Special Note About Forward-Looking Statements

This report includes "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995 that reflect our current views as to future events and financial performance with respect to, without limitation, conditions in our industry, our operations, our economic performance and financial condition, including, in particular, with respect to, without limitation, the benefits and costs of our acquisitions of each of Avendra, LLC ("Avendra") and AmeriPride Services, Inc. ("AmeriPride") and related financings, as well as statements regarding these companies' services and products and statements relating to our business and growth strategy. These statements can be identified by the fact that they do not relate strictly to historical or current facts. They use words such as "outlook," "aim," "anticipate," "are or remain confident," "have confidence," "estimate," "expect," "will be," "will continue," "will likely result," "project," "intend," "plan," "believe," "see," "look to" and other words and terms of similar meaning or the negative versions of such words.

Forward-looking statements speak only as of the date made. All statements we make relating to our estimated and projected earnings, costs, expenditures, cash flows, growth rates, financial results and our estimated benefits and costs of our acquisitions are forward-looking statements. In addition, we, through our senior management, from time to time make forward-looking public statements concerning our expected future operations and performance and other developments. These forward-looking statements are subject to risks and uncertainties that may change at any time, and, therefore, our actual results may differ materially from those that we expected. We derive many of our forward-looking statements from our operating budgets and forecasts, which are based upon many detailed assumptions. While we believe that our assumptions are reasonable, we caution that it is very difficult to predict the impact of known factors, and, of course, it is impossible for us to anticipate all factors that could affect our actual results. All subsequent written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the cautionary statements. Some of the factors that we believe could affect our results or the costs and benefits of the acquisitions include without limitation: unfavorable economic conditions; natural disasters, global calamities, sports strikes and other adverse incidents; the failure to retain current clients, renew existing client contracts and obtain new client contracts; a determination by clients to reduce their outsourcing or use of preferred vendors; competition in our industries; increased operating costs and obstacles to cost recovery due to the pricing and cancellation terms of our food and support services contracts; the inability to achieve cost savings through our cost reduction efforts; our expansion strategy; the failure to maintain food safety throughout our supply chain, food-borne illness concerns and claims of illness or injury; governmental regulations including those relating to food and beverages, the environment, wage and hour and government contracting; liability associated with noncompliance with applicable law or other governmental regulations; new interpretations of or changes in the enforcement of the government regulatory framework; currency risks and other risks associated with international operations, including Foreign Corrupt Practices Act, U.K. Bribery Act and other anti-corruption law compliance; continued or further unionization of our workforce; liability resulting from our participation in multiemployer defined benefit pension plans; risks associated with suppliers from whom our products are sourced; disruptions to our relationship with, or to the business of, our primary distributor; the inability to hire and retain sufficient qualified personnel or increases in labor costs; healthcare reform legislation; the contract intensive nature of our business, which may lead to client disputes; seasonality; disruptions in the availability of our computer systems or privacy breaches; failure to achieve and maintain effective internal controls; our leverage; the inability to generate sufficient cash to service all of our indebtedness; debt agreements that limit our flexibility in operating our business; our ability to successfully integrate the businesses of Avendra and AmeriPride and costs and timing related thereto, the risk of unanticipated restructuring costs or assumption of undisclosed liabilities, the risk that we are unable to achieve the anticipated benefits (including tax benefits) and synergies of the acquisition of AmeriPride and Avendra including whether the proposed transactions will be accretive and within the expected timeframes, the availability of sufficient cash to repay certain indebtedness and our decision to utilize the cash for that purpose, the disruption of the transactions to each of Avendra and AmeriPride and their respective managements; the effect of the transactions on each of Avendra's and AmeriPride's ability to retain and hire key personnel and maintain relationships with customers, suppliers and other third parties, our ability to attract new or maintain existing customer and supplier relationships at reasonable cost, our ability to retain key personnel and other factors set forth under the headings Item 1A "Risk

Factors," Item 3 "Legal Proceedings" and Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations" and other sections of our Annual Report on Form 10-K, filed with the SEC on November 22, 2017 as such factors may be updated from time to time in our other periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov and which may be obtained by contacting Aramark's investor relations department via its website www.aramark.com. Accordingly, there are or will be important factors that could cause actual outcomes or results to differ materially from those indicated in these statements. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this report and in our other filings with the SEC. As a result of these risks and uncertainties, readers are cautioned not to place undue reliance on any forward-looking statements included herein or that may be made elsewhere from time to time by, or on behalf of, us. We undertake no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments, changes in our expectations, or otherwise, except as required by law.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Aramark (the "Company") is a leading global provider of food, facilities and uniform services to education, healthcare, business & industry and sports, leisure & corrections clients. The Company's core market is the United States, which is supplemented by an additional 18-country footprint. The Company operates its business in three reportable segments that share many of the same operating characteristics: Food and Support Services United States ("FSS United States"), Food and Support Services International ("FSS International") and Uniform and Career Apparel ("Uniform"). See Note 12 for further discussion over the FSS United States reporting segment reclassification and name change.

The condensed consolidated financial statements included herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC") and should be read in conjunction with the audited consolidated financial statements, and the notes to those statements, included in the Company's Form 10-K filed with the SEC on November 22, 2017. The Condensed Consolidated Balance Sheet as of September 29, 2017 was derived from audited financial statements which have been prepared in accordance with generally accepted accounting principles in the United States ("U.S. GAAP"). Certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. In the opinion of the Company, the statements include all adjustments, which are of a normal, recurring nature, required for a fair presentation for the periods presented. The results of operations for interim periods are not necessarily indicative of the results for a full year, due to the seasonality of some of the Company's business activities and the possibility of changes in general economic conditions.

The condensed consolidated financial statements include the accounts of the Company and all of its subsidiaries in which a controlling financial interest is maintained. All significant intercompany transactions and accounts have been eliminated.

New Accounting Standards Updates

Adopted Standards

In May 2017, the Financial Accounting Standards Board ("FASB") issued an accounting standards update ("ASU") to clarify when to account for a change to the terms or conditions of a share-based payment award as a modification. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company early adopted the guidance in the first quarter of fiscal 2018, which did not have an impact on the condensed consolidated financial statements.

In January 2017, the FASB issued an ASU to simplify the subsequent measurement of goodwill as part of the impairment test. The guidance is effective for the Company in the first quarter of fiscal 2021 and early adoption is permitted. The Company early adopted the guidance in the first quarter of fiscal 2018, which did not have an impact on the condensed consolidated financial statements. The Company will apply the guidance during its annual impairment test or earlier if a change in circumstances or the occurrence of events indicates potential impairment exists.

In August 2016, the FASB issued an ASU to address the classification of certain cash receipts and cash payments in the Statement of Cash Flows. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company early adopted the guidance in the first quarter of fiscal 2018, which did not have an impact on the condensed consolidated financial statements.

In July 2015, the FASB issued an ASU which changes the measurement principle for inventory from the lower of cost or market to the lower of cost and net realizable value. The guidance is effective for the Company in the first quarter of fiscal 2018 and early adoption was permitted. The Company adopted the guidance in the first quarter of fiscal 2018, which did not have an impact on the condensed consolidated financial statements.

Standards Not Yet Adopted (from most to least recent date of issuance)

In February 2018, the FASB issued an ASU which provides clarification regarding guidance related to the financial instrument standard. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In February 2018, the FASB issued an ASU which allows for the reclassification of stranded tax effects resulting from the Tax Cuts and Jobs Act from accumulated other comprehensive income to retained earnings. The guidance is effective for the Company in the first quarter of fiscal 2020 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In September 2017, the FASB issued an ASU to provide additional implementation guidance with respect to the revenue recognition standard and the leases recognition standard. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

ARAMARK AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

In August 2017, the FASB issued an ASU to improve the financial reporting of hedging relationships to better portray the economic results of an entity's risk management activities in its financial statements and simplify the application of hedge accounting. The guidance is effective for the Company in the first quarter of fiscal 2020 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In May 2017, the FASB issued an ASU to clarify the determination of the customer of the operation services in a service concession arrangement. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company will adopt this standard in conjunction with the revenue recognition standard, as described below. The Company is currently evaluating the impact of the pronouncement.

In March 2017, the FASB issued an ASU to improve the presentation of net periodic pension cost and net periodic postretirement benefit cost. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In February 2017, the FASB issued an ASU to clarify the accounting guidance for partial sales of nonfinancial assets. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In January 2017, the FASB issued an ASU to clarify the definition of a business. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In October 2016, the FASB issued an ASU to require entities to recognize the income tax consequences of certain intercompany assets transfers at the transaction date. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In June 2016, the FASB issued an ASU to require entities to account for expected credit losses on financial instruments including trade receivables. The guidance is effective for the Company in the first quarter of fiscal 2021 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In February 2016, the FASB issued an ASU requiring lessees to recognize most leases on their balance sheets as lease liabilities with corresponding right-of-use assets and to disclose key information about lease arrangements. The guidance is effective for the Company in the first quarter of fiscal 2020 and early adoption is permitted. The Company is in the process of reviewing its lease arrangements in order to determine the impact the adoption of this ASU will have on its consolidated financial statements and related disclosures. Based on the assessment to date, the Company expects adoption of this standard to result in a material increase in lease-related assets and liabilities in its Consolidated Balance Sheets, but does not expect it to have a significant impact in its Consolidated Statements of Income or Cash Flows.

In January 2016, the FASB issued an ASU to address certain aspects of recognition, measurement, presentation and disclosure of financial instruments. The guidance is effective for the Company in the first quarter of fiscal 2019 and early adoption is permitted. The Company is currently evaluating the impact of the pronouncement.

In May 2014, the FASB issued an ASU on revenue from contracts with customers which supersedes most current revenue recognition guidance. The standard outlines a single comprehensive model which requires an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. Additionally, the standard requires disclosures regarding the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. In July 2015, the FASB voted to defer the effective date of the new revenue standard by one year, but to permit entities to adopt one year earlier if they choose (i.e., the original effective date). The guidance is effective for the Company beginning in the first quarter of fiscal 2019.

