Our Company

The Western Union Company is a leader in global money movement and payment services, providing people and businesses with fast, reliable and convenient ways to send money and make payments around the world. The Western Union® brand is globally recognized. As of March 31, 2018, our services were primarily available through a global network of over 550,000 agent locations in more than 200 countries and territories, with approximately 90% of those locations outside of the United States. Each location in our agent network is capable of providing one or more of our services, with the majority offering a Western Union branded service.

Our business consists of the following segments:

Consumer-to-Consumer - Our Consumer-to-Consumer operating segment facilitates money transfers between two consumers, primarily through a network of third-party agents. Our multi-currency money transfer service is viewed by us as one interconnected global network where a money transfer can be sent from one location to another, around the world. This service is available for international cross-border transfers and, in certain countries, intra-country transfers. This segment also includes money transfer transactions that can be initiated through websites and mobile devices.

Business Solutions - Our Business Solutions operating segment facilitates payment and foreign exchange solutions, primarily cross-border, cross-currency transactions, for small and medium size enterprises and other organizations and individuals. The majority of the segment's business relates to exchanges of currency at spot rates, which enable customers to make cross-currency payments. In addition, in certain countries, we write foreign currency forward and option contracts for customers to facilitate future payments.

All businesses and other services that have not been classified in the above segments are reported as “Other,” which primarily includes our electronic-based and cash-based bill payment services which facilitate payments from consumers to businesses and other organizations, and our money order and other services, in addition to costs for the review and closing of acquisitions.

We believe that brand strength, size and reach of our global network, convenience, reliability, and value for the price paid have been important to the growth of our business. As we continue to seek to meet the needs of our customers for fast, reliable and convenient global money movement and payment services, with a continued focus on regulatory compliance, we are also working to provide consumers and our business clients with access to an expanding portfolio of payment and other financial services and to expand the ways our services can be accessed.

Our principal executive offices are located at 12500 East Belford Avenue, Englewood, Colorado 80112 and our telephone number is (866) 405-5012.

For the year ended December 31, 2017, operating expenses included a non-cash goodwill impairment charge of \$464.0 million related to our Business Solutions reporting unit and \$60.0 million of expenses related to a January 4, 2018 consent order which resolved a matter with the New York State Department of Financial Services (the "NYDFS Consent Order"). For the year ended December 31, 2016, operating expenses included \$601.0 million of expenses as a result of our settlement agreements with the United States Department of Justice, certain United States Attorneys' Offices, the United States Federal Trade Commission, the Financial Crimes Enforcement Network of the United States Department of Treasury, and various state attorneys general (the "Joint Settlement Agreements"). For the year ended December 31, 2015, operating expenses included \$35.3 million of expenses as a result of a settlement agreement reached in July 2015 between Paymap, Inc., a subsidiary of Western Union ("Paymap"), and the Consumer Financial Protection Bureau regarding Paymap's marketing of its "Equity

(a) Accelerator" service.

(b) Interest income consists of interest earned on cash balances not required to satisfy settlement obligations.

(c) Interest expense primarily relates to our outstanding borrowings.

For the three months ended March 31, 2018, our provision for income taxes included a tax benefit of approximately \$6 million for adjustments to our provisional accounting for United States tax reform legislation enacted in December 2017 (the "Tax Act"). For the year ended December 31, 2017, our provision for income taxes included an estimated \$828 million related to the enactment of the Tax Act into United States law, primarily due to a tax on certain previously undistributed earnings of foreign subsidiaries, partially offset by the remeasurement of deferred tax assets and liabilities and other tax balances to reflect the lower federal income tax rate, among other effects. Certain of the law's impacts

(d) have been provisionally estimated and will likely be adjusted in future periods as we complete our accounting for these matters in 2018.

Net cash provided by operating activities during the three months ended March 31, 2018 was negatively impacted by a \$60 million payment related to the NYDFS Consent Order and payments of \$21.4 million related to our business transformation initiative. Net cash provided by operating activities during the year ended December 31, 2017 was impacted by cash payments of \$591 million due under the Joint Settlement

(e) Agreements and payments of \$77.3 million related to our business transformation initiative.

Capital expenditures include capitalization of contract costs, capitalization of purchased and developed software and purchases of property and equipment.

(f) On February 9, 2017, our Board of Directors authorized \$1.2 billion of common stock repurchases through December 31, 2019, of which \$943.5 million remained available as of March 31, 2018. During the three months ended March 31, 2018, we repurchased no shares and during the three months ended March 31, 2017, we repurchased 11.3 million shares under authorizations from our Board of Directors. During the years ended December 31, 2017, 2016, 2015, 2014 and 2013, we repurchased 24.9 million, 24.8 million, 25.1 million, 29.3 million and

(g) 25.7 million shares, respectively, under authorizations from our Board of Directors.

Our Board of Directors declared quarterly cash dividends of \$0.19 per common share in the first quarter of 2018, \$0.175 in each quarter of

(h) 2017, \$0.16 in each quarter of 2016, \$0.155 in each quarter of 2015 and \$0.125 in each quarter of 2014 and 2013.

For purposes of calculating the ratio of earnings to fixed charges, earnings have been calculated by adding income before income taxes, fixed charges included in the determination of income before income taxes and distributions from equity method investments, and then subtracting income from equity method investments. Fixed charges consist of interest expense, and an estimated interest portion of rental expenses and

(i) income tax contingencies, which are included as a component of income tax expense.

RISK FACTORS

An investment in the notes is subject to various risks. These risks should be considered carefully with the information provided elsewhere and incorporated by reference in this prospectus supplement and the accompanying prospectus before deciding to invest in the notes, including the risk factors incorporated by reference herein from our Annual Report on Form 10-K for the year ended December 31, 2017, as updated by the annual, quarterly and other reports and documents that we file with the SEC after the date of this prospectus supplement and that are incorporated by reference herein or in the accompanying prospectus. In addition, please read the information included or incorporated by reference under “Forward-Looking Statements” in this prospectus supplement for a description of additional uncertainties associated with our business, results of operations and financial condition and the forward-looking statements included or incorporated by reference in this prospectus supplement and the accompanying prospectus.

Risks Relating to the Notes

We are a holding company that conducts all of our business through subsidiaries. The debt and other liabilities of our subsidiaries will be effectively senior to the notes.

We conduct all of our business through our subsidiaries. Our cash flow and, consequently, our ability to pay interest and to service our debt, including the notes, are dependent upon the cash flow of our subsidiaries and the payment of funds to us by those subsidiaries in the form of loans, dividends or otherwise. Our subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due on the notes or to make cash available for that purpose. In addition, many of our operating subsidiaries are highly regulated and may be subject to restrictions on their ability to pay dividends to us. These subsidiaries may use the earnings they generate, as well as their existing assets, to fulfill any existing or future direct debt service requirements.

The notes will be The Western Union Company’s senior unsecured obligations and will rank equally in right of payment with all of its existing and future senior unsecured obligations. The notes will be effectively junior to all existing and future indebtedness and other liabilities of our subsidiaries, which means that creditors of our subsidiaries will be paid from their assets before holders of the notes would have any claims to those assets. As of March 31, 2018, our subsidiaries had outstanding \$245 million of total indebtedness, including letters of credit and bank guarantees but excluding intercompany indebtedness, and may incur additional debt in the future. See “Description of the Notes—General—Ranking.”

There are no covenants in the indenture governing the notes relating to our ability to incur future indebtedness or pay dividends and limited restrictions on our ability to engage in other activities, which could adversely affect our ability to pay our obligations under the notes.

The indenture governing the notes does not contain any financial covenants. The indenture permits us and, with respect to the notes, our subsidiaries, to incur additional debt, including, subject to certain requirements, secured debt. Because the notes are unsecured, in the event of any liquidation, dissolution, reorganization, bankruptcy or other similar proceeding regarding us, whether voluntary or involuntary, the holders of our secured debt will be entitled to receive payment to the extent of the assets securing that debt before we can make any payment with respect to the notes. If any of the foregoing events occurs, we cannot assure you that we will have sufficient assets to pay amounts due on our debt and the notes. As a result, you may receive less than you are entitled to receive or recover nothing if any liquidation, dissolution, reorganization, bankruptcy or other similar proceeding occurs.

Edgar Filing: Western Union CO - Form 424B5

The indenture does not limit our or our subsidiaries' ability to issue or repurchase securities, pay dividends or engage in transactions with affiliates. Our ability to use our funds for numerous purposes may limit the funds available to pay our obligations under the notes.

There may not be a public market for the notes.

The notes constitute a new issue of securities with no established trading market. We do not intend to list the notes on any securities exchange or to include the notes in any automated quotation system. Accordingly, no market for the notes may develop, and any market that develops may not last. If the notes are traded, they may trade at a discount from their offering price, depending on prevailing interest rates, the market for similar securities, our performance and other factors. To the extent that an active trading market does not develop, you may not be able to resell your notes at their fair market value or at all.

The market prices of the notes may be volatile.

The market prices of the notes will depend on many factors, including, but not limited to, the following:

- ratings on our debt securities assigned by rating agencies;
- the time remaining until maturity of the notes;
- the prevailing interest rates being paid by other companies similar to us;
- our results of operations, financial condition and prospects; and
- the condition of the financial markets.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future, which could have an adverse effect on the market prices of the notes.

We may not be able to repurchase the notes upon a change of control, which could result in a default under the notes.

