NOTICE OF THE 2017 ANNUAL MEETING OF SHAREHOLDERS

The Annual Meeting of Shareholders of Eastman Kodak Company will be held on Tuesday, May 23, 2017 at 9:00 a.m. Eastern Time, at The Benjamin, 125 East 50th Street, New York, New York 10022. We are asking our shareholders to vote on the following proposals at the Annual Meeting:

1. Election of the nine directors named in the Proxy Statement for a term of one year or until their successors are duly elected and qualified.
2. Advisory vote to approve the compensation of our named executive officers.
3. Ratification of the Audit and Finance Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm.
4. Such other business as may properly come before the Annual Meeting or any adjournment thereof.

The Board of Directors recommends you vote FOR each of the nominees listed in Proposal 1 and FOR Proposals 2 and 3.

If you held your shares at the close of business on March 29, 2017, you are entitled to vote at the Annual Meeting.

We follow the Securities and Exchange Commission's e-proxy rules that allow public companies to furnish proxy materials to their shareholders over the internet. These rules allow us to provide you with the information you need, while lowering the cost of delivery and reducing the environmental impact of our Annual Meeting.

If you have any questions about the Annual Meeting, please contact: Shareholder Services, Eastman Kodak Company, 343 State Street, Rochester, NY 14650-0235, (585) 724-4053, e-mail: shareholderservices@kodak.com.

PROXY STATEMENT

QUESTIONS & ANSWERS

Q. Why am I receiving these proxy materials?

Our Board of Directors (the Board) is providing these proxy materials to you on the internet, or has delivered printed versions to you by mail, in connection with Kodak's 2017 Annual Meeting of Shareholders (the Annual Meeting), which will take place on Tuesday, May 23, 2017. As a shareholder, you are invited to attend the Annual Meeting and are entitled and requested to vote on the proposals described in this Proxy Statement. We are making these proxy materials available to you on or about April

A. 10, 2017.

Q. What is included in these proxy materials?

A. These proxy materials include:

Our 2016 Annual Report on Form 10-K; and
Notice of 2017 Annual Meeting and Proxy Statement.

If you received printed versions of the proxy materials by mail, these proxy materials also include a proxy card.

Q. What am I voting on?

A. The Board is soliciting your proxy in connection with the Annual Meeting to be held on Tuesday, May 23, 2017 at 9:00 a.m. Eastern Time, at The Benjamin, 125 East 50th Street, New York, New York 10022, and any adjournment or postponement thereof. You are voting on the following proposals:

Election of the nine directors named in this Proxy Statement for a term of one year or until their successors are duly elected

1. and qualified.

2. Advisory vote to approve the compensation of our named executive officers.

Ratification of the Audit and Finance Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm.

The Board recommends you vote FOR each of the director nominees listed in Proposal 1 and FOR Proposals 2 and 3.

Q. Why did I receive a one-page notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

We follow the Securities and Exchange Commission's (the SEC) e-proxy rules that allow public companies to furnish proxy materials to shareholders over the internet. The e-proxy rules remove the requirement for public companies to automatically send shareholders a full, printed copy of proxy materials and allow them instead to deliver to their shareholders a Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) and to provide online access to the documents. As a

A. result, we mailed the Notice of Internet Availability to many of our shareholders on or about April 10, 2017.

The Notice of Internet Availability provides instructions on how to:

View our proxy materials for the Annual Meeting on the internet and vote; and

Request a printed copy of the proxy materials.

In addition, shareholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis. Choosing to receive your future proxy materials by e-mail will save us the cost of printing and mailing documents to you and will reduce the environmental impact of printed materials.

Q. Why didn't I receive a notice in the mail about the internet availability of the proxy materials?

We are providing some of our shareholders, including those who have previously requested to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of the Notice of Internet Availability.

A. In addition, we are providing the Notice of Internet Availability by e-mail to those shareholders who have previously elected delivery of the proxy materials electronically. Those shareholders should have received an e-mail containing a link to the website where the proxy materials are available.

Q. Where can I view the proxy materials on the internet?

We are making this Proxy Statement and voting instructions available to shareholders on or about April 10, 2017, at **www.edocumentview.com/KODK**. We are also making our 2016 Annual Report on Form 10-K available at the same time and by the same method. The 2016 Annual Report on Form 10-K is not a part of the proxy solicitation material and is not

A. incorporated herein by reference.

Table of Contents

Q. How can I receive a printed copy of the proxy materials?

A. Shareholder of Record. You may request a printed copy of the proxy materials by any of the following methods: Telephone: within the U.S.A., U.S. territories and Canada, call toll-free at 1-866-641-4276; or outside of the U.S.A., U.S. territories and Canada, call collect at 1-781-575-3170; Internet at www.envisionreports.com/KODK; or E-mail at investorvote@computershare.com. Reference Proxy Materials Eastman Kodak Company in the subject line. In the message, include your full name and address, the number located in the shaded bar on the Notice of Internet Availability/proxy card, and state that you want to receive a paper copy of current and/or future meeting materials.

Beneficial Owner. You may request a printed copy of the proxy materials by following the instructions provided to you by your broker, trustee or nominee.

Q. What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Most of our shareholders hold their shares through a broker or other nominee (beneficial owner) rather than directly in their own name (shareholder of record). As summarized below, there are some distinctions between shareholders of record and

A. beneficial owners.

Shareholder of Record. If your shares are registered in your name with our transfer agent, Computershare, you are considered the shareholder of record of these shares, and we are making these proxy materials available directly to you. As a shareholder of record, you have the right to give your voting proxy to our management or a third party, or to vote in person at the Annual Meeting.

Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and your broker, trustee or nominee is making these proxy materials available to you together with a voting instruction form. As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote your shares. You are also invited to attend the Annual Meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee on how to vote your shares. Since a beneficial owner is not the shareholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares in person at the Annual Meeting. In order to vote your shares, you must either: 1) obtain a legal proxy that gives you the right to vote the shares in person at the Annual Meeting, or 2) provide voting instructions to your broker.

Q. Will any other matters be voted on?

We are not aware of any other matters that shareholders will be asked to vote on at the Annual Meeting. If any other matter is properly brought before the Annual Meeting, the named proxies, James V. Continenza and Sharon E. Underberg, will vote for you on such matter in their discretion. New Jersey law (under which the Company is incorporated) requires that you be given

A. notice of all matters to be voted on, other than procedural matters such as adjournment of the Annual Meeting.

Q. How do I vote?

A. Shareholder of Record. If you are a shareholder of record, there are four ways to vote:

By internet at www.envisionreports.com/KODK. We encourage you to vote this way.

By touch tone telephone: within the U.S.A., U.S. territories and Canada, call toll-free at 1-800-652-VOTE (8683); or outside the U.S.A., U.S. territories and Canada, call collect at 1-781-575-2300.

By completing and mailing your proxy card.

By written ballot at the Annual Meeting.

Beneficial Owner. If you are a beneficial owner, please follow the voting instructions sent to you by your broker, trustee or nominee.

Whether you are a shareholder of record or a beneficial owner, your shares will be voted as you indicate.

Table of Contents

- Q. What happens if I do not give specific voting instructions?**
- A. Shareholder of Record.** If you are a shareholder of record and you:
Indicate when voting on the internet or by telephone that you wish to vote as recommended by our Board; or
Sign and return a proxy card without giving specific voting instructions,
then the named proxies, James V. Continenza and Sharon E. Underberg, will vote your shares in the manner recommended by our Board (i.e. FOR each of the director nominees named in Proposal 1 and FOR Proposals 2 and 3) and in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.
Beneficial Owner. If you do not provide your broker, trustee or nominee with specific voting instructions, or if you do not obtain a legal proxy that gives you the right to vote the shares in person at the Annual Meeting, your shares will not be voted or counted with respect to Proposals 1 and 2, which are non-routine proposals. Your broker, trustee or nominee has discretionary authority to vote your uninstructed shares with respect to Proposal 3, which is a routine proposal. Uninstructed shares with respect to which your broker does not have discretionary authority are known as broker non-votes.
- Q. What is the deadline for voting my shares?**
- Shareholder of Record.** If you are a shareholder of record and vote by internet or telephone, your vote must be received by 1:00 a.m., Eastern Time, on May 23, 2017, the morning of the Annual Meeting. If you are a shareholder of record and vote by mail or by written ballot at the Annual Meeting, your vote must be received before the polls close at the Annual Meeting.
- A. Beneficial Owner.** If you are a beneficial owner, please follow the voting instructions provided by your broker, trustee or nominee. You may vote your shares in person at the Annual Meeting only if you obtain a legal proxy from your broker, trustee or nominee and present it at the Annual Meeting before the polls close.
- Q. Who can vote?**
- You must be a shareholder of record or a beneficial owner as of the close of business on March 29, 2017, the record date for the Annual Meeting. Each share of common stock is entitled to one vote. Holders of 5.50% Series A Convertible Preferred Stock (Series A convertible preferred stock) are entitled to vote upon all matters upon which holders of common stock have the right to vote, and are entitled to the number of votes equal to the number of full shares of common stock into which such shares of Series A convertible preferred stock could be converted at the then applicable conversion rate at the record date. Such votes will be counted together with shares of common stock and not separately as a class. At the Annual Meeting, each share of Series A convertible preferred stock is entitled to 5.7471 votes.
- A. How can I change my vote or revoke my proxy?**
- Shareholder of Record.** If you are a shareholder of record, you can change your vote or revoke your proxy before the Annual Meeting by:
- Entering a timely new vote by internet or telephone;
 - Returning a later-dated proxy card;
 - Notifying Sharon E. Underberg, Secretary; or
 - Completing a written ballot at the Annual Meeting.
- Beneficial Owner.** If you are a beneficial owner, please follow the voting instructions provided by your broker, trustee or nominee.

Table of Contents

Q. What vote is required to approve each proposal?

A. The following table describes the voting requirements for each proposal:

<p>Proposal 1 - Election of Directors</p>	<p>As set forth in our By-laws, the Board has adopted a majority voting standard for uncontested director elections. Because the number of nominees properly nominated for the Annual Meeting is the same as the number of directors to be elected at the Annual Meeting, the 2017 election of directors is an uncontested election. To be elected in an uncontested election, a director nominee must be elected by a majority of the votes cast with respect to that director nominee. A majority of the votes cast means that the number of votes cast FOR a nominee's election must exceed the number of votes cast AGAINST the nominee's election. Each nominee receiving more votes FOR his or her election than votes AGAINST his or her election will be elected.</p>
<p>Proposal 2 - Advisory Vote to Approve the Compensation of our Named Executive Officers</p>	<p>To be approved, this proposal must receive the affirmative vote of a majority of the votes cast at the Annual Meeting.</p>
<p>Proposal 3 - Ratification of the Audit and Finance Committee's Selection of PricewaterhouseCoopers LLP as our Independent Registered Public Accounting Firm</p>	<p>To be approved, this proposal must receive the affirmative vote of a majority of the votes cast at the Annual Meeting.</p>

Q. How are votes counted?

For Proposal 1, you may vote FOR, AGAINST or ABSTAIN with respect to each of the nominees. In tabulating the voting results for the election of directors, only FOR and AGAINST votes are counted. If you elect to abstain in the election of directors, the abstention will not impact the outcome of the election. Broker non-votes are not counted and will not impact the

A. outcome of the vote.

You may vote FOR, AGAINST or ABSTAIN with respect to Proposals 2 and 3. In tabulating the voting results for these proposals, FOR and AGAINST votes are counted. Abstentions are not counted and will not impact the outcome of the vote. With respect to Proposal 2, broker non-votes are not counted and will not impact the outcome of the vote.

Q. Who will count the vote?

A. Computershare will count the vote. A representative from Computershare will serve as the inspector of election.

Q. Who can attend the Annual Meeting?

If you held your shares as of the close of business on March 29, 2017, the record date for the Annual Meeting, you can attend the Annual Meeting.

Q. What do I need to do to attend the Annual Meeting?

A. To attend the Annual Meeting, please follow these instructions:

If you vote by internet or telephone, follow the instructions provided for attendance.

If you vote by using a proxy card, check the appropriate box on the card.

If you are a beneficial owner, bring your legal proxy from your broker, trustee or nominee as well as proof of identity in the form of a government issued ID to the registration area.

To enter the Annual Meeting, bring the Admission Ticket attached to your proxy card or printed from the internet as well as proof of identity in the form of a government issued ID to the registration area.

If you do not have an Admission Ticket, go to the registration area upon arrival.

Seating at the Annual Meeting is limited and will be on a first-come, first-served basis. We may take photographs and videotape at the Annual Meeting, which we may use in publications. If you attend the Annual Meeting, we assume we have your permission to use your image.

