PROXY STATEMENT
FOR THE 2019 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to “Notice and Access” rules adopted by the Securities and Exchange Commission (the SEC), we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending an Important Notice Regarding the Availability of Proxy Materials (the Proxy Availability Notice) to our stockholders of record. All stockholders will have the ability to access the proxy materials on the website referred to in the Proxy Availability Notice free of charge or request to receive a printed set of the proxy materials for the Annual Meeting. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found in the Proxy Availability Notice.

We provided some of our stockholders, including stockholders who have previously asked to receive paper copies of the proxy materials, with paper copies of the proxy materials instead of the Proxy Availability Notice. If you received paper copies of the proxy materials, we encourage you to help us save money and reduce the environmental impact of delivering paper proxy materials to stockholders by signing up to receive all of your future proxy materials electronically.

We expect that this Proxy Statement and the other proxy materials will be available to stockholders on or about April 26, 2019.

What does it mean if I receive more than one Proxy Availability Notice?

If you receive more than one Proxy Availability Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on each Proxy Availability Notice to ensure that all of your shares are voted.

How do I attend the Annual Meeting?

The Annual Meeting will be held on Wednesday, June 5, 2019 at 11:00 a.m. (Pacific Daylight Time) in building 1301 on the Company’s campus at One Penumbra Place, Alameda, CA 94502. You may contact Investor Relations at investors@penumbrainc.com to obtain directions to the Annual Meeting. Information on how to vote in person at the Annual Meeting is discussed below. If you plan to attend the Annual Meeting, please note that attendance will be limited to stockholders as of the Record Date. Each stockholder may be asked to present valid photo identification, such as a driver’s license or passport. Stockholders holding stock in brokerage accounts or by a bank or other nominee may be required to show a brokerage statement or account statement reflecting stock ownership as of the Record Date. Cameras, recording devices, and other electronic devices will not be permitted at the Annual Meeting.

Who can vote at the Annual Meeting?

Only stockholders of record at the close of business on the Record Date of April 16, 2019, will be entitled to vote at the Annual Meeting. On the Record Date, there were 34,732,088 shares of common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If, on April 16, 2019, your shares were registered directly in your name with Penumbra's transfer agent, American Stock Transfer & Trust Company, LLC (AST), then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy over the telephone or on the Internet as instructed below (See "How do I vote?") or complete, date, sign and return the proxy card mailed to you to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Broker, Bank or Other Nominee

If, on April 16, 2019, your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in "street name" and the Proxy Availability Notice is being forwarded to you by the organization that holds your account. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid proxy from your broker, bank or other nominee.

What am I voting on?

There are three matters scheduled for a vote:

• Election of three Class I directors;

• Ratification of the selection by the Board of Directors of the Company (the Board or the Board of Directors) of Deloitte & Touche LLP (Deloitte) as the Company's independent registered public accounting firm for the Company's fiscal year ending December 31, 2019; and

• Advisory vote on the compensation of the Company's Named Executive Officers.

What if another matter is properly brought before the Annual Meeting?

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the accompanying proxy will vote the shares for which you grant your proxy on those matters in accordance with their best judgment.

What is the Board's voting recommendation?

The Board recommends that you vote your shares:

• "For" the election of all nominees for director;

• "For" the ratification of the selection by the Board of Deloitte as the Company's independent registered public accounting firm for the Company's fiscal year ending December 31, 2019; and

• "For" the compensation of the Company's Named Executive Officers.

How do I vote?

With regard to the election of directors, you may either vote “For” all nominees to the Board or you may “Withhold” your vote for any nominee you specify. For each of the other matters to be voted on, you may vote “For” or “Against” or abstain from voting.

The procedures for voting depend on whether your shares are registered in your name or are held by a bank, broker or other nominee:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the Annual Meeting, vote by proxy over the telephone, vote by proxy through the Internet, or vote by proxy using a proxy card that you receive or may request. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting and vote in person even if you have already voted by proxy. Voting in person will have the effect of revoking your previously submitted proxy (see “Can I change my vote after submitting my proxy?” below).

To vote over the telephone, dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number from the Proxy Availability Notice. Your vote must be received by 11:59 p.m., Eastern Daylight Time on June 4, 2019 to be counted.

To vote through the Internet, go to <http://www.proxyvote.com> to complete an electronic proxy card. You will be asked to provide the company number and control number from the Proxy Availability Notice. Your vote must be received by 11:59 p.m., Eastern Daylight Time, on June 4, 2019 to be counted.

To vote using the proxy card, simply complete, sign and date the proxy card that may be delivered to you and return it promptly in the envelope provided. If you return your signed proxy card to us and we receive it before the Annual Meeting, we will vote your shares as you direct.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Nominee

If you are a beneficial owner of shares registered in the name of your broker, bank, or other nominee, you should have received a Proxy Availability Notice containing voting instructions from that organization rather than from Penumbra. Simply follow the voting instructions in the Proxy Availability Notice to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other nominee. Follow the instructions from your broker, bank or other nominee included with these proxy materials, or contact your broker, bank or other nominee to request a proxy form.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 16, 2019, the Record Date.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” the election of all nominees for director, “For” the ratification of Deloitte as the Company’s independent registered public accounting firm, and “For” the advisory approval of compensation of the Named Executive Officers. If any other matter is properly presented at the Annual Meeting, your proxy holder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Will my vote be kept confidential?

Proxies, ballots and voting tabulations are handled on a confidential basis to protect your voting privacy. This information will not be disclosed, except as required by law.

Who is paying for this proxy solicitation?

The accompanying proxy is solicited on behalf of the Board for use at the Annual Meeting. Accordingly, the Company will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees of the Company will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other nominees for the cost of forwarding proxy materials to beneficial owners.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

• You may submit another properly completed proxy card with a later date.

• You may submit a subsequent proxy by telephone or through the Internet.

• You may send a timely written notice that you are revoking your proxy to Penumbra's Secretary or Chief Executive Officer at One Penumbra Place, Alameda, CA 94502.

• You may attend the Annual Meeting and vote in person. Simply attending the Annual Meeting will not, by itself, revoke your proxy.

Your most current proxy card or telephone or Internet proxy is the one that is counted, so long as it is provided within the applicable deadline. If your shares are held by your broker, banker or other nominee, you should follow the instructions provided by your broker, bank or other nominee to change your vote or revoke your proxy.

When are stockholder proposals for inclusion in our proxy statement for next year's annual meeting due?

Stockholders wishing to present proposals for inclusion in our proxy statement for the 2020 annual meeting of stockholders (the 2020 Annual Meeting) pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act), must submit their proposals so that they are received by us at our principal executive offices no later than December 27, 2019. Proposals should be sent to our Secretary at One Penumbra Place, Alameda, CA 94502.

When are other proposals and stockholder nominations for next year's annual meeting due?

With respect to proposals and nominations not to be included in our proxy statement pursuant to Rule 14a-8 of the Exchange Act, our Amended and Restated Bylaws (our Bylaws) provide that stockholders who wish to nominate a director or propose other business to be brought before the stockholders at an annual meeting of stockholders must notify our Secretary by a written notice, which notice must be received at our principal executive offices not less than 120 days nor more than 150 days prior to the anniversary date of the immediately preceding year's annual meeting of stockholders.

Stockholders wishing to present nominations for director or proposals for consideration at the 2019 Annual Meeting under these provisions of our Bylaws must submit their nominations or proposals so that they are received at our principal executive offices not earlier than January 7, 2020 and not later than February 6, 2020 in order to be considered. In the event that the 2020 Annual Meeting is to be held on a date that is not within 30 days before or 70 days after the 1-year anniversary of the Annual Meeting, then a stockholder's notice must be received by the Secretary no earlier than 120 days prior to such annual meeting and no later than the later of 70 days prior to the date of the meeting or the 10th day following the day on which we make a public announcement of the date of the 2020 Annual Meeting.

Nominations or proposals should be sent in writing to our Secretary at One Penumbra Place, Alameda, CA 94502. A stockholder's notice to nominate a director or bring any other business before the Annual Meeting or the 2020 Annual Meeting must set forth certain information, which is specified in our Bylaws. A complete copy of our Bylaws may be found in the Governance section of the Investors section of our website at www.penumbrainc.com.

How are votes counted?

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count, "For", "Withhold" and broker non-votes for the proposal to elect directors, and with respect to other proposals, votes "For", "Against", "Abstain" and broker non-votes (if applicable).

What are "broker non-votes"?

Broker non-votes occur when a beneficial owner of shares held in "street name" does not give instructions to the broker, bank or other nominee holding the shares as to how to vote. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker, bank or other nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker, bank or other nominee can still vote the shares with respect to matters that are considered to be "routine," but cannot vote the shares with respect to "non-routine" matters. Under the rules and interpretations of the New York Stock Exchange (the NYSE), which generally apply to all brokers, bank or other nominees, on voting matters characterized by the NYSE as "routine," NYSE member firms have the discretionary authority to vote shares for which their customers do not provide voting instructions. On non-routine proposals, such as "uninstructed shares" may not be voted by member firms. Only the proposal to ratify the selection of our independent registered public accounting firm is considered a "routine" matter for this purpose and brokers, banks or other nominees generally have discretionary voting power with respect to such proposal. Broker non-votes will be counted for the purpose of determining whether a quorum is present at the Annual Meeting.

What is the effect of abstentions and broker non-votes?

Abstentions: Under Delaware law (under which Penumbra is incorporated), abstentions are counted as shares present and entitled to vote at the Annual Meeting, but they are not counted as shares cast. Our Bylaws provide that a stockholder action (other than the election of directors) shall be decided by the vote of the holders of a majority of the total number of votes of the Company's capital stock cast on the matter. Therefore, abstentions will have no effect on Proposal No. 2—Ratification of the Selection by the Board of the Company's Independent Registered Public Accounting Firm, and Proposal No. 3—Advisory Vote on Compensation of Named Executive Officers.

Broker Non-Votes: A "broker non-vote" occurs when a broker, bank or other nominee holding your shares in street name does not vote on a particular matter because you did not provide the broker, bank or other nominee voting instructions and the broker, bank or other nominee lacks discretionary voting authority to vote the shares because the matter is considered "non-routine" under the NYSE rules. The "non-routine" matters on the agenda for the Annual Meeting include Proposal No. 1—Election of Directors, and Proposal No. 3—Advisory Vote on Compensation of Named Executive Officers.

