PROXY STATEMENT

FOR 2019 ANNUAL MEETING OF STOCKHOLDERS

to be held on Monday, June 3, 2019 at 10:00 a.m. PDT

This proxy statement and the enclosed form of proxy are furnished in connection with the solicitation of proxies by our Board of Directors (the “Board”) for use at the annual meeting of stockholders to be held at 10:00 a.m. PDT on Monday, June 3, 2019, and any postponements or adjournments thereof, which we refer to as the Annual Meeting. The Annual Meeting will be held at Quotient’s headquarters located at 400 Logue Avenue, Mountain View, California 94043. This proxy statement and the accompanying form of proxy are first being mailed to stockholders on or about April 22, 2019. Our annual report for the year ended December 31, 2018 is enclosed with this proxy statement. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

QUESTIONS AND ANSWERS

The information provided in the “question and answer” format below is for your convenience only and is merely a summary of the information contained in this proxy statement. You should read this entire proxy statement carefully. Information contained on, or that can be accessed through, our website is not intended to be incorporated by reference into this proxy statement and references to our website address in this proxy statement are inactive textual references only.

What matters am I voting on?

You will be voting on:

- a proposal for the election of our Board’s three nominees for Class II directors named herein to hold office until the 2022 annual meeting of stockholders and until their successors are elected and qualified, subject to earlier resignation or removal;
- a proposal to approve on an advisory basis, the compensation of our named executive officers, as disclosed in this proxy statement in accordance with SEC rules;
- a proposal to indicate, on an advisory basis, the preferred frequency of stockholder advisory votes on the compensation of our named executive officers;
- a proposal to ratify the selection by the Audit Committee of our Board of Ernst & Young LLP, as our independent registered public accounting firm for the year ending December 31, 2019; and
- any other business that may properly come before the Annual Meeting.

How does the Board recommend I vote on these proposals?

The Board recommends a vote:

FOR the election of Steven Boal, Robert McDonald and Michelle McKenna, as Class II directors to hold office until the 2022 Annual Meeting of Stockholders and until their successors are elected and qualified, subject to earlier resignation or removal;

FOR the compensation of our named executive officers described in this proxy statement;

FOR the frequency of every one year for the solicitation of advisory stockholder approval of the compensation paid to our named executive officers; and

FOR the ratification of the selection by the Audit Committee of our Board of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2019.

Who is entitled to vote?

Holders of our common stock as of the close of business on April 12, 2019 (the “Record Date”), may vote at the Annual Meeting. As of the Record Date, we had 93,559,660 shares of common stock outstanding. In deciding all matters at the Annual Meeting, each holder of common stock of Quotient will be entitled to one vote for each share of common stock held as of the close of business on the Record Date. We do not have cumulative voting rights for the election of directors.

Registered Stockholders. If your shares are registered directly in your name with our transfer agent, you are considered the stockholder of record with respect to those shares, and the proxy materials were provided to you directly by us. As the stockholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Street Name Stockholders. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name and the proxy materials were forwarded to you by your broker or nominee who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. However, since beneficial owners are not stockholders of record, you may not vote your shares in person at the Annual Meeting unless you follow your broker's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your broker or nominee will provide a voting instruction card for you to use. Throughout this proxy, we refer to stockholders who hold their shares through a broker, bank or other nominee as "street name holders."

How do I vote?

If you are a stockholder of record, there are four ways to vote:

- vote by internet— visit <http://www.voteproxy.com>, 24 hours a day, seven days a week, until 11:59 p.m. EDT on June 2, 2019 (have your proxy card in hand when you visit the website);
- vote by telephone—call toll-free at 1-800-PROXIES (1-800-776-9437) (have your proxy card in hand when you call);
- vote by mail—simply complete, sign and date the enclosed proxy card and return it before the Annual Meeting in the envelope provided; or
- vote in person—we will provide a ballot to stockholders who attend the Annual Meeting and wish to vote in person.

Street name holders may submit their voting instructions by internet or telephone using the information provided by their respective brokers or other nominees and may complete and mail voting instruction forms to their respective brokers or nominees. However, street name holders may not vote by written ballot at the Annual Meeting unless they obtain a legal proxy from their respective brokers or nominees.

Can I change my vote?

Yes. If you are a stockholder of record, you can change your vote or revoke your proxy any time before the Annual Meeting by:

- entering a new vote by internet or by telephone (until 11:59 p.m. EDT on June 2, 2019);
- returning a later-dated proxy card so that it is received prior to the Annual Meeting;
- notifying the Secretary of Quotient, in writing, at the address listed on the front page; or
- completing a written ballot at the Annual Meeting.

Street name holders may change their voting instructions by submitting new instructions by internet or by telephone or by returning a later-dated voting instruction form to their respective brokers or nominees. In addition, street name holders who obtain a legal proxy from their respective brokers or nominees may change their votes by completing a ballot at the Annual Meeting.

What do I need to do to attend the Annual Meeting in person?

Seating will begin at 9:30 a.m. PDT and the meeting will begin at 10:00 a.m. PDT. On the day of the meeting, each stockholder will be required to present valid picture identification such as a driver's license or passport. Street name holders will also be required to present proof of beneficial ownership as of the Record Date, such as your most recent account statement reflecting your stock ownership as of to the Record Date, along with a copy of the voting instruction card provided by your broker, bank, trustee or other nominee or similar evidence of ownership.

Use of cameras, recording devices, computers and other personal electronic devices will not be permitted at the Annual Meeting. Photography and video are prohibited at the Annual Meeting.

Please allow ample time for check-in. Persons will be subject to search.

What is the effect of giving a proxy?

Proxies are solicited by and on behalf of our Board. Steven Boal and Connie Chen have been designated as proxies by our Board. When proxy votes are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the instructions of the stockholder. If no specific instructions are given, however, the shares will be voted in accordance with the recommendations of our Board as described above. If any matters not described in the Proxy Statement are properly presented at the Annual Meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the Annual Meeting is adjourned, the proxy holders can vote your shares at the adjourned meeting date as well, unless you have properly revoked your proxy instructions, as described above.

What is a quorum?

A quorum is the minimum number of shares required to be present at the Annual Meeting for the meeting to be properly held under our Amended and Restated Bylaws (our "Bylaws") and Delaware state law. The presence, in person or by proxy, of a majority of the voting power of the shares of stock entitled to vote at the meeting will constitute a quorum at the meeting. A proxy submitted by a stockholder may indicate that the shares represented by the proxy are not being voted ("stockholder withholding") with respect to a particular matter. In addition, a broker may not be permitted to vote on shares held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock ("broker non-vote"). The shares subject to a proxy which are not being voted on a particular matter because of either stockholder withholding or broker non-votes will count for purposes of determining the presence of a quorum. Abstentions are counted in the determination of a quorum.

How many votes are needed for approval of each matter?

Proposal No. 1: The election of directors requires a plurality of the votes cast by the holders of shares present in person or represented by proxy at the meeting and entitled to vote thereon, to be approved. "Plurality" means that the nominees who receive the largest number of votes cast "FOR" are elected as directors. Only votes "FOR" will affect the outcome, and any shares not voted "FOR" a particular nominee (including as a result of stockholder withholding or a broker non-vote) will not be counted in such nominee's favor.

Proposal No. 2. The advisory approval of the compensation of our named executive officers must receive the affirmative vote of a majority of the votes cast by the holders of shares present in person or represented by proxy at the meeting and entitled to vote thereon to be approved. Abstentions are considered votes present and entitled to vote on this proposal, and thus have the same effect as a vote "AGAINST" the proposal.

Proposal No. 3. For the advisory vote on the frequency of stockholder advisory votes on our named executive officers' compensation, the frequency receiving the affirmative vote of a majority of the votes cast by the holders of shares present in person or represented by proxy at the meeting and entitled to vote thereon to be approved will be considered the frequency preferred by the stockholders. Abstentions are considered votes present and entitled to vote on this proposal, and thus have the same effect as a vote "AGAINST" each of the proposed voting frequencies.

Proposal No. 4: The ratification of the appointment of Ernst & Young LLP must receive the affirmative vote of a majority of the votes cast by the holders of shares present in person or represented by proxy at the meeting and entitled to vote thereon to be approved. Abstentions are considered votes present and entitled to vote on this proposal, and thus have the same effect as a vote "AGAINST" the proposal.

How are proxies solicited for the Annual Meeting?

The Board is soliciting proxies for use at the Annual Meeting. All expenses associated with this solicitation will be borne by Quotient. We will reimburse brokers or other nominees for reasonable expenses that they incur in sending these proxy materials to you if a broker or other nominee holds your shares. In addition to solicitation by mail, some of our directors, officers and employees may solicit proxies in person or by telephone for no additional compensation. We have retained D.F. King & Co., Inc., to assist in the solicitation of proxies under customary terms and anticipate that this will cost us approximately \$8,500 plus certain out-of-pocket expenses.

How may my brokerage firm or other intermediary vote my shares if I fail to provide timely directions?

Brokerage firms and other intermediaries holding shares of common stock in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your broker may have discretion to vote your shares in its discretion. Under the rules of the NYSE, brokers, banks and other securities intermediaries that are subject to NYSE rules may use their discretion to vote your "uninstructed" shares with respect to all matters considered to be "routine" under NYSE rules, but not with respect to "non-routine" matters. In this regard, the proposal to ratify the selection of Ernst & Young LLP (Proposal No. 4) is considered to be a "routine" matter under NYSE rules, meaning that if you do not return voting instructions to your broker by its deadline, your shares may be voted by your broker in its discretion on this proposal. Your broker will not have discretion to vote on (i) the election of directors (Proposal No. 1), (ii) advisory approval of the compensation of our named executive officers (Proposal No. 2) and (iii) advisory vote on the frequency of stockholder advisory votes on executive compensation (Proposal No. 3), which are considered "non-routine" matters under NYSE rules.