Table of Contents

Q. Can I bring a guest?

Yes. If you plan to bring a guest to the Annual Meeting, follow the instructions on the internet or telephone or check the appropriate box on your proxy card. When you go through the

- A.** registration area at the Annual Meeting, your guest must register with you and must present proof of identity in the form of a government issued ID.

Q. What is the quorum requirement of the Annual Meeting?

The holders of shares entitled to cast a majority of the votes on March 29, 2017 will constitute a quorum for voting at the Annual Meeting. If you vote, your shares will be part of the quorum. Abstentions and broker non-votes will be

- A.** counted in determining the quorum. On March 29, 2017, there were 42,451,096 shares of our common stock outstanding and 2,000,000 shares of our Series A convertible preferred stock outstanding. At the Annual Meeting, each share of Series A convertible preferred stock is entitled to 5.7471 votes.

Q. Where can I find the voting results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and disclose final results in a Form 8-K to be filed with the SEC within four business days of the Annual

- A.** Meeting. If final results are not available at such time, the Form 8-K will disclose preliminary results, to be followed with an amended Form 8-K when final results are available.

Q. Can I nominate someone to the Board?

Our By-laws provide that any shareholder can nominate a person for election to the Board so long as the shareholder follows the procedure outlined in our By-laws as summarized below. This is the procedure to be followed for direct

- A.** nominations, as opposed to recommendations of nominees for consideration by our Corporate Governance and Nominating Committee. The complete description of the procedure for shareholder nominations of director candidates is contained in our By-laws. You can request a copy of the full text of this By-law provision by writing to our Secretary at our principal executive offices. Our By-laws can also be accessed at <http://ek.client.shareholder.com/supporting.cfm>. For purposes of summarizing this procedure, we have assumed: 1) the date of the upcoming Annual Meeting is within 30 days of the anniversary of the Annual Meeting for the previous year and 2) if the size of the Board is to be increased, that both the name of the director nominee and the size of the increased

Board are publicly disclosed at least 100 days prior to the first anniversary of the previous year's Annual Meeting. Based on these assumptions, a shareholder desiring to nominate one or more candidates for election at the next Annual Meeting must deliver written notice of such nomination to our Secretary, at our principal executive office, not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's Annual Meeting. Accordingly, for our 2018 Annual Meeting, notice of nomination must be delivered to our Secretary no earlier than January 23, 2018 and no later than February 22, 2018.

The written notice to our Secretary must contain the following information with respect to each nominee: 1) the proposing shareholder's name and address; 2) the number of shares owned of record and beneficially by the proposing shareholder; 3) the name of the person to be nominated; 4) the number of shares owned of record and beneficially by the nominee; 5) a description of all relationships, arrangements and understandings between the shareholder and the nominee and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by the shareholder; 6) such other information regarding the nominee as would have been required to be included in the proxy statement filed pursuant to the proxy rules of the SEC had the nominee been nominated, or intended to be nominated, by the Board, such as the nominee's name, age and business experience; and 7) the nominee's signed consent to serve as a director if so elected.

Persons nominated in accordance with this procedure will be eligible for election as directors at the 2018 Annual Meeting of Shareholders.

Q. What is the deadline to propose actions for consideration at the 2018 Annual Meeting?

For a shareholder proposal to be considered for inclusion in our proxy statement for the 2018 Annual Meeting, the Secretary must receive the written proposal at our principal executive office no later than the close of business on December 11, 2017. Proposals received after

- A.** this date will be considered untimely. Proposals must comply with SEC regulations under Rule 14a-8 of the Securities Exchange Act of 1934, as amended, regarding the inclusion of shareholder proposals in company-sponsored proxy materials. Proposals should be addressed to:

Secretary
Eastman Kodak Company
343 State Street
Rochester, NY 14650-0224

Table of Contents

For a shareholder proposal that is not intended to be included in our proxy statement under Rule 14a-8, the shareholder must provide the information required by our By-laws and give timely notice to the Secretary in accordance with our By-laws, which, in general, require that the notice be received by the Secretary:

No earlier than the close of business on January 23, 2018; and

No later than the close of business on February 22, 2018.

If the date of the shareholder meeting is moved more than 30 days before or 30 days after the anniversary of the 2017 Annual Meeting, then notice of a shareholder proposal that is not intended to be included in our proxy statement under Rule 14a-8 must be received no earlier than the close of business 120 days prior to the meeting and no later than the close of business on the later of the following two dates:

90 days prior to the meeting; and

10 days after public announcement of the meeting date.

You may contact our Secretary at our principal executive office for a copy of the relevant By-law provisions regarding the requirements for shareholder proposals. Our By-laws can also be accessed at <http://ek.client.shareholder.com/supporting.cfm>.

Q. Who will pay the cost of this proxy solicitation?

We will bear all costs related to this proxy solicitation. We will reimburse brokerage houses and other custodians, nominees, trustees and fiduciaries representing beneficial owners of shares for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to such beneficial owners. Our directors, officers and employees may also solicit proxies and

- A.** voting instructions in person, by telephone or by other means of communication. These directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with these solicitations. In addition, we have retained Georgeson Inc. to assist us in delivering the Notice of Internet Availability or proxy materials, as applicable, for a fee of approximately \$2,300, plus reasonable out-of-pocket expenses.

HOUSEHOLDING OF DISCLOSURE DOCUMENTS

We are sending a Notice of Internet Availability or set of proxy materials to each shareholder of record. PROPOSAL 1

PROPOSAL 1 - ELECTION OF DIRECTORS

Our By-laws require us to have at least nine but no more than 13 directors. The number of directors, which is set by the Board, is currently nine. Mr. Clarke is the only director who is an employee of the Company.

The following seven directors are standing for re-election, having been elected at the previous annual meeting: Mark S. Burgess, Jeffrey J. Clarke, James V. Continenza, Matthew A. Doheny, George Karfunkel, Jason New and William G. Parrett. On February 9, 2017, John A. Janitz notified the Board that he will retire from his position as a director effective as of the 2017 Annual Meeting in accordance with the Company's mandatory retirement policy applicable to directors, as set forth in our Corporate Governance Guidelines. Also on February 9, 2017, Derek Smith notified the Board that he will not stand for re-election to the Board of Directors at the Annual Meeting.

In addition to the directors standing for re-election, upon the recommendation of the Corporate Governance and Nominating Committee (Governance Committee), the Board has nominated Craig A. Rogerson and Jeffrey D. Engelberg as directors of the Company. Messrs. Rogerson and Engelberg are nominees designated in connection with the Purchase Agreement dated as of November 7, 2016, among Kodak, Southeastern Asset Management, Inc. (Southeastern) and Longleaf Partners Small-Cap Fund, C2W Partners Master Fund Limited and Deseret Mutual Pension Trust, which are investment funds managed by Southeastern (such investment funds collectively, the Purchasers), whereby the Purchasers have the right to nominate at the Company's annual meetings members to the Company's Board of Directors proportional to the Purchasers' share ownership on an as-converted basis, initially allowing the Purchasers to nominate two members to the Board.

If elected, all of the nominees for director will serve a one-year term. Information about the director nominees is provided in the section entitled "Board of Directors and Corporate Governance" in this Proxy Statement.

If a nominee is unable to stand for election, the Board may reduce the number of directors or choose a substitute. If the Board chooses a substitute, the shares represented by proxies will be voted for the substitute. If a director retires, resigns, dies or is unable to serve for any reason, the Board may reduce the number of directors or elect a new director to fill the vacancy.

Director nominees are elected by a majority of votes cast. Each director nominee who receives more FOR than AGAINST votes cast for his election will be elected.

If a director nominee receives a greater number of votes AGAINST his election than votes FOR such election, the Board will decide whether to accept the irrevocable letter of resignation the nominee submitted as a condition of being nominated to the Board in accordance with our Majority Vote Policy.

The Board of Directors recommends a vote FOR the election of all the director nominees.

Table of Contents

Communications with Our Board

Shareholders and interested parties who wish to communicate with the Board, the independent directors as a group or an individual director, may send an e-mail to our Chairman at chairman@kodak.com or may send a letter to our Chairman c/o Corporate Secretary, Eastman Kodak Company, 343 State Street, Rochester, NY 14650-0224. Our Chairman will forward communications he receives to the Board, the independent directors as a group or the individual director as directed, unless the communication is unduly hostile, threatening, illegal, does not reasonably relate to the Company or its business, or is similarly inappropriate. The Chairman has authority to disregard any inappropriate communications or to take other appropriate actions with respect to any such inappropriate communications.

Consideration of Director Candidates

The Governance Committee will consider nominations for director candidates recommended by its members, other Board members, management, shareholders and the search firms it retains. The Governance Committee reviews all potential candidates under our Director Selection Process and Qualification Standards described below.

Shareholders wishing to recommend candidates for consideration by the Board may do so by providing the following information, in writing, to the Corporate Governance and Nominating Committee of the Board, c/o Secretary, Eastman Kodak Company, 343 State Street, Rochester, NY 14650-0224: 1) the name, address and telephone number of the shareholder making the request; 2) the number of shares owned, and, if such person is not a shareholder of record or if such shares are held by an entity, reasonable evidence of such person's ownership of such shares or such person's authority to act on behalf of such entity; 3) the full name, address and telephone number of the individual being recommended, together with a reasonably detailed description of the background, experience and qualifications of that individual; 4) a signed acknowledgement by the individual being recommended that he or she has consented to: a) serve as director if elected and b) the company undertaking an inquiry into that individual's background, experience and qualifications; 5) the disclosure of any relationship of the individual being recommended with the company, whether direct or indirect; and 6) if known to the shareholder, any material interest of such shareholder or individual being recommended in any proposals or other business to be presented at the next Annual Meeting of Shareholders (or a statement to the effect that no material interest is known to such shareholder).

Director Selection Process and Qualification Standards

When reviewing a potential candidate for the Board, the Governance Committee looks to whether the candidate possesses the necessary qualifications to serve as a director. To assist it in these determinations, the Governance Committee has adopted Director Qualification Standards and a Director Selection Process, which are posted as part of our Corporate Governance Guidelines on our website at <http://ek.client.shareholder.com/supporting.cfm>.

The Director Qualification Standards specify that, in addition to any other factors described in the Company's Corporate Governance Guidelines, the Board should at a minimum consider the following factors, as more fully described in our Director Qualification Standards, in the nomination or appointment of members of the Board: integrity, reputation, judgment, knowledge, experience, maturity, commitment, skills, track record, diversity, age, independence and ownership stake. The Governance Committee, in accordance with its Director Selection Process, will then consider the candidate's qualifications in light of the needs of the Board and our company at that time, given the then-current mix of director attributes. As provided in our Corporate Governance Guidelines, the Governance Committee seeks to create a multi-disciplinary Board that, as a whole, is strong in both its knowledge and experience. The Governance Committee generally uses the services of a third-party executive search firm when identifying and evaluating possible nominees for director. This firm assists in identifying candidates who meet skills and qualifications specified by the Governance Committee. The Board has a mandatory retirement age of 72, unless an extension is approved by the Board, but in no event above age 75.

Although the Governance Committee does not have a formal policy regarding the consideration of diversity in the selection of candidates, the Governance Committee considers diversity when evaluating possible nominees under our Director Qualification Standards, which provide that the Board should be a diverse body, with diversity reflecting gender, ethnic background, country of citizenship and professional experience. In addition, the Governance Committee and the Board evaluate diversity as part of the Board's annual evaluation process.

Majority Voting for Directors

Our By-laws provide for majority voting in uncontested director elections.

We also maintain a Majority Vote Policy that requires a director nominee, in connection with his or her nomination to the Board, to submit a resignation letter in which the director nominee irrevocably elects to resign if he or she fails to receive the required majority vote in the next election and the Board accepts the resignation. The policy requires the Board to nominate for election or re-election as a director only those candidates who agree to execute such a letter upon his or her nomination. The Majority Vote Policy is posted on our website at <http://ek.client.shareholder.com/supporting.cfm>.

If a director nominee fails to receive a majority vote in an uncontested election, the Majority Vote Policy provides that the Governance Committee will consider the resignation letter and recommend to the Board whether to accept it. The Governance Committee, in making its recommendation to the Board, and the Board, in reaching its decision, may consider relevant factors, including any stated reason why shareholders voted against the election of the director, the director's qualifications, the director's past and expected future contributions to us, the overall composition of the Board and whether accepting the resignation letter would cause us to fail to comply with any applicable rule, such as the NYSE's listing standards.

The policy provides that the Board will act on the Governance Committee's recommendation and publicly disclose its decision whether to accept the director's letter of resignation within 90 days following the certification of the shareholder vote. If the letter of resignation is not accepted by the Board within this 90-day period, the resignation will not be effective until the next Annual Meeting.

All nine director nominees standing for election at the Annual Meeting have submitted an irrevocable letter of resignation as a condition of nomination pursuant to the Majority Vote Policy.

