TRI Pointe common stock and (iii) outstanding equity awards of WRECO and TRI Pointe employees will represent the remaining 0.7% of the then outstanding TRI Pointe common stock.

*Step 7 Payment of Adjustment Amount*

In addition to the cash payments by WRECO to WNR described in The Transaction Agreement Incurrence of New Debt and Repayment of Intercompany Debt, the Transaction Agreement provides that, on the Closing Date, either TRI Pointe or WNR, as applicable, will pay the Adjustment Amount in cash to the other party, as more fully described in The Transaction Agreement Payment of Adjustment Amount. The Adjustment Amount is not subject to any aggregate limitation but is calculated based on certain variable amounts, some of which are subject to individual limitations. The most significant of these variable amounts is the amount of intercompany indebtedness owed by WRECO to WNR on the Closing Date, which is subject to a maximum limit of \$950 million. Weyerhaeuser and TRI Pointe believe that any changes to the other variable amounts will not materially impact the Adjustment Amount, and that as such the limit on the amount of intercompany indebtedness owed by WRECO to WNR on the Closing Date creates a de facto limit on the Adjustment Amount. Based on calculations by Weyerhaeuser that have been provided to TRI Pointe, it is expected that WNR will pay an Adjustment Amount in cash to TRI Pointe on the Closing Date.

Set forth below are diagrams that illustrate, in simplified form, the existing corporate structures, the corporate structures immediately following the Distribution and the corporate structures immediately following the consummation of the Merger. The ownership proportions included in the diagram illustrating the corporate structures immediately following the consummation of the Merger are approximate and are calculated on a fully-diluted basis.

*Existing Corporate Structures*

*Structures Following Distribution*<sup>(1)</sup>

(1) The Merger will take place immediately following the Distribution. Following the Distribution, the exchange agent will hold all issued and outstanding WRECO common shares in trust until the WRECO common shares are converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock for each WRECO common share in the Merger. WRECO common shares will not be able to be traded during this or any period. See The Transaction Agreement The Merger.

**Table of Contents**

*Structures Following Merger*<sup>(1)</sup>

(1) Following the consummation of the Merger, outstanding equity awards of WRECO and TRI Pointe employees are expected to represent 0.7% of the then outstanding TRI Pointe common stock on a fully diluted basis (not shown). After completion of all of the steps described above:

TRI Pointe's wholly owned subsidiary, WRECO, will hold the Real Estate Business and will be the obligor under the New Debt, which will be guaranteed by WRECO's material wholly owned subsidiaries (and after the consummation of the Merger, TRI Pointe and its material wholly owned subsidiaries), subject to certain exceptions; and

WNR, a subsidiary of Weyerhaeuser, will have received approximately \$739 million of the cash proceeds of the New Debt, which will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). WNR may also receive a cash payment of the Adjustment Amount, if the Adjustment Amount is payable by TRI Pointe, as described in The Transaction Agreement Payment of Adjustment Amount.

Immediately after the consummation of the Merger, the ownership of TRI Pointe common stock on a fully diluted basis is expected to be as follows: (i) WRECO common shares will have been converted into the right to receive, in the aggregate, approximately 79.8% of the then outstanding TRI Pointe common stock, (ii) the TRI Pointe common stock outstanding immediately prior to the consummation of the Merger will represent approximately 19.5% of the then outstanding TRI Pointe common stock and (iii) outstanding equity awards of WRECO and TRI Pointe employees will represent the remaining 0.7% of the then outstanding TRI Pointe common stock. In connection with the Transactions, TRI Pointe, Merger Sub, Weyerhaeuser and/or WRECO have entered into or will enter into the Transaction Documents relating to, among other things, certain tax matters and certain voting matters. See Other Agreements.

**Number of WRECO Common Shares to be Distributed to Weyerhaeuser Shareholders**

Weyerhaeuser is offering to exchange all of the issued and outstanding WRECO common shares for Weyerhaeuser common shares validly tendered and not properly withdrawn. Weyerhaeuser has caused WRECO to effect the WRECO Stock Split so that the total number of WRECO common shares issued and outstanding immediately prior to the effective time of the Merger will equal 100,000,000.

**Background of the Transactions**

Weyerhaeuser's board of directors and senior management regularly review the various businesses conducted by Weyerhaeuser and consider possible strategic opportunities, including potential disposition and merger transactions. As part of that process, on June 16, 2013, Weyerhaeuser publicly announced that its board of directors had authorized

the exploration of strategic alternatives with respect to WRECO, Weyerhaeuser's homebuilding and real estate development business. In connection with its exploration of strategic alternatives for WRECO, Weyerhaeuser engaged Morgan Stanley & Co. LLC ( Morgan Stanley ) and Citigroup as financial advisors in June 2013.

## Table of Contents

Shortly following Weyerhaeuser's June 16 announcement that it was exploring strategic alternatives with respect to WRECO, a number of third parties contacted Weyerhaeuser and its financial advisors to express interest in a possible transaction. On June 18, 2013, Mr. Douglas Bauer, TRI Pointe's Chief Executive Officer, contacted a representative of Weyerhaeuser regarding Weyerhaeuser's announcement. Mr. Bauer also contacted a representative of Citigroup.

During late June of 2013, Morgan Stanley and Citigroup contacted numerous potential counterparties on behalf of Weyerhaeuser regarding a possible transaction involving WRECO. These potential counterparties included parties that Weyerhaeuser's financial advisors had identified as possible counterparties to a Reverse Morris Trust transaction structure, as well as other parties that were expected to be more interested in acquiring WRECO for cash consideration or for a combination of cash and stock. During the course of the process, Weyerhaeuser's financial advisors communicated to potential counterparties that Weyerhaeuser had a preference for a Reverse Morris Trust transaction structure, which would allow Weyerhaeuser to divest WRECO in a tax-efficient manner, but that Weyerhaeuser's board of directors would also consider other transaction structures if an alternative structure could deliver comparable after-tax value to Weyerhaeuser shareholders. In a Reverse Morris Trust transaction, Weyerhaeuser would distribute the stock of WRECO to Weyerhaeuser's shareholders, and immediately thereafter WRECO would merge with a potential counterparty. Following the merger, the WRECO shareholders would retain at least 50% of the shares of the combined entity. Such a transaction would allow Weyerhaeuser to dispose of WRECO without incurring, or having its shareholders incur, U.S. federal income tax on the consideration to be received by Weyerhaeuser and its shareholders in the transaction. As a result, the Reverse Morris Trust structure would facilitate the combination of WRECO with potential counterparties, whereas a taxable disposition of WRECO might otherwise have made a transaction financially unattractive to Weyerhaeuser or required potential counterparties to pay additional consideration.

As part of this process, on June 25, 2013, representatives of Morgan Stanley and Citigroup contacted Mr. Bauer to invite TRI Pointe to participate in preliminary discussions with Weyerhaeuser regarding a possible transaction, and on June 27, 2013, TRI Pointe executed a confidentiality agreement with Weyerhaeuser.

Throughout the process that ensued over the subsequent four month period, TRI Pointe's senior management provided the TRI Pointe board of directors with periodic updates.

During the months of June and July of 2013, a number of other potential bidders executed confidentiality agreements with Weyerhaeuser.

On July 10, 2013, members of senior management of TRI Pointe, including Mr. Bauer, Mr. Thomas Mitchell, its President and Chief Operating Officer, and Mr. Michael Grubbs, its Chief Financial Officer, attended a presentation in TRI Pointe's offices about Weyerhaeuser's real estate business given by Mr. Sandy McDade, Weyerhaeuser's General Counsel, representatives of Morgan Stanley and Citigroup and an outside consultant of Weyerhaeuser. During the presentation, Weyerhaeuser provided the TRI Pointe representatives with written materials containing an initial overview of WRECO's business. These materials included, among other things, a business overview and investment highlights, a brand and market overview and summary financial information. Following the July 10 presentation, Weyerhaeuser's financial advisors made available to TRI Pointe a confidential information package that included, among other things, historical financial information, projected financial information, headcount data and a selling, general and administrative cost structure overview with respect to WRECO.

During July 2013, Weyerhaeuser's financial advisors provided similar written materials containing an initial overview of WRECO's business to numerous other potential bidders, and a comparable confidential information package was made available to certain of these parties. In addition, certain of the potential bidders attended in-person presentations hosted by Weyerhaeuser that were similar to the July 10 presentation to TRI Pointe.

On July 18, 2013, a representative of Citigroup delivered a letter and other materials to TRI Pointe that outlined the procedures for the first round of Weyerhaeuser's process. In that letter, Citigroup and Morgan Stanley, on behalf of Weyerhaeuser, requested that TRI Pointe submit a preliminary non-binding indication of interest regarding a potential combination transaction involving WRECO by August 12, 2013. The process letter provided that the preliminary indication of interest should be based on the business overview information provided by Weyerhaeuser at the July 10 presentation and the confidential information package made available to TRI Pointe after the presentation, and indicated that TRI Pointe would be given an opportunity to conduct further due diligence if it was invited to participate in the second round of the process. Between July 17, 2013 and July 26, 2013, Morgan Stanley and Citigroup delivered similar first round process letters to other potential bidders.

## **Table of Contents**

Between July 2013 and August 2013, members of senior management of TRI Pointe conducted site visits of certain residential development projects owned by WRECO.

On August 7, 2013, at a regular meeting of the TRI Pointe board of directors, members of senior management of TRI Pointe, including Messrs. Bauer, Mitchell and Grubbs and Mr. Glenn Keeler, TRI Pointe's Vice President and Corporate Controller, along with representatives of Deutsche Bank, TRI Pointe's financial advisor, representatives of Gibson Dunn & Crutcher LLP (Gibson Dunn) and Allen Matkins Leck Gamble Mallory & Natsis LLP (Allen Matkins), TRI Pointe's outside legal counsel, and representatives of Ernst & Young LLP (E&Y), TRI Pointe's independent accountants, discussed with TRI Pointe's board of directors the preliminary evaluation of a possible strategic combination of TRI Pointe's business and Weyerhaeuser's real estate business, including a discussion of the Reverse Morris Trust transaction structure preferred by Weyerhaeuser, and reviewed with TRI Pointe's board of directors the terms of a draft non-binding preliminary indication of interest. TRI Pointe's board of directors considered and asked questions regarding the expected corporate governance of the combined company, valuation, the potential effects of the transaction on stockholders and the possibility of significantly increasing TRI Pointe's land position, stock liquidity and geographic diversity. At this meeting, TRI Pointe's board of directors unanimously approved the submission to Weyerhaeuser of a non-binding preliminary indication of interest to combine with WRECO utilizing a Reverse Morris Trust transaction structure to enable TRI Pointe access to Weyerhaeuser's data room with other potential bidders.

On August 12, 2013, TRI Pointe submitted its non-binding preliminary indication of interest to Weyerhaeuser's financial advisors. The TRI Pointe preliminary indication of interest proposed a combination of WRECO and TRI Pointe pursuant to a stock-for-stock merger utilizing a Reverse Morris Trust transaction structure and provided, among other things, that Weyerhaeuser shareholders would own 80% to 81% of the combined company after the closing of the transaction and that Weyerhaeuser would receive a payment of \$500 million in cash through the issuance of new debt obligations that would become obligations of TRI Pointe at the closing of the transaction. The TRI Pointe proposal represented a total enterprise valuation of approximately \$2.5 billion to \$2.6 billion for WRECO, assuming the TRI Pointe closing share price of \$14.78 as of August 9, 2013.

On August 15 and 16, 2013, Weyerhaeuser's financial advisors contacted several bidders who had submitted preliminary indications of interest and invited them to participate in the second round of the process. Weyerhaeuser entered into confidentiality agreements with these bidders, which superseded the confidentiality agreements that Weyerhaeuser had previously executed with such parties. Representatives of Morgan Stanley or Citigroup subsequently delivered to each of them additional materials relating to the due diligence process.

As part of this process, on August 16, 2013, representatives of Citigroup and Morgan Stanley informed Mr. Bauer that TRI Pointe had been selected to participate in the second round of the process, and TRI Pointe and Weyerhaeuser subsequently entered into a mutual confidentiality agreement that superseded the confidentiality agreement entered into between TRI Pointe and Weyerhaeuser on June 27, 2013. On August 17, 2013, a representative of Citigroup delivered to TRI Pointe additional materials relating to the due diligence process and guidelines.

Between August 16, 2013 and October 4, 2013, TRI Pointe conducted a financial and business due diligence investigation of Weyerhaeuser's real estate business with assistance from representatives of Deutsche Bank and E&Y. During this time period, several other bidders also conducted their own due diligence investigations on Weyerhaeuser's real estate business, which included, among other things, review of documents and materials relating to WRECO that were made available by Weyerhaeuser in an online data room, attendance at management presentations hosted by Weyerhaeuser and its advisors, site visits and various follow-up discussions.

## Edgar Filing: TRI Pointe Homes, Inc. - Form PREM14A

On September 4, 2013, Messrs. Bauer, Grubbs and Mitchell of TRI Pointe, along with representatives of an outside consultant of TRI Pointe and representatives of Deutsche Bank, Gibson Dunn and E&Y, attended, at Morgan Stanley's offices in Los Angeles, a presentation about Weyerhaeuser's real estate business given by WRECO's senior management team, including Mr. Peter Orser, WRECO's President and Chief Executive Officer, Mr. Dale Sowell, WRECO's Executive Vice President, and Mr. Tom Stocks, WRECO's Chief Investment Officer. Mr. McDade and representatives of Citigroup, Morgan Stanley and an outside consultant of Weyerhaeuser were also present.

On September 9, 2013, representatives of Citigroup and Morgan Stanley delivered second round process letters to TRI Pointe and the other bidders that outlined the procedures for the second round of Weyerhaeuser's process.

In connection with the second round process letter, between September 16, 2013 and September 25, 2013, a representative of Citigroup delivered drafts of a transaction agreement, a tax sharing agreement, a disclosure letter and a voting agreement to TRI Pointe. During this period, representatives of Citigroup and Morgan Stanley also delivered to the other bidders drafts of definitive agreements relating to a possible transaction involving WRECO.

Between September 16, 2013 and October 4, 2013, certain members of senior management of TRI Pointe, including Messrs. Bauer, Mitchell, Grubbs and Keeler, and representatives of E&Y, Gibson Dunn and Allen Matkins, had numerous meetings and discussions regarding the terms set forth in the draft transaction agreement and related ancillary agreements and prepared a mark-up of the transaction agreement and a mark-up of the tax sharing agreement.

On September 30, 2013, at a special meeting of the board of directors of TRI Pointe, Messrs. Bauer, Mitchell and Grubbs, along with representatives of Deutsche Bank, Gibson Dunn and Allen Matkins, discussed with TRI Pointe's board of directors an updated evaluation of the potential strategic combination of TRI Pointe's business and Weyerhaeuser's real estate business and the results of the financial and business due diligence investigation of Weyerhaeuser's real estate business. At this meeting, the representatives of Deutsche Bank discussed certain preliminary financial analyses relating to TRI Pointe, Weyerhaeuser's real estate business and the proposed transaction. Additionally, Messrs. Bauer, Mitchell and Grubbs, along with representatives of Deutsche Bank and Gibson Dunn, reviewed with TRI Pointe's board of directors the terms of a draft non-binding second round bid proposal, including a proposed mark-up of the draft transaction agreement prepared by Gibson Dunn and the proposed treatment of the assets held by WRECO relating to Coyote Springs, which were viewed by senior management of TRI Pointe as a non-beneficial land position with a fair-market value significantly less than its then-current book value. Because of this, TRI Pointe senior management discussed a proposal by which the Coyote Springs assets would be transferred to TRI Pointe at fair market value, determined pursuant to a mutually agreeable methodology. Finally, a representative of Allen Matkins provided the TRI Pointe board of directors with an overview of the fiduciary duties required of directors under Delaware law in connection with the proposed transaction.

On October 2, 2013, Messrs. Bauer, Mitchell and Grubbs met in New York with members of Weyerhaeuser's senior management, including Mr. Doyle Simons, Weyerhaeuser's President and Chief Executive Officer, Ms. Patricia Bedient, Weyerhaeuser's Chief Financial Officer, and Mr. McDade, to discuss each other's respective businesses and potential opportunities from a combination of TRI Pointe's business and WRECO's business, including potential synergies. Representatives of Morgan Stanley, Citigroup and an outside consultant of Weyerhaeuser also attended this meeting. Weyerhaeuser held similar meetings in New York with certain of the other bidders on October 2 and October 3, 2013.

On October 3, 2013, representatives of Gibson Dunn and representatives of Cravath, Swaine & Moore LLP (Cravath), Weyerhaeuser's outside legal counsel, had a discussion regarding certain provisions of the draft transaction agreement.

On October 3, 2013, at a special meeting of the board of directors of TRI Pointe, Messrs. Bauer, Mitchell, Grubbs and Keeler provided an update on the discussions with Weyerhaeuser, including a summary of the October 2 meeting with Weyerhaeuser senior management. At this meeting, TRI Pointe's board of directors, members of senior management of TRI Pointe and representatives of Deutsche Bank discussed certain preliminary financial analyses relating to TRI Pointe, Weyerhaeuser's real estate business and the proposed transaction. The board of directors of TRI Pointe discussed the economics of the proposed transaction and the possible ownership percentages, including the effects of increasing the percentage to be owned by Weyerhaeuser shareholders. After further discussion regarding the financial information, the board of directors of TRI Pointe unanimously approved the submission of a non-binding second round bid proposal.

On October 4, 2013, TRI Pointe submitted a non-binding second round bid proposal to Weyerhaeuser's financial advisors that superseded the non-binding preliminary indication of interest submitted by TRI Pointe on August 12, 2013. This proposal provided, among other things, that:

the proposed transaction would utilize a Reverse Morris Trust transaction structure;

Weyerhaeuser shareholders would own 78.25% of the combined company after the closing of the transaction;

WRECO would remain liable for its existing debt and Weyerhaeuser would receive a cash payment of \$500 million through the incurrence by WRECO of new debt obligations that would become obligations of TRI Pointe at the closing of the transaction;

Coyote Springs would be transferred to TRI Pointe at fair market value, determined pursuant to a mutually agreeable methodology;

upon closing of the transaction, TRI Pointe's board of directors would be expanded from seven directors to nine directors, with five of the directors appointed by TRI Pointe and four of the directors appointed by Weyerhaeuser; and

TRI Pointe and its advisors would need to complete confirmatory diligence with respect to legal, accounting, human resources, information technology and environmental matters before entering into a definitive agreement.

The TRI Pointe proposal represented a total enterprise valuation of \$2.2 billion for WRECO, assuming the TRI Pointe closing share price of \$14.17 as of October 3, 2013, and such proposal did not assign any value to Coyote Springs (because Coyote Springs would be transferred at fair market value, determined at a later time pursuant to mutually agreeable methodology). TRI Pointe's proposal also noted that the implied enterprise valuation for WRECO represented by the offer would be higher if TRI

Pointe's share price were to increase. A mark-up of the transaction agreement and a mark-up of the tax sharing agreement were included with the proposal.

Several other bidders also submitted non-binding second round bid proposals to Weyerhaeuser's financial advisors on October 4, together with mark-ups of the draft definitive agreements that had been provided to the bidders. One of the bidders submitted its non-binding proposal to Weyerhaeuser's financial advisors on October 8, 2013. On October 10, 2013, representatives from Citigroup contacted members of senior management of TRI Pointe and informed them that, while certain elements of TRI Pointe's second round bid were appealing to Weyerhaeuser, TRI Pointe's proposed valuation was not competitive with the valuations proposed by the other bidders. Between October 9 and October 10, 2013, Weyerhaeuser's financial advisors also contacted the other bidders to discuss certain aspects of their bids.

Between October 10, 2013 and October 12, 2013, representatives of Deutsche Bank, certain directors of TRI Pointe and members of senior management of TRI Pointe had several discussions regarding the financial analyses prepared by Deutsche Bank and the underlying price inflation assumptions provided by management of TRI Pointe.

On October 12, 2013, at a special meeting of the board of directors of TRI Pointe, Messrs. Bauer, Mitchell, Grubbs and Keeler provided an update on the discussions with Weyerhaeuser, including a summary of the October 10, 2013 call with representatives of Citigroup. At this meeting, representatives of Deutsche Bank reviewed revised financial analyses taking into account updated price inflation assumptions provided by TRI Pointe's senior management. The TRI Pointe board of directors discussed the synergies of the proposed transaction and management's evaluation of Weyerhaeuser's assets. The TRI Pointe board of directors considered the current housing recovery cycle and the timing of the proposed combination. The TRI Pointe board of directors discussed increasing the proposed valuation of Weyerhaeuser's real estate business and also proposing a "One-way Collar" feature, which, in the event that TRI Pointe's average share price increased over a certain threshold during a mutually determined period, would cause Weyerhaeuser shareholders to receive fewer shares of TRI Pointe common stock for each WRECO common share exchanged. The members of senior management of TRI Pointe, along with the representatives of Deutsche Bank and Gibson Dunn, reviewed with TRI Pointe's board of directors the terms of the proposed amendment to the non-binding second round indication of interest. After a discussion regarding the revised financial analyses and the changes to the underlying inflation assumptions, the TRI Pointe board of directors unanimously approved the submission of a revised non-binding second round bid proposal.

On October 13, 2013, TRI Pointe submitted a revised non-binding second round bid proposal to Weyerhaeuser's financial advisors. The revised proposal modified the second round bid proposal submitted on October 4, 2012 as follows:

Weyerhaeuser shareholders would own 80.5% of the combined company after the closing of the transaction, subject to downward adjustment in the form of a "One-way Collar";

Weyerhaeuser would receive a cash payment of \$700 million through the incurrence by WRECO of new debt obligations that would become obligations of TRI Pointe at the closing of the transaction; and

Coyote Springs would either (i) be transferred to a dual beneficiary subdivision land trust, pursuant to which Weyerhaeuser would be responsible for all carrying costs with respect to Coyote Springs and

would be entitled to receive an agreed upon percentage of the gross proceeds of all Coyote Springs home sales, while TRI Pointe would be responsible for entitlement and infrastructure costs, or (ii) be transferred at fair market value, determined pursuant to a mutually agreeable methodology.

The revised TRI Pointe proposal represented a total enterprise valuation of approximately \$2.6 billion for WRECO, assuming no value for Coyote Springs (which would either be transferred to the dual beneficiary subdivision land trust described above or transferred at fair market value, determined at a later time pursuant to a mutually agreeable methodology) and the TRI Pointe closing share price of \$13.93 as of October 11, 2013.

On October 14, 2013, representatives of Cravath sent to certain of the other bidders mark-ups of the revised definitive agreements that those bidders had submitted as part of their second round bid proposals.

Between October 14 and October 15, 2013, representatives of Weyerhaeuser and its financial advisors had several discussions with senior management of TRI Pointe, including Messrs. Bauer, Mitchell and Grubbs, regarding TRI Pointe's October 13 proposal. During these discussions, representatives of Citigroup and Morgan Stanley informed TRI Pointe's senior management that TRI Pointe's revised proposal was competitive with the offers proposed by the other bidders from an economic perspective, but that Weyerhaeuser had concerns about the One-way Collar proposed by TRI Pointe and that Weyerhaeuser would prefer to retain Coyote Springs, rather than implementing either of TRI Pointe's proposals with respect to transferring Coyote Springs to a dual beneficiary subdivision land trust or to TRI Pointe at its fair market value. During these discussions, senior management of TRI Pointe requested that Weyerhaeuser agree to negotiate exclusively with TRI Pointe and discontinue all negotiations with the other bidders in the process. The representatives of Weyerhaeuser and its financial

advisors told TRI Pointe's senior management that Weyerhaeuser would consider moving forward with TRI Pointe on an exclusive basis, but only if TRI Pointe were to agree (i) to remove the One-way Collar from its proposal and (ii) that Coyote Springs would be retained by Weyerhaeuser, with no related downward adjustment to the economic terms of the TRI Pointe proposal. In response, senior management of TRI Pointe indicated that TRI Pointe was willing to modify, but not remove, the One-way Collar, and that TRI Pointe would agree to Coyote Springs being retained by Weyerhaeuser. Representatives of Citigroup and Morgan Stanley emphasized during these discussions that Weyerhaeuser would not enter into exclusivity arrangements with TRI Pointe unless TRI Pointe committed to completing its confirmatory legal due diligence on an expedited basis with no reduction in the total enterprise valuation for WRECO indicated by TRI Pointe's October 13 proposal.

On October 15, 2013, at a special meeting of the board of directors of TRI Pointe, Messrs. Bauer, Mitchell, Grubbs and Keeler provided an update on recent communications with respect to the proposed transaction, including a summary of an October 14, 2013 call with Citigroup and Morgan Stanley and a discussion regarding the request for exclusivity. Messrs. Bauer, Mitchell, Grubbs and Keeler agreed to report back to the TRI Pointe board of directors after further discussions with Citigroup and Morgan Stanley.

On October 15, 2013, a representative of Cravath circulated revised drafts of the transaction agreement and the tax sharing agreement to representatives of Gibson Dunn. On October 17, 2013, representatives of Cravath and representatives of Gibson Dunn discussed the revisions to the transaction agreement circulated on October 15, 2013.

On October 16, 2013, a representative of Citigroup informed Mr. Bauer that Weyerhaeuser would be willing to negotiate exclusively with TRI Pointe based on the terms set forth in TRI Pointe's second round bid proposal, as revised, if TRI Pointe would agree to withdraw its request for the One-way Collar and TRI Pointe would commit to completing its confirmatory legal due diligence on an expedited basis. The Citigroup representative also informed Mr. Bauer that exclusivity would be granted with the expectation that TRI Pointe would obtain committed financing on terms reasonably acceptable to Weyerhaeuser in a timely manner.

On October 16, 2013, at a special meeting of the board of directors of TRI Pointe, Messrs. Bauer, Mitchell, Grubbs and Keeler provided an update on recent communications with respect to the proposed transaction, including a summary of the October 16, 2013 call with Citigroup. At this meeting, the TRI Pointe board of directors discussed the proposed transaction in the context of the current housing cycle and unanimously authorized the management of TRI Pointe to continue discussions with Weyerhaeuser on the basis that the One-way Collar would be removed in exchange for Weyerhaeuser's grant of exclusivity to TRI Pointe and that TRI Pointe and its representatives would complete its confirmatory due diligence on an expedited basis.

On October 18, 2013, Weyerhaeuser and TRI Pointe entered into an exclusivity agreement pursuant to which TRI Pointe was given the right to negotiate exclusively with Weyerhaeuser regarding the proposed transaction until November 1, 2013, subject to earlier termination in the event that TRI Pointe was unable to provide executed debt commitment documents that were on terms and conditions reasonably acceptable to Weyerhaeuser.

Between October 17, 2013 and November 1, 2013, the parties and their respective legal and financial advisors negotiated the terms of the transaction agreement, including the exchange ratio and the termination fee, the related disclosure letters, the tax sharing agreement and the other Transaction Documents, beginning with the terms set forth in TRI Pointe's second round bid proposal, as revised. These negotiations, including the negotiation of the amount of the termination fee and the circumstances under which it would be payable, were generally based on precedent transactions, along with advice from outside legal counsel and financial advisors with respect to current market conditions and Delaware law. The exchange ratio was derived from TRI Pointe's proposal that Weyerhaeuser shareholders would own 80.5% of the combined company after the closing of the transaction, and based on the total

enterprise value of WRECO less certain downward adjustments, including the equity awards held by WRECO employees to be assumed by TRI Pointe in the transactions.

Between October 17, 2013 and November 3, 2013, management of TRI Pointe, with assistance from representatives of Deutsche Bank, E&Y, Gibson Dunn and Allen Matkins, undertook their confirmatory due diligence investigation of WRECO with respect to legal, accounting, human resources, information technology and environmental matters. During this time period, Weyerhaeuser, Morgan Stanley, Citigroup, Cravath and other advisors to Weyerhaeuser also conducted a reverse due diligence investigation of TRI Pointe.

Between October 17, 2013 and November 3, 2013, legal advisors to TRI Pointe and the Starwood Fund reviewed and negotiated the terms of the voting agreement that Weyerhaeuser had asked the Starwood Fund to execute in connection with the proposed transaction. During the course of these negotiations, representatives of TRI Pointe indicated that three of TRI Pointe's executive officers, Messrs. Bauer, Grubbs and Mitchell, who collectively owned over 9% of TRI Pointe's outstanding common stock, would be willing to sign voting agreements with terms and provisions comparable to the voting agreement to be signed by the Starwood Fund. After negotiations among TRI Pointe, the Starwood Fund and Weyerhaeuser and their respective legal advisors, the parties agreed that Messrs. Bauer, Grubbs and Mitchell would each execute a voting agreement with respect to TRI Pointe shares beneficially owned by them and that the Starwood Fund

would execute a voting agreement with respect to a portion of the shares owned by the Starwood Fund, such that the aggregate number of shares subject to the voting agreements would equal approximately 40% of the TRI Pointe common stock outstanding.

During these discussions, the Starwood Fund informed TRI Pointe that it would not enter into a voting agreement unless TRI Pointe executed an indemnification agreement with respect to the proposed transaction. On October 29, 2013, Starwood Fund's legal counsel provided TRI Pointe with a draft indemnification agreement. At a special meeting held on November 1, 2013, the board of directors of TRI Pointe formed a committee of three outside, independent and disinterested directors, Messrs. Cable, Gilbert and Rogers, to review, evaluate and determine whether to authorize TRI Pointe to enter into indemnification agreements with the Starwood Fund and the executive officers of TRI Pointe in consideration of entering into voting agreements with Weyerhaeuser. The committee retained O Melveny & Meyers LLP as its legal advisor. Following informal discussions, the committee met on November 3, 2013 and unanimously recommended that TRI Pointe enter into indemnification agreements with the Starwood Fund and Messrs. Bauer, Grubbs and Mitchell in connection with their entering into voting agreements with Weyerhaeuser.

Between October 18, 2013 and November 3, 2013, TRI Pointe, Weyerhaeuser, DB Cayman and Citigroup and their respective legal advisors negotiated the terms of the commitment documents setting forth the financing of the transaction.

On October 31, 2013, the board of directors of Weyerhaeuser held a special meeting during which, among other things, Weyerhaeuser's board of directors unanimously approved the terms of the proposed transaction and authorized Weyerhaeuser and its subsidiaries to enter into definitive agreements with respect to the transaction.

On November 1, 2013, at a special meeting of the board of directors of TRI Pointe, Messrs. Bauer, Mitchell, Grubbs and Keeler reported on the continuing negotiations with Weyerhaeuser and presented (i) management's review of the proposed transaction, (ii) a proposed organization chart of the combined company and (iii) a draft integration and transition plan. Prior to the meeting, the TRI Pointe board of directors had been provided with negotiated and substantially complete drafts of the transaction agreement, the tax sharing agreement, the debt commitment documents and the voting agreement and the due diligence reports prepared by E&Y and Gibson Dunn. Representatives of Deutsche Bank reviewed with the board of directors of TRI Pointe certain of the major economic terms of the transaction and made a presentation to the board of directors of TRI Pointe regarding certain financial analyses relating to TRI Pointe, Weyerhaeuser's real estate business and the proposed transaction. Following this presentation, the representatives of Deutsche Bank stated that, based on the information available to them at the time, they were prepared to deliver an oral opinion relating to the fairness of the exchange ratio to TRI Pointe from a financial point of view. Representatives of Gibson Dunn reviewed in detail the principal terms of the various agreements to be entered into in connection with the proposed transaction. Mr. Grubbs reviewed the terms of the debt commitment documents for the proposed transaction. Following the discussion of principal terms, the representatives of Gibson Dunn and Allen Matkins reviewed the board's fiduciary duties, both generally and in the specific context of the proposed transaction, in connection with its evaluation of the proposed transaction. Representatives of E&Y presented E&Y's due diligence report with respect to financing, accounting and tax, information technology and human resources. Following extensive discussion on all the matters presented at the meeting, the meeting was adjourned to allow the parties to complete the negotiations of certain remaining unresolved issues and to finalize the terms of the debt commitment documents for the potential transaction.

On November 3, 2013, at a special meeting of the board of directors of TRI Pointe, Messrs. Bauer, Mitchell, Grubbs and Keeler reported on the resolution of certain remaining open issues and a representative of Allen Matkins presented Allen Matkins' due diligence report with respect to real estate and environmental matters. Following the discussion of these items, representatives of Deutsche Bank delivered an oral opinion, which was subsequently confirmed in

writing, that as of November 3, 2013, and based upon and subject to the assumptions, limitations, qualifications and conditions set forth in its opinion, the exchange ratio specified in the Transaction Agreement was fair, from a financial point of view, to TRI Pointe. Following further discussion on the presented matters, the TRI Pointe board of directors unanimously authorized and approved the form, terms and provisions of the Transaction Agreement, and determined that the terms and conditions of the Transaction Agreement, the Merger, including the issuance of TRI Pointe common stock, the Transactions and the Transaction Documents are advisable, fair to and in the best interests of TRI Pointe and TRI Pointe stockholders and recommended that TRI Pointe stockholders authorize the issuance of shares of TRI Pointe common stock in the Merger.

On the evening of November 3, 2013, TRI Pointe and Weyerhaeuser received executed debt commitment documents to provide financing for the proposed transaction from DB Cayman and Citigroup. The appropriate parties then entered into the Transaction Agreement and the Voting Agreements.

On November 4, 2013, before the opening of trading on the NYSE, TRI Pointe and Weyerhaeuser issued press releases announcing the transaction.

