MANAGEMENT INFORMATION CIRCULAR

SOLICITATION OF PROXIES

This management information circular (the Information Circular) and accompanying form of proxy (the Proxy) are furnished in connection with the solicitation of proxies by or on behalf of management of North American Energy Partners Inc. (the Corporation , NAEP , our or we) for use at the annual meeting (the Meeting) of holders of common shares of the Corporation (the NAEP Shareholders) held at the head office of the Corporation at Suite 300, 18817 Stony Plain Road, Edmonton, Alberta on the 14th day of May, 2014, at 3:00 p.m. (Mountain Time), and at any adjournments thereof, for the purposes set forth in the accompanying notice of meeting, dated April 8, 2014 (the Notice of Meeting).

It is expected that the solicitation will be primarily by mail. Proxies may also be solicited personally by officers of the Corporation at nominal cost. The cost of this solicitation will be borne by the Corporation. The Corporation may pay the reasonable costs incurred by persons who are the registered but not beneficial owners of voting shares of the Corporation (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this Information Circular, the Notice of Meeting and Proxy to the beneficial owners of such shares. The Corporation will provide, without cost to such persons, upon request to the Secretary of the Corporation, additional copies of the foregoing documents required for this purpose.

For the purposes of the Meeting, the Corporation is not: (a) relying on the notice and access rules to allow it to make certain proxy-related materials available on the internet rather than mailing such materials directly to registered shareholders and indirectly to non-registered shareholders; or (b) mailing proxy-related materials directly to non-registered shareholders who have not waived the right to receive them. The Corporation intends to pay for proximate intermediaries (as defined in National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*) to send proxy-related materials and Form 54-107F7 *Request for Voting Instructions Made by Intermediary* to non-registered shareholders who have waived the right to receive them.

The Notice of Meeting, Proxy and this Information Circular will be mailed to NAEP Shareholders commencing on or about April 16, 2014. In this Information Circular, except where otherwise indicated, all dollar amounts are expressed in Canadian currency.

No person has been authorized by the Corporation to give any information or make any representations in connection with the matters contained herein other than those contained in this Information Circular and, if given or made, any such information or representation must not be relied upon as having been authorized by the Corporation.

This Information Circular does not constitute an offer or a solicitation to any person in any jurisdiction in which such offer or solicitation is unlawful.

RECORD DATE

The record date (the Record Date) for determining which NAEP Shareholders shall be entitled to receive notice of and to vote at the Meeting is April 4, 2014. Only NAEP Shareholders of record as of the Record Date are entitled to receive notice of and to vote at the Meeting, unless after the Record Date such shareholder of record transfers its shares and the transferee (the Transferee), upon establishing that the Transferee owns such shares, requests in writing at least 10 days prior to the Meeting or any adjournments thereof that the Transferee may have his, her or its name included on the list of NAEP Shareholders entitled to vote at the Meeting, in which case the Transferee is entitled to vote such shares at the Meeting. Such written request by the Transferee shall be filed with Computershare Investor Services Inc., 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, together with a copy to the Secretary of the Corporation at Suite 300, 18817 Stony Plain Road, Edmonton, Alberta, T5S 0C2.

Under normal conditions, confidentiality of voting is maintained by virtue of the fact that the Corporation's transfer agent tabulates proxies and votes. However, such confidentiality may be lost as to any proxy or ballot if a question arises as to its validity or revocation or any other like matter. Loss of confidentiality may also occur if the Board of Directors decides that disclosure is in the interest of the Corporation or its shareholders.

APPOINTMENT OF PROXYHOLDERS

The persons named in the accompanying Proxy as proxyholders are representatives of management of NAEP. **Every NAEP Shareholder has the right to appoint a person or company to represent them at the Meeting other than the persons named in the accompanying Proxy. A NAEP Shareholder desiring to appoint some other person (who need not be a shareholder of NAEP) to represent him, her or it at the Meeting, may do so either by striking out the printed names and inserting the desired person's name in the blank space provided in the Proxy or by completing another proper proxy and, in either case, delivering the completed proxy to our transfer agent Computershare Investor Services Inc., (i) by mail using the enclosed return envelope or one addressed to Computershare Investor Services Inc., Proxy Department, 135 West Beaver Creek, P.O. Box 300, Richmond Hill, Ontario, L4B 4R5, or (ii) by hand delivery to Computershare Investor Services Inc., 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1. Alternatively, you may vote electronically by telephone (1-866-732-8683) or internet (www.investorvote.com) by following the instructions on the enclosed form of proxy. Your proxy or voting instructions must be received in each case no later than 3:00 p.m. (Mountain Time), on May 12, 2014 and if the Meeting is adjourned, no later than 48 hours (excluding Saturdays and holidays) prior to the commencement of any adjournment thereof. A Proxy must be signed by a NAEP Shareholder or its attorney duly authorized in writing or, if a NAEP Shareholder is a corporation, by a duly authorized officer, attorney or other authorized signatory of the NAEP Shareholder. If a proxy is given by joint shareholders, it must be executed by all such joint shareholders.**

Table of Contents

VOTING OF PROXIES

If a Proxy is completed, signed and delivered to the Corporation in the manner specified above, the persons named as proxyholders therein shall vote or withhold from voting the shares in respect of which they are appointed as proxyholders at the Meeting, in accordance with the instructions of the NAEP Shareholder appointing them, on any show of hands or any ballot that may be called for and, if the NAEP Shareholder specifies a choice with respect to any matter to be acted upon at the Meeting, the persons appointed as proxyholders shall vote in accordance with the specification so made. **In the absence of such specification, or if the specification is not certain, the shares represented by such Proxy will be voted in favour of the matters to be acted upon as specified in the Notice of Meeting.**

A Proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and all other matters which may properly come before the Meeting or any adjournments thereof. As of the date of this Information Circular, the Board of Directors of the Corporation knows of no such amendments, variations or other matters to come before the Meeting, other than matters referred to in the Notice of Meeting. However, if amendments, variations or other matters should properly come before the Meeting, the Proxy will be voted on such amendments, variations and other matters in accordance with the best judgment of the person or persons voting such Proxy.

REVOCABILITY OF PROXY

Any NAEP Shareholder returning an enclosed Proxy may revoke the same at any time insofar as it has not been exercised. In addition to revocation in any other manner permitted by law, a Proxy may be revoked by instrument in writing executed by the NAEP Shareholder or by his, her or its attorney authorized in writing or, if the NAEP Shareholder is a corporation, by an officer or attorney thereof duly authorized, and deposited at the registered office of the Corporation to the attention of the Secretary of the Corporation, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or with the chairperson of the Meeting, prior to the commencement of the Meeting. A NAEP Shareholder attending the Meeting has the right to vote in person and, if he, she or it does so, his, her or its proxy is nullified with respect to the matters such person votes upon and any subsequent matters thereafter to be voted upon at the Meeting or any adjournment thereof.