Risk Management

Our Board oversees an enterprise-wide approach to risk management, designed to support the achievement of our objectives, including strategic objectives, to improve long-term performance and enhance shareholder value. A fundamental part of risk management is not only identifying and prioritizing the risks we face and monitoring the steps management is taking to manage those risks, but also determining the level of risk that is appropriate for us. As an integral part of its review and approval of our strategic plan, the Board considers the appropriate level of risk that is acceptable. Through this process, the Board assesses risk throughout the Company, focusing on four primary risk categories: strategic, operational, legal/compliance and financial reporting. The Audit and Finance Committee is responsible for reviewing the results of our enterprise risk assessment on an annual basis. The Board also receives reports on management's progress in mitigating key risks.

The Board has delegated to its committees responsibility for the oversight of risk management in specific risk areas. For example, in 2016, the committees of the Board oversaw:

- Risk management relating to our financial reporting (including internal controls).
- Risk management relating to our compensation programs and awards.
- Risk management relating to our capital structure.
- Risk management relating to our insurance and pension programs.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

Management is responsible for our internal control over financial reporting, disclosure controls and procedures, and preparation of our consolidated financial statements. Our independent registered public accounting firm (independent accountants), PricewaterhouseCoopers LLP (PwC), is responsible for performing an independent audit of the consolidated financial statements and of our internal control over financial reporting in accordance with standards of the Public Company Accounting Oversight Board (United States) (PCAOB) and for issuing a report of the results. As outlined in its charter, the Audit and Finance Committee is responsible for overseeing these processes.

During 2016, the Audit and Finance Committee met and held discussions with management and the independent accountants on a regular basis. Management represented to the Audit and Finance Committee that our consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Audit and Finance Committee reviewed and discussed the audited consolidated financial statements and significant accounting matters with management and the independent accountants.

The Audit and Finance Committee discussed with the independent accountants the matters required to be discussed under auditing standards established from time to time by the PCAOB and by SEC rules. The Audit and Finance Committee has received from the independent accountants the written disclosures and letter required by the applicable requirements of the PCAOB regarding the independent accountants' communications with the Audit and Finance Committee concerning independence. The Audit and Finance Committee discussed with the independent accountants their independence.

The Audit and Finance Committee also received reports from our Chief Compliance Officer on the implementation and effectiveness of our compliance program.

The Audit and Finance Committee discussed with the director of internal audit and independent accountants the plans for their audits. The Audit and Finance Committee met with the director of internal audit and independent accountants, with and without management present. The director of internal audit and independent accountants discussed with or provided to the Audit and Finance Committee the results of their examinations, their evaluations of our internal control over financial reporting, disclosure controls and procedures, and the quality of our financial reporting.

Based on these reviews, discussions and reports, the Audit and Finance Committee recommended that the Board approve the audited financial statements for inclusion in our Annual Report on Form 10-K for the year ended December 31, 2016, and the Board accepted the Audit and Finance Committee's recommendations.

The Audit and Finance Committee, with the approval of the Board and the ratification of our shareholders, appointed PwC as our independent accountants in 2016. In addition, the Audit and Finance Committee approved certain non-audit services provided by PwC and the estimated budget for those services. The Audit and Finance Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy.

COMPENSATION DISCUSSION AND ANALYSIS

Our Named Executive Officers

This Compensation Discussion and Analysis discusses compensation awarded to, earned by, or paid to the following named executive officers during 2016 (whom we sometimes refer to as NEOs):

Jeffrey J. Clarke, Chief Executive Officer (CEO).

David E. Bullwinkle, Chief Financial Officer and Senior Vice President (CFO).

Brad W. Kruchten, President, Print Systems Division (PSD) and Senior Vice President.

Philip Cullimore, President, Enterprise Inkjet Systems Division, President, Micro 3D Printing and Packaging (MPPD), and Senior Vice President.

Eric-Yves Mahe, President, Software and Solutions Division and Senior Vice President.

John N. McMullen, former Chief Financial Officer and Executive Vice President.

On June 13, 2016, Mr. McMullen notified us of his intention to resign, effective June 30, 2016, to pursue another business opportunity. On June 14, 2016, the Board appointed David E. Bullwinkle as the Company's Chief Financial Officer and Senior Vice President, effective July 1, 2016. In connection with his appointment, we entered into a new employment agreement with Mr. Bullwinkle, effective July 1, 2016, on terms approved by the Committee as described under "Employment Agreements" beginning on page 30, which superseded Mr. Bullwinkle's prior employment agreement.

EXECUTIVE SUMMARY

2016 Business Highlights

Our executive compensation programs are designed to provide appropriate incentives to our leaders to execute our strategy.

Kodak's strategy is to:

- Use Kodak's divisional structure to drive accountability, transparency, and speed of decision-making;
- Focus product investment in growth engines - Sonora, Packaging, Micro 3D Printing and Software and Solutions;
- Maintain a stable market leadership position and cash flows associated with Print Systems;
 - Manage the expected decline in and maximize cash generated by mature businesses;
 - Continue to streamline processes to drive cost reductions and improve operating leverage; and
 - Continue to explore opportunities to monetize the asset base.

For the year ending December 31, 2016, Kodak continued to make good progress in executing on its strategy. During 2016, the Company achieved the following operating results:

Edgar Filing: EASTMAN KODAK CO - Form DEF 14A

Net earnings were \$16 million, an improvement of \$95 million as compared to 2015.

Total Company revenues for 2016 were \$1.543 billion, a decline of \$166 million from 2015 and within guidance of \$1.5 billion to \$1.7 billion for the year.

The Company continued to reduce selling, general and administrative expenses and research and development expenses. For 2016, these expenses were down 15% or \$36 million from 2015 on a combined basis. This reduction in operating expenses includes \$15 million of higher pension income.

Table of Contents

The Company improved its capital structure in 2016 through the issuance of \$200 million of Series A Convertible Preferred Stock and the repayment in full of 10.75% Senior Secured Second Lien Term debt. During 2016, \$282 million of total secured debt was repaid. This will result in a net cash interest and dividend savings of \$17 million in 2017.

The Company ended 2016 with \$434 million of cash, which was down \$113 million from December 31, 2015. While the cash balance at the end of 2016 was below the Company's target, cash used in operating activities improved \$82 million in 2016 compared to 2015.

From a product perspective:

In MPPD, the packaging business continued its strong growth in 2016 with FLEXCEL NX plate volume up 16% over 2015.

In the PSD, Sonora Process-Free Plates volume grew by 9% in 2016.

In 2016, our compensation awards to our named executive officers reflected both the progress we made in our business strategy and the areas where our results did not meet our performance goals.

Annual Variable Pay (EXCEL)

For 2016, we provided our named executive officers an annual variable incentive opportunity, known as Executive Compensation for Excellence and Leadership (EXCEL). Payouts under EXCEL are based on a formula that represents results achieved against Company performance metrics. No named executive officers earned a 2016 EXCEL award.

Please see the discussion following Annual Variable Pay: Executive Compensation for Excellence and Leadership (EXCEL) beginning on page 22 for more information regarding our EXCEL program.

Long-Term Incentives

In 2016, as provided in his employment agreement, Mr. Clarke received a grant of equity in the form of stock options. Also, as provided in their respective employment agreements, Messrs. Kruchten, Cullimore and Mahe each received a grant of equity, with one-half of the grant in the form of restricted stock units and the other half of the grant in the form of stock options. In addition, given that the employment agreement for Mr. Kruchten expired on September 3, 2016, he received an additional grant of equity on November 15, 2016 in place of the grant that he would have received in 2017 if his employment agreement had not expired, and which is intended as an incentive to drive necessary growth in the Print Systems Division. One-half of the grant was in the form of restricted stock units and the other half of the grant was in the form of stock options. The grant to Mr. Kruchten will begin to vest on September 3, 2017 subject to his continued employment on that date. Also, given Mr. Bullwinkle's promotion to Chief Financial Officer on July 1, 2016, he received a grant of equity on July 1, 2016 pursuant to the terms of his new employment agreement. One half of the grant was in the form of restricted stock units and the other half of the grant was in the form of stock options. Mr. McMullen did not receive a grant of equity in 2016 due to his termination of employment effective June 30, 2016.

Please see Long-Term Incentive Compensation on page 24 for more information on these awards.

Best Practices

We continually evaluate best practices in executive compensation and governance and consider modifications to our executive compensation programs that support our business strategies, provide an appropriate balance of risk and reward for our named executive officers, and align their compensation with long-term shareholder interests. Key compensation and governance practices include:

Prohibition on Hedging and Pledging. Our executive officers and directors are prohibited from engaging in any hedging or pledging transactions involving our equity securities. Please see Restrictions on Hedging and Pledging on page 27 for a description.

Share Ownership Guidelines. Our executive officers and directors are subject to share ownership guidelines. Please see Share Ownership Guidelines on page 27 for a description of executive officer guidelines and page 47 for a description of director guidelines.

Recoupment (Clawback) Policy. We have a policy requiring the recoupment of performance-based bonuses paid to named executive officers in the event of certain financial restatements. Please see Recoupment (Clawback) Policy on page 27 for a description.

Double-Trigger Change in Control Benefits. All arrangements with our named executive officers that provide change in control benefits contain a double trigger provision, which requires that the named executive officer

Table of Contents

experience a qualifying termination following a change in control in order to receive change in control benefits. Please see *Change in Control Arrangements* on page 26 for a description.

No Change in Control Excise Tax Gross-Ups. None of our compensation arrangements provide for a gross-up to our named executive officers for any excise taxes incurred by them upon a change in control.

DETERMINING EXECUTIVE COMPENSATION

Compensation Philosophy

Our compensation philosophy is to provide a compensation and reward program that:

Attracts, retains and motivates outstanding talent required to achieve our business objectives;

Drives profitable growth and increases shareholder value;

Incentivizes and rewards success in a diverse set of businesses;

Rewards both company and individual performance;

Provides an external market-based competitive compensation structure (base salary, variable pay and long-term incentives); and

Supports a corporate culture of customer focus, innovation, accountability, collaboration, agility, transparency and integrity.

The guiding principles for our compensation philosophy are:

Market competitiveness: aggregate total direct compensation (base salary, variable pay and long-term incentive) should be near the market median, with flexibility to pay above the median where necessary to attract and retain specific talent. Please see *Elements of Compensation* beginning on page 21 for more details on each element of compensation, its objective and its key features.

Reinforce a performance-based culture: create greater line-of-sight and reward for divisional performance, with significant performance-based differentiation.

Role of the Committee

The Committee annually reviews and approves goals and objectives relevant to the compensation of the CEO and evaluates, in conjunction with the full Board, the CEO's performance in light of those goals and objectives, and sets the CEO's individual elements of total compensation based on this evaluation. The Committee also approves all compensation and awards, including each component of total compensation, for each of our named executive officers and other Section 16 officers.

Role of the CEO and Management

Our CEO makes recommendations to the Committee regarding each compensation element for our named executive officers (other than the CEO himself), and reviews and discusses any changes to such compensation with the Committee. With respect to our performance-based plans, management (including our CEO and our CFO) develops performance goals based upon our strategic and operational imperatives and then proposes such performance goals to the Committee for its consideration. No member of management (including our CEO and our CFO) participates in the determination of his or her own compensation.

Role of the Compensation Consultant

During 2016, the Committee continued to engage Lyons, Benenson & Company Inc. (Lyons Benenson), a compensation consultant, to assist the Committee. Lyons Benenson attends all Committee meetings and makes recommendations regarding director and officer compensation. During 2016, Lyons Benenson conducted a detailed compensation analysis of management's compensation compared to the Company's peer group. It was agreed that no change to existing compensation levels was warranted. Lyons Benenson did not provide any other services to the Company during 2016.

Use of Market Reference Data

We review national survey data to provide a competitive frame of reference for compensation decisions and we compare the compensation of our named executive officers to the market median as a reference point to assist us in evaluating the competitiveness of their compensation. However, we do not necessarily adjust the compensation of any named executive officer to

any specific percentile or other absolute measure.

We use national survey data as a reference because it offers a reasonable representation of the cost to hire and retain talent. We compare our compensation to the market median as a reference because it enables us to attract and retain high quality talent and ensures that our executives generally receive competitive levels of compensation. In 2016, we used the Aon Hewitt

Table of Contents

U.S. Total Compensation Measurement (TCM) Survey, the Towers Watson Compensation Data Bank (CDB) General Industry Executive Compensation Survey US, the Radford Global Technology Survey and the Radford Global Sales Survey.

