Cautionary Note Regarding Forward-Looking Statements

This Current Report on Form 8-K and the attached exhibit contain "forward-looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and applicable Canadian securities legislation. These forward-looking statements generally are identified by the words "believe," "project," "expect," "anticipate," "estimate," "intend," "future," "plan," "may," "should," "will," "would," "will be," "will continue," "will likely result," and similar expressions. Our forward-looking statements include, without limitation, statements with respect to: future financial or operating performance of the Company or its subsidiaries and its projects; access to existing or future financing arrangements and ability to refinance or reduce debt on favorable terms or at all; future inventory, production, sales, payments from customers, cash costs, capital expenditures and exploration expenditures; future earnings and operating results; expected concentrate and recovery grades; estimates of mineral reserves and resources, including estimated mine life and annual production; statements as to the projected ramp-up of Mt. Milligan and other projects, including expected achievement of design capacities; future operating plans and goals, including statements regarding the transition of Langeloth's business model; and future molybdenum, copper, and gold prices.

Where we express an expectation or belief as to future events or results, such expectation or belief is expressed in good faith and believed to have a reasonable basis. However, our forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from future results expressed, projected or implied by those forward-looking statements. Important factors that could cause actual results and events to differ from those described in such forward-looking statements can be found in the section entitled "Risk Factors" in Thompson Creek's Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and other documents filed on EDGAR at [www.sec.gov](http://www.sec.gov) and on SEDAR at [www.sedar.com](http://www.sedar.com). Although we have attempted to identify those material factors that could cause actual results or events to differ from those described in such forward-looking statements, there may be other factors, currently unknown to us or deemed immaterial at the present time that could cause results or events to differ from those anticipated, estimated or intended. Many of these factors are beyond our ability to control or predict. Given these uncertainties, the reader is cautioned not to place undue reliance on our forward-looking statements. We undertake no obligation to update or revise publicly any forward-looking statements, whether as a result of new information, future events, or otherwise.
