December 14, 2016

Dear Fellow Shareholder:

On behalf of your Board of Directors, I am pleased to invite you to attend the 2017 Annual Meeting of Shareholders of Air Products and Chemicals, Inc. to be held at 2:00 p.m., Thursday, January 26, 2017, at the Company's Corporate Headquarters in Allentown, Pennsylvania. Admission procedures are explained in the attached Proxy Statement, and directions appear on the last page of these materials. We have made arrangements to keep parking and navigating our corporate campus easy for you. I hope you will be able to join us.

Attached you will find a Notice of Annual Meeting and Proxy Statement that contains additional information about the meeting, including the items of business and methods that you can use to vote your proxy, such as the telephone or Internet. Your vote is important. I encourage you to sign and return your proxy card or use telephone or Internet voting prior to the meeting, so that your shares of common stock will be represented and voted at the meeting even if you cannot attend.

I am very proud of what the Air Products team has accomplished over the last year. We have made significant progress towards achieving our goal of being the safest industrial gas company in the world and this year we met our objective of being the most profitable. I look forward to meeting with fellow shareholders in January to answer your questions about our progress.

Cordially,

Seifi Ghasemi

Chairman, President, and Chief Executive Officer

2016 Company Performance Highlights

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

The Company continued its dramatic improvement in safety performance, with 20% improvement in the lost time injury rate and 12% improvement in the recordable injury rate.

Earnings per share increased 17% over prior year. Adjusted earnings per share increased 14%, 17% excluding currency and foreign exchange impacts.¹

Operating income increased 23%. Operating margin of 22.1% increased 480 basis points over prior year. Adjusted operating margin of 23.1% was up 400 basis points over prior year.¹

Adjusted EBITDA increased 10% and adjusted EBITDA margin increased 420 basis points.¹

¹ Certain comparisons are non-GAAP measures and based on continuing operations excluding certain items for fiscal years 2016 and 2015. See Appendix A for reconciliation to GAAP measures.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

The Company returned over \$721 million to shareholders through dividends, increasing dividends for the 34th consecutive year.

The Company completed its spin-off of the Electronic Materials business with the distribution of all outstanding shares of Versum Materials, Inc. (Versum Materials) to shareholders on October 1, 2016.

The Company announced it had entered into a definitive agreement for the sale of its Performance Materials business for \$3.8 billion.

The Company was named to the Dow Jones Sustainability Index (North America), the CDP Climate Change Leadership, the FTSE4Good Index, the Ethibel Sustainability Index (Excellence Global) and Corporate Responsibility Magazine's 100 Best Corporate Citizens.

2016 Compensation Highlights

At the January 2016 Annual Meeting of Shareholders, shareholders supported the Company's Executive Officer compensation program by a vote of 98% of the votes cast.

The Management Development and Compensation Committee modified the Executive Officer long term incentive compensation mix for 2016 to tie more compensation directly to shareholder returns:

Award Type	2015	2016
Performance Shares	55%	60%
Restricted Stock	25%	40%
Stock Options	20%	0%

Incentive compensation performance metrics support the Company's priorities for creation of shareholder value:

Award Type	Performance Metric
Annual Incentive Plan	Rigorous adjusted earnings per share targets (10% growth for target payout)
Performance Shares	Relative total shareholder return

Corporate Headquarters Auditorium

Allentown, PA 18195

(Free parking will be available. Admission procedures are explained on page 4. Directions appear on the last page of this Proxy Statement.)

Items of Business

1. To elect the eight nominees proposed by the Board of Directors as directors for a one-year term.
2. To conduct an advisory vote on Executive Officer compensation.
3. To consider the frequency of advisory votes on Executive Officer compensation.
4. To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2017.
5. To attend to such other business as may properly come before the meeting or any postponement or adjournment of the meeting.

Record Date

Shareholders of record at the close of business on November 30, 2016 are entitled to receive this notice and to vote at the meeting.

Ways to Submit Your Vote

Instructions on how to vote your shares online are contained in the Notice of Availability of Proxy Materials or on your proxy card. If you received paper copies of your proxy materials by mail, you may also fill in, sign, date, and mail a proxy card or vote using a toll-free telephone number. To save costs, we encourage you to vote online or by telephone if these options are available to you.

Important

Whether you plan to attend the meeting or not, please submit your proxy as soon as possible in order to avoid additional soliciting expense to the Company. The proxy is revocable and will not affect your right to vote in person if you attend the meeting.

By order of the Board of Directors,

Mary T. Afflerbach

Vice President, Corporate Secretary, Chief

Governance Officer and General Counsel (Interim)

QUESTIONS AND ANSWERS ON VOTING AND THE ANNUAL MEETING

AIR PRODUCTS AND CHEMICALS, INC.

PROXY STATEMENT

We have provided you this Notice of Annual Meeting and Proxy Statement because the Board of Directors (the Board) of Air Products and Chemicals, Inc. (the Company or Air Products) is soliciting your proxy to vote at the Company's Annual Meeting of Shareholders on January 26, 2017 (the Annual Meeting). This Proxy Statement contains information about the items to be voted on at the Annual Meeting and information about the Company. Instructions on how to access this Proxy Statement and our Annual Report on Form 10-K on the Internet or paper copies of the Proxy Statement and Annual Report are first being sent to shareholders on or about December 14, 2016.

**QUESTIONS AND ANSWERS ON VOTING AND
THE ANNUAL MEETING**

How many shares can vote at the Annual Meeting?

As of the Record Date, which was November 30, 2016, 217,433,579 shares of Company common stock were issued and outstanding, which are the only shares entitled to vote at the Annual Meeting. Every owner of Company stock is entitled to one vote for each share owned.

Who counts the votes?

A representative of Broadridge Corporate Issuer Solutions, Inc. will tabulate the votes and act as the independent inspector of election.

What is a proxy?

A proxy is your legal appointment of another person to vote the shares of Company stock that you own in accordance with your instructions. The person you appoint to vote your shares is also called a proxy. You can find an electronic proxy card at www.proxyvote.com that you can use to vote your shares online. If you received these proxy materials by mail, you can also vote by mail or telephone using the proxy card enclosed with these materials.

On the proxy card, you will find the names of the persons designated by the Company to act as proxies to vote your shares at the Annual Meeting. The proxies are required to vote your shares in the manner you instruct.

What shares are included on my proxy card?

If you are a registered shareholder, your proxy card(s) will show all of the shares of Company stock registered in your name with our Transfer Agent, Broadridge Corporate Issuer Solutions, Inc., on the Record Date, including shares in the Direct Stock Purchase and Sale Program

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

administered for Air Products shareholders by our Transfer Agent. If you also have shares registered in the name of a bank, broker, or other registered owner or nominee, they will not appear on your proxy card.

How do I vote the shares on my proxy card?

If you received a Notice of Availability of Proxy Materials and accessed these proxy materials online, follow the instructions on the Notice to obtain your records and vote electronically.

If you received these proxy materials by mail, you may vote by signing and dating the proxy card(s) and returning the card(s) in the prepaid envelope. You also can vote online or by using a toll-free telephone number. Instructions

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**QUESTIONS AND ANSWERS ON VOTING AND THE ANNUAL MEETING**

about these ways to vote appear on the proxy card. If you vote by telephone, please have your paper proxy card and control number available. The sequence of numbers appearing on your card is your control number, and your control number is necessary to verify your vote.

If you received these proxy materials via e-mail, the e-mail message transmitting the link to these materials contains instructions on how to vote your shares of Company stock and your control number.

Whether your proxy is submitted by mail, telephone, or online, your shares will be voted in the manner you instruct. If you do not specify in your proxy how you want your shares voted, they will be voted according to the Board's recommendations below:

Item	Board Recommendation
1. Election of the Board's Eight Nominees as Directors	For
2. Advisory Vote on Executive Officer Compensation	For
3. Frequency of Advisory Vote on Executive Officer Compensation	One year
4. Ratification of KPMG LLP (KPMG) as the Company's Independent Registered Public Accounting Firm	For

How do I vote shares held by my broker or bank?

If a broker, bank, or other nominee holds shares of Company stock for your benefit, and the shares are not in your name on the Transfer Agent's records, then you are considered a beneficial owner of those shares. If your shares are held this way, sometimes referred to as being held in street name, your broker, bank, or other nominee will send you instructions on how to vote. If you have not heard from the broker, bank, or other nominee who holds your Company stock, please contact them as soon as possible. If you plan to attend the meeting and would like to vote your shares held by a bank or broker in person, you must obtain a legal proxy, as described in the admission procedures section on page 4.

If you do not give your broker instructions as to how to vote, under New York Stock Exchange (NYSE) rules, your broker has discretionary authority to vote your shares for you on Item 4 to ratify the appointment of auditors. Your broker may not vote for you without your instructions on the other items of business. Shares not voted on these other matters by your broker because you have not provided instructions are sometimes referred to as broker nonvotes.

May I change my vote?

Yes. You may revoke your proxy at any time before the Annual Meeting by submitting a later dated proxy card, by a later telephone or on-line vote, by notifying us that you have revoked your proxy, or by attending the Annual Meeting and giving notice of revocation in person.

How is Company stock in the Company's Retirement Savings Plan voted?

If you are an employee who owns shares of Company stock under the Retirement Savings Plan and you have regular access to a computer for performing your job, you were sent an e-mail with instructions on how to view the proxy materials and provide your voting instructions. Other participants in the Retirement Savings Plan will receive proxy materials and a proxy card in the mail. The Trustee, Fidelity Management Trust

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Company, will vote shares of Company stock allocated to your Plan account on the Record Date in accordance with the directions you give on how to vote. The Trustee will cast your vote in a manner which will protect your voting privacy. If you do not give voting instructions or your instructions are unclear, the Trustee will vote the shares in the same proportions and manner as overall Retirement Savings Plan participants instruct the Trustee to vote shares allocated to their Plan accounts.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

QUESTIONS AND ANSWERS ON VOTING AND THE ANNUAL MEETING

What is a quorum ?

A quorum is necessary to hold a valid meeting of shareholders. A quorum exists if a majority of the outstanding shares of Company stock are present in person at the Annual Meeting or represented there by proxy. If you vote including by Internet, telephone, or proxy card your shares voted will be counted towards the quorum for the Annual Meeting. Proxies marked as abstentions and broker discretionary votes are also treated as present for purposes of determining a quorum.

What vote is necessary to pass the items of business at the Annual Meeting?

Election of Directors. Our Bylaws provide that if a quorum is present at the Annual Meeting, the eight director candidates will be elected if they receive a majority of the votes cast at the meeting in person or by proxy. This means the nominees will be elected if the number of shares voted for the nominee exceeds the number of shares voted against the nominee. Abstentions and broker nonvotes are not counted as votes cast and therefore will have no effect.

Under our Corporate Governance Guidelines, any incumbent director who is not reelected by a majority of the votes cast must tender his or her resignation to the Corporate Governance and Nominating Committee of the Board for its consideration. The Corporate Governance and Nominating Committee then recommends to the Board whether to accept the resignation. The director will continue to serve until the Board decides whether to accept the resignation, but will not participate in the Committee's recommendation or the Board's action regarding whether to accept the resignation. The Board will publicly disclose its decision and rationale within 90 days after certification of the election results. If the Board does not accept the director's resignation, the director will continue to serve.

All Other Items. The other three items of business will be approved if shares voted in favor of the proposal exceed shares voted against the proposal. Abstentions and broker nonvotes will not affect the outcome of the vote.

How will voting on any other business be conducted?

We do not know of any business or proposals to be considered at the Annual Meeting other than the items described in this Proxy Statement. If any other business is proposed and the chairman of the Annual Meeting permits it to be presented at the Annual Meeting, the signed proxies received from you and other shareholders give the persons voting the proxies the authority to vote on the matter according to their judgment.

When are Shareholder proposals for the Annual Meeting to be held in 2018 due?

To be considered for inclusion in next year's proxy statement, proposals and nominations of persons to serve as directors must be delivered in writing to the Secretary of the Company, Air Products and Chemicals, Inc., 7201 Hamilton Boulevard, Allentown, PA 18195-1501 no later than August 16, 2017. To be presented at the 2018 Annual Meeting, proposals and nominations must be delivered in writing by October 30, 2017 and must comply with the requirements of our bylaws (described in the next paragraph).

Our Bylaws require adequate written notice of a proposal to be presented by delivering it in writing to the Secretary of the Company in person or by mail at the address stated above, on or after September 30, 2017, but no later than October 30, 2017. To be considered adequate, the notice must contain other information specified in the Bylaws about the matter to be presented at the meeting and the shareholder proposing the matter. A copy of our Bylaws can be found in the Governance section of our website [at www.airproducts.com](http://www.airproducts.com). A proposal received after October 30,

2017, will be considered untimely and will not be entitled to be presented at the meeting.

What are the costs of this proxy solicitation?

We hired Morrow Sodali Global, LLC to help distribute materials and solicit votes for the Annual Meeting. We will pay them a fee of \$13,000, plus out-of-pocket costs and expenses. We also reimburse banks, brokers, and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

QUESTIONS AND ANSWERS ON VOTING AND THE ANNUAL MEETING

you because they hold title to Company stock for you. In addition to using the mail, our directors, officers, and employees may solicit proxies by personal interview, telephone, telegram, or otherwise, although they will not be paid any additional compensation. The Company will bear all expenses of solicitation.

May I inspect the Shareholder list?

For a period of 10 days prior to the Annual Meeting, a list of shareholders registered on the books of our Transfer Agent as of the Record Date will be available for examination by registered shareholders during normal business hours at the Company's principal offices, provided the examination is for a purpose germane to the meeting.

How can I get materials for the Annual Meeting?

Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we are furnishing proxy materials to most of our shareholders via the Internet, instead of mailing printed copies of those materials to each shareholder. On December 14, 2016, we mailed to our shareholders (other than those who previously requested electronic or paper delivery) a Notice of Availability of Proxy Materials containing instructions on how to access our proxy materials, including our Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended September 30, 2016 ("fiscal year 2016"). The Notice of Availability of Proxy Materials also instructs you on how to access your proxy card to vote through the Internet.

This process is designed to expedite shareholders' receipt of proxy materials, lower the cost of the Annual Meeting, and help conserve natural resources. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice of Availability of Proxy Materials. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

Current Employees. If you are an employee of the Company or an affiliate who is a participant in the Retirement Savings Plan or who has outstanding stock options, with an internal Company e-mail address as of the Record Date, you should have received e-mail notice of electronic access to the Notice of Annual Meeting, the Proxy Statement, and the Annual Report on Form 10-K for fiscal year 2016 on or about December 14, 2016. You may request a paper copy of these materials by contacting the Corporate Secretary's Office. If you do not have an internal Company e-mail address, paper copies of these materials were mailed to your home. Instructions on how to vote shares in your Plan account are contained in the e-mail notice or accompany the paper proxy materials mailed to you.

If you have employee stock options awarded to you by the Company or an affiliate but do not otherwise own any Company stock on the Record Date, you are not eligible to vote and will not receive a proxy card for voting. You are being furnished this Proxy Statement and the Annual Report on Form 10-K for fiscal year 2016 for your information and as required by law.

What are the admission procedures for the Annual Meeting?

To gain admission to the Annual Meeting, if not a Company employee, you must present your admission ticket at the Visitor's Entrance to the Air Products Corporate Headquarters.

Registered Shareholders. If you received a Notice of Availability of Proxy Materials, the Notice is your admission ticket. If you received these proxy materials by mail or e-mail, your admission ticket is on the top half of the reverse side of your proxy card, which must be printed if you received it by e-mail.

Shares held through broker, bank, or nominee. When you vote your shares, either electronically or via your voting instruction form, you will be given the opportunity to check a box indicating that you intend to attend the Annual Meeting. If you check the box, you will be sent a legal proxy which will serve as your admission ticket. (Please note, if you check this box, your shares must be voted in person.) Alternatively, you will be admitted if you present a Notice of Availability of Proxy Materials or Voting Instruction Form relating to the Air Products Annual Meeting; however, you must present a legal proxy if you wish to vote your shares in person.

Table of Contents

PROPOSALS YOU MAY VOTE ON

PROPOSALS YOU MAY VOTE ON

1. ELECTION OF DIRECTORS

The Board currently has 8 directors. Our Board is currently divided into two classes for purposes of election. The classified structure of the Board will be fully phased out after the January 2017 Annual Meeting.

The Board has nominated the eight incumbent directors for election to the Board for the terms expiring in January 2018: Susan K. Carter, Charles I. Cogut, Chadwick C. Deaton, Seifi Ghasemi, David H. Y. Ho, Margaret G. McGlynn, Edward L. Monser, and Matthew H. Paull. Biographical information on these nominees and a description of their qualifications to serve as director and similar information about other directors appears beginning on page 8. Each nominee elected as a director is expected to continue in office until his or her term expires, or until his or her earlier death, resignation, or retirement.

The Board has no reason to believe that any of the nominees will not serve if elected. If a nominee is unavailable for election at the time of the Annual Meeting, the Company representatives named on the proxy card will vote for another nominee proposed by our Board or, as an alternative, the Board may reduce the number of directors on the Board.

The Board recommends a vote FOR the election of Ms. Carter, Mr. Cogut, Mr. Deaton, Mr. Ghasemi, Mr. Ho, Ms. McGlynn, Mr. Monser, and Mr. Paull.

2. ADVISORY VOTE ON EXECUTIVE OFFICER COMPENSATION

The Board is committed to excellence in governance and recognizes the interest our shareholders have in the Company's executive compensation program. As a part of that commitment, and in accordance with SEC rules, our shareholders are asked to approve an advisory resolution on the compensation of the Executive Officers, as disclosed in the Compensation Discussion and Analysis and accompanying Executive Compensation Tables and narrative. This proposal, commonly known as a "say on pay" proposal, gives you the opportunity to endorse or not endorse our fiscal year 2016 executive compensation program and policies for the Executive Officers by voting for or against the following resolution:

RESOLVED, that the compensation of the Executive Officers as discussed and disclosed, pursuant to the SEC compensation disclosure rules, in the Compensation Discussion and Analysis and the Executive Compensation Tables and accompanying narrative is approved.

