**CURRENCYSHARES® CANADIAN DOLLAR TRUST**

This Prospectus Supplement No. 2 amends and supplements our prospectus dated April 12, 2013 (the Prospectus ) and Prospectus Supplement No. 1 dated March 5, 2014, and should be read in conjunction with, and must be delivered with, the Prospectus and Prospectus Supplement No. 1.

Under The Offering on page 3 of the Prospectus, the fifth, sixth and seventh sentences under Interest on deposits are hereby replaced with the following:

The Depository may change the rate at which interest accrues, including reducing the interest rate to zero, or below zero, based upon changes in the British Bankers Association LIBOR Overnight rate for the Canadian Dollar ( BBA rate ), other market conditions or the Depository s liquidity needs. The BBA rate is an effective overnight reference rate for the Canadian Dollar; like the Federal Funds rate, it represents the interest rate banks charge each other on overnight loans. Although the Depository may consider the BBA rate in setting the interest rate, the rate paid to the Trust may be lower than the BBA rate, or may be zero or below zero.

Under Risk Factors on page 9 of the Prospectus, the third sentence under The interest rate paid by the Depository, if any, may not be the best rate available. If the Sponsor determines that the interest rate is inadequate, then its sole recourse is to remove the Depository and terminate the Deposit Accounts is hereby replaced with the following:

The Depository may change the rate at which interest accrues, including reducing the interest rate to zero, or below zero, based upon changes in the BBA rate, other market conditions or the Depository s liquidity needs.

The Prospectus shall remain unchanged in all other respects. Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Prospectus.

The date of this Prospectus Supplement is March 20, 2015
