UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

WASHINGTON, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2015

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from to

Commission file number 001-36507

ServiceMaster Global Holdings, Inc.

(Exact name of registrant as specified in its charter)

Delaware	20-8738320
(State or other jurisdiction of incorporation or organization)	(IRS Employer Identification No.)
Commission file number 001-14762	

The ServiceMaster Company, LLC

(Exact name of registrant as specified in its charter)

Delaware	90-1036521
(State or other jurisdiction of incorporation or organization)	(IRS Employer Identification No.)
860 Ridge Lake Boulevard, Memphis, Tennessee 38120	

(Address of principal executive offices) (Zip Code)

901-597-1400

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Edgar Filing: SERVICEMASTER GLOBAL HOLDINGS INC - Form 10-Q

ServiceMaster Global Holdings, Inc. Yes No
 The ServiceMaster Company, LLC Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

ServiceMaster Global Holdings, Inc. Yes No
 The ServiceMaster Company, LLC Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definitions of “large accelerated filer,” “accelerated filer,” and “smaller reporting company” in Rule 12b-2 of the Exchange Act.

ServiceMaster Global Holdings, Inc.	Large accelerated filer	Accelerated filer	Non-accelerated filer	Smaller reporting company
		(Do not check if a smaller reporting company)		
The ServiceMaster Company, LLC	Large accelerated filer	Accelerated filer	Non-accelerated filer	Smaller reporting company
		(Do not check if a smaller reporting company)		

Table of Contents

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

ServiceMaster Global Holdings, Inc.	Yes	No
The ServiceMaster Company, LLC	Yes	No

The number of shares of the registrant's common stock outstanding as of July 31, 2015:

ServiceMaster Global Holdings, Inc. 135,195,492 shares of common stock, par value \$0.01 per share
The ServiceMaster Company, LLC is a privately held limited liability company, and its membership interests are not publicly traded. At July 31, 2015, all of the registrant's membership interests were owned by CDRSVM Holding, LLC.

EXPLANATORY NOTE

This Form 10-Q is a combined quarterly report being filed separately by two registrants: ServiceMaster Global Holdings, Inc. and The ServiceMaster Company, LLC. Unless the context indicates otherwise, any reference in this report to “Holdings” refers to ServiceMaster Global Holdings, Inc., any reference to “SvM” refers to The ServiceMaster Company, LLC, the indirect wholly-owned subsidiary of Holdings, and any references to the “Company,” “we,” “us,” and “our” refer to ServiceMaster Global Holdings, Inc. together with its direct and indirect subsidiaries, including SvM. Each registrant hereto is filing on its own behalf all of the information contained in this quarterly report that relates to such registrant. Each registrant hereto is not filing any information that does not relate to such registrant, and therefore makes no representation as to any such information.

SERVICEMASTER GLOBAL HOLDINGS, INC. AND THE SERVICEMASTER COMPANY, LLC

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(UNAUDITED)

Note 1. Basis of Presentation

The unaudited condensed consolidated financial statements of ServiceMaster Global Holdings, Inc. include the accounts of ServiceMaster Global Holdings, Inc. (“Holdings”) and its majority-owned subsidiary partnerships, limited liability companies and corporations (collectively, the “Company,” “we,” “us, and “our”), including The ServiceMaster Company, LLC (“SvM”). The unaudited condensed consolidated financial statements of The ServiceMaster Company, LLC include the accounts of SvM and its majority-owned subsidiary partnerships, limited liability companies and corporations. All consolidated Company subsidiaries are wholly-owned. Intercompany transactions and balances have been eliminated.

The Company is a leading provider of essential residential and commercial services. The Company’s services include termite and pest control, home warranties, disaster restoration, janitorial, residential cleaning, furniture repair and home inspection. The Company provides these services through an extensive service network of company-owned, franchised and licensed locations operating primarily under the following leading brands: Terminix, American Home Shield, ServiceMaster Restore, ServiceMaster Clean, Merry Maids, Furniture Medic and AmeriSpec.

The unaudited condensed consolidated financial statements have been prepared by the Company in accordance with generally accepted accounting principles in the United States (“GAAP”) and pursuant to the rules and regulations of the U.S. Securities and Exchange Commission (“SEC”). The Company recommends that the quarterly unaudited condensed consolidated financial statements be read in conjunction with the audited consolidated financial statements and the notes thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2014, as filed with the SEC (the “2014 Form 10-K”). The unaudited condensed consolidated financial statements reflect all normal and recurring adjustments that are, in the opinion of management, necessary for the fair presentation of the financial position, results of operations and cash flows for the interim periods presented. The results of operations for any interim period are not indicative of the results that might be achieved for a full year.

Initial Public Offering

On June 25, 2014, Holdings’ registration statement on Form S-1 was declared effective by the SEC for an initial public offering of its common stock. Holdings registered the offering and sale of 35,900,000 shares of its common stock and an additional 5,385,000 shares of its common stock sold to the underwriters pursuant to an option to purchase additional shares. On July 1, 2014, Holdings completed the offering of 41,285,000 shares of its common stock at a price of \$17.00 per share.

Secondary Public Offerings

On February 4, 2015, Holdings’ registration statement on Form S-1 was declared effective by the SEC for a secondary offering of its common stock. Holdings registered on behalf of certain stockholders the offering and sale of 25,000,000 shares of common stock and an additional 3,750,000 shares of common stock sold to the underwriters pursuant to an option to purchase additional shares. On February 10, 2015, the selling stockholders completed the offering of 25,000,000 shares of common stock at a price of \$29.50 per share. On February 13, 2015, the selling

stockholders completed the offering of an additional 3,750,000 shares of common stock at a price of \$29.50 per share pursuant to the underwriters' option to purchase additional shares.

On May 27, 2015, Holdings' registration statement on Form S-1 was declared effective by the SEC for a secondary offering of its common stock. Holdings registered on behalf of certain stockholders the offering and sale of 20,000,000 shares of common stock and an additional 3,000,000 shares of common stock sold to the underwriters pursuant to an option to purchase additional shares. On June 2, 2015, the selling stockholders completed the offering of 20,000,000 shares of common stock at a price of \$34.00 per share. On June 12, 2015, the selling stockholders completed the offering of an additional 3,000,000 shares of common stock at a price of \$34.00 per share pursuant to the underwriters' option to purchase additional shares.

Holdings did not receive any of the proceeds from the aggregate 51,750,000 shares of common stock sold by the selling stockholders.

Note 2. Significant Accounting Policies

The preparation of the unaudited condensed consolidated financial statements requires management to make certain estimates and assumptions required under GAAP which may differ from actual results. The more significant areas requiring the use of management estimates relate to revenue recognition; the allowance for uncollectible receivables; accruals for self-insured retention limits related to medical, workers' compensation, auto and general liability insurance claims; accruals for home warranties and termite damage claims; the possible outcome of outstanding litigation; accruals for income tax liabilities as well as deferred tax accounts; the deferral and amortization of customer acquisition costs; share based compensation; useful lives for depreciation and amortization expense; the valuation of marketable securities; and the valuation of tangible and intangible assets. In 2015, there have been no changes in the significant areas that require estimates or in the underlying methodologies used in determining the amounts of these associated estimates.

Table of Contents

The allowance for receivables is developed based on several factors including overall customer credit quality, historical write-off experience and specific account analyses that project the ultimate collectability of the outstanding balances. As such, these factors may change over time causing the reserve level to vary.

The Company carries insurance policies on insurable risks at levels which it believes to be appropriate, including workers' compensation, auto and general liability risks. The Company purchases insurance policies from third-party insurance carriers, which typically incorporate significant deductibles or self-insured retentions. The Company is responsible for all claims that fall below the retention limits. In determining the Company's accrual for self-insured claims, the Company uses historical claims experience to establish both the current year accrual and the underlying provision for future losses. This actuarially determined provision and related accrual include known claims, as well as incurred but not reported claims. The Company adjusts its estimate of accrued self-insured claims when required to reflect changes based on factors such as changes in health care costs, accident frequency and claim severity.

The Company seeks to reduce the potential amount of loss arising from self-insured claims by insuring certain levels of risk. While insurance agreements are designed to limit the Company's losses from large exposure and permit recovery of a portion of direct unpaid losses, insurance does not relieve the Company of its ultimate liability. Accordingly, the accruals for insured claims represent the Company's total unpaid gross losses. Insurance recoverables, which are reported within Prepaid expenses and other assets and Other assets, relate to estimated insurance recoveries on the insured claims reserves.

Accruals for home warranty claims in the American Home Shield business are made based on the Company's claims experience and actuarial projections. Termite damage claim accruals in the Terminix business are recorded based on both the historical rates of claims incurred within a contract year and the cost per claim. Current activity could differ causing a change in estimates. The Company has certain liabilities with respect to existing or potential claims, lawsuits, and other proceedings. The Company accrues for these liabilities when it is probable that future costs will be incurred and such costs can be reasonably estimated. Any resulting adjustments, which could be material, are recorded in the period the adjustments are identified.