In connection with the new revenue recognition guidance, the Company has completed its comprehensive contract review project, including contracts relating to its recent acquisitions, and its evaluation of the standard's impact on the timing and presentation of various financial aspects of its contractual arrangements (client contract investments, costs to fulfill, commissions, etc.). Based on this preliminary assessment, the Company does not believe this standard will have a material impact on the timing of revenue recognition or net income. However, the Company expects the standard to have an impact on the timing and financial statement line item reporting of certain items. The Company is

in the process of identifying and implementing appropriate changes to business processes, controls and systems to support recognition and disclosure under the new standard. The Company plans to adopt the standard using the modified retrospective transition method, resulting in the recognition of a cumulative translation adjustment in retained earnings as of September 29, 2018.

Comprehensive Income

Comprehensive income includes all changes to stockholders' equity during a period, except those resulting from investments by and distributions to stockholders. Components of comprehensive income include net income, changes in foreign currency

Other Assets

Other assets consist primarily of client contract investments, investments in 50% or less owned entities, computer software costs and long-term receivables. Client contract investments generally represent a cash payment provided by the Company to help finance improvement or renovation at the facility from which the Company operates. These amounts are amortized over

the contract period. If a contract is terminated prior to its maturity date, the Company is reimbursed for the unamortized client contract investment amount. Client contract investments, net of accumulated amortization, were \$993.0 million and \$981.3 million as of March 30, 2018 and September 29, 2017, respectively.

NOTE 2. ACQUISITIONS:

AmeriPride Services, Inc. ("AmeriPride") Acquisition

On January 19, 2018, the Company completed the acquisition of AmeriPride, a uniform and linen rental and supply company in the U.S. and Canada, pursuant to the Agreement and Plan of Merger ("AmeriPride Merger Agreement") dated as of October 13, 2017, by and among the Company, AmeriPride, Timberwolf Acquisition Corporation, and Bruce M. Steiner, in his capacity as Stockholder Representative. Upon completion of the acquisition, AmeriPride became a wholly owned subsidiary of the Company and its results will be included in the Company's Uniform segment. The total consideration paid for AmeriPride was \$982.7 million, partially offset by \$84.9 million of cash acquired, which included certain adjustments set forth in the AmeriPride Merger Agreement. In order to finance the AmeriPride acquisition, the Company entered into a long-term financing agreement (see Note 5). During the three and six month periods ended March 30, 2018, the Company incurred acquisition-related costs of \$10.4 million and \$12.7 million, respectively, included in "Selling and general corporate expenses" and \$5.2 million, during both periods, included in "Interest and Other Financing Costs, net" in the Company's Condensed Consolidated Statements of Income.

Consideration

The Company has accounted for the AmeriPride acquisition as a business combination under the acquisition method of accounting. The Company has preliminarily allocated the purchase price for the transaction based upon the estimated fair value of net assets acquired and liabilities assumed at the date of acquisition. Accordingly, the preliminary purchase price allocation is subject to change. The Company expects to finalize the allocation of the purchase price upon finalization of the valuation for property and equipment and intangible assets and final resolution of post-closing adjustments related to working capital based on the best estimates of management. Any adjustments to the preliminary fair values will be made as soon as practicable but no later than one year from the acquisition date. These adjustments may have a material impact on the Company's results of operations and financial position. For tax purposes, this acquisition is a taxable transaction.

The estimated fair value of the customer relationship assets was determined using the “multi-period excess earnings method” which considers the present value of net cash flows expected to be generated by the customer relationships, excluding any cash flows related to contributory assets. The estimated fair value of the two trade names acquired were determined using the “relief-from-royalty method” which considers the discounted estimated royalty payments that are expected to be avoided as a result of the trademarks being owned.

Goodwill

The Company recorded approximately \$336.8 million of goodwill in connection with its preliminary purchase price allocation relating to the AmeriPride acquisition, all of which was recognized in the Uniform reporting segment. Factors that contributed to the Company’s preliminary recognition of goodwill include the Company’s intent to expand and complement its existing uniform business and to enhance its customer service experience, in addition to the anticipated synergies the Company expects to generate from the acquisition. Goodwill related to the AmeriPride acquisition may be revised upon final determination of the purchase price allocation.

Avendra, LLC ("Avendra") Acquisition

On December 11, 2017, the Company completed the acquisition of Avendra, a hospitality procurement services provider in North America, which included the merger of Capital Merger Sub, LLC, a wholly owned subsidiary of the Company, with Avendra, pursuant to the Agreement and Plan of Merger ("Avendra Merger Agreement") dated as of October 13, 2017, by and among Aramark Services, Inc. ("ASI"), a wholly owned subsidiary of the Company, Avendra, Capital Merger Sub, LLC, and Marriott International, Inc., in its capacity as Holder Representative. Avendra continued as the surviving entity of the merger and is a wholly owned subsidiary of the Company whose financial results are included within the FSS United States reporting segment from December 11, 2017. The total consideration paid for Avendra was \$1,386.4 million, partially offset by \$87.3 million of cash and restricted investments acquired, which included certain adjustments set forth in the Avendra Merger Agreement. In order to finance the Avendra acquisition, the Company entered into a long-term financing agreement (see Note 5). During the three and six month periods ended March 30, 2018, the Company incurred acquisition-related costs of \$0.4 million and \$11.5 million, respectively, included in "Selling and general corporate expenses" and \$6.7 million, during both periods, included in "Interest and Other Financing Costs, net" in the Company’s Condensed Consolidated Statements of Income.

Consideration

The Company has accounted for the Avendra acquisition as a business combination under the acquisition method of accounting. The Company has preliminarily allocated the purchase price for the transaction based upon the estimated fair value of net assets acquired and liabilities assumed at the date of acquisition. Accordingly, the preliminary purchase price allocation is subject to change. The Company expects to finalize the allocation of the purchase price upon finalization of management's review of the final purchase price allocations. These adjustments may have a material impact on the Company's results of operations and financial position. For tax purposes, this acquisition is a taxable transaction.

Goodwill

The Company recorded approximately \$528.0 million of goodwill in connection with its preliminary purchase price allocation relating to the Avendra acquisition, all of which was recognized in the FSS United States reporting segment. Factors that contributed to the Company’s preliminary recognition of goodwill include the Company’s intent to expand its buying scale through Avendra’s procurement capabilities and to expand its customer base outside of its traditional industries, in addition to the anticipated synergies the Company expects to generate from the acquisition. Goodwill related to the Avendra acquisition may be revised upon final determination of the purchase price allocation.

Sales and Earnings for AmeriPride and Avendra

Included in the Company’s Condensed Consolidated Statements of Income for the three and six months ended March 30, 2018 were sales from AmeriPride and Avendra of approximately \$145.8 million and \$153.4 million, respectively, related to these entities. Net income for the results of AmeriPride and Avendra was not material for the three and six month periods ended March 30, 2018.

Unaudited Pro Forma Results of Operations for AmeriPride and Avendra

The following table reflects the unaudited pro forma combined results of operations for the three and six months ended March 30, 2018 for the Company, assuming the closing of both acquisitions occurred on October 1, 2016:

Unaudited (in thousands)	Three Months Ended		Six Months Ended	
	March 30, 2018	March 31, 2017	March 30, 2018	March 31, 2017

Net income	59,491	54,238	355,890	171,157

The pro forma results have been prepared for comparative purposes only and are not necessarily indicative of the actual results of operations had the closing of the acquisitions taken place on October 1, 2016. Furthermore, the pro forma results do not purport to project the future results of operations of the Company.

The unaudited pro forma information primarily reflects the following adjustments:

- adjustments to amortization expense related to identifiable intangible assets acquired;
- adjustments to depreciation expense related to the fair value of property and equipment acquired;
- adjustments to interest expense to reflect the long-term financing agreements used to finance the acquisitions (see Note 5); and
- adjustments for the tax effect of the aforementioned adjustments.

Other Acquisitions

During the six month period of fiscal 2018, the Company paid cash consideration of approximately \$29.9 million for various acquisitions, excluding the purchases of AmeriPride and Avendra. The sales, net income, assets and liabilities of these acquisitions did not have a material impact on the Company’s condensed consolidated financial statements.

NOTE 3. SEVERANCE:

During the second quarter of fiscal 2018, the Company commenced a new phase of strategic reinvestment and reorganization actions to streamline and improve efficiencies and effectiveness of its selling, general and administrative functions which resulted in a net severance charge of approximately \$39.5 million. As of March 30, 2018 and September 29, 2017, the Company had an accrual of approximately \$40.1 million and \$17.8 million, respectively, related to unpaid severance obligations. These obligations are expected to be paid through the first six months of fiscal 2019.

NOTE 4. GOODWILL AND OTHER INTANGIBLE ASSETS:

Goodwill represents the excess of the fair value of consideration paid for an acquired entity over the fair value of assets acquired and liabilities assumed in a business combination. Goodwill is not amortized and is subject to an impairment test that the Company conducts annually or more frequently if a change in circumstances or the occurrence of events indicates that potential impairment exists, using discounted cash flows.

Changes in total goodwill during the six months ended March 30, 2018 follow (in thousands):

Segment	September 29, 2017	Acquisitions	Translation	March 30, 2018
FSS United States	\$ 3,493,756	\$ 531,619	\$ —	\$ 4,025,375

	\$ 4,715,511	\$ 876,402	\$ 14,676	\$ 5,606,589

During the first quarter of fiscal 2018, \$173.3 million of goodwill related to certain Canadian businesses was reclassified out of the FSS United States segment and into the FSS International segment (see Note 12), which is reflected in the opening balance as of September 29, 2017. Goodwill related to the acquisitions made during the six months ended March 30, 2018 may be revised upon final determination of the purchase price allocation (see Note 2).