**Table of Contents**

**TRI Pointe's Reasons for the Transactions**

TRI Pointe's board of directors has authorized and approved the form, terms and provisions of the Transaction Agreement, and determined that the terms and conditions of the Transaction Agreement, the Merger, including the issuance of TRI Pointe common stock, the Transactions and the Transaction Documents are advisable, fair to and in the best interests of TRI Pointe and TRI Pointe stockholders. **TRI Pointe's board of directors recommends that stockholders vote FOR the authorization of the issuance of shares of TRI Pointe common stock in the Merger (Proposal No. 1); and, if it is determined by the TRI Pointe board of directors to be necessary or appropriate, FOR the approval of adjournment(s) or postponement(s) of the annual meeting to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger (Proposal No. 7).**

In reaching its decision to authorize and approve the Transaction Agreement, the TRI Pointe board of directors consulted with its financial and legal advisors and carefully considered a variety of factors, including the following:

the expectation that the Merger would be accretive on an earnings per share basis, taking into account the estimated purchase price allocation and pro forma capital structure, increase TRI Pointe's revenues and earnings and enhance cash flow generation;

that the combined company's estimated homebuilding gross margin for 2013 would be approximately 21.0%, partially due to increased operations in markets with historically high home sales prices and gross margins, which would place the combined company's gross margin among the top publicly held U.S. homebuilders;

the opportunity to significantly expand the scope and scale of TRI Pointe's operations by creating one of the ten largest homebuilders in the United States based on estimated combined equity market value, assuming TRI Pointe issues 129,700,000 shares of its common stock in the Merger and based on the closing price of its common stock on November 1, 2013;

the opportunity to expand TRI Pointe's geographic reach through the introduction of new markets in Houston, Phoenix and Tucson, Las Vegas, the Washington, D.C. suburbs, Richmond and the Puget Sound region of Washington State, which are positioned for future growth, as demonstrated by the low number of housing permits currently issued as a percentage of peak level, the high level of home value appreciation and the strong 2013 job growth in these markets, in each case as compared to the U.S. average;

through the Transactions, TRI Pointe would increase its land inventory by gaining control of approximately 27,000 lots controlled by WRECO as of November 3, 2013, including 16,000 lots, a considerable number of which are fully or partially entitled, located in California markets, in which the land entitlement and development environment is complex and typically lengthy, requiring significant expertise and capital;

the optionality and potential for cash generation that the increased land inventory would afford TRI Pointe, including the ability to be opportunistic in disposing of certain land positions or entering into joint ventures or other arrangements to extract capital from WRECO's land inventory, particularly in the entitlement-constrained California markets;

the expectation that the combination with the Real Estate Business would enhance TRI Pointe's overall credit quality and significantly enhance TRI Pointe's balance sheet strength;

the potential for the Merger to create a significant increase in total equity market capitalization and generate increased visibility and greater access to the capital markets for TRI Pointe, which could enhance the market valuation of TRI Pointe common stock as well as increase the trading volume and, therefore, the liquidity of the common stock for TRI Pointe stockholders;

information concerning the business, assets, liabilities, financial performance and results of operations, and condition and prospects of TRI Pointe's business and the Real Estate Business;

the structure of the Merger as a tax-free reorganization for federal income tax purposes;

the experienced senior management team operating WRECO's five distinct homebuilders, with an average of 21 years operating in their regional markets, and the cultural similarities between TRI Pointe and WRECO;

the potential for meaningful cost synergies resulting from, and following the consummation of, the Merger, including overhead savings resulting from streamlining certain redundant corporate functions, improved operating efficiencies, including provision of certain corporate level administrative and support functions at a lower cost than was historically allocated to WRECO for such services by Weyerhaeuser, and growth of ancillary operations in various markets as permitted under applicable law, including a mortgage business, a title company and other ancillary operations;

the trends and competitive developments in the homebuilding industry, including TRI Pointe's belief that the industry is in the recovery stage of the market cycle and that a combination with WRECO would afford TRI Pointe the opportunity to gain talented employees and significantly increase its land inventory in order to capitalize on this recovery and provide value for TRI Pointe stockholders;

**Table of Contents**

the range of strategic alternatives available to TRI Pointe, including continuing to operate its business as a standalone entity as currently conducted, raising additional capital and evaluating potential acquisitions of regional homebuilders in desirable markets on a case-by-case basis, none of which TRI Pointe believed would deliver as much value to the TRI Pointe stockholders as the combination with WRECO;

the ability to continue operating each of WRECO's homebuilding brands as a separate regionally focused operating unit with local management driving operations;

the opinion of Deutsche Bank, dated November 3, 2013, that, based upon and subject to the assumptions, limitations, qualifications and conditions set forth in such opinion, the exchange ratio was fair, from a financial point of view, to TRI Pointe, as more fully described below in Opinion of Deutsche Bank Securities Inc. ;

the fact that the Transaction Agreement and the aggregate consideration to be paid by TRI Pointe pursuant to the Transaction Agreement were the result of arms-length negotiations between representatives of TRI Pointe and Weyerhaeuser;

the experienced TRI Pointe management team would manage the combined company;

TRI Pointe would select a majority of the directors of the combined company; and

the fact that the Transaction Agreement would allow the board of directors of TRI Pointe to accept a superior proposal upon payment of a termination fee and reimbursement to Weyerhaeuser of certain expenses.

The TRI Pointe board of directors also considered certain countervailing factors in its deliberations concerning the Merger and the other Transactions, including:

the fact that current TRI Pointe stockholders as a group would hold less than a majority of the then outstanding TRI Pointe common stock after the consummation of the Merger;

the challenges and difficulties, foreseen and unforeseen, relating to integrating the Real Estate Business with TRI Pointe's current operations, including the foreseen difficulty of having a smaller company absorb a larger company, the risks associated with increased land inventory and the burden that Real Estate Business legacy issues may have on TRI Pointe's operating results;

the possibility of management and employee disruption associated with the Merger and integrating the operations of the companies, including the risk that, despite TRI Pointe's current intention to retain

such personnel, key management of the Real Estate Business might not be employed with TRI Pointe after the consummation of the Merger;

the risk that the Merger and integration may divert management attention and resources away from other strategic opportunities and from operational matters;

the risk that the potential benefits sought in the Merger might not be fully realized or realized within the expected time frame;

the fact that, in order to preserve the tax-free treatment of the Merger and related transactions, TRI Pointe would be required to abide by certain restrictions that could limit its ability to engage in certain future business transactions that might be advantageous;

the risks associated with the Real Estate Business operations;

the increase in TRI Pointe's indebtedness expected to result from the Merger;

that TRI Pointe, prior to the consummation of the Merger, would be required to conduct its business in the ordinary course, subject to specific limitations and exceptions, which could delay or prevent TRI Pointe from undertaking business opportunities that may arise prior to the consummation of the Merger;

the fact that certain provisions of the Transaction Agreement and the Voting Agreements may dissuade third parties from seeking to acquire TRI Pointe or otherwise increase the cost of any potential acquisition;

risks of the type and nature described in the section entitled "Risk Factors"; and

the risk that the Merger may not be completed in a timely manner or at all and the potential adverse consequences, including substantial costs that would be incurred and potential damage to TRI Pointe's reputation, if the Merger is not completed.

Accordingly, the analysis of publicly traded companies was not simply mathematical. Rather, it involved complex considerations and qualitative judgments,

reflected in Deutsche Bank's opinion, concerning differences in financial and operating characteristics of the selected companies and other factors that could affect the public trading value of such companies.

Based upon the closing prices of the common stock of the selected companies on October 30, 2013, information contained in the most recent public filings of the selected companies, and analyst consensus estimates of earnings per share (EPS) and earnings before interest, taxes, depreciation and amortization (EBITDA) for the selected companies, Deutsche Bank calculated the following multiples with respect to each of the selected companies:

price as a multiple of book value per share adjusted to include deferred tax assets (adjusted book value);

price as a multiple of estimated EPS (P/E) multiples, for 2014 and 2015; and

Based in part upon the trading multiples of the selected companies described above, Deutsche Bank selected ranges of multiples of price to adjusted book value, price to earnings and enterprise value to EBITDA for purposes of deriving illustrative ranges of implied equity value for each of TRI Pointe and WRECO. The following table describes the multiple ranges selected by Deutsche Bank with respect to each of the foregoing financial and operating metrics. Deutsche Bank then applied these multiple ranges to estimates of book value as of September 30, 2013 and December 31, 2013 for TRI Pointe and WRECO, estimates of earnings per share for TRI Pointe and net income for WRECO for 2014 and 2015, and estimates of EBITDA for TRI Pointe and WRECO for 2014 and 2015, in each case as provided by management of TRI Pointe, to derive the ranges of implied equity value and, in the case of TRI Pointe, implied share price described below:

	Implied Equity Value (in millions, approx.)	Implied Share Price

Based upon the implied equity values of TRI Pointe and WRECO described above, Deutsche Bank calculated ranges of implied pro forma diluted equity ownership of TRI Pointe stockholders in the combined company. For purposes of this analysis, Deutsche Bank assumed that the implied equity value of the combined company was the sum of the implied equity values of TRI Pointe and WRECO described above. With respect to each of the analyses described above, Deutsche Bank calculated the low end of the implied pro forma equity ownership range assuming the lowest implied equity value for TRI Pointe and the highest implied equity value for WRECO, and calculated the high end of the implied pro forma equity ownership range assuming the highest implied equity value for TRI Pointe and the lowest implied equity value for WRECO. The following table reflects the results of this analysis:

<b>Methodology</b>	<b>Implied TRI Pointe Pro Forma Diluted Ownership Range</b>
Multiple of Price to Book Value as of 9/30/13	16.6% - 33.5%
Multiple of Price to Estimated Book Value as of 12/31/13	15.8% - 32.3%

**Table of Contents*****Discounted Cash Flow Analysis***

Deutsche Bank performed discounted cash flow analyses for TRI Pointe and WRECO to determine ranges of implied net present equity values for TRI Pointe and WRECO. Deutsche Bank calculated the discounted cash flow values as the sum of the net present values of (i) the estimated future unlevered free cash flow that each of TRI Pointe and WRECO will generate for 2014 through 2018 plus (ii) the value of each of TRI Pointe and WRECO at the end of such period, or the terminal value. Deutsche Bank assumed cash tax rates of 42% for TRI Pointe and 40% for WRECO based on estimates provided by management of TRI Pointe. The estimated future cash flows were based on financial projections for TRI Pointe and WRECO for the years 2014 through 2018 prepared by management of TRI Pointe. The terminal values of both TRI Pointe and WRECO were calculated using perpetuity growth rates ranging from 0.50% to 2.50%. The range of perpetuity growth rates used was estimated by Deutsche Bank taking into account the projections for each company and market expectations regarding long-term economic growth and inflation rates for the U.S. economy. Deutsche Bank applied discount rates ranging from 11.50% to 12.50% for TRI Pointe and 11.0% to 12.0% for WRECO to discount each company's future cash flows and terminal value. Deutsche Bank derived these discount rates for TRI Pointe using a weighted average cost of capital analysis based on certain financial metrics, including betas, for TRI Pointe and the publicly traded U.S. homebuilders described above under Selected Publicly-Traded Companies Analysis. Deutsche Bank derived these discount rates for WRECO using a weighted average cost of capital analysis based on certain financial metrics for WRECO and certain financial metrics, including betas, for such publicly traded U.S. homebuilders and TRI Pointe. Equity value was calculated by reducing total enterprise value by estimates of net debt of \$110 million for TRI Pointe and \$739 million for WRECO based upon estimates provided by TRI Pointe's management and using the mid-year discounting convention.

This analysis indicated implied ranges of equity value of approximately \$386 million to \$572 million (or \$12.17 to \$18.03 per share) for TRI Pointe and approximately \$2.263 billion to \$3.343 billion for WRECO.

Based upon the implied equity values of TRI Pointe and WRECO described above, Deutsche Bank calculated a range of implied pro forma diluted equity ownership of TRI Pointe stockholders in the combined company. For purposes of this analysis, Deutsche Bank assumed that the implied equity value of the combined company was the sum of the implied equity values of TRI Pointe and WRECO described above. Deutsche Bank calculated the low end of the implied pro forma equity ownership range assuming the lowest implied equity value for TRI Pointe and the highest implied equity value for WRECO, and calculated the high end of the implied pro forma equity ownership range assuming the highest implied equity value for TRI Pointe and the lowest implied equity value for WRECO. This analysis resulted in a range of implied diluted equity ownership by TRI Pointe stockholders in the combined entity of approximately 10.4% to 20.2%.

***Contribution Analysis***

Deutsche Bank analyzed and compared TRI Pointe's and WRECO's shareholders' respective expected percentage ownership of the combined company to TRI Pointe's and WRECO's respective contributions to the combined company based upon estimates of adjusted book value as of September 30, 2013 and December 31, 2013 for TRI Pointe and WRECO provided by management of TRI Pointe, number of building lots controlled as of June 30, 2013, and estimated revenue, EBITDA and net income for 2013, 2014 and 2015 based upon estimates for TRI Pointe and WRECO prepared by management of TRI Pointe and, adjusted for each party's estimated net debt as of December 31, 2013.

**General**

The preparation of a fairness opinion is a complex analytical process involving the application of subjective business and financial judgment in determining the most appropriate and relevant methods of financial analysis and the application of those methods to the particular circumstances and, therefore, is not readily susceptible to summary description. Deutsche Bank believes that its analyses must be considered as a whole and that considering any portion of such analyses and of the factors considered without considering all analyses and factors could create a misleading view of the process underlying its opinion. In arriving at its fairness determination, Deutsche Bank did not assign specific weights to any particular analyses.

In conducting its analyses and arriving at its opinion, Deutsche Bank utilized a variety of generally accepted valuation methods. The analyses were prepared solely for the purpose of enabling Deutsche Bank to provide its opinion to the board of directors of TRI Pointe as to the fairness, from a financial point of view, of the exchange ratio to TRI Pointe, as of the date of the opinion and do not purport to be appraisals or necessarily to reflect the prices at which business or securities actually may be sold, which are inherently subject to uncertainty. In addition, no company used in the analyses described above for purposes of comparison is directly comparable to TRI Pointe or WRECO.

As described above, in connection with Deutsche Bank's analyses, Deutsche Bank made, and was provided by TRI Pointe's management with, numerous assumptions with respect to industry performance, general business and economic conditions and other matters, many of which are beyond the control of Deutsche Bank, TRI Pointe, WRECO or Weyerhaeuser. Analyses based upon estimates or forecasts of future results are not necessarily indicative of actual past or future values or results, which may be significantly more or less favorable than suggested by such analyses. Because the analyses described above are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of TRI Pointe, WRECO, Weyerhaeuser and their respective advisors, Deutsche Bank does not assume responsibility if future results or actual values are materially different from these forecasts or assumptions.

The terms of the Transactions, including the exchange ratio, were determined through arm's-length negotiations between TRI Pointe and Weyerhaeuser and were approved by the board of directors of TRI Pointe. Although Deutsche Bank provided advice to the board of directors of TRI Pointe during the course of these negotiations, the decision to enter into the Merger was solely that of TRI Pointe's board of directors. Deutsche Bank did not recommend that any specific amount or type of consideration constituted the only appropriate consideration for the Transaction. As described above in TRI Pointe's Reasons for the Transactions, the opinion and presentation of Deutsche Bank to the board of directors of TRI Pointe was only one of a number of factors taken into consideration by the board of directors of TRI Pointe in making its determination to approve the Transaction Agreement and the Transactions, including the Merger.

**Table of Contents**

TRI Pointe selected Deutsche Bank as its financial advisor in connection with the Merger based on Deutsche Bank's qualifications, expertise, reputation and experience in mergers and acquisitions. Pursuant to an engagement letter between TRI Pointe and Deutsche Bank, dated November 3, 2013, TRI Pointe has agreed to pay Deutsche Bank a fee of \$6 million, a portion of which became payable upon the delivery of Deutsche Bank's opinion (or would have become payable upon Deutsche Bank advising TRI Pointe that it was unable to render an opinion) and \$5.7 million of which is contingent upon the consummation of the Merger. TRI Pointe has also agreed to reimburse Deutsche Bank for reasonable fees and disbursements of Deutsche Bank's counsel and all of Deutsche Bank's reasonable travel and other out-of-pocket expenses incurred in connection with the Merger or otherwise arising out of the retention of Deutsche Bank under the engagement letter. TRI Pointe has also agreed to indemnify Deutsche Bank and certain related persons to the fullest extent lawful against certain liabilities, including certain liabilities under the federal securities laws arising out of its engagement or the Merger.

Deutsche Bank is an internationally recognized investment banking firm experienced in providing advice in connection with mergers and acquisitions and related transactions. Deutsche Bank is an affiliate of Deutsche Bank AG, which, together with its affiliates, is referred to as the DB Group. One or more members of the DB Group have, from time to time, provided investment banking, commercial banking (including extension of credit) and other financial services to TRI Pointe or its affiliates for which they have received, and in the future may receive, compensation, including having acted as joint bookrunner in connection with TRI Pointe's initial public offering of TRI Pointe common stock in January 2013. The DB Group has received aggregate fees of approximately 2.7 million for such services unrelated to the Merger from TRI Pointe and its subsidiaries since January 1, 2011. Further, one or more members of the DB Group have agreed to provide financing to WRECO in connection with the transactions contemplated by the Transaction Agreement, for which they expect to receive compensation. See Debt Financing. In addition, one or more members of the DB Group have, from time to time, provided investment banking, commercial banking (including extension of credit) and other financial services to Starwood Capital, an affiliate of TRI Pointe, Starwood Property Trust or their respective affiliates for which they have received, and in the future may receive, compensation, including having acted as joint bookrunner with respect to offerings of common stock of Starwood Property Trust in September 2013 and April 2013 and as joint bookrunner with respect to an offering of 4.55% Convertible Senior Notes due 2018 by Starwood Property Trust in February 2013 (aggregate principal amount \$525,000,000). One or more members of the DB Group also have, from time to time, provided investment banking, commercial banking (including extension of credit) and other financial services to Weyerhaeuser or its affiliates for which they have received, and in the future may receive, compensation, including having acted as senior co-manager with respect to an offering of 4.625% Notes due 2023 by Weyerhaeuser in September 2013 (aggregate principal amount \$500,000,000), as joint bookrunner with respect to offerings of 29,000,000 Weyerhaeuser common shares and 12,000,000 6.375% Mandatory Convertible Preference Shares, Series A by Weyerhaeuser in June, 2013, and as a lender to Weyerhaeuser pursuant to its Revolving Credit Facility since June 2011 (aggregate commitment \$53,500,000). The DB Group has received aggregate fees of approximately 8.2 million for such services unrelated to the Merger from Weyerhaeuser and its subsidiaries since January 1, 2011. The DB Group may also provide investment and commercial banking services to TRI Pointe, WRECO, Weyerhaeuser and their respective affiliates, including Starwood Capital and Starwood Property Trust, in the future, for which the DB Group would expect to receive compensation. In the ordinary course of business, members of the DB Group may actively trade in the securities and other instruments and obligations of TRI Pointe, WRECO, Weyerhaeuser and their respective affiliates, including Starwood Capital and Starwood Property Trust, for their own accounts and for the accounts of their customers. Accordingly, the DB Group may at any time hold a long or short position in such securities, instruments and obligations.

**Certain Financial Projections**

TRI Pointe is including in this proxy statement certain non-public financial projections initially prepared by management of Weyerhaeuser and WRECO and subsequently adjusted by management of TRI Pointe, as discussed below, with respect to WRECO as a standalone entity for the years ending December 31, 2014, 2015 and 2016 (the Adjusted WRECO Financial Projections ). The Adjusted WRECO Financial Projections were provided to the TRI Pointe board of directors in connection with its consideration of the potential strategic combination of TRI Pointe s business and the Real Estate Business. Further, the Adjusted WRECO Financial Projections were not prepared with a view towards public disclosure or compliance with published guidelines of the SEC regarding projections, the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information or GAAP. Moreover, as the future is unknowable, even good faith projections are inherently unreliable.

Neither Weyerhaeuser s, WRECO s nor TRI Pointe s independent auditors nor any other independent auditors, have examined, compiled, or performed any procedures with respect to the prospective financial information contained in the Adjusted WRECO Financial Projections and, accordingly, none have expressed an opinion or any other form of assurance with respect thereto. The Adjusted WRECO Financial Projections are not being included in this proxy statement in order to influence the decisions of TRI Pointe stockholders with respect to any of the proposals, but are being included solely to give TRI Pointe stockholders access to information that was made available to the TRI Pointe board of directors. In addition, Weyerhaeuser s, WRECO s and TRI Pointe s financial advisors did not prepare, and assume no responsibility for, the Adjusted WRECO Financial Projections. Furthermore, the Adjusted WRECO Financial Projections:

were based upon numerous estimates or expectations, beliefs, opinions and assumptions with respect to WRECO s business, results of operations and financial condition, customer requirements, competition, general business, economic, market, regulatory and financial conditions and other future events that management of Weyerhaeuser and WRECO, and management of TRI Pointe, with respect to its adjustments, believed to be reasonable when made, all of which are difficult to predict and many of which are beyond Weyerhaeuser s, WRECO s and TRI Pointe s control and may not prove to be accurate;

**Table of Contents**

do not reflect current estimates or expectations, beliefs, opinions or assumptions by the management of Weyerhaeuser, WRECO and TRI Pointe with respect to the prospects of WRECO's business, changes in general business or economic conditions;

do not take into account any transactions, circumstances or events occurring after the date they were prepared, including the Transactions contemplated by the Transaction Agreement and the effect of any failure of the Merger to occur;

are not necessarily indicative of current market conditions, values or future performance, which may be significantly more favorable or less favorable than as set forth in these projections; and

are not, and should not be regarded as, a representation that any of the expectations contained in, or forming a part of, the financial projections will be achieved.

TRI Pointe's management believes that the assumptions used as a basis for the adjustments reflected in the Adjusted WRECO Financial Projections were reasonable at the time they were made, given the information available to it at the time; however these projections are not a guarantee of future performance. Notably, since these projections were made, market conditions in certain of the areas in which WRECO operates have softened compared to the market conditions existing during the first half of 2013. Additionally, these projections did not factor in the operational limits on WRECO during the pendency of the Transactions pursuant to the Transaction Agreement, such as WRECO's \$950 million borrowing limit with respect to intercompany debt, which may inhibit WRECO's ability to meet these projections. See The Transaction Agreement Covenants Relating to the Conduct of Business.

The future financial results of WRECO may materially differ from those expressed in the Adjusted WRECO Financial Projections due to factors that are beyond Weyerhaeuser's, WRECO's and TRI Pointe's ability to control or predict. Moreover, the revenue projections and other assumptions upon which these projections were based are subjective in many respects and are subject to various interpretations. None of TRI Pointe, Weyerhaeuser, WRECO, or any of their respective affiliates or representatives, intends to, and, except to the extent required by applicable law, each of them expressly disclaims any obligation to, update, revise or correct the projections to reflect circumstances existing or arising after the date such projections were generated or to reflect the occurrence of future events, even in the event that any or all of the assumptions underlying the projections are shown to be in error.

Although the Adjusted WRECO Financial Projections are presented with numerical specificity, they are forward-looking statements that are based on expectations of TRI Pointe's management at the time the adjustments were made and involve inherent risks and uncertainties, including factors that could cause actual outcomes and results to differ materially from those expressed or implied in these projections. Such factors, include, but are not limited to, those described under Risk Factors and those incorporated herein by reference from Item 1A of TRI Pointe's Annual Report on Form 10-K for the fiscal year ended December 31, 2013. Further, these projections cover multiple years and such information by its nature becomes less reliable with each successive quarter and year. For the foregoing reasons, the inclusion of projections in this proxy statement should not be regarded as an indication that Weyerhaeuser, WRECO, TRI Pointe or their respective affiliates or representatives considered or consider the projections to be a prediction of actual future events, and the projections should not be relied upon as such.

The inclusion in this proxy statement of the Adjusted WRECO Financial Projections should not be deemed an admission or representation by Weyerhaeuser, WRECO, TRI Pointe or their respective affiliates that such information is viewed by Weyerhaeuser, WRECO, TRI Pointe or their respective affiliates as material information with respect to

WRECO. Such information should be evaluated, if at all, in conjunction with the limitations described above and the historical financial statements and other information regarding WRECO contained elsewhere in this proxy statement.

Readers of this proxy statement are cautioned not to rely on the summary of the Adjusted WRECO Financial Projections set forth below.

**Table of Contents*****Adjusted WRECO Financial Projections***

TRI Pointe was provided with non-public financial projections prepared by management of Weyerhaeuser and WRECO. Underlying the projections were certain key assumptions relating to growth in single-family volumes and expected growth in average closing prices as a result of home price inflation.

Subsequently, TRI Pointe's management made certain adjustments to these projections based on its judgment and experience in the homebuilding industry. These adjustments included a reduction in home price inflation assumptions, reduction in annual new home deliveries for certain WRECO homebuilding subsidiaries and an extension in the time horizon for new home deliveries in selected master planned communities within Pardee.

The following is a summary of the Adjusted WRECO Financial Projections.

(Dollars in millions)	Fiscal Year ending December 31,		
	2014E	2015E	2016E
Revenues	\$ 1,946	\$ 2,304	\$ 2,695
Net income before income taxes	\$ 267	\$ 310	\$ 368
EBITDA	\$ 339	\$ 415	\$ 489
Total assets	\$ 2,163	\$ 2,418	\$ 2,686
Total liabilities	\$ 1,193	\$ 1,268	\$ 1,323

**Weyerhaeuser's Reasons for the Transactions**

As discussed above in Background of the Transactions, Weyerhaeuser's board of directors and senior management regularly review the various businesses conducted by Weyerhaeuser and consider possible strategic opportunities, including potential disposition and merger transactions. As a result of that process, Weyerhaeuser decided that the value of WRECO would be maximized if it combined with TRI Pointe and that, without WRECO, Weyerhaeuser could better focus on its remaining businesses.

In reaching its decision to authorize and approve the Transaction Agreement, the Weyerhaeuser board of directors consulted with and received the advice of financial and legal advisors and considered a variety of factors weighing positively in favor of the Transactions, including the following:

Weyerhaeuser's belief that the characteristics of its forest products businesses and its real estate business may appeal to different investor bases, with income-oriented investors typically being more interested in dividend paying stocks and growth-oriented investors typically being more interested in homebuilders;

**Table of Contents**

Weyerhaeuser's expectation that the separation of its real estate business would allow Weyerhaeuser to better concentrate, including with respect to allocation of capital and management resources, on growth and driving profitability and cash flow in its forest products businesses;

Weyerhaeuser's belief that separation of its real estate business could reduce Weyerhaeuser's earnings volatility since WRECO has historically experienced somewhat greater fluctuations in earnings than Weyerhaeuser's forest products businesses;

Weyerhaeuser's belief that forest products businesses and homebuilders are generally different structurally, including different capital structures and debt ratings;

Weyerhaeuser's belief that its real estate business has limited synergies with its other forest products businesses and that homebuilders generally have different customer bases and different core competencies than forest products businesses;

Weyerhaeuser's belief that WRECO would benefit from being part of a dedicated homebuilder, which would likely focus all or substantially all of its management efforts and capital on homebuilding and real estate opportunities, rather than being one of several businesses within a broader portfolio of businesses that are principally focused on forest products industries;

the strategic review process conducted by Weyerhaeuser with the assistance of its financial advisors prior to entering into the Transaction Agreement;

the amount of the consideration to be received by Weyerhaeuser and its shareholders under the Transaction Agreement, including approximately \$739 million in cash proceeds from the incurrence of the New Debt, subject to adjustment as described in The Transaction Agreement Payment of Adjustment Amount ;

the expectation that the consideration to Weyerhaeuser and its shareholders generally would be received on a tax-free basis, while a sale of Weyerhaeuser's real estate business for cash generally would be taxable to Weyerhaeuser;

the belief that Weyerhaeuser's real estate business and TRI Pointe were a good strategic fit in terms of their approach to the homebuilding and real estate markets, shared cultures and values, post-closing combined land positions and geographic footprint;

Weyerhaeuser's expectation that the combination would create a combined company with the ability to create value for Weyerhaeuser shareholders by allowing shareholders to own a more pure play homebuilder;

the form of the consideration to be received by Weyerhaeuser shareholders in the Merger, which would allow Weyerhaeuser shareholders to participate in the potential benefits and synergies of the combined company after the consummation of the Transactions;

the experienced senior management team of TRI Pointe, which would manage the combined company after the consummation of the Transactions, the expected post-closing capital structure of TRI Pointe, and the ability of TRI Pointe to close the Transactions in a timely manner;

the expectation that Weyerhaeuser's option to effect the Distribution as a split-off would provide Weyerhaeuser with an opportunity to repurchase a portion of its outstanding common shares without reducing its overall cash and financial flexibility; and

the structure and terms of the Transaction Agreement and the Transaction Documents, including the parties' representations, warranties and covenants, the conditions to the respective obligations of the parties, the termination provisions and the obligations of the Starwood Fund and certain of TRI Pointe's executive officers under the Voting Agreements, as well as the likelihood of the consummation of the Transactions.

In the course of its deliberations, Weyerhaeuser's board of directors also considered a variety of risks and other potentially countervailing factors concerning the Transactions, including the following:

the risk that the Transactions may not be completed in a timely manner or at all and the potential adverse consequences, including substantial costs that would be incurred and potential damage to Weyerhaeuser's reputation, if the Transactions are not completed;

that because the majority of the consideration to be received by Weyerhaeuser and its shareholders in the Transaction consists of shares of TRI Pointe common stock, the value of the TRI Pointe common stock to be received in the Merger could fluctuate, perhaps significantly, based on a variety of factors including general stock market conditions, the liquidity of TRI Pointe common stock and the performance of TRI Pointe's business;

risks relating to integrating the Real Estate Business with TRI Pointe's current operations;

---

**Table of Contents**

the risk that the potential benefits sought in the Transactions might not be fully realized or realized within the expected time frame;

that Weyerhaeuser, prior to the consummation of the Merger, is required to conduct the Real Estate Business in the ordinary course, subject to specific limitations and exceptions, which could delay or prevent Weyerhaeuser from undertaking business opportunities that may arise prior to the consummation of the Merger; and

risks of the type and nature described in the section entitled Risk Factors.

Additionally, the Weyerhaeuser board of directors considered other alternatives with respect to the WRECO business to increase shareholder value, including continuing to hold WRECO and other potential transaction structures such as a cash sale, an initial public offering of WRECO or a sale of a portion of the WRECO business. Ultimately, the Weyerhaeuser board of directors determined that the Transactions would deliver the most value to Weyerhaeuser shareholders.

The foregoing discussion of the information and factors discussed by Weyerhaeuser's board of directors is not meant to be exhaustive. Weyerhaeuser's board of directors did not quantify or attach any particular weight to the various factors that it considered in reaching its determination to approve the Transaction Agreement and the Transactions. Rather, Weyerhaeuser's board of directors viewed its position and recommendation as being based on the totality of the information presented to and considered by it. Weyerhaeuser's board of directors evaluated the factors described above with the assistance of Weyerhaeuser's senior management and legal and financial advisors. In considering the factors described above, individual members of Weyerhaeuser's board of directors may have given different weights to other or different factors.

**Interests of Certain Persons in the Transactions**

As of [ ], 2014, Weyerhaeuser's directors and executive officers owned [ ]% of the outstanding Weyerhaeuser common shares and, as of that date, TRI Pointe's directors and executive officers owned approximately [ ]% of the TRI Pointe common stock outstanding. None of TRI Pointe's executive officers will receive any severance as a result of the Transactions.

In connection with the Transactions, 675,876 shares of restricted stock granted to Messrs. Bauer, Mitchell and Grubbs will vest. Messrs. Bauer, Mitchell and Grubbs have entered into a lock-up agreement with the Starwood Fund, pursuant to which Messrs. Bauer, Mitchell and Grubbs have agreed not to sell these shares of TRI Pointe common stock until the Starwood Fund owns less than 4.875% of the TRI Pointe common stock outstanding. See Other Agreements Lock-Up Agreement. Additionally, Messrs. Bauer, Mitchell and Grubbs will each receive, contingent on the consummation of the Transactions, a bonus of \$150,000 for their efforts in connection with the Transactions. Except for the foregoing, the directors and officers of Weyerhaeuser, WRECO and TRI Pointe will receive no extra or special benefit that is not shared on a pro rata basis by all other Weyerhaeuser shareholders or TRI Pointe stockholders in connection with the Transactions. As with all Weyerhaeuser shareholders, if a director or officer of Weyerhaeuser, WRECO or TRI Pointe owns Weyerhaeuser common shares, directly or indirectly, such person may participate in the exchange offer on the same terms as other Weyerhaeuser shareholders.

**Material U.S. Federal Income Tax Consequences of the Distribution and the Merger**

The following discusses the material U.S. federal income tax consequences of the Distribution (which includes the exchange offer) and the Merger. The discussion that follows is based on the Code, Treasury regulations promulgated under the Code, and judicial and administrative interpretations thereof, all as in effect as of the date of this proxy statement, all of which are subject to change at any time, possibly with retroactive effect. The discussion assumes that the WRECO Spin, the Distribution and the Merger will be consummated in accordance with the Transaction Agreement and as further described in this proxy statement.

This is not a complete description of all of the tax consequences of the Distribution and the Merger and, in particular, may not address U.S. federal income tax considerations applicable to TRI Pointe stockholders subject to special treatment under the U.S. federal income tax law, such as financial institutions, dealers in securities, traders in securities who elect to apply a mark-to-market method of accounting, insurance companies, tax-exempt entities, partnerships and other pass-through entities, holders who acquired their TRI Pointe common stock as compensation, and holders who hold TRI Pointe common stock as part of a hedge, straddle, conversion or constructive sale transaction. This discussion does not address the tax consequences to any person who actually or constructively owns more than 5% of TRI Pointe common stock. In addition, this discussion does not address the U.S. federal income tax consequences to TRI Pointe stockholders who do not hold common stock of TRI Pointe as a capital asset for U.S. federal income tax purposes. No information is provided in this proxy statement with respect to the tax consequences of the Distribution and the Merger under any applicable foreign, state or local laws.

---

**Table of Contents**

This discussion is limited to TRI Pointe stockholders that are U.S. holders. For purposes of this proxy statement, a U.S. holder means a TRI Pointe stockholder other than an entity or arrangement treated as a partnership for U.S. federal income tax purposes, that for U.S. federal income tax purposes is:

an individual who is a citizen or resident of the United States;

a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States or of any political subdivision thereof;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust if it (i) is subject to the primary supervision of a court within the United States and one or more U.S. persons have the authority to control all substantial decisions of the trust or (ii) was in existence on August 20, 1996, and has properly elected under applicable U.S. Treasury regulations to be treated as a U.S. person.

If an entity or arrangement treated as a partnership for U.S. federal income tax purposes holds TRI Pointe common stock, the tax treatment of a partner in such entity or arrangement generally will depend on the status of the partner and the activities of the partnership. If you are a partner in a partnership holding TRI Pointe common stock, please consult your tax advisor.

**TRI Pointe stockholders are urged to consult with their own tax advisors regarding the tax consequences of the Distribution and the Merger to them, as applicable, including the effects of U.S. federal, state, local, foreign and other tax laws.**

***The Distribution***

Because TRI Pointe stockholders will not participate in the Distribution, TRI Pointe stockholders generally will not recognize gain or loss upon the Distribution (including the exchange offer). **TRI Pointe stockholders should consult their own tax advisors for a full understanding of the tax consequences to them of the Distribution.**

The obligations of Weyerhaeuser and WRECO to consummate the Transactions, including the WRECO Spin and the Distribution, are conditioned upon the receipt by Weyerhaeuser of the Covington & Burling Tax Opinion. As provided in the Covington & Burling Tax Opinion, Covington & Burling LLP is of the opinion that, based upon the Internal Revenue Code, Treasury Regulations, published revenue rulings and court decisions and certain representations and assumptions as to factual matters provided to Covington & Burling LLP by Weyerhaeuser and WRECO, the Distribution will qualify as a distribution for U.S. federal income tax purposes described in Section 355 of the Code. The failure of any factual representation or assumption to be true, correct and complete in all material respects could adversely affect the validity of the opinions. An opinion of counsel represents counsel's best legal judgment, is not binding on the IRS or the courts and the IRS or the courts may not agree with the conclusions reached in the opinion. In addition, the Covington & Burling Tax Opinion will be based on current law, and cannot be relied on if current law changes with retroactive effect.

In certain circumstances, under the Tax Sharing Agreement, TRI Pointe will be required to indemnify Weyerhaeuser against any taxes on the Distribution that arise as a result of certain actions or failures to act by TRI Pointe or WRECO after the consummation of the Transactions, certain events involving TRI Pointe's capital stock or the assets of TRI Pointe, WRECO or Weyerhaeuser which cause the Distribution to be a taxable event under Section 355(e) of the Code (including the Merger), or any breach by TRI Pointe or by WRECO after the consummation of the Transactions of any representation or covenant made by them in the Tax Sharing Agreement or the Transaction Agreement.

In certain circumstances, under the Tax Sharing Agreement, Weyerhaeuser will be required to indemnify TRI Pointe and WRECO after the consummation of the Transactions against any taxes on the Distribution that arise as a result of certain actions or failures to act by Weyerhaeuser, or any breach by Weyerhaeuser of any representation or covenant made by it or its subsidiaries in the Tax Sharing Agreement or the Transaction Agreement. If Weyerhaeuser or a subsidiary of Weyerhaeuser were to recognize gain on the Distribution, Weyerhaeuser or that subsidiary, as the case may be, would be solely responsible, and would be obligated to indemnify TRI Pointe and WRECO, for any such gain.

If TRI Pointe is required to indemnify Weyerhaeuser, this indemnification obligation would be substantial and could materially and adversely affect TRI Pointe, its business, liquidity, financial condition and results of operations. See [Other Agreements Tax Sharing Agreement](#) for a summary of the Tax Sharing Agreement.

