Shareholders who did not receive this Notice will receive the annual general meeting materials by mail, including our proxy statement, proxy card and annual report.

Our proxy statement contains detailed information about the business to be conducted at the annual general meeting. To assure that your shares are represented at the annual general meeting, we urge you to exercise your vote by Internet, telephone or mail by following the instructions included on page 2 of the proxy statement and in the Notice or proxy card that you received. PROXY STATEMENT

For the 2016 Annual General Meeting of Shareholders To Be Held On
May 26, 2016

GENERAL INFORMATION ABOUT THE MEETING

Date, Time and Place of Annual General Meeting. The Board of Directors, or the Board, of Aircastle Limited, an exempted Bermuda company, or the Company or Aircastle, is soliciting proxies to be voted at the 2016 Annual General Meeting of Shareholders, or the Annual Meeting, to be held at 10:00 a.m. Eastern Daylight Time, on May 26, 2016, at the Hyatt Regency, Greenwich, located at 1800 East Putnam Avenue, Old Greenwich, Connecticut, USA, 06870 for the purposes set forth in the accompanying Notice of 2016 Annual Meeting of Shareholders, and at any adjournment or postponement of the Annual Meeting. We are sending this proxy statement in connection with the proxy solicitation.

On or about April 8, 2016, the Company began mailing to certain of our shareholders a Notice of Internet Availability of Proxy Materials. This Notice contains instructions on how to access the proxy statement and our annual report for the year ended December 31, 2015, or the 2015 Annual Report, and how to vote. By furnishing this Notice, we are lowering the costs and reducing the environmental impact of our Annual Meeting. Shareholders who did not receive this Notice will continue to receive paper copies of our proxy statement, proxy card and 2015 Annual Report, which we began mailing on or about April 8, 2016.

Matters to be Considered at the Annual Meeting. At the Annual Meeting, shareholders will vote upon the following matters:

1. the election of four Class I directors to serve until the 2019 annual general meeting of Aircastle or until their office shall otherwise be vacated pursuant to our Bye-laws;
2. the appointment of Ernst & Young LLP as independent registered public accounting firm for the Company for fiscal year 2016 and the authorization of the directors of Aircastle, acting by the Audit Committee, to determine the independent registered public accounting firm's fees;
3. an advisory vote on executive compensation; and
4. any other business properly presented at the Annual Meeting and any adjournment(s) or postponement(s) of the Annual Meeting.

Quorum and Voting Requirements. Our Board has fixed the close of business on March 28, 2016 as the record date, or the Record Date, for determination of the shareholders entitled to notice of and to vote at the Annual Meeting. Only shareholders of record as of the close of business on the Record Date are entitled to vote at the Annual Meeting. The presence of two or more persons at the start of the Annual Meeting and representing in person, or by proxy entitling the holder to vote at the Annual Meeting, in excess of 50% of all votes attaching to all shares of the Company in issue, shall form a quorum for the transaction of business. If a quorum is not present, the Annual Meeting may be adjourned by the chairman of the meeting until a quorum has been obtained.

If a quorum is present, the following voting requirements apply, for approval:

Election of nominees to our Board: the affirmative vote of a plurality of the votes cast at the Annual Meeting is sufficient to elect the director.

Appointment of Ernst & Young LLP, the advisory vote on executive compensation and the approval of any other business properly presented at the Annual Meeting, the affirmative vote of a majority of the votes cast at the Annual Meeting is required for approval of the matter.

A shareholder voting for the election of directors may withhold authority to vote for all or certain nominees. A shareholder may also abstain from voting on the other matters presented for shareholder vote. Votes withheld from the election of any nominee for director and abstentions from the appointment of Ernst & Young LLP and the advisory vote on executive compensation will be treated as shares

that are present and entitled to vote for purposes of determining the presence of a quorum, but will not be counted in the number of votes cast on a matter.

If a shareholder holds shares through a broker, bank or other nominee, generally that holder may vote its shares in accordance with instructions received. If a shareholder does not give instructions to the holder, the holder can vote its shares with respect to “discretionary” or routine proposals under the rules of the New York Stock Exchange, or NYSE. Such a holder cannot vote shares with respect to “non-discretionary” proposals for which a shareholder has not given instruction. The appointment of Ernst & Young LLP is considered a “discretionary” proposal and therefore may be voted upon by such a holder even in the absence of instructions from the shareholder. The election of directors, the advisory vote on executive compensation and any other business properly presented at the Annual Meeting are considered “non-discretionary” items and such a holder may not vote on these items in the absence of instructions from the shareholder.

As of the Record Date, there were 78,810,706 common shares of the Company, par value US\$0.01 per share, referred to herein as common shares, outstanding and entitled to vote. Each common share entitles the holder to one vote on each matter presented at the Annual Meeting.

Voting of Proxy. You may submit your proxy with voting instructions by any one of the following means:

By Internet or Telephone

To submit your proxy on the Internet, go to www.proxyvote.com. You will need the 12-digit number included on your proxy card, voter instruction form or Notice of Internet Availability of Proxy Materials.

To submit your proxy by telephone, registered shareholders should dial 1-800-690-6903 and follow the instructions. Beneficial holders should dial the phone number listed on your voter instruction form. You will need the 12-digit number included on your proxy card, voter instruction form or Notice of Internet Availability of Proxy Materials. Telephone and Internet voting facilities for shareholders of record will be available 24 hours a day, and will close at 11:59 p.m. Eastern Daylight Time on May 25, 2016. The availability of telephone and Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other holder of record. Therefore, we recommend that you follow the voting instructions in the materials you receive. If you submit your proxy by telephone or on the Internet, you do not have to return your proxy card, voter instruction form or Notice of Internet Availability of Proxy Materials.

By Mail

If you are a holder of record and received your Annual Meeting materials by mail, you can vote by signing, dating and completing the proxy card included therewith and returning it by mail in the enclosed self-addressed envelope. If you received a Notice of Internet Availability of Proxy Materials and wish to vote by traditional proxy card, you may receive a full set of the annual meeting materials at no charge through one of the following methods:

- By internet at www.proxyvote.com;
- By telephone at 1-800-690-6903; or
- By email at sendmaterial@proxyvote.com.

Once you receive the Annual Meeting materials, please sign, date and complete the proxy card included therewith and return it in the enclosed self-addressed envelope. No postage is necessary if the proxy card is mailed in the United States. If you hold your shares through a bank, broker or other nominee, the proxy card will give you separate instructions for voting your shares.

In Person, at the Annual Meeting

All shareholders may vote in person at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

Proxies, if received in time for voting, properly executed and not revoked, will be voted at the Annual Meeting in accordance with the instructions contained therein. If no instructions are indicated, the common shares represented by the proxy will be voted as recommended by the Board, as described below, or in accordance with the judgment of the proxy holders as to any other matter that may be properly brought before the Annual Meeting, including any adjournments and postponements thereof.

Revocability of Proxy. Any shareholder returning a proxy may revoke it at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holder(s) will be suspended if you attend the Annual Meeting in person and so request, although attendance at the Annual Meeting will not by itself revoke a previously granted proxy. Any proxy not revoked will be voted as specified by the shareholder. If no choice is indicated, a proxy will be voted in accordance with the Board's recommendations described below.

Persons Making the Solicitation. This proxy statement is sent on behalf of, and the proxies are being solicited by, the Board. We will bear all costs of this solicitation of proxies. In addition to solicitations by mail, our directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, telecopy, e-mail and personal interviews. We will request brokers, custodians and other fiduciaries to forward proxy-soliciting materials to the beneficial owners of common shares they hold of record. We will reimburse them for their reasonable out-of-pocket expenses incurred in connection with the distribution of the proxy materials. We have also engaged Georgeson, Inc. to assist the Company in the solicitation of proxies for an anticipated fee of \$4,000, and have agreed to reimburse Georgeson, Inc. for reasonable out-of-pocket expenses incurred in connection with the proxy solicitation and to indemnify Georgeson, Inc. against certain losses, costs and expenses.

Recommendations of the Board. The Board recommends a vote:

FOR the election of the director nominees named herein;

FOR the appointment of Ernst & Young LLP as independent registered public accounting firm for the Company for fiscal year 2016 and the authorization of the directors of Aircastle, acting by the Audit Committee, to determine the independent registered public accounting firm's fees; and

FOR the proposal regarding an advisory vote on executive compensation.

Attendance at the Meeting. Shareholders will be admitted to the Annual Meeting upon verification of ownership at the admissions desk. Please note that a beneficial owner holding his or her shares in "street name" who plans to attend the Annual Meeting must also send a written request with proof of ownership (such as a bank or brokerage firm account statement) to the Company's transfer agent, American Stock Transfer & Trust Company, located at 59 Maiden Lane, New York, NY 10038. Prior to joining World Airways, Inc., he practiced corporate law at Skadden, Arps, Slate, Meagher & Flom. He currently serves on the board of directors of Allegiant Travel Company. Mr. Pollard previously served as a director of Air Partner plc until 2014 and AeroMechanical Services Ltd. until 2011. Mr. Pollard brings to the Board extensive experience in operations, strategic planning and financial matters relevant to the airline industry, and he provides valuable insight in these areas to the Board and to the Company's management.

Gentaro Toya was appointed to our Board on August 2, 2013. In August 2013, Mr. Toya was appointed as Executive Vice President of Marubeni America Corporation which is a general trading company, engaged as an intermediary, importer/exporter, facilitator or broker in various types of trade between and among business enterprises and countries. From 2010 to 2012, he served as Senior Operating Officer, Transportation Machinery Division and from 2007 to 2009, as Director, Aerospace & Defense Systems Unit of Marubeni Corporation. Mr. Toya has over 25 years experience in the aviation industry and brings to the Board extensive experience in operations, strategic planning and financial matters relevant to the aviation industry. He maintains high-level contacts with major manufacturers in the aviation industry as well as Asian airlines which may in the future be customers of the Company. Mr. Toya was designated to the Board by Marubeni pursuant to the Shareholder Agreement between the Company and Marubeni, dated June 6, 2013, as described in "Certain Relationships and Related Party Transactions – Shareholder Agreement for Sale of Common Shares to Marubeni Corporation."