Other intangible assets consist of the following (in thousands):

	March 30, 2018			September 29, 2017		
	Gross Amount	Accumulated Amortization	Net Amount	Gross Amount	Accumulated Amortization	Net Amount
Customer relationship assets	\$ 2,245,074	\$(1,113,347)	\$ 1,131,727	\$ 1,376,812	\$(1,063,350)	\$ 313,462

During the six months ended March 30, 2018, the Company acquired customer relationship assets and trade names with preliminary values of approximately \$866.8 million and \$246.0 million, respectively. Customer relationship assets are being amortized principally on a straight-line basis over the expected period of benefit, 5 to 24 years, with a weighted average life of approximately 15 years. The Aramark and a majority of the other trade names are indefinite lived intangible assets and are not amortizable but are evaluated for impairment at least annually. Other intangible asset values related to the acquisitions made during the six months ended March 30, 2018 may be revised upon final determination of the purchase price allocation (see Note 2).

Amortization of acquired intangible assets for the six months ended March 30, 2018 and March 31, 2017 was approximately \$51.8 million and \$44.1 million, respectively.

Fiscal 2018 Refinancing Transactions

Canadian Term Loan A-1 due 2023

On February 28, 2018, ASI, an indirect wholly owned subsidiary of the Company, entered into Incremental Amendment No. 3 (“Incremental Amendment No. 3”) to the Credit Agreement dated March 28, 2017 (as supplemented or otherwise modified from time to time, the “Credit Agreement”) and last amended by Incremental Amendment No. 2 on December 11, 2017 and Incremental Amendment No. 1 on September 20, 2017, which replaced the existing Amended and Restated Credit Agreement, originally dated January 26, 2007 and last amended and restated on February 24, 2014 (the “Previous Credit Agreement”). Incremental Amendment No. 3 provides for an incremental, senior secured credit facility under the Credit Agreement comprised of a Canadian dollar denominated term loan made to Aramark Canada Limited (“ACL”), a company organized under the laws of Canada and an indirect subsidiary of ASI in an amount equal to CAD200 million (approximately \$149 million as of March 30, 2018) due on February 28, 2023 (the “Canadian Term Loan A-1 due 2023”).

The net proceeds from the Canadian Term Loan A-1 due 2023 were used to pay down certain borrowings on the revolving credit facility and to pay fees and expenses related to the consummation of Incremental Amendment No. 3. The Canadian Term Loan A-1 due 2023 bears interest at a rate equal to, at the Company’s option, either (a) a LIBOR rate determined by reference to the costs of funds for deposits in U.S. dollars for the interest period relevant to such borrowing adjusted for certain additional costs, (b) a Bank Act of Canada rate determined by reference to offered rates for bankers' acceptances, increased by 0.10% depending on the lender party or (c) a base rate or Canadian base rate determined by reference to the highest of (1) the prime rate of the administrative agent, (2) in the case of borrowings bearing interest on the base rate, the federal funds rate plus 0.50% and (3) the LIBOR rate or Bank Act of Canada, as applicable, rate plus 1.00% plus an applicable margin set initially at 1.75% for borrowings based on the LIBOR rate or Bank Act of Canada rate and 0.75% for borrowings based on the base rate or Canadian base rate, in each case, subject to a reduction of 0.125% per each decline of 0.50 to 1.00 in the Company's consolidated leverage ratio from 4.75 to 1.00. Accordingly, the applicable margin spread for the Canadian Term Loan A-1 due 2023 is 1.25% to 1.75% (as of March 30, 2018 - 1.75%) with respect to eurocurrency (LIBOR) and Bank Act of Canada borrowings, subject to a

LIBOR floor of 0.00%, and 0.25% to 0.75% (as of March 30, 2018 - 0.75%) with respect to base rate and Canadian base rate borrowings, subject to a minimum base rate of 0.00%.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The Canadian Term Loan A-1 requires the payment of installments in quarterly principal amounts of CAD2.5 million from March 31, 2018 through December 31, 2019, CAD3.75 million from March 31, 2020 through December 31, 2020, CAD5.0 million from March 31, 2021 through December 31, 2021, CAD7.5 million from March 31, 2022 through December 31, 2022, and CAD115.0 million at maturity. The Canadian Term Loan A-1 is subject to substantially similar terms currently relating to guarantees, collateral, mandatory prepayments and covenants that are applicable to the Company's existing term loans outstanding under the Credit Agreement.

5.000% Senior Notes due 2028

On January 18, 2018, ASI issued \$1,150.0 million aggregate principal amount of 5.000% Senior Notes due February 1, 2028 (the "2028 Notes"). The net proceeds from the 2028 Notes were used to finance the AmeriPride acquisition, to pay down certain borrowings under the revolving credit facility and to pay fees related to the transaction. During the three months ended March 30, 2018, the Company capitalized third-party costs of approximately \$14.2 million directly attributable to the 2028 Notes, which are included in "Long-Term Borrowings" in the Condensed Consolidated Balance Sheets.

The 2028 Notes were issued pursuant to an indenture, dated as of January 18, 2018 (the "2028 Notes Indenture"), entered into by and among ASI, the Company and certain other Aramark entities, as guarantors, and the U.S. Bank National Association, as trustee. The 2028 Notes were issued at par.

The 2028 Notes are senior unsecured obligations of ASI. The 2028 Notes rank equal in right of payment to all of the Issuer's existing and future senior indebtedness and will rank senior in right of payment to the Issuer's future subordinated indebtedness. The 2028 Notes are guaranteed on a senior, unsecured basis by the Company and substantially all of the domestic subsidiaries of ASI. The guarantees of the 2028 Notes rank equal in right of payment to all of the senior obligations of such guarantor. The 2028 Notes are effectively subordinated to all of ASI's existing and future secured indebtedness, to the extent of the value of the assets securing that indebtedness, and structurally subordinated to all of the liabilities of any of ASI's subsidiaries that do not guarantee the 2028 Notes. Interest on the 2028 Notes is payable on February 1 and August 1 of each year, commencing on August 1, 2018.

At any time prior to February 1, 2023, ASI has the option to redeem all or a part of the 2028 Notes at a purchase price equal to 100% of the principal amount of such 2028 Notes plus an applicable premium and accrued and unpaid interest, if any, to but not including the date of redemption. Prior to February 1, 2021, ASI has the option to redeem up to 40% of the aggregate principal amount of all 2028 Notes at a purchase price equal to 105% of the principal amount of such 2028 Notes plus accrued and unpaid interest, if any, to but not including the date of redemption, with the net cash proceeds of one or more equity offerings, provided that at least 50% of the sum of the aggregate principal amount of the 2028 Notes originally issued remain outstanding immediately after the purchase.

The 2028 Notes Indenture contains covenants limiting ASI's ability and the ability of its restricted subsidiaries to: incur additional indebtedness or issue certain preferred shares; pay dividends and make certain distributions, investments and other restricted payments; create certain liens; sell assets; enter into transactions with affiliates; limit the ability of restricted subsidiaries to make payments to ASI; enter into sale and leaseback transactions; merge, consolidate, sell or otherwise dispose of all or substantially all of ASI's and its restricted subsidiaries assets; and designate ASI's subsidiaries as unrestricted subsidiaries. The 2028 Notes Indenture also provides for events of default which, if any of them occurs, would permit or require the principal of and accrued interest on the applicable series of 2028 Notes to become or to be declared due and payable. Further, a failure to pay any obligations under the 2028 Notes Indenture as they become due or any event causing amounts to become due prior to their stated maturity could result in a cross-default and potential acceleration of the Company's other outstanding debt obligations.

U.S. Term Loan B due 2025

On December 11, 2017, ASI entered into Incremental Amendment No. 2 ("Incremental Amendment No. 2") to the Credit Agreement. Incremental Amendment No. 2 provides for an incremental senior secured credit facility under the Credit Agreement comprised of a U.S. dollar denominated term loan made to ASI in an amount equal to \$1,785.0 million, due on March 11, 2025 ("U.S. Term Loan B due 2025").

Edgar Filing: Aramark - Form 10-Q

The net proceeds from the U.S. Term Loan B due 2025 were used to finance the Avendra acquisition and, together with approximately \$200.0 million of proceeds from a borrowing made under the Credit Agreement's revolving credit facility, to repay the \$633.8 million of principal outstanding on the U.S. Term Loan A under the Credit Agreement, along with accrued interest and certain fees and related expenses. The Company recorded \$5.7 million of charges to "Interest and Other Financing Costs, net" in the Condensed Consolidated Statements of Income for the six months ended March 30, 2018 for the write-off of debt issuance costs.

The Company capitalized third-party costs of approximately \$8.9 million directly attributable to the U.S. Term Loan B due 2025 under the Credit Agreement, which are included in "Long-Term Borrowings" in the Condensed Consolidated Balance Sheets as of March 30, 2018.

The U.S. Term Loan B due 2025 bears interest at a rate equal to, at the Company's option, either (a) a LIBOR rate determined by reference to the costs of funds for deposits in U.S. dollars for the interest period relevant to such borrowing adjusted for certain additional costs or (b) a base rate determined by reference to the highest of (1) the prime rate of the administrative agent, (2) the federal funds rate plus 0.50% and (3) the LIBOR rate plus 1.00% plus an applicable margin set initially at 2.00% for borrowings based on the LIBOR rate and 1.00% for borrowings based on the base rate, in each case, subject to a reduction of 0.25% upon compliance by the Company with a consolidated leverage ratio of 3.00 to 1.00. Accordingly, the applicable margin spread for the U.S. Term Loan B due 2025 is 1.75% to 2.00% (as of March 30, 2018—2.00%) with respect to eurocurrency (LIBOR) borrowings, subject to a LIBOR floor of 0.00%, and 0.75% to 1.00% (as of March 30, 2018—1.00%) with respect to base-rate borrowings, subject to a minimum base rate of 0.00%.