***The Merger***

The obligations of Weyerhaeuser and WRECO, on the one hand, and TRI Pointe and Merger Sub, on the other hand, to consummate the Merger are conditioned, respectively, on Weyerhaeuser's receipt of the Covington & Burling Tax Opinion and TRI Pointe's receipt of the Gibson Dunn Tax Opinion, in each case substantially to the effect that the Merger will be treated as a

## Table of Contents

reorganization within the meaning of Section 368(a) of the Code. These opinions will be based on, among other things, certain representations and assumptions as to factual matters provided to Covington & Burling LLP and Gibson, Dunn & Crutcher LLP by Weyerhaeuser, WRECO, TRI Pointe and Merger Sub. The failure of any factual representation or assumption to be true, correct and complete in all material respects could adversely affect the validity of the opinions. An opinion of counsel represents counsel's best legal judgment, is not binding on the IRS or the courts and the IRS or the courts may not agree with the conclusions reached in the opinion. In addition, the Covington & Burling Tax Opinion and the Gibson Dunn Tax Opinion will be based on current law, and cannot be relied on if current law changes with retroactive effect.

TRI Pointe will not recognize any gain or loss for U.S. federal income tax purposes as a result of the Merger. Because TRI Pointe stockholders will not participate in the Merger, TRI Pointe stockholders generally will not recognize gain or loss upon the Merger. **TRI Pointe stockholders should consult their own tax advisors for a full understanding of the tax consequences to them of the Merger.**

THE FOREGOING IS A SUMMARY OF THE MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE DISTRIBUTION AND THE MERGER UNDER CURRENT LAW AND FOR GENERAL INFORMATION ONLY. THE FOREGOING DOES NOT PURPORT TO ADDRESS ALL U.S. FEDERAL INCOME TAX CONSEQUENCES OR TAX CONSEQUENCES THAT MAY ARISE UNDER THE TAX LAWS OR THAT MAY APPLY TO PARTICULAR CATEGORIES OF SHAREHOLDERS. EACH TRI POINTE STOCKHOLDER SHOULD CONSULT HIS, HER OR ITS OWN TAX ADVISOR AS TO THE PARTICULAR TAX CONSEQUENCES OF THE DISTRIBUTION AND THE MERGER TO SUCH SHAREHOLDER, INCLUDING THE APPLICATION OF U.S. FEDERAL, STATE, LOCAL AND FOREIGN TAX LAWS, AND THE EFFECT OF POSSIBLE CHANGES IN TAX LAWS THAT MAY AFFECT THE TAX CONSEQUENCES DESCRIBED ABOVE.

### **Accounting Treatment of the Merger**

Accounting Standards Codification ASC 805, *Business Combinations*, requires the use of the purchase method of accounting for business combinations. In applying the purchase method, it is necessary to identify both the accounting acquiree and the accounting acquiror. In a business combination effected primarily by exchanging equity interests, the acquiror usually is the entity that issues its equity interests. However, in some business combinations, commonly called reverse acquisitions, such as the Merger, the issuing entity is the acquiree. In identifying the acquiring entity in a reverse acquisition combination, all pertinent facts and circumstances must be considered, including the following:

The relative voting interests of TRI Pointe after the consummation of the Transactions. In this case, Weyerhaeuser shareholders are expected to receive approximately 79.8% of the equity ownership on a fully diluted basis and associated voting rights in TRI Pointe after the consummation of the Transactions.

The size of the combining companies in the Transactions. The relative size is measured in terms of assets, revenues, net income and other applicable metrics. WRECO would represent 73%, 83% and 94%, and TRI Pointe would represent 27%, 17% and 6%, of the combined assets, revenues and net income, respectively, as of December 31, 2013.

The composition of the governing body of TRI Pointe after the consummation of the Transactions. In this case, the board of directors of TRI Pointe following the consummation of the Merger will be comprised of five directors selected by TRI Pointe while Weyerhaeuser will select the remaining four directors immediately prior to the consummation of the Merger. However, the TRI Pointe board of directors can be elected and removed at the annual meeting of TRI Pointe stockholders or through a special meeting of TRI Pointe stockholders after the consummation of the Transactions.

The composition of the senior management of TRI Pointe after the consummation of the Transactions. In this case, TRI Pointe's senior management following the consummation of the Merger will be the same as TRI Pointe's current management team. However, the senior management can be removed by the board of directors of TRI Pointe after the consummation of the Transactions.

TRI Pointe's management has determined that WRECO will be the accounting acquiror in this reverse acquisition based on the facts and circumstances outlined above. WRECO will apply purchase accounting to the assets and liabilities of the TRI Pointe business upon the consummation of the Merger. Upon the consummation of the Transactions, the combined entity's historical financial statements will reflect only those of WRECO.

**Regulatory Approvals**

Under the HSR Act and the rules promulgated under the HSR Act by the Federal Trade Commission, the parties must file notification and report forms with the U.S. Federal Trade Commission and the Antitrust Division of the Department of Justice and observe specified waiting period requirements before consummating the Merger. Weyerhaeuser and TRI Pointe each filed the requisite notification and report forms with the Federal Trade Commission and the Antitrust Division on January 3, 2014. Early termination of the waiting period under the HSR Act was granted on January 14, 2014.

**Federal Securities Law Consequences; Resale Restrictions**

In connection with the Distribution, Weyerhaeuser may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act.

**THE TRANSACTION AGREEMENT**

The following is a summary of the material provisions of the Transaction Agreement. This summary is not complete and is qualified in its entirety by the Transaction Agreement, which is attached to this proxy statement as [Annex A](#) and is incorporated by reference herein. The rights and obligations of the parties are governed by the express terms and conditions of the Transaction Agreement and not by this summary or any other information included in this proxy statement. You are urged to read the Transaction Agreement carefully and in its entirety. The summary of the Transaction Agreement has been included to provide stockholders with information regarding its material terms and provisions. This summary is not intended to provide any other factual information about TRI Pointe, Merger Sub, Weyerhaeuser, WRECO or any of their respective businesses. Such factual information can be found elsewhere in this proxy statement and in the public filings that TRI Pointe and Weyerhaeuser make with the SEC, which are available without charge at [www.sec.gov](http://www.sec.gov). See [Where You Can Find More Information; Incorporation by Reference](#).

**Overview**

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to make a cash payment to WNR, a subsidiary of Weyerhaeuser. Weyerhaeuser will then cause the REB Transfers to occur.

Following the REB Transfers, Weyerhaeuser will cause WNR to distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser in the WRECO Spin, and Weyerhaeuser will distribute all of the issued and outstanding WRECO common shares to its shareholders in the Distribution, on a pro rata basis, in an exchange offer or in a combination thereof. Immediately following the Distribution, Merger Sub will merge with and into WRECO, with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. In the Merger, each issued and outstanding WRECO common share will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock. Cash will be paid in lieu of fractional shares of TRI Pointe common stock.

**Incurrence of New Debt and Repayment of Intercompany Debt**

WRECO and certain financial institutions executed the Commitment Letter pursuant to which WRECO will incur the New Debt in the form of (i) the Debt Securities, (ii) the Senior Unsecured Bridge Facility or (iii) a combination thereof, on the terms and conditions set forth therein, as described in [Debt Financing Debt Securities](#) and [Debt Financing Bridge Facility](#). Prior to the Closing Date, WRECO intends to enter into definitive agreements providing for the New Debt, but such agreements will be conditional upon the consummation of the Transactions.

Under the Transaction Agreement, on the date of the Distribution, WRECO will incur the New Debt and use the proceeds thereof to pay approximately \$739 million in cash to WNR, which cash will be retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries). The amount of the cash payment is subject to adjustment as described in [Payment of Adjustment Amount](#). The cash payment will be a repayment by WRECO of certain existing intercompany debt between WRECO and WNR or, to the extent that such cash payment exceeds the amount of such intercompany debt, will be a distribution. As of December 31, 2013, the amount of such intercompany indebtedness was \$835 million. WRECO will also pay to WNR a cash amount equal to all unpaid interest on WRECO's intercompany debt that has accrued between the date of the Transaction Agreement and the date of the Distribution. After giving effect to these payments, WNR will contribute any remaining unpaid intercompany debt to WRECO such that WRECO will have no further liability in respect of its intercompany debt.

**Transfers of Certain Assets and Assumption of Certain Liabilities**

Under the Transaction Agreement, prior to the Distribution, Weyerhaeuser and its subsidiaries will transfer to WRECO and its subsidiaries certain assets relating to the Real Estate Business not already owned or held by WRECO or its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) certain assets of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date. Weyerhaeuser and its subsidiaries will also transfer to WRECO and its subsidiaries, and WRECO and its subsidiaries will assume, certain liabilities relating to the Real Estate Business that are not already liabilities of WRECO and its subsidiaries, and WRECO and its subsidiaries will transfer to Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries), and Weyerhaeuser or those subsidiaries will assume, certain liabilities of WRECO and its subsidiaries that the parties have agreed will be excluded from the Transactions and retained by Weyerhaeuser and its subsidiaries (other than WRECO and its subsidiaries) following the Closing Date.

### **Consents and Delayed Transfers**

If the transfer of any assets or assumption of any liabilities would constitute a violation of applicable laws or would require a consent or governmental approval that has not been obtained, then under the Transaction Agreement, that transfer of assets or assumption of liabilities will be automatically deferred until all legal impediments are removed and such consents or governmental approvals have been obtained, subject to certain exceptions. For a period of three years following the scheduled date of transfer of such assets or assumption of such liabilities, Weyerhaeuser and WRECO will be obligated to use their reasonable best efforts to remove all legal impediments to and obtain all required consents and governmental approvals for the transfer of such assets and assumption of such liabilities. During this period, the Transaction Agreement provides that those assets and liabilities will be held by the applicable party in trust and for the use and benefit of the other party (at such other party's expense) until properly conveyed.

### **WRECO Stock Split**

The Transaction Agreement provides that, prior to the date of the Distribution, WRECO will effect the WRECO Stock Split pursuant to which the number of WRECO common shares issued and outstanding will be increased to 100,000,000 shares and the par value of each WRECO common share will be reduced to \$0.04 per share. On January 17, 2014, WRECO effected the WRECO Stock Split as contemplated by the Transaction Agreement.

### **WRECO Spin**

On the date of the Distribution, following the REB Transfers, WNR will distribute all of the issued and outstanding WRECO common shares to Weyerhaeuser pursuant to the WRECO Spin.

### **The Distribution**

After the WRECO Spin, Weyerhaeuser will distribute all of the issued and outstanding WRECO common shares to its shareholders in the Distribution. The Transaction Agreement provides that the Distribution may be effected as a pro rata distribution of the WRECO common shares to Weyerhaeuser shareholders (sometimes referred to as a spin-off ) or, at Weyerhaeuser's election, in an exchange offer (sometimes referred to as a split-off ) or a combination of a split-off and a spin-off. Weyerhaeuser will determine which approach it will take to consummate the Distribution prior to the Closing Date, and no decision has been made at this time.

### **The Merger**

Immediately following the Distribution, Merger Sub will merge with and into WRECO, with WRECO surviving the Merger and becoming a wholly owned subsidiary of TRI Pointe. Under the Transaction Agreement, each WRECO common share issued and outstanding immediately prior to the effective time of the Merger will be converted into the right to receive 1.297 fully paid and non-assessable shares of TRI Pointe common stock. Cash will be paid in lieu of fractional shares of TRI Pointe common stock.

The closing of the Merger will take place immediately following the satisfaction (or, to the extent permitted by law, waiver) of conditions set forth in the Transaction Agreement, or at such other place, time and date as may be agreed in writing between Weyerhaeuser and TRI Pointe. See The Transaction Agreement Conditions to the Consummation of the Transactions.

The Merger will become effective at such time as the articles of merger and the plan of merger relating to the Merger are duly filed with the Secretary of State of Washington.

**Payment of Adjustment Amount**

In addition to the cash payments by WRECO to WNR described above in Incurrence of New Debt and Repayment of Intercompany Debt, the Transaction Agreement provides that, on the Closing Date, either TRI Pointe or WNR, as applicable, will pay the Adjustment Amount in cash to the other party.

The Adjustment Amount is based on, among other things, WRECO's consolidated net cash on the date of the Transaction Agreement and the amount of net cash flows between WRECO and Weyerhaeuser between the date of the Transaction Agreement and the date of the Distribution. For purposes of the Transaction Agreement, the Adjustment Amount means:

the aggregate amount of all cash and cash equivalents of WRECO and its subsidiaries as of the close of business on the date of the Transaction Agreement, minus the aggregate principal amount of indebtedness for borrowed money of WRECO and its subsidiaries as of the close of business on the date of the Transaction Agreement (other than intercompany indebtedness owed by WRECO to WNR); *plus or minus*

any increase or decrease in the aggregate principal amount of WRECO's intercompany debt to WNR between the date of the Transaction Agreement and the business day immediately preceding the date of the Distribution, but excluding the effect of any decrease in such intercompany debt that results from the transfer by WRECO and its subsidiaries of certain excluded assets pursuant to the Transaction Agreement; *plus*

the aggregate amount of all cash transferred by WNR or Weyerhaeuser to WRECO by means of capital contributions and all expenses of WRECO and its subsidiaries properly incurred in accordance with the Transaction Agreement that are paid in cash by Weyerhaeuser or WNR (and not reimbursed by WRECO or its subsidiaries) between the date of the Transaction Agreement and the business day immediately preceding the date of the Distribution; *minus*

the aggregate amount of all cash transferred by WRECO to WNR or Weyerhaeuser by means of dividends, distributions or repurchases of shares between the date of the Transaction Agreement and the business day immediately preceding the date of the Distribution, but excluding cash amounts transferred by WRECO in connection with the vesting or exercise of certain equity compensation awards held by WRECO employees; *minus*

the aggregate amount of cash refunds paid by WRECO's subsidiaries between the date of the Transaction Agreement and the business day immediately preceding the date of the Distribution relating to certain customer deposits; *minus*

the aggregate amount of cash paid by WRECO's subsidiaries between the date of the Transaction Agreement and the business day immediately preceding the date of the Distribution relating to

Weyerhaeuser's deferred compensation plan and certain retirement benefits; *minus*

the amount of cash paid by WRECO or its subsidiaries to WNR or Weyerhaeuser between the date of the Transaction Agreement and the business day immediately preceding the date of the Distribution relating to certain assets and liabilities that are excluded from the transaction, including in respect of expenses relating to Coyote Springs.

Under the Transaction Agreement, if the Adjustment Amount is a positive amount, TRI Pointe will pay the Adjustment Amount in cash to WNR, and if the Adjustment Amount is a negative amount, WNR will pay an amount equal to the absolute value of the Adjustment Amount in cash to TRI Pointe.

The payment on the Closing Date will be based on an estimate of the Adjustment Amount, determined in accordance with the principals and methodologies set forth in the Transaction Agreement, and will be subject to a post-closing true-up in accordance with procedures described in the Transaction Agreement.

### **Representations and Warranties**

The Transaction Agreement contains representations and warranties that Weyerhaeuser and WRECO, on the one hand, and TRI Pointe and Merger Sub on the other hand, made to each other as of specific dates. In addition, certain of the representations and warranties in the Transaction Agreement are subject to knowledge qualifications, which means that those representations and warranties would not be deemed untrue, inaccurate or incorrect as a result of matters of which certain officers or employees of the party making the representation did not have actual knowledge. make any material change in its tax accounting or financial accounting methods, principles and practices, except as may be required by a change in GAAP;

modify, amend, enter into or terminate any material contract of the Real Estate Business, or waive, release or assign any material rights or claims of Weyerhaeuser or any subsidiary under any material contract of the Real Estate Business, except in the ordinary course of business consistent with past practice, subject to certain exceptions;

settle any action if such settlement would require any payment of an amount in excess of \$5 million individually or \$10 million in the aggregate by WRECO or any subsidiary, or would obligate WRECO or any subsidiary to take any material action, or restrict WRECO or any subsidiary in any material respect from taking any action; or

authorize any of, or commit or agree to take any of, the foregoing actions.

#### **Non-Solicitation by TRI Pointe**

TRI Pointe has agreed under the Transaction Agreement that it will cease and cause to be terminated all then-existing discussions and negotiations with respect to a TRI Pointe acquisition proposal (as defined below) and will not, and will not authorize or permit its subsidiaries or any of their respective directors, officers, employees, consultants, agents, investment bankers, financial advisors, attorneys, accountants and other representatives to, directly or indirectly:

solicit, initiate or knowingly encourage, or take any other action to knowingly facilitate, the making of any proposal that constitutes or is reasonably likely to lead to a TRI Pointe acquisition proposal; or

except as described below, enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any person any confidential information with respect to, any TRI Pointe acquisition proposal.

## **Table of Contents**

Under the Transaction Agreement, a TRI Pointe acquisition proposal means any bona fide proposal by a third-party with respect to any merger, share exchange, amalgamation, arrangement, takeover bid, sale of assets representing more than 15% of the book value (on a consolidated basis) of TRI Pointe's total assets (or any lease, long term supply agreement or other arrangement having the same economic effect as a sale), any sale of more than 15% of the shares of TRI Pointe common stock then outstanding or substantially similar transactions involving TRI Pointe or any material subsidiary, or a proposal to do so, excluding the Merger, subject to certain exceptions.

In the event TRI Pointe receives a TRI Pointe acquisition proposal, it must, as promptly as practicable, advise Weyerhaeuser and WRECO orally and in writing of receipt of such acquisition proposal and provide the identity of the person making such acquisition proposal. TRI Pointe must keep Weyerhaeuser and WRECO reasonably informed of any material developments with respect to any such TRI Pointe acquisition proposal.

Notwithstanding the general restrictions described above, if at any time prior to the TRI Pointe Stockholder Approval, TRI Pointe receives an unsolicited written acquisition proposal, and its board of directors determines, after consultation with its financial advisor and outside counsel, that such acquisition proposal constitutes or is reasonably likely to lead to a TRI Pointe superior proposal (as defined below), TRI Pointe and its representatives may:

furnish information with respect to TRI Pointe and its subsidiaries to the person making such acquisition proposal pursuant to a customary confidentiality agreement containing confidentiality provisions substantially similar to those set forth in the confidentiality agreement between TRI Pointe and Weyerhaeuser; and

participate in discussions and negotiations with the person making such acquisition proposal.

Under the Transaction Agreement, a TRI Pointe superior proposal means any bona fide proposal by a third-party to acquire, directly or indirectly, assets representing more than 50% of the book value (on a consolidated basis) of TRI Pointe's total assets or more than 50% of the TRI Pointe common stock outstanding, whether by way of merger, share exchange, amalgamation, arrangement, takeover bid, sale of assets or otherwise, and that in the good faith determination of the board of directors of TRI Pointe after consultation with its financial advisors and outside counsel (i) is reasonably capable of being completed, taking into account all legal, financial, regulatory and other aspects of such proposal and the person making such proposal, and (ii) would, if consummated in accordance with its terms, result in a transaction more favorable to TRI Pointe stockholders, from a financial point of view, than the transactions contemplated by the Transaction Agreement.

## **Changes in the TRI Pointe Board of Director's Recommendation**

Except as described below, TRI Pointe has agreed under the Transaction Agreement that neither the TRI Pointe board of directors nor any committee thereof will (i) withhold or withdraw (or modify in a manner adverse to Weyerhaeuser or WRECO), or publicly propose to withhold or withdraw (or modify in a manner adverse to Weyerhaeuser or WRECO), the recommendation by the TRI Pointe board of directors to TRI Pointe stockholders or (ii) approve or adopt, or recommend the approval or adoption of, or publicly propose to approve or adopt or recommend, any acquisition proposal (any of the foregoing, an adverse recommendation change).

TRI Pointe has also agreed under the Transaction Agreement that neither the TRI Pointe board of directors nor any committee thereof will approve or recommend, or publicly propose to approve or recommend, or cause or permit TRI Pointe or any of its subsidiaries to execute or enter into, any letter of intent, memorandum of understanding,

agreement in principle, merger agreement, acquisition agreement or other similar agreement related to any TRI Pointe acquisition proposal, other than a customary confidentiality agreement containing confidentiality provisions substantially similar to those set forth in the confidentiality agreement between Weyerhaeuser and TRI Pointe.

Notwithstanding the general restrictions described above, at any time prior to the TRI Pointe Stockholder Approval, the TRI Pointe board of directors may, subject to compliance with the following sentence, make an adverse recommendation change following a determination by the TRI Pointe board of directors that a TRI Pointe acquisition proposal constitutes a TRI Pointe superior proposal. Prior to making an adverse recommendation change, TRI Pointe must provide at least five days prior written notice to Weyerhaeuser and WRECO of the TRI Pointe board of directors intention to take such action, which notice must specify the reasons for such proposed action, including the material terms and conditions of the TRI Pointe superior proposal. In determining whether to make an adverse recommendation change, the TRI Pointe board of directors must take into account any changes to the financial terms of the Transaction Agreement proposed by Weyerhaeuser or WRECO in response to a notice of a TRI Pointe superior proposal.

The Transaction Agreement does not prohibit TRI Pointe from taking and disclosing to its stockholders a position contemplated by Rule 14d-9 or Rule 14e-2(a) under the Exchange Act or making any disclosure to its stockholders required by applicable law.

### **Non-Solicitation by Weyerhaeuser**

Weyerhaeuser has agreed under the Transaction Agreement that it will cease and cause to be terminated all then-existing discussions and negotiations with respect to an REB acquisition proposal (as defined below) and will not, and will not authorize or permit its subsidiaries or any of their respective directors, officers, employees, consultants, agents, investment bankers, financial advisors, attorneys, accountants and other representatives to, directly or indirectly:

solicit, initiate or knowingly encourage, or take any other action to knowingly facilitate, the making of any proposal that constitutes or is reasonably likely to lead to an REB acquisition proposal;

enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any person any confidential information with respect to, any REB acquisition proposal; or

execute or enter into any letter of intent, memorandum of understanding, agreement in principle, merger agreement, acquisition agreement or other similar agreement related to any REB acquisition proposal.

Under the Transaction Agreement, an REB acquisition proposal means any bona fide proposal by a third-party with respect to any merger, share exchange, amalgamation, arrangement, takeover bid, sale of assets representing more than 15% of the book value (on a consolidated basis) of the Real Estate Business assets (or any lease, long term supply agreement or other arrangement having the same economic effect as a sale), any sale of more than 15% of WRECO common shares then outstanding or substantially similar transactions involving the Real Estate Business, or a proposal to do so, excluding the Merger.

### **TRI Pointe Stockholder Meeting**

Under the Transaction Agreement, TRI Pointe will, as promptly as practicable following the date on which the SEC clears TRI Pointe's registration statement registering the shares of TRI Pointe common stock to be issued in the Merger and, if required by the SEC as a condition to the mailing of TRI Pointe's proxy statement, such registration statement is declared effective, establish a record date for, duly call, give notice of, convene and hold a meeting of its stockholders for the purpose of obtaining the TRI Pointe Stockholder Approval, and shall use commercially reasonable efforts to solicit proxies from its stockholders in favor thereof. Subject to the ability of TRI Pointe's board of directors to make an adverse recommendation change, TRI Pointe will recommend to its stockholders that they give the TRI Pointe Stockholder Approval and shall include such recommendation in its proxy statement.

In connection with the Transactions, certain TRI Pointe stockholders have entered into Voting Agreements with Weyerhaeuser with respect to an aggregate of 12,639,163 shares of TRI Pointe common stock, representing approximately 40% of currently outstanding shares. The Voting Agreements provide, among other things, that such stockholders will vote in favor of the TRI Pointe Stockholder Approval and against any adverse recommendation change. See Other Agreements Voting Agreements.

### **Efforts to Obtain Regulatory Approvals**

TRI Pointe, Merger Sub, Weyerhaeuser and WRECO have each agreed to:

file, or cause to be filed, all notification and report forms that may be required under the HSR Act or any other applicable antitrust law with respect to the transactions contemplated by the Transaction Agreement as promptly as reasonably practicable after the date of the Transaction Agreement;

supply as promptly as reasonably practicable any additional information and documentary material that may be requested by any governmental entity pursuant to the HSR Act or any other applicable antitrust law;

use its best efforts to take, or cause to be taken, all other actions necessary to cause the expiration or termination of the applicable waiting periods under the HSR Act and any other applicable antitrust laws and to obtain all governmental approvals under any antitrust laws that may be required by any governmental entity, so as to enable the parties to consummate the transactions contemplated by the Transaction Agreement in the most expeditious manner practicable; and

use its best efforts to cooperate with the other parties in connection with filings or submissions with governmental entities, and keep the other parties reasonably informed of its progress in obtaining any necessary or advisable governmental approvals relating to applicable antitrust laws in connection with the transactions contemplated by the Transaction Agreement.

To the extent reasonably practicable, each of the parties will consult with the other parties in advance with respect to any written materials submitted to any governmental entity and shall give the other parties the opportunity to attend and participate in any meetings and conferences. None of the parties may voluntarily extend any waiting period under the HSR Act or any other applicable antitrust law or enter into any agreement with any governmental entity to delay or not to consummate the transactions contemplated by the Transaction Agreement except with the prior written consent of the other parties (such consent not to be unreasonably withheld, conditioned or delayed).

### **Stock Exchange Listing**

TRI Pointe will use its commercially reasonable efforts to ensure that its shares issued in connection with the Transaction Agreement are approved for quotation on the NYSE, subject to official notice of issuance with respect to the NYSE, prior to the Closing Date.

### **Employee Matters**

#### *Treatment of Equity Awards*

Under the Transaction Agreement, Weyerhaeuser, WRECO and TRI Pointe will take all actions as may be required to effect the following:

Immediately prior to the Distribution, each outstanding Weyerhaeuser stock option held by an employee of the Real Estate Business will be surrendered in exchange for a stock option granted by WRECO to acquire a number of WRECO common shares equal to the product of the number of Weyerhaeuser common shares subject to such Weyerhaeuser stock option and the option exchange ratio (as defined below), rounded down to the nearest whole number of WRECO common shares, and otherwise on the same terms and conditions as were applicable under the Weyerhaeuser stock option. The exercise price of the substituted stock options will be equal to the per share exercise price for the Weyerhaeuser common shares otherwise purchasable pursuant to the corresponding Weyerhaeuser stock option divided by the option exchange ratio, rounded up to the nearest whole cent. As of the effective time of the Merger, each outstanding substituted WRECO stock option will be converted into the right to acquire a number of shares of TRI Pointe common stock equal to the number of WRECO common shares subject to such substituted WRECO stock option, and otherwise on the same terms and conditions (including exercise price) as were applicable to the substituted WRECO stock option.

Immediately prior to the Distribution, each outstanding Weyerhaeuser performance share unit held by an employee of the Real Estate Business will be surrendered in exchange for a grant of time-vesting restricted stock units by WRECO with respect to a number of WRECO common shares equal to the product of the number of Weyerhaeuser common shares subject to such Weyerhaeuser performance share unit and the option exchange ratio, rounded down to the nearest whole number of WRECO common shares, and otherwise on the same terms and conditions as were applicable under the Weyerhaeuser performance share unit (except such substituted units will not be subject to any performance-based vesting conditions or requirements). For these purposes, the number of Weyerhaeuser common shares subject to such Weyerhaeuser performance share units will be determined without regard to any performance-based vesting criteria relating to Weyerhaeuser's relative total shareholder return, and achievement of any other performance-based vesting criteria will be determined based on actual performance (however, if the Distribution occurs prior to the determination of such performance, then such performance-based vesting criteria will be deemed to have been met at target levels). As of the effective time of the Merger, each outstanding grant of substituted WRECO time-vesting restricted stock units will be converted into a grant of time-vesting restricted stock units with respect to a number of shares of TRI Pointe common stock equal to the number of WRECO common shares subject to such grant of substituted WRECO time-vesting restricted stock units, and otherwise on the same terms and conditions as were applicable to the grant

of substituted WRECO time-vesting restricted stock units.

Immediately prior to the Distribution, each outstanding grant of Weyerhaeuser restricted stock units held by an employee of the Real Estate Business will be surrendered in exchange for a grant of time-vesting restricted stock units by WRECO with respect to a number of WRECO common shares equal to the product of the number of Weyerhaeuser common shares subject to such grant of Weyerhaeuser restricted stock units and the option exchange ratio, rounded down to the nearest whole number of WRECO common shares, and otherwise on the same terms and conditions as were applicable under the grant of Weyerhaeuser restricted stock units. As of the effective time of the Merger, each outstanding grant of substituted WRECO time-vesting restricted stock units will be converted into a grant of time-vesting restricted stock units with respect to a number of shares of TRI Pointe common stock equal to the number of WRECO common shares subject to such grant of substituted WRECO time-vesting restricted stock units, and otherwise on the same terms and conditions as were applicable to the grant of substituted WRECO time-vesting restricted stock units.

The option exchange ratio means a fraction, the numerator of which is the volume weighted average (rounded to the nearest 1/10,000) of the trading prices of the Weyerhaeuser common shares on the NYSE for the last trading day immediately prior to the date on which the Weyerhaeuser common shares begin to trade ex-dividend with respect to the Distribution (or, in the event the Distribution is effected as a split-off, the last trading day immediately prior to the date of the Distribution) and the denominator of which is the volume weighted average (rounded to the nearest 1/10,000) of the trading prices of the shares of TRI Pointe common stock on the NYSE for the last trading day immediately prior to the date of the Distribution.

In addition, TRI Pointe has taken all actions as may be required to ensure that no TRI Pointe equity awards will become vested or exercisable in connection with the Transactions.

*Employee Benefit Matters*

Weyerhaeuser, WRECO, Merger Sub and TRI Pointe agreed in the Transaction Agreement to the following:

For the one-year period following the effective time of the Merger, TRI Pointe or its subsidiaries will provide to each employee of the Real Estate Business who is employed by WRECO or its subsidiaries immediately following the Distribution (a WRECO Employee ) base salary and bonus and incentive compensation opportunities that are no less favorable than, and other employee benefits that are substantially comparable in the aggregate to, those provided to such WRECO Employee as of immediately prior to the Distribution.

In the event a WRECO Employee is terminated by TRI Pointe or its subsidiaries during the one-year period following the effective date of the Merger, TRI Pointe or its subsidiaries will provide the employee with severance benefits that are no less favorable than the severance benefits that the employee would have received in the event of a termination of employment under the applicable Weyerhaeuser severance plan as in effect with respect to such employee as of the Distribution, taking into account such employee's prior service with Weyerhaeuser, its subsidiaries, any predecessor employer and such employee's service with TRI Pointe and its subsidiaries.

Effective on or prior to the Distribution, WRECO or its subsidiaries will assume all employment and employee benefits-related liabilities incurred prior to or on the date of the Distribution that arise out of the operation or conduct of the Real Estate Business or the employment by Weyerhaeuser and its subsidiaries of any current or former employee of the Real Estate Business. WRECO or its subsidiaries will also assume all liabilities with respect to each WRECO employee benefit plan and, subject to certain exceptions, each WRECO Employee will cease active participation in each Weyerhaeuser employee benefit plan. From and after the effective time of the Merger, TRI Pointe or its subsidiaries will administer each WRECO employee benefit plan in accordance with its terms. In addition, WRECO or its subsidiaries will assume all liabilities with respect to the WRECO Employees under certain Weyerhaeuser incentive compensation plans for the WRECO fiscal years prior to and in which the effective time of the Merger occurs, certain Weyerhaeuser retention plans and agreements and certain Weyerhaeuser change in control and severance plans and agreements, and will make payments thereunder in accordance with their terms. WRECO or its subsidiaries will assume liability for all vacation days accrued or earned but not yet taken by each WRECO Employee as of the date of the Distribution, and TRI Pointe and its subsidiaries will honor all such vacation days following the effective time of the Merger.

With respect to the employee benefit plans maintained by TRI Pointe or its subsidiaries that provide welfare benefits to WRECO Employees and their dependents and beneficiaries, TRI Pointe and its subsidiaries will (i) waive any pre-existing condition limitations, exclusions, waiting periods and actively-at-work requirements with respect to participation and coverage requirements to the extent waived under the applicable corresponding Weyerhaeuser employee benefit plan sponsored or maintained by Weyerhaeuser or its subsidiaries and (ii) provide credit for any co-payments and deductibles paid by the WRECO Employees under corresponding Weyerhaeuser employee benefit

plans in the calendar year in which the effective time of the Merger occurs for purposes of satisfying any applicable deductible or out-of pocket requirements (and any annual and lifetime maximums).

With respect to the employee benefit plans maintained or contributed to by TRI Pointe and its subsidiaries, each WRECO Employee's prior service with Weyerhaeuser, its subsidiaries and any predecessor employer will be recognized for all purposes to the same extent such service was recognized by Weyerhaeuser and its subsidiaries, other than for purposes of benefit accrual with respect to defined benefit pension plans.

From and after the Distribution, Weyerhaeuser and its subsidiaries will retain all assets and liabilities under the Weyerhaeuser pension plan, the Weyerhaeuser deferred compensation plan and the Weyerhaeuser salaried employees retirement plan, and Weyerhaeuser will make payments to WRECO employees with vested rights thereunder in accordance with the terms of the applicable plan and applicable law.

### **Governance**

Under the Transaction Agreement, TRI Pointe, Merger Sub, Weyerhaeuser and WRECO have agreed, subject to certain exceptions, on the following governance matters:

On the Closing Date, Douglas F. Bauer will serve as Chief Executive Officer of TRI Pointe and either (or both of) Thomas J. Mitchell will serve as President, Chief Operating Officer and Secretary of TRI Pointe or Michael D. Grubbs will serve as Chief Financial Officer and Treasurer of TRI Pointe.

On the Closing Date, the board of directors of TRI Pointe will be composed of nine directors, the majority of whom will be independent directors in accordance with NYSE listing requirements. TRI Pointe will select the following five directors: (i) Barry Sternlicht, (ii) Douglas F. Bauer, (iii) Steven J. Gilbert, (iv) Thomas B. Rogers and (v) Chris Graham. Weyerhaeuser will select the remaining four directors. Each of TRI Pointe and Weyerhaeuser will have reasonable approval rights over the directors selected for appointment by the other party, taking into account applicable independence and other NYSE listing requirements.

The investor rights agreement of TRI Pointe has been amended, effective as of the Closing Date, to provide that, following the consummation of the Merger, the Starwood Fund will have the right to designate one member of the TRI Pointe board of directors for as long as the Starwood Fund owns at least 5% of the outstanding TRI Pointe common stock. In addition, following the consummation of the Merger, the investor rights agreement will automatically terminate upon the date on which the Starwood Fund owns less than 1% of the outstanding TRI Pointe common stock.

## **Table of Contents**

Prior to the consummation of the Merger, TRI Pointe will confer with Weyerhaeuser regarding TRI Pointe's selection of individuals to serve as the executive officers and senior management personnel of TRI Pointe and its subsidiaries immediately after the consummation of the Merger.

## **Post-Closing Covenants**

### *Non-Solicitation of Employees*

Weyerhaeuser has agreed that for a period of two years following the effective time of the Merger, it and its subsidiaries will not, without the prior written consent of TRI Pointe, hire or attempt to hire any employees of WRECO or its subsidiaries or induce any such employees to terminate their employment with TRI Pointe. TRI Pointe has also agreed that for such period, it and its subsidiaries will not, without the prior written consent of Weyerhaeuser, hire or attempt to hire any employees of Weyerhaeuser or its subsidiaries or induce any such employees to terminate their employment with Weyerhaeuser. However, this prohibition does not apply to the placement of general advertisements or employment searches that are not specifically targeting employees of the other party.

### *No Use of Retained Names*

WRECO has agreed to, within certain specified times after the effective time of the Merger, discontinue the use of certain marks (and names derived from, similar or including such marks) to be retained by or transferred to Weyerhaeuser, including the names Weyerhaeuser and WRECO.

### *Indemnification of Directors and Officers*

The Transaction Agreement provides that for a period of at least six years after the effectiveness of the Merger, TRI Pointe will indemnify and hold harmless, provide advancement of expenses to, and maintain policies of directors' and officers' liability insurance for, all past and present directors or officers of WRECO and its subsidiaries, and each individual who prior to the effectiveness of the Merger becomes a director or officer of WRECO and its subsidiaries, to the maximum extent allowed under applicable law in respect of acts or omissions that occurred at or prior to the effectiveness of the Merger, including in connection with any of the Transactions.