ADVICE TO BENEFICIAL HOLDERS OF COMMON SHARES

The information set forth in this section is of significant importance to many NAEP Shareholders, as a substantial number of NAEP Shareholders do not hold common shares of the Corporation (NAEP Common Shares) in their own name, and thus are considered non-registered shareholders. NAEP Shareholders who do not hold their NAEP Common Shares in their own name (Beneficial Shareholders) should note that only Proxies deposited by NAEP Shareholders whose names appear on the records of the Corporation as the registered holders of NAEP Common Shares can be recognized and acted upon at the Meeting. If NAEP Common Shares are listed in an account statement provided to a NAEP Shareholder by a broker, then, in almost all cases, those NAEP Common Shares will not be registered in the NAEP Shareholder's name on the records of the Corporation. Such NAEP Common Shares will more likely be registered under the name of the NAEP Shareholder's broker or an agent of that broker or another similar entity (called an Intermediary). NAEP Common Shares held by an Intermediary can only be voted by the Intermediary (for, withheld or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, Intermediaries are prohibited from voting NAEP Common Shares.

Table of Contents

Beneficial Shareholders should ensure that instructions respecting the voting of their NAEP Common Shares are communicated in a timely manner and in accordance with the instructions provided by their Intermediary. Applicable regulatory rules require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. **Every Intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their NAEP Common Shares are voted at the Meeting.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting NAEP Common Shares registered in the name of their Intermediary, a Beneficial Shareholder may attend at the Meeting as proxyholder for the Intermediary and vote the NAEP Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their NAEP Common Shares as a proxyholder, should enter their own names in the blank space on the form of proxy provided to them by their Intermediary and timely return the same to their Intermediary in accordance with the instructions provided by their Intermediary, well in advance of the Meeting.**

NOTICE TO UNITED STATES SHAREHOLDERS

The solicitation of proxies by the Corporation is not subject to the requirements of Section 14(a) of the United States Securities Exchange Act of 1934, as amended (the "US Exchange Act"), by virtue of an exemption applicable to proxy solicitations by foreign private issuers as defined in Rule 3b-4 under the US Exchange Act. Accordingly, this Information Circular has been prepared in accordance with the applicable disclosure requirements in Canada. Residents of the United States should be aware that such requirements may be different than those of the United States applicable to proxy statements under the US Exchange Act.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

The Corporation's authorized capital consists of an unlimited number of NAEP Common Shares and an unlimited number of non-voting NAEP Common Shares. As at April 4, 2014, there were a total of 34,921,636 NAEP Common Shares outstanding and no non-voting NAEP Common Shares outstanding. Each NAEP Common Share entitles the holder thereof to one vote in respect of each of the matters to be voted upon at the Meeting. To the knowledge of the Corporation's directors and executive officers, the following individuals or entities beneficially own, control or direct, directly or indirectly, securities carrying more than 10.0% of the voting rights attached to the NAEP Common Shares:

Name of Beneficial Owner	Number of NAEP Common Shares	% of Outstanding NAEP Common Shares
Harbinger Capital Partners, LLC ^(a)	7,032,322	20.1

(a) Harbinger Group Inc. may be deemed to beneficially own 7,032,322 NAEP Common Shares. Such shares are held in the name of HGI Funding, LLC, which is a direct, wholly-owned subsidiary of Harbinger Group Inc.

QUORUM

A quorum for the transaction of business at the Meeting shall consist of at least two persons holding or representing by proxy not less than twenty (20%) percent of the outstanding shares of the Corporation entitled to vote at the meeting.

If a quorum is not present at the opening of the Meeting, the NAEP Shareholders present may adjourn the meeting to a fixed time and place but may not transact any other business. If a meeting of

Table of Contents

shareholders is adjourned by one or more adjournments for an aggregate of less than 30 days it is not necessary to give notice of the adjourned meeting other than by announcement at the time of an adjournment. If a meeting of NAEP Shareholders is adjourned by one or more adjournments for an aggregate of more than 29 days and not more than 90 days, notice of the adjourned meeting shall be given as for an original meeting but the management of the Corporation shall not be required to send a form of proxy in the form prescribed by applicable law to each NAEP Shareholder who is entitled to receive notice of the meeting. Those shareholders present at any duly adjourned meeting shall constitute a quorum.

The Corporation's list of NAEP Shareholders as of the Record Date has been used to deliver to NAEP Shareholders the Notice of Meeting and this Information Circular as well as to determine the NAEP Shareholders who are eligible to vote.

PRESENTATION OF FINANCIAL STATEMENTS

The audited consolidated financial statements of the Corporation for the fiscal year ended December 31, 2013, together with the report of the auditors thereon, copies of which are contained in the Corporation's annual report, will be presented to the NAEP Shareholders at the Meeting. Receipt at the Meeting of the auditors' report and the Corporation's financial statements for its last completed fiscal period will not constitute approval or disapproval of any matters referred to therein.

BUSINESS TO BE TRANSACTED AT THE MEETING

1. ELECTION OF DIRECTORS

The Board of Directors of the Corporation presently consists of eight directors, seven of whom have indicated that they wish to stand for re-election. Peter W. Tomsett has indicated that he does not wish to stand for re-election and Management proposes to reset the required number of directors to be elected at the Meeting at seven.

The seven nominees below are now directors of the Corporation and have been directors since the dates indicated below. Management does not contemplate that any of the following nominees will be unable or unwilling to serve as a director but if that should occur for any reason prior to the Meeting, the persons named in the enclosed Proxy will have the right to vote for another nominee in their discretion. Each director elected at the Meeting will hold office until the next annual meeting or until his or her successor is duly elected or appointed.

The Board adopted a Board Policy on Majority Voting for Director Nominees (the Policy) on August 8, 2013. The Policy applies to the election of directors at uncontested shareholder meetings and provides that, with respect to any nominee for the Board, where the total number of shares withheld exceeds the total number of shares voted in favour of the nominee, then notwithstanding that such nominee is duly elected as a matter of corporate law, he or she shall forthwith submit his or her resignation for consideration by the Board, to take effect immediately upon acceptance by the Board. Upon receipt of such a conditional resignation, the Governance Committee shall consider the matter and, as soon as possible, make a recommendation to the full Board regarding whether or not such resignation should be accepted. After considering the recommendation of the Governance Committee, the Board shall within 90 days of the shareholder's meeting decide whether or not to accept the tendered resignation and shall issue a press release which either confirms that they have accepted the resignation or provides an explanation for why they have refused to accept such resignation. The following table and the notes thereto state, as of March 31, 2014, the: (i) name, municipality, province or state of residence, country of residence, and age of each nominee; (ii) the date each nominee first became a director of the Corporation (with the current term of each nominee expiring as of the holding of the Meeting); (iii) where applicable, the current position of each nominee with the Corporation (other

than that of director); (iv) the present status of each nominee as an independent or non-independent director; (v) the committees upon which each nominee presently serves; (vi) the present principal occupation, business or employment of each nominee; (vii) the number of NAEP Common Shares, securities and options beneficially owned, or controlled or directed, directly or indirectly, by each nominee; and (viii) the Board and committee meeting attendance record for each nominee in the nine month fiscal year ended December 31, 2013.