The Company is required to make quarterly principal repayments on the U.S. Term Loan B due 2025 in quarterly amounts of 1.00% per annum of the funded total principal amount and is subject to substantially similar terms relating to guarantees, collateral, mandatory prepayments and covenants that are applicable to the Company's existing U.S. Term Loan B due 2024 outstanding under the Credit Agreement.

Future Maturities

At March 30, 2018, annual maturities on long-term borrowings maturing between fiscal years 2018 and 2022 and thereafter (excluding the \$61.9 million reduction to long-term borrowings from debt issuance costs and the increase of \$13.6 million from the premium on the 5.125% Senior Notes due 2024 (the "2024 Notes")) are as follows (in thousands):

NOTE 6. DERIVATIVE INSTRUMENTS:

The Company enters into contractual derivative arrangements to manage changes in market conditions related to interest on debt obligations, foreign currency exposures and exposure to fluctuating gasoline and diesel fuel prices. Derivative instruments utilized during the period include interest rate swap agreements, foreign currency forward exchange contracts and gasoline and diesel fuel agreements. All derivative instruments are recognized as either assets or liabilities on the balance sheet at fair value at the end of each quarter. The counterparties to the Company's contractual derivative agreements are all major international financial institutions. The Company is exposed to credit loss in the event of nonperformance by these counterparties. The Company continually monitors its positions and the credit ratings of its counterparties, and does not anticipate nonperformance by the counterparties. For designated hedging relationships, the Company formally documents the hedging relationship and its risk management objective and strategy for undertaking the hedge, the hedging instrument, the hedged item, the nature of the risk being hedged, how the hedging instrument's effectiveness in offsetting the hedged risk will be assessed prospectively and retrospectively, and a description of the method of measuring ineffectiveness. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting cash flows of hedged items.

Cash Flow Hedges

The Company has approximately \$2.9 billion notional amount of outstanding interest rate swap agreements as of March 30, 2018, which fixes the rate on a like amount of variable rate borrowings. During the first quarter of fiscal 2018, the Company entered into approximately \$1.6 billion notional amount of interest rate swap agreements to hedge

the cash flow risk of variability in interest payments on variable rate borrowings. In addition, interest rate swaps with a notional amount of \$300.0 million matured during the first quarter of fiscal 2018.

Changes in the fair value of a derivative that is designated as and meets all the required criteria for a cash flow hedge are recorded in accumulated other comprehensive income (loss) and reclassified into earnings as the underlying hedged item affects earnings. As of March 30, 2018 and September 29, 2017, approximately \$22.6 million and (\$6.8) million of unrealized net of taxes related to the interest rate swaps were included in "Accumulated other comprehensive loss," respectively. The hedge

Derivatives not Designated in Hedging Relationships

The Company entered into a series of pay fixed/receive floating gasoline and diesel fuel agreements based on the Department of Energy weekly retail on-highway index in order to limit its exposure to price fluctuations for gasoline and diesel fuel. As of March 30, 2018, the Company has contracts for approximately 11.4 million gallons outstanding through fiscal 2019. The Company does not record its gasoline and diesel fuel agreements as hedges for accounting purposes. The impact on earnings related to the change in fair value of these unsettled contracts was a loss of approximately \$1.7 million and a gain of approximately \$0.2 million for the three and six months ended March 30, 2018, respectively. The impact on earnings related to the change in fair value of these unsettled contracts was a loss of approximately \$5.5 million and \$1.0 million for the three and six months ended March 31, 2017, respectively. The change in fair value for unsettled contracts is included in "Selling and general corporate expenses" in the Condensed Consolidated Statements of Income. When the contracts settle, the gain or loss is recorded to "Costs of services provided" in the Condensed Consolidated Statements of Income.

As of March 30, 2018, the Company had foreign currency forward exchange contracts outstanding with notional amounts of €21.5 million to mitigate the risk of changes in foreign currency exchange rates on short-term intercompany loans to certain international subsidiaries. Gains and losses on these foreign currency exchange contracts are recognized in income as the contracts were not designated as hedging instruments, substantially offsetting currency transaction gains and losses on the short-term intercompany loans.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

The Company has a Japanese yen denominated term loan in the amount of ¥10,995.9 million. The term loan was designated as a hedge of the Company's net Japanese currency exposure represented by the equity investment in our Japanese affiliate, AIM Services Co., Ltd. Additionally, the Company has a Euro denominated term loan in the amount of €161.5 million. The term loan was designated as a hedge of the Company's net Euro currency exposure represented by certain holdings in our European affiliates.

At March 30, 2018, the net of tax gain expected to be reclassified from "Accumulated other comprehensive loss" into earnings over the next twelve months based on current market rates is approximately \$1.6 million.

NOTE 7. INCOME TAXES:

On December 22, 2017, "H.R.1," commonly referred to as the "Tax Cuts and Jobs Act" (the "Tax Legislation") was signed into U.S. law. The Tax Legislation, which was effective on January 1, 2018, significantly revises the U.S. tax code by, among other things, lowering the corporate income tax rate from 35.0% to 21.0% and implementing a territorial tax system that includes a one-time transition tax on deemed repatriated earnings of foreign subsidiaries. Though certain key aspects of the new law are effective January 1, 2018 and have an immediate accounting impact, other significant provisions are not effective or may not result in accounting implications for the Company until fiscal year-end September 28, 2018 or after.

The impact of the corporate income tax rate change is reflected in the estimated annual effective tax rate for the fiscal year ending September 28, 2018. The legislation requires the Company to use a blended rate for its fiscal 2018 tax year by applying a prorated percentage of days before and after the January 1, 2018 effective date. As a result, the Company's 2018 annual statutory rate has been reduced to 24.5%.

As a result of the enactment of the Tax Legislation, the Company was required to recognize the effect of the corporate income tax rate change on its deferred tax assets and liabilities in the first quarter of fiscal 2018, the period in which the legislation was enacted. The Company recorded a provisional tax benefit from corporate income tax rate change and certain other adjustments, which resulted in a noncash benefit to the provision for income taxes of approximately \$207.5 million, which was recorded to the Condensed Consolidated Statements of Income during the first quarter of fiscal 2018. A corresponding reduction to the Company's deferred income tax liability was also recorded to the Condensed Consolidated Balance Sheets during the first quarter of fiscal 2018. This was the Company's provisional estimate and will be subject to adjustment as the computations are finalized.

The Tax Legislation also requires the Company to pay a one-time transition tax on unremitted earnings of certain non-U.S. subsidiaries. The Company recorded a provisional estimate of the tax expense of approximately \$2.5 million during the first quarter of fiscal 2018 related to the one time transition tax, net of foreign tax credits. As a result of the Tax Legislation, the Company re-assessed the ability to recover its \$21.2 million of foreign tax credit carryforwards. Based on currently available information, the Company believes it will not generate sufficient foreign source income in the carryforward period to utilize these credits. As a result, the Company recorded a valuation allowance of \$21.2 million against its foreign tax credit carryforward during the first quarter of fiscal 2018, as a provisional estimate.

The Tax Legislation contains additional international provisions which may impact the Company prospectively, including the tax on "Global Intangible Low-Taxed Income" ("GILTI"). The Company is currently unable to provide a reasonable provisional estimate as to whether additional deferred tax assets and liabilities should be recognized for basis differences expected to reverse as GILTI in future years, pending clarification of interpretive issues and the availability of the necessary information to develop a reasonable estimate. Accordingly, the Company has yet to determine whether GILTI tax should be recorded as a period expense or measured as a deferred tax asset or liability. However, the Company does not believe the impact will be material.

As the result of the one-time transition tax on unremitted foreign earnings of non-U.S. subsidiaries, as well as the shift from a worldwide system of taxation to a participation exemption system, the Company generally will not incur additional U.S. tax liability on the distribution of unremitted foreign earnings. However, other items continue to trigger additional tax expense for which no deferred tax liability has been recorded, including Section 986(c) currency gain/loss, foreign withholding taxes and state taxes. As a result, the Company has performed a preliminary assessment of its indefinite reinvestment position, pending further analysis and expected guidance around newly enacted

legislation of U.S. taxation of foreign multinational companies, including the transition tax, GILTI and the potential tax liabilities attributable to repatriation under the Tax Legislation. Accordingly, the provisional estimate of undistributed earnings of certain foreign subsidiaries for which no deferred tax liability was recorded amounted to approximately \$55.5 million as of March 30, 2018. The provisional estimate of foreign withholding tax cost associated with remitting these earnings is approximately \$3.0 million. Such amount has not been accrued by the Company as it believes those foreign earnings are permanently reinvested.

The Tax Legislation also contains limitations on the deductibility of interest expense and certain executive compensation, that are not expected to impact the Company until fiscal years ending after September 28, 2018. The Company continues to evaluate their impact on the financial statements.

The provisional amounts are based on information available at this time and subject to change due to several factors, including, finalization of the Company's annual financial closing and reporting processes, management's further assessment of the Tax Legislation and related regulatory guidance, guidance that may be issued and actions the Company may take as a result of the Tax Legislation.

The Company is in the process of finalizing these provisional calculations, and will continue to evaluate the effect of tax reform on its financial results. Additional details will be included in the Company's Form 10-K for the fiscal year ended September 28, 2018.

NOTE 8. STOCKHOLDERS' EQUITY:

During the six months ended March 30, 2018 and March 31, 2017, the Company paid dividends of approximately \$51.5 million and \$50.4 million to its stockholders, respectively. On May 2, 2018, the Company's Board declared a \$0.105 dividend per share of common stock, payable on May 31, 2018, to shareholders of record on the close of business on May 17, 2018. During the second quarter of fiscal 2017, the Company completed a repurchase of approximately 2.8 million shares of its common stock for \$100.0 million. During the first quarter of fiscal 2018, the Company completed a repurchase of 0.6 million shares of its common stock for \$24.4 million.

Basic earnings per share is computed using the weighted average number of common shares outstanding during the periods presented. Diluted earnings per share is computed using the weighted average number of common shares outstanding adjusted to include the potentially dilutive effect of stock awards.

