PROXY STATEMENT

GENERAL INFORMATION

We are providing this proxy statement in connection with the solicitation of proxies by and on behalf of our board of directors for use at our 2012 annual meeting of stockholders to be held on Thursday, May 10, 2012, and at any adjournment or postponement of the meeting. We are furnishing our proxy materials to holders of our common stock as of the close of business on March 19, 2012. We began distributing a notice of internet availability of our proxy materials on or about March 30, 2012 to the holders of our common stock who hold their shares through a brokerage firm or other nominee (such as a banking institution, custodian, trustee or fiduciary) and not through our transfer agent, Computershare. We will begin mailing our proxy materials to the record holders of our common stock (shares held directly with Computershare and not through a broker or other nominee) on or about April 5, 2012. The proxy materials include:

- the accompanying notice of the 2012 annual meeting of stockholders;
- this proxy statement;
- our 2011 Annual Report to Stockholders, which includes our Annual Report on Form 10-K for the fiscal year ended December 31, 2011; and
- the proxy card (or voting instruction form if you hold your shares through a brokerage firm or other nominee and not through our transfer agent, Computershare).

We are furnishing our 2011 annual report to all of our stockholders entitled to vote at the 2012 annual meeting. We are not incorporating the 2011 annual report into this proxy statement and you should not consider the annual report as proxy solicitation material. The accompanying notice of annual meeting of stockholders sets forth the time, place and purposes of the meeting. Our principal executive offices are located at Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697.

Please refer to the Glossary of Terms on page ii for the definitions of certain terms used in this proxy statement.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Q: What is the purpose of the annual meeting?

A: At the annual meeting, stockholders will vote on the following, as described in this proxy statement:

- Proposal 1 – the election of the seven director nominees named in this proxy statement;
- Proposal 2 – the approval of the 2012 Director Stock Plan; and

- Proposal 3 – the adoption of a nonbinding advisory resolution that approves the named executive officer compensation described in this proxy statement (Say-on-Pay).

In addition, stockholders will vote on any other matter that may properly come before the meeting.

Q: How does the board recommend that I vote?

A: The board of directors recommends that you vote FOR:

- each of the nominees for director named in this proxy statement;
-

- the approval of proposal 2 (2012 Director Stock Plan); and
- the approval and adoption of proposal 3 (Say-on-Pay).

Q: Who is allowed to vote at the annual meeting?

A: The board of directors has set the close of business on March 19, 2012 as the record date for the determination of stockholders entitled to notice of and to vote at the meeting. Only holders of our common stock as of the close of business on the record date are entitled to vote at the meeting. On the record date, 115,902,098 shares of our common stock were issued and outstanding. Each share of our common stock entitles its holder to one vote.

Q: If I hold my shares through a brokerage firm or other nominee, why did I receive a notice regarding the internet availability of proxy materials instead of paper copies of the proxy materials?

A: We are using the SEC notice and access rules to furnish proxy materials over the internet to our stockholders who hold our common stock through a brokerage firm or other nominee. If you hold your shares through a brokerage firm or other nominee, you can find instructions on how to access and review the proxy materials, and how to vote over the internet, on the notice of internet availability of proxy materials that you received. The notice also contains instructions on how you can receive a paper copy of this proxy statement, our 2011 annual report to stockholders and a voting instruction form.

Q: If I hold my shares through a brokerage firm or other nominee, how may I vote in person at the annual meeting?

A: If you wish to vote in person at the annual meeting, you will need to follow the instructions on your notice of internet availability of proxy materials on how to obtain the appropriate documents to vote in person at the meeting.

Q: How do I vote if I am a stockholder of record?

A: If you hold shares of our common stock directly (either in certificate or electronic form) with our transfer agent, Computershare, rather than through a brokerage firm or other nominee, you are a stockholder of record. As a stockholder of record, you may:

- vote over the internet at www.investorvote.com/KRO;
- vote by telephone using the voting procedures set forth on your proxy card;
- instruct the agents named on your proxy card how to vote your shares by completing, signing and mailing the enclosed proxy card in the envelope provided; or
 - vote in person at the annual meeting.

Q: What are the consequences if I am a stockholder of record and I execute my proxy card but do not indicate how I would like my shares voted for one or more of the director nominees named in this proxy statement or the other proposals described in this proxy statement?

A: If you are a stockholder of record (and not a brokerage firm or other nominee), the agents named on your proxy card will vote your shares on such uninstructed nominee or proposal as recommended by the board of directors in this proxy statement.

Q:

If I do not want to vote my shares in person at the annual meeting, how do I vote if my shares are held through a brokerage firm or other nominee?

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to vote your shares. In order to ensure your brokerage firm or other nominee votes your shares in the manner you would like, you must provide voting instructions to your brokerage firm or other nominee by the deadline provided in the materials you received from your brokerage firm or other nominee.

- 2 -

Brokerage firms or other nominees may not vote your shares on the election of a director nominee or any of the other proposals in this proxy statement in the absence of your specific instructions as to how to vote. We encourage you to provide instructions to your brokerage firm or other nominee regarding the voting of your shares. If you do not instruct your brokerage firm or other nominee how to vote with respect to the election of a director nominee or on each of the other two proposals in this proxy statement, your brokerage firm or other nominee may not vote with respect to the election of such director nominee or on any uninstructed proposal and your vote will be counted as a “broker/nominee non-vote.” “Broker/nominee non-votes” are non-votes by a brokerage firm or other nominee for shares held in a client’s account for which the brokerage firm or other nominee does not have discretionary authority to vote on a particular matter and has not received instructions from the client. How we treat broker/nominee non-votes is separately described in each of the answers below regarding what constitutes a quorum, the requisite votes necessary to elect a director nominee or approve the other two proposals in this proxy statement.

Q: Who will count the votes?

A: The board of directors has appointed Computershare, our transfer agent and registrar, to ascertain the number of shares represented, tabulate the vote and serve as inspector of election for the meeting.