Unless we exercise our right to redeem the notes, we will be required to make an offer to repurchase the notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest, if any, to the date of repurchase upon a "Change of Control Triggering Event." A "Change of Control Triggering Event" will occur when (i) there is a "Change of Control" involving us and (ii) among other things, within a specified period in relation to the "Change of Control," the notes are downgraded from an investment grade rating to below an investment grade rating by all three of the following rating agencies: Moody's Investors Service, Inc., S&P Global Ratings and Fitch Inc. If we experience a "Change of Control Triggering Event," there can be no assurance that we would have sufficient financial resources available to satisfy our obligations to repurchase the notes. Our failure to purchase the notes as required would result in a default under the notes, which could have material adverse consequences for us and the holders of the notes. See "Description of the Notes—Change of Control."

A holder may not be able to determine when a Change of Control Triggering Event has occurred and may not be able to require us to purchase its notes as a result of a change in the composition of the directors on our board of directors.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, transfer, conveyance or other disposition, in one or a series of related transactions, of our assets and the assets of our subsidiaries substantially as an entirety or as an entirety, taken as a whole. Although there is a limited body of case law interpreting this phrase, there is no precise established definition of such phrase under applicable law.

Edgar Filing: Western Union CO - Form 424B5

Accordingly, the ability of a holder of the notes to require us to repurchase that holder's notes as a result of the sale, transfer, conveyance or other disposition of less than all of our assets and the assets of our subsidiaries substantially as an entirety or as an entirety, taken as a whole, to one or more persons may be uncertain.

In addition, in interpreting a definition of "continuing directors," a Delaware Chancery Court decision found that a board of directors may approve, for purposes of such definition, a slate of stockholder-nominated directors without endorsing them, or while simultaneously recommending and endorsing its own slate instead, as long as the approval is granted in good faith and in accordance with the board's fiduciary duties. Accordingly, a holder may not be able to require us to repurchase the notes as a result of a change in the composition of the directors on our board of directors unless a court were to find that such approval was not granted in good faith or violated the board's fiduciary duties. The Delaware Chancery Court also observed that certain provisions in indentures, such as continuing director provisions, could function to entrench an incumbent board of directors and would raise enforcement concerns if adopted in violation of a board's fiduciary duties. If such a provision were found unenforceable, a holder would not be able to require us to repurchase its notes upon a change of control resulting from a change in the composition of our board of directors.

Our business, financial condition and results of operations could be harmed by adverse rating actions by credit rating agencies.

If our credit ratings are downgraded, or if they are placed under review or continue to have a negative outlook, our business, financial condition and results of operations could be adversely affected and perceptions of our financial strength could be damaged, which could adversely affect our relationships with our agents, particularly those agents that are financial institutions or post offices. In addition, an adverse credit rating by a rating agency, such as a downgrade or negative outlook, could result in regulators imposing additional capital and other requirements on us, including imposing restrictions on the ability of our regulated subsidiaries to pay dividends. Also, a significant downgrade could increase our costs of borrowing money, adversely affecting our business, financial condition and results of operations.

We may redeem the notes at our option and redemption may adversely affect your return on the notes.

We may redeem the notes at any time in whole or from time to time in part at the prices specified in this prospectus supplement under "Description of the Notes—Optional Redemption." If we redeem the notes at times when prevailing interest rates are relatively low, you may not be able to reinvest the redemption proceeds in a comparable security at an effective rate of interest as high as those of the notes.

USE OF PROCEEDS

We estimate the net proceeds to us from the sale of the notes will be approximately \$ million, after deducting the underwriting discount and other expenses of the offering payable by us. We intend to use the net proceeds from the sale of the notes for general corporate purposes, which may include the repayment of our outstanding 3.650% notes due 2018, which mature on August 22, 2018.

Pursuant to our commercial paper program, we may issue unsecured commercial paper notes in an amount not to exceed \$1.5 billion outstanding at any time, reduced to the extent of borrowings outstanding on our revolving credit facility in excess of \$150 million. The commercial paper notes may have maturities of up to 397 days from the date of issuance. Our commercial paper borrowings as of March 31, 2018 had a weighted-average annual interest rate of approximately 2.3% and a weighted-average term of approximately 2 days.

(a) As of March 31, 2018, the effective rate on the 3.650% notes due 2018 was 5.2%. We intend to use the net proceeds from this offering for general corporate purposes, which may include the repayment of the 3.650% notes due 2018, which mature on August 22, 2018. See Use of Proceeds.

(b) The difference between the stated interest rate and the effective interest rate is not significant.

(c) As of March 31, 2018, the effective rate on the floating rate notes due 2019 was 3.0%.

(d) As of March 31, 2018, the effective rate on the term loan facility was 3.3%. In addition to the payment of interest, the Company is required to make certain periodic amortization payments with respect to the outstanding principal of the term loans, beginning in July 2018. The final maturity date of the term loan facility is April 11, 2021.

(e) We utilize interest rate swaps designated as fair value hedges to effectively change the interest rate payments on a portion of our notes from fixed-rate payments to short-term LIBOR-based variable rate payments in order to manage our overall exposure to interest rates. The changes in fair value of these interest rate swaps result in an offsetting hedge accounting adjustment recorded to the carrying value of the related note. These hedge accounting adjustments will be reclassified as reductions to or increases in “Interest expense” in our Consolidated Statements of Income over the life of the related notes, and cause the effective rate of interest to differ from such notes’ stated rate.

(f) As of March 31, 2018, the weighted-average effective rate on our total borrowings was approximately 4.5%.

DESCRIPTION OF THE NOTES

This prospectus supplement contains a description of the material terms of the notes but does not purport to be complete. This description of the notes supplements and, to the extent inconsistent therewith, replaces, the section entitled “Description of Debt Securities” included in the accompanying prospectus. You should read the accompanying prospectus and this prospectus supplement together for a more complete description of the indenture and the notes. Capitalized terms used in this “Description of the Notes” have the meanings specified in the indenture and are generally summarized in this section or under “Description of Debt Securities—Certain Definitions” in the accompanying prospectus. References to “we,” “us” and “our” in this “Description of the Notes” refer only to The Western Union Company and not any of its subsidiaries.

General

Principal, Maturity and Interest

We will issue the notes under an indenture, dated as of November 17, 2006, between us and Wells Fargo Bank, National Association, as trustee (the “Trustee”), as supplemented by a supplemental indenture, dated as of September 6, 2007, between us and the Trustee. We refer to the indenture, as supplemented by the supplemental indenture, as the indenture.

We will issue % Notes due 20 (the “notes”), with an initial aggregate principal amount of \$. We may issue additional notes from time to time after this offering. See “—Issuance of Additional Notes.”

The notes will be issued in book-entry form only in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The notes will mature on , 20 . If the maturity date of the notes is not a Business Day then the principal amount of such notes plus accrued and unpaid interest thereon shall be paid on the next succeeding Business Day with the same effect as if payment were made on the maturity date, and no interest shall accrue for the maturity date, or thereafter.

The notes will bear interest at a rate of % per annum. Interest on the notes will accrue from the issue date or from the most recent date on which interest has been paid or provided for, payable semi-annually in arrears to holders of record at the close of business on or (whether or not a Business Day) immediately preceding the interest payment date on and of each year, beginning , 2018. If any interest payment date for the notes falls on a day that is not a Business Day, then payment for the notes will be made on the next succeeding Business Day, without additional interest and with the same effect as if it were made on the originally scheduled date. Interest on the notes will be computed on the basis of a 360-day year of twelve 30-day months.

Interest Rate Adjustment

The interest rate payable on the notes will be subject to adjustments from time to time if Moody’s (or, if applicable, any Substitute Rating Agency (as defined below)) or S&P (or, if applicable, any Substitute Rating Agency), downgrades (or subsequently upgrades) the debt rating assigned to the notes, as set forth below.

Edgar Filing: Western Union CO - Form 424B5

If the rating from Moody's or S&P (or, in either case if applicable, any Substitute Rating Agency) with respect to the notes (each, an "Applicable Rating Agency," and collectively, the "Applicable Rating Agencies") is decreased to a rating set forth in the immediately following table with respect to that Applicable Rating Agency, the per annum interest rate on the notes will increase from that set forth on the cover page of this prospectus supplement by the percentage set forth opposite that rating:

Rating Level	Applicable Rating Agency		Percentage
	Moody's*	S&P*	
1	Ba1	BB+	0.25%
2	Ba2	BB	0.50%
3	Ba3	BB-	0.75%
4	B1 or below	B+ or below	1.00%

*Including the equivalent ratings of any Substitute Rating Agency

If at any time the interest rate on the notes has been adjusted upward as a result of a decrease in a rating by an Applicable Rating Agency and that Applicable Rating Agency subsequently increases its rating with respect to the notes to any of the threshold ratings set forth above, the per annum interest rate on the notes will be decreased such that the per annum interest rate equals the interest rate set forth on the cover page of this prospectus supplement plus the percentage set forth opposite the rating in effect immediately following the increase in the table above; provided that if Moody's or any Substitute Rating Agency subsequently increases its rating of the notes to "Baa3" (or its equivalent if with respect to any Substitute Rating Agency) or higher and S&P or any Substitute Rating Agency subsequently increases its rating of the notes to "BBB-" (or its equivalent if with respect to any Substitute Rating Agency) or higher, the interest rate on the notes will be decreased to the per annum interest rate of the notes set forth on the cover page of this prospectus supplement.