The Company records deferred income tax balances based on the net tax effects of temporary differences between the carrying value of assets and liabilities for financial reporting purposes and income tax purposes. The Company records its deferred tax items based on the estimated value of the tax basis. The Company adjusts tax estimates when required to reflect changes based on factors such as changes in tax laws, relevant court decisions, results of tax authority reviews and statutes of limitations. The Company records a liability for unrecognized tax benefits resulting from uncertain tax positions taken or expected to be taken in a tax return. The Company recognizes potential interest and penalties related to its uncertain tax positions in income tax expense.

Revenue

Revenues from pest control services, as well as liquid and fumigation termite applications, are recognized as the services are provided. The Company eradicates termites through the use of non-baiting methods (e.g., fumigation or liquid treatments) and baiting systems. Termite services using baiting systems and termite inspection and protection contracts are frequently sold through annual contracts. Service costs for these contracts are expensed as incurred. The Company recognizes revenue over the life of these contracts in proportion to the expected direct costs. Those costs bear a direct relationship to the fulfillment of the Company's obligations under the contracts and are representative of the relative value provided to the customer (proportional performance method). The Company regularly reviews its estimates of direct costs for its termite bait contracts and termite inspection and protection contracts and adjusts the estimates when appropriate.

Home warranty contracts are typically one year in duration. Home warranty claims costs are expensed as incurred. The Company recognizes revenue over the life of these contracts in proportion to the expected direct costs. Those costs bear a direct relationship to the fulfillment of the Company's obligations under the contracts and are representative of the relative value provided to the customer (proportional performance method). The Company regularly reviews its estimates of claims costs and adjusts the estimates when appropriate.

The Company has franchise agreements in its Terminix, ServiceMaster Restore, ServiceMaster Clean, Merry Maids, Furniture Medic and AmeriSpec businesses. Franchise revenue (which in the aggregate represents approximately five percent of annual consolidated revenue from continuing operations) consists principally of continuing monthly fees based upon the franchisee's customer-level revenue. Monthly fee revenue is recognized when the related customer-level revenue generating activity is performed by the franchisee and collectability is reasonably assured. Franchise revenue also includes initial fees resulting from the sale of a franchise or a license. These initial franchise or license fees are pre-established fixed amounts and are recognized as revenue when collectability is reasonably assured and all material services or conditions relating to the sale have been substantially performed. Total profits from the franchised operations were \$19 million for each of the three month periods ended June 30, 2015 and 2014 and \$36 million for each of the six month periods ended June 30, 2015 and 2014. The portion of total franchise fee income related to initial fees received from the sale of franchises was immaterial to the Company's condensed consolidated financial statements for all periods.

Revenues are presented net of sales taxes collected and remitted to government taxing authorities on the condensed consolidated statements of operations and comprehensive income (loss).

The Company had \$541 million and \$514 million of deferred revenue as of June 30, 2015 and December 31, 2014, respectively. Deferred revenue consists primarily of payments received for annual contracts relating to home warranties, termite baiting, termite inspection and pest control services.

Table of Contents

Deferred Customer Acquisition Costs

Customer acquisition costs, which are incremental and direct costs of obtaining a customer, are deferred and amortized over the life of the related contract in proportion to revenue recognized. These costs include sales commissions and direct selling costs which can be shown to have resulted in a successful sale. Deferred customer acquisition costs amounted to \$34 million and \$35 million as of June 30, 2015 and December 31, 2014, respectively.

Advertising

On an interim basis, certain advertising costs are deferred and recognized approximately in proportion to the revenue over the year and are not deferred beyond the calendar year-end. Certain other advertising costs are expensed when the advertising occurs. The cost of direct-response advertising at Terminix, consisting primarily of direct-mail promotions, is capitalized and amortized over its expected period of future benefits. Deferred advertising costs are included in Prepaid expenses and other assets on the condensed consolidated statements of financial position.

Inventory

Inventories are recorded at the lower of cost (primarily on a weighted average cost basis) or market. The Company's inventory primarily consists of finished goods to be used on the customers' premises or sold to franchisees.

Property and Equipment, Intangible Assets and Goodwill

Fixed assets and intangible assets with finite lives are depreciated and amortized on a straight-line basis over their estimated useful lives. These lives are based on the Company's previous experience for similar assets, potential market obsolescence and other industry and business data. As required by accounting standards for the impairment or disposal of long-lived assets, the Company's long-lived assets, including fixed assets and intangible assets (other than goodwill), are tested for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. If the carrying value is no longer recoverable based upon the undiscounted future cash flows of the asset, an impairment loss would be recognized equal to the difference between the carrying amount and the fair value of the asset. Changes in the estimated useful lives or in the asset values could cause the Company to adjust its book value or future expense accordingly.

Depreciation of property and equipment, including depreciation of assets held under capital leases, was \$11 million and \$12 million for the three months ended June 30, 2015 and 2014, respectively, and \$23 million and \$24 million for the six months ended June 30, 2015 and 2014, respectively.

The Company recorded an impairment charge of \$47 million (\$28 million, net of tax) in the six months ended June 30, 2014 relating to its decision in the first quarter of 2014 to abandon its efforts to deploy a new operating system at American Home Shield. This impairment represented an adjustment of the carrying value of the asset to its estimated fair value of zero on a non-recurring basis.

The Company's goodwill is assigned to four reporting units: Terminix, American Home Shield, ServiceMaster Clean and Merry Maids. The October 1, 2014 estimated fair values for all reporting units except Merry Maids were significantly in excess of their respective carrying values. The estimated fair value of the Merry Maids reporting unit exceeded its carrying value by 3 percent. As of October 1, 2014, the Company has assigned \$54 million of the Company's goodwill to the Merry Maids reporting unit. Key assumptions in determining the estimated fair value of the Merry Maids reporting unit include the assumed discount rate and expected future cash flows. Any increase in the

assumed discount rate, decrease in expected future cash flows or adverse changes in any of the other assumptions used in the impairment test would result in a decline in the estimated fair value of the Merry Maids reporting unit and may result in an impairment. It is possible that such impairment, if required, could be material.

Restricted Net Assets

There are third-party restrictions on the ability of certain of the Company's subsidiaries to transfer funds to the Company. These restrictions are related to regulatory requirements at American Home Shield and to a subsidiary borrowing arrangement at the ServiceMaster Acceptance Company Limited Partnership ("SMAC"), our financing subsidiary exclusively dedicated to providing financing to our franchisees and retail customers of our operating units. The payments of ordinary and extraordinary dividends by the Company's home warranty and similar subsidiaries (through which the Company conducts its American Home Shield business) are subject to significant regulatory restrictions under the laws and regulations of the states in which they operate. Among other things, such laws and regulations require certain such subsidiaries to maintain minimum capital and net worth requirements and may limit the amount of ordinary and extraordinary dividends and other payments that these subsidiaries can pay to the Company. As of June 30, 2015, the total net assets subject to these third-party restrictions was \$179 million. None of the Company's subsidiaries are obligated to make funds available to the Company through the payment of dividends.

Fair Value of Financial Instruments and Credit Risk

See Note 16 for information relating to the fair value of financial instruments. Financial instruments, which potentially subject the Company to financial and credit risk, consist principally of investments and receivables. Investments consist primarily of publicly traded debt, certificates of deposit and common equity securities. The Company periodically reviews its portfolio of investments to determine whether there has been an other than temporary decline in the value of the investments from factors such as

Table of Contents

deterioration in the financial condition of the issuer or the market(s) in which the issuer competes. The majority of the Company's receivables have little concentration of credit risk due to the large number of customers with relatively small balances and their dispersion across geographical areas. The Company maintains an allowance for losses based upon the expected collectability of receivables.

Income Taxes

The Company and its subsidiaries file consolidated U.S. federal income tax returns. State and local returns are filed both on a separate company basis and on a combined unitary basis with the Company. Current and deferred income taxes are provided for on a separate company basis. The Company accounts for income taxes using an asset and liability approach for the expected future tax consequences of events that have been recognized in the Company's financial statements or tax returns. Deferred income taxes are provided to reflect the differences between the tax bases of assets and liabilities and their reported amounts in the financial statements. Valuation allowances are established when necessary to reduce deferred income tax assets to the amounts expected to be realized. The Company records a liability for unrecognized tax benefits resulting from uncertain tax positions taken or expected to be taken in its tax return. The Company recognizes potential interest and penalties related to its uncertain tax positions in income tax expense.