Although the vote is non-binding, the Board and the Management Development and Compensation Committee will review the voting results. If there are a significant number of negative votes, we will seek to understand the concerns that influenced the vote, and address them in making future decisions about executive compensation programs. The Company intends to conduct an advisory vote on Executive Officer compensation annually, subject to the shareholder advisory vote on frequency of the vote on Executive Officer compensation. The next vote on Executive Officer Compensation is expected to be conducted at our 2018 Annual Meeting.

The Board recommends a vote FOR this resolution. As described in the Compensation Discussion and Analysis, our Executive Officer compensation program has been thoughtfully designed to support our long-term business strategies and drive creation of shareholder value. It is aligned with the competitive market for talent, very sensitive to Company performance and oriented to long-term incentives to maintain and improve the Company's long-term profitability. We believe the program delivers reasonable pay which is strongly linked to Company performance.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

PROPOSALS YOU MAY VOTE ON

**3. FREQUENCY OF ADVISORY VOTE ON EXECUTIVE OFFICER
COMPENSATION**

As required by Section 14A of the Securities Exchange Act of 1934, shareholders may vote on how often the Company will conduct a shareholder advisory vote on Executive Officer compensation. You may vote on whether you prefer an advisory vote every one, two, or three years, or to abstain. The vote on frequency is an advisory vote and is not binding, but the Board will consider shareholder preference as expressed through the vote. The Board recommends that advisory votes on Executive Officer Compensation occur every year.

The Board recommends a vote FOR one-year.

4. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

At its meeting held in November 2016, the Audit Committee of the Board approved KPMG LLP (KPMG) as the Company s independent registered public accounting firm for the fiscal year ending September 30, 2017 (fiscal year 2017). The Board concurs with and requests that shareholders ratify this appointment even though ratification is not legally required. If shareholders do not ratify this appointment, the Audit Committee will reconsider it. Representatives of KPMG will be available at the Annual Meeting to respond to questions. Information on KPMG s fees for fiscal years 2015 and 2016 appears on page 21.

The Board recommends a vote FOR the ratification of the appointment of KPMG LLP as the Company s independent registered public accounting firm for fiscal year 2017.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS

The Board is composed of a diverse group of leaders in their respective fields. Many of the current directors have leadership experience at major domestic and international companies with operations inside and outside the United States and experience on other companies' boards, which provide an understanding of different business processes, challenges, and strategies. Others have experience in government relations or key market sectors which reflect our customer base, or financial or governance expertise. All have personal traits such as candor, integrity, commitment, and collegiality that are essential to an effective board of directors.

Information follows about the age and business experience, as of December 1, 2016, of the nominees up for election and the particular experiences, qualifications, attributes, and skills that led the Board to conclude that each director should serve as a director. Each nominee has consented to being nominated for director and has agreed to serve if elected. All of the nominees are currently directors.

SUSAN K. CARTER, age 58.

Senior Vice President and Chief Financial Officer of Ingersoll-Rand Plc.

Director of the Company since 2011.

Susan K. Carter is the Senior Vice President and Chief Financial Officer of Ingersoll-Rand Plc., a diversified industrial company. She joined Ingersoll-Rand in September 2013. Prior to joining Ingersoll-Rand, from 2009 to 2013, Ms. Carter served as Executive Vice President and Chief Financial Officer of KBR, Inc., a global engineering, construction and services company; Executive Vice President and Chief Financial Officer of Lennox International Inc, a global provider of climate control solutions for heating, air conditioning, and refrigeration markets from 2004 to 2009; and as Vice President and Chief Accounting Officer of Cummins, Inc. from 2002 to 2004. She also held senior financial and accounting roles at Honeywell International Inc., DeKalb Corporation, and Crane Co. She is a former director of Lyondell Chemical Company. Ms. Carter received a Bachelor's degree in Accounting from Indiana University and received a Master's degree in Business Administration from Northern Illinois University. She is a Certified Public Accountant.

As the chief financial officer of global publicly-held corporations, Ms. Carter has gained significant experience in financial reporting, information technology, accounting, finance and capital management, investor relations, and international operations. Her background provides the Board with broad expertise in international financial and operational issues.

CHARLES I. COGUT, age 69.

Senior Mergers and Acquisitions Counsel and Retired Partner, Simpson Thacher & Bartlett LLP.

Director of the Company since 2015.

Charles Casey Cogut is Senior Mergers and Acquisitions (M&A) Counsel at Simpson Thacher & Bartlett LLP (STB). Mr. Cogut joined the New York-based law firm in 1973 and served as partner in STB from 1980-2012. For many years he was a leading member of STB's M&A and

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

private equity practices. He specialized in domestic, international and cross-border mergers and acquisitions, the representation of special committees of boards of directors, and buyouts and other transactions involving private equity firms. In addition, he regularly advised boards of directors with respect to corporate governance matters and fiduciary responsibilities. From 1990 to 1993 he served as senior resident partner in the firm's London office. Mr. Cogut received his J.D. in 1973 from the University of Pennsylvania Law School after graduating summa cum laude from Lehigh University in 1969. He is a member of the Board of Overseers of the University of Pennsylvania Law School; Co-Chair of the Board of Advisors of the University's Institute for Law and Economics; and a member of the Law School's adjunct faculty. He also is a member of the Board of Trustees and the Executive Committee of Cold Spring Harbor Laboratory.

Mr. Cogut brings to the Board expertise in governance and fiduciary responsibilities of directors. He also has extensive experience in multi-jurisdictional mergers and acquisitions and other complex transactions. He is recognized as one of the leading corporate lawyers in the United States.

THE BOARD OF DIRECTORS

CHADWICK C. DEATON, age 64.

Retired Chairman and Chief Executive Officer of Baker Hughes Inc.

Director of the Company since 2010.

Chadwick C. Deaton is the retired Executive Chairman of Baker Hughes Incorporated, an oilfield services and products provider with operations in over 90 countries. He joined Baker Hughes in 2004 and served as Chairman and Chief Executive Officer through 2011. He became Executive Chairman in January 2012. He retired as Executive Chairman in April 2013. Previously, Mr. Deaton was President and Chief Executive Officer of Hanover Compressor Company (now Exterran Holdings, Inc.); and Senior Advisor and Executive Vice President of Schlumberger Oilfield Services. Mr. Deaton is a director of Ariel Corporation, a private manufacturer of gas compressor equipment, CARBO Ceramics, Inc., Marathon Oil Corporation and Transocean Ltd. He is also a former director of Hanover Compression Company and Baker Hughes. He is a director of Houston Achievement Place and a member of the Society of Petroleum Engineers, and the Governor of Wyoming's Engineering Task Force for the University of Wyoming. He also serves as a director for the University of Wyoming Foundation. Mr. Deaton earned a Bachelor's degree in Geology from the University of Wyoming.

As a former chairman and chief executive officer of a global publicly held corporation, Mr. Deaton brings to the Board international business experience and executive leadership experience in operations, technology, talent management, and governance. In addition, his 30-year career in petrochemicals and energy businesses provides him with expertise in key customer segments for the Company.

SEIFOLLAH (SEIFI) GHASEMI, age 72.

Chairman, President and Chief Executive Officer of the Company.

Director of the Company since 2013.

Prior to joining Air Products, from 2001-2014, Mr. Ghasemi served as Chairman and Chief Executive Officer of Rockwood Holdings, Inc., a global leader in inorganic specialty chemicals and advanced materials that was acquired by Albemarle Corporation in January 2015. From 1997-2001, he held leadership roles at GKN, a global industrial company, including positions as director of the Main Board of GKN, plc, and Chairman and Chief Executive Officer of GKN Sinter Metals, Inc. and Hoeganes Corporation. Earlier in his career, Mr. Ghasemi spent nearly 20 years with The BOC Group (the industrial gas company which is now part of Linde AG) in positions including director of the Main Board of BOC Group, plc; President of BOC Gases Americas; and Chairman and Chief Executive Officer of BOC Process Plants, Ltd. and Cryostar. He is a former director of Rockwood Holdings, Inc. and EnerSys. Mr. Ghasemi also serves as non-executive chairman of Versum Materials, Inc. Mr. Ghasemi earned his undergraduate degree from Abadan Institute of Technology and holds a Master's degree in Mechanical Engineering from Stanford University.

Mr. Ghasemi brings to the Board strong leadership and extensive management and operating experience, including deep experience in the industrial gases and specialty chemicals industries, and a solid understanding of key end markets for the Company. His prior executive leadership of an international chemical company also provides substantial experience in governance and portfolio management, strategic planning, talent management, and international operations. He provides the Board with candid insights into the Company's industry, operations, management team, and strategic strengths and weaknesses.

DAVID H. Y. HO, age 57.

Chairman and Founder of Kiina Investment Ltd.

Director of the Company since 2013.

David H. Y. Ho is Chairman and Founder of Kiina Investment Ltd., a venture capital firm that invests in start-up companies in the technology, media, and telecommunications industries. Mr. Ho previously served as Chairman of Greater China for Nokia Siemens Networks, President of Greater China for Nokia Corporation, and Senior Vice President of the Nokia Networks Business Group. He has also held senior leadership roles with Nortel Networks and Motorola in China and Canada. Mr. Ho currently serves as a member of the boards of Pentair PLC and Qorvo, Inc.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

THE BOARD OF DIRECTORS

in the United States and two Chinese state-owned enterprises: China COSCO Shipping Corporation and China Mobile Communications Corporation. Mr. Ho served as a director of Triquent Semiconductor, Inc. prior to its merger with R. F. Micro Devices to form Qorvo, Inc., and as a director of China Ocean Shipping Company prior to its merger with China Shipping Group. Mr. Ho also previously served as a director of Dong Fang Electric Corporation and Owens Illinois, Inc. He holds a Bachelor's degree in Engineering and a Master's degree in Management Sciences from the University of Waterloo in Canada.

Mr. Ho has extensive experience establishing and building businesses in China and in international joint venture operations, government relations, and Asian operations and marketing. His background brings significant value to the Company as we execute on our Asian strategy. He also has executive leadership experience in the electronics and technology industries, key customer markets for the Company.

MARGARET G. McGLYNN, age 57.

Retired President and Chief Executive Officer, International AIDS Vaccine Initiative and President, Merck & Co., Inc. Global Vaccine and Infectious Disease Division.

Director of the Company since 2005.

Margaret G. McGlynn is the retired President and Chief Executive Officer of International AIDS Vaccine Initiative, a global not-for-profit, public-private partnership working to accelerate the development of vaccines to prevent HIV infection and AIDS. She joined its board in 2010 and served as President and Chief Executive Officer from 2011 until her retirement in 2015. Ms. McGlynn previously served as President, Global Vaccine and Infectious Disease Division of Merck & Co., Inc., a global pharmaceutical company, from 2007 until her retirement in 2009, where she was responsible for a portfolio of more than \$7 billion in global sales. She led the introduction of several new vaccine products and anti-infective therapies, expanded Merck's vaccine and infectious disease business globally, and launched several initiatives to provide access to its vaccines and HIV therapies in the developing world. Earlier she served as President, U.S. Human Health at Merck, from 2003 to 2005, and in 2005 she was named President, Merck Vaccine Division. Ms. McGlynn was a member of the Global Alliance for Vaccines and Immunization board of directors and executive committee from 2006 to 2008. She is also a director of Amicus Therapeutics, Inc., Vertex Pharmaceuticals, Inc., Orphan Technologies Ltd., and a former director of Quidel Diagnostics. She earned a Bachelor's degree in Pharmacy and a Master's of Business Administration in Marketing from State University of New York at Buffalo.

From her management of a global pharmaceutical business and experience as chief executive officer of a global organization, Ms. McGlynn brings extensive experience in government relations and public policy, international marketing, mergers and acquisitions and talent management. She has expertise in productivity, and a deep understanding of the healthcare business, an important customer base for the Company. Her service on other boards also provides financial and governance experience.

EDWARD L. MONSER, age 66.

President of Emerson Electric Co.

Director of the Company since 2013.

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Mr. Monser is currently President of Emerson Electric Co., a global industrial controls products company. Mr. Monser has more than 30 years of experience in senior operational positions at Emerson and has played key roles in globalizing the company, having held increasingly senior positions at the company, including Chief Operating Officer (2001-2015), President of its Rosemount Inc. subsidiary (1996-2001), and various operations, new product development, engineering and technology positions. He is Vice Chairman of the U.S.-India Business Council, a member of the Economic Development Board for China's Guangdong Province, and a past board member and past Vice Chairman of the U.S.-China Business Council. He holds a Bachelor's degree in Electrical Engineering from the Illinois Institute of Technology and a Bachelor's degree in Education from Eastern Michigan University.

As the former chief operating officer of a premier industrial organization, Mr. Monser provides the Board with a solid understanding of industrial operations, supply chain optimization, and continuous improvement; extensive experience in international business operations, particularly in emerging markets; and demonstrated capability in strategic planning and organizational development.

THE BOARD OF DIRECTORS

MATTHEW H. PAULL, age 65.

Retired Senior Executive Vice President and Chief Financial Officer of McDonald's Corporation.

Director of the Company since 2013.

Mr. Paull was Senior Executive Vice President and Chief Financial Officer of McDonald's Corporation from 2001 until he retired from that position in 2008. Prior to joining McDonald's in 1993, he was a partner at Ernst & Young where he managed a variety of financial practices during his 18-year career and consulted with many leading multinational corporations. Mr. Paull currently serves as a director of Canadian Pacific Railway Ltd. and KapStone Paper and Packaging Corporation. He was a former director of WMS Industries Inc. and the former lead director of Best Buy Co. He is a member of the Advisory Board of Pershing Square Capital Management, L.P. He also served as an advisory council member for the Federal Reserve Bank of Chicago. He holds a Master's degree in Accounting and a Bachelor's degree from the University of Illinois. He is a Certified Public Accountant.

Mr. Paull brings to the Board significant financial expertise with a deep understanding of financial markets, corporate finance, accounting and controls, and investor relations. As a former chief financial officer of a multinational corporation, he also has extensive experience in international operations and marketing.

COMPENSATION OF DIRECTORS

COMPENSATION OF DIRECTORS

For fiscal year 2016, directors who were not employed by the Company received an annual cash retainer for Board service of \$100,000. Committee chairs received an additional retainer of \$15,000 and the Lead Director received an additional annual retainer of \$20,000. Meeting fees of \$2,000 per meeting were paid for participating in committee meetings. Nonemployee directors who meet with employees of the Company or a third party at the request of the Company or to satisfy a requirement of law or listing standard receive the meeting fee for such service. Retainers and meeting fees are paid quarterly in arrears. In addition to retainers and meeting fees, nonemployee directors receive an annual grant of deferred stock units with a value of approximately \$120,000 (rounded up to nearest whole share) on the date of the Annual Meeting. Directors elected to the Board after the Annual Meeting receive a prorated grant of deferred stock units based on the number of months remaining until the next Annual Meeting.

Directors may voluntarily defer all or a part of their cash retainers and their meeting fees under the Deferred Compensation Program for Directors. At the election of each director, voluntarily deferred fees may be credited to deferred stock units or to an account which is credited with interest based on long-term corporate bond yields. Deferred stock units entitle the director to receive one share of Company stock upon payout, which generally occurs after the director's service on the Board is over. Deferred stock units earn dividend equivalents equal to the dividends that would have been paid on one share of stock for each unit owned by the director on dividend record dates. Deferred retainers and meeting fees (plus dividend equivalents earned on the director's existing deferred stock units account during a quarter) are converted to deferred stock units based on the NYSE closing price of a share of Company stock on the third to last business day of the quarter.

Directors are reimbursed for expenses incurred in performing their duties as directors. The Company covers directors under its overall directors and officers liability insurance policies. Directors are also covered by the business travel accident policy maintained by the Company and are eligible to participate in the Company's charitable matching gift program. Under this program, the Company matches donations of up to \$5,000 per year made by employees and directors to qualifying educational organizations; matches, at twice the amount, donations of up to \$2,000 per year made to qualifying arts and cultural organizations; and matches donations of up to \$1,000 per year to qualifying environmental and conservation organizations.

To emphasize the importance of long-term alignment with shareholders, the Board has adopted stock ownership requirements for directors. Directors are expected to own shares or share equivalents with a value (based on the NYSE closing price) equal to five times the annual cash retainer by the end of the fifth fiscal year after joining the Board. Directors are expected to increase their holdings to reflect an adjustment in the annual cash retainer within a reasonable period of time following the adjustment. Once a director has met the requirement, if there is a subsequent decline in the Company's share price that causes the director's ownership level to fall below this guideline, the director is not expected to purchase additional shares to meet the guideline, but is expected to refrain from selling or transferring shares until the guideline is again satisfied. All directors are currently in compliance with the stock ownership guidelines for directors.

On October 1, 2016 the Company completed its spin-off of Versum Materials. Consistent with the terms of the Deferred Compensation Program for Directors, director's outstanding deferred stock units on October 1, 2016 were modified to preserve their value after the spin-off. Each director's Deferred Compensation Program for Directors account was credited with the number of Versum Materials deferred stock units equal to half the director's Air Products' deferred stock units on September 30, 2016, rounded up to the nearest whole unit. Terms and conditions applicable to Versum Materials deferred stock units will be the same as those applicable to Air Products' deferred stock units, except the value of Versum Materials deferred stock units will be paid out in cash at the time of distribution.