Why did I receive a notice in the mail regarding the internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the SEC, Quotient has elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") with instructions on how to access the proxy materials online or request a printed copy of the materials.

Stockholders may follow the instructions in the Notice of Internet Availability to elect to receive future proxy materials in print by mail or electronically by email. We encourage stockholders to take advantage of the availability of the proxy materials online to help reduce the environmental impact of our annual meetings, and reduce Quotient's printing and mailing costs.

I share an address with another stockholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

Quotient has adopted a procedure called “householding.” Under this procedure, Quotient may deliver a single copy of the Notice of Internet Availability and, if you requested printed versions by mail, this Proxy Statement and the Annual Report to multiple stockholders who share the same address, unless Quotient has received contrary instructions from one or more stockholders. This procedure reduces the environmental impact of our annual meetings and reduces Quotient’s printing and mailing costs. Stockholders who participate in householding will continue to receive separate proxy cards. Upon written or oral request, Quotient will deliver promptly a separate copy of the Notice of Internet Availability and, if you requested printed versions by mail, this Proxy Statement and the Annual Report to any stockholder that elects not to participate in householding.

To receive, free of charge, a separate copy of the Notice of Internet Availability and, if you requested printed versions by mail, this Proxy Statement or the Annual Report, or separate copies of any future notice, proxy statement, or annual report, you may write or call Quotient at the following email address, physical address, or phone number:

IR@quotient.com

Quotient Technology Inc.

Attention: Investor Relations

400 Logue Avenue

Mountain View, California 94043

(650) 605-4600 (option 7)

If you are receiving more than one copy of the proxy materials at a single address and would like to participate in householding, please contact Quotient at the email address, physical address, or phone number above. Stockholders who hold shares in “street name” may contact their brokerage firm, bank, broker-dealer, or other similar organization to request information about householding.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Quotient or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Who will pay for the cost of this proxy solicitation?

We will bear the cost of this proxy solicitation. In addition to solicitation by mail, some of our directors, officers and employees may solicit proxies in person or by telephone for no additional compensation. We will also ask stockholders of record who are brokerage firms, custodians and fiduciaries to forward proxy materials to the beneficial owners of such shares and upon request we will reimburse such stockholders of record for the customary costs of forwarding the proxy materials. We have retained D.F. King & Co., Inc. to assist in the solicitation of proxies under

customary terms and anticipate that this will cost us approximately \$8,500 plus certain out-of-pocket expenses.

Stockholder Proposals

Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of stockholders by submitting their proposals in writing to our Secretary in a timely manner. For a stockholder proposal to be considered for inclusion in our proxy statement for our 2020 Annual Meeting of Stockholders, our Secretary must receive the written proposal at our principal executive offices not later than December 21, 2019. In addition, stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended, regarding the inclusion of stockholder proposals in Company-sponsored proxy materials. Stockholder proposals should be addressed to:

6

Quotient Technology Inc.

Attention: Investor Relations

400 Logue Avenue

Mountain View, California 94043

Our Bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders but do not intend for the proposal to be included in our proxy statement. Our Bylaws provide that the only business that may be conducted at an annual meeting is business that is (i) specified in our proxy materials with respect to such meeting, (ii) otherwise properly brought before the annual meeting by or at the direction of our Board, or (iii) otherwise properly brought before the annual meeting by a stockholder of record entitled to vote at the annual meeting who has delivered timely written notice to our Secretary, which notice must contain the information specified in our Bylaws. To be timely for our 2020 Annual Meeting of Stockholders, our Secretary must receive the written notice at our principal executive offices:

- no earlier than February 4, 2020; and
- no later than the close of business on March 5, 2020.

In the event that we hold our 2020 Annual Meeting of Stockholders more than 30 days before or more than 30 days after the one-year anniversary of the Annual Meeting, then notice of a stockholder proposal that is not intended to be included in our proxy statement must be received no earlier than the close of business on the 120th day before such annual meeting and no later than the close of business on the later of the following two dates:

- the 90th day prior to such annual meeting; or
- the 10th day following the day on which public announcement of the date of such annual meeting is first made.

If a stockholder who has notified us of his, her or its intention to present a proposal at an annual meeting does not appear to present his, her or its proposal at such annual meeting, we are not required to present the proposal for a vote at such annual meeting.

Nomination of Director Candidates

You may propose director candidates for consideration by our Nominating and Corporate Governance Committee. Any such recommendations should include the nominee's name and qualifications for membership on our Board and should be directed to our Secretary at the address set forth above. For additional information regarding stockholder recommendations for director candidates, see "Board and Corporate Governance—Stockholder Recommendations for Nominations to the Board."

In addition, our Bylaws permit stockholders to nominate directors for election at an annual meeting of stockholders. To nominate a director, the stockholder must provide the information required by our Bylaws. In addition, the stockholder must give timely notice to our Secretary in accordance with our Bylaws, which, in general, require that the notice be received by our Secretary within the time period described above under "Stockholder Proposals" for stockholder proposals that are not intended to be included in a proxy statement.

Availability of Bylaws

You may contact our Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating director candidates.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board has the authority to establish the authorized number of directors from time to time by resolution. Our Board currently consists of nine members. Our Amended and Restated Certificate of Incorporation (our “Restated Certificate”) and our Bylaws provide for a classified Board consisting of three classes of directors, with directors serving staggered three-year terms.

Directors in a particular class will be elected for a three-year term at the annual meeting of stockholders in the year in which their terms expire. As a result, only one class of directors will be elected at each annual meeting of stockholders, with the other classes continuing for the remainder of their respective three-year term. Each director’s term continues until the election and qualification of his or her successor, or his or her earlier death, resignation or removal. The initial class of each director is set forth in the table below.

The nominees and the directors who are serving for terms that end following the Annual Meeting, and their ages, occupations and length of board service as of April 22, 2019, are provided in the table below. Additional biographical descriptions of each nominee and director are set forth in the text below the table. These descriptions include the primary individual experience, qualifications, qualities and skills of our nominees and directors that led to the conclusion that each person should serve as a member of our Board.

Nominees for Director

Steven Boal founded Quotient in 1998. Mr. Boal serves as the Executive Chairman of our Board since 2017 and has been a member of the Board since 1998. Mr. Boal served as our CEO from 1998 until September 2017 and as our President from 1998 until September 2015. Prior to founding Quotient, Mr. Boal served as Vice President of Business

Development for Integral Development Corporation, a privately held financial software company. Mr. Boal holds a B.A. from the State University of New York at Albany. We have determined that Mr. Boal's perspective, operational and historical expertise gained from his experience as our founder, former President, Chief Executive Officer and one of our largest stockholders, make him a critical member of our Board.

8

Robert McDonald has served on our Board since November 2018. Mr. McDonald currently serves on boards of various companies and organizations, private and public, non-profit and for-profit. Mr. McDonald served as the U.S. Secretary of Veterans Affairs from July 2014 until January 2017. Mr. McDonald was Chairman, and Chief Executive Officer of Procter & Gamble Company from January 2010 until June 2013. Mr. McDonald joined Procter & Gamble in 1980 and served in various positions for that company. He was named Procter & Gamble's Vice Chairman, Global Operations in 2004; Chief Operating Officer in 2007; President and Chief Executive Officer in 2009; and Chairman of the Board in 2010. From 2005 to July 2014 Mr. McDonald served on the board of directors of Xerox Corporation, and from January 2014 to July 2014, Mr. McDonald served on the board of directors of United States Steel Corporation, both public companies. Mr. McDonald graduated from the United States Military Academy at West Point in 1975. He earned his M.B.A. from the University of Utah in 1978. We have determined that Mr. McDonald is qualified to serve as a member of our Board because of his deep industry experience, public company experience, executive leadership expertise and extensive knowledge of operational matters.

Michelle McKenna has served on our Board since October 2017. Ms. McKenna is currently the Senior Vice President and Chief Information Officer of the National Football League (the "NFL"), which she joined in September 2012. Prior to joining the NFL, Ms. McKenna served as Senior Vice President and Chief Information Officer at Constellation Energy Group, Inc., an energy company. Ms. McKenna has served on the board of directors of RingCentral, Inc., a public company, since March 2015. Ms. McKenna served on the board of directors of Insuperity from April 2015 until August 2017 and comScore, Inc. from October 2017 until March 2019, both public companies. Ms. McKenna holds a B.S. in Accounting from Auburn University and a M.B.A. from Rollins College. Ms. McKenna was formerly licensed as a certified public accountant in the State of Georgia. We have determined that Ms. McKenna is qualified to serve as a member of our Board because of her experience serving on the board of directors of public companies and expertise in financial accounting and risk management.

THE BOARD RECOMMENDS A VOTE “FOR” EACH OF THE NOMINEES NAMED ABOVE.

PROPOSAL NO. 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, and Section 14A of the Exchange Act, our stockholders are entitled to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. The compensation of our named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables, and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are focused on pay-for-performance principles and are strongly aligned with our stockholders' interests, consistent with current market practices. Compensation of our named executive officers is designed to enable us to attract and retain talented and experienced executives to lead the Company successfully in a competitive environment.

