Certain statements contained in “Management’s Discussion and Analysis of Financial Condition and Results of Operations” below and elsewhere in this report, as well as oral statements that may be made by us or by our officers, directors or employees acting on our behalf, that are not statements of historical or current fact constitute “forward looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such forward looking statements involve risks and uncertainties and known and unknown factors that could cause our actual results to be materially different from our historical results or from any future results expressed or implied by such forward looking statements, including, without limitation: changes in general economic and market conditions; changes and prospects for changes in interest rates; fluctuations in volume and prices of securities; demand for brokerage and investment banking services; competition within and without the discount brokerage business, including the offer of broader services; competition from electronic discount brokerage firms offering greater discounts on commissions than we do; the prevalence of a flat fee environment; decline in participation in corporate or municipal finance underwritings; limited trading opportunities; the method of placing trades by our customers; computer and telephone system failures; our level of spending on advertising and promotion; trading errors and the possibility of losses from customer non-payment of amounts due; other increases in expenses and changes in net capital or other regulatory requirements. We undertake no obligation to publicly release the results of any revisions to these forward-looking statements which may be made to reflect events or circumstances after the date when such statements were made or to reflect the occurrence of unanticipated events. An investment in us involves various risks, including those mentioned above and those which are detailed from time to time in our Securities and Exchange Commission filings.

Siebert Financial Corp. & Subsidiaries

Notes to Condensed Consolidated Financial Statements Nine Months Ended September 30, 2015 and 2014 (Unaudited)

1. Business and Basis of Presentation:

Siebert Financial Corp. (the “Company”) is a holding company that conducts its retail discount brokerage business through its wholly-owned subsidiary, Muriel Siebert & Co., Inc. (“Siebert”), a Delaware corporation. Siebert’s principal activity is providing online and traditional brokerage and related services to retail investors. In addition, in 2014 the Company began business as a registered investment advisor through a wholly-owned subsidiary, Siebert Investment Advisors, Inc. (“SIA”). SIA offers advice to clients regarding asset allocation and the selection of investments.

The consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries Siebert, Women’s Financial Network, Inc. (“WFN”) and SIA. All material intercompany balances and transactions have been eliminated. Investment in Siebert Brandford Shank Financial, L.L.C. (“SBSF”) in which the Company had a 49% membership interest is accounted for by the equity method and is classified as available for sale in the accompanying statements of financial condition. The investment was sold on November 9, 2015 (see Note 13). The Company’s share of income (loss) from SBSF is classified as discontinued operations in the accompanying statements of operations (see Note 3).

The condensed consolidated interim financial statements presented herein are unaudited and include all adjustments (consisting of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and results of operations of the interim periods pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles (“GAAP”) in the United States of America (“U.S.”) have been condensed or omitted pursuant to SEC rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. The balance sheet at December 31, 2014 has been derived from the audited consolidated statement of financial condition at that date, but does not include all information and footnotes required by U.S. GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014. Because of the nature of the Company’s business, the results of operations for the nine months ended September 30, 2015 are not necessarily indicative of operating results for the full year.

2. Sale of Capital Markets Group Business:

On November 4, 2014, the Company, which held a 49% membership interest in, and the other members of, Siebert Brandford Shank & Co., LLC (“SBS”), contributed their SBS membership interests into SBSF, a newly formed Delaware limited liability company, in exchange for the same percentage interests in SBSF. On the same day, the Company entered into an Asset Purchase Agreement (the “SCM Purchase Agreement”) with SBS and SBSF, pursuant to which the Company sold substantially all of the Siebert Capital Markets Group (“SCM”) assets to SBSF. Pursuant to the SCM Purchase Agreement, SBSF assumed post-closing liabilities relating to the transferred business.