Name	Fees			All	
	Earned or Paid in Cash(1)(\$)	Stock Awards(2)(\$)	Option Awards(3)(\$)	Other Compensation(3)(\$)	Total(\$)
S. K. Carter	\$ 126,000	\$ 120,081	\$ -		\$ 246,081
C. I. Cogut	\$ 128,000	\$ 120,081	\$ -	795	\$ 248,876
W. L. Davis, III	\$ 41,083	\$ -	\$ -		\$ 41,083
C. C. Deaton	\$ 147,000	\$ 120,081	\$ -	5,000	\$ 272,081
W. D. Ford	\$ 41,208	\$ -	\$ -	614	\$ 41,822
E. Henkes	\$ 35,333	\$ -	\$ -		\$ 35,333
D. H. Y. Ho	\$ 128,000	\$ 120,081	\$ -		\$ 248,081
M. G. McGlynn	\$ 112,000	\$ 120,081	\$ -	5,000	\$ 237,081
E. L. Monser	\$ 137,250	\$ 120,081	\$ -		\$ 257,331
M. H. Paull	\$ 141,125	\$ 120,081	\$ -	4,422	\$ 265,628

¹ Certain directors voluntarily elected to defer some or all of their cash retainers and meeting fees. Any voluntary deferrals are included in this column. This column includes annual retainers, meeting fees, and committee chair and presiding director retainers.

² This column shows the grant date fair value of the annual deferred stock unit grant for 2016 calculated in accordance with FASB ASC Topic 718. Deferred stock units earned by directors are fully expensed on the Company's financial statements at the market value of a share of stock on the date of grant. The annual deferred stock unit grant is prorated for directors elected mid-year. All deferred stock units credited to directors are fully vested.

³ Amounts in this column reflect matching contributions under the Company's charitable matching gift program for Mr. Deaton and Ms. McGlynn. For Mr. Cogut, Mr. Ford and Mr. Paull, the amounts reflect interest considered to be above market interest credited on their Deferred Compensation Program balances. Interest is calculated for the Deferred Compensation Program using a Moody's A-rated Corporate Bond Rate because this is comparable to the rate the Company pays its other creditors on long-term obligations. When this rate exceeds 120% of a rate set by the U.S. Internal Revenue Service, it is treated as above market interest, even though it is based on a market average for corporate bonds.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

CORPORATE GOVERNANCE

CORPORATE GOVERNANCE

Our business is managed by our employees under the direction and oversight of the Board. We keep Board members informed of our business through discussions with management, materials we provide to them, visits to our offices and facilities, and their participation in Board and Board committee meetings.

The Board has adopted Corporate Governance Guidelines for the Company in order to assure that it has the necessary practices in place to govern the Company in accordance with the interests of the shareholders. The Corporate Governance Guidelines set forth the governance practices the Board follows, including with respect to the roles and functions of the Board, Board leadership, director independence and qualifications, nomination and election of directors, director responsibilities, access to management and independent advisors, director compensation, director orientation and education, chief executive officer performance assessment, management succession, and assessment of Board and committee performance. The Guidelines are available on the Company's website at: <http://www.airproducts.com/company/governance/board-of-directors/governance-guidelines.aspx> and are available in print upon request. (Information contained on our website is not part of this proxy statement.) The Board regularly reviews corporate governance developments and modifies these Guidelines as warranted.

Director Independence

The Board has affirmatively determined that all of the Company's directors, except Mr. Ghasemi, qualify as independent under the NYSE corporate governance listing standards. In determining independence, the Board determines whether directors have a material relationship with the Company that would interfere with the exercise of independent judgment in carrying out the responsibilities of directors. When assessing materiality, the Board considers all relevant facts and circumstances including, without limitation, transactions between the Company and the director, family members of directors, or organizations with which the director is affiliated. The Board further considers the frequency and dollar amounts associated with any of these transactions and whether the transactions were in the ordinary course of business and were consummated on terms and conditions similar to those with unrelated parties.

In its determination, the Board considers the specific tests for independence included in the NYSE listing standards. In addition, the Board has adopted guidelines to assist in determining each director's independence which meet or exceed the NYSE independence requirements. The guidelines provide that the following categories of relationships are immaterial for purposes of making an independence determination:

Any business transactions or relationships involving sales or purchases of goods or services between the Company and a director's employer or an employer of a director's family member which occurred more than three years prior to the independence determination or involve less than 1% of such employer's annual consolidated gross revenues; provided the transaction takes place on the same terms and conditions offered to third parties or on terms and conditions established by competitive bid, and the director's or family member's compensation is not affected by the transaction;

Charitable contributions by the Company to an organization in which the director or his or her immediate family member serves as an executive officer, director, or trustee that occurred more than three years prior to the independence determination, were made pursuant to the Company's matching contributions program, or were less than the greater of \$1 million or 2% of the organization's gross revenues;

Membership of a director in the same professional association, social, fraternal, or religious organization or club as an Executive Officer of the Company;

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

A director's past matriculation at the same educational institution as an Executive Officer of the Company;

A director's service on the board of directors of another public company on which an Executive Officer of the Company also serves as a director, except for prohibited compensation committee interlocks; and

A director's service as a director, trustee, or executive officer of a charitable or educational organization where an Executive Officer of the Company also serves as a director or trustee.

In accordance with NYSE listing standards, in affirmatively determining the independence of any director who will serve on the Management Development and Compensation Committee, the Board also specifically considers factors

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

CORPORATE GOVERNANCE

relevant to determining whether a director has a relationship to the Company which is material to that director's ability to be independent from management in making judgments about the Company's executive compensation, including sources of the director's compensation and relationships of the director to the Company or senior management.

In addition, the Company's Corporate Governance Guidelines provide that no director may serve on the Audit Committee or Management Development and Compensation Committee of the Board if he or she has received, within the past or preceding fiscal year, any compensatory fee from the Company other than for Board or committee service; and no director may serve on the Management Development and Compensation Committee of the Board unless the director qualifies as an "outside director" under U.S. tax laws pertaining to deductibility of executive compensation.

On an annual basis, each member of the Board is required to complete a questionnaire designed in part to provide information to assist the Board in determining whether the director is independent under NYSE rules and our Corporate Governance Guidelines. In addition, each director or potential director has an affirmative duty to disclose to the Corporate Governance and Nominating Committee relationships between and among that director (or an immediate family member), the Company, and/or the management of the Company.

The Corporate Governance and Nominating Committee reviews all relationships and transactions for compliance with the standards described above and makes a recommendation to the Board, which makes the independence determination. For those directors identified as independent, the Company and the Board are aware of no relationships or transactions with the Company or management which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Routine purchases and sales of products involving Ms. Carter's and Mr. Monser's employers (amounting to less than 1% of the Company's and each such employer's consolidated revenues) and Mr. Paull's service on the advisory board of a shareholder were determined not to interfere with their independence.

Shareholder Engagement

The Board believes that fostering long-term and institution-wide relationships with shareholders and maintaining their trust and goodwill is a core Company objective. Management conducts extensive engagements with key shareholders. These engagements may cover governance, compensation, and safety, as well as financial matters to ensure that management and the Board understand and address the issues that are important to our shareholders. The Board oversees the discharge by management of shareholder communication and engagement and receives regular reports on shareholder comments and feedback and is open to dialogue on issues of interest to significant long term shareholders. The Board also specifically seeks to understand any significant voting trends on the Company's Executive Officer compensation program and other governance matters.

Executive Sessions

The independent directors regularly meet without the Chief Executive Officer (CEO) or other members of management present in executive sessions that are scheduled at each Board meeting. In addition, the CEO performance review is conducted in executive session, and the Audit, Corporate Governance and Nominating, and Management Development and Compensation Committees periodically meet in executive session. Board executive sessions are led by the Lead Director, currently Mr. Deaton, except the CEO performance review is led by the Chairman of the Management Development and Compensation Committee.

Board Meetings and Attendance

During fiscal year 2016, there were seventeen meetings of our Board. Board and committee attendance averaged 97% for the Board as a whole, and no director attended less than 75% of the combined total of meetings of the Board and the committees on which he or she was serving. In

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

accordance with the Company's Corporate Governance Guidelines, all directors are expected to attend the Annual Meeting unless they have an emergency or unavoidable schedule conflict. All directors attended the last Annual Meeting.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

CORPORATE GOVERNANCE

Shareholder Communications

Shareholders and other interested parties may communicate with the independent directors by sending a written communication in care of the Corporate Secretary's Office to the address on page 5. The Board has adopted a written procedure for collecting, organizing, and forwarding direct communications from shareholders and other interested parties to the independent directors. A copy of the procedure is available upon request from the Corporate Secretary's Office.

Code of Conduct

The Board has adopted its own Code of Conduct that is intended to affirm its commitment to the highest ethical standards, integrity, and accountability among directors and focuses on areas of potential ethical risk and conflicts of interest especially relevant to directors. The Company also has a Code of Conduct for officers and employees. This Code of Conduct addresses such topics as conflicts of interest, confidentiality, protection and proper use of Company assets, and compliance with laws and regulations. Both Codes of Conduct can be found on the website at <http://www.airproducts.com/company/governance/board-of-directors/director-code-of-conduct.aspx> and <http://www.airproducts.com/company/governance/commitment-ethical-business/employee-code-of-conduct.aspx> and are available in print to any shareholder who requests them.

Transactions with Related Persons

The Company did not engage in any reportable related person transactions in fiscal year 2016.

The Board recognizes that transactions with related persons can present actual or potential conflicts of interest and wants to ensure that Company transactions are based solely on the best interests of the Company and its shareholders. Accordingly, the Board has delegated responsibility to the Audit Committee to review transactions between the Company and related persons. The Audit Committee has adopted a written policy providing procedures for review of related person transactions.

A related person transaction is a transaction between the Company and a director, Executive Officer, or 5% or more shareholder; an immediate family member of a director, Executive Officer, or 5% or more shareholder; or a company or other entity in which any of these persons have a material interest. The policy specifically excludes certain types of transactions which the Committee deems to be immaterial. Pursuant to the Audit Committee policy, related person transactions must be preapproved by the Committee or, in the event of an inadvertent failure to bring the transaction to the Committee for preapproval, ratified by the Committee. In deciding whether to approve or ratify a related person transaction, the Committee considers the benefits of the transaction to the Company, the impact on a director's independence if a director or a director's family member or affiliate is involved, the availability of comparable sources for products and services, the terms of the transaction, and terms available to third parties for similar transactions. The Audit Committee chairman is authorized to approve related person transactions when it is impractical or undesirable to wait until the next Committee meeting for approval. Such chairman-approved transactions must be reported to the Committee at the next meeting.

Diversity Policy

While the Board has not adopted a formal policy on diversity, the Corporate Governance Guidelines provide that, as a whole, the Board should include individuals with a diverse range of experience to give the Board depth and breadth in the mix of skills represented. The Board seeks to

include an array of skills, perspectives and experience in its overall composition. This guideline is implemented by seeking to identify candidates that bring diverse skills sets, backgrounds, and experiences, including ethnic, gender, and geographic diversity, to the Board when director candidates are needed.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

CORPORATE GOVERNANCE

Board Leadership Structure

As provided in the Corporate Governance Guidelines, the Board does not have a policy on whether the roles of Chairman of the Board and CEO should be separate or whether the Chairman of the Board should be independent. The Board determines which structure is in the best interests of the Company at any given time.

At present Mr. Ghasemi serves as both CEO and Chairman and the Board also has an independent Lead Director. The Board decided to combine the CEO and Chairman roles because it has a high level of confidence in Mr. Ghasemi's leadership and willingness to work closely and transparently with the independent directors, and believes the Company is best served at this time by unified leadership of operations and oversight of the Company, which ensures that the Board and management act with common purpose. The Board also believes that maintaining equality among the independent directors fosters collegiality and openness among directors. Finally, the Board is satisfied that the independent directors have ample opportunities to execute their responsibilities independently through numerous executive sessions held throughout the year at both the Board and committee levels, substantial interactions with members of the management team other than the CEO, and the leadership of the Lead Director and the committee chairs.

The Corporate Governance Guidelines provide that the Lead Director's responsibilities include:

Presiding at executive sessions of the Board and any other time the Chairman is not present, and communicating feedback to the CEO;

Determining the agenda for executive sessions of non-management directors; and

Principal authority to convene a meeting of independent directors.

The Lead Director is elected by majority vote of the Board upon the nomination of the Corporate Governance and Nominating Committee and serves for a three-year term. Mr. Deaton is currently the Lead Director.

Board Tenure Policy

To enable proactive Board succession planning and self-renewal, the Board has adopted a policy that a non-executive director may not continue to serve on the Board after the Annual Meeting following the earlier of his or her completion of fifteen full years of service on the Board or attainment of age 72. The Board retains the flexibility to waive this policy in response to events or recruiting realities. At the time Mr. Ghasemi was recruited to become the Company's Chairman and CEO in 2014, the Board determined it would waive the age limit for him to enable him to remain a director for the full term of his employment agreement.

Board Performance Evaluation

Each year the Board conducts an evaluation of its performance. The evaluation format is established by the Corporate Governance and Nominating Committee. In recent years, the format has been an unstructured discussion led by the Chairman of the Corporate Governance and Nominating Committee, covering topics approved by the Committee and provided to directors in advance of the evaluation, including performance against objectives the Board established for itself the prior year. Following the evaluation, the Committee reviews and reports to the

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Board on action items arising from the evaluation. The Audit, Corporate Governance and Nominating, and Management Development and Compensation Committees of the Board also conduct annual self-evaluations using a similar format.

Individual directors are evaluated by the Corporate Governance and Nominating Committee at the time of nomination for reelection. The Lead Director is evaluated following his first full year of service in that role. This evaluation is conducted by a member of the Corporate Governance Compensation Committee after soliciting input from other directors.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

CORPORATE GOVERNANCE

Management Succession Planning

The Management Development and Compensation Committee of the Board, the CEO, and the Human Resources organization maintain an ongoing focus on executive development and succession planning to prepare the Company for future success. In addition to preparing for CEO succession, the succession planning process includes all senior management positions. A comprehensive review of executive talent, including, from time to time, assessments by an independent consulting firm, determines readiness to take on additional leadership roles and identifies developmental and coaching opportunities needed to prepare our executives for greater responsibilities. The CEO makes a formal succession planning presentation to the Board annually. Succession planning is a responsibility of the entire Board and all members participate. In addition, the Company has an emergency succession procedure for the CEO that is reviewed periodically by the Board.

Role in Risk Oversight

The Board's role in risk oversight of the Company is consistent with the Company's leadership structure, with the CEO and other members of senior management having responsibility for assessing and managing the Company's risk exposure, and the Board and its committees providing oversight in connection with those efforts. Management is responsible for assessing and managing the Company's various exposures to risk on a day-to-day basis, including the creation of appropriate risk management programs and policies. Responsibility for risk oversight rests with the full Board. The Board formally reviews the Company's risk management processes and policies periodically, including inventories of key risks and associated monitoring, control, and mitigation activities; but the Board primarily exercises its risk oversight responsibility through meetings, discussions, and review of management reports and proposals. Consideration of risk is inherent in the Board's consideration of the Company's long-term strategies and in the transactions and other matters presented to the Board, including large capital expenditures, acquisitions and divestitures, and safety and environment updates. Committees help the Board carry out this responsibility by focusing on specific key areas of risk inherent in our business:

The Audit and Finance Committee oversees risks associated with financial and accounting matters, including compliance with legal and regulatory requirements; financial instruments, financial transactions, financial policies and strategies, pension funding, and capital structure; and the Company's financial reporting and internal control systems. The Audit and Finance Committee also has oversight for the Company's risk assessment and management process and associated monitoring, control and mitigation activities;

The Corporate Governance and Nominating Committee oversees risks associated with corporate governance, including Board structure, director succession planning, and allocation of authority between management and the Board;

The Management Development and Compensation Committee helps ensure that the Company's executive compensation policies and practices support the retention and development of executive talent with the experience required to manage risks inherent to the business and do not encourage or reward excessive risk-taking by our executives.

All Board members are invited to attend most committee meetings and Board members who do not attend Committee meetings receive reports from the committees about their activities and deliberations.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**STANDING COMMITTEES OF THE BOARD****STANDING COMMITTEES OF THE BOARD**

The Board has three standing committees which operate under written charters approved by the full Board: Audit and Finance; Corporate Governance and Nominating; and Management Development and Compensation. During 2016, the Board determined to simplify its Committee structure to demonstrate its leadership in simplification and cost reduction. The Board eliminated the Finance Committee and assumed some of its responsibilities. The remainder of its responsibilities were transferred to the Audit Committee, which was renamed the Audit and Finance Committee.

In accordance with NYSE listing standards, none of the directors who serve on the Audit and Finance, Corporate Governance and Nominating, or Management Development and Compensation Committees have ever been employed by the Company, and the Board has determined in its business judgment that all of them are independent from the Company and its management in accordance with the guidelines described above in

Director Independence . The charters of all the committees can be viewed on the Company website at <http://www.airproducts.com/company/governance/board-of-directors/committee-composition/committee-descriptions-and-charters.aspx> and are available in print to any shareholder upon request. The Company's Bylaws also provide for an Executive Committee. The chart below identifies directors who were members of each committee at the end of fiscal year 2016, the number of meetings held by each committee during fiscal year 2016, and the committee chairs.

Audit and Finance Committee

The Board has determined that all of the Audit and Finance Committee members are financially literate and that Ms. Carter and Mr. Paull qualify as audit committee financial experts as defined by SEC regulations and NYSE listing standards. The Committee operates under a written charter. The Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent registered public accounting firm retained to audit the Company's financial statements. The Committee provides oversight of the Company's external financial reporting process, systems and processes relating to the integrity of financial statements, internal audit process, programs for compliance with laws and regulations, administration of the employee code of conduct, and processes for risk assessment and management. The Committee discusses with the Company's internal auditor and independent registered public accountant the overall scope and plans for their respective audits. The Committee regularly meets with the internal auditor and the independent registered public accounting firm, with and without management present, to discuss the results of their audits, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Each year the Committee approves an annual agenda plan which specifies matters to be considered and acted upon by the Committee over the course of the year in fulfilling its responsibilities. In fiscal year 2016, the Committee met ten times.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

STANDING COMMITTEES OF THE BOARD

Audit and Finance Committee Report

The Audit and Finance Committee provides oversight of the Company's financial reporting process on behalf of the Board. Management bears primary responsibility for the financial statements and the reporting process, including the system of internal controls and disclosure controls. The independent registered public accounting firm is responsible for expressing an opinion on the conformity of the audited consolidated financial statements with United States generally accepted accounting principles (GAAP).

