Board Leadership Structure

Our leadership structure bifurcates the roles of Chief Executive Officer and Chairman of the Board. As Chairman of the Board Mr. Redmond will play an active role in the structuring and oversight of our financings and the growth of our business. The Chairman of the Board also interfaces with our other non-management directors with respect to matters such as the members and chairs of Board committees, other corporate governance matters, financing, strategic planning, and potential business acquisitions.

The Board's Role in Risk Management

The Board has an active role, as a whole, in overseeing management of the risks of our business. The Board regularly reviews information regarding our credit, liquidity, and operations, as well as the risks associated with our research and development activities and our plans to expand our business. In addition, the Nominating/Corporate Governance Committee reviews and must approve any business transactions between OncoCyte and its executive officers, directors, and shareholders who beneficially own 5% or more of our outstanding shares of common stock.

Audit Committee

The Board of Directors has an Audit Committee, the members of which are independent in accordance with Section 803(A) of the NYSE American Company Guides and Section 10A-3 under the Exchange Act. The Audit Committee also will review our accounting and financial reporting procedures and controls.

The Board of Directors, in consultation with the Compensation Committee, awarded limited bonuses to our executive officers for 2017, as shown in the Summary Compensation Table.

Pursuant to Mr. Annett's Employment Agreement, he is eligible to receive annual cash incentive bonus awards determined by the Board of Directors, with a target bonus of not less than 35% of his base salary, based on his achievement of specific, objectively determinable, performance goals at target levels for the year. If the specified performance goals are achieved at maximum levels, the amount of the annual bonus will be up to 150% of Mr. Annett's base salary as determined by the Board of Directors in its sole discretion.

Mr. Annett's employment agreement contains provisions entitling him to severance benefits under certain circumstances. If we terminate Mr. Annett's employment without "cause" or if he resigns for "good reason" as those terms are defined in his employment agreement, he will be entitled to receive as a severance benefit six months base salary, a pro rated portion of the target bonus for the year, payable on the date that annual bonuses would otherwise be payable to executives, and any unvested stock options that would have vested during the six months following termination of his employment (the "Severance Period") will vest, and the period during which his vested options may be exercised will be extended to earlier of the date twelve months after termination of his employment or the expiration date of the option. If Mr. Annett's employment is terminated without "cause" or if he resigns for "good reason" within twelve months following a "Change of Control," he will be entitled to twelve months base salary and the Severance Period will be twelve months rather than six months. In addition, if Mr. Annett elects continued health

insurance coverage under the Consolidated Omnibus Budget Reconciliation Act (“COBRA”) we will reimburse him for or we will directly pay the premiums for that coverage until the earlier of the end of the Severance Period or the date on which he receives equivalent health care insurance in connection with new employment. In order to receive the severance benefits, Mr. Annett must execute a general release of all claims against us and must return all our property in his possession.

“Change of Control” means (A) the acquisition of our voting securities by a person or an Affiliated Group entitling the holder to elect a majority of our directors; provided, that an increase in the amount of voting securities held by a person or Affiliated Group who on the date of the Employment Agreement beneficially owned (as defined in Section 13(d) of the Exchange Act, and the regulations thereunder) more than 10% of our voting securities shall not constitute a Change of Control; and provided, further, that an acquisition of voting securities by one or more persons acting as an underwriter in connection with a sale or distribution of voting securities shall not constitute a Change of Control, (B) the sale of all or substantially all of our assets; or (C) a merger or consolidation in which we merge or consolidate into another corporation or entity in which our shareholders immediately before the merger or consolidation do not own, in the aggregate, voting securities of the surviving corporation or entity (or the ultimate parent of the surviving corporation or entity) entitling them, in the aggregate (and without regard to whether they constitute an Affiliated Group) to elect a majority of the directors or persons holding similar powers of the surviving corporation or entity (or the ultimate parent of the surviving corporation or entity). A Change of Control shall not be deemed to have occurred if all of the persons acquiring our voting securities or assets, or merging or consolidating with us, are one or more of our direct or indirect subsidiaries or parent corporations. “Affiliated Group” means (A) a person and one or more other persons in control of, controlled by, or under common control with, such person; and (B) two or more persons who, by written agreement among them, act in concert to acquire voting securities entitling them to elect a majority of our directors. “Person” includes both people and entities.