Q: Is my vote confidential?

A: Yes. All proxy cards, ballots or voting instructions delivered to Computershare will be kept confidential in accordance with our bylaws.

Q: How do I change or revoke my proxy instructions if I am a stockholder of record?

A: If you are a stockholder of record, you may change or revoke your proxy instructions in any of the following ways:

- delivering to Computershare a written revocation;
- submitting another proxy card bearing a later date;
- changing your vote on www.investorvote.com/KRO;
- using the telephone voting procedures set forth on your proxy card; or
- voting in person at the annual meeting.

Q: How do I change or revoke my voting instructions if my shares are held through a brokerage firm or other nominee?

A: If your shares are held through a brokerage firm or other nominee, you must follow the instructions from your brokerage firm or other nominee on how to change or revoke your voting instructions or how to vote in person at the annual meeting.

Q: What constitutes a quorum?

A: A quorum is the presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock entitled to vote at the meeting.

Shares that are voted “abstain” or “withheld” are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the annual meeting.

As already discussed in the previous answer regarding how to vote shares held through a brokerage firm or other nominee, there are no proposals for the 2012 annual meeting that would allow a brokerage firm or nominee to vote uninstructed shares. If a brokerage firm or other nominee receives no instruction for the election of any director nominee or any of the proposals, such uninstructed shares will be counted as not entitled to vote and are, therefore, not considered for purposes of determining whether a quorum is present at the annual meeting. If a brokerage firm or other nominee receives instructions on the election of any director nominee or any of the other two proposals, such instructed shares will be counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the annual meeting.

- 3 -

Together, Valhi and NL held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting. If Valhi alone attends the meeting in person or by proxy, the meeting will have a quorum present.

Q: Assuming a quorum is present, what vote is required to elect a director nominee?

A: A plurality of affirmative votes of the holders of our outstanding shares of common stock represented and entitled to vote at the meeting is necessary to elect each director nominee. You may indicate on your proxy card or in your voting instructions that you desire to withhold authority to vote for any of the director nominees. Since director nominees need only receive a plurality of affirmative votes from the holders represented and entitled to vote at the meeting to be elected, a vote withheld or a broker/nominee non-vote regarding a particular nominee will not affect the election of such director nominee.

Together, Valhi and NL held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the election of each of the director nominees named in this proxy statement. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the stockholders will elect all of the nominees named in this proxy statement to the board of directors.

Q: Assuming a quorum is present, what vote is required to adopt and approve proposal 2 (2012 Director Stock Plan)?

A: The affirmative votes of the majority of the shares present in person or represented by proxy at the 2012 annual meeting and entitled to vote on this proposal will be the requisite vote to approve the 2012 Director Stock Plan. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote. Broker/nominee non-votes will not be counted as entitled to vote and will have no effect on this proposal.

As already mentioned, Valhi and NL together held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR the approval of the 2012 Director Stock Plan. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the stockholders will approve this proposal.

Q: Assuming a quorum is present, what vote is required to adopt and approve proposal 3 (Say-on-Pay)?

A: The proposed stockholder resolution contained in this proposal provides that the affirmative nonbinding advisory votes of the majority of the shares present in person or represented by proxy at the 2012 annual meeting and entitled to vote on this proposal will be the requisite vote to adopt the resolution and approve the compensation of our named executive officers as such compensation is disclosed in this proxy statement. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote. Broker/nominee non-votes will not be counted as entitled to vote and will have no effect on this proposal.

As already mentioned, Valhi and NL together held approximately 80.4% of the outstanding shares of our common stock as of the record date. Valhi and NL have each indicated its intention to have its shares of our common stock represented at the meeting and to vote such shares FOR this nonbinding advisory proposal. If Valhi alone attends the meeting in person or by proxy and votes as indicated, the stockholders will, by a nonbinding advisory vote, approve this proposal.

Q: Assuming a quorum is present, what vote is required to approve any other matter to come before the meeting?

A: Except as applicable laws may otherwise provide, the approval of any other matter that may properly come before the meeting will require the affirmative votes of the holders of the majority of the outstanding shares represented and entitled to vote at the meeting. Abstentions will be counted as represented and entitled to vote and will therefore have the effect of a negative vote.

Q: If I am a stockholder of record, how will the agents named on my proxy card vote on any other matter to come before the meeting?

A: If you are a stockholder of record and to the extent allowed by applicable law, the agents named on your proxy card will vote in their discretion on any other matter that may properly come before the meeting.

Q: Who will pay for the cost of soliciting the proxies?

A: We will pay all expenses related to the solicitation, including charges for preparing, printing, assembling and distributing all materials delivered to stockholders. In addition to the solicitation by mail, our directors, officers and regular employees may solicit proxies by telephone or in person for which such persons will receive no additional compensation. Upon request, we will reimburse brokerage firms or other nominees for their reasonable out-of-pocket expenses incurred in distributing proxy materials and voting instructions to the beneficial owners of our common stock that hold such stock in accounts with such entities.

Mr. Simmons, however, disclaims beneficial ownership of any Contran shares these trusts hold.

The Foundation is a tax-exempt foundation organized for charitable purposes. Harold C. Simmons is the chairman of the board of the Foundation.

U.S. Bank National Association serves as the trustee of the CDCT. Contran established the CDCT as an irrevocable "rabbi trust" to assist Contran in meeting certain deferred compensation obligations that it owes to Harold C. Simmons. If the CDCT assets are insufficient to satisfy such obligations, Contran is obligated to satisfy the balance of such obligations as they come due. Pursuant to the terms of the CDCT, Contran retains the power to vote the shares held by the CDCT, retains dispositive power over such shares and may be deemed the indirect beneficial owner of such shares.

