The notice will have instructions on how to access our Proxy Material over the internet and instructions on how stockholders can receive a paper copy of our Proxy Materials if so desired. PROXY STATEMENT

FOR

2018 ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON June 14, 2018

The Board of Directors (“Board”) of Cutera, Inc., a Delaware corporation, is soliciting your proxy to vote at our 2018 Annual Meeting of Stockholders to be held on June 14, 2018, beginning at 9:00 a.m., Pacific Time, which is the local time, at our principal executive offices located at 3240 Bayshore Blvd., Brisbane, California 94005-1021, and at any postponements or adjournments thereof. This proxy statement contains important information regarding the meeting. Specifically, it identifies the matters upon which you are being asked to vote, provides information that you may find useful in determining how to vote and describes the voting procedures.

In this proxy statement the terms “we”, “our”, “Cutera” and the “Company” each refer to Cutera, Inc.; the term “Board” means our Board of Directors; the term “proxy materials” means this proxy statement, the enclosed proxy card, and our Annual Report on Form 10-K for the year ended December 31, 2017, filed with the U.S. Securities and Exchange Commission (the “SEC”) on March 26, 2018, and the term “Annual Meeting” means our 2018 Annual Meeting of Stockholders.

We are sending the Notice of Internet Availability of Proxy Materials on or about May 4, 2018, to all stockholders of record at the close of business on April 23, 2018 (the “Record Date”).

QUESTIONS AND ANSWERS REGARDING THIS SOLICITATION AND VOTING AT THE ANNUAL MEETING

What is a proxy statement and what is a proxy?

A proxy statement is a document that the rules and regulations of the United States including the SEC require the Company to give to you when it asks you to give a proxy designating individuals to vote on your behalf. A proxy is your legal designation to another person to vote shares that you own. That other person is called a proxy. If you delegate someone as your proxy in a written document, that document is also called a proxy or proxy card.

Why am I receiving these proxy materials?

You are receiving these proxy materials from us because you were a stockholder of record at the close of business on the Record Date. As a stockholder of record, you are invited to attend the meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Pursuant to SEC rules, we have elected to provide access to our proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the "Notice") to our stockholders.

All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request to receive a printed set of the proxy materials.

Why did I receive a notice in the mail regarding the Internet availability of the proxy materials instead of a paper copy of the proxy materials?

Instructions on how to access the proxy materials on the Internet or to request a printed copy may be found on the Notice, along with instructions regarding procedures designed to ensure the authenticity and correctness of your proxy vote.

In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual stockholders' meetings on the environment. If you chose prior to the Record Date to receive future proxy materials by email, you should receive an email this year with instructions containing a link to those materials and a link to the proxy voting site. In connection with our upcoming Annual Meeting, if you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Table of Contents

What is the purpose of the Annual Meeting?

At our meeting, stockholders of record will vote upon the items of business outlined in the notice of meeting (on the cover page of this proxy statement), each of which is described more fully in this proxy statement. In addition, management will report on the performance of the Company and respond to questions from stockholders.

You are entitled to attend the meeting only if you owned our common stock (or were a joint holder) as of the Record Date, or if you hold a valid proxy for the meeting. You should be prepared to present photo identification for admittance.

Who is entitled to attend the meeting?

Please also note that if you are not a stockholder of record, but hold shares in street name (that is, through a broker or nominee), you will need to provide proof of beneficial ownership as of the Record Date, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership.

The meeting will begin promptly at 9:00 a.m., local time. Check-in will begin at 8:50 a.m., local time.

Who is entitled to vote at the meeting?

All stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the meeting, and at any postponements or adjournments thereof.

As of the Record Date, 13,634,154 shares of our common stock were outstanding. Each outstanding share of our common stock entitles the holder to one vote on each matter properly brought before the meeting. Accordingly, there are a maximum of 13,634,154 votes that may be cast at the meeting.

How many shares must be present or represented to conduct business at the meeting (that is, what constitutes a quorum)?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock entitled to vote at the meeting constitutes a quorum. A quorum is required to conduct business at the meeting. Accordingly, the presence of the holders of our common stock representing at least 6,817,078 votes will be required to establish a quorum at the meeting. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

What items of business will be voted on at the meeting?

The items of business scheduled to be voted on at the meeting are as follows:

1. Election of seven nominees to serve as directors on our Board;
- 2.

Edgar Filing: CUTERA INC - Form DEF 14A

Ratification of BDO USA, LLP (“BDO”) as the Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2018;

3. Non-binding advisory vote on the compensation of Named Executive Officers; and

4. Transaction of such other business as may properly come before the Annual Meeting, including any motion to adjourn to a later date to permit further solicitation of proxies, if necessary, or before any adjournment thereof.

Table of Contents

These proposals are described more fully in this proxy statement. As of the date of this proxy statement, the only business that our Board intends to present, or knows of that others will present at the meeting, is set forth in this proxy statement. If any other matter or matters are properly brought before the meeting, it is the intention of the persons who hold proxies to vote the shares they represent in accordance with their best judgment.

Will any other matters be decided at the Annual Meeting of Stockholders?

At the date of this proxy statement, the Company does not know of any other matters to be raised at the Annual Meeting of Stockholders other than those described in this proxy statement. If any other matters are, in accordance with the Delaware General Corporation Law, other applicable law, or the Company's Amended and Restated Certificate of Incorporation ("Articles"), properly presented for consideration at the Annual Meeting of Stockholders, such matters will, subject to the Delaware General Corporation Law, the Articles and applicable law, be considered at the Annual Meeting of Stockholders and the individuals named in the proxy card will vote on such matters in their discretion.

How does the Board recommend that I vote?

Our Board recommends that you vote your shares (i) "FOR" each of the seven director nominees, (ii) "FOR" the ratification of BDO as the Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2018, and (iii) "FOR" the Non-binding advisory vote on the compensation of our Named Executive Officers.

What shares can I vote at the meeting?

You may vote all shares owned by you as of the Record Date, including (1) shares held directly in your name as the *stockholder of record*, and (2) shares held for you as the *beneficial owner* through a broker, trustee or other nominee such as a bank.

Most of our stockholders hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, Inc., you are considered, with respect to those shares, the *stockholder of record*, and these proxy materials are being sent directly to you by us. As the *stockholder of record*, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the meeting. We have enclosed a proxy card for your use.

Beneficial Owner. If your shares are held in a brokerage account or by another nominee, you are considered the *beneficial owner* of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the meeting. Please note that since a beneficial owner is not the *stockholder of record*, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

How can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. Stockholders of record of our common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelope. Our stockholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction cards provided by the broker, trustee or nominee and mailing them in the accompanying pre-addressed envelope.

Table of Contents

How can I vote my shares in person at the meeting?

Shares held in your name as the stockholder of record may be voted in person at the meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the meeting, we recommend that you also submit your proxy card or voting instructions as described above so that your vote will be counted if you later decide not to, or are unable to, attend the meeting.

Can I change my vote?

You may change your vote at any time prior to the vote at the meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to our Vice President, General Counsel & Corporate Secretary prior to your shares being voted, or by attending the meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

Is my vote confidential?

For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Cutera or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

What vote is required to approve each item and how are votes counted?

The vote required to approve each item of business and the method for counting votes is set forth below:

Election of Directors. Each director nominee receiving affirmative “FOR” votes in excess of “Against” votes at the meeting (a majority of votes cast) will be elected to serve as a director. You may vote either “FOR” or “WITHHOLD” your vote for the director nominees. A properly executed proxy marked “WITHHOLD” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

Ratification of BDO as our Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2018. The affirmative “FOR” vote of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. You may vote “FOR,” “AGAINST” or “ABSTAIN” for this item of business. If you “ABSTAIN,” your abstention has the same effect as a vote “AGAINST.”