Our peer group consists of selected companies drawn from a broad group of public companies from similar industries (commercial services and supplies, IT services, media, software and technology hardware, and storage and peripherals) that meet minimum performance tests and have similar business models to ours. The companies considered for the peer group had to (1) be incorporated in the United States, (2) be traded on a stock exchange in the U.S., (3) have revenues between \$1.2 billion and \$6.6 billion, and (4) be categorized in a complementary GICS Sub-Industry. We then considered the total return, business alignment and other financial measurements of the companies in the selected group in order to achieve a group with closer alignment to us. In 2014, we approved a peer group consisting of the 15 companies listed below. In 2016, we continued to assess our NEO compensation levels against the Committee-approved peer group.

3D Systems Corporation	Electronics for Imaging, Inc.	Quad/Graphics, Inc.
Adobe Systems Incorporated	Lexmark International, Inc.	SanDisk Corporation
Advanced Micro Devices, Inc.	Nuance Communications, Inc.	Silicon Graphics International Corp.
ARRIS Group, Inc.	NVIDIA Corporation	Synopsis, Inc.
Ciena Corporation	OmniVision Technologies, Inc.	Xilinx, Inc.

We compared the base salaries, total target cash compensation and total direct compensation of our named executive officers to those of comparable positions within our peer group, as well as survey market data in late 2016, but did not make any changes to the base salaries, total target cash compensation or total direct compensation of our named executive officers other than an increase in Mr. Bullwinkle’s base salary and target annual variable pay in connection with his promotion to Chief Financial Officer and Senior Vice President. We may use the peer group, as well as survey market data, as a competitive frame of reference for compensation decisions in the future, but as noted above, we do not target any specific percentile.

ELEMENTS OF COMPENSATION

We use base salary, annual variable pay and long-term incentives as our primary elements of direct compensation to be competitive with market practice. These elements have the following objectives and features:

Compensation Element	Objective	Key Features
Base Salary	Provide a regular source of income to our named executive officers to compensate them for fulfilling the regular duties and responsibilities of their positions.	We typically review base salaries annually, but do not automatically increase salaries. Rather, base salaries are adjusted only if deemed appropriate by us in consideration of: (1) experience; (2) responsibilities; (3) the importance of the position relative to our other senior management positions; (4) external relative scope or changes in the competitive marketplace; and (5) years elapsed since the last base salary change. Any change in an executive’s base salary will affect an executive’s target opportunity under our annual variable pay plan, which is based on a percentage of base salary.
Annual Variable Pay (EXCEL)	Drive the annual performance of our named executive officers to align their financial interests with our business strategy and the interests of our shareholders.	Annual variable pay is considered at risk. Payouts are based on a formula that represents results achieved against performance metrics.
Long-Term Incentives (restricted stock units, stock options or cash)	Align executive compensation with shareholder interests; create incentives for executive retention; encourage long-term performance; and promote stock ownership.	Our long-term incentives are mainly in the form of equity-based compensation awards, which tie our named executive officers’ wealth creation to the performance of our stock and provide a retention incentive with multi-year vesting schedules.

Edgar Filing: EASTMAN KODAK CO - Form DEF 14A

Additionally, we provide indirect compensation to our named executive officers that includes retirement benefits (except Mr. Mahe), severance protection and limited perquisites. Our U.S. named executive officers are also eligible to participate in the benefit plans and programs that are generally available to our U.S. employees. Mr. Cullimore participates in the benefit plans, policies and arrangements (other than severance) that are provided to similarly situated executives in Switzerland. Mr. Mahe participates in the benefit plans, policies and arrangements (other than severance) that are provided to employees under local

Table of Contents

Singapore practice. Please see Other Compensation beginning on page 24 for more information on the indirect compensation of our named executive officers.

2016 COMPENSATION DECISIONS**Base Salary**

The annual base salary rate for each named executive officer in 2016 is set forth in the 2016 Annual Base Rates and 2016 EXCEL Target Opportunities table below. Mr. Bullwinkle's salary was increased from \$270,000 to \$400,000 in July 2016 under his new employment agreement, which was entered into in connection with his promotion to Chief Financial Officer and Senior Vice President. Otherwise, no changes were made to the base salaries of our named executive officers during 2016.

Annual Variable Pay: Executive Compensation for Excellence and Leadership (EXCEL)

For 2016, we provided an annual variable incentive opportunity to drive annual performance aligned to success in our business strategy, known as Executive Compensation for Excellence and Leadership (EXCEL). Payouts under EXCEL are based on a formula that represents results achieved against performance metrics. The maximum award for any named executive officer is the lesser of 10% of the EXCEL aggregate award pool (without discretion), 500% of the named executive officer's base salary on the last day of the previous year, or \$5 million. We may not exercise positive discretion to increase the size of a named executive officer's award above the maximum award level established under EXCEL.

We assign target opportunities under EXCEL based on a percentage of base salary. In establishing the target percentages, we reference market total target cash compensation data to determine whether base salary and variable pay opportunities are competitive with the market. It is important that both the total target compensation and the mix between base salary and annual variable pay are competitive. The target variable pay opportunities for our named executive officers were determined as part of their contract negotiations.

Mr. Bullwinkle's target variable pay opportunity was increased from 45% to 65% of his base salary in July 2016 under his new employment agreement, which was entered into in connection with his promotion to Chief Financial Officer and Senior Vice President. Otherwise, no other adjustments were made to the target variable pay opportunities for any named executive officer in 2016.

The following table shows the 2016 annual base salary rates and the 2016 full-year EXCEL target opportunity as a percentage of base salary for each of our named executive officers:

2016 Annual Base Rates and 2016 EXCEL Target Opportunities

Name	Annual Base Salary Rate	EXCEL % Target Opportunity	EXCEL \$ Target Opportunity
J.J. Clarke	\$1,000,000	100%	\$1,000,000
D.E. Bullwinkle	\$400,000	65%	\$260,000
B.W. Kruchten	\$465,000	75%	\$348,750
P. Cullimore ⁽¹⁾	\$548,440	50%	\$274,220
E. Mahe ⁽²⁾	\$434,844	50%	\$217,422
J.N. McMullen	\$600,000	75%	\$450,000

⁽¹⁾ Mr. Cullimore's base salary is CHF 540,000. The amount shown was converted from Swiss francs to U.S. dollars using a 2016 average exchange rate of 1.01563.

⁽²⁾ Mr. Mahe's base salary is SGD 600,000. The amount shown was converted from Singapore dollars to U.S. dollars using a 2016 average exchange rate of 0.72474.

EXCEL Design and Performance Results**Performance Gates**

Edgar Filing: EASTMAN KODAK CO - Form DEF 14A

For 2016, we established performance gates as part of the EXCEL program, which provided that no payments under EXCEL would be made unless the performance gates were satisfied. The performance gates for 2016 were: (a) compliance with our financial covenants contained in the September 3, 2013 exit financing arrangements, and (b) December 31, 2016 Consolidated Cash Balance of at least \$542M, excluding RED cash balance (December 31, 2015 Consolidated Cash Balance less RED cash of \$4.9M).⁽¹⁾ We used these performance gates to ensure that no award would be earned absent financial covenant compliance

Table of Contents

and a minimum level of Consolidated Cash Balance. Please see EXCEL: Definitions of Metrics beginning on page 34 for more information about the performance gates.

(1) Threshold adjusted down should the Company decide to use cash, subject to applicable governance approvals for: (1) repurchasing debt or equity; (2) specific Board-approved decisions on non-recurring cash use for strategic initiatives; (3) cash expenditure in excess of \$5M in the aggregate for disposition or acquisition projects during the year or (4) other Board-approved non-recurring actions. Consolidated Cash Balance at December 31, 2016 includes cash proceeds from planned or unplanned asset or business sales or dispositions.

Performance Metrics Design and Results

We continued to use Company-wide metrics for the 2016 EXCEL performance period so that the 2016 EXCEL metrics would align to our external guidance, which is reported on a Company-wide basis. The performance factors, associated weights, performance metrics and adjustments are set forth in the following table.

Performance Factor	Weight	Threshold (50%)	Target (100%)	Stretch (200%)
Revenue	50%	\$1,500M	\$1,600M	N/A
Operational EBITDA after Variable Pay Accrual	50% ⁽¹⁾	\$130M	\$145M	\$208M

⁽¹⁾ The portion of Operational EBITDA performance above target is weighted 100%.

We selected Revenue and Operational EBITDA after Variable Pay Accrual as the performance factors to maintain focus on earnings from our operational performance while also driving growth through a focus on our revenue. Operational EBITDA after Variable Pay Accrual is a non-GAAP measure. The reasons for using non-GAAP measures and reconciliations of non-GAAP measures to the most closely comparable GAAP measures are presented in Exhibit A to this Proxy Statement. Please see EXCEL: Definitions of Metrics beginning on page 34 for more information about the performance metrics.

We established the targets based on our annual commitment plan for 2016, and we used payout slopes that generally reflected a combined performance under the associated metrics so the under-performance of one metric generally would offset any over-performance in another metric. Any portion of Operational EBITDA performance above target is weighted 100%. The plan matrices also included a minimum Operational EBITDA (after Variable Pay Accrual) of \$130M. After calculating performance against the matrices, the payout would be capped if payout would result in Operational EBITDA below the \$130M minimum.

Determination of 2016 Named Executive Officer EXCEL Awards**Achievement of the Performance Gates**

One of the two performance gates for 2016 EXCEL awards was not achieved. We complied with the financial covenants contained in the September 3, 2013 exit financing arrangements, but our December 31, 2016 Consolidated Cash Balance of \$434M did not satisfy the performance gate requirement that we have a December 31, 2016 Consolidated Cash Balance of at least \$455M, excluding RED cash balance and adjusted for repurchase of debt or equity as provided for under EXCEL design.

Actual Performance:

The following table shows the results for the Revenue and Operational EBITDA after Variable Pay Accrual performance factors for 2016. The result for the Revenue performance factor was above the threshold amount, and the result for the Operational EBITDA after Variable Pay Accrual performance factor was also above the threshold amount.

Performance Factor	Weight	Threshold (50%)	Target (100%)	Stretch (200%)	Result
Revenue	50%	\$1,500M	\$1,600M	N/A	\$1,543M
Operational EBITDA after Variable Pay Accrual	50% ⁽¹⁾	\$130M	\$145M	\$208M	\$144M ⁽²⁾

⁽¹⁾ The portion of Operational EBITDA performance above target is weighted 100%.

⁽²⁾ Given that the cash performance gate was not achieved, there was no variable pay accrual subtracted from the Operational EBITDA result (both pre and post-accrual amount was \$144M).

EXCEL Awards Paid to NEOs for 2016

None of our named executive officers earned an EXCEL payment for 2016 because one of the two performance gates was not achieved.

Long-Term Incentive Compensation

Long-term incentives, mainly in the form of equity, are a significant part of our compensation program for our named executive officers.

As provided in his employment agreement, Mr. Clarke received a grant of stock options under the Eastman Kodak Company 2013 Omnibus Incentive Plan in 2016 on the second anniversary of the effective date of his employment agreement with a grant date value of \$1 million, and which vest one-third upon the first, second and third anniversary of the grant date.

As provided in his employment agreement, Mr. Bullwinkle received a one-time promotion equity grant under the Eastman Kodak Company 2013 Omnibus Incentive Plan in 2016 with a grant date value of \$600,000, with one-half of the grant date value in the form of restricted stock units (RSUs) and the other half of the grant date value in the form of stock options. These RSUs and stock options vest one-third upon the first, second and third anniversary of their respective grant dates.

Under their respective employment agreements, Messrs. Kruchten and Cullimore were entitled to receive an annual long-term incentive award with a grant date value of \$840,000 and \$200,000, respectively. As provided in their respective employment agreements, Messrs. Kruchten and Cullimore received a grant of equity under the Eastman Kodak Company 2013 Omnibus Incentive Plan in September 2016 with grant date values of \$840,000 and \$200,000, respectively, with one-half of the grant date value in the form of RSUs and the other half of the grant date value in the form of stock options. These RSUs and stock options vest one-third upon the first, second and third anniversary of their respective grant dates.

Mr. Kruchten also received an additional grant of equity under the Eastman Kodak Company 2013 Omnibus Incentive Plan in November 2016 with a grant date value of \$840,000, with one-half of the grant date value in the form of RSUs and the other half of the grant date value in the form of stock options. The vesting schedule for these RSUs and stock options starts on September 3, 2017 with vesting terms of one-third upon the first, second and third anniversary of the vesting start date, contingent upon Mr. Kruchten's continued employment.