Corporate Cease Trade Orders, Bankruptcies, Penalties or Sanctions

Ronald A. McIntosh is a director of Fortealeza Energy Inc. (Fortealeza), which was formerly known as both Alvopetro Inc. and Fortress Energy Inc. On March 2, 2011, the Court of Queen s Bench of Alberta granted an order (the Order) under the *Companies Creditors Arrangement Act* (Canada) (CCAA) staying all claims and actions against Fortealeza and its assets and allowing Fortealeza to prepare a plan of arrangement for its creditors if necessary. Fortealeza took such steps in order to enable Fortealeza to challenge a reassessment issued by the Canada Revenue Agency (CRA). As a result of the reassessment, if Fortealeza had not taken any action, it would have been compelled to immediately remit one half of the reassessment to the CRA and Fortealeza did not have the necessary liquid funds to remit, although Fortealeza had assets in excess of its liabilities with sufficient liquid assets to pay all other liabilities and trade payables. Fortealeza believed that the CRA s position was not sustainable and vigorously disputed the CRA s claim. Fortealeza filed a Notice of Objection to the reassessment and on October 20, 2011 announced that its Notice of Objection was successful, CRA having confirmed there were no taxes payable. As the CRA claim had been vacated and no taxes or penalties were owing Fortealeza no longer required the protection of the Order under the CCAA and on October 28, 2011 the Order was removed. On March 3, 2011 the TSX suspended trading in the securities of Fortealeza due to Fortealeza having been granted a stay under the CCAA. In addition, the securities regulatory authorities in Alberta, Ontario and Quebec issued a cease trade order with respect to Fortealeza for failure to file its annual financial statements for the year ended December 31, 2010 by March 31, 2011. The delay in filing was due to Fortealeza being granted the CCAA order on March 2, 2011 and the resulting additional time required by its auditors to deliver their audit opinion. The required financial statements and other continuous disclosure documents were filed on April 29, 2011 and the cease trade order was subsequently removed. On September 1, 2010 Fortealeza closed the sale of substantially all of its oil and gas assets. As a result of the sale, Fortealeza was delisted from the TSX on March 30, 2011 as it no longer met minimum listing requirements.

William C. Oehmig served as a director of Propex Inc., which voluntarily filed for protection under Chapter 11 of the U.S. Bankruptcy Code on January 18, 2008 in order to allow it to restructure its US operations. Mr. Oehmig also served as director of Panolam Industries Inc., which voluntarily filed a petition under Chapter 11 of the U.S. Bankruptcy Code on November 4, 2009 to implement a Debt Restructuring Plan.

Allen R. Sello served as a director of Sterling Shoes Inc. (Sterling) until January 22, 2013. Pursuant to orders of the Supreme Court of British Columbia, including an initial order dated October 21, 2011, Sterling and each of its subsidiaries obtained creditor protection under the CCAA, staying all claims and actions against Sterling and its assets and allowing Sterling to conduct a court-approved asset sale. The Sterling assets have since been sold and the resulting proceeds have been distributed to its creditors.

EXECUTIVE COMPENSATION PHILOSOPHY

The Corporation's executive compensation philosophy is designed to attract, retain and motivate qualified executives who are committed to achieving success for the Corporation and maximum value for its shareholders. The executive compensation philosophy is premised upon three core principles: competitive compensation, pay for performance and alignment with shareholder interests.

Competitive compensation It is the objective of the Corporation to attract and retain talented executives who are capable of meeting the financial and other objectives of the corporation. It is important to ensure executive compensation is competitive within the market where the Corporation competes for talent, and in this light, the corporation has adopted a market-competitive total executive compensation package.

Pay for performance The Corporation believes that executive compensation should be strongly correlated to the financial performance of the Corporation, and that the executives, as the key decision makers of the corporation, should be held accountable for that performance. To that end, the Board has adopted the annual Short-Term Incentive Plan (STIP). The STIP rewards executives for the achievement of key financial (EBITDA) and non-financial (safety performance) objectives, all of which contribute to the long term success of the corporation.

Alignment with shareholder interests It is in the Corporation's best interest to meet shareholder expectations and ensure continued access to capital on favourable terms. Accordingly, the STIP and the Long-Term Incentive Plan (LTIP) were designed to ensure that the activities of the Corporation's executives are aligned with shareholder interests. Each of these plans is described in greater detail below.

⌚ The term EBITDA or Consolidated EBITDA, when used in this document refers to Consolidated EBITDA as defined in the Corporation's credit agreement. This is not a recognized measure under generally accepted accounting principles. For a detailed definition of Consolidated EBITDA (as used in this document) and a reconciliation to net income see our management's discussion and analysis for the year ended December 31, 2013, which is available on the Canadian Securities Administrators' System for Electronic Document Analysis and Retrieval (SEDAR) at www.sedar.com, the Securities and Exchange Commission's website at www.sec.gov and the Corporation's web site at www.nacg.ca.

Table of Contents

EXECUTIVE COMPENSATION OVERVIEW

The following table sets out the various components of compensation that NEOs are eligible to receive:

Executive Compensation Components

Base Salary	Base salary is based on the executive's level of responsibility, skills and experience, and the market value of the position. Adjustments to base salary are considered annually, taking into account the executive's overall performance, experience and market conditions.
Short-Term Incentive Plan (STIP)	STIP compensation is linked to the corporation's performance in the fiscal year as measured by Consolidated EBITDA and improvement in the corporation's consolidated disabling injury rate (DIR). Both measures have a pre-determined target set by the Board prior to the start of the fiscal year and funding of the STIP pool is based on the performance of the corporation against the two targets during the year. Each executive has a targeted annual bonus of 100% of base salary. Actual payout is determined by the level of achievement of predetermined financial and non-financial performance objectives. Payouts range from zero to a maximum of 200% of an executive's STIP target.
Long-Term Incentive Plan (LTIP)	LTIP compensation grants are generally made twice per calendar year through two vehicles: (1) Stock Options are normally granted in December, and (2) Restricted Share Units granted in April. Each executive has a target annual LTIP compensation value of 40% of base salary. Of that target annual LTIP, 50% is awarded as Stock Options and 50% is awarded as Restricted Share Units. The CEO's targeted LTIP compensation value is 50% of base salary. Of that target annual LTIP, 50% is awarded as Stock Options and 50% is awarded as Restricted Share Units.
Retirement Arrangements	The Corporation matches contributions of executives to registered retirement savings plans to a maximum of 5% of base salary. If or when the executive reaches his or her annual RRSP contribution limits, the remaining contributions for the calendar year are made to a non-registered saving plan.
Benefit Plans	Executive benefit plans, paid for by the corporation, provide extended health, dental, disability and insurance coverage.
Perquisites	Limited perquisites are provided including a vehicle allowance, and reimbursement of fuel purchases, reimbursement for annual dues to a local sport or health club, an annual medical examination and a discretionary health care spending account.