The SCM Purchase Agreement provides for an aggregate purchase price for the disposition of \$3,000,000, payable by SBSF after closing in annual installments commencing on March 1, 2016 and continuing on each of March 1, 2017, 2018, 2019 and 2020. The transferred business was contributed by SBSF to, and operated by, SBS. The amount payable to the Company on each annual payment date will equal 50% of the net income attributable to the transferred business recognized by SBS in accordance with generally accepted accounting principles during the fiscal year ending immediately preceding the applicable payment date; provided that, if net income attributable to the transferred business generated prior to the fifth annual payment date is insufficient to pay the remaining balance of the purchase price in full on the fifth annual payment date, then the unpaid amount of the purchase price will be paid in full on March 1, 2021.

Transferred assets of SCM, consisted of customer accounts and goodwill, which had no carrying value to the Company, and the Company recorded a gain on sale of \$1,820,000 in the fourth quarter of 2014, which reflected the fair value of the purchase obligation. Such fair value was based on the present value of estimated annual installments to be received during 2016 through 2020 from forecasted net income of the transferred business plus a final settlement in 2021, discounted at 11.5% (representing SBS’s weighted average cost of capital).

The discount recorded for the purchase obligation is being amortized as interest income using an effective yield initially calculated based on the original carrying amount of the obligation and estimated annual installments to be received. Such yield will be adjusted in future periods to reflect actual installments received and changes in estimates of future installments. Interest income recognized on the obligation for the three and nine months periods ended September 30, 2015 amounted to approximately \$60,000 and \$174,000, respectively based on a yield of approximately 12%. As a result of the Company’s continuing involvement in the capital markets business through its 49% ownership in SBSF, results of operations of the capital market business were not reflected as discontinued operations in the accompanying financial statements.

3. Discontinued Operations:

In April 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standard Update (“ASU”) ASU No. 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity. ASU No. 2014-08 changes the definition of a discontinued operation to include only those disposals of components of an entity that represent a strategic shift that has (or will have) a major effect on the entity’s operations and financial results. ASU No. 2014-08 is effective prospectively to all new disposals in components (including equity method investees) and new classification as held for sale beginning in fiscal years beginning after December 15, 2014 with early adoption permitted. The company adopted this update in 2015.

The revised standard cannot be applied to a component that was previously disposed of that was initially precluded from discontinued operations because of significant continuing involvement even when there are subsequent changes in the activities with a disposed component that would no longer preclude discontinued operations (see Note 2).

On November 9, 2015, Siebert sold its 49% membership investment in SBSF pursuant to a plan to sell and reflected negotiations that had commenced prior to September 30, 2015 (see Note 13). Accordingly, such investment has been classified as available for sale on the statement of financial condition by September 30, 2015. The sale of the investment in SBSF which was accounted for by the equity method represent a strategic shift for the company based on its significance to the Company's consolidated financial condition and results of operations and the effect it will have on the Company's operations and financial result and accordingly Siebert's share of operating results of the investment are reflected as discontinued operations for all periods presented. In addition, the investment was sold for \$8,000,000, which was approximately \$564,000 less than the carrying value of the investment at September 30, 2015 adjusting the carrying value of the investment for Siebert's equity in SBSF's results of operations for the quarter ended September 30, 2015. Further, no distributions was recorded from SBSF during the period from October 1, 2015 through November 9, 2015. Accordingly, a \$564,000 write down of the investment has been recorded in discontinued operations for the quarter ended September 30, 2015, to reflect the investment at fair value as determined by its selling price.

4. Securities:

Securities owned are carried at fair value with realized and unrealized gains and losses reflected in trading profits. Siebert clears all its security transactions through unaffiliated clearing firms on a fully disclosed basis. Accordingly, Siebert does not hold funds or securities for, or owe funds or securities to, its customers. Those functions are performed by the clearing firms.

5. Fair Value of Financial Instruments:

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Fair value measurements are not adjusted for transaction costs. The fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 – Inputs other than quoted prices that are observable, either directly or indirectly, and reasonably available.

Level 3 – Unobservable inputs which reflect the assumptions that management develops based on available information about the assumptions market participants would use in valuing the asset or liability.