No adjustment in the interest rate of the notes shall be made solely as a result of an Applicable Rating Agency ceasing to provide a rating. If at any time less than two Applicable Rating Agencies provide a rating of the notes, we will use our commercially reasonable efforts to obtain a rating of the notes from another nationally recognized statistical rating organization, to the extent one exists, and if another nationally recognized statistical rating organization rates the notes (such organization, as certified by a resolution of our board of directors, a "Substitute Rating Agency"), for purposes of determining any increase or decrease in the per annum interest rate on the notes pursuant to the table above (a) such Substitute Rating Agency will be substituted for the last Applicable Rating Agency to provide a rating of the notes but which has since ceased to provide such rating, (b) the relative ratings scale used by such Substitute Rating Agency to assign ratings to senior unsecured debt will be determined in good faith by an independent investment banking institution of national standing appointed by us and, for purposes of determining the applicable ratings included in the table above with respect to such Substitute Rating Agency, such ratings shall be deemed to be the equivalent ratings used by Moody's and S&P in such table and (c) the per annum interest rate on the notes will increase or decrease, as the case may be, such that the interest rate equals the interest rate set forth on the cover page of the prospectus supplement plus the appropriate percentage, if any, set forth opposite the rating from such Substitute Rating Agency in the table above (taking into account the provisions of clause (b) above). For so long as (i) only one Applicable Rating Agency provides a rating of the notes, any increase or decrease in the interest rate of the notes necessitated by a reduction or increase in the rating by that Applicable Rating Agency shall be twice the applicable percentage set forth in the table above and (ii) no Applicable Rating Agency provides a rating of the notes, the interest rate on the notes will increase to, or remain at, as the case may be, 2.00% above the interest rate of the notes set forth on the cover page of this prospectus supplement.

Edgar Filing: Western Union CO - Form 424B5

Each adjustment required by any decrease or increase in a rating set forth above, whether occasioned by the action of Moody's, S&P or any Substitute Rating Agency, shall be made independent of (and in addition to) any and all other adjustments. In no event shall (1) the per annum interest rate on the notes be reduced below the interest rate set forth on the cover page of this prospectus supplement or (2) the per annum interest rate on the notes exceed a rate that is 2.00% above the interest rate of the notes set forth on the cover page of this prospectus supplement.

Any interest rate increase or decrease described above on the notes will take effect from the first interest payment date following the date on which a rating change occurs that requires an adjustment in the interest rate of the notes. If Moody's or S&P (or any Substitute Rating Agency) changes its rating of the notes more than once prior to any particular interest payment date, the last change by such agency prior to such interest payment date will control for purposes of any interest rate increase or decrease with respect to the notes described above relating to such Applicable Rating Agency's action.

The interest rate on the notes will permanently cease to be subject to any adjustment described above (notwithstanding any subsequent decrease in the ratings by any Applicable Rating Agency) if the notes become rated "A3" (or its equivalent) or higher by Moody's (or any Substitute Rating Agency) and "A-" (or its equivalent) or higher by S&P (or any Substitute Rating Agency), or one of those ratings if only rated by one Applicable Rating Agency, in each case with a stable or positive outlook.

Ranking

The notes will be our senior unsecured obligations and rank equally in right of payment with our other existing and future senior unsecured obligations.

We conduct all of our operations through our subsidiaries. Our rights and the rights of our creditors, including the holders of the notes, to participate in the distribution of assets of any of our subsidiaries upon the liquidation or reorganization of that subsidiary or otherwise will be subject to the prior claims of the subsidiary's creditors, except to the extent that we may be a creditor with recognized claims against the subsidiary. However, the notes will be obligations exclusively of The Western Union Company and will not be guaranteed by any of our subsidiaries. As a result, the notes will be effectively junior to all existing and future indebtedness and other obligations of our subsidiaries, which means that creditors of our subsidiaries will be paid from their assets before holders of the notes would have any claims to those assets. As of March 31, 2018, our subsidiaries had outstanding \$245 million of total indebtedness, including letters of credit and bank guarantees but excluding intercompany indebtedness.

The indenture does not limit the amount of debt securities or any other debt (whether secured or unsecured or whether subordinated or unsubordinated) which we or, with respect to the notes, our subsidiaries may incur. However, the indenture provides that neither we nor any of our Restricted Subsidiaries (as defined under "Description of Debt Securities—Certain Definitions" in the accompanying prospectus) may subject certain of our property or assets to certain encumbrances unless the notes are secured equally and ratably with or prior to that other secured Indebtedness. Certain other covenants are applicable to the notes as described in the accompanying prospectus. See "Description of Debt Securities—Certain Covenants" in the accompanying prospectus.

No Sinking Fund

The notes will not be entitled to any sinking fund.

Issuance of Additional Notes

In addition to the notes, we may issue from time to time other series of debt securities under the indenture consisting of debentures, notes or other evidences of indebtedness that are separate from and independent of the notes. The indenture does not limit the amount of debt securities or any other debt (whether secured or unsecured or whether subordinated or unsubordinated) which we or our subsidiaries may incur.

We may from time to time, without the consent of, or notice to, the holders of the notes, reopen the series of debt securities of which the notes are a part and issue additional notes having the same ranking and the same interest rate, maturity and other terms as the notes, except for the public offering price and the issue date and, if applicable, the initial interest accrual date and the initial interest payment date. Any such additional notes having similar terms, together with the notes, will constitute a single series of debt securities under the indenture. If, however, any such additional notes are not fungible with the notes for U.S. federal income tax purposes, the additional notes will have a separate CUSIP number. No such additional notes may be issued if an event of default has occurred and is continuing with respect to the series of debt securities of which such notes are a part. Unless the context otherwise requires, for all purposes of the indenture and this "Description of the Notes," references to the notes include any additional notes of the same series actually issued.

Payment and Paying Agents

We will maintain in the place of payment for the notes an office or agency where the notes may be presented or surrendered for payment or for registration of transfer or exchange and where holders may serve us with notices and demands in respect of the notes and the indenture.

We will give prompt written notice to the Trustee of the location, and any change in the location, of such office or agency. If we fail to maintain any required office or agency or fail to furnish the Trustee with the address of such office or agency, presentations, surrenders, notices and demands may be made or served at the corporate trust office of the Trustee. We have appointed the Trustee as our agent to receive all presentations, surrenders, notices and demands with respect to the notes.

Optional Redemption

The notes will be redeemable, in whole or in part, at any time and from time to time prior to _____, 20____ (the date that is _____ months prior to the stated maturity date of the notes) (the "Par Call Date"), at a redemption price equal to the greater of (i) 100% of the principal amount of the notes to be redeemed, and (ii) as determined by the Quotation Agent (as defined below), the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed (not including any portion of such payments of interest accrued as of the date of redemption), discounted to the Par Call Date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate (as defined below), plus _____ basis points, plus accrued but unpaid interest thereon to, but excluding, the date of redemption. Calculation of the redemption price will be made by us or on our behalf by such person as we shall designate; provided that such calculation or the correctness thereof shall not be a duty or obligation of the Trustee.

In addition, at any time and from time to time on or after the Par Call Date, the notes will be redeemable, in whole or in part, at a redemption price equal to 100% of the principal amount of the notes to be redeemed, plus accrued but unpaid interest thereon to, but excluding, the date of redemption.

Notice of any redemption will be mailed (or sent electronically in accordance with applicable DTC procedures) at least 30 days, but not more than 60 days, before the redemption date to each registered holder of notes to be redeemed. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portion thereof called for redemption.

Edgar Filing: Western Union CO - Form 424B5

We are not required (i) to register, transfer or exchange notes during the period from the opening of business 15 days before the day a notice of redemption relating to the notes selected for redemption is sent to the close of business on the day that notice is sent, or (ii) to register, transfer or exchange any such note so selected for redemption, except for the unredeemed portion of any note being redeemed in part.

“Comparable Treasury Issue” means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate notes of comparable maturity to the remaining term of the notes.

“Comparable Treasury Price” means, with respect to any redemption date, (i) the average of three Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (ii) if the Quotation Agent obtains fewer than three such Reference Treasury Dealer Quotations, the average of all such quotations.

“Quotation Agent” means a Reference Treasury Dealer appointed by us.

“Reference Treasury Dealer” means (i) Barclays Capital Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a “Primary Treasury Dealer”), we will substitute therefor another Primary Treasury Dealer and (ii) any two other Primary Treasury Dealers selected by us.

“Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Quotation Agent by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third Business Day preceding such redemption date.

“Treasury Rate” means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Change of Control

If a Change of Control Triggering Event occurs with respect to the notes, unless we have exercised our right to redeem the notes as described above, we will be required to make an offer (a “Change of Control Offer”) to each holder of the notes to repurchase all or any part (equal to \$2,000 and integral multiples of \$1,000 in excess thereof) of that holder’s notes on the terms set forth in such notes. In a Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of notes repurchased, plus accrued and unpaid interest, if any, on the notes repurchased to, but not including, the date of repurchase (a “Change of Control Payment”). Within 30 days following any Change of Control Triggering Event or, at our option, prior to any Change of Control, but after public announcement of the transaction that constitutes or may constitute the Change of Control, a notice will be mailed (or sent electronically in accordance with applicable DTC procedures) to holders of the notes, with a copy to the Trustee, describing the transaction that constitutes or may constitute the Change of Control Triggering Event and offering to repurchase the notes on the date specified in the applicable notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed or sent (a “Change of Control Payment Date”). The notice will, if mailed or sent prior to the date of consummation of the Change of Control, state that the Change of Control Offer is conditioned on the Change of Control Triggering Event occurring on or prior to the applicable Change of Control Payment Date.