In fulfilling its responsibilities, the Audit and Finance Committee has reviewed and discussed the audited consolidated financial statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2016 with the Company's management and the independent registered public accounting firm, KPMG. The Committee has discussed with KPMG the matters that are required to be discussed under Public Company Accounting Oversight Board standards governing communications with audit committees. KPMG has provided to the Committee the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm communications with the Audit and Finance Committee concerning independence, and the Committee has discussed with KPMG the firm's independence.

Based on the reviews and discussions referred to above, the Committee approved the audited consolidated financial statements and recommended to the Board that they be included in the Company's Annual Report on Form 10-K for fiscal year 2016.

Audit and Finance Committee

Matthew H. Paull, Chairman

Susan K. Carter

Charles I. Cogut

David H. Y. Ho

Edward L. Monser

Independent Registered Public Accounting Firm

Appointment and Attendance at Annual Meeting. The Audit Committee appointed KPMG as the Company's independent registered public accounting firm for fiscal year 2016. KPMG has been retained as the Company's independent registered public accounting firm since 2002. Representatives of KPMG will be present at the Annual Meeting to respond to appropriate questions and make a statement if they desire.

Fees of Independent Registered Public Accounting Firm. Consistent with the Audit and Finance Committee's responsibility for engaging the Company's independent registered public accounting firm, all audit and permitted nonaudit services performed by KPMG require preapproval by the Audit and Finance Committee. The full Committee approves projected services and fee estimates for these services and establishes budgets for major categories of services at its first meeting of the fiscal year. The Committee chairman has been designated by the Committee to approve any services arising during the year that were not preapproved by the Committee and services that were preapproved if the associated fees will cause the budget established for the type of service at issue to be exceeded by more than ten percent. Services approved by the chairman are communicated to the full Committee at its next regular quarterly in person meeting, and the Committee reviews actual and forecast services and fees for the fiscal year at each such meeting. During fiscal year 2016, all services performed by the independent registered public accounting firm were preapproved.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**STANDING COMMITTEES OF THE BOARD**

During fiscal years 2015 and 2016, KPMG billed the Company fees for services in the following categories and amounts (in millions):

KPMG Fees	2015	2016
Audit Fees	\$ 7.2	\$ 7.1
Audit-related Fees(1)	\$ 1.4	\$ 10.7
Tax Fees	\$ 0.9	\$.3
All Other Fees	\$ 0.0	\$ 0.0
Total Fees	\$ 9.5	\$ 18.1

¹ For 2016 includes audit-related fees of \$9.9 associated with audit and review services provided in connection with the separation of Versum Materials. The increase in Audit-related fees for fiscal year 2016 is primarily attributable to services related to the Company's spin-off of its Electronic Materials division as Versum Materials, Inc. Audit fees are fees for those professional services rendered in connection with the audit of the Company's consolidated financial statements and the review of the Company's quarterly consolidated financial statements on Form 10-Q that are customary under the standards of the Public Company Accounting Oversight Board (United States), and in connection with statutory audits in foreign jurisdictions. Audit-related services consisted primarily of services rendered in connection with the audits of Versum Materials combined financial statements included on Form 10 and review of Versum Materials quarterly combined financial statements, employee benefit plan audits, SEC registration statements, due diligence assistance, and consultation on financial accounting and reporting standards. Tax fees were primarily for preparation of tax returns in non-U.S. jurisdictions, assistance with tax audits and appeals, advice on restructuring to enable the tax free separation of the Materials Technologies businesses and technical assistance.

Selection of Independent Registered Public Accounting Firm. The Audit and Finance Committee annually evaluates the performance of the Company's independent registered public accounting firm, and determines whether to reappoint the current accounting firm or consider other firms. The Committee also evaluates and approves the selection of the lead engagement partner. At its meeting held in November 2016, the Committee approved reappointment of KPMG as the Company's independent registered public accounting firm for fiscal year 2017. In determining whether to reappoint KPMG, the Committee took into consideration a number of factors, including:

KPMG's global capabilities to handle the breadth and complexity of the Company's global operations;

KPMG's technical expertise and knowledge of the Company's industry and global operations;

The quality and candor of KPMG's communications with the Committee and management;

KPMG's independence;

The appropriateness of KPMG's fees; and

KPMG's tenure as our independent registered public accounting firm, including the benefits of that tenure, and the controls and processes in place (such as rotation of key partners) that help ensure KPMG's continued independence.

Based on its evaluation, the Committee believes the continued retention of KPMG is in the best interest of our shareholders. The Board concurs and requests that shareholders ratify the appointment of KPMG as the independent registered public accounting firm for fiscal year 2017.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee operates under a written charter. The Committee monitors and makes recommendations to the Board about corporate governance matters including the Corporate Governance Guidelines, codes of conduct, Board structure and operation, Board policies on director compensation and tenure,

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

STANDING COMMITTEES OF THE BOARD

the meeting schedules of the Board and the committees, the charters and composition of the committees, and the annual Board and committee performance assessment processes. The Committee has primary responsibility for identifying, recommending, and recruiting nominees for election to the Board and recommending candidates for election as Lead Director. The Committee also reviews and monitors the Company's crisis management procedures, lobbying activities, policies on political contributions and response to significant public policy issues, including social responsibility matters. The Committee met three times in fiscal year 2016.

Selection of Directors. The Board has established the following minimum qualifications for all directors: business experience, judgment, independence, integrity, ability to commit sufficient time and attention to the activities of the Board, absence of any potential conflicts with the Company's interests, and an ability to represent the interests of all shareholders. The qualities and skills necessary for a specific director nominee are governed by the needs of the Company at the time the Committee determines to add a director to the Board. The specific requirements of the Company are determined by the Committee and are based on, among other things, the Company's current business, market, geographic, and regulatory environments; the mix of perspectives, experience, and competencies currently represented by the other Board members; and the CEO's views as to areas in which management desires additional advice and counsel.

When the need to recruit a nonmanagement director arises, the Committee's standard process is to consult the other directors, the CEO, and sometimes a third-party recruiting firm to identify potential candidates. Once a candidate is identified, the candidate screening process most recently has been conducted initially through an interview by one or more members of the Committee and the CEO. After the initial interviews, the candidate meets with the full Committee for formal consideration and recommendation to the Board. Prior to final election to the Board, a background investigation is conducted to verify the candidate's reputation and background, the candidate's independence as measured by the Board's independence standards, and other factors the Committee deems appropriate at the time.

This year eight incumbent directors are standing for election, Ms. Carter, Mr. Cogut, Mr. Deaton, Mr. Ghasemi, Mr. Ho, Ms. McGlynn, Mr. Monser, and Mr. Paull. All the nominees have been previously elected by the Company's shareholders.

The Committee has adopted a policy regarding its consideration of director candidates recommended by shareholders for nomination by the Committee at an Annual Meeting, and a procedure for submission of such candidates. The policy provides that candidates recommended by shareholders will be considered by the Committee; submissions of candidates must be made in writing; and must be received not later than 120 days prior to the anniversary date of the proxy statement for the prior Annual Meeting. The submission must also provide certain information concerning the candidate and the recommending shareholder(s), a statement explaining why the candidate has the qualifications required, and consent of the candidate to be interviewed by the Committee and to serve if elected. A copy of the policy and procedure is available upon request from the Corporate Secretary's Office. Candidates recommended by shareholders in accordance with these procedures will be screened and evaluated in the same manner as other candidates.

Executive Committee

The Executive Committee has the authority of the Board to act on most matters during intervals between Board meetings. It is usually convened to approve capital expenditures associated with a project in excess of the CEO's authority when a customer requires a commitment prior to the next Board meeting and a special meeting of the Board cannot be convened. The Committee did not meet in fiscal year 2016.

Finance Committee

The Finance Committee was eliminated for 2016 and its responsibilities were assumed by the Board and the Audit Committee, which was renamed the Audit and Finance Committee.

Table of Contents

STANDING COMMITTEES OF THE BOARD

Management Development and Compensation Committee

Pursuant to its charter, the primary responsibilities of the Management Development and Compensation Committee (the "Committee") are:

Establishing the Executive Officer compensation philosophy, design and strategy for the Company, consistent with Company objectives and shareholder interests, determining CEO compensation, and approving other Executive Officer compensation;

Approving performance objectives relevant to the compensation of the CEO, establishing the process for and leading the Board in evaluation of the performance of the Company's CEO, and providing oversight of the CEO's evaluation of the performance of other Executive Officers;

Overseeing CEO succession planning and the development and evaluation of potential candidates for other Executive Officer positions; and

Overseeing the Company's overall management compensation program, the design and administration of management incentive compensation plans, including equity programs, and the design and administration of the Company's retirement and welfare benefit plans. The Committee's charter permits it to delegate all or a portion of the authority granted to it by the Board to one or more Committee members, senior executives, or subcommittees to the extent consistent with applicable laws, regulations, and listing standards. The Company's Delegation of Authority Policy reserves for the Board and the Committee all compensation and staffing decisions with respect to Executive Officers except as specifically delegated.

Roles of the Committee, Management, and Compensation Consultant in the Compensation Process. The Committee is responsible to the Board and to shareholders for establishment and oversight of the Company's compensation program for Executive Officers, and for approving the compensation level of the Executive Officers. For fiscal year 2016, the Company's Executive Officers were:

Seifi Ghasemi, Chairman, President and Chief Executive Officer;

M. Scott Crocco, Senior Vice President and Chief Financial Officer (CFO²);

Guillermo Novo, Executive Vice President, Materials Technologies;³

Corning F. Painter, Executive Vice President, Industrial Gases; and

John D. Stanley, Senior Vice President, General Counsel and Chief Administrative Officer.⁴

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

The Committee establishes overall compensation strategies and policies for the Executive Officers, allocates compensation for Executive Officers among the various components of compensation, evaluates and approves performance measures and goals relevant to the incentive compensation of the Executive Officers, evaluates the performance of the CEO with input from the full Board, determines direct compensation levels for the CEO, and evaluates and approves direct compensation levels for other Executive Officers. Each year, the Committee:

reviews and evaluates the appropriateness of the Company's current Executive Officer compensation program based on several factors, including competitiveness of the program and alignment of compensation delivered under the program with the Company's strategy and performance;

reviews whether the program design encourages excessive risk taking;

approves peer groups for market reference;

reviews dilution and burn rates associated with the Company's equity compensation;

evaluates and approves changes to incentive compensation and benefit plans when needed;

approves incentive compensation payouts for the current year; and

addresses other specific issues regarding management development and compensation as needed.

² Mr. Crocco was recently named Executive Vice President and Chief Financial Officer.

³ Mr. Novo is now President and Chief Executive Officer of Versum Materials.

⁴ Mr. Stanley retired on October 3, 2016

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

STANDING COMMITTEES OF THE BOARD

Periodically, the Committee also undertakes an extensive review of the competitiveness and appropriateness of certain pay practices. In fiscal year 2016, the Committee conducted an in-depth review of Executive Officer severance and change in control arrangements.

The Committee retains an external compensation consultant to provide independent advice, information, and analysis on executive compensation. The Committee has established several practices to ensure the external consultant's independence, candor, and objectivity. The consultant is engaged by, has its compensation set by, and reports directly to the Committee; frequently meets separately with the Committee with no members of management present; and consults with the Committee chairman in between meetings. Management reports fees paid for services performed by the consultants to the Committee at each meeting and the Committee approves in advance the services to be performed. The Committee retained Farient Advisors LLC (Farient) as its external consultant for fiscal year 2016. Farient has also advised the Corporate Governance and Nominating Committee on director compensation, but has performed no other services for the Company or management. The Committee assessed Farient's independence and is not aware of any conflicts of interest raised by Farient's work.

During fiscal year 2016, Farient provided advice and analysis to the Committee on direct compensation for individual Executive Officers, peer group composition, incentive plan performance measures, compensation program design, and external trends and developments. Farient also provided an analysis of the alignment of pay delivered under the Company's Executive Officer compensation program with its performance compared to peer group pay and performance, an assessment of the fit of the Company's Executive Officer compensation program design with its business strategy, a comparison of the program design to peer programs, and an assessment of the potential relationship between the Company's compensation program and risk-taking by management.

While the Committee determines overall compensation strategy and policies for the Executive Officers and approves their compensation, it seeks input from several Executive Officers and other management employees with respect to both overall guidelines and discrete compensation decisions. Specifically:

Human Resources staff works with the Committee to develop the design of compensation programs and decision-making frameworks for determining compensation levels;

the CEO provides input to the Committee on the forms of incentive compensation and performance measures that will best support his strategic goals for the Company;

the CEO provides the Committee perspective on the performance of other Executive Officers and develops and recommends compensation actions for the other Executive Officers, in consultation with Human Resources, and based on competitive market analysis received from external compensation consultants;

the CFO provides background to the Committee regarding the Company's key financial objectives and performance against them; and

the Company's Law and Human Resources staff provide technical advice and other support to the Committee. These Executive Officers and employees attend portions of the Committee meetings; however, the Committee's usual practice is to meet in executive session both alone and with its external compensation consultant to reach final decisions about CEO and other Executive Officer compensation.

Compensation Discussion and Analysis

The Compensation Discussion and Analysis describes and analyzes our Executive Officer Compensation program, with emphasis on compensation actions taken during fiscal year 2016. It is organized into 5 sections:

Title	Page Number
2016 Company Performance Highlights	25
Highlights of Fiscal Year 2016 Compensation Committee Actions	26
Fiscal Year 2016 Executive Officer Compensation Program	29
Fiscal Year 2016 Direct Compensation Components	33
Employee Benefits and other Compensation Practices and Policies	38

2016 Company Performance Highlights

The Company continued its dramatic improvement in safety performance, with 20% improvement in the lost time injury rate and 12% improvement in the recordable injury rate.

Earnings per share increased 17% over prior year. Adjusted earnings per share increased 14%, 17% excluding currency and foreign exchange impacts.⁵

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Operating income increased 23%. Operating margin of 22.1% increased 480 basis points over prior year. Adjusted operating margin of 23.1% was up 400 basis points over prior year.⁵

Adjusted EBITDA increased 10% and adjusted EBITDA margin increased 420 basis points.⁵

The Company returned over \$721 million to shareholders through dividends, increasing dividends for the 34th consecutive year.

The Company completed its spin-off of the Electronic Materials business with the distribution of all outstanding shares of Versum Materials to shareholders on October 1, 2016.

The Company announced it had entered into a definitive agreement for the sale of its Performance Materials business for \$3.8 billion.

The Company was named to the Dow Jones Sustainability Index (North America), the CDP Climate Change Leadership, the FTSE4Good Index, the Ethibel Sustainability Index (Excellence Global) and Corporate Responsibility Magazine's 100 Best Corporate Citizens.

⁵ Certain comparisons are non-GAAP measures and based on continuing operations excluding certain items for fiscal years 2015 and 2014. See Appendix A for reconciliation to GAAP measures.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS****Highlights of Fiscal Year 2016 Compensation Committee Actions****Committee determined incentive compensation program design.**

For fiscal year 2016 the Committee continued to refine incentive compensation design to support Mr. Ghasemi's strategic vision for the Company. At the beginning of 2015, Mr. Ghasemi unveiled a five point plan for increasing shareholder value:

Focus on the core business;

Restructure the organization to decentralize, releasing entrepreneurial energy and reducing costs;

Change the culture to focus on safety, simplicity, speed and self-confidence;

Control capital and costs; and

Align rewards to drive accountability and value creation.

In fiscal year 2015, Mr. Ghasemi requested that the Committee support this plan by focusing the Company's annual incentive program on achieving aggressive adjusted earnings per share and EBITDA targets. For 2016, Executive Officers' annual incentive awards were again based on adjusted earnings per share, and the adjusted earnings per share targets were translated to adjusted EBITDA targets for the business units below the Executive Officer level to align rewards with value-creating performance. Target level payouts were based on meeting or exceeding the Company's adjusted earnings per share goal of approximately 10% growth for 2016. Threshold performance for earning any annual incentive award required adjusted earnings per share of at least 90% of this target.

Mr. Ghasemi also recommended the Committee tie the long term incentive program more explicitly to long term shareholder value creation. At his recommendation, for fiscal year 2016 the Committee determined to grant a larger percentage of long-term incentives in performance shares (increased to 60%), eliminating stock options, and performance share earn out levels were again tied to total shareholder return relative to a peer group of industrial companies.

HISTORY OF COMPENSATION PROGRAM CHANGES

	2014	2015	2016
Annual Incentive Metric	Earnings Per Share Growth (50%)	Rigorous adjusted Earnings Per Share Goals	Rigorous adjusted Earnings Per Share Goals
	Underlying Sales Growth (50%)	(100%)	(100%)
Performance Shares Metric	Earnings Per Share growth (33%)	Relative Total Shareholder Return	Relative Total Shareholder

	Return on Capital Employed Net of Cost of Capital (67%)	(100%)	Return (100%)
Performance Shares	35%	55%	60%
Stock Options	40%	20%	0
Restricted Stock	25%	25%	40%

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS****Target Fiscal Year 2016 Total Direct Compensation Set for Other Executive Officers.**

At the beginning of the year, after benchmarking against peer companies, the Committee established 2016 Total Direct Compensation (base salary, annual incentive award target, and target value of long term incentive awards⁶) for the Executive Officers.⁷ The table below indicates the Total Direct Compensation opportunity granted to Executive Officers for fiscal year 2016.⁸

Officer	Base Salary	Annual	Grant	Total Direct
		Incentive	Value of	
		Target	Long-Term	Compensation
		Incentives		
S. Ghasemi	\$ 1,200,000	\$ 1,620,000	\$ 7,000,000	\$ 9,820,000
M. S. Crocco	\$ 600,000	\$ 510,000	\$ 1,300,000	\$ 2,410,000
G. Novo	\$ 465,000	\$ 395,000	\$ 850,000	\$ 1,710,000
C. F. Painter	\$ 600,000	\$ 510,000	\$ 1,300,000	\$ 2,410,000
J. D. Stanley	\$ 575,000	\$ 460,000	\$ 1,000,000	\$ 2,035,000

Committee Determined Fiscal Year 2016 Incentive Compensation Payouts.

