Our Board solicits your proxy for the 2014 Annual Meeting of Stockholders (the Annual Meeting) and at any postponement or adjournment of the meeting for the matters set forth in the Notice of 2014 Annual Meeting of Stockholders. The Annual Meeting will be held at 9:00 a.m. Central Daylight Time on Wednesday, June 4, 2014 at the offices of Wilson Sonsini Goodrich & Rosati, P.C., 900 South Capital of Texas Highway, Las Cimas IV, Fifth Floor, Austin, Texas 78746. We made this Proxy Statement available to stockholders beginning on April 25, 2014.

Shares Outstanding	93,475,510 shares of common stock outstanding as of April 11, 2014

Edgar Filing: HOMEAWAY INC - Form DEF 14A

Voting Instructions; What Happens if no Voting Instructions are Provided

All shares represented by valid proxies received prior to the Annual Meeting will be voted and, where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the stockholder's instructions. If you are a stockholder of record and you indicate when voting on the Internet or by telephone that you wish to vote as recommended by the Board or you sign and return a proxy card without giving specific voting instructions, then the proxy holders will vote your shares in the manner recommended by the Board on all matters presented in this Proxy Statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting. If you are a beneficial owner of shares

Table of Contents

held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote.

Effect of Broker Non-Votes and Abstentions

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Only FOR and AGAINST votes are counted for purposes of determining the votes received in connection with each proposal, and therefore broker non-votes and abstentions have no effect on Proposal One, the election of directors. Proposal Two, the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014, requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting. Abstentions are treated as shares present and entitled to vote for purposes of such proposal and, therefore, will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the outcome of the vote.

Routine and Non-Routine Matters

Proposal Two, the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014, is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal Two. Proposal One, the election of directors, is considered a non-routine matter under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore broker non-votes may exist in connection with Proposal One.

Votes Required to Adopt Proposals; Impact of Advisory Votes

Each share of our common stock outstanding on the record date is entitled to one vote on each of the three director nominees in Proposal One and one vote on Proposal Two, the ratification of the appointment of our independent registered public accounting firm. Stockholders may not cumulate votes in the election of directors. The three nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them will be elected as directors to serve until the third annual meeting of stockholders following their election. Approval of Proposal Two, the ratification of the appointment of our independent registered public accounting firm, requires the affirmative vote of the majority of the shares of common stock present or represented by proxy at the meeting.

Changing Your Vote

Stockholders of record may revoke their proxy at any time before the polls close by submitting a later-dated vote in person at the Annual Meeting, via the Internet, by telephone, by mail, or by delivering instructions to our Corporate Secretary before the Annual Meeting. If

Table of Contents

you hold shares through a broker, bank or other nominee, you may revoke any prior voting instructions by contacting that firm.

Voting Results

We will announce preliminary results at the Annual Meeting. We will report final results at www.homeaway.com and in a filing with the U.S. Securities and Exchange Commission (the "SEC") on Form 8-K, which we are required to file with the SEC within four business days following the Annual Meeting.

This Proxy Statement contains two proposals requiring stockholder action. Proposal One requests the election of the three Class III directors to the Board. Proposal Two requests the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014.

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Board is currently comprised of nine directors and is divided into three classes with staggered three-year terms. The Board currently has three directors in each of the three classes. The term of our Class III directors, Jeffrey D. Brody, Christopher ("Woody") P. Marshall and Kevin Krone, will expire at this Annual Meeting. The term of our Class I directors, Simon Breakwell, Carl G. Shepherd and Simon Lehmann, will expire at our 2015 annual meeting of stockholders. The term of our Class II directors, Charles ("Lanny") C. Baker, Tina Sharkey and Brian H. Sharples, will expire at our 2016 annual meeting of stockholders.

This year's nominees for election to the Board are the Class III directors, Jeffrey D. Brody, Christopher ("Woody") P. Marshall and Kevin Krone. Each of our director nominees is currently serving on the Board. Each of our nominees for the election of directors at the Annual Meeting are independent directors, as defined in the applicable rules for companies traded on The NASDAQ Global Select Market ("NASDAQ"). The biographies of the nominees are set forth below in the section entitled "Directors."

If elected, each nominee will serve for a term of three years expiring at the 2017 annual meeting of stockholders or until his successor, if any, is duly elected and qualified or until such director's earlier death, resignation or removal. If any director nominee is unable or unwilling to serve as a nominee at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board to fill the vacancy. In the alternative, the proxies may vote just for the remaining nominees, leaving a vacancy that may be filled at a later date by the Board. Alternatively, the Board may reduce the size of the Board. We have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

Vote Required

The three nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them, up to the three directors to be elected by those shares, will be elected as directors to serve until the third annual meeting following election or until their successors, if any, are duly elected and qualified, or until their earlier death, resignation or removal.

Recommendation of the Board of Directors

The Board recommends that stockholders vote FOR the election of Mr. Brody, Mr. Marshall and Mr. Krone.