The overall objective of our executive compensation programs is to pay our executive officers competitively and equitably in a way that aligns our business and financial goals, and ties back to overall Company and individual performance. The primary objectives of our executive compensation programs are:

Pay-for-Performance	A significant portion of pay for executive officers is at-risk and performance-based with metrics that align total compensation with the Company's growth strategy, annual financial objectives and performance of our stock price. At-risk compensation includes short-term cash incentives and long-term incentives in the form of equity awards.
Alignment with Stockholders	Our compensation programs align executive officers' interests with those of our stockholders, by providing equity-based forms of compensation and tying pay to Company and stock performance. We maintain stock ownership guidelines for all executive officers and we remain committed to a culture of shared success through long-term equity awards.
Competitive Appeal	Our compensation programs' goals are to attract, reward, and retain talented and highly qualified executive officers whose abilities and engagement are critical to our success and competitive advantage. We use market-based pay information to align each executive officer's compensation to their position, responsibilities, and impact.
Drive Future Growth	We use our compensation programs to invest in and reward talent with the greatest potential to drive the long-term growth of our Company, while holding employees accountable to the Company's strategy and values.

We set the compensation of our executive officers, including the named executive officers, by considering factors such as, their ability to create sustainable long-term stockholder value in a cost-effective manner, prevailing market conditions, and compensation levels and practices of our peers. Our executive compensation philosophy is to align executive compensation decisions with our desired business direction, strategy, and performance.

Accordingly, the Board is asking the stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by casting a non-binding advisory vote "FOR" the following

resolution:

11

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.”

Because the vote is advisory, it is not binding on the Board or the Company. Nevertheless, the views expressed by the stockholders, whether through this vote or otherwise, are important to management and the Board and, accordingly, the Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires the vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote on the matter at the annual meeting.

THE BOARD RECOMMENDS A VOTE “FOR” THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS
AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL NO. 3

ADVISORY VOTE ON THE FREQUENCY OF SOLICITATION OF
ADVISORY STOCKHOLDER APPROVAL OF EXECUTIVE COMPENSATION

The Dodd-Frank Act and Section 14A of the Exchange Act also enable our stockholders, at least once every six years, to indicate their preference regarding how frequently we should solicit a non-binding advisory vote on the compensation of our named executive officers as disclosed in our proxy statement. Accordingly, we are asking stockholders to indicate whether they would prefer an advisory vote every year, every two years or every three years. Alternatively, stockholders may abstain from casting a vote.

After considering the benefits and consequences of each alternative, the Board recommends that the advisory vote on the compensation of our named executive officers be submitted to the stockholders once every year.

The Board believes that an advisory vote every year on the compensation of our named executive officers will give the Company more frequent feedback from our stockholders on our executive compensation philosophy, objectives and program, as well as the compensation paid to our named executive officers. We recognize that some of our stockholders may have different views and we look forward to dialogue on this advisory vote.

Accordingly, the Board is asking stockholders to indicate their preferred voting frequency by voting for one, two or three years or abstaining from voting on this proposal. The alternative among one year, two years or three years that receives the votes of the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter at the annual meeting will be deemed to be the frequency preferred by the stockholders and will be the alternative selected in the following resolution to be submitted to the stockholders for a vote at the annual meeting:

“RESOLVED, that the frequency of [every year] [every two years] [every three years] is hereby APPROVED as the frequency preferred by stockholders for the solicitation of advisory stockholder approval of the compensation paid to the Company’s named executive officers.”

While the Board believes that its recommendation is appropriate at this time, the stockholders are not voting to approve or disapprove that recommendation, but are instead asked to indicate their preferences, on an advisory basis, as to whether the non-binding advisory vote on the approval of our executive officer compensation practices should be held every year, every two years or every three years. The option among those choices that receives the votes of the holders of a majority of shares present in person or represented by proxy and entitled to vote at the annual meeting will be deemed to be the frequency preferred by the stockholders.

The vote will not be construed to create or imply any change or addition to the fiduciary duties of the Company or the Board. The Board and the Compensation Committee value the opinions of the stockholders in this matter, and the Board intends to hold say-on-pay votes in the future in accordance with the alternative that receives a majority of the stockholder support.

THE BOARD RECOMMENDS A VOTE “FOR” A FREQUENCY OF
“EVERY YEAR” FOR THE SOLICITATION OF ADVISORY STOCKHOLDER APPROVAL
OF THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4

RATIFICATION OF SELECTION OF

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board (the “Audit Committee”) has appointed the firm of Ernst & Young LLP (“Ernst & Young”) as our independent registered public accounting firm to audit our financial statements for the year ending December 31, 2019. During our previous fiscal year ended December 31, 2018 (“Fiscal 2018”), Ernst & Young served as our independent registered public accounting firm.

At the Annual Meeting, the stockholders are being asked to ratify the appointment of Ernst & Young as our independent registered public accounting firm for the year ending December 31, 2019. Our Audit Committee is submitting the selection of Ernst & Young to our stockholders because we value our stockholders’ views on our independent registered public accounting firm and as a matter of good corporate governance. Representatives of Ernst & Young will be present at the Annual Meeting and they will have an opportunity to make statements and will be available to respond to appropriate questions from stockholders. If this proposal does not receive the affirmative approval of a majority of the votes cast on the proposal, the Audit Committee would reconsider the appointment.

Notwithstanding its selection and even if our stockholders ratify the selection, our Audit Committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders.

Auditor Independence

Under its charter, the Audit Committee pre-approves all services rendered by our independent registered public accounting firm, Ernst & Young. The Audit Committee has determined that the rendering of non-audit services by Ernst & Young was compatible with maintaining their independence.

Pre-Approval Policies and Procedures.

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board (the “PCAOB”) regarding auditor independence, our Audit Committee is responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, our Audit Committee (or a member of the Audit Committee delegated by the Audit Committee) pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

THE BOARD RECOMMENDS A VOTE “FOR” THE RATIFICATION

OF THE SELECTION OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

CORPORATE GOVERNANCE AND DIRECTORS

Our Corporate Governance Guidelines, together with the Board's committee charters, provide the framework for the corporate governance of the Company. Following is a summary of our Corporate Governance Guidelines. Our Corporate Governance Guidelines, as well as the charters of each of our Board committees, are available on our website at www.quotient.com, on the Governance page under the Investors section.

Board Composition

Our business and affairs are managed under the direction of our Board. Our Board currently consists of nine members, seven of whom qualify as "independent" under the listing standards of the New York Stock Exchange (the "NYSE"). The authorized number of directors may be changed only by resolution of our Board. This classification of our Board into three classes with staggered three-year terms may have the effect of delaying or preventing changes in control of our Company or management.

Board Leadership Structure

On September 1, 2017, Mr. Boal became the Executive Chairman of the Board and Mr. Aamir became the President and Chief Executive Officer of the Company.

The Board believes that this leadership structure, which separates the Chairman and Chief Executive Officer roles, is appropriate at this time in light of the evolution of the Company's business and operating environment. In particular, the Board believes that this structure clarifies the individual roles and responsibilities of Mr. Boal and Mr. Aamir, streamlines decision-making, and enhances accountability. As Executive Chairman, Mr. Boal remains involved in key matters, such as strategy, major transactions and broader business and customer relationships, and continues to advise Mr. Aamir. In this role and given his in-depth knowledge of the issues, challenges, and opportunities facing us, the Board believes that Mr. Boal continues to be best positioned to develop agendas and ensure that the Board's time and attention are focused on the most critical matters. His role enables decisive leadership, ensures clear accountability, and enhances the ability to communicate our message and strategy clearly and consistently to our stockholders, employees, customers and partners.

The Board has a Lead Independent Director and believes this role addresses the need for independent leadership and an organizational structure for the independent directors. The Lead Independent Director coordinates the activities of the other independent directors, presides over meetings of the Board at which the Chairman of the Board is not present and at each executive session, serves as liaison between the Chairman of the Board and the independent directors, and is available for consultation and direct communication if requested by major stockholders.

Mr. Raskin was appointed Lead Independent Director effective November 3, 2017.

Director Independence

Our Board has undertaken a review of the independence of each director. Based on information provided by each director concerning his or her background, employment and affiliations, our Board has determined that each of Messrs. Gessow, Horowitz, McDonald, Oppenheimer and Raskin and Meses. McKenna and Wyatt do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is "independent" as that term is defined under the applicable rules and regulations of the SEC and the listing standards of the NYSE.

Risk Oversight

Our Board believes that open communication between management and the Board is essential for effective risk management and oversight. Our Board meets with our CEO and other members of the senior management team at quarterly Board meetings, where, among other topics, they discuss strategy and risks in the context of reports from the management team and evaluates the risks inherent in significant transactions and cybersecurity. While our Board is ultimately responsible for risk oversight, our Board committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee of our Board (the “Audit Committee”) assists our Board in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control(s) over financial reporting, and disclosure controls and procedures. The Compensation Committee of our Board (the “Compensation Committee”) assists our Board in assessing risks created by the incentives inherent in our compensation policies. The Nominating and Corporate Governance Committee of our Board (the “Nominating and Corporate Governance Committee”) is charged with assisting our Board in fulfilling its oversight responsibilities with respect to the management of risk associated with Board membership and corporate governance.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics (the “Code of Business Conduct and Ethics”), which outlines the principles of legal and ethical business conduct under which we do business. The code is applicable to all of our non-employee directors, officers and employees. We intend to disclose any amendments to our code of business conduct and ethics, or waivers of its requirements, on our website or in filings under the Securities Exchange Act of 1934, as amended (the “Exchange Act”) to the extent required by applicable rules and exchange requirements. The Code of Business Conduct and Ethics is available on our website at www.quotient.com, on the Governance page under the Investors section.