Peter V. Ueberroth was appointed to our Board on August 2, 2006 and became Chairman of the Board in August 2012. Mr. Ueberroth is an investor in and has served as Chairman of the Contrarian Group, Inc., a business management company, since 1989. He is the co-chairman of Pebble Beach Company and a director of Bell Riddell Giro, formerly known as Easton Bell Sports. He also served as director of Adecco SA, an international, publicly traded employment services company; Ambassadors International, Inc., a publicly traded travel services business; Coca-Cola Company and Hilton Hotels Corporation during the past five years. Mr. Ueberroth brings strong leadership skills and extensive experience in the airline and travel industries to the Board. From his leadership roles in other global businesses and from in his past role as Chairman of the United States Olympic Committee, Mr. Ueberroth provides to the Board valuable understanding and perspective of international trends and strategies, particularly with respect to China.

Ron Wainshal was appointed to our Board on May 25, 2010. Mr. Wainshal became our Chief Executive Officer in May 2005. Prior to joining Aircastle, Mr. Wainshal was in charge of the Asset Management group of General Electric Capital Aviation Services, or "GECAS," from 2003 to 2005. After joining GECAS in 1998, he also led many of GECAS's U.S. airline restructuring efforts and its bond market activities and played a major role in marketing and structured finance for GECAS in the Americas. Before joining GECAS, he was a principal and co-owner of a financial advisory company specializing in transportation infrastructure from 1994 to 1998 and prior to that held positions at Capstar Partners, The Transportation Group in New York and Ryder System in Miami. He received a BS in Economics from the University of Pennsylvania's Wharton School and an MBA from the University of Chicago's Booth Graduate School of Business. Mr. Wainshal brings to the Board deep and varied experience in aircraft finance and leasing in particular and asset-based financing generally. He also has strong leadership skills, extensive managerial experience and a deep understanding of the Company and our industry.

Legal Proceedings Involving Directors, Officers or Affiliates. There are no material legal proceedings in which any director, officer or affiliate of the Company, any owner of record or beneficial owner of more than five percent of any class of voting securities of the Company, or any associate of any such director, officer, affiliate of the Company, or security holder, is a party adverse to us or any of our subsidiaries or has a material interest adverse to us or any of our affiliates.

Director Independence. In March 2016, the Board evaluated the independence of each member of the Board in accordance with the applicable NYSE and SEC rules. The Board affirmatively determined, under these rules, that

Ronald W. Allen, Giovanni Bisignani, Michael J. Cave, Douglas A. Hacker, Ronald L. Merriman, Agnes Mura, Charles W. Pollard and Peter V. Ueberroth are independent. We refer to these directors in this proxy statement as Independent Directors. In making this determination, our Board considered all relevant facts and circumstances, as required by applicable NYSE listing standards.

NYSE rules require that the Board consist of a majority of “independent directors” and that the Nominating and Corporate Governance Committee, the Compensation Committee and the Audit Committee of the Board consist entirely of “independent directors.” Under NYSE listing standards, whether a director is an “independent director” is a subjective determination to be made by the Board, and a director of Aircastle only qualifies as “independent” if the Board affirmatively determines that the director has no material relationship with Aircastle (either directly or as a partner, shareholder or officer of an organization that has a relationship with Aircastle). While the test for independence is a subjective one, NYSE rules also contain objective criteria that preclude directors from being considered independent in certain situations. Specifically, persons meeting the following objective criteria under the NYSE rules are deemed to be not independent:

a director who is or has been within the last three years an employee, or whose immediate family member is or has been within the last three years an executive officer, of Aircastle (including any consolidated subsidiary);

a director who has received, or whose immediate family member has received, during any twelve-month period within the last three years, more than US\$120,000 in direct compensation from Aircastle (including any consolidated subsidiary), other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

a director who (i) is, or whose immediate family is, a current partner of a firm that is the internal or external auditor of Aircastle; (ii) is a current employee of such a firm; (iii) has an immediate family member who is a current employee of such a firm and who personally works on Aircastle's audit; or (iv) was, or whose immediate family member was, within the last three years a partner or employee of such a firm and personally worked on Aircastle's audit within that time;

a director who is or has been within the last three years employed, or whose immediate family member is or has been within the last three years employed as an executive officer of another company where any of Aircastle's present executive officers at the same time serves or served on that Company's compensation committee; and

a director who is a current employee, or whose immediate family member is an executive officer, of a company (or a consolidated subsidiary of such company) that has made payments to, or has received payments from, Aircastle for property or services in an amount which, in any single fiscal year within the last three years, exceeds the greater of US\$1,000,000 or 2% of such other company's consolidated gross revenues.

Ownership of a significant amount of common shares, by itself, does not constitute a material relationship.

In addition, in determining the independence of any director who will serve on the Compensation Committee, the Board considers all factors specifically relevant to determining whether that director has a relationship to Aircastle which is material to the director's ability to be independent from management in connection with the duties of a Compensation Committee member including, but not limited to:

the source of compensation of such director, including an consulting, advisory or other compensatory fee paid by Aircastle to such director; and

whether such director is affiliated with Aircastle, a subsidiary of Aircastle or an affiliate of a subsidiary of Aircastle.

The Board has not established additional guidelines to assist it in determining whether a director has a material relationship with Aircastle under NYSE rules, but instead evaluates each director or nominee for director under the tests set forth by the NYSE and through a broad consideration and evaluation of all relevant facts and circumstances. The Board, when assessing the materiality of a director's relationship with Aircastle, also considers the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation.

Policies and Practices. We review our corporate governance policies and practices on an ongoing basis and compare them to those suggested by various authorities in corporate governance and to the practices of other public companies. We have also continued to review the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, and the Sarbanes-Oxley Act of 2002, or the Sarbanes-Oxley Act, the existing and proposed rules of the SEC and the existing and proposed listing standards of the NYSE.

Corporate Governance Guidelines. Our Board has adopted Corporate Governance Guidelines. The Corporate Governance Guidelines are posted on our website at <http://www.aircastle.com> under "Investors—Governance Documents" and are available in print to any shareholder of the Company upon request.

Code of Business Conduct and Ethics. To help ensure that Aircastle abides by applicable corporate governance standards, our Board has adopted a Code of Business Conduct and Ethics, which is posted on our website at <http://www.aircastle.com> under "Investors—Governance Documents," and a Code of Ethics for Chief Executive and

Senior Financial Officers, which is available in print to any shareholder of the Company upon request. The Company intends to post on its website any material amendments to its ethics codes and the description of any waiver from a provision of the ethics codes granted by the Board to any director or executive officer of the Company within four business days after such amendment or waiver.

Communications with the Board. Shareholders and other interested parties who wish to communicate directly with any of the Company's directors, including our Chairman, who is also our lead Independent Director or Presiding Director, or the Independent Directors as a group, may do so by writing to the Board, Aircastle Limited, c/o Aircastle Advisor LLC, 300 First Stamford Place, 5th Floor, Stamford, CT 06902 Attention: General Counsel. All communications will be received, sorted and summarized by the General Counsel, as agent for the relevant directors. Communications relating to the Company's accounting, internal accounting controls or

auditing matters will be referred to the Chair of the Audit Committee. Other communications will be referred to such other director as may be appropriate. Communications may be submitted anonymously or confidentially.

Meetings of the Board. Regular attendance at Board Meetings is required of each director. During 2015, Aircastle's Board held six meetings. Each incumbent director attended 75% or more of the aggregate of all meetings of the Board and committees on which the director served during 2015. Directors are invited and encouraged to attend the Company's annual meeting of shareholders in person, by telephone or video conference, but the Company recognizes that such attendance may be impractical as a result of personal or business circumstances. Eleven directors attended our annual general meeting in 2015.

Board Leadership Structure and Executive Sessions. The Board understands that there is no single, generally accepted approach to providing Board leadership and that given the dynamic and competitive environment in which we operate, the right Board leadership structure may vary as circumstances warrant. To this end, the Board has no policy mandating the combination or separation of the roles of Chairman and CEO and believes the matter should be discussed and considered from time to time as circumstances change. Currently, the Company maintains a separate Chairman and CEO. This leadership structure is appropriate for the Company at this time as it permits our CEO Ron Wainshal to focus primarily on management of the Company's strategic direction and day-to-day operations, while allowing our Chairman Peter Ueberroth, to lead the Board in its fundamental role of providing advice to and independent oversight of management. Mr. Ueberroth is an Independent Director and our Chairman and, accordingly, he also serves as the lead Independent Director or Presiding Director.

The Board is comprised of eight non-management directors, three directors designated by Marubeni Corporation, or Marubeni, and one management director. In accordance with the Company's Corporate Governance Guidelines and rules of the NYSE, the non-management directors are required to meet regularly in executive session and the independent directors must meet in executive session at least once each year. As such, the Board's meetings regularly include executive sessions in which only Independent Directors are present. Any Independent Director can request that an executive session be scheduled.

Board Oversight of Risk Management. Senior management is responsible for assessing and managing the Company's various exposures to risk on a day-to-day basis, including the creation of appropriate risk management programs and policies. The Company has developed a consistent, systemic and integrated approach to risk management to help determine how best to identify, manage and mitigate significant risks throughout the Company.

The Board is responsible for overseeing management in the execution of its responsibilities, including assessing the Company's approach to risk management. The Board exercises these responsibilities periodically as part of its meetings and also through three of its committees, each of which examines various components of enterprise risk as part of its responsibilities. The Audit Committee has primary responsibility for addressing risks relating to financial matters, particularly financial reporting, accounting practices and policies, disclosure controls and procedures and internal control over financial reporting. The Nominating and Corporate Governance Committee oversees risks associated with the independence of the Board and succession planning. The Compensation Committee has primary responsibility for risks and exposures associated with the Company's compensation policies, plans and practices, regarding both executive compensation and the compensation structure generally, including whether it provides appropriate incentives that do not encourage excessive risk taking.

An overall review of risk is inherent in the Board's evaluation of the Company's long-term strategies and other matters presented to the Board. The Board's role in risk oversight of the Company is consistent with the Company's leadership structure; the CEO and other members of senior management are responsible for assessing and managing the Company's risk exposure, and the Board and its committees provide oversight in connection with those efforts.