Broker non-votes will be counted for the purpose of determining whether a quorum is present at the Annual Meeting. However, because broker non-votes are not considered under Delaware law to be entitled to vote at the Annual Meeting, they will have no effect on the outcome of the vote on Proposal No. 1—Election of Directors, or Proposal No. 3—Advisory Vote on Compensation of Named Executive Officers. As a result, if you hold your shares in street name and you do not instruct your broker, bank or other nominee how to vote your shares in the election of directors or the advisory vote related to the Say on Pay proposal, no votes will be cast on your behalf on these proposals. Therefore, it is critical that you indicate your vote on these proposals if you want your vote to be counted. The proposal to ratify the selection by the Board of Deloitte as our independent registered public accounting firm for the fiscal year ending December 31, 2018 should be considered a “routine” matter. Therefore, your broker, bank or other nominee will be able to vote on Proposal No. 2—Ratification of the Selection by the Board of the Company’s Independent Registered Public Accounting Firm even if it does not receive instructions from you, so long as it holds your shares in its name.

How many votes are needed to approve each proposal?

| Proposal | Vote Required | Discretionary Voting Allowed? |
|--|------------------|-------------------------------------|
| No. 1. Election of Directors | Plurality | No |
| No. 2. Ratification of the Selection by the Board of the Company’s Independent Registered Public Accounting Firm | Majority Cast | Yes |
| No. 3. Advisory Vote on Compensation of Named Executive Officers | Majority Cast | No |

A “Plurality,” with regard to the election of directors, means that the three nominees who receive the most “For” votes cast by the holders of shares either present in person or represented by proxy will be elected to our Board. A “Majority Cast,” with regard to the advisory vote on compensation of our Named Executive Officers and the ratification of the selection by the Board of our independent registered public accounting firm means that a majority of the votes cast on the proposal are voted “For” the proposal.

Accordingly:

Proposal No. 1: For the election of directors, the three nominees receiving the most “For” votes from the holders of shares present in person or represented by proxy and entitled to vote on Proposal No. 1 will be elected as Class I directors to hold office until the 2022 annual meeting of stockholders. Only votes “For” or “Withheld” will affect the outcome. Broker non-votes will have no effect.

Proposal No. 2: To be approved, a majority of the total votes cast on Proposal No. 2 must be voted “For” the ratification of the selection by the Board of Deloitte as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019. Abstentions and broker non-votes will not be considered votes cast on Proposal No. 2; however, the ratification of the selection by the Board of Deloitte is a matter on which a broker, bank or other nominee has discretionary voting authority, and thus, we do not expect any broker non-votes with respect to Proposal No. 2.

Proposal No. 3: To be approved, a majority of the total votes cast on Proposal No. 3 must be voted “For” the approval on an advisory basis of the compensation of our Named Executive Officers. Abstentions and broker non-votes will not be considered votes cast on Proposal No. 3.

None of the proposals, if approved, entitles stockholders to appraisal rights under Delaware law or our charter.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid stockholder meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present in person or represented by proxy at the Annual Meeting. On the Record Date, there were 34,732,088 shares outstanding and entitled to vote. Thus, the holders of at least 17,366,045 shares must be present in person or represented by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy by mail, over the phone or through the Internet (or one is submitted on your behalf by your broker, bank or other nominee) or if you vote in person at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, then either the chair of the Annual Meeting or the holders of a majority of shares present at the Annual Meeting in person or represented by proxy may adjourn the meeting to another date. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified. If the adjournment is for more than 30 days, or if after that adjournment a new record date is fixed for the adjourned Annual Meeting, a notice of the adjourned Annual Meeting shall be given to each stockholder of record entitled to vote at the adjourned Annual Meeting.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a Current Report on Form 8-K that we expect to file with the SEC within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K with the SEC within four business days after the Annual Meeting, we intend to file a Form 8-K to publish the preliminary results within four business days after the Annual Meeting and file an additional Form 8-K to publish the final results within four business days after the final results are known to us.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

The Board of Directors knows of no matters to come before the Annual Meeting other than the matters referred to in this Proxy Statement. However, if any other matters should properly come before the meeting, the persons named in the enclosed proxy intend to vote in accordance with their best judgment. No director, nominee for election as director, or executive officer of Penumbra has any special interest in any matter to be voted upon other than election to the Board of Directors.

PROPOSAL NO. 1: ELECTION OF DIRECTORS

The Company's Board of Directors is presently comprised of seven members, who are divided into three classes, designated as Class I, Class II and Class III. One class of directors is elected by the stockholders at each annual meeting to serve from the time of their election until the third annual meeting of stockholders following their election. Class I directors consist of Don Kassing, Thomas Wilder, and Janet Leeds; Class II directors consist of Arani Bose, M.D., and Bridget O'Rourke; and Class III directors consist of Adam Elsesser and Harpreet Grewal.

The Nominating & Corporate Governance Committee of the Board (the NCG Committee) has renominated each of our Class I directors, Messrs. Kassing and Wilder, and Ms. Leeds, as nominees for a three-year term expiring at the 2022 annual meeting of stockholders and until their respective successors are duly elected and qualified, or, if sooner, until the director's death, resignation or removal. Each of Messrs. Kassing and Wilder and Ms. Leeds is currently a director of the Company. Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. The three nominees receiving the highest number of affirmative votes will be elected.

Proxies cannot be voted for a greater number of persons than the number of nominees named in this Proxy Statement. If any nominee should become unavailable to serve for any reason, it is intended that votes will be cast for a substitute nominee designated by the NCG Committee and approved by the Board. We have no reason to believe that Mr. Kassing, Mr. Wilder, or Ms. Leeds will be unable to serve if elected.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our Corporate Governance Guidelines, the charters of the committees of the Board and our Code of Business Conduct and Ethics, described below, can be found in the Governance—Corporate Governance section of the Investors section of our website at www.penumbrainc.com. Alternatively, you can request a copy of any of these documents free of charge by writing to: Johanna Roberts, Executive Vice President, General Counsel and Secretary, c/o Penumbra, Inc., One Penumbra Place, Alameda, CA 94502. Information on our website is not incorporated by reference in this Proxy Statement.

BOARD COMPOSITION

Our Board currently consists of seven members. In accordance with our Restated Certificate of Incorporation and our Bylaws, our Board is divided into three classes with staggered terms. At each annual meeting of stockholders, the successors to directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. The authorized number of directors may be changed by resolution of the Board. Our directors are divided among the three classes as follows:

• Class I directors consist of Don Kassing, Janet Leeds, and Thomas Wilder, whose terms expire at the Annual Meeting

• Class II directors consist of Arani Bose, M.D. and Bridget O'Rourke, whose terms expire at the 2020 annual meeting of stockholders and

• Class III directors consist of Adam Elsesser and Harpreet Grewal, whose terms expire at the 2021 annual meeting of stockholders.

Only one class of directors will be elected at each annual meeting of our stockholders, with the other classes continuing for the remainder of their respective terms. Each director's term continues until the election and qualification of his successor, or his earlier death, resignation or removal.

INDEPENDENCE OF THE BOARD OF DIRECTORS

The Board has affirmatively determined that all of the nominees and continuing directors, other than Mr. Elsesser and Dr. Bose, are independent directors within the meaning of the applicable NYSE listing standards and relevant securities and other laws, rules and regulations regarding the definition of "independent" (the Independent Directors). There are no family relationships between any director and any of our executive officers.

BOARD LEADERSHIP STRUCTURE

The Board believes that it is important to retain the flexibility to allocate the responsibilities of the offices of Chairman of the Board (Chair) and Chief Executive Officer in any manner that it determines to be in the best interests of the Company at any point in time.

The Board reviews its leadership structure periodically as part of its annual self-assessment process. In addition, the Board continues to monitor developments in corporate governance as well as the approaches our peers undertake. Since January 2015, the Board has determined to combine the roles of Chair and Chief Executive Officer under the leadership of our co-founder Adam Elsesser. At the present time, the Board believes that this is the most effective leadership structure for Penumbra. We believe that combining the Chief Executive Officer and Chair positions helps ensure that the Board and management act with a common purpose. The Board believes that Mr. Elsesser's combined role enables strong leadership, creates clear accountability and enhances our ability to communicate our message and strategy clearly and consistently to stockholders. In addition, we believe that a combined Chief Executive Officer and Chair is better positioned to act as a bridge between management and the Board, maintaining the regular flow of information. The Board believes that the current board leadership structure, coupled with a strong emphasis on board independence, provides effective independent oversight of management while allowing the Board and management to benefit from Mr. Elsesser's demonstrated senior leadership skills, expertise from years of experience in the medical device industry, and his experience and familiarity with our business as co-founder and Chief Executive Officer. Our Independent Directors bring experience, oversight and expertise from outside of our Company, while Mr. Elsesser brings company-specific experience and expertise.

The Board does not have a lead independent director. Our Corporate Governance Guidelines note that all directors are elected by the stockholders and all have an equal voice. The Board, therefore, does not believe it appropriate or necessary in serving the best interests of the Company to designate a lead director. The Chair and the Chief Executive Officer are free, as is the Board as a whole, to call upon any one or more directors to provide leadership in a given situation should a special need arise.

The Board has designated Don Kassing as the Presiding Director to lead the meetings of the non-employee directors. If the designated Presiding Director is not present for a meeting, the other non-employee directors appoint one of their number to act as Presiding Director for the meeting.

The Board, including each of its committees, also has complete and open access to any member of the Company's management and the authority to retain independent advisors as the Board or such committee deems appropriate. In addition, all members of the Audit Committee, the NCG Committee and the Compensation Committee are Independent Directors, and the committee chairs have authority to hold executive sessions without management and non-Independent Directors present.

ROLE OF THE BOARD IN RISK OVERSIGHT

One of the Board's key functions is informed oversight of the Company's risk management process. The Board believes that its current leadership structure facilitates its risk oversight responsibilities. In particular, the Board believes the majority-independent Board and independent Board committees provide a well-functioning and effective balance to an experienced Chair. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through the various Board standing committees that address risks inherent in their respective areas of oversight. For example, the Board acts as the ultimate decision-making body of the Company and advises and oversees management, who are responsible for the day-to-day operations and management of the Company. The Audit Committee monitors compliance with legal and regulatory requirements, in addition to oversight of the performance of our internal audit function, and reviews the Company's policies and practices with respect to risk assessment and risk management. The NCG Committee monitors the effectiveness of our corporate governance guidelines and policies. The Compensation Committee assesses and monitors whether any of our compensation programs, policies and practices has the potential to encourage excessive risk-taking.