Mr. Annett's Employment Agreement also provides that if any of the payments to him would constitute "parachute payments" under applicable provisions of the Internal Revenue Code and would be subject to excise tax, we will use our best efforts to obtain shareholder approval of the payment, or Mr. Annett may elect to accept a reduced amount that would not be subject to the excise tax on parachute payments.

Pursuant to Mr. Levine's Employment Agreement entered into on November 15, 2017, he is eligible to receive annual cash incentive bonus awards determined by the Board of Directors, with a target bonus of not less than 40% of his base salary, based on his achievement of specific, objectively determinable, performance goals at target levels for the year.

Mr. Levine's employment agreement contains provisions entitling him to severance benefits under certain circumstances. If we terminate Mr. Levine's employment on or after August 1, 2018 without "cause" he will be entitled to six months base salary. If we terminate Mr. Levine on or after August 1, 2018 following a "Change of Control," he will be entitled to twelve months base salary. The severance compensation may be paid in a lump sum or, at our election, in installments consistent with the payment of his salary while employed by us. In order to receive the severance benefits, Mr. Levine must execute a general release of all claims against us and must return all our property in his possession.

Pursuant to his Employment Agreement, Dr. Hesterberg received a base annual salary of \$210,750 for 2017. He is eligible to receive annual cash incentive bonus awards determined by the Board of Directors, with a target bonus of 35% of his base salary, based on his performance and achievement of goals or milestones set by the Board of Directors.

Pursuant to her Employment Agreement, Dr. Mechem is eligible to receive annual cash incentive bonus awards determined by the Board of Directors, with a target bonus of not less than 30% of her base salary, based on her achievement of objectively determinable performance goals for the year

If we terminate the employment of Dr. Hesterberg or Dr. Mechem without "cause" as defined in their respective Employment Agreements, the terminated employee will be entitled to receive, as a severance benefit, payment of three months base salary if he or she has been employed by us for one year or less, or six months base salary, if he or she has been employed by us for more than one year. The severance compensation may be paid in a lump sum or, at our election, in installments consistent with the payment of his or her salary while employed by us. In order to receive the severance benefits, the terminated employee must execute a general release of all claims against us and must return all our property in his or her possession. If Dr. Hesterberg's employment is terminated by OncoCyte without "cause" or if he resigns for "good reason" within twelve months following a "Change of Control," he will be entitled to twelve months base salary and accelerated vesting of 100% of any then unvested stock options as may have been granted to him by us.

We used the Black-Sholes-Merton Pricing Model to compute option fair values based on applicable exercise and stock prices, an expected option term of six to nine years, volatility ranging from 55.12% to 76.58%, and risk-free interest rate ranging from 1.18% to 2.12%, depending on the date of the grant and based upon observed interest rates on United States government securities appropriate for the expected term.

Stock Option Plan

We have adopted the Option Plan pursuant to which we may grant options to purchase, or we may sell as restricted stock, up to a total of 5,200,000 shares of common stock. The following summary of the Option Plan is qualified in all respects by reference to the full text of the Option Plan, a copy of which has been filed as an exhibit to our registration statement on Form 10.

Administration of the Option Plan

The Option Plan is administered by the Compensation Committee, which recommends to the Board of Directors which of our officers, directors, employees, consultants, and independent contractors should be awarded options or restricted stock, the number of shares subject to the options granted or shares of restricted stock to be sold, the exercise price of the options or purchase price of restricted stock, and certain other terms and conditions of the options and restricted stock.

No options may be granted under the Option Plan more than ten years after the date the Option Plan was adopted by the Board of Directors, and no options granted under the Option Plan may be exercised after the expiration of ten years from the date of grant.

Terms of the Options

Options granted under the Option Plan may be either “incentive stock options” within the meaning of Section 422(b) of the Internal Revenue Code of 1986, as amended (the “Code”), or non-qualified stock options. Incentive stock options may be granted only to our employees and employees any parent or subsidiary company. The exercise price of incentive stock options granted under the Option Plan must be equal to not less than 85% of the fair market of our common stock on the date the option is granted. In the case of an optionee who, at the time of grant, owns more than 10% of the combined voting power of all classes of our capital stock, the exercise price of any incentive stock option must be at least 110% of the fair market value of the common stock on the grant date, and the term of the option may be no longer than five years. The aggregate fair market value of the common stock (determined as of the grant date of the option) with respect to which incentive stock options become exercisable for the first time by an optionee in any calendar year may not exceed \$100,000.