Committees of the Board. The Board has four standing Committees: Audit, Compensation, Nominating and Corporate Governance and Investment. The table below indicates the members of each committee. All members of the Audit, Compensation and Nominating and Corporate Governance Committees are Independent Directors.

| Name | Audit | Compensation | Nominating and Corporate Governance | Investment |

* Messrs. Cave, Hacker and Merriman serve as financial experts on our Audit Committee.

The Audit, Compensation and Nominating and Corporate Governance Committees act under written charters that have been approved by the Board and comply with NYSE corporate governance rules and any applicable SEC rules and regulations. A copy of each charter is posted on the Company's website at <http://www.aircastle.com> under "Investors—Governance Documents" and is available in print to any shareholder of the Company upon request.

The Audit Committee. Our Audit Committee's functions include:

- reviewing (i) the audit plans and findings of the independent certified public accountants and our internal audit and risk review staff and (ii) the results of regulatory examinations and monitoring management's corrective action plans with respect to such plans, findings and results where necessary;
- reviewing our financial statements, including any significant financial items and/or changes in accounting policies, with our senior management and independent certified public accountants;
- reviewing our accounting and internal control policies and procedures, compliance programs and significant tax and legal matters;
- reviewing related party transactions;
- making recommendations to our shareholders regarding the annual appointment by our shareholders of the independent certified public accountants (which constitutes the auditor for purposes of Bermuda law) and evaluating their independence and performance, as well as setting clear hiring policies for employees or former employees of our independent certified public accounting firm; and
- reviewing the process by which we assess and manage exposure to financial and legal risk.

The Board has determined that each member of the Audit Committee is "financially literate" as defined by NYSE rules and that Messrs. Cave, Hacker and Merriman are qualified to serve as the Audit Committee's "financial experts" as defined by SEC regulations. A brief description of the work experience of our Audit Committee members is included on pages 4-6 above. The Board also determined that although Mr. Merriman currently sits on the audit committees of more than three public companies, such simultaneous service would not impair his ability to serve effectively on the Company's Audit Committee. During 2015, the Audit Committee held six meetings. Audit Committee meetings

include, where appropriate, executive sessions in which the Audit Committee meets: (i) only with Committee members present; (ii) separately with the Company's independent registered public accountants; (iii) separately with the Company's internal auditor; or (iv) with the Company's Chief Executive Officer, Chief Financial Officer and General Counsel.

9

The Compensation Committee. Our Compensation Committee's functions include:

- reviewing the salaries, benefits and share-based grants for executive officers;
- reviewing corporate goals and objectives relevant to Chief Executive Officer compensation, evaluating the Chief Executive Officer's performance in light of those goals and objectives, and determining the Chief Executive Officer's compensation based on that evaluation;
- acting as administrator of the Amended and Restated 2005 Aircastle Limited Equity Incentive Plan, or the 2005 Plan and the Aircastle Limited 2014 Omnibus Incentive Plan, or the 2014 Plan (the 2005 Plan and the 2014 Plan together referred to as the Incentive Plan); and
- reviewing risks relating to the Company's employment practices and the Company's compensation and benefits practices.

The Compensation Committee held nine meetings during 2015. Compensation Committee meetings include, where appropriate, executive sessions, in which the Compensation Committee meets only with Committee members present, and/or sessions with the Company's Chief Executive Officer.

The Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee's functions include:

- reviewing the performance of the Board and incumbent directors and making recommendations to our Board regarding the selection of candidates, qualification and competency requirements for service on the Board and the suitability of proposed nominees;
- advising the Board with respect to the corporate governance principles applicable to the Company;
- reviewing risks associated with the Company's management and director succession planning; and
- overseeing the evaluation of the Board and the Company's management.

The Nominating and Corporate Governance Committee held four meetings during 2015.

The Nominating and Corporate Governance Committee works with the Board to determine the appropriate and necessary characteristics, skills and experience of the Board, both as a whole and with respect to its individual members. The committee evaluates biographical and background information relating to potential candidates and interviews candidates selected by members of the committee and by the Board in making its decisions as to prospective candidates to the Board. While the committee does not specifically set forth any minimum skills that a candidate must have prior to consideration, the committee thoroughly examines a candidate's understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment; understanding of the Company's business; and educational and professional background. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board. The Nominating and Corporate Governance Committee identifies potential nominees by asking current directors and executive officers to notify the Nominating and Corporate Governance Committee if they become aware of suitable candidates. We have not paid any third party a fee to assist in the process of identifying or evaluating candidates; however, the Nominating and Corporate Governance Committee may elect in the future to engage firms that specialize in identifying director candidates. As described below, the Nominating and Corporate Governance Committee will also consider candidates recommended by shareholders.

All director candidates, including those recommended by shareholders, are evaluated on the same basis. Candidates for director must possess the level of education, experience, sophistication and expertise required to perform the duties of a member of a board of directors of a public company of the Company's size and scope. At a minimum, the committee will consider whether the recommended candidate is subject to a disqualifying factor as described under Section 303A.02(b) of the NYSE listing standards and the number of other boards and committees on which the

individual serves. The committee may also consider, among other qualifications, a candidate's: (i) ethics, integrity and values; (ii) stature, reputation and credibility; (iii) experience and capability to set policy and oversee management's execution of the business plan; (iv) knowledge of relevant industries; (v) contacts within the global aircraft leasing, aircraft financing, airline, cargo, manufacturing or other similar businesses; (vi) current or recent senior executive experience and leadership; and (vii) ethnic, gender, professional, geographic and philosophical diversity within the overall composition of the Board. While the Nominating and Governance Committee has not adopted a formal diversity policy with regard to the selection of director nominees, diversity is one of the factors that the committee considers in identifying director candidates. As part of this process, the committee evaluates how a particular candidate would strengthen and increase the diversity of the Board and contribute to the Board's overall balance of perspectives,

backgrounds, knowledge, experience and expertise in areas relevant to the Company's business. The committee assesses its achievement of diversity through review of Board composition as part of the Board's annual self-assessment process.

While the Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee may, if it deems appropriate, establish procedures to be followed by shareholders in submitting recommendations for Board candidates, the Committee has not, at this time, put in place a formal policy with regard to such procedures. This is because procedures are set forth in our Bye-laws which permit shareholders to submit recommendations for Board candidates. The Board believes that it is appropriate for Aircastle not to have a specific policy since shareholders are always free to submit recommendations for Board candidates, simply by following the procedures set forth in our Bye-laws, as described below.

Shareholders wishing to recommend a director candidate to the Chairman of the Nominating and Corporate Governance Committee for its consideration should write to the Secretary, Aircastle Limited, c/o Aircastle Advisor LLC, 300 First Stamford Place, 5th Floor, Stamford, CT 06902. Recommendations must be received no less than 90 days nor more than 120 days before the anniversary of the prior year's annual general meeting of shareholders to be considered for inclusion in the proxy statement for the 2017 Annual General Meeting of Shareholders. All recommendations meeting the minimum requirements set forth in the Corporate Governance Guidelines will be referred to the Chairperson of the Nominating and Corporate Governance Committee. Such letters of recommendation must include the address and number of shares owned by the nominating shareholder, the recommended individual's name and address, and a description of the recommended individual's background and qualifications. A signed statement from the recommended individual must accompany the letter of recommendation indicating that he or she consents to being considered as a candidate and that, if nominated by the Board and elected by the shareholders, he or she will serve as a director of the Company. In addition, the notice must also include any other information relating to the shareholder or to the recommended individual that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors under Section 14 of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and the rules and regulations thereunder.

In addition, our Bye-laws allow shareholders to propose or nominate a candidate for election as a director. Such proposal or nomination must be made in accordance with the procedures and time limits set out in the Bye-laws of the Company as described above.

A person must own common shares on the date that he or she sends the notice to Aircastle under the procedures above for the nomination to be valid under our Bye-laws. Provided that the required biographical and background material described above is provided for candidates properly recommended by shareholders, the Nominating and Corporate Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by members of the Board. If the Chairman of the Board determines that a nomination was not made in accordance with the foregoing procedures, the Chairman shall declare to the meeting that the nomination was defective and such defective nomination shall be disregarded.

The Investment Committee. The Board established and designated an Investment Committee pursuant to resolutions adopted on August 2, 2006, and since that date the Board regularly re-authorizes the Investment Committee. The Board authorized the Investment Committee to approve, within certain limitations, aircraft acquisition, lease, sale, financing and interest rate hedging transactions, and other transactions, by the Company. The Investment Committee held fourteen meetings during 2015.

DIRECTORS' COMPENSATION

Cash Compensation. During 2015, cash compensation to the Independent Directors for service on our Board was set at the following levels:

In 2015, our Independent Directors received grants of restricted common shares equivalent to US \$90,000, and the Board authorized an increase in the additional annual grant to the Chairman of the Board from 10,000 to 20,000 restricted common shares during his current term in recognition of his service to the Company and guidance to the Board. Such restricted shares fully vest on January 1 of the following calendar year, pursuant to the terms and conditions of the Incentive Plan and the related award agreement.

Our affiliated and management directors, Messrs. Kakinoki, Konto, Toya and Wainshal, are not separately compensated by us for their Board or committee service. All members of the Board were reimbursed for reasonable costs and expenses incurred in attending meetings of the Board or otherwise incurred in connection with carrying out their duties as directors.

Stock Ownership Guidelines for Directors. The Board believes that significant common share ownership by members of the Board increases the alignment of interests between the Board and the shareholders. Accordingly, the Company has adopted stock ownership guidelines, or Ownership Guidelines, pursuant to which each member of the Board who is paid a base annual cash fee for service on the Board is expected to attain the following levels of share ownership while providing service to the Company, based on the aggregate value of share ownership as of the date of determination:

| Position | Multiple of Base Annual Cash Board Service Fee |
|-------------------|--|
| Relevant Director | 3x |

The Ownership Guidelines provide for a phase-in period, according to which a director should satisfy the Ownership Guidelines by the later of March 14, 2017 or the fifth anniversary of his or her initial appointment to the Board. As of March 28, 2016, each member of the Board complied with the Ownership Guidelines.