It is the responsibility of the committee chairs to report findings regarding material risk exposures to the Board as quickly as possible. The Company's Executive Vice President and General Counsel and Chief Financial Officer and Head of Strategy coordinate between the Board and management with regard to the determination and implementation of responses to any problematic risk management issues.

MEETINGS OF THE BOARD OF DIRECTORS

The Board oversees our business. It establishes overall policies and standards and reviews the performance of management. During the fiscal year ended December 31, 2018, the Board held six meetings. Each Board member

attended 75% or more of the aggregate meetings of the Board and of the committees on which he or she served held during the period for which he or she was a director or committee member. The Company's directors are encouraged to attend our annual meetings of stockholders, but we do not currently have a policy relating to director attendance. One of the six directors serving at the time of the 2018 Annual Meeting of Stockholders attended that meeting.

Applicable NYSE listing standards require that non-employee directors meet at regularly scheduled executive sessions without management. The Independent Directors meet from time to time in executive session. In accordance with the NYSE Standards, the Board typically holds an executive session of non-employee directors (all of whom are Independent Directors), presided over by the Presiding Director, as a part of every regularly scheduled quarterly meeting of the Board.

INFORMATION REGARDING COMMITTEES OF THE BOARD OF DIRECTORS

The Board has a number of committees that perform certain functions for the Board. The current committees of the Board are the Audit Committee, the Compensation Committee, the NCG Committee, and the Executive Committee. Below is a description of each committee of the Board. Each of the committees has authority to engage legal counsel or other experts or consultants, as it deems appropriate to carry out its responsibilities. The Board has determined that each member of the Audit Committee, the Compensation Committee, and the NCG Committee meets the applicable NYSE listing standards and relevant securities and other laws, rules and regulations regarding "independence" and that each member of the Audit Committee, the Compensation Committee, and the NCG Committee is free of any relationship that would impair his or her individual exercise of independent judgment with regard to our Company.

Audit Committee

The Board has a separately designated standing Audit Committee established in accordance with Section 3(a)(58) of the Exchange Act. The Audit Committee was established by the Board to assist the Board in its oversight of the integrity of our financial statements and internal controls, the design, implementation and performance of our internal audit function, and our compliance with legal and regulatory requirements. In addition, the Audit Committee assists the Board in its oversight of the qualification, independence and performance of our independent registered public accounting firm and recommends to the Board the appointment of our independent registered public accounting firm. The Audit Committee was established in August 2015 and currently consists of four directors: Messrs. Grewal (Chair), Kassing, and Wilder, and Ms. O'Rourke. The Audit Committee met six times during 2018.

The Audit Committee is governed by a written charter, which was adopted by the Board in August 2015. The Audit Committee charter can be found in the Governance—Corporate Governance section of the Investors section of our website at www.penumbrainc.com. Information on our website is not incorporated by reference in this Proxy Statement. The Audit Committee charter grants the Audit Committee authority to obtain, at our expense, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Audit Committee considers necessary or appropriate in the performance of its duties.

As required by its charter, the Audit Committee conducts a self-evaluation at least annually. The Audit Committee also reviews and assesses the adequacy of its charter at least annually and recommends any proposed changes to the Board for its consideration.

The Board annually reviews the NYSE listing standards' definition of independence for Audit Committee members and has determined that all members of our Audit Committee are "independent" and "financially literate" under the NYSE listing standards and that members of the Audit Committee received no compensation from the Company other than for service as a director. The Board has determined that each of Messrs. Grewal, Kassing, and Wilder, and Ms. O'Rourke, qualifies as an "audit committee financial expert," as defined in applicable SEC rules. In making that determination, the Board relied on the past business experience of Messrs. Grewal, Kassing, and Wilder, and Ms. O'Rourke. Please see the description of the business experience for Messrs. Grewal, Kassing, and Wilder, and Ms. O'Rourke under the heading "Nominees for Director and Continuing Directors."

Report of the Audit Committee of the Board of Directors

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. Management has the primary responsibility for the preparation and integrity of the consolidated financial statements and the reporting process, including establishing and monitoring the system of internal financial controls. In this context, during fiscal year 2018, the Audit Committee met and held discussions with management and Deloitte & Touche LLP (Deloitte), the Company's independent registered public accounting firm. Management has represented to the Audit Committee that the Company's consolidated financial statements for the fiscal year ended December 31, 2018, were prepared in accordance with accounting principles generally accepted in the United States of America, and the Audit Committee has reviewed and discussed the audited financial statements of the Company with management of the Company and with Deloitte. In addition, the Audit Committee has discussed with Deloitte the matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board (PCAOB). The Audit Committee has received from Deloitte the written disclosures and the letter required by applicable requirements of the PCAOB regarding Deloitte's communications with the Audit Committee concerning independence and has discussed with Deloitte the independence of Deloitte from the Company and its management. The Audit Committee has also concluded that the provision of the non-audit services to the Company in fiscal year 2018 was compatible with Deloitte's independence. Based on the foregoing, the Audit Committee has recommended to the Board, and the Board has approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC. The Audit Committee and the Board have also approved the selection of Deloitte as the Company's independent registered public accounting firm for the year ending December 31, 2019.

The material in this report is not deemed "soliciting material," is not deemed "filed" with the SEC, is not subject to Regulation 14A or 14C or to the liabilities of Section 18 of the Exchange Act, and is not to be incorporated by reference into any filing of Penumbra under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Compensation Committee

The Compensation Committee acts on behalf of the Board to oversee the Company's executive compensation and benefits programs and policies, evaluate executive officer performance and compensation and review the Company's management succession plan. Among other things, the Compensation Committee is responsible for:

- reviewing and approving, or recommending that the Board approve, the compensation of our executive officers;
- administering our stock and equity incentive plans;
- reviewing and approving, or making recommendations to the Board with respect to, incentive compensation and equity plans; and
- reviewing our overall compensation philosophy.

The Compensation Committee was established in June 2015 and currently consists of four directors: Messrs. Wilder (Chair), Grewal, and Kassing, and Ms. O'Rourke. The Compensation Committee met five times during 2018 and took action by unanimous written consent on one occasion. The Board has determined that all members of our Compensation Committee meet the independence requirements under SEC rules and NYSE listing standards.

The Compensation Committee is governed by a written charter, which was adopted by the Board in August 2015. The Compensation Committee charter can be found in the Governance—Corporate Governance section of the Investors section of our website at www.penumbrainc.com. Information on our website is not incorporated by reference in this Proxy Statement. The Compensation Committee charter grants the Compensation Committee sole authority to retain or obtain the advice of a compensation consultant, legal counsel or other adviser, including the authority to approve the consultant's reasonable compensation. The Compensation Committee may select such advisers, or receive advice from any other adviser, only after taking into consideration all factors relevant to that person's independence from management, including those independence factors enumerated by NYSE listing standards.

Under the Compensation Committee charter, the Compensation Committee may, in its discretion, delegate its duties to a subcommittee or to the Chair of the Compensation Committee.

As required by its charter, the Compensation Committee conducts a self-evaluation at least annually. The Compensation Committee also annually reviews and assesses the adequacy of its charter and recommends any proposed changes to the Board for its consideration.

In November 2015, the Board created an Equity Award Committee, consisting solely of Mr. Elsesser, our Chairman, Chief Executive Officer and President. The Board delegated to the Equity Award Committee the authority to make equity grants under the 2014 Equity Incentive Plan to (non-executive) new employees, to current employees in connection with promotions, to consultants and to reward exceptional achievements between meetings of the Compensation Committee within guidelines established by the Board or the Compensation Committee.

Compensation Committee Processes and Procedures

The implementation of our compensation philosophy is carried out under the supervision of the Compensation Committee. The Compensation Committee charter requires that the Compensation Committee meet as often as it determines is appropriate to carry out its responsibilities under the charter. The agenda for each meeting is usually developed by the Chair of the Compensation Committee, in consultation with management and the Compensation Committee's compensation consultant. On occasion, the Compensation Committee meets in executive session. However, our Chief Executive Officer and President, our Chief Financial Officer and Head of Strategy, and our Executive Vice President and General Counsel, in addition to the Compensation Committee's compensation consultant, may attend portions of the Compensation Committee meetings for the purpose of providing analysis and information to assist management with their recommendations on various compensation matters. These officers do not participate in the executive sessions of the Compensation Committee.

Since August 2015 the Compensation Committee has engaged Compensia, Inc. (Compensia) as an independent adviser to the Compensation Committee. For 2018, Compensia conducted analysis and provided advice on, among other things, the Company's compensation analysis and strategies and the development of the Company's peer group. Compensia reports directly to the Compensation Committee, which retains sole authority to direct the work of and engage Compensia.

In February 2019, the Compensation Committee, taking into account the various factors prescribed by the NYSE regarding the independence of compensation consultants described above, reaffirmed the independence of Compensia as a compensation advisor.

Compensation Committee Interlocks and Insider Participation

No member of our Compensation Committee has ever been an executive officer or employee of us or any of our subsidiaries. None of our executive officers currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of the Board or Compensation Committee. During 2018, no members of our Compensation Committee had any relationships requiring disclosure by us under the SEC's rules requiring disclosure of certain relationships and related party transactions.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained herein with management, and based on such review and discussions, the Compensation Committee has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated into Penumbra's Annual Report on Form 10-K for the year ended December 31, 2018.

Nominating and Corporate Governance Committee

The NCG Committee is generally responsible for identifying qualified Board candidates, recommending director nominees and appointments to Board committees, evaluating Board performance, overseeing director compensation and overseeing the Company's Corporate Governance Guidelines. To that end, the NCG Committee is responsible for, without limitation:

- identifying and recommending candidates for membership on the Board;
- reviewing and recommending to the Board the compensation of our directors;
- reviewing and recommending our corporate governance guidelines and policies;
- reviewing proposed waivers of the code of conduct for directors and executive officers;
- overseeing the process of evaluating the performance of the Board; and
- assisting the Board on corporate governance matters.

A detailed discussion of the NCG Committee's procedures for recommending candidates for election as a director appears below under the caption Procedures of the Nominating and Corporate Governance Committee.