Director Ownership Guidelines

In 2016, our Board adopted stock ownership guidelines for our CEO, executive officers, and non-employee directors. Under the guidelines, non-employee directors are expected to own shares of Quotient common stock, the lesser of a value equal to three times their annual cash retainer or 7,500 shares, for serving as a director. Shares may be owned directly by the individual, owned jointly with or separately by the individual’s spouse, or held in trust for the benefit of the individual, the individual’s spouse or children. Each non-employee director is required to satisfy the stock ownership guidelines by October 24, 2021, or within five years after first becoming subject to the guidelines.

Meetings of the Board

Our Board met nine times and acted by written consent three times during 2018. No director attended fewer than 75% of the total number of meetings of the Board and of any Board committees of which he or she was a member during 2018, except for Ms. Wyatt, who joined the Board on July 24, 2018, and Mr. McDonald, who joined the Board on November 19, 2018. Ms. Wyatt attended over 75% of the meetings of the Board and Board committees of which she was a member during her tenure on the Board. There were no Board meetings after the appointment of Mr. McDonald in 2018.

Attendance at Annual Stockholder Meetings by the Board

It is our policy that directors are invited and encouraged to attend our annual meetings of stockholders. Directors Aamir and Boal attended Quotient’s 2018 Annual Meeting of Stockholders in person, and Directors Gessow, Horowitz, Oppenheimer, McKenna and Raskin attended telephonically. Ms. Wyatt and Mr. McDonald did not join our Board until after the 2018 annual meeting.

Committees of the Board

Our Board has established an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee. Members serve on these committees until their resignation or until otherwise determined by our Board. The following table provides membership information for 2018 for each of our Board committees:

Name	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee

Christy Wyatt ⁽¹⁾			

= Chairperson = Member =Financial Expert

⁽¹⁾Ms. Wyatt joined the Board on July 24, 2018. She has served on the Audit Committee and Compensation Committee since July 24, 2018.

Effective upon and subject to the election of our Class II directors at the Annual Meeting, the composition of our Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee is expected to remain the same as it is currently comprised.

Ms. Wyatt joined the Audit Committee on July 24, 2018. experts as defined by SEC rules. Our Board has

18

also determined that Messrs. Gessow and Oppenheimer and Ms. McKenna and Wyatt satisfy the independence requirements of Audit Committee members under the applicable rules and regulations of the SEC and the listing standards of the NYSE. Our Audit Committee met eight times and did not act by written consent during 2018.

A copy of the Audit Committee charter is posted under the “Governance” portion of the “Investors” section on our website at <http://investors.quotient.com/investors/governance/governance-documents/default.aspx>.

Compensation Committee

Our Compensation Committee currently consists of Messrs. Gessow and Raskin and Ms. Wyatt, with Mr. Raskin serving as our Compensation Committee chairperson. From January 1, 2018 until July 24, 2018 our Compensation Committee consisted of Messrs. Gessow and Raskin, with Mr. Raskin serving as our Compensation Committee chairperson. Ms. Wyatt joined the Compensation Committee on July 24, 2018. Each member of our Compensation Committee satisfies the independence requirements under the applicable rules and regulations of the SEC and the listing standards of the NYSE. In addition, each member of our Compensation Committee qualifies as a “non-employee director” as defined pursuant to Rule 16b-3 promulgated under the Exchange Act. Our Compensation Committee met six times and acted by written consent five times during 2018.

Our Compensation Committee is responsible for, among other things:

- reviewing and approving corporate goals and objectives relevant to compensation of our Chief Executive Officer and other executive officers;
- identifying peer group of companies to be used for comparison purposes in connection with any review of executive officer compensation;

In carrying out these responsibilities, the Compensation Committee reviews all components of executive compensation for consistency with our compensation philosophy and with the interests of our stockholders.

In 2018, our Compensation Committee retained an independent compensation consultant, Radford, a part of Aon plc. (“Radford”), to assist in reviewing and assessing our compensation philosophy, broad-based equity strategy and executive compensation. Radford provided support to the Compensation Committee in establishing an appropriate peer group based on specific criteria, gathering competitive total compensation data and providing advice regarding executive compensation for our executives who are members of our senior leadership team including base salary, performance incentives and long-term compensation, and similar advice for our non-employee directors. In addition, Radford provided support with updated information for executive new hires, equity plan dilution and general compensation and governance trends. The Compensation Committee assessed the independence of Radford pursuant to SEC and NYSE rules and concluded that no conflict of interest exists that would prevent Radford from independently advising the Compensation Committee.

The Compensation Committee has delegated in accordance with applicable law, rules and regulations, and our Restated Certificate and Bylaws, authority to an equity awards committee comprised of certain executive officers of our Company to make certain types of equity awards to any employee who is not an executive on our senior leadership team or non-employee director under our Company’s 2013 Equity Incentive Plan pursuant to the terms of such plan and the equity award guidelines approved by our Compensation Committee.

Considerations in Evaluating Director Nominees

The Nominating and Corporate Governance Committee does consider the diversity of its directors and nominees in terms of knowledge, experience, background, skills, expertise and other demographic factors. Candidates may come to our attention through current members of our Board, professional search firms, stockholders or other persons.

The Nominating and Corporate Governance Committee will recommend to the Board for selection all nominees to be proposed by the Board for election by the stockholders, including approval or recommendation of a slate of director nominees to be proposed by the Board for election at each annual meeting of stockholders, and will recommend all director nominees to be appointed by the Board to fill interim director vacancies.

Director Qualifications

Stockholder Recommendations for Nominations to the Board

The Nominating and Corporate Governance Committee will consider properly submitted stockholder recommendations for candidates for our Board who meet the minimum qualifications as described above. The Nominating and Corporate Governance Committee does not intend to alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether or not the candidate was recommended by a stockholder. A stockholder of record holding at least three percent of the fully diluted capitalization of the Company continuously for at least twelve (12) months prior to the date of the submission of the recommendation can recommend a candidate for nomination to the Board by complying with our Bylaws and our Restated Certificate and applicable laws, rule and regulations, included those promulgated by the SEC. Any eligible stockholder who wishes to directly submit a nomination should review the requirements in Section 2.15 of the Bylaws on nominations by stockholders. Any recommendation or nomination should be sent in writing to the General Counsel, Quotient Technology Inc., 400 Logue Avenue, Mountain View, California 94043. Submissions must include the full name of the proposed nominee, home and business contact information, detailed biographical data, relevant qualifications, a signed letter from the candidate confirming willingness to serve, information regarding any relationships between the candidate and the Company, other information specified in our Bylaws, and evidence of the recommending stockholder's ownership of Company stock in the amount and for the time period required. These candidates are evaluated by the Nominating and Corporate Governance Committee and may be considered at any point during the year. If any materials are provided by a stockholder in connection with the recommendation of a director candidate, such materials are forwarded to the Nominating and Corporate Governance Committee.

All proposals of stockholders that are intended to be presented by such stockholder at an annual meeting of stockholders must be in writing and notice must be delivered to the Secretary at the principal executive offices of Quotient not later than the close of business on the ninetieth (90th) day nor earlier than the close of business on the one hundred and twentieth (120th) day prior to the first anniversary of the preceding year's annual meeting. Stockholders are also advised to review our Bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

Non-Employee Director Compensation

Non-employee directors receive compensation under our outside director compensation policy (the "Director Compensation Policy") in the form of equity granted under the terms of our 2013 Equity Incentive Plan (the "2013 Plan"), and cash, as described below:

Equity Compensation

Initial grant. Upon appointment to our Board, each non-employee director is granted an award (the "Initial Award") of Restricted Stock Units ("RSUs") as compensation for his or her service. The number of RSUs subject to the Initial Award is determined by dividing \$250,000 by the closing price of our stock on the grant date or as computed in accordance with such other methodology as our Board or Compensation Committee may determine. The grant date of the RSUs is the fifth trading day of the month immediately following the month in which the individual first becomes a non-employee director. The RSUs subject to the Initial Award are scheduled to vest as to 25% of the shares of our common stock subject to the Initial Award on each annual anniversary of the date on which such person first becomes a non-employee director, subject to continued service as a director through the applicable vesting date.

Annual award. Beginning June 5, 2018, each continuing non-employee director will be granted an award of RSUs (the "Annual RSU Award") on the date of the annual meeting of stockholders as compensation for his or her service. The number of RSUs subject to the Annual RSU Award will be determined by dividing \$175,000 by the closing price of our stock on the grant date or as computed in accordance with such other methodology as our Board or Compensation Committee may determine. The RSUs subject to the Annual Award are scheduled to vest upon the earlier of (i) the day prior to the next year's annual meeting of stockholders or (ii) one year from the grant date, subject to continued service as a director through the applicable vesting date.

Cash Compensation

Prior to April 1, 2018, in connection with his or her service as a director and consistent with the Director Compensation Policy, each non-employee director received an annual cash retainer of \$30,000 for serving on our Board. Beginning April 1, 2018, in connection with his or her service as a director and consistent with the Director Compensation Policy, each non-employee director receives an annual cash retainer of \$37,500 for serving on our Board. The Lead Independent Director receives an additional annual cash retainer of \$15,000.

The chairperson and members of the three standing committees of our Board were also entitled to the following additional annual cash retainers prior to April 1, 2018:

Board Committee	Chairperson Fee (\$)	Member Fee (\$)
Audit Committee	15,000	7,500
Compensation Committee	10,000	5,000
Nominating and Corporate Governance Committee	5,000	2,500

Beginning April 1, 2018, the chairperson and members of the three standing committees of our Board are also entitled to the following additional annual cash retainers:

Audit Committee	21,500	10,000
Compensation Committee	15,000	6,250

23

All cash retainers are paid in quarterly installments to each non-employee director who has served in the relevant capacity for the immediately preceding fiscal quarter no later than 30 days following the end of such preceding fiscal quarter. A non-employee director who has served in the relevant capacity for only a portion of the immediately preceding fiscal quarter will receive a prorated payment of the quarterly payment of the applicable annual cash retainer. All payments to non-employee directors were prorated to reflect changes in cash retainers on April 1, 2018.