Table of Contents

Non-binding advisory vote on the compensation of our Named Executive Officers. The affirmative “FOR” vote of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. You may vote “FOR,” “AGAINST” or “ABSTAIN” for this item of business. If you “ABSTAIN,” your abstention has the same effect as a vote “AGAINST.”

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (“FOR” all of the Company’s nominees to the Board, “FOR” ratification of BDO as our Independent Registered Public Accounting Firm, “FOR” the approval, by non-binding vote, of executive compensation, and in the discretion of the proxy holders on any other matters that may properly come before the meeting).

A “*broker non-vote*” occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters, which includes ratifying the appointment of an independent registered public accounting firm but does not include the election of directors or the non-binding vote on executive compensation. Therefore, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares “FOR” ratification of BDO as the Independent Registered Public Accounting Firm.

What is a “broker non-vote”?

However, if you do not instruct your broker how to vote with respect to the election of directors and the non-binding vote on executive compensation, your broker may not vote with respect to such proposal and your shares will not be counted as voting in favor of these matters.

How are “broker non-votes” counted?

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but they will not be counted in tabulating the voting result for any particular proposal.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting on all matters, the shares represented will be counted for the purpose of determining the presence of a quorum, but they will not be voted on any matter at the meeting. In the absence of controlling precedent to the contrary, we intend to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote “*AGAINST*” a proposal.

What happens if additional matters are presented at the meeting?

Other than the three proposals described in this proxy statement, we are not aware of any other business to be acted upon at the meeting. If you grant a proxy, the persons named as proxy holders, James A. Reinstein, our President and Chief Executive Officer, and J. Daniel Plants, our Board Chairperson, with full power of substitution, will have the discretion to vote your shares on any additional matters that may be properly presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board.

Table of Contents

Who will serve as inspector of election?

We expect a representative of Computershare Trust Company, Inc., our transfer agent, to tabulate the votes, and expect Darren W. Alch, our Vice President, General Counsel and Corporate Secretary to act as inspector of election at the meeting.

What should I do in the event that I receive more than one set of proxy/voting materials?

You may receive more than one set of these proxy solicitation materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a stockholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each Cutera proxy card and voting instruction card that you receive to ensure that all your shares are voted.

Who is soliciting my vote and who will bear the costs of this solicitation?

Your vote is being solicited on behalf of the Board, and the Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, by electronic mail or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. We may also engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. Our costs for such services, if retained, are not expected to be material.

Where can I find the voting results of the meeting?

We intend to announce preliminary voting results at the Annual Meeting and file a Form 8-K with the SEC within four business days after the end of our Annual Meeting to report the voting results.

What is the deadline to propose actions for consideration at next year's Annual Meeting of Stockholders or to nominate individuals to serve as directors?

As a stockholder, you may be entitled to present proposals for action at a future meeting of stockholders, including director nominations.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in our proxy statement for the Annual Meeting to be held in 2019, the written proposal must be received by our Vice President, General Counsel & Corporate Secretary at our principal executive offices no later than January 5, 2019, which is the date 120 calendar days before the anniversary of the mailing date of the Notice of Internet Availability of Proxy Materials. If the date of next year's Annual Meeting is moved more than 30 days before or after the anniversary date of this year's Annual Meeting, the deadline for inclusion of proposals in our proxy statement is instead the close of business on the later of 120 calendar days in advance of such annual meeting and 10 days following the date on which public announcement of the date of the meeting is first made. Such proposals also must comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any other applicable rules established by the SEC. Stockholders interested in submitting such a proposal are advised to contact knowledgeable legal counsel with regard to the detailed requirements of applicable securities laws. Proposals should be addressed to:

Nomination of Director Candidates: You may propose director candidates for consideration by our Board. Any such recommendations should include the nominee's name and qualifications for Board membership and should be directed to the "Vice President, General Counsel & Corporate Secretary" at the address of our principal executive offices set forth above. In addition, our bylaws permit stockholders to nominate directors for election at an Annual Meeting of stockholders. To nominate a director, the stockholder must provide the information required by our bylaws, as well as a statement by the nominee consenting to being named as a nominee and to serve as a director if elected. In addition, the stockholder must give timely notice to our Vice President, General Counsel & Corporate Secretary in accordance with the provisions of our bylaws, which require that the notice be received by our Vice President, General Counsel & Corporate Secretary no later than January 5, 2019 unless the date of next year's Annual Meeting is moved more than 30 days before or after the anniversary date of this year's Annual Meeting.

Copy of Bylaw Provisions: Our bylaws are available on the Investor page of our website at www.cutera.com. You may also contact our Vice President, General Counsel & Corporate Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

Table of Contents

STOCK OWNERSHIP

Security Ownership of Certain Beneficial Owners and Current Management

The following table provides information relating to the beneficial ownership of our common stock as of the Record Date, by:

- each stockholder known by us to own beneficially more than 5% of our common stock;
- each of our current executive officers (including our Chief Executive Officer and our Chief Financial Officer);
- each of our current directors; and
- our current directors and executive officers as a group.

The number of shares beneficially owned by each entity, person, director or executive officer is determined in accordance with the rules of the SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares over which the individual has the sole or shared voting power or investment power and any shares that the individual has the right to acquire within 60 days of April 23, 2018, through the exercise of any stock option or other right. The number and percentage of shares beneficially owned is computed on the basis of 13,634,154 shares of our common stock outstanding as of the Record Date. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, certain officers, and beneficial owners of more than 10% of our common stock to file reports of ownership and reports of changes in the ownership with the SEC. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) Statement of Changes of Beneficial Ownership of Securities forms they file (SEC Forms 3, 4, and 5).

Based solely on our review of the copies of such forms received by us, or written representations from reporting persons that no SEC Forms 3, 4 or 5 were required of such persons, we believe that during our fiscal year ended December 31, 2017 all reports were timely filed with the exception of the following:

Two transactions reported on Mr. Santilli's SEC Form 4 filed on May 1, 2017 relate to transactions that occurred June 1, 2016 and January 1, 2017. The third transaction reported on Mr. Santilli's SEC Form 4 filed on May 1, 2017
- (b) relates to an exempt transaction of shares acquired on May 2, 2016 by Mr. Santilli pursuant to the Company's 2004 Employee Stock Purchase Plan.

CORPORATE GOVERNANCE AND BOARD MATTERS

Director Independence

Our common stock is listed on the NASDAQ Stock Market ("NASDAQ"). Under the NASDAQ listing standards, independent directors must comprise a majority of a listed company's board of directors. In addition, the NASDAQ listing standards require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating and corporate governance committees be independent. Under the NASDAQ listing standards, a director will only qualify as an "independent director" if, in the opinion of that listed company's board of directors, that director does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Audit committee members must also satisfy the additional independence criteria set forth in Rule 10A-3 under the Exchange Act, and the NASDAQ listing standards. Compensation committee members must also satisfy the additional independence criteria set forth in Rule 10C-1 under the Exchange Act and the NASDAQ listing standards

Our Board has undertaken a review of the independence of each of our directors. The Company's directors are David B. Apfelberg, M.D., Gregory A. Barrett, Elisha W. Finney, David A. Gollnick, Timothy J. O'Shea, J. Daniel Plants, James A. Reinstein and Clinton H. Severson. Based on information provided by each director concerning his or her background, employment and affiliations, our Board has determined that each of the directors other than James A. Reinstein, the Company's President and Chief Executive Officer, and David A. Gollnick, the Company's co-founder, former Vice President of North American Sales, and former Executive Vice President of Research and Development, satisfy the current "independent director" standards established by NASDAQ. Mr. Gollnick is party to a consulting agreement with the Company, pursuant to which he is compensated for services he provides to the Company. In 2018, the Nominating and Corporate Governance Committee recommended to the Board that all directors other than our Chief Executive Officer be independent as defined by NASDAQ listing rules. Accordingly, the Nominating and Corporate Governance Committee did not re-nominate Mr. Gollnick to the Board. Following the 2018 annual meeting of stockholders, which is the end of Mr. Gollnick's current term as a director, the number of directors constituting the Board will be reduced from eight to seven.