Contran sponsors the CMRT to permit the collective investment by master trusts that maintain assets of certain employee defined benefit plans Contran and related entities adopt. Harold C. Simmons is the sole trustee of this trust and a member of the investment committee for this trust. Contran selects the trustee and members of this trust's investment committee. Certain of our executive officers and Glenn R. Simmons are participants in one or more of the employee defined benefit plans that invest through this trust. Each of such persons disclaims beneficial ownership of any of the shares this trust holds, except to the extent of his or her individual vested beneficial interest, if any, in the plan assets this trust holds.

Harold C. Simmons is the chairman of the board of each of us, TIMET, Valhi, VHC, Dixie Rice and Contran and chairman of the board and chief executive officer of NL.

By virtue of the holding of the offices, the stock ownership and his services as trustee, all as described above, (a) Harold C. Simmons may be deemed to control certain of such entities and (b) Mr. Simmons and certain of such entities may be deemed to possess indirect beneficial ownership of shares directly held by certain of such other entities. However, Mr. Simmons disclaims beneficial ownership of the shares beneficially owned, directly or indirectly, by any of such entities, except to the extent of his vested beneficial interest, if any, in shares held by the CDCT or the CMRT. Mr. Simmons disclaims beneficial ownership of all shares of our common stock beneficially owned, directly or indirectly, by Valhi, NL, TFMC or Contran.

All of our directors or executive officers who are also directors or executive officers of Valhi, NL, TFMC, Contran or their affiliated entities disclaim beneficial ownership of the shares of our common stock that such entities directly or indirectly hold.

Annette C. Simmons is the wife of Harold C. Simmons. Mrs. Simmons disclaims beneficial ownership of all shares that she does not own directly. Mr. Simmons may be deemed to share indirect beneficial ownership of her shares. He disclaims all such beneficial ownership.

The Grandchildren's Trust is a trust of which Harold C. Simmons and Annette C. Simmons are co-trustees and the beneficiaries of which are the grandchildren of Annette C. Simmons. Mr. Simmons, as co-trustee of this trust, has the power to vote and direct the disposition of the shares this trust directly holds. Mr. Simmons disclaims beneficial ownership of any shares that this trust holds.

Contran is the sole owner of Valhi's 6% series A preferred stock (non-voting) and a trust related to Harold C. Simmons is the sole owner of VHC's 2% convertible preferred stock (non-voting). Messrs. Harold and Glenn Simmons and Watson each hold of record one director qualifying share of Dixie Rice.

NL has pledged 4,069,344 shares of our common stock as security. VHC has pledged 8,577,160 shares of Valhi common stock as security and 24,878,081 shares of TIMET common stock as security. Contran has pledged 864 shares of Valhi's 6% series A preferred stock as security.

Shares owned by Contran or its related entities or their executive officers or directors may be held in margin accounts at brokerage firms. Under the terms of the margin account agreements, stocks and other assets held in these accounts may be pledged to secure margin obligations under these accounts. Harold C. Simmons holds 574,866 shares of our common stock, 491,009 shares of NL common stock and 63,518 shares of Valhi common stock in a margin account at a brokerage firm. Annette C. Simmons holds all of her 882,876 shares of our common stock, 404,391 shares of NL common stock and 265,338 shares of Valhi common stock in a margin account at a brokerage firm. We understand that Contran and related entities may consider acquiring or disposing of shares of our common stock through open market or privately negotiated transactions, depending upon future developments, including, but not limited to, the availability and alternative uses of funds, the performance of our common stock in the market, an assessment of our business and prospects, financial and stock market conditions and other factors deemed relevant by such entities. We may similarly consider acquisitions of shares of our common stock and acquisitions or dispositions of securities issued by related entities.

CORPORATE GOVERNANCE

Controlled Company Status, Director Independence and Committees. Because of Valhi's direct and indirect ownership of approximately 80.4% of the outstanding shares of our common stock, we are considered a controlled company under the listing standards of the NYSE. Pursuant to the listing standards, a controlled company may choose not to have a majority of independent directors, independent compensation, nominations or corporate governance committees or charters for these committees. We have chosen not to have an independent nominations or corporate governance committee or charters for these committees. Our board of directors believes that the full board of directors best represents the interests of all of our stockholders and that it is appropriate for all matters that would otherwise be considered by a nominations, corporate governance or risk oversight committee to be considered and acted upon by the full board of directors. Applying the NYSE director independence standards without any additional categorical standards, our board of directors has determined that Keith R. Coogan, Cecil H. Moore, Jr., George E. Poston and R. Gerald Turner are independent and have no material relationship with us other than serving as our directors. While the members of our management development and compensation committee currently satisfy the independence requirements of the NYSE, we have chosen not to satisfy all of the NYSE corporate governance standards for a compensation committee.

In determining that Dr. Turner has no material relationship with us other than serving as our director, the board of directors considered the following relationship:

- in 2007, Harold C. and Annette C. Simmons made a commitment to donate \$20 million to Southern Methodist University, of which Dr. Turner is the president;

- pursuant to the commitment they contributed, or caused to be contributed, approximately \$7.7 million in each of 2008 and 2009 and \$5.0 million in 2010; and

- 14 -

- \$7.7 million is less than 2.0% of SMU's consolidated gross revenues and SMU's consolidated gross revenues net of scholarship allowances for each fiscal year in which they made a contribution to SMU.

2011 Meetings and Standing Committees of the Board of Directors. The board of directors held four meetings and took action by written consent on three occasions in 2011. Each director participated in at least 75% of such meetings and of the 2011 meetings of the committees on which he served at the time. It is expected that each director will attend our annual meeting of stockholders, which is held immediately before the annual meeting of the board of directors. All of our directors attended our 2011 annual stockholder meeting.

The board of directors has established and delegated authority to two standing committees, which are described below. The board of directors is expected to elect the members of the standing committees at the board of directors annual meeting immediately following the annual stockholder meeting. The board of directors from time to time may establish other committees to assist it in the discharge of its responsibilities.

