Item 8.01 Other Events.

On March 21, 2017, South State Corporation (the “Company”) issued a press release announcing that the Company’s Board of Directors have approved an increase in the number of shares available to be repurchased under its 2004 common stock repurchase program (the “Repurchase Program”) to 1,000,000. The original program authorized 250,000 shares of common stock, and has approximately 54,000 common shares available for repurchase.

Shares of common stock may be purchased under the Repurchase Program periodically in open market transactions at prevailing market prices, in privately negotiated transactions, or by other means in accordance with federal securities laws. The actual means and timing of any purchases, target number of shares and prices or range of prices under the Repurchase Program will be determined by management at its discretion and will depend on a number of factors, including the market price of the Company’s common stock, share issuances under Company equity plans, general market and economic conditions, and applicable legal and regulatory requirements. The Repurchase Program has no scheduled expiration date and may be modified, amended, or terminated by the Board of Directors at any time.