The following table provides information for the year ended December 31, 2018 regarding all compensation awarded to, earned by or paid to each person who served as a non-employee director in 2018.

Changes to Director Compensation

On February 5, 2019, after consultation with Radford, its independent compensation consultant, regarding market practices for director compensation at our peer companies, our Board revised the Initial Award's vesting schedule from four years to three years for any future grants of Initial Awards. This change to the Director Compensation Policy was made to better align with the market and our non-employee directors' three-year terms. No other changes were made to our Director Compensation Policy other than described above.

With respect to Quotient’s financial reporting process, the management of Quotient is responsible for (1) establishing and maintaining internal controls and (2) preparing Quotient’s consolidated financial statements. Quotient’s independent registered public accounting firm, Ernst & Young, is responsible for auditing these financial statements. It is the responsibility of the Audit Committee to oversee these activities. Review, approval or ratification of transactions with related parties

We have adopted a Policy and Procedures with Respect to Transactions with Related Persons to provide procedures for reviewing, approving and ratifying any transaction involving our Company or any of its subsidiaries in which a 5% or greater stockholder, director, executive officer or members of their immediate family have or will have a direct or indirect material interest. Executive Summary

We are an industry-leading digital marketing company, providing technology and services that power targeted digital promotions and media programs for consumer packaged goods (“CPGs”) brands and retailers. These programs are delivered across our network, including our flagship consumer brand Coupons.com and our retail partners’ properties. This network provides the Company with proprietary and licensed data, including online behavior, purchase intent, and retailers’ in-store point-of-sale (“POS”) shopper data, to target shoppers with the most relevant digital coupons and ads. Customers and partners use the Company to influence shoppers via digital channels, integrate marketing and merchandising programs, and leverage shopper data and insights to drive measurable sales results.

Fiscal 2018 was a successful year for the Company delivering 20% revenue growth and 23% Adjusted EBITDA growth over 2017. We significantly broadened our media offerings with the launch of Retail Performance Media, which powers retailers’ digital media platforms and enables CPG brands to deliver targeted ads to shoppers. Additionally, we acquired three companies in 2018 to further enhance our technology platform, bringing influencer marketing, ecommerce sponsored search and product advertising, and loyalty offers and Customer-Relationship Management technology to our brands and retail partners.

Compensation Philosophy and Practices

The overall objective of our executive compensation programs is to pay our executive officers competitively and equitably in a way that aligns our business and financial goals, and ties back to overall Company and individual performance. The primary objectives of our executive compensation programs are:

Pay-for-Performance	A significant portion of pay for executive officers is at-risk and performance-based with metrics that align total compensation with the Company’s growth strategy, annual financial objectives and performance of our stock price. At-risk compensation includes short-term cash incentives and long-term incentives in the form of equity awards.
Alignment with Stockholders	Our compensation programs align executive officers’ interests with those of our stockholders, by providing equity-based forms of compensation and tying pay to Company and stock performance. We maintain stock ownership guidelines for all executive officers and we remain committed to a culture of shared success through long-term equity awards.
Competitive Appeal	Our compensation programs’ goals are to attract, reward, and retain talented and highly qualified executive officers whose abilities and engagement are critical to our success and competitive advantage. We use market-based pay information to align each executive officer’s compensation to their position, responsibilities, and impact.
Drive Future Growth	We use our compensation programs to invest in and reward talent with the greatest potential to drive the long-term growth of our Company, while holding employees accountable to the Company’s strategy and values.

We set the compensation of our executive officers, including the NEOs, by considering factors such as, their ability to create sustainable long-term stockholder value in a cost-effective manner, prevailing market conditions, and compensation levels and practices of our peers. Our executive compensation philosophy is to align executive compensation decisions with our desired business direction, strategy, and performance.

What We Do

Review compensation programs regularly with our Compensation Committee	Engage an independent compensation consultant to assist the Compensation Committee with determining compensation for executive officers, including NEOs
--	---

Maintain stock ownership guidelines which require all executive officers and non-employee directors to hold a significant amount of stock	Design compensation programs so that a significant portion of compensation is “at risk” based on corporate and stock price performance, to align the interest of our executive officers and our stockholders
---	--

Award annual equity to our executive officers that vests over a multi-year period, consistent with market practice and our retention objectives	Double-trigger for all change-in-control payments and benefits. Requiring a change-in-control of our Company plus an involuntary termination of employment before payments and benefits are made.
---	---

What We Don't Do

Provide tax gross-up treatment for executive officers on any severance or change in control benefits	Permit our non-employee directors and executive officers to pledge or hedge our equity securities
--	---

Provide any perquisites or other personal benefits to our executive officers, including our NEOs

Role of Compensation Committee

Our Board has delegated to the Compensation Committee the authority and responsibility for, among other things, reviewing and approving corporate goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers; reviewing and approving the following compensation for our Chief Executive Officers and our executive officers: salaries, bonuses, incentive compensation, equity awards, benefits and perquisites; recommending the establishment and terms of our non-equity and equity incentive plans, and administering such plans; and making and approving grants of equity awards to all executive officers.

The Compensation Committee regularly reviews the philosophy and goals of our executive compensation programs to ensure that our compensation philosophy remains aligned with the goals and strategy of our business. Typically, our CEO is involved in the determination of compensation for the respective executive officers that report to him. The Compensation Committee considers these recommendations along with peer group benchmark compensation information and available market survey data provided by our independent compensation consultant. The CEO does not participate in discussion or recommendations as to his own compensation.

When making final decisions regarding executive compensation, the Compensation Committee considers Company performance and individual performance against goals, as well as its judgment as to what is in the best interests of the Company and its stockholders.

The Compensation Committee makes all decisions regarding our compensation programs except for the approval of the targets and performance criteria for our Performance Incentive Bonus Plan. The Compensation Committee recommends, and our Board approves the targets and performance criteria, including the corporate financial performance goals of our Performance Incentive Bonus Plan.

Role of Independent Consultant

The Compensation Committee retains an independent compensation consultant to assist in providing data, analysis, and other advice relating to our executive compensation programs, the consultant reports directly to the Compensation Committee. In 2018, the Compensation Committee engaged Radford, a national consulting firm, to serve as independent consultant. Responsibilities and duties of the independent consultant include the following:

- o Advise the Compensation Committee on the appropriate comparator group for compensation and benefits benchmarking;
- o Provide consultation, research, and guidance regarding the strategy of our compensation programs and ensure market competitiveness;
- o Review and analyze the compensation of our executive officers, including our NEOs;
- o Provide consultation on compensation governance matters; and
- o Attend Compensation Committee meetings as needed and requested.

The Compensation Committee evaluates Radford's independence annually. Based on relevant legal standards the Committee has determined that there was no conflict of interest.

Benchmarking

The Compensation Committee refers to a comparative group of companies when evaluating executive compensation. Our 2018 peer group was selected with the assistance and recommendations of Radford and it consists of US-based companies of similar revenue, growth, market capitalization, and geographic location, predominantly in the software-as-a-service industries with a secondary focus on marketing services. Specifically, the following was considered:

Element	Description	Criteria
Industry/Sector	Industry focus that reflects the nature of the Company's products and industry-specific skills required for business success	Public US-based software-as-a-service companies with secondary focus on marketing services, if possible; Corporate headquarters in key technology hub locations
Revenue	Trailing 12 month (TTM) revenue; Governance groups typically target a revenue range of 0.5x to 4x the Company's revenues	Revenue generally between 0.5x and 4x (~\$200M and \$1.4B) to reflect companies of similar scale to the Company
Market Capitalization	Company's market capitalization, which provides an accurate view of the Company's value; Radford typically looks at peer companies with a market value range of 0.3x-3x the Company's market value to gather a reasonable range of comparators	Market cap generally between ~0.5x to ~4x (\$600M and \$5.3B) of Company's current market cap

In 2018, the Compensation Committee used information from the following compensation peer group in making executive compensation decisions:

2U, Inc.	Coupa Software Incorporated	Liveperson	SPS Commerce, Inc.
Benefitfocus, Inc.	Etsy	LogMeIn	Stamps.com Inc.
Box, Inc.	Five9, Inc.	MINDBODY, Inc.	The Trade Desk
Carbonite	GrubHub Inc.	QuinStreet	TrueCar, Inc.
Cornerstone OnDemand	HubSpot	Shutterstock, Inc.	Yelp Inc.

Data from our peer group is valuable to the Compensation Committee because it provides insight into competitive pay practices for each of the elements of our executive compensation program. In setting the elements of compensation for

the NEOs, the Compensation Committee reviewed base salary, target annual performance incentive bonus opportunity, target total cash compensation (i.e., base salary plus target performance incentive bonus opportunity), annual long-term incentive, and total direct compensation values for our NEOs and those of similarly situated executives of our compensation peer group. Radford provided data at the 25th, 50th and 75th percentiles for such compensation, and the Compensation Committee used this data as reference. The Compensation Committee did not benchmark any compensation element to a specific percentile, instead the Compensation Committee set NEOs' compensation at levels it deemed appropriate after considering such factors as the Company and individual performance, time in role, position criticality, retention and anticipated future contributions, and overall cost of the compensation programs.