The classification of financial instruments valued at fair value at September 30, 2015 is as follows:

Financial Instruments	Level 1
Cash equivalents	\$5,589,000
Securities	544,000
Total	\$6,133,000

Cash equivalents primarily represent investments in money market funds. Securities consist of common stock valued on the last business day of the period at the last available reported sales price on the primary securities exchange. As of September 30, 2015, the Company did not hold any Level 2 or Level 3 financial instruments.

6. Per Share Data:

Basic earnings (loss) per share is calculated by dividing net income (loss) by the weighted average outstanding common shares during the period. Diluted earnings per share is calculated by dividing net income by the number of shares outstanding under the basic calculation and adding all dilutive securities, which consist of options. The Company incurred a net loss for the three and nine months ended September 30, 2015 and September 30, 2014 respectively. Accordingly, basic and diluted loss from continuing operations and a per share data are the same for each period as the effect of stock options is anti-dilutive. Shares of underlying stock options not included in the diluted computation amounted to 265,000 in 2015 and 2014.

7. Net Capital:

Siebert is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. Siebert has elected to use the alternative method, permitted by the Rule, which requires that Siebert maintain minimum net capital, as defined, equal to the greater of \$250,000 or two percent of aggregate debit balances arising from customer transactions, pursuant to the Rule. As of September 30, 2015, Siebert had net capital of approximately \$4,434,000 as compared with net capital requirements of \$250,000. Siebert claims exemptions from the reserve requirement under section 15c3-3(k)(2)(ii).

8. Revenue:

Commission revenues and related clearing expenses are recorded on a trade-date basis. Fees, consisting principally of revenue participation with the Company's clearing broker in distribution fees and interest, are recorded as earned.

Trading profits are also recorded on a trade-date basis and principally represent riskless principal transactions which the Company, after receiving an order, buys or sells securities as principal and at the same time sells or buys the securities with a markup or markdown to satisfy the order.

Investment banking revenue includes gains and fees, net of syndicate expenses, arising from underwriting syndicates in which the Company participates. Investment banking management fees are recorded on the offering date, sales concessions on the settlement date and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

9. Capital Transactions:

On January 22, 2008, the Board of Directors of the Company authorized a buy-back of up to 300,000 shares of common stock. Shares will be purchased from time to time, at management's discretion, in the open market and in private transactions. During the nine months ended September 30, 2015, there were no shares purchased and 170,863 shares may be purchased under the plan as of September 30, 2015.

At September 30, 2015, there are 265,000 outstanding options at a weighted average exercise price of \$3.02, which were fully vested and exercisable. As of September 30, 2015, there was no unrecognized compensation cost.

10. Investment in Affiliate:

Siebert, Brandford, Shank Financials, L.L.C. ("SBSF")

Siebert and two individuals (the "Principals") formed SBS, a wholly-owned subsidiary of SBSF, to succeed to the tax-exempt underwriting business of the Siebert Brandford Shank division of Siebert (see Note 2). The agreement with the Principals provides that profits will be allocated 51% to the Principals and 49% to Siebert. Income or loss from SBS was considered to be integral to Siebert's operations and material to the results of operations. Siebert's investment in SBSF was sold on November 9, 2015 (see Note 13).

Summarized financial data of SBSF in 2015 and SBS in 2014 is set forth below.

SBSF SBS
September 30,

	2015	2014
Total assets	24,497,000

Three months ended:		
Total revenues	10,322,000	4,277,000
Net income (loss)	1,114,000	(a)(802,000)

(a) Includes interest expense on purchase obligation payable to Siebert of \$174,000 (nine months) and \$60,000 (three months)

Siebert charged SBS \$75,000 for the nine months ended September 30, 2015 and 2014 respectively, and \$25,000 for the three months ended September 30, 2015 and 2014, respectively, for general and administrative services, which Siebert believes approximates the cost of furnishing such services.