The NCG Committee was established in August 2015 and currently consists of four directors: Messrs. Kassing (Chair), Grewal, and Wilder, and Ms. O'Rourke. The NCG Committee met three times during 2018. The Board has determined that all members of our NCG Committee meet the independence requirements under SEC rules and NYSE listing standards.

The NCG Committee is governed by a written charter, which was adopted by the Board in August 2015. The NCG Committee charter can be found in the Governance—Corporate Governance section of the Investors section of our website at www.penumbrainc.com. The NCG Committee charter complies with the guidelines established by the NYSE. Information on our website is not incorporated by reference in this Proxy Statement. The charter of the NCG Committee grants the NCG Committee authority to retain and terminate any advisers, including search firms to identify director candidates, compensation consultants as to director compensation and legal counsel, including sole authority to approve all such advisers' fees and other retention terms.

As required by its charter, the NCG Committee conducts a self-evaluation at least annually. The NCG Committee also periodically reviews and assesses the adequacy of its charter and recommends any proposed changes to the Board for approval.

Procedures of the Nominating and Corporate Governance Committee

In connection with nominating directors for election at the Annual Meeting and periodically throughout the year, the NCG Committee considers the composition of the Board and each committee of the Board to evaluate its effectiveness and whether or not changes should be considered to either the Board or any of the committees. In support of this process, the Board has determined that the Board as a whole must have the right diversity, mix of characteristics and skills for the optimal functioning of the Board in its oversight of our Company. The Board considers the following factors and qualifications:

- the appropriate size and the diversity of the Board;
- the needs of the Board with respect to the particular talents and experience of its directors;
- the knowledge, skills and experience of nominees, including experience in the industry in which the Company operates, business, finance, management or public service, in light of prevailing business conditions and the knowledge, skills and experience already possessed by other members of the Board;
- familiarity with domestic and international business matters;

legal and regulatory requirements; and
experience with accounting rules and practices.

Pursuant to the NCG Committee charter, the NCG Committee intends to periodically review the composition of the Board in light of the current challenges and needs of the Board and the Company, and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, skills, background and experience. Although the NCG Committee does not have a formal policy respecting diversity on the Board, the NCG Committee is sensitive to the importance of nominating persons with different perspectives and experience to enhance the deliberation and decision-making processes of the Board.

Once the NCG Committee and the Board determine that it is appropriate to add a new director, either as a replacement or as a new position, the NCG Committee uses a flexible set of procedures in selecting individual director candidates. This flexibility allows the NCG Committee to adjust the process to best satisfy the objectives it is attempting to accomplish in any director search. The first step in the general process is to identify the type of candidate the NCG Committee may desire for a particular opening, including establishing the specific target skill areas, experiences and backgrounds that are to be the focus of a director search. The NCG Committee may consider candidates recommended by management, by other members of the NCG Committee, by the Board, by stockholders, or it may engage a third party to conduct a search for possible candidates. In considering candidates submitted by stockholders, the NCG Committee will take into consideration the needs of the Board and the qualifications of the candidate.

In order for a stockholder to have a candidate considered by the NCG Committee, a stockholder should submit a written recommendation that includes (A) as to each person whom the stockholder proposes to nominate for election or reelection as director: (1) all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected; and (2) a reasonably detailed description of any compensatory, payment or other financial agreement, arrangement or understanding that such person has with any other person or entity other than the Company including the amount of any payment or payments received or receivable thereunder, in each case in connection with candidacy or service as a director of the Company, and (B) as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the proposal is made: (1) the name and address of such stockholder (as they appear on the Company's books) and any such beneficial owner; (2) for each class or series, if any, the number of shares of capital stock of the Company that are held of record or are beneficially owned by such stockholder and by any such beneficial owner; (3) a description of any agreement, arrangement or understanding between or among such stockholder and any such beneficial owner, any of their respective affiliates or associates, and any other person or persons (including their names) in connection with the proposal of such nomination or other business; (4) a description of any agreement, arrangement or understanding (including, regardless of the form of settlement, any derivative, long or short positions, profit interests, forwards, futures, swaps, options, warrants, convertible securities, stock appreciation or similar rights, hedging transactions and borrowed or loaned shares) that has been entered into by or on behalf of, or any other agreement, arrangement or understanding that has been made, the effect or intent of which is to create or mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of, such stockholder or any such beneficial owner or any such nominee with respect to the Company's securities; (5) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to bring such nomination or other business before the meeting; (6) a representation as to whether such stockholder or any such beneficial owner intends or is part of a group that intends to (i) deliver a proxy statement and/or form of proxy to holders of at least the percentage of the voting power of the Company's outstanding capital stock required to approve or adopt the proposal or to elect each such nominee and/or (ii) otherwise to solicit proxies from stockholders in support of such proposal or nomination; (7) any other information relating to such stockholder, beneficial owner, if any, or director nominee or proposed business that would be required to be disclosed in a proxy statement or other filing required to be made in connection with the solicitation of proxies in support of such nominee or proposal pursuant to Section 14 of the Exchange Act; and (8) such other information relating to any proposed item of business as the Company may reasonably require to determine whether such proposed item of business is a proper matter for stockholder action. Stockholder recommendations should be addressed to the NCG

Committee in care of our Secretary at the address set forth below under the heading Stockholder Communications with the Board of Directors.

Once candidates are identified, the NCG Committee conducts an evaluation of qualified candidates. The evaluation generally includes interviews and background and reference checks. There is no difference in the evaluation process of a candidate recommended by a stockholder as compared to the evaluation process of a candidate identified by any of the other means described above. In identifying and evaluating potential nominees to serve as directors, the NCG Committee will examine each nominee on a case-by-case basis regardless of who recommended the nominee and take into account all factors it considers appropriate.

If the NCG Committee determines that a candidate should be nominated as a candidate for election to the Board, the candidate's nomination is then recommended to the Board, and the directors may in turn conduct their own review to the extent they deem appropriate. When the Board has agreed upon a candidate, such candidate is recommended to the stockholders for election at an annual meeting of stockholders or appointed as a director by a vote of the Board as appropriate.

Each of the current Class I directors has been recommended by the NCG Committee to the Board for re-election as our directors at the Annual Meeting, and the Board has approved such recommendations.

Executive Committee

The Executive Committee is vested with the authority to exercise certain functions of the Board when the Board is not in session, subject to restrictions imposed by applicable law, the NYSE listing standards and any other limitations prescribed by the Board.

The Executive Committee was established in May 2015 and is composed of three directors: Messrs. Elsesser (Chair), Kassing, and Wilder. Two of the three members of the Executive Committee are "independent" under the listing standards of the NYSE. The Executive Committee took action by written consent on one occasion during 2018.

STOCKHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

Our relationship with our stockholders is an important part of our corporate governance program. Engaging with our stockholders helps us to understand how they view us, to set goals and expectations for our performance, and to identify emerging issues that may affect our strategies, corporate governance, compensation practices or other aspects of our operations. Our stockholder and investor outreach includes investor road shows, analyst meetings, and investor conferences and meetings. We also communicate with stockholders and other stakeholders through various media, including our annual report and SEC filings, proxy statement, news releases, and our website. Our conference calls for quarterly earnings releases are open to all. These calls are available in real time and as archived webcasts on our website for a period of time.

The Board has adopted a process for stockholders and others to send communications to the Board or any director. All such communications should be sent by mail addressed to the Board or any particular director at One Penumbra Place, Alameda, CA 94502, c/o Johanna Roberts, Executive Vice President, General Counsel and Secretary. All communications received by Ms. Roberts will be sent directly to the Board or any particular director.

CODE OF BUSINESS CONDUCT AND ETHICS

The Board has adopted a Code of Business Conduct and Ethics that is applicable to all employees and directors, including our Chief Executive Officer and President, Chief Financial Officer and Head of Strategy, other executive officers, and senior financial personnel. A copy of our Code of Business Conduct and Ethics is available in the Governance—Corporate Governance section of the Investors section of our website at www.penumbrainc.com. Information on our website is not incorporated by reference in this Proxy Statement. If we make any substantive amendments to our Code of Business Conduct and Ethics or grant any waiver from a provision of our Code of Business Conduct and Ethics to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website in accordance with the requirements of Item 5.05 of Form 8-K.

DIRECTOR STOCK OWNERSHIP GUIDELINES

The Corporate Governance Guidelines include stock ownership guidelines for our non-employee directors, which have been adopted by the Board. The Board believes these stock ownership guidelines are an important tool in aligning the interests of our directors with the long-term interests of our stockholders.

Under the stock ownership and retention guidelines for non-employee directors approved by the Board in April 2017, our non-employee directors are expected to hold shares of the Company's common stock with a value equal to three times (3x) the director's annual cash retainer (the Ownership Requirement). The value of a share of the Company's common stock is calculated as of December 31st of each calendar year (the Determination Date) based on the adjusted closing price of our common stock on the NYSE on such date (or the business day immediately preceding December 31st if such date should fall on a weekend). Any change in the value of the shares of our common stock during the subsequent year does not affect the amount of stock a director should hold during that year pursuant to the Ownership Requirement. If the value of the shares of our common stock decreases during a particular year, each director has until the next Determination Date to acquire any additional shares needed to meet the Ownership Requirement. When a non-employee director is newly appointed to the Board, that director shall have a period of three years to accumulate the shares required to satisfy these ownership guidelines. In addition, in the event the annual retainer increases, the NCG Committee will recommend an appropriate period of time for each non-employee director to acquire any additional shares needed to satisfy the Ownership Requirement.

For purposes of determining ownership, the following is included in determining whether a director has satisfied the Ownership Requirement: (i) shares of our common stock owned individually, either directly or indirectly, including vested and unvested restricted stock awards and restricted stock units (RSUs), or shares acquired upon the exercise of stock options; and (ii) shares of our common stock owned jointly or separately by a spouse, domestic partner and/or minor children, directly or indirectly. No other rights to acquire shares of our common stock (including stock options or similar rights) are considered shares of our common stock owned for purposes of meeting the Ownership Requirement.

Should a non-employee director at any time following the calendar year's Determination Date and before the the next year's Determination Date cease to comply with the Ownership Requirement, the NCG Committee, in its sole discretion, may review and address any such shortfall in ownership as it deems appropriate.

The Board has also adopted stock ownership guidelines for our Chief Executive Officer. These requirements are discussed in greater detail under Executive Compensation.