DETERMINING INDIVIDUAL COMPENSATION FOR NEOs

It is the role of the Human Resources & Compensation Committee to recommend the compensation of the CEO to the Board for approval and to determine, following the recommendation of the CEO, the compensation of the other NEOs. The Committee receives assistance from several sources, both internal and external, to assist it in fulfilling its duties in this respect.

Table of Contents**NEW POLICIES IMPLEMENTED***STIP Structure*

The Human Resources & Compensation Committee approved a change to the STIP plan for NEOs effective April 1, 2013. The plan is structured completely around the Corporation's performance, as follows:

Management Level	Company Performance	Proportion of Salary Payable at Target
President and Chief Executive Officer	100%	100%
Chief Financial Officer, Chief Operating Officer and other Vice President(s)	100%	100%

Share Ownership Guidelines

On December 18, 2013, the Board established share ownership guidelines for NEOs which must be achieved within 5 years of the later of (i) December 18, 2013; or (ii) the date such NEO is appointed a member of Executive Management. The Share Ownership Guidelines for NEOs require the President and CEO to own five (5) times his or her annual base salary and the remaining NEOs to own (or owned by a spouse) two and one half ($2\frac{1}{2}$) times their individual annual base salaries in the form of equity in the Corporation, in each case represented by NAEP Common Shares and/or Directors' Deferred Share Units (DSUs) and/or Restricted Share Units (RSUs). The achievement of the share ownership threshold is facilitated by the option for the NEOs to elect to receive 50% of their STIP compensation in the form of DSUs in accordance with the terms of the DSU Plan and the Corporation will match any such DSUs issued by the issuance of 10% more than the elected number. Once the share ownership threshold is achieved, the number of NAEP Common Shares and DSUs representing the compliance level must be held for at least 30 days to qualify. Thereafter that number of NAEP Common Shares or DSUs must be maintained in order to remain compliant, regardless of a subsequent decrease in NAEP Common Share price.

COMPARATOR GROUP ANALYSIS AND MARKET DATA

In determining compensation for NEOs, our primary comparator group includes companies that meet the following criteria:

- (a) compete with us for customers and revenue;
- (b) compete with us for executive talent, primarily in the heated Alberta labour market;
- (c) compete with us for equity or other capital;
- (d) are in the same or similar industry, such as construction and engineering or oil and gas equipment and services;
- (e) are of comparable size, whether in terms of revenue or number of employees; and
- (f) where reliable benchmark compensation information is available.

A number of relevant competitors are excluded from our comparator group because some are private corporations (i.e. KMC Mining) or smaller divisions of larger corporations (i.e. Flatiron Construction), and therefore insufficient compensation information is available. A thorough job-matching exercise was conducted for each NEO with their counterparts in the comparator group to ensure a strong position match was obtained, and that relevant benchmarking could be conducted using the comparator group data. In general, the job matches from the executive review group below are comprised of NEOs of

the listed corporations. The use of comparative market data is just one of the factors used in setting compensation for NEOs. NEO compensation could be higher or lower than the comparator data as a result of personal performance, skills or experience.

INPUT FROM THE CORPORATION'S MANAGEMENT

The President and CEO actively participates in the compensation process, makes recommendations to the Human Resources & Compensation Committee with respect to the other NEOs and recommends to the Compensation Committee the specific business goals to be used as performance targets for the various incentive programs. For the nine month fiscal year ended December 31, 2013 (Calendar Year , CY), the following corporate goals were recommended by the CEO and approved by the Committee under the STIP plan.

Metric	Calendar Year 2013 Target	Calendar Year 2013 Achievement	STIP Score
Safety Performance (20% weighting)	Achieve a 5% reduction in the consolidated DIR vs. the FY2013 result of 1.18, for a target DIR of 1.12	A consolidated DIR of 0.11 was achieved, far exceeding the target reduction of 5%	100%
Financial Performance (80% weighting)	Achieve targeted EBITDA of \$39.0M	The corporation achieved EBITDA of \$34.5M	88.7%

In previous years, the Corporation has refrained from disclosing specific financial objectives with a view to not prejudicing the Corporation's interests. For the nine month fiscal year ended December 31, 2013, the corporation disclosed specific financial targets concerning EBITDA to STIP eligible employees to promote line of sight and better alignment with respect to the Corporation's financial objectives. The stretch target related to EBITDA was set 25% higher than budget and 97% higher than achieved in the corresponding period in 2012.

RISK MANAGEMENT

The Human Resources & Compensation Committee has considered the topic of risk as it relates to executive compensation. As part of its oversight of executive compensation and a desire to mitigate the risk associated with executive compensation, the Human Resources & Compensation Committee has taken the following actions:

Elected to make the majority of the targeted annual compensation of each NEO at risk by making it contingent on the achievement of pre-determined objectives or based on the appreciation of the corporation's share price over the mid-to long-term;

Regularly benchmark base, variable and total compensation against a peer group of organizations selected by the Committee as being relevant for compensation benchmarking purposes;

Structured short-term incentive plans with a balanced, diversified mix of performance measures, both financial and non-financial, each intended to improve different elements of the Corporation's business;

Implemented a formal share ownership policy for NEOs which requires NEOs to hold a target dollar value of equity in the Corporation while employed in an executive position by the Corporation;

Required restricted share units to cliff-vest three years from their grant date, inherently focusing the interests and efforts of the executive on the long-term performance of the Corporation;

Required share options to vest 20% per year over a five-year period, inherently focusing the interests and efforts of the executive on the long-term performance of the Corporation;

Grant RSUs and share options annually, thereby providing overlapping performance cycles that require sustained high levels of performance to achieve a consistent payout; and

The Human Resources & Compensation Committee and the Board provide strong oversight on the management of the Corporation's compensation programs. The Human Resources & Compensation Committee has the ability to use discretion in assessing performance under executive compensation programs to adjust metrics or the payouts based on results, events and/or individual circumstances.

While current policies of the Corporation prohibit employees, including executive officers, from short-selling securities of the Corporation, the Committee will be considering adoption of a more comprehensive anti-hedging policy that will expressly prohibit NEOs from purchasing any financial instruments that would hedge their holdings in equity of the Corporation.