Following the end of the year, the Committee determined actual annual incentive awards for the Executive Officers. In fiscal year 2016 the Company significantly improved its safety performance and exceeded its adjusted earnings per share target and shareholders' expectations. The performance measure for the annual incentive awards was adjusted earnings per share and the payout metrics and methodology are described on page 34. Based on the Company's outstanding performance, the annual incentive award payout factor was 200% for all Executive Officers.

The Committee also determined final payout levels for performance share awards granted in fiscal year 2014 with a performance cycle ending at the end of fiscal year 2016, which were based on fiscal year 2014-2016 return on capital employed net of cost of capital (Net ROCE) and non-GAAP earnings per share growth (EPS Growth). Performance resulted in a payout factor of 106% of target. The Committee adjusted the payout factor downward to 91%, the full extent permitted by the award agreements, to reflect the underperformance of certain investments made during the performance period, in particular the Company's Energy from Waste projects, which were written off when the Company exited the Energy from Waste business during fiscal year 2016.

Committee determined adjustments to outstanding long term incentive awards to preserve value following spin-off of Versum Materials.

On October 1, 2016, the Company spun-off its Electronics Materials business via a distribution of all the shares of Versum Materials to its shareholders. In preparation for the spin-off, the Committee evaluated different methodologies for adjusting outstanding long term incentive awards, as required by the Company's Long Term Incentive Plan, to preserve their economic value following the spin-off. The Committee determined to use a general approach of converting outstanding Air Products awards held by employees transferring to Versum Materials into an equivalent value of Versum Materials equity awards, and adjusting the number of awards held by continuing Air Products employees to preserve the same value after the spin-off. For more details, see Treatment of Outstanding Equity Awards at the Time of Versum Materials Spin-off on page 37.

⁶ Each year the Committee grants long term incentive awards intended to deliver a target value. The process for determining the target value to be granted and the value of the awards is described on pages 34-35. The actual value realized may differ significantly (up or down) from the target value due to Company stock price performance over the life of the awards and the extent to which applicable performance metrics are met.

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

- ⁷ Mr. Ghasemi's 2016 compensation was primarily established by his employment agreement entered into when he joined the Company in the summer of 2014 which is described on page 32.
- ⁸ This table is intended to supplement, not replace, the Summary Compensation Table, which reports fiscal year 2016 Executive Officers compensation in the format required by SEC rules. The Summary Compensation Table provides important information regarding the accounting expense associated with the Committee's intended level of pay and provides a standardized measure across companies. The table above reflects how the Committee views the compensation opportunities it is providing.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

COMPENSATION OF EXECUTIVE OFFICERS

Committee evaluated potential linkage between compensation and risk taking.

During fiscal year 2016, the Committee, with Fariant, conducted a risk assessment of the Company's Executive Officer compensation program. The Committee concluded that the program is balanced and does not provide an enticement for executives to take excessive risks, including because of the following features:

The Company does not use highly leveraged short-term incentives that drive risky investments at the expense of long-term Company value.

The Company's compensation programs reward consistent, long term performance by heavily weighting compensation to long term incentives.

Cash incentive awards are capped at sustainable levels, and the Committee has discretion to reduce awards, including for nonfinancial considerations.

The Company imposes substantial Executive Officer stock ownership and holding requirements.

The Company has recovery policies (clawbacks) applicable to incentive compensation that permit the Company to cancel awards and recoup certain gains in the event of conduct detrimental to the Company.

In addition, management conducted and reported to the Committee on its evaluation of the Company's overall compensation practices and programs to assess whether any of these programs and practices exposed the Company to excessive risk taking, concluding there were no such programs or practices.

Committee reviewed results of the shareholder advisory vote on Executive Officer compensation and comments received.

Following the 2016 Annual Meeting, the Committee reviewed the results of the shareholder advisory vote on Executive Officer compensation and comments received on the Executive Officer compensation program. With over 98% of votes cast voted in favor of approval, the Committee determined that the great majority of shareholders were satisfied with the program.

Committee maintained strong governance practices.

The Committee recognizes that shareholders want assurance that the processes for determining and paying Executive Officer compensation reflect thoughtful stewardship of the Company's resources. The Committee has adopted the following practices, among others, to help demonstrate commitment to this principle:

Compensation Governance Highlights

Independent directors make final compensation decisions pertaining to Executive Officers.

Committee is advised by an independent compensation consultant.

Executive sessions are held at all Committee meetings.
Program is targeted at median for similar companies.
Stringent stock ownership guidelines.
Prohibition on hedging or pledging Company stock.
Consistent administration of performance goals and formulas.
Annual review of dilution and burn rate relative to peers.
Best practice change in control arrangements.
Clawback provisions in long- and short-term incentive programs.

COMPENSATION OF EXECUTIVE OFFICERS

Fiscal Year 2016 Executive Officer Compensation Program

Overview. The overall objective of our Executive Officer compensation program is to attract and retain a talented management team and provide them with the right incentives to execute our strategic objectives and maximize our shareholders' investment in the Company. The same principles that govern the compensation of all our salaried employees apply to the compensation of our Executive Officers:

Our Compensation Philosophy

Tie compensation to strategy and performance.

The Company's programs provide a range of incentive compensation opportunities that promote achievement of short-, medium-, and long-term strategic and financial objectives. Incentive compensation targets are aligned with the Company's external financial goals communicated to shareholders so that Executive Officers only receive target payouts if we meet shareholders' expectations and above target if we exceed them.

Link the interests of Executive Officers to the interests of shareholders.

The Company's Executive Officer compensation program is designed so that factors that impact the value of our shareholders' investment in the Company also impact our management team's compensation.

Provide competitive compensation for competitive performance.

The Company seeks to offer compensation opportunities that are sufficient to attract talented and experienced managers who have a choice about where they work, and to discourage them from seeking other opportunities.

Foster nonfinancial corporate goals.

While financial results are the primary commitment the Company makes to shareholders, the compensation program balances financial results with other Company values such as safety and environmental stewardship. Certain components of the program provide flexibility to

reduce or recoup compensation where insufficient attention is paid to nonfinancial Company objectives.

Support actions needed to respond to changing business environments.

The Company has sought to provide some elements of compensation, such as severance benefits, that give the management team or the Board tools to facilitate decisions about divestitures and restructurings, succession planning, or other significant corporate events that may impact the position or employment status of Executive Officers.

Our Executive Officer compensation program emphasizes compensation opportunities that are linked to key performance indicators, such as earnings per share, EBITDA and total shareholder returns. The majority of compensation provided to the Company's Executive Officers is dependent upon the achievement of short-, medium-, and long-term performance objectives and/or appreciation in the value of Company stock. Nearly 90% of the CEO's total direct compensation opportunity is performance-based to ensure that compensation directly reflects the creation of shareholder value.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

The Committee has designed the Executive Officer compensation program to provide our Executive Officers with target compensation that approximates the median for relevant peer groups⁹ on average, with actual compensation driven up or down based on the Company's operating performance, stock price, and overall shareholder return. Individual components of compensation may be greater or lesser than the median, and actual compensation delivered may vary significantly from the target opportunity and the median based on Company or individual performance and changes in Company stock price.

Direct compensation for fiscal year 2016 was delivered to the CEO and other Executive Officers through the components listed in the table below, which provides a brief description of the principal types of direct compensation, how performance factors into each type of compensation, and the compensation program objectives served by each type. Detailed descriptions of the components of direct compensation and how the Committee determined compensation levels for fiscal year 2016 begin on page 33.¹⁰

Component	Description	How Amount Determined/ Performance Considerations	Objectives
Base Salary	Fixed cash payment.	Targeted at Market Median ¹¹ with adjustment based on level of responsibility, experience, and individual performance.	Provide competitive foundational pay.
Annual Incentive	Short-term incentive, cash payment.	Target payout references Market Median. Actual payout driven by adjusted EPS.	Promote achievement of short-term financial and strategic objectives.
Performance Shares	Deferred stock units that pay out upon achievement of performance targets. Delivered in shares of stock with dividend equivalents also payable on vesting.	Target value based on Market Median for long-term incentives. Actual payout based on relative TSR over 3 year performance period.	Promote achievement of mid-term financial objectives; encourage current decisions that promote long-term value creation; align Executive Officers interests with shareholder returns.
Restricted Stock	Shares of stock that vest over 4 year period and pay dividends.	Target value based on Market Median for long-term incentives. Actual value determined by shareholder returns during vesting period.	Retain Executive Officers; align Executive Officers interests with shareholder returns.

The Committee annually reviews and establishes the performance measures, target goals, and payout schedules used for the Annual Incentive Plan and the performance share component of the long-term incentive program. In determining actual performance against these metrics, the Committee decides whether to include or exclude the impact of items reported in the Company's financial statements that may not be reflective of underlying operating results for the current or a prior year. Adjustments from reported earnings are intended to avoid artificial inflation or deflation of awards due to unusual or non operational items in the applicable period and align pay outcomes with how the Committee and management view the performance of the business.

Benchmarking. The Committee believes that a threshold characteristic of reasonable compensation is that it be aligned with compensation provided by companies the Company competes against for talent. In preparation for determining fiscal year 2016 compensation, the Committee benchmarked the Executive Officer compensation levels to evaluate the competitiveness of the program and as a reference for establishing compensation levels for fiscal year 2016.

⁹ See Benchmarking on page 30 for information about peer groups.

¹⁰ Other major components of compensation such as retirement benefits are based on pre-existing programs available to broad employee populations and were not the subject of Committee decisions for fiscal year 2016.

¹¹ See Setting Total Compensation below for an explanation of how the Committee views the Market Median.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

The Committee uses two peer groups for benchmarking which it annually reviews and approves.

PEER GROUPS			
NAME	CRITERIA	PURPOSE	SOURCE
Survey Reference Group	Broad group of industrial companies with \$7 - \$13 billion in revenue	Benchmark competitive Executive Officer direct compensation levels at target	Willis Towers Watson and Mercer surveys
Peer Reference Group	Chemical and industrial companies with similar capital structure, asset intensity and profitability to Company (size adjusted)	Benchmark competitive direct compensation levels for CEO & CFO and pay practices, pay for performance assessment, peer group for performance share relative TSR measure	Farient compiles from proxy statement filings

For purposes of assessing competitiveness and recommending compensation levels for fiscal year 2016, the Committee used survey data from Mercer and Willis Towers Watson compensation databases on a group of industrial companies with revenue of \$7 to \$13 billion (consistent with the Company's fiscal year 2015 revenue of \$9.9 billion) (Survey Reference Group). This Survey Reference Group is representative of the companies the Company competes against for talent and is used by the Company for various compensation benchmarking purposes, not just Executive Officer compensation. A list of companies included in the Survey Reference Group is provided in Appendix B on page B-1.

Prior to the beginning of the fiscal year, the Committee reviewed an assessment of each Executive Officer's compensation level relative to the Survey Reference Group based on similar functional responsibilities.¹² The assessment identified median, 25th and 75th percentile levels for base salary, target annual incentive, target long-term incentives and target Total Direct Compensation. Annual and long-term incentive levels reflected a three-year average to reduce volatility in results. Because the survey data was collected in mid-2015, the analysis was based on projected levels as of the beginning of the Company's 2016 fiscal year. Data are also adjusted to reflect revenue scope for operating positions.

At the Committee's request, Farient also compiles proxy data from a smaller group of companies that are competitors of the Company or are similar to the Company in that they are chemical or other industrial companies with similar capital structures, asset intensity, operating margins, and business models (Peer Reference Group). Peer Reference Group companies are generally similar in revenue size to the Company; however certain larger companies are included based on proximity of business model. Data for these companies are size adjusted using regression analysis. The Committee used this reference group for benchmarking specific pay practices and for assessing alignment of pay with performance. In addition, the Committee used the Peer Reference Group to assess competitive compensation levels for CEO and CFO compensation. Because proxy data does not necessarily reflect similar positions to the other Executive Officers, only the Survey Reference Group is used to benchmark pay levels for them. The Peer Reference Group used for benchmarking 2016 pay was:

Celanese Corp.	Illinois Tool Works, Inc.
Danaher Corp.	Ingersoll-Rand PLC
Dover Corp.	Parker-Hannifin Corp.
Du Pont (E.I.) De Nemours & Co.	PPG Industries, Inc.
Eastman Chemical Co.	Praxair, Inc.
Eaton Corp.	Rockwell Automation Inc.

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Ecolab Inc.

TE Connectivity, Ltd.

Huntsman Corp.

- ¹² A premium is applied to the Survey Reference Group data for certain positions where there are material differences between an Executive Officer's role and the typical accountabilities of the benchmarked position. For example, for fiscal year 2016, a premium of 15% was added to the data for the general counsel position to reflect Mr. Stanley's additional responsibilities as Chief Administrative Officer with accountability for the Company's Communications, Information Technology, and Global Business Services organizations.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

COMPENSATION OF EXECUTIVE OFFICERS

The Peer Reference Group is also used for determining the Company's relative TSR performance for purposes of performance share payouts.

Setting Total Compensation Levels for Fiscal Year 2016. Overall, the Committee seeks to provide a Total Direct Compensation target opportunity (base salary, target annual incentive award, and long-term incentive award value) for the Executive Officers that approximated the projected median level (the Market Median) for similar positions in the Market Survey Group and, in the case of the CEO and CFO, the Peer Reference Group. Total Direct Compensation targets may be established at greater or lesser levels for individual Executive Officers based on performance factors, experience in the position, retention and succession planning considerations, or year-to-year swings in the market reference data. For fiscal year 2016, Total Direct Compensation opportunities for all Executive Officers, including Mr. Ghasemi, approximated the Market Median.

Within the Total Direct Compensation opportunity for each Executive Officer, individual components of compensation may be greater or lesser than the Market Median because the Committee is primarily concerned with the competitiveness of the entire program versus any one element of compensation. Actual compensation realized can vary significantly from the target opportunity for any component of Total Direct Compensation based on Company or individual performance and Company stock price fluctuation.

As part of the process for determining Total Direct Compensation, the Committee also reviews tally sheets which detail the value, earnings, and accumulated potential payout of each element of an Executive Officer's compensation in various employment termination scenarios. The tally sheets help the Committee consider the retention value of an Executive Officer's accumulated compensation package, compare Executive Officers' accumulated compensation, and understand the impact of their compensation decisions on various termination of employment scenarios.

Mr. Ghasemi. The Board recruited Mr. Ghasemi in June 2014 after an extensive search. The Company entered into a five year employment agreement with Mr. Ghasemi in June 2014 (Employment Agreement) which established the minimum components of his compensation for the term of the agreement, which ends in September 2019. In determining the terms of his Employment Agreement, the Committee considered peer group data¹³, Mr. Ghasemi's experience, the compensation arrangements that he would have to give up at his former employer to accept employment with the Company, and the Company's existing CEO compensation arrangements which had been repeatedly approved by the overwhelming majority of our shareholders. Consistent with market practice, and based on greater responsibility levels, the Company's CEO compensation is substantially more than that of other Executive Officers.

The Employment Agreement provides that Mr. Ghasemi will receive a minimum annual base salary of \$1,200,000 and participate in the Company's Annual Incentive Plan with a minimum target annual incentive award equal to 130% of base salary, with actual awards to be determined by the Committee; and

Mr. Ghasemi is also entitled to receive minimum annual equity compensation awards under the Company's Long-Term Incentive Plan with a grant date value (determined under the Company's normal valuation practices) of \$7,000,000, allocated among restricted stock, performance shares, stock options or other equity awards in a manner consistent with the allocation for other Executive Officers. For fiscal year 2016, Farient's competitiveness assessment showed Mr. Ghasemi to be at the Market Median. The Committee determined to increase Mr. Ghasemi's annual incentive target opportunity by a modest 5% to recognize his important contributions to the Company during fiscal year 2015 and increase the incentive for him to sustain his leadership of the Company's transformation to the safest and most profitable industrial gases company, providing excellent service to customers.

¹³ Farient advised the Committee on the competitiveness of the compensation levels based on Survey Reference Group and Peer Reference Group data. These peer groups are described on page 31.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS****Fiscal Year 2016 Direct Compensation Components**

Within the competitive target value for an Executive Officer's Total Direct Compensation established by the Committee, the Committee determines the individual compensation components of the program.

Base Salary. Base salary is generally targeted at the Market Median, with adjustment where the Committee believes appropriate for proficiency, performance, experience, and the uniqueness of the responsibilities held by certain Executive Officers. Changes in base salaries for Executive Officers become effective as of the first payroll period in the calendar year; so the amounts reflected in the Summary Compensation Table reflect the fiscal year 2015 base salary rate for the first quarter of the Company's entire fiscal year and the fiscal year 2016 base salary rate for the remainder of the year. For fiscal year 2016, all Executive Officers' base salaries approximated Market Median.