ANTI-HEDGING AND ANTI-PLEDGING POLICY

The Board has approved an anti-hedging and anti-pledging policy for our directors and executive officers. Under this policy, all of our executive officers and directors are prohibited from engaging in short-sales, transactions in put or call options, hedging transactions or other inherently speculative transactions in Penumbra stock or pledging Penumbra stock in any circumstance, including by purchasing Penumbra stock on margin or holding Penumbra stock in a margin account.

Further, in August 2015 Penumbra adopted a policy concerning trading in company securities (the Insider Trading Policy). The Insider Trading Policy applies to the Company's directors, officers, and employees and includes a prohibition on engaging in any hedging transactions (including transactions involving options, puts, calls, prepaid variable forward contracts, equity swaps, collars and exchange funds or other derivatives) that are designed to hedge or speculate on any change in the market value of the Company's equity securities.

DIRECTOR COMPENSATION

Our directors play a critical role in guiding our strategic direction and overseeing the management of Penumbra. The many responsibilities and risks and the substantial time commitment of being a director require that we provide adequate compensation commensurate with our directors' workload and opportunity costs. Our non-employee directors receive a combination of annual cash retainers and annual refresh grants of restricted stock or RSUs in amounts that correlate to their responsibilities and levels of Board participation. Our two employee directors, Mr. Elsesser and Dr. Bose, receive no separate compensation for their service as directors.

Under the Company’s director compensation policy, which was approved by the Board in April 2017 following input from Compensia, each non-employee director receives an annual cash retainer of \$40,000. The Audit Committee Chair receives an additional cash retainer of \$25,000. Each non-employee director also receives an annual refresh grant of RSUs in an amount equal to three times (3x) the annual cash retainer received by the non-employee directors (currently \$40,000), divided by the adjusted closing price of Penumbra’s common stock on the date of the grant, rounded up or down to the nearest whole share. The annual refresh grants vest over one year in equal quarterly installments on the last day of each calendar quarter, subject to each director’s continued service on the Board through the vesting date. Upon joining the Board, each non-employee director receives an initial grant of RSUs in an amount equal to three times (3x) the annual cash retainer received by non-employee directors (currently \$40,000), divided by the adjusted closing price of Penumbra’s common stock on the date of the grant, rounded up or down to the nearest whole share. The initial grants vest over four years in equal quarterly installments beginning on the last day of the calendar quarter in which the director joined the Board, subject to the director’s continued service on the Board through the vesting date.

The following table is a summary of the annual cash compensation paid to the non-employee directors for 2018. Each applicable line item is an additional element of compensation.

| Director Position | Annual Cash Compensation ⁽¹⁾⁽²⁾ |
|----------------------------|--|
| All Non-Employee Directors | \$ 40,000 |
| Audit Committee Chair | \$ 25,000 |

The annual cash compensation that the Company pays to its Board members, other than Mr. Elsesser and Dr. Bose, (1) is based on their positions on the Board, and the Company does not compensate the Board members on a per meeting basis. The amounts reflected in the table above were approved by the Board in April 2017.

(2) This annual cash compensation is paid quarterly in arrears.

On February 16, 2018 each of the non-employee directors was awarded an annual grant of 1,215 RSUs under the Penumbra, Inc. 2014 Equity Incentive Plan, which vested in four equal installments on the last day of each calendar quarter of 2018 starting March 31, 2018. The following table lists actual compensation paid to each of the non-employee directors during 2018. Ms. Leeds joined the Board in January 2019 and did not receive any compensation in 2018. Mr. Elsesser and Dr. Bose, each of whom are also NEOs, do not receive any additional compensation for services provided as a director.

Director Compensation in 2018 Table

| Name | Fees Earned or Paid in Cash (\$) ⁽¹⁾ | Stock Awards (\$) ⁽²⁾ | Total (\$) |
|------------------|---|----------------------------------|------------|
| Harpreet Grewal | 65,000 | 119,921 | 184,921 |
| Don Kassing | 40,000 | 119,921 | 159,921 |
| Bridget O’Rourke | 40,000 | 119,921 | 159,921 |
| Thomas Wilder | 40,000 | 119,921 | 159,921 |

(1) Director fees are generally paid quarterly in arrears within five weeks after the close of a quarter. Accordingly, director fees earned in the fourth quarter of 2018 were paid in early 2019.

(2) The amounts in this column reflect the aggregate grant date fair market value of the stock awards granted to our non-employee directors computed in accordance with the Financial Accounting Standards Board’s Accounting Standards Codification (FASB ASC) Topic 718 (without regard to forfeiture). The grant date fair market value of the annual grant of RSUs for non-employee directors was \$98.70 per share (the closing price of Penumbra common stock on February 16, 2018). For the assumptions used in determining these grant date fair market values, see Notes 2 and 9 to the consolidated financial statements contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018, as filed with the SEC on February 26, 2019. There were no unvested awards as of December 31, 2018, except for 798 RSUs remaining unvested from Ms. O’Rourke’s initial director grant.

PROPOSAL NO. 2: RATIFICATION OF THE SELECTION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR PENUMBRA

On April 1, 2019, the Board selected and approved of Deloitte & Touche LLP (Deloitte) as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2019. Deloitte has served as our independent registered public accounting firm since September 17, 2008. Representatives of Deloitte plan to attend the Annual Meeting and will be available to answer appropriate questions from stockholders. They will have the opportunity to make a statement if they desire to do so.

Neither our Bylaws nor other governing documents or law require stockholder ratification of the selection of Deloitte as the Company’s independent registered public accounting firm. However, the Board is submitting the selection of Deloitte to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board will reconsider whether or not to retain Deloitte. Even if the selection is ratified, the Board in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Board determines that such a change would be in the best interest of the Company and its stockholders.

Independent Registered Public Accounting Firm

The following is a summary of the fees and services provided by Deloitte to the Company for fiscal years 2017 and 2018:

| Description of Services Provided by Deloitte | Fiscal Year Ended | |

| All Other Fees ⁽³⁾ | - | \$3,200 |
| TOTAL | \$2,320,360 | \$2,360,444 |

Audit fees for Deloitte for 2018 and 2017 were for professional services rendered for the audits of our financial (1) statements and of our internal controls over financial reporting, review of interim financial statements, and services that are normally provided by Deloitte in connection with statutory and regulatory filings or engagements.

(2) Reflects fees paid in connection with tax consulting and compliance services.

(3) Reflects fees paid in connection with training provided by Deloitte.

The Audit Committee or delegate thereof pre-approves the scope of the audit, audit-related, tax, and other services provided by our independent registered public accounting firm, as well as all associated fees and terms, pursuant to pre-approval policies and procedures established by the Audit Committee. The Audit Committee evaluates the independent registered public accounting firm’s qualifications, performance and independence, and presents its conclusions to the full Board on at least an annual basis.

All of the services provided by Deloitte, and fees for such services described above, were pre-approved by the Audit Committee in accordance with these standards.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL NO. 2.

PROPOSAL NO. 3: ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

Background and Purpose of Proposal

In accordance with rules promulgated pursuant to Section 14A of the Exchange Act, stockholders are being asked to approve, on an advisory and non-binding basis, the compensation of the Company's NEOs as disclosed in this Proxy Statement. This is commonly referred to as a Say-on-Pay proposal. This advisory vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's NEOs and the philosophy, policies and practices described in this Proxy Statement. At the 2017 annual meeting of stockholders, our stockholders expressed preference that we hold an advisory vote on named executive officer compensation each year. The Board affirmed the stockholders' preference and will hold "Say-on-Pay" votes on an annual basis until the next required stockholder vote on "say-on-pay" frequency, which is scheduled to be held at the 2023 annual meeting of stockholders. The compensation of the Company's NEOs subject to this advisory vote is disclosed under the heading "Executive Compensation — Compensation Discussion and Analysis," the compensation tables, and the related narrative disclosure contained in this Proxy Statement. As described in detail in these disclosures, the Company's compensation philosophy is to maintain a transparent and simple executive compensation program that fosters an ownership mentality by emphasizing long-term equity compensation coupled with cash compensation in the form of a base salary that meets current needs. Please read the Compensation Discussion and Analysis and the compensation tables that follow it for additional information about the Company's executive compensation program, including information about the 2018 compensation of the Company's NEOs.

Accordingly, the Board is asking the stockholders to indicate their support for the compensation of the Company's NEOs as described in this Proxy Statement by casting a non-binding advisory vote "FOR" the following resolution: "RESOLVED, that the compensation paid to the Company's NEOs for fiscal 2018, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion & Analysis, compensation tables, and narrative discussion and any related material, is APPROVED."

The Compensation Discussion and Analysis section of this Proxy Statement contains more information on the Company's executive compensation program and we urge you to read it carefully before casting your vote on this proposal. Because the vote is advisory, it is not binding on the Company, the Board or the Compensation Committee of the Board. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to our management, the Board and the Compensation Committee. Our management, Board and Compensation Committee all intend to consider the results of this vote in making determinations in the future regarding our executive compensation arrangements and the Company's executive compensation program, policies and practices.

Advisory approval of this proposal requires the vote of a majority of shares cast by the holders of shares present in person or represented by proxy and entitled to vote at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE IN FAVOR OF PROPOSAL NO. 3.

Legal Proceedings

There are no material proceedings to which any director, officer or affiliate of the Company, any owner of record or beneficially of more than 5% of any class of voting securities of the Company, any associate of any such director, officer, affiliate of the Company, or security holder is a party adverse to the Company or any of its subsidiaries or has a material interest adverse to the Company or any of its subsidiaries.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who beneficially own more than 10% of a registered class of our equity securities to file reports of ownership and reports of changes in the ownership with the SEC. Executive officers, directors and greater than 10% stockholders are required by the SEC to furnish us with copies of all Section 16(a) filings they make.

To the best of our knowledge and based solely on a review of the copies of such reports furnished to us or written representation that no other reports were required, during the fiscal year ended December 31, 2018, other than as set forth below, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with on a timely basis:

- One report, covering one transaction related to an option exercise on January 2, 2018, was filed late on behalf of Robert Evans, who was our Executive Vice President and General Counsel until September 1, 2018.
- One report, covering one transaction related to an option exercise on November 30, 2018, was filed late on behalf of Lynn Rothman.

EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis (CD&A) provides information about our 2018 compensation program for the individuals who served as our principal executive officer, principal financial officer and three other most highly-compensated executive officers as of December 31, 2018, or the Named Executive Officers (whom we refer to in this discussion as our NEOs), each of whose compensation is set forth in the Summary Compensation Table and the other compensation tables included in this proxy statement:

- Adam Elsesser, our Chairman, President and Chief Executive Officer;
- Sri Kosaraju, our Chief Financial Officer and Head of Strategy;
- Lynn Rothman, our Executive Vice President and Chief Business Officer;
- Arani Bose, M.D., our Chief Innovator; and
- Daniel Davis, our Chief Commercial Officer and 2018 President, North America (as of January 21, 2019, the role of President, North America no longer exists; Mr. Davis is continuing in his role as Chief Commercial Officer and in that capacity no longer serves as an executive officer of the Company).

This CD&A also discusses our executive compensation philosophy; decisions involving our executive team, including the NEOs, with respect to compensation paid for 2018; the role of Compensia, our compensation consultant; the individual components of our executive compensation program; and certain other policies affecting executive compensation at Penumbra.

Executive Summary

2018 Executive Compensation Highlights

For the year ended December 31, 2018, the key highlights of our compensation program included:

- Below Market CEO Total Cash Compensation. Throughout his tenure as our Chief Executive Officer, Mr. Elsesser has expressed a preference to our Compensation Committee that his cash compensation be modest so we could invest in other areas of the business. Mr. Elsesser maintained this preference in fiscal year 2018 and was not granted any new equity grant or cash compensation increases. As such, his total cash compensation is below the competitive market 10th percentile.
- Below Market Executive Officer Total Cash Compensation. Because we generally do not pay bonuses or other short-term cash incentive compensation, total cash compensation levels approximated or were below the competitive market 25th percentile for all of our executive officers other than Mr. Davis, whose total cash compensation level approximated the competitive market 45th percentile, and Ms. Rothman, whose total cash compensation level approximated the competitive market 75th percentile.
- Peer Group. We modified our compensation peer group to add six new companies and remove five former members of the compensation peer group. Two of the removals were due to acquisition activity; the remaining changes to the compensation peer group were made to make our compensation peer group consistent with the updates to compensation peer group inclusion criteria, which reflected changes in our revenue, market cap and growth profile.
- Increases to Base Salary. Our NEOs have not received increases to base salary since 2015. In June 2018 we increased the base salary of two of our NEOs, Mr. Kosaraju and Ms. Rothman, from \$500,000 to \$600,000 as a result of a review of their prior year's base salary relative to the competitive market and after consideration of the increased scale and complexity of the Company.

•Short-Term Incentive Compensation Award. With one exception, our NEOs have not received cash bonus or other short-term incentive compensation since 2015. In February 2019 we granted a cash bonus to Mr. Davis that was based on his responsibilities over the 2018 performance of our North American sales team.

•Equity Awards. With one exception, our NEOs have not received equity award grants since 2015. In 2018 we granted an equity award to Mr. Davis, who was granted an equity award in the form of RSUs for retention purposes.

Executive Compensation Philosophy

Our Board and Compensation Committee maintain a simple structure for our executive compensation program focused on base salary and equity ownership. We pay our NEOs cash compensation in the form of a base salary that is at the higher end of the competitive market, but because we generally do not pay bonuses or other cash or equity incentive compensation, our NEOs receive total executive cash compensation levels that are with limited exceptions at the lower end of the competitive market.

We are confident that our streamlined compensation program aligns with our culture of cooperation and that it incentivizes our NEOs to work for the overall long-term good of the Company.

The Compensation Committee continually reviews our compensation philosophy to determine whether any changes to our current philosophy are required going forward to reward, incentivize, and retain our executive officers, or for other purposes.

Executive Compensation Philosophy, Objectives, Design and Components

It is critical to accomplishing our business objectives that we attract and retain talented executives whose skills and expertise enable them to contribute to our long-term success. As such, the principle objectives of our executive compensation program are to fairly reward, incentivize, and retain members of our executive team so that they perform in a manner that aligns their long-term interests with those of the Company and our stockholders. The following table identifies the main elements of our executive compensation program, the reasons for each, and the key features of each element within our executive compensation program:

| Element | Reason for Providing Element | Key Features |
|--|---|---|
| Base Salary | Provide our NEOs a competitive fixed level of cash compensation for their services based on their knowledge, skills, and experience | Reviewed annually for market competitiveness. Typically we do not make annual increases to the base salaries of our NEOs. |
| Short-Term Cash Incentive Compensation | Encourage our NEOs to achieve short-term individual and company goals that drive our growth | We do not have an established annual program of paying cash incentive compensation to our NEOs. However, we continually evaluate whether short-term cash incentive compensation is warranted. In 2018 we paid short-term cash incentive compensation to one NEO based on his particular responsibilities. |
| Long-Term Equity Awards | Provide long-term retention and incentives to our NEOs that align their interests with our stockholders' interests | We do not have an established annual program of awarding equity grants to our NEOs. We continually evaluate whether long-term equity awards are needed for retention, interest alignment, or other purposes. Only one NEO has received long-term equity awards since 2015. |

Since our founding in 2004, we have consistently maintained a transparent and simple executive compensation program that fosters an ownership mentality by emphasizing long-term equity compensation coupled with cash compensation in the form of a base salary that meets current needs. The primary components of the compensation programs for our NEOs are base salary and equity awards in the form of stock options, and restricted stock and restricted stock unit (RSU) awards, all subject to time-based vesting. Our 2014 Equity Incentive Plan allows us to grant, and we may consider granting, performance awards as an additional component of compensation in the future. To date, we have not established a practice of granting equity awards annually or on any other regular basis.

We are confident that our executive compensation program aligns with our culture of cooperation, and incentivizes our NEOs to work for the overall long-term good of the Company. We believe that short-term incentive compensation or other cash bonus programs can result in individuals adapting their conduct to meet specific short-term goals, the achievement of which may have unintended consequences over the long term. Moreover, differences in compensation resulting from short-term incentive compensation and other cash bonus programs can create distractions that are contrary to our culture of cooperation.

We pay our NEOs cash compensation in the form of a base salary that is at the higher end of the competitive market (at or above the market 90th percentile for all of our executive officers as of February 2018). However, because we generally do not pay bonuses or other cash or equity incentive compensation, our total executive cash compensation levels are with limited exceptions at the lower end of the competitive market (below the 25th percentile for all of our executive officers other than Mr. Davis, whose total cash compensation level approximated the 45th percentile, and Ms. Rothman, whose total cash compensation level approximated the 75th percentile, as of February 2018).

Typically, we do not make annual increases to the base salaries of our executive officers. However, we increased the annual base salaries of two of our executive officers in June 2018, which was the first time we had increased the annual base salaries of any of our executive officers since 2015.

Since our IPO in September 2015, we have not granted any of our executive officers, other than Mr. Davis, equity awards or bonuses or other cash incentive compensation. While we constantly evaluate compensation of our executive officers to reward, incentivize and retain them as appropriate, the Compensation Committee concluded that, with the exception of the grant of an equity award for retention and short-term incentive compensation based on his responsibilities over the 2018 performance of our North American sales team, both of which were awarded to Mr. Davis, no additional equity grants or other short-term incentive compensation were necessary in 2018.

The Compensation Committee will continue to review our compensation philosophy to determine whether any changes to our current philosophy are required going forward to reward, incentivize, and retain our executive officers, or for other purposes.

2018 Say-on-Pay Vote and Stockholder Engagement

At the 2018 Annual Meeting, approximately 99% of the stockholders voting at the meeting approved the compensation paid to our NEOs in 2017. Although the vote was non-binding, the Compensation Committee believes this level of approval indicates that stockholders strongly support our executive compensation program and policies. Accordingly, the Company has substantially maintained the same approach to executive compensation for 2018.

The Company carefully considers stockholder feedback regarding our executive compensation program. Our senior management team, including our Chief Executive Officer and Chief Financial Officer and Head of Strategy, regularly interacts with our stockholders throughout the year on a number of matters, including executive compensation. Through these and other outreach efforts, we believe we can understand our stockholders' opinions and concerns on executive compensation and gather and convey stockholder views and comments directly to the Compensation Committee and the rest of the Board. For additional information concerning our stockholder outreach efforts, please refer to the section entitled "Stockholder Communications with the Board of Directors".

The Compensation Committee will consider the results of this year's say-on-pay proposal, as well as feedback from our stockholders, when making future executive compensation decisions.

Roles of Compensation Committee, Management and Compensation Consultant

Role of Compensation Committee. The Compensation Committee charter requires the Compensation Committee to review and approve the compensation of our Chief Executive Officer and each of our other executive officers and to review and evaluate our executive compensation and benefits programs and policies in general. In making its determination about our compensation and benefits programs and policies, the Compensation Committee considers a number of factors, including the recruitment, development, promotion, retention and compensation of executive officers and other employees of the Company; the recommendations of the Chief Executive Officer (other than with respect to his own compensation); current and past total direct compensation; current and past equity ownership; competitive market data and analysis provided by the Compensation Committee's compensation consultant; the Company's performance and each executive officer's impact on such performance; our operational goals; internal equity pay considerations; the performance of our common stock; and any other factors that it deems appropriate, with no one factor being determinative. The Compensation Committee also reviews and evaluates our current compensation philosophy, with input from our management and Compensia (including the development of a comparative group of medical device companies to use as our peer group for compensation decisions), to determine whether any changes to our current philosophy are required going forward.

For additional information on the Compensation Committee, see the section titled "Information Regarding Committees of the Board of Directors—Compensation Committee" elsewhere in this proxy statement.

Role of Management. In 2018, members of management, including our Chief Executive Officer, our Chief Financial Officer and Head of Strategy, and our Executive Vice President and General Counsel, worked with the Chair of the Compensation Committee as well as the members of the Compensation Committee to develop our executive compensation program for the year. Our Chief Executive Officer, our Chief Innovator, our Executive Vice President and General Counsel, and our Vice President and Deputy General Counsel attended Compensation Committee meetings as appropriate. Our Chief Executive Officer did not participate in the discussion and decisions relating to his own compensation in 2018.