TRENDS BETWEEN NEO COMPENSATION AND TOTAL SHAREHOLDER RETURN

As described in the section Executive Compensation Philosophy , executive compensation is tied to the financial and safety performance of the Corporation, as well as market competitiveness and thus the compensation strategy for base salary is not inherently linked to the Corporation s share performance. There is a level of correlation between the STIP and the price of the NAEP Common Shares, as Consolidated EBITDA is a key factor in determining the annual bonus and beginning in the calendar year 2014, under the new Share Ownership Guidelines, NEOs may elect to have 50% of their STIP awarded in the form of Deferred Share Units (DSUs) under the same terms as the Directors Deferred Share Unit Plan. As well, there is a level of correlation between LTIP and the performance of NAEP Common Shares as the Share Option Plan and Restricted Share Unit values are based on the price of NAEP Common Shares.

Table of Contents

SHARE-BASED AND OPTIONS-BASED AWARDS

Share-based and options-based awards are granted to NEOs under the terms of the Restricted Share Unit Plan and the Share Option Plan. The Human Resources & Compensation Committee has approved a target annual LTIP grant value of 50% of base salary for the President and CEO and 40% of base salary for the CFO and the other NEOs. To determine the number of units or options granted to each NEO at the time of grant, a calculation is performed using the fair value of the Corporation's share price as at the grant date in relation to the targeted compensation value of the grant. For share options, the Corporation applies a discount to the fair value using the Black Scholes model to reflect the volatility of the corporation's common shares and the expected life of the option. The Human Resources & Compensation Committee has the discretion to award fewer share options than the formula suggests due to a high volatility of the share price. Previous grants are not a factor in determining new grants.

COMPENSATION GOVERNANCE

The Human Resources & Compensation Committee of the Board of Directors is charged with the oversight and governance of the executive compensation programs of the Corporation. The Board has approved a Committee Charter which outlines the accountabilities of the Human Resources & Compensation Committee. These responsibilities include:

In this Charter, Executive Management includes the CEO, the CFO, COO and the Vice-President(s);
- (e) review and recommend to the Board for approval the structure, implementation, participation, amendments or termination of all long-term incentive compensation programs, including but not limited to, the Share Option Plan, Director Deferred Share Plan, Performance Share Unit Plan, and Restricted Share Unit Plan;

- (g) review and recommend to the Board for approval the recruitment, evaluation and succession plans for the CEO;

COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

The Corporation's performance for the nine month fiscal year ended December 31, 2013, was positive, as the Corporation realized the results of the cost-saving measures implemented over the past year, and benefited from a strong final quarter. The majority of the intended compensation of NEOs is in the form of at-risk pay, and as a result, the NEOs compensation is aligned to the Corporation's success. For the nine month fiscal year ended December 31, 2013, NEOs received STIP equivalent to 91% of their base salary as a result of positive EBITDA and safety results.

Following is a summary of the various compensation programs applicable to NEOs and the payments generated under each during the nine month fiscal year ended December 31, 2013.

Base Salary

Base salaries for the NEOs are reviewed and approved each year by the Human Resources & Compensation Committee with adjustments typically effective July 1st. The Committee may make adjustments to an executive's salary as a result of any change in the executive's duties and responsibilities and based on the performance and contribution of the executive, both on an individual basis and on the performance of the executive's business unit or division during the previous fiscal year. In reviewing the base salaries of the Corporation's executives, the Human Resources & Compensation Committee also considers comparator group compensation, internal pay relationships, total direct target compensation and total employee cost. The base salary pay adjustments noted below took into consideration the pay position of each executive in the market.

Table of Contents

The following table sets out the base salaries as at December 31, 2013, April 1, 2013 and the percentage increase from the prior period for each NEO:

NEO	December 31, 2013 Base Salary (\$)	April 1, 2013 Base Salary (\$)	% change
Martin Ferron	625,000	600,000	4.2%
David Blackley	324,461	306,095	6.0%
Joseph Lambert	318,484	300,456	6.0%
Barry Palmer	299,000	287,500	4.0%

Short-Term Incentive Plan (STIP)

Our STIP for executive management is described above in *Executive Compensation Components* . It is the primary vehicle the corporation uses to reward executives for their contributions to strong financial and operational performance in a particular year. The purpose of the STIP is to motivate executives to enable the corporation to achieve its financial goals and to reward them to the extent that goals are achieved. All senior managers, including the NEOs, participate in the STIP.

Consolidated EBITDA is the primary metric within the STIP for NEOs because it measures the current profitability of the business and, as such, is a good indicator of overall corporate performance. The Human Resources & Compensation Committee may make recommendations to the Board regarding adjustments to Consolidated EBITDA to eliminate factors not considered relevant to the true financial performance of the Corporation. The secondary metric within the STIP plan is the disabling injury rate (DIR), which measures the rate at which employees are injured on the job and unable to complete their normal work tasks. DIR is selected given its critical impact on the corporation's ability to secure work and the extremely high degree of focus placed on health and safety within the corporate culture. Together, EBITDA and DIR comprise the funding mechanism for the STIP plan, with EBITDA generating 80% of the potential funding of the pool at target, and DIR generating the other 20% of the pool.

The Board approves both the EBITDA and DIR targets under the STIP each year. Both targets are designed to be challenging. The Board set a consolidated EBITDA target for the nine month fiscal year ending December 31, 2013, taking into account the results of the 2013 fiscal year and considering the budget and business plans prepared, presented to and approved by the Board. The Board also set a consolidated DIR target reduction for the nine month fiscal year ending December 31, 2013, taking into account the results of the 2013 fiscal year. The consolidated EBITDA results for the nine month fiscal year ended December 31, 2013, were 88.7% of the target set by the Board, while the consolidated DIR results for the nine month fiscal year ended December 31, 2013, achieved the targeted reduction, resulting in the STIP pool for the nine month fiscal year ended December 31, 2013, being funded by both strong safety results and improved profitability, thereby generating 91% of target into the funding pool for NEOs.

Incentive opportunities for STIP participants at different levels within our organization are set as a percentage of each individual's base salary. The target incentive opportunity for each of the NEOs is 100% of base salary. The payouts for the NEOs range from zero to a maximum of 200% of target bonus depending on the Corporation's performance relative to the Consolidated EBITDA target and the DIR target.

The Human Resources & Compensation Committee recommends the STIP award for the CEO on the basis of the Corporation's EBITDA and DIR performance and on the achievement of the CEO's individual targets. The Board approves the CEO's STIP award. The Committee approves the STIP awards for other NEOs, on the recommendation of the CEO, based on the same criteria.

Table of Contents

The following table sets forth the STIP target, maximum STIP award and the nine month fiscal year ended December 31, 2013, STIP award for each NEO. Each NEO elected to have 50% of their STIP Award in the form of DSUs, and by making such an election, was issued 110% of the number of Deferred Share Units he would otherwise be entitled to if calculated solely on the value of the STIP compensation so deferred.

(1) STIP Target is determined as follows: 100% (Base Salary Effective April 1, 2013 to June 30, 2013 x 24.93%) + (Base Salary Effective July 1, 2013 to December 31, 2013 x 50.41%). This calculation takes into consideration base salary changes made part way through the calendar year and the number of calendar days in the period. Further pro-rations of the STIP calculation would occur if off-cycle adjustments were made throughout the calendar year.