Such officers, directors and greater-than-ten percent shareholders are also required by the SEC to furnish the Company with copies of all forms they file under this regulation. No such exception has ever been requested or approved.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes and analyzes our executive compensation philosophy and programs, the decisions made by the Compensation Committee under those programs and the factors considered by the Compensation Committee in making those decisions. This Compensation Discussion and Analysis focuses on the compensation paid to our Chief Executive Officer, Chief Financial Officer and the three other most highly compensated executive officers, together referred to as our named executive officers, or NEOs. For 2015, our NEOs were:

| Name | Title |
|-------------------|--------------------------|
| Ron Wainshal | Chief Executive Officer |
| Michael Inglese | Chief Financial Officer |
| Michael Kriedberg | Chief Commercial Officer |
| Christopher Beers | General Counsel |
| Aaron Dahlke | Chief Accounting Officer |

Pay for Performance

The Compensation Committee believes strongly that executive compensation should be tied to Company performance, and our incentive compensation program rewards employees for delivering in two areas: achieving corporate financial metrics focused on operational and financial performance, specifically: (i) adjusted return on equity; (ii) cash flow per share; and (iii) growth through new investments; and achieving individual performance goals set at the beginning of each year.

We believe performance relative to these financial metrics will ultimately improve returns to shareholders, through greater dividend-paying capacity and stronger fundamentals. We use these corporate financial metrics to determine the incentive compensation for nearly all of the employees in the Company, including our named executive officers, and the Company's progress against these financial metrics is discussed in all-employee meetings and calls on at least a quarterly basis during the year. By establishing these financial performance goals, tying the Company's incentive compensation program to the goals and communicating regularly with our employees, our Compensation Committee and our Board, we expect to better align the interests of our employees and our shareholders and improve shareholder returns.

Each employee's incentive compensation is determined by a mix of corporate performance and individual performance. For more highly compensated employees, achievement of corporate financial metrics carries a greater weighting relative to individual performance, as illustrated in the table below:

| | Corporate Performance | Individual Performance |
|----------------------|-----------------------|------------------------|
| CEO | 85% | 15% |
| Certain NEOs | 80% | 20% |
| Senior Professionals | 60% | 40% |
| Staff | 50% | 50% |

Corporate Financial Metrics. Our corporate financial metrics cover three areas, and we weigh them by relative importance. We base corporate performance targets on the business plan for 2015 adopted by our Board in late 2014. In addition, we establish corporate performance ranges the Compensation Committee believes are achievable. Results below the low end of each range will not yield any contribution to the Company's incentive compensation pool for that metric. Conversely, performance above the top end of a range will result in an enhanced benefit to the Company's incentive compensation pool, to encourage exceptional performance. For 2015, the Compensation Committee chose to continue using the following corporate financial metrics to determine the level of incentive compensation:

Adjusted Return on Equity: an important measure of our profitability and capital efficiency. This measure is based on our adjusted net income metric, which removes some book accounting effects.

Cash Flow per Share: a key measure of our ability to generate cash from our investments which, in turn, funds our operations, reinvesting activities and dividends. Strong cash flow is critical to enabling the liquidity and financial strength necessary for us to raise capital efficiently.

New Investments: a direct measure of our ability to deploy capital accretively so that the Company's earnings base and dividend paying capacity can grow.

The Compensation Committee established the following targets, performance range and relative weighting for the three financial metrics for 2015:

| Metric | 2015 Target | Performance Range | Weighted Score |
|--|-----------------|-------------------|----------------|
| Adjusted Return on Equity ⁽¹⁾ | 9.54% | 50-150% | 25% |
| Cash Flow per Share ⁽²⁾ | \$6.33 | 85-115% | 50% |
| New Investments ⁽³⁾ | \$1.445 Billion | 60-125% | 25% |

Adjusted Return on Equity is Adjusted Net Income divided by the average shareholders' equity, excluding the fair market value of derivatives. Adjusted Net Income, or ANI, is net income before certain expenses related to our financings and interest rate derivative accounting, share-based compensation expense and other items we have deemed unusual when viewed in the context of our ongoing business. Our presentation of ANI may not be comparable to similarly-titled measures used by other companies. A reconciliation between non-GAAP performance metrics and U.S. GAAP results is included as Appendix A to this proxy statement.

Cash Flow per Share for a period is Cash Flow from Operations before changes in working capital plus principal payments from our finance leases and distributions from our joint venture investment divided by the weighted average number of shares outstanding for that period. A reconciliation between non-GAAP performance metrics and U.S. GAAP results is included as Appendix A to this proxy statement.

(3) New Investments measures the total amount invested in aviation assets.

Individual Performance Goals and Compensation

We set individual performance goals for every employee at the beginning of each year and measure each employee's performance against those goals at the end of the year to determine incentive compensation levels. Incentive pay for each employee is determined by applying the weighted corporate and individual performance scores against such employee's targeted bonus amount. Individual bonus targets are set with reference to an employee's function, role and seniority within the organization, among other factors. For more highly compensated employees, payment of the incentive compensation is split between cash and equity awards. For additional retention purposes, the equity award component of the incentive compensation vests over three years, subject to continued service with us through such period. For a discussion or deductibility of our incentive compensation awards under Section 162(m) of the Internal Revenue Code of 1986 as amended, referred to herein as the Internal Revenue Code, see the section below entitled "Tax Implications of Our Compensation."

What We Pay and Why

We have two primary elements of total direct compensation: base salary and incentive compensation. Incentive compensation is comprised of a combination of cash bonus and share grants and awarded on the basis of a mix of performance against corporate financial metrics and achievement of individual goals. For our named executive officers, corporate performance carries the primary weighting in the incentive compensation determination.

Base Salary. Base salaries provide fixed compensation and allow us to attract and retain talented management by taking into account the current market environment and the responsibilities, experience, value to the Company and demonstrated performance of our named executive officers. The Compensation Committee sets the base salaries for our named executive officers and reviewed periodically. Mr. Dahlke's base salary was increased from \$275,000 to \$300,000 in 2015, reflecting the Compensation Committee's view that an adjustment to his base salary was appropriate to reflect his individual performance and market conditions. No other changes to the base salaries of our named executive officers were made during 2015.

Incentive Compensation. As described above, incentive compensation awards are determined by the Company's performance against corporate financial metrics and the Compensation Committee establishes individual performance goals for each year, with payment of the incentive compensation split between cash and restricted share grants under the Incentive Plan. For additional retention purposes, the restricted share grants for 2015 will vest in one-third increments on January 1, 2017, January 1, 2018 and January 1, 2019, subject to continued service with us through such period. The cash portion of 2015 awards was paid in March 2016.

Special Restricted Share Grants. In addition, in limited instances, the Compensation Committee may also issue special restricted share grants to reward exceptional performance. For 2015, the Compensation Committee made no special restricted share grants to any of our named executive officers.

Other Compensation. We pay dividends on unvested restricted shares. We also offer certain named executive officers severance payments and accelerated vesting of restricted shares in certain circumstances, as described in greater detail below in the section entitled "Potential Payments upon Termination or Change in Control." Severance and change in control benefits provide transitional assistance for separated employees and are essential to recruiting and retaining talented executives in a competitive market. In addition, our named executive officers are also eligible to participate in our employee benefit plans, including medical, dental, life insurance and 401(k) plans. These plans are available to all employees and do not discriminate in favor of our named executive officers.

Recoupment Policy. In advance of the final SEC rules implementing Section 954 of the Dodd-Frank Act, in January 2016, our Compensation Committee adopted a clawback policy covering certain incentive compensation awarded to our executive officers. The policy requires reimbursement of incentive payments awarded to an executive officer based upon financial results that were subsequently the subject of a restatement due to the Company's material noncompliance with financial reporting requirements. The amount of reimbursement would be to the extent that a lower payment would have been awarded to the executive based on the restated financial results. The policy applies to all incentive compensation awarded or paid to an executive officer in the three years prior to the restatement even if the executive officer did not engage in conduct which contributed to the restatement. In addition, the Compensation Committee may, in its discretion, seek to recover any portion of incentive compensation when it determines that an executive officer engaged in a certain misconduct, namely involving: (i) material acts of fraud or dishonesty in connection with employment by the Company; (ii) willfully not complying with material policies or procedures of the Company; or (iii) the commission of a felony or a crime involving material dishonesty. The Compensation Committee may need to amend the policy following adoption of the final SEC rule mentioned above.

Summary. The primary goals of our compensation programs are to attract, motivate and retain the most talented and dedicated employees and to align compensation with enhancing shareholder value. Our compensation programs are intended to:

motivate our named executive officers by providing the large majority of their overall compensation through an incentive compensation program that ties awards to corporate financial metrics and individual performance goals that the Compensation Committee believes will build shareholder value, and align each named executive officer's incentives with those of shareholders by delivering a substantial portion of their incentive compensation in the form of restricted share grants.

What We Don't Pay

- Change in control benefits based on a single trigger.
- Deferred compensation plans.
- Company cars or aircraft.
- Federal income tax gross-ups.
- Special or enhanced pension or retirement programs.

2015 Compensation

Performance versus Corporate Financial Metrics. In 2015, the Company's performance against its corporate financial metrics resulted in an incentive compensation pool equal to 96.5% of the total target, as shown in the table below.

| Metric | 2015 Target | 2015 Performance | Performance Range | Performance | Weighted Score |
|--|-----------------|------------------|-------------------|-------------|----------------|
| Adjusted Return on Equity ⁽¹⁾ | 9.54% | 8.03% | 50-150% | 84.2% | 21.0% |
| Cash Flow per Share ⁽¹⁾ | \$6.33 | \$6.45 | 85-115% | 101.9% | 50.9% |
| New Investments | \$1.445 Billion | \$1.425 Billion | 60-125% | 98.3% | 24.6% |
| | | | | Total | 96.5 % |

(1) A reconciliation between non-GAAP performance metrics and U.S. GAAP results is included as Appendix A to this proxy statement.

Performance for the Adjusted Return on Equity was below target due to aircraft impairments we took in the third quarter of 2015, which were partially offset by gains on sale of flight equipment. Cash Flow per Share performance was above the target as strong operating performance was partially offset by foregone cash flow from sold aircraft. The new investment metric was in line with target with a balance in activity between purchase-leaseback transactions with airlines and acquisitions from other leasing companies.

