## NON-EXERCISE OF THE PRE-EMPTIVE RIGHT TO ACQUIRE THE 19% INTEREST IN HAINAN NUCLEAR

Following completion of the Capital Increase, Huaneng Group proposes to transfer at no consideration its 19% interest in Hainan Nuclear to its wholly owned subsidiary Huaneng Nuclear. The Company will not exercise its pre-emptive right to acquire the 19% interest in Hainan Nuclear and will provide an undertaking of its non-exercise of the pre-emptive right to acquire. Based on the net asset value of Hainan Nuclear as at end of 2012, the shareholding value of Huaneng Group's transfer at no consideration of its 19% interest in Hainan Nuclear to its wholly owned subsidiary Huaneng Nuclear amounted to RMB391,270,000.

Pursuant to the stipulation in Rule 14.70(3) of the Hong Kong Listing Rules, if the pre-emptive right involving the Company and a connected person, the exercise of which is at the Company's discretion, non-exercise of the pre-emptive right to acquire the 19% equity interest in Hainan Nuclear by the Company and the buyer is a connected person of the Company, then such non-exercise of the pre-emptive right shall be regarded as a connected transaction of the Company.

### Reasons for the Capital Increase and non-exercise of the pre-emptive right to acquire and the Impact on the Company

The Capital Increase will increase the registered capital of Hainan Nuclear and further enhance Hainan Nuclear's capacity to raise funds for the construction of its projects, and is expected to provide and secure stable investment returns for the Company in the future. The non-exercise of the pre-emptive right to acquire will not affect the Company's status as the second largest shareholder of Hainan Nuclear. Instead, it encourages the admission of a professional nuclear power company under Huaneng Group, whose direct shareholding in Hainan Nuclear will help strengthen the safety surveillance and management of Hainan Nuclear and make a good combination with the Company's management in producing positive effects on Hainan Nuclear's level of safety and control over construction prices and periods. Such arrangement also has a potential effect on the Company's future profitability, which will indirectly be beneficial to the Company's shareholders.

---

In addition, the Company has taken into account the relevant potential risks, including transaction risks. In particular, given Hainan province primarily focuses on tourism and agriculture, the power consumption for industrial use and the scale of power grids are comparatively small, there are risks that Hainan Nuclear's profitability may be affected if for some reasons it operates under an electricity load that fails to reach the expected level and there is a decrease in efficiency ratio of grid power in Hainan Nuclear.

#### IMPLICATION UNDER THE HONG KONG LISTING RULES

With respect to the Capital Increase and given the scale of the subscription amount does not exceed 5% of the applicable percentage ratios as calculated pursuant to Rule 14.07 of the Hong Kong Listing Rules, the Capital Increase does not constitute a notifiable transaction under Chapter 14 of the Hong Kong Listing Rules. However, with respect to the non-exercise of the pre-emptive right to acquire the 19% interest in Hainan Nuclear and based on the net asset value of Hainan Nuclear as at end of 2012, the value of Huaneng Group's transfer at no consideration of its 19% interest in Hainan Nuclear amounted to RMB391,270,000. The relevant transaction scale exceeds 0.1% but does not exceed 5% of the applicable percentage ratios as calculated pursuant to Rule 14.07 of the Hong Kong Listing Rules. Therefore, the Company's non-exercise of the pre-emptive right to acquire the 19% interest in Hainan Nuclear is subject to the reporting and announcement requirements under Rules 14A.45 to 14A.47 of the Hong Kong Listing Rules but are exempt from independent shareholders' approval requirements.

The Board of Directors of the Company has approved the resolutions regarding the Capital Increase and the non-exercise of the pre-emptive right to acquire the 19% interest in Hainan Nuclear. Messrs. Cao Peixi, Huang Long, Li Shiqi, Huang Jian, Liu Guoyue and Fan Xiaxia, all being directors of the Company having connected relationship, abstained from voting on the board resolutions relating to the Transaction. The resolutions were voted by directors who are not connected to the Transaction. The Directors (including independent non-executive Directors) are of the view that the Capital Increase and the non-exercise of the pre-emptive right to acquire the 19% interest in Hainan Nuclear were entered into: (i) in the ordinary and usual course of business of the Company; (ii) on normal commercial terms (on arm's length basis or on terms no less favourable to the Company than terms available from independent third parties); and (iii) on terms that are fair and reasonable and are in the interests of the Company and its shareholders as a whole.