Stock-Based Compensation

Our stock-based compensation expense is estimated at the grant date based on an award's fair value as calculated by the Black-Scholes option-pricing model and is recognized as expense over the requisite service period. The Black-Scholes model requires various highly judgmental assumptions including expected volatility and option life. If any of the assumptions used in the Black-Scholes model change significantly, stock-based compensation expense may differ materially in the future from that recorded in the current period. In addition, we estimate the expected forfeiture rate and only recognize expense for those shares expected to vest. We estimate the forfeiture rate based on historical experience. To the extent our actual forfeiture rate is different from our estimate, stock-based compensation expense is adjusted accordingly. See Note 6 to our condensed consolidated financial statements.

Holdings' board of directors and our management intended all options granted to be exercisable, at a price per share not less than the per share fair value of our common stock on the date of grant. We grant options to participants with an exercise price equal to the then current fair value of the common stock.

Earnings Per Share

Basic earnings (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding. Diluted earnings (loss) per share is computed by dividing net income (loss) by the weighted-average number of shares of common stock outstanding during the period, increased to include the number of shares of common stock that would have been outstanding had potential dilutive shares of common stock been issued. The dilutive effect of stock options and restricted stock units ("RSUs") are reflected in diluted net income (loss) per share by applying the treasury stock method. See Note 17 to our condensed consolidated financial statements.

Newly Issued Accounting Statements and Positions

In April 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-08, "Reporting Discontinued Operations and Disclosure of Disposals of Components of an Entity" to change the criteria for reporting discontinued operations and enhance the convergence of the FASB's and the International

Standard Board's reporting requirements for discontinued operations. The changes in ASU 2014-08 amend the definition of discontinued operations by limiting discontinued operations reporting to disposals of components of an entity that represent strategic shifts that have or will have a major effect on an entity's operations and financial results. ASU 2014-08 requires expanded disclosures for discontinued operations and also requires an entity to disclose the pretax profit or loss of an individually significant component of an entity that does not qualify for discontinued operations reporting. The amendments in ASU 2014-08 are effective for fiscal years, and interim periods within those years, beginning after December 15, 2014. The adoption of this standard did not have a material impact on the Company's condensed consolidated financial statements.

In May 2014, the FASB issued ASU 2014-09, "Revenue from Contracts with Customers" to provide a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers. This model supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that "an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services." Entities have the option of using either a full retrospective or modified approach to adopt the guidance. The amendments in ASU 2014-09 must be applied using either the retrospective or cumulative effect transition method and are effective for fiscal years, and interim periods within those years, beginning after December 15, 2017. Early adoption is permitted for fiscal years, and interim period within those years, beginning after December 15, 2016. The Company is currently evaluating the impact of adopting ASU 2014-09.

In April 2015, the FASB issued ASU 2015-03, "Simplifying the Presentation of Debt Issuance Costs" to change the presentation of debt issuance costs in financial statements as part of the FASB's simplification initiative. Under current guidance, an entity reports debt issuance costs in the balance sheet as deferred charges (i.e., as an asset). The ASU specifies that now "debt issuance costs related to a note shall be reported in the balance sheet as a direct deduction from the face amount of that note" and that "amortization of debt issuance costs also shall be reported as interest expense." The amendments in ASU 2015-03 are effective for

Table of Contents

fiscal years, and interim periods within those years, beginning after December 15, 2015. The adoption of ASU 2015-03 will result in the retrospective presentation of debt issuance costs as a direct deduction from the face amount of that note instead of the current presentation as an asset for each of the balance sheet periods presented. The Company currently reports the amortization of debt issuance costs as interest expense.

Note 3. Restructuring Charges

The Company incurred restructuring charges of \$1 million (\$1 million, net of tax) for the three months ended June 30, 2014, and \$2 million (\$1 million, net of tax) and \$6 million (\$3 million, net of tax) for the six months ended June 30, 2015 and 2014, respectively. There were no restructuring charges recorded in the three months ended June 30, 2015. Restructuring charges were comprised of the following:

(In millions)	Three Months Ended June 30,		Six Months Ended June 30,	
	2015	2014	2015	2014
Terminix branch optimization(1)	\$ —	\$ 1	\$ 1	\$ 2
Franchise services group reorganization(2)	—	—	1	—
Corporate(3)	—	—	—	4
Total restructuring charges	\$ —	\$ 1	\$ 2	\$ 6

(1) For the three months ended June 30, 2014, these charges included lease termination costs. For the six months ended June 30, 2015 and 2014, these charges included lease termination and severance costs.

(2) For the six months ended June 30, 2015, these charges included severance costs.

(3) Represents restructuring charges related to an initiative to enhance capabilities and reduce costs in the Company's headquarters functions that provide Company-wide administrative services for our operations. For the six months ended June 30, 2014, these charges included professional fees of \$1 million and severance and other costs of \$3 million.

The pretax charges discussed above are reported in Restructuring charges in the condensed consolidated statements of operations and comprehensive income (loss).

A reconciliation of the beginning and ending balances of accrued restructuring charges, which are included in Accrued liabilities—Other on the condensed consolidated statements of financial position, is presented as follows:

(In millions)	Accrued Restructuring Charges
Balance as of December 31, 2014	\$ 4
Costs incurred	2

Costs paid or otherwise settled		(5)
Balance as of June 30, 2015	\$	2

12

Table of Contents

Note 4. Commitments and Contingencies

The Company carries insurance policies on insurable risks at levels that it believes to be appropriate, including workers' compensation, auto and general liability risks. The Company purchases insurance policies from third-party insurance carriers, which typically incorporate significant deductibles or self-insured retentions. The Company is responsible for all claims that fall below the retention limits. In determining the Company's accrual for self-insured claims, the Company uses historical claims experience to establish both the current year accrual and the underlying provision for future losses. This actuarially determined provision and related accrual include known claims, as well as incurred but not reported claims. The Company adjusts its estimate of accrued self-insured claims when required to reflect changes based on factors such as changes in health care costs, accident frequency and claim severity.

A reconciliation of beginning and ending accrued self-insured claims, which are included in Accrued liabilities—Self-insured claims and related expenses and Other long-term obligations, primarily self-insured claims on the condensed consolidated statements of financial position, net of reinsurance recoverables, which are included in Prepaid expenses and other assets and Other assets on the condensed consolidated statements of financial position, is presented as follows:

(In millions)	Accrued Self-insured Claims, Net
Balance as of December 31, 2014	\$ 104
Provision for self-insured claims	20
Cash payments	(14)
Balance as of June 30, 2015	\$ 110
Balance as of December 31, 2013	\$ 101
Provision for self-insured claims	23
Cash payments	(18)
Balance as of June 30, 2014	\$ 106

Accruals for home warranty claims in the American Home Shield business are made based on the Company's claims experience and actuarial projections. Termite damage claim accruals in the Terminix business are recorded based on both the historical rates of claims incurred within a contract year and the cost per claim. Current activity could differ causing a change in estimates. The Company has certain liabilities with respect to existing or potential claims, lawsuits and other proceedings. The Company accrues for these liabilities when it is probable that future costs will be incurred and such costs can be reasonably estimated. Any resulting adjustments, which could be material, are recorded in the period the adjustments are identified.

On March 25, 2015, the Company was informed that the United States Department of Justice initiated a criminal investigation into allegations that a local Terminix branch used methyl bromide as a fumigant at a resort in St. John, U.S. Virgin Islands, resulting in serious injuries to four members of a family vacationing there. The U.S. Virgin Islands Department of Planning and Natural Resources is also investigating the matter, as is the United States Environmental Protection Agency (the "EPA"). The EPA has also requested information concerning the possible distribution, sale or use of methyl bromide in Puerto Rico. The extent of potential fines and other sanctions that the

federal and local governmental authorities may impose, and the impact of any judicial, administrative or regulatory proceedings or other issues resulting from or related to the incident, including claims by third parties, investigation costs and reputational harm, is not currently known. The Company is in the process of investigating this matter and is fully cooperating with all relevant governmental authorities. In the six months ended June 30, 2015, the Company recorded a charge of \$3 million in connection with unasserted civil claims related to the foregoing matter, an amount equal to the Company's insurance deductible under its general liability insurance program. The range of any potential criminal or other penalties or governmental fines or sanctions is not currently known or reasonably estimable.

In addition to the matter discussed above, in the ordinary course of conducting business activities, the Company and its subsidiaries become involved in judicial, administrative and regulatory proceedings involving both private parties and governmental authorities. These proceedings include insured and uninsured matters that are brought on an individual, collective, representative and class action basis, or other proceedings involving regulatory, employment, general and commercial liability, automobile liability, wage and hour, environmental and other matters. The Company has entered into settlement agreements in certain cases, including with respect to putative collective and class actions, which are subject to court or other approvals. If one or more of the Company's settlements are not finally approved, the Company could have additional or different exposure, which could be material. Subject to the paragraph above, the Company does not expect any of these proceedings to have a material effect on its reputation, business, financial position, results of operations or cash flows; however, the Company can give no assurance that the results of any such proceedings will not materially affect its reputation, business, financial position, results of operations and cash flows.