Table of Contents**CORPORATE GOVERNANCE****Structure and Leadership of the Board of Directors**

In accordance with our amended and restated certificate of incorporation and our amended and restated bylaws, our Board is divided into three classes with staggered three-year terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. The authorized number of directors may be changed by resolution of the Board. Vacancies on the Board can be filled by resolution of the Board.

The division of our Board into three classes with staggered three-year terms may delay or prevent a change in our management or a change in control. Mr. Brody, Mr. Marshall and Mr. Krone are the Class III directors who have been nominated for election at the Annual Meeting. Mr. Breakwell, Mr. Shepherd and Mr. Lehmann are the Class I directors, and their terms will expire in 2015. Mr. Baker, Ms. Sharkey and Mr. Sharples are the Class II directors, and their terms will expire in 2016.

The Chairman of our Board is currently our Chief Executive Officer, Brian H. Sharples. The Board believes that Mr. Sharples is best situated to serve as Chairman because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. The Board does not have a policy on whether or not the roles of the Chairperson of the Board and Chief Executive Officer should be separate. The Board believes it should be free to determine what is best for the Company at a given point in time. The Board may designate one of its independent directors as the Lead Independent Director, subject to such director accepting such appointment. If so designated, the Lead Independent Director will be responsible for coordinating activities of the other independent directors and performing various other duties as directed by the Board.

Risk Oversight

Our business is subject to various types of risk, including business risks relating to our strategy, competitive position, operations and financial structure, technological risks, legal and compliance risks and others. Our Board oversees our risk management processes implemented by management and regularly reviews reports from members of senior management on areas of material risk. The committees of the Board are charged with overseeing certain types of risks. Our audit committee is responsible for overseeing the management of financial and operational risks. Our compensation committee is responsible for overseeing the management of risks relating to executive compensation. Our nominating and governance committee is responsible for overseeing the management of risks relating to corporate governance. Director Independence

Our Corporate Governance Guidelines, which may be found at the investor relations portion of our website at <http://investors.homeaway.com> in the Corporate Governance section, state that our Board shall have a majority of directors who meet the criteria for independence established by applicable law. In April 2014, our Board, following consultation with our nominating and governance committee, undertook a review of the independence of the directors and considered whether any director has a material relationship with us that could compromise his or her ability to

exercise judgment in carrying out his or her responsibilities. As a result of this review, our Board determined that Lanny Baker, Simon Breakwell, Jeffrey D. Brody, Kevin Krone, Simon Lehmann, Woody Marshall and Tina Sharkey are independent directors as defined under the applicable requirements of the NASDAQ and SEC rules and regulations.

Communications with the Board of Directors

Any matter intended for the Board, or for any individual member or members of the Board, should be directed to our General Counsel at 1011 W. Fifth Street, Suite 300, Austin, Texas 78703, with a request to forward the communication to the intended recipient or recipients. In general, any stockholder communication delivered to our General Counsel for forwarding to the Board or specified Board member or members will be forwarded in accordance with the stockholder's instructions. However, our General Counsel reserves the right not to forward to Board members any abusive, threatening or otherwise inappropriate materials.

Director Nomination Procedures

The nominating and governance committee has the responsibility for reviewing and recommending to the Board candidates for director positions. The nominating and governance committee will consider nominations made by stockholders. There are no differences in the manner in which the nomination and governance committee evaluates nominees for director based on whether the nominee is recommended by a stockholder. To have a candidate considered by the nominating and governance committee, a stockholder must submit such stockholder's recommendation in writing in accordance with the procedures described in the section of this Proxy Statement entitled "Other Matters 2015 Stockholder Proposals or Nominations" and must include the information specified in our Bylaws, including information concerning the nominee and information about the stockholder's ownership of and agreements related to our stock.

The nominating and governance committee, in evaluating Board candidates, considers issues such as character, integrity, judgment, diversity, age, independence, skills, education, expertise, business acumen, business experience, length of service, understanding of our business and other commitments and the like, all in the context of an assessment of the needs of the Board at the time. The committee's objective is to maintain a Board of individuals of the highest personal character, integrity and ethical standards, and that reflects a range of professional backgrounds and skills relevant to our business. The nominating and governance committee does not have a formal policy with respect to diversity; however, the committee considers diversity in identifying nominees for director, including personal characteristics such as race and gender, as well as diversity in the experience and skills that contribute to the Board's performance of its responsibilities in the oversight of a global technology business.

The nominating and governance committee believes that the minimum qualifications for serving as a director are that a nominee demonstrate knowledge of our industry, accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of our business and affairs, independence under NASDAQ rules, lack of conflicts of interest, and a record and reputation for integrity and ethical conduct in both his or her professional and personal activities. In addition, the nominating and governance committee examines a candidate's specific experiences and skills, time availability in light of other commitments, interpersonal skills and compatibility with the Board, and ability to complement the competency and skills of the other Board members.

The nominating and governance committee annually reviews with the Board the requisite skills and characteristics of Board members, as well as the composition of the Board as a whole. This assessment includes a consideration of independence, diversity, age, skills, and experience and industry backgrounds in the context of the needs of the Board and the Company, as well as the ability of current and prospective directors to devote sufficient time to performing their duties in an effective manner. Directors are expected to exemplify the highest standards of personal and professional integrity, and to constructively challenge management through their active participation and questioning. In particular, the nominating and governance committee seeks directors with established strong professional reputations and expertise in areas relevant to the strategy and operations of our business.

