Entergy Mississippi	120
Entergy New Orleans	275
Other	20
Total	1,500

The above cost estimates do not include other potential incremental losses that cannot be estimated at this time or any offset for recovery initiatives being pursued, including insurance reimbursement, federal assistance, and recovery from the Federal Energy Regulatory Commission and local regulatory bodies.

In this Current Report on Form 8-K and from time to time, Entergy makes statements concerning its expectations, beliefs, plans, objectives, goals, strategies, and future events or performance. Such statements are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Although Entergy believes that these forward-looking statements and the underlying assumptions are reasonable, it cannot provide assurance that they will prove correct. Except to the extent required by federal securities laws, Entergy undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. Forward-looking statements involve a number of risks and uncertainties, and there are factors that could cause actual results to differ materially from those expressed or implied in these statements. Some of those factors include, but are not limited to: resolution of pending and future rate cases and negotiations and other proceedings at local and federal regulatory agencies, Entergy's ability to manage its operation and maintenance costs, the performance of Entergy's generating plants, and particularly the capacity factor at its nuclear generating facilities, prices for power generated by Entergy's unregulated generating facilities, the ability to hedge, sell power forward or otherwise reduce the market price risk associated with those facilities, the ability to meet credit support requirements, and the prices and availability of power Entergy must purchase for its utility customers, uncertainty regarding establishment of sites for spent nuclear fuel storage and disposal, Entergy's ability to develop and execute on a point of view regarding prices of electricity, natural gas, and other energy-related commodities, changes in the financial markets, particularly those affecting the availability of capital and Entergy's ability to refinance existing debt, execute its share repurchase program, and fund investments and acquisitions, actions of rating agencies, including changes in the ratings of debt and preferred stock, general corporate ratings, and the rating agencies' ratings criteria, changes in environmental, tax, and other laws, the economic climate, changes in inflation, interest rates, and foreign currency exchange rates, changes in accounting standards, corporate governance, and security law requirements, Entergy's ability to purchase and sell assets at attractive prices and on other attractive terms, volatility and changes in markets for electricity, natural gas, uranium, and other energy-related commodities, changes in utility regulation and in regulation of the nuclear industry, resolution of pending or future applications for license extensions or modifications of nuclear generating facilities, the potential effects of threatened or actual terrorism and war, the effects of Entergy's strategies to reduce tax payments, Entergy's ability to attract and retain talented management and directors, the effects of litigation and weather, and uncertainties associated with efforts to remediate the effects of Hurricanes Katrina and Rita and recovery of costs associated with restoration including Entergy's ability to obtain financial assistance from governmental authorities in connection with these storms, the outcome of the Chapter 11 bankruptcy proceeding of Entergy New Orleans, Inc. and the impact, if any, of this proceeding on other Entergy companies.