Table of Contents

Note 5. Goodwill and Intangible Assets

Goodwill and intangible assets that are not amortized are subject to assessment for impairment by applying a fair-value based test on an annual basis or more frequently if circumstances indicate a potential impairment. The Company's annual assessment date is October 1. There were no goodwill or trade name impairment charges recorded in continuing operations in the three and six months ended June 30, 2015 and 2014. There were no accumulated impairment losses recorded in continuing operations as of June 30, 2015.

The table below summarizes the goodwill balances for continuing operations by reportable segment:

(In millions)	Terminix	American Home Shield	Franchise Services Group	Total
Balance as of December 31, 2014	\$ 1,497	\$ 381	\$ 191	\$ 2,069
Acquisitions	16	—	—	16
Disposals	—	—	(3)	(3)
Other (1)	(2)	—	—	(2)
Balance as of June 30, 2015	\$ 1,511	\$ 381	\$ 188	\$ 2,080

(1) Reflects the impact of foreign exchange rates.

The table below summarizes the other intangible asset balances for continuing operations:

(In millions)	Estimated Remaining Useful Lives (Years)	As of June 30, 2015			As of December 31, 2014		
		Gross	Accumulated Amortization	Net	Gross	Accumulated Amortization	Net
Trade names(1)	N/A	\$ 1,608	\$ —	\$ 1,608	\$ 1,608	\$ —	\$ 1,608
Customer relationships	3 - 10	538	(510)	29	533	(489)	44
Franchise agreements	20 - 25	88	(61)	27	88	(59)	29
Other	4 - 30	47	(34)	13	47	(32)	15
Total		\$ 2,281	\$ (604)	\$ 1,677	\$ 2,277	\$ (581)	\$ 1,696

(1) Not subject to amortization.

For the existing intangible assets, the Company anticipates amortization expense for the remainder of 2015 and each of the next five years of \$11 million, \$16 million, \$12 million, \$8 million, \$4 million and \$3 million, respectively.

In the six months ended June 30, 2014, the Company recorded a pre-tax non-cash impairment charge of \$139 million (\$84 million, net of tax) associated with the trade name at its former TruGreen business, which is reported in Loss

from discontinued operations, net of income taxes.

Note 6. Stock-Based Compensation

For the three months ended June 30, 2015 and 2014, the Company recognized stock-based compensation expense of \$2 million (\$2 million, net of tax) and \$1 million (\$1 million, net of tax), respectively. For the six months ended June 30, 2015 and 2014, the Company recognized stock-based compensation expense of \$5 million (\$3 million, net of tax) and \$3 million (\$2 million, net of tax), respectively. As of June 30, 2015, there was \$24 million of total unrecognized compensation costs related to non-vested stock options and RSUs granted under the Amended and Restated ServiceMaster Global Holdings, Inc. Stock Incentive Plan ("MSIP") and Omnibus Incentive Plan. These remaining costs are expected to be recognized over a weighted-average period of 2.49 years.

On February 24, 2015, Holdings' board of directors approved and recommended for approval by Holdings' stockholders the ServiceMaster Global Holdings, Inc. Employee Stock Purchase Plan (the "Employee Stock Purchase Plan"), which will be effective for periods commencing July 1, 2015. The Employee Stock Purchase Plan is intended to qualify for the favorable tax treatment under Section 423 of the Internal Revenue Code of 1986. Under the plan, eligible employees of the Company may purchase common stock, subject to Internal Revenue Service limits, during pre-specified offering periods at a discount established by the Company not to exceed 10 percent of the then-current fair market value. On April 27, 2015, Holdings' stockholders approved the Employee Stock Purchase Plan with a maximum of one million shares of common stock authorized for sale under the plan.

Note 7. Comprehensive Income (Loss)

Comprehensive income (loss), which primarily includes net income (loss), unrealized gain (loss) on marketable securities, unrealized gain (loss) on derivative instruments and the effect of foreign currency translation is disclosed in the condensed consolidated statements of operations and comprehensive income (loss).

Table of Contents

The following tables summarize the activity in accumulated other comprehensive income (loss), net of the related tax effects.

(In millions)	Unrealized Losses on Derivatives	Unrealized Gains on Available -for-Sale Securities	Foreign Currency Translation	Total
Balance as of December 31, 2014	\$ (6)	\$ 6	\$ (8)	\$ (8)

Note 8. Supplemental Cash Flow Information

Supplemental information relating to the condensed consolidated statements of cash flows is presented in the following table:

(In millions)	Six Months Ended June 30,	
	2015	2014
Cash paid for or (received from):		
Interest expense	\$ 93	\$ 117
Interest and dividend income	(1)	(2)
Income taxes, net of refunds	6	9

The Company acquired \$9 million and \$8 million of property and equipment through capital leases and other non-cash financing transactions in each of the six month periods ended June 30, 2015 and 2014, respectively, which have been excluded from the condensed consolidated statements of cash flows as non-cash investing and financing activities.

Note 9. Cash and Marketable Securities

Cash, money market funds and certificates of deposits with maturities of three months or less when purchased are included in Cash and cash equivalents on the condensed consolidated statements of financial position. As of June 30, 2015 and December 31, 2014, the Company's investments consisted primarily of domestic publicly traded debt and certificates of deposit ("Debt securities") and common equity securities ("Equity securities"). The amortized cost, fair value and gross unrealized gains and losses of the Company's short- and long-term investments in Debt and Equity securities are as follows:

(In millions)	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
Available-for-sale and trading securities, June 30, 2015:				
Debt securities	\$ 62	\$ 1	\$ —	\$ 63
Equity securities	19	3	(1)	21
Total securities	\$ 81	\$ 4	\$ (1)	\$ 84
Available-for-sale and trading securities, December 31, 2014:				
Debt securities	\$ 65	\$ 1	\$ —	\$ 66
Equity securities	33	9	(1)	41

Total securities \$ 98 \$ 10 \$ (1) \$ 107

There were no unrealized losses which had been in a loss position for more than one year as of June 30, 2015 and December 31, 2014. The aggregate fair value of the investments with unrealized losses was \$27 million and \$29 million as of June 30, 2015 and December 31, 2014, respectively.

Gains and losses on sales of investments, as determined on a specific identification basis, are included in investment income in the period they are realized. The Company periodically reviews its portfolio of investments to determine whether there has been an other than temporary decline in the value of the investments from factors such as deterioration in the financial condition of the issuer or the market(s) in which the issuer competes. The table below summarizes proceeds, gross realized gains and gross realized losses resulting from sales of available-for-sale securities. There were no impairment charges due to other than temporary declines in the value of certain investments for the three and six months ended June 30, 2015 and 2014.

(In millions)	Three Months Ended June 30,		Six Months Ended June 30,	
	2015	2014	2015	2014
Proceeds from sale of securities	\$ 20	\$ 1	\$ 20	\$ 43

Gross realized gains, net of tax	4	—	4	3
Gross realized losses, pre-tax	—	—	—	(1)
Gross realized losses, net of tax	—	—	—	—

Table of Contents

Note 10. Long-Term Debt

Long-term debt is summarized in the following table:

(In millions)	As of June 30, 2015	As of December 31, 2014
Senior secured term loan facility maturing in 2021(1)	1,970	1,803
7.00% senior notes maturing in 2020	488	488
8.00% senior notes maturing in 2020(2)	—	391
Revolving credit facility maturing in 2019	—	—
7.10% notes maturing in 2018(3)	74	73
7.45% notes maturing in 2027(3)	163	161
7.25% notes maturing in 2038(3)	64	64
Vehicle capital leases(4)	42	39
Other	37	37
Less current portion	(41)	(39)
Total long-term debt	\$ 2,797	\$ 3,017

-
- (1) As of June 30, 2015 and December 31, 2014, presented net of \$16 million and \$17 million, respectively, in unamortized original issue discount.
- (2) As of December 31, 2014, includes \$1 million in unamortized premium received on the sale of \$100 million aggregate principal amount of such notes.
- (3) As of June 30, 2015 and December 31, 2014, collectively presented net of \$56 million and \$59 million, respectively, of unamortized fair value adjustments related to purchase accounting, which increases the effective interest rate from the coupon rates shown above.
- (4) SvM has entered into a fleet management services agreement (the “Fleet Agreement”) which, among other things, allows SvM to obtain fleet vehicles through a leasing program. All leases under the Fleet Agreement are capital leases for accounting purposes. The lease rental payments include an interest component calculated using a variable rate based on one-month LIBOR plus other contractual adjustments and a borrowing margin totaling 2.45 percent.