The following table sets forth the computation of basic and diluted earnings per share attributable to the Company's stockholders (in thousands, except per share data):

Share-based awards to purchase 1.8 million and 4.5 million shares were outstanding for the three months ended March 30, 2018 and March 31, 2017, respectively, but were not included in the computation of diluted earnings per common share, as their effect would have been antidilutive. In addition, PSUs related to 1.8 million shares and 1.2 million shares were outstanding for the three month periods of March 30, 2018 and March 31, 2017, respectively, but were not included in the computation of diluted earnings per common share, as the performance targets were not yet met.

Share-based awards to purchase 1.3 million and 3.9 million shares were outstanding for the six months ended March 30, 2018 and March 31, 2017, respectively, but were not included in the computation of diluted earnings per common share, as their effect would have been antidilutive. In addition, PSUs related to 1.8 million shares and 1.2 million shares were outstanding for the six month periods of March 30, 2018 and March 31, 2017, respectively, but were not included in the computation of diluted earnings per common share, as the performance targets were not yet met.

NOTE 11. COMMITMENTS AND CONTINGENCIES:

Certain of the Company's lease arrangements, primarily vehicle leases, with terms of one to eight years, contain provisions related to residual value guarantees. The maximum potential liability to the Company under such arrangements was approximately \$118.7 million at March 30, 2018 if the terminal fair value of vehicles coming off lease was zero. Consistent with past experience, management does not expect any significant payments will be required pursuant to these arrangements. No amounts have been accrued for guarantee arrangements at March 30, 2018.

From time to time, the Company and its subsidiaries are a party to various legal actions, proceedings and investigations involving claims incidental to the conduct of their business, including actions by clients, consumers, employees, government entities and third parties, including under federal, state, international, national, provincial and local employment laws, wage and hour laws, discrimination laws, immigration laws, human health and safety laws, import and export controls and customs laws, environmental laws, false claims or whistleblower statutes, minority, women and disadvantaged business enterprise statutes, tax codes, antitrust and competition laws, consumer protection statutes, procurement regulations, intellectual property laws, food safety and sanitation laws, cost and accounting

principles, the Foreign Corrupt Practices Act, the U.K. Bribery Act, other anti-corruption laws, lobbying laws, motor carrier safety laws, data privacy and security laws and alcohol licensing and service laws, or alleging negligence and/or breaches of contractual and other obligations. Based on information currently available, advice of counsel, available insurance coverage, established reserves and other resources, the Company does not believe that any such actions are likely to be, individually or in the aggregate, material to its business, financial condition, results of operations or cash flows. However, in the event of unexpected further developments, it is possible that the ultimate resolution of these matters, or other similar matters, if unfavorable, may be materially adverse to the Company's business, financial condition, results of operations or cash flows.

NOTE 12. BUSINESS SEGMENTS:

Prior to fiscal 2018, the Company reported its operating results in three reportable segments: FSS North America, FSS International and Uniform. Beginning in fiscal 2018, the segment reporting structure was modified to align more closely with the Company's management and internal reporting structure, which was changed on September 30, 2017. Specifically, a majority of the Canadian operations, previously in the FSS North America segment, were combined with the FSS International reportable segment. The FSS North America reportable segment was then renamed the FSS United States reportable segment. All prior period segment information has been restated to reflect the new reportable segment structure. Management believes this new presentation enhances the utility of the segment information, as it reflects the Company's current management structure and operating organization. The financial statement effect of this segment realignment was not material. Corporate includes general expenses not specifically allocated to an individual segment and share-based compensation expense (see Note 9). In the Company's food and support services segments, approximately 80% of the global sales is related to food services and 20% is related to facilities services. Financial information by segment follows (in millions):

NOTE 13. FAIR VALUE OF FINANCIAL ASSETS AND FINANCIAL LIABILITIES:

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Assets and liabilities recorded at fair value are classified based upon the level of judgment associated with the inputs used to measure their fair value. The hierarchical levels related to the subjectivity of the valuation inputs are defined as follows:

Level 1—inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets

Level 2—inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument

Level 3—inputs to the valuation methodology are unobservable and significant to the fair value measurement

Recurring Fair Value Measurements

The Company's financial instruments consist primarily of cash and cash equivalents, accounts receivable, accounts payable, borrowings and derivatives. Management believes that the carrying value of cash and cash equivalents, accounts receivable and accounts payable are representative of their respective fair values. In conjunction with the fair value measurement of the derivative instruments, the Company made an accounting policy election to measure the credit risk of its derivative instruments that are subject to master netting agreements on a net basis by counterparty portfolio, the gross values would not be materially different. The fair value of the Company's debt at March 30, 2018 and September 29, 2017 was \$7,901.0 million and \$5,450.1 million, respectively. The carrying value of the Company's debt at March 30, 2018 and September 29, 2017 was \$7,822.0 million and \$5,268.5 million, respectively. The fair values were computed using market quotes, if available, or based on discounted cash flows using market interest rates as of the end of the respective periods. The inputs utilized in estimating the fair value of the Company's debt have been classified as level 2 in the fair value hierarchy levels.

MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of Aramark's (the "Company," "we," "our" and "us") financial condition and results of operations for the three and six months ended March 30, 2018 and March 31, 2017 should be read in conjunction with our audited consolidated financial statements, and the notes to those statements for the fiscal year ended September 29, 2017 included in the Company's Form 10-K, filed with the Securities and Exchange Commission ("SEC") on November 22, 2017.

Our discussion contains forward-looking statements based upon current expectations that involve risks and uncertainties, such as our plans, objectives, opinions, expectations, anticipations, intentions and beliefs. Actual results and the timing of events could differ materially from those anticipated in those forward-looking statements as a result of a number of factors, including those set forth under the heading "Special Note About Forward-Looking Statements" and elsewhere in this Quarterly Report on Form 10-Q. In the following discussion and analysis of financial condition and results of operations, certain financial measures may be considered "non-GAAP financial measures" under SEC rules. These rules require supplemental explanation and reconciliation, which is provided elsewhere in this Quarterly Report on Form 10-Q.

Overview

We are a leading global provider of food, facilities and uniform services to education, healthcare, business & industry and sports, leisure & corrections clients. Our core market is the United States, which is supplemented by an additional 18-country footprint. Through our established brand, broad geographic presence and employees, we anchor our business in our partnerships with thousands of education, healthcare, business, sports, leisure and corrections clients. Through these partnerships we serve millions of consumers including students, patients, employees, sports fans and guests worldwide. We operate our business in three reportable segments: Food and Support Services United States ("FSS United States"), Food and Support Services International ("FSS International") and Uniform and Career Apparel ("Uniform").

Our Food and Support Services operations focus on serving clients in five principal sectors: Business & Industry, Education, Healthcare, Sports, Leisure & Corrections and Facilities & Other. Our FSS International reportable segment provides a similar range of services as those provided to our FSS United States clients and operates in the same sectors although it is more heavily weighted towards Business & Industry.

During the first quarter of fiscal 2018, we acquired Avendra, LLC ("Avendra") and during the second quarter of fiscal 2018, we acquired AmeriPride Services, Inc. ("AmeriPride") in separate transactions (see Note 2 to the condensed consolidated financial statements). The Avendra acquisition consideration was \$1,386.4 million, partially offset by \$87.3 million of cash and restricted investments acquired. The AmeriPride acquisition consideration was \$982.7 million, partially offset by \$84.9 million of cash acquired, which included certain adjustments set forth in the AmeriPride Merger Agreement. We incurred new debt to finance both the Avendra and AmeriPride acquisitions (see Note 5 to the condensed consolidated financial statements). We expect our earnings for some period following the closings to be impacted as a result of these acquisitions, due to, among other factors, merger and integration costs as well as depreciation and amortization resulting from purchase accounting and higher interest expense, as a result of the new debt to finance the transactions. As a part of the merger and integration, we expect to incur an additional \$90 million of charges over the next three years.

In the second quarter of fiscal 2018, the Company launched the next phase of its program related to food, labor and selling and general administrative initiatives to generate additional cost savings. These initiatives include a reduction in headcount through reorganization and integration, the relocation of our headquarter facility and certain other costs. Efforts related to this next phase of streamlining are already underway, and have resulted in a fiscal 2018 year-to-date charge of approximately \$55 million. Over the next several years, the company currently expects to incur additional charges of up to approximately \$50 million related to these initiatives.

Seasonality

Our sales and operating results have varied from quarter to quarter as a result of different factors. Historically, within our FSS United States segment, there has been a lower level of activity during our first and second fiscal quarters in

operations that provide services to sports and leisure clients. This lower level of activity, historically, has been partially offset during our first and second fiscal quarters by the increased activity levels in our educational operations. Conversely, historically there has been a significant increase in the provision of services to sports and leisure clients during our third and fourth fiscal quarters, which is partially offset by the effect of summer recess at colleges, universities and schools in our educational operations.

Foreign Currency Fluctuations

The impact from foreign currency translation assumes constant foreign currency exchange rates based on the rates in effect for the prior year period being used in translation for the comparable current year period. We believe that providing the impact of

Table of Contents

fluctuations in foreign currency rates on certain financial results can facilitate analysis of period-to-period comparisons of our business performance.

Fiscal Year

Our fiscal year is the fifty-two or fifty-three week period which ends on the Friday nearest September 30th. The fiscal years ending September 28, 2018 and September 29, 2017 are each fifty-two week periods.

Results of Operations

The following tables present an overview of our results on a consolidated and segment basis with the amount of and percentage change between periods for the three and six months ended March 30, 2018 and March 31, 2017 (dollars in millions). A majority of our Canadian operations were reclassified into the FSS International reportable segment beginning in fiscal 2018. The prior-year period balances were restated to conform to the current period presentation.