The options' exercise price may be payable in cash or in shares of common stock having a fair market value equal to the exercise price, or in a combination of cash and common stock.

Options granted under the Option Plan are nontransferable (except by will or the laws of descent and distribution) and may vest upon the satisfaction of reasonable conditions determined by the Board of Directors or Compensation Committee. Incentive stock options may be exercised only during employment or within three months after termination of employment, subject to certain exceptions in the event of the death or disability of the optionee, provided, that the Board of Directors or Compensation Committee may waive this provision.

Certain Adjustments to Number of Shares and Exercise Price

The number of shares of common stock covered by the Option Plan, and the number of shares of common stock and the exercise price per share of each outstanding option, shall be proportionately adjusted for any increase or decrease in the number of issued and outstanding shares of common stock resulting from a subdivision or consolidation of shares or the payment of a stock dividend, or any other increase or decrease in the number of issued and outstanding shares of common stock effected without receipt of consideration by us.

Corporate Reorganization or Liquidation

In the event of the dissolution or liquidation of OncoCyte, or in the event of a reorganization, merger, or consolidation of OncoCyte as a result of which OncoCyte common stock is changed into or exchanged for cash or property or securities not issued by us, or upon a sale of substantially all of our property to, or the acquisition of stock representing more than eighty percent 80% of the voting power of our capital stock then outstanding by, another corporation or person, the Option Plan and all options granted under the Option Plan shall terminate, unless provision can be made in writing in connection with such transaction for either the continuance of the Option Plan or for the assumption of options granted under the Option Plan, or the substitution for such options by options covering the stock of a successor corporation, or a parent or a subsidiary of a successor corporation, with appropriate adjustments as to the number and kind of shares and prices.

Restricted Stock Sales

In lieu of granting options, we may enter into restricted stock purchase agreements with employees under which they may purchase common stock subject to certain vesting and repurchase restrictions. We have the right to repurchase unvested shares at the shareholder's cost upon the occurrence of specified events, such as termination of employment. The price at which shares may be sold under restricted stock purchase agreements will be not less than 85% of fair market value, or 100% of fair market value in the case of stock sold to a person who owns capital stock representing more than 10% of the combined voting power of all classes of our capital stock. We may permit employees or consultants, but not executive officers or directors, who purchase stock under restricted stock purchase agreements to pay for their shares by delivering a promissory note that is secured by a pledge of their shares.

Other Compensation Plans

We do not have any pension plans, defined benefit plans, or non-qualified deferred compensation plans. We do make contributions to 401(k) plans for participating executive officers and other employees.

Risk Considerations and Recoupment Policies

The Compensation Committee considers, in establishing and reviewing the executive compensation program, whether the program encourages unnecessary or excessive risk taking. Our executive compensation arrangements include a fixed salary that provides a steady income so that executives do not feel pressured to focus exclusively on stock price

performance or short term financial targets to the detriment of our long-term operational and strategic objectives. We supplement fixed salaries with discretionary bonus awards based on the executive's performance as well as the performance of OncoCyte. Most of the stock options that we have granted to our executive officers under our Option Plan vest over four years, assuring that the executives take a long-term perspective in viewing their equity ownership.

Because we have not adopted compensation plans, or made incentive awards, based on quantified financial performance measures, we have not adopted specific policies regarding the adjustment or recovery of awards or payments if the relevant performance measures are restated or otherwise adjusted in a manner that would reduce the size of an award or payment. We may adopt such policies, however, if we adopt incentive compensation plans or grant incentive bonuses based on financial performance measures or if we are required to do by the rules of any national securities exchange or interdealer quotation system on which our common stock or other equity securities are listed.

