Compensatory Arrangements of Certain Officers

On March 16, 2018, the Compensation Committee (the "Compensation Committee") of the board of directors of the Company (the "Board") approved base salaries for certain of the executive officers of the Company effective as of January 1, 2018 and, in order to provide appropriate incentives to work towards the continued growth and success of the Company, adopted a Management Incentive Plan (the "2018 MIP") with respect to certain of its senior executive officers.

The 2018 MIP provides for the payment of cash bonuses to management personnel selected by the Compensation Committee, including all of the named executive officers. These bonuses are expressed as a percentage of each participant's 2018 annual base salary (the "Target Bonus Percentage"). The Target Bonus Percentage for the President, Chief Executive Officer and Chairman is 110% of base salary. The range for other participants is 50% to 95% of base salary. The table below sets forth the 2018 Target Bonus Percentage for purposes of the 2018 MIP for the Company's executive officers, including the principal executive officer, the principal financial officer, the principal accounting

officer and the other executive officers of the Company.

Bonuses under the 2018 MIP are made up of three separate parts: a bonus based on Earnings Before Interest, Taxes, Depreciation and Amortization (the EBITDA Bonus), a bonus based on revenues (the Revenue Bonus) and a bonus based on the achievement of certain goals set by the Compensation Committee for each participant (the Goal Bonus).

- 3 -

The EBITDA Bonus accounts for 45% of the total bonus potentially payable under the MIP. The EBITDA Bonus is based on the Company's 2018 Adjusted EBITDA. Adjusted EBITDA means the consolidated EBITDA of the Company, excluding the results from any operations considered discontinued operations for GAAP purposes, plus any amounts deducted in computing EBITDA with respect to noncash stock compensation and the MIP. The Compensation Committee has discretion to equitably adjust Adjusted EBITDA for other noncash and/or nonrecurring charges not directly related to the ongoing operations of the Company and the effect of any acquisition or disposition of any assets and/or lines of business or the impact of any extraordinary or nonrecurring items. Depending on the performance of the Company's 2018 Adjusted EBITDA, a percentage (ranging from 0-200%) will be applied to each participant's Target Bonus Percentage (the EBITDA Bonus Percentage). The EBITDA Bonus of a participant shall equal 45% of the EBITDA Bonus Percentage of the participant, multiplied by the annual salary as of the date that the MIP becomes applicable to the participant.

The Revenue Bonus accounts for 35% of the total bonus potentially payable under the MIP. The Revenue Bonus is based on the performance of the Company's Revenue. Revenue is consolidated revenue, as determined pursuant to GAAP, excluding the results from any operations considered discontinued operations for GAAP purposes. The Compensation Committee has the discretion to equitably adjust Revenue to reflect the effect of any acquisition or disposition of any assets and/or lines of business and other extraordinary, nonrecurring items. Similar to the EBITDA Bonus, depending on the performance of the Company's Revenues, a percentage (ranging from 0-200%) will be applied to each participant's Target Bonus Percentage (the Revenue Bonus Percentage). The Revenue Bonus of a participant shall equal 35% of the Revenue Bonus Percentage of the participant, multiplied by the annual salary as of the date that the MIP becomes applicable to the participant.

The Goal Bonus accounts for 20% of the total bonus potentially payable under the MIP. The Compensation Committee shall, on or before March 31, 2018, inform the participant in writing of the goals which the Compensation Committee has established as being the criteria to be met by the participant in order to receive his/her Goal Bonus. The Compensation Committee may establish more than one goal for the participant and may allocate the Goal Bonus of that participant among the goals. The Goal Bonus (or a part thereof) shall be payable to the participant if the Compensation Committee determines, in its discretion, that the goal(s) that the Compensation Committee has determined to be applicable to that participant for that Goal Bonus has been achieved by the participant. The Goal Bonus shall equal 20% of the Goal Bonus Percentage of that participant, multiplied by the annual base salary of the participant as of the date that the MIP becomes applicable to the participant. The Goal Bonus percentage ranges between 0% and 200% depending on the level of achievement by the individual participant.

The table below sets forth the 2018 annual base salary and potential awards under the 2018 MIP for the Company's executive officers, including the principal executive officer, the principal financial officer and the other executive officers of the Company.