Audit Committee. Our audit committee assists with the board of directors' oversight responsibilities relating to our financial accounting and reporting processes and auditing processes. The purpose, authority, resources and responsibilities of our audit committee are more specifically set forth in its charter. Applying the requirements of the NYSE corporate governance standards (without additional categorical standards) and SEC regulations, as applicable, the board of directors has determined that:

- each member of our audit committee is independent, financially literate and has no material relationship with us other than serving as our director; and
 - Mr. Cecil H. Moore, Jr. is an "audit committee financial expert."

No member of our audit committee serves on more than three public company audit committees. For further information on the role of our audit committee, see the Audit Committee Report in this proxy statement. The current members of our audit committee are Cecil H. Moore, Jr. (chairman), Keith R. Coogan, George E. Poston and R. Gerald Turner. Our audit committee held seven meetings in 2011.

Management Development and Compensation Committee. The principal responsibilities of our management development and compensation committee are:

- to recommend to the board of directors whether or not to approve any proposed charge to us or any of our privately held subsidiaries pursuant to our ISA with Contran;
- to review certain matters regarding our employee benefit plans or programs, including discretionary incentive bonuses and salaries we pay;
 - to review, approve, administer and grant awards under our equity compensation plan; and
- to review and administer such other compensation matters as the board of directors may direct from time to time.

As discussed above, the board of directors has determined that each member of our management development and compensation committee is independent by applying the NYSE director independence standards (without additional categorical standards). In certain instances under our 2003 Long-Term Incentive Plan, a plan allowing for grants of cash or equity performance awards, the management development and compensation committee may delegate its authority to administer this plan to certain individuals, which delegation authority the committee has not utilized. With respect to the role of our executive officers in determining or recommending the amount or form of executive compensation, see the Compensation Discussion and Analysis section of this proxy statement. With respect

to director compensation, our executive officers make recommendations on such compensation directly to our board of directors for its consideration without involving the management development and compensation committee. The current members of our management development and compensation committee are R. Gerald Turner (chairman), Keith R. Coogan and George E. Poston. Our management development and compensation committee held one meeting in 2011.

- 15 -

Risk Oversight. Our board of directors oversees the actions we take in managing our material risks. Our management is responsible for our day-to-day management of risk. The board's oversight of our material risks is undertaken through, among other things, various reports and assessments that management presents to the board and the related board discussions. The board has delegated some of its primary risk oversight to our audit committee and management development and compensation committee. Our audit committee annually receives management's reports and assessments on, among other things, the risk of fraud, certain material business risks and a ranking of such material business risks and on our insurance program. The audit committee also receives reports from our independent registered public accounting firm regarding, among other things, financial risks and the risk of fraud. Our management development and compensation committee receives management's assessments on the likelihood that our compensation policies and practices could have a material adverse effect on us, as more fully described in the Compensation Policies and Practices as They Relate to Risk Management section of this proxy statement. The audit committee and management development and compensation committee report to the board of directors about their meetings. We believe the leadership structure of the board of directors is appropriate for our risk oversight.

Identifying and Evaluating Director Nominees. Historically, our management has recommended director nominees to the board of directors. As stated in our corporate governance guidelines:

- our board of directors has no specific minimum qualifications for director nominees;
- each nominee should possess the necessary business background, skills and expertise at the policy-making level and a willingness to devote the required time to the duties and responsibilities of membership on the board of directors; and
- the board of directors believes that experience as our director is a valuable asset and that directors who have served on the board for an extended period of time are able to provide important insight into our operations and future.

In identifying, evaluating and determining our director nominees, the board of directors follows such corporate governance guidelines. The board also considers the nominee's ability to satisfy the need, if any, for required expertise on the board of directors or one of its committees. While we do not have any policy regarding the diversity of our nominees, the board does consider the diversity in the background, skills and expertise at the policy making level of our director nominees, and as a result our board believes our director nominees do possess a diverse range of senior management experience that aids the board in fulfilling its responsibilities. The board of directors believes its procedures for identifying and evaluating director nominees are appropriate for a controlled company under the NYSE corporate governance standards.

Leadership Structure of the Board of Directors and Independent Director Meetings. As discussed before, Harold C. Simmons serves as our chairman of the board and Steven L. Watson serves as our chief executive officer. Pursuant to our amended and restated corporate governance guidelines, our independent directors are entitled to meet on a regular basis throughout the year, and will meet at least once annually, without the participation of our other directors who are not independent. While we do not have a lead independent director, the chairman of our audit committee presides at all of the meetings of our independent directors. The board of directors believes our leadership structure is appropriate for a controlled company under the NYSE corporate governance standards. The board of directors believes our leadership structure is appropriate because the board recognizes that while there is no single organizational structure that is ideal in all circumstances, the board believes that having different individuals serve as our chairman of the board and as our chief executive officer provides an appropriate breadth of experience and perspective that effectively facilitates the formulation of our long-term strategic direction and business plans. In addition, the board of directors believes that since Harold C. Simmons and persons and entities related to him own, in the aggregate, a majority of our outstanding stock, his service as our chairman of the board is beneficial in providing strategic leadership for us since there is a commonality of interest that is closely aligned in building long-term

stockholder value for all of our stockholders. In 2011, we complied with the NYSE requirements for meetings of our independent directors.

Stockholder Proposals and Director Nominations for the 2013 Annual Meeting of Stockholders. Stockholders may submit proposals on matters appropriate for stockholder action at our annual stockholder meetings, consistent with rules adopted by the SEC. We must receive such proposals not later than November 30, 2012 to be considered for inclusion in the proxy statement and form of proxy card relating to our annual meeting of stockholders in 2013. Our bylaws require that the proposal must set forth a brief description of the proposal, the name and address of the proposing stockholder as they appear in our records, the number of shares of our common stock the stockholder holds and any material interest the stockholder has in the proposal.