Executive Compensation Elements

Program	Pay Type	Alignment to Compensation Philosophy
Base Pay	Fixed	Attract and retain talented and highly-qualified executive officers, align compensation to day-to-day responsibilities, leadership skills, impact and experience
Short-Term Incentive Plan (Performance Incentive Bonus Plan)	Variable	Reward annual performance and contribution to overall Company objectives and Company's financial results including revenue and adjusted EBITDA targets
Long-Term Incentive Plan (Equity Awards)	Variable	Align compensation to stockholder interest, recognize long-term potential, and retain executive officers who are critical to our success

Executive Compensation Pay Mix

2018 Executive Compensation Changes

Our executive compensation programs are designed to be flexible and aligned to our business objectives and strategy. We believe in continually reviewing our compensation strategy to ensure that our philosophy and decision-making is aligned to the interests of our stockholders. The Compensation Committee took the following actions in 2018:

Revised the 2018 Performance Incentive Bonus Plan to further incentivize executive officers and increase long-term stockholder value so that if earned, executive officers would receive 50% of their annual bonus opportunity amount in stock and the remainder would be paid in cash ("Equity Bonus Policy").

In November 2018, the Board appointed Chad Summe and Jason Young as executive officers in conjunction with their promotions to Chief Operating Officer and Chief Marketing and Media Officer, respectively. No changes to their compensation were made at the time of their promotion. In 2018, Messrs. Summe and Young were not subject to the Equity Bonus Policy because they were not executive officers at the time the Equity Bonus Policy was adopted. They will be subject to the Equity Bonus Policy in 2019.

2018 Executive Compensation

Base Salary

As the only fixed element of our executive compensation package, base salary compensates our NEOs for day-to-day job responsibilities and impact to the business. Our Compensation Committee performs an annual review during which it considers adjustments to our NEOs' base salaries, considering such factors as the prevailing market conditions and the scope of responsibilities, knowledge, skill set, level of experience, and performance. Market competitive base pay allows us to remain competitive in attracting and retaining executive talent. This is the only form of compensation that we consider "fixed" and not subject to specific performance goals that are set at the Company level.

The 2018 base salary of each NEO is listed in the table below. There were no base salary increases for our NEOs in 2018 except for Mr. Fior. Effective March 1, 2018, Mr. Fior had a 3% merit-based salary increase, which consisted of an increase of \$11,433 to his base salary.

Named Executive Officer	Base Salary as of December 31, 2018
Steven Boal	\$400,000
Mir Aamir	\$500,000
Ronald Fior	\$392,533
Chad Summe	\$270,000
Jason Young	\$300,000

Performance Incentive Bonus Plan

The Performance Incentive Bonus Plan is designed to reward an executive officer's contribution to overall Company annual financial performance, business results, and strategy. At the beginning of each fiscal year, our Compensation Committee recommends, and our Board adopts, the targets and performance criteria for our Performance Incentive Bonus Plan, including corporate financial performance goals and the annual targets for our executive officers.

In setting each executive officer's annual Performance Incentive Bonus target, our Compensation Committee considered each executive officer's total direct compensation mix, individual contributions, responsibilities, experience, and peer group market data. Our Compensation Committee set the annual Performance Incentive Bonus target for our executive officers as percentages of the relevant individual's base salary (the "Performance Incentive Bonus Opportunity"). See table under "—Company Targets and Results for 2018" for the value of each NEO's Performance Incentive Bonus Opportunity.

Plan Payout Formula

For purposes of measuring achievement toward the annual Performance Incentive Bonus, the Compensation Committee selected a formula-based bonus to motivate executives to achieve specific goals to drive growth and success for the Company, as well as align with stockholder interest.

The Compensation Committee recommended and the Board approved revenue and adjusted EBITDA as the corporate financial performance measures that supported our annual operating plan. We define (i) “revenue” as GAAP revenue as reflected in our quarterly and annual financial statements; and (ii) “adjusted EBITDA” as net income (loss) adjusted for stock-based compensation, depreciation and amortization, interest expense, other income (expense) net, provision for (benefit from) income taxes, net change in fair value of escrowed shares and contingent consideration, charges related to Enterprise Resources Planning Software implementation costs, certain acquisition related costs, and restructuring charges, and as applicable, other special items.

Revenue and adjusted EBITDA goals were weighted 50% each under the 2018 Performance Incentive Bonus Plan and had achievement levels for each measure. Goals were set at the beginning of Fiscal 2018 and the achievement levels approved for Fiscal 2018 were based on our actual revenues and adjusted EBITDA performance for the year.

Plan Payout in Cash and Equity

On February 6, 2018, the Compensation Committee approved the Equity Bonus Policy to further incentivize our executive officers by rewarding increased stockholder value. For Fiscal 2018, 50% of Performance Incentive Bonus Opportunity (“Equity Bonus Opportunity”) awarded to each of Messrs. Boal, Aamir and Fior would be paid in stock with the number of shares of stock determined based on the dollar amount of Equity Bonus Opportunity divided by the closing price for our stock as of February 28, 2018, which was \$13.15, (rounded down to the nearest whole share) and the remainder would be paid in cash. Any adjustments to the Performance Incentive Bonus earned by Messrs. Boal, Aamir and Fior due to Company or individual performance would be made first to the cash portion of their Performance Incentive Bonus.

Messrs. Summe and Young were paid out entirely in cash under the Performance Incentive Bonus Plan, with opportunity and targets based on their respective roles as of February 2018. For more information, please see below “—Company Targets and Results for 2018.”

Company Targets and Results for 2018

To be paid out at target level, the Company needed to generate approximately \$395.0 million in revenue and approximately \$67.9 million of adjusted EBITDA. If we failed to achieve performance thresholds at 80% of the target levels which equates to revenues of approximately \$316.0 million and adjusted EBITDA of approximately \$54.3 Million, Messrs. Boal, Aamir and Fior would not receive Performance Incentive Bonus awards for the year. (Messrs. Summe and Young were not subjected to this threshold because they were not executive officers at the time the thresholds and targets were set.)

Our Board established achievement levels of 80% to 115% of revenue and adjusted EBITDA goals. Achieving 100% of an executive’s Performance Incentive Bonus target was intended to be a difficult but achievable goal considering the prior year’s results of operations and anticipated growth for 2018. For 2018, we delivered \$387.0 million of revenues and \$57.6 million of adjusted EBITDA. As a result, the blended formula-based achievement for each NEO was determined to be 80% of the target amount.

Our Board has the discretion to adjust the pre-established target levels for revenues and adjusted EBITDA in the event we complete one or more acquisitions during the year. Our Board did exercise such discretion for 2018 after reviewing our acquisitions in Fiscal 2018 and increased the revenue target.

Our compensation programs reflect risks and rewards based on financial performance and stock price. The table below outlines the annual incentive bonus opportunities established for each NEO and the actual bonus each NEO earned for Fiscal 2018 under our Performance Incentive Bonus Plan. The number of shares to be awarded under the Equity Bonus Policy was determined by our closing stock price on February 28, 2018 and valued at \$150,000, \$250,000 and \$147,000 for Messrs. Boal, Aamir and Fior, respectively. The values shown in the table below are calculated based on our closing stock price on the grant date of the equity awards, March 1, 2019, and reflect stock risk to compensation in 2018.

Named Executive Officer	Annual Performance (as% of base salary)	Annual Performance Incentive Bonus Opportunity (\$)	Company Achievement	Performance Incentive Bonus Payout	
				Cash Payment	RSU Payment ⁽¹⁾
Steven Boal	75%	\$300,000	80%	\$89,760	\$113,604
Mir Aamir	100%	\$500,000	80%	\$149,600	\$189,350
Ronald Fior	75%	\$294,400	80%	\$88,085	\$110,945
Chad Summe ⁽²⁾	10%	\$27,000 ⁽³⁾	80%	\$22,657	--
Jason Young ⁽²⁾	60%	\$180,000	80%	\$143,856	--

(1) In accordance with the Performance Incentive Bonus Plan described above, the Compensation Committee recommended, and the Board approved that 80% of performance targets were achieved. As a result, the Compensation Committee granted on March 1, 2019, with immediate vesting, the following awards: Mr. Boal 11,406 shares of RSUs, Mr. Aamir 19,011 shares of RSUs and Mr. Fior 11,139 shares of RSUs. The values reflected in this table are the fair market value on date of grant of March 1, 2019 (calculated by multiplying the number of shares granted by our closing stock price of \$9.96 on March 1, 2019). For more detail, please see Compensation Decisions and the Summary Compensation Table.

(2) Messrs. Summe and Young were not executive officers as of February 6, 2018 thus their Fiscal 2018 Performance Incentive Bonus were paid out entirely in cash.

(3) Mr. Summe was our Senior Vice President and General Manager of Sales through November 19, 2018. Mr. Summe was eligible for 100% annual incentive compensation opportunity with 80% tied to a revenue quota under our Sales Incentive Compensation Plan ("SICP"), 10% tied to management objectives under the SICP, and 10% tied to the Company's performance under the Performance Incentive Bonus Plan. Mr. Summe received \$189,870 under the SICP for having achieved 88% of his revenue quota, \$27,536 under the SICP for having achieved on average 102% of his management objectives, and \$22,657 under our Performance Incentive Bonus Plan as disclosed above. In total, Mr. Summe received \$217,406 under the SICP and \$22,657 under our Performance Incentive Plan.

Equity Awards

Historically, we have granted our NEOs time-vested stock options and RSUs in connection with their employment. The values of equity awards are based on annual performances and achieving retention objectives. When determining

the size of the awards, our Compensation Committee considers the executive's position and responsibilities, their equity holdings, potential incentive and retention value, competitive market data, the anticipated future contribution the executive will make to our success, and internal pay equity. Equity awards also serve the purpose of ensuring that executives' long-term interests are aligned with stockholders' interests.

Generally, all equity awards granted by the Compensation Committee have the grant date and vesting commencement date of the first of the month following approval. All annual grants of RSUs vest quarterly over four years from vesting commencement date and all grants of options vest monthly over four years from vesting commencement date.