Consolidated Overview

Sales were \$3,939.3 million and \$7,904.4 million for the three and six month periods of fiscal 2018, respectively, and represented an increase of approximately 9% and 7% for the three and six month periods of fiscal 2018, respectively, compared to the prior year period. Sales for the three and six month periods of fiscal 2018 were primarily impacted by:

- growth in all of our segments, excluding acquisitions;
- growth due to the Avendra and AmeriPride acquisitions (approximately 4% and 2%); and
- the positive impact of foreign currency translation (approximately \$89 million or approximately 2% and approximately \$143 million or approximately 2%).

Table of Contents

Cost of services provided was \$3,561.5 million and \$7,081.6 million for the three and six month periods ended March 30, 2018, respectively, and \$3,226.2 million and \$6,525.5 million for the three and six month periods ended March 31, 2017, respectively. Cost of services provided as a percentage of sales was 90% and 89% for the three month periods ended March 30, 2018 and March 31, 2017, respectively, and 90% and 89% for the six month periods ended March 30, 2018 and March 31, 2017, respectively. The following table presents the percentages attributable to the components in cost of services provided for the three and six month periods ended March 30, 2018 and March 31, 2017.

Cost of services provided components	Three Months Ended		Six Months Ended	
	March 30, 2018	March 31, 2017	March 30, 2018	March 31, 2017
Food and support service costs	25 %	26 %	26 %	26 %
Personnel costs	49 %	48 %	47 %	47 %
Other direct costs	26 %	26 %	27 %	27 %
	100%	100 %	100%	100 %

Operating income of \$136.5 million and \$355.5 million for the three and six month periods ended March 30, 2018 represented a decrease of approximately 29% and 18% compared to the prior year periods, respectively. The decrease in operating income for the three and six month periods ended March 30, 2018 was impacted by:

- acquisition and merger and integration costs related to the Avendra and AmeriPride acquisitions (approximately \$35.8 million and \$55.1 million);
- severance costs related to streamlining initiatives (approximately \$39.5 million in both periods);
- an increase in depreciation and amortization expense primarily related to the acquisitions and client contract investments (approximately \$27.6 million and \$34.9 million); and
- an increase in consulting costs related to streamlining initiatives (approximately \$6.2 million and \$12.0 million); which more than offset
- an increase in income from prior years' loss experience that were favorable under our casualty insurance program (approximately \$5.3 million and \$11.8 million); and
- the positive impact of foreign currency translation (approximately \$2 million or approximately 1% and approximately \$5 million or approximately 1%).

Interest and Other Financing Costs, net, for the three and six month periods of fiscal 2018 decreased 4% and increased 4% compared to the prior year periods, respectively. The decrease for the three month period was primarily due to charges of approximately \$30.0 million during the second quarter of fiscal 2017 for the write-off of deferred financing costs, original issue discount and call premium related to refinancing activity. This decrease was partially offset by higher interest expense related to new borrowings in the current year to finance the Avendra and AmeriPride acquisitions and \$5.3 million for financing commitment fees related to the AmeriPride acquisition. The increase for the six month period was primarily due to new borrowings in the current year to finance the Avendra and AmeriPride acquisitions. This increase was partially offset by a reduction in charges related to refinancing activity for which \$30.0 million was incurred during the six month period of fiscal 2017 for the write-off of deferred financing costs, original issue discount and call premium compared to \$17.7 million incurred during the six month period of fiscal 2018 for the write-off of debt issuance costs and financing commitment fees related to the Avendra and AmeriPride acquisitions. The effective income tax rate for the three and six month periods of fiscal 2018 was 34.5% and (73.0)%, respectively, compared to 25.1% and 28.1% in the prior periods, respectively. The increase in the effective tax rate during the three month period ended March 30, 2018 is primarily due to a \$7.4 million Canadian withholding tax incurred on the post-acquisition integration of AmeriPride. The decrease in the effective tax rate in the six month period of fiscal 2018 is driven by a reduction in the U.S. federal statutory rate from 35% to 21% and the re-measurement of the Company's deferred tax assets and liabilities as a result of the "Tax Cuts and Jobs Act." An approximately \$183.8 million tax benefit was recorded to the (benefit) provision for income taxes for the six months ended March 30, 2018 in the Condensed Consolidated Statements of Income as a result of U.S. tax reform (see Note 7 to the condensed consolidated financial statements), the impact of certain permanently reinvested foreign earnings and certain other tax

adjustments.

Segment Results

FSS United States Segment

The FSS United States reportable segment consists of five operating segments which have similar economic characteristics and are aggregated into a single operating segment. The five operating segments or sectors of the FSS United States reportable segment are Business & Industry, Education, Healthcare, Sports, Leisure & Corrections and Facilities & Other.

34

Table of Contents

Sales for each of these sectors are summarized as follows (in millions):

	Three Months Ended		Six Months Ended	
	March 30, 2018	March 31, 2017*	March 30, 2018	March 31, 2017*

*A majority of our Canadian operations were reclassified into the FSS International reportable segment beginning in fiscal 2018. The prior-year period was restated to conform to the current period presentation. The effect was not material.

The Healthcare and Education sectors generally have high-single digit operating income margins and the Business & Industry, Sports, Leisure & Corrections and Facilities & Other sectors generally have mid-single digit operating income margins.

FSS United States segment sales for both the three and six month periods of fiscal 2018 increased approximately 3% and 4% compared to the prior year periods, respectively, primarily due to:

- an increase in Business & Industry sector sales resulting from base business growth for the second quarter of fiscal 2018 and net new business and base business growth for the six months ended March 30, 2018 (approximately 1% and 2%);
- an increase in Education sector sales resulting from net new business and base business growth (remained consistent and approximately 3%);
- an increase in Healthcare sector sales resulting from base business growth (approximately 3% and 2%);
- an increase in Sports, Leisure & Corrections sector sales resulting from net new business and base business growth (approximately 4% and 5%); and
- an increase in Facilities & Other sector sales resulting from net new business, acquisitions and base business growth (approximately 13% and 9%).

Cost of services provided was \$2.2 billion and \$4.6 billion for the three and six month periods of fiscal 2018, respectively, compared to \$2.2 billion and \$4.4 billion for the prior year periods, respectively. Cost of services provided as a percentage of sales was 90% and 89% for the three and six month periods of fiscal 2018 and 89% for both the three and six month periods of fiscal 2017. Cost of services provided was impacted by the items discussed below for operating income.

Operating income decreased approximately 3% and was slightly down for the three and six month periods of fiscal 2018 compared to the prior year periods, respectively. The decrease in operating income for the three and six month periods of fiscal 2018 was primarily attributable to:

- an increase in amortization expense mainly from our client contract investments and the acquisition of Avendra (\$11.5 million and \$17.4 million);
- an increase in severance related to streamlining initiatives (\$13.4 million in both periods); and
- merger and integration related costs from the Avendra acquisition (\$6.8 million and \$9.7 million); partially offset by profit growth in our Facilities and Other sector; and
- an increase in income from prior years' loss experience that were favorable under our casualty insurance program (\$5.3 million and \$10.8 million).

FSS International Segment

Sales in the FSS International segment for the three and six month periods of fiscal 2018 increased approximately 15% and 14% compared to the prior year periods, respectively. Sales for the three and six month period of fiscal 2018

were impacted by:

• sales growth across Europe and Emerging Markets; and

• the positive impact of foreign currency translation (approximately \$85 million or 11% and approximately \$137 million or 9%).

Cost of services provided was \$0.9 billion and \$1.7 billion for the three and six month periods of fiscal 2018, respectively, and \$0.7 billion and \$1.5 billion for the three and six month periods of fiscal 2017, respectively. Cost of services provided as a

35

Table of Contents

percentage of sales was 96% and 94% for the three and six month periods of fiscal 2018, respectively, and 93% for both the three and six month periods of fiscal 2017. Cost of services provided was impacted by the items discussed below for operating income.

Operating income decreased approximately 61% and 24% for the three and six month periods of fiscal 2018 compared to the prior year periods, respectively. The decrease in operating income for the three and six month periods of fiscal 2018 was primarily attributable to:

- an increase in severance related to streamlining initiatives (\$23.4 million for both periods);
- profit decline in Northern Europe; and
- charges related to a joint venture partner liquidation and related acquisition (\$5.6 million for both periods); which more than offset
- profit growth in Canada; and
- the positive impact of foreign currency translation (approximately \$2 million or 4% and approximately \$4 million or 5%).

Uniform Segment

Uniform segment sales increased 31% and 16% for the three and six month periods of fiscal 2018 compared to the prior year periods, respectively, primarily due to the acquisition of AmeriPride.

Cost of services provided was \$0.4 billion and \$0.7 billion for the three and six month periods of fiscal 2018, respectively, and \$0.3 billion and \$0.6 billion for the three and six month periods of fiscal 2017, respectively. Cost of services provided as a percentage of sales was 84% and 82% in the three and six month periods of fiscal 2018 compared to 79% in both of the prior year periods. Cost of services provided was impacted by the items discussed below for operating income.

Operating income decreased approximately 33% and 25% for the three and six month periods of fiscal 2018 compared to the prior year periods, respectively. The decrease for the three and six month periods of fiscal 2018 was primarily due to:

- an increase in merger and integration related costs from the AmeriPride acquisition (\$17.3 million and \$20.3 million);
- an increase in depreciation and amortization expense mainly from the AmeriPride acquisition (\$14.2 million and \$15.3 million); and
- an increase in severance related to streamlining initiatives (\$1.6 million for both periods); which more than offset
- an increase in income from prior years' loss experience that were favorable under our casualty insurance program (\$2.0 million for the six month period); and
- productivity expansion in our rental market.