## **Other Covenants and Agreements**

The Transaction Agreement contains certain other covenants and agreements, including covenants (with certain exceptions specified in the Transaction Agreement) relating to, among other things:

cooperation among the parties relating to the prompt preparation and filing of certain required filings with the SEC;

confidentiality and access by each party to certain information about their respective businesses;

the transfer to WRECO of records relating to the Real Estate Business;

cooperation with respect to any public announcements regarding the transactions contemplated by the Transaction Agreement;

cooperation regarding the New Debt;

the replacement by TRI Pointe of certain Weyerhaeuser guarantees; and

negotiation of a transition services agreement in the event that TRI Pointe determines that certain temporary transition services are needed in order to effect an orderly transition of the Real Estate Business after the Closing Date.

the representations and warranties of Weyerhaeuser and WRECO regarding organization, standing and power of Weyerhaeuser and WRECO, capital structure of WRECO and authority, execution, delivery and enforceability shall be true and correct, as of the Closing Date as though made on the Closing Date, except to the extent such representations and warranties expressly relate to an earlier date (in which case such representations and warranties shall be true and correct on and as of such earlier date);

all other representations and warranties of Weyerhaeuser and WRECO set forth in the Transaction Agreement shall be true and correct, disregarding all qualifications or limitations as to materiality, material adverse effect and words of similar import, as of the Closing Date as though made on the Closing Date, except to the extent such representations and warranties expressly relate to an earlier date (in which case such representations and warranties shall be true and correct on and as of such earlier date), except for any failure to be true and correct that would not, individually or in the aggregate, reasonably be expected to have a material adverse effect on the Real Estate Business;

each of Weyerhaeuser and WRECO shall have performed in all material respects all obligations required to be performed by it under the Transaction Agreement at or prior to the Closing Date;

the receipt by TRI Pointe of a certificate from Weyerhaeuser and WRECO to the effect that each of the conditions specified in the preceding three bullet points have been satisfied;

the absence of any state of facts, change, effect, condition, development, event or occurrence since the date of the Transaction Agreement that, individually or in the aggregate, has had or would reasonably be likely to have a material adverse effect on the Real Estate Business;

the execution and delivery by Weyerhaeuser and WRECO of each transaction document to which it is a party; and

the receipt by TRI Pointe of the Gibson Dunn Tax Opinion.

In addition, the obligations of Weyerhaeuser, WRECO, TRI Pointe and Merger Sub to consummate the Merger are further subject to the satisfaction (or, to the extent permitted by law, waiver) on or prior to the Closing Date of the following conditions:

the REB Transfers and the WRECO Spin shall have been consummated in accordance with and subject to the terms of the Transaction Agreement; and

the Distribution shall have been consummated in accordance with and subject to the terms of the Transaction Agreement.

If TRI Pointe waives the satisfaction of a material condition to the consummation of the Transactions after the TRI Pointe Stockholder Approval, TRI Pointe will evaluate the appropriate facts and circumstances at that time and resolicit stockholder approval of the issuance of shares of TRI Pointe common stock in the Merger if required to do so by law or the rules of the NYSE.

### **Termination of the Transaction Agreement**

The Transaction Agreement may be terminated at any time prior to the effective time of the Merger:

by mutual written consent of all parties to the Transaction Agreement;

by either Weyerhaeuser or TRI Pointe, if:

the Merger is not consummated on or before November 3, 2014, unless the failure to consummate the Merger is the result of a material breach of any transaction document by the party seeking to terminate the Transaction Agreement;

upon a vote at a duly convened meeting of TRI Pointe stockholders, TRI Pointe stockholders do not approve the issuance of shares of TRI Pointe common stock in the Merger;

if any court of competent jurisdiction or other governmental authority issues a judgment that permanently restrains, enjoins or otherwise prohibits the consummation of the Transactions, and any such judgment is final and non-appealable; or

if any governmental entity enacts a law that prohibits or makes illegal the consummation of the Transactions;

**Table of Contents**

by Weyerhaeuser, if:

TRI Pointe or Merger Sub breaches or fails to perform in any respect any of its representations, warranties or covenants contained in any transaction document, which breach or failure to perform (i) would give rise to the failure of a condition relating to the accuracy of TRI Pointe's and Merger Sub's representations and warranties or compliance by each of TRI Pointe and Merger Sub with its obligations under the Transaction Agreement and (ii) cannot be or has not been cured within 30 days after the giving of written notice to TRI Pointe of such breach, unless Weyerhaeuser or WRECO is then in material breach of any representation, warranty or covenant contained in any Transaction Document; or

if the TRI Pointe board of directors makes an adverse recommendation change; or

by TRI Pointe, if:

Weyerhaeuser or WRECO breaches or fails to perform in any respect any of its representations, warranties or covenants contained in any transaction document, which breach or failure to perform (i) would give rise to the failure of a condition relating to the accuracy of Weyerhaeuser's and WRECO's representations and warranties or compliance by each of Weyerhaeuser and WRECO with its obligations under the Transaction Agreement and (ii) cannot be or has not been cured within 30 days after the giving of written notice to Weyerhaeuser of such breach, unless TRI Pointe or Merger Sub is then in material breach of any representation, warranty or covenant contained in any Transaction Document.

In the event of termination of the Transaction Agreement, it shall become void and have no effect, except that certain specified provisions will survive such termination, including provisions related to fees and expenses. The parties will remain liable for damages resulting from the willful and material breach of the Transaction Agreement.

**Fees and Expenses**

Subject to certain exceptions, the Transaction Agreement provides that all fees and expenses incurred in connection with the Transactions will be paid by the party incurring such fees and expenses, except that if the Merger is consummated, TRI Pointe or WRECO will reimburse Weyerhaeuser for up to \$15 million of all fees, commissions and reasonably documented expenses incurred by Weyerhaeuser in connection with the Transactions, other than fees or commissions of brokers, investment bankers or financial advisors. TRI Pointe and its subsidiaries may not incur fees and expenses in connection with the Transactions that exceed \$15 million, subject to certain exceptions.

TRI Pointe is required to pay Weyerhaeuser a termination fee of \$20 million (less any amounts reimbursed by TRI Pointe to Weyerhaeuser for out-of-pocket expenses actually incurred) if the Transaction Agreement is terminated under the following circumstances:

Weyerhaeuser terminates the Transaction Agreement because the TRI Pointe board of directors has effected an adverse recommendation change, in which case the termination fee must be paid within

five business days after written notice of termination by Weyerhaeuser;

either TRI Pointe or Weyerhaeuser terminates the Transaction Agreement because TRI Pointe stockholders fail to approve the issuance of shares of TRI Pointe common stock in the Merger upon a stockholder vote at a duly convened stockholder meeting, and (i) a TRI Pointe acquisition proposal has been made that is either publicly disclosed or otherwise becomes publicly known prior to or at the time of such duly convened stockholder meeting and that is not withdrawn more than five days prior to such stockholder vote and (ii) TRI Pointe enters into an agreement with respect to any TRI Pointe acquisition proposal, or any TRI Pointe acquisition proposal is consummated prior to the expiration of 12 months following termination of the Transaction Agreement, in which case the termination fee must be paid at or prior to the earlier of the entering into of such agreement and the consummation of the TRI Pointe acquisition proposal; or

either TRI Pointe or Weyerhaeuser terminates the Transaction Agreement because the Merger is not consummated on or before November 3, 2014 (unless the failure to consummate the Merger is the result of a material breach of any Transaction Document by the party seeking to terminate the Transaction Agreement), in circumstances where TRI Pointe stockholders fail to approve the issuance of shares of TRI Pointe common stock in the Merger upon a stockholder vote at a duly convened stockholder meeting, and (i) a TRI Pointe acquisition proposal has been made prior to such stockholder meeting and not withdrawn more than five days prior to such stockholder vote and (ii) TRI Pointe enters into an agreement with respect to any TRI Pointe acquisition proposal, or any TRI Pointe acquisition proposal is consummated prior to the expiration of 12 months following termination of the Transaction Agreement, in which case the termination fee must be paid at or prior to the earlier of the entering into of such agreement and the consummation of the TRI Pointe acquisition proposal.

## **Table of Contents**

TRI Pointe will reimburse Weyerhaeuser for its out-of-pocket expenses actually incurred in connection with the Transaction Agreement and the transactions contemplated thereby (not to exceed \$10 million) if the Transaction Agreement is terminated in the circumstances specified in the foregoing clauses or if the Transaction Agreement is terminated by either TRI Pointe or Weyerhaeuser because TRI Pointe stockholders fail to approve the issuance of shares of TRI Pointe common stock in the Merger upon a stockholder vote at a duly convened stockholder meeting or because the Merger is not consummated on or before November 3, 2014 (unless the failure to consummate the Merger is the result of a material breach of any transaction document by the party seeking to terminate the Transaction Agreement), in circumstances where TRI Pointe stockholders fail to approve the issuance of shares of TRI Pointe common stock in the Merger upon a stockholder vote at a duly convened stockholder meeting. In addition, if the Transaction Agreement is terminated prior to the effective time of the Merger, TRI Pointe is required to reimburse WRECO promptly for 50% of all costs or expenses payable by WRECO or its subsidiaries to the financing sources or their respective representatives pursuant to the commitment papers in respect of the New Debt.

## **Amendment**

The Transaction Agreement may be amended at any time if set forth in an instrument in writing signed on behalf of each of the parties. However, following the TRI Pointe Stockholder Approval or the consummation of the Distribution, there will be no amendments to the Transaction Agreement that by law requires further approval by TRI Pointe stockholders or the WRECO shareholders, as applicable, without obtaining such approvals.

## **Governing Law; Specific Performance**

The Transaction Agreement is governed by the laws of the State of Delaware, and provides that any disputes arising out of or relating to the Transaction Documents or the transactions contemplated thereby will be heard and determined in the Court of Chancery of the State of Delaware. The parties to the Transaction Agreement have agreed that irreparable damage would occur in the event that any provision of the Transaction Documents were not performed in accordance with their specific terms or were otherwise breached. Accordingly, the parties have agreed that they are entitled to an injunction or injunctions to prevent breaches and to enforce specifically the terms and provisions of each Transaction Document.

**DEBT FINANCING**

WRECO, DB Cayman, Citigroup and US Bank have entered into the Financing Letters with respect to financing in connection with the Transactions. The obligations of the lenders under the Commitment Letter are subject to customary conditions, including, subject to exceptions, the absence of any material adverse effect (as the term is described in The Transaction Agreement Representations and Warranties ) with respect to WRECO or TRI Pointe and the consummation of the Transactions. The Commitment Letter will terminate on August 4, 2014 unless the Transactions have been consummated on or prior to that date. WRECO has agreed to pay certain fees to DB Cayman, Citigroup and US Bank (or their respective affiliates) in connection with the Commitment Letter and has agreed to indemnify them against certain liabilities. The following is a summary of certain material terms and provisions of the Financing Letters.

In connection with the Transactions, WRECO expects to engage in the following financing activities:

the issuance and sale by WRECO of Debt Securities in aggregate principal amount of up to the full amount of the New Debt; and

to the extent that WRECO does not issue Debt Securities in aggregate principal amount of at least \$800 million on or prior to the Closing Date, the incurrence of senior unsecured bridge loans in an aggregate principal amount equal to \$800 million less the aggregate principal amount of Debt Securities issued, from one or more lenders under the Senior Unsecured Bridge Facility (as described in Bridge Facility ).

In connection with the Transactions, TRI Pointe expects to make:

borrowings under the Revolving Credit Agreement, which currently provides for a maximum loan commitment of \$175 million (subject to borrowing base requirements), as amended or otherwise modified to provide, for the avoidance of doubt, that the Transactions shall be permitted under such agreement, and as otherwise amended or modified in a manner that is not materially adverse to the interest of the lenders under the Senior Unsecured Bridge Facility; or

borrowings under a new revolving facility that is not materially less favorable to the interests of the lenders under the Senior Unsecured Bridge Facility than the existing Revolving Credit Agreement.

Subject to ongoing negotiations between TRI Pointe and certain lenders, the Revolving Credit Agreement may be amended, modified or replaced and borrowing availability thereunder or under a new revolving facility may exceed \$175 million.

**Debt Securities**

Pursuant to the Transaction Agreement, each of Weyerhaeuser, TRI Pointe and Merger Sub is required to cooperate with WRECO in connection with incurring the New Debt, including using (and causing its subsidiaries to use) commercially reasonable efforts to satisfy all conditions precedent and covenants to be satisfied by WRECO in connection with the agreements governing the New Debt.

WRECO may issue and sell Debt Securities having an aggregate principal amount of up to the full amount of the New Debt. The Debt Securities would carry an interest rate and include other terms as required by market conditions at issuance.

TRI Pointe anticipates that the instruments governing the Debt Securities would contain customary events of default, covenants and other terms, including, among other things, covenants that restrict the ability of the issuer and its subsidiaries to pay dividends and make certain other restricted payments, incur indebtedness and issue preferred stock, create liens on assets, sell or otherwise dispose of assets, enter into transactions with affiliates and enter new lines of business. These covenants would be subject to certain customary baskets, exceptions and incurrence-based ratio tests.

### **Bridge Facility**

The Financing Letters provide that DB Cayman, Citigroup and US Bank would provide to WRECO a one-year senior unsecured bridge loan facility of up to \$800 million, available in a single draw and payable at maturity (the Senior Unsecured Bridge Facility ).

Loans under the Senior Unsecured Bridge Facility ( Senior Unsecured Bridge Loans ) would bear interest at an annual rate equal to three-month LIBOR (subject to a minimum floor of 1.00%), plus an initial margin, which margin would increase by 0.50% every three months after the Closing Date that Senior Unsecured Bridge Loans remain outstanding, subject to an interest rate cap (the Total Bridge Loan Cap ).

The Senior Unsecured Bridge Loans would be required to be repaid in full upon the earlier of (i) the first anniversary of the initial funding date of the Senior Unsecured Bridge Loans (the Bridge Loan Maturity Date ) and (ii) the closing date of any sale of

## **Table of Contents**

Debt Securities or any other debt financing which refinance the Senior Unsecured Bridge Loans in full (collectively, Permanent Financing ). However, if WRECO were to fail to raise Permanent Financing before the Bridge Loan Maturity Date, the Senior Unsecured Bridge Loans would be converted to a senior unsecured term loan facility as described in Term Loans. At any time after the conversion, the Senior Unsecured Extended Term Loans could be exchanged at the option of the lenders thereunder in whole or in part for Senior Unsecured Exchange Notes, as described in Exchange Notes.

### *Guarantors*

Each material wholly owned subsidiary of WRECO would guarantee the amounts owing under the Senior Unsecured Bridge Facility, subject to exceptions, including to the extent that a guarantee would conflict with the terms of any land, project or other development loan facility.

### *Prepayment*

The Senior Unsecured Bridge Loans could be prepaid, in whole or in part, at par plus accrued and unpaid interest, at WRECO's option at any time. In addition, WRECO would be required to prepay the Senior Unsecured Bridge Loans at par plus accrued and unpaid interest, to the extent of:

the net proceeds of certain debt or equity issuances; and

subject to customary exceptions and reinvestment rights, the net proceeds from asset sales outside the ordinary course of business by WRECO or any of WRECO's subsidiaries.

### *Covenants*

The definitive documentation with respect to the Senior Unsecured Bridge Facility is expected to contain customary representations and affirmative and negative covenants of WRECO, including restrictions (subject to exceptions, qualifications and baskets to be mutually agreed) on: liens; investments (including acquisitions and loans); debt (including guarantees of debt) and contingent obligations (with exceptions to include certain borrowings under a revolving credit facility); fundamental changes; sales, dispositions and other transfers (including sale-leasebacks); restricted payments; transactions with affiliates; negative pledge clauses; subsidiary distributions; changes in business; changes in fiscal year or quarter; amendments to charter documents; issuance of certain equity interests; and prepaying and amending subordinated debt.

### *Events of Default*

The definitive documentation with respect to the Senior Unsecured Bridge Facility is expected to contain customary events of default, including payment defaults; covenant defaults; material inaccuracy of representations or warranties; cross-default and cross-acceleration to other indebtedness (subject to a threshold); bankruptcy or insolvency proceedings; judgments (subject to a threshold); ERISA events; and invalidity of the Senior Unsecured Bridge Facility or guarantees thereof.

### *Term Loans*

On the Bridge Loan Maturity Date, the Senior Unsecured Bridge Loans would convert into senior unsecured extended term loans ( Senior Unsecured Extended Term Loans ) in an initial principal amount equal to 100% of the outstanding principal amount of the Senior Unsecured Bridge Loans. WRECO would be the borrower under the Senior Unsecured Extended Term Loans and each material wholly owned subsidiary of WRECO would guarantee the amounts owing under the Senior Unsecured Extended Term Loans, subject to exceptions, including to the extent that a guarantee would conflict with the terms of any land, project or other development loan facility.

The Senior Unsecured Extended Term Loans would mature seven years after the date of conversion from the Senior Unsecured Bridge Loans.

The covenants and events of default applicable to the Senior Unsecured Extended Term Loans would generally conform to those applicable to the Senior Unsecured Exchange Notes.

***Exchange Notes***

The Senior Unsecured Extended Term Loans could be exchanged at the option of the lenders thereunder, at any time or from time to time, in whole or in part, for senior unsecured exchange notes (the Senior Unsecured Exchange Notes ) having a principal amount equal to 100% of the outstanding principal amount of the Senior Unsecured Extended Term Loans so exchanged. WRECO would be the issuer of the Senior Unsecured Exchange Notes and each material wholly owned subsidiary of WRECO would guarantee the amounts owing under the Senior Unsecured Bridge Loans, subject to exceptions, including to the extent that a guarantee would conflict with the terms of any land, project or other development loan facility.

---

**Table of Contents**

The Senior Unsecured Exchange Notes would mature eight years after the initial funding date of the Senior Unsecured Bridge Loans.

The indenture governing the Senior Unsecured Exchange Notes would include covenants, events of default, and provisions with respect to change of control, defeasance and discharge and modification customary for an indenture governing publicly traded high yield debt securities.

Prior to the fourth anniversary of the initial funding date of the Senior Unsecured Bridge Loans, WRECO could call the Senior Unsecured Extended Exchange Notes at a make-whole price based on U.S. Treasury notes with a maturity closest to the fourth anniversary of the initial funding date of the Senior Unsecured Bridge Loans, plus 50 basis points. After the fourth anniversary of the initial funding date of the Senior Unsecured Bridge Loans, WRECO could call the Senior Unsecured Exchange Notes at par, plus accrued interest, plus a premium equal to one half of the interest rate on the Senior Unsecured Exchange Notes, which premium would decline ratably on each subsequent anniversary of the initial funding date of the Senior Unsecured Bridge Loans, reaching zero on the date that is two years prior to the maturity of the Senior Unsecured Exchange Notes. Further, prior to the third anniversary of the initial funding date of the Senior Unsecured Bridge Loans, WRECO could redeem up to 35% of the Senior Unsecured Exchange Notes with proceeds from certain equity offerings at a price equal to par plus the accrued and unpaid interest on the Senior Unsecured Exchange Notes.

Within 180 days after the issue date of the Senior Unsecured Exchange Notes, WRECO would be required to file a shelf registration statement with the SEC and to use its commercially reasonable efforts to cause the shelf registration statement to be declared effective within 90 days of such filing and to keep the shelf registration statement effective, with respect to resales of the Senior Unsecured Exchange Notes, for as long as it is required by the holders to resell the Senior Unsecured Exchange Notes. Upon failure to comply with the requirements of the registration rights agreement (a Registration Default), the Issuer would be required to pay liquidated damages to each holder of Senior Unsecured Exchange Notes with respect to the first 90-day period immediately following the occurrence of the first Registration Default in an amount equal to one-quarter of one percent (0.25%) per annum of the principal amount of Senior Unsecured Exchange Notes held by such holder. The amount of liquidated damages would increase by an additional one-quarter of one percent (0.25%) per annum of the principal amount of Senior Unsecured Exchange Notes held by such holder with respect to each subsequent 90-day period until all Registration Defaults had been cured, up to a maximum amount of liquidated damages for all Registration Defaults of 1.00% per annum.

***Demand Securities***

Pursuant to the Financing Letters, on up to three occasions, from the fifth business day prior to the Closing Date and ending on the first anniversary of the Closing Date, Citigroup, Citibank, N.A., Citicorp USA, Inc., Citicorp North America, Inc. or their affiliates, Deutsche Bank or DB Cayman could deliver a demand requiring WRECO to issue Debt Securities to provide proceeds at least equal to the aggregate commitments with respect to the Senior Unsecured Bridge Facility, or an amount sufficient to repay all or any portion of the amount outstanding under, the Senior Unsecured Bridge Facility or Senior Unsecured Extended Term Loans.

The interest rate of any such Debt Securities shall be determined in light of the then prevailing market conditions for comparable securities, subject to an interest rate cap.

Such Debt Securities are not required to be delivered prior to the Closing Date.

**OTHER AGREEMENTS**

**Tax Sharing Agreement**

This summary of the Tax Sharing Agreement is qualified in its entirety by reference to the Form of Tax Sharing Agreement, which is attached to this proxy statement as Annex C and incorporated by reference herein.

***Ordinary Course Taxes***

The Tax Sharing Agreement will govern, after the date of the Transaction Agreement, both Weyerhaeuser's and TRI Pointe's rights and obligations with respect to taxes for both pre- and post-signing periods. Under the Tax Sharing Agreement, Weyerhaeuser generally will be required to indemnify TRI Pointe for any taxes attributable to WRECO's operations for any taxable periods ending on or before the date of the Transaction Agreement and TRI Pointe generally will be required to indemnify Weyerhaeuser for any taxes attributable to WRECO's operations for any taxable periods ending after the date of the Transaction Agreement.

***Distribution-Related Taxes***

TRI Pointe will generally be required to indemnify Weyerhaeuser against any tax imposed on the Distribution if that tax results from any action taken or omission to act by TRI Pointe, its subsidiaries or certain affiliates of TRI Pointe. These actions or omissions include those involving (i) an issuance, redemption, recapitalization or repurchase of TRI Pointe or WRECO's equity securities or the involvement of TRI Pointe, WRECO, any of their subsidiaries or certain affiliates of TRI Pointe and WRECO in acquisitions of TRI Pointe or WRECO's equity securities, (ii) other actions or omissions (such as those described in the following paragraph) by TRI Pointe or its subsidiaries or certain of its affiliates or (iii) a breach of any undertakings by TRI Pointe referred to in the Tax Sharing Agreement. If tax, other than certain transfer taxes, is imposed on Weyerhaeuser with respect to the Distribution for reasons not related to any of the above actions by WRECO or TRI Pointe, Weyerhaeuser will be responsible for such taxes and will not be entitled to indemnification by TRI Pointe under the Tax Sharing Agreement.

In addition, to preserve the tax-free treatment to Weyerhaeuser of the Distribution, for a two-year period following the Closing Date, the following actions will be subject to restrictions:

redemption, recapitalization, repurchase or acquisition by TRI Pointe or WRECO of their capital stock;

issuance by TRI Pointe or WRECO of capital stock or instruments convertible or exchangeable into capital stock of TRI Pointe or WRECO;

merger or consolidation of TRI Pointe or WRECO with any other person;

liquidation or partial liquidation of TRI Pointe or WRECO;

discontinuance of the operations of the Real Estate Business;

sale or disposition of (other than in the ordinary course of business) more than 33 1/3 % of the assets (determined based on the gross fair market value of the assets immediately before the Closing Date) of WRECO and its subsidiaries in the aggregate; or

other actions, omissions to act or transactions that could jeopardize the tax-free status of the Distribution.

TRI Pointe will be permitted to take any of the actions described above in the event that TRI Pointe delivers to Weyerhaeuser an unqualified tax opinion reasonably acceptable to Weyerhaeuser and receives the prior written consent of Weyerhaeuser or if TRI Pointe delivers to Weyerhaeuser an IRS ruling, in either case to the effect that such proposed action will not affect the tax-free status of the Distribution, the Merger and certain related transactions as tax-free transactions. If TRI Pointe intends to take any such restricted action, Weyerhaeuser will be required to cooperate with TRI Pointe in obtaining the unqualified tax opinion or IRS ruling. Should the taking of such actions by TRI Pointe undermine the tax-free status of the Distribution and result in tax to Weyerhaeuser, TRI Pointe generally will be required to indemnify Weyerhaeuser for such taxes, without regard to whether Weyerhaeuser has given TRI Pointe prior consent.

### **Voting Agreements**

In connection with the Transactions, Weyerhaeuser entered into the Voting Agreements with certain TRI Pointe stockholders with respect to an aggregate of 12,639,163 shares of TRI Pointe common stock, representing approximately 40% of the currently outstanding shares. The following is a summary of the material terms of the Voting Agreements. This summary is qualified in its entirety by reference to the Voting Agreements, which are attached to this proxy statement as Annex D and incorporated by reference herein.

**Table of Contents**

The Voting Agreements provide, among other things, that the stockholders party thereto will:

vote in favor of the TRI Pointe Stockholder Approval and any other actions necessary and desirable in connection with the Transactions;

vote against any action, agreement or proposal made in opposition to or in competition with the consummation of the Merger and the issuance of TRI Pointe common stock in the Merger;

vote against any action, agreement or proposal that would reasonably be expected to result in a breach of any covenant, representation or warranty of TRI Pointe or Merger Sub under the Transaction Agreement;

vote against any amendment of the Charter or the Bylaws or any other action, agreement or proposal that would materially impede or frustrate, or prevent or nullify, any provision of the Transaction Agreement or the Transactions or change in any manner the voting rights of any class of the capital stock of TRI Pointe;

not transfer the shares of TRI Pointe common stock that are subject to the applicable Voting Agreement;

use commercially reasonable efforts to assist TRI Pointe, Merger Sub, Weyerhaeuser and WRECO in doing all things necessary or advisable to cause the governance matters set forth on Exhibit D to the Transaction Agreement, which is attached to this proxy statement as Annex E and incorporated by reference herein, to occur on the Closing Date. See The Transaction Agreement Governance ;

consult with Weyerhaeuser regarding any press release or other public statement with respect to the Transactions; and

irrevocably grant to, and appoint, Weyerhaeuser, or a Weyerhaeuser designee, such stockholder's proxy and attorney-in-fact to vote the shares, or grant a consent or approval in respect of the shares, of TRI Pointe common stock that are subject to the applicable Voting Agreement in a manner consistent with such Voting Agreement.

The stockholder parties are also subject to a non-solicitation covenant with respect to a TRI Pointe acquisition proposal substantially similar to the non-solicitation covenant applicable to TRI Pointe in the Transaction Agreement. See The Transaction Agreement Non-Solicitation by TRI Pointe.

Each of the Voting Agreements will automatically terminate upon the earliest of:

the effective time of the Merger;

the termination of the Transaction Agreement;

any amendment or modification of the Transaction Agreement which would materially increase the number of shares of TRI Pointe common stock issuable in the Merger or the other consideration payable by TRI Pointe under the Transaction Agreement, unless the applicable stockholder has consented in writing to such amendment; and

the mutual written agreement of the applicable stockholder and Weyerhaeuser.

### **Indemnity Agreements**

In connection with the Voting Agreements, TRI Pointe has entered into separate indemnity agreements with each stockholder party to the Voting Agreements pursuant to which TRI Pointe has agreed to (i) pay all out-of-pocket costs, and reasonable fees and expenses of counsel and other advisors, incurred by the applicable stockholder in connection with the negotiation, execution and performance of the applicable Voting Agreement and (ii) indemnify and hold harmless the applicable stockholder from all losses arising out of or relating to the negotiation, execution and performance of the applicable Voting Agreement or the Transactions. This summary is qualified in its entirety by reference to the indemnity agreements, which are attached to this proxy statement as [Annex F](#) and incorporated by reference herein.

### **Lock-Up Agreement**

Messrs. Bauer, Mitchell and Grubbs have entered into a lock-up agreement with the Starwood Fund with respect to 675,876 shares of restricted stock granted to Messrs. Bauer, Mitchel and Grubbs that will vest if the Starwood Fund owns less than 25% of the total TRI Pointe common stock outstanding. Pursuant to the lock-up agreement, Messrs. Bauer, Mitchell and Grubbs have each agreed, following the consummation of the Merger, not to sell these shares of TRI Pointe common stock without the prior written consent of the Starwood Fund, until the Starwood Fund (and any of its affiliates owning TRI Pointe common stock) owns less than 4.875% of the total TRI Pointe common stock outstanding after the consummation of the Merger.

**Table of Contents**

**DESCRIPTION OF TRI POINTE CAPITAL STOCK**

The rights of TRI Pointe stockholders are governed by Delaware law and the Charter and the Bylaws. For information on how to obtain a copy of the Charter and the Bylaws, see [Where You Can Find More Information; Incorporation by Reference](#).

The following description of TRI Pointe capital stock does not purport to be complete and is subject to, and qualified in its entirety by reference to, the complete text of the Charter and the Bylaws.

**Common Stock**

The Charter authorizes the issuance of up to 500 million shares of common stock, par value \$0.01 per share. As of March 24, 2014, there were 31,632,533 shares of common stock issued and outstanding.

Shares of TRI Pointe common stock have the following rights, preferences and privileges:

*Voting Rights.* Each outstanding share of common stock entitles its holder to one vote on all matters submitted to a vote of stockholders, including the election of directors. There are no cumulative voting rights. Generally, all matters to be voted on by stockholders must be approved by the vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on such matters that are present in person or by proxy at the meeting, except that directors are elected by a plurality of the votes cast in the election of directors. TRI Pointe does not have a classified board of directors.

*Dividends.* Subject to the rights of the holders of any preferred stock which may be outstanding from time to time, the holders of common stock are entitled to receive dividends as, when and if dividends are declared by the TRI Pointe board of directors out of assets legally available for the payment of dividends. TRI Pointe currently intends to retain its future earnings, if any, to finance the development and expansion of its business and, therefore, does not intend to pay cash dividends on its common stock for the foreseeable future. Any future determination to pay dividends will be at the discretion of TRI Pointe's board of directors and will depend on TRI Pointe's financial condition, results of operations, capital requirements, restrictions contained in any financing instruments and such other factors as the TRI Pointe board of directors deems relevant.

*Liquidation.* In the event of a liquidation, dissolution or winding up of TRI Pointe's affairs, whether voluntary or involuntary, after payment of liabilities and obligations to creditors and any holders of preferred stock, TRI Pointe's remaining assets will be distributed ratably among TRI Pointe stockholders on a per share basis.

*Rights and Preferences.* TRI Pointe common stock has no preemptive, redemption, conversion or subscription rights. The rights, powers, preferences and privileges of TRI Pointe stockholders are subject to, and may be materially and adversely affected by, the rights of the holders of shares of any series of preferred stock that TRI Pointe may designate and issue in the future.

*Merger.* In the event TRI Pointe merges or consolidates with or into another entity, holders of each share of TRI Pointe common stock will be entitled to receive the same per share consideration.

TRI Pointe has adopted and maintains the 2013 Long-Term Incentive Plan which provides for the grant of equity-based awards, including options to purchase shares of common stock, stock appreciation rights, common stock, restricted stock, restricted stock units and performance awards to eligible participants, which includes TRI Pointe's officers, directors, employees and consultants, and persons expected to become TRI Pointe's officers, directors, employees or consultants. As of March 24, 2014, TRI Pointe had outstanding awards to acquire approximately 379,219 shares of its common stock under this plan, and had reserved approximately 2,113,988 additional shares of TRI Pointe common stock for future issuances under this plan. To account for the dilutive effect of the Transactions on the TRI Pointe common stock, TRI Pointe is proposing to amend the 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for further issuances under this plan to [            ].

### **Preferred Stock**

The Charter provides that the TRI Pointe board of directors has the authority, without action by its stockholders, to designate and issue up to 50 million shares of preferred stock in one or more classes or series and to fix for each class or series the powers, rights, preferences and privileges of each series of preferred stock, including dividend rights, conversion rights, voting rights, terms of redemption, liquidation preferences and the number of shares constituting any class or series, which may be greater than the rights of the holders of TRI Pointe common stock. There are currently no shares of preferred stock outstanding. Any issuance of shares of preferred stock could adversely affect the voting power of TRI Pointe stockholders, and the likelihood that the holders will receive dividend payments and payments upon liquidation could have the effect of delaying, deferring or preventing a change in control. TRI Pointe has no present plans to issue any shares of preferred stock and is prohibited from doing so under the terms of the Transaction Agreement unless Weyerhaeuser consents to such issuance.

**Table of Contents**

**Certain Anti-Takeover Effects of Provisions of the Charter and the Bylaws**

The Charter, the Bylaws and Delaware law contain provisions that may delay or prevent a transaction or a change in control of TRI Pointe that might involve a premium paid for shares of TRI Pointe common stock or otherwise be in the best interests of TRI Pointe stockholders, which could materially and adversely affect the market price of TRI Pointe common stock. Certain of these provisions are described below.

***Selected provisions of the Charter and the Bylaws***

The Charter and the Bylaws contain anti-takeover provisions that:

authorize the TRI Pointe board of directors, without further action by its stockholders, to issue up to 50,000,000 shares of preferred stock in one or more series, and with respect to each series, to fix the number of shares constituting that series and establish the rights and other terms of that series;

require that actions to be taken by TRI Pointe stockholders may be taken only at an annual or special meeting of TRI Pointe stockholders and not by written consent;

specify that special meetings of TRI Pointe stockholders can be called only by the TRI Pointe board of directors, the chairman of the board or the chief executive officer;

establish advance notice procedures for stockholders to submit nominations of candidates for election to the TRI Pointe board of directors and other proposals to be brought before a stockholders meeting;

provide that the Bylaws may be amended by the TRI Pointe board of directors without stockholder approval;

allow the directors to establish the size of the TRI Pointe board of directors by action of the board, subject to a minimum of three members;

provide that vacancies on the TRI Pointe board of directors or newly created directorships resulting from an increase in the number of directors may be filled only by a majority of directors then in office, even though less than a quorum;

do not give TRI Pointe stockholders cumulative voting rights with respect to the election of directors;  
and

prohibit TRI Pointe from engaging in certain business combinations with any interested stockholder unless specified conditions are satisfied as described in Selected provisions of Delaware law.

*Selected provisions of Delaware law*

TRI Pointe has opted out of Section 203 of the DGCL, which regulates corporate takeovers. However, the Charter contains provisions that are similar to Section 203 of the DGCL. Specifically, the Charter provides that TRI Pointe may not engage in certain business combinations with any interested stockholder for a three-year period following the time that the person became an interested stockholder, unless:

prior to the time that person became an interested stockholder, the TRI Pointe board of directors approved either the business combination or the transaction which resulted in the person becoming an interested stockholder;

upon the consummation of the transaction which resulted in the person becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding certain shares; or

at or subsequent to the time the person became an interested stockholder, the business combination is approved by the TRI Pointe board of directors and by the affirmative vote of at least 66 2/3% of the outstanding voting stock which is not owned by the interested stockholder.

Generally, a business combination includes a merger, consolidation, asset or stock sale or other transaction resulting in a financial benefit to the interested stockholder. Subject to certain exceptions, an interested stockholder is a person who, together with that person's affiliates and associates, owns, or within the previous three years owned, 15% or more of TRI Pointe voting stock. However, in the case of TRI Pointe, the Starwood Fund and any of its affiliates and subsidiaries and any of their permitted transferees receiving 15% or more of TRI Pointe voting stock will not be deemed to be interested stockholders regardless of the percentage of TRI Pointe voting stock owned by them. This provision could prohibit or delay mergers or other takeover or change in control attempts with respect to TRI Pointe and, accordingly, may discourage attempts to acquire TRI Pointe. The Merger does not constitute a business combination with an interested stockholder and accordingly it is not prevented by these provisions of the Charter.