Individual Incentive Compensation Actions for 2015

Aircastle's overall performance in 2015 was strong, with improving profitability and returns on capital. In addition, the senior management team sought to better position the Company in light increasing macro-economic risks and market

volatility by de-risking the business and upgrading the portfolio. The following represent some of the key specific accomplishments during the 2015:

19

Completed over \$1.4 billion in aircraft investments during 2015, in line with our target. We believe these investments improved the quality of the Company's portfolio and its earnings base.

Placed an order for 25 new technology Embraer E-Jet E2 aircraft delivering in 2018-2021.

Sold 31 aircraft with a weighted average age of 15.5 years for a record gain on sale of flight equipment of \$58 million.

Increased the share of current generation narrow-body aircraft in our portfolio from 35% to 45% of net book value, while reducing the Company's exposure to out-of-production and freighter aircraft from 16% to 11% of net book value.

Proactively addressed our lease placements while market conditions were favorable. As a result, we have only one aircraft left to place with a lease expiry in 2016.

Achieved excellent aircraft utilization with our aircraft being on lease 99.3% of the time⁽¹⁾ and a net cash interest margin of 9.1%⁽²⁾.

Obtained \$800 million of new financing from several different sources, which included enlarging our unsecured revolver to \$600 million and extending its maturity to 2019. These actions and others improved the quality of our capital structure and reduced cash interest expense considerably during the course of the year.

Although our total return to shareholders in 2015 was 1.8%, it was in line with the total shareholder return of the S&P 500 and exceeded the S&P MidCap 400 by four percentage points. Each of our named executive officers met or exceeded their individual performance goals for 2015.

(1) Aircraft on-lease days as a percent of total days in period weighted by net book value.

(2) A reconciliation between non-GAAP performance metrics and U.S. GAAP results is included as Appendix A to this proxy statement.

Based on these factors, and the corporate performance achievement of 96.5%, the Compensation Committee took the following actions:

| Named Executive Officer | Incentive Compensation ⁽¹⁾ | Rationale |
|-------------------------|---|--|
| Ron Wainshal | \$609,150 cash and \$1,218,299 restricted share grant | Mr. Wainshal provided strong overall leadership, both shaping and driving the Company's strategy while also leading its efforts to upgrade the portfolio and de-risk the business. He worked closely with our key stakeholders and led the Company's approach to the financial markets. |
| Michael Inglese | \$516,000 cash and \$516,004 restricted share grant | Mr. Inglese led the Company's financing, investor relation and corporate planning efforts. He was also responsible for the IT department and, following the departure of our Chief Operating Officer, the human resources function. His work resulted in the Company completing several important debt financing transactions which significantly reduced our debt costs while enhancing our financial flexibility. He also made significant contributions towards the Company's strategic plan. |
| Michael Kriedberg | \$516,000 cash and \$516,004 restricted share grant | Mr. Kriedberg led the Company's aircraft acquisitions, placements and sales efforts. In this regard, he played a key role in directing the Company's considerable investment, sales and placement activity, including completing \$1.4 billion in aircraft acquisitions, selling 31 aircraft and placing a considerable number of aircraft on lease throughout the year. These efforts improved the quality of our portfolio considerably. |
| Christopher Beers | \$365,730 cash and \$365,726 restricted share grant | Mr. Beers led the Company's legal organization and was also responsible for the human resources function. He was instrumental in recruiting our current human resources director, designing our long term incentive program and improving operational and governance processes. His efforts were also critical in helping complete the Company's significant transaction activity during 2015. |
| Aaron Dahlke | \$227,020 cash and \$84,678 restricted share grant | Mr. Dahlke led the Company's accounting department and played a key role in several internal processes, including the annual fleet review and enterprise risk analysis. He also helped improved internal processes, enabling the Company to complete its 2015 annual financial results nearly two weeks earlier than previously. |

(1) All restricted share grants vest in equal installments on January 1, 2017, 2018 and 2019, subject to the terms and conditions of the Incentive Plan.

How We Make Decisions

Risk. The Compensation Committee reviews the risks and rewards associated with the Company’s compensation programs. We believe that our compensation programs encourage and reward prudent business judgment and appropriate risk-taking, with the overall goal of building sustainable and profitable growth and enhancing shareholder value.

The Compensation Committee believes that none of our compensation programs create risks that are reasonably likely to have a material adverse impact on the Company. For example, base salary is a fixed amount that does not encourage risk taking. The incentive compensation program, which delivers the majority of total compensation for our named executive officers, contains elements that mitigate risk without detracting from the incentive nature of the program, including:

- the use of multiple corporate financial performance metrics, rather than relying on a single measure;
- the use of ranges for these financial performance metrics, so that the earning of the awards is not an “all or nothing” proposition;
- having a large portion of the incentive compensation award for our named executive officers delivered in the form of restricted shares that vest over a three-year period, increasing the focus on longer-term performance and shareholder value growth; and
- the adoption of robust share ownership guidelines.

Role of Executive Officers. The Compensation Committee sets the corporate financial metrics at the beginning of the year based on discussions with and recommendations of the Company’s senior management team, and following consultations with other members of the Board. The Compensation Committee determines individual performance goals for the Chief Executive Officer. The Chief Executive Officer, after consultation with Compensation Committee, establishes individual performance goals for the other NEOs. Regularly during the year, the senior management team presents to the Compensation Committee the Company’s actual performance against the corporate performance metrics, which are discussed in detail. These discussions are also shared with the full Board on a regular basis. After the end of the year, the Compensation Committee, together with the Chairman of the Board, reviews its appraisal of our Chief Executive Officer’s performance and its preliminary determination of his performance against the Company’s corporate performance metrics and his individual goals. The Compensation Committee then makes its final decision about the Chief Executive Officer’s compensation after that review. Executive officers have no role in determining the Chief Executive Officer’s compensation. The Chief Executive Officer makes recommendations to the Compensation Committee concerning the incentive compensation based on each other named executive officer’s individual performance. The Compensation Committee makes a final determination of the incentive compensation for each named executive officer after consultation with the Board.

The Compensation Committee has access to competitive market data in evaluating the competitiveness of our overall compensation structure and levels. The Compensation Committee uses such data to develop a general understanding of current compensation practices, but does not rely on such data to provide a strict framework for making compensation decisions.

Share Ownership Guidelines

The Compensation Committee believes that significant common share ownership by management aligns the interests of management with those of the shareholders. Accordingly, the Company has adopted Ownership Guidelines providing for the following levels of share ownership applicable to our Chief Executive Officer, Chief Commercial Officer, Chief Financial Officer and General Counsel (based on the aggregate value of this share ownership as of the date of determination).

| Position | Multiple of Base Salary |
|--------------------------|-------------------------|
| Chief Executive Officer | 6x |
| Chief Financial Officer | 2x |
| Chief Commercial Officer | 2x |
| General Counsel | 2x |

The Ownership Guidelines provide for a phase-in period, according to which a relevant officer should satisfy the Ownership Guidelines by the later of March 14, 2017 or the fifth anniversary of his or her initial appointment or promotion. As of March 28, 2016, each of the above officers complied with the Ownership Guidelines.

Tax Implications of Our Compensation

The Compensation Committee considers the tax implications of our compensation programs, including the implications of Section 162(m) of the Internal Revenue Code, which limits the deductibility of certain compensation to US\$1,000,000 per year for our

Chief Executive Officer and for each of the other three most highly compensated named executive officers (other than our Chief Financial Officer) who are employed at year-end. Performance-based compensation may be excluded from this limitation. In May of 2014, our shareholders approved the adoption of the 2014 Plan which, among other things, would allow our annual incentive compensation awards to our named executive officers to be excluded from the limitations of Section 162(m) and therefore be deductible.

In order for our annual incentive compensation awards for 2015 to be considered “performance-based compensation” for purposes of Section 162(m) of the Internal Revenue Code and therefore be fully deductible, the Compensation Committee approved an incentive compensation plan for 2015. That plan limits the total amount of incentive compensation that could be awarded to our named executive officers in 2015 to 3% of Cash Flow from Operations before Working Capital, but not in excess of \$15,000,000. Our Chief Executive Officer was eligible to receive up to 40% of such amount and our other named executive officers were eligible to receive an aggregate amount up to 60%. The Compensation Committee may grant awards in lesser amounts but not in excess of the plan limits. In addition, any reduction in the amount of one named executive officer’s compensation would not result in an increase in any other named executive officer’s compensation. As determined and certified by the Compensation Committee for 2015, the maximum amount payable to our named executive officers based on our performance was equal to the maximum of \$15,000,000. The Compensation Committee granted incentive compensation awards for 2015 to our named executive officers in lesser amounts than the plan limits, based on the corporate financial metrics and individual performance goals described in greater detail above in the sections entitled “Pay for Performance” and “2015 Compensation.” The awards granted to our Chief Executive Officer and other named executive officers for 2015 were \$4,934,611, only 32.9% of the maximum amount permitted under the plan.

Long Term Incentive Plan

The Compensation Committee believes an important way of aligning senior management’s interests with those of our shareholders is to provide equity-based incentive compensation. Consistent with these objectives, on March 11, 2016 we incorporated long-term equity incentive awards in the form of performance share units (“PSUs”) into the compensation programs of our NEOs and certain other senior executives. These PSU are also intended to enhance management retention.

The overall value of PSUs for each executive was established based on their position, market data and compensation benchmarking and advice from an independent compensation consultant. A portion of future RSU awards for each executive will be reduced in conjunction with the PSU awards, resulting in an even higher portion of the overall compensation mix being equity based and at-risk. The Compensation Committee, with the assistance of its independent compensation consultant, believes the performance standards for earning the PSU awards are rigorous. The PSUs vest at the end of a three year period, which runs from January 1, 2016 through December 31, 2018. Half of the PSUs vest on achieving relative total stockholder return goals (the "TSR PSUs") while the other half vest on attaining annual Adjusted Return on Equity goals (the "AROE PSUs"). The Compensation Committee believes this approach provides a balanced mix of incentives. In addition, the Compensation Committee believes that Adjusted Return on Equity is an appropriate measurement of management’s effectiveness in deploying our shareholders’ capital and that relative total shareholder return measures management’s ability to deliver superior long-term returns to our shareholders compared against a group of investment alternatives. These awards were made under our 2014 Plan. The PSUs are denominated in share units without dividend rights, each of which is equivalent to one share of common stock, and are subject to performance conditions and time vesting.