Edgar Filing: Western Union CO - Form 424B5

On each Change of Control Payment Date, we will, to the extent lawful:

accept for payment all notes or portions of notes properly tendered pursuant to the applicable Change of Control Offer and not withdrawn;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered and not withdrawn; and

deliver or cause to be delivered to the Trustee the notes properly accepted together with an officers' certificate stating the aggregate principal amount of notes or portions of notes being repurchased.

We will not be required to make a Change of Control Offer upon the occurrence of a Change of Control Triggering Event if a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us and the third party purchases all notes properly tendered and not withdrawn under its offer. In addition, we will not repurchase any notes if there has occurred and is continuing on the Change of Control Payment Date an event of default under the indenture, other than a default in the payment of the Change of Control Payment upon a Change of Control Triggering Event.

Unless we exercise our right to redeem the notes, we will be required to comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the repurchase of the notes as a result of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control Offer provisions of the notes, we will be required to comply with those securities laws and regulations and will not be deemed to have breached our obligations under the Change of Control Offer provisions of the notes by virtue of any such conflict and compliance.

If holders of not less than 90% in aggregate principal amount of the outstanding notes properly tender and do not withdraw such notes in a Change of Control Offer (or an offer made by a third party as described above) and we, or any third-party making an offer in lieu of us, as described above, purchase all of the notes properly tendered and not withdrawn by such holders, we or the third party making such offer will have the right, upon not less than 30 nor more than 60 days' prior notice, given not more than 30 days following such purchase pursuant to the Change of Control Offer or offer by such third party described above, to redeem all notes that remain outstanding following such purchase at a redemption price in cash equal to the applicable Change of Control Payment.

If a Change of Control Offer is made, there can be no assurance that we will have available funds sufficient to make the Change of Control Payment for all of the notes that may be tendered for repurchase.

For purposes of the Change of Control Offer provisions of the notes, the following terms will be applicable:

"Change of Control" means the occurrence of any of the following: (1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or more series of related transactions, of our assets and the assets of our subsidiaries substantially as an entirety or as an entirety, taken as a whole, to any person, other than our company or one of our subsidiaries; (2) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is that any person becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of our outstanding voting stock or other voting stock into which our voting stock is reclassified, consolidated, exchanged or changed in such transaction, measured by voting power rather than number of shares; (3) we consolidate with, or merge with or into, any person, or any person consolidates with, or merges with or into, us, in any such event pursuant to a transaction in which any of our outstanding voting stock or the voting stock of such other person is converted into or exchanged for cash, securities or other property, other than any such transaction where the shares of our voting stock outstanding immediately prior to such transaction constitute, or are converted into or exchanged for, a majority of the outstanding voting stock of the surviving

Edgar Filing: Western Union CO - Form 424B5

person or any direct or indirect parent company of the surviving person immediately after giving effect to such transaction; (4) the first day on which a majority of the members of our board of directors are not continuing directors; or (5) the adoption of a plan relating to our liquidation or dissolution. Notwithstanding the foregoing, a transaction will not be deemed to involve a Change of Control under clause (2) or (3) above if (i) we become a direct or indirect wholly owned subsidiary of a holding company and (ii)(A) the direct or indirect holders of the voting stock of such holding company immediately following that transaction are substantially the same as the holders of our voting stock immediately prior to that transaction or (B) immediately following that transaction no person (other than a holding company satisfying the requirements of this sentence) is the beneficial owner, directly or indirectly, of more than 50% of the voting stock of such holding company. The term “person,” as used in this definition, has the meaning given thereto in Section 13(d)(3) of the Exchange Act.

“Change of Control Triggering Event” means the occurrence of both a Change of Control and a Rating Event.

“Continuing directors” means, as of any date of determination, any member of our board of directors who (1) was a member of such board of directors on the date the notes were issued or (2) was nominated for election, elected or appointed to such board of directors with the approval of a majority of the continuing directors who were members of such board of directors at the time of such nomination, election or appointment (either by a specific vote or resolution adopted by our board of directors or by approval by our board of directors of our proxy statement in which such member was named as a nominee for election as a director).

“Fitch” means Fitch Inc., and its successors.

“Investment Grade Rating” means a rating equal to or higher than Baa3 (or the equivalent) by Moody’s, BBB- (or the equivalent) by S&P and BBB- (or the equivalent) by Fitch, and the equivalent investment grade credit rating from any replacement Rating Agency or Rating Agencies selected by us.

“Moody’s” means Moody’s Investors Service, Inc., and its successors.

“Rating Agencies” means (1) each of Moody’s, S&P and Fitch; and (2) if any or all of Moody’s, S&P or Fitch ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a “nationally recognized statistical rating organization” within the meaning of Section 3(a)(62) under the Exchange Act selected by us (as certified by a resolution of our board of directors) as a replacement agency for Moody’s, S&P or Fitch, or all of them, as the case may be.

“Rating Event” means the rating on the notes is lowered by all three of the Rating Agencies from an Investment Grade Rating to below an Investment Grade Rating, in any case on any day during the period (which period will be extended so long as the rating of the notes is under publicly announced consideration for a possible downgrade by any of the Rating Agencies) commencing upon the first public notice by us of the occurrence of a Change of Control or our intention to effect a Change of Control and ending 60 days following the consummation of the Change of Control; provided, however, that a Rating Event otherwise arising by virtue of a particular reduction in rating will not be deemed to have occurred in respect of a particular Change of Control (and thus will not be deemed a Rating Event for purposes of the definition of Change of Control Triggering Event) if any of the Rating Agencies does not announce or publicly confirm or inform us that the reduction in ratings was the result, in whole or in part, of any event or circumstance comprised of or arising as a result of, or in respect of, the applicable Change of Control (whether or not the applicable Change of Control has been consummated at the time of the Rating Event).

“S&P” means S&P Global Ratings, a division of S&P Global Inc. and its successors.

“Voting stock” means, with respect to any specified “person” (as that term is used in Section 13(d)(3) of the Exchange Act) as of any date, the capital stock of such person that is at the time entitled to vote generally in the election of the board of directors of such person.

Edgar Filing: Western Union CO - Form 424B5

Our obligation to purchase the notes following a Change of Control Triggering Event is subject to the provisions described in the section titled “Discharge, Legal Defeasance and Covenant Defeasance” in this prospectus supplement.

Discharge, Legal Defeasance and Covenant Defeasance

We may be discharged from all of our obligations with respect to the outstanding notes, be discharged from our obligations with respect to the notes (except as otherwise specified in the indenture) or be released from our obligation to comply with the provisions of the indenture with respect to the notes as described under “Description of Debt Securities—Discharge, Legal Defeasance and Covenant Defeasance” in the accompanying prospectus.

The Trustee Under the Indenture

We maintain ordinary banking relationships and, from time to time, obtain credit facilities and lines of credit with a number of banks, including the Trustee, Wells Fargo Bank, National Association. The Trustee assumes no responsibility for the accuracy or completeness of the information concerning us or our affiliates or any other party contained in this prospectus supplement or the accompanying prospectus or for any failure by us or any other party to disclose events that may have occurred and may affect the significance or accuracy of such information. Neither the Trustee nor any paying agent shall be responsible for monitoring our rating status, making any request upon any Rating Agency, or determining whether any Rating Event has occurred. The transferor of any note shall provide or cause to be provided to the Trustee all information necessary to allow the Trustee to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Section 6045 of the Code (as defined under “Material U.S. Federal Income Tax Considerations” below). The Trustee may rely on information provided to it and shall have no responsibility to verify or ensure the accuracy of such information. In connection with any proposed exchange of a certificated note for a global note, we or DTC shall be required to provide or cause to be provided to the Trustee all information necessary to allow the Trustee to comply with any applicable tax reporting obligations, including without limitation any cost basis reporting obligations under Section 6045 of the Code. The Trustee may rely on information provided to it and shall have no responsibility to verify or ensure the accuracy of such information.

Governing Law

The indenture is, and the notes will be, governed by and construed in accordance with the laws of the State of New York.

Other Terms of the Notes

With respect to the notes, the term “Financing Lease” means any lease of property, real or personal, the obligations of the lessee in respect of which are required in accordance with GAAP as it exists on ,2018 to be capitalized on a balance sheet of the lessee.

Book-Entry, Delivery and Form

Global Notes

We will issue the notes in the form of one or more global notes in definitive, fully registered, book-entry form. The global notes will be deposited with or on behalf of DTC and registered in the name of Cede & Co., (as nominee of DTC) or such other name as may be requested by an authorized representative of DTC.

DTC, Clearstream and Euroclear

Beneficial interests in the global notes will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may hold interests in the global notes through either DTC (in the United States), or Clearstream or Euroclear (in Europe) either directly if they are participants in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their U.S. depositaries, which in turn will hold such interests in customers' securities accounts in the U.S. depositaries' names on the books of DTC.

DTC has advised us as follows:

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered under Section 17A of the Exchange Act.

DTC holds securities that its participants deposit with DTC and facilitates the post-trade settlement among participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between participants' accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and other organizations.

DTC is owned by a number of its direct participants.

Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly.

The rules applicable to DTC and its direct and indirect participants are on file with the SEC.

Clearstream is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its customers and facilitates the clearance and settlement of securities transactions between its customers through electronic book-entry changes in accounts of its customers, thereby eliminating the need for physical movement of certificates. Clearstream provides to its customers, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector and the Central Bank of Luxembourg. Clearstream customers are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream customer either directly or indirectly.