Indemnification of Officers and Directors

Our amended and restated bylaws provide that we will indemnify each of our directors and officers to the fullest extent permitted by the Delaware General Corporation Law. Further, we have entered into indemnification agreements with each of our directors and officers. These agreements provide for the indemnification of our directors, officers and some employees for all reasonable expenses and liabilities incurred in connection with any action or proceeding brought against them by reason of the fact that they are or were our agents. We believe that these indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains how our executive compensation program is designed and operates with respect to our named executive officers listed in the 2013 Summary Compensation Table below. Our named executive officers in 2013 were:

Brian H. Sharples, our Chief Executive Officer, or our CEO;

Lynn Atchison, our Chief Financial Officer, or our CFO;

Brent Bellm, our Chief Operating Officer;

Thomas E Hale, our Chief Product Officer; and

Carl G. Shepherd, our Chief Strategy and Development Officer.

This Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program and each compensation component that we provide. In addition, we explain how and why the compensation committee of our Board arrived at specific compensation policies and decisions involving our named executive officers for the fiscal year ended December 31, 2013.

This Compensation Discussion and Analysis contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. The actual compensation programs that we adopt in the future may differ materially from currently planned programs as summarized in this discussion.

Executive Compensation Philosophy and Objectives

We operate the world's largest online marketplace for the vacation rental industry. As of December 31, 2013, we operated our online marketplace through 50 websites in 21 languages and provided over 890,000 listings for vacation rentals located in 190 countries. To effectively operate in this dynamic and rapidly changing market and to continue to grow our business, we need a highly talented and seasoned team of executives and business professionals.

We compete with many other companies in seeking to attract and retain a skilled management team. To meet this challenge, we have adopted a compensation philosophy designed to offer our named executive officers compensation and benefits that are market competitive and that meet our goals of attracting, retaining and motivating highly skilled individuals to help us achieve our financial and strategic objectives.

Our executive compensation program is designed to achieve the following principal objectives:

attract and retain talented and experienced individuals;

offer total compensation opportunities that take into consideration the practices of other comparably positioned Internet and technology companies;

Edgar Filing: HOMEAWAY INC - Form DEF 14A

directly and substantially link total compensation to measurable corporate and individual performance;

create and sustain a sense of urgency surrounding strategy execution and the achievement of key business objectives; and

strengthen the alignment of the interests of our named executive officers and stockholders through equity-based long-term incentives and reward our named executive officers for creating long-term stockholder value.

Compensation Program Design

We are a relatively young publicly traded company. We conducted our initial public offering of equity securities on June 28, 2011 and 2013 was our second full year as a publicly traded company. In designing our executive compensation program for 2013, we were cognizant of our need to motivate our named executive officers to meet our short-term goals and long-term strategic objectives. Thus, we continued to emphasize the use of equity in the form of options to purchase shares of our common stock and restricted stock unit (RSU) awards covering shares of our common stock to incent our named executive officers to focus on the growth of our overall enterprise value and, correspondingly, to create sustainable long-term value for our stockholders. We believe that stock options and RSU awards offer our named executive officers a valuable long-term incentive that aligns their interests with the interests of our stockholders.

We also offer cash compensation to our named executive officers in the form of base salaries and annual cash bonus opportunities at levels that we believe help us provide competitive compensation packages. To emphasize our annual goals, we set the target total cash compensation opportunities of our named executive officers at or above the 50th percentile of the competitive market while maintaining base salaries at approximately the median of the competitive market. Generally, we have structured our annual cash bonus opportunities to focus on the achievement of specific short-term financial and strategic goals that will further our longer-term growth objectives.

In 2013, our compensation committee considered competitive compensation data from companies within our industry (which are discussed in more detail below in the section entitled Compensation-Setting Process Use of Competitive Data) to assist it in establishing cash compensation levels for our named executive officers. The data was compiled by Compensia, Inc., a national compensation consulting firm (Compensia), engaged by our compensation committee. Our compensation peer group consists of publicly traded companies with business models and financial and size characteristics similar to ours, with an emphasis on technology companies. Using this information as a guideline, our compensation committee placed an emphasis on remaining competitive in our market and differentiating total cash compensation through the use of an annual incentive bonus plan. Equity awards were granted by our compensation committee on a discretionary basis for the purpose of retaining our named executive officers and aligning their interests with our long-term strategic and operational objectives.

Results of Most Recent Say-on-Pay Vote

At our 2012 Annual Meeting of Stockholders, we conducted a stockholder advisory vote on the 2011 compensation of our named executive officers (commonly known as a Say-on-Pay vote). Our stockholders approved the 2011 compensation of our named executive officers with approximately 94% of the votes cast in favor of the proposal.