Refinancing of Indebtedness

On February 17, 2015, SvM redeemed \$190 million in aggregate principal amount of its outstanding 8 percent senior notes due February 15, 2020 (the “8% 2020 Notes”) at a redemption price of 106.0% of the principal amount using available cash. In connection with the partial redemption, we recorded a loss on extinguishment of debt of \$13 million in the six months ended June 30, 2015, which includes a pre-payment premium of \$11 million and the write-off of \$2 million of debt issuance costs.

On April 1, 2015, SvM entered into a first amendment (the “First Term Loan Amendment”) which amends the Credit Agreement governing SvM’s \$1,825 million term loan facility maturing July 1, 2021 (the “Term Loan Facility”) and

\$300 million revolving credit facility maturing July 1, 2019 (the “Revolving Credit Facility”) (together with the Term Loan Facility, the “Credit Facilities”). The First Term Loan Amendment provides for incremental term loans (the “Incremental Term Loans”) under the Term Loan Facility in an aggregate principal amount of \$175 million. On April 1, 2015, SvM used the net proceeds from the Incremental Term Loans, together with cash on hand, to redeem the remaining outstanding \$200 million in aggregate principal amount of its 8% 2020 Notes at a redemption price of 106.0% of the principal amount. In connection with the redemption, we recorded a loss on extinguishment of debt of \$14 million in the three and six months ended June 30, 2015, which includes a pre payment premium of \$12 million and the write off of \$2 million of debt issuance costs.

On July 16, 2015, SvM issued a notice of conditional redemption to redeem the remaining outstanding \$488 million in aggregate principal amount of its outstanding 7 percent senior notes due August 15, 2020 (the “7% 2020 Notes”) at a redemption price of 105.25% of the principal amount thereof on August 17, 2015, assuming the conditions are satisfied on or prior to August 17, 2015. SvM intends to fund the redemption using a combination of cash and approximately \$400 million of incremental term loan borrowings under its Term Loan Facility for which it is seeking commitments. In connection with the redemption, we expect to record a loss on extinguishment of debt of approximately \$31 million in the three months ended September 30, 2015, which includes a pre-payment premium of approximately \$25 million and the write-off of approximately \$6 million in debt issuance costs. No assurances can be given that this transaction will be completed.

Table of Contents

Interest Rate Swaps

Interest rate swap agreements in effect as of June 30, 2015 are as follows:

Trade Date	Effective Date	Expiration Date	Notional Amount	Fixed Rate(1)	Floating Rate
July 23, 2014	August 1, 2014	July 31, 2018	300,000	1.786 %	One month LIBOR
July 23, 2014	March 1, 2015	July 31, 2018	400,000	1.927 %	One month LIBOR

(1)Before the application of the applicable borrowing margin.

Note 11. Acquisitions

Acquisitions have been accounted for using the acquisition method and, accordingly, the results of operations of the acquired businesses have been included in the Company's condensed consolidated financial statements since their dates of acquisition. The assets and liabilities of these businesses were recorded in the financial statements at their estimated fair values as of the acquisition dates.

During the six months ended June 30, 2015, the Company completed several pest control and termite acquisitions. The total purchase price for these acquisitions was \$23 million. The Company recorded goodwill of \$16 million and other intangibles of \$6 million related to these acquisitions.

On February 28, 2014, the Company acquired Home Security of America, Inc. ("HSA"), based in Madison, Wisconsin. The total purchase price for this acquisition was \$32 million. The Company recorded goodwill of \$34 million and other intangibles of \$18 million related to this acquisition.

During the six months ended June 30, 2014, the Company completed several pest control, termite and franchise acquisitions. The total purchase price for these acquisitions was \$12 million. The Company recorded goodwill of \$8 million and other intangibles of \$4 million related to these acquisitions.

Supplemental cash flow information regarding the Company's acquisitions is as follows:

(In millions)	Six Months Ended June 30,	
	2015	2014
Assets acquired	\$ 23	\$ 78
Liabilities assumed	—	(34)

Net assets acquired	\$ 23	\$ 44
Net cash paid	\$ 19	\$ 41
Seller financed debt	4	3
Purchase price	\$ 23	\$ 44

Note 12. Discontinued Operations

Loss from discontinued operations, net of income taxes, for all periods presented includes the operating results of the previously sold businesses.

The operating results of discontinued operations are as follows:

(In millions)	Three Months Ended June 30,		Six Months Ended June 30,	
	2015	2014	2015	2014
Revenue	\$ —	\$ —	\$ —	\$ 6
Cost of services rendered and products sold	—	—	—	12
Selling and administrative expenses	1	3	1	12
Goodwill and trade name impairment(1)	—	—	—	139
Restructuring charges	—	—	—	2
Loss before income taxes(1)	(1)	(4)	(1)	(159)
Benefit for income taxes(1)	—	(2)	(1)	(62)
Loss from discontinued operations, net of income taxes(1)	\$ —	\$ (2)	\$ (1)	\$ (97)

(1) In the six months ended June 30, 2014, the Company recorded a pre-tax non-cash impairment charge of \$139 million (\$84 million, net of tax) associated with the trade name at its former TruGreen business, which is reported in Loss from discontinued operations, net of income taxes.

Table of Contents

The table below summarizes the activity during the six months ended June 30, 2015 for the remaining liabilities of previously sold businesses. The remaining obligations primarily relate to legal and other reserves. The Company believes that the remaining reserves continue to be adequate and reasonable.

(In millions)	Liabilities of Discontinued Operations
Balance as of December 31, 2014	\$ 9
Costs incurred	1
Costs paid or otherwise settled	(6)
Balance as of June 30, 2015	\$ 4

Note 13. Income Taxes

As of June 30, 2015 and December 31, 2014, the Company had \$15 million and \$13 million, respectively, of tax benefits primarily reflected in state tax returns that have not been recognized for financial reporting purposes (“unrecognized tax benefits”). The Company currently estimates that, as a result of pending tax settlements and expiration of statutes of limitations, the amount of unrecognized tax benefits could be reduced by approximately \$1 million during the next 12 months.

As required by Accounting Standard Codification (“ASC”) 740, “Income Taxes,” the Company computes interim period income taxes by applying an anticipated annual effective tax rate to our year-to-date income or loss from continuing operations before income taxes, except for significant unusual or infrequently occurring items. The Company’s estimated tax rate is adjusted each quarter in accordance with ASC 740.

The effective tax rate on income from continuing operations was 38.7 percent for the three months ended June 30, 2015 compared to 47.2 percent for the three months ended June 30, 2014. The effective tax rate on income from continuing operations for the three months ended June 30, 2014 was affected by various discrete events, including an adjustment to deferred state taxes resulting from changes in our state apportionment factors.

The effective tax rate on income from continuing operations was 38.2 percent for the six months ended June 30, 2015 compared to 54.4 percent for the six months ended June 30, 2014. The effective tax rate on income from continuing operations for the six months ended June 30, 2014 was affected by various discrete events, including an adjustment to deferred state taxes resulting from changes in our state apportionment factors primarily attributable to the TruGreen Spin-off.

Note 14. Business Segment Reporting

The business of the Company is conducted through three reportable segments: Terminix, American Home Shield and Franchise Services Group.

In accordance with accounting standards for segments, the Company's reportable segments are strategic business units that offer different services. The Terminix segment provides termite and pest control services to residential and commercial customers and distributes pest control products. The American Home Shield segment provides home warranties for household systems and appliances. The Franchise Services Group segment provides residential and commercial disaster restoration, janitorial and cleaning services through franchises primarily under the ServiceMaster, ServiceMaster Restore and ServiceMaster Clean brand names, home cleaning services through franchises and Company-owned locations primarily under the Merry Maids brand name, on-site wood furniture repair and restoration services primarily under the Furniture Medic brand name and home inspection services primarily under the AmeriSpec brand name. Corporate includes SMAC and the Company's headquarters operations (substantially all of which costs are allocated to the Company's reportable segments), which provide various technology, human resources, finance, legal and other support services to the reportable segments. The composition of our reportable segments is consistent with that used by our chief operating decision maker (the "CODM") to evaluate performance and allocate resources.

Information regarding the accounting policies used by the Company is described in Note 2. The Company derives substantially all of its revenue from customers and franchisees in the United States with less than two percent generated in foreign markets. Operating expenses of the business units consist primarily of direct costs and indirect costs allocated from Corporate. Identifiable assets are those used in carrying out the operations of the business unit and include intangible assets directly related to its operations.

The Company uses Reportable Segment Adjusted EBITDA as its measure of segment profitability. Accordingly, the CODM evaluates performance and allocates resources based primarily on Reportable Segment Adjusted EBITDA. Reportable Segment Adjusted EBITDA is defined as net income (loss) before: unallocated corporate expenses; income (loss) from discontinued operations, net of income taxes; provision (benefit) for income taxes; gain (loss) on extinguishment of debt; interest expense; depreciation and amortization expense; non-cash impairment of software and other related costs; non-cash impairment of property and equipment; non-cash stock-based compensation expense; restructuring charges; gain on sale of Merry Maids branches; management and consulting

Table of Contents

fees; consulting agreement termination fees; and other non-operating expenses. The Company's definition of Reportable Segment Adjusted EBITDA may not be calculated or comparable to similarly titled measures of other companies. We believe Reportable Segment Adjusted EBITDA is useful for investors, analysts and other interested parties as it facilitates company-to-company operating performance comparisons by excluding potential differences caused by variations in capital structures, taxation, the age and book depreciation of facilities and equipment, restructuring initiatives, consulting agreements and equity-based, long-term incentive plans.