Siebert's share of SBSF's consolidated net income for the three and nine months ended September 30, 2015, respectively, amounted to \$545,000 and \$788,000, Siebert's share of SBS's net loss for the three months ended September 30, 2014 amounted to (\$393,000) and its share of SBS's net income for the nine months ended September 30, 2014 amounted to \$4,000. Such amounts are shown on discontinued operations. Siebert also earned interest income from the receivable from the SCM sale to SBSF of \$60,000 and \$174,000 for the three and nine months ended September 30, 2015 which is included in revenue in continuing operations as the receivable will be retained by Siebert.

Siebert made collections of \$79,000, net of advances from SBS, during the nine months ended September 30, 2015. As of September 30, 2015, Siebert had a receivable of approximately \$26,000 due from SBS. Siebert received a distribution from SBSF of \$98,000 during the nine months ended September 30, 2015, and Siebert's share of undistributed earnings of SBSF amounted to \$8.2 million at September 30, 2015.

SBS Financial Products Company, LLC ("SBSFPC")

Pursuant to the terms of an Operating Agreement, Siebert and each of the Principals owned a 33.33% interest in SBSFPC which engaged in derivatives transactions related to the municipal underwriting business. The Operating Agreement provides that income (loss) be shared 66.66% by the Principals and 33.33% by Financial. For the three and nine months ended September 30, 2014, SBSFPC had nominal activity and ceased operations in December 2014.

Results by SBSFPC for the 2014 periods have been included in other general and administrative expenses.

11. Contingencies and Commitments:

In July 2014, the Company entered into a settlement agreement in regards to a dispute with a former employee, in which the former employee sought, among other things, damages arising from his separation from the Company. The Company asserted counterclaims in the resulting arbitration. Pursuant to the settlement, the Company paid \$4,300,000 to the former employee, and all claims and counterclaims have been dismissed and released. The accompanying financial statements for the nine months ended September 30, 2014 reflect a charge to give effect to the settlement.

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customer obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions for the nine months ended September 30, 2015 and 2014.

Siebert is party to certain claims, suits and complaints arising in the ordinary course of business. In the opinion of management all such claims, suits and complaints are without merit, or involve amounts which would not have a material effect on the financial position or results of operations of the Company.

Siebert was party to a Secured Demand Note Collateral Agreement, as amended on July 29, 2013, with SBS which obligated Siebert to lend SBS, on a subordinated basis, up to \$1,200,000. The secured demand note payable held by SBS and a related \$1,200,000 receivable due from SBS are included in investment in the accompanying condensed consolidated statement of financial condition at December 31, 2014. Amounts that Siebert was obligated to lend under this arrangement were collateralized by cash equivalents of \$1,532,000. Any amounts loaned bore interest at 4% per annum. The agreement expired on August 31, 2015 and the collateral has been released from restricted cash as of September 30, 2015.

12. Income Taxes:

For the nine months ended September 30, 2015 and 2014, the Company recorded income tax benefits representing the utilization of the loss from continuing operations against income from discontinued operations.

Other than the tax benefit referred to above, no tax benefit has been recognized for the loss in the 2015 and 2014 periods as the Company has provided a valuation allowance to fully reserve the related deferred tax asset as realization

of such asset is not considered more likely than not due to cumulative losses incurred by the Company and its subsidiaries during the prior three years.