The Compensation Committee believes that the option to purchase shares of our common stock, with an exercise price equal to the market price of the common stock on the date of grant, are inherently performance-based and are a good tool to motivate our executive officers to build stockholder value. In addition, the Compensation Committee believes that RSUs help stabilize retention during periods of stock price volatility. All equity awards are subject to our Stock Ownership Guidelines.

In February 2018, our Compensation Committee decided to grant equity awards to Messrs. Boal, Aamir, Fior, Summe and Young at a level competitive with the annual long-term incentives provided by the companies in our compensation peer group to similarly situated executives, as follows:

Named Executive Officer	Grant	
	Date	Options ⁽¹⁾ RSUs ⁽²⁾
Steven R. Boal	3/1/2018	261,000 191,000
Mir Aamir	3/1/2018	347,000 254,000
Ronald J. Fior	3/1/2018	139,000 102,000
Chad Summe ⁽³⁾	3/1/2018-	85,000
Jason Young ⁽³⁾	3/1/2018-	95,000

- (1) Options granted with an exercise price of \$13.10 and vest in equal monthly installments over a four-year period beginning March 1, 2018.
- (2) RSUs granted vest in equal quarterly installments over a four-year period beginning March 1, 2018.
- (3) Messrs. Summe and Young were not executive officers in February 2018, when the Compensation Committee approved equity grants to executive officers. Therefore, their equity grants were RSU-based only for Fiscal 2018 consistent with our broader employee policy. Messrs. Summe and Young did not receive promotion-related equity awards when they were promoted to be executive officers on November 19, 2018 at the time of their promotion.

On September 28, 2017, the Compensation Committee granted Mr. Aamir an award consisting of 128,205 performance-based RSUs (“PRSUs”) in connection with his promotion to President & CEO. On October 30, 2017, the Compensation Committee amended the performance goals applicable to the PRSUs to achievement of certain revenues and adjusted EBITDA performance targets over the three-year period from the date of the grant. The Compensation Committee determined on March 1, 2019 that Mr. Aamir had met the PSRU revenue target for Fiscal 2018 and as a result 21,368 shares of PRSUs vested on March 1, 2019.

Preview of 2019 Performance Incentive Bonus Plan and Compensation Decisions

In early 2019, the Compensation Committee made continuing efforts to align executive officers’ total compensation to the Company’s financial performance and remain competitive with our industry peers. The Committee took the following actions:

expanded the Equity Bonus Policy to our entire senior leadership team, whereby if earned, 50% of eligible fiscal year 2019 (“Fiscal 2019”) Performance Incentive Bonus Opportunity would be awarded in stock, with the number of shares of stock determined based on the dollar amount of the Equity Bonus Opportunity divided by the closing price of our stock on February 28, 2019, which was \$10.03, rounded down to the nearest whole share, and the remainder would be paid in cash. Adjustments for the Company’s performance as determined by our Compensation Committee for Fiscal 2019 would be made to cash portion. This was intended to incentivize our broader senior leadership team and increase long-term stockholder value. Previously, our Performance Incentive Bonus Plan awarded the fiscal year incentive bonus in 100% cash for senior leadership team executives who were not executive officers;

required that the Company's financial performance must be above 75% of the target financial goals set at the beginning of 2019 in order for the senior leadership team including executive officers to be awarded any performance incentive bonus; and

shifted focus to further drive and incentivize revenue growth. Under the 2019 Performance Incentive Bonus plan, revenue targets and achievements are weighted at 75% and Adjusted EBITDA targets and achievements are weighted at 25% of total financial performance goals.

Effective January 1, 2019, and reflective of their promotions, Messrs. Summe and Young had the following changes to their executive compensation:

Chad Summe

Base salary increased to \$330,000 with a 75% target annual Performance Incentive Bonus opportunity. Mr. Summe is now subject to the Equity Bonus Policy and his equity awards will consist of 50% RSUs and 50% options. Mr. Summe will no longer be eligible for our Sales Incentive Compensation Plan.

Jason Young

Base salary increased to \$320,000 with a 60% target annual Performance Incentive Bonus opportunity. Mr. Young is now subject to the Equity Bonus Policy and his equity awards will consist of 50% RSUs and 50% options.

Executive Officer Ownership Guidelines

Our Board adopted in 2016 stock ownership guidelines (“Stock Ownership Guidelines”) for our CEO, executive officers, and non-employee directors. On February 5, 2019, the Compensation Committee revised our Stock Ownership Guidelines to clarify applicability of the holding requirements. Under the Stock Ownership Guidelines, our Executive Chairman and CEO are expected to own shares of our common stock, equal to the lesser value of five times their annual salary, or 200,000 shares. The remaining Section 16 Officers are expected to own shares of our common stock, equal to the lesser value of one times their annual salary, or 30,000 shares. Shares may be owned directly by the individual, owned jointly with or separately by the individual’s spouse, or held in trust for the benefit of the individual, the individual’s spouse or children. Each executive officer is required to satisfy the stock ownership guidelines by October 24, 2021, or within five years after first becoming subject to the guidelines. Our Executive Chairman and President and CEO have already satisfied the stock ownership guidelines and our CFO, COO and CMO are on track to meet the objective within the required time frame.

Other Benefits

Our executive officers are eligible to participate in broad-based Company-sponsored retirement, health and welfare benefits program on the same basis as our other full-time, salaried employees. At this time, we do not provide any perquisites or other personal benefits to our executive officers.

Prohibition on Short Sales, Hedging Transactions and Margin Accounts and Pledges

We prohibit (i) short sales of our stock, (ii) all transactions in derivatives of our stock, including hedging transactions and (iii) pledging of our stock as collateral, for all our non-employee directors, officers and employees.

Tax and Accounting Implications

Under Financial Accounting Standard Board ASC Topic 718 we are required to estimate and record an expense for each award of equity compensation over the vesting period of the award. We record share-based compensation expense on an ongoing basis according to ASC 718.

Section 162(m) of the Code places a limit of \$1 million on the amount of compensation deductible by a company in any one year with respect to compensation paid to certain of its officers, called covered employees, subject to certain exemptions. In connection with the U.S. Tax Cuts and Jobs Act enacted in December 2017, the exemption from the deduction limit for “performance-based compensation” has been repealed, such that compensation paid to our covered employees in excess of \$1 million will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017. Due to uncertainties as to the interpretation of the tax reform legislation, it is currently uncertain which items of compensation will and will not satisfy the exemption from Section 162(m). The Company will continue to review related guidance from the Internal Revenue Service as it becomes available. To maintain flexibility in compensating our executive officers in a manner that promotes varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible, particularly given that the Company currently carries net operating losses.

Risk Analysis of Our Compensation Policies and Practices

The Compensation Committee has reviewed the Company’s compensation policies and practices, in consultation with Radford and outside the Company counsel, to assess whether they encourage employees to take inappropriate risks. After reviewing and assessing the Company’s compensation philosophy, terms and practices, including the mix of fixed and variable, short and long-term incentives, and overall pay, incentive plan structures, and the checks and balances built into, and oversight of, each plan and practice, the Compensation Committee determined that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company as a whole. The Compensation Committee believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks; the mix of short-term compensation and long-term compensation prevents undue focus on short-term results and helps align the interests of the Company’s executive officers with the interests of our stockholders. In addition, the Company’s insider trading policy and prohibition against hedging and pledging in Company stock protects against short-term decision making.

report of the Compensation Committee

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis provided above. Based on its review and discussions, our Compensation Committee has recommended to our Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2018.

Potential Payments upon Termination, Change of Control or Certain Other Events

The Company entered into a Change of Control Severance Agreement (each, a "Change of Control Agreement," and collectively, the "Change of Control Agreements") with Steven Boal, the Company's Executive Chairman, Mir Aamir, the Company's President and Chief Executive Officer, and Ronald Fior, the Company's Chief Financial Officer, on August 2, 2016, with Chad Summe, the Company's Chief Operating Officer, on January 1, 2018, and with Jason Young, the Company's Chief Marketing & Media Officer, on May 2, 2017.

Each Change of Control Agreement has a three-year term and any obligations of the Company will lapse upon the end of the term. Pursuant to the Change of Control Agreements, if the NEO's employment with the Company is terminated without Cause (as such term is defined in the Change of Control Agreement and summarized below) and not by reason of death or Disability (as such term is defined in the Change of Control Agreement), or, for Messrs. Boal and Aamir only, if the NEO terminates his employment with the Company for Good Reason (as such term is defined in the Change of Control Agreement and summarized below), and, in any event, such termination does not occur within three months before or twelve months after a Change of Control (as such term is defined in the Change of Control Agreement) of the Company (the "Change of Control Period"), then, provided the NEO signs and does not revoke a separation agreement and release of claims in favor of the Company and subject to the terms of the Change of Control Agreement, the NEO will receive the following: (i) a lump-sum payment (less applicable withholding taxes) equal to 100% for Messrs. Boal, Aamir and Young and 75% for Messrs. Fior and Summe, of the NEO's annual base salary as in effect immediately prior to the NEO's termination date, and (ii) a taxable lump-sum payment (less applicable withholding taxes) in an amount equal to the monthly COBRA premium that the NEO would be required to pay to continue the NEO's group health coverage in effect on the date of NEO's termination of employment, multiplied by twelve for Messrs. Boal, Aamir and Young and nine for Messrs. Fior and Summe.