Mr. Ghasemi, Mr. Novo, Mr. Painter and Mr. Stanley received no increase in base salary for 2016. Mr. Crocco received a modest increase consistent with Market Median positioning. Base salaries approved for the Executive Officers for 2015 and 2016 were as follows:

Officer	2015 Base	2016 Base	%
	Salary Rate	Salary Rate	
S. Ghasemi	\$ 1,200,000	\$ 1,200,000	0
M. S. Crocco	\$ 590,000	\$ 600,000	2%
G. Novo	\$ 465,000	\$ 465,000	0
C. F. Painter	\$ 600,000	\$ 600,000	0
J. D. Stanley	\$ 575,000	\$ 575,000	0

Annual Incentive Plan. Target annual incentive opportunities under the Annual Incentive Plan are intended to approximate the Market Median. Targets may be established at greater or lesser levels for individual Executive Officers based on performance factors, internal equity, experience in the position, or year-to-year swings in the market data. Actual annual incentive awards may be above or below target depending upon the Company's fiscal year performance as measured by the performance measures and goals established by the Committee at the beginning of the fiscal year. When performance exceeds the target goals for the performance measures, annual incentive awards may exceed target as well, and may exceed Market Median payouts. Actual annual incentive awards can range from 0% to 230% of target. Over the previous five years, Executive Officer awards have ranged from 50% to 200% of target.

Determination of annual incentive awards is a multi-step process which begins with establishing target opportunities. At the beginning of the fiscal year the Committee determines Executive Officer target annual incentive awards as a percentage of each Executive Officer's base salary based on the Survey Reference Group and Peer Reference Group (for the CEO and CFO) competitive assessment. For fiscal year 2016, the target award levels for the Executive Officers were increased from prior year consistent with the emphasis on elements of compensation tied directly to performance and were as follows:

Officer	2015 Target	2016 Target	2016
	(% of Base Salary)	(% of Base Salary)	Target Value
S. Ghasemi	130%	135%	\$ 1,620,000
M. S. Crocco	75%	85%	\$ 510,000
G. Novo	75%	85%	\$ 395,000
C. F. Painter	75%	85%	\$ 510,000
J. D. Stanley	75%	80%	\$ 460,000

An Executive Officer's actual award is determined by multiplying the target award by his or her individual payout factor.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

COMPENSATION OF EXECUTIVE OFFICERS

As a first step in determining an Executive Officer’s individual payout factor, the Committee determines an initial payout factor derived from the Company’s performance against the payout schedules established by the Committee at the beginning of the fiscal year. As described above, for fiscal year 2016 the Committee selected adjusted earnings per share targets as the performance measure for the Annual Incentive Plan. The threshold, target and maximum factors for each measure are set out below. (Factors are interpolated between points.)

2016 Adjusted	
Earnings per Share¹⁴	
(% increase from 2015)	Payout %
<\$6.60	0%
\$6.60	50%
\$7.26 (10%)	100%
\$7.62 (15%)	200%

The payout factor range is from 30 percentage points below the initial payout factor determined using the schedule above based on Company performance for the year, to 30 percentage points above the initial payout factor. Actual payout factors can be adjusted within the range by the Committee based on safety and individual performance and other nonfinancial factors. In addition, the EBITDA performance of Mr. Novos and Mr. Painter’s businesses was considered for purposes of determining their factors within the payout factor range.

For fiscal year 2016, adjusted earnings per share for purposes of the Annual Incentive Plan was \$7.73.¹⁵ In determining fiscal year 2016 adjusted earnings per share, the Committee excluded certain non recurring items and normalized for currency and foreign exchange impacts that were not anticipated in the operating plan because of the significant negative impact of currency fluctuation, which the management team cannot influence, on financial results for fiscal year 2016. The unadjusted payout factor, based solely on the financial results, was 200%. The payout range was 170% to 230%, but the Committee determined not to adjust the initial payout factor. Fiscal year 2016 awards determined for Executive Officers appear in the Nonequity Incentive Plan Compensation column of the Summary Compensation Table.

Long-Term Incentives. The Committee believes long-term incentive compensation is a critical part of Executive Officer compensation because it creates alignment with shareholders and promotes achievement of longer term financial and strategic objectives. For 2016 the Committee selected two components for the Executive Officer’s long-term incentives: performance shares which are conditioned on performance over a three-year period (for fiscal year 2016 grants, relative total shareholder return for fiscal year 2016-2018); and restricted stock which links Executive Officers’ interests to shareholder returns and provides a retention incentive. For fiscal year 2016, the Committee determined to eliminate stock options because compensation delivered through stock options can be more heavily influenced by market volatility than

Company performance. For fiscal year 2016, the mix of intended long-term

- ¹⁴ After the Committee established the payout schedules, each of the performance goals were increased by .03-.06 per share to adjust for the classification of the Energy from Waste business as a discontinued operation, which eliminated the operating losses associated with that business from earnings from continuing operations.
- ¹⁵ Based on non-GAAP continuing operations earnings per share of \$7.55 adjusted for currency (\$.18). See Appendix A for a reconciliation to GAAP measures.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

incentive value for Executive Officers was 60% performance shares, and 40% restricted stock. The Committee chose this mix of performance shares and restricted stock to provide a balance of stock-based compensation contingent on performance and retention. Because both components of an Executive Officer's long-term incentive opportunity are delivered in Company stock-based awards, they become more or less valuable with changes in Company stock value that affect shareholders.

The Committee determined the level of long term incentive grants for fiscal year 2016 at the beginning of the fiscal year. Prior to making the grants, the Committee established an intended long-term incentive value for each Executive Officer. When setting these intended values, the Committee considers the Survey and Peer Reference Group competitive data and target Total Direct Compensation opportunities for each Executive Officer. It is the Committee's intent that the long-term incentive value approximate the Market Median and bring the Total Direct Compensation opportunity for each Executive Officer to approximately the Market Median level when combined with base salary and target Annual Incentive Plan awards.

Individual performance or other factors may result in awards which are above or below the Market Median. These factors include tenure and experience, succession planning and retention concerns, subjective evaluations of performance, historical grant levels, and other recent compensation actions with respect to the individual such as special one-time retention awards. For fiscal year 2016, all intended long term incentive values approximated the projected Market Median. The actual value realized may differ significantly (up or down) from the intended value due to Company stock price performance over the life of the awards and the extent to which performance goals are met in the case of performance shares.

Officer	Intended Long Term Incentive Value	
S. Ghasemi	\$	7,000,000
M. S. Crocco	\$	1,300,000
G. Novo	\$	850,000
C. F. Painter	\$	1,300,000
J. D. Stanley	\$	1,000,000

Granting Practices. Equity compensation awards are provided to Executive Officers and other management employees under the Company's Long Term Incentive Plan and (except for off-cycle recruiting and retention awards) are granted as of the first NYSE business day in the month of December. Recruiting grants are generally issued as of the first day of employment. Off-cycle retention grants are made occasionally in response to extraordinary retention needs that arise during the year.

2016 Performance Shares. The primary component of the long-term incentive program for 2016 was performance shares. Performance shares entitle the recipient to receive one share of Company stock and accumulated dividend equivalents for each performance share earned upon the satisfaction of performance objectives and other conditions to earning the award. Performance shares are granted each year with overlapping three-year performance cycles. The awards are paid out at the end of the three-year period based on performance, if threshold performance goals are met. Payouts of performance shares range from 0% to 215% of the target level of shares awarded. The target level for fiscal year 2016 grants, (60% of each Executive Officer's total intended long-term incentive value), was converted to a number of shares based on the grant date closing market value of Company stock. The actual number of performance shares earned is determined by multiplying the target number of shares by a payout factor.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

For fiscal year 2016, performance shares were granted conditioned upon the Company's three-year TSR⁶ percentile rank compared to the TSR of Peer Reference Group members over the three-year performance period. The payout factor will be determined in accordance with the following schedule (with payout factors interpolated between levels):

Company's TSR	
Percentile Rank	Payout %*
>75 th %ile	200%
50 th %ile	100%
30 th %ile	30%
<30 th %ile	0%

* The Committee may adjust the payout factor by up to 15 percentage points.

The target number of performance shares granted to each Executive Officer for fiscal year 2016 was as follows:

Officer	Target Performance Shares
S. Ghasemi	30,188
M. S. Crocco	5,607
G. Novo	3,666
C. F. Painter	5,607
S. D. Stanley	4,313

2016 Payout for FY2014-2016 Performance Shares. The Committee also established payout levels for performance shares granted in fiscal year 2014 which were tied to average Net ROCE and EPS Growth performance for fiscal years 2014-2016. The payout factor was determined using the formula below, reflecting performance during the three-year performance period:

$$\begin{array}{ccc}
 \mathbf{67\% \text{ Net}} & & \mathbf{33\% \text{ EPS}} & & \mathbf{Payout} \\
 & & & & \\
 \mathbf{ROCE Factor^{17}} & + & \mathbf{Growth Factor} & = & \mathbf{Factor}
 \end{array}$$

The Factor Schedule excerpted below applied to the fiscal year 2014 grants. The Committee may adjust the payout level by up to 15 percentage points.

2014 Performance Shares Factor Schedule				
Net ROCE (67%)		EPS Growth (33%)		
ROCE over	Net ROCE Factor	EPS Growth	EPS	Factor

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Cost of Capital	%		Growth Factor
<0%	0%	0%	35%
0%	50%	4%	50%
2%	100%	7%	80%
4%	200%	9%	100%
		16%	200%

The EPS Growth and Net ROCE factors for the fiscal year 2014-2016 performance period were determined using the Factor Schedule. The average Net ROCE over the performance period was 2.3% and the average EPS Growth

¹⁶ TSR or Total Shareholder Return is the growth in capital that would be experienced from purchasing a share of Company or Peer Reference Group member stock and holding it for the Performance Period, assuming that dividends are reinvested in the Company's stock, or Peer Reference Group member's stock, respectively, on the record date.

¹⁷ For purposes of calculating Net ROCE (return on capital net of cost of capital) for fiscal years 2014-2016, the Company's average cost of capital was 9%.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

was 10.7%¹⁸, resulting in a calculated payout factor of 106% of the target shares. The Committee determined to use negative discretion to adjust the payout factor down to 91% to hold the management team accountable for the underperformance of certain large capital investments made during the performance period, in particular the challenges associated with the Company's Energy from Waste projects which resulted in the Company exiting the Energy from Waste business.

Restricted Stock. Restricted stock awards are shares of Company common stock that possess voting and dividend rights but are subject to restrictions on transferability and forfeitable until vesting. The vesting conditions provide an incentive for retention, and the value of this compensation element increases or decreases in direct proportion to Company Stock. The amount of restricted stock granted to the Executive Officers in fiscal year 2016 is reflected in the Summary Compensation Table and the Grants of Plan-Based Awards table. Individual award amounts were determined by calculating the value (based on the closing market value of a share of the Company's stock on the grant date) to approximate 40% of the total intended long-term incentive value for the Executive Officer.

Treatment Of Long Term Incentive Awards Outstanding At Time Of Versum Materials Spin-Off. Long term incentive awards granted to employees under Air Products' Long-Term Incentive Plan that were outstanding on October 1, 2016, other than restricted stock, were adjusted using the following principles:

Awards were adjusted to maintain the economic value of those awards before and after the spin-off; and

Other than certain performance shares, treatment of which is described below, the terms of equity awards, such as the vesting schedule, generally continue unchanged.

The following table provides additional information regarding conversion of each type of Air Products equity award:

	Air Products Employees	Versum Materials Employees
Stock Options	The number and exercise price of Air Products stock options was adjusted to maintain economic value.	Air Products stock options were converted into options to purchase Versum Materials common stock, with the number and exercise price adjusted to maintain economic value.
Restricted Stock Units	The number of Air Products restricted stock units was adjusted to maintain economic value.	Air Products restricted stock units were converted to Versum Materials restricted stock units, with the number adjusted to maintain economic value.
Performance Shares	The number of Air Products performance shares was adjusted to maintain economic value.	Air Products performance shares were converted to Versum Materials equity awards, with the number adjusted to maintain economic value, as described below.

Air Products performance shares granted in fiscal year 2014 and held by Versum Materials employees were converted to Versum Materials performance shares in an amount adjusted to maintain the economic value and were paid out based upon Air Products' performance at the payout percentage determined by the Committee.

Air Products performance shares granted in 2015 and held by Versum Materials employees were converted to Versum Materials performance shares in an amount adjusted to maintain the economic value and will be earned out based on the achievement of metrics to be determined by the Versum Materials board of directors, with due consideration given to Air Products' relative TSR performance through the distribution date.

- ¹⁸ In determining performance, the Committee excluded certain items but included certain losses associated with Energy from waste operations. See Appendix A for a reconciliation to GAAP measures.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

COMPENSATION OF EXECUTIVE OFFICERS

Air Products performance shares granted in 2016 and held by Versum Materials employees will be converted into Versum Materials performance shares and will be earned out based on the achievement of metrics to be determined by the Versum Materials board of directors.

Holders of Air Products restricted stock received one-half of a fully vested share of Versum Materials common stock for every share of Air Products restricted stock held at the time of the spin-off, as if such holder held fully vested Air Products common stock on the record date.

Employee Benefit Plans and Other Compensation Practices and Policies

Our employee benefit programs are offered to be competitive and to provide reasonable security for Executive Officers and other employees. Welfare and retirement benefits are offered at essentially the same level to all U.S. salaried employees, including Executive Officers.

Retirement Benefits. Executive Officers participate in the Company's generally available U.S. salaried retirement programs. The Company maintains qualified retirement programs for its salaried employees, including a defined benefit pension plan which has been closed to new entrants since 2005 and a savings and profit sharing plan. The Company also maintains a nonqualified pension plan (also closed to new entrants) and a nonqualified deferred compensation plan in which Executive Officers and other eligible employees participate. The plans are discussed in more detail below in the narrative accompanying the Pension Benefits table and the Nonqualified Deferred Compensation table.

Welfare Benefits. The Company provides medical and dental coverage, life insurance, and disability insurance to Executive Officers under the same programs offered to all salaried employees. All participating employees pay a portion of the cost of these programs.

Severance and Change in Control Arrangements. Executive Officer severance and change in control arrangements are provided to support major corporate and management transitions. The Committee believes these arrangements provide benefit to the Company and its shareholders. The Committee periodically reviews these arrangements in depth for market competitiveness and appropriateness for the Company's business.

Severance. All Executive Officers participated in the Executive Separation Program. This program is intended to facilitate changes in the leadership team by establishing terms for the separation of an Executive Officer in advance, allowing a smooth transition of responsibilities when it is in the best interests of the Company. The program provides severance benefits and accelerated vesting of certain long term incentives upon involuntary termination other than for cause or voluntary termination for good reason. Details of the Program are provided on pages 51-53.

Change in Control Arrangements. To enable the management team to negotiate effectively for shareholders without concern for their own future in the event of any actual or threatened change in control of the Company, the Company has entered individual change in control severance agreements for each of the Executive Officers. The agreements give each Executive Officer specific rights and benefits if, following a change in control, his employment is terminated by the Company without cause (as defined) or he terminates employment for good reason (as defined). Details of the agreements are described below on pages 54-56.

Perquisites. The Company provides minimal perquisites to executives. The Committee has approved Mr. Ghasemi's use of corporate aircraft for personal travel in order to mitigate security concerns, preserve confidentiality and maximize the time he is able to spend on the Company's business. The Committee also approved the Company's providing Mr. Ghasemi the use of a car and driver for commuting and providing Mr. Ghasemi's spouse the use of a car and driver on rare occasions where security is a concern. Mr. Ghasemi uses commuting time for performing his responsibilities to the Company. Mr. Ghasemi is responsible for any taxes on his or his spouse's use of corporate aircraft and cars. The Committee believes the benefits of security, confidentiality, and efficiency achieved by these arrangements outweigh the expense to the Company and are in the best interest of shareholders.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

COMPENSATION OF EXECUTIVE OFFICERS

Executive Officer Stock Ownership. The Committee has approved ownership guidelines that require Executive Officers to achieve an ownership stake in the Company that is significant in comparison with the Executive Officer's salary. The ownership guidelines are six times base salary for the CEO and three times base salary for the other Executive Officers. The Executive Officers are expected to achieve the specified ownership level within five years of assuming their position. Executive Officers may count toward these requirements the value of shares owned, share equivalents held in their Retirement Savings Plan accounts, earned performance shares, restricted shares, and deferred stock units which are fully vested and held in the Company's nonqualified deferred compensation plan. Stock options and unearned performance shares are not counted. All Executive Officers are currently in compliance with this policy.

Hedging and Pledging Policy. It is the policy of the Company that Executive Officers and directors may not purchase or sell options on Company stock; engage in short sales with respect to Company stock; or trade in puts, calls, straddles, equity swaps, or other derivative securities that are directly linked to Company stock. It is also the policy of the Company that shares of Company stock owned by Executive Officers or directors may not be held in a margin account or pledged as collateral on a loan.

Clawback Policy. The Company's equity plans and agreements provide that awards may be cancelled and that certain gains will be clawed back (*i.e.*, must be repaid to the Company) if an Executive Officer engages in activity that is detrimental to the Company, such as performing services for a competitor, disclosing confidential information, or violating Company policies. The Committee has also adopted a policy allowing the clawback of cash incentive payments and performance shares in the event an Executive Officer's conduct leads to a restatement of the Company's financial results. The Committee may, in its discretion, seek to recoup any bonus or incentive compensation paid to an Executive Officer if (i) the amount of such payment was based on the achievement of certain financial results that were subsequently the subject of a restatement, (ii) the Committee determines that the Executive Officer engaged in misconduct that resulted in the requirement to restate, and (iii) a lower payment would have been made to the Executive Officer based upon the restated financial results.

⁽¹⁾ Mr. Novo was not a Executive Officer for 2014; so his compensation is not shown for that year.