Corporate

Corporate expenses, those administrative expenses not allocated to the business segments, increased approximately 26% and 54% for the three and six month periods of fiscal 2018 compared to the prior year periods, respectively. The increase for the three and six month periods of fiscal 2018 was primarily attributable to:

- acquisition related costs, mainly banker fees, from the Avendra and AmeriPride acquisitions (\$11.6 million and \$25.2 million);
- an increase in consulting costs for streamlining initiatives (\$6.2 million and \$12.0 million); and
- an increase in severance related to streamlining initiatives (\$1.2 million for both periods); which more than offset
- a decrease in the loss related to the change in the fair value of certain gasoline and diesel agreements (\$4.3 million and \$1.4 million).

Liquidity and Capital Resources

Overview

Our principal sources of liquidity are cash generated from operating activities, funds from borrowings and existing cash on hand. As of March 30, 2018, we had \$185.5 million of cash and cash equivalents and approximately \$979.2 million of availability under our senior secured revolving credit facility. A significant portion of our cash and cash equivalents is held in mature, liquid markets where we have operations. As of March 30, 2018, there was approximately \$1,030.1 million of outstanding foreign currency borrowings.

We believe that our cash and cash equivalents and the unused portion of our committed credit availability under the senior secured revolving credit facility will be adequate to meet anticipated cash requirements to fund working capital, capital

spending, debt service obligations, refinancings, dividends and other cash needs. As part of our ongoing liquidity assessments, we routinely monitor our cash flow (including the mix of domestic and international inflows and outflows) and the condition of the capital markets in order to be prepared to respond to changing conditions, including the impacts of tax reform. During the first quarter of fiscal 2018, we entered into a U.S. dollar denominated term loan in an amount equal to \$1,785.0 million, due 2025 ("U.S. Term Loan B due 2025") to finance the Avendra acquisition and pay down certain existing debt. During the second quarter of fiscal 2018, we issued \$1,150.0 million aggregate of principal amount of 5.000% senior unsecured notes due 2028 to finance the acquisition of AmeriPride and to pay down certain borrowings from our revolving credit facility. See Note 5 to the Condensed Consolidated Financial Statements for additional information regarding these borrowings.

The table below summarizes our cash activity (in millions):

	Six Months Ended March 30 / March 31, 2018 / 2017	
Net cash provided by operating activities	\$24.2	\$ 428.2
Net cash used in investing activities	(2,476.3)	(276.0)
Net cash provided by (used in) financing activities	2,398.8	(159.3)

Reference to the Condensed Consolidated Statements of Cash Flows will facilitate understanding of the discussion that follows.

Cash Flows Provided by Operating Activities

Net cash provided by operating activities was \$24.2 million for the six months ended March 30, 2018, compared to \$428.2 million for the six months ended March 31, 2017. The decrease was primarily attributable to the change in operating assets and liabilities (\$383.2 million). The change in operating assets and liabilities compared to the prior year period was primarily due to the following:

- Accounts payable were a higher use of cash due to the timing of disbursements;

- Prepayments were less of a source of cash due to the timing of prepayments made related to interest, insurance premiums and taxes;

- Accrued expenses were a greater use of cash primarily due to the timing of one-time payments for certain liabilities assumed related to the Avendra and AmeriPride acquisitions;

- Accounts receivable were a greater use of cash due to the timing of collections and sales growth; and

- Inventories were a greater use of cash due to new business and the acquisition of AmeriPride.

During the six month period of fiscal 2018, we received gross proceeds of approximately \$18.9 million related to our casualty insurance program from our loss experience being favorable related to a prior year. We received approximately \$9.7 million of comparable insurance proceeds during the prior year period. During the six month period of fiscal 2018, we incurred approximately \$45.0 million of acquisition related costs. The "Other operating activities" caption mainly reflects the adjustments to net income in the prior year period related to certain financing related charges in connection with our refinancing activity.

Cash Flows Used in Investing Activities

The increase in net cash flows used in investing activities between periods relates primarily to a higher level of spending for acquisitions, mainly AmeriPride and Avendra (see Note 2 to the condensed consolidated financial statements) and higher spending on client contract investments and capital expenditures.

Cash Flows Provided by (Used in) Financing Activities

During the six month period of fiscal 2018, cash provided by (used in) financing activities was impacted by the following (see Note 5 to the condensed consolidated financial statements):

- issuance of a new \$1.785 billion U.S. Term Loan B due 2025;

- issuance of \$1.150 billion aggregate principal amount of 5.000% senior unsecured notes due 2028;

- repayment of the U.S. dollar denominated term loan to Aramark Services, Inc. ("ASI") due 2022 (\$633.8 million of principal); and

-

payment of fees primarily related to the U.S. Term Loan B due 2025 and the 5.000% senior unsecured notes due 2028 (approximately \$23.6 million).

During the six month period of fiscal 2017, cash provided by (used in) financing activities was impacted by the following:

issuance of \$600.0 million of 5.000% senior unsecured notes due 2025;

Table of Contents

issuance of €325.0 million of 3.125% senior unsecured notes due 2025;
issuance of \$2,400.0 million in the aggregate of new U.S. term loans, a CAD133.4 million term loan denominated in Canadian dollars and a ¥11,107.0 million term loan denominated in yen;
repayment of all existing term loan facilities under the Company's then existing senior secured credit facilities;
repayment of \$228.8 million of the 5.750% senior unsecured notes due 2020; and
payment of fees and expenses related to the refinancings (approximately \$43.0 million).

During fiscal 2017, the Board of Directors authorized a new share repurchase program providing for purchases of up to \$250 million of Aramark common stock during fiscal 2017 and fiscal 2018. We repurchased approximately 2.8 million shares of our common stock for \$100.0 million in fiscal 2017. During the six month period of fiscal 2018, we completed a repurchase of 0.6 million shares of our common stock for \$24.4 million. We may utilize various methods to effect repurchases of our common stock under the repurchase program, which could include open market repurchases, privately negotiated transactions, block transactions, accelerated share repurchase or open market solicitations for shares, some of which may be effected through Rule 10b5-1 plans. Repurchases will be made at our discretion, based on ongoing assessments of the capital needs of the business, the market price of our common stock and general market conditions. We do not currently expect to repurchase any additional shares during fiscal 2018. The "Other financing activities" also reflects a use of cash during the six month periods of fiscal 2018 and fiscal 2017, primarily related to taxes paid by the Company when the Company withholds shares upon an employee's exercise or vesting of equity awards to cover income taxes.

Covenant Compliance

The Credit Agreement contains a number of covenants that, among other things, restrict, subject to certain exceptions, our ability and the ability of our subsidiaries to: incur additional indebtedness; issue preferred stock or provide guarantees; create liens on assets; engage in mergers or consolidations; sell assets; pay dividends, make distributions or repurchase our capital stock; make investments, loans or advances; repay or repurchase any subordinated debt, except as scheduled or at maturity; create restrictions on the payment of dividends or other amounts to us from our restricted subsidiaries; make certain acquisitions; engage in certain transactions with affiliates; amend material agreements governing our subordinated debt (or any indebtedness that refinances our subordinated debt); and fundamentally change our business. The indentures governing our senior notes contain similar provisions. As of March 30, 2018, we were in compliance with these covenants.

As stated above, the Credit Agreement and the indentures governing our senior notes contain provisions that restrict our ability to pay dividends and repurchase stock (collectively, "Restricted Payments"). In addition to customary exceptions, the Credit Agreement and indentures permit Restricted Payments in the aggregate up to an amount that increases quarterly by 50% of our Consolidated Net Income, as such term is defined in these debt agreements, subject to being in compliance with the interest coverage ratio described below.

Under the Credit Agreement, we are required to satisfy and maintain specified financial ratios and other financial condition tests and covenants. The indentures governing our senior notes also require us to comply with certain financial ratios in order to take certain actions. Our continued ability to meet those financial ratios, tests and covenants can be affected by events beyond our control, and there can be no assurance that we will meet those ratios, tests and covenants.

These financial ratios, tests and covenants involve the calculation of certain measures that we refer to in this discussion as "Covenant Adjusted EBITDA." Covenant Adjusted EBITDA is not a measurement of financial performance under U.S. GAAP. Covenant Adjusted EBITDA is defined as net income (loss) of Aramark Services, Inc. and its restricted subsidiaries plus interest and other financing costs, net, provision (benefit) for income taxes, and depreciation and amortization, further adjusted to give effect to adjustments required in calculating covenant ratios and compliance under our Credit Agreement and the indentures governing our senior notes.

Our presentation of these measures has limitations as an analytical tool, and should not be considered in isolation or as a substitute for analysis of our results as reported under U.S. GAAP. You should not consider these measures as alternatives to net income or operating income determined in accordance with U.S. GAAP. Covenant Adjusted EBITDA, as presented by us, may not be comparable to other similarly titled measures of other companies because not all companies use identical calculations.

Table of Contents

The following is a reconciliation of net income attributable to Aramark Services, Inc. ("ASI") stockholder, which is a U.S. GAAP measure of Aramark Services, Inc.'s operating results, to Covenant Adjusted EBITDA as defined in our debt agreements. The terms and related calculations are defined in the Credit Agreement and the indentures governing our senior notes. Covenant Adjusted EBITDA is a measure of Aramark Services, Inc. and its restricted subsidiaries only and does not include the results of Aramark.

Represents share-based compensation expense resulting from the application of accounting for stock options, (1) restricted stock units, performance stock, performance stock units, and deferred stock unit awards (see Note 9 to the condensed consolidated financial statements).

Represents our estimated share of EBITDA, primarily from our AIM Services Co., Ltd. equity method investment, not already reflected in our Net income attributable to ASI stockholder. EBITDA for this equity method investee is calculated in a manner consistent with consolidated Covenant Adjusted EBITDA but does not represent cash distributions received from this investee.

(3) Represents the annualizing of net EBITDA from acquisitions made during the period.

Other for the twelve months ended March 30, 2018 includes organizational streamlining initiatives (\$58.9 million), the impact of the change in fair value related to certain gasoline and diesel agreements (\$0.9 million gain), expenses related to merger and integration related charges (\$57.2 million), estimated impact of natural disasters, net of insurance proceeds (\$14.4 million, of which \$6.1 million related to asset write-downs), property and other asset write-downs related to a joint venture partner liquidation and related acquisition (\$5.6 million), duplicate rent charges to build out and ready our new headquarters while occupying our then-existing headquarters (\$2.4 million) and other miscellaneous expenses.