### ***Corporate Opportunity***

The Charter provides that TRI Pointe renounces any interest or expectancy in, or in being offered an opportunity to participate in, any business opportunity that may be from time to time presented to the Starwood Fund or any of its affiliates and subsidiaries (other than TRI Pointe and its subsidiaries), officers, directors, agents, stockholders, members, partners or employees and that may be a business opportunity for the Starwood Fund or any of its affiliates and subsidiaries, even if the opportunity is one that TRI Pointe might reasonably have pursued or had the ability or desire to pursue if granted the opportunity to do so. No such person will be liable to TRI Pointe for breach of any fiduciary or other duty, as a director or officer or otherwise, by reason of the fact that such person, acting in good faith, pursues or acquires any such business opportunity, directs any such business opportunity to another person or fails to present any such business opportunity, or information regarding any such business opportunity, to TRI Pointe unless, in the case of any such person who is a TRI Pointe director or officer, any such business opportunity is expressly offered to such director or officer solely in his or her capacity as a TRI Pointe director or officer. Neither the Starwood Fund nor any of its affiliates or subsidiaries has any duty to refrain from engaging directly or indirectly in the same or similar business activities or lines of business as TRI Pointe or any of its subsidiaries.

These provisions will continue to apply until no person who is a TRI Pointe director or officer is also a director, officer, member, partner or employee of the Starwood Fund or any of its affiliates or subsidiaries (other than TRI Pointe and its subsidiaries).

### **Limitations on Liability, Indemnification of Officers and Directors and Insurance**

The DGCL authorizes corporations to limit or eliminate the personal liability of directors to corporations and their stockholders for monetary damages for breaches of directors' fiduciary duties as directors. The Charter and the Bylaws include provisions that indemnify, to the fullest extent allowable under the DGCL, the personal liability of directors or officers for monetary damages for actions taken as a director or officer, or for serving at TRI Pointe's request as a director or officer or another position at another corporation or enterprise, as the case may be.

The Charter and the Bylaws also provide that TRI Pointe must indemnify and advance reasonable expenses to TRI Pointe's directors and officers, subject to TRI Pointe's receipt of an undertaking from the indemnified party as may be required under the DGCL. TRI Pointe is also expressly authorized to carry directors' and officers' insurance to protect TRI Pointe, TRI Pointe's directors, officers and certain employees for some liabilities. The limitation of liability and indemnification provisions in the Charter may discourage stockholders from bringing a lawsuit against TRI Pointe's directors for breach of their fiduciary duty. These provisions may also have the effect of reducing the likelihood of derivative litigation against TRI Pointe's directors and officers, even though such an action, if successful, might otherwise benefit TRI Pointe and its stockholders. However, these provisions do not limit or eliminate TRI Pointe's rights, or those of any stockholder, to seek nonmonetary relief such as injunction or rescission in the event of a breach of a director's duty of care. The provisions will not alter the liability of directors under the federal securities laws.

TRI Pointe maintains standard policies of insurance that provide coverage (i) to directors and officers against loss arising from claims made by reason of breach of duty or other wrongful act and (ii) to TRI Pointe with respect to indemnification payments that TRI Pointe may make to such directors and officers.

TRI Pointe has entered into an indemnification agreement with each of TRI Pointe's officers and directors. These agreements require TRI Pointe to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to TRI Pointe, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

There is currently no pending material litigation or proceeding against any of TRI Pointe's directors, officers or employees for which indemnification is sought.

**Authorized but Unissued Shares**

TRI Pointe's authorized but unissued shares of common stock will be available for future issuance without the approval by TRI Pointe stockholders. TRI Pointe may use additional shares for a variety of purposes, including future offerings to raise additional capital, to fund acquisitions and as employee compensation. The existence of authorized but unissued shares of common stock could render more difficult or discourage an attempt to obtain control of TRI Pointe by means of a proxy contest, tender offer, merger or otherwise.

### **Registration Rights Agreement**

On January 30, 2013, TRI Pointe entered into a registration rights agreement with the former members of TPH LLC, including the Starwood Fund, the members of TRI Pointe's management team and a third-party investor, with respect to the shares of TRI Pointe common stock that they received as part of TRI Pointe's formation transactions. The shares are referred to collectively as the registrable shares. Pursuant to the registration rights agreement, TRI Pointe granted the former members of TPH LLC and their direct and indirect transferees shelf registration rights to require TRI Pointe to file a shelf registration statement for the registrable shares and to maintain the effectiveness of such registration statement so as to allow sales thereunder from time to time, demand registration rights to have the registrable shares registered for resale, and, in certain circumstances, the right to make piggy-back sales of the registrable shares under registration statements TRI Pointe might file in connection with future public offerings.

Notwithstanding the foregoing, the registration rights are subject to cutback provisions, and TRI Pointe is permitted to suspend the use, from time to time, of the prospectus that is part of the shelf registration statement (and therefore suspend sales under the shelf registration statement) for certain periods, referred to as blackout periods.

### **Investor Rights Agreement**

On January 30, 2013, TRI Pointe entered into an investor rights agreement with the Starwood Fund. Under the investor rights agreement, the Starwood Fund has the right to designate two members of the TRI Pointe board of directors for as long as the Starwood Fund owns 25% or more of the outstanding TRI Pointe common stock (excluding shares of common stock that are subject to issuance upon the exercise or exchange of rights of conversion or any options, warrants or other rights to acquire shares) and one member of the TRI Pointe board of directors for as long as it owns at least 10% of such outstanding TRI Pointe common stock. In addition, the members of TRI Pointe's management team agreed to vote all shares of TRI Pointe common stock that they own in favor of the Starwood Fund nominees in any election of directors for as long as the Starwood Fund owns at least 10% of such outstanding TRI Pointe common stock. On November 3, 2013, the investor rights agreement was amended, effective as of the Closing Date, to provide that, following the consummation of the Merger, the Starwood Fund will have the right to designate one member of the TRI Pointe board of directors for as long as the Starwood Fund owns at least 5% of the outstanding TRI Pointe common stock. In addition, following the consummation of the Merger, the investor rights agreement will automatically terminate upon the date on which the Starwood Fund owns less than 1% of the outstanding TRI Pointe common stock.

**Table of Contents****PROPOSAL NO. 2****AMENDMENT TO THE 2013 LONG-TERM INCENTIVE PLAN**

On [ ], 2014, the TRI Pointe board of directors adopted a proposed amendment to the 2013 Long-Term Incentive Plan, which is referred to in this proxy statement as the 2013 LTIP, to increase the number of shares available for issuance pursuant to awards granted under the 2013 LTIP by [ ] and add certain award limitations intended to allow for awards that qualify as performance-based compensation within the meaning of Section 162(m) of the Code. The share increase and the addition of the Section 162(m) limitations are the only changes to the 2013 LTIP contemplated by the proposed amendment. The proposed amendment to the 2013 LTIP is subject to approval by TRI Pointe stockholders at the annual meeting and is conditioned upon approval of Proposal No. 1.

The 2013 LTIP provides for the grant of stock options to purchase shares of TRI Pointe common stock in both the form of incentive stock options (stock options that meet the requirements of Section 422 of the Code) and nonqualified options (stock options that do not meet the requirements of Section 422 of the Code), stock appreciation rights ( SARs ), bonus stock, restricted stock, restricted stock units ( RSUs ) and performance awards. Bonus stock, restricted stock and RSUs are referred to as Stock Awards.

As of March 24, 2014, an aggregate of 2,113,988 shares of TRI Pointe common stock remained available under the 2013 LTIP for the grant of equity-based incentives. The proposed increase of [ ] shares represents [ ]% of the TRI Pointe common stock outstanding immediately following the consummation of the Merger. It is generally expected that the share reserve under the 2013 LTIP, if the proposed increase and Proposal No. 1 are approved by stockholders, will last TRI Pointe for a period of approximately three years. TRI Pointe's board of directors believes a compensation policy that includes a balanced mix of cash and equity is the most effective way to attract and retain talented employees whose interests are aligned with TRI Pointe stockholders. Without approval of the proposed amendment to the 2013 LTIP, TRI Pointe will be severely limited in its ability to use equity as a component of its compensation philosophy following the consummation of the Transactions, a result that would put TRI Pointe at a considerable competitive disadvantage to its direct and indirect competitors for high level professionals.

**Outstanding Equity Awards**

As of March 24, 2014, there were 2,113,988 shares available for issuance pursuant to future grants under the 2013 LTIP, which is the only plan from which TRI Pointe currently grants equity awards. As of that date 285,900 shares of TRI Pointe common stock were issuable upon the exercise of outstanding options granted under all of TRI Pointe's equity compensation plans. The weighted average exercise price of these options was \$17.04 per share and the weighted average remaining term of these options was 9.0 years. As of March 24, 2014, there were 93,319 shares subject to outstanding unvested awards of RSUs, all of which are subject to time-based vesting conditions. The closing price of TRI Pointe common stock on the NYSE on March 24, 2014 was \$16.98.

**Dilution and Burn Rate**

TRI Pointe measures dilution as the total number of shares subject to equity awards granted, less cancellations and other shares returned to the reserve, divided by the total number of shares of TRI Pointe common stock outstanding at the end of the year. As noted above, the potential dilution from the [ ] share increase requested to be approved by TRI Pointe stockholders is approximately [ ]%, based on the total number of shares of TRI Pointe common stock outstanding immediately following the consummation of the Merger.

TRI Pointe manages the long-term dilution from its equity compensation program by limiting the number of shares subject to equity awards that TRI Pointe grants annually, commonly referred to as burn rate. Burn rate is another measure of dilution that shows how rapidly a company is depleting its shares reserved for equity compensation plans, and differs from annual dilution because it does not take into account cancellations and other shares returned to the reserve. TRI Pointe calculates burn rate based upon the weighted average number of shares of TRI Pointe common stock outstanding at the end of the most recently completed fiscal year. Because TRI Pointe did not have an equity compensation plan in fiscal 2012 and 2011, historical burn rates for fiscal years 2012 and 2011 are not available. The burn rate for the fiscal year ended December 31, 2013, measured as total awards (on an option equivalent basis) granted for the year divided by the weighted average number of shares of TRI Pointe common stock outstanding at year end, was 1.9%. Full value awards are converted into option equivalents by applying a multiplier such that one full value award counts as 2.0 option shares based on TRI Pointe's 200-day stock price volatility of 37.7%. Other companies may use different methodologies to calculate their burn rates; therefore, TRI Pointe's burn rate may not be comparable to similarly titled measures of other companies. TRI Pointe's future burn rate will depend upon and be influenced by a number of factors, such as the number of persons eligible to receive awards and the mix of equity award types.

An additional metric that TRI Pointe uses to measure the cumulative impact of its equity program is overhang (the number of shares subject to equity awards outstanding but not exercised or settled, plus the number of shares available to be granted, divided by the sum of the total number of shares of TRI Pointe common stock outstanding at the end of the year, plus the number of shares

## **Table of Contents**

subject to equity awards outstanding but not exercised or settled, plus the number of shares available to be granted). If the proposed amendment to the 2013 LTIP and Proposal No. 1 are approved, TRI Pointe's overhang would increase to [ ]% and then would be expected to decline as options are exercised and RSUs become vested.

### **Why You Should Vote For the Proposed Amendment to the 2013 LTIP**

The TRI Pointe board of directors recommends that TRI Pointe stockholders approve the amendment to the 2013 LTIP, which amendment is conditioned upon approval of Proposal No. 1. The number of shares currently available for issuance did not anticipate the Transactions and the substantial increase in the number of persons who will be eligible to receive awards following the consummation of the Transactions. TRI Pointe's ability to grant an appropriate number of equity-based awards continues to be crucial in allowing TRI Pointe to compete effectively for key employee talent. It is in the long-term interest of TRI Pointe and its stockholders to strengthen the ability to attract, motivate and retain employees, officers, directors, consultants, agents, advisors and independent contractors, and to provide additional incentive for those persons through stock ownership and other incentives to improve operations, increase profits and strengthen the mutuality of interest between those persons and TRI Pointe stockholders. Additionally, providing for award limitations pursuant to Section 162(m) of the Code will allow TRI Pointe to grant awards under the 2013 LTIP that can satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Code, which would allow TRI Pointe to deduct these awards for federal income tax purposes, as described in more detail below.

The principal features of the 2013 LTIP, as amended, are summarized below and are qualified in their entirety by reference to the full text of the 2013 LTIP and to the Form of Amendment No. 1 to the 2013 LTIP, which are attached to this proxy statement as [Annex G](#) and [Annex H](#), respectively, and incorporated by reference herein.

### ***Promotion of Good Corporate Governance Practices***

TRI Pointe and its board of directors have designed the 2013 LTIP to include a number of provisions that TRI Pointe believes promote best practices by reinforcing the alignment between equity compensation arrangements and TRI Pointe stockholders' interests. These provisions include, but are not limited to:

options and SARs may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date; and

there is no automatic right to accelerated vesting of unvested awards upon the occurrence of a change in control or similar transaction as the 2013 LTIP leaves the treatment of awards in connection with a change in control to the Compensation Committee or other committee tasked with administration of the 2013 LTIP.

### ***Section 162(m) of the Code***

The TRI Pointe board of directors believes that it is in the best interest of TRI Pointe and its stockholders to provide for an equity incentive plan under which compensation awards made to TRI Pointe's executive officers can qualify for deductibility by TRI Pointe for federal income tax purposes. Accordingly, the 2013 LTIP has been structured in a manner such that awards granted under it can satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Code. There can be no guarantee, however, that amounts payable under the 2013 LTIP will be treated as qualified performance-based compensation under Section 162(m). In general, under

Section 162(m) of the Code, in order for TRI Pointe to be able to deduct compensation in excess of \$1,000,000 paid in any one year to TRI Pointe's Chief Executive Officer or any of TRI Pointe's three other most highly compensated executive officers (other than TRI Pointe's Chief Financial Officer), such compensation must qualify as performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) of the Code is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by TRI Pointe stockholders. For purposes of Section 162(m) of the Code, the material terms include (i) the employees eligible to receive compensation, (ii) a description of the business criteria on which the performance goal is based and (iii) the maximum amount of compensation that can be paid to an employee under the performance goal. With respect to the various types of awards under the 2013 LTIP, each of these aspects is discussed below, and stockholder approval of the amendment to the 2013 LTIP and of Proposal No. 1 will be deemed to constitute approval of each of these aspects of the 2013 LTIP for purposes of the approval requirements of Section 162(m) of the Code.

### **Summary of the 2013 LTIP**

*Purpose of the 2013 LTIP.* The 2013 LTIP is intended to: (i) align the interests of TRI Pointe stockholders and the recipients of awards under the 2013 LTIP by increasing the proprietary interest of such recipients in TRI Pointe's growth and success, (ii) advance the interests of TRI Pointe by attracting and retaining directors, officers, employees and other service providers and (iii) motivate such persons to act in the long-term best interests of TRI Pointe and its stockholders.

*Administration.* The 2013 LTIP is administered by the Compensation Committee, which may delegate certain of its authority under the 2013 LTIP to TRI Pointe's board of directors or, subject to applicable law, to TRI Pointe's Chief Executive Officer or such other executive officer as the Compensation Committee deems appropriate; provided, that the Compensation Committee may not delegate its authority under the 2013 LTIP to TRI Pointe's Chief Executive Officer or any other executive officer with regard to the selection for participation in the 2013 LTIP of an officer, director or other person subject to Section 16 of the Exchange Act or decisions concerning the timing, price or amount of an award to such an officer, director or other person.

The Compensation Committee may, subject to the terms of the 2013 LTIP, select eligible persons for participation in the 2013 LTIP and determine the form, amount and timing of each award and, if applicable, the number of shares of TRI Pointe common stock, the number of SARs, the number of RSUs, the dollar value subject to an award, the purchase price or base price associated with the award, the time and conditions of exercise or settlement of the award and all other terms and conditions of the award, including, without limitation, the form of the agreement evidencing the award. The Compensation Committee may, in its sole discretion and for any reason at any time, take action such that (i) any or all outstanding options and SARs shall become exercisable in part or in full, (ii) all or a portion of the restriction period applicable to any outstanding restricted stock or RSUs shall lapse, (iii) all or a portion of the performance period applicable to any outstanding restricted stock, RSUs or performance award shall lapse and (iv) the performance measures (if any) applicable to any outstanding award shall be deemed to be satisfied at the target or any other level. The Compensation Committee may, subject to the terms of the 2013 LTIP, interpret the 2013 LTIP and the application thereof, establish rules and regulations it deems necessary or desirable for the administration of the 2013 LTIP and impose, incidental to the grant of an award, conditions with respect to the award. All such interpretations, rules, regulations and conditions shall be conclusive and binding on all parties.

The Compensation Committee has reserved the right to amend or replace any previously granted option or SAR without TRI Pointe stockholder approval in a manner that is considered a repricing under stock exchange listing rules.

*Number of Shares.* The number of shares of TRI Pointe common stock available for issuance with respect to awards granted under the 2013 LTIP, if the proposed amendment to the 2013 LTIP and Proposal No. 1 are approved by TRI Pointe stockholders, is limited to [ ] shares (representing an increase of [ ] shares from the number of shares available for issuance prior to the passage of the proposed amendment), and of such [ ] shares, no more than [ ] shares of TRI Pointe common stock in the aggregate may be issued in connection with incentive stock options. The number of shares of TRI Pointe common stock available under the 2013 LTIP will be reduced by the sum of the aggregate number of shares of TRI Pointe common stock which become subject to outstanding options, outstanding free-standing SARs, outstanding stock awards and outstanding performance awards. To the extent that shares of TRI Pointe common stock subject to an outstanding option, SAR, stock award or performance award granted under the 2013 LTIP or any predecessor plan are not issued or delivered by reason of (i) the expiration, termination, cancellation or forfeiture of such award (excluding shares subject to an option cancelled upon settlement in shares of a related tandem SAR or shares subject to a tandem SAR cancelled upon exercise of a related option) or (ii) the settlement of such award in cash, then such shares of TRI Pointe common stock will again be available under the 2013 LTIP.

Notwithstanding anything in the 2013 LTIP to the contrary, shares of TRI Pointe common stock subject to an award under the 2013 LTIP may not be made available for issuance if those shares are: (i) shares that were subject to a stock-settled SAR and were not issued upon the net settlement or net exercise of such SAR; (ii) shares delivered to or withheld by TRI Pointe to pay the purchase price or the withholding taxes related to an outstanding option or SAR; or (iii) shares repurchased on the open market with the proceeds of an option exercise. Shares delivered to or withheld by TRI Pointe to pay the withholding taxes for stock awards or performance awards will again be available for issuance.

The number of shares of TRI Pointe common stock available for awards under the 2013 LTIP will not be reduced by (i) the number of shares of TRI Pointe common stock subject to Substitute Awards (as defined in the 2013 LTIP) or (ii) available shares under a stockholder approved plan of a company or other entity which was a party to a corporate transaction with TRI Pointe (as appropriately adjusted to reflect such corporate transaction) which become subject to awards granted under the 2013 LTIP (subject to applicable stock exchange requirements).

The shares of TRI Pointe common stock reserved for issuance pursuant to the 2013 LTIP may consist either of authorized but unissued shares of TRI Pointe common stock or of authorized and issued shares of TRI Pointe common stock reacquired and held as treasury shares or otherwise or a combination thereof.

*Section 162(m) Limitations.* Subject to adjustment for certain changes in capitalization, notwithstanding anything in the 2013 LTIP to the contrary, stock options and SARs may be granted, in the aggregate, to any one participant with respect to a maximum of [ ] shares of TRI Pointe common stock during a single calendar year. In addition, any Stock Award (other than a bonus stock award) or performance award may be granted, in the aggregate, to any one participant, with respect to a maximum of [ ] shares of TRI Pointe common stock during a single calendar year, which number will be calculated and adjusted pursuant

---

**Table of Contents**

to changes in capitalization only to the extent that such calculation or adjustment will not affect the status of any award intended to qualify as performance-based compensation under Section 162(m) of the Code. The maximum cash amount payable pursuant to that portion of a performance award earned for any 12-month period to any participant under the 2013 LTIP may not exceed \$[     ].

*Options.* Two types of stock options are authorized to be granted under the 2013 LTIP, options that qualify as incentive stock options pursuant to Section 422 of the Code and options that do not qualify as incentive stock options, i.e., nonstatutory stock options. To the extent that the aggregate fair market value of the TRI Pointe common stock, determined as of the date of grant, underlying any incentive stock options granted pursuant to any TRI Pointe plans that first become exercisable during a calendar year with respect to an individual grantee exceeds \$100,000, such stock options shall be treated as nonstatutory stock options.

The exercise price with respect to a stock option may not be less than the fair market value of a share of TRI Pointe common stock on the date of grant, as determined pursuant to the 2013 LTIP. However, if an employee beneficially owns TRI Pointe common stock representing more than 10% of the total combined voting power of all classes of capital stock of TRI Pointe or of any of its subsidiaries at the time an incentive stock option is granted, then the exercise price with respect to such incentive stock options must be at least 110% of the fair market value of a share of TRI Pointe common stock on the date of grant. In no event may an incentive stock option be exercisable more than ten years after the date of grant; however, an incentive stock option granted to an employee with an exercise price required to be at least 110% of the fair market value of a share of TRI Pointe common stock on the date of grant may not be exercisable for more than five years after the date of grant.

The exercise price may be paid in cash, by delivery (either actual delivery or by attestation procedures established by TRI Pointe) of shares of TRI Pointe common stock having a fair market value, determined as of the date of exercise, equal to the aggregate purchase price payable by reason of such exercise, by authorizing TRI Pointe to withhold whole shares of TRI Pointe common stock which would otherwise be delivered having an aggregate fair market value, determined as of the date of exercise, equal to the amount necessary to satisfy such obligation, in cash by a broker-dealer acceptable to TRI Pointe to whom the optionee has submitted an irrevocable notice of exercise or a combination of the foregoing, in each case to the extent set forth in the award agreement relating to the option or as otherwise authorized by the Compensation Committee.

*SARs.* An SAR provides the recipient with the right to receive, upon exercise of the SAR, cash, shares of TRI Pointe common stock or a combination of the two. The amount that the recipient will receive upon exercise generally will equal the excess of the fair market value of the shares of TRI Pointe common stock on the date of exercise over the shares' fair market value on the date of grant. SARs will become exercisable in accordance with terms determined by the Compensation Committee. SARs may be granted in tandem with an option grant or as independent grants. The term of an SAR cannot exceed, in the case of a tandem SAR, the expiration, cancellation or other termination of the related option and, in the case of a free-standing SAR, ten years from the date of grant.

*Bonus Stock.* The 2013 LTIP provides for the grant of shares of TRI Pointe common stock which are not subject to a restriction period or performance measures ( Bonus Stock ). The Compensation Committee will determine the number of shares of Bonus Stock to be granted to any participant. Upon the grant of a Bonus Stock award, subject to TRI Pointe's right to require payment of any withholding taxes, a certificate or certificates evidencing ownership of the requisite number of shares of TRI Pointe common stock will be delivered to the holder of such award or such shares will be transferred to the holder in book entry form.

*Restricted Stock and RSUs.* The Compensation Committee may place such restrictions as it deems appropriate on any shares of restricted stock or RSUs awarded under the 2013 LTIP. The number of shares subject to an award of restricted stock or RSUs and the restriction period, performance period (if any) and performance measures (if any) will be determined by the Compensation Committee. Unless otherwise set forth in an award agreement, the holder of restricted stock awarded under the 2013 LTIP will have all rights as a stockholder of TRI Pointe, including, but not limited to, voting rights, the right to receive dividends and the right to participate in any capital adjustment applicable to all TRI Pointe stockholders; provided, however, that (i) a distribution with respect to shares of TRI Pointe common stock, other than a regular cash dividend, and (ii) a regular cash dividend with respect to shares of TRI Pointe common stock that are subject to performance-based vesting conditions, in each case, will be deposited with TRI Pointe and subject to the same restrictions as the shares of TRI Pointe common stock with respect to which such distribution was made. The award agreement evidencing a grant of RSUs will specify whether such award may be settled in shares of TRI Pointe common stock or cash or a combination thereof and whether the holder thereof will be entitled to receive, on a current or deferred basis, dividend equivalents, and, if determined by the Compensation Committee, interest on, or the deemed reinvestment of, any deferred dividend equivalents, with respect to the number of shares of TRI Pointe common stock subject to such award. Any dividend equivalents with respect to RSUs that are subject to performance-based vesting conditions will be subject to the same restrictions as such RSUs. Prior to the settlement of an award of RSUs, the holder of such award will have no rights as a TRI Pointe stockholder with respect to the shares of TRI Pointe common stock subject to such award.

*Performance Criteria.* The Compensation Committee may establish performance criteria and objectives that must be satisfied as a condition to the grant or exercisability of all or a portion of an option or SAR or during the applicable restriction period or

---

**Table of Contents**

performance period as a condition to the vesting of the holder's interest, in the case of restricted stock awards, of the shares of TRI Pointe common stock subject to such award or, in the case of an award of RSUs or a performance award, to the holder's receipt of the shares of TRI Pointe common stock subject to such award or of payment with respect to such award. Such criteria and objectives may include, without limitation, one or more of the following corporate-wide or subsidiary, division, operating unit or individual measures, stated in either absolute terms or relative terms, such as rates of growth or improvement: the attainment by a share of TRI Pointe common stock of a specified fair market value for a specified period of time, earnings per share, return to TRI Pointe stockholders (including dividends), return on assets, return on equity, earnings of TRI Pointe before or after taxes and/or interest, revenues, expenses, market share, cash flow or cost reduction goals, interest expense after taxes, return on investment, return on investment capital, return on operating costs, economic value created, operating margin, gross margin, the achievement of annual operating profit plans, net income before or after taxes, pretax earnings before interest, depreciation and/or amortization, pretax operating earnings after interest expense and before incentives, and/or extraordinary or special items, operating earnings, net cash provided by operations, and strategic business criteria, specified market penetration, cost targets, customer satisfaction or any combination of the foregoing. In the sole discretion of the Compensation Committee, the Compensation Committee may amend or adjust the performance measures or other terms and conditions of an outstanding award in recognition of unusual or nonrecurring events affecting TRI Pointe or its financial statements or changes in law or accounting principles.

The award agreement relating to any performance award will provide the vesting provisions for such award if the specified performance measures are satisfied or met during the specified performance period and for the forfeiture of such award if the specified performance measures are not satisfied or met during the specified performance period. Any dividends or dividend equivalents with respect to a performance award that is subject to performance-based vesting conditions will be subject to the same restrictions as such performance award. Prior to the settlement of a performance award in shares of TRI Pointe common stock, including restricted stock, the holder of such award will have no rights as a TRI Pointe stockholder.

*Transferability.* Awards granted under the 2013 LTIP are not transferable other than by will, the laws of descent and distribution or pursuant to beneficiary designation procedures approved by TRI Pointe or, to the extent expressly permitted in an award agreement, to the holder's family members, a trust or entity established by the holder for estate planning purposes, a charitable organization designated by the holder or pursuant to a qualified domestic relations order, in each case, without consideration. Except to the extent permitted by the foregoing sentence or as provided in an award agreement, each award may be exercised or settled during the holder's lifetime only by the holder or the holder's legal representative or similar person. Except as permitted by the second preceding sentence, no award may be sold, transferred, assigned, pledged, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, hypothecate, encumber or otherwise dispose of any award, such award and all rights thereunder will immediately become null and void.

*Eligibility.* Awards may be granted to TRI Pointe's and its subsidiaries' officers, directors, employees and consultants, and persons expected to become TRI Pointe's or its subsidiaries' officers, directors, employees or consultants. However, only regular full-time employees of TRI Pointe or its subsidiaries are eligible to receive incentive stock options. As of February 28, 2014, there were five executive officers, seven directors and approximately 147 employees eligible to receive grants under the 2013 LTIP.

*Termination of Employment.* All of the terms of an award relating to a termination of employment or service with TRI Pointe will be determined by the Compensation Committee and set forth in an award agreement.

*Adjustments.* In the event of any equity restructuring (within the meaning of Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation Stock Compensation) that causes the per share value of shares of TRI Pointe common stock to change, such as a stock dividend, stock split, spinoff, rights offering or recapitalization through an extraordinary dividend, the number and class of securities available under the 2013 LTIP, the terms of each outstanding option and SAR (including the number and class of securities subject to each outstanding option or SAR and the purchase price or base price per share), the terms of each outstanding restricted stock award and RSU award (including the number and class of securities subject thereto), and the terms of each outstanding performance award will be appropriately adjusted by the Compensation Committee, such adjustments to be made in the case of outstanding options and SARs without an increase in the aggregate purchase price or base price and in accordance with Section 409A of the Code. In the event of any other change in corporate capitalization, including a merger, consolidation, reorganization, or partial or complete liquidation of TRI Pointe, such equitable adjustments described in the foregoing sentence may be made as determined to be appropriate and equitable by the Compensation Committee (or, if TRI Pointe is not the surviving corporation in any such transaction, the TRI Pointe board of directors of the surviving corporation) to prevent dilution or enlargement of the rights of participants. In either case, the decision of the Compensation Committee regarding any such adjustment will be final, binding and conclusive.

*Change in Control.* Subject to the terms of the applicable award agreement, upon a change in control (as defined in the 2013 LTIP), the TRI Pointe board of directors may, in its discretion, determine whether some or all outstanding options and SARs will become exercisable in full or in part, whether the restriction period and performance period applicable to some or all outstanding

restricted stock awards and RSU awards will lapse in full or in part and whether the performance measures applicable to some or all outstanding awards will be deemed to be satisfied. TRI Pointe's board of directors may further require that shares of stock of the corporation resulting from such a change in control, or a parent corporation thereof, be substituted for some or all of shares of TRI Pointe common stock subject to an outstanding award and that any outstanding awards, in whole or in part, be surrendered to TRI Pointe by the holder, to be immediately cancelled by TRI Pointe, in exchange for a cash payment, shares of capital stock of the corporation resulting from or succeeding TRI Pointe or a combination of both cash and such shares of stock.

*Amendment and Termination.* The TRI Pointe board of directors may terminate or amend the 2013 LTIP at any time, subject to any requirement of stockholder approval required by applicable law, rule or regulation. The Compensation Committee may amend the terms of any outstanding award under the 2013 LTIP at any time. No amendment or termination of the 2013 LTIP or any outstanding award may adversely affect any of the rights of an award holder without the holder's consent.

*Effective Date and Term of the Plan.* The 2013 LTIP became effective on January 30, 2013 and will automatically expire on the tenth anniversary of its effective date, unless terminated sooner by the TRI Pointe board of directors.

**Federal Income Tax Consequences**

The following is a brief description of TRI Pointe's understanding of the federal income tax consequences to TRI Pointe and participants subject to U.S. taxation with respect to awards granted under the 2013 LTIP. This description may be inapplicable if such laws and regulations are changed. This summary is not intended to be exhaustive or constitute tax advice and does not address any state, local or foreign tax consequences.

*Nonstatutory Stock Options.* A recipient will generally not realize taxable income upon the grant of a nonstatutory option, nor will TRI Pointe then be entitled to any deductions at that time. If the shares that are received upon exercise of nonstatutory stock options are vested, or if the participant makes a Section 83(b) election with respect to unvested shares acquired upon exercise of a nonstatutory stock option, the participant will generally recognize ordinary income in an amount equal to the difference between the option exercise price and the fair market value of the stock at the date of exercise. If the shares received upon exercise of nonstatutory stock options are not vested and the participant does not make the Section 83(b) election, the participant will be taxed at ordinary income tax rates as those shares vest, and the amount of ordinary income for each such share will equal the excess of the fair market value of the share on the date the share vests over the exercise price paid for the share. TRI Pointe may be required to withhold taxes (including, but not limited to, employment and income taxes) on the ordinary income realized by an optionee as a result of the exercise of nonstatutory options. The holding period for the shares received upon the exercise of nonstatutory stock options generally will begin on the day after exercise, except that the holding period for shares that are not vested upon exercise and for which no Section 83(b) election is made will begin just after the shares become vested. Provided the shares received upon exercise of the nonstatutory stock option are held as a capital asset, upon the subsequent disposition of the shares, an optionee will recognize capital gain or loss in an amount equal to the difference between the proceeds received upon disposition and the recipient's basis for the shares. The recipient's basis will be equal to the sum of the price paid for the shares and the amount of income realized upon exercise of the nonstatutory stock option. Any capital gain or loss will be characterized as long-term or short-term, depending upon the holding period of the shares.

*Incentive Stock Options.* No taxable income is recognized by a participant at the time of the grant of an incentive stock option. In addition, the participant will not recognize income for regular federal income tax purposes at the time of the exercise of an incentive stock option. A participant may, however, be subject to alternative minimum tax upon the exercise of an incentive stock option since the excess of the fair market value of the shares acquired upon the exercise

of an incentive stock option (referred to as the ISO Shares ) over the exercise price must be included in alternative minimum taxable income. A participant's basis in the ISO Shares for regular federal income tax purposes will generally be the price paid upon the exercise of the incentive stock options. TRI Pointe will not be entitled to a deduction at the time of the grant or the exercise of an incentive stock option.

If a recipient sells the ISO Shares at any time within one year after the date TRI Pointe transfers those shares or within two years after the date TRI Pointe grants the incentive stock option (such a sale being referred to as a Disqualifying Disposition ), then:

if the recipient's sales price exceeds the price paid for the ISO Shares upon exercise of the incentive stock option, the recipient will recognize a capital gain equal to the excess, if any, of the sales price over the fair market value of the ISO Shares on the date of exercise, and the recipient will recognize ordinary income equal to the excess, if any, of the lesser of the sales price or the fair market value of shares on the date of exercise over the price paid for the ISO Shares upon exercise of the incentive stock option; or

if a recipient's sales price is less than the price paid for the ISO Shares upon exercise of the incentive stock option, the recipient will recognize a capital loss equal to the excess of the price paid upon exercise of the incentive stock option over the sales price of the ISO shares.

---

**Table of Contents**

If the recipient sells the ISO Shares acquired upon exercise of an incentive stock option at any time after the shares have been held for at least one year after the date TRI Pointe transfers the shares pursuant to the exercise of the incentive stock option and at least two years after the date TRI Pointe grants the incentive stock option, then the recipient will recognize capital gain or loss equal to the difference between the sales price and the price paid upon exercise of the incentive stock option.

*Stock Awards.* A participant who is awarded vested shares is required to recognize ordinary income in an amount equal to the excess of (i) the fair market value of the shares on the date the shares are granted to the participant over (ii) the purchase price (if any) paid for the shares. The tax consequences to a participant who is awarded unvested shares will generally be the same as the tax consequences to participants who acquire shares upon the exercise of a nonstatutory stock option. A recipient of a stock unit award will generally realize ordinary income upon the issuance of the shares of TRI Pointe common stock underlying such stock units in an amount equal to the difference between the value of such shares and the purchase price for such units and/or shares.

*SARs.* The holder of a SAR will not recognize taxable income upon the receipt of the SAR. Upon exercise, the holder will generally realize ordinary income equal to the difference between the base price of the SAR and the then current value of TRI Pointe common stock.

*Tax Effects for TRI Pointe.* TRI Pointe generally will be entitled to a deduction for federal income tax purposes equal to the amount of any ordinary income a grantee recognizes. For the individual serving as the Chief Executive Officer of TRI Pointe at the end of the taxable year and for the individuals serving as officers of TRI Pointe or a subsidiary at the end of such year who are among the three highest compensated officers (other than the Chief Executive Officer and Chief Financial Officer) for proxy reporting purposes, Section 162(m) of the Code limits the amount of compensation otherwise deductible by TRI Pointe and its subsidiaries for such year to \$1,000,000 for each such individual except to the extent that such compensation is performance-based compensation. Awards of nonstatutory stock options, incentive stock options and SARs under the 2013 LTIP may qualify as performance-based compensation. The Compensation Committee may establish performance conditions and other terms with respect to grants of restricted stock and RSUs in order to qualify such grants as performance-based compensation for purposes of Section 162(m) of the Code. However, the rules and regulations promulgated under Section 162(m) of the Code are complicated and subject to change from time to time, sometimes with retroactive effect. In addition, a number of requirements must be met in order for particular compensation to so qualify. As such, there can be no assurance that any compensation awarded or paid under the 2013 LTIP will be deductible under all circumstances. The Compensation Committee may grant awards that are not intended to qualify as performance-based compensation under Section 162(m) of the Code, which awards would be subject to the \$1 million deductibility limit of Code Section 162(m).