TSR PSUs

The number of shares vesting from the TSR PSUs at the end of the three-year performance period will depend on our ranking within the S&P 400 MidCap Index as set forth in the table below. The TSR PSUs are designed to incentivize exceptional performance by setting high hurdles with the target award earned at the 60th percentile and no shares earned if the Company is below the 40th percentile. Results between the points in the table will be interpolated on a linear basis.

| Actual TSR Percentile Ranking | Applicable Percentage |
|-------------------------------|-----------------------|
| 80 th or higher | 200% |
| 60 th | 100% |
| 40 th | 50% |
| below 40 th | —% |

Total stockholder return ("TSR") is the change in price of a share of our common shares plus its accumulated dividends over the three year measurement period. Comparing the Company's TSR to the returns of a broad market index over the same period provides

23

an objective external measure of the Company's effectiveness in generating returns for shareholders. The Compensation Committee believes the S&P Mid-Cap 400 Index, which is comprised of a broad range of companies with market capitalizations similar to the Company's, is an appropriate benchmark for TSR performance. In addition, our industry is highly specialized with few direct peers, only three of which are now publicly traded. Therefore, it is not possible to develop a robust group of relevant peer companies against which to accurately benchmark performance.

AROE PSUs

The number of shares vesting from the AROE PSUs at the end of the three-year performance period will depend on the Company's Adjusted Return on Equity as measured against the targets set by the Compensation Committee annually during the performance period, consistent with the business plan approved by the Board. Adjusted Return on Equity is calculated in the same manner as described in Appendix A of this Proxy. The score is calculated each year and then averaged over the three year performance period. The AROE PSUs are designed to incentivize exceptional performance by having no shares vest if the Company's Adjusted Return on Equity is more than 2% below plan. Results between the points in the table will be interpolated on a linear basis.

| | |
|----------------------------------|-----------------------|
| Actual AROE Performance | Applicable Percentage |
| Annual AROE Target plus 2% | 200% |
| Annual AROE Target | 100% |
| Annual AROE Target less 2% | 50% |
| Below Annual AROE Target less 2% | —% |

The chart below shows the March 11, 2016 PSU awards to our NEOs, including the number of common shares underlying the awards at the time of grant:

| | Target/Maximum Number of PSUs | Target/Maximum Number of TSR PSU | Target/Maximum Number of AROE PSUs |
|---------------|----------------------------------|-------------------------------------|---------------------------------------|
| Mr. Wainshal | 86,207/172,414 | 43,103/86,207 | 43,104/86,207 |
| Mr. Inglese | 52,682/105,364 | 26,341/52,682 | 26,341/52,682 |
| Mr. Kriedberg | 52,682/105,364 | 26,341/52,682 | 26,341/52,682 |
| Mr. Beers | 34,962/69,923 | 17,481/34,961 | 17,481/34,962 |
| Mr. Dahlke | 7,663/15,326 | 3,831/7,663 | 3,832/7,663 |

Last Year's Say on Pay Vote

At our 2015 Annual Meeting, our shareholders were provided with the opportunity to cast an advisory vote on the compensation of our named executive officers in 2014. The Company's say on pay vote yielded a 97% approval. Notwithstanding this favorable vote, we continue to seek input from our shareholders to understand their views with respect to the Company's approach to compensation, and in particular in connection with the Compensation Committee's efforts to tie compensation to performance. Dialogue with our investors provides meaningful feedback to management and to the Compensation Committee.

Compensation Committee Interlocks and Insider Participation

During 2015, the Compensation Committee of the Board was composed of Messrs. Hacker, Merriman and Pollard and Ms. Mura. None of these persons has at any time been an officer or employee of the Company or any of its subsidiaries. In addition, there are no relationships among the Company's executive officers, members of the Compensation Committee or entities whose executives serve on our Board or on the Compensation Committee that require disclosure under applicable SEC regulations.

Compensation Overview

The table below sets forth information regarding 2015, 2014 and 2013 compensation for each of our named executive officers, presenting each bonus and stock grant for the service year with respect to which it was earned, as opposed to the year in which such bonus and stock grants were actually awarded. Note that the SEC-required Summary Compensation Table (shown on page 27) requires disclosure of equity-based grants in the year they were awarded, even if they were in respect of service in a prior year. Therefore, if an incentive award was earned in respect of service in one fiscal year, but paid in the subsequent fiscal year, it would be included as compensation in the subsequent fiscal year in the Summary Compensation Table.

The presentation below reflects how our Compensation Committee views year-over-year changes to the compensation for our named executive officers. It is important to recognize that the way the Compensation Committee presents compensation for our named executive offices in the table below is different from the SEC-required disclosure in the Summary Compensation Table and is not a substitute for the information in that table. Rather, it is intended to show how the Compensation Committee reviews total compensation for our named executive officers across different periods during its decision-making process.

| Name and Principal Position | Fiscal Year | Salary (US\$) | Cash Bonus(US\$) | Equity Incentive Awards (US\$) ⁽¹⁾ | All Other Compensation (US\$) ⁽²⁾ | Total (US\$) |

(2) The maximum represents the highest possible amount of cash incentive compensation that could be paid to our named executive officers under our incentive compensation described above in the section entitled "Tax Implications of Our Compensation". The maximum amount could then be allocated as follows: up to 40% to our CEO and up to 60% among the other named executive officers. Under this program, the Compensation Committee is free to grant awards up to the maximum amount, or grant no awards at all even if performance metrics are achieved. Thus, there is no minimum amount payable. The actual amount of cash incentive compensation paid to our named executive officers with respect to performance in 2015 is reported in the "Non-Equity Incentive Compensation Plan" column of the Summary Compensation Table" and described in greater detail above in the section entitled "2015 Compensation."

Employment Agreements with Named Executive Officers

Through our subsidiary, Aircastle Advisor LLC, we have entered into an employment agreement or employment letter with each of our named executive officers, other than Mr. Dahlke. These employment agreements or letters generally provide for payment of an annual base salary and the executives' eligibility to receive an annual cash bonus with indicated target annual cash bonus and equity incentive award levels. In addition, the employment letters provide that each executive is entitled to receive the same employee benefits as we provide to our employees generally. Each employment letter provides that the named executive officer is employed "at-will" and may be terminated at any time and for whatever reason by either us or him. A summary of the payments and benefits to be provided to the named executive officers upon a termination of employment, along with a description of the restrictive covenants applicable to each executive, is set forth below in the section entitled "Potential Payments upon Termination or Change in Control."

Restricted Share Provisions in the Incentive Plan

Change in Control. Subject to applicable law, in the event of a change in control, as defined in the Incentive Plan, certain other corporate transactions, changes in corporate structure, special dividends and similar corporate events, the Incentive Plan administrator has discretion to cancel any outstanding restricted shares, in exchange for payment in

cash or other property. Unless otherwise determined by the Incentive Plan administrator and evidenced in an award agreement, if (i) a change in control transaction occurs that includes a continuation, assumption or substitution of certain awards under the Incentive Plan, and either (ii) a plan participant's employment is terminated by the employer other than for cause within the twelve months following the change in control or (iii), in the case of participants who are entitled to receive severance under an employment agreement upon termination by the participant for good reason (as defined in the participant's employment agreement), upon such a termination for good reason within the twelve months following a change in control, then the restrictions will lapse with respect to any outstanding restricted shares. Rights of Participants. Participants with restricted shares generally have all of the rights of shareholders, including the right to vote the shares and the right to receive dividends at the same rate paid to other holders of common shares. Subject to the provisions of

the Incentive Plan and applicable award agreement, the Incentive Plan administrator has sole discretion to provide for the lapse of restrictions in installments or the acceleration or waiver of restrictions (in whole or part) under certain circumstances, including, but not limited to, the attainment of certain performance goals or a participant's termination of employment or service. Upon a participant's death or disability, the vesting of that participant's unvested restricted shares will accelerate.

Adjustments. In the event of a merger, amalgamation, consolidation, reorganization, recapitalization, bonus issue, share dividend or other change in corporate structure affecting the common shares, the Incentive Plan administrator may, subject to certain limitations, make an equitable substitution or proportionate adjustment in, among other things, the kind, number and purchase price of common shares subject to outstanding awards of restricted shares or other share-based awards granted under the Incentive Plan. In addition, the Incentive Plan administrator, in its discretion, may terminate all awards (other than fully vested restricted shares, deferred shares and performance shares) with the payment of cash or in-kind consideration.

Repurchase of Shares for Withholding Taxes upon Vesting. The Incentive Plan gives the Incentive Plan administrator the authority to permit a participant to satisfy any federal, state or local withholding taxes due upon vesting of restricted shares by electing to have the Company repurchase a sufficient number of common shares, at Fair Market Value (as defined in the Incentive Plan) on the day of vesting. During 2015, certain of our named executive officers and six directors, Ms. Mura and Messrs. Allen, Cave, Hacker, Merriman and Pollard, made such an election of a sufficient number of shares, and the Incentive Plan administrator approved such elections.

Restricted Share Agreements. The restricted share agreements with each of Messrs. Wainshal, Inglese, Kriedberg and Beers provide that if his employment with the Company is terminated by the Company without "cause" (as defined in his employment agreement) or, if applicable, by the executive with "good reason" (as defined in his employment agreement), then the shares, if any, that are not vested as of the date of such termination will be paid out according to the original vesting schedule subject to the executive's execution of a separation agreement which includes a general release of claims. In the event that the executive's employment is terminated by the Company without cause or by the executive for good reason, in each case within 120 days prior to or within twelve months following a Change of Control, then 100% of the shares, if any, that are not vested as of the date of such termination shall immediately vest. The restricted share agreements with Mr. Dahlke provide that if his employment is terminated without "cause," as defined in the Incentive Plan, the restricted shares which are due to vest at the next vesting date under the agreement will immediately vest, and if such a termination occurs within twelve months following a change in control, all of the restricted shares that are unvested as of the termination will immediately vest.