Item 13. Certain Relationships and Related Transactions, and Director Independence

Shared Facilities Agreement and Relationship with BioTime

Since inception, BioTime has provided us with the use of office and laboratory facilities, laboratory and office equipment and supplies, utilities, insurance, and the services of its employees and contractors, for which we have reimbursed BioTime, either through cash payments, shares of our common stock, or delivering convertible promissory notes.

We have entered into a Shared Facilities Agreement with BioTime through which BioTime will continue to provide us with the use of its facilities, equipment and supplies, utilities, and personnel at its cost plus 5%. However, BioTime did not charge us the 5% markup until the 2016 fiscal year.

BioTime is not required to hire any additional personnel or to acquire any additional equipment or supplies for our use. We expect to hire our own personnel and to acquire our own equipment and supplies for our own exclusive use as the need arises.

The Shared Facilities Agreement will remain in effect from year to year, unless either party gives the other party written notice stating that this agreement shall terminate on December 31 of that year, or unless the agreement is

otherwise terminated under another provision of the agreement.

Either party may terminate the Shared Facilities Agreement immediately upon the occurrence of a default by the other party. A default will be deemed to have occurred if a party (i) fails to pay any sum due under the Shared Facilities Agreement, or fails to perform any other obligation under the agreement, and the failure continues for a period of 5 days after written notice from the party seeking to terminate the agreement; (ii) becomes the subject of any order for relief in a proceeding under any Debtor Relief Law; (iii) becomes unable to pay, or admits in writing the party's inability to pay, its debts as they mature; (iv) makes an assignment for the benefit of creditors; (v) applies for or consents to the appointment of any receiver, trustee, custodian, conservator, liquidator, rehabilitation, or similar officer for the party or for all or any part of the party's property or assets, or any such officer is appointed for such party or any part of its assets without the party's consent and such appointment is not dismissed or discharged within 60 calendar days; (vi) institutes or consents to any proceeding under any Debtor Relief Law with respect to the party or all or any part of the party's property or assets, (vii) becomes subject to any proceeding under any Debtor Relief Law without the consent of the party if such case or proceeding continues undismissed or unstayed for 60 calendar days; or (viii) dissolves or liquidates or takes any action to dissolve or liquidate. As used in the Shared Facilities Agreement, the term Debtor Relief Law means the Bankruptcy Code of the United States of America, as amended, or any other similar debtor relief law affecting the rights of creditors generally.

Under the Shared Facilities Agreement, we have agreed to defend, indemnify, and hold harmless BioTime, BioTime's shareholders, directors, officers, employees, and agents against and from any and all claims arising from our use of BioTime's office and laboratory facilities, and from any of our work or other activities there, including all activities, work, and services performed by BioTime employees, contractors, and agents for us. The scope of our indemnification obligations also includes any and all claims arising from any breach or default on our part in the performance of any of our obligations under the terms of the Shared Facilities Agreement, or arising from any act or omission (including, but not limited to negligent acts or omissions) of us or any of our officers, agents, employees, contractors, guests, or invitees acting in that capacity. We are also assuming all risk of damage to property or injury to persons in, upon, or about the BioTime's office and laboratory facilities, from any cause other than BioTime's willful malfeasance or sole gross negligence. BioTime will not be liable to us for any loss or damages of any kind caused by, arising from, or in connection with (i) the performance of services by BioTime personnel for us, or the failure of any BioTime employee, contractor, or agent to perform any services for us, or (ii) any delay, error, or omission by any BioTime employee, contractor, or agent in the performance of services for us, except to the extent the loss or damage is the result of fraud, gross negligence or willful misconduct by a BioTime employee, contractor, or agent.

As of December 31, 2017, OncoCyte had \$2.1 million outstanding and payable to BioTime and affiliates in connection with the costs incurred under the Shared Facilities Agreement.

Cavan Redmond, Alfred D. Kingsley, and Adi Mohanty, who are members of our Board of Directors, are directors of BioTime, and Mr. Mohanty is the Co-Chief Executive Officer of BioTime. Broadwood Partners, L.P. and Mr. Kingsley each beneficially own more than 5% of the outstanding common stock of BioTime. All of our directors and executive officers, and beneficial owners of more than 5% of our outstanding common stock ("5% Shareholders") as reported in this Report, in the aggregate beneficially own more than 30% of the outstanding common shares of BioTime. The fact that certain of our executive officers and directors and 5% Shareholders own BioTime common shares should not be considered to mean that they constitute or are acting in concert as a "group" with respect to those shares or that they otherwise share power or authority to vote or dispose of the shares that each of them own.