Board Leadership Structure

The roles of Chairperson of the Board and Chief Executive Officer are currently filled by separate individuals. Our Board believes that the separation of the offices of the Chairperson and Chief Executive Officer is appropriate at this time because it allows our Chief Executive Officer to focus primarily on our business strategy, operations and corporate vision. However, our Board does not have a policy mandating the separation of the roles of Chairperson and Chief Executive Officer, though one can be established by the Board. Our Board elects our Chairperson and Chief Executive Officer, and each of these positions may be held by the same person or by different people. We believe that it is important that the Board retain flexibility to determine whether these roles should be separate or combined based upon the Board's assessment of our needs and our leadership at a given point in time.

Table of Contents

We believe that independent and effective oversight of our business and affairs is maintained through the composition of our Board, the leadership of our independent directors and the committees and our governance structures and processes already in place. The Board consists of a substantial majority of independent directors, and the committees of our Board are composed solely of independent directors.

Our Chairperson of the Board is J. Daniel Plants. We believe Mr. Plants' qualifications to serve as our Chairperson include his substantial experience as a strategic advisor and corporate attorney, as well as his role as the founder of a successful investment management firm and status as a significant Company stockholder, which bring valuable skills and perspective to the Board in the areas of finance, capital markets, strategy and corporate governance.

As described in more detail below, the Board currently has four standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and an Enterprise Risk Committee. As deemed advisable by the Board, various *ad hoc* committees may be established from time to time to accomplish a specific goal or purpose and cease to exist when that goal or purpose is realized. The chairperson and each member of all committees is an independent director. The Board delegates substantial duties and responsibilities to each committee. The committees make recommendations to the Board and report regularly to the Board on their activities and any actions they have taken. We believe that our independent Board committees and their chairperson are an important aspect of our Board leadership and governance structure.

Risk Oversight and Analysis

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, political, regulatory, legal and compliance, and reputational. We have designed and implemented processes to manage risk in our operations. Our management is responsible for managing the risks we face in the ordinary course of operating our business. The Board oversees potential risks and our risk management activities by receiving operational and strategic presentations from management which include discussions of key risks to our business.

Our Board believes that open communication between management and our Board is essential for effective risk management and oversight. Our Board meets with our Chief Executive Officer and other members of the senior management team at meetings of our Board, where, among other topics, they discuss strategy and risks facing the Company, as well as at such other times as they deem appropriate.

While our Board has the ultimate responsibility for risk management and oversight, various committees of the Board also support the Board in its fulfillment of this responsibility. For example, our Audit Committee assists the Board in its risk oversight function by reviewing and discussing with management our system of disclosure controls and our

internal controls over financial reporting risks associated with our cash investment policies, risks related to regulatory matters, and evaluating and advising on other matters. Our business is run conservatively and excessive risk-taking has been discouraged. As a result, risk analysis has not been a significant factor for our Compensation Committee in establishing compensation. The Nominating and Corporate Governance Committee assists the Board in fulfilling its oversight responsibilities with respect to the management of risks associated with Board organization, governance, membership and structure. The Enterprise Risk Committee, created in 2018, assists the Board in supervising the enterprise risk management activities of the Company and its subsidiaries, and advises the Board with respect to the enterprise risk management framework of the Company. The Enterprise Risk Committee further assists the Board in its oversight of the Company's management of key risks, including strategic and operational risks, as well as the guidelines, policies and processes for monitoring and mitigating such risks.

Table of Contents**Committees of the Board**

Our Board has four standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, and the Enterprise Risk Committee. The membership during the last fiscal year, and the function of each of the committees, are described below. On August 16, 2017, Jerry P. Widman announced his retirement from our Board. Mr. Widman served as the Audit Committee Chairperson, as well as a member of the Compensation Committee. From Mr. Widman's retirement, until October 31, 2017, Timothy J. O'Shea served as the Chairperson of the Audit Committee. On October 31, 2017, Elisha W. Finney was appointed to our Board and was named as the Chairperson of the Audit Committee. Additionally, the Strategic Transactions Committee was created to review and evaluate potential strategic business combination transactions as the possibilities arise and other related or pertinent strategic alternatives for the Company (which may include, but are not limited to, a merger, other business combination, recapitalization, acquisition, spin-off, split-off, acquisition of a subsidiary, division or unit, or other similar transaction). The Board elected to reserve such responsibilities for the full Board and, by action of the Board, the Strategic Transactions Committee was dissolved in 2017.

Director Nomination Process

Director Qualifications. The Nominating and Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of members of the Board. While the Nominating and Corporate

Governance Committee has not formalized specific minimum qualifications they believe must be met by a candidate to be recommended by the independent members, the Nominating and Corporate Governance Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (i) have broad and relevant experience, (ii) are predominantly independent, (iii) are of high integrity, (iv) have qualifications that will increase overall Board effectiveness and enhance long-term stockholder value, and (v) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members. While the Nominating and Corporate Governance Committee does not maintain a specific policy with respect to Board diversity, the candidates for Board membership should have the highest professional and personal ethics and values, and conduct themselves consistent with our Code of Ethics. The Nominating and Corporate Governance Committee and the Board is committed to diversity and considers diversity among other qualifications, experience, attributes or skills in its process of identifying and evaluating candidates to be nominees to the Board.

Stockholder Nominations and Recommendations. As described above in the Question and Answer section of this proxy statement under “What is the deadline to propose actions for consideration at next year’s Annual Meeting of Stockholders or to nominate individuals to serve as directors?,” our bylaws set forth the procedure for the proper submission of stockholder nominations for membership on our Board. In addition, the Nominating and Corporate Governance Committee may consider properly submitted stockholder recommendations (as opposed to formal nominations) for candidates for membership on the Board. A stockholder may make such a recommendation by submitting the following information to our Vice President, General Counsel & Corporate Secretary at 3240 Bayshore Blvd., Brisbane, California 94005-1021 no later than January 5, 2019:

the candidate’s name;
home and business contact information;
detailed biographical data, relevant qualifications, professional and personal references;
information regarding any relationships between the candidate and Cutera within the last three years; and
evidence of ownership of Cutera stock by the recommending stockholder.

Identifying and Evaluating Director Nominees. Typically new candidates for nomination to the Board are suggested by existing directors or by our executive officers, although candidates may initially come to our attention through professional search firms, stockholders, or other persons. The Nominating and Corporate Governance Committee carefully reviews the qualifications of any candidates who have been properly brought to its attention. Such a review may, in the Nominating and Corporate Governance Committee’s discretion, include a review solely of information provided to the Nominating and Corporate Governance Committee or may also include discussion with persons familiar with the candidate, an interview with the candidate, or other actions that the Nominating and Corporate Governance Committee deems proper. The Nominating and Corporate Governance Committee considers the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, Nominating and Corporate Governance Committee considers many factors, including, issues of character, judgment, diversity, independence, expertise, length of service, and other commitments. In addition, the Nominating and Corporate Governance Committee takes into account professional experience, skills and background in considering and evaluating candidates. Although diversity is one factor considered in the nomination process, the Company does not have a formal policy relating to diversity. The Nominating and Corporate Governance Committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders are evaluated by the Nominating and Corporate Governance Committee using the same criteria as other candidates. Candidates are not discriminated against on the basis of race, gender, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