We believe that the outcome of the Say-on-Pay vote reflects our stockholders support of our compensation approach, specifically our efforts to attract, retain, and motivate our named executive officers. No significant design changes were made to our executive compensation program during 2013. We value the opinions of our stockholders and will continue to consider the outcome of future Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our named executive officers.

Based on the results of a separate stockholder advisory vote on the frequency of future stockholder advisory votes regarding the compensation of our named executive officers (commonly known as a Say-When-on-Pay vote) conducted at our 2012 Annual Meeting of Stockholders, our Board determined that we will hold our Say-on-Pay votes on a triennial basis. Therefore, the next stockholder advisory vote on the compensation of our named executive officers will take place in 2015.

Compensation-Setting Process

Role of the Compensation Committee

Our compensation committee is responsible for overseeing our executive compensation philosophy and our executive compensation program, as well as determining and approving the compensation for our named executive officers. Our compensation committee regularly reports to our full Board on its deliberations, but is ultimately responsible for compensation decisions, as described in the compensation committee charter. See the summary description of the compensation committee charter in the section of this Proxy Statement entitled "Corporate Governance Committees of the Board of Directors."

Our compensation committee reviews, on at least an annual basis, our executive compensation program, including any incentive compensation plans, to determine whether they are appropriate, properly coordinated, and achieve their intended purposes and recommends to our Board any modifications or new plans or programs. It also reviews the compensation of our named executive officers and makes decisions about the various components that comprise their compensation packages.

Role of Management

In carrying out its responsibilities, our compensation committee works with members of our management team, including our CEO and CFO. Typically, our management team assists our compensation committee by providing information about our corporate financial and individual performance, competitive market data and management's perspective and recommendations on compensation matters.

Typically, our CEO makes recommendations to our compensation committee regarding the compensation of our employees, including our named executive officers (except with respect to his own compensation), and attends compensation committee meetings (except with respect to discussions involving his own compensation).

While our compensation committee solicits and reviews our CEO's recommendations and proposals with respect to compensation-related matters, it only uses these recommendations and proposals as one factor in making compensation decisions.

Role of Compensation Consultant

Our compensation committee is authorized to retain the services of compensation consultants and other advisors from time to time, as it sees fit, in connection with carrying out its responsibilities, including the adoption of cash and equity compensation plans and arrangements and related policies.

Since November 2010, our compensation committee has engaged Compensia to assist it each year in reviewing and making appropriate changes to our executive compensation guiding principles, to update our compensation peer group; to evaluate the competitiveness of our named executive officers' compensation and to assist it in the course of its deliberations concerning executive compensation decisions. Compensia serves at the discretion of our compensation committee.

Our compensation committee has assessed the independence of Compensia taking into account, among other things, the factors set forth in Exchange Act Rule 10C-1 and the NASDAQ listing standards, and has concluded that no conflict of interest exists with respect to the work that Compensia performs for our compensation committee.

Use of Competitive Data

To assess the competitiveness of our executive compensation program and compensation levels, our compensation committee directed Compensia to examine the executive compensation practices of a peer group of software and Internet companies. Compensation data for the peer group companies were gathered from public filings and from Compensia's proprietary compensation databases. Peer group data are used to assess compensation levels and to assist our compensation committee in setting compensation levels for 2013.

Table of Contents

The companies comprising the compensation peer group were selected on the basis of their similarity to us in size (as determined by revenue and market capitalization, when available), industry sector and product or service similarity. In some cases, the compensation peer group included companies that may compete with us for talent or may otherwise influence the market compensation for our employees.

During 2013, the compensation peer group was comprised of the following companies:

Ancestry.com Inc.	Open Table, Inc.
Ariba, Inc.	Pandora Media Inc.
Bankrate	Qlik Technologies, Inc.
Concur Technologies	Real Page, Inc.
ExactTarget	Service-now
Fortinet, Inc.	Shutterfly, Inc.
Guidewire Software	Solarwinds, Inc.
Kayak Software Corporation	Splunk
NetSuite Inc.	

Our compensation committee reviews the compensation peer group at least annually and makes adjustments to its composition as necessary.

In addition, as part of the assessment of current market practices for executive compensation that is reviewed by our compensation committee, Compensia examined and included relevant data from the most recent Radford Executive Survey and the IPAS High Technology Survey, with an emphasis on companies with revenues comparable to ours. Our compensation committee reviewed the data compiled by Compensia from these surveys and the compensation peer group and used it to assess whether the compensation components we provide to each named executive officer were market competitive. This analysis helped our compensation committee to determine the changes in compensation discussed below.

Executive Compensation Program Components

The following describes each component of our executive compensation program, the rationale for each component and how compensation amounts and awards are determined.

Base Salary

Base salary represents the fixed portion of our named executive officers' compensation, which we view as an important element to attract, retain and motivate highly talented executives. Base salaries represent a modest portion of the total compensation opportunity for our named executive officers.

In 2013, our compensation committee conducted a review of each named executive officer's base salary in consultation with Compensia and with input from our CEO. Our compensation committee then considered and made adjustments as it determined to be reasonable and necessary to reflect the scope of each named executive officer's performance, individual contributions, responsibilities, experience, prior base salary level, position (in the case of a promotion) and market conditions. In making these adjustments, our compensation committee also considered the median of the base salary range of the companies in the compensation peer group. The changes in the base salaries of our named executive officers from 2012 to 2013 are set forth in the following table.