Certain Sales of Equity Securities

During August 2016, we sold an aggregate of 3,246,153 immediately separable "units," with each unit consisting of one share of our common stock and one warrant to purchase one share of our common stock, at a price of \$3.25 per unit (the "Units"). George Karfunkel and Broadwood Partners, L.P. ("Broadwood") who each beneficially own more than 5% of our outstanding common stock, purchased 1,000,000 Units, and purchased 1,538,461 Units. During February 2017, certain investors who purchased Units, including Broadwood, entered into Warrant Exercise Agreements pursuant to which they exercised some of the warrants that were included in the Units, and purchased shares of our common stock earlier than the expiration date of the warrants. Under the Warrant Exercise Agreements, we issued new warrants to those investors. Broadwood exercised 425,000 warrants and was issued 212,500 new warrants with exercise of \$3.25 per warrant share in addition to the 425,000 shares of common stock purchased through the exercise of the warrants. The new warrants are exercisable at any time for five years from the date of issue.

On July 21, 2017, OncoCyte entered into three forms of Warrant Exercise Agreements (each, an “Exercise Agreement”) with certain holders of the 2016 Warrants, including Broadwood and George Karfunkel, providing for the cash exercise of their 2016 Warrants and the issuance of new warrants (the “July 2017 Warrants”) to them.

Pursuant to one form of Exercise Agreement, two investors exercised 2016 Warrants to purchase 226,923 shares of OncoCyte’s common stock at the exercise price of \$3.25 per share, and OncoCyte issued to them July 2017 Warrants expiring five years from the date of issue, to purchase 226,923 shares of common stock at an exercise price of \$5.50 per share.

Pursuant to a second form of Exercise Agreement, Broadwood exercised 2016 Warrants to purchase 540,000 shares of common stock at the exercise price of \$3.25 per share, and OncoCyte issued to Broadwood a July 2017 Warrant, expiring five years from the date of issue, to purchase 270,000 shares of common stock at an exercise price of \$3.25 per share. In this alternative form of Exercise Agreement, OncoCyte also agreed to use commercially reasonable efforts to file with the SEC a registration statement covering the resale of the shares of common stock issuable upon exercise of the July 2017 Warrant and to keep it continuously effective for up to five years, subject to conditions set forth in the Exercise Agreement.

Pursuant to a third form of Exercise Agreement, George Karfunkel exercised 2016 Warrants to purchase 1,000,000 shares of common stock at the exercise price of \$3.25 per share, and OncoCyte issued to the investor (i) a July 2017 Warrant, expiring two years from the date of issue, to purchase 500,000 shares of common stock at an exercise price of \$5.50 per share, and (ii) a July 2017 Warrant, expiring two years from the date of issue, to purchase 500,000 shares of common stock at an exercise price of \$3.25 per share. In this alternative form of Exercise Agreement, OncoCyte also agreed to use commercially reasonable efforts to file with the SEC a registration statement covering the resale of the shares of common stock issuable upon exercise of the July 2017 Warrant and to keep it continuously effective for up to five years, subject to conditions set forth in the Exercise Agreement.

During March 2018, OncoCyte entered into securities purchase agreements with Broadwood and George Karfunkel pursuant to which Broadwood purchased 3,968,254 shares of common stock, and Mr. Karfunkel purchased 2,380,952 shares of common stock and irrevocably committed to purchase, by April 30, 2018, an additional 1,587,302 shares of common stock, for \$1.26 per share. Under the securities purchase agreements, we have agreed to register the shares for resale under the Securities Act of 1933, as amended.

Approval by the Board of Directors

All of the transactions described above were reviewed directly by the Board of Directors, and the Board of Directors or a designated committee of the Board determined whether to approve or withhold approval of each transaction. The Board of Directors or committee considered such factors as they deemed relevant to the particular transaction and applied such criteria as it determined to be appropriate in connection with its evaluation of each proposed transaction on a transaction by transaction basis. The Board of Directors does not have any written guidelines governing the exercise of its discretion other than the Related Person Transaction Policy with respect to transactions with officers, directors, beneficial owners of more than 5% of our outstanding shares of common stock, or any member of their immediate family.

