Item 8.01. Other Events.

Approval of Resource Conservation Plan

Consumers Energy Company ("Consumers") purchases power under a long term contract from a natural gas-fueled combined-cycle cogeneration facility (the "MCV Facility") operated by the Midland Cogeneration Venture Limited Partnership (the "MCV Partnership"), in which Consumers has a 49 percent interest. In February 2004, Consumers filed with the Michigan Public Service Commission (the "MPSC") a request for approval of a resource conservation plan (the "RCP"). On January 25, 2005, the MPSC issued an order approving the RCP, with modifications. The terms of the order are consistent with Consumers' expectations in the RCP proceeding. The purpose of the RCP is to help conserve natural gas and thereby improve Consumers' investment in the MCV Partnership as discussed below, without raising the costs paid by Consumers' electric customers. The RCP allows for a change in the operation of the MCV Facility to dispatch it on the basis of natural gas market prices. This change will reduce the MCV Facility's production of electricity and consumption of natural gas by an estimated 30 to 40 billion cubic feet annually. The substantial MCV Facility fuel cost savings will be used first to offset fully the cost of replacement power to Consumers' electric customers. Second, \$5 million annually will be used to fund a renewable energy program. Remaining savings will be split between the MCV Partnership and Consumers. Consumers' direct savings will be shared 50 percent with its customers in 2005 and 70 percent in 2006 and beyond. In addition, the RCP subjects a larger portion of the MCV Facility's gas contracts to mark-to-market accounting. Based upon current market gas prices, this is expected to result in a gain in Consumers' 2005 earnings. Consumers and the MCV Partnership's general partners have accepted the terms of the order and are implementing the RCP.

The order is available on the MPSC website at www.michigan.gov/mpsc and attached as an exhibit hereto is Consumers' news release.