Named Executive Officer	2012 Base Salary	2013 Base Salary	% Increase from 2012 to 2013
Brian Sharples	\$ 500,000	\$ 512,500	2.5%
Lynn Atchison	\$ 318,700	\$ 326,668	2.5%
Brent Bellm	\$ 360,000	\$ 369,000	2.5%
Thomas Hale	\$ 318,700	\$ 326,668	2.5%
Carl Shepherd	\$ 318,700	\$ 326,668	2.5%

Table of Contents*Annual Cash Bonuses*

We use annual cash bonuses to motivate our named executive officers to achieve both short-term financial and strategic goals and longer-term growth and other objectives. Under our 2013 Executive Officer Performance Bonus Plan, our compensation committee determines cash bonus payments for our CEO and our other named executive officers based on achievement of corporate financial targets established in our annual operating plan and global listing performance requirements, as described below.

2013 Target Bonus Opportunities

Under our 2013 Executive Officer Performance Bonus Plan, our annual cash bonus opportunities were designed to reward our named executive officers based on our performance. Our compensation committee determined that the target annual cash bonus opportunity for each of our named executive officers should be determined as a percentage of his or her base salary. The target annual cash bonus opportunities for our named executive officers for 2013, as compared to 2011 and 2012, were as follows:

Named Executive Officer	2011 Target Annual Cash Bonus Opportunity	2012 Target Annual Cash Bonus Opportunity	2013 Target Annual Cash Bonus Opportunity
Brian H. Sharples	100%	100%	100%
Lynn Atchison	50%	60%	60%
Brent Bellm	50%	75%	75%
Thomas Hale	50%	60%	60%
Carl G. Shepherd	50%	60%	60%

With respect to each named executive officer, the amount of his or her target annual cash bonus opportunity was established by our compensation committee in consultation with our CEO (except with respect to himself) and was determined based on a variety of factors, including his or her past performance, anticipated future contributions, position, responsibilities and experience. Based on these factors and to keep our named executive officers in the median range of the competitive market, our compensation committee decided on the annual cash bonus opportunities set forth above. In the same process, our compensation committee further determined to weight each annual cash bonus opportunity based 80% on financial performance measures and based 20% on global listings performance measures as described below.

Corporate Performance Measures

Under the 2013 Executive Officer Performance Bonus Plan, our compensation committee established the following corporate performance measures that supported our annual operating plan and enhanced long-term value creation as the principal performance measures for making annual cash bonus determinations:

Performance Measure	Description	Weight	Target Performance Level
GAAP Revenue	Our 2013 total revenues, as determined under Generally Accepted Accounting Principles (GAAP)	40%	\$ 344.9M
Adjusted EBITDA Margin	Our 2013 total net income (loss) plus depreciation; amortization of intangible assets; interest expense, net; income tax expense (benefit); stock-based compensation expense; and net of any foreign exchange income or expense divided by GAAP Revenue	40%	29.1%
Global Ending Listings Growth	Global vacation rental and bed and breakfast listings performance during 2013, focusing on listings growth. This measure also includes performance modifiers, based on the mix of the types of listings, quality of the listings, and the rate listings were acquired	20%	15%*

Table of Contents

* Percentage in year over year growth in listings. This target level may be modified in the discretion of our compensation committee based on qualitative factors, such as the mix of type of listing, the quality of listings and the rate of acquisition of the listings.

Our compensation committee selected GAAP revenue as a performance measure because it is a key indicator of our overall performance. Adjusted EBITDA margin was selected by our compensation committee because it is used by management, together with other financial measures, to track the underlying operating profitability and efficiency of the business. Our compensation committee determined to weight each of these measures equally, because they were both deemed to be critical to our operational efficiency and the long-term success of the organization.

Our compensation committee chose global ending listings growth as a performance measure because it is an important metric we use to monitor our business. In 2013, our compensation committee applied this metric as the sole management by objective metric, or MBO, applicable to the entire executive team, instead of MBOs which vary by individual. Since it is also a metric used in the company bonus plan applicable to a majority of employees, our compensation committee chose to apply it to our named executive officers as well to align our executive officers and employees on achievement of this goal. We believe successful performance as measured by this metric is a predicate to successful company performance as well as the operation of our marketplace.

Should any aspect of our corporate performance fail to reach the pre-established target level, our compensation committee reserves the discretion to apply judgment.

Award Decisions and Analysis

In March 2014, our compensation committee determined annual cash bonus payments for our named executive officers for 2013. In making these decisions, our compensation committee evaluated our financial and listings growth performance and the level of achievement of the corporate financial and global listings measures for the year.

For 2013, the GAAP revenue target level was achieved at a 98.3% level, the adjusted EBITDA margin target level was achieved at a 100% level and global listings target level was achieved at a 120% level. Our compensation committee retained, but did not exercise, discretion to adjust target levels/requirements for GAAP revenue, adjusted EBITDA margin or global ending listings growth.