Equity Awards for Members of the Board of Directors

Our Amended and Restated 2004 Equity Incentive Plan provides for the automatic grant of options to purchase shares of Cutera common stock to our non-employee directors. Until October 31, 2017, each non-employee director appointed to the Board received an initial option to purchase 14,000 shares of Cutera common stock upon his or her appointment. Each of these stock options had an exercise price equal to fair market value of Cutera common stock on the date of grant and a term of seven years, and becomes exercisable as to one-third of the shares subject to the option on each of the first three anniversaries of its date of grant, provided the non-employee director remains a director. In addition, until October 31, 2017, each non-employee director, who is a director on the date of each Annual Meeting of Stockholders and has been a director for at least the preceding six months, received an award of shares represented by the quotient of \$60,000 divided by the closing market price of Cutera common stock on the date of such Annual Meeting of Stockholders. These shares vest on the one-year anniversary of the grant date. Effective October 31, 2017, the Board revised various elements of non-employee director compensation. The Compensation Committee of the Board, after consultation with its compensation consultant, Compensia, made a recommendation, approved by the Board, to revise the compensation for non-employee directors (the “Outside Director Compensation Plan”). Under the revised Outside Director Compensation Plan, non-employee directors are entitled to receive an annual grant of restricted stock units pursuant to the Company’s Amended and Restated 2004 Equity Incentive Plan, as amended, with a grant date fair market value of \$100,000. The Board also approved a revision to outside directors’ initial award in the form of a one-time award of restricted stock units to each new outside director on or about the date on which such person becomes an outside director, whether through election by the stockholders of the Company or by appointment by the Board to fill a vacancy. The award replaces the initial option to purchase 14,000 shares of Cutera common stock upon his or her appointment, and is in shares of restricted stock with a grant date fair market value of \$150,000, one-third of such shares to vest on each of the first three anniversaries of the date the Board appoints, or the stockholders elect, the new outside director.

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter, the Audit Committee of the Board is responsible for assisting the Board to fulfill its oversight of the integrity of the Company's financial statements and internal controls, the Company's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, and the performance of the Company's internal audit function and independent auditors. It is the responsibility of the Company's management to prepare the Company's financial statements, develop and maintain adequate systems of internal accounting and financial controls, facilitating the internal audit intended to evaluate the adequacy and effectiveness of the Company's financial and operating internal control systems.

BDO USA, LLP ("BDO"), the Company's independent registered public accounting firm for 2017 (the independent auditors), was responsible for performing independent audits of the Company's consolidated financial statements and internal control over financial reporting and issuing an opinion on the conformity of those audited financial statements with generally accepted accounting principles in the United States of America ("GAAP") and on the effectiveness of the Company's internal control over financial reporting. The independent auditors also review the Company's interim financial statements in accordance with applicable auditing standards.

In evaluating the independence of BDO, the Audit Committee has (i) received the written disclosures and the letter from BDO required by applicable requirements of the Public Company Accounting Oversight Board ("PCAOB") regarding the audit firm's communications with the Committee concerning independence, and (ii) discussed with BDO the firm's independence from the Company and management. The Audit Committee has concluded that BDO was independent from the Company and its management. The Audit Committee has reviewed with the independent auditors and the Company's internal auditors the overall scope and specific plans for their respective audits, and the Committee regularly monitored the progress of both in assessing the Company's compliance with Section 404 of the Sarbanes-Oxley Act, including their findings, required resources and progress.

In 2017, the Audit Committee held eight meetings. At every regular quarterly meeting, the Committee reviews the results of the independent auditor's examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's accounting and financial reporting. Following the regular quarterly meeting, the Audit Committee meets separately with the independent auditors, without management present, and also meets separately with the Company's management. In addition, from time-to-time the Audit Committee meets with the Company's independent internal audit firm.

The Audit Committee met with management and the independent auditors and discussed the fair and complete presentation of the Company's financial statements. The Committee also discussed and reviewed with the independent auditors, all communications required, including those described in Auditing Standards No. 16, "Communications with Audit Committees," as adopted by the PCAOB. The Audit Committee discussed significant accounting policies applied in the financial statements, as well as alternative treatments. Management represents that the consolidated financial

statements have been prepared in accordance with GAAP and the Committee reviewed and discussed the audited consolidated financial statements with both management and the Company's independent auditors.

Relying on the foregoing reviews and discussions, the committee recommended to the Board, and the Board approved, inclusion of the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2017, for filing with the Securities and Exchange Commission.

The foregoing report is provided by the undersigned members of the Audit Committee.

PROPOSAL THREE—NON-BINDING ADVISORY VOTE ON THE COMPENSATION OF NAMED EXECUTIVE OFFICERS

General

As required pursuant to Section 14A of the Securities Exchange Act of 1934, the Board is asking you to approve, on an advisory and non-binding basis, the executive compensation programs and policies and the resulting 2017 compensation of our Named Executive Officers listed in the 2017 Summary Compensation Table on page 42 (our “Named Executive Officers”) as described in this proxy statement.

This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders the opportunity to express their views on our Named Executive Officers’ compensation as a whole. This vote is not intended to address any specific item of compensation or any specific Named Executive Officer, but rather the overall compensation of all of our Named Executive Officers and the philosophy, policies and practices described in this proxy statement. Because the vote is advisory, the result will not be binding on our Compensation Committee and it will not affect, limit or augment any existing compensation or awards. The say-on-pay vote will, however, provide information to the Compensation Committee and our Board regarding investor sentiment about our executive compensation philosophy, policies and practices, which they will take into account when considering future compensation arrangements. Our Board and the Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the compensation of the Named Executive Officers as disclosed in this proxy statement, they will consider our stockholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

We recommend that you read the Compensation Discussion and Analysis and compensation tables and also consider the factors below in determining whether to approve this proposal.

Compensation Philosophy and Objectives

Our Compensation Committee reviews the compensation of our Named Executive Officers and strikes a balance between fixed base pay and pay-for-performance (“PFP”) programs that tie compensation directly to specific business goals and management objectives. Our Compensation Committee designed our executive compensation program to support our near-term financial and strategic objectives and promote the long-term growth of our Company.

Our compensation philosophy is to ensure that our compensation programs:

support our key financial and strategic goals and relate to our corporate performance;
align the interests of our executive officers with the interests of our stockholders;
provide a total compensation package that is competitive and enables us to attract, motivate, reward and retain talented executive officers and employees;
are based, in large part, on PFP principles, such that changes in our revenue, operating results, product launches, and stock price, all significantly affect the compensation of our Named Executive Officers; and
remain competitive so that we can continue to retain, attract, motivate, and reward key employees whose knowledge, skills and performance are necessary for our continued growth and success.

We believe the compensation of our executive officers and employees should reflect our performance as an organization, and their performance as individuals, in attaining key financial and operating objectives established by our Board. In addition, we strive to promote an ownership mentality among our employees, including our executive officers, which we believe is best achieved through our equity incentive program and the Employee Stock Purchase Plan. Also, as our Company matures and we lay the foundation for longer term growth and sustained profitability, we endeavor to conserve our cash resources. To that end, one important aspect of our overall compensation philosophy is to set base salaries that are competitive relative to the companies in our compensation Peer Group, in addition to equity and performance-based incentive compensation, which we believe best aligns the interests of our employees and our stockholders.

Table of Contents

Key Features of Our Executive Compensation Program

WHAT WE DO

Pay for Performance: We link the cash compensation of our executive officers to our performance and stockholder interests by heavily weighting their target total cash compensation opportunities to the achievement of strong financial performance tied to a balanced mix of pre-established performance measures and long-term equity awards that align their interests with those of our stockholders.

Independent Compensation Advisor: The Compensation Committee selects and engages its own independent advisor to benchmark compensation at reasonable intervals.

Stock Ownership Guidelines: Our Named Executive Officers and the non-employee members of our Board are subject to stock ownership guidelines equal to a multiple of their respective annual base salaries (3x for our Chief Executive Officer and 1x for other Named Executive Officers and members of senior management) or Board service retainers (3x for directors).