*Miscellaneous Issues.* Generally, TRI Pointe will be required to withhold applicable taxes with respect to any ordinary income recognized in connection with any awards made under the 2013 LTIP. A recipient may be required to pay the withholding taxes to TRI Pointe or make other provisions satisfactory to TRI Pointe for the payment of the withholding taxes as a condition to the issuing of any TRI Pointe common stock or the paying of any benefit under the 2013 LTIP. Whether or not such withholdings are required, TRI Pointe will make such information reports to the IRS as may be required with respect to any income attributable to transactions involving awards under the 2013 LTIP.

Special rules will apply in cases where an optionee pays the exercise or purchase price of the option or applicable withholding tax obligations under the 2013 LTIP by delivering previously owned shares of TRI Pointe common stock or by reducing the amount of shares otherwise issuable pursuant to the 2013 LTIP. The surrender or reduction of such shares of TRI Pointe common stock will in specific circumstances result in the recognition of income with respect to such shares or a carryover basis in the shares acquired and may constitute a Disqualifying Disposition with respect to

shares acquired upon exercise of an incentive stock option.

The preceding discussion is intended merely as a general presentation of U.S. federal income tax consequences related to certain awards issued under the 2013 LTIP. As to the specific tax consequences to particular employees or other participants, TRI Pointe urges you to consult your tax advisor.

**Plan Benefits**

Because benefits under the 2013 LTIP will depend on future grants approved by the TRI Pointe board of directors and the fair market value of TRI Pointe common stock on such dates of approval, it is not possible to determine the benefits that will be received by officers, directors and other employees if the amendment to the 2013 LTIP is approved by TRI Pointe stockholders.

This proposal regarding the approval of an amendment to TRI Pointe's 2013 Long-Term Incentive Plan to increase the number of shares of TRI Pointe common stock available for issuance thereunder and add certain award limitations intended to allow for awards that qualify as performance-based compensation within the meaning of Section 162(m) of the Code, must be approved by a majority of the votes cast. **Narrative to Summary Compensation Table**

The framework for the compensation set forth in the 2013 Summary Compensation Table was established pursuant to the amended and restated employment agreements that TRI Pointe entered into, effective as of January 30, 2013, with each of TRI Pointe's named executive officers in connection with TRI Pointe's initial public offering.

## Employment Agreements

Effective upon the completion of TRI Pointe's initial public offering, TRI Pointe entered into amended and restated employment agreements with each of Messrs. Bauer, Mitchell and Grubbs. The employment agreements have an initial term expiring on the third anniversary of the effective date of the employment agreement. Each employment agreement provides for automatic one-year extensions after the expiration of the initial term, unless either party provides the other with at least 60 days' prior written notice of non-renewal. The employment agreements require each named executive officer to dedicate his full business time and attention to the affairs of TRI Pointe.

The employment agreements provide for, among other things:

an annual base salary of \$410,000, \$400,000 and \$400,000, respectively, for Messrs. Bauer, Mitchell and Grubbs;

eligibility for annual cash performance bonuses equal to a target bonus based on the satisfaction of performance goals to be established by the Compensation Committee;

participation in the 2013 LTIP and any subsequent equity incentive plans approved by TRI Pointe's board of directors; and

participation in any employee benefit plans and programs that are maintained from time to time for TRI Pointe's other senior executive officers, including life insurance coverage with an aggregate death benefit equal to \$3 million.

**Table of Contents**

Pursuant to the employment agreements, each of Messrs. Bauer, Mitchell and Grubbs received a one-time cash bonus equal to \$100,000 paid in February 2013 after the completion of TRI Pointe's initial public offering.

Messrs. Bauer, Mitchell and Grubbs each received an annual cash bonus as disclosed in the table above under TRI Pointe's non-equity incentive compensation plan (the Bonus Plan). Under the Bonus Plan, each named executive officer was eligible to receive a cash bonus of up to 100% of his base salary based on TRI Pointe's achievement of a pre-established consolidated earnings before interest, taxes, depreciation and amortization (EBITDA). Under the Bonus Plan, achievement of the threshold goal (75% of the EBITDA goal) would result in a cash bonus equal to 50% of the named executive officer's base salary; achievement of the target goal (100% of the EBITDA goal) would result in a cash bonus equal to 75% of the named executive officer's base salary and achievement of the maximum goal (125% of the EBITDA goal) would result in a cash bonus equal to 100% of the named executive officer's base salary, with achievement between the threshold, target and maximum levels resulting in payments calculated on a linear one to one increase or decrease. For fiscal year 2013, TRI Pointe determined that the maximum goal was achieved, resulting in each named executive officer receiving a cash bonus equal to 100% of his base salary.

The employment agreements contain customary non-competition provisions that apply until September 24, 2015 and non-solicitation provisions that apply during the term of the agreements and for two years after the termination of their employment if their employment is terminated by TRI Pointe for cause (as defined in the employment agreements) or if they terminate their employment without good reason (as defined in the employment agreements) or one year after the termination of their employment if TRI Pointe terminates their employment without cause or if they terminate their employment for good reason or due to disability. The employment agreements also contain standard confidentiality provisions that apply during the term of the agreements and for three years after the termination of their employment.

Pursuant to his employment agreement, each of TRI Pointe's named executive officers has agreed that, for a period of 36 months following the completion of TRI Pointe's initial public offering, during any calendar quarter, he will not sell shares of TRI Pointe common stock in an amount exceeding the greater of (i) 10% of the shares of TRI Pointe common stock owned by him on the date of the completion of TRI Pointe's initial public offering and (ii) the percentage of shares of TRI Pointe common stock that has been sold or otherwise disposed of by the Starwood Fund during such calendar quarter.

TRI Pointe may terminate the employment of a named executive officer at any time with or without cause, and the executive may terminate his employment with or without good reason. If TRI Pointe terminates a named executive officer's employment for cause, or if the named executive officer resigns without good reason, the named executive officer will be entitled to receive any earned but unpaid annual base salary, any earned but unpaid prior-year bonus, reimbursement of expenses incurred prior to the date of termination, accrued vacation and any other paid-time-off and any benefits that have been earned and accrued prior to the date of termination. In addition, any outstanding awards granted to the named executive officer under the 2013 LTIP or any subsequent equity incentive plan approved by TRI Pointe's board of directors will vest, terminate or become exercisable, as the case may be, in accordance with their terms.

in each case, the named executive officer will be entitled to receive any earned but unpaid annual base salary, any earned but unpaid prior-year bonus, reimbursement of expenses incurred prior to the date of termination, accrued vacation and any other paid-time-off and any benefits that have been earned and accrued prior to the date of termination;

in each case, TRI Pointe shall reimburse the COBRA premium under TRI Pointe's health and dental plans; and

if the termination is not due to disability or death, the named executive officer will be entitled to receive a cash payment in an amount equal to the sum of (i) the named executive officer's 12 months annual base salary, plus (ii) the average actual bonus earned by the named executive officer during the two previous calendar years; provided that, for Mr. Bauer, such sum shall be multiplied by 1.5.

Bauer, Mitchell and Grubbs were granted options to purchase 94,067 shares of TRI Pointe common stock (with a strike price equal to \$17.00 per share), which options will vest in equal annual installments over three years on each anniversary of January 30, 2013, and which options will expire in ten years.
- (2) Includes 20,588 restricted stock units granted in 2013 to each of Messrs. Bauer, Mitchell and Grubbs pursuant to the senior officer employment and equity agreements that TRI Pointe's named executive officers entered into with TPH LLC and upon their entry into the operating agreement of TPH LLC on September 24, 2010. Each of TRI Pointe's named executive officers was issued an aggregate of 66 2/3 incentive units in TPH LLC. As Incentive Unit Holders, TRI Pointe's named executive officers had the right to receive certain distributions, if any, from TPH LLC following distributions by TPH LLC to the common members of TPH LLC of all of their prior capital contributions plus a specified return on such capital contributions. The members of TPH LLC, including TRI Pointe's named executive officers (in their capacities as common unit members and Incentive Unit Holders), received an aggregate of 21,597,907 shares of TRI Pointe common stock in connection with the conversion of their membership interests in TPH LLC with Messrs. Bauer, Mitchell and Grubbs each being allocated 1,148,050, 1,148,050 and 990,475 shares, respectively. The vesting terms of the incentive units was as follows: (i) 18.75% of such units vested, subject to limitation in (iii) below, on the date following the first-year anniversary of the date of such officer's senior officer employment and equity agreement; (ii) 56.25% of such units vest, subject to limitation in (iii) below, in equal quarterly installments between the first and fourth-year anniversary of the date of such officer's senior officer employment and equity agreement; (iii) 25% of the awards granted in (i) and (ii) will vest upon a liquidity event as defined below and (iv) 25% of such units to be converted into a number of shares of restricted stock prior to the completion of TRI Pointe's initial public offering. Such shares of restricted stock will vest upon a liquidity event as defined as the earlier of (A) the Starwood Fund or its affiliates selling 75% or more of the shares of TRI Pointe common stock to non-affiliates, (B) the Starwood Fund or its affiliates owning less than 25% of the total TRI Pointe common stock outstanding, (C) TRI Pointe's

dissolution and (D) (x) subject to certain vesting limitations provided in the employment agreement of TRI Pointe's executive officers, the sale by the Starwood Fund or its affiliates of 25% or more of their shares of TRI Pointe common stock to non-affiliates or (y) the disposition of substantially all of TRI Pointe's assets to non-affiliates; provided that Messrs. Bauer, Mitchell and Grubbs have entered into a lock-up agreement with the Starwood Fund with respect to these shares of restricted stock that will modify certain of these vesting requirements upon the consummation of the Merger (see Other Agreements Lock-Up Agreement ). The consummation of the Merger will constitute a liquidity event.

### **Compensation of Non-Employee Directors**

TRI Pointe's board of directors maintains the following compensation program for TRI Pointe's non-employee directors:

an annual retainer of \$60,000, at least half of which is in the form of restricted stock units (priced based upon the closing price on the date of grant) or options (priced based upon a Black-Scholes valuation), in the discretion of the directors, with such restricted stock units and/or options vesting on the one-year anniversary of the date of grant; directors may elect to receive more than 50% of their annual retainer in restricted stock units and/or options;

an additional annual cash retainer of \$5,000 to the chair of the audit committee and an additional cash retainer of \$2,500 for the other members of the audit committee;

an additional annual cash retainer of \$2,500 to the Chair of the Compensation Committee and an additional cash retainer of \$1,250 for the other members of such committee;

an additional annual cash retainer of \$2,500 to the chair of the nominating and corporate governance committee and an additional cash retainer of \$1,250 for the other members of such committee; and

\$500 for each meeting attended (although if more than one meeting occurs on one day, directors will receive only \$500).

In addition, any non-employee director elected or appointed to TRI Pointe's board of directors for the first time following the completion of TRI Pointe's initial public offering will receive an initial grant of \$40,000 of restricted stock units, which restricted stock units will vest in equal installments annually over three years. Once vested, the restricted stock units will be settled for an equal number of shares of TRI Pointe common stock.

TRI Pointe reimburses TRI Pointe's non-employee directors for reasonable out-of-pocket expenses incurred in connection with the performance of their duties as directors, including, without limitation, travel expenses in connection with their attendance in-person at board and committee meetings. Directors who are employees do not receive any compensation for their services as directors.

**Table of Contents**

Mr. Barry Sternlicht, the chairman of TRI Pointe's board, and Mr. J. Marc Perrin, a member of TRI Pointe's board, each waived receipt of the initial grant of restricted stock units referenced above; however, because Mr. Perrin left his position at the Starwood Fund prior to August 1, 2013, the TRI Pointe board of directors granted him a retainer of \$60,000 in the form of restricted stock units prorated for service from August 1, 2013. In addition, for as long as the Starwood Fund beneficially owns shares of TRI Pointe common stock, Mr. Sternlicht shall waive any directors' fees and grants that would otherwise be payable or made, as the case may be, to him in connection with his service on TRI Pointe's board of directors. In the event that the Starwood Fund ceases to beneficially own any shares of TRI Pointe common stock, Mr. Sternlicht may elect to receive such fees and grants on a prospective basis.

In November 2013, the TRI Pointe board of directors approved the payment of \$25,000 in the form of restricted stock units to Mr. Steven Gilbert for services as lead independent director.

**Director Stock Ownership Requirement**

Each of TRI Pointe's independent directors is required, within three years of becoming a member of TRI Pointe's board, to own shares of TRI Pointe common stock equal to three times the annual retainer payable to TRI Pointe's non-employee directors by the director's third anniversary of joining TRI Pointe's board.

**PROPOSAL NO. 3 ADVISORY VOTE ON EXECUTIVE COMPENSATION**

**Background to the Advisory Vote**

The Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Exchange Act enable TRI Pointe stockholders to vote to approve, on an advisory (non-binding) basis, the compensation of the named executive officers as disclosed in this proxy statement. Although TRI Pointe is not currently subject to the requirements of Section 14A of the Exchange Act, TRI Pointe is nonetheless seeking a non-binding advisory vote from TRI Pointe stockholders to approve a resolution relating to the compensation of its named executive officers as disclosed in this proxy statement.

**TRI Pointe's Compensation Program**

Stockholders are encouraged to read the Executive Compensation section in this proxy statement, including the tables and narrative, for the details on TRI Pointe's executive compensation. TRI Pointe's executive compensation programs are designed to support the long-term success of TRI Pointe and the creation of stockholder value.

In accordance with Section 14A of the Exchange Act, TRI Pointe is asking stockholders to approve the following advisory resolution at the annual meeting:

RESOLVED, that the compensation paid to TRI Pointe's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K of the Exchange Act, including the compensation tables and narrative discussion, is hereby APPROVED.

This advisory resolution, commonly referred to as a say-on-pay resolution, is non-binding on TRI Pointe, its board of directors and its Compensation Committee. Although non-binding, the TRI Pointe board of directors and the Compensation Committee value the opinions of TRI Pointe stockholders and will review and consider the voting results when evaluating TRI Pointe's executive compensation program.

**Required Vote**

This proposal regarding the approval, on an advisory basis, of the compensation of TRI Pointe's named executive officers must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. Abstentions will be treated as being present and entitled to vote, and will have the effect of a **NO** vote, with regard to this proposal. Broker-non-votes will not be treated as present and entitled to vote and will not affect the outcome with regard to this proposal.

**Table of Contents**

**PROPOSAL NO. 4**

**ADVISORY VOTE ON FREQUENCY OF FUTURE ADVISORY VOTES ON EXECUTIVE  
COMPENSATION**

**Background to the Advisory Vote**

In Proposal No. 3 above, TRI Pointe stockholders were asked to vote on an advisory resolution on named executive officer compensation, commonly known as say-on-pay. Pursuant to Section 14A of the Exchange Act, in this Proposal No. 4, TRI Pointe stockholders are able to indicate how frequently they believe an advisory say-on-pay vote, as included in Proposal No. 3, should occur. By voting on this Proposal No. 4, TRI Pointe stockholders may indicate whether they prefer that TRI Pointe hold an advisory say-on-pay vote every year, every two years or every three years. Although TRI Pointe is not currently subject to the requirements of Section 14A of the Exchange Act, TRI Pointe is nonetheless submitting for stockholder vote a non-binding resolution to determine whether the advisory stockholder vote on executive compensation shall occur every one, two or three years.

**Reason for the TRI Pointe Board of Directors Recommendation**

After careful consideration, the TRI Pointe board of directors recommends that future advisory votes on executive compensation occur every three years (triennially). TRI Pointe believes that this frequency is appropriate for a number of reasons. Most importantly, TRI Pointe's compensation programs are designed to reward long-term performance, and a triennial vote is consistent with the multi-year incentive periods of the TRI Pointe's long-term equity incentive awards.

TRI Pointe encourages its stockholders to also evaluate its executive compensation programs over a multi-year horizon and be able to assess the achievement of the executive compensation long-term goals, consistent with the Compensation Committee's long-term philosophy on executive compensation.

In addition, TRI Pointe believes that a triennial advisory vote on executive compensation reflects the appropriate time frame for the Compensation Committee and the TRI Pointe board of directors to meaningfully evaluate the results of the most recent advisory vote on executive compensation, to discuss the implications of that vote with stockholders to the extent needed, to develop and implement any adjustments to TRI Pointe's executive compensation programs that may be appropriate in light of a past advisory vote on executive compensation, and for TRI Pointe stockholders to see and evaluate the Compensation Committee's actions in context. In this regard, because the advisory vote on executive compensation occurs after TRI Pointe has already implemented its executive compensation programs for the current year, and because the different elements of compensation are designed to operate in an integrated manner and to complement one another, TRI Pointe expects that in many cases it may not be appropriate or feasible to fully address and respond to any one year's advisory vote on executive compensation by the time of the following year's annual meeting of stockholders.

Finally, although the TRI Pointe board of directors believes that holding an advisory vote on named executive officer compensation every three years will reflect the right balance of considerations in the normal course, it will periodically reassess that view and can provide for an advisory vote on named executive officer compensation on a more frequent basis if changes in TRI Pointe's compensation programs or other circumstances suggest that such a vote would be appropriate.

TRI Pointe stockholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years or abstain. Stockholders are not voting to approve or disapprove the TRI Pointe board of director's

recommendation. This advisory vote on the frequency of future advisory say-on-pay votes is non-binding on TRI Pointe, its board of directors and its Compensation Committee. However, because this vote is advisory and not binding, the TRI Pointe board of directors may in the future decide to conduct advisory votes on a more or less frequent basis.

### **Required Vote**

This proposal regarding the frequency of future advisory votes to approve the compensation of TRI Pointe's named executive officers must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. Abstentions will be treated as being present and entitled to vote, and will have the effect of a **NO** vote, with regard to this proposal. Broker-non-votes will not be treated as present and entitled to vote and will not affect the outcome with regard to this proposal. If none of the frequency alternatives (one year, two years or three years) receives a majority vote, TRI Pointe will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by stockholders.

**TRI Pointe's board of directors recommends that stockholders vote EVERY THREE YEARS as the frequency of future advisory votes to approve the compensation of TRI Pointe's named executive officers.**

Table of Contents**PROPOSAL NO. 5****ELECTION OF DIRECTORS**

All of TRI Pointe's directors are elected annually at the annual meeting of stockholders. TRI Pointe stockholders are requested to elect the seven nominees named in this proxy statement to serve on the board of directors of TRI Pointe until the earliest to occur of the 2015 annual meeting of stockholders or, if required by the Transaction Agreement, such nominee's resignation upon the consummation of the Merger.

The names of the seven nominees for director and their current position and office with TRI Pointe are set forth below. Each of the nominees is now a director. Detailed biographical information regarding each of these nominees is provided in Board of Directors Director Nominees. The Nominating and Corporate Governance Committee of the TRI Pointe board of directors has reviewed the qualifications of each of the nominees and has recommended to the TRI Pointe board of directors that each nominee be submitted to a vote at the annual meeting.

All of the nominees for election have consented to being named in this proxy statement and to serve if elected. If any nominee is unable or unwilling to serve, the TRI Pointe board of directors may designate a substitute nominee or reduce the size of the TRI Pointe board of directors. If the TRI Pointe board of directors designates a substitute nominee, proxies may be voted for that substitute nominee. The TRI Pointe board of directors knows of no reason why any nominee will be unable or unwilling to serve if elected.

<b>Name</b>	<b>Age</b>	<b>Position with TRI Pointe</b>
Mr. Barry S. Sternlicht	53	Chairman of the Board of Directors
Mr. Douglas F. Bauer	52	Chief Executive Officer and Director
Mr. J. Marc Perrin	45	Independent Director
Mr. Richard D. Bronson	68	Independent Director
Mr. Wade H. Cable	65	Independent Director
Mr. Steven J. Gilbert	66	Independent Director
Mr. Thomas B. Rogers	74	Independent Director

**Note that upon the consummation of the Merger, the size and composition of the board of directors of TRI Pointe will change.** As required by the Transaction Agreement, immediately prior to the effective time of the Merger, TRI Pointe will increase the size of its board of directors from seven to nine directors, the majority of whom will be independent directors in accordance with NYSE listing requirements. Assuming they are re-elected at the annual meeting, Messrs. Perrin, Bronson and Cable will resign from the board of directors of TRI Pointe. Messrs. Sternlicht, Bauer, Gilbert and Rogers will continue to serve as directors of TRI Pointe, and TRI Pointe will appoint Mr. Chris Graham as a director. Weyerhaeuser will select the remaining four directors. Each of TRI Pointe and Weyerhaeuser will have reasonable approval rights over the directors selected for appointment by the other party, taking into account applicable independence and other NYSE listing requirements. For more information, see Information on TRI Pointe Directors and Officers of TRI Pointe Before and After the Transactions.

**Required Vote**

Directors are elected by a plurality of the votes cast in the election of directors. Therefore, the seven director nominees receiving the highest number of votes will be elected as directors. TRI Pointe stockholders may withhold authority to vote for one or more nominees. If no other nominations are properly and timely received in accordance with the Bylaws, then each of the seven nominees named in this proxy statement will be elected if they receive at least one

vote. There is no cumulative voting in the election of directors. Broker-non-votes will not be treated as votes cast and will not affect the outcome with regard to this proposal.

**BOARD OF DIRECTORS**

**Composition of the TRI Pointe Board of Directors**

The Charter provides that the number of directors shall not be fewer than three, with the exact number of directors within such limit to be fixed from time to time solely by resolution adopted by affirmative vote of a majority of directors then in office. TRI Pointe's board of directors currently consists of seven directors.

On January 30, 2013, TRI Pointe entered into an investor rights agreement with the Starwood Fund. Under the investor rights agreement, the Starwood Fund has the right to nominate two members of the TRI Pointe board of directors for as long as the Starwood Fund owns 25% or more of the outstanding TRI Pointe common stock (excluding shares of common stock that are subject to issuance upon the exercise or exchange of rights of conversion or any options, warrants or other rights to acquire shares) and one member of the TRI Pointe board of directors for as long as it owns at least 10% of such outstanding TRI Pointe common stock. In addition, the members of TRI Pointe's management team agreed to vote all shares of TRI Pointe common stock that they own in favor of the Starwood Fund nominees in any election of directors for as long as the Starwood Fund owns at least 10% of such outstanding TRI Pointe common stock. On November 3, 2013, the investor rights agreement was amended, effective as of the date of the closing of the Merger, to provide that, following the consummation of the Merger, the Starwood Fund will have the right to nominate one member of the TRI Pointe board of directors for as long as the Starwood Fund owns at least 5% of the outstanding TRI Pointe common stock. In addition, following the consummation of the Merger, the investor rights agreement will automatically terminate upon the date on which the Starwood Fund owns less than 1% of the outstanding TRI Pointe common stock.

**Director Nominees**

The TRI Pointe board of directors believes that the board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee TRI Pointe's business. In addition, the TRI Pointe board of directors believes there are certain attributes every director should possess. Accordingly, the TRI Pointe board of directors and the Nominating and Corporate Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the TRI Pointe board of directors' overall composition and TRI Pointe's current and future needs. The TRI Pointe board of directors believes that each director nominee possesses the qualities and experience that the Nominating and Governance Committee believes are important, as described in detail below in the section entitled "Corporate Governance Committees of the TRI Pointe Board of Directors Nominating and Corporate Governance Committee."

The TRI Pointe board of directors seeks out, and the TRI Pointe board of directors is comprised of, individuals whose background and experience complement those of other directors of TRI Pointe. The nominees for election to the TRI Pointe board of directors, together with biographical information furnished by each of them and information regarding each nominee's director qualifications, are set forth below. There are no family relationships among the executive officers and directors of TRI Pointe.

**Note that upon the consummation of the Merger, the size and composition of the board of directors of TRI Pointe will change.** As required by the Transaction Agreement, immediately prior to the effective time of the Merger, TRI Pointe will increase the size of its board of directors from seven to nine directors, the majority of whom will be independent directors in accordance with NYSE listing requirements. Assuming they are re-elected at the annual meeting, Messrs. Perrin, Bronson and Cable will resign from the board of directors of TRI Pointe. Messrs. Sternlicht, Bauer, Gilbert and Rogers will continue to serve as directors of TRI Pointe, and TRI Pointe will appoint Chris Graham as a director. Weyerhaeuser will select the remaining four directors. Each of TRI Pointe and Weyerhaeuser will have

reasonable approval rights over the directors selected for appointment by the other party, taking into account applicable independence and other NYSE listing requirements. For more information, see Information on TRI Pointe Directors and Officers of TRI Pointe Before and After the Transactions.

**CORPORATE GOVERNANCE**

**Director Independence**

The TRI Pointe board of directors has determined that five of its directors, Messrs. Bronson, Cable, Gilbert, Perrin and Rogers, constituting a majority, satisfy the listing standards for independence of the NYSE and Rule 10A-3 under the Exchange Act. The non-management directors meet regularly in executive sessions outside the presence of management, and Mr. Gilbert, as lead independent director, currently presides at all executive sessions of the non-management directors. Additionally, the independent directors also meet regularly in executive sessions, and Mr. Gilbert, as lead independent director, currently presides at all executive sessions of the independent directors.

**Leadership Structure of the Board of Directors**

TRI Pointe's Corporate Governance Guidelines provide that the TRI Pointe board of directors is free to select a Chairman in the manner it considers to be in the best interest of TRI Pointe and that the role of Chairman and Chief Executive Officer may be filled by a single individual or two different persons. This provides the TRI Pointe board of directors with flexibility to decide what leadership structure is in the best interest of TRI Pointe at any point in time. Currently, these roles are separate: Mr. Sternlicht serves as Chairman of the TRI Pointe board of directors and Mr. Bauer serves as Chief Executive Officer. Mr. Sternlicht will continue to serve as Chairman of the TRI Pointe board of directors, subject to his re-election as a director at the annual meeting. At this time, the TRI Pointe board of directors has determined that having the Chairman of the TRI Pointe board of directors and Chief Executive Officer roles separate is in the best interest of TRI Pointe, as it allows the Chairman to focus on the effectiveness of the TRI Pointe board of directors and oversight of TRI Pointe's senior management team while the Chief Executive Officer focuses on executing TRI Pointe's strategy and managing TRI Pointe's business. In the future, however, the TRI Pointe board of directors may determine that it is in the best interest of TRI Pointe to combine the roles of Chairman and Chief Executive Officer.

**Role of the Board of Directors in Risk Oversight**

One of the key functions of the TRI Pointe board of directors is informed oversight of the risk management process. The TRI Pointe board of directors administers this oversight function directly, with support from three of its standing committees—the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee, each of which addresses risks specific to its respective areas of oversight. The full TRI Pointe board of directors monitors risks through regular reports from each of the committee chairs, and is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters. In connection with its reviews of the operations and corporate functions of TRI Pointe, the TRI Pointe board of directors addresses the primary risks associated with those operations and corporate functions. In addition, the TRI Pointe board of directors reviews the risks associated with TRI Pointe's business strategies periodically throughout the year as part of its consideration of undertaking any such business strategies. In addition, the TRI Pointe board of directors, with assistance from TRI Pointe management, intends to establish appropriate orientation programs, sessions or materials for newly elected directors of TRI Pointe to familiarize these directors with, among other things, risk management issues.

In connection with its risk management role, the Audit Committee considers and discusses with management TRI Pointe's major financial risk exposures and the steps management takes to monitor and control these exposures. The Audit Committee oversees the policies and processes relating to financial statements, financial reporting processes, compliance and auditing, as well as the guidelines, policies and processes for monitoring and mitigating related risks. The Audit Committee also monitors compliance with legal and regulatory requirements, in addition to oversight of the

performance of TRI Pointe's internal audit function. The Compensation Committee assesses and monitors whether any of TRI Pointe's compensation policies and programs have the potential to encourage excessive risk-taking. The Nominating and Corporate Governance Committee provides oversight with respect to corporate governance and ethical conduct and monitors the effectiveness of TRI Pointe's corporate governance guidelines, including whether such guidelines are successful in preventing illegal or improper liability-creating conduct. In performing their respective functions, each committee has full access to management, as well as the ability to engage advisors.

It is neither feasible nor desirable to attempt to monitor or eliminate all risk. Accordingly, TRI Pointe necessarily faces, and will continue to face, a variety of risks in the conduct of its business and there can be no assurance that the TRI Pointe board of directors and committees' oversight will be effective in identifying and addressing all material risks. The foregoing description of the role of the TRI Pointe board of directors in risk oversight does not imply any additional or special duties, the duties of directors being only those prescribed by applicable law.

### **Meetings of the TRI Pointe Board of Directors**

The TRI Pointe board of directors held 15 meetings during fiscal year 2013. Each member of the TRI Pointe board of directors attended 75% or more of the aggregate number of meetings of the TRI Pointe board of directors, and of the committees on which he was serving, held during fiscal year 2013 for which he was a director or committee member. In accordance with its Corporate Governance Guidelines, TRI Pointe invites and generally expects its directors to attend the annual meeting.

The compensation consultant is engaged solely by the Compensation Committee and does not provide any services directly to TRI Pointe or its management.

### ***Compensation Committee Interlocks and Insider Participation***

As noted above, the Compensation Committee consists of Messrs. Bronson, Cable and Gilbert. **SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Certain officers, directors and greater-than-ten-percent stockholders are required by SEC regulation to furnish TRI Pointe with copies of all Section 16(a) forms they file. To TRI Pointe's knowledge, based on information furnished by these persons, all Section 16(a) filing requirements applicable to TRI Pointe's directors, executive officers and greater-than-ten-percent stockholders were complied with on a timely basis during the fiscal year ended December 31, 2013.

**Table of Contents**

**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

In addition to the compensation described in the section entitled Executive Compensation, TRI Pointe's executive officers, directors and other related parties will be entitled to receive, or have received since the beginning of the last fiscal year, material financial and other benefits, including the following:

**Indemnification Agreements**

TRI Pointe has entered into an indemnification agreement with each of its officers and directors. These agreements require TRI Pointe to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to TRI Pointe, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified.

Additionally, in connection with the voting agreements described in Other Agreements Voting Agreements, TRI Pointe has entered into indemnification agreements with Starwood Capital Group and Messrs. Bauer, Mitchell and Grubbs, pursuant to which TRI Pointe has agreed to (i) pay all out-of-pocket costs, and reasonable fees and expenses of counsel and other advisors, incurred by the applicable stockholder in connection with the execution and performance of the applicable voting agreement and (ii) indemnify and hold harmless the applicable stockholder from all losses arising out of or relating to the execution and performance of the applicable voting agreement. For more information, see Other Agreements Indemnity Agreements.

**Registration Rights**

On January 30, 2013, TRI Pointe entered into a registration rights agreement with the former members of TPH LLC, including the Starwood Fund, the members of TRI Pointe's management team and a third-party investor, with respect to the shares of TRI Pointe common stock that they received as part of TRI Pointe's formation transactions. The shares are referred to collectively as the registrable shares. Pursuant to the registration rights agreement, TRI Pointe granted the former members of TPH LLC and their direct and indirect transferees shelf registration rights to require TRI Pointe to file a shelf registration statement for the registrable shares and to maintain the effectiveness of such registration statement so as to allow sales thereunder from time to time, demand registration rights to have the registrable shares registered for resale, and, in certain circumstances, the right to make piggy-back sales of the registrable shares under registration statements TRI Pointe might file in connection with future public offerings.

Notwithstanding the foregoing, the registration rights are subject to cutback provisions, and TRI Pointe is permitted to suspend the use, from time to time, of the prospectus that is part of the shelf registration statement (and therefore suspend sales under the shelf registration statement) for certain periods, referred to as blackout periods.

In December 2012, TRI Pointe (through its predecessor in interest, TPH LLC) acquired 57 lots out of a total commitment of 149 lots located in Castle Rock, Colorado, for a purchase price of approximately \$3.2 million from an entity managed by an affiliate of the Starwood Capital Group. TRI Pointe has the right to acquire the remaining 92 entitled lots for a purchase price of approximately \$5.4 million.

In March 2013, TRI Pointe acquired an additional 66 lots in the Rosedale master planned community located in Azusa, California, for a purchase price of approximately \$15.7 million (plus a potential profit participation should a specific net margin be exceeded) from an entity in which an affiliate of the Starwood Capital Group owns a minority interest. This acquisition was approved by TRI Pointe independent directors.

In September 2013, TRI Pointe acquired 87 lots located in the master planned community of Sycamore Creek in Riverside, CA, for a purchase price of approximately \$11.8 million, and 49 lots located in the community of Topazridge, also located in Riverside, CA, for a purchase price of approximately \$6 million. ### **Reimbursement of Expenses to Starwood Capital Group**

Although TRI Pointe does not pay any fees to Starwood Capital Group or its affiliates, TRI Pointe has reimbursed Starwood Capital Group for certain due diligence expenses and for the out-of-pocket travel and lodging expenses of representatives of Starwood Fund for their attendance at board of directors and other meetings and in connection with site visits or other business of TRI Pointe. TRI Pointe reimbursed Starwood Capital Group \$0, \$4,166 and \$79,464 during the years ended December 31, 2013, 2012 and 2011, respectively.

### **Conflicts of Interest**

Conflicts of interest may exist among TRI Pointe's directors and officers and other related parties and TRI Pointe as described below.

As of March 24, 2014, the Starwood Fund owned 11,985,905 shares of TRI Pointe common stock (not including 2,701,569 shares subject to the investor rights agreement described in the section entitled "Description of TRI Pointe Capital Stock - Investor Rights Agreement"), which represents approximately 37.9% of the shares entitled to vote at TRI Pointe's annual meeting. Starwood Fund is managed by an affiliate of Starwood Capital Group. On January 30, 2013, TRI Pointe entered into an investor rights agreement with the Starwood Fund. Under the investor rights agreement, the Starwood Fund has the right to nominate two members of the TRI Pointe board of directors for as long as the Starwood Fund owns 25% or more of the outstanding TRI Pointe common stock (excluding shares of common stock that are subject to issuance upon the exercise or exchange of rights of conversion or any options, warrants or other rights to acquire shares) and one member of the TRI Pointe board of directors for as long as it owns at least 10% of such outstanding TRI Pointe common stock. In addition, the members of TRI Pointe's management team agreed to vote all shares of TRI Pointe common stock that they own in favor of the Starwood Fund nominees in any election of directors for as long as the Starwood Fund owns at least 10% of such outstanding TRI Pointe common stock. On November 3, 2013, the investor rights agreement was amended, effective as of the date of the closing of the Merger, to provide that, following the consummation of the Merger, the Starwood Fund will have the right to nominate one member of the TRI Pointe board of directors for as long as the Starwood Fund owns at least 5% of the outstanding TRI Pointe common stock. In addition, following the consummation of the Merger, the investor rights agreement will automatically terminate upon the date on which the Starwood Fund owns less than 1% of the outstanding TRI Pointe common stock.

The Starwood Fund's interests may not be fully aligned with yours and this could lead to a strategy that is not in your best interest. In addition, Starwood Fund's significant ownership in TRI Pointe and resulting ability to effectively control TRI Pointe, in each case, prior to the consummation of the Transactions, may discourage someone from making a significant equity investment in TRI Pointe, or could discourage transactions involving a change in control, including transactions in which you as a holder of shares of TRI Pointe common stock might otherwise receive a premium for your shares over the then current market price. See "Risk Factors."

In addition to the acquisitions of lots from entities managed by an affiliate of Starwood Capital Group referred to above in the section entitled "Acquisitions from Entities Managed by Affiliates of Starwood Capital Group," TRI Pointe may in the future acquire additional land from affiliates of Starwood Capital Group. Any such acquisitions will be separately considered for approval by the independent directors.

Mr. Barry Sternlicht, the Chairman of the TRI Pointe board of directors, is the Chairman and Chief Executive Officer of Starwood Capital Group. As a result of TRI Pointe's relationship with Starwood Capital Group, there may be transactions between TRI Pointe and Starwood Capital Group, Starwood Property Trust (which is managed by an affiliate of Starwood Capital Group) or their affiliates that could present an actual or perceived conflict of interest.

