Item 1.01 Entry Into Material Definitive Contract.

Note Purchase Agreement and Notes

On June 24, 2016, Global Water Resources, Inc. (the Company), pursuant to a previously announced note purchase agreement (the Note Purchase Agreement), issued (i) an aggregate principal amount of \$28,750,000 of 4.38% Senior Secured Notes, Series A due on June 15, 2028 (each a Series A Note), and (ii) an aggregate principal amount of \$86,250,000 of 4.58% Senior Secured Notes, Series B due on December 15, 2036 (each a Series B Note and, together with the Series A Notes, the Notes). The Series A Notes accrue interest at 4.38% per annum from the date of issuance, payable semi-annually on June 15 and December 15 of each year, beginning on December 15, 2016, with a balloon payment due on June 15, 2028. The Series B Notes accrue interest at 4.58% per annum from the date of issuance, payable semi-annually on June 15 and December 15 of each year, beginning on December 15, 2016, with installments of principal in an aggregate amount of \$1,916,666.67 payable semi-annually on June 15 and December 15 of each year, beginning December 15, 2021, together with a final payment of principal and interest on December 15, 2036 in an amount equal to the remaining principal of the Series B Notes and the accrued interest thereon. The Notes were offered and sold only to institutional accredited investors in an offering exempt from registration under Section 4(a)(2) of the Securities Act of 1933, as amended.

The Company used the proceeds to (i) cause the redemption of the Redeemed Bonds (as defined below) and (ii) pay \$3,200,000 in respect of a premium to par for the redemption of the Redeemed Bonds (collectively, the Refinancing). The Company will use any remaining proceeds following the Refinancing for general corporate purposes.

The Note Purchase Agreement contains a debt service coverage ratio financial maintenance covenant and contains certain restrictive covenants that limit, among other things, the Company's ability to: create liens and other encumbrances; incur additional indebtedness; merge, liquidate or consolidate with another entity; dispose of or transfer assets; make distributions or other restricted payments; engage in certain affiliate transactions; and change the nature of the business. The foregoing covenants are subject to various qualifications and limitations as set forth in the Note Purchase Agreement. As set forth in the Note Purchase Agreement, the Notes are subject to certain customary events of default after which the Notes may be declared due and payable if the default is not cured within the grace period or, in certain circumstances, may be declared due and payable immediately.

The foregoing summary of the terms of the Note Purchase Agreement and the Notes is qualified in its entirety by the Note Purchase Agreement, which is Exhibit 10.1 to this Current Report on Form 8-K, and the Notes, forms of which are Exhibits 4.1 and 4.2 to this Current Report on Form 8-K, all of which are incorporated herein by reference.