Under his employment agreement, Mr. Mahe is entitled to receive an annual long-term incentive award with a grant date value of \$250,000. In 2015, in recognition of the significant expansion of his role since he joined the Company, the Committee determined that Mr. Mahe's annual long-term incentive award for future years (beginning in 2016) will have a grant date value of \$350,000, instead of the \$250,000 grant date value specified under his employment agreement. Accordingly, Mr. Mahe received a grant of equity under the Eastman Kodak Company 2013 Omnibus Incentive Plan in 2016 with a grant date value of \$350,000, with one-half of the grant date value in the form of RSUs and the other half of the grant date value in the form of stock options. These RSUs and stock options vest one-third upon the first, second and third anniversary of their respective grant dates.

Under his employment agreement, Mr. McMullen was entitled to receive an annual long-term incentive award with a grant date value of \$1 million, but due to his termination of employment effective June 30, 2016, Mr. McMullen did not receive a grant of equity in 2016.

The grant date values of the long-term incentives for our named executive officers were generally determined as part of their contract negotiations. The grant date value of Mr. Kruchten's additional equity award was equal to the last grant under his contract.

Please see the Grants of Plan-Based Awards Table on page 33 for the number and grant date fair value of these equity awards.

Tax-Qualified Retirement Plans: KRIP and SIP

Edgar Filing: EASTMAN KODAK CO - Form DEF 14A

We offer tax-qualified retirement plans in the U.S. that are designed and intended to attract and retain employees. Our tax-qualified defined benefit plan, comprised of a cash balance component and a traditional defined benefit component (KRIP), and our tax-qualified 401(k) defined contribution plan (SIP), cover all U.S. employees. Benefit accruals in the traditional defined benefit component of KRIP and employer contributions to SIP were frozen as of January 1, 2015. Effective as of January 1, 2015, the cash balance accrual component of KRIP was increased from 4% to 7% to reflect the corresponding 3% decrease in the SIP match. The details of KRIP are described following the Pension Benefits Table beginning on page 37.

Switzerland Pension

Participating employees in the Kodak EK Sarl Switzerland Cash Balance Plan (including Mr. Cullimore) are provided an old-age savings account balance, and for every month the participating employee works, an amount is credited to the account. The amount credited to the account from the employer is dependent upon the participating employee's age and ranges from 3.5% to 11%. The old-age savings account balance earns interest monthly based upon a statutory rate determined by the Federal Council. A participating employee may retire at any time after age 58. The amount of the annual retirement pension is determined on the basis of the old-age savings account balance at the time of retirement, including interest, and is payable for the remainder of the participating employee's life, with a reduced portion payable to a surviving beneficiary. The calculation basis for converting the lump sum to an annual retirement pension shall be based upon rates provided by the Swiss Financial Market Supervisory Authority FINMA at the time of the calculation. A participating employee may alternatively request payment in the form of a lump sum or partial lump sum in exchange for their retirement pension.

Non-Qualified Retirement Plan: KURIP

Until September 3, 2013, we provided non-qualified retirement benefits to our eligible U.S. employees under the Kodak Unfunded Retirement Income Plan (KURIP). KURIP was an unfunded retirement plan designed to provide our eligible U.S. employees with pension benefits that (1) made up for the Internal Revenue Code's (Code) limitations on allocations and benefits that may be paid under KRIP and SIP, and (2) recognize deferred compensation that is ignored when calculating benefits under KRIP and SIP.

Eligible U.S. employees continued to earn benefits under KURIP after our Chapter 11 filing date. KURIP was terminated upon our emergence from bankruptcy. KURIP benefits earned after the filing date and prior to emergence from bankruptcy on September 3, 2013 were frozen and are payable as a lump sum upon the employee's termination of employment with us (less applicable withholding and subject to compliance with Code Section 409A).

Mr. Kruchten is the only named executive officer with a benefit under KURIP. The details of KURIP are described following the Pension Benefits Table on page 37.

Perquisites

During 2016, Messrs. Clarke and McMullen each received a housing and travel allowance of \$5,000 per month for travel to and from Rochester, New York. Any expenses for other business-related travel are separately reimbursed. Additionally, we provided Messrs. Clarke and McMullen with gross-up payments for the income and employment taxes associated with the allowances paid to them in 2016. Mr. Cullimore received a monthly car allowance of \$1,320 (CHF 1,300), which is paid directly to him as a monthly lump sum subject to tax. We also provided disability and life insurance benefits to Mr. Cullimore, for which we paid the premiums. (The Swiss francs were converted to U.S. dollars using a 2016 average exchange rate of 1.01563). During 2016, Mr. Mahe received a housing allowance of \$82,620 (SGD 114,000) and company car allowance of \$43,484 (SGD 60,000) in accordance with local Singapore practice. (The Singapore dollars were converted to U.S. dollars using a 2016 average exchange rate of 0.72474). We also provided disability and life insurance benefits to Mr. Mahe, for which we paid the premiums, and an executive physical benefit, for which we paid the cost.

The value of these perquisites is included in the All Other Compensation column of the Summary Compensation Table on page 28.

Severance Arrangements

We provide our named executive officers with severance provisions designed to serve as a retention tool and to provide incentive for the named executive officers to focus on the best interests of shareholders in connection with the transformational components of our strategic plan given that, in certain instances, an executive's successful completion of his or her responsibilities may result in the elimination of his or her job. These severance provisions also provide an incentive for the named executive officers to sign a release of claims against us, to refrain from competing with us and to cooperate with us both before and after their employment is terminated. When approving any agreement for employment or retention, we focus on the reasons for which severance may be triggered relative to the named executive officer's position and responsibilities.

Edgar Filing: EASTMAN KODAK CO - Form DEF 14A

Each of the employment agreements with Messrs. Clarke, Bullwinkle and Mahe provide severance benefits in the event his employment is terminated by us without cause or if he terminates for good reason. The definitions of cause and good reason as applicable to these severance provisions are set forth below in the Potential Payments upon Termination or Change in Control discussion beginning on page 39. Mr. Clarke's employment agreement also provides that if his employment terminates by reason of the expiration of his scheduled employment term, he is entitled to certain benefits as more fully described under Individual Termination Arrangements beginning on page 40.

Table of Contents

Since 2013, the severance benefits of Mr. Kruchten were provided pursuant to the terms of an individual employment agreement with him, which became effective upon the effective date of our Joint Plan of Reorganization under Chapter 11 of the Bankruptcy Code, and which we generally refer to as an Emergence Contract. The Emergence Contract had a term of three years and expired in September 2016. Since the expiration of the Emergence Contract, the severance benefits for Mr. Kruchten are provided under the Company's Officer Severance Policy, as discussed below under "Officer Severance Policy" on this page.

Since 2013, the severance benefits of Mr. Cullimore were also provided pursuant to the terms of an Emergence Contract. However, in May 2016, in connection with the planned sale of our Prosper enterprise inkjet printing business, we entered into an individual retention agreement with Mr. Cullimore, which provides severance benefits in the event his employment is terminated by us without cause or if he terminates for good reason. The definitions of cause and good reason as applicable to these severance provisions are set forth below in the "Potential Payments upon Termination or Change in Control" discussion beginning on page 39.

The employment agreement with Mr. McMullen provided for severance benefits in the event his employment was terminated by us without cause or if he terminated for good reason. However, no severance benefits were payable as a result of Mr. McMullen's voluntary termination of employment with the Company effective June 30, 2016.

Officer Severance Policy

In order to provide severance benefits to certain officers and employees, we have maintained an Officer Severance Policy (Policy) since November 10, 2015. The Policy provides for compensation to eligible corporate officers, in the event of a qualifying termination without cause or with good reason.

Under the Policy, cause is generally defined to include a participant's failure to perform his duties or follow proper direction, violation of Company rules, possession, use or sale of controlled substances, certain actions that result in a penalty against the Company or could result in violation of law, conviction of a crime, misrepresentation or concealment of a material fact from the Company or breach of our Business Conduct Guide or his Eastman Kodak Company Employee's Agreement. Good reason is generally defined to include a material diminution in compensation, authority or responsibilities, transfer to a new work site that increases the participant's one-way commute by more than 75 miles, and failure of an acquirer or successor entity to offer the participant employment with comparable severance protection.

By its terms, the Policy does not apply to (1) our chief executive officer, (2) a corporate officer with an employment agreement with an indefinite term, or (3) an employee with an Emergence Contract during the remaining term of his or her agreement. It also does not provide benefits to any employee who, at the time of termination, is covered by another severance agreement or arrangement with the Company. Accordingly, as our CEO, Mr. Clarke is not eligible for benefits under the Policy, and neither are Messrs. Bullwinkle and Mahe because they each have an employment agreement with an indefinite term. Mr. McMullen also was not eligible for benefits under the Policy because, prior to his termination of employment effective June 30, 2016, he had an employment agreement with an indefinite term. Mr. Kruchten was entitled to severance benefits only under his Emergence Contract until it expired in September 2016, at which time he became eligible for separation pay under the Policy. Mr. Cullimore is not covered under the Policy because his individual retention agreement provides for severance benefits. Please see "Individual Termination Arrangements" beginning on page 40 for more details on the severance provisions for Messrs. Clarke, Bullwinkle and Mahe under their respective employment agreements, and the severance provisions for Mr. Cullimore under his retention agreement.

The Policy provides that a participant is generally entitled to receive separation pay equal to his or her base salary in effect as of the date of termination. However, Mr. Kruchten is eligible for grandfathered benefits under the Policy, and is entitled to separation pay at the prior level (1.5 times total target cash compensation) specified under his Emergence Contract. Payment under the Policy is conditioned on a participant's execution of a general waiver and release and his or her compliance with the Policy's non-disparagement provisions.

For additional information regarding the potential severance benefits payable to our named executive officers under various circumstances, please see the discussion preceding the "Severance Payments Table" beginning on page 43.

Change in Control Arrangements

Edgar Filing: EASTMAN KODAK CO - Form DEF 14A

The employment agreements with Messrs. Clarke, Bullwinkle and Mahe allow for payment of severance under certain conditions following a change in control (double trigger). The employment agreement for Mr. McMullen, prior to his termination of employment effective June 30, 2016, also allowed for such payments. These provisions were designed to protect against the possible loss of certain benefits after a change in control. Please see Individual Termination Arrangements beginning on page 40 for more details on these provisions. We believe that a double trigger is appropriate for such payments because it helps to ensure that these individuals do not receive an unintended benefit by receiving severance payments while continuing in their position following a change in control.

Table of Contents

Additionally, under our 2013 Omnibus Incentive Plan, we may provide for accelerated exercisability, lapse of restrictions or deemed satisfaction of performance goals with respect to any outstanding awards upon a change in control. While we do not believe that automatic acceleration of vesting is appropriate upon a change in control because an executive may continue in his position, we do believe that allowing the Committee the discretion to accelerate vesting of equity awards upon a change in control is appropriate because it may not be possible to continue vesting of existing equity awards or to replace existing equity awards with comparable awards of the acquiring company's equity, and the acceleration of vesting would provide the executives with the same rights as other shareholders to sell their equity in the Company at the time of a change in control.

PROGRAM GOVERNANCE

Risk Mitigating Policies

Recoupment (Clawback) Policy

The Board has a policy requiring the recoupment of bonuses paid to named executive officers in the event of certain financial restatements. Under this policy, which is posted on our website at <http://ek.client.shareholder.com/supporting.cfm>, we require reimbursement of a certain portion of any amounts paid to a named executive officer under EXCEL when:

The payment was predicated upon the achievement of certain financial results that were subsequently the subject of a restatement;

In the Board's view, the officer engaged in fraud or misconduct that caused the need for the restatement; and

A lower payment would have been made to the officer based upon the restated financial results.

In each such instance, we will, to the extent practicable, seek to recover the amount by which the named executive officer's annual incentive payment for the relevant period exceeded the lower payment that would have been made based on the restated financial results, plus a reasonable rate of interest.

Restrictions on Hedging and Pledging

Our executive officers and directors are prohibited from engaging in any transactions (such as puts, calls, options or other derivative securities) with respect to our equity securities held by them to hedge or offset any decrease in the market value of those equity securities.

Our executive officers and directors are also prohibited from purchasing our equity securities on margin, borrowing against our equity securities on margin or pledging our equity securities as collateral for a loan.

Share Ownership Guidelines

Our executive officers are expected to accumulate certain levels of ownership of our equity securities within five years of the adoption of our stock ownership guidelines on May 12, 2015, or first becoming an executive officer, as follows:

Title	Target Share Ownership	Holding Requirement	
		Before Target Met	After Target Met
CEO	5X base salary		
Executive Vice President	3X base salary		
Senior Vice President	2X base salary	50% of net-settled shares	
Vice President and Other Officers	1X base salary		None

The holding requirement does not pertain to grants already received at the time of the adoption of the guidelines or to grants of equity awards made in satisfaction of the 2015 EXCEL or other variable pay program.

If an executive officer receives a promotional salary increase, we may extend that executive officer's time to meet the ownership guidelines by one year, at our discretion.