With respect to the corporate performance measures, our compensation committee reviewed our performance against the performance matrix of our 2013 Executive Officer Performance Bonus Plan and determined that we had met the objectives established for the year at an overall performance level of 104.4%, broken down as follows: the GAAP revenue target was met at 98.3%, the EBITDA margin target was met at 100% and the ending listings growth target was overachieved by 1.4%. However, our CEO recommended to our compensation committee that it exercise its discretion and reduce the overall performance level to 102.8% to better align our named executive officers' bonuses with those of our other employees. Our compensation committee agreed with this recommendation and approved the bonus payments for our named executive officers at an overall performance level of 102.8%.

The bonuses paid for 2011, 2012 and 2013 are provided in the table below.

Named Executive Officer	2011 Bonus	2012 Bonus	2013 Bonus
Brian Sharples	\$ 501,480	\$ 449,767	\$ 523,383
Lynn Atchison	\$ 179,900	\$ 175,077	\$ 200,163
Brent Bellm	\$ 189,392	\$ 245,625	\$ 282,627
Thomas Hale	\$ 70,702	\$ 175,077	\$ 200,163
Carl Shepherd	\$ 172,175	\$ 175,077	\$ 200,163

Table of Contents*Equity Compensation*

We use equity awards to motivate and reward our named executive officers, to encourage long-term corporate performance based on the value of our common stock and to align the interests of our named executive officers with those of our stockholders. In 2013, we granted our named executive officers a mix of options to purchase shares of our common stock and RSU awards covering shares of our common stock. We believe that stock options, when granted with exercise prices equal to the fair market value of our common stock on the date of grant, provide an appropriate long-term incentive for our named executive officers, since the stock options reward them only to the extent that our stock price grows and stockholders realize value following their grant date. We also believe that RSU awards help us to retain our named executive officers and reward them for long-term stock price appreciation while at the same time providing some value to the recipient even if the market price of our common stock declines. In determining the appropriate mix of stock options and RSU awards, our compensation committee considers the current stock and other equity holdings of each named executive officer and competitive data of the types of equity compensation provided to executive officers by companies in our compensation peer group, with a goal of reaching a mix that would provide the appropriate incentives while staying competitive in our market.

We do not apply a rigid formula to determine the size of the equity awards that are granted to our named executive officers. Instead, these awards are determined in the judgment of our compensation committee, taking into consideration, among other things, our performance and that of the named executive officer during the past year, the prospective role and responsibility of the named executive officer, competitive factors, equity compensation data for executive officers of our compensation peer group, the amount of equity-based compensation, including the portion that is vested, held by the named executive officer and the cash compensation received by the named executive officer. Based upon these factors, our compensation committee sets the size of each equity award at the level it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value.

In 2013, our compensation committee granted stock options and RSU awards to our named executive officers to position them at approximately the 75th percentile of our compensation peer group. Our compensation committee decided to grant our named executive officers a mix of approximately 60% stock options and 40% RSU awards. Our compensation committee determined that it was more appropriate for a significant percentage of the equity award to be in the form of stock options to provide a stronger incentive for the named executive officer to increase the market price of our common stock. The grant date fair market value for each named executive officer's equity grant made in 2013 is set forth below.

Named Executive Officer	2013	2013
	Stock Option Grant	RSU Award
Brian Sharples	\$ 2,283,467	\$ 1,522,686
Lynn Atchison	\$ 784,940	\$ 523,426
Brent Bellm	\$ 1,213,095	\$ 808,921
Thomas Hale	\$ 784,940	\$ 523,426
Carl Shepherd	\$ 784,940	\$ 523,426

Retirement and Other Benefits

Our named executive officers are eligible to participate in our tax-qualified Section 401(k) retirement savings plan on the same basis as our other employees who satisfy the plan's eligibility requirements, including requirements relating to age and length of service. Under this plan, participants may elect to make pre-tax contributions of up to 80% of their current compensation, not to exceed the applicable statutory income tax limitation, which was \$17,500 in 2013. In addition, we may make discretionary contributions to the plan in any year, up to certain limits.

Table of Contents

Additional benefits received by our named executive officers include medical, dental and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance, and basic life insurance. These benefits are provided on the same basis as to all of our full-time employees.

Historically, we have not provided perquisites or other personal benefits to our named executive officers. Currently, we do not view perquisites or other personal benefits as a component of our executive compensation program. Our future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the compensation committee.

Employment Arrangements

In connection with our initial public offering of our common stock, on May 27, 2011, we entered into employment agreements with each of our named executive officers. With the exception of his own agreement, each of these agreements was negotiated on our behalf by our CEO, with the oversight and approval of our compensation committee. Our CEO's employment agreement was negotiated directly with our compensation committee. We believe that these employment agreements were necessary to retain these individuals and induce them to lead us in achieving our goals as a publicly traded company.

For a summary of the material terms and conditions of these employment agreements, see the section entitled [Employment Agreements](#).