Information for continuing operations for each reportable segment and Corporate is presented below:

(In millions)	Three Months

Note 15. Related Party Transactions

On July 24, 2007, we were taken private pursuant to a merger transaction, and, following the completion of the merger and other subsequent transactions and prior to Holdings' initial public offering, the significant majority of Holdings' outstanding common stock was owned by investment funds managed by, or affiliated with, Clayton, Dubilier & Rice, LLC ("CD&R" or the "CD&R Funds"), JPMorgan Chase Funding Inc. ("JPMorgan"), StepStone Group LP ("StepStone"), the investment funds managed by StepStone (the "StepStone Funds") and Ridgemont Partners Secondary Fund I, L.P. ("Ridgemont") (collectively, the "Equity Sponsors"). Upon completion of Holdings' initial public offering on

July 1, 2014 and the secondary public offerings in February 2015 and June 2015, the Equity Sponsors continued to hold approximately 25 percent of Holdings' common stock.

Consulting Agreements

The Company was a party to a consulting agreement with CD&R under which CD&R provided the Company with ongoing consulting and management advisory services. The annual consulting fee payable under the consulting agreement with CD&R was \$6 million. The Company was also a party to consulting agreements with StepStone, JPMorgan and Ridgemont. Pursuant to the consulting agreements, the Company was required to pay aggregate annual consulting fees of \$1 million to StepStone, JPMorgan and Ridgemont. Under these agreements, the Company recorded consulting fees of \$2 million and \$4 million in the three and six months ended June 30, 2014, which is included in Selling and administrative expenses in the condensed consolidated statements of operations and comprehensive income (loss). There were no consulting fees recorded in the three and six month periods ended June 30, 2015 due to the termination of the consulting fee agreements in connection with the completion of Holding's initial public offering on July 1, 2014.

TruGreen Spin-off

In connection with the TruGreen spin-off on January 14, 2014, the Company and TruGreen Holding Corporation ("New TruGreen") entered into a transition services agreement pursuant to which the Company and its subsidiaries provide New TruGreen with specified communications, public relations, finance and accounting, tax, treasury, internal audit, human resources operations and benefits, risk management and insurance, supply management, real estate management, marketing, facilities, information technology and other support services. The charges for the transition services are designed to allow the Company to fully recover the direct costs of providing the services, plus specified margins and any out-of-pocket costs and expenses. The services provided under the transition services agreement will terminate at various specified times, and in no event later than January 14, 2016 (except certain information technology services, which the Company expects to provide to New TruGreen beyond the two-year period). New TruGreen may terminate the transition services agreement (or certain services under the transition services agreement) for convenience upon 90 days written notice, in which case New TruGreen will be required to reimburse the Company for early termination costs. Under this transition services agreement, the Company recorded \$7 million and \$9 million in the three months ended June 30, 2015 and 2014, respectively, and \$15 million and \$19 million in the six months ended June 30, 2015 and 2014, respectively, of fees due from New

Table of Contents

TruGreen, which is included, net of costs incurred, in Selling and administrative expenses in the consolidated statement of operations and comprehensive income (loss). As of June 30, 2015, all amounts owed by New TruGreen under this agreement have been paid.

In addition, the Company, New TruGreen and TruGreen Limited Partnership, an indirectly wholly-owned subsidiary of New TruGreen, (“TGLP”) entered into (1) a separation and distribution agreement containing key provisions relating to the separation of the former TruGreen business and the distribution of New TruGreen common stock to Holdings’ stockholders (including relating to specified TruGreen legal matters with respect to which we have agreed to retain liability, as well as insurance coverage, non-competition, indemnification and other matters), (2) an employee matters agreement allocating liabilities and responsibilities relating to employee benefit plans and programs and other related matters and (3) a tax matters agreement governing the respective rights, responsibilities and obligations of the parties thereto with respect to taxes, including allocating liabilities for income taxes attributable to New TruGreen and its subsidiaries generally to the Company for tax periods (or portions thereof) ending on or before January 14, 2014 and generally to New TruGreen for tax periods (or portions thereof) beginning after that date.

Note 16. Fair Value Measurements

The period-end carrying amounts of receivables, accounts payable and accrued liabilities approximate fair value because of the short maturity of these instruments. The period-end carrying amounts of long-term notes receivable approximate fair value as the effective interest rates for these instruments are comparable to period-end market rates. The period-end carrying amounts of short- and long-term marketable securities also approximate fair value, with unrealized gains and losses reported net of tax as a component of accumulated other comprehensive income (loss) on the condensed consolidated statements of financial position, or, for certain unrealized losses, reported in interest and net investment income in the condensed consolidated statements of operations and comprehensive income (loss) if the decline in value is other than temporary. The carrying amount of total debt was \$2,838 million and \$3,057 million and the estimated fair value was \$2,936 million and \$3,102 million as of June 30, 2015 and December 31, 2014, respectively. The fair value of the Company’s debt is estimated based on available market prices for the same or similar instruments which are considered significant other observable inputs (Level 2) within the fair value hierarchy. The fair values presented reflect the amounts that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The fair value estimates presented in this report are based on information available to the Company as of June 30, 2015 and December 31, 2014.

The Company has estimated the fair value of its financial instruments measured at fair value on a recurring basis using the market and income approaches. For investments in marketable securities, deferred compensation trust assets and derivative contracts, which are carried at their fair values, the Company’s fair value estimates incorporate quoted market prices, other observable inputs (for example, forward interest rates) and unobservable inputs (for example, forward commodity prices) at the balance sheet date.

Interest rate swap contracts are valued using forward interest rate curves obtained from third-party market data providers. The fair value of each contract is the sum of the expected future settlements between the contract counterparties, discounted to present value. The expected future settlements are determined by comparing the contract interest rate to the expected forward interest rate as of each settlement date and applying the difference between the two rates to the notional amount of debt in the interest rate swap contracts.

Fuel swap contracts are valued using forward fuel price curves obtained from third-party market data providers. The fair value of each contract is the sum of the expected future settlements between the contract counterparties, discounted to present value. The expected future settlements are determined by comparing the contract fuel price to the expected forward fuel price as of each settlement date and applying the difference between the contract and expected prices to the notional gallons in the fuel swap contracts. The Company regularly reviews the forward price curves obtained from third-party market data providers and related changes in fair value for reasonableness utilizing information available to the Company from other published sources.

The Company has not changed its valuation techniques for measuring the fair value of any financial assets and liabilities during the year. Transfers between levels, if any, are recognized at the end of the reporting period. There were no significant transfers between levels during each of the six month periods ended June 30, 2015 and 2014.

Table of Contents

The carrying amount and estimated fair value of the Company's financial instruments that are recorded at fair value on a recurring basis for the periods presented are as follows:

(In millions)	Statement of Financial Position Location	Carrying Value	Estimated Fair Value Measurements		
			Quoted Prices Active (Level 1)	Other Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
As of June 30, 2015:					
Financial Assets:					
Deferred compensation trust	Long-term marketable securities	\$ 8	\$ 8	\$ —	\$ —
Investments in marketable securities	Marketable securities and Long-term marketable securities	77	38	39	—
Total financial assets		\$ 84	\$ 46	\$ 39	\$ —
Financial Liabilities:					
Fuel swap contracts:					
Current	Other accrued liabilities	\$ 3	\$ —	\$ —	\$ 3
Interest rate swap contracts	Other long-term liabilities	8	—	8	—
Total financial liabilities		\$ 10	\$ —	\$ 8	\$ 3
As of December 31, 2014:					
Financial Assets:					
Deferred compensation trust	Long-term marketable securities	\$ 8	\$ 8	\$ —	\$ —
Investments in marketable securities	Marketable securities and Long-term marketable securities	99	53	45	—
Total financial assets		\$ 107	\$ 62	\$ 45	\$ —
Financial Liabilities:					
Fuel swap contracts:					
Current	Other accrued liabilities	\$ 6	\$ —	\$ —	\$ 6
Interest rate swap contracts	Other long-term liabilities	4	—	4	—
Total financial liabilities		\$ 10	\$ —	\$ 4	\$ 6

A reconciliation of the beginning and ending fair values of financial instruments valued using significant unobservable inputs (Level 3) on a recurring basis is presented as follows:

(In millions)	Fuel Swap Contract Assets (Liabilities)
Balance as of December 31, 2014	\$ (6)
Total gains (realized and unrealized)	
Included in earnings	(3)
Included in other comprehensive income	3
Settlements	3
Balance as of June 30, 2015	\$ (3)
Balance as of December 31, 2013	\$ 1
Total gains (realized and unrealized)	
Included in earnings	—
Included in other comprehensive income	—
Settlements	—
Balance as of June 30, 2014	\$ 1

Table of Contents

The following tables present information relating to the significant unobservable inputs of our Level 3 financial instruments:

	Fair Value (in millions)	Valuation Technique	Unobservable Input	Range	Weighted Average
As of June 30, 2015:					
Fuel swap contracts	\$ (3)	Discounted Cash Flows	Forward Unleaded Price per Gallon(1)	\$2.35 - \$2.97	\$ 2.62
As of December 31, 2014:					
Fuel swap contracts	\$ (6)	Discounted Cash Flows	Forward Unleaded Price per Gallon(1)	\$2.06 - \$2.71	\$ 2.39

(1) Forward prices per gallon were derived from third-party market data providers. A decrease in the forward price would result in a decrease in the fair value of the fuel swap contracts.