13. **Subsequent Event:**

On November 9, 2015, Siebert, entered into a purchase agreement pursuant to which SBSF repurchased Siebert's 49% membership interest in SBSF for an aggregate purchase price of \$8.0 million, \$4.0 million of which was paid in cash at closing and the balance of which was paid in the form of a secured junior subordinated promissory note in the principal amount of \$4.0 million (the "SBSF Junior Note"). The SBSF Junior Note ranks junior in right of payment to up to \$5.0 million of subordinated indebtedness incurred by SBSF at the time of the repurchase closing (the "SBSF Senior Debt"). The SBSF Junior Note is secured by a pledge by SBSF's post-closing members of a number of the outstanding membership interests of SBSF that at all times will equal no less than 49% of the outstanding SBSF membership interests on a fully diluted basis. The SBSF Junior Note matures on November 9, 2020 and bears interest at a rate per year equal to 8% compounding monthly and payable in full at maturity. The SBSF Junior Note does not require any principal amortization before maturity; however, SBSF has the option to prepay the interest or principal without penalty. The SBSF Junior Note is subject to covenants and events of defaults that are substantially equivalent to those applicable to the SBSF Senior Debt, including covenants restricting debt and lien incurrence by SBS and SBSF; provided that the SBSF Junior Note is subject to customary intercreditor arrangements with the holders of the SBSF Senior Debt. Immediately upon the dissolution, liquidation, termination or expiration of SBSF or SBS, or a change of control of SBSF or SBS, or sale of all or substantially all of their consolidated assets, SBSF is obligated to prepay all of the then outstanding balance of the Junior Subordinated Note.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This discussion should be read in conjunction with our audited consolidated financial statements as of and for the year ended December 31, 2014, and the unaudited condensed consolidated financial statements and the notes thereto contained elsewhere in this Quarterly Report.

Business Environment

Our working capital is invested primarily in money market funds, so that liquidity has not been materially affected. The stock market has been volatile for the nine months ended September 30, 2015 and our retail commissions has remained flat during this period. SBS had a gain for the current nine months period of approximately \$1,607,000 as compared to a gain of \$8,000 for the same period last year. This resulted in a gain to the Company of \$962,000 for the current nine month period net of interest income on the receivable from the SCM sale to SBS

of \$174,000 for the current nine month period. Our expenses in 2014 include the costs and loss related to an arbitration proceeding commenced by a former employee following the termination of his employment which was settled in July 2014. The costs of defense, which are included as professional expenses during the 2014 period and related loss on settlement for the period ended September 30, 2014, have adversely affected the Company's result of operations. Competition in the brokerage industry remains intense.

The following table sets forth certain metrics for the three and nine months ended September 30, 2015 and 2014, respectively, which we use in evaluating our business.

	For the Three Months ended September 30, 2015		For the Nine Months ended September 30, 2014	
Retail Customer Activity:				
Total retail trades:	63,160	65,595	191,554	213,444
Average commission per retail trade:	21.90	\$19.57	20.72	\$19.82
			As of September 30,	
Retail customer balances:			2015	2014
Retail customer net worth (in billions):			\$6.6	\$7.3
Retail customer money market fund value (in billions):			\$1.0	\$1.0
Retail customer margin debit balances (in million):			\$246.3	\$241.3
Retail customer accounts with positions:			31,481	33,799

Description:

Total retail trades represent retail trades that generate commissions.

Average commission per retail trade represents the average commission generated for all types of retail customer trades.

Retail customer net worth represents the total value of securities and cash in the retail customer accounts before deducting margin debits.

Retail customer money market fund value represents all retail customers accounts invested in money market funds.

Retail customer margin debits balances represent credit extended to our customers to finance their purchases against current positions.

- Retail customer accounts with positions represent retail customers with cash and/or securities in their accounts.

Like other securities firms, we are directly affected by general economic and market conditions including fluctuations in volume and prices of securities, changes and prospects for changes in interest rates and demand for brokerage and investment banking services, all of which can affect our relative profitability. In periods of reduced market activity, profitability is likely to be adversely affected because certain expenses, including salaries and related costs, portions of communications costs and occupancy expenses remain relatively fixed. Earnings, or loss, for any period should not be considered representative of any other period.

Recent Developments

On November 4, 2014, the Company, which held a 49% membership interest in, and the other members of, Siebert Brandford Shank & Co., LLC (“SBS”), contributed their SBS membership interests into a newly formed Delaware limited liability company, Siebert Brandford Shank Financial, L.L.C. (“SBSF”), in exchange for the same percentage interests in SBSF. On the same day, the Company entered into an Asset Purchase Agreement (the “SCM Purchase Agreement”) with SBS and SBSF, pursuant to which the Company sold substantially all of the assets relating to the Company’s capital markets business to SBSF. Pursuant to the SCM Purchase Agreement, SBSF assumed post-closing liabilities relating to the transferred business.