Role of Compensation Consultant. The Compensation Committee is authorized to engage its own advisers to assist it in performing its duties, and the Company pays the fees charged by such advisers. Since 2015, the Compensation Committee has engaged Compensia, a national compensation consulting firm, to assist the Compensation Committee in discharging its responsibilities by providing information on competitive market compensation practices, including market data on executive compensation, our non-employee director compensation program, compensation trends and developments, and supplying such other information and recommendations as the Compensation Committee may from time to time request. In 2018, Compensia worked with the Compensation Committee to develop a peer group against which to compare the Company's executive and director compensation programs and prepared reports analyzing the Company's executive and board compensation structures against the competitive market.

Compensation Adjustments and Peer Group Process

We generally review our compensation practices on an annual basis over the course of several meetings of the Compensation Committee and the Board. The first step in the process is for the Compensation Committee, with the support of Compensia and management, to review the composition of the peer group. In connection with its analysis of our executive and director compensation programs, for 2018, Compensia collected and analyzed compensation data from a comparator group of health care equipment and health care supply companies approved by the Compensation Committee (the "peer group").

The companies in the peer group are selected based on various criteria including size, market capitalization, stage of development, product revenue and product focus. The criteria used to select the peer group for 2018 was drawn from

health care equipment and health care supply companies:

- with revenue generally between \$196 million and \$785 million;

32

- with market capitalization generally between \$1.2 billion and \$18.5 billion; and
- headquartered in the United states.

The companies comprising the 2018 peer group (the 2018 Peer Group) were as follows:

| | | |
|-----------------------|-----------------------|--------------------------------|
| Abaxis ⁽¹⁾ | Inogen | Nevro |
| ABIOMED | Insulet | NxStage Medical ⁽¹⁾ |
| AtriCure | Masimo | Quidel |
| CryoLife | Medidata Solutions | Teladoc Health |
| DexCom | Merit Medical Systems | Varex Imaging |
| Glaukos | Neogen | Veeva Systems |

(1) Abaxis was acquired in 2018 and NxStage Medical was acquired in 2019. However, compensation information was available at the time of Compensia’s 2018 review and analysis so they were included in our 2018 Peer Group. We review and make changes to our peer group from time to time to ensure that the peer group companies satisfy our selection criteria. In comparison to the 2017 peer group:

- Cynosure, Vascular Solutions, and ZELTIQ Aesthetics were removed as a result of acquisition activity;
- Endologix and ICU Medical were removed based on the updated inclusion criteria; and
- Glaukos, Medidata Solutions, Merit Medical Systems, Quidel, Teladoc Health, and Varex Imaging were added based on the updated inclusion criteria.

As of February 2018, as compared to the 2018 Peer Group, we were at the 40th percentile for revenue for the preceding four quarters, at approximately the 55th percentile for market capitalization, and at approximately the 75th percentile for one-year revenue growth.

The Compensation Committee uses the competitive market data provided by Compensia as a reference point, but does not believe it necessary at this stage to target any specific percentile or range of percentiles for cash, equity or total compensation for our executive officers relative to the peer group. The Compensation Committee believes the data provided by Compensia provides a useful tool in its deliberations on executive compensation.

Principal Elements of Compensation

With one exception (as described below), the 2018 compensation of our NEOs and our other executive officers consisted entirely of base salary. Only one of our NEOs received an RSU award and performance-based compensation during 2018, and none of our NEOs received any stock option or other equity awards during 2018. The mix and amount of compensation elements has been and will continue to be within the discretion and business judgment of our Board and Compensation Committee. The Compensation Committee considered total equity ownership and other factors, including but not limited to those described above under Role of the Compensation Committee, in making its compensation decisions, with no one factor being determinative, and concluded that with the one exception previously noted, it was not necessary to grant any equity awards to our NEOs in 2018.

Base Salary. We provide base salaries to our NEOs to compensate them for services rendered on a day-to-day basis and to provide sufficient fixed cash compensation to allow them to fund their personal and household expenses while remaining focused on their responsibilities to the Company. In June 2018, the Compensation Committee increased the annual base salaries of several of our executive officers, including two of our NEOs, Mr. Kosaraju and Ms. Rothman, each of whom received an increase in annual base salary from \$500,000 to \$600,000. These increases were the results of review of their prior year’s base salary relative to the competitive market and after consideration of the increased scale and complexity of the Company. This was the first time we increased the annual base salaries of any of our executive officers since 2015. We expect that the Compensation Committee will generally review base salary levels on a periodic basis and may review them more frequently, for example in connection with a promotion, changes in

responsibilities, or general cost of living adjustments.

33

Annual Cash Incentive Bonuses. With one exception, the Company did not offer short-term cash incentive bonus opportunities to any of our NEOs in 2018. Rather, our Board and Compensation Committee continue to believe that our reliance on base salary and long-term incentive compensation in the form of equity awards adequately facilitates the achievement of our corporate operational goals and aligns each NEO's interests with long-term stockholder interests.

In 2018, the exception to this approach involved our Chief Commercial Officer and 2018 President, North America, Mr. Davis, who was eligible to receive a short-term cash incentive bonus based on his responsibilities over the 2018 performance of our North American sales team. This bonus was equal to one million dollars (\$1,000,000) and was awarded to Mr. Davis in February 2019.

Equity Awards. The Compensation Committee grants equity awards to our employees, including our executive officers and our NEOs, so that their long-term interests are aligned with those of our stockholders. Equity awards take the form of stock options and grants of either restricted stock or RSUs.

Stock options allow our executive officers (including our NEOs) to purchase shares of Company common stock at a price per share equal to the fair market value of our common stock on the date of grant. Our stock options generally vest 25% after one year, and then monthly over the subsequent three-year period as to the remaining shares subject to the options. Awards of restricted stock and RSUs allow our executive officers to acquire shares of our common stock on vesting. Awards of restricted stock and RSUs generally vest in four equal annual installments.

We do not have a practice of making equity awards annually or on any other regular basis. Rather, awards are generally made on joining the Company, when a merit-based award is appropriate, in connection with a promotion or other event, or for retention purposes. Awards made to our NEOs in 2018 reflect this philosophy. Only our Chief Commercial Officer and 2018 President, North America received an equity award in the form of RSUs in 2018, which was granted for retention purposes. Information about this equity award can be found in the 2018 Outstanding Equity Awards at Fiscal Year-End Table below.

Perquisites, Retirement and Other Benefits. We generally do not provide perquisites or other personal benefits to our NEOs other than those available to our employees generally. We have established a 401(k) tax-deferred savings plan, which permits participants, including our NEOs, to make contributions by salary deduction pursuant to Section 401(k) of the Internal Revenue Code of 1986, as amended (the Code). We are responsible for the administrative costs of the 401(k) plan. We make matching contributions to the 401(k) plan up to specified limits. Three of our NEOs participated in the 401(k) plan in 2018. We provide all employees, including our NEOs, with life insurance equal to twice their annual salary to a maximum of \$1,000,000, as well as with long-term disability insurance.

Our NEOs are eligible to participate in the Company's health, dental, disability and other insurance plans on the same terms and at the same cost as such plans are available to all of the Company's full-time employees. The Company does not have or provide any supplemental executive retirement plan or similar plan that provides for specified retirement payments or benefits. Moreover, the Company does not have or provide any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

Additionally, all full-time U.S. employees of the Company, including the NEOs, are eligible to participate in the Company's 2014 Employee Stock Purchase Plan (the ESPP). Under the ESPP, no Company employee is permitted to purchase shares of common stock having a market value of more than \$25,000 per calendar year, as calculated under the ESPP (or more than 2,000 shares of the Company's common stock per purchase period if the value of all common stock purchased under the ESPP in any calendar year is less than \$25,000). Employees of the Company's non-U.S. subsidiaries are not eligible to participate in the ESPP but instead participate in the Penumbra, Inc. OUS Employee Stock Purchase Rebate Plan, which was approved by the Company's stockholders at the 2018 annual meeting.

Severance and Change in Control Payments and Benefits. None of our current arrangements with our NEOs provide for severance or change in control-related payments or benefits. None of our NEOs is subject to an arrangement that is not terminable at will by the Company.

Equity awards held by our NEOs are subject to the terms of the relevant equity incentive plan and are each governed by an award agreement evidencing such award. The award agreements set forth the terms and conditions of the respective award and, among other things, describe the effect of various termination events on the vesting and delivery of unvested equity awards. The equity awards held by our employees, including our NEOs, provide that all unvested awards will vest immediately upon a change of control of the Company, subject to the grant recipient continuing to be a Service Provider (as defined in the relevant plan) through the date of such change in control.

No Gross-ups of Parachute Payments and Deferred Compensation

We did not provide any NEO with a “gross-up” or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G, 4999, or 409A of the Code during 2018, and we have not agreed and are not otherwise obligated to provide any NEOs with such a “gross-up” or other reimbursement.

Other Compensation-Related Policies

Compensation Recoupment Policy

We maintain a formal policy stating that, in the event that the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws, the Company will recover from any current or former executive officer of the Company who received incentive-based compensation (cash or stock subject to performance-based vesting) during the three-year period preceding the date on which the Company is required to prepare an accounting restatement, based on the erroneous data, the excess of what would have been paid to the executive officer under the accounting restatement.

Stock Ownership Guidelines

To align our CEO’s interests with those of our stockholders, we maintain stock ownership guidelines requiring that our CEO hold Penumbra shares with a value equal to three times (3x) his base salary (the Ownership Requirement). The value of a share of the Company’s common stock is calculated as of December 31st of each calendar year (the Determination Date) based on the adjusted closing price of our common stock on the NYSE on such date (or the business day immediately preceding December 31st if such date should fall on a weekend). Any subsequent change in the value of the shares of our common stock during that year does not affect the amount of stock our CEO should hold during that year pursuant to the Ownership Requirement. If the value of the shares of our common stock decreases during a particular year, our CEO has until the next Determination Date to acquire any additional shares needed to meet the Ownership Requirement.

For purposes of determining ownership, the following shares are included in determining whether our CEO has satisfied the Ownership Requirement: (i) shares of our common stock owned individually, either directly or indirectly, including vested and unvested restricted stock awards and RSUs, or shares acquired upon exercise of stock options; and (ii) shares of our common stock owned jointly or separately by a spouse, domestic partner and/or minor children, directly or indirectly. No other rights to acquire shares of our common stock (including stock options or similar rights) are considered shares of our common stock owned for purposes of meeting the Ownership Requirement.

Should our CEO at any time following the Compliance Period and before the next Determination Date cease to comply with the Ownership Requirement, the NCG Committee, in its sole discretion, may review and address any such shortfall in ownership as it deems appropriate.