Competitive and market based compensation: We pay fair and reasonable compensation that allows us to attract, motivate, retain and reward the key employees whose knowledge, skills and performance are necessary for our future growth and success.

WHAT WE DON'T DO

No Special Perquisites or Benefits: We do not ordinarily provide special perquisites or other personal benefits to our executive officers, such as company cars*, club memberships, supplemental executive retirement plans or supplemental executive health benefits.

*We provide our sales executives with a car allowance given their extended use of a vehicle other than simply commuting to and from the office in Brisbane.

No Guaranteed Bonuses: We do not provide guaranteed minimum bonuses. Bonuses are contingent on the achievement of key strategic Company goals.

No multi-year employment contracts for any executive or employee.

Fiscal Year 2017 Compensation Overview 26

When designing our fiscal year 2017 executive compensation program, the Compensation Committee considered the program philosophy and objectives set forth above and the intense competition for executive talent within the medical

device industry and the broader high-tech industry in Silicon Valley, California. On July 12, 2017, Ronald J. Santilli resigned as our Chief Financial Officer and Sandra A Gardiner was engaged as our consultant Chief Financial Officer. Ms. Gardiner joined our Company full time as Executive Vice President and Chief Financial Officer effective December 1, 2017. Included in our Compensation Discussion and Analysis below is a discussion relating to our named executive officers for 2017: Chief Executive Officer, Mr. Reinstein; Chief Financial Officer, Ms. Gardiner; Former interim Chief Executive Officer (until January 9, 2017) and Former Chief Financial Officer (until July 12, 2017), Mr. Santilli; and other Named Executive Officers, Larry E. Laber, Executive Vice President of North America Sales, and Miguel A. Pardos, Executive Vice President, International Sales. Mr. Pardos resigned from his position at the Company effective February 28, 2018. The Compensation Committee's overall objective is to compensate our Named Executive Officers in a manner that attracts and retains the caliber of individuals needed to manage and staff a demanding and high-growth business in the rapidly evolving, innovative and competitive medical device industry.

For a detailed discussion about our compensation philosophy, policies and practices, and other corporate governance policies, see the section titled "Executive Compensation" below.

Summary of the Key Features of our 2017 Executive Compensation Program.

Our Named Executive Officers are compensated with a base salary (cash), incentive cash commissions/bonuses, equity awards, non-equity incentives, and other customary employee benefits.

Table of Contents

The compensation of our Named Executive Officers is reviewed annually by the Compensation Committee, and adjustments are made to reflect performance-based factors and competitive conditions.

We evaluate and reward our Named Executive Officers based on the comparable industry specific and general market compensation for their respective positions in the Company, and an evaluation of their contributions to the achievement of short-and long-term organizational goals.

Our Compensation Committee engages an outside compensation consultant to review our executive compensation programs on an “as needed” basis, in comparison to a peer group of companies (the “Peer Group”), and recommend modifications at reasonable intervals when warranted.

Our Named Executive Officers have Change of Control and Severance Agreements (“COC Agreements”) and, except for these arrangements, we do not have employment agreements with any of our Named Executive Officers.

We have stock ownership guidelines equal to a multiple of their respective annual base salaries (3x for our Chief Executive Officer and 1x for other Named Executive Officers).

We believe that the information provided above and within the Executive Compensation section of this proxy statement demonstrates that our executive compensation program has been designed appropriately and is working to ensure our Named Executive Officers’ interests are aligned with our stockholders’ interests to support long-term value creation. Accordingly, we ask our stockholders to vote “FOR” the following resolution at the Annual Meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

Consistent with the preference of our stockholders, as reflected in the advisory vote on the frequency of future say-on-pay votes conducted at our 2017 Annual Meeting of Stockholders, the Board has adopted a policy providing for annual advisory votes on the compensation of the Named Executive Officers.

Fiscal year 2017 was a year of continued investment in our business, which resulted in record annual revenue of \$151.5 million. Highlights of key achievements are as follows:

Our research and development team delivered a new “hands free” version of the *truSculpt®* system with six 40 cm² RF applicators. In hands-free mode, the system is capable of treating patients quicker and more efficiently than existing body contouring technologies. The R&D team has also spent a considerable effort enhancing product performance and reliability.

Increased investments in sales and marketing over the recent two to three years in recruiting an industry trained, proven commercial leadership team, expanding the number of our direct sales professionals, and enhancing our sales and marketing efforts, all of which resulted in improved revenue growth and profitability.

Regulatory approvals: In 2017, our regulatory team achieved an expanded FDA indication for the three wavelength *enlighten®III* system allowing marketing of the 670 nm wave length for the removal of blue and green tattoo inks in the United States. We also received Medical Device Licenses allowing the system to be sold in Canada, South Korea and Taiwan for the first time. The *enlighten®III* is now cleared, registered, approved, or able to be imported for sale in most regulatory jurisdictions. Our radio-frequency (“RF”) technology based *truSculpt®* system is designed for non-invasive body contouring. We registered the *truSculpt®* 3D proprietary name with FDA, and changed to an in-motion glide treatment protocol improving treatment efficacy. Additionally, we obtained clearance from the FDA to market a “hands free” version of the *truSculpt®* system with six 40 cm² RF applicators which we expect to commercially launch in 2018.

Revenue increased 28% for the full year to a record \$151.5 million, including 51% growth in North American systems revenue. This was our third consecutive year of year-over-year revenue growth over 20%.

Cash generated by operations: \$14.3 million, including a one-time \$4 million benefit related to our facility lease cancellation in the third quarter of 2017.

Stock Repurchase: In 2017, we repurchased \$35.2 million of our common stock through our stock repurchase plan.

Our financial and operational success translated into superior long-term stock price growth for the benefit of our stockholders. In 2017, our Total Shareholder Return (“TSR⁽¹⁾”) was 160% as our stock price improved from \$17.45 at the close of trading on January 3, 2017 to \$45.35 at the close of trading on December 29, 2017.

Corporate Governance Highlights

We endeavor to maintain good corporate governance standards consistent with our executive compensation policies and practices. The following policies and practices were in effect during 2017:

Independent directors oversee each of our Board's sub-committees. As discussed in greater detail above, we have the following subcommittees:

- *Nominating and Corporate Governance Committee* that reviews and makes recommendations on matters concerning corporate governance, Board composition, identification, evaluation and nomination of director candidates;
- *Audit Committee* that oversees our accounting and financial reporting processes and the audits of our financial statements;
- *Compensation Committee* that establishes executive compensation and administers our equity plans; and
- *Enterprise Risk Committee* that oversees the Company's management of key risks and the guidelines, policies and processes for monitoring and mitigating such risks.⁽¹⁾

(1) Established by the Board of Directors on February 13, 2018.

The Compensation Committee conducts an annual review and approval of our compensation strategy. We ensure that our compensation practices remain current with market conditions by having them reviewed by our compensation consultant from time to time. Our compensation philosophy and related corporate governance features are complemented by several elements that are designed to align our executive compensation with long-term stockholder interests. The following is a summary of the key features of our compensation program.

WHAT WE DO

Pay for Performance: We link a significant portion of the cash compensation of our executive officers to corporate performance and stockholder interests by heavily weighting their target total cash compensation opportunities to the achievement of strong financial performance tied to a balanced mix of pre-established performance measures and long-term equity awards that align their interests with those of our stockholders.

WHAT WE DON'T DO

No Special Perquisites or Benefits: We do not ordinarily provide special perquisites or other personal benefits to our executive officers, such as company cars*, club memberships, supplemental executive retirement plans or supplemental executive health benefits.

We provide our sales executives with a
*car allowance given their extended use of
a vehicle other than simply commuting to
and from the office in Brisbane.