The Euroclear System was created in 1968 to hold securities for participants of Euroclear and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear provides various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the "Euroclear Operator"). Euroclear participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Edgar Filing: Western Union CO - Form 424B5

The Euroclear Operator is licensed by the Belgian Banking and Finance Commission to carry out banking activities on a global basis. As a Belgian bank, it is regulated and examined by the Belgian Banking and Finance Commission. As the operator of a securities settlement system, the Euroclear Operator is also overseen by the National Bank of Belgium.

We have provided the descriptions of the operations and procedures of DTC, Clearstream and Euroclear in this prospectus supplement solely as a matter of convenience. These operations and procedures are solely within the control of those organizations and are subject to change by them from time to time. None of us, the underwriters or the Trustee takes any responsibility for these operations or procedures, and you are urged to contact DTC, Clearstream and Euroclear or their participants directly to discuss these matters.

We expect that under procedures established by DTC:

upon deposit of the global notes with DTC or its custodian, DTC will credit on its internal system the accounts of direct participants designated by the underwriters with portions of the principal amounts of the global notes; and

ownership of the notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC or its nominee, with respect to interests of direct participants, and the records of direct and indirect participants, with respect to interests of persons other than participants.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the notes represented by a global note to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in notes represented by a global note to pledge or transfer those interests to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

So long as DTC or its nominee is the registered owner of a global note, DTC or that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture and under the notes. DTC has no knowledge of the actual beneficial owners of the notes; DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers. Except as provided below, owners of beneficial interests in a global note will not be entitled to have notes represented by that global note registered in their names, will not receive or be entitled to receive physical delivery of certificated notes and will not be considered the owners or holders thereof under the indenture or under the notes for any purpose, including with respect to the giving of any direction, instruction or approval to the Trustee. Accordingly, each holder owning a beneficial interest in a global note must rely on the procedures of DTC and, if that holder is not a direct or indirect participant, on the procedures of the participant through which that holder owns its interest, to exercise any rights of a holder of notes under the indenture or a global note.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices will be sent to DTC. If less than all of the notes of a series are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such series to be redeemed.

Edgar Filing: Western Union CO - Form 424B5

In any case where a vote may be required with respect to the notes of any series, neither DTC nor its nominee will consent or vote with respect to such notes. Under its usual procedures DTC mails an omnibus proxy to Western Union as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts interests in the notes of the series are credited on the record date (identified in the listing attached to the omnibus proxy).

Neither we nor the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of notes by DTC, Clearstream or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the notes.

Payments on the notes represented by the global notes will be made to DTC or its nominee, as the case may be, as the registered owner thereof. We expect that DTC or its nominee, upon receipt of any payment on the notes represented by a global note, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the global note as shown in the records of DTC or its nominee. We also expect that payments by participants to owners of beneficial interests in the global note held through such participants will be governed by standing instructions and customary practice as is now the case with securities held for the accounts of customers registered in the names of nominees for such customers. The participants will be responsible for those payments.

Distributions on the notes held beneficially through Clearstream will be credited to cash accounts of its customers in accordance with its rules and procedures, to the extent received by the U.S. depositary for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear Operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the "Terms and Conditions"). The Terms and Conditions govern transfers of securities and cash within Euroclear, withdrawals of securities and cash from Euroclear, and receipts of payments with respect to securities in Euroclear. All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the Terms and Conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions on the notes held beneficially through Euroclear will be credited to the cash accounts of its participants in accordance with the Terms and Conditions, to the extent received by the U.S. depositary for Euroclear.

In any case where we have made a tender offer for the purchase of any notes, a beneficial owner must give notice through a participant to a tender agent to elect to have its notes purchased or tendered. The beneficial owner must deliver notes by causing the direct participants to transfer the participant's interest in the notes, on DTC's records, to a tender agent. The requirement for physical delivery of notes in connection with an optional tender or a mandatory purchase is satisfied when the ownership rights in the notes are transferred by direct participants on DTC's records and followed by a book-entry credit of tendered notes to the tender agent's DTC account.

Clearance and Settlement Procedures

Initial settlement for the notes will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC rules and will be settled in immediately available funds. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear, as applicable, and will be settled using the procedures applicable to conventional EuroBonds in immediately available funds.

S-25

Edgar Filing: Western Union CO - Form 424B5

Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the U.S. depositary; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to the U.S. depositary to take action to effect final settlement on its behalf by delivering or receiving the notes in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their U.S. depositaries.

Because of time-zone differences, credits of the notes received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions in the notes settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of the notes by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures to facilitate transfers of the notes among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

The information in this section regarding DTC, Clearstream and Euroclear and their book-entry systems has been obtained from sources that we believe to be reliable, but we take no responsibility for the accuracy of that information.

Certificated Notes

We will issue certificated notes to each person that DTC identifies as the beneficial owner of the notes represented by a global note upon surrender by DTC of the global note if:

DTC notifies us that it is no longer willing or able to act as a depositary for such global note or ceases to be a clearing agency registered under the Exchange Act and we have not appointed a successor depositary within 90 days of that notice or becoming aware that DTC is no longer so registered;

an event of default has occurred and is continuing, and DTC requests the issuance of certificated notes; or

we determine not to have the notes represented by a global note.

Neither we nor the Trustee will be liable for any delay by DTC, its nominee or any direct or indirect participant in identifying the beneficial owners of the notes. We and the Trustee may conclusively rely on, and will be protected in relying on, instructions from DTC or its nominee for all purposes, including with respect to the registration and delivery, and the respective principal amounts, of the certificated notes to be issued.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a discussion of the material U.S. federal income tax consequences of the ownership and disposition of the notes to beneficial owners of the notes. This discussion is based upon the Internal Revenue Code of 1986, as amended (the “Code”), the U.S. Treasury regulations promulgated thereunder, administrative pronouncements and judicial decisions, all as of the date hereof and all of which are subject to change, possibly on a retroactive basis.

This discussion applies only to beneficial owners that acquire the notes in connection with their initial issuance at their initial offering price and hold the notes as “capital assets” within the meaning of section 1221 of the Code. This discussion does not address all aspects of U.S. federal income taxation that might be important to particular investors in light of their individual circumstances or the U.S. federal income tax consequences applicable to special classes of taxpayers, such as banks and other financial institutions, insurance companies, real estate investment trusts, regulated investment companies, tax-exempt organizations, partnerships (or entities properly classified as partnerships for U.S. federal income tax purposes) or other pass-through entities, dealers in securities, traders in securities that elect to use a mark-to-market method of accounting, persons liable for U.S. federal alternative minimum tax, U.S. Holders (as defined below) whose functional currency is not the U.S. Dollar, former citizens or residents of the United States and persons holding the notes as part of a hedging or conversion transaction or a straddle. The discussion does not address any federal estate or gift, foreign, state, local or non-income tax consequences of the ownership or disposition of the notes to beneficial owners of the notes.

As used in this prospectus supplement, the term “U.S. Holder” means a beneficial owner of a note that is for U.S. federal income tax purposes:

a citizen or individual resident of the United States;

a corporation (or other entity properly classified as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state within the United States, or the District of Columbia;

an estate, the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust, if (i) a U.S. court is able to exercise primary supervision over the trust’s administration and one or more “United States persons” (as defined in the Code) have the authority to control all substantial decisions of the trust, or (ii) in the case of a trust that was treated as a domestic trust under the laws in effect before 1997, a valid election is in place under applicable U.S. Treasury regulations to treat such trust as a domestic trust.

The term “Non-U.S. Holder” means any beneficial owner of a note that is not a U.S. Holder and is not a partnership or other entity properly classified as a partnership for U.S. federal income tax purposes. For the purposes of this prospectus supplement, U.S. Holders and Non-U.S. Holders are referred to collectively as “Holders.”

If a partnership or other entity properly classified as a partnership for U.S. federal income tax purposes is a beneficial owner of a note, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the entity. Such entities and partners in such entities should consult their own tax advisors about the U.S. federal income and other tax consequences of the ownership and disposition of a note.

Holders should consult their own tax advisors regarding the application of the U.S. federal income tax laws to their particular situations and the consequences under federal estate or gift tax laws, as well as foreign, state or local laws and tax treaties, and the possible effects of changes in tax laws.

U.S. Federal Income Taxation of U.S. Holders

Payments of Interest

Stated interest on notes beneficially owned by a U.S. Holder generally will be taxable as ordinary interest income at the time payments are accrued or are received in accordance with the U.S. Holder's regular method of accounting for U.S. federal income tax purposes.

Pursuant to the Tax Act, for taxable years beginning after December 31, 2017, an accrual method taxpayer that reports revenues on an applicable financial statement generally must recognize income for U.S. federal income tax purposes no later than the taxable year in which such income is taken into account as revenue in an applicable financial statement of the taxpayer. This rule could potentially require a U.S. Holder to recognize income for U.S. federal income tax purposes with respect to the notes prior to the time such income would otherwise be recognized under the U.S. Holder's regular method of accounting for U.S. federal income tax purposes. U.S. Holders should consult their tax advisors regarding the potential applicability of these rules.

Effect of Certain Contingencies and Options

In certain circumstances, we may be obligated to pay a change of control premium on the notes (as described above under "Description of the Notes—Change of Control"). This obligation may implicate the provisions of U.S. Treasury regulations relating to "contingent payment debt instruments." We intend to take the position that the contingency that such payment will be made is "remote" or "incidental" (within the meaning of applicable U.S. Treasury regulations) and therefore that the notes are not subject to the rules governing contingent payment debt instruments. Although not entirely clear, under our position any change of control premium likely will be taxable to a U.S. Holder as capital gain rather than ordinary income when received or accrued, according to such U.S. Holder's method of accounting for U.S. federal income tax purposes.