As of December 31, 2018, our CEO met his stock ownership guidelines.

Compensation Policies and Practices as they relate to Risk Management

Our Compensation Committee has reviewed our compensation-related risks, and the Compensation Committee does not believe that our compensation policies and practices encourage undue or inappropriate risk taking or create risks that are reasonably likely to have a material adverse effect on the Company.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Code limits the amount that we may deduct from our federal income taxes for remuneration paid to certain of our executive officers to one million dollars (U.S.\$1,000,000) per executive officer per year. The exemption from the Section 162(m) deduction limit for “performance-based compensation” was repealed by the tax reform legislation signed into law on December 22, 2017, effective for taxable years beginning after December 31, 2017, unless transition relief for certain compensation arrangements in place as of November 2, 2017 is available.

While our Compensation Committee is mindful of the benefit to us of the full deductibility of compensation and will consider deductibility when analyzing potential compensation alternatives, our Compensation Committee believes that it should not be constrained by the requirements of Section 162(m) where those requirements would impair flexibility in compensating our executive officers in a manner that can best promote our corporate objectives. Therefore, our Compensation Committee has not adopted a policy that requires that all compensation be deductible.

Accounting Treatment

We account for stock compensation in accordance with the authoritative guidance set forth in ASC Topic 718, which requires companies to measure and recognize the compensation expense for all share-based awards made to employees and directors, including stock options and RSUs, over the period during which the award recipient is required to perform services in exchange for the award (for executive officers, generally the four-year vesting period of the award). We estimate the fair value of stock options using the Black-Scholes option-valuation model. This calculation is performed for accounting purposes and reported in the compensation tables below.

Narrative to Summary Compensation Table

2018 Base Salaries

Each of our NEOs is paid a base salary reflecting his or her skill set, experience, role and responsibilities. The salaries of our NEOs are typically reviewed annually and adjusted when our Board of Directors or Compensation Committee determines an adjustment is appropriate. There were no increases to the base salaries of our NEOs for 2018 with the exception of Mr. Kosaraju and Ms. Rothman, each of whom received an increase in their annual base salary from \$500,000 to \$600,000 in June 2018 as a result of a review of their prior year's base salary relative to the competitive market and after consideration of the increased scale and complexity of the Company.

Equity-based compensation

In February 2018, the Compensation Committee granted Mr. Davis an RSU award for 10,190 shares of our common stock, vesting over four years, for retention purposes. Please see the 2018 Outstanding Equity Awards at Fiscal Year-End Table below for a description of the terms of this equity award.

The amounts presented above represent the aggregate grant date fair value of the RSU awards computed in accordance with FASB ASC Topic 718. The grant date fair market value of the RSU awards was the closing price (2) of our common stock on the NYSE on the date of the respective grant. For assumptions used in determining these grant date fair market value, see Note 9 to the consolidated financial statements contained in the Company’s Annual Report on Form 10-K for the year ended December 31, 2018, as filed with the SEC on February 26, 2019.

The number of RSUs granted to the NEOs is determined by the Compensation Committee. Please see Compensation Discussion and Analysis for additional information regarding grant practices. Except as otherwise noted, RSUs vest in four equal quarters on the anniversary of the date of the grant.

Executive Officer Employment Arrangements

Our executive officers are employed on an “at-will” basis. Mr. Elsesser, Mr. Kosaraju and Mr. Davis have entered into at-will offer letters with us that set forth the initial terms of their employment. We do not have agreements or policies that would require us to provide severance payments or benefits or change-in-control payments or benefits to our executive officers, other than the provisions under our equity plans and agreements described in the 2018 Outstanding Equity Awards at Fiscal Year-End Table above.

Employee Benefit Plans

Our executive officers are entitled to participate in our equity incentive plans. All executive officers are eligible to participate in our 401(k) plan on the same terms as all other employees. We do not maintain any supplemental health or welfare plans for our NEOs.

Pension Benefits

We do not maintain any defined benefit pension plans.

Nonqualified Deferred Compensation

We do not maintain any nonqualified deferred compensation plans.

Potential Payments Upon Termination or Change in Control

None of our arrangements with our NEOs provide for severance or change in control-related payments or benefits. None of our NEOs is subject to an arrangement that is not terminable at will by the Company. Equity awards held by our NEOs, like equity awards held by all of our other employees, provide that all unvested awards will vest immediately upon a change of control of the Company, subject to the grant recipient continuing to be a Service Provider (as defined in the relevant plan) through the date of such change in control.

The table below sets forth the intrinsic value, as of December 31, 2018, the final trading day of fiscal 2018, of the unvested equity awards held by our NEOs which would accelerate under the circumstances described in the preceding paragraph. The actual amounts of payments that would be provided can only be determined at the time of

the change in control of the Company. Per SEC rules, the intrinsic value of accelerated options shown in the table below is the aggregate spread between \$122.20, the closing price of our common stock on December 31, 2018, and the exercise prices of the accelerated options, if less than \$122.20. The intrinsic value of restricted stock and RSU awards is calculated as the number of restricted stock and RSU awards granted multiplied by the closing market price of our common stock on December 31, 2018.

| Name | Intrinsic Value of Unvested Equity Awards (\$) |
|------------------|--|
| Adam Elsesser | 7,779,375 |
| Sri Kosaraju | 18,478,595 |
| Daniel Davis | 5,368,921 |

Transactions with Related Persons, Promoters and Certain Control Persons

Since January 1, 2018, there has not been nor is there currently proposed any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer, holder of more than 5% of our common stock, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest other than compensation agreements and other arrangements, which are described elsewhere in this Proxy Statement.

Review, Approval, and Ratification of Transactions with Related Parties

Our NCG Committee has primary responsibility for reviewing and approving in advance or ratifying all related party transactions. Additionally, on at least an annual basis, the Audit Committee also reviews all identified related party transactions. In conformance with SEC regulations, we define related persons to include our executive officers, our directors and nominees to become a director of our company, any person who is known to us to be the beneficial owner of more than 5% of any class of our voting securities, any immediate family member of any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is employed, is a general partner or in which such person has a 5% or greater beneficial ownership interest.

We have several processes that we use to ensure that we identify and review all related party transactions. First, each director, director nominee and executive officer is required to notify the Corporate Secretary of any transaction involving the Company and a related person, and the Corporate Secretary will present any new related party transactions to the NCG Committee at its next regularly scheduled meeting. Second, each year, we require our directors and executive officers to complete director and officer questionnaires identifying any transactions with us in which the executive officer or director or their family members have an interest.

The NCG Committee reviews related party transactions due to the potential for such transactions to create a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, with our interests. The NCG Committee will not approve or ratify a related person transaction unless it first determines that, upon consideration of all relevant information, the transaction is in, or not inconsistent with, the best interests of the Company and its stockholders. In reviewing the transaction or proposed transaction, the NCG Committee considers all relevant facts and circumstances, including without limitation the commercial reasonableness of the terms, the benefit and perceived benefit, or lack thereof, to the Company, opportunity costs of alternate transactions, the materiality and character of the related person's direct or indirect interest, and the actual or apparent conflict of interest of the related person.

Our Related Party Transaction Policy can be found in the Governance—Corporate Governance section of the Investors section of our website at www.penumbrainc.com. Information on our website is not incorporated by reference into this Proxy Statement.

CEO Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, the following presents information regarding the relationship of the annual total compensation of our employees and the annual total compensation of our Chief Executive Officer, Mr. Elsesser.

We identified the median employee for our 2017 pay ratio analysis using the following methodology:

- We selected December 24, 2017, as the date on which to determine our median employee (the Determination Date). As of the Determination Date, we employed approximately 1,700 individuals. This population consisted of full-time, part-time, and temporary employees. In addition to the United States, the Company has employees in Canada, Australia, Brazil, Singapore, and throughout Europe.
- To identify the median employee from our employee population, we compared the amount of salary, wages and fringe benefits of all of our employees who were employed as of the Determination Date (excluding Mr. Elsesser), as reflected in Box 1 of Form W-2 for 2017 (for our U.S.-based employees), and information gathered from our 2017 payroll reports from our payroll providers (for our international employees) as of the Determination Date.
- Wages and salaries were annualized for those employees that were not employed for the full year of 2017. We did not make any cost-of-living adjustments in identifying the median employee. Employee pay rates in foreign currencies were converted to U.S. Dollars using exchange rates on December 31, 2017. Using this methodology we determined that our median employee was a full-time hourly employee working in our manufacturing facilities at our campus in Alameda, California.

SEC rules permit us to identify the median employee only once every three years, unless there have been changes in our employee population or employee compensation arrangements that we believe would result in a significant change in our pay ratio disclosure. There has been no change in our employee population or employee compensation arrangements that we reasonably believe would result in a significant change to our pay ratio disclosure. As a result, we decided to use the same median employee that we identified for our 2017 pay ratio disclosure.

In determining our 2018 pay ratio, we combined all elements of our median employee's compensation for 2018 using the same methodology that we used for calculating Mr. Elsesser's total compensation shown in the 2018 Summary Compensation Table, resulting in annual total compensation of \$51,611. Mr. Elsesser's annual total compensation, as reported in the 2018 Summary Compensation Table, was \$726,648. Based on this information, the ratio of the annual total compensation of Mr. Elsesser to the annual total compensation of our median employee was 14.1 to 1 for 2018. We believe that the above pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K. In addition, because the SEC rules for identifying the median employee allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Proxy Availability Notice or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Proxy Availability Notice or other Annual Meeting Materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards.

This year, a number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A Proxy Availability Notice or proxy materials will be delivered in one single envelope to multiple stockholders sharing an address unless contrary instructions have been received from one or more of the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate Proxy Availability Notice or proxy materials, please notify your broker or contact Broadridge Financial Solutions, Inc. in writing: Attn: Household Department, 51 Mercedes Way, Edgewood, NY 11717; or by telephone: (800) 542-1061. Stockholders who currently receive multiple copies of the Proxy Availability Notice or proxy materials at their address and would like to request householding of their communications should contact their broker. In addition, we will promptly deliver, upon written or oral request to the address or telephone number above, a separate copy of the Proxy Availability Notice or proxy materials to a stockholder at a shared address to which a single copy of the documents was delivered.

OTHER MATTERS

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

APPROVAL

The contents of this Proxy Statement and the sending thereof to the stockholders have been authorized by the Board.