(2) The Maximum STIP Award is based on two times (2x) the base salary earned for the period.

(3) Fifty Percent of the STIP Award is payable in cash.

(4) Value of DSUs on grant date is based on 50% of STIP Award, divided by the fair market value of NOA shares on February 19, 2014 (\$6.673), plus 10%.

Long-Term Incentive Plan (LTIP)

The purpose of the Corporation's equity-based LTIP is to motivate executives to achieve sustained long-term performance, which will increase the value of the Corporation over the long term and in turn, generate sustained returns for shareholders. Under the LTIP, long-term incentives are awarded to executives in the form of share options and Restricted Share Units (RSUs), the value of which is directly linked to share price.

The annual target LTIP value is 50% of base salary for the CEO and 40% of base salary for other NEOs. Each year, 50% of the annual target LTIP value is granted in the form of share options, with the balance of the annual target LTIP granted in the form of RSUs.

Share Option Plan

The Share Option Plan was approved by the Corporation's shareholders on November 3, 2006 and became effective on November 28, 2006. The Share Option Plan is administered by the Human Resources & Compensation Committee. Option grants under the Share Option Plan may be made to

the Corporation's directors, officers, employees and consultants selected by the Committee. The Share Option Plan provides for the discretionary grant of options to purchase the Corporation's common shares. Options granted under the Share Option Plan are evidenced by an agreement, specifying the vesting, exercise price and expiration of such options, which terms are determined for each optionee by the Committee.

Options to be granted under the Share Option Plan will have an exercise price of not less than the previous five-day volume weighted average trading price of the Corporation's Common Shares on the Toronto Stock Exchange or the New York Stock Exchange (to be determined by where the majority of the trading volume and value of the Common Shares occurs), converted to Canadian dollars.

The Share Option Plan provides that up to 10% of the Corporation's issued and outstanding NAEP Common Shares from time to time may be reserved for issuance or issued from treasury and also provides that the maximum number of NAEP Common Shares issuable to insiders under the Share Option Plan (and any other security based compensation arrangements of the Corporation) is 10% of the Corporation's issued and outstanding NAEP Common Shares. The maximum number of the Corporation's Common Shares issuable to insiders, at any time or within any one year period, pursuant to the Share Option Plan and any other security based compensation arrangements of the Corporation is 10% of the outstanding NAEP Common Shares on a non-diluted basis immediately prior to the proposed option to purchase.

As of December 31, 2013, the Corporation had 34,746,236 Common Shares outstanding, therefore providing for a current maximum of 3,474,624 Common Shares reserved for issuance under the Share Option Plan. As at December 31, 2013, the Corporation had 2,763,280 options to purchase Common Shares outstanding (or approximately 7.95% of the outstanding Common Shares), leaving unallocated options to purchase an aggregate of 711,344 Common Shares (or approximately 2.05% of the outstanding Common Shares) available for future option grants.

(i) Fair market value as at December 31, 2013

(ii) The Share Option Plan states that the Compensation Committee may issue options, provided that the aggregate number of NAEP Common Shares that may be issued from treasury under the Share Option Plan may not exceed 10% of the number of issued and outstanding NAEP Common Shares on a non-diluted basis immediately prior to the proposed option issuance.

Options may not be exercised prior to the first anniversary of the date of the grant. The vesting of options is otherwise determined on the grant of the option. Generally, options vest over a five-year period at a rate of 20% per year and expire at the end of 10 years. Each option has a term of no less than five and not more than 10 years.

The Share Option Plan provides that, in the event of the termination (with or without cause) of an optionee, the options held by an optionee cease to be exercisable 30 days after the termination, subject to adjustment by the Human Resources & Compensation Committee. For qualified retirees (age 55 or over and as approved by the Human Resources & Compensation Committee), vested options continue to be exercisable for the balance of the exercise period applicable to the option.

The Corporation does not provide financial assistance to participants under the Share Option Plan to facilitate the purchase of securities under the Share Option Plan. Options granted under the Share Option Plan are not transferable by an optionee, except by an optionee's will or by the laws of descent and distribution. During the lifetime of an optionee, the options are exercisable by only him or her (or, in the case of the optionee's disability, by his or her legal representative(s), if applicable). If an optionee dies, the options held by such optionee may be exercised by the legal representative of the deceased optionee. Such options cease to be exercisable on such date that is the earlier of: (a) 365 days after the optionee's death, and (b) the expiry date set out in the deceased optionee's option agreement. Notwithstanding the foregoing, the Share Option Plan allows the expiry date to be extended by determination of the Human Resources & Compensation Committee or as permitted under the option agreement. If the expiry date falls within or immediately after a blackout period or a lock-up period, the expiry date would be automatically extended for five business days after the blackout period or lock-up period.

The Share Option Plan provides that subject to receipt of shareholder and regulatory approval, the Board of Directors may make certain specified amendments to the Share Option Plan, including (i) any amendment to the number of securities issuable under the Share Option Plan, (ii) any changes in the participants in the plan that have the potential of broadening or increasing insider participation, (iii) the introduction of, or amendments to, any form of financial assistance and (iv) any other amendments that may lead to significant or unreasonable dilution in the Corporation's outstanding securities or may provide additional benefits to eligible participants, particularly to participants who are insiders. The Share Option Plan authorizes the Board of Directors to make other amendments to the plan, subject only to regulatory approval (i.e. without shareholder approval, unless specifically required by applicable law), including (i) amendments of a housekeeping nature (i.e. amendments for the purpose of curing any ambiguity, error or omission in the Share Option Plan, or to comply with applicable law or the requirements of any stock exchange on which the NAEP Common Shares are listed), (ii) any changes to the vesting provisions, (iii) any changes in the termination provisions of an option or of the Share Option Plan which does not entail an extension beyond the original expiry date, (iv) a discontinuance of the Share Option Plan and (v) the addition of provisions relating to phantom share units, such as restricted share units and deferred share units, which result in participants receiving cash payments, and the terms governing such features.

Share Options are normally granted in November or December of each fiscal year as part of the 50% grant under the LTIP program. For the nine month fiscal year ending December 31, 2013, the Board approved issuing the Share Options on December 18, 2013, and a total of 92,400 Share Options were granted to the NEOs at an exercise price of \$5.91.