The Company uses derivative financial instruments to manage risks associated with changes in fuel prices and interest rates. The Company does not hold or issue derivative financial instruments for trading or speculative purposes. In designating its derivative financial instruments as hedging instruments under accounting standards for derivative instruments, the Company formally documents the relationship between the hedging instrument and the hedged item, as well as the risk management objective and strategy for the use of the hedging instrument. This documentation includes linking the derivatives to forecasted transactions. The Company assesses at the time a derivative contract is entered into, and at least quarterly thereafter, whether the derivative item is effective in offsetting the projected changes in cash flows of the associated forecasted transactions. All of the Company's designated hedging instruments are classified as cash flow hedges.

The Company has historically hedged a significant portion of its annual fuel consumption. The Company has also historically hedged the interest payments on a portion of its variable rate debt through the use of interest rate swap agreements. All of the Company's fuel swap contracts and interest rate swap contracts are classified as cash flow hedges, and, as such, the hedging instruments are recorded on the condensed consolidated statements of financial position as either an asset or liability at fair value, with the effective portion of changes in the fair value attributable to the hedged risks recorded in accumulated other comprehensive income (loss). Any change in the fair value of the hedging instrument resulting from ineffectiveness, as defined by accounting standards, is recognized in current period earnings. Cash flows related to fuel and interest rate derivatives are classified as operating activities in the condensed consolidated statements of cash flows.

The effect of derivative instruments on the condensed consolidated statements of operations and comprehensive income (loss) and accumulated other comprehensive income (loss) on the condensed consolidated statements of financial position is presented as follows:

(In millions)	Effective Portion		
	Effective Portion of Gain (Loss) Recognized in Accumulated Other Comprehensive Income	Effective Portion of Gain (Loss) Reclassified from Accumulated Other Comprehensive Income Into Earnings	Location of Gain (Loss) included in Earnings
Derivatives designated as Cash Flow Hedge Relationships			
Six Months Ended June 30, 2015:			
Fuel swap contracts	\$ 1	\$ (3)	Cost of services rendered and products sold
Interest rate swap contracts	\$ (6)	\$ (2)	Interest expense
Six Months Ended June 30, 2014:			
Fuel swap contracts	\$ —	\$ —	Cost of services rendered and products sold

Ineffective portions of derivative instruments designated in accordance with accounting standards as cash flow hedge relationships were insignificant during the six months ended June 30, 2015. As of June 30, 2015, the Company had fuel swap contracts to pay fixed prices for fuel with an aggregate notional amount of \$33 million, maturing through 2016. Under the terms of its fuel swap contracts, the Company is required to post collateral in the event that the fair value of the contracts exceeds a certain agreed upon liability level and in other circumstances required by the counterparty. As of June 30, 2015, the Company had posted \$5 million in letters of credit as collateral under its fuel hedging program, which were issued under the Company's Revolving Credit Facility.

The effective portion of the gain or loss on derivative instruments designated and qualifying as cash flow hedging instruments is recorded in accumulated other comprehensive income (loss). These amounts are reclassified into earnings in the same period or periods during which the hedged forecasted debt interest settlement or the fuel settlement affects earnings. The amount expected to be reclassified into earnings during the next 12 months includes unrealized gains and losses related to open fuel hedges and interest rate swaps. Specifically, as the underlying forecasted transactions occur during the next 12 months, the hedging gains and losses in accumulated other comprehensive income (loss) expected to be recognized in earnings is a loss of \$5 million, net of tax, as of

Table of Contents

June 30, 2015. The amounts that are ultimately reclassified into earnings will be based on actual fuel prices and interest rates at the time the positions are settled and may differ materially from the amount noted above.

Note 17. Earnings Per Share

Basic earnings per share is computed by dividing net income by the weighted average number of shares of common stock outstanding. Diluted earnings per share is computed by dividing net income by the weighted-average number of shares of common stock outstanding during the period, increased to include the number of shares of common stock that would have been outstanding had potential dilutive shares of common stock been issued. The dilutive effect of stock options and RSUs are reflected in diluted net income per share by applying the treasury stock method.

A reconciliation of the amounts included in the computation of basic earnings per share from continuing operations and diluted earnings per share from continuing operations is as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
(In millions, except per share data)	2015	2014	2015	2014
Income from continuing operations	\$ 67	\$ 42	\$ 95	\$ 24
Weighted average common shares outstanding	134.9	91.9	134.7	91.8
Effect of dilutive securities:				
RSUs	0.2	0.2	0.2	0.2
Stock options(1)	1.4	0.1	1.4	0.1
Weighted average common share outstanding—assuming dilution	136.5	92.2	136.3	92.1
Basic earnings per share from continuing operations	\$ 0.50	\$ 0.46	\$ 0.71	\$ 0.26
Diluted earnings per share from continuing operations	\$ 0.49	\$ 0.46	\$ 0.70	\$ 0.26

(1) Options to purchase 0.4 million and 3.4 million shares for the three months ended June 30, 2015 and 2014, respectively, and 0.4 million and 3.3 million shares for the shares for the six months ended June 30, 2015 and 14, respectively, were not included in the diluted earnings per share calculation because either their exercise price or proceeds per share exceeded the average market price of the Company's common stock for each respective reporting date.

On June 25, 2014, Holdings' registration statement on Form S-1 was declared effective by the SEC for an initial public offering of its common stock, and, on July 1, 2014, Holdings completed the offering of 41,285,000 shares of its common stock. For further details, see Note 1.

Note 18. Condensed Consolidating Financial Statements of The ServiceMaster Company, LLC and Subsidiaries

The following condensed consolidating financial statements of SvM and its subsidiaries have been prepared pursuant to Rule 3-10 of Regulation S-X. These condensed consolidating financial statements have been prepared from SvM's financial information on the same basis of accounting as the condensed consolidated financial statements. Goodwill and other intangible assets have been allocated to all of SvM's subsidiaries based on management's estimates. ServiceMaster Global Holdings, Inc. is not an obligor, nor guarantor, of the 7% 2020 Notes or the Credit Facilities.

The payment obligations of SvM under the 7% 2020 Notes are jointly and severally guaranteed on a senior unsecured basis by SvM's domestic subsidiaries that guarantee our indebtedness under the Credit Facilities (the "Guarantors"). Each of the Guarantors is wholly owned, directly or indirectly, by SvM, and all guarantees are full and unconditional. SvM's non-U.S. subsidiaries, SvM's subsidiaries subject to regulation as an insurance, home warranty, service contract or similar company, and certain other subsidiaries of SvM (the "Non-Guarantors") do not guarantee the 7% 2020 Notes. A Guarantor will be released from its obligations under its guarantee under certain customary circumstances, including, (i) the sale or disposition of the Guarantor, (ii) the release of the Guarantor from all of its obligations under all guarantees related to any indebtedness of SvM, (iii) the merger or consolidation of the Guarantor as specified in the indenture governing the 7% 2020 Notes, (iv) the Guarantor becomes an unrestricted subsidiary under the indenture governing the 7% 2020 Notes, (v) the defeasance of SvM's obligations under the indenture governing the 7% 2020 Notes or (vi) the payment in full of the principal amount of the 7% 2020 Notes.

Effective July 1, 2014, commensurate with entering the Term Loan Facility, SvM began recording interest expense at the Guarantors pursuant to the Term Loan Facility and the 7% 2020 Notes. For the three and six months ended June 30, 2015, interest expense recorded by the Guarantors related to these debt instruments was \$31 million and \$65 million, respectively.

ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following information should be read in conjunction with the unaudited condensed consolidated financial statements and related notes included in this report. The following discussion may contain forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in these forward-looking statements. Factors that could cause or contribute to these differences include those factors discussed below and elsewhere in this report, particularly in “—Information Regarding Forward-Looking Statements” and “Risk Factors.”