The board of directors will consider the director nominee recommendations of our stockholders in accordance with the process discussed above. Our bylaws require that a nomination set forth the name and address of the nominating stockholder, a representation that the stockholder will be a stockholder of record entitled to vote at the annual stockholder meeting and intends to appear in person or by proxy at the meeting to nominate the nominee, a description of all arrangements or understandings between the stockholder and the nominee (or other persons pursuant to which the nomination is to be made), such other information regarding the nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC and the consent of the nominee to serve as a director if elected.

For proposals or director nominations to be brought at the 2013 annual meeting of stockholders but not included in the proxy statement for such meeting, our bylaws require that the proposal or nomination must be delivered or mailed to our principal executive offices in most cases no later than February 13, 2013. Proposals and nominations should be addressed to our corporate secretary at Kronos Worldwide, Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697.

Communications with Directors. Stockholders and other interested parties who wish to communicate with the board of directors or its independent directors may do so through the following procedures. Such communications not involving complaints or concerns regarding accounting, internal accounting controls and auditing matters related to us may be sent to the attention of our corporate secretary at Kronos Worldwide Inc., Three Lincoln Centre, 5430 LBJ Freeway, Suite 1700, Dallas, Texas 75240-2697. Provided that any such communication relates to our business or affairs and is within the function of our board of directors or its committees, and does not relate to insignificant or inappropriate matters, such communication, or a summary of such communication, will be forwarded to the chairman of our audit committee, who also serves as the presiding director of our independent director meetings.

Complaints or concerns regarding accounting, internal accounting controls and auditing matters, which may be made anonymously, should be sent to the attention of our general counsel with a copy to our chief financial officer at the same address as our corporate secretary. These complaints or concerns will be forwarded to the chairman of our audit committee. We will investigate and keep these complaints or concerns confidential and anonymous, to the extent feasible, subject to applicable law. Information contained in such a complaint or concern may be summarized, abstracted and aggregated for purposes of analysis and investigation.

Compensation Committee Interlocks and Insider Participation. As discussed above, for 2011 the management development and compensation committee was composed of R. Gerald Turner, Keith R. Coogan and George E. Poston. No member of the committee:

- was an officer or employee of ours during 2011 or any prior year;
- had any related party relationships with us that requires disclosure under applicable SEC rules; or
 - had any interlock relationships under applicable SEC rules.

For 2011, no executive officer of ours had any interlock relationships within the scope of the intent of applicable SEC rules. However, our chairman of the board and vice chairman of the board are on the board of directors of Contran and Contran employs each of them and Glenn R. Simmons, who each serve as one of our directors.

Code of Business Conduct and Ethics. We have adopted a code of business conduct and ethics. The code applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller. Only the board of directors may amend the code. Only our audit committee or other committee of the board of directors with specifically delegated authority may grant a waiver of this code. We will disclose amendments to or waivers of the code as required by law and the applicable rules of the NYSE. In February 2012, our board of directors made non-substantive amendments to the code.

Corporate Governance Guidelines. We have adopted corporate governance guidelines to assist the board of directors in exercising its responsibilities. Among other things, the corporate governance guidelines provide for director qualifications, for independence standards and responsibilities, for approval procedures for ISAs and that our audit committee chairman preside at all meetings of the independent directors.

Availability of Corporate Governance Documents. A copy of each of our audit committee charter, code of business conduct and ethics and corporate governance guidelines is available on our website at www.kronosww.com under the corporate governance section.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

AND OTHER INFORMATION

Compensation Discussion and Analysis. This compensation discussion and analysis describes the key principles and factors underlying our executive compensation policies for our named executive officers. We employed two of our named executive officers in each of the last three years. The rest of our named executive officers who provided their services to us in the last three years under our ISA with Contran were employed and compensated directly by Contran. As defined in the Glossary of Terms at the beginning of this proxy statement, the phrase “named executive officers” refers to the five persons whose compensation is summarized in the 2011 Summary Compensation Table in this proxy statement. Such phrase is not intended, and does not, refer to all of our executive officers.

As defined in the Glossary of Terms at the beginning of this proxy statement, the phrase “named executive officers” refers to the five persons whose compensation is summarized in the 2011 Summary Compensation Table in this proxy statement. Such phrase is not intended to, and does not, refer to all of our executive officers.

Nonbinding Advisory Stockholder Vote on Executive Officer Compensation. For the 2011 annual meeting of stockholders, we submitted a nonbinding advisory proposal recommending the stockholders adopt a resolution approving the compensation of our named executive officers as disclosed in the 2011 proxy statement. At the annual meeting, the resolution received the affirmative vote of 94.5% of the eligible votes. We considered the favorable result and determined not to make any material changes to our compensation practices.

Compensation of our Named Executive Officers Employed by Us. In each of the last three years, we employed the following named executive officers:

Name	Position(s)
Douglas C. Weaver	Chairman of the Executive Management Committee
U l f e r	tVice Chairman of the Executive Management Committee and Chief
Fiand	Technology Officer

Overview. Prior to 2009, we decided to forego long-term compensation (other than defined benefit and contribution retirement plans), and implemented a compensation program that is primarily cash-based, with minimal perquisites. Our objectives for the primarily cash-based compensation program as it relates to our named executive officers employed by us are to:

- have a total individual compensation package that is easy to understand; and
- achieve a balanced compensation package that would attract and retain highly qualified executive officers and appropriately reflect each such officer’s individual performance, contributions and general market value.

As a result, annual compensation for our named executive officers employed by us primarily consists of base salaries and discretionary bonuses.

For each of the last three years, we considered our financial performance as one factor, without any specific weighting of this factor, in determining the compensation to be paid to our named executive officers employed by us. We determined the amount of each component of such compensation solely in our collective business judgment and

experience, without performing any independent market research. We have not entered into any written employment agreements with our employed named executive officers other than for Dr. Fiand. Pursuant to European law, we provide all our employees in Europe, including Dr. Fiand, with written documentation of the essential aspects of their employment relationship with us including their base compensation, notice periods and pension program.