Pursuant to the terms of the Change of Control Agreement, if the NEO's employment with the Company is terminated by the Company without Cause and not by reason of death or Disability or the NEO terminates his employment with the Company for Good Reason, and, in any event, such termination occurs during the Change of Control Period, then, provided the NEO signs and does not revoke a separation agreement and release of claims in favor of the Company and subject to the terms of the Change of Control Agreement, the NEO will receive the following: (i) a lump-sum payment (less applicable withholding taxes) equal to 150% for Messrs. Boal and Aamir and 100% for Messrs. Fior, Summe and Young, of the NEO's annual base salary as in effect immediately prior to the NEO's termination date or, if greater, at the level in effect immediately prior to the Change of Control; (ii) a lump-sum payment (less applicable withholding taxes) equal to 150% for Messrs. Boal and Aamir and 100% of Messrs. Fior, Summe and Young, of the NEO's annual bonus for the year of termination at target level, as in effect immediately prior to the NEO's termination date, or if greater, at the level in effect immediately prior to the Change of Control; (iii) a taxable lump-sum payment (less applicable withholding taxes) in an amount equal to the monthly COBRA premium that the NEO would be required to pay to continue NEO's group health coverage in effect on the date of the NEO's termination of employment, multiplied by eighteen for Messrs. Boal and Aamir and twelve for Messrs. Fior, Summe and Young; and (iv) 100% of

the NEO's then-outstanding and unvested Equity Awards (as such term is defined in the Change of Control Agreement) will become vested in full and in the case of stock options and stock appreciate rights, will become exercisable.

In the event that the severance and other benefits payable to the NEO constitute “parachute payments” under Section 280G of the U.S. tax code and would be subject to the applicable excise tax, then the NEO’s severance benefits will be either (A) delivered in full or (B) delivered to such lesser extent which would result in no portion of such benefits being subject to the excise tax, whichever results in the receipt by the NEO on an after-tax basis of the greatest amount of benefits.

For purposes of each Change of Control Agreement, “Cause” means the occurrence of any of the following: (i) NEO’s conviction of, or plea of “no contest” to, a felony or any crime involving fraud or embezzlement; (ii) NEO’s intentional misconduct; (iii) NEO’s material failure to perform his employment duties; (iv) NEO’s unauthorized use or disclosure of any proprietary information or trade secrets of the Company, or any of its subsidiaries, or any other party to whom NEO owes an obligation of nondisclosure as a result of his relationship with the Company or any of its subsidiaries; (v) an act of material fraud or dishonesty against the Company or any of its subsidiaries; (vi) NEO’s material violation of any policy of the Company or any of its subsidiaries or material breach of any written agreement with the Company or any of its subsidiaries; or (vii) NEO’s failure to cooperate with the Company in any investigation or formal proceeding.

For purposes of each Change of Control Agreement, “Good Reason” means the NEO’s termination of his employment in accordance with the next sentence after the occurrence of one or more of the following events without the NEO’s express written consent: (i) a material reduction of the NEO’s duties, authorities, or responsibilities relative to NEO’s duties, authorities, or responsibilities in effect immediately prior to such reduction; (ii) a material reduction by the Company in the NEO’s rate of annual base salary; provided, however, that, a reduction of annual base salary that also applies to substantially all other similarly situated employees of the Company will not constitute “Good Reason”; (iii) a material change in the geographic location of the NEO’s primary work facility or location; provided, that a relocation of less than thirty-five miles from the NEO’s then present location will not be considered a material change in geographic location; or (iv) the failure of the Company to obtain from any successor or transferee of the Company an express written and unconditional assumption of the Company’s obligations to the NEO under the Change of Control Agreement. Mr. Fior’s Change of Control Agreement also contains a clarification that the first clause above also includes where such material reduction results solely by virtue of the Company being acquired or made part of a larger entity (as, for example, when the Chief Financial Officer of the Company remains as such following a Change of Control but is not made the Chief Financial Officer of the acquiring corporation). In order for the NEO’s termination of his employment to be for Good Reason, the NEO must not terminate employment with the Company without first providing the Company with written notice of the acts or omissions constituting the grounds for “Good Reason” within ninety days of the initial existence of the grounds for “Good Reason” and a cure period of thirty days following the date of written notice (the “Cure Period”), such grounds must not have been cured during such time, and the NEO must terminate his employment within thirty days following the Cure Period.

The following table sets forth the estimated incremental payments and benefits that would be payable to our NEOs in different termination scenarios, assuming that the triggering event occurred on December 31, 2018. Due to the number of factors that affect the nature and amount of any potential payments or benefits, actual payments and benefits may differ from those presented in the table below.

(1) Please note all unvested RSUs granted under our Performance Incentive Bonus Plan will be canceled upon a consummation of a Change in Control and any Performance Incentive Bonus earned will be paid entirely in cash. Therefore, all payments under the Performance Incentive Bonus Plan in a Change of Control scenario was included in the “Cash Severance” column of this table and not the “RSU Awards” column of this table.

(2) Does not reflect any dollar value associated with the acceleration of unvested stock options with exercise prices in excess of \$10.68 per share.

2013 Equity Incentive Plan

In the event of a change in control as described in the 2013 Plan, the acquiring or successor entity may assume or continue all or any awards outstanding under the 2013 Plan or substitute substantially equivalent awards. Any awards which are not assumed or continued in connection with a change in control or are not exercised or settled prior to the change in control will terminate effective as of the time of the change in control. The Compensation Committee may provide for the acceleration of vesting of any or all outstanding awards upon such terms and to such extent as it determines, except that the vesting of all awards held by members of the Board who are not employees will automatically be accelerated in full. The 2013 Plan authorizes the Compensation Committee, in its discretion and without the consent of any participant, to cancel each or any outstanding award denominated in shares upon a change in control in exchange for a payment to the participant with respect to each share subject to the cancelled award of an amount equal to the excess of the consideration to be paid per share of common stock in the change in control transaction over the exercise price per share, if any, under the award.

2006 Stock Plan

Our 2006 Stock Plan (the “2006 Plan”) provides that the administrator may adjust the number and class of shares that may be delivered under the plan and each outstanding award and the price of shares under the award in order to preserve the plan’s intended benefits upon certain events, including, without limitation, changes in our capitalization through stock splits, recapitalizations, mergers or consolidations. The 2006 Plan further provides that if, in the event of a merger or change in control, any award is not assumed or replaced with an equivalent substitute award by the successor corporation, then such award will fully vest and be subject to settlement or will become fully exercisable, if applicable, for a specified period prior to the corporate transaction. The award will then terminate upon the expiration of the specified time period.

401(k) Plan

We maintain a tax-qualified retirement plan that provides eligible employees with an opportunity to save for retirement on a tax advantaged basis. Eligible employees are able to participate in the 401(k) plan following the date they meet the plan's eligibility requirements, and participants are able to defer a percentage of their eligible compensation subject to applicable annual Internal Revenue Code (the "Code") and plan limits. Participants are 100% vested in their deferrals. The 401(k) plan permits us to make matching contributions and profit sharing contributions to eligible participants. We currently make a discretionary matching contribution equal to 50% of salary deferrals, not to exceed the lesser of 3% of compensation or \$6,000. Participants are vested 25% per year in matching and profit sharing contributions allocated to their account. Both employee contributions and Company contributions are allocated to individual participant accounts, and then are invested in investment alternatives selected by each participant. The 401(k) plan is intended to qualify under Sections 401(a) and 501(a) of the Code.

Additionally, our 2013 Equity Incentive Plan provides for automatic increases in the number of shares available for issuance under it on the first day of each year starting on January 1, 2015 and each subsequent anniversary through 2023, by an amount equal to the smaller of (a) 4% of the number of shares of our common stock issued and outstanding on the immediately preceding December 31, or (b) an amount determined by the Board. Our 2013 Employee Stock Purchase Plan provides for automatic increases in the number of shares available for issuance under it on the first day of each year starting on January 1, 2015 and each subsequent anniversary through 2023, equal to the smallest of (a) 400,000, (b) 0.5% of the number of shares of our common stock issued and outstanding on the immediately preceding December 31, or (c) an amount determined by the Board. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of March 31, 2019, certain information regarding beneficial ownership of our common stock (a) by each person known by us to be the beneficial owner of more than five percent of the outstanding shares of common stock, (b) by each director and nominee for director, (c) by the NEOs (as defined in “Executive Compensation” above) and (d) by all of our current executive officers and directors as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

Applicable percentage ownership is based on 93,536,042 shares of common stock outstanding at March 31, 2019. In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed to be outstanding all shares of common stock subject to options held by that person or entity that are currently exercisable or that will become exercisable within 60 days of March 31, 2019. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Unless otherwise indicated, the address of each beneficial owner listed in the table below is c/o Quotient Technology Inc., 400 Logue Avenue, Mountain View, CA 94043.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires that our executive officers and directors, and persons who own more than 10% of our common stock, file reports of ownership and changes of ownership with the SEC. Such directors, executive officers and 10% stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

SEC regulations require us to identify in this proxy statement anyone who filed a required report late during the most recent year. Based on our review of forms we received, or written representations from reporting persons stating that they were not required to file these forms, we believe that during 2018, all Section 16(a) filing requirements were satisfied on a timely basis.

INDEMNIFICATION AGREEMENTS

In addition to the indemnification required in our Restated Certificate and Bylaws, we have entered into indemnification agreements with each of our directors and executive officers. These agreements generally provide for the indemnification of such persons for all reasonable expenses and liabilities incurred in connection with any action or proceeding brought against them by reason of the fact that they are or were serving in such capacity, to the extent indemnifiable under the law. We believe that these charter and bylaw provisions and indemnity agreements are necessary to attract and retain qualified persons as directors and executive officers. Furthermore, as is typical, we have obtained director and officer liability insurance to cover both us and our directors and officers for liabilities that may be incurred in connection with their services to us.