Independent Compensation Advisor: The Compensation Committee selects and engages its own independent advisor to benchmark compensation at reasonable intervals.

Stock Ownership Guidelines: Our executive officers and the non-employee members of our Board of Directors are subject to stock ownership guidelines equal to a multiple of their respective annual base salaries (3x for our Chief Executive Officer and 1x for other Named Executive Officers) or Board retainers (3x cash retainer for board service for directors).

Competitive and market based compensation: We pay fair and reasonable compensation that allows us to attract, motivate, retain and reward the key employees whose knowledge, skills and performance are necessary for our future growth and success.

No Guaranteed Bonuses: We do not provide guaranteed minimum bonuses. Bonuses are contingent on the achievement of key strategic Company goals.

No multi-year employment contracts: We do not provide multi-year employment contracts for any executive or employee.

Compensation Committee's Roles and Responsibilities

Role of the Compensation Committee and its Consultant in Setting Executive Compensation

The Compensation Committee establishes compensation for our Named Executive Officers to ensure consistency with market compensation rates for similar positions, our compensation philosophy and corporate governance guidelines. In determining total compensation for our Named Executive Officers, the Compensation Committee aligns management incentives with long-term value creation for the Company's stockholders.

Compensation Committee Members

The members of the Compensation Committee are appointed by our Board. The chairperson of the committee is Gregory A. Barrett and the other members are David B. Apfelberg, M.D. and J. Daniel Plants. Jerry P. Widman was a member of the Compensation Committee until his retirement from our Board on August 16, 2017, at which time Mr. Plants was appointed by the Board to the Compensation Committee. Each member of the Compensation Committee is an "outside director" for purposes of Section 162(m) of the Internal Revenue Code, a "non-employee director" for purposes of Exchange Act Rule 16b-3, and satisfies the independence requirements imposed by NASDAQ. Jerry P. Widman, also a member of the Compensation Committee until his retirement, continued to meet the requirements for independence for compensation committee members under the NASDAQ listing standards and SEC rules and regulations, including Rule 10C-1 under the Exchange Act until his resignation on August 16, 2017.

Compensation Committee Charter

The Compensation Committee establishes the compensation for our Named Executive Officers and administers our Equity Incentive Plans, which are currently the Amended and Restated 2004 Equity Incentive Plan and the 2004 Employee Stock Purchase Plan. The Compensation Committee has a written charter, which can be found on our website (www.cutera.com) in the Investor section, under the Corporate Governance tab.

Duties of the Compensation Committee

The responsibilities of the Compensation Committee include:

(i) Establishing the following for our Named Executive Officers and such other executive officers as appropriate:

(b) annual base salary;

(c) annual incentive bonus, which may include the setting of specific goals and target amounts;

(d) equity compensation;

(e) agreements for employment, severance and change-of-control payments and benefits; and

(f) any other benefits, compensation or arrangements, other than benefits generally available to our employees.

(ii) Reviewing and making recommendations to our Board, at such intervals as may be decided by the Compensation Committee from time to time, regarding:

(a) general compensation goals and guidelines for our employees and the criteria by which bonuses and stock compensation awards to our employees are determined; and

Compensation Consultant

The Compensation Committee engages a compensation consultant periodically based on the need for additional guidance resulting from changes in our Named Executive Officers' roles and responsibilities, our corporate profile relative to our peers (*e.g.*, market capitalization, annual revenue, profitability, etc.), Named Executive Officer turnover, and other factors as determined by our Compensation Committee. Beginning in 2011, the Compensation Committee engaged Compensia, an independent compensation consultant, periodically to advise on various compensation matters related to both our Named Executive Officers, the Board of Directors, as well as non-Named Executive Officer management compensation matters.

In 2016 and 2017 in connection with the Company's development of recommended pay levels and structures for our Named Executive Officers, the Compensation Committee instructed Compensia to perform the following activities:

- Evaluate and develop groups of public companies that would be suitable to use as Peer Groups;
- Gather competitive market data with respect to the compensation of both directors and executive officers of the Peer Groups and at comparably sized/valued companies in the broader technology and life science markets;
- Assess elements of our Named Executive Officers' compensation including base salary, target bonus, target total cash compensation and annual equity grant values relative to the practices at the Peer Groups and in the broader market;
- and
- Review and provide input to the Compensation Committee on the Company's recommended adjustments for cash-based and equity-based compensation for our Directors and Named Executive Officers, including pay levels and pay structures (such as short- and long-term variable compensation components).

Role of our Executives in Setting Compensation

In developing the compensation of the Named Executive Officers, the Compensation Committee meets with members of our management team, including our Chief Executive Officer, Chief Financial Officer, and other management employees as required. The purpose of these meetings is primarily to gather financial data, obtain their input on proposed compensation programs, establish mechanisms for implementing and monitoring incentive and performance targets, and gather other information on practices and packages for our Named Executive Officers, other employees, and directors.

Management may make recommendations to the Compensation Committee on some or all components of compensation. The Compensation Committee considers, but is not bound to, and does not always accept, management's recommendations with respect to these matters. The Compensation Committee has the ultimate authority to make decisions with respect to the compensation of our Named Executive Officers and does not delegate any of its compensation functions to others. The Compensation Committee determines the compensation of our Chief Executive Officer, without any recommendation from management.

Competitive Positioning

In developing, reviewing, and approving the annual compensation for our Named Executive Officers, the Compensation Committee, with the assistance of its compensation consultant, develops and maintains the Peer Groups of public companies from which to gather competitive market data. In November 2016 in connection with the development of our 2017 Named Executive Officer compensation levels, the Compensation Committee approved the following set of selection criteria for determining the companies to comprise the compensation Peer Group in 2017 as follows:

- (i) U.S.-based companies with a primary focus on health care equipment and supplies;
- (ii) Annual revenue generally between 0.5 times to 2.0 times of Cutera; and
- (iii) Market capitalization generally between 0.5 times to 2.5 times of Cutera.

Table of Contents

This set of selection criteria led the independent compensation consultant to revise the then-existing Peer Group in November 2016 to include the following companies in our Peer Group:

AtriCure	Derma Sciences	SurModics

Atrion Corporation	Exactech	
		Tandem Diabetes Care
	IRIDEX	
BIOLASE	LeMaitre Vascular	Vascular Solutions
Cardiovascular Systems	Photomedex	Zeltiq Aesthetics

2) **Established the Performance Goals for the PSUs granted.** The goals established are detailed below in the section titled "Equity Incentive Compensation."

The Compensation Committee concluded that the changes to the compensation of our Named Executive Officers strengthened the alignment of their interests with those of our stockholders, were sufficient to maintain competitiveness with the executives in comparable positions at the companies in our Peer Group, promoted retention and achieved the motivation and continuity desired. Further, the Compensation Committee also took into consideration the fact that, consistent with our compensation objectives, the equity awards granted increased our Named Executive Officers' stake in the Company, thereby reinforcing their incentive to manage our business as owners and subject a significant portion of their total compensation to fluctuations in the market price of our common stock in alignment with stockholder interests.

Compensation Components

Our Named Executive Officers are compensated with cash, equity and non-equity incentives, and other customary employee benefits.

Cash Compensation

Cash compensation consists of:

Base salary;

Participation in a discretionary Management Bonus Program for non-sales employees ("Management Bonus Program");

Sales Commission Plan that pays for year-over-year revenue growth;

Participation in a profit-sharing plan⁽¹⁾ for non-sales employees; and

An auto allowance to sales employees to compensate them for using their personal automobiles for business purposes and a housing allowance for Mr. Pardos given that he resides in a foreign country away from his home.