Policy on Qualifying Compensation

When designing all aspects of compensation, we consider the deductibility of executive compensation under Section 162(m) of the Code. Section 162(m) provides that deductions are capped at compensation of \$1 million paid to Covered Employees (as defined in Section 162(m)), other than compensation that is performance-based. Certain of our compensation arrangements may permit, but do not require, us to award compensation that meets the requirements for performance-based compensation under Section 162(m). Generally, whether compensation will be deductible under Section 162(m) will be a factor, but not a decisive factor with respect to our decisions. We reserve the right to administer our compensation arrangements in a manner that

Table of Contents

does not satisfy the requirements of Section 162(m) as we determine to be appropriate. We make no representation that the compensation of our named executive officers will be fully deductible for federal income tax purposes.

Say-On-Pay

In 2016, we held an advisory vote on our compensation program for our named executive officers, commonly referred to as the say-on-pay vote, which resulted in 99.7% of the votes cast approving our compensation program for our named executive officers. We evaluated the results of this vote as part of our overall assessment of our compensation program for our named executive officers. Based on this overall assessment and the strong support expressed by our shareholders, we did not make any related material changes to our compensation program for our named executive officers in 2016.

In 2014, we held an advisory vote on the frequency of our say-on-pay vote, which resulted in 99.8% of the votes cast recommending an annual frequency for the say-on-pay vote. After considering that recommendation, the Board determined that the say-on-pay vote will be held annually until the next required vote on the frequency of the say-on-pay vote to be held at our Annual Meeting of Shareholders in 2020.

This column reports the grant date fair value (as calculated for financial reporting purposes), without any reduction for risk of forfeiture, for all stock option awards granted during each year reported. The amounts reported in this column have been calculated in accordance with FASB ASC Topic 718. The assumptions used to calculate the grant date fair value of stock options granted in 2016 are included in the table below. For additional information regarding the valuation assumptions with

The amounts in this column reflect payments under EXCEL for performance in 2016, 2015 and 2014. Please see the Grants of Plan-Based Awards Table on page 33 for the potential payouts for fiscal year 2016 for each NEO, which depend on performance. For a description of the performance criteria, please see EXCEL Design and Performance Results beginning on page 22. For 2015, Mr. Clarke requested that no payment of his 2015 EXCEL award be made to him to allow for the allocation of his earned amount to other participants in our 2015 variable incentive arrangements (excluding our NEOs and other Section 16 officers).

(4) Although the Committee was willing to approve payment to Mr. Clarke of his 2015 EXCEL award for an amount of \$168,000, the Committee honored Mr. Clarke's request and did not approve payment of his 2015 EXCEL award to him. Payment of 2015 EXCEL awards to our other NEOs was made by granting fully vested RSUs, with the number of shares determined by dividing the specified amount by the closing price of our stock on March 18, 2016 (\$12.41). The RSUs granted to our NEOs in payment of their 2015 EXCEL awards were for the following number of shares: Mr. McMullen, 6,092 shares; Mr. Kruchten, 4,497 shares; Mr. Cullimore, 1,223 shares and Mr. Mahe, 3,221 shares; and were paid in April 2016.

This column reports the aggregate change in the present value of the NEO's accumulated benefits under their applicable pension plan (KRIP, KURIP), to the extent the NEO participates in such arrangement. Messrs. Clarke, Bullwinkle, Kruchten and McMullen participate in KRIP. Mr. Kruchten also has a frozen benefit under KURIP. Mr. Cullimore participates in the Switzerland Pension, (5) which is a defined contribution plan. Mr. Mahe does not participate in a Company-sponsored pension plan. The determination of the Change in Pension Value is highly dependent upon the discount rate and/or interest rate utilized, which may change based on the interest rate environment, thereby impacting the reported Change in Pension Value from year to year. The breakdown of these figures is shown in the table below:

Name	2014			2015			2016		
	Change in Pension Value (\$)	Above-Market Interest (\$)	Total Value (\$)	Change in Pension Value (\$)	Above-Market Interest (\$)	Total Value (\$)	Change in Pension Value (\$)^(a)	Above-Market Interest (\$)	Total Value (\$)

J.N. McMullen ^(d)	9,869	0	9,869	18,046	0	18,046	21,307	0	21,307

The primary actuarial assumption changes used to calculate Pension Values for 2016 were a decrease in the discount rate for KRIP, no change in the lump sum interest rate and an update to the mortality table used to calculate the present value of (a) annuities for KRIP. The Pension Values for Messrs. Clarke, Bullwinkle, Kruchten and McMullen were driven primarily by their respective cash balance accruals under KRIP during 2016. Upon his resignation, effective June 30, 2016, Mr. McMullen received a lump sum of \$49,222, which was the final value of his cash balance accrual.

(b) Mr. Cullimore participates in the Switzerland Pension, a defined contribution plan.

(c) Mr. Mahe does not participate in a Company-sponsored pension plan.

(d) Mr. McMullen's Pension Value for 2016 increased by \$21,307. Upon his resignation, effective June 30, 2016, Mr. McMullen received a lump sum of \$49,222, which was the final value of his cash balance accrual.

The amounts shown for the threshold, target and maximum levels represent the possible payouts for 2016 under EXCEL. As shown in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table, no amounts were earned ⁽¹⁾for 2016 under EXCEL. Amounts shown for Mr. Cullimore were converted from Swiss francs to U.S. dollars using a 2016 average exchange rate of 1.01563. Amounts shown for Mr. Mahe were converted from Singapore dollars to U.S. dollars using a 2016 average exchange rate of 0.72474.

The maximum amounts for EXCEL represent the maximum payout permitted under the EXCEL Plan in accordance with the formula established under the EXCEL Plan and the Administrative Guide for the 2016 Awards. The maximum EXCEL payout for Covered Employees is the lesser of: (i) 10% of the EXCEL aggregate award pool (without discretion) as of May 23, 2016; (ii) ⁽²⁾500% of a Covered Employee's annual base salary as of the end of the previous year; or (iii) \$5 million. The maximum amount shown for EXCEL is the lesser of 500% of annual base salary or \$5 million since the amount representing 10% of the EXCEL aggregate award pool is not determinable as of the grant date.

The RSUs on this line generally vest in substantially equal installments on the first, second and third anniversaries of the grant ⁽³⁾date. The RSUs granted to Mr. Kruchten on November 15, 2016 vest in substantially equal installments on the first, second and third anniversaries of September 3, 2017.

PENSION BENEFITS FOR 2016

The Pension Benefits Table below shows the present value as of December 31, 2016 of the accumulated benefits payable to our named executive officers under KRIP and KURIP, including the number of years of service credited to each named executive officer, as applicable. The methods and assumptions for calculating the present value of accumulated benefits generally follow those set forth in FASB ASC Topic 715 and are consistent with those used in our financial statements as described in Note 16 to our Consolidated Financial Statements in our Annual Report on Form 10-K for the year ended December 31, 2016. The assumptions used to calculate the present value of accumulated benefits for each named executive officer are described below.

⁽¹⁾ Mr. Clarke had been employed with us for 2.80 years as of December 31, 2016. His accumulated benefit is the value of his account value under the cash balance arrangement in KRIP.

⁽²⁾ Mr. Bullwinkle had been employed with us for 12.35 years as of December 31, 2016. His accumulated benefit is the value of his account value under the cash balance arrangement in KRIP.

The present value of Mr. Kruchten's accumulated benefit assumes he will remain in service until age 60. His benefit from the traditional portion of KRIP is assumed to be payable as an annuity. His benefit from the cash balance portion of KRIP is assumed ⁽³⁾to be payable as a lump sum. Mr. Kruchten's post-petition KURIP benefit of \$86,692 is payable to him as a lump sum upon his termination of employment with us (less applicable withholding and subject to compliance with Code Section 409A). This amount was fixed following our emergence from bankruptcy.

⁽⁴⁾ Mr. Cullimore participates in the Switzerland Pension, a defined contribution plan.

⁽⁵⁾ Mr. Mahe does not participate in a Company-sponsored pension plan.

⁽⁶⁾ Upon his resignation, effective June 30, 2016, Mr. McMullen received a lump sum of \$49,222, which was the final value of his cash balance accrual.

Table of Contents

Tax-Qualified Retirement Plan: Kodak Retirement Income Plan (KRIP)

We fund a tax-qualified defined benefit pension plan known as the Kodak Retirement Income Plan (KRIP) for all U.S. employees. Effective January 1, 2000, we amended KRIP to include a cash balance component. KRIP's cash balance component covers employees hired before March 1, 1999 who elected that coverage and all new U.S. employees hired on or after March 1, 1999, including Messrs. Clarke, Bullwinkle and McMullen. Mr. Kruchten participated in KRIP's traditional defined benefit component.

On January 1, 2015, we froze all benefit accruals in the traditional component of KRIP for all participants. Beginning on that date, all future accruals in KRIP will be made under the cash balance component for all participating employees in an amount equal to 7% of the employee's monthly pay, which was previously 4% for cash balance participants. Consequently, accruals for Mr. Kruchten after that date are made under that component.

Cash Balance Component

Under KRIP's cash balance component, a hypothetical account is established for each participating employee and, for every month the employee works, the employee's account is credited with an amount equal to 7% of the employee's monthly pay (i.e., base salary and EXCEL awards, including allowances in lieu of salary for authorized periods of absence, such as illness, vacation or holidays). Prior to January 1, 2015, the cash balance component provided a credit of 4% of an employee's monthly pay. In addition, the ongoing balance of the employee's account earns interest at the 30-year Treasury bond rate. Before 2015, employees vested in their account balance after completing three years of service. Beginning on January 1, 2015, all active employees were immediately vested. Vested benefits under the cash balance component are payable upon normal retirement (age 65), termination or death. Participants in the cash balance component of the plan may choose from among various forms of benefits such as a lump sum, a joint and survivor annuity and a straight life annuity.

Traditional Defined Benefit Component

Under the traditional defined benefit component of KRIP, which was frozen as of January 1, 2015, benefits are based upon a participating employee's average participating compensation (APC). The plan defines APC as one-third of the sum of the employee's participating compensation for the highest consecutive 39 periods of earnings over the 10 years ending immediately prior to the earlier of December 31, 2014, retirement, or termination of employment. Participating compensation is base salary and any EXCEL award, including allowances in lieu of salary for authorized periods of absence, such as illness, vacation or holidays.

For a participating employee with up to 35 years of accrued service, the annual normal retirement income benefit is calculated by multiplying the employee's years of accrued service by the sum of: (a) 1.3% of APC, plus (b) 1.6% of APC in excess of the average Social Security wage base. For an employee with more than 35 years of accrued service, the amount is increased by 1% for each year in excess of 35 years.

The retirement income benefit is not subject to any deductions for Social Security benefits or other offsets. Participants in the traditional defined benefit component of the plan may choose from among optional forms of benefits such as a straight life annuity, a qualified joint and 50% survivor annuity, other forms of annuity or a lump sum.

An employee may be eligible for normal retirement, early retirement benefits, vested benefits or disability retirement benefits under the traditional defined benefit component depending on the employee's age and total service when employment with us ends. An employee is entitled to normal retirement benefits at age 65. For early retirement benefits, an employee must have reached age 55 and have at least 10 years of service or, for certain employees, have a combined age and total service equal to 75. Generally, the benefit is reduced if payment begins before age 65. Prior to 2015, employees became vested in their accrued benefit after completing three years of service with us. Beginning January 1, 2015, vesting is immediate.

Non-Qualified Retirement Plan: Kodak Unfunded Retirement Income Plan (KURIP)

Mr. Kruchten was the only named executive officer eligible to receive benefits under the Kodak Unfunded Retirement Income Plan (KURIP). KURIP was an unfunded retirement plan designed to provide our U.S. employees with pension benefits that (1) made up for the Code's limitations on allocations and benefits that may be paid under KRIP and SIP, and (2) recognize deferred compensation that is ignored when calculating benefits under KRIP and SIP.

Benefits due under KURIP were payable upon a participating employee's termination of employment or death. Upon our emergence from bankruptcy, KURIP was terminated and, as a result, each participating employee's pre-petition benefit was settled in the form of an equity distribution, consistent with treatment for other similarly situated general unsecured creditors, and post-petition benefits were calculated using September 3, 2013 as the hypothetical last day of employment with us. The post-petition benefit is frozen and payable as a lump sum upon the participating employee's termination of employment with us (less applicable withholding and subject to compliance with Code Section 409A).

NON-QUALIFIED DEFERRED COMPENSATION FOR 2016

None of our named executive officers have non-qualified deferred compensation.

Table of Contents

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The discussion below regarding the amounts payable to our named executive officers upon certain employment terminations and a double trigger change in control reflects the amounts payable under our outstanding arrangements as of December 31, 2016.