- (2) Amounts in this column represent the U.S. GAAP grant date fair value of restricted stock and performance share awards granted in the fiscal year indicated, disregarding any estimate of forfeitures related to time based vesting. Generally, the expense for these awards is recognized over the vesting or performance period unless the recipient is eligible for retirement and the award vests upon retirement, in which case the expense may be required to be recognized entirely in the year of grant. The valuation models and assumptions applicable to these grant date fair values are set forth in Note 19, Share-Based Compensation, to our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2016, filed with the SEC on November 21, 2016. The amounts shown may not correspond to the actual value that may be realized by the executive officers. The grant date fair values of the performance shares are based upon the grant date probable outcomes of satisfying the 2014 time-based performance conditions and the 2015 and 2016 market-based performance conditions as stipulated in the grants. If, at the grant date, the fiscal year 2016 market-based stock awards probable outcome was 215% of the target number of shares (the maximum potential payout), the total value realized by the executive officers would increase from the amounts shown by approximately 120%. Maximum grant date values are displayed in the table below. For additional information on awards made in fiscal year 2016, see the Grants of Plan-Based Awards Table and Outstanding Equity Awards Table on pages 42 and 44, respectively.

2016 Performance Shares Grant Date Values		
Officer	Value Included	Maximum Value
S. Ghasemi	\$ 4,062,701	\$ 8,956,780
M. S. Crocco	\$ 754,590	\$ 1,663,597
G. Novo	\$ 493,370	\$ 1,087,702
C. F. Painter	\$ 754,590	\$ 1,663,597
J. D. Stanley	\$ 580,444	\$ 1,279,667

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

- (3) This column shows the grant date fair value of stock options granted in the fiscal year indicated, disregarding any estimate of forfeitures relating to time-based vesting. The assumptions for the valuation determination are set forth in Note 19, Share Based Compensation, to our financial statements included in our Annual Report on Form 10-K for the fiscal year ending September 30, 2016, filed with the SEC on November 21, 2016. Additional information regarding these awards is set forth in the Outstanding Equity Awards table and accompanying footnotes.
- (4) Amounts in this column reflect Annual Incentive Plan awards. At their election, Executive Officers may defer awards received under this Plan. Amounts deferred are also reflected as Executive Contributions in the Nonqualified Deferred Compensation table.
- (5) Amounts in this column reflect the annual change in the actuarial present value of each Executive Officers' accumulated tax qualified and nonqualified pension benefits and interest considered to be above market interest credited to their Deferred Compensation Plan balances.

Interest is calculated for the Deferred Compensation Plan accounts using a Moody's A-rated Corporate Bond Rate because this is comparable to the rate the Company pays its other creditors on long-term obligations. When this rate exceeds 120% of a rate set by the U.S. Internal Revenue Service, it is treated as above market interest, even though it is based on a market average for corporate bonds. The amounts included as above market interest were as follows:

S. Ghasemi	\$ 4,290
M. S. Crocco	\$ 7,168
G. Novo	\$ 5,174
C. F. Painter	\$ 3,339
J. D. Stanley	\$ 3,241

The pension accrual amounts represent the difference between the September 30, 2015 and September 30, 2016 actuarial present value of accumulated benefits under the Company's tax qualified and nonqualified pension plans for those Executive Officers who participate in the pension plans. No amounts are shown in the Summary Compensation Table for negative changes in value. The pension accrual amounts are as follows:

S. Ghasemi	\$ -
M. S. Crocco	\$ 1,304,248
G. Novo	\$ -
C. F. Painter	\$ 1,430,110
J. D. Stanley	\$ 1,028,280

No changes were made to pension benefit formulas for this year. Changes in pension value can result from additional years of service, changes in pensionable compensation, and changes to discount and mortality rates. Additional information on how these amounts are calculated is included in the notes accompanying the Pension Benefits table.

- (6) Amounts shown in this column are detailed in the chart below.

Officer	Contributions Under Defined Contribution Plans	Group Term Life Insurance Premiums	Perquisites or Personal Benefits(i)
S. Ghasemi	\$ 220,800	\$ 1,008	\$ 29,784
M. S. Crocco	\$ 18,600	\$ 1,008	
G. Novo	\$ 65,835	\$ 937	

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

C. F. Painter	\$	20,769	\$	1,008
J. D. Stanley	\$	17,250	\$	1,008

- (i) This amount is the incremental cost to the Company of providing Mr. Ghasemi a car and driver for occasional personal use, including for occasional use by his spouse to mitigate security concerns. The incremental cost for the car and driver is calculated using the Internal Revenue Service mileage rate based on the variable costs of operating a vehicle. The variable cost rate is used rather than the standard business rate as the Company uses the car and driver for Company business, including to transport other passengers, when not being used by Mr. Ghasemi, and would incur the fixed costs of operating the vehicle and employing the driver whether or not Mr. Ghasemi was provided the car and driver for commuting. In addition to the mileage rate, which includes trips to and from Mr. Ghasemi's residence with no passengers, the amount calculated for use of the car and driver includes tolls and overtime compensation and reimbursement for meals and lodging provided to the driver in connection with Mr. Ghasemi's commuting. Mr. Ghasemi pays all taxes associated with personal use of the car and driver.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

The Grants of Plan-Based Awards table reports the dollar value of cash (nonequity) incentive awards and the number and value of equity awards granted to each Executive Officer during fiscal year 2016. With regard to cash incentives, this table reports the range of potential value that could have been obtained by the Executive Officer; whereas the Summary Compensation Table reports the actual value realized for fiscal year 2016. Equity amounts represent the grant date values of the awards determined under FASB ASC Topic 718 for purposes of financial statement reporting, which are based on probable outcomes.

Nonequity Incentive Plan Awards Annual Incentive Plan. Annual Incentive Plan awards are based on performance for the fiscal year. The Committee approves performance measures and goals and payout schedules prior to or at the beginning of the fiscal year. Following the end of the fiscal year, the Committee determines the range of actual amounts that can be paid out under a formula which reflects the Company's performance against the approved performance goals. Individual awards are determined by the Committee within the range, based on individual performance. There is no minimum bonus under the terms of the Plan, so the threshold amount is shown as 0. For more information on fiscal year 2016 targets and the award determination, see pages 33-34.

Equity Incentive Plan Awards Performance Shares. The Equity Incentive Plan Awards reflected in the table are performance shares. Performance shares are deferred stock units whose earn out is conditioned on the Company's TSR percentile relative to the Peer Reference Group. Deferred stock units are an award type provided under the Company's Long-Term Incentive Plan that entitle the holder to the value of one share of Company stock and accumulated dividend equivalents upon satisfaction of performance and/or time-based vesting conditions. Dividend equivalents are paid in cash and equal the dividends that would have accrued on a share of Company stock from the grant date of a deferred stock unit until it is paid out. Dividend equivalents are not paid until the award is vested. No dividend equivalents are paid on units that are forfeited.

The performance shares reflected in the table have a three-year performance cycle which will be completed at the end of fiscal year 2018. The number of performance shares that will be paid out is based on a schedule tied to the Company's TSR percentile as described on page 36. Performance shares are generally forfeited if the Executive Officer voluntarily terminates employment during the performance period; however, if an Executive Officer terminates due to death, disability or retirement one year or more after the grant date, he will receive a pro-rata portion of any performance share payout upon completion of the performance period. Upon a termination covered by the Executive Separation Program described on pages 51-53, the terms of that Program regarding treatment of equity compensation will apply.

Other Stock Awards The Other Stock Awards reflected in the table are shares of restricted stock.

Restricted Stock Awards. Shares of restricted stock are shares of Company stock that are issued in the Executive Officer's name subject to restrictions on transferability. The shares may be voted but the Executive Officer may not sell or transfer restricted stock during the vesting period. Dividends are paid on the restricted stock during the vesting period. Restricted stock granted in fiscal year 2016 is subject to a four-year vesting period. Generally, if an Executive Officer's employment terminates during the vesting period, the stock will be forfeited. However, if an Executive Officer's employment terminates due to death, disability, or retirement one year or more after the grant date, the stock will vest. Pursuant to his Employment Agreement, Mr. Ghasemi's shares will not be forfeited and will continue to vest if he is terminated at any time due to death or disability, voluntarily for Good Reason, by the Company without Cause, or at the conclusion of the Employment Agreement. (See page 51 for the definition of Cause and Good Reason under the Employment Agreement.). If another Executive Officer's employment termination is covered by the Executive Separation Program described on pages 52-54, the terms of that Program regarding treatment of equity compensation will apply.

(1) Grant dates for all stock options are shown in the first column. All stock options have an exercise price equal to the closing market value on the grant date and become exercisable in three consecutive, equal annual installments on the first, second, and third anniversary of the grant date. They generally remain exercisable until ten years after the grant date; however, except as described below, exercisable options generally expire ninety days after voluntary termination of employment and non exercisable options are forfeited upon voluntary termination. Options granted more than one year prior to an Executive Officer's termination due to death, disability, or retirement continue to become and remain exercisable for their full term. If an Executive Officer's termination is covered by the Executive Separation Program, the terms of that Program regarding treatment of equity compensation will apply. Mr. Ghasemi's Employment Agreement provides that, upon his death, disability, involuntary termination without Cause, voluntary termination for Good Reason, or the conclusion of the term of his Employment Agreement, his options will not terminate but will continue to become and be exercisable through the end of their term. Stock options are also subject to special vesting rules upon a change in control of the Company.

(2) This column reflects unvested restricted stock and deferred stock units described below that entitle the holder to a share of Company stock and dividend equivalents accumulated since the date of grant upon vesting. It also reflects restricted stock granted to Mr. Ghasemi pursuant to his Employment Agreement described in footnote 5.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

Restricted Stock. Shares of restricted stock granted in fiscal year 2013 vest on the earlier of December 1, 2016 or the Executive Officer's termination of employment due to death, disability, or retirement. Shares of restricted stock granted in fiscal year 2013 shown are as follows: Mr. Crocco 1,532, Mr. Painter 1,838, Mr. Novo 1,838 and Mr. Stanley 2,681. Shares of restricted stock granted in fiscal year 2014 vest, except for Mr. Ghasemi's, on the earlier of December 1, 2017 or the Executive Officer's death, disability or retirement. Shares of restricted stock granted in fiscal year 2014 shown are as follows: Mr. Crocco 2,321, Mr. Painter: 2,321, Mr. Novo 1,741 and Mr. Stanley, 2,321. In addition, Mr. Ghasemi was granted 37,026 shares of restricted stock on July 1, 2014 vesting in one third installments on the first, second and third anniversary of grant. One third of these shares vested on July 1, 2015 and July 1, 2016. Shares of restricted stock granted in fiscal year 2015 vest on the earlier of December 1, 2018 or the Executive Officer's termination of employment due to death, disability or retirement. Shares of restricted stock granted in fiscal year 2015 shown are as follows: Mr. Ghasemi 12,145, Mr. Crocco 2,082, Mr. Novo 1,474, Mr. Painter 2,255, and Mr. Stanley 1,735. Shares of Restricted Stock granted in fiscal year 2016 vest on the earlier of December 1, 2019 or the Executive Officer's termination of employment due to death, disability or retirement. Shares of restricted stock granted in fiscal year 2016 shown are as follows: Mr. Ghasemi 20,125, Mr. Crocco 3,738; Mr. Novo 2,444, Mr. Painter 3,738, and Mr. Stanley 2,875. Mr. Ghasemi's Restricted Stock also will continue to vest and not be forfeited if he is terminated voluntarily for Good Reason, or by the Company without Cause. (See page 53 for a definition of "Good Reason" and "Cause"). Restricted stock is subject to special vesting rules for terminations covered by the Executive Separation Program described on pages - or upon a change in control of the Company.

Deferred Stock Units. This column reflects three kinds of deferred stock units: (i) deferred stock units that vest upon death, disability, or retirement ("career-vesting deferred stock units") (ii) earned performance shares granted in fiscal year 2014 that vested on December 1, 2016; and (iii) special recruiting and retention grants. All deferred stock units are subject to special vesting rules for terminations covered by the Executive Separation Program described on pages 52-54 or upon a change in control.

(i) The number of career-vesting deferred stock units shown is 3,220 for Mr. Stanley.

(ii) Fiscal year 2014 earned performance shares are shown at 91% of target, the payout factor determined by the Committee and are as follows:

Officer	Number of Units
M. S. Crocco	3,168
G. Novo	2,218
C. F. Painter	3,168
J. D. Stanley	3,168

(iii) This column also reflects special retention grants of 6,050 deferred stock units granted to Mr. Stanley and 4,500 deferred stock units granted to Mr. Painter. These grants were made to Mr. Stanley and Mr. Painter in fiscal year 2012. Mr. Stanley's units vested on his retirement. Mr. Painter's units will vest on September 24, 2017 or upon his earlier disability or death. Retention grants generally are forfeitable upon termination of employment prior to vesting.

(3) These amounts are based on the 2016 fiscal year-end NYSE closing market price of \$150.34.

(4) This column reflects performance shares granted in fiscal years 2015 and 2016. These shares are conditioned upon performance during three-year cycles ending on September 30, 2017 and September 30, 2018, respectively. These awards will earn out and be paid following the end of the relevant performance period as indicated in the chart below. The values and numbers of shares for fiscal year 2015 awards are shown in the table at the 200% payout level based on the Company's current total shareholder return percentile rank compared to the Peer Reference Group. The values and numbers for fiscal year 2016 awards are shown in the table at the target payout level based on the Company's current below target total shareholder return percentage rank compared to the peer reference group.

Officer	Target Award Performance Shares	
	End of Performance Period	
	09/30/2017	09/30/2018
S. Ghasemi	26,719	30,188
M. S. Crocco	4,580	5,607
G. Novo	3,244	3,666
C. F. Painter	4,962	5,607
J. D. Stanley	3,817	4,313

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

- (5) Pursuant to the Employment Agreement, Mr. Ghasemi received a one-time equity compensation award under the Long Term Incentive Plan in 2014 to compensate him for the forfeiture of compensation from his previous employer (the Make Whole Award). The Value of the Make Whole Award was divided equally between stock options (154,278) and restricted stock (37,026) and the Award provided for vesting in one-third tranches on July 1st of 2015, 2016, and 2017. The remaining unvested portion of the Make Whole Award will also vest upon Mr. Ghasemi's death, disability, retirement, resignation for Good Reason, or termination without Cause. See page 53 for the definition of Good Reason and Cause under the Employment Agreement. A prorated portion of the restricted stock will vest upon voluntary termination. The prorated portion is based on the number of days which he was employed during the vesting period. The Award is reflected in the table above in the Option Awards Columns and the first 2 columns under Stock Awards

2016 Option Exercises and Stock Vested

The table above illustrates the actuarial present value of accrued pension benefits for each of the Executive Officers under the Company's defined benefit plans as of September 30, 2016. Actuarial present values are complex calculations that rely on many assumptions. The Company has calculated the amounts shown above generally using the same assumptions used in determining the pension cost recognized in its financial statements which are described in Note 16, Retirement Benefits, to the financial statements and under Critical Accounting Policies in the Management Discussion and Analysis in the financial statements, both of which are included in the Company's Annual Report on Form 10-K for the fiscal year ending September 30, 2016, filed with the SEC on November 21, 2016. However, in accordance with SEC requirements, the Company has calculated these values assuming payment begins the earliest date the Executive Officer can receive an unreduced early retirement benefit. The Company has also used actual fiscal year 2016 annual incentive awards in the calculation; whereas the value in the financial statements is based on estimated annual incentive awards.

The Company's Pension Plan for Salaried Employees (Salaried Pension Plan) is a funded, tax qualified defined benefit plan funded entirely by the Company. All U.S. salaried employees hired before October 1, 2004 are eligible to participate; however, participants as of January 1, 2005 were given the opportunity to make a one-time election to prospectively receive their primary retirement benefit under the Company's qualified defined contribution plan, the Retirement Savings Plan. Messrs. Crocco, Painter and Stanley, elected to remain in the Salaried Pension Plan. (Mr. Ghasemi and Mr. Novo are not eligible for this Plan). Benefits under the Plan are paid after retirement in the form of a monthly annuity. Participants may select from monthly payments for their lifetime or smaller monthly payments for their life and the life of a beneficiary.

The amount of the benefit under the Salaried Pension Plan is based on the following formula:

1.184% x Years of Service x Average Monthly Compensation (Up to the Average Social Security Maximum Taxable Wage Base)

Plus

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

1.5% x Years of Service x Average Monthly Compensation (In excess of the Average Social Security Maximum Taxable Wage Base)

AIR PRODUCTS AND CHEMICALS, INC.

47

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

Average Monthly Compensation is the average monthly compensation for the 36 months (or 3 years) during which the participant's compensation was the highest during the ten years preceding retirement; generally this is the participant's average base salary for the three years preceding retirement. The **Average Social Security Maximum Taxable Wage Base** is the average of the U.S. Social Security Wage Bases over a 35-year period.

Benefits under the Salaried Pension Plan become vested after a participant has completed five years of service. The Normal Retirement Age under the Salaried Pension Plan is age 65. A participant with at least five years of service may retire after attaining age 55 and receive a benefit reduced by 3% per year for the number of years prior to his attaining age 62. Participants who were age 50 on or before January 1, 2005 are eligible for early retirement at age 55 with no reduction in benefit if the sum of their age and credited service under the Plan equals 80 or more at the time of retirement. Participants who had not attained age 50 on January 1, 2005 may receive the portion of their benefit accrued on that date unreduced upon retirement at age 55 or later if the sum of their age and credited service under the Plan equals 80 or more at the time of retirement.

Under U.S. federal tax laws, benefits payable under the Salaried Pension Plan, and compensation which can be considered in calculating the benefits, are limited. The Supplementary Pension Plan (Supplementary Plan) is a nonqualified, unfunded pension plan that provides benefits that cannot be provided under the Salaried Pension Plan due to these limits. Benefits under the Supplementary Plan are calculated using the same formula as the Salaried Pension Plan, but there is no limit on the amount of base salary that can be covered by the pension formula, and Average Monthly Compensation under the Supplementary Plan also includes Annual Incentive Plan awards.