Under the employment agreements for Messrs. Wainshal, Inglese, Kriedberg and Beers:

if the employment of such named executive officer is terminated without “cause” or with “good reason” (as defined in such employment agreement), and if he signs a general release of claims and complies with the covenants described below, then he will be entitled to receive: (i) an amount equal to the sum of the base salary and target annual cash bonus for the year of

termination, payable over a one-year period (two times such amount and payable in a lump sum if the termination occurs within 120 days prior to or within one year following a “change in control” as defined in such employment agreement); (ii) a pro-rata annual bonus for the year of termination; (iii) reimbursement of COBRA premiums for up to twelve months; and (iv) continued vesting of all outstanding equity awards pursuant to their original vesting schedule (immediate vesting and payment of all outstanding equity awards in the event of a “change in control”); if any amounts to be paid to such named executive officer would constitute “excess parachute payments” subject to the excise tax imposed under Section 4999 of the Internal Revenue Code, the amount will be reduced to the extent necessary to avoid the excise tax; however, in the case of Mr. Wainshal and, in certain cases Mr. Kriedberg, only if such reduction results in a higher after-tax payment to him; and such named executive officer covenants not to compete with Aircastle for six months following termination of his employment for any reason and will not solicit the employees of Aircastle or the clients or customers of Aircastle for competing business, in each case, for a period of twelve months following termination.

The 2014 Plan was approved by shareholders at the Company’s 2014 Annual General Meeting of Shareholders on May 22, 2014. The 2014 Plan replaced the 2005 Plan for awards granted after the effective date.

The maximum number of common shares reserved for issuance under the 2014 Plan is 2,500,000 common shares, which includes 713,540 common shares remaining under the 2005 Plan which became available for reuse following the adoption of the 2014 Plan. Awards outstanding under the 2005 Plan in the amount of 572,977 common shares will continue to vest subject to the terms and conditions of the 2005 Plan and the applicable awards agreements.

We granted awards under the 2014 Plan covering 308,844 common shares.

AUDIT COMMITTEE REPORT

The Audit Committee reviewed our audited 2015 financial statements and discussed them with Aircastle's management, addressing, among other things, the quality and the acceptability of the accounting principles, the reasonableness of significant judgments and estimates, and the clarity and completeness of disclosures. Our independent registered public accounting firm, Ernst & Young, or EY, is responsible for performing an independent audit of our financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and for issuing a report on its audit of the financial statements. The Audit Committee monitors and reviews the audit. The Audit Committee also reviewed and discussed with EY the audited financial statements and the matters required by Auditing Standard No. 16, "Communications with Audit Committees," issued by the Public Company Accounting Oversight Board and other matters the Committee deemed appropriate.

The Audit Committee has received the written disclosures and the letter from EY required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, as modified or supplemented, and has discussed with Ernst & Young its independence. The Audit Committee also considered whether the independent auditors' provision of other, non-audit related services to Aircastle is compatible with maintaining such auditors' independence. Based on its discussions with management and EY, and its review of the representations and information provided by management and EY, the Audit Committee recommended to the Board that the audited financial statements be included in Aircastle's Annual Report on Form 10-K for the year ended December 31, 2015. In addition, the Audit Committee has also recommended, subject to shareholder approval, the appointment of EY as the Company's Independent Registered Public Accounting Firm for the fiscal year ended December 31, 2016.

Respectfully submitted,
The Audit Committee

Ronald W. Allen

Douglas A. Hacker

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The following is a summary of material provisions of certain transactions we have entered into with our executive officers, directors or 5% or greater shareholders. We believe the terms and conditions set forth in such agreements are reasonable and customary for transactions of this type.

Marubeni Corporation Shareholder Agreement Amendment

On February 18, 2015, the Company, Marubeni and a subsidiary of Marubeni entered into an amendment and restatement of the Shareholder Agreement, which (1) modified the terms of the Shareholder Agreement to immediately permit acquisitions by Marubeni and its affiliates of voting securities of the Company in the secondary market pursuant to a Rule 10b5-1 plan that would result in Marubeni and its affiliates collectively holding more than 21.0% but no more than 27.5% of the voting power of the Company and (2) extended the term of the standstill provision of the Shareholder Agreement by eighteen months to January 2025.

Joint Venture with Ontario Teachers' Pension Plan

The Company and an affiliate of Ontario Teachers' Pension Plan ("Teachers' ") formed a joint venture (the "JV"), in which we have a 30% equity interest, to invest in leased aircraft. Teachers' holds more than 10.0% of our outstanding common shares. The assets and liabilities of this joint venture are off our balance sheet and we record our net investment under the equity method of accounting. As of December 31, 2015, the joint venture's total assets were approximately \$516 million.

Policies and Procedures for Review, Approval or Ratification of Transactions with Related Persons

In April 2007, our Board adopted a Policy and Procedures with Respect to Related Person Transactions, our Related Person Policy. Pursuant to the terms of the Related Person Policy, the Audit Committee must review and approve in advance any related person transaction, other than those that are pre-approved pursuant to pre-approval guidelines or rules that may be established by the Audit Committee to cover specific categories of transactions, including the guidelines described below. All Related Persons, as defined below, are required to report to our legal department any such related person transaction prior to its completion, and the legal department will determine whether it should be submitted to the Audit Committee for consideration.

Our Related Person Policy covers all transactions, arrangements or relationships (or any series of similar transactions, arrangements or relationships) in which the Company or any of its subsidiaries was, is or will be a participant, in which the amount involved exceeds US\$120,000, and in which any Related Person had, has or will have a direct or indirect material interest.

A Related Person is any person who is, or at any time since the beginning of the Company's last fiscal year was, a director or executive officer of the Company or a nominee to become a director of the Company; any person who is known to be the beneficial owner of more than 5% of any class of the Company's voting securities; any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the director, executive officer, nominee or more than 5% beneficial owner, and any person (other than a tenant or employee) sharing the household of such director, executive officer, nominee or more than 5% beneficial owner; and any firm, corporation or other entity in which any of the foregoing persons is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest.

Proposal No. 1
ELECTION OF DIRECTORS
 (Item 1 on Proxy Card)

The first proposal is to elect four Class I directors to serve until the 2019 annual general meeting of Aircastle or until their office shall otherwise be vacated pursuant to our Bye-laws.

The Nominating and Corporate Governance Committee works with the Board to determine the appropriate and necessary characteristics, skills and experience of the Board, both as a whole and with respect to its individual members. While the committee does not specifically set any minimum skills that a candidate must have prior to consideration, the committee thoroughly examines a candidate's understanding of marketing, finance and other elements relevant to the success of a publicly traded company in our business and his or her educational and professional background. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's participation in and contributions to the activities of the Board. The Nominating and Corporate Governance Committee recommended to the Board, and the Board unanimously approved, the nomination of the following as Class I directors:

| Name | Age | Position |
|--------------------|-----|------------------|
| Ronald W. Allen | 74 | Class I Director |
| Douglas A. Hacker | 60 | Class I Director |
| Yukihiko Matsumura | 60 | Class I Director |
| Ron Wainshal | 52 | Class I Director |

Biographical information regarding these nominees, including a description of the particular experience, qualifications, attributes and skills that led the Nominating and Corporate Governance Committee and Board to conclude that each nominee should serve on the Board, is described above on pages 4-6, except Mr. Matsumura (see below) and that Masumi Kakinoki will not stand for re-election to the Board. In accordance with the Amended and Restated Shareholder Agreement, Marubeni Corporation has designated Yukihiko Matsumura to the Board. The participation of these nominees in committee work is described in "Corporate Governance—Committees of the Board," above, and their ownership of common shares is described in "Corporate Governance—Security Ownership of Certain Beneficial Owners and Management," also above.

Mr. Matsumura is the President and CEO of Marubeni America Corporation. From April 2015 to March 2016, Mr. Matsumura was Senior Managing Executive Officer, Member of the Board, the Chief Financial Officer and Chief Operating Officer of Investor Relations and Credit Ratings, Marubeni Corporation. From 2013 to 2015, he served as Managing Executive Officer, Member of the Board, Chief Financial Officer and Chief Operating Officer, Corporate Accounting Dept., Business Accounting Dept., Finance Dept. and Risk Management Dept. Mr. Matsumura has over 25 years' experience in the Finance industry and brings to the Board extensive experience in operations, strategic planning and financial matters.

Our Board currently consists of 12 directors; the maximum permitted under the Bye-laws, and is divided into three classes of directors. The current terms of the Class I, Class II and Class III directors will expire in 2016, 2017 and 2018, respectively. The Board unanimously proposes as nominees for election at the Annual Meeting the four existing Class I directors, Messrs. Allen, Hacker, Matsumura and Wainshal. If elected at the Annual Meeting, the Class I directors will hold office from election until the 2019 annual general meeting of Aircastle or until their office shall otherwise be vacated pursuant to our Bye-laws. If any of the nominees becomes unavailable or unwilling to serve, an event that the Board does not presently expect, we will vote the shares represented by proxies for the election of directors for the election of such other person(s) as the Board may recommend.

Edgar Filing: Aircastle LTD - Form DEF 14A

The Board recommends that you vote FOR the above-named nominees to serve as our directors until the 2019 annual general meeting of Aircastle or until their office shall otherwise be vacated pursuant to our Bye-laws. Unless otherwise instructed, we will vote all proxies we receive FOR Messrs. Allen, Hacker, Matsumura and Wainshal.

Proposal No. 2

APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (WHICH CONSTITUTES THE AUDITOR FOR PURPOSES OF BERMUDA LAW) AND THE AUTHORIZATION OF THE DIRECTORS OF AIRCASTLE LIMITED, ACTING BY THE AUDIT COMMITTEE, TO DETERMINE THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM'S FEES.