Restricted Share Unit Plan (RSU Plan)

The Board has approved the RSU Plan. The RSU Plan is part of the Corporation's Long-Term Incentive Plan. Under the RSU Plan the corporation credits a Restricted Share Unit (a RSU), being a right granted to a participant to receive a cash payment equivalent to the fair market value of a Common Share of the Corporation, or at the discretion of the Corporation, in a number of Common Shares purchased on the open market, as of the maturity date. RSUs cliff-vest three years from their grant date. If any dividends are paid on the Corporation's Common Shares, additional RSUs will be credited to the participant to reflect such dividends. The RSU plan provides that, in the event of termination of a participant (with or without cause), all RSUs that are not earned RSUs are immediately forfeited. In the event of retirement or disability of a participant, all earned RSUs will be redeemed within 30 days of the maturity date. Any RSUs which have not completed their prescribed term (credited RSUs) shall continue to be eligible to become earned RSUs as if the participant was still employed by the corporation. On the death of a participant, all credited RSUs will vest and will be redeemed within 90 days of the date of the participant's death. Rights respecting RSUs are not transferable or assignable other than by will or the laws of descent and distribution.

In June 2010, the Board approved amendments to the RSU plan in the event of a Change of Control in order to provide a retention vehicle at a time of employment uncertainty. The amendments provide that 100% of the outstanding RSUs that are not earned RSUs held in the participant's RSU Account on the date the Change of Control transaction is completed shall be deemed to be earned RSUs. The value of the Earned RSUs will be fixed at the date of the Change in Control and final payment deferred until the end of the maximum term (3 years) of the RSU. Termination provisions in the amendments provide that within 24 months following the Change of Control, if the participant's employment is terminated for any reason other than death, disability, qualified retirement or good reason as defined in the plan, all earned RSUs shall be immediately forfeited. In the case of a termination without cause, within 36 months following a Change of Control, all earned RSUs shall be paid out.

The Human Resources & Compensation Committee, on recommendation to and approval of the Board, may amend, suspend or terminate the RSU Plan or any portion thereof at any time. However, no amendment, suspension or termination may materially adversely affect any RSUs, or any rights pursuant thereto, granted previously to any participant without the consent of that participant.

On April 1, 2013, as part of the remaining 50% of grants under the LTIP program, a total of 88,374 RSUs were granted to the NEOs.

The following table outlines the total LTIP awards for the NEOs for the nine month fiscal year ended December 31, 2013:

Table of Contents**BOARD OF DIRECTORS COMPENSATION**

As at April 1, 2013, the Board was composed of eight non-employee Directors plus the Corporation's President and Chief Executive Officer, Martin R. Ferron. During the 2013 financial year, one non-employee director ended his tenure on the Board – George R. Brokaw resigned from the Board effective June 18, 2013.

Mandate of the Board of Directors

The Board supervises the management of the Corporation's business as provided by Canadian law and complies with the listing requirements of the New York Stock Exchange applicable to foreign private issuers, which require that the Board be composed of a majority of independent directors. The Corporation has adopted a Corporate Governance Policy which sets the framework for how the Board approaches its mandate and addresses such things as (i) the responsibility of the Board to monitor the operation of the business, provide oversight of risk management, internal control and corporate communications, and approve the strategic and ethical directions of the Corporation, (ii) committees of the Board of Directors (which include an Audit Committee, Human Resources & Compensation Committee, Governance Committee and a Health, Safety, Environment and Business Risk Committee), (iii) qualifications, responsibilities, orientation and education of the directors, and (iv) succession planning. The Corporate Governance Policy for the Corporation can be found on the Corporation's website at www.nacg.ca.

Compensation Philosophy and Approach

The compensation of non-employee Directors is intended to attract highly qualified individuals with the capability to meet the demanding responsibilities of Board members and to align the interests of directors with those of the company's shareholders. Non-employee director compensation is not incentive-based. Non-employee Directors are compensated based on a combination of an annual retainer, Committee Chair retainer (if applicable) and meeting attendance fees. The President and CEO does not receive additional compensation for his role on the Board.

Compensation Structure

The Corporation's non-employee Directors, other than the Chair, each receive an annual retainer and a fee for attendance at each meeting of the Board or any committee of the Board that they attend, and are reimbursed for reasonable out-of-pocket expenses incurred in connection with their services pursuant to the Corporation's policies. The table below outlines the annual compensation payable to non-employee Directors. For the nine month fiscal year ended December 31, 2013, such amounts were prorated.

Type of Fee	Amount (\$)
<u>Annual Fees</u>	
Board retainer	110,000
Audit committee chair	12,000
HRCC committee chair	9,000
Risk committee chair	5,000
Governance committee chair	5,000
<u>Attendance Fees (per meeting)</u>	
Board or committee meeting	1,500

Table of Contents

The Human Resources & Compensation Committee assesses the adequacy and form of compensation paid to Directors in order to ensure that their compensation is competitive and reflects their responsibilities as directors. Periodically, the Human Resources & Compensation Committee benchmarks directors' compensation against compensation paid by major Canadian public companies similar in size to the Corporation and will engage the services of a compensation consultant to report on relevant benchmark data and recommend appropriate compensation for directors. Director compensation was updated in January 2008 based upon analysis and recommendation by Hewitt Associates (now Meridian Compensation Partners LLC).

Share Ownership Guidelines

One way that Board members demonstrate their commitment to the long term success of the corporation is through share ownership. The Board has established share ownership guidelines for non-employee directors which must be met within five years of being elected as a director. The Share Ownership Guidelines require the Chair of the Board of Directors to own \$660,000 of equity in the Corporation and the remaining directors to own \$330,000 of equity in the Corporation, in each case represented by NAEP Common Shares and/or Deferred Share Units (DSUs). Such ownership level must be achieved within five years of the initial appointment or election as a director. The achievement of the share ownership threshold is facilitated by the requirement for the directors to receive 50% of their annual fixed remuneration in the form of DSUs. Once the share ownership threshold is achieved, the number of NAEP Common Shares and DSUs representing the compliance level must be held for at least 30 days to qualify. Thereafter that number of NAEP Common Shares or DSUs must be maintained in order to remain compliant, regardless of a subsequent decrease in NAEP Common Share price. All current Directors comply with these Share Ownership Guidelines.

Deferred Share Unit Plan

The Corporation's Deferred Share Unit Plan (DSU Plan) was approved on November 27, 2007 by the Corporation's Board and became effective on January 1, 2008. The DSU Plan is administered by the Human Resources & Compensation Committee. DSUs under the DSU Plan may be granted to each member of the Board of Directors of the Corporation (the Director Participant) as well as to certain senior management employees approved by the Board as being participants in the DSU Plan. The DSU Plan provides that Director Participants receive 50% (or if they choose, up to 100%) of their fees in the form of DSUs. In addition, directors may elect any amount of their variable compensation (i.e. meeting fees) to be paid in the form of DSUs. DSUs vest immediately upon grant and may be redeemed when the Participant ceases to hold office. In the event a director ceases to hold office, all DSUs will be redeemed by the Corporation within 21 days following: (a) in the case of directors that are U.S. taxpayers, the date of such termination; and (b) in the case of all other directors, by December 1 of the calendar year immediately following the year by which such termination takes place (unless an earlier date is elected by the director after termination). A Participant has no further rights respecting any DSU which has been redeemed.