(1) *Beginning in 2018, employees that participate in the Company's Management Bonus Program are not eligible to participate in the Company profit-sharing plan.*

Table of Contents

Our cash compensation goals for our Named Executive Officers are based upon a myriad of principles, including:

- Total cash compensation should generally be set at or above the 50th percentile of the Peer Group;
- Base salary should reflect the individual's experience, performance and potential;
- A significant portion of cash compensation should be contingent on the achievement of key targets and be "at risk;"
- The amount of bonuses payable to non-sales employees should be based on corporate performance measures established by the Compensation Committee that align the bonus payment with the achievement of specified annual operating goals intended to enhance long-term stockholder value; and
- The amount of sales commissions payable for any quarter to sales employees should be based on the degree of achievement of revenue growth targets compared with the prior year, and other relevant criteria.

Base Salary and Total Target Cash Compensation

Total target cash compensation for our Named Executive Officers in 2017 included their annual base salary, annual target bonus/sales commission opportunity (described below) and annual profit-sharing payments.

In addition, Mr. Reinstein earned \$17,687 in profit sharing in fiscal year 2017.

Ms. Gardiner joined the Company on a consulting basis while the Company conducted a search for a permanent Chief Financial Officer on July 12, 2017. Ms. Gardiner became the Company's permanent Executive Vice President and Chief Financial Officer effective December 1, 2017. While serving as a consultant from July 12, 2017 until her appointment as the Executive Vice President, Chief Financial Officer on December 1, 2017, Ms. Gardiner was paid b) at an hourly rate of \$410 per hour. Upon her permanent appointment as Chief Financial Officer, Ms. Gardiner's annual base salary was set at \$350,000. Ms. Gardiner was also eligible to participate in the Company's 2017 Management Bonus Program. Ms. Gardiner's target bonus percentage was equal to 50% of her base salary. Ms. Gardiner was not eligible to participate in Company profit sharing in fiscal year 2017 because she was not employed for an entire quarter in 2017.

As of Mr. Reinstein's hiring effective January 9, 2017, Mr. Santilli's base salary and target bonus were revised to \$367,000 and 50% respectively, to reflect the change in his role from the dual role of Interim Chief Executive Officer and Chief Financial Officer, to the role of Chief Financial Officer. For the period of August 15, 2016 c) through December 31, 2016, Mr. Santilli's base salary and his target bonus participation rate were increased to \$600,000 and 70%, respectively, which reflected his dual role as Interim Chief Executive Officer and Chief Financial Officer. In addition, Mr. Santilli earned \$6,620 in profit sharing in fiscal year 2017.

Mr. Laber's base salary was increased effective July 1, 2016 from \$400,000 to \$475,000 and his variable commission compensation target bonus was revised based on the revenue growth rate in North America as compared to the prior year. In addition, Mr. Pardos was paid \$72,023 for an auto and housing allowance. Sales employees are not eligible to participate in the Company's profit sharing program.

Discretionary Management Bonus Program

In addition to base salary, we provided Mr. Reinstein, Ms. Gardiner, and Mr. Santilli a cash bonus under our Management Bonus Program in 2017. The cash bonuses payable were determined quarterly based on the Company's performance for the then-preceding quarter. Payments under the Management Bonus Program are made quarterly and are at the discretion of our Compensation Committee.

Our Executive Vice President of North America Sales and our Executive Vice President, International Sales do not participate in the Management Bonus Program, nor the Profit Sharing Program, but are entitled to earn commissions and bonuses based on a variable commission plan that is historically based on our sales and sales growth.

Table of Contents

Target Bonus Opportunities

For 2017, the target cash bonuses were designed to reward our Named Executive Officers based on the Company’s overall financial performance and were established after the Compensation Committee consulted with the compensation consultant. As in prior years, the Compensation Committee determined that the target cash bonus for the non-sales Named Executive Officer should be determined as a percentage of their base salary. The target bonus opportunity is reviewed annually by the Compensation Committee and is based on several factors, including the scope of the Named Executive Officers’ performance, contributions, responsibilities, experience, prior years’ target cash bonus and market conditions.

In 2017, the Compensation Committee established the target bonus opportunity for Mr. Reinstein and Ms. Gardiner at 70% and 50% respectively, and maintained the target bonus opportunity for Mr. Santilli at 50% of his base salary until his separation from the Company effective October 13, 2017.

Corporate Performance Measures

For 2017, based on recommendations from the Compensation Committee, the Board maintained for 2017 the corporate performance measures for determining the bonuses payable to the non-sales Named Executive Officers as follows:

- | | |
|---|------|
| 1) Revenue achievement against the budgeted amount; | 35 % |
| 2) Operating profit against the budgeted amount (on a GAAP basis, minus one-time, non-recurring expenses and benefits); and | 35 % |
| 3) New product revenue (<i>enlighten</i> ®III) against a specified targeted amount. | 30 % |

The Board believed that these corporate performance measures continue to align the bonus payment with the achievement of the Company’s annual operating goals and enhancing long-term stockholder value creation. Operating Profits was measured on a GAAP basis (minus any one-time, non-recurring expenses and benefits) and compared against the Board-approved budgeted amount. Additionally, the Compensation Committee decided that performance related to a specific product launch (*enlighten*®III) would further align non-sales executive bonuses with corporate objectives given the breadth of corporate functions required to successfully launch a new or enhanced product.

The Compensation Committee weighted each performance measure as set forth above, such that the given percentage of the bonus was “at risk” based on the level of achievement of the specific performance measure. Performance achievement of each of the specific performance measures was based on a sliding scale with the potential for

“over-achievement” capped at 200% as set forth in the tables below:

Total Revenue and Operating Profit Goals		<i>enlighten</i> ® III Revenue Goal	
Achievement Vs	Bonus Rate	Achievement Vs	Bonus Rate
Budget	Payable	Budget	Payable
Below 90%:	0%	Below 90%:	0%
= / > 90% to 100%:	70% to 100% Slope	= / > 90% to 100%:	70% to 100% Slope
=100%:	100%	=100%:	100%
>100% to 110%	100% to 125% Slope	>100% to 125%	100% to 125% Slope
>110% to 125%	125% to 150% Slope	> 125% to 150%	125% to 150% Slope
>125% to 140%	150% to 200% Slope	> 150% to 200%	150% to 200% Slope
>140%:	Capped at 200%	>200%:	Capped at 200%

Each fiscal quarter, we evaluated the Company’s performance against these performance measures and applied the appropriate scale based on quarterly achievement. Because we paid our bonuses on a quarterly basis against an annual performance measure, quarterly bonuses were paid on an estimated basis with a “true up” as to actual at the end of 2017.

Table of Contents

For fiscal year 2017, the cash bonus opportunity, and the amount actually earned by non-sales Named Executive Officers, was as follows:

	Annual Cash Bonus Opportunity⁽¹⁾	Annual Cash Bonus Paid for 2017
Non-Sales Named Executive Officers		
Mr. Reinstein	\$ 350,000	\$350,189
Ms. Gardiner	\$ 14,583	\$14,902
Mr. Santilli	\$ 152,917	\$137,312

The Annual Cash Bonus Target and the Annual Cash Bonus Paid for each of the quarters in 2017 was based on (1) the corporate performance measures and the target bonus percentage that each was entitled to, per the Management Bonus Program as applicable for each of the quarters.

Profit-Sharing Program

We have a profit sharing program for our Named Executive Officers and other non-sales employees pursuant to which quarterly cash payments are made. Target profit-sharing payments are calculated based upon half of the quarterly pre-tax Adjusted Operating Profit percentage (pre-tax Adjusted Operating Profit divided by revenue) multiplied by the Named Executive Officers' gross salary earned during that quarter.

In 2017, Mr. Reinstein earned \$17,687 in profit sharing payments; Mr. Santilli earned \$6,620 in profit sharing payments. Ms. Gardiner was not eligible to participate in Company profit sharing in fiscal year 2017 because she was not employed for an entire quarter in 2017.