The SCM Purchase Agreement provides for an aggregate purchase price for the disposition of \$3,000,000, payable by SBSF after closing in annual installments commencing on March 1, 2016 and continuing on each of March 1, 2017, 2018, 2019 and 2020. The transferred business was contributed by SBSF to, and operated by SBS. The amount payable to the Company on each annual payment date will equal 50% of the net income attributable to the transferred business recognized by SBS in accordance with generally accepted accounting principles during the fiscal year ending immediately preceding the applicable payment date; provided that, if net income attributable to the transferred business generated prior to the fifth annual payment date is insufficient to pay the remaining balance of the purchase price in full on the fifth annual payment date, then the unpaid amount of the purchase price will be paid in full on March 1, 2021.

Transferred assets of the Company's capital markets business consisted of issuer relationships and goodwill, which assets had no carrying value to the Company, and the Company recorded a gain on sale of \$1,820,000, which reflected the fair value of the purchase obligation. Such fair value (Level 3) was based on the present value of estimated annual installments to be received during 2016 through 2020 from forecasted net income of the transferred business plus a final settlement in 2021, discounted at 11.5% (representing SBS's weighted average cost of capital).

The discount recorded for the purchase obligation will be amortized as interest income using an effective yield, initially calculated based on the original carrying amount of the obligation and estimated annual installments to be received and adjusted in future periods to reflect actual installments received and changes in estimates of future installments. Interest income recognized on the obligation for the period ended September 30, 2015 amounted to approximately \$174,000 based on a yield of approximately 12%.

As a result of the Company's continuing involvement in the capital markets business through its 49% ownership in SBSF, results of operations of the capital markets business and the gain on sale were not reflected as discontinued operations in the accompanying statement of operations.

On January 23, 2008, the Board of Directors of the Company authorized a buyback of up to 300,000 shares of common stock. Shares will be purchased from time to time, in our discretion, in the open market and in private transactions. During the nine months ended September 30, 2015, the Company did not purchase any shares.

On November 9, 2015, Siebert sold its 49% membership investment in SBSF pursuant to a plan to sell and reflected negotiations that had commenced prior to September 30, 2015 (see Note 13). Accordingly, such investment has been classified as available for sale on the statement of financial condition by September 30, 2015. The sale of the investment in SBSF which was accounted for by the equity method represent a strategic shift for the company based on its significance to the Company's consolidated financial condition and results of operations and the effect it will have on the Company's operations and financial result and accordingly Siebert's share of operating results of the investment are reflected as discontinued operations for all periods presented. In addition, the investment was sold for \$8,000,000, which was approximately \$564,000 less than the carrying value of the investment at September 30, 2015 adjusting the carrying value of the investment for Siebert's equity in SBSF's results of operations for the quarter ended September 30, 2015. Further, no distributions was recorded from SBSF during the period from October 1, 2015 through November 9, 2015. Accordingly, a \$564,000 write down of the investment has been recorded in discontinued operations for the quarter ended September 30, 2015, to reflect the investment at fair value as determined by its selling price.

Critical Accounting Policies

We generally follow accounting policies standard in the brokerage industry and believe that our policies appropriately reflect our financial position and results of operations. Our management makes significant “estimates” that affect the reported amounts of assets, liabilities, revenues and expenses and the related disclosure of contingent assets and liabilities included in the financial statements. The estimates relate primarily to revenue and expense items in the normal course of business as to which we receive no confirmations, invoices, or other documentation at the time the books are closed for a period. We use our best judgment, based on our knowledge of these revenue transactions and expenses incurred, to estimate the amounts of such revenue and expense. Estimates are also used in determining the useful lives of intangible assets, and the fair market value of intangible assets and securities. Our management believes that its estimates are reasonable.