- 19 -

Base Salaries. We have established the annual base salaries for our employed named executive officers on a position-by-position basis based on responsibility and experience. We pay this portion of each of our employed named executive officer's compensation to provide him with a reliable amount of compensation for the year, subject to his continued at-will employment and satisfactory performance for his services at the level of his responsibilities. Based on the recommendation of our chief financial officer, our chief executive officer approved any annual adjustments to the salaries of our employed named executive officers. These salary adjustments were subsequently reported to our management development and compensation committee. All of these recommendations and the determinations are based on:

- our evaluations of the past year annual base-salary amounts with adjustments made as a result of our past and expected future financial performance, inflation, past and potential future individual performance and contributions or alternative career opportunities that might be available to our named executive officers employed by us, although we do not have any specific formula for applying these factors; and
- our collective business judgment and experience, without performing any independent market research.

In the fourth quarter of 2009, our chief executive officer approved an increase in Mr. Weaver's salary due to a significant increase in his responsibilities. Salary increases implemented in 2010 and 2011, including those for our employed named executive officers, reflected the factors indicated above as well as the 2010 increase in Mr. Weaver's responsibilities.

We did not utilize any specific measure of, or formula based upon, our financial performance in determining the amount of these increases. We do consider our financial performance as one factor, without any specific weighting of this factor, in determining these increases. These salaries for our named executive officers employed by us are disclosed in their salary column in the 2011 Summary Compensation Table in this proxy statement.

Discretionary Incentive Bonuses. For each of the last three years, after considering all relevant factors, and based on the recommendation of our chief financial officer, our chief executive officer approved the payment of discretionary incentive bonuses in cash to our key employees, including each of our employed named executive officers. We paid these bonuses in order to, among other things, reward each key employee for his performance for the applicable year and motivate him to achieve higher levels of performance in attaining our corporate goals. In considering whether it would be appropriate to pay discretionary incentive bonuses for the applicable year, and in what amounts, our chief executive officer performed a discretionary evaluation of all relevant factors, such as our actual results achieved in that year, our financial condition and liquidity and the responsibility, performance, attitude and potential of each of our key employees, including our employed named executive officers.

Prior to the payment of any discretionary bonuses to our key employees, including our employed named executive officers, our management development and compensation committee receives a report from management regarding its plans for such bonus payments.

In determining the amount of the discretionary incentive bonuses for each of the last three years paid to our employed named executive officers, we did not utilize any specific overall performance measures or any specific measure of, or formula based upon, our financial results. As already discussed, however, we did consider our overall financial performance as one factor in determining to pay such bonuses. Additionally, we used no specific weighting of factors in the determination of the applicable year's discretionary incentive bonuses paid to our key employees, including our named executive officers employed by us. These discretionary incentive bonuses for the last three years for our named executive officers employed by us are disclosed in their bonus column in the 2011 Summary Compensation Table in this proxy statement.

Defined Benefit Plans. Historically, we offered pension plan benefits to our employees, including our employed named executive officers. However, to reduce our pension liabilities and promote retirement savings through defined contribution plans or as similar a plan as foreign jurisdictions may allow:

- in 1996, we suspended all future accruals under our domestic pension plan and closed the plan to new participants;
and

- 20 -

- we closed participation in the Bayer Pensionskasse defined benefit pension plan to employees hired by our German operations on or after January 1, 2005.

Mr. Weaver participates in the domestic pension plan. Dr. Fiand participates in the Bayer Pensionskasse and is the only employed named executive officer who participates in a pension plan that continues to accrue benefits on behalf of its participants. The increase or decrease for financial statement reporting purposes in the actuarial present value of accumulated pension benefits under these plans for Dr. Fiand and for Mr. Weaver for each of the last three years is disclosed in their change in pension value and nonqualified deferred compensation earnings column in the 2011 Summary Compensation Table for the applicable year.

Historically, we offered non-qualified, unfunded, defined benefit supplemental retirement plans to our executive officers to compensate them for certain income restrictions that affected their participation level under our pension plans. Prior to 2009, we terminated these supplemental retirement plans for our domestic employees. Currently, Dr. Fiand is the only named executive officer that continues to accrue benefits under such a supplemental plan. Dr. Fiand's supplement defined benefit compensation is provided by the Supplemental Pension Promise and the Individual Pension Promise provided by our German operations. The increase or decrease for financial statement reporting purposes in the actuarial present value of Dr. Fiand's accumulated benefit under these supplemental plans for each of the last three years is disclosed in his change in pension value and nonqualified deferred compensation earnings column (or related footnote) in the 2011 Summary Compensation Table for the applicable year.

See the Pension Benefits section in this proxy statement for descriptions of each of these plans and additional information regarding Dr. Fiand's and Mr. Weaver's benefits under them.

Defined Contribution Plans. To promote retirement savings for our employees, we pay annual contributions to our domestic employees, including one of our employed named executive officers, under our savings plan, which is a 401(k) defined contribution plan. Through 2010, our annual contributions to this plan consisted of three components: discretionary matching contributions, retirement contributions and transition contributions. We added the retirement and transition contribution features to the plan in 1996 when we terminated future accruals for our domestic employees under our defined benefit pension plan, as discussed above. Beginning in 2011, we eliminated the retirement contributions to our savings plan, and our annual contributions to the plan now only consist of discretionary matching contributions and transition contributions. Mr. Weaver is our only employed named executive officer who receives contributions to our savings plan.