These conflicts of interest may lead Mr. Sternlicht to recuse himself from actions of the TRI Pointe board of directors with respect to any transactions involving or with Starwood Capital Group, Starwood Property Trust or their affiliates. In addition, Mr. Sternlicht will devote only a portion of his business time to his duties with the TRI Pointe board of directors, and he will devote the majority of his time to his duties with Starwood Capital Group and its affiliates and other commitments. For more information, see Information on TRI Pointe Directors and Officers of TRI Pointe Before and After the Transactions.

TRI Pointe has entered into amended and restated employment agreements with Mr. Douglas Bauer, TRI Pointe's Chief Executive Officer; Mr. Thomas Mitchell, TRI Pointe's President and Chief Operating Officer; and Mr. Michael Grubbs, TRI Pointe's Chief Financial Officer, pursuant to which they will devote their full business time and attention to TRI Pointe's affairs. See Executive Compensation Employment Agreements. These employment agreements were not negotiated on an arm's-length basis. TRI Pointe may choose not to enforce, or to enforce less vigorously, its rights under these agreements because of its desire to maintain an ongoing relationship with the individual parties to these agreements.

**Table of Contents**

On November 3, 2013, in connection with the voting agreements described in Other Agreements Voting Agreements, Messrs. Bauer, Grubbs and Mitchell entered into a lock-up agreement with the Starwood Fund. Pursuant to the lock-up agreement, Messrs. Bauer, Grubbs and Mitchell each agreed that, following the effectiveness of the Merger, they would not sell to any third party certain of their shares of common stock, as outlined in each of their employment agreements, without the prior written consent of the Starwood Fund until the Starwood Fund (and any of its affiliates owning TRI Pointe common stock) owns less than 4.875% of the total TRI Pointe common stock outstanding after the effectiveness of the Merger. For more information, see Executive Compensation Employment Agreements.

In February 2014, TRI Pointe's board of directors approved bonuses of \$150,000 payable to each of Messrs. Bauer, Mitchell and Grubbs, contingent on the consummation of the Transactions, for their efforts in connection with the Transactions.

TRI Pointe has adopted Corporate Governance Guidelines which, among other things, require directors to disclose to the Chairman of the Board personal or business interests that involve an actual or potential conflict of interest. In addition, TRI Pointe's Code of Business Conduct and Ethics requires that any transaction in which any of TRI Pointe's directors, officers or employees has an interest must be approved by a vote of a majority of TRI Pointe's disinterested and independent directors. TRI Pointe's Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer (or persons performing similar functions) (collectively, Senior Officers and each a Senior Officer) must comply with TRI Pointe's Code of Ethics for Senior Executive and Financial Officers, which requires the prior written approval of TRI Pointe's Audit Committee before a Senior Officer makes any investment, accepts any position or benefits, participates in any transaction or business arrangement or otherwise acts in a manner that creates or appears to create a conflict of interest. Neither the adoption of these policies nor any communication concerning these policies is intended to constitute a representation concerning past, present or future compliance by the persons subject to them. TRI Pointe cannot assure you that these policies will be successful in eliminating the influence of conflicts of interest. These policies may be amended from time to time at the discretion of the TRI Pointe board of directors, without a vote of TRI Pointe stockholders.

**PROPOSAL NO. 6**

**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the TRI Pointe board of directors has approved the appointment of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm for the fiscal year ending December 31, 2014 and has further recommended that the TRI Pointe board of directors submit the selection of TRI Pointe's independent registered public accounting firm for ratification by TRI Pointe stockholders at the annual meeting. Ernst & Young LLP has served as TRI Pointe's independent registered public accounting firm since 2009. Representatives of Ernst & Young LLP are expected to be present at the annual meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither the Bylaws, the Charter, nor any other governing documents or applicable law require stockholder ratification of the selection of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm. However, the TRI Pointe board of directors is submitting the selection of Ernst & Young LLP to TRI Pointe stockholders for ratification as a matter of good corporate practice. If the TRI Pointe stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may, nonetheless, retain Ernst & Young LLP as TRI Pointe's independent registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time if they determine that such a change would be in the best interest of TRI Pointe and its stockholders.

**Required Vote**

This proposal regarding the ratification of the appointment of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm for 2014, must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. Abstentions will be treated as being present and entitled to vote, and will have the effect of a **NO** vote, with regard to this proposal. This proposal is considered routine, therefore banks, brokers or other nominees may exercise their voting discretion in the absence of specific instructions with regard to this proposal.

**TRI Pointe's board of directors recommends that stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as TRI Pointe's independent registered public accounting firm for 2014.**

**Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services**

The Audit Committee has responsibility for establishing policies and procedures for the pre-approval of audit and non-audit services rendered by TRI Pointe's independent registered public accounting firm, Ernst & Young LLP. The Audit Committee has the sole authority and responsibility to select, appoint, evaluate, compensate, retain and oversee the work of any independent registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services for TRI Pointe (including resolution of disagreements between management and the independent registered public accounting firm regarding financial reporting). TRI Pointe's internal auditing function and the independent registered public accounting firm reports directly to the Audit Committee. The Audit Committee has the sole authority to approve all audit engagement fees and terms, and the Audit Committee, or the chair of the Audit Committee, must pre-approve any audit and non-audit services provided to TRI Pointe by the independent registered public accounting firm and the fees and terms thereof (provided that the

**PROPOSAL NO. 7**

**PROPOSAL TO APPROVE THE ADJOURNMENT OR POSTPONEMENT OF THE ANNUAL MEETING, IF NECESSARY OR APPROPRIATE**

If, at the annual meeting of stockholders, the board of directors of TRI Pointe determines it is necessary or appropriate to adjourn or postpone the annual meeting in order to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the proposal to issue shares of TRI Pointe common stock in the Merger, TRI Pointe intends to move to adjourn or postpone the annual meeting. If the board of directors of TRI Pointe determines that adjournment or postponement of the annual meeting is necessary or appropriate, TRI Pointe will ask its stockholders to vote only upon the adjournment or postponement proposal, and not on the proposal to approve the issuance of shares of TRI Pointe common stock in the Merger.

In this proposal, TRI Pointe is asking you to vote in favor of adjournment or postponement of the annual meeting to a later date or time, if it is determined by the TRI Pointe board of directors to be necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger. If the stockholders approve the adjournment or postponement proposal, TRI Pointe could adjourn or postpone the annual meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from stockholders that have previously voted. Among other things, approval of the adjournment or postponement proposal could mean that, even if TRI Pointe had received proxies representing a sufficient number of votes against the issuance of TRI Pointe common stock in the Merger to defeat that proposal, TRI Pointe could adjourn or postpone the annual meeting without a vote and seek to convince the holders of those shares to change their votes to vote in favor of approval of the issuance of shares of TRI Pointe common stock in the Merger.

**Required Vote**

This proposal regarding the adjournment or postponement of the annual meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger must be approved by the affirmative vote of the holders of stock having a majority of the votes that could be cast by the holders of all stock entitled to vote on the proposal that are present in person or by proxy at the annual meeting. Abstentions will be treated as being present and entitled to vote, and will have the effect of a **NO** vote, with regard to this proposal. Broker-non-votes will not be treated as present and entitled to vote and will not affect the outcome with regard to this proposal.

**TRI Pointe's board of directors recommends that stockholders vote, if it is determined by the TRI Pointe board of directors to be necessary or appropriate, FOR the approval of adjournment(s) or postponement(s) to the annual meeting to solicit additional proxies if there are not sufficient votes at the time of the annual meeting to approve the issuance of shares of TRI Pointe common stock in the Merger.**

***Report of Independent Registered Public Accounting Firm***

The Board of Directors and Shareholder

Weyerhaeuser Real Estate Company:

We have audited the accompanying consolidated balance sheets of Weyerhaeuser Real Estate Company and subsidiaries as of December 31, 2013 and 2012, and the related consolidated statements of operations, changes in equity, and cash flows for each of the years in the three-year period ended December 31, 2013. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Weyerhaeuser Real Estate Company and subsidiaries as of December 31, 2013 and 2012, and the results of their operations and their cash flows for each of the years in the three-year period ended December 31, 2013, in conformity with U.S. generally accepted accounting principles.

**NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***BUSINESS***

Weyerhaeuser Real Estate Company ( WRECO ) was founded in 1970. WRECO is primarily engaged in the design, construction and sale of single-family homes in California, Texas, Arizona, Washington, Nevada, Maryland and Virginia. WRECO's core markets are Southern California, Houston, Phoenix and Tucson, the Puget Sound region of Washington State, Las Vegas, Richmond and the Washington, DC suburbs. In addition, WRECO is a developer of master planned communities, which include residential lots for its own use, lots for sale to other homebuilders, and the sale of commercial and multi-family properties, primarily in Southern California.

WRECO is a wholly owned subsidiary of Weyerhaeuser NR Company, which is a wholly owned subsidiary of Weyerhaeuser Company. Substantially all of WRECO's operations are conducted through five direct subsidiaries: Maracay Homes LLC ( Maracay ), Pardee Homes ( Pardee ), The Quadrant Corporation ( Quadrant ), Trendmaker Homes Inc. ( Trendmaker ) and Winchester Homes, Inc. ( Winchester ).

***BASIS OF PRESENTATION***

Our consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. Our consolidated financial statements provide an overall view of our results of operations and financial condition. They include our accounts and the accounts of entities that we control, including:

all wholly owned subsidiaries;

majority-owned entities, with our co-investors' ownership share of these entities recorded as noncontrolling interests, which is presented as a separate component of equity;

variable interest entities in which we may not have any ownership interest, but we are the primary beneficiary, with the owners' share of these entities recorded as noncontrolling interests; and

investments in and our share of net earnings or losses of entities accounted for under the equity method. They do not include our intercompany transactions and accounts, which are eliminated in consolidation.

On January 17, 2014, we effected a 100 for 1 stock split of our common shares, increasing the number of outstanding shares from 1 million to 100 million. All share and per share data has been restated to retroactively reflect the stock split for all periods presented.

Throughout these Notes to the Consolidated Financial Statements, unless specified otherwise, references to Weyerhaeuser Real Estate Company, WRECO, we and our refer to the consolidated company. We use the term Weyerhaeuser to refer to our parent entities, which may be either Weyerhaeuser Company, Weyerhaeuser NR Company, or both.

***ESTIMATES***

We make estimates and assumptions during our reporting periods and at the date of our financial statements. Significant estimates include:

reported amounts of assets, liabilities and equity;

disclosure of contingent assets and liabilities; and

reported amounts of revenues and expenses.

While we do our best in preparing these estimates, actual results can and do differ from those estimates and assumptions.

FP-8

**Table of Contents**

***REVENUE RECOGNITION***

We recognize revenue from single-family home sales and non-single-family activities when deliveries or closings have occurred, required down payments have been received, title and possession have been transferred to the customer, and we have no substantial continuing involvement with the real estate and all other criteria for sale and profit recognition are satisfied.

***EARNINGS PER SHARE***

We compute basic earnings per share by dividing net earnings attributable to common shareholder by the weighted average number of common shares outstanding during the period. We currently have no items that would create diluted earnings per share.

***RECEIVABLES***

We record receivables at carrying values that approximate fair values. See *Note 4: Receivables* and *Note: 13 Fair Value of Financial Instruments*. Discounts are recorded to adjust non-interest-bearing notes and contracts receivable or notes and contracts with below-market-rate interest terms to estimated fair value on the date of issuance. Discounts are amortized into interest income over the remaining term of the note or contract receivable. Allowances are determined based on historical losses and management's judgment as to future collectability. The allowance represents our best estimate of the amounts of credit losses in the existing receivables.

***INVENTORY***

Inventory is stated at cost unless events and circumstances trigger an impairment. Inventory includes costs associated with land acquisition, land development, and home construction, including capitalized interest and real estate taxes incurred during the development and construction period, and direct overhead costs related to development and construction activities. In accordance with ASC 835-20, *Capitalization of Interest*, interest is capitalized to qualified assets including homes under construction, land and lots under development and land being processed for development. Interest incurred on debt levels in excess of these qualified assets is expensed as incurred. Land and land development costs are allocated to lots or acreage held for sale based on total acreage in a master planned community or based on specific identification or the relative sales value of homes in a residential community. Land and land development costs are allocated to homebuilding inventory when construction begins and include both actual costs incurred to date and estimated costs expected to be incurred over the life of the community. The cost of inventory, including both direct construction costs and allocated land and lot costs, are recognized in costs and expenses when the sale of inventory closes and delivery occurs or when inventory is impaired.

Land is classified as acreage listed for sale when it has been approved for sale in its current condition, is being actively marketed for sale, and is expected to be sold within one year.

Consolidated not owned inventory is recorded at estimated fair value when the asset is first consolidated plus development and construction costs incurred while consolidated.

***DEPOSITS ON REAL ESTATE UNDER OPTION OR CONTRACT***

Deposits paid related to purchase contracts and land options are recorded and classified as deposits on real estate under option or contract until the related land is purchased. Deposits are reclassified as a component of inventory at the time the deposit is used to offset the acquisition price of the land or lots based on the terms of the underlying

agreements. To the extent they are non-refundable, deposits are charged to expense if the land acquisition is terminated or no longer considered probable.

**Table of Contents*****IMPAIRMENTS***

Long-lived assets, including inventory and deposits, operating properties and equipment, intangible assets, investments in unconsolidated entities, and certain other assets, are subject to a review for impairment if events or changes in circumstances or changes in intended use indicate that the carrying amount of the asset may not be recoverable from future undiscounted net cash flows expected to be generated by the asset or asset group. When the carrying amount is not expected to be recoverable, we record an impairment loss for the difference between the asset's carrying value and its estimated fair value. The determination of fair value is based on independent appraisals and market pricing of comparable assets, when available, or the discounted value of estimated future net cash flows from these assets. These estimates are based upon management's assessment, which may require significant judgments and estimates, and actual results could differ from these fair value estimates. Write-downs of impaired homebuilding-related assets are recorded in the consolidated statement of operations as impairments and related charges, homebuilding and are included in operating costs and expenses.

***ADVERTISING COSTS***

The cost of model homes is capitalized to inventory and is recorded as cost of sales when the model home is sold to a third party. Costs related to certain other tangible assets used for single-family home sales and marketing purposes, such as incremental model complex costs, model furnishings and sales offices, are generally capitalized as either operating properties and equipment or other assets in the consolidated balance sheet. The cost of these assets are amortized into sales and marketing expense on either a straight-line basis over the estimated useful life of the asset or on a pro rata basis as homes within each community are delivered. Advertising costs are expensed as incurred and are included as sales and marketing expense in the accompanying consolidated statement of operations. Advertising costs expensed as incurred were approximately \$15.5 million, \$13.7 million, \$12.0 million for the years ended December 31, 2013, 2012 and 2011, respectively.

***WARRANTY RESERVES***

We accrue warranty reserves as home deliveries occur. The accrual is generally based on a percentage of single-family home sales revenue, but amounts accrued on homes delivered will vary based on product type and geographical area. Warranty coverage also varies depending on state and local laws. The warranty reserve is included in other accrued liabilities in the accompanying consolidated balance sheet and represents expected future costs based on our historical experience in previous years. We periodically review the adequacy of the remaining reserve balance and make adjustments as deemed necessary. We carry insurance that covers certain warranty expenditures at Pardee. We record expected recoveries from insurance carriers when proceeds are probable and estimable.

***INVESTMENTS IN UNCONSOLIDATED ENTITIES***

We have investments in unconsolidated entities over which we have significant influence that we account for using the equity method with taxes provided on undistributed earnings. We record earnings and accrue taxes in the period that the earnings are recorded by our affiliates. Under the equity method, our share of the unconsolidated entities earnings or loss is included in equity in earnings of unconsolidated entities in the accompanying consolidated statement of operations. We evaluate our investments in unconsolidated entities for impairment when events and circumstances indicate that the carrying value of the investment may not be recoverable.

**Table of Contents**

***FAIR VALUE MEASUREMENTS***

We estimate fair values when accounting for certain nonfinancial assets primarily homebuilding inventories (asset groups) measured at fair value when impaired. We estimate the fair values of financial instruments using the methods described in *Note 13: Fair Value of Financial Instruments*. We use a fair value hierarchy when making fair value estimates. The fair value hierarchy is based on inputs to valuation techniques that are used to measure fair value that are either observable or unobservable. Observable inputs reflect assumptions market participants would use in pricing an asset or liability based on market data obtained from independent sources while unobservable inputs reflect a reporting entity's judgment about what a market participant would assume. The fair value hierarchy consists of the following three levels:

Level 1 Inputs are quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs are:

quoted prices for similar assets or liabilities in an active market,

quoted prices for identical or similar assets or liabilities in markets that are not active, or

inputs other than quoted prices that are observable and market-corroborated inputs which are derived principally from or corroborated by observable market data.

Level 3 Inputs are derived from valuation techniques in which one or more significant inputs or value drivers are unobservable.

Determining these estimates requires considerable judgment to interpret appropriate market data. The estimates may be significantly affected by the assumptions used such as discount rates and cash flow projections. Therefore, the estimated fair values may not be the amounts that we would have realized if the assets and liabilities had actually been exchanged.

***OPERATING PROPERTIES AND EQUIPMENT***

Operating properties and equipment include regional office buildings and leasehold improvements, office equipment, model home furnishings and capitalized hardware and software costs. We record operating properties and equipment at cost, net of accumulated depreciation. Depreciation is generally calculated on the straight-line method over the estimated service lives of the assets, which range from two to 30 years. We review our operating properties and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable.

***INTANGIBLE ASSETS***

Our intangible assets include trademarks and trade names resulting from our acquisition of Maracay. We amortize these intangible assets on a straight-line basis over their contractual lives or their expected useful lives. We review our intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable.

#### ***WEYERHAEUSER SHARE-BASED COMPENSATION***

Some of our key officers and other employees are selected from time to time by the Compensation Committee of Weyerhaeuser's Board of Directors to participate in Weyerhaeuser's Long-Term Incentive Compensation Plan. We account for share-based compensation in accordance with ASC 718-10, *Compensation - Stock Compensation*. We establish a fair-value based measurement of share-based awards and recognize the cost of the awards in our financial statements. We generally recognize the cost in the consolidated statement of operations on the straight-line method over the period from the grant date to the date when the award is no longer contingent upon the employee providing additional service. For awards that vest upon retirement, the required service period does not extend beyond the date an employee is eligible for retirement, including early retirement. We record a contribution of capital from Weyerhaeuser as share-based compensation expense is recognized in our costs and expenses.

#### ***INCOME TAXES***

We are included in the Weyerhaeuser NR Company consolidated federal income tax return and certain state income tax filings. We account for income taxes under the asset and liability method described in *Note 22: Income Taxes*. Our tax provisions and resulting income tax receivable from or payable to Weyerhaeuser NR Company represent the income tax amounts allocated to us on the pro rata share method based upon our actual results. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between financial statement carrying amounts of assets and liabilities and their respective tax bases and for

**Table of Contents**

operating loss and tax credit carryforwards which exist for Weyerhaeuser NR Company and are attributable to our operations. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized by Weyerhaeuser NR Company. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. We consider the scheduled reversal of deferred tax liabilities (including the impact of available carryback and carryforward periods), projected future taxable income, and tax planning strategies in making this assessment. See *Note 22: Income Taxes* for additional information regarding our valuation allowance.

**NOTE 2: BUSINESS SEGMENTS**

All of our homebuilding operations are primarily engaged in the design, construction and sale of single-family homes in selected metropolitan areas of the United States. In addition, we are a developer of master planned communities, which include residential lots for our own use, lots for sale to other homebuilders, and the sale of commercial and multi-family properties, primarily in Southern California. Our operating segments have been organized by homebuilding subsidiary, which reflects how we manage our business. The following table identifies our segments and the core market areas in which they operate:

SEGMENT	MARKET AREAS
Maracay	Phoenix and Tucson, Arizona
Pardee	Los Angeles/Ventura, Inland Empire (Riverside County), and San Diego, California; Las Vegas, Nevada
Quadrant	Puget Sound region of Washington State
Trendmaker	Houston, Texas
Winchester	Washington, D.C. suburbs; Richmond, Virginia

Income and expenses not related to or allocated to individual operating segments are held in the corporate and other segment. They include a portion of items such as: corporate general and administrative costs, share-based compensation costs, and interest expense not capitalized.

Accounts receivable generally represents pending wire transfers on individual home deliveries. These receivables typically clear within a matter of days following the date of the balance sheet. Warranty receivables are related to an insurance recovery program at Pardee. For more information on product warranties, see *Note 17: Other Accrued Liabilities*. Notes and contracts receivable generally originate from real estate sales of land and lots and are secured by our right to foreclose on the property if the purchaser defaults on the loan. Notes and contracts receivable as of December 31, 2013, mature in 2014-2015.

**Table of Contents**

Inventories are comprised of the following:

Real estate under development and for sale:

Dwelling units include both in-process and completed single-family homes and the lot costs allocated to those units.

Residential lots are comprised of both in-process and completed residential lots that have not yet been released for home construction.

Commercial acreage includes land zoned for commercial use and may be finished or under development.

Acreage listed for sale represents land the company is actively marketing for sale.

Land under development includes land undergoing development, entitlement or other activities to prepare it for its intended use.

Land held for future use consists of land not currently undergoing development work or entitlement activities.

Consolidated inventory not owned represents land under contract, but owned by consolidated variable interest entities. Additional information about variable interest entities can be found in *Note 8: Variable Interest Entities*. Inventories are stated at cost unless events and circumstances trigger an impairment. More information about real estate asset impairments can be found in *Note 19: Real Estate and Investment Impairments and Charges*.

Inventories include interest that has been capitalized to assets while in process of construction or development. The change in our capitalized interest was as follows:

Interest not eligible for capitalization is included in other income (expense), net in the accompanying consolidated statement of operations. Interest amortized to costs and expenses consists primarily of interest expensed through costs and expenses for single-family homes or land and lots in the accompanying consolidated statement of operations, as homes are delivered or land and lot sales are closed.

**Table of Contents****NOTE 6: PREPAID EXPENSES AND OTHER ASSETS**

Prepaid expenses and other assets were comprised of the following:

DOLLAR AMOUNTS IN THOUSANDS	DECEMBER 31	
	2013	2012
Refundable fees and other deposits	\$ 19,566	\$ 16,778
Pre-acquisition costs	4,751	3,037

Development rights, held for future use or sale	9,090	10,359
Other	9,000	6,849
Total	\$ 50,997	\$ 42,582

Refundable fees and other deposits primarily relate to reimbursable project costs that have been submitted for reimbursement from municipalities and utility-related fees that are eligible for reimbursement when certain events occur, such as when additional building permits are issued. These costs may be reimbursed over a period of several years.

Pre-acquisition costs are the costs incurred to evaluate a specific property prior to acquisition, such as legal costs, architectural and other professional fees, environmental studies and soil tests, appraisals, and marketing and feasibility studies. These costs are capitalized to other assets during the feasibility period when the costs are directly identified with the specific property and the cost would be capitalized if the property was already acquired. Pre-acquisition costs are transferred to inventory when the related property is purchased or expensed to impairments and related charges, homebuilding when the acquisition is no longer probable.

Development rights held for future use or sale represent intangible development-related rights such as water rights or density-related rights not expected to be utilized by the company in connection with projects currently owned and under development. These intangible assets are transferable to third parties and may be sold or retained for use by us in future development projects.

**NOTE 7: INVESTMENTS IN UNCONSOLIDATED ENTITIES**

As of December 31, 2013, we held equity investments in five active real estate partnerships and limited liability companies. Our participation in these entities may be as a developer, a builder, or an investment partner. Our ownership percentage varies from 7% to 50%, depending on the investment.

***INVESTMENTS HELD***

**NOTE 8: VARIABLE INTEREST ENTITIES**

In the ordinary course of business, our homebuilding subsidiaries enter into lot option purchase agreements in order to procure land and residential lots for development and the construction of homes in the future. The use of such lot option agreements generally allows us to reduce the risks associated with direct land ownership and development, and reduces our capital and financial commitments. Pursuant to these lot option purchase agreements, we generally provide a deposit to the seller as consideration for the right to purchase lots at different times in the future, usually at predetermined prices. Such deposits are recorded as deposits on real estate under option or contract in the accompanying consolidated balance sheet.

If the entity holding the lots under option is a variable interest entity (VIE), our deposit represents a variable interest in that entity. If we are determined to be the primary beneficiary of the VIE, we will consolidate the VIE in our financial statements and reflect its assets and liabilities as inventory and debt (nonrecourse to the company) held by variable interest entities, with the net equity of the VIE owners reflected as noncontrolling interests. VIEs are de-consolidated when we are no longer considered to be the primary beneficiary of the entity. This typically occurs when we acquire the optioned land from the VIE.

**Table of Contents**

Creditors of the entities with which we have option agreements have no recourse against us. The maximum exposure to loss under our lot option agreements is limited to non-refundable option deposits and any capitalized pre-acquisition costs. In some cases, we have also contracted to complete development work at a fixed cost on behalf of the land owner and budget shortfalls and savings will be borne by us.

In determining whether we are the primary beneficiary of a VIE, we consider our ability to control activities of the VIE including, but not limited to the ability to:

direct entitlement of land,

determine the budget and scope of land development work,

perform land development activities,

control financing decisions for the VIE, and

acquire additional land into the VIE or dispose of land in the VIE not already under contract.

If we conclude that we control such activities of the VIE, we also consider whether we have an obligation to absorb losses of or a right to receive benefits from the VIE.

As of both December 31, 2013 and December 31, 2012, we had options to purchase approximately 1,200 residential lots from VIEs we consolidated because we concluded we were the primary beneficiary. Upon initial consolidation of a VIE, we record assets at their estimated fair value. Previously capitalized deposits related to these entities are reclassified out of deposits on real estate under option or contract.

We also had options to purchase lots from entities that were not consolidated. These options may be with VIEs that are not consolidated because we are not the primary beneficiary or with entities that are not VIEs. We had 60,134 lots under option with these entities as of December 31, 2013 and 58,921 lots under option with these entities as of December 31, 2012. This includes 56,413 lots under option in connection with a large master planned community north of Las Vegas, NV (the Coyote Springs Property ) which is excluded from the planned transaction with TRI Pointe Homes, Inc. through which WRECO will be divested from Weyerhaeuser ( the TRI Pointe Transaction ). See *Note 23: Transaction Agreement with TRI Pointe Homes, Inc.* for additional information. Information related to options on the Coyote Springs Property is separately identified in the table below.

The following provides a summary of our interests in lot option agreements:

**NOTE 11: RELATIONSHIP AND TRANSACTIONS WITH WEYERHAEUSER**

As a wholly owned subsidiary of Weyerhaeuser, we have a number of general arrangements with Weyerhaeuser to facilitate our operations including, among others, a tax sharing agreement. We also have intercompany borrowing and lending arrangements.

***CASH MANAGEMENT AND DEBT PAYABLE TO WEYERHAEUSER***

Weyerhaeuser manages our cash balances. As part of their cash management strategies, Weyerhaeuser may choose to fund our cash needs through affiliated entities in lieu of utilizing existing third-party borrowing capacity or arranging for new borrowings, such as a credit facility, on our behalf. We have a revolving promissory note payable to Weyerhaeuser as a result of this activity. The total amounts outstanding of \$834.6 million as of December 31, 2013 and \$689.6 million as of December 31, 2012 were recorded in debt payable to Weyerhaeuser in our consolidated balance sheet.

We paid Weyerhaeuser interest on the unpaid balance of the principal amount at rates per annum for the year ended December 31, 2013, 2012 and 2011 of:

LIBOR plus 1.70% in 2013 (1.87%),

LIBOR plus 1.70% in 2012 (1.92%) and

LIBOR plus 0.35% in 2011 (0.62%)

Interest incurred on the intercompany borrowings for the year ended December 31, 2013, 2012 and 2011 was:

\$15.7 million in 2013,

\$12.8 million in 2012 and

\$3.4 million in 2011.

The interest rate and terms of the revolving promissory note are reviewed annually. The promissory note outstanding during 2011 expired on December 31, 2011, and was replaced with the current promissory note that was scheduled to expire on December 31, 2013. On November 15, 2013, the promissory note payable to Weyerhaeuser was extended to the earlier of December 31, 2014 or the closing of the TRI Pointe Transaction. See *Note 23: Transaction Agreement with Tri Pointe Homes, Inc.* for more information.

***SUPPORT SERVICES***

Weyerhaeuser processes our payroll and related employee benefits, and provides us with other corporate services such as corporate governance, cash management and other treasury services, administrative services (such as government relations, tax, internal audit, legal, accounting, human resources and equity-based compensation plan administration), lease of office space, aviation services and insurance coverage. We are allocated a portion of Weyerhaeuser corporate general and administrative costs on either a proportional cost basis or based on usage. Management believes the assumptions and methodologies underlying the allocation of corporate general and administrative expenses are reasonable and consistently applied over the periods presented. However, these expenses may not be indicative of the actual level of expense we would have incurred if we had operated as an independent company or of expenses expected to be incurred in the future.

Costs paid to Weyerhaeuser for allocated corporate general and administrative expenses for the year ended December 31, 2013, 2012 and 2011 were:

\$22.9 million in 2013,

\$20.5 million in 2012 and

\$17.3 million in 2011.

Both the direct and allocated costs are reported in our consolidated statement of operations and, as appropriate, are accrued in our consolidated balance sheet.

***TAX ALLOCATION AGREEMENT***

We are included in the Weyerhaeuser NR Company consolidated federal income tax return and certain state income tax filings. *Note 22: Income Taxes* provides more information about our income taxes and relationship with Weyerhaeuser.

Our income taxes paid to (received from) Weyerhaeuser NR Company for the years ended December 31, 2013, 2012 and 2011 was:

(\$10.5) million in 2013,

(\$20.7) million in 2012 and

\$13.3 million in 2011.

***PARTICIPATION IN WEYERHAEUSER EMPLOYEE BENEFIT ARRANGEMENTS***

We participate in Weyerhaeuser's qualified pension, defined contribution and deferred compensation plans, as well as share-based compensation plans for employees and key executive officers. *Note 14: Weyerhaeuser Employee Benefit Plans* and *Note 15: Weyerhaeuser Share-Based Compensation* describe our participation in these plans.

Lines of credit

***DEBT PAYABLE TO THIRD PARTIES***

Our debt payable to third parties included notes, bonds and other borrowings payable to unrelated parties. As of December 31, 2013, all outstanding debt payable to third parties had been repaid. Also see *Note 11: Relationship and Transactions with Weyerhaeuser* for information regarding debt payable to Weyerhaeuser.

The following table lists our debt payable to third parties by type and interest rates as of the end of December 31, 2012 and identifies the portion of debt due within one year as of that date:

	DECEMBER 31, 2012
Medium-term notes due 2013, weighted average rate of 6.14% at December 31, 2012	\$ 69,000
Medium-term notes due 2012-2014, weighted average rate of 6.22% at December 31, 2012	15,000
Bond due 2027, variable rate of 0.25% at December 31, 2012	25,255
Total	\$ 109,255
Portion due within one year	\$ 69,000

In October 2013, we notified the trustee that we intended to prepay the \$25.3 million in outstanding bonds and that payment occurred on November 15, 2013. In addition, we elected to repay the \$15.0 million medium-term notes due in 2014 and the payment occurred on December 10, 2013. We incurred a loss on early repayment of approximately \$0.6 million which was recorded in the fourth quarter of 2013. The \$69.0 million medium-term notes were due and paid on December 16, 2013.

***LINES OF CREDIT***

In June 2011, we entered into a \$1.0 billion 4-year Revolving Credit Facility Agreement jointly with Weyerhaeuser, which was set to expire in June 2015. During September 2013, we entered into a new \$1.0 billion 5-year senior unsecured revolving credit facility jointly with Weyerhaeuser that expires in September 2018. This replaces the \$1.0 billion revolving credit facility that was set to expire in June 2015. We may borrow up to \$50.0 million under this credit facility. Neither we nor Weyerhaeuser guarantees the other's borrowings under this facility. Borrowings are at LIBOR plus a spread or at other interest rates mutually agreed upon between the borrower and the lending banks. We

did not have any borrowings outstanding under these credit lines as of December 31, 2013 or December 31, 2012. As of December 31, 2013 we were in compliance with the credit facility covenants. Upon closing of the TRI Pointe Transaction, our participation in the Revolving Credit Facility Agreement will expire. See *Note 23: Transaction Agreement with TRI Pointe Homes, Inc.* for additional information.

Table of Contents**NOTE 13: FAIR VALUE OF FINANCIAL INSTRUMENTS**

This note provides information about the fair value of our:

debt payable to third parties and

other financial instruments.

The estimated fair values and carrying values of our receivables and debt as of December 31, 2013 and December 31, 2012 were as follows:

## DOLLAR AMOUNTS IN THOUSANDS

	DECEMBER 31, 2013		DECEMBER 31, 2012	
	FAIR VALUE		FAIR VALUE	
	CARRYING	(LEVEL	CARRYING	(LEVEL
	VALUE	2)	VALUE	2)
Receivables	\$ 60,397	\$ 60,390	\$ 72,053	\$ 71,923
Debt payable to third parties	\$	\$	\$ 109,255	\$ 111,650

The fair value of our notes and contracts receivable is based on the discounted value of the expected future cash flows using current rates for similar receivables.

The fair value estimates for notes and contracts receivable and debt represent Level 2 valuations under the fair value hierarchy, as the inputs to these valuations are based on market data obtained from independent sources or information derived principally from observable market data.

To estimate the fair value of debt, we used the following valuation approaches:

market approach based on quoted market prices we received for the same types and issues of our debt; or

income approach based on the discounted value of the future cash flows using market yields for the same type and comparable issues of debt.

The inputs to these valuations are based on market data obtained from independent sources or information derived principally from observable market data. The difference between the fair value and the carrying value represents the theoretical net premium or discount we would pay or receive to retire all debt at the measurement date. Changes in market rates of interest affect the fair value of our fixed rate debt.

We believe that the carrying values of our cash, accounts receivable, deposits, accounts payable and accrued liabilities approximate fair value due to their short-term nature and liquidity, and our management has the ability to cancel our deposits on real estate under option or contract at any time.

More details about our debt are in *Note 12: Debt and Revolving Lines of Credit*.

**NOTE 14: WEYERHAEUSER EMPLOYEE BENEFIT PLANS**

We participate in several employee benefit arrangements sponsored by Weyerhaeuser.

This note provides details about our participation in Weyerhaeuser s:

qualified pension plan,

nonqualified pension plan,

postretirement benefit plan,

defined contribution plan and

deferred compensation plan.

FP-24

**Table of Contents*****WEYERHAEUSER QUALIFIED PENSION PLAN***

The Weyerhaeuser Pension Plan is a qualified pension plan under the Internal Revenue Code. Salaried employees receive benefits based on each employee's highest monthly earnings over five consecutive years during the final ten years of employment.

During the fourth quarter 2013, Weyerhaeuser ratified an amendment to the Weyerhaeuser Pension Plan that closes the plan to newly hired and rehired employees effective January 1, 2014. The change was announced in December 2013.

We have not recorded any liabilities associated with this plan; nor do we directly contribute to the plan. Weyerhaeuser is the plan sponsor and maintains both the plan and the related obligations. Our consolidated statement of operations includes allocated pension service cost and settlement or curtailment components of Weyerhaeuser's net periodic pension cost that are directly related to our employees. We reimburse Weyerhaeuser for these allocated costs on a monthly basis.

Our participation in the Weyerhaeuser qualified pension plan resulted in the following allocated charges:

## DOLLAR AMOUNTS IN THOUSANDS

	YEAR ENDED		
	DECEMBER 31, 2013	DECEMBER 31, 2012	DECEMBER 31, 2011
Allocated pension charges:			
Qualified pension service cost	\$ 3,758	\$ 3,264	\$ 2,891
Qualified pension curtailment			264
Total	\$ 3,758	\$ 3,264	\$ 3,155

The funded status of the Weyerhaeuser Pension Plan, EIN Pension Plan Number 91-0470860, is at least 80% based on the accumulated benefit obligation and the total plan assets as of December 31, 2013, 2012 and 2011. We have not made, and are not required to make, any contributions to the plan and have not had a surcharge imposed. No contributions were required for any of the periods presented above.