(Item 2 on Proxy Card)

The Audit Committee Charter, as well as Section 301 of the Sarbanes-Oxley Act, Rule 10A-3(b)(2) under the Exchange Act and the related NYSE listing standards, require that the audit committee shall be directly responsible for the appointment and retention of any registered public accounting firm engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the listed issuer. In accordance with these requirements, the Audit Committee and the Board recommend that the shareholders appoint the firm of EY, to be the Company's independent registered public accounting firm (which constitutes the auditor for the purpose of Bermuda law) for fiscal year 2016 and to authorize the directors of the Company, acting by the Audit Committee, to determine the independent registered public accounting firm's fees. EY was also the Company's independent registered public accounting firm for 2015. Before selecting EY, the Audit Committee carefully considered EY's qualifications as the registered public accounting firm for Aircastle. This included a review of its performance in prior years, as well as its reputation for integrity and competence in the fields of accounting and auditing. The committee has expressed its satisfaction with EY in all of these respects. The committee's review included inquiry concerning any litigation involving EY and any proceedings by the SEC against the firm.

The Audit Committee also oversees the work of EY, and EY reports directly to the Audit Committee. The Audit Committee also reviews and approves EY's annual engagement letter, including the proposed fees, and determines or sets the policy regarding all audit, and all permitted non-audit, engagements and relationships between Aircastle and EY. The Audit Committee also reviews and discusses with EY their annual audit plan, including the timing and scope of audit activities, and monitors the progress and results of the plan during the year. Representatives of EY will be present and available to answer questions at the Annual Meeting and are free to make statements during the Annual Meeting.

Audit Fees, Audit Related Fees, Tax Fees and All Other Fees.

In connection with the audit of the 2015 financial statements, the Company entered into an engagement letter with EY which set forth the terms by which EY has performed audit services for the Company. The following summarizes the fees paid by us to EY for professional services rendered in 2015 and 2014:

| | 2015 | 2014 |
|-----------------------------------|---------------|---------------|
| Audit Fees ⁽¹⁾ | US\$1,920,500 | US\$2,258,000 |
| Audit-Related Fees ⁽²⁾ | US\$58,000 | — |
| Tax Fees ⁽³⁾ | US\$536,000 | US\$634,000 |
| All Other Fees | — | — |

Represents fees for the audit of the Company's consolidated financial statements and internal control over financial reporting, the reviews of interim financial statements included in the Company's Annual Report on Form 10-K, (1) Quarterly Reports on Form 10-Q, certain Current Reports on Form 8-K, audits of subsidiaries required under the terms of certain of our debt agreements, consultations concerning financial accounting and reporting standards, statutory audits and services rendered relating to the Company's registration statements.

(2) Represents fees related primarily to account for potential acquisitions.

(3)

Represents fees related primarily to assistance with tax compliance matters, including international, federal and state tax return preparation, and consultations regarding tax matters.

Audit Committee Pre-Approval Policies and Procedures.

The Audit Committee has policies and procedures that require the pre-approval by the Audit Committee or one of its members of all services performed by the Company's independent registered public accounting firm and related fee arrangements. In the early part of each year, the Audit Committee approves the proposed services, including the nature, type and scope of services contemplated, and the related fees, to be rendered by these firms during the year. In addition, pre-approval by the Audit Committee or one of its members is also required for those engagements that may arise during the course of the year that are outside the scope of the initial services and fees pre-approved by the Audit Committee pursuant to the Sarbanes-Oxley Act. In accordance with this policy, the Audit Committee pre-approved all services to be performed by the Company's independent registered accounting firm.

The Board recommends that you vote FOR the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal year 2016 and the authorization of the directors of Aircastle Limited, acting by the Audit Committee, to determine the independent registered public accounting firm's fees.

Proposal No. 3
ADVISORY VOTE ON EXECUTIVE COMPENSATION
(Item 3 on Proxy Card)

The Dodd-Frank Act requires that we provide our shareholders with the opportunity to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement on page 18 in accordance with the SEC's rules.

In considering their vote, shareholders may wish to review with care the information on our compensation policies and decisions regarding the named executive officers presented in Compensation Discussion and Analysis on pages 19-32, as well as the discussion regarding the Compensation Committee on page 10.

Our primary compensation goals for our named executive officers are to attract, motivate and retain the most talented and dedicated executives and to closely align the interests of our named executive officers with the interests of our shareholders. Our compensation programs are designed to reward our named executive officers for the achievement of annual and long-term strategic and operational goals and the achievement of increased total shareholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

The Compensation Committee has developed compensation programs that strongly tie executive pay to Company performance and our compensation program rewards employees for delivering in two areas:

• Achievement of corporate financial metrics, focused on operational and financial performance, in the form adjusted return on equity, cash flow per share, and sustainable growth through new investments.

• Achievement of individualized performance goals set at the beginning of each year.

We believe that the Company's executive compensation programs have been effective at promoting the achievement of positive results, appropriately aligning pay and performance, and enabling the Company to attract and retain very talented executives while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

We are asking our shareholders to indicate their support for our named executive officers' compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives you as a shareholder the opportunity to express your views on our fiscal year 2015 executive compensation policies and procedures for named executive officers. This vote is not intended to address any specific item of compensation; rather, the vote relates to the overall compensation of our named executive officers and the policies and procedures described in this proxy statement in accordance with the compensation disclosure rules of the SEC. Accordingly, we ask our shareholders to vote "FOR" the following resolution at the Annual Meeting:

RESOLVED, that the shareholders of Aircastle Limited approve, on an advisory basis, the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K in the Company's proxy statement for the 2016 Annual General Meeting of Shareholders, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.

Although this is an advisory vote which will not be binding on the Compensation Committee or the Board, we will carefully review the results of the vote. The Compensation Committee will consider our shareholders' concerns and take them into account when designing future executive compensation programs.

The Board recommends that you vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement.

OTHER MATTERS

As of the mailing date of this proxy statement, the Board knows of no other matters to be brought before the Annual Meeting. If matters other than the ones listed in this proxy statement arise at the Annual Meeting, the persons named in the proxy will vote the shares represented by the proxy according to their judgment.

No person is authorized to give any information or to make any representation not contained in this proxy statement, and, if given or made, such information or representation should not be relied upon as having been authorized. The delivery of this proxy statement shall not, under any circumstances, imply that there has not been any change in the information set forth herein since the date of the proxy statement.

CONFIDENTIALITY OF PROXIES

The Company's policy is that proxies identifying individual shareholders are private except as necessary to determine compliance with law, as necessary to assert or defend legal claims, in a contested proxy solicitation, or in the event that a shareholder makes a written comment on a proxy card or an attachment to it.

SHAREHOLDER PROPOSALS

The Company welcomes comments or suggestions from its shareholders. Under SEC rules, if a shareholder wishes to submit a proposal to be considered for inclusion in our proxy statement for the 2017 Annual General Meeting of Shareholders, the Company must receive the proposal in writing on or before December 12, 2016 unless the date of the 2017 Annual General Meeting of Shareholders is changed by more than 30 days from the date of the last annual general meeting, in which case the proposal must be received no later than a reasonable time before the Company begins to print and send its proxy materials. All proposals must comply with SEC Rule 14a-8 and should be sent to the Secretary of Aircastle Limited, c/o Aircastle Advisor LLC, 300 First Stamford Place, 5th Floor, Stamford, CT 06902.

If a shareholder wishes to submit a proposal for business to be brought before the 2017 Annual General Meeting of Shareholders outside of SEC Rule 14a-8, including with respect to shareholder nominations of directors, notice of such matter must be received by the Company, in accordance with the provisions of the Company's Bye-laws, no earlier than January 22, 2017 and no later than February 21, 2017. Notice of any such proposal also must include the information specified in our Bye-laws and should be sent to the Secretary of Aircastle Limited, c/o Aircastle Advisor LLC, 300 First Stamford Place, 5th Floor, Stamford, CT 06902. In order for a proposal to be considered "timely" for purposes of Rule 14a-4(c), such proposal must be received no later than February 21, 2017. In addition to our Bye-laws, please see page 11 of this proxy statement for a description of the procedures to be followed by a shareholder who wishes to recommend a director candidate to the Nominating and Corporate Governance Committee for its consideration.

Additionally, under Bermuda law, shareholders holding not less than five percent of the total voting rights or 100 or more shareholders together may require us to give notice to our shareholders of a proposal to be submitted at an annual general meeting. Generally, notice of such a proposal must be received by us at our registered office in Bermuda (located at Clarendon House, 2 Church Street, Hamilton, HM 11, Bermuda) not less than six weeks before the date of the meeting and must otherwise comply with the requirements of Bermuda law.

ADDITIONAL INFORMATION

We file annual, quarterly and special reports, proxy statements and other information with the SEC at 100 F Street, N.E., Washington, D.C. 20549. You may read and copy any reports, statements or other information we file at the SEC's public reference room in Washington, D.C. Please call the SEC at (800) SEC-0330 for further information on

the public reference room. Our SEC filings are also available to the public from commercial document retrieval services and on the web site maintained by the SEC at www.sec.gov. A copy of our Annual Report on Form 10-K will also be furnished without charge upon written request to Aircastle Limited, c/o Aircastle Advisor LLC, 300 First Stamford Place, 5th Floor, Stamford, CT 06902, Attention: General Counsel, and can also be accessed through our website at www.aircastle.com.

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy materials with respect to two or more shareholders sharing the same address by delivering a single set of proxy materials addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single set of proxy materials to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders.

Once you have received notice from your broker or the Company that it or the Company will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive separate proxy materials, please notify your broker if your shares are held in a brokerage account or the Company if you hold registered shares. You can notify the Company by sending a written request to Aircastle Limited, c/o Aircastle Advisor LLC, 300 First Stamford Place, 5th Floor, Stamford, CT 06902, Attention: General Counsel, or by oral request at (203) 504-1020. Upon receipt of such request, the Company will deliver a separate copy of the proxy material to the shareholder's address.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 26, 2016

The proxy statement and annual report are available at www.aircastle.com/investors.

GENERAL

The Company will pay the costs of preparing, assembling and mailing this proxy statement and the costs relating to the Annual Meeting. In addition to the solicitation of proxies by mail, the Company intends to ask brokers and bank nominees to solicit proxies from their principals and will pay the brokers and bank nominees their expenses for such solicitation.

If you received a paper copy of this proxy statement, please complete, sign, and date the enclosed proxy card and mail it promptly in the enclosed postage-paid envelope. The enclosed proxy card can be revoked at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

By Order of the Board of Directors,

Christopher L. Beers
General Counsel