For 2009, 2010 and 2011, and based upon the recommendation of our chief financial officer, our chief executive officer approved the payment of a discretionary matching contribution to each participant's account under our savings plan at 25%, 50% and 100%, respectively, of the participant's contributions for the plan year up to 8% of the participant's annual eligible compensation as defined in the plan. We considered our financial performance and the desire to motivate the participants to save for their retirement as two factors, without any specific weighting of any factors, in making this discretionary determination. In each of the last three years, our management development and compensation committee received a general report from management on the discretionary matching contribution for the prior year we paid under our savings plan. If we pay any discretionary matching contributions to the participants in our savings plan for 2012, the matching contributions will be determined on a similar discretionary basis as the last three years.

For each of three years, we also made transition contributions to our savings plan. The transition contributions are paid only with respect to current plan participants who were actively employed by us on April 1, 1996. The amount of such transition contributions are a function of each participant's compensation, age and years of service on April 1, 1996, and therefore each participant who receives the annual transition contributions has a different formula for determining the contribution. The formula for Mr. Weaver is 4.0% of his annual eligible compensation as defined in the plan. For 2009 and 2010, we also made retirement contributions to our savings plan. The amount of such

retirement contributions was equal to 4% of the participant's annual eligible compensation as defined in the plan. Beginning in 2011, we eliminated the retirement contributions to our savings plan.

Mr. Weaver received all of these contributions discussed above for 2009, 2010 and 2011 under the savings plan. All of these contributions are included in his all other compensation column in the 2011 Summary Compensation Table in this proxy statement.

- 21 -

Equity-Based Compensation. Prior to 2009, we decided to forego the grant of any equity compensation to our employees, although we continue to grant annual awards of stock to our directors as a portion of their annual retainers, including our chairman of the board and chief executive officer. We also do not have any security ownership requirements or guidelines for our management or directors. We do not currently anticipate any equity-based compensation will be granted in 2012, other than the annual grants of stock to our directors, including our chairman of the board and chief executive officer. See the Director Compensation and the 2011 Grant of Plan-Based Awards sections in this proxy statement for a discussion of these annual grants and the method by which the amount of such stock awards are determined. The dollar amount of stock awards appearing in the 2011 Summary Compensation Table represents the value recognized for financial statement reporting purposes of shares of our common stock we granted to Messrs. Harold Simmons and Watson in each of the last three years for their director services.

Perquisites and Other Personal Benefits. In each of the last three years, we paid certain perquisites or other personal benefits to our named executive officers employed by us. For each of the last three years, we paid annual automobile expenses for Dr. Fiand and life insurance for our domestic named executive officers employed by us. The cost of these perquisites and other personal benefits for each of our employed named executive officers is included in his all other compensation column of the 2011 Summary Compensation Table.

Compensation of our Named Executive Officers Employed by Contran. For each of the last three years, we paid Contran a fee for services provided pursuant to our ISA with Contran, which fee was approved by our independent directors after receiving the recommendation of our management development and compensation committee and the concurrence of our chief financial officer. Such services provided under this ISA included the services of our named executive officers employed by Contran, and as a result a portion of the aggregate ISA fee we pay to Contran is paid with respect to the services provided to us by such named executive officers. Our named executive officers who provide services to us pursuant to our ISA with Contran are as follows:

Name	Positions with Kronos Worldwide
H a r o l d C Simmons	.Chairman of the Board
Steven L. Watson	Vice Chairman of the Board and Chief Executive Officer
G r e g o r y M Swalwell	.Executive Vice President and Chief Financial Officer

The nature of the duties of each of our executive officers who are employees of Contran is consistent with the duties normally associated with the officer titles and positions such officer holds with us. Each of these persons also serves as an executive officer of Contran.

The charge under this ISA reimburses Contran for its cost of employing the personnel who provide the services by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year. The amount of the fee we paid in each of the last three years under this ISA for a person who provided services to us represents, in management's view, the reasonable equivalent of "compensation" for such services. See the Intercorporate Services Agreements part of the Certain Relationships and Transactions section of this proxy statement for the aggregate amount we paid to Contran in 2011 under this ISA. Under the various ISAs among Contran and its subsidiaries and affiliates, we share the cost of the employment of our named executive officers employed by Contran with Contran and certain of its other publicly and privately held subsidiaries. For our named executive officers employed by Contran, the portion of the annual charge we paid for each of the last three years to Contran under this ISA attributable to each of their services is set forth in footnote 2 to the 2011 Summary Compensation Table in this proxy statement. Footnote 2 also sets forth the cash fees we paid to each of Messrs. Simmons and Watson for their director services, and footnote 3 sets forth the stock compensation we paid to each of Messrs. Simmons and Watson

for their director services. The amount charged under the ISA and the cash director fees are not dependent upon our financial performance. As discussed further below, the amount charged under the ISA is based upon Contran's cost of employing or engaging the personnel who provide the services to us (including the services of our named executive officers employed by Contran) by allocating such cost to us based on the estimated percentage of time such personnel were expected to devote to us over the year. See the Director Compensation and the 2011 Grants of Plan-Based Awards sections in this proxy statement for a discussion of our director fees and the formulas by which they are determined.

We believe the cost of the services received under our ISA with Contran, after considering the quality of the services received, is fair to us and is no less favorable to us than we could otherwise obtain from an unrelated third party for comparable services, based solely on our collective business judgment and experience without performing any independent market research.

- 22 -

In the early part of each year, Contran's management, including certain of our named executive officers, estimates the percentage of time that each Contran employee, including certain of our named executive officers, is expected to devote in the upcoming year to Contran and its subsidiaries and affiliates, including us. Contran's management then allocates Contran's cost of employing each of its employees among Contran and its various subsidiaries and affiliates based on such estimated percentages. Contran's aggregate cost of employing each of its employees comprises:

- the annualized base salary of such employee at the beginning of the year;
- an estimate of the bonus Contran will pay or accrue for such employee (other than bonuses for specific matters) for the year, using as a reasonable approximation for such bonus the actual bonus that Contran paid or accrued for such employee in the prior year; and
- Contran's portion of the social security and medicare taxes on such base salary and an estimated overhead factor (24% for each of 2011 and 2010 as compared to 17% for 2009) applied to the base salary for the cost of medical and life insurance benefits, unemployment taxes, disability insurance, defined benefit and defined contribution plan benefits, professional education and licensing and costs of providing an office, equipment and supplies related to providing such services.