Potential Benefits upon Termination for Reasons other than Change in Control

Each of our named executive officers is or was eligible to receive certain severance payments and benefits in connection with termination of employment under various circumstances. The potential severance benefits payable to our named executive officers in the event of termination of employment on December 31, 2016, pursuant to their employment and retention agreements with us, and the Officer Severance Policy, are described below. For Mr. McMullen, the Severance Payments Table below shows the actual amounts to which he was entitled as a result of his termination of employment effective June 30, 2016.

Actual amounts paid or distributed to our named executive officers as a result of one of the separation events occurring in the future may be different from those described below due to the fact that many factors affect the amounts of any payments described under the various separation events. For example, factors that could affect the amounts payable include the executive's base salary and our stock price. At the time of separation of a named executive officer, we may approve severance terms that vary from those provided in the named executive officer's pre-existing individual employment agreement(s), if any, or in relevant employee benefit plans.

In addition to the benefits outlined in our named executive officers' employment and retention agreements, and the Officer Severance Policy, Messrs. Clarke, Bullwinkle, Kruchten and McMullen were eligible to receive any benefits provided under our benefit and compensation plans applicable to U.S. employees generally, such as distributions under SIP, outplacement services under our Termination Allowance Plan, frozen KURIP benefits (for Mr. Kruchten), disability benefits and accrued vacation pay (for Messrs. Clarke and McMullen, residents of the State of California), in accordance with those plans and policies. Mr. Cullimore will be eligible to receive any benefits provided under the benefit plans, policies and arrangements (other than severance) that are provided to similarly situated executives in Switzerland. Mr. Mahe will be eligible to receive any benefits provided under the benefit plans, policies and arrangements (other than severance) that are provided to employees under local Singapore practice. Our named executive officers will also be eligible to receive any present value of accrued benefits as set forth in Pension Benefits for 2016 beginning on page 37.

Following termination of employment, each of our named executive officers is subject to compliance with the post-termination restrictive covenants set forth in his or her Eastman Kodak Company Employee's Agreement, in addition to any covenants under individual arrangements with us. These covenants generally prohibit our named executive officers from disclosing our proprietary or confidential information, engaging in certain activity in competition with us for up to 18 months after termination of employment with us and for one year after termination of employment with us, from soliciting any of our employees to leave employment with us, or soliciting any of our customers or suppliers to do business with any of our competitors. The respective employment agreements of certain named executive officers also contain post-termination restrictive covenants:

Messrs. Clarke, Mahe and McMullen are prohibited from engaging in certain activity in competition with us, soliciting any of our employees to leave employment with us, or soliciting any of our customers to do business with any of our competitors (or reduce its business with us), for 18 months after termination of his respective employment with us.

For any unvested stock options or restricted stock unit awards, related restriction periods may lapse pursuant to the terms of the awards depending on the circumstances surrounding a named executive officer's termination of employment. We may waive any restrictions or accelerate vesting if an executive's termination is determined to be without cause or for good reason.

For purposes of these employment agreements:

Cause is generally defined as the named executive officer's failure to perform or gross negligence in performing his duties, conviction of a crime, or a material breach of his employment agreement, our Business Conduct Guide or his Eastman Kodak Company Employee's Agreement.

Good reason is generally defined as an adverse change in the named executive officer's title or responsibilities, a material breach of his agreement by us, or the failure of any successor to us to assume obligations under his employment agreement.

Potential Benefits upon Termination following a Change in Control (Double Trigger)

Our employment agreements with Messrs. Clarke, Bullwinkle and Mahe (and previously with Mr. McMullen) provide for payments if there is a termination of the individual within two years following a change in control (commonly referred to in combination as a double trigger).

Table of Contents

A “change in control” generally occurs upon (i) any person or group becoming the beneficial owner, directly or indirectly, of our securities representing 50% or more of the combined voting power to elect directors, (ii) a merger, consolidation, statutory share exchange or similar form of corporate transaction involving us that requires the approval of our shareholders, (iii) a sale of all or substantially all of our assets (other than to an affiliate); or (iv) approval by our shareholders of a complete liquidation or dissolution of us.

In the event of a termination within two years following a change in control, Messrs. Clarke, Bullwinkle and Mahe (and previously Mr. McMullen) would be entitled to receive the same payments and benefits that they would receive upon a termination of employment for good reason. Please see Potential Benefits upon Termination for Reasons other than Change in Control beginning on page 39 and Individual Termination Arrangements below for a description of those payments and benefits.

Individual Termination Arrangements

Under their employment agreements, Messrs. Clarke, Bullwinkle and Mahe (and previously Mr. McMullen) are eligible to receive severance benefits payable in connection with termination without cause or with good reason, subject to:

Execution of a general release and covenant not to sue in favor of us;

Compliance with a non-compete agreement after termination of employment; and

In the case of Messrs. Clarke and Bullwinkle (and previously Mr. McMullen), the understanding that severance payments provided under the employment agreements are in lieu of those provided under our Termination Allowance Plan.

In the case of Mr. Mahe, the understanding that severance payments provided under the employment agreement are in lieu of those provided under any local severance provisions offered to other Singapore-based employees.

Any severance benefits payable to a named executive officer under an employment or retention agreement will reduce the amount of any severance benefits payable under the Officer Severance Policy.

Jeffrey J. Clarke

Under the terms of his employment agreement effective March 12, 2014, Mr. Clarke would be eligible for certain severance benefits in the event his employment is terminated. The amount and nature of the severance benefits he would be eligible to receive vary depending on the circumstances surrounding termination as described below:

Termination by Us without Cause or by the Named Executive Officer with Good Reason. Under the terms of Mr. Clarke’s employment agreement effective March 12, 2014, if the employment of Mr. Clarke is terminated by us without cause or by him with good reason (including an involuntary termination within two years following a change in control), he would be eligible to receive (less applicable withholding and subject to Code Section 409A compliance):

An amount equal to his base salary for the year his termination notice is given multiplied by 2, plus his accrued but unused vacation;

Continued vesting of his equity grant(s) in accordance with the terms of such award(s) without regard to any continued employment condition; and

Annual incentive eligibility consisting of EXCEL as governed by the terms of the EXCEL Plan and applicable Administrative Guide or Award Notice.

Termination by Us for Cause or by the Named Executive Officer without Good Reason. If the employment of Mr. Clarke is terminated by us for cause or by him without good reason, he would receive an amount equal to his accrued but unused vacation, but he would not be eligible to receive any severance benefits, and he would forfeit any unvested equity-based compensation.

Termination for Disability or Death. Under the terms of Mr. Clarke’s employment agreement effective March 12, 2014, in the event the employment of Mr. Clarke is terminated due to his disability or death, he or his estate, as applicable, would be eligible to receive (less applicable withholding and subject to Code Section 409A compliance) an amount equal to his accrued but unused vacation, continued vesting of any awards granted under our 2013 Omnibus Incentive Plan in accordance with the terms of such awards and a pro rata EXCEL award, if earned, as governed by the terms of the EXCEL Plan and applicable Administrative Guide

or Award Notice.

Change in Control. No payments are made in connection with a change in control unless the change in control is followed by an involuntary termination within two years following the change in control, in which case Mr. Clarke then would be eligible to receive the severance benefits described above for a Termination by Us without Cause or by the Named Executive Officer with Good Reason.

Table of Contents

End of Scheduled Term. If the employment of Mr. Clarke is terminated after the end of the scheduled term of his employment agreement, Mr. Clarke would be eligible to receive (less applicable withholding and subject to Code Section 409A compliance):

An amount equal to his accrued but unused vacation;

Any earned, but unpaid, EXCEL award for the prior performance year;

A bonus award under EXCEL in respect of the fiscal year in which the end of the scheduled term occurs, based on actual achievement of performance targets and the applicable Administrative Guide or Award Notice, which amount shall not be prorated; and

Continued vesting of any awards granted under our 2013 Omnibus Incentive Plan in accordance with the terms of such awards.

David E. Bullwinkle

Under the terms of his employment agreement, Mr. Bullwinkle will be eligible for certain severance benefits in the event his employment is terminated. The amount and nature of the severance benefits he would be eligible to receive vary depending on the circumstances surrounding termination as described below:

Termination by Us without Cause or by the Named Executive Officer with Good Reason. If employment of Mr. Bullwinkle is terminated by us without cause or by him with good reason, he is eligible to receive (less applicable withholding and subject to Code Section 409A compliance):

An amount equal to his annual base salary;

Continued vesting of his equity grants in accordance with the terms of such awards; and

Annual Incentive eligibility consisting of EXCEL as governed by the terms of the EXCEL Plan and applicable Administrative Guide or Award Notice.

Termination by Us for Cause or by the Named Executive Officer without Good Reason. If the employment of Mr. Bullwinkle is terminated by us for cause or by him without good reason, he is not eligible to receive any severance benefits and he forfeits any unvested equity-based compensation.

Termination for Disability or Death. In the event the employment of Mr. Bullwinkle is terminated due to his disability or death, he or his estate, as applicable, will be eligible to receive (less applicable withholding and subject to Code Section 409A compliance) continued vesting of his equity awards in accordance with the terms of such awards and a pro rata EXCEL award, if earned, as governed by the terms of the EXCEL Plan and applicable Administrative Guide or Award Notice.

Change in Control. No payments are made in connection with a change in control unless the change in control is followed by an involuntary termination within two years following the change in control, in which case Mr. Bullwinkle then would be eligible to receive the severance benefits described above for a Termination by Us without Cause or by the Named Executive Officer with Good Reason.

Philip Cullimore

Under the terms of his retention agreement, Mr. Cullimore will be eligible for certain severance benefits in the event his employment is terminated by us without cause or by him with good reason. If the employment of Mr. Cullimore is terminated by us without cause or by him with good reason, he is eligible to receive (subject to any applicable legal requirements):

An amount equal to his Total Target Cash Compensation (base salary plus EXCEL target award) for the year his termination notice is given;

Mr. Cullimore's annual incentive will be governed by the terms of the EXCEL Plan and applicable Administrative Guide or Award Notice; and

Continued vesting of his equity grants in accordance with the terms of such awards without regard to any continued employment condition.

Any severance payments to Mr. Cullimore under his retention agreement are in lieu of those provided under any local severance provisions offered to other Swiss-based employees.

Termination by Us for Cause or by the Named Executive Officer without Good Reason. If the employment of Mr. Cullimore is terminated by us for cause or by him without good reason, he is not eligible to receive any severance benefits and he forfeits any unvested equity-based compensation.

Eric-Yves Mahe

Under the terms of his employment agreement, Mr. Mahe will be eligible for certain severance benefits in the event his employment is terminated. The amount and nature of the severance benefits he would be eligible to receive vary depending on the circumstances surrounding termination as described below:

Termination by Us without Cause or by the Named Executive Officer with Good Reason. If the employment of Mr. Mahe is terminated by us without cause or by him with good reason, he is eligible to receive (less applicable withholding):

An amount equal to his annual base salary;

Mr. Mahe's annual incentive will be governed by the terms of the EXCEL Plan and applicable Administrative Guide or Award Notice; and

Continued vesting of his equity grants in accordance with the terms of such awards.

Termination by Us for Cause or by the Named Executive Officer without Good Reason. If the employment of Mr. Mahe is terminated by us for cause or by him without good reason, he is not eligible to receive any severance benefits and he forfeits any unvested equity-based compensation.

Termination for Disability or Death. In the event the employment of Mr. Mahe is terminated due to his disability or death, he or his estate, as applicable, will be eligible to receive (less applicable withholding) continued vesting of his equity awards in accordance with the terms of such awards.

John N. McMullen

Under the terms of his employment agreement effective June 16, 2014, Mr. McMullen was eligible for certain severance benefits in the event his employment was terminated, depending on the circumstances surrounding termination. Mr. McMullen's employment agreement provided that if his employment was terminated by us for cause or by him without good reason, he would receive an amount equal to his accrued but unused vacation, but would not be eligible to receive any severance benefits, and he would forfeit any unvested equity-based compensation. Due to his voluntary termination of employment effective June 30, 2016, no severance benefits were payable to Mr. McMullen.

Payment of Nonqualified Deferred Compensation upon Termination

Upon termination of employment for any reason, Mr. Kruchten is eligible to receive his benefits under KURIP in a lump sum (less applicable withholding and subject to compliance with Code Section 409A). Please see the Pension Benefits Table beginning on page 37 and the related discussion following such table for more information.

Potential Benefits upon Change in Control

Under our 2013 Omnibus Incentive Plan, upon a change in control, we may provide for accelerated exercisability, lapse of restrictions or deemed satisfaction of performance goals with respect to any outstanding awards. The events constituting a change in control under our 2013 Omnibus Incentive Plan include the change in control events described above for the employment agreements with Messrs. Clarke, Bullwinkle and Mahe (and previously with Mr. McMullen), and also include a change in the composition of the Board such that within a period of 24 consecutive months, individuals who were either directors at the beginning of such 24-month period or were elected or nominated by at least two-thirds of such directors cease for any reason to constitute at least a majority of the Board.