***WEYERHAEUSER NONQUALIFIED PENSION PLAN***

Weyerhaeuser's nonqualified pension plan provides additional pension benefits to a select group of employees based upon compensation levels, but is not a qualified plan under the Internal Revenue Code. Weyerhaeuser does not allocate costs of the nonqualified plan to us.

***WEYERHAEUSER POSTRETIREMENT BENEFIT PLAN***

Weyerhaeuser's postretirement benefit plan provides health care and life insurance benefits for certain retired employees. Eligibility for and our contribution toward these benefits depends on whether employees met retirement eligibility as of December 31, 2009. Further, effective July 1, 2012, salaried employees who were not eligible for retirement or who qualified but continued working past June 30, 2012, no longer have access to postretirement benefits. For the postretirement benefit plan, we are only charged for our portion of plan settlements and curtailments.

Weyerhaeuser did not have any postretirement plan settlements or curtailment charges for any of the periods presented above.

***WEYERHAEUSER DEFINED CONTRIBUTION PLAN***

Weyerhaeuser's defined contribution plan is a tax-qualified employee savings, retirement and profit sharing plan qualified under Section 401(k) of the Internal Revenue Code (the "401(k) Plan"). Under the 401(k) Plan, eligible employees may elect to defer a portion of their current compensation, up to certain statutorily prescribed annual limits, and make corresponding periodic contributions into the 401(k) Plan. We provide a match of a certain percentage of the employee's overall contribution.

We recognized the following defined contribution expense for the years ended December 31, 2013, 2012 and 2011:

\$1.5 million in 2013,

\$1.3 million in 2012 and

\$1.3 million in 2011.

**Table of Contents**

***WEYERHAEUSER DEFERRED COMPENSATION PLAN***

Certain employees are eligible to participate by either direct deferrals into the Weyerhaeuser Deferred Compensation Plan or through mandatory deferrals under the WRECO Management Short-Term Incentive Plan. Mandatory deferrals have a minimum deferral period for two years. Certain eligible employees may defer into stock equivalent units or interest bearing accounts. Stock equivalent units are liability-classified awards that are re-measured to fair value at each reporting date. We settle all deferred compensation accounts in cash.

Our accrued liability for deferred compensation was:

\$27.6 million as of December 31, 2013,

\$27.9 million as of December 31, 2012, and

\$28.4 million as of December 31, 2011.

The accrued liability for deferred compensation is included in accrued payroll liabilities on our consolidated balance sheet.

**NOTE 15: WEYERHAEUSER SHARE-BASED COMPENSATION**

Weyerhaeuser has certain share-based compensation plans for employees and key executive officers. Under these plans, Weyerhaeuser Company grants stock options, restricted stock units, and performance share units. Stock options entitle award recipients to purchase shares of Weyerhaeuser Company's common stock at a fixed exercise price. Restricted stock units and performance share units entitle the holder to shares of Weyerhaeuser Company stock as the award vests and, in the case of performance awards, as performance conditions are met.

Our share-based compensation expense for the years ended December 31, 2013, 2012 and 2011 was:

\$5.0 million in 2013

\$3.9 million in 2012 and

\$3.0 million in 2011.

As of December 31, 2013, our unrecognized share-based compensation cost was \$7.7 million related to nonvested equity-classified share-based compensation arrangements, which is expected to be recognized over a weighted-average period of approximately 2.4 years.

Our total income tax benefit from share-based awards for the years ended December 31, 2013, 2012 and 2011 was:

\$1.8 million in 2013,

\$1.4 million in 2012 and

\$1.1 million in 2011.

Tax benefits for share-based awards are accrued as stock compensation expense is recognized. Tax benefits on share-based awards are realized when:

restricted stock units vest,

performance share units vest and

stock options are exercised.

When actual tax benefits realized exceed the tax benefits accrued for share-based awards, we realize an excess tax benefit. We report the excess tax benefit of share-based awards as financing cash inflows rather than operating cash inflows in our consolidated statement of cash flows. Our excess tax benefits for the years ended December 31, 2013, 2012 and 2011 was:

\$2.1 million in 2013,

\$1.2 million in 2012 and

\$0.8 million in 2011.

FP-26

**Table of Contents****WEYERHAEUSER STOCK OPTIONS**

Stock option awards are granted with an exercise price equal to the market price of Weyerhaeuser Company's stock at the date of grant. Stock option awards generally vest ratably over four years of continuous service and have a 10-year contractual term. For awards granted in 2013, 2012 and 2011, awards will generally vest upon retirement for employees who retire at age 62 or older, but stop vesting for other voluntary terminations, including early retirement prior to age 62. The share-based compensation expense for individuals meeting the retirement eligibility requirements is recognized over a required service period that is less than the stated four-year vesting period.

We estimate the fair value of each stock option award on the date of grant using a Black-Scholes option valuation model.

The weighted average assumptions we used in estimating the value of stock options granted during the year ended December 31, 2013, 2012, and 2011 were as follows:

	2013 GRANTS	2012 GRANTS	2011 GRANTS
Expected volatility	38.00%	40.41%	38.56%
Expected dividends	2.23%	2.94%	2.48%
Expected term (in years)	4.97	5.33	5.73
Risk-free rate	0.92%	1.01%	2.65%
Weighted average grant date fair value	\$ 8.40	\$ 5.72	\$ 7.54

The expected volatility of Weyerhaeuser Company's stock was based on historical volatilities and implied volatility from traded options on Weyerhaeuser Company's stock. The expected term of the options was based on a Monte-Carlo simulation which considers optionee termination and exercise behaviors. The risk-free interest rate was based on the U.S. Treasury yield curve at the time of grant over a period matching the expected term of the option.

The following table shows our stock option unit activity for the year ended December 31, 2013:

	OPTIONS (IN THOUSANDS)	WEIGHTED AVERAGE EXERCISE PRICE	WEIGHTED REMAINING AVERAGE CONTRACTUAL TERM (IN YEARS)	AGGREGATE INTRINSIC VALUE (IN THOUSANDS)

**Table of Contents*****WEYERHAEUSER RESTRICTED STOCK UNITS***

Restricted stock unit awards are granted with a fair value equal to the market price of Weyerhaeuser Company's stock at the date of grant. Restricted stock unit awards generally vest ratably over four years of continuous service. Award provisions require an accelerated vesting schedule in the event of retirement eligibility or involuntary termination. As restricted stock units vest, a portion of the shares awarded is withheld to cover employee taxes. As a result, the number of restricted stock units vested and the number of Weyerhaeuser common shares issued will differ.

The following table shows our restricted stock unit activity for the year ended December 31, 2013:

		WEIGHTED AVERAGE STOCK UNITS GRANT-DATE (IN THOUSANDS) FAIR VALUE
Nonvested at December 31, 2012	206	\$ 22.05
Granted	112	\$ 30.55
Vested	(63)	\$ 22.28
Forfeited	(8)	\$ 26.06
Nonvested at December 31, 2013	247	\$ 25.70

Nonvested restricted stock units accrue dividends that are paid out by Weyerhaeuser when restricted stock units vest. Any restricted stock units forfeited will not receive dividends.

***WEYERHAEUSER PERFORMANCE SHARE UNITS***

As part of our long-term incentive compensation strategy intended to tie executive compensation more closely to company performance, we granted a target number of performance share units to select executives in 2013, 2012 and 2011. These share-based awards will be paid in the form of shares of Weyerhaeuser Company stock to the extent earned through Weyerhaeuser Company performance against financial goals over a four-year vesting period. Performance share unit awards generally vest 50 percent, 25 percent and 25 percent on the second, third and fourth anniversaries of the grant date, respectively, as long as the participant remains employed by the company. Awards are forfeited upon termination of employment, except in the event of involuntary termination or retirement where award provisions require an accelerated vesting schedule based on the length of employment after grant date. As performance share units vest, a portion of the shares awarded will be withheld to cover employee taxes. As a result, the number of performance share units vested and the number of Weyerhaeuser common shares issued will differ.

The weighted average assumptions we used in estimating the value of performance share units granted during the years ended December 31, 2013, 2012 and 2011 were as follows:

	2013 GRANTS		2012 GRANTS		2011 GRANTS	
Performance period	1/1/2013	12/31/2014	1/1/2012	12/31/2013	1/1/2011	12/31/2012

**Table of Contents**

The following table shows our performance share unit activity for the year ended December 31, 2013:

	GRANTS (IN THOUSANDS)			TOTAL	WEIGHTED

					GRANT-DATE

Performance adjustment	6	3		9	\$ 28.70
Nonvested at December 31, 2013	18	17	7	42	\$ 26.86

For 2013, 2012 and 2011 grants, the number of shares earned is based on financial metrics related to Weyerhaeuser Company cash flows and total shareholder return (TSR).

For 2013 grants, Weyerhaeuser exceeded the cash flow target, resulting in an initial number of shares earned equal to 150 percent of target. The ultimate number of performance shares earned may be adjusted when the Weyerhaeuser TSR performance period is completed. The Weyerhaeuser TSR component could modify the initial number of shares earned up or down by 20 percent.

For 2012 grants, Weyerhaeuser exceeded the cash flow target, resulting in an initial number of shares earned equal to 122 percent of target. Because Weyerhaeuser's two-year TSR ranking was between the 50<sup>th</sup> and 75<sup>th</sup> percentile, the initial number of shares granted increased by 17 percent.

For 2011 grants, Weyerhaeuser exceeded the cash flow target, resulting in an initial number of shares earned equal to 105 percent of target. Because Weyerhaeuser's two-year TSR ranking was greater than the 75<sup>th</sup> percentile, the initial number of shares granted increased by 20 percent.

**NOTE 16: COMMITMENTS AND CONTINGENT LIABILITIES****LEGAL PROCEEDINGS**

We are party to various legal proceedings arising in the ordinary course of business; however, we are not currently a party to any legal proceeding that management believes could have a material adverse effect on our long-term consolidated financial position, results of operations or cash flows.

**Table of Contents**

We, and one of our subsidiaries, along with its joint venture members and their respective parent companies, were defendants in lawsuits litigated in Nevada. The plaintiffs (lender groups and one joint venture member) sought damages on the basis of enforcement of guaranties and other related claims regarding South Edge, LLC (South Edge), a large Nevada-based land acquisition and residential development venture. South Edge was put into involuntary bankruptcy by the lenders in February 2011. In October 2011, a plan of reorganization for South Edge was confirmed by the bankruptcy court. The confirmed plan of reorganization provided for the formation of a new joint venture, Inspirada Builders, LLC (Inspirada), a cash settlement to the lenders and the developer, acquisition of land by Inspirada, and settlement of all claims against us and other settling members of the joint ventures by the plaintiffs. Inspirada continues to hold title to the land, which is expected to be distributed to the individual members. We also recorded an investment in Inspirada based on the estimated fair value of the land we expect to receive. We recognized increases to earnings of \$0.9 million in the year ended December 31, 2013, \$2.1 million in the year ended December 31, 2012 and \$6.5 million in the year ended December 31, 2011 as a result of reversing previous accruals for this matter and recognizing the value of land expected to be received from the settlement, which are reflected as a reduction of costs and expenses for land and lots in the accompanying consolidated statement of operations. During 2011, we made payments of \$32.1 million in settlement of these claims, which had been fully accrued in a prior year.

***OPERATING LEASES***

We have operating leases for:

office space, other buildings and equipment;

model homes; and

real estate ground leases.

***Office Space, Buildings and Equipment***

Our rent expense for office space, buildings and equipment for the years ended December 31, 2013, 2012 and 2011 was:

\$5.1 million in 2013,

\$5.4 million in 2012 and

\$5.7 million in 2011

Our operating lease commitments for office space and other buildings and equipment for the next five years and thereafter were as follows:

**Table of Contents*****Model Homes***

As part of our model home activities, we sell selected model homes to third parties at fair value and lease them back at market lease payments for periods approximating six months to three years.

Our rent expense for model homes for the years ended December 31, 2013, 2012 and 2011 was:

\$0.7 million in 2013,

\$0.9 million in 2012 and

\$2.1 million in 2011.

As of December 31, 2013, our only model home lease commitments were \$74,000 payable in 2014.

***Ground Leases***

In 1987, we obtained two 55-year ground leases of commercial property that provided for three renewal options of ten years each and one 45-year renewal option. We exercised the three 10-year extensions on one of these ground leases extending the lease through 2071. The commercial buildings on these properties have been sold and the ground leases have been sublet to the buyers.

For one of these leases, we are responsible for making lease payments to the land owner, and we collect sublease payments from the buyers of the buildings. Our lease commitments under this ground lease, which extends through 2071, were:

DOLLAR AMOUNTS IN THOUSANDS		AS OF
		DECEMBER 31, 2013
2014	\$	2,198
2015		2,198
2016		2,198
2017		2,198
2018		2,198
Thereafter		80,757

This ground lease has been subleased through 2041 to the buyers of the commercial buildings. Our lease commitments through 2041 total \$61.5 million as of December 31, 2013, and are fully offset by sublease receipts under the noncancellable subleases.

For the second lease, the buyers of the buildings are responsible for making lease payments directly to the land owner. However, we have guaranteed the performance of the buyers/lessees. As of December 31, 2013, guaranteed future payments on the lease, which expires in 2041, were \$11.8 million.

**Table of Contents****LETTERS OF CREDIT AND SURETY BONDS**

Our contingent liabilities are customary for a contractor to satisfactorily complete construction projects. In the normal course of business, we provide standby letters of credit and performance bonds as security that we will fulfill our contractual obligations. The amounts of letters of credit and surety bonds we had entered into as of December 31, 2013 and 2012 were:

	DECEMBER 31, 2013	DECEMBER 31, 2012
Letters of credit	\$ 4,316	\$ 4,165
Surety bonds	\$ 280,550	\$ 261,484

Estimated costs to complete the work covered by the surety bonds as of December 31, 2013 were approximately \$118 million.

**NOTE 17: OTHER ACCRUED LIABILITIES**

Other accrued liabilities were comprised of the following:

	DECEMBER 31, 2013	DECEMBER 31, 2012
Estimated cost for completion	\$ 53,160	\$ 33,567
Warranty reserves	24,449	24,485
Customer deposits	13,432	7,664
Other	28,261	28,289
<b>Total</b>	<b>\$ 119,302</b>	<b>\$ 94,005</b>

Estimated cost for completion reflects an accrual for future development costs. As discussed in *Note 1: Summary of Significant Accounting Policies - Inventory*, land and lot development costs allocated to inventory and expensed as the sale of inventory closes and delivery occurs includes an allocation of future development costs expected to be incurred over the life of a community. If total costs expensed through cost of sales for a community exceed actual costs incurred to date, an accrual is required and is recorded as estimated cost for completion.

Warranty reserves are accrued as home deliveries occur. Our warranty reserves on homes delivered will vary based on product type and geographic area and also depending on state and local laws. The warranty reserve is included in other accrued liabilities on our consolidated balance sheet and represents expected future costs based on our historical experience over previous years. Estimated warranty costs are charged to cost and expenses in the period in which the related single-family home sales revenue is recognized. The change in our warranty reserves were:

DOLLAR AMOUNTS IN THOUSANDS

We carry insurance that covers certain warranty expenditures at Pardee. We record expected recoveries from insurance carriers when proceeds are probable and estimable. Outstanding insurance recoveries receivable, a portion of which relates to the warranty liability, were \$12.5 million as of December 31, 2013 and \$13.7 million as of December 31, 2012. Warranty receivables can be found in *Note 4: Receivables*.

**NOTE 18: SHAREHOLDER S INTEREST**

This note provides details about our preferred shares and common shares.

***PREFERRED SHARES***

We had no preferred shares outstanding as December 31, 2013. However, we have authorization to issue 10 million preferred shares with a par value of \$1.00 per share. We may issue preferred shares at one time or through a series of offerings. The shares may have varying rights that can include:

the dividend rates,

redemption rights,

amount payable upon voluntary or involuntary liquidation,

sinking fund provisions,

conversion terms and

voting rights

When issued, the outstanding preferred shares rank senior to outstanding common shares. That means preferred shares would receive dividends and assets available on liquidation before any payments are made to common shares.

***COMMON SHARES***

After reflecting the stock split, we had 100 million common shares issued and outstanding December 31, 2013 and December 31, 2012 with a par value of \$0.04 per share. No common share dividends have been declared by our Board of Directors during the three years ended December 31, 2013.

***CUMULATIVE OTHER COMPREHENSIVE INCOME***

We had no cumulative other comprehensive income during the three years ended December 31, 2013.

**NOTE 19: REAL ESTATE IMPAIRMENTS AND CHARGES**

The following table shows our real estate impairments and charges:

**Table of Contents**

Impairments of homebuilding assets and related charges relate primarily to projects or communities held for development. Within a community that is held for development, there may be individual homes or parcels of land that are currently held for sale. Impairment charges recognized as a result of adjusting individual held-for-sale assets within a community to estimated fair value less cost to sell are also included in the total impairment charges above.

The homebuilding impairment charge in 2013 is primarily related to the impairment of the Coyote Springs Property. Under the terms of the TRI Pointe Transaction, certain assets and liabilities of WRECO and its subsidiaries will be excluded from the transaction and retained by Weyerhaeuser, including assets and liabilities relating to the Coyote Springs Property. See *Note 23: Transaction Agreement with TRI Pointe Homes, Inc.* During the fourth quarter of 2013, following the announcement of the TRI Pointe Transaction, WRECO and Weyerhaeuser began exploring strategic alternatives for the Coyote Springs Property and determined that Weyerhaeuser's strategy for development of the Coyote Springs Property will likely differ from WRECO's current development plan. WRECO's development plan was long-term in nature with development and net cash flows covering at least 15-20 years. The undiscounted cash flows for the Coyote Springs Property under the WRECO development plan remained above the carrying value of the property. Weyerhaeuser's strategy is to cease holding the Coyote Springs Property for development and to initiate activities in the near-term to market the assets to potential third-party buyers. The undiscounted cash flows under the Weyerhaeuser asset sale strategy were below the carrying value of the property. Consequently, WRECO recognized a non-cash charge of \$343.3 million in the fourth quarter of 2013 for the impairment of the Coyote Springs Property.

The homebuilding impairment charge in 2011 was primarily related to the impairment of two individual communities. A \$2.0 million impairment at Maracay was triggered by price reductions in a community in response to local market conditions. A \$6.1 million impairment at Quadrant was triggered by slower than expected new orders in a community as a result of local market conditions and management's decision to market the community for sale.

In addition to owning land and residential lots, we also have option agreements to purchase land and lots at a future date. We have option deposits and capitalized pre-acquisition costs associated with the optioned land and lots. When the economics of a project no longer support acquisition of the land or lots under option, we may elect not to move forward with the acquisition. Option deposits and capitalized pre-acquisition costs associated with the assets under option may be forfeited at that time. Charges for such forfeitures are reported as write-off of pre-acquisition costs.

The following table provides information about our homebuilding assets with impairments:

## DOLLAR AMOUNTS IN THOUSANDS

Significant other observable inputs (Level 2)	\$ 1,528	\$ 1,184	\$ 4,722

Total adjusted book value as of the end of the year	\$ 21,528	\$ 1,184	\$ 18,703

Total impairment charges include impairments of certain assets that were disposed of during the period. Impaired book values at December 31, 2013, 2012 and 2011, only include assets that were impaired during the period and that remain on our balance sheet as of the end of the period.

We use the market approach to determine fair value of our assets when information for comparable assets is available. This approach is commonly used for completed inventory and individual assets for sale. We typically use:

sales prices for comparable assets,

market studies,

appraisals, or

legitimate offers.

FP-34

**Table of Contents**

We generally use the income approach to determine fair value of real estate for our inactive projects and assets in process of development. The fair value measurement is based on the value indicated by current market expectations regarding future estimated cash inflows and outflows.

The significant unobservable inputs considered in our Level 3 valuations include discounted future cash flows of the projects. We use present value techniques based on discounting the estimated cash flows using a rate commensurate with the inherent risk associated with the assets and related estimated cash flow streams. The estimated future cash flows are affected by community-specific factors that include:

estimates and timing of future revenues;

estimates and timing of future land development, materials, labor and contractor costs;

community location and desirability, including availability of schools, retail, mass transit and other services;

local economic and demographic trends regarding employment, new jobs and taxes;

competitor presence, product types, future competition, pricing, incentives and discounts; and

land availability, number of lots we own or control, entitlement restrictions and alternative uses.

The estimated fair value of the Coyote Springs Property that was impaired during 2013 was primarily based on an independent appraisal that was determined using both other observable inputs (Level 2) related to other market transactions and significant unobservable inputs (Level 3) such as the timing and amounts of future cash flows related to the development of the property, timing and amounts of proceeds from acreage sales, access to water for use on the property and discount rates applicable to the future cash flows. The discount rate applied to the estimated future cash flow projections was 25 percent.

There were no Level 3 valuations in 2012. Discount rates applied to the estimated future cash flows of our homebuilding assets in 2011 ranged from 15 percent to 18 percent.

**NOTE 20: CHARGES FOR RESTRUCTURING**

Restructuring costs and expenses include costs incurred in connection with the pending TRI Pointe Transaction and costs incurred in connection with general cost reduction initiatives. Restructure costs were comprised of the following:

**NOTE 22: INCOME TAXES**

This note provides details about our income taxes applicable to continuing operations:

method used for allocating income taxes,

earnings before income taxes,

provision for income taxes,

effective income tax rate,

deferred tax assets and liabilities, and

unrecognized tax benefits.

***METHOD USED FOR ALLOCATING INCOME TAXES***

Income taxes are allocated to us using the pro rata method, which means our tax provisions and resulting income tax receivable from or payable to Weyerhaeuser NR Company represent the income tax amounts allocated to us on pro rata share method based upon our actual results. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between financial statement carrying amounts of assets and liabilities and their respective tax bases and for operating loss and tax credit carryforwards which exist for Weyerhaeuser NR Company and are attributable to our operations.

If we were to calculate income taxes using the separate return method, there would be no change to our income tax provision, and our balance sheet as of December 31, 2013 would reflect \$0.5 million less deferred tax asset due to utilization of federal credit carryovers on a separate return basis that have not yet been utilized on a consolidated return basis. Our balance sheet at December 31, 2012 would reflect an additional deferred tax asset in the amount of \$17 million on a separate return basis for federal net operating losses and credit carryforwards. The difference in the deferred tax asset calculated under the separate return method would be recorded as an adjustment to capital for the hypothetical dividend in 2013 or contribution in 2012 for the difference between the amount received under the tax allocation agreement and the hypothetical settlement based on the separate return method. With the exception of the valuation allowance discussed below, we believe it is more likely than not that we will have sufficient future taxable income on a separate return basis in order to fully realize our deferred tax assets.

Deferred tax assets and liabilities reflect temporary differences between pretax book income and taxable income using presently enacted tax rates and laws. Deferred tax assets represent tax benefits that have already been recorded for book purposes but will be recorded for tax purposes in the future. Deferred tax liabilities represent income that has been recorded for book purposes but will be reported as taxable income in the future.

**OTHER INFORMATION ABOUT OUR DEFERRED TAX ASSETS (LIABILITIES)**

Other information about our deferred income tax assets (liabilities) include:

net operating loss carryforwards and

valuation allowance

**Net Operating Loss Carryforwards**

As of December 31, 2013, our state net operating loss carryforward was \$34.0 million, which will expire between 2014 through 2033.

**Valuation Allowance**

We believe it is more likely than not that we will have sufficient future taxable income to realize our deferred tax assets, with the exception of \$8.3 million in state net operating losses for which we have recorded a valuation allowance as of December 31, 2013. The valuation allowance decreased \$11.7 million from the amount reported in

2012 due to the expiration of certain state net operating loss carryforwards. We file either separate or unitary state income tax returns.

***UNRECOGNIZED TAX BENEFITS***

Unrecognized tax benefits represent potential future obligations to taxing authorities if uncertain tax positions we have taken on previously filed tax returns are not sustained. These amounts represent the gross amount of exposure in individual jurisdictions and do not reflect any additional benefits expected to be realized if such positions were not sustained, such as the federal deduction that could be realized if an unrecognized state deduction was not sustained. We have no unrecognized tax benefits as of December 31, 2013 or 2012.

FP-39

**Table of Contents**

In accordance with our accounting policy, we would accrue interest and penalties related to unrecognized tax benefits as a component of income tax expense.

As of December 31, 2012, our parent, Weyerhaeuser NR Company's 2008-2010 consolidated federal income tax returns were under examination. The examination was completed during 2013.

**NOTE 23: TRANSACTION AGREEMENT WITH TRI POINTE HOMES, INC.**

On June 16, 2013, Weyerhaeuser announced its Board of Directors authorized the exploration of strategic alternatives with respect to WRECO. The Board indicated that it intended to consider a broad range of alternatives including, but not limited to, continuing to operate WRECO, or a merger, sale or spin-off of the business.

On November 4, 2013, Weyerhaeuser announced that they had entered into a transaction agreement dated as of November 3, 2013, with TRI Pointe Homes, Inc. ( TRI Pointe ). Pursuant to the transaction agreement, WRECO will be divested through a Reverse Morris Trust transaction and ultimately become a wholly owned subsidiary of TRI Pointe.

Under the terms of the transaction agreement with TRI Pointe, certain assets and liabilities of WRECO and its subsidiaries will be excluded from the TRI Pointe Transaction and retained by Weyerhaeuser, including assets and liabilities relating to the Coyote Springs Property. Weyerhaeuser will indemnify WRECO for costs incurred in connection with the transfer of the Coyote Springs Property from WRECO to Weyerhaeuser.

The Coyote Springs Property involves operating agreements with multiple counterparties. In connection with the Coyote Springs Property, WRECO owns 10,686 lots and has an additional 56,413 lots under control through an option agreement. The total book value of assets related to the Coyote Springs Property was approximately \$20.0 million as of December 31, 2013. The book value of inventory related to the Coyote Springs Property on the accompanying consolidated balance sheet is included in land held for future use in *Note 5: Inventory*, as home construction, sale and related residential development of this property has been delayed pending further market recovery.

Upon close of the TRI Pointe Transaction, which is expected to occur in the second quarter of 2014, our participation in the Revolving Credit Facility Agreement, under which we may currently borrow up to \$50.0 million jointly with Weyerhaeuser, and our promissory note due to Weyerhaeuser will expire. See *Note 11: Relationship and Transactions with Weyerhaeuser* and *Note 12: Debt and Revolving Lines of Credit* for additional information.

**NOTE 24: DISCONTINUED OPERATIONS**

On October 31, 2013, our wholly owned subsidiary, Weyerhaeuser Realty Investors, Inc. (WRI), was sold to Weyerhaeuser NR Company. The assets, liabilities as of December 31, 2012 and results of operations for WRI for all periods presented have been recorded as discontinued operations in the accompanying consolidated financial statements. Cash flows of WRI remain fully consolidated in the accompanying consolidated statement of cash flows.

During 2013, WRI received tax payments of \$15.5 million from Weyerhaeuser. On October 31, 2013, Weyerhaeuser NR acquired WRI for \$3.6 million, which represents the estimated fair value of WRI based on a discounted cash flow analysis. The purchase price was recorded as a reduction in our debt payable to Weyerhaeuser. The sale of WRI resulted in a net gain to WRECO of approximately \$1.9 million, which was recognized in the fourth quarter of 2013.

SECTION 1.05. Consents and Governmental Approvals. (a) Subject to Section 1.05(c), to the extent that the assignment, transfer, conveyance or delivery of any Transferred REB Asset to WRECO or a WRECO Subsidiary or of any Transferred Excluded Asset to Weyerhaeuser or a Weyerhaeuser Subsidiary (other than WRECO or any WRECO Subsidiary) in connection with the REB Transfers would constitute a violation of applicable Law, or would require a Consent or Governmental Approval that has not been obtained or made prior to the REB Transfer Time, then the assignment, transfer, conveyance or delivery of such Transferred REB Asset or Transferred Excluded Asset (collectively, the Delayed Transfer Assets ) will automatically be deferred, and no such assignment, transfer, conveyance or delivery will occur, until all legal impediments are removed or such Consents or Governmental Approvals have been obtained or made with respect to the applicable Delayed Transfer Assets. Notwithstanding such deferral of the assignment, transfer, conveyance and delivery of the Delayed Transfer Assets, any Delayed Transfer Asset will still be considered an REB Asset or Excluded Asset, as the case may be, and from the REB Transfer Time until the consummation of assignment, transfer, conveyance and delivery of such Delayed Transfer Asset, Weyerhaeuser or the applicable Weyerhaeuser Subsidiary (other than WRECO or any WRECO Subsidiary) shall hold any Transferred REB Assets that are Delayed Transfer Assets in trust for the use and benefit, insofar as reasonably practicable, of WRECO or the applicable WRECO Subsidiary at the sole expense of WRECO or the applicable WRECO Subsidiary, and WRECO or the applicable WRECO Subsidiary shall hold any Transferred Excluded Assets that are Delayed Transfer Assets in trust for the use and benefit, insofar as reasonably practicable, of

Weyerhaeuser or the applicable Weyerhaeuser Subsidiary (other than WRECO or any WRECO Subsidiary) at the sole expense of Weyerhaeuser or the applicable Weyerhaeuser Subsidiary. Weyerhaeuser shall use commercially reasonable efforts to develop and implement arrangements to place WRECO and the WRECO Subsidiaries and Weyerhaeuser and the Weyerhaeuser Subsidiaries (other than WRECO and the WRECO Subsidiaries), as the case may be, insofar as reasonably practicable, in the same position as if the Delayed Transfer Assets had been assigned, transferred, conveyed and delivered and so that all the benefits and burdens relating to such Delayed Transfer Assets, including possession, use, risk of loss, potential for gain, and dominion, control and command over such asset, inure from and after the REB Transfer Time to WRECO and the WRECO Subsidiaries, in the case of Transferred REB Assets that are Delayed Transfer Assets, or to Weyerhaeuser and the Weyerhaeuser Subsidiaries (other than WRECO and the WRECO Subsidiaries), in the case of Transferred Excluded Assets that are Delayed Transfer Assets. If and when the legal impediments, Consents or Governmental Approvals, the presence or the absence of which caused the deferral of the assignment, transfer, conveyance and delivery of any Delayed Transfer Assets pursuant to this Section 1.05(a), are removed, obtained or made, as the case may be, the assignment, transfer, conveyance and delivery of the applicable Delayed Transfer Asset shall be promptly effected in accordance with the terms of this Agreement and the other applicable Transaction Documents, without the payment of additional consideration. On the Closing Date, Weyerhaeuser shall use its reasonable best efforts to deliver to Parent (for information purposes only) a schedule setting forth all material Delayed Transfer Assets existing as of the Closing Date.

(b) Subject to Section 1.05(c), to the extent that the assumption of any Assumed REB Liability by WRECO or a WRECO Subsidiary or of any Assumed Excluded Liability by Weyerhaeuser or a Weyerhaeuser Subsidiary (other than WRECO or any WRECO Subsidiary) in connection with the REB Transfers would constitute a violation of applicable Law, or would require a Consent or Governmental Approval that has not been obtained or made prior to the REB Transfer Time, then the assumption of such Assumed REB Liability or Assumed Excluded Liability (collectively, the Delayed Transfer Liabilities ) will automatically be deferred, and no such assumption will occur, until all legal impediments are removed or such Consents or Governmental Approvals have been obtained or made with respect to the applicable Delayed Transfer Liability. Notwithstanding such deferral of the assumption of the Delayed Transfer Liabilities, any Delayed Transfer Liability will still be considered an REB Liability or Excluded Liability, as the case may be, and from the REB Transfer Time until the consummation of the assumption of such Delayed Transfer Liability, Weyerhaeuser or the applicable Weyerhaeuser Subsidiary (other than WRECO or any WRECO Subsidiary) shall hold any Assumed REB Liabilities that are Delayed Transfer Liabilities in trust for the use and benefit, insofar as reasonably practicable, of WRECO or the applicable WRECO Subsidiary at the sole expense of WRECO or the applicable WRECO Subsidiary, and WRECO or the applicable WRECO Subsidiary shall hold any Assumed Excluded Liabilities that are Delayed Transfer Liabilities in trust for the use and benefit, insofar as reasonably practicable, of Weyerhaeuser or the applicable Weyerhaeuser Subsidiary (other than WRECO or any WRECO Subsidiary) at the sole expense of Weyerhaeuser or the applicable Weyerhaeuser Subsidiary. Weyerhaeuser shall use commercially reasonable efforts to develop and implement arrangements to place WRECO and the WRECO Subsidiaries and Weyerhaeuser and the Weyerhaeuser Subsidiaries (other than WRECO and the WRECO Subsidiaries), as the case may be, insofar as reasonably practicable, in

the same position as if the Delayed Transfer Liabilities had been assumed and so that all the benefits and burdens relating to such Delayed Transfer Liabilities inure from and after the REB Transfer Time to WRECO and the WRECO Subsidiaries, in the case of Assumed REB Liabilities that are Delayed Transfer Liabilities, or to Weyerhaeuser and the Weyerhaeuser Subsidiaries (other than WRECO and the WRECO Subsidiaries), in the case of Assumed Excluded Liabilities that are Delayed Transfer Liabilities. If and when the legal impediments, Consents or Governmental Approvals, the presence or the absence of which caused the deferral of the assumption of any Delayed Transfer Assets pursuant to this Section 1.05(b), are removed, obtained or made, as the case may be, the assumption of the applicable Delayed Transfer Liability shall be promptly effected in accordance with the terms of this Agreement and the other applicable Transaction Documents, without the payment of additional consideration. On the Closing Date, Weyerhaeuser shall use its reasonable best efforts to deliver to Parent (for information purposes only) a schedule setting forth all material Delayed Transfer Liabilities existing as of the Closing Date.

(c) Notwithstanding any provision in Section 1.05(a) or Section 1.05(b) to the contrary, Weyerhaeuser or WRECO may elect at any time after the Effective Time to require the immediate assignment, transfer, assumption, conveyance or delivery of any Delayed Transfer Asset or any Delayed Transfer Liability notwithstanding any requirement that an immaterial Consent or an immaterial Governmental Approval be obtained; provided, however, that (i) if WRECO so elects to require the immediate assignment, transfer, assumption, conveyance or delivery of any such Delayed Transfer Assets or such Delayed Transfer Liabilities, any Liability arising from such assignment, transfer, assumption, conveyance or delivery will be deemed to be REB Liabilities, (ii) if Weyerhaeuser so elects to require the immediate assignment, transfer, assumption, conveyance or delivery of any such Delayed Transfer Assets or such Delayed Transfer Liabilities, any Liability arising from such assignment, transfer, assumption, conveyance or delivery will be deemed to be Excluded Liabilities and (iii) if WRECO and Weyerhaeuser jointly agree to the immediate assignment, transfer, assumption, conveyance or delivery of any such Delayed Transfer Assets or such Delayed Transfer Liabilities, any Liability arising from such assignment, transfer, assumption, conveyance or delivery will be shared equally between WRECO and Weyerhaeuser and, notwithstanding any provision in Section 12.04 to the contrary, the defense of any Third Party Claim relating thereto shall be jointly managed by WRECO and Weyerhaeuser.

(d) For a period of three years after the REB Transfer Time, subject to Section 1.05(f), (i) each of Weyerhaeuser and WRECO shall, and shall cause its Subsidiaries to, use reasonable best efforts to remove all legal impediments to and obtain all required Consents and Governmental Approvals for the assignment, transfer, conveyance and delivery of the Transferred REB Assets and the Transferred Excluded Assets as contemplated by Section 1.02 as promptly as practicable and (ii) each of Weyerhaeuser and WRECO shall, and shall cause its Subsidiaries to, use reasonable best efforts to remove all legal impediments to and obtain all required Consents and Governmental Approvals for the assumption of the Assumed REB Liabilities and the Assumed Excluded Liabilities as contemplated by Section 1.02 as promptly as practicable.