The overhead factor increased in 2010 as compared to 2009 primarily as a result of increased defined benefit pension plan costs resulting principally from changes in the funded status of Contran's defined benefit plan due to the negative overall impact of the global economic recession on the return on assets held by the plan. Contran's senior management subsequently made such adjustments to the details of the proposed ISA charge as they deemed necessary for accuracy, overall reasonableness and fairness to us.

In the first quarter of each year, the proposed charge for that year under our ISA with Contran was presented to our management development and compensation committee, and the committee considered whether to recommend that our board of directors approve the ISA charge. Among other things during such presentation, the committee was informed of:

- the quality of the services Contran provides to us, including the quality of the services certain of our executive officers provide to us;
 - the \$1.0 million charge to us for the services of Harold C. Simmons as our chairman of the board;
- the comparison of the ISA charge and number of full-time equivalent employees reflected in the charge by department for the prior year and proposed for the current year;
- the comparison of the prior year and proposed current year charges by department and in total and such amounts as a percentage of Contran's similarly calculated costs for its departments and in total for those years;
 - the comparison of the prior year and proposed current year average hourly rate; and
 - the concurrence of our chief financial officer as to the reasonableness of the proposed charge.

In determining whether to recommend that the board of directors approve the proposed ISA fee, the management development and compensation committee considers the three elements of Contran's cost of employing the personnel who provide services to us, including the cost of employing certain of our named executive officers, in the aggregate and not individually. After considering the information contained in such presentations, and following further discussion and review, our management development and compensation committee recommended that our board of directors approve the proposed ISA fee after concluding that:

- the cost to employ the additional personnel necessary to provide the quality of the services provided by Contran would exceed the proposed aggregate fee to be charged by Contran to us under our ISA with Contran; and
- the cost for such services would be no less favorable than could otherwise be obtained from an unrelated third party for comparable services.

In reaching its recommendation, our management development and compensation committee did not review:

- any ISA charge from Contran to any other publicly held parent or sister company, although such charge was separately reviewed by the management development and compensation committee of the applicable company; and
- the compensation policies of Contran or the amount of time our named executive officers employed by Contran are expected to devote to us because:
 - o each of our named executive officers employed by Contran provides services to many companies related to Contran, including Contran itself;
 - o the fee we pay to Contran under our ISA with Contran each year does not represent all of Contran's cost of employing each of such named executive officers;
 - o Contran and these other companies related to Contran absorb the remaining amount of Contran's cost of employing each of such named executive officers; and
 - o the members of our management development and compensation committee consider the other factors discussed above in determining whether to recommend that the proposed ISA fee for each year be approved by the full board of directors.

Based on the recommendation of our management development and compensation committee, as well as the concurrence of our chief financial officer, our independent directors approved the proposed annual ISA charge effective January 1, 2011, with our other directors abstaining.

For financial reporting and income tax purposes, the ISA fee is expensed as incurred on a quarterly basis. Contran has implemented a limit of \$1.0 million on any individual's charge to a publicly held company in order to enhance the deductibility by the company of the charge for tax purposes under Section 162(m) of the Internal Revenue Code of 1986, if such section were to be deemed applicable. Section 162(m) generally disallows a tax deduction to publicly held companies for non-performance based compensation over \$1.0 million paid to the company's chief executive officer and four other most highly compensated executive officers. Because of this policy, the portion of the aggregate ISA fee we paid to Contran in each of the last three years that was attributable to the services of Harold C. Simmons was limited to such \$1.0 million amount.

Deductibility of Compensation. It is our general policy to structure the performance-based portion of the compensation of our executive officers, if any, in a manner that enhances our ability to deduct fully such compensation under Section 162(m) of the Internal Revenue Code.

Compensation Committee Report. The management development and compensation committee has reviewed with management the Compensation Discussion and Analysis section in this proxy statement. Based on the committee's review and a discussion with management, the committee recommended to the board of directors that our compensation discussion and analysis be included in this proxy statement.

Summary of Cash and Certain Other Compensation of Executive Officers. The 2011 Summary Compensation Table below provides information concerning compensation we and our subsidiaries paid or accrued for services rendered during the last three years by our chief executive officer, chief financial officer and each of the three other most highly compensated individuals (in certain instances, based on ISA charges to us) who were our executive officers at December 31, 2011. Messrs. Harold C. Simmons, Steven L. Watson and Gregory M. Swalwell were employees of Contran for the last three years and provided their services to us and our subsidiaries pursuant to our ISA with Contran. For a discussion of this ISA, see the Intercorporate Services Agreements part of the Certain Relationships and Transactions section of this proxy statement.

The amounts shown in the 2011 Summary Compensation Table as salary for each of these named executive officers include the portion of the fees we paid pursuant to our ISA with Contran with respect to the services such officer rendered to us and our subsidiaries. The ISA charges disclosed for Contran employees who perform executive officer services to us and our subsidiaries are based on various factors described in the Compensation Discussion and Analysis section of this proxy statement. Our management development and compensation committee considers the factors described in the Compensation Discussion and Analysis section of this proxy statement in determining whether to recommend that our board of directors approve the aggregate proposed ISA fee with Contran. As discussed in the Compensation Discussion and Analysis section of this proxy statement, our management development and compensation committee does not consider any ISA charge from Contran to any other publicly held parent or sister company of ours, although such charge is separately reviewed by the management development and compensation committee of the applicable company. The amounts shown in the table as salary for Messrs. Simmons and Watson also include director cash compensation we paid to each of them for each of the last three years. The components of salary shown in the 2011 Summary Compensation Table for each of these named executive officers are as follows.