Post-Employment Compensation Arrangements

The employment agreements provide each of our named executive officers with certain protection in the event of his or her termination of employment under specified circumstances, including following a change of control of our Company. We believe that these protections serve our executive retention objectives by helping our named executive officers maintain continued focus and dedication to their responsibilities to maximize stockholder value, including in the event that there is a potential transaction that could involve a change in control of our Company. The terms of these agreements were determined after review by our compensation committee of our retention goals for each named executive officer and an analysis of competitive market data.

For a summary of the material terms and conditions of these severance and change in control arrangements, see the section entitled [Potential Payments upon Termination or Change in Control](#).

Other Compensation Policies

Stock Ownership Guidelines

Currently, we have not implemented a policy regarding minimum stock ownership requirements for our named executive officers. Our compensation committee will consider whether to adopt such a policy in the future.

Compensation Recovery Policy

We have not implemented a policy regarding retroactive adjustments to any cash or equity-based incentive compensation paid to our named executive officers and other employees where the payments were predicated upon the achievement of financial results that were subsequently the subject of a financial restatement. Our compensation committee intends to adopt such a policy when the SEC completes its rulemaking pursuant to Section 954 of the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Generally, Section 162(m) of the Internal Revenue Code disallows a tax deduction to any publicly-held corporation for any remuneration in excess of \$1.0 million paid in any taxable year to its chief executive officer and each of its three next most highly-compensated named executive officers (other than its chief financial officer). Remuneration in excess of \$1.0 million may be deducted if, among other things, it qualifies as performance-based compensation within the meaning of the Internal Revenue Code. Additionally, under a Section 162(m) exception for private companies that subsequently become publicly held, any compensation paid pursuant to a compensation plan in existence before the effective date of the public offering of securities will not be subject to the \$1.0 million limitation until the earliest of: (i) the expiration of the compensation plan, (ii) a material modification of the compensation plan (as determined under Section 162(m)), (iii) the issuance of all the employer stock and other compensation allocated under the compensation plan, or (iv) the first meeting of stockholders at which directors are elected after the close of the third calendar year following the year in which the public offering of securities occurred.

Where reasonably practicable, our compensation committee may seek to qualify the variable compensation paid to our named executive officers for the performance-based compensation exemption from Section 162(m). As such, in approving the amount and form of compensation for our named executive officers in the future, our compensation committee will consider all elements of the cost to us of providing such compensation, including the potential impact of Section 162(m). Our compensation committee may, in its judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes that such payments are appropriate to attract and retain executive talent.

Taxation of Parachute Payments and Deferred Compensation

Sections 280G and 4999 of the Internal Revenue Code provide that named executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change of control of our Company that exceed certain prescribed limits, and that we (or a successor) may forfeit a deduction on the amounts subject to this additional tax. Section 409A of the Internal Revenue Code imposes significant additional taxes in the event that an employee, including a named executive officer, director, or service provider receives nonqualified deferred compensation that does not satisfy the conditions of Section 409A.

We did not provide any named executive officer with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999 or 409A of the Internal Revenue Code during 2013 and we have not agreed and are not otherwise obligated to provide any named executive officer with such a gross-up or other reimbursement.

Accounting for Stock-Based Compensation

We follow the FASB ASC Topic 718 for our stock-based compensation awards. ASC 718 requires companies to calculate the grant date fair value of their stock-based awards using a variety of assumptions. This calculation is performed for accounting purposes and reported in the compensation tables that accompany this Compensation Discussion and Analysis, even though recipients may never realize any value from their awards. ASC 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that the recipient of the award is required to render service in exchange for the award.

Limitation on Liability and Indemnification Matters

Our amended and restated certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

any breach of the director's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Our amended and restated bylaws provide that we are required to indemnify our directors and officers to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we are obligated to advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in that capacity, regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered and expect to continue to enter into agreements to indemnify our directors,

executive officers and other employees as determined by our Board. With

specified exceptions, these agreements provide for indemnification for related expenses including, among other things, attorneys' fees, judgments, fines and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as members of our Board and officers and potentially in other roles with our Company. We also maintain directors' and officers' liability insurance.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services Performed by the Independent Registered Public Accounting Firm

We maintain an auditor independence policy that bans our auditors from performing non-financial consulting services, such as information technology consulting and internal audit services. This policy mandates that our audit committee approve the audit and non-audit services and related budget in advance, and that our audit committee be provided with quarterly reporting on actual spending. This policy also mandates that we may not enter into auditor engagements for non-audit services without the express approval of our audit committee. In accordance with this policy, our audit committee pre-approved all services to be performed by our independent registered public accounting firm.

OTHER MATTERS

Meeting Admission. You are entitled to attend the Annual Meeting only if you were a HomeAway stockholder at the close of business on April 11, 2014 or hold a valid proxy for the Annual Meeting. If attending the meeting in person, you should be prepared to present photo identification for admittance. In addition, if you are a stockholder of record, meaning that you hold shares directly with AST (registered holders), the inspector of election will have your name on a list, and you will be able to gain entry with a form of government-issued photo identification, such as a driver s license, state-issued ID card or passport. If you are not a stockholder of record but hold shares through a broker, bank, or nominee (street name or beneficial holders), in order to gain entry you must provide proof of beneficial ownership as of the record date, such as an account statement or similar evidence of ownership, along with a form of government-issued photo identification. If you do not provide photo identification and comply with the other procedures outlined above for attending the Annual Meeting in person, you will not be admitted to attend the Annual Meeting in person.