Beginning in 2018, employees that participate in the Company's Management Bonus Program are not eligible to participate in the Company profit-sharing plan.

Sales Commission Plan

In 2017, the Compensation Committee reviewed the sales commission plans for Named Executive Officers Mr. Laber and Mr. Pardos. They determined that year-over-year revenue growth continues to be a very critical factor for the future success of the Company, and that the compensation of the sales executives should reflect their performance as individuals in driving and achieving revenue growth for the Company. Further, the Compensation Committee determined that establishing rates that would incentivize our sales executives to grow revenue is in the best interest of the Company and ultimately of our stockholders as revenue growth has a demonstrated correlation to improved stock performance.

Table of Contents

Sales commissions payable for any quarter are based on the degree of achievement of revenue growth, compared with the prior year. For 2017, the Compensation Committee established Mr. Laber's and Mr. Pardos' sales commission based on the Company's revenue growth rate year-over-year. The commission payable to each of Mr. Laber and Mr. Pardos, was varied and dependent on tiers of revenue growth compared to the prior year, as set forth in the matrix below:

<u>Mr. Laber</u>		<u>Mr. Pardos</u>	
2017 & 2018 Commission Matrix		2017 & 2018 Commission Matrix

Long-Term Incentive Program

We believe that equity-based compensation promotes and encourages long-term successful performance by our Named Executive Officers that is aligned with the organization's goals and the generation of stockholder value. Our

equity compensation goals for our Named Executive Officers are based upon the following principles:

- Stockholder and Named Executive Officer interests should be aligned;
- Key and high-performing employees, who have a demonstrable impact on our performance or stockholder value, should be compensated in this manner;
- The program should be structured to provide meaningful retention incentives to participants;
- The equity awards should reflect each individual's experience, performance, potential and be comparable to the Peer Group awards for the respective position; and
- Actual awards should be tailored to reflect individual performance and attraction/retention objectives.

Equity Incentive Compensation

Under our Amended and Restated 2004 Equity Incentive Plan, we are permitted to grant stock options, stock appreciation rights, restricted shares, restricted stock units (RSUs), performance stock awards (PSUs), and other stock or cash-based awards as determined by the Board. Under the Amended and Restated 2004 Equity Incentive Plan, we grant options to our executive officers, directors and employees to purchase shares of our common stock at an exercise price equal to the fair market value of such stock on the date of grant. The grant date for stock options to our employees, Named Executive Officers and directors is typically the date that the Board meets and approves the grant or an approval is sought via a unanimous written consent. Prior to fiscal year 2017, we granted annual merit and performance-based grants, on or around June 1st of each year. However, with effect from 2016, we began granting annual equity awards to Named Executive Officers and certain members of management in January of each year, with a vest date of January 1. Our non-employee directors are granted RSUs annually on the date of our Annual Meeting of Stockholders that vest on the one-year anniversary of the grant date. Aside from our annual equity awards practices, in 2017 the Compensation Committee of the Board implemented a practice whereby equity awards to employees would be awarded once each quarter (the 15th day of March, June, September, and December) with the grant date fair value to be calculated as of the date of the award.

Performance Stock Unit Awards:

In January 2017, our Board, upon the recommendation of our Compensation Committee, granted Performance Stock Unit (PSU) awards to our Named Executive Officers and other members of management, and established the performance metrics. The number of PSUs awarded to the Named Executive Officers resulted in a varying number of shares of common stock that vested on January 1, 2018 based on the achievement of the specified, binary performance metrics set forth below, and subject to the recipient continuing to provide service to the Company through the vesting date. The PSU awards represent the aggregate number of shares that could have been earned from achievement of the performance metrics approved by the Board.

Benefits

We provide the following benefits to our Named Executive Officers generally on the same basis as the benefits provided to all employees. These benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees:

Health, dental and vision insurance;
Life insurance;
Short-term and long-term disability insurance;
401(k) plan with 25% employer matching contributions, capped at 6% of total employee eligible contributions;
ESPP participation eligibility (see below); and
Flexible Spending Accounts.

Employee Stock Purchase Plan

We maintain a 2004 Employee Stock Purchase Plan that provides eligible employees with the opportunity to purchase shares of our common stock at a 15% discounted price to the lower of the fair market value at either the beginning or the end of the applicable offering period.

Post-Employment Compensation

Except for COC Agreements, we do not have employment agreements with any of our Named Executive Officers. We have Change of Control and Severance Agreements with each of our Named Executive Officers. The purpose of these agreements is to provide incentives to our Named Executive Officers to continue their employment with the Company and not be distracted by the possibility of loss of employment as a result of an acquisition of the Company or for other reasons. For a summary of the material terms and conditions of these COC Agreements, see Potential Payments Upon Termination or Change in Control below.

Internal Revenue Code Section 162(m) and Limitations on Executive Compensation

Section 162(m) of the Code generally disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1 million paid to the chief executive officer, chief financial officer, and each of the three other most highly-compensated executive officers in any taxable year. However, remuneration in excess of \$1 million may generally be deducted if it is qualified performance based compensation within the meaning of Section 162(m) of the Code. In this regard, the compensation income realized upon the exercise of stock options granted under a stockholder-approved stock option plan generally will be deductible so long as the options are granted by a committee whose members are non-employee directors and certain other conditions are satisfied.

The Compensation Committee believes that, in establishing the cash and equity incentive compensation plans and arrangements for our executive officers, the potential deductibility of the compensation payable under those plans and arrangements should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason, the Compensation Committee may deem it appropriate to provide one or more of our executive officers with the opportunity to earn incentive compensation, whether through cash incentive awards tied to our financial performance or equity incentive awards tied to the executive officer's continued service, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Code.

The Compensation Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the individuals essential to our financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Stock options granted under the Amended and Restated 2004 Equity Incentive Plan are not subject to the deduction limitation; however, to preserve our ability to deduct the compensation income associated with stock options granted to such executive officers pursuant to Section 162(m) of the Internal Revenue Code, our 2004 Amended and Restated Equity Incentive Plan provides that no person may be granted option(s) to purchase more than 500,000 shares of Cutera common stock in any one fiscal year. However, in the fiscal year in which the person is hired, a person may be granted an option to purchase up to 1,000,000 shares of Cutera common stock. In the future, the Compensation Committee may, in its judgment, authorize compensation payments that do not comply with an exemption from the deductibility limit when it believes that such payments are appropriate to attract and retain executive talent.

Accounting for Stock-Based Compensation

We follow Financial Accounting Standard Board Accounting Standards Codification Topic 718 (“ASC 718”) for our stock-based compensation awards. ASC 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, including stock options, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based awards in their income statements over the period that an employee is required to render service in exchange for the award.

Securities Authorized for Issuance Under Equity Compensation Plans

Our stockholders have approved each of our equity compensation plans, which are as follows:

- Amended and Restated 2004 Equity Incentive Plan; and

*Other Compensation Practices and Policies***Stock Ownership Guidelines**

To enhance our overall corporate governance practices and executive compensation program, our Board adopted stock ownership guidelines for our executive officers, which the Compensation Committee intends to review annually. These guidelines are designed to align our executive officers' interests with our stockholders' long-term interests by promoting long-term ownership of our common stock, which our Board believes reduces the incentive for excessive short-term risk taking. These guidelines provide that, within five years of the later of the adoption of the guidelines (July 28, 2017) or his or her first date of employment, our Chief Executive Officer and our other Named Executive Officers must hold shares of our common stock having a value not less than three times and one time respectively of their annual salary.

As of the Record Date, the current Named Executive Officers' holdings and targeted guidelines were as follows:

Named Executive Officer	Stock Ownership	Minimum Stock Ownership
	as of April 23, 2018	Required ⁽¹⁾