Related Person Transaction Policy

We have adopted a Related Person Transaction Policy that applies to transactions exceeding \$120,000 in which any of our officers, directors, beneficial owners of more than 5% of our outstanding shares of common stock, or any member of their immediate family, has a direct or indirect material interest, determined in accordance with the policy (a “Related Person Transaction”). A Related Person Transaction must be reported to our outside legal counsel, our Chief Operating Officer, and our Chief Financial Officer, and will be subject to review and approval by our Nominating/Corporate Governance Committee prior to effectiveness or consummation, to the extent practical. In addition, any Related Person Transaction that is ongoing in nature will be reviewed by the Nominating/Corporate Governance Committee annually to ensure that the transaction has been conducted in accordance with any previous approval and that all required disclosures regarding the transaction are made.

As appropriate for the circumstances, the Nominating/Corporate Governance Committee will review and consider:

the interest of the officer, director, beneficial owner of more than 5% of our common stock, or any member of their immediate family (“Related Person”) in the Related Person Transaction;

the approximate dollar value of the amount involved in the Related Person Transaction;

the approximate dollar value of the amount of the Related Person's interest in the transaction without regard to the amount of any profit or loss;

whether the transaction was undertaken in the ordinary course of our business;

whether the transaction with the Related Person is proposed to be, or was, entered into on terms no less favorable to us than terms that could have been reached with an unrelated third party;

the purpose of, and the potential benefits to the transaction to us; and

any other information regarding the Related Person Transaction or the Related Person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The Nominating/Corporate Governance Committee will review all relevant information available to it about a Related Person Transaction. The Nominating/Corporate Governance Committee may approve or ratify the Related Person Transaction only if it determines that, under all of the circumstances, the transaction is in, or is not in conflict with, our best interests. The Nominating/Corporate Governance Committee may, in its sole discretion, impose such conditions as it deems appropriate on us or the Related Person in connection with approval of the Related Person Transaction.

A copy of our Related Person Transaction Policy can be found on our website at www.oncocyte.com.

Director Independence

Our Board of Directors has determined that Ronald Andrews, Andrew Arno, Andrew Last, and Cavan Redmond qualify as “independent,” and that Don M. Bailey, who served as a director until November 2107, qualified as “independent,” in accordance with Section 803(A) of the NYSE American Company Guide. The members of our Audit Committee meet the additional independence standards under Section 803(B)(2) of the NYSE American Company Guide and Section 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the members of our Compensation Committee meet the additional independence standards under Section 805(c)(1) of the NYSE American Company Guide. Our independent directors received no compensation or remuneration for serving as directors except as disclosed under “CORPORATE GOVERNANCE—Compensation of Directors.” None of these directors, nor any of the members of their families, have participated in any transaction with us that would disqualify them as “independent” directors under the standards described above.

William Annett does not qualify as independent because he is our full-time employee, Aditya Mohanty does not qualify as “independent” because within the past three years he received compensation from our former parent BioTime as an executive officer, and Alfred D. Kingsley does not qualify as “independent” because within the past three years he received compensation for serving as our Executive Chairman.

Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the (2) performance of the audit or review of our consolidated financial statements and are not reported under "Audit Fees." This category includes fees related to non-routine SEC filings.

Tax Fees were billed for services including assistance with tax compliance and the preparation of tax returns, tax (3) consultation services, assistance in connection with tax audits and tax advice related to mergers, acquisitions and dispositions.

Pre-Approval of Audit and Permissible Non-Audit Services

Our Audit Committee requires pre-approval of all audit and non-audit services. Other than *de minimis* services incidental to audit services, non-audit services shall generally be limited to tax services such as advice and planning and financial due diligence services. All fees for such non-audit services must be approved by the Audit Committee, except to the extent otherwise permitted by applicable SEC regulations. The Committee may delegate to one or more designated members of the Committee the authority to grant pre-approvals, provided such approvals are presented to the Committee at a subsequent meeting. During 2017, 100% of the fees paid to OUM were approved by the Audit Committee or by our Board of Directors prior to the appointment of our Audit Committee.