Overview

This Management’s Discussion and Analysis of Financial Condition and Results of Operations is combined for two registrants: ServiceMaster Global Holdings, Inc. and The ServiceMaster Company, LLC. Unless the context indicates otherwise, any reference in this discussion and analysis to “Holdings” refers to ServiceMaster Global Holdings, Inc., any reference to “SvM” refers to The ServiceMaster Company, LLC, the indirect wholly-owned subsidiary of Holdings, and any references to “ServiceMaster,” the “Company,” “we,” “us,” and “our” refer to ServiceMaster Global Holdings, Inc. together with its direct and indirect subsidiaries, including SvM.

Our core services include termite and pest control, home warranties, disaster restoration, janitorial, residential cleaning, furniture repair and home inspection under the following leading brands: Terminix, American Home Shield, ServiceMaster Restore, ServiceMaster Clean, Merry Maids, Furniture Medic and AmeriSpec. Our operations for the periods presented in this report are organized into three reportable segments: Terminix, American Home Shield and Franchise Services Group.

Key Business Metrics

We focus on a variety of indicators and key operating and financial metrics to monitor the financial condition and performance of the continuing operations of our businesses. These metrics include:

- revenue,
- operating expenses,
- Adjusted EBITDA,
- net income (loss),
 - earnings (loss) per share,
- customer retention rates, and
 - customer counts growth.

To the extent applicable, these measures are evaluated with and without impairment, restructuring and other charges that management believes are not indicative of the earnings capabilities of our businesses. We also focus on measures designed to optimize cash flow, including the management of working capital and capital expenditures.

Revenue. Our revenue results are primarily a function of the volume and pricing of the services and products provided to our customers by our businesses as well as the mix of services and products provided across our businesses. The volume of our revenue in Terminix and American Home Shield, and in our company-owned branches in the Franchise Services Group, is impacted by new unit sales, the retention of our existing customers and tuck-in

acquisitions. We expect to continue our tuck-in acquisition program at Terminix at levels consistent with prior periods. Revenue results in the remainder of our Franchise Services Group are driven principally by royalty fees earned from our franchisees. We serve both residential and commercial customers, principally in the United States. In 2014, approximately 98 percent of our revenue was generated by sales in the United States.

Operating Expenses. In addition to the impact of changes in our revenue results, our operating results are affected by, among other things, the level of our operating expenses. A number of our operating expenses are subject to inflationary pressures, such as fuel, chemicals, raw materials, wages and salaries, employee benefits and health care, vehicles, self-insurance costs and other insurance premiums, as well as various regulatory compliance costs.

Adjusted EBITDA. We evaluate performance and allocate resources based primarily on Adjusted EBITDA. We define Adjusted EBITDA as net income (loss) before: income (loss) from discontinued operations, net of income taxes; provision (benefit) for income taxes; gain (loss) on extinguishment of debt; interest expense; depreciation and amortization expense; non-cash impairment of software and other related costs; non-cash impairment of property and equipment; non-cash stock-based compensation expense; restructuring charges; gain on sale of Merry Maids branches; management and consulting fees; consulting agreement termination fees; and other non-operating expenses. We believe Adjusted EBITDA is useful for investors, analysts and other interested parties as it facilitates company-to-company operating performance comparisons by excluding potential differences caused by variations in capital structures, taxation, the age and book depreciation of facilities and equipment, restructuring initiatives, consulting agreements and equity-based, long-term incentive plans.

Table of Contents

Net Income (Loss) and Earnings (Loss) Per Share. Basic earnings (loss) per share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding. Diluted earnings (loss) per share is computed by dividing net income (loss) by the weighted-average number of shares of common stock outstanding during the period, increased to include the number of shares of common stock that would have been outstanding had potential dilutive shares of common stock been issued. The dilutive effect of stock options and RSUs are reflected in diluted net income (loss) per share by applying the treasury stock method. The presentation of net income (loss) and earnings (loss) per share provides GAAP measures of performance which are useful for investors, analysts and other interested parties in company-to-company operating performance comparisons.

Customer Retention Rates and Customer Counts Growth. We report our customer retention rates and growth in customer counts for our two largest revenue generating businesses in order to track the performance of those businesses. Customer counts represent our recurring customer base, which includes customers with active contracts for recurring services and excludes customers who purchased a service we consider non-recurring. At Terminix, recurring services are primarily delivered on an annual, quarterly or monthly frequency. Retention rates are calculated as the ratio of ending customer counts to the sum of beginning customer counts, new sales and acquired accounts for the applicable period. These measures are presented on a rolling, 12-month basis in order to avoid seasonal anomalies. See “—Segment Review.”

Seasonality

We have seasonality in our business, which drives fluctuations in revenue and Adjusted EBITDA for interim periods. In 2014, approximately 22 percent, 28 percent, 27 percent and 23 percent of our revenue and approximately 21 percent, 31 percent, 28 percent and 20 percent of our Adjusted EBITDA was recognized in the first, second, third and fourth quarters, respectively.

Effect of Weather Conditions

The demand for our services and our results of operations are also affected by weather conditions, including the seasonal nature of our termite and pest control services, home inspection services and disaster restoration services. Weather conditions which have a potentially unfavorable impact to our business include cooler temperatures or droughts which can impede the development of termite swarms and lead to lower demand for our termite control services; severe winter storms which can impact our residential cleaning business if we cannot travel to service locations due to hazardous road conditions; and extreme temperatures which can lead to an increase in service requests related to household systems. Weather conditions which have a potentially favorable impact to our business include mild winters which can lead to higher demand for termite and pest control services; mild winters or summers which can lead to lower household systems claim frequency; and severe storms which can lead to an increase in demand for disaster restoration services.

Secondary Public Offerings

On February 4, 2015, Holdings’ registration statement on Form S-1 was declared effective by the SEC for a secondary offering of its common stock. Holdings registered on behalf of certain stockholders the offering and sale of 25,000,000 shares of common stock and an additional 3,750,000 shares of common stock sold to the underwriters pursuant to an option to purchase additional shares. On February 10, 2015, the selling stockholders completed the offering of 25,000,000 shares of common stock at a price of \$29.50 per share. On February 13, 2015, the selling stockholders completed the offering of an additional 3,750,000 shares of common stock at a price of \$29.50 per share pursuant to the underwriters’ option to purchase additional shares.

On May 27, 2015, Holdings' registration statement on Form S-1 was declared effective by the SEC for a secondary offering of its common stock. Holdings registered on behalf of certain stockholders the offering and sale of 20,000,000 shares of common stock and an additional 3,000,000 shares of common stock sold to the underwriters pursuant to an option to purchase additional shares. On June 2, 2015, the selling stockholders completed the offering of 20,000,000 shares of common stock at a price of \$34.00 per share. On June 12, 2015, the selling stockholders completed the offering of an additional 3,000,000 shares of common stock at a price of \$34.00 per share pursuant to the underwriters' option to purchase additional shares.

Holdings did not receive any of the proceeds from the aggregate 51,750,000 shares of common stock sold by the selling stockholders.

Refinancing of Indebtedness

On February 17, 2015, SvM redeemed \$190 million in aggregate principal amount of its 8% 2020 Notes at a redemption price of 106.0% of the principal amount using available cash. In connection with the partial redemption, we recorded a loss on extinguishment of debt of \$13 million in the six months ended June 30, 2015, which includes a pre-payment premium of \$11 million and the write-off of \$2 million of debt issuance costs.

On April 1, 2015, SvM entered into the First Term Loan Amendment, which provides for Incremental Term Loans in an aggregate principal amount of \$175 million. On April 1, 2015, SvM used the net proceeds from the Incremental Term Loans, together with cash on hand, to redeem the remaining outstanding \$200 million in aggregate principal amount of its 8% 2020 Notes at a redemption price of 106.0% of the principal amount. In connection with the redemption, we recorded a loss on extinguishment of debt of \$14 million in the three and six months ended June 30, 2015, which includes a pre payment premium of \$12 million and the write off of \$2 million of debt issuance costs.

Table of Contents

On July 16, 2015, SvM issued a notice of conditional redemption to redeem the remaining outstanding \$488 million in aggregate principal amount of its 7% 2020 Notes at a redemption price of 105.25% of the principal amount thereof on August 17, 2015, assuming the conditions are satisfied on or prior to August 17, 2015. SvM intends to fund the redemption using a combination of cash and approximately \$400 million of incremental term loan borrowings under its Term Loan Facility for which it is seeking commitments. In connection with the redemption, we expect to record a loss on extinguishment of debt of approximately \$31 million in the three months ended September 30, 2015, which includes a pre-payment premium of approximately \$25 million and the write-off of approximately \$6 million in debt issuance costs. No assurances can be given that this transaction will be completed.
