Forward-Looking Statements

This Current Report on Form 8-K, including the Exhibits hereto, may contain forward-looking statements with respect to the Corporation's financial condition, results of operations and business. Do not unduly rely on forward-looking statements. Forward-looking statements can be identified by the use of words such as "may," "should," "will," "could," "estimates," "predicts," "potential," "continue," "anticipates," "believes," "plans," "expects," "future," "intends," "projects," the negative of these terms and other comparable terminology. Statements relating to the "outlook" or "2018 Outlook" contained in Exhibit 99.3 to this Current Report are forward looking statements. These forward looking statements may include projections of, or guidance on, the Corporation's future financial performance, expected levels of future expenses, anticipated growth strategies, descriptions of new business initiatives and anticipated trends in the Corporation's business or financial results.

Forward-looking statements are neither historical facts, nor assurance of future performance. Instead, they are based on current beliefs, expectations and assumptions regarding the future of the Corporation's business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements related to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of the Corporation's control, and actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore, you should not unduly rely on any of these forward-looking statements. Any forward-looking statement is based only on information currently available and speaks only as of the date when made. The Corporation undertakes no obligation, other than as required by law, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

A discussion of certain risks and uncertainties affecting the Corporation, and some of the factors that could cause the Corporation's actual results to differ materially from those described in the forward-looking statements, can be found in the sections entitled "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2017 and Quarterly Report on Form 10-Q for the quarter ended March 31, 2018, which have been filed with the Securities and Exchange Commission and are available in the Investor Relations section of the Corporation's website (www.fult.com) and on the Securities and Exchange Commission's website (www.sec.gov).