CORPORATE GOVERNANCE**Board of Directors**

The National Policy 58-201 Corporate Governance Guidelines of the Canadian Securities Administrators recommends that boards of directors of reporting issuers be composed of a majority of independent directors. With six of the seven directors proposed to be nominated considered

Edgar Filing: North American Energy Partners Inc. - Form 6-K

independent, the Board is composed of a majority of independent directors. The Chairman of the Board, Mr. McIntosh, is an independent director. Martin R. Ferron is considered to have a material relation with the Corporation by virtue of his executive officer position with the Corporation and is therefore not independent. Although Mr. Giesler has a relationship with a major shareholder of the

Table of Contents

Corporation, that shareholder does not receive any payments in relation to consulting services, Mr. Giesler does not in his individual capacity provide any consulting services to the Corporation, for a fee or otherwise, and in the facts and circumstances applicable to Mr. Giesler, he is not an affiliated entity of the Corporation. The Board of Directors has determined that each of the directors, other than Martin R. Ferron, is an independent director within the meaning of the rules of the New York Stock Exchange applicable to U.S. domestic listed companies and applicable Canadian securities laws.

In order to facilitate open and candid discussion among the Corporation's independent directors, the Board holds in-camera sessions which exclude any non-independent directors. In-camera meetings are held whenever necessary as part of the regularly scheduled board meetings. In the nine month fiscal year ended December 31, 2013, the number of board meetings included such in-camera sessions, and except for the in-camera sessions, there were no separate meetings of independent board members that took place.

The following table outlines the independence, as defined in the standards established by the CSA, of director nominees, as at the date of the Circular.

INDEBTEDNESS OF DIRECTORS AND OFFICERS

None of the directors or officers of the Corporation had any outstanding indebtedness to the Corporation or any of its subsidiaries during the nine month fiscal year ended December 31, 2013, or as at the date of this Circular.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

No director or executive officer of the Corporation at any time since the beginning of the Corporation's last completed fiscal year, no proposed nominee for election as a director nor any associate or any affiliate of any such director, officer or nominee, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the meeting. Furthermore, no informed person (as such term is defined under applicable securities laws), proposed nominee for election as a director of the Corporation or any associate or affiliate of any informed person or proposed nominee has or had a material interest, direct or indirect, in any transaction since the beginning of the Corporation's last fiscal year or in any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries or affiliates, except as disclosed below.

Orientation and Continuing Education

The Governance Committee, in conjunction with the Board Chair and the Chief Executive Officer of the Corporation, is responsible for ensuring that new Directors are provided with an orientation and education about the business of the Corporation. New Directors are provided with written information about the duties and obligations of Directors, the structure and role of the Board and its Committees, the Board's mandate, Committee Charters, compliance requirements for directors, corporate policies as well as agendas and minutes for recent Board and Committee meetings and opportunities for meetings and discussion with senior management and other directors. The goal is to ensure that new directors fully understand the nature and operation of the Corporation's business.

Management encourages the Directors to attend relevant education and development opportunities to improve their skills and abilities to carry out the role as a director at the Corporation. Expenses associated with attendance at seminars, conferences and education sessions and/or membership to the Institute of Corporate Directors are reimbursed by the corporation.

Management has provided two sources of training and industry seminars which have been placed on the director extranet site and are updated regularly:

- (a) Industry Conferences Management updates this list as conferences are scheduled.
- (b) Access to the Institute of Corporate Directors website This website offers current information for directors and a variety of development opportunities.

Code of Conduct and Ethics Policy

In order to ensure that directors exercise independent judgment and to encourage and promote ethical standards and behaviour, the Board has a written Code of Conduct and Ethics Policy (the Code) setting out general statements of conduct and ethical standards to be followed by all of the Corporation's personnel. A copy of the Code may be obtained at the Corporation's website at www.nacg.ca.

In order to ensure compliance with the Code, the Board and the Corporation have implemented an ethics reporting policy (the Reporting Policy), a copy of which may be obtained at the Corporation's website at

Table of Contents

www.nacg.ca. The objectives of the Reporting Policy are to (i) provide a means of reporting non-compliance with the Code and (ii) to comply with the *Sarbanes Oxley Act* and securities regulations. Under the Reporting Policy, the Corporation's personnel are required to report any conduct which they believe, in good faith, to be a violation or apparent violation of the Code. The Corporation keeps the identity of the person making the report for every reported violation confidential, except as otherwise required by law, and a copy of all reported violations are confidential until action is taken to correct the violation, at which time the violation may become known (but not the identity of the individual filing the report). The Policy further provides that there is not to be any retaliation against the reporter.

The Corporation has the option to report violations of the Code either internally or externally in the following ways:

- (a) internal reporting is through a supervisor, the Corporation's executive or its Board of Directors and its Committees;
- (b) effective anonymous reporting is through an independent ethics reporting firm; or
- (c) directly to the Chairman of the Board or Audit Committee Chair.

In all cases there are two reviewers for each reported violation, which ensures an effective independent review and a control over segregation of reviewing responsibility to ensure that reported violations are investigated appropriately and thoroughly. For serious violations of the Code, the Audit Committee Chair or the Board Chair will be advised immediately of the reported violation. All reported violations are summarized and provided to the Audit Committee at least quarterly. The Audit Committee Chair and the Board Chair will have access, at all times, to the status and content of Reported Violations.

The Code provides additional safeguards to ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or executive officer has a material interest by requiring that all personnel avoid any activity which creates or gives the appearance of a conflict of interest between an individual's personal interests and the Corporation's interests. Specifically, the Code provides that, unless a waiver is granted, no personnel shall (i) seek or accept any personal loan or guarantee of any obligation or services from any outside business, (ii) act as a consultant or employee of or otherwise operate an outside business if the demands of the outside business would interfere with the employee's responsibilities to the Corporation, (iii) conduct business on behalf of the Corporation with a close personal friend or immediate family member, or (iv) take for themselves opportunities that arise through the use of the Corporation's property or information or through their position within the Corporation.

Assessment of Board Effectiveness

The Board, its committees and individual directors are regularly assessed with respect to their effectiveness and contribution through a two-step process. Firstly, the Governance Committee makes such assessment on a semi-annual basis based upon the observations of the members of the Governance Committee. The Governance Committee then determines whether any corrective actions, such as changes to committee membership, additional board recruitment or special education or training, are advisable and presents its recommendations to the Board. Secondly, the members of the Board undergo a formal peer review process at least every two years. The Governance Committee has developed, and periodically revises, a form of questionnaire that is completed by board members anonymously. The questionnaire addresses matters of board, committee and individual efficiency, structure, workload, competency, skills, leadership, communication, diligence and other such matters. The Governance Committee receives the results of the questionnaire and determines whether the results indicate that corrective action is advisable. It then makes recommendations to the Board in that regard.