Table of Contents**SEVERANCE PAYMENTS TABLE**

The table below generally estimates the incremental amounts payable upon a termination of employment by us under various circumstances as if the named executive officer's last date of employment was December 31, 2016, using the closing price of our common stock as of December 31, 2016, which was \$15.50, and including all outstanding grants through the assumed last date of employment of December 31, 2016. The amounts shown for Mr. McMullen are the actual amounts which he was entitled to receive as a result of his termination of employment effective June 30, 2016.

⁽¹⁾ For Messrs. Clarke, Bullwinkle, Mahe and McMullen, good reason includes an involuntary termination within two years following a change in control.

⁽²⁾ The cash severance amounts disclosed above were calculated using base salary for Messrs. Clarke, Bullwinkle, and Mahe, and target total cash compensation (base salary plus EXCEL target award) for Messrs. Kruchten and Cullimore. Cash severance for Mr. Clarke is equal to 2 times base salary. Cash severance for Messrs. Bullwinkle and Mahe is equal to base salary. Cash severance for Mr. Kruchten is equal to 1.5 times target total cash compensation. Cash severance for Mr. Cullimore is equal to target total cash compensation. All severance cash amounts are based on salary or total target cash compensation in the year that the termination notice was given. Mr. McMullen was not entitled to receive any cash severance as a result of his termination of employment effective June 30, 2016.

⁽³⁾ The RSU and stock option awards generally have a continued vesting provision for all leaving reasons except in the case of a termination with cause or without good reason. The RSU and stock option awards granted to Mr. Kruchten on November 15, 2016 provide for accelerated vesting only for terminations on or after September 3, 2017, and only with respect to the unvested RSUs and stock options under such awards which would otherwise vest on the vesting date immediately following the date of the termination of Mr. Kruchten's employment. Accordingly, the RSU and stock options awards granted to Mr. Kruchten on November 15, 2016 would not have vested if Mr. Kruchten's employment had terminated on December 31, 2016.

⁽⁴⁾ As described under Potential Benefits upon Change in Control on page 42, we may provide for accelerated exercisability, lapse of restrictions or deemed satisfaction of performance goals with respect to any outstanding awards. If that discretion were exercised for the unvested equity awards held by our NEOs upon a change in control, the estimated value of that accelerated vesting based on the closing price of our common stock on December 31, 2016 for our NEOs would be \$1,787,780 for Mr. Clarke, \$349,993 for Mr. Bullwinkle, \$1,357,347 for Mr. Kruchten, \$216,545 for Mr. Cullimore and \$495,919 for Mr. Mahe.

⁽⁵⁾ EXCEL awards for the 2016 performance period would not be payable to an NEO in the event that the NEO left us during the 2016 performance period, including without cause, for good reason, or death and disability, except that if the termination were part of a divestiture by the Company, NEOs would be eligible to be considered for a pro-rata award if the successor company did not agree to accept liability for the EXCEL award. If our NEOs had terminated on December 31, 2016 as part of a divestiture and the successor company had not agreed to accept liability for their EXCEL awards, the estimated award amounts for our NEOs would have been \$0.

⁽⁶⁾ In the event of termination without cause, each U.S. NEO is eligible to receive outplacement services valued at \$4,500 provided in accordance with our Termination Allowance Plan. In the event of termination due to disability, each U.S. NEO is eligible to receive benefits under our long-term disability plan. In the event of termination due to death, each U.S. NEO is eligible to receive \$50,000 in term life insurance provided under our employee life insurance plan. In the event of Mr. Mahe's

Table of Contents

termination due to disability, he is eligible to receive benefits under our Singapore insurance policy in the amount of \$1,304,532 (SGD 1,800,000). In the event of Mr. Mahe's termination due to death, he is eligible to receive life insurance benefits under our Singapore insurance policy in the amount of \$869,688 (SGD 1,200,000). (The amounts shown for Mr. Mahe were converted from Singapore dollars to U.S. dollars using a 2016 average exchange rate of 0.72474.) In the event of Mr. Cullimore's termination due to disability, he is eligible to receive benefits under our Switzerland insurance policy in an annual amount up to \$203,126 (CHF 200,000). The estimated total amount of such payments to Mr. Cullimore through age 65 in accordance with the policy is up to \$2,031,260 (CHF 2,000,000), which represents 10 annual payments. In the event of Mr. Cullimore's termination due to death, he is eligible to receive life insurance benefits under our Switzerland insurance policy in the amount of \$406,252 (CHF 400,000). (The amounts shown for Mr. Cullimore were converted from Swiss francs to U.S. dollars using a 2016 average exchange rate of 1.01563.)

⁽⁷⁾ Amounts shown for Mr. Cullimore were converted from Swiss francs to U.S. dollars using a 2016 average exchange rate of 1.01563.

⁽⁸⁾ Amounts shown for Mr. Mahe were converted from Singapore dollars to U.S. dollars using a 2016 average exchange rate of 0.72474.

⁽⁹⁾ Amounts shown for Mr. McMullen are the actual amounts which he was entitled to receive as a result of his termination of employment effective June 30, 2016.

Table of Contents**DIRECTOR COMPENSATION****Introduction**

Historically, our directors have been compensated through a combination of cash retainers and equity. We do not pay employee directors for Board service in addition to their regular employee compensation.

With the appointment of the new Board upon our emergence from Chapter 11 proceedings, the Board, through the Committee, conducted an analysis to determine an appropriate annual compensation structure and amount for the directors. The analysis included reference to board compensation at public companies of a size similar to us, while considering the complex issues facing our Board following our emergence from bankruptcy and our growth as a technology company. The Board also considered that the compensation structure should differ for those directors employed by our significant shareholders (Messrs. New and Smith) and as a result they do not receive equity awards. Based upon these considerations, the Board and Chair Retainers that the Board adopted effective September 2013 remained unchanged until August 11, 2015, when a new compensation structure for our non-employee directors was approved on the recommendation of our compensation consultant, as shown below.

	Committee Chair/Board

Our directors are subject to share ownership guidelines, which were adopted on August 11, 2015. Our directors are required to accumulate certain levels of ownership of our equity securities within five years of such date, or, if later, within five years of first becoming a director, as follows:

Title	Target Share Ownership	Holding Requirement

Deferred Compensation

Effective December 26, 2013, we adopted the Deferred Compensation Plan for Directors, which allows non-employee directors to defer some or all of their Board Retainer and restricted stock unit awards into a phantom stock account.

Pursuant to this plan, the following directors elected to defer restricted stock unit awards granted on January 8, 2016:

James V. Continenza - 23,878 RSUs (100%);
 Matthew A. Doheny - 14,327 RSUs (100%); and
 Mark S. Burgess - 7,164 RSUs (50%).

Expense Reimbursement

We reimburse our directors for reasonable travel expenses incurred in connection with attending Board, Committee and shareholder meetings and other Board business events.

PROPOSAL 2

PROPOSAL 2 - ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Our named executive officers are identified in the Compensation Discussion and Analysis of this Proxy Statement. Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, you are voting on a proposal, commonly known as a say-on-pay proposal, which gives our shareholders the opportunity to endorse or not endorse our named executive officer pay programs and policies through the following resolution:

RESOLVED, that the shareholders approve the compensation of Eastman Kodak Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission in the Company's Proxy Statement for the 2017 Annual Meeting of Shareholders (which disclosure includes the Compensation Discussion and Analysis, compensation tables and related narrative discussion).

As discussed in the Compensation Discussion and Analysis, we believe that our executive compensation program is designed to attract, motivate and retain individuals with the skills required to achieve our business objectives. Our compensation strategy is to provide opportunities to incentivize and reward our named executive officers when they deliver defined performance results that are based on success in a diverse set of businesses. We also align the interests of our executives with those of our shareholders and our long-term interests through stock ownership. We believe that the compensation of our named executive officers for 2016 was appropriate and aligned with our performance results and strategic plan.

In order to be approved on an advisory basis, this proposal must receive the affirmative vote of the majority of votes cast. Because your vote is advisory, it will not be binding on our Board of Directors. However, our Board values the opinions that our shareholders express in their votes and will take into account the outcome of the vote when considering future executive compensation arrangements as it deems appropriate.

The Board of Directors recommends you vote FOR the advisory resolution approving the compensation of our named executive officers as described in the Compensation Discussion and Analysis, compensation tables and related narrative discussion.

Under the rules of the SEC, beneficial ownership is deemed to include shares for which an individual, directly or indirectly, has or shares voting or dispositive power, whether or not they are held for the individual's benefit, and includes shares that may be acquired within 60 days, including, but not limited to, the right to acquire shares by the exercise of options or warrants. Shares that may be acquired within 60 days are referred to in the footnotes to this table as presently exercisable options, presently exercisable warrants or restricted stock units (RSUs) that vest on a specific date. The shares shown and referred to in the other footnotes to this table regarding the warrants are subject to this net-share calculation.

INTERESTED TRANSACTIONS

Our Board has adopted written policies and procedures relating to approval or ratification of interested transactions with related parties. Under these policies and procedures, which are posted on our website at <http://ek.client.shareholder.com/supporting.cfm>, our Governance Committee reviews the material facts of all interested transactions that require the committee's approval. The Governance Committee will approve or disapprove the interested transactions, subject to certain exceptions, by taking into account, among other factors it deems appropriate, whether the interested transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction. No director or board observer may participate in any discussion or approval of an interested transaction for which he or she is a related party other than providing material information concerning the interested transaction to the Governance Committee. If an interested transaction will be ongoing, the Governance Committee may establish guidelines for our management to follow in its ongoing dealings with the related party and then, at least annually, must review and assess ongoing relationships with the related party.

POLICY REGARDING PRE-APPROVAL OF SERVICES PROVIDED BY OUR INDEPENDENT ACCOUNTANTS

The Audit and Finance Committee has adopted an Audit and Non-Audit Services Pre-Approval Policy (the Pre-Approval Policy) requiring the committee's pre-approval of all audit and permissible non-audit services provided by the independent accountants. The Pre-Approval Policy sets forth principles that must be considered by the Audit and Finance Committee in approving services to ensure that the independent accountant's independence is not impaired; describes the audit, audit-related, tax and other permissible non-audit services that may be provided and the non-audit services that are prohibited; and sets forth the pre-approval requirements for all permitted services.

The Pre-Approval Policy provides for the general pre-approval of specific types of audit, audit-related, tax and other permissible non-audit services and annual approval of a budget for such services. As set forth in the Pre-Approval Policy, unless a type of service has received general pre-approval, it will require specific pre-approval by the Audit and Finance Committee. In addition, any proposed services exceeding pre-approved budgeted amounts will also require specific pre-approval by the Audit and Finance Committee. The independent accountant is required to report quarterly to the Audit and Finance Committee regarding the extent of services provided in accordance with their pre-approval and the fees for the services performed to date. The Pre-Approval Policy also delegates to the Audit and Finance Committee's Chair the authority to pre-approve specific engagements or changes to engagements when it is not practical to bring the matter before the Committee as a whole. The Audit and Finance Committee may not delegate its responsibilities to pre-approve services performed by the independent accountant to management or to others.

PROPOSAL 3

PROPOSAL 3 - RATIFICATION OF THE AUDIT AND FINANCE COMMITTEE S SELECTION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit and Finance Committee is directly responsible for the selection, compensation, retention, performance and evaluation of our independent registered public accounting firm. The Audit and Finance Committee evaluates the selection of the independent registered public accounting firm each year. In addition, the Audit and Finance Committee considers the independence of the independent registered public accounting firm each year.

PricewaterhouseCoopers LLP has been our independent registered public accounting firm for many years. After consideration of a number of factors, including length of time the firm has served in this role, the firm s past performance, and an assessment of the firm s qualifications and resources, the Audit and Finance Committee has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm to serve a one-year term beginning on the date of the Annual Meeting.

A representative of PricewaterhouseCoopers LLP is expected to attend the Annual Meeting to respond to questions and, if he or she desires, make a statement.

As a matter of good corporate governance, the Audit and Finance Committee has determined to submit its selection of the independent registered public accounting firm to our shareholders for ratification. In the event that the selection of PricewaterhouseCoopers LLP is not ratified, the Audit and Finance Committee will review its future selection of an independent registered public accounting firm. Even if the selection is ratified, the Audit and Finance Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our shareholders.

The ratification of the Audit and Finance Committee s selection of PricewaterhouseCoopers LLP requires the affirmative vote of a majority of the votes cast.

The Board of Directors recommends a vote FOR ratification of the Audit and Finance Committee s selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm.