Results of Operations

We had a net loss of \$728,000 for the three months ended September 30, 2015 and a net loss of \$1,456,000 for the three months ended September 30, 2014.

Three Months Ended September 30, 2015 Compared to Three Months Ended September 30, 2014

Commission and fee income for the three months ended September 30, 2015 was \$2.3 million, a decrease of \$117,000 or 4.9% from the same period in 2014 due to a decrease in retail trading volume.

Investment banking revenues for the three months ended September 30, 2015 were \$8,000, a decrease of \$550,000 or 98.6% from the same period in 2014 due to our SCM division sale to our affiliate on November 04, 2014.

Trading profits were \$164,000 for the three months ended September 30, 2015, a decrease of \$308,000 or 65.3% from the same period in 2014 due to an overall decrease in trading volume primarily in the debt markets.

Interest on receivable from affiliate for the three months ended September 30, 2015 were \$60,000, an increase of \$60,000 or 100.0% from the same period in 2014 due to note receivable related to sale of our SCM division to our affiliate on November 4, 2014.

Other interest and dividends for the three months ended September 30, 2015 were \$11,000, a decrease of \$3,000 or 21.4% from the same period in 2014 primarily due to expiration of the Secured Demand Note Collateral Agreement with SBS on August 31, 2015.

Total expenses for the three months ended September 30, 2015 were \$3.2 million, a decrease of \$1,272,000 or 28.2% from the same period in 2014.

Employee compensation and benefit expenses for the three months ended September 30, 2015 were \$1.3 million, a decrease of \$653,000 or 33.6% from the same period in 2014 due to a decrease in commissions and bonus based on production in the capital markets due to our SCM division sale to our affiliate on November 4, 2014 also creating a lower head count.

Clearing and floor brokerage expenses for the three months ended September 30, 2015 were \$298,000, a decrease of \$143,000 or 32.4% from the same period in 2014 primarily due to the decrease in volume of trade executions for retail customers as well as our commission recapture business closing down operations on September 30, 2014.

Professional fees for the three months ended September 30, 2015 were \$796,000, a decrease of \$290,000 or 26.7% from the same period in 2014 primarily due to decreases in legal fees relating to a dispute with a former employee settled in July 2014.

Advertising and promotion expenses for the three months ended September 30, 2015 were \$72,000, a decrease of \$2,000 or 2.7% from the same period in 2014 due to a decrease in local media and print advertising.

Communications expense for the three months ended September 30, 2015, was \$153,000, a decrease of \$83,000 or 35.2% primarily due to savings from a lower headcount in 2015 due to our Siebert Capital Markets division sale to our affiliate on November 04, 2014.

Occupancy expenses for the three months ended September 30, 2015 were \$174,000, a decrease of \$32,000 or 15.5% from the same period in 2014 primarily due to our Jersey City branch closing on June 30, 2015.

Other general and administrative expenses for the three months ended September 30, 2015 were \$463,000, a decrease of \$69,000 or 13.0% due to a decrease in depreciation, travel and entertainment, registration fees and transportation offset by an increase in D&O insurance and office expenses from the same period in 2014.

Discontinued operations - loss from investment in affiliate available for sale, in respect of SBSF in which Siebert held an indirect 49% equity interest, for the three months ended September 30, 2015 was a loss of \$19,000 compared to a loss of \$393,000 from the same period in 2014 due to SBS participating in more senior managed or co-managed transactions.

No tax benefit related to the pre-tax loss was recorded for the three months ended September 30, 2015 and September 30, 2014 due to the recording of a full valuation allowance to offset deferred tax assets based on recent losses and the unlikelihood of realization of such assets.

Nine Months Ended September 30, 2015 Compared to Nine Months Ended September 30, 2014

Total revenues for the nine months ended September 30, 2015 were \$7.3 million, a decrease of \$3.6 million or 33.2% from the same period in 2014.

Other general and administrative expenses for the nine months ended September 30, 2015 were \$1.3 million, a decrease of \$420,000 or 23.8% from the same period in 2014 due to a decrease in depreciation, travel and entertainment, registration fees and transportation offset by an increase in D&O insurance and office expenses from the same period in 2014.

