- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e- 4(c))

## Edgar Filing: APPLIED DNA SCIENCES INC - Form 8-K

Item 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On January 28, 2005 and February 11, 2005, Applied DNA Sciences, Inc. (the "Company" or "we" or "us") closed on a private placement of its securities in which it sold \$7,371,000 in aggregate principal amount of 10% secured convertible promissory notes (the "Notes") and warrants to purchase 14,742,000 shares of its common stock (the "Warrants").

As previously disclosed, on May 16, 2006, our Board of Directors concluded that its previously issued financial statements as of and for (i) the fiscal year ended September 30, 2005, and (ii) the three month periods ended March 31, 2005, June 30, 2005 and December 31, 2005, should no longer be relied upon as a result of the Company having erroneously recorded the Warrants, and the common stock issued upon the conversion of all of the Notes in February, 2005, as "permanent equity."

On September 29, 2006, authorized officers of the Company also concluded that our previously issued financial statements as of and for the three month periods ended December 31, 2004, March 31, 2006 and June 30, 2006, should no longer be relied upon as a result of the Company having not recorded the fair value of warrants and options to acquire the Company's common stock issued to non-employees during the three months ended December 31, 2004 and March 31, 2005, respectively, for services rendered to the Company.

Accordingly, we will restate our financial statements as of and for the fiscal year ended September 30, 2005 by disclosing the effect of these errors in an amended Form 10-KSB for the fiscal year ended September 30, 2005, and we will restate our financial statements for the quarters ended December 31, 2004, March 31, 2005, June 30, 2005, December 31, 2005, March 31, 2006 and June 30, 2006 by disclosing the effect of these errors in amended Form 10-QSB's for the three month periods ended December 31, 2004, March 31, 2005, June 30, 2005, December 31, 2005, March 31, 2006 and June 30, 2006.

Our failure to record the fair value of the warrants and options issued to non-employees during the quarters ended March 31, 2004 and March 31, 2005 were discovered in connection with comments raised by the Securities and Exchange Commission (the "SEC") in their review and comment on the Registration Statement on Form SB-2, as amended, that we filed with the SEC on February 15, 2005 (the "Registration Statement"). The SEC requested that we provide additional disclosure regarding the Company's accounting and disclosure of equity compensation issued to non-employees in the form of warrants and options to acquire the Company's common stock. While reviewing and updating our disclosure in response to the SEC's comments, we discovered these errors. Our management was alerted to the facts and circumstances regarding the errors in accounting for these warrants and options. Authorized officers of the Company discussed this matter with the Company's independent public accounting firm, which agreed that the Company's annual and quarterly financial statements could not be relied upon and needed to be restated.

We are still completing our analysis of the effects of these errors and have not yet quantified the change in our results of operations for any prior periods. Accordingly, we are not yet providing a reasonable estimate of the change in previously reported results.