In addition, in certain circumstances, if the debt ratings on the notes change, we may be obligated to pay additional interest on the notes (as described above under "Description of the Notes—General—Interest Rate Adjustment"). This obligation may also implicate the provisions of U.S. Treasury regulations relating to "contingent payment debt instruments." We believe (and intend to take the position) that the contingency that such additional interest will be paid will not cause the notes to be subject to the rules governing contingent payment debt instruments.

If our position were found to be incorrect and the notes were determined to be contingent payment debt instruments, a U.S. Holder would, among other things, be required to accrue interest income at a "comparable yield," which likely would be higher than the stated interest rate on the notes, and would cause any gain from the sale or other disposition of a note to be treated as ordinary interest income, rather than capital gain. This discussion assumes that the notes will not be subject to the rules governing "contingent payment debt instruments."

We may redeem the notes at any time in whole or from time to time in part at the prices specified in this prospectus supplement under "Description of the Notes — Optional Redemption." We intend to take the position that any additional amounts payable upon such a redemption will be taxable to a U.S. Holder when received or accrued, according to such U.S. Holder's method of accounting for U.S. federal income tax purposes.

Sale, Exchange or Redemption of the Notes

Upon the sale, exchange, redemption or other taxable disposition of a note, a U.S. Holder generally will recognize gain or loss equal to the difference, if any, between (i) the amount realized upon the sale, exchange, redemption or other taxable disposition, other than amounts attributable to accrued and unpaid interest (which will be taxed as ordinary interest income to the extent such interest has not been previously included in income),

and (ii) the U.S. Holder's adjusted tax basis in the note. The amount realized by a U.S. Holder is the sum of cash plus the fair market value of all other property received on such sale, exchange, redemption or other taxable disposition. A U.S. Holder's adjusted tax basis in a note generally will be its cost for the note.

Subject to the discussion above under “—Effect of Certain Contingencies and Options,” the gain or loss a U.S. Holder recognizes on the sale, exchange, redemption or other taxable disposition of a note generally will be capital gain or loss. Such gain or loss generally will be long-term capital gain or loss if a U.S. Holder has held the note for more than 12 consecutive months. For non-corporate U.S. Holders, long-term capital gains are currently taxed at a lower rate than ordinary income. The deductibility of capital losses is subject to limitations. A U.S. Holder should consult its own tax advisor regarding the deductibility of capital losses in its particular circumstances.

Tax on Net Investment Income

A 3.8% tax will be imposed on a portion or all of the net investment income of certain individuals with a modified adjusted gross income of over \$200,000 (\$250,000 in the case of joint filers) and on the undistributed net investment income of certain estates and trusts. For these purposes, “net investment income” generally will include interest (including interest paid with respect to a note), dividends, annuities, royalties, rents, net gain attributable to the disposition of property not held in a trade or business (including net gain from the sale, exchange, redemption or other taxable disposition of a note) and certain other income, but will be reduced by any deductions properly allocable to such income or net gain. U.S. Holders should consult their own tax advisors regarding the implications of the net investment income tax in their particular circumstances.

Backup Withholding and Information Reporting

In general, a U.S. Holder that is not an “exempt recipient” will be subject to U.S. federal backup withholding at the applicable rate with respect to payments on its notes and the proceeds of a sale, exchange, redemption or other taxable disposition of its notes, unless the U.S. Holder provides its taxpayer identification number to the paying agent and certifies, under penalties of perjury, that it is not subject to backup withholding on an Internal Revenue Service (the “IRS”) Form W-9 (Request for Taxpayer Identification Number and Certification) or a suitable substitute form and otherwise complies with the applicable requirements of the backup withholding rules. Backup withholding is not an additional tax. The amount of any backup withholding from a payment to a U.S. Holder may be allowed as a credit against such U.S. Holder's U.S. federal income tax liability and may entitle such U.S. Holder to a refund, provided the required information is furnished to the IRS in a timely manner. In addition, payments on notes made to, and the proceeds of a sale or other taxable disposition by, a U.S. Holder that is not an exempt recipient generally will be subject to information reporting requirements.

U.S. Federal Income Taxation of Non-U.S. Holders

Payments of Interest

Subject to the discussion below under “—Backup Withholding and Information Reporting” and “—Foreign Account Tax Compliance,” a Non-U.S. Holder generally will not be subject to U.S. federal withholding tax on interest paid on its notes so long as:

the Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all of our stock entitled to vote;

the Non-U.S. Holder is not a “controlled foreign corporation” that is related to us, actually or by attribution, through stock ownership; and

either (i) the Non-U.S. Holder certifies under penalties of perjury on IRS Form W-8BEN (Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding and Reporting (Individuals)) or Form W-8BEN-E (Certificate of Status of Beneficial Owner for United States Tax Withholding

and Reporting (Entities)) or a suitable substitute form that it is not a United States person (as defined in the Code), and provides its name, address, and U.S. taxpayer identification number, if any, or (ii) a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business and holds the notes on behalf of the Non-U.S. Holder certifies under penalties of perjury that the certification referred to in clause (i) has been received from the Non-U.S. Holder, and furnishes a copy thereof.

Except as described below under "—Effectively Connected Income," a Non-U.S. Holder that does not qualify for exemption from withholding as described above generally will be subject to withholding of U.S. federal income tax at a rate of 30% on payments of interest on the notes. A Non-U.S. Holder may be entitled to the benefits of an income tax treaty under which interest on the notes is subject to a reduced rate of U.S. withholding tax or is exempt from U.S. withholding tax, in which case the Non-U.S. Holder will be required to furnish a properly completed and executed IRS Form W-8BEN or Form W-8BEN-E claiming the reduction or exemption and comply with any other applicable procedures.

Special rules regarding exemption from, or reduced rates of, U.S. withholding tax may apply in the case of notes held by partnerships or certain types of trusts. Partnerships and trusts that are prospective purchasers should consult their tax advisors regarding special rules that may be applicable in their particular circumstances.

Sale, Exchange or Redemption of the Notes

Generally, gain recognized by a Non-U.S. Holder on the sale, exchange, redemption or other taxable disposition of a note will be exempt from U.S. federal income and withholding tax, unless:

the gain is effectively connected with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if a treaty applies, is attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States); or

the Non-U.S. Holder is an individual who is present in the United States for 183 days or more during the taxable year, and certain other conditions are met.

Effectively Connected Income

If interest, gain or other income recognized by a Non-U.S. Holder on a note is "effectively connected" with the Non-U.S. Holder's conduct of a trade or business within the United States (and, if a treaty applies, is attributable to a permanent establishment or fixed base maintained by the Non-U.S. Holder in the United States), the Non-U.S. Holder will not be subject to the withholding tax discussed above, although the Non-U.S. Holder will be required to provide a properly completed and executed IRS Form W-8ECI (Certificate of Foreign Person's Claim That Income Is Effectively Connected With the Conduct of a Trade or Business in the United States) to avoid the withholding. Although it will not be subject to the withholding tax, the Non-U.S. Holder generally will be subject to U.S. federal income tax on such interest, gain or other income as if it were a United States person (as defined in the Code). In addition to such U.S. federal income tax, if the Non-U.S. Holder is a corporation, it may be subject to an additional 30% (or such lower rate as may be provided for under an applicable treaty) branch profits tax.

Backup Withholding and Information Reporting

The amount of interest on a note that is paid to a Non-U.S. Holder and the tax, if any, withheld with respect to such interest must be reported annually to the IRS. These reporting requirements apply regardless of whether U.S. withholding tax on such payments was reduced or eliminated by any applicable tax treaty or otherwise. Copies of the information returns reporting those payments and the amounts withheld may also be made available to the tax authorities in the country where a Non-U.S. Holder is a resident under the provisions of an applicable income tax treaty or agreement.

Edgar Filing: Western Union CO - Form 424B5

Under some circumstances, U.S. Treasury regulations require backup withholding and additional information reporting on payments of interest and other “reportable payments.” Such backup withholding and additional information reporting will not apply to payments on the notes made to a Non-U.S. Holder if the certification described above under “—Payments of Interest” or “—Effectively Connected Income” is received from the Non-U.S. Holder.

Backup withholding and information reporting generally will not apply to payments of proceeds from the sale or other disposition of a note made to a Non-U.S. Holder by or through the foreign office of a broker. However, information reporting requirements, and possibly backup withholding, will apply if such broker is, for U.S. federal income tax purposes, a United States person (as defined in the Code) or has certain other enumerated connections with the United States, unless such broker has documentary evidence in its records that the Non-U.S. Holder is not a United States person (as defined in the Code) and certain other conditions are met, or the Non-U.S. Holder otherwise establishes an exemption. Payments of proceeds from the sale or other disposition of a note made to a Non-U.S. Holder by or through the U.S. office of a broker are subject to information reporting and backup withholding at the applicable rate unless the Non-U.S. Holder certifies, under penalties of perjury, that it is not a United States person (as defined in the Code) and satisfies certain other conditions or otherwise establishes an exemption. The certification procedures described above with respect to interest in the preceding paragraph will avoid backup withholding on payments of proceeds from the sale or other disposition of a note. Backup withholding is not an additional tax. A Non-U.S. Holder may obtain a refund or credit against its U.S. federal income tax liability of any amounts withheld under the backup withholding rules, provided the required information is furnished to the IRS in a timely matter.