Supplementary Plan benefits are subject to the same vesting and early retirement terms as the Salaried Pension Plan. Supplementary Plan benefits are generally payable following retirement in one of the annuity forms available under the Salaried Pension Plan or, at the election of the participant, in a lump sum. In the case of the Executive Officers and certain other executives, distribution of benefits under the Supplementary Plan, whether in annuity or lump sum form, is delayed for six months after termination of employment to comply with U.S. federal tax laws.

2016 Nonqualified Deferred Compensation

Amounts shown in this table are provided under the Company's nonqualified Deferred Compensation Plan.

Officer	Executive Contributions in Last FY(1)	Registrant Contributions in Last FY(2)	Aggregate Earnings in Last FY	Aggregate Withdrawals/ Distributions	Aggregate Balance at Last FYE(3)
S. Ghasemi	\$ 58,154	\$ 202,339	\$ 14,212	\$	\$ 466,027
M. S. Crocco	\$ 84,431	\$ 15,831	\$ 23,890	\$	\$ 647,049
G. Novo	\$ 30,404	\$ 48,666	\$ 17,155	\$	\$ 465,522
C. F. Painter	\$ 62,769	\$ 13,154	\$ 31,482	\$	\$ 348,358
J. D. Stanley	\$ 23,221	\$ 9,952	\$ 10,788	\$	\$ 292,112

(1) All amounts reported in this column were voluntary deferrals of base salary or Annual Incentive Plan awards by the Executive Officers. These amounts are also reported in the Summary Compensation Table.

(2) Amounts reported in this column are Company matching credits based on each Executive Officer's voluntary deferrals of base salary. In the case of Mr. Ghasemi and Mr. Novo, a Company contribution credit of a percentage of their base salaries in excess of tax law limits on Retirement Savings Plan contributions and their Annual Incentive Plan awards is also included because they receive their primary retirement benefit under the Company's defined contribution plans rather than the pension plans. The percentage is based on years of service and for fiscal year 2016 was 4%. Amounts reported in this

column are also reported in the Summary Compensation Table.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

- (3) The following portion of these accumulated balances has been previously reported as compensation in the Summary Compensation Table of the Company's proxy statements for prior years:

Officer	Amount Previously Reported
S. Ghasemi	\$ 188,031
M. S. Crocco	\$ 235,982
G. Novo	\$ 150,842
C. F. Painter	\$ 75,500
J. D. Stanley	\$ 140,800

The Company provides the tax qualified Retirement Savings Plan (the RSP) to all U.S.-based salaried employees of the Company. Currently, U.S. tax laws limit the amounts that may be contributed to tax-qualified savings plans and the amount of compensation that can be taken into account in computing benefits under the RSP. The Deferred Compensation Plan is intended to make up, out of general assets of the Company, an amount substantially equal to the benefits an employee did not receive under the RSP due to these limits. U.S. employees who participate in the Annual Incentive Plan, including all Executive Officers, are eligible to participate in the Deferred Compensation Plan. Participants can elect to defer up to 16 percent of base salary on a before-tax basis (offset by amounts deferred under the RSP). The Deferred Compensation Plan provides a Company matching credit in the same amounts as matching contributions under the RSP; *i.e.*, 75 percent of the first three percent of base salary deferred by participants and 25 percent of the next three percent of base salary deferred. In addition to base salary, Plan participants may also elect to defer Annual Incentive Plan awards. No matching credit is provided for these deferrals.

For employees who receive their primary retirement benefit under the Company's defined contribution plans rather than the pension plans, the RSP also provides an enhanced matching contribution of 75% of elective deferrals up to 4% of base salary and 50%, including Mr. Ghasemi and Mr. Novo, of elective deferrals of an additional 2% of base salary; and a defined contribution primary retirement benefit contribution of 4 to 6% of base salary, depending on years of service. The Deferred Compensation Plan provides a comparable matching credit and primary retirement benefit credit for base salary to the extent not covered under the RSP due to tax law limits, and a primary retirement benefit credit of 4 to 6% for Annual Incentive Plan awards. The primary retirement contributions and credits vest ratably over the participant's first five years of service for the Company.

Participants may elect to have their Deferred Compensation Plan balances earn interest at a corporate bond rate or be deemed to be invested in Company stock and earn dividend equivalents and market appreciation on the stock. If a participant chooses the Company stock alternative, his account balance will be distributed in shares of Company stock, except for dividend equivalents.

Participants can elect to receive payments of their Deferred Compensation Plan balances in one to ten annual installments following termination from service. The Executive Officers and certain other executives cannot commence distribution until six months following termination to comply with tax laws.

Potential Payments Upon Termination or Change in Control

Termination Prior to Change in Control

Potential payments to Executive Officers upon termination other than a change in control vary depending on the exact nature of the termination and, generally, whether the Executive Officer is retirement eligible at the time of the termination. Retirement eligibility for U.S. employees, including the Executive Officers except Mr. Ghasemi, generally occurs upon the attainment of age 55 after completing at least five years of service to the Company. Mr. Stanley is eligible for retirement. Mr. Ghasemi's Employment Contract provides that he will be eligible for retirement treatment under all equity, equity derivative and incentive awards after three years of employment with the Company. The following discussion explains potential payments to the Executive Officers under various termination scenarios.

Table of Contents

COMPENSATION OF EXECUTIVE OFFICERS

Voluntary Termination Other Than Retirement

A voluntary termination by Mr. Stanley on September 30, 2016 would be a retirement discussed below. If Mr. Ghasemi, Mr. Crocco, Mr. Novo, or Mr. Painter voluntarily terminated employment with the Company prior to retirement eligibility, like all salaried employees of the Company, he would receive any unpaid salary and accrued vacation, vested RSP balances and nonqualified deferred compensation shown in the table on page 48 and earnings thereon. Once Mr. Crocco or Mr. Painter attained age 55, he could commence his accrued benefits under the qualified and nonqualified pension plans described on page 47 on the same terms as all other participants under these plans who were not eligible for retirement at the time of termination. Mr. Ghasemi and Mr. Novo are not eligible for the pension plans.

Executive Officers and other eligible employees generally must remain employed until the last day of the fiscal year to receive an Annual Incentive Plan award for the fiscal year. Therefore, if Mr. Ghasemi, Mr. Crocco, Mr. Novo or Mr. Painter voluntarily terminated, he would forfeit any Annual Incentive Plan award for the fiscal year of termination, unless he terminated on the last day of the year. If he voluntarily terminated on September 30, 2016, he would be eligible for a fiscal year 2015 Annual Incentive Plan award in an amount, if any, determined by the Committee in its discretion.

Most outstanding awards under the Long-Term Incentive Plan would be forfeited by Mr. Ghasemi, Mr. Crocco, Mr. Novo or Mr. Painter upon a voluntary termination, including all unexercisable stock options, all restricted stock, and all performance shares, whether or not earned. Exercisable stock options would continue to be exercisable for 90 days following termination and then, if unexercised, would be forfeited. Mr. Ghasemi's Employment Agreement provides that a prorated portion of the restricted stock granted to Mr. Ghasemi under the Make Whole Award would not be forfeited upon his voluntary termination. The prorated portion is based on the number of days he is employed during the three year vesting period for the Make Whole Award.

Retirement

Upon retirement, Executive Officers are entitled to unpaid salary and accrued vacation, their qualified and nonqualified pension, vested RSP balances and deferred compensation described above, and retiree medical benefits on the same terms as for all salaried employees meeting age and service conditions. Retiring Executive Officers may also receive, in the discretion of the Committee, an Annual Incentive Plan award for the year of retirement. In addition, like all Long-Term Incentive Plan participants, they receive the following treatment of their outstanding long-term incentive awards:

All outstanding stock options which were granted one year or more prior to retirement will continue to become exercisable in accordance with the normal schedule as if the Executive Officer remained employed, and will be exercisable for the normal term. Options granted less than one year prior to retirement are forfeited.

Restricted stock and restricted stock units awarded at least one year prior to retirement will vest immediately upon retirement. Restricted stock and restricted stock units granted less than one year prior to retirement are forfeited.

Career-vesting deferred stock units and all dividend equivalents thereon will vest and be paid six months after retirement. Career-vesting deferred stock units comprise several types of awards granted over the career of Executive Officers that vest upon death, disability, or retirement.

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

All earned performance shares and dividend equivalents thereon will be paid on the normal schedule. A pro-rata portion of unearned performance shares awarded at least one year prior to retirement and associated dividend equivalents will be paid in accordance with the normal schedule and at the normal payout level if performance thresholds are met. Performance shares awarded less than one year prior to retirement are forfeited.

Mr. Ghasemi's Employment Agreement provides that, for purposes of all equity and other incentive awards, he will receive retirement treatment after three years of employment with the Company.

On July 28, 2016, Mr. Stanley entered into a retirement and retention agreement with the Company (the Retirement and Retention Agreement) in connection with his planned retirement. He retired on October 3, 2016. The Agreement provided that, until his retirement, Mr. Stanley would continue to perform such duties for the Company as

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

the Chairman, President and Chief Executive Officer directed, including assisting in the transition of his responsibilities to the interim general counsel. Mr. Stanley also agreed to serve as the chairman of the Air Products Foundation following retirement, subject to termination by either party.

Under the terms of the Retirement and Retention Agreement, subject to certain conditions described below, Mr. Stanley was entitled to receive (i) a lump sum cash payment, payable no later than December 31, 2016, equal to the difference between the present value of his accrued vested pension benefits under the Company's Pension Plan for Salaried Employees and Supplementary Pension Plan (the Plans) as of his retirement date and the present value of such accrued vested pension benefits under the Plans as of December 31, 2016; (ii) a payment in respect of his unused vacation days for calendar year 2016, calculated as if Mr. Stanley retired on December 31, 2016; and (iii) payment of a bonus for fiscal year 2016 under the Company's Annual Incentive Plan equal to his target award multiplied by the payout factor generally applied to other Executive Officers of the Company.

Under the Retirement and Retention Agreement, Mr. Stanley's restricted stock units and restricted stock would be treated in accordance with their terms as if Mr. Stanley retired on December 31, 2016. Mr. Stanley's performance shares would be treated in accordance with their terms, provided that Mr. Stanley would receive a cash payment to compensate him for any potential loss in value related to such performance shares that he would have received had he retired on December 31, 2016.

Under the Retirement and Retention Agreement, Mr. Stanley agreed not to disparage the name, business practices or business reputation of the Company or its officers or directors for a period of two years, acknowledged certain confidentiality and return of property obligations, and generally released the Company from claims.

Estimated Payments Upon Retirement**As of September 30, 2016**

The table below shows the value of Mr. Stanley's outstanding long term incentive awards that would have vested had he retired as of September 30, 2016, and the value of awards that would have been forfeited. Amounts are based on the closing price of a share of Company stock as of September 30, 2016 (\$150.34). Because of the Retirement and Retention Agreement, his restricted stock and restricted stock unit awards would have been treated as if he retired on December 31, 2016. Mr. Crocco, Mr. Ghasemi, Mr. Novo, and Mr. Painter were not eligible for retirement on September 30, 2016; so no amounts are shown for them.

Officer	Unvested Stock Options(\$)	Restricted Stock(\$)	Deferred Stock Units(1)(\$)	Performance Shares(2)(\$)	Value of Awards Forfeited(\$)
J.D. Stanley	\$ 264,134	\$ 1,012,841	\$ 590,859	\$ 867,734	\$ 2,284,507

(1) Retention restricted stock units granted to Mr. Stanley in 2012 would have been forfeited.

(2) Actual payout amounts are shown for Performance Shares granted in fiscal year 2014. Unearned performance shares are shown at the target payout level. Amounts include accumulated dividend equivalents. The 2016 grant and a prorated portion of the fiscal year 2015 grant would be forfeited.

Executive Separation Program

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

The Committee established the Executive Separation Program (the Separation Program) to facilitate changes in the leadership team and recruiting of senior executives. During fiscal year 2016, all the Executive Officers were covered by this Program. An Executive Officer becomes eligible for program benefits upon involuntary termination of employment other than for Cause or upon voluntary termination for Good Reason . A termination for Cause occurs upon the Executive Officer s failure to substantially perform his duties after demand therefor, willful misconduct, certain illegal acts, insubordination, dishonesty, or violation of the Company s Code of Conduct. Good Reason includes:

A material adverse change in the Executive Officer s position, material diminution of his duties or authority, or assignment to him of duties or responsibilities inconsistent with his status;

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents

COMPENSATION OF EXECUTIVE OFFICERS

A decrease in the Executive Officer's salary or a material reduction in, benefits, or annual incentive compensation opportunities if not similarly applied to other highly compensated employees; or

A relocation of the Executive Officer's principal workplace more than 50 miles from the existing location.

Benefits under the Separation Program are contingent upon the Executive Officer's continuing to perform the duties typically related to his position (or such other position as the Board reasonably requests) until termination, and assistance in the identification, recruitment, and/or transition of his successor. The Executive Officer also is required to sign a general release of claims against the Company and a two-year noncompetition, nonsolicitation, and nondisparagement agreement. If all these requirements are met, the Executive Officer is entitled to cash benefits as follows:

A cash severance payment of one times (two times in the case of Mr. Ghasemi) the Executive Officer's annual base salary and average annual incentive award for the three of the last five years for which his award was highest or, if less, the number of years he received awards;¹⁹

A bonus for the year of termination equal to a pro-rata portion of the Executive Officer's average annual incentive award for the three of the last five years for which his award was highest or, if less, the number of years he received awards;

Outplacement assistance;

A cash payment equal to the actuarial equivalent of pension benefits that would have accrued based on one additional year of service in the case of Mr. Crocco, Mr. Painter and Mr. Stanley;

A cash payment for the Executive Officers participating in the pension plans who are not eligible for early retirement, Mr. Crocco and Mr. Painter, equal to the value of the early retirement subsidy provided under the pension plans on the Executive Officer's accumulated benefit, calculated for with an additional year of service; and

For Mr. Ghasemi and Mr. Novo, because they receive their primary retirement benefit under the Company's defined contribution plans, a cash payment equal to the additional (nonmatching) contributions and credits each would have received under the RSP and the Deferred Compensation Plan, respectively, had he remained employed an additional two years for Mr. Ghasemi and an additional year for Mr. Novo, assuming his base salary remained the same and his Annual Incentive Plan award was the higher of his most recent award or the average of the last three awards.

Noncash benefits are also provided or maintained under the Separation Program as follows:

The Company pays the cost of continued coverage under the Company's medical and dental plans pursuant to the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) for Executive Officers and their dependents for one year following termination. (Retirement eligible Executive Officers participate in the medical plan on the same basis as other salaried retirees at no incremental cost to the Company.)

Edgar Filing: AIR PRODUCTS & CHEMICALS INC /DE/ - Form DEF 14A

Nonretirement eligible Executive Officers forfeit unexercisable stock options. Their exercisable options remain in effect for the normal term. Retirement provisions described above apply to the stock options of retirement eligible Executive Officers.

A pro-rata portion of four-year vesting restricted stock and recruiting and retention grants of deferred stock units vests. The remaining four-year vesting restricted stock and retention grant deferred stock units are forfeited. However, retirement provisions described above apply to outstanding restricted stock held by the retirement eligible Executive Officers if more favorable.

Career-vesting restricted stock and deferred stock units become fully vested.

A pro-rata portion of unearned performance shares based on actual performance at the end of the performance period vest and are paid at the end of the performance period and the remainder are forfeited. The unforfeited shares are paid in accordance with the normal schedule and at the normal payout level if performance thresholds are met.

¹⁹ Mr. Ghasemi's cash severance payment is prorated after July 1, 2017 based upon the remaining term of his Employment Agreement.

AIR PRODUCTS AND CHEMICALS, INC.

Table of Contents**COMPENSATION OF EXECUTIVE OFFICERS**

Mr. Ghasemi's Employment Agreement. In addition to the Separation Program, Mr. Ghasemi's Employment Agreement provides that, upon his termination by the Company other than for Cause or his voluntary termination for Good Reason, his Make Whole Award and all of his other long term incentive awards will continue to vest as if he remained employed. For purposes of the Employment Agreement, Cause is Mr. Ghasemi's willful failure to substantially perform his duties after a demand for substantial performance is delivered, willful misconduct that has caused or would reasonably be expected to result in a material injury to the Company, criminal conviction of or a plea of nolo contendere to a crime that constitutes a felony, repeated acts of insubordination, an act of dishonesty inconsistent with his position or material violation of the Company's Code of Conduct. Mr. Ghasemi has the right to resign for Good Reason under the Agreement if there is a material adverse change in his position or office; a decrease in his salary, benefits, or incentive compensation if not applied to other highly compensated employees; or a relocation of his principal workplace more than 50 miles from the existing location.

Estimated Payments on Severance**As of September 30, 2016**

The table below shows estimated cash payments that would have been made to each Executive Officer under the Separation Program upon an involuntary termination on September 30, 2016 covered under the Program, and the estimated value of long term incentive awards that would have vested upon termination under the Program.

Officer	Long-Term Incentive Plan							
	Severance Benefit	Pro-rata Bonus	Pension Payment(2)	Benefits(3)	Stock Options(4)	Restricted Stock	Deferred Stock Units(5)	Performance Shares(6)
S. Ghasemi	\$ 5,716,603	\$ 1,658,302	\$ 345,600	\$ 28,840	\$ 3,505,199	\$ 6,707,118	\$ -	\$ 8,784,874
M. S. Crocco	\$ 995,843	\$ 395,843	\$ 1,416,361	\$ 37,976	\$ 3,623,376	\$ 728,429	\$ -	\$ 1,218,337
G. Novo	\$ 819,792	\$ 354,792	\$ 46,520	\$ 36,190	\$ 2,505,799	\$ 628,327	\$ -	\$ 877,196
