The Partnership intends to report a net loss attributable to the Partnership of \$29.2 million for the three months ended June 30, 2017, as compared to a net loss of \$10.4 million for the three months ended June 30, 2016. The financial information set forth herein consists of preliminary unaudited results, which will not be final until the Partnership files its unaudited financial statements in the Form 10-Q.

The statements included in this Form 12b-25 regarding the Partnership's financial performance and results of operations, in each case as expected to be reported, the expected filing date of the Form 10-Q and other statements that are not historical facts are forward-looking statements within the meaning of Section 27A of the Securities and Exchange Act of 1933 and Section 21E of the Exchange Act. Although management believes the expectations reflected in those forward-looking statements are reasonable, no assurance can be given that they will prove to have been correct. They can be affected by inaccurate assumptions or by known or unknown risks and uncertainties. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those indicated. Factors that could cause actual results to differ materially from expected results include the finalization of the Partnership's consolidated financial statements, the audit of those financial statements as well as other factors described under Risk Factors in our most recent Form 10-K and other filings with the U.S. Securities and Exchange Commission.