Non-U.S. Holders should consult their tax advisors regarding the application of information reporting and backup withholding in their particular situations, the availability of an exemption therefrom, and the procedures for obtaining such an exemption, if available.

Foreign Account Tax Compliance

The Foreign Account Tax Compliance Act and related IRS guidance (“FATCA”) impose a 30% U.S. withholding tax on certain payments which currently include interest payments on the notes (and will include gross proceeds, including the return of principal at maturity, from the sale or other disposition, including redemptions, of the notes beginning January 1, 2019) made to certain non-United States entities that fail to take required steps to provide information regarding their “United States accounts” or their direct or indirect “substantial United States owners,” as applicable, or to make a required certification that they have no such accounts or owners. We will not be obligated to make any “gross up” or additional payments in respect of amounts withheld on the notes if we determine that we must so withhold in order to comply with FATCA (including the application of an applicable intergovernmental agreement). Prospective investors should consult their own tax advisors regarding FATCA and whether it may be relevant to their ownership and disposition of the notes.

The U.S. federal income tax discussion set forth above is included for general information only and may not be applicable depending upon a Holder’s particular situation. Prospective purchasers of notes should consult their own tax advisors with respect to the tax consequences to them of the ownership and disposition of the notes, including the tax consequences under state, local, estate, foreign and other tax laws and tax treaties and the possible effects of changes in U.S. or other tax laws.

UNDERWRITING

Barclays Capital Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated are joint book-running managers of the offering and are acting as representatives of each of the underwriters named below.

Subject to the terms and conditions of an underwriting agreement among us, Barclays Capital Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representatives of the several underwriters, the underwriters have severally agreed to purchase from us, and we have agreed to sell to the underwriters, the principal amount of notes listed opposite their names below at the public offering price less the underwriting discount set forth on the cover page of this prospectus supplement:

Underwriters	Principal Amount of Notes
Barclays Capital Inc.	\$
Merrill Lynch, Pierce, Fenner & Smith Incorporated	
Total	\$

The underwriting agreement provides that the obligations of the underwriters to purchase the notes offered hereby are subject to certain conditions and that the underwriters will purchase all of the notes offered by this prospectus supplement if any of the notes are purchased.

We have been advised by the underwriters that the underwriters propose to offer the notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement and may offer notes to certain dealers at such price less a concession not in excess of % of the principal amount of the notes. The underwriters may allow, and such dealers may realow, a concession not in excess of % of the principal amount of the notes to certain other dealers. After the initial public offering, the underwriters may change the offering price and other selling terms.

We estimate that our total expenses of this offering to be paid by us, excluding the underwriting discount, will be \$.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the underwriters may be required to make in respect of any of these liabilities.

The notes are a new issue of securities with no established trading market. The notes will not be listed on any securities exchange or quoted on any automated dealer quotation system. The underwriters may make a market in the notes after completion of the offering, but will not be obligated to do so and may discontinue any market-making activities at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes or that an active trading market for the notes will develop. If an active trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected.

In connection with the offering of the notes, the underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriters may over allot in connection with the offering, creating a short position. In addition, the underwriters may bid for, and purchase, the notes in the open market to cover short positions or to stabilize the price of the notes. Any of these activities may stabilize or maintain the market price of the notes above independent market levels, but no representation is made hereby that the underwriters will engage in any of those transactions or of the magnitude of any effect that the transactions described above may have on the market price of the notes. The underwriters will not be required to engage in these activities, and if they engage in these activities, they may end any of these activities at any time without notice.

Edgar Filing: Western Union CO - Form 424B5

The underwriters and their affiliates have from time to time provided, and may provide in the future, investment banking, commercial banking and other financial services to us and our affiliates, for which they have received and may continue to receive customary fees and commissions. Affiliates of the underwriters in this offering are also lenders under our revolving credit facilities. We believe that the fees and commissions paid in respect of participation in the credit facilities were customary for borrowers with a credit profile similar to ours, for a similar-size financing and for borrowers in our industry.

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We expect to deliver the notes against payment on or about _____, 2018, which is the third U.S. business day following the date of this prospectus supplement (such settlement being referred to as “T+3”). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in two U.S. business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes more than two business days before the settlement date will be required, by virtue of the fact that the notes initially settle in T+3, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes more than two business days before the settlement date should consult their advisors.

Selling Restrictions

European Economic Area

None of this prospectus supplement, the accompanying prospectus nor any related free writing prospectus is a prospectus for the purposes of the Prospectus Directive (as defined below). This prospectus supplement, the accompanying prospectus and any related free writing prospectus have been prepared on the basis that any offer of notes in any Member State of the European Economic Area (the “EEA”) which has implemented the Prospectus Directive (each, a “Relevant Member State”) will only be made to a legal entity which is a qualified investor under the Prospectus Directive (“Qualified Investors”). Accordingly any person making or intending to make an offer in that Relevant Member State of notes which are the subject of the offering contemplated in this prospectus supplement, the accompanying prospectus and any related free writing prospectus may only do so with respect to Qualified Investors. Neither The Western Union Company nor the underwriters have authorized, nor do they authorize, the making of any offer of notes other than to Qualified Investors. The expression “Prospectus Directive” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EU), and includes any relevant implementing measure in the Relevant Member State.

PRIIPs Regulation / Prospectus Directive / Prohibition of sales to EEA retail investors – The notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. Consequently no key information document required by Regulation (EU) No 1286/2014, as amended (the “PRIIPs Regulation”) for offering or selling the notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

THE WESTERN UNION COMPANY

The Western Union Company is a leader in global money movement and payment services, providing people and businesses with fast, reliable and convenient ways to send money and make payments around the world. The Western Union® brand is globally recognized. Our services are primarily available through a network of agent locations in more than 200 countries and territories. Each location in our agent network is capable of providing one or more of our services.

Our business consists of the following segments:

Consumer-to-Consumer The Consumer-to-Consumer operating segment facilitates money transfers between two consumers, primarily through a network of third-party agents. Our multi-currency, real-time money transfer service is viewed by us as one interconnected global network where a money transfer can be sent from one location to another, around the world. Our money transfer services are available for international cross-border transfers - that is, the transfer of funds from one country to another - and, in certain countries, intra-country transfers - that is, money transfers from one location to another in the same country. This segment also includes money transfer transactions that can be initiated through websites and mobile devices.

Consumer-to-Business The Consumer-to-Business operating segment facilitates bill payments from consumers to businesses and other organizations, including utilities, auto finance companies, mortgage servicers, financial service providers, government agencies and other businesses. The significant majority of the segment's revenue was generated in the United States in the six months ended June 30, 2016.

Business Solutions The Business Solutions operating segment facilitates payment and foreign exchange solutions, primarily cross-border, cross-currency transactions, for small and medium size enterprises and other organizations and individuals. The majority of the segment's business relates to exchanges of currency at spot rates, which enable customers to make cross-currency payments. In addition, in certain countries, we write foreign currency forward and option contracts for customers to facilitate future payments.

All businesses that have not been classified in the above segments are reported as **Other** and include our money order and other services, in addition to costs for the review and closing of acquisitions.

We believe that brand strength, size and reach of our global network, convenience, reliability, and value for the price paid for our customers have been important to the growth of our business. As we continue to seek to meet the needs of our customers for fast, reliable and convenient global money movement and payment services, we are also working to enhance our services and provide our consumer and business clients with access to an expanding portfolio of payment and other financial services and to expand the ways our services can be accessed.

The majority of our revenue comes from fees that consumers pay when they send money or make payments. In certain consumer money transfer, bill payment, and Business Solutions transactions involving different send and receive currencies, we generate foreign exchange revenues resulting from the difference between the exchange rate set by us to the consumer or business and the rate at which we or our agents are able to acquire the currency.

USE OF PROCEEDS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, the net proceeds from the sale of debt securities to which this prospectus relates will be used for general corporate purposes. General corporate purposes may include, among other uses, repayment of debt, repurchases of stock, acquisitions, additions to working capital, capital expenditures and investments in our subsidiaries. Net proceeds may be invested prior to use.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated:

	Six Months Ended June 30, 2016	2015	2014	2013	2012	2011
Ratio of earnings to fixed charges	6.1x	6.3x	6.3x	5.7x	7.6x	8.0x

For purposes of calculating the ratio of earnings to fixed charges, earnings have been calculated by adding income before income taxes, fixed charges included in the determination of income before income taxes and distributions from equity method investments, and then subtracting income from equity method investments. Fixed charges consist of interest expense, and an estimated interest portion of rental expenses and income tax contingencies, which are included as a component of income tax expense.

Please refer to the financial statements and financial information incorporated by reference in this prospectus for more information relating to the foregoing. See [Where You Can Find More Information](#).

DESCRIPTION OF DEBT SECURITIES

We will issue the debt securities in one or more series. Debt securities will be issued under the indenture dated as of November 17, 2006, as supplemented by the supplemental indenture dated as of September 6, 2007, between us and Wells Fargo Bank, National Association, as trustee, or any other indenture which we identify in a prospectus supplement (we refer to the November 17, 2006 indenture or any such other indenture, in each case as supplemented from time to time, as the "indenture"). We have summarized below the material provisions of the indenture. However, because this summary is not complete, it is subject to and is qualified in its entirety by reference to the indenture. In this "Description of Debt Securities," we, us, our and similar words refer to The Western Union Company and not any of its Subsidiaries (as defined below under "Certain Definitions").

General

The debt securities will be our unsecured obligations and rank on a parity with our other unsecured and unsubordinated indebtedness.