Our covenant requirements and actual ratios for the twelve months ended March 30, 2018 are as follows:

	Covenant Requirements	Actual Ratios
Consolidated Secured Debt Ratio ⁽¹⁾	5.125x	2.54x
Interest Coverage Ratio (Fixed Charge Coverage Ratio) ⁽²⁾	2.000x	4.56x

The Credit Agreement requires ASI to maintain a maximum Consolidated Secured Debt Ratio, defined as consolidated total indebtedness secured by a lien to Covenant Adjusted EBITDA, of 5.125x. Consolidated total indebtedness secured by a lien is defined in the Credit Agreement as total indebtedness consisting of debt for borrowed money, capital leases, debt in respect of sale-leaseback transactions, disqualified and preferred stock and advances under the Receivables Facility secured by a lien reduced by the amount of cash and cash equivalents on the consolidated balance sheet that is free and clear of any lien. Non-compliance with the maximum Consolidated Secured Debt Ratio could result in the requirement to immediately repay all amounts outstanding under our Credit Agreement, which, if ASI's lenders under the Credit Agreement (other than the lenders in respect of ASI's U.S. Term Loan B, which lenders do not benefit from the maximum Consolidated Secured Debt Ratio covenant) failed to waive any such default, would also constitute a default under the indentures governing our senior notes.

Our Credit Agreement establishes an incurrence-based minimum Interest Coverage Ratio, defined as Covenant Adjusted EBITDA to consolidated interest expense, the achievement of which is a condition for us to incur (2) additional indebtedness and to make certain restricted payments. If we do not maintain this minimum Interest Coverage Ratio calculated on a pro forma basis for any such additional indebtedness or restricted payments, we could be prohibited from

Table of Contents

being able to incur additional indebtedness, other than the incremental capacity provided for under the Credit Agreement and pursuant to specified exceptions, and make certain restricted payments, other than pursuant to certain exceptions. The minimum Interest Coverage Ratio is 2.000x for the term of the Credit Agreement. Consolidated interest expense is defined in the Credit Agreement as consolidated interest expense excluding interest income, adjusted for acquisitions and dispositions, further adjusted for certain non-cash or nonrecurring interest expense and our estimated share of interest expense from one equity method investee. The indentures governing our senior notes include a similar requirement which is referred to as a Fixed Charge Coverage Ratio.

The Company and its subsidiaries and affiliates may from time to time, in their sole discretion, purchase, repay, redeem or retire any of our outstanding debt securities (including any publicly issued debt securities), in privately negotiated or open market transactions, by tender offer or otherwise, or extend or refinance any of our outstanding indebtedness.

During the six month period of fiscal 2018, the Company had material changes to its debt structure (see Note 5 to the condensed consolidated financial statements). As a result of the material changes in the debt structure, the following table summarizes our estimated future obligations for debt repayments and estimated interest payments as of March 30, 2018 (dollars in thousands):

(1) Excludes the \$61.9 million reduction to long-term borrowings from debt issuance costs and the increase of \$13.6 million from the premium on the 5.125% Senior Notes due 2024.

(2) These amounts represent future interest payments related to our existing debt obligations based on fixed and variable interest rates specified in the associated debt agreements and considering any current hedging relationships. Payments related to variable debt are based on applicable rates at March 30, 2018 plus the specified margin in the associated debt agreements for each period presented.

Critical Accounting Policies and Estimates

Our significant accounting policies are described in the notes to the consolidated financial statements included in our Form 10-K filed with the SEC on November 22, 2017. As described in such notes, we recognize sales in the period in which services are provided pursuant to the terms of our contractual relationships with our clients. Sales from direct marketing activities are recognized upon shipment. For a more complete discussion of the critical accounting policies and estimates that we have identified in the preparation of our condensed consolidated financial statements, please refer to our Management's Discussion and Analysis of Financial Condition and Results of Operations included in our Form 10-K filed with the SEC on November 22, 2017.

In preparing our financial statements, management is required to make estimates and assumptions that, among other things, affect the reported amounts of assets, liabilities, sales and expenses. These estimates and assumptions are most significant where they involve levels of subjectivity and judgment necessary to account for highly uncertain matters or matters susceptible to change, and where they can have a material impact on our financial condition and operating performance. If actual results were to differ materially from the estimates made, the reported results could be materially affected.

Critical accounting estimates and the related assumptions are evaluated periodically as conditions warrant, and changes to such estimates are recorded as new information or changed conditions require.

New Accounting Standard Updates

See Note 1 to the condensed consolidated financial statements for a full description of recent accounting standard updates, including the expected dates of adoption.

Item 3. Quantitative and Qualitative Disclosure About Market Risk

We are exposed to the impact of interest rate changes and manage this exposure through the use of variable-rate and fixed-rate debt and by utilizing interest rate swaps. We do not enter into contracts for trading purposes and do not use leveraged instruments. The information below summarizes our market risks associated with debt obligations and other significant financial instruments as of March 30, 2018 (see Note 5 and Note 6 to the condensed consolidated financial statements). Fair values were computed using market quotes, if available, or based on discounted cash flows using market interest rates as of the end of the respective periods. For debt obligations, the table presents principal cash flows and related interest rates by contractual fiscal year of maturity. Variable interest rates disclosed represent the weighted-average rates of the portfolio at March 30, 2018. For interest rate swaps, the table presents the notional amounts and related weighted-average interest rates by fiscal year of maturity. The variable rates presented are the average forward rates for the term of each contract.

Item 4. Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures (as that term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on that evaluation, management, with the participation of the Chief Executive Officer and Chief Financial Officer, concluded that the Company's disclosure controls and procedures, as of the end of the period covered by this report, are functioning effectively to provide reasonable assurance that the information required to be disclosed by the Company in reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms and is accumulated and communicated to the Company's management, including its principal executive and principal financial officers, to allow timely decisions regarding required disclosures. As discussed in Note 2 to the condensed consolidated financial statements included in this Quarterly Report, we completed our acquisitions of Avendra and AmeriPride on December 11, 2017 and January 19, 2018, respectively. As part of our post-closing integration activities, we are engaged in the process of assessing the internal controls of Avendra and AmeriPride. As permitted by interpretive guidance for newly acquired businesses issued by the staff of the Securities and Exchange Commission, management has excluded the internal control over financial reporting of Avendra and AmeriPride from the evaluation of the Company's effectiveness of its disclosure controls and procedures as of March 30, 2018. As set forth in more detail in Note 2 to the condensed consolidated financial statements included in this Quarterly Report, total assets of Avendra and AmeriPride included in the Company's preliminary purchase price allocation of these acquisitions were \$1,500.7 million and \$1,187.9 million, respectively. A controls system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the controls system are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected. Other than these acquisitions, no change in the Company's internal control over financial reporting occurred during the Company's second quarter of fiscal 2018 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II

Item 1. Legal Proceedings

Our business is subject to various federal, state and local laws and regulations governing, among other things, the generation, handling, storage, transportation, treatment and disposal of water wastes and other substances. We engage in informal settlement discussions with federal, state, local and foreign authorities regarding allegations of violations of environmental laws in connection with our operations or businesses conducted by our predecessors or companies that we have acquired, the aggregate amount of which and related remediation costs we do not believe should have a material adverse effect on our financial condition or results of operations.

From time to time, the Company and its subsidiaries are a party to various legal actions, proceedings and investigations involving claims incidental to the conduct of their business, including those brought by clients, consumers, employees, government entities and third parties under, among others, federal, state, international, national, provincial and local employment laws, wage and hour laws, discrimination laws, immigration laws, human health and safety laws, import and export controls and customs laws, environmental laws, false claims or whistleblower statutes, minority, women and disadvantaged business enterprise statutes, tax codes, antitrust and competition laws, consumer protection statutes, procurement regulations, intellectual property laws, food safety and sanitation laws, cost and accounting principles, the Foreign Corrupt Practices Act, the U.K. Bribery Act, other anti-corruption laws, lobbying laws, motor carrier safety laws, data privacy and security laws and alcohol licensing and service laws, or alleging negligence and/or breaches of contractual and other obligations. Based on information currently available, advice of counsel, available insurance coverage, established reserves and other resources, the Company does not believe that any such actions, proceedings or investigations are likely to be, individually or in the aggregate, material to its business, financial condition, results of operations or cash flows. However, in the event of unexpected further developments, it is possible that the ultimate resolution of these matters, or other similar matters, if unfavorable, may be materially adverse to the Company's business, financial condition, results of operations or cash flows.

Item 1A. Risk Factors

There have been no material changes to the risk factors disclosed in Part I, Item 1A of the Form 10-K for the fiscal year ended September 29, 2017 and filed with the SEC on November 22, 2017.

Item 5. Other Information

On May 2, 2018, the Board of Directors of the Company amended and restated the Company's Amended and restated By-laws (the "By-laws"), effective immediately, to implement a majority voting standard to require in an uncontested election that a director nominee receive a majority of the votes cast for such nominee's election in order to be elected. Under the By-laws, directors nominees will be required to agree to submit a resignation to the Board, effective if the number of shares voted "against" a director exceeds the number of shares voted "for" such director in any election and, in such an event, the Board shall decide, through a process managed by the Nominating and Corporate Governance Committee, whether to accept the resignation. A contested election will generally include any situation in which the Company receives a notice that a stockholder has nominated a person for election to the Board at a meeting of stockholders. A plurality voting standard will continue to apply in contested director elections.

The description of the amendment to the By-laws is a summary only and is qualified in its entirety by reference to the text of the amended and restated By-laws, a copy of which is attached to this Quarterly Report on Form 10-Q as Exhibit 3.1 and is incorporated herein by reference.