Discontinued operations - loss from investment in affiliate available for sale, in respect of SBSF in which Siebert held an indirect 49% equity interest, for the nine months ended September 30, 2015 was a gain of \$132,000 which includes interest on the receivable of \$174,000 from the SCM division sale to SBS, compared to a gain of \$2,000 from the same period in 2014 due to SBS participating in more senior managed or co-managed transactions.

Other than income tax benefits representing the utilization of the loss from continuing operations against income from discontinued operations, no tax benefit related to the pre-tax loss from continuing operations was recorded for the nine months ended September 30, 2015 and 2014 due to the recording of a full valuation allowance to offset deferred tax assets based on recent cumulative losses and the unlikelihood of realization of such assets.

Liquidity and Capital Resources

Our assets are highly liquid, consisting of cash in money market funds. Our total assets at September 30, 2015 were \$18.2 million. As of that date, we regarded \$6.0 million, or 33.2%, of total assets as highly liquid.

On November 9, 2015, Siebert sold to SBSF its 49% membership investment in SBSF in exchange for cash of \$4,000,000 and a \$4,000,000 secured junior subordinated promissory note bearing interest at 8% and which matures on November 9, 2020 when the principal amount is due.

Siebert was party to a Secured Demand Note Collateral Agreement with SBS which obligated Siebert to lend SBS, on a subordinated basis, up to \$1,200,000 which required collateralization of cash equivalents of \$1,532,000. The agreement expired on August 31, 2015 and the collateral was released from restricted cash as of September 30, 2015.

Siebert is subject to the net capital requirements of the SEC, the Financial Industry Regulatory Authority (FINRA) and other regulatory authorities. At September 30, 2015, Siebert's regulatory net capital was \$4.4 million, \$4.2 million in excess of its minimum capital requirement of \$250,000.

On January 22, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. During the nine months ended September 30, 2015, no shares were purchased and 170,863 shares may be purchased under the plan as of September 30, 2015.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

Working capital is generally invested temporarily in dollar denominated money market funds. These investments are not subject to material changes in value due to interest rate movements.

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customers' obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers and other counter-parties are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transaction as of September 30, 2015.

Item 4. Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of management, including our Chief Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report pursuant to Rule 13a-15(e) or Rule 15d-15(e) of the Securities Exchange of 1934, as amended. Based on that evaluation, our management, including the Chief Financial Officer, concluded that our disclosure controls and procedures are effective to ensure that the information we are required to disclose in reports that we file or submit under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission and to ensure that information required to be disclosed is accumulated and communicated to our management, including our Chief Financial Officer, to allow timely decisions regarding timely disclosure.

There were no changes in our internal control over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Part II - OTHER INFORMATION

Item 1. Legal Proceedings

We are involved in various routine lawsuits of a nature we deem to be customary and incidental to our business. In the opinion of management, the ultimate disposition of such actions will not have a material adverse effect on the Company's financial position or results of operations.

In July 2014, the Company entered into a settlement agreement with respect to a dispute with a former employee, which arose in a prior year. Pursuant to the settlement, the Company paid \$4,300,000 to the former employee, and all claims and counterclaims have been dismissed and released.

Item 1A. Risk Factors

In addition to the other information set forth in this report, you should carefully consider the factors discussed in Part I, Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2014, which could materially affect our business, financial position and results of operations. There are no material changes from the risk factors set forth in Part I, Item 1A, "Risk Factors," of our Annual Report on Form 10-K for the year ended December 31, 2014.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

On January 23, 2008, our Board of Directors authorized the repurchase of up to 300,000 shares of our common stock. Shares will be purchased from time to time, in our discretion, in the open market and in private transactions. There is no expiration date for our stock repurchase plan. We did not purchase any shares in the third quarter of 2015 and 170,863 shares may be purchased under the plan as of September 30, 2015.