Proxy Solicitation. HomeAway is paying the costs of the solicitation of proxies. We must also pay brokerage firms, banks, broker-dealers and other similar organizations representing beneficial owners of shares held in street name certain fees associated with forwarding the notice to beneficial owners, forwarding printed proxy materials by mail to beneficial owners who specifically request them, and obtaining beneficial owners voting instructions. We currently estimate such costs will be approximately \$18,000.

In addition to soliciting proxies by mail, certain of our directors, officers and regular employees, without additional compensation, may solicit proxies personally or by telephone, facsimile or email on our behalf.

Inspector of Election. AST has been engaged as our independent inspector of election to tabulate stockholder votes for the 2014 Annual Meeting.

Stockholder List. HomeAway s list of stockholders as of April 11, 2014 will be available for inspection for 10 days prior to the 2014 Annual Meeting. If you want to inspect the stockholder list, please call our Investor Relations department at (512) 505-1700 to schedule an appointment.

2015 Stockholder Proposals or Nominations. Pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended, some stockholder proposals may be eligible for inclusion in our 2015 proxy statement. These stockholder proposals must be submitted, along with proof of ownership of our stock in accordance with Rule 14a-8(b)(2), to our principal executive offices in care of our Corporate Secretary by one of the means discussed below in the section entitled Communicating with Us. Failure to deliver a proposal in accordance with this procedure may result in it not being deemed timely received. We must receive all submissions no later than the close of business (5:00 p.m. Central Standard Time) on December 26, 2014.

We strongly encourage any stockholder interested in submitting a proposal to contact our Corporate Secretary in advance of this deadline to discuss the proposal, and stockholders may want to consult knowledgeable counsel with regard to the detailed requirements of applicable securities laws. Submitting a stockholder proposal does not guarantee that we will include it in our proxy statement. Our nominating and governance committee reviews all stockholder proposals and makes recommendations to the Board for action on such proposals. For information on recommending individuals for consideration as nominees, see the section of this Proxy Statement entitled Corporate Governance Director Nomination Procedures.

In addition, under our bylaws, any stockholder intending to nominate a candidate for election to the Board or to propose any business at our 2015 annual meeting, precatory (non-binding) proposals presented under Rule 14a-8, must give notice to our Corporate Secretary between February 9, 2015 and March 11, 2015, unless the notice also is made pursuant to Rule 14a-9. The notice must include information specified in our bylaws, including information concerning the nominee or proposal, as the case may be, and information about the stockholder s ownership of and agreements related to our stock. If the 2015 annual meeting is held more than

30 days prior to or 60 days after the anniversary of the 2014 Annual Meeting, the stockholder must submit notice of any such nomination and of any such proposal that is not made pursuant to Rule 14a-8 by the later of the 90th day prior to the 2015 annual meeting or the tenth day following the day on which public announcement of the meeting is first made. We will not entertain any proposals or nominations at the annual meeting that do not meet the requirements set forth in our bylaws. If the stockholder does not also comply with the requirements of Rule 14a-4(c)(2) under the Securities Exchange Act of 1934, as amended, we may exercise discretionary voting authority under proxies that we solicit to vote in accordance with our best judgment on any such stockholder proposal or nomination. The bylaws are filed as an exhibit to our Registration Statement filed with the SEC on March 11, 2011. To make a submission or to request a copy of our bylaws, stockholders should contact our General Counsel. We strongly encourage stockholders to seek advice from knowledgeable counsel before submitting a proposal or a nomination.

Our financial statements for the year ended December 31, 2013 are included in our 2013 Annual Report to Stockholders, which we are providing to our stockholders at the same time as this Proxy Statement. STOCKHOLDERS SHARING THE SAME LAST NAME AND ADDRESS

To reduce the expense of delivering duplicate proxy materials to stockholders who may have more than one account holding HomeAway stock but who share the same address, we have adopted a procedure approved by the SEC called householding. Under this procedure, certain stockholders of record who have the same address and last name, and who do not participate in electronic delivery of proxy materials, will receive only one copy of our Notice of Internet Availability of Proxy Materials and, as applicable, any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies. This procedure reduces duplicate mailings and saves printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you receive a single set of proxy materials as a result of householding and you would like to have separate copies of our Notice of Internet Availability of Proxy Materials, Annual Report, or Proxy Statement mailed to you, please submit a request to our General Counsel at HomeAway, Inc., 1011 W. Fifth Street, Suite 300, Austin, Texas 78703 or call our Investor Relations Department at (512) 505-1700, and we will promptly send you what you have requested. However, please note that if you want to receive a paper proxy or voting instruction form or other proxy materials for purposes of this year's Annual Meeting, follow the instructions included in the Notice of Internet Availability that was sent to you. You can also contact our Investor Relations department at the phone number above if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.