We primarily conduct our operations through our Subsidiaries. Our rights and the rights of our creditors, including the holders of the debt securities, to participate in the distribution of assets of any of our Subsidiaries upon the liquidation or reorganization of that Subsidiary or otherwise will be subject to the prior claims of the Subsidiary's creditors, except to the extent that we may be a creditor with recognized claims against the Subsidiary or such Subsidiary guarantees the debt securities. As a result, the debt securities will be effectively subordinated to existing and future liabilities of our Subsidiaries.

We may issue the debt securities in one or more series, as authorized from time to time by our board of directors, any committee of our board of directors or any duly authorized officer. The indenture does not limit our ability to incur additional indebtedness, nor does it afford holders of the debt securities protection in the event of a highly leveraged or similar transaction involving our company. However, the indenture provides that neither we nor any Restricted Subsidiary may subject certain of our property or assets to any mortgage or other encumbrance unless the debt securities are secured equally and ratably with or prior to that other secured indebtedness. See "Certain Covenants" below. Reference is made to the applicable prospectus supplement for information with respect to any additions to, or modifications or deletions of, the events of default or covenants described below.

We will describe in a supplement to this prospectus the particular terms of any debt securities being offered, any modifications of or additions to the general terms of the debt securities and any U.S. Federal income tax considerations that may be applicable in the case of offered debt securities. Accordingly, you should read both the prospectus supplement relating to the particular debt securities being offered and the general description of debt securities set forth in this prospectus before investing.

The applicable prospectus supplement will describe specific terms relating to the series of debt securities being offered. These terms will include some or all of the following:

the title of the series of debt securities;

the aggregate principal amount and authorized denominations (if other than \$1,000 and integral multiples of \$1,000);

the initial public offering price;

the original issue and stated maturity date or dates;

the interest rate or rates (which may be fixed or floating), if any, the method by which the rate or rates will be determined and the interest payment and regular record dates;

the manner and place of payment of principal and interest, if any;

if other than U.S. dollars, the currency or currencies in which payment of the initial public offering price and/or principal and interest, if any, may be made;

whether (and if so, when and at what price) we may be obligated to repurchase the debt securities;

whether (and if so, when and at what price) the debt securities can be redeemed by us or the holder;

under what circumstances, if any, we will pay additional amounts on the debt securities to non-U.S. holders in respect of taxes;

whether the debt securities will be issued in registered or bearer form (with or without coupons) and, if issued in the form of one or more global securities, the depositary for such securities;

where the debt securities can be exchanged or transferred;

whether the debt securities may be issued as original issue discount securities, and if so, the amount of discount and the portion of the principal amount payable upon declaration of acceleration of the maturity thereof;

whether (and if so, when and at what rate) the debt securities will be convertible into shares of our common stock;

whether there will be a sinking fund;

provisions, if any, for the defeasance of the debt securities;

any addition to, or modification or deletion of, any events of default or covenants contained in the indenture relating to the debt securities; and

any other terms of the series.

If we issue original issue discount securities, we will also describe in the applicable prospectus supplement the U.S. Federal income tax consequences and other special considerations applicable to those securities.

We are not required to issue all of the debt securities of a series at the same time, and debt securities of the same series may vary as to interest rate, maturity and other provisions. Unless otherwise provided, the aggregate principal amount of a series may be increased and additional debt securities of such series may be issued.

Denominations, Exchange, Registration and Transfer

Unless otherwise specified in the applicable prospectus supplement, the debt securities of any series will be issued only as registered securities, in global or certificated form and in denominations of \$1,000 and any integral multiple thereof, and will be payable only in U.S. dollars. For more information regarding debt securities issued in global form, see **Book-Entry, Delivery and Form** below. Unless otherwise indicated in the applicable prospectus supplement, any debt securities we issue in bearer form will have coupons attached.

Registered debt securities of any series will be exchangeable for other registered debt securities of the same series in the same aggregate principal amount and having the same stated maturity date and other terms and conditions. If so provided in the applicable prospectus supplement, to the extent permitted by law, debt securities of any series issued in bearer form which by their terms are registrable as to principal and interest may be exchanged, at the option of the holders, for registered debt securities of the same series in the same aggregate principal amount and having the same stated maturity date and other terms and conditions, upon surrender of those securities at the corporate trust office of the trustee or at any other office or agency designated by us for the purpose of making any such exchanges. Except in certain limited circumstances, debt securities issued in bearer form with coupons surrendered for exchange must be surrendered with all unmatured coupons and any matured coupons in default attached thereto.

Upon surrender for registration of transfer of any registered debt security of any series at the office or agency maintained for that purpose, we will execute, and the trustee will authenticate and deliver, in the name of the designated transferee, one or more new registered debt securities of the same series in the same aggregate principal amount of authorized denominations and having the same stated maturity date and other terms and conditions. We may not impose any service charge, other than any required tax or other governmental charge, on the transfer or exchange of debt securities.

We are not required (i) to issue, register the transfer of or exchange debt securities of any series during the period from the opening of business 15 days before the day a notice of redemption relating to debt securities of that series selected for redemption is sent to the close of business on the day that notice is sent, or (ii) to register the transfer of or exchange any debt security so selected for redemption, except for the unredeemed portion of any debt security being redeemed in part.

Payment and Paying Agents

We will maintain in each place of payment for those debt securities an office or agency where the debt securities may be presented or surrendered for payment or for registration of transfer or exchange and where holders may serve us with notices and demands in respect of the debt securities and the indenture.

We will give prompt written notice to the trustee of the location, and any change in the location, of such office or agency. If we fail to maintain any required office or agency or fail to furnish the trustee with the address of such office or agency, presentations, surrenders, notices and demands may be made or served at the corporate trust office of the trustee and at the principal London office of the trustee. We have appointed the trustee as our agent to receive all presentations, surrenders, notices and demands with respect to the applicable series of debt securities.

Certain Covenants

Unless otherwise specified in the applicable prospectus supplement, the following covenants apply to the debt securities:

Limitation on Mortgages and Liens. Neither we nor any of our Restricted Subsidiaries may create or assume, except in favor of us or one of our wholly owned Subsidiaries, any Lien upon any Principal Facility (as defined below under **Certain Definitions**) without equally and ratably securing any debt securities then outstanding. However, this limitation does not apply to certain permitted Liens as described in the indenture, including:

purchase money mortgages entered into within specified time limits, and Liens extending, renewing or refunding those purchase money mortgages;

Liens on acquired property existing at the time of the acquisition;

certain tax, materialmen's, mechanics' and judgment Liens, Liens arising by operation of law and other similar Liens;

Liens in connection with certain government contracts;

certain Liens in favor of any state or local government or governmental agency in connection with certain tax-exempt financings;

Liens on Purchased Receivables and related assets granted in connection with one or more Purchased Receivables Financing;

Liens to secure the cost of construction or improvement of any property entered into within specified time limits; and

Liens not otherwise permitted if the sum of the indebtedness secured by those Liens plus the aggregate sales price of property involved in sale and leaseback transactions referred to in the first bullet point under *Limitation on Sale and Leaseback Transactions* below, does not exceed the greater of \$300 million or 15% of our Consolidated Net Worth (as defined below under *Certain Definitions*).

Limitation on Sale and Leaseback Transactions. Neither we nor any of our Subsidiaries may sell any Principal Facility owned on the date of the indenture with the intention of taking back a lease of that facility for a period of more than 36 months other than certain computer hardware leases, unless:

the sum of the aggregate sale price of property involved in sale and leaseback transactions not otherwise permitted plus the aggregate amount of indebtedness secured by Liens referred to in the last bullet point above under *Limitation on Mortgages and Liens* does not exceed the greater of \$300 million or 15% of our Consolidated Net Worth;

the sale and leaseback transaction is entered into between us and one or more of our Subsidiaries or between our Subsidiaries; or

Covenant to File Reports. We will file with the trustee, within 15 days after we have filed with the SEC, copies of the annual reports and of the information, documents, and other reports which we have so filed with the SEC pursuant to Section 13 or Section 15(d) of the Exchange Act.

Merger or Consolidation

We may not consolidate with or merge into any other entity or sell, lease, convey, assign, transfer or otherwise dispose of our properties and assets substantially as an entirety or as an entirety to any person, unless:

we are the survivor formed by or resulting from such consolidation or merger;

the surviving or successor entity is a domestic entity and expressly assumes, by supplemental indenture, all of our obligations under the indenture;

immediately after completion of the transaction, no Event of Default, and no event which, after notice or lapse of time, or both, would become an Event of Default, has occurred and is continuing;

if, as a result of the transaction, our properties or assets would become subject to a Lien covered by the provisions described above under Certain Covenants Limitation on Mortgages and Liens, and none of the exceptions therein apply, we or the surviving or successor entity takes such steps as are necessary to effectively secure all debt securities equally and ratably with (or prior to) all indebtedness secured by such Lien; and

we deliver to the trustee an officers certificate and an opinion of counsel each stating that the transaction and any supplemental indenture comply with the indenture provisions and that all conditions precedent in the indenture relating to such transaction have been complied with. For purposes of this covenant, the sale, lease, conveyance, assignment, transfer, or other disposition of the properties and assets substantially as an entirety or as an entirety of one or more of our Subsidiaries, which properties and assets, if held by us instead of such Subsidiary or Subsidiaries, would constitute our properties and assets substantially as an entirety or as an entirety on a consolidated basis, shall be deemed to be the transfer of our properties and assets substantially as an entirety or as an entirety.

Events of Default
