PROXY STATEMENT
FOR THE
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD APRIL 30, 2015

TO OUR SHAREHOLDERS:

This proxy statement is being furnished to holders of the common stock of Southside Bancshares, Inc. (the "Company") in connection with the Company's Annual Meeting of Shareholders (the "Annual Meeting") to be held on Thursday, April 30, 2015, at 4:00 p.m. at Villa Di Felicita, 7891 Highway 110 North, Tyler, Texas, and at any adjournments thereof, for the purpose of considering and acting upon the following:

1. the election of five nominees named in this proxy statement as members of the board of directors of the Company ("the Board") to serve until the Annual Meeting of Shareholders in 2018;
2. the ratification of the appointment by our Audit Committee of Ernst & Young LLP ("EY") to serve as the independent registered public accounting firm for the Company for the year ending December 31, 2015; and
3. the transaction of such other business that may properly come before the Annual Meeting or any adjournment thereof.

This Proxy Statement and a proxy card, as well as the Annual Report of the Company for the year ended December 31, 2014, including financial statements, are first being sent to shareholders on or about March 31, 2015. You are encouraged to review all of the information contained in the proxy materials before voting.

VOTING OF PROXY

If your proxy is executed and returned, it will be voted as you direct. If no direction is provided, the proxy will be voted in accordance with the Board's recommendations, as follows:

FOR the election of all the nominees named in this proxy statement as directors; and
FOR the ratification of the appointment of EY.

The proxies will use their discretion with respect to voting on any other matters presented for a vote. Additionally, if your proxy is executed and returned, it will be voted to approve the minutes of the last Annual Meeting. This vote will not amount to a ratification of the action taken at that meeting nor will it indicate approval or disapproval of that action.

If your shares are registered in your name as the shareholder of record, you may vote by mail, telephone or Internet by following the instructions below. Voting instructions also appear on your proxy card. If you grant a proxy by telephone or by Internet, please have your proxy card available.

To vote by mail, complete, sign, and return the enclosed proxy card in the envelope provided to: Proxy Services, c/o Computershare Investor Services, P.O. Box 43102, Providence, RI, 02940-5138.

To vote by telephone, call toll free 1-800-652-VOTE (8683) within the United States, U.S. territories and Canada any time on a touch tone telephone and follow the instructions provided by the recorded message. There is NO CHARGE to you for the call.

To vote by Internet, access the voting site at www.investorvote.com/SBSI, or scan the Quick Response code with your smartphone and follow the voting instructions set forth on the secure website.

The telephone and Internet procedures are designed to authenticate the shareholder's identity and to allow shareholders to vote their shares and confirm that their voting instructions have been properly recorded. Shareholders who vote by telephone or Internet do not need to return the proxy card. Proxies submitted by telephone or Internet must be recorded by 11:59 p.m. Eastern time on April 29, 2015.

If you hold your shares in “street name” in a stock brokerage account or through a bank, trust or other nominee, the broker or other nominee is considered the record holder and you are the beneficial owner of the shares. Beneficial owners vote their street name shares by instructing their broker or other nominee how to vote using the voting instruction form provided by the broker or nominee. Brokers have authority to vote in their discretion on “routine” matters if they do not receive voting instructions from the beneficial owner of the shares.

Please note that the proposal to elect directors is not considered a routine matter. Consequently, if you do not give your broker or nominee specific voting instructions with respect to that proposal, your street name shares will be treated as broker non-votes with respect to that proposal (see “Quorum, Voting Rights and Procedures” below).

If you hold your shares in street name and want to vote in person at the Annual Meeting, you must obtain from your broker or nominee a legal proxy issued in your name giving you the right to vote the shares directly at the meeting. You will not be entitled to vote at the meeting unless you present such a proxy to the Company at that time.

REVOCABILITY OF PROXY

Your proxy may be revoked prior to the Annual Meeting by providing notice in writing to the Corporate Secretary at the Company's principal executive office, located at 1201 South Beckham Avenue, Tyler, Texas 75701, at any time, or by advising the Corporate Secretary at the Annual Meeting that you wish to revoke your proxy and vote your shares in person. Your attendance at the Annual Meeting will not constitute automatic revocation of the proxy.

PERSONS MAKING THE SOLICITATION

The Company's Board is soliciting the proxy. The expense of soliciting your proxy will be borne entirely by the Company and no other person or persons will bear such costs either directly or indirectly. Proxies will be solicited principally by mail, but may also be solicited by personal interview, telephone and email by directors, officers and employees of the Company who will receive no additional compensation.

RECORD DATE AND OUTSTANDING SHARES

The Company's Board has fixed the close of business on March 6, 2015, as the record date for determining the holders of common stock of the Company entitled to notice of and to vote at the Annual Meeting. At the close of business on March 6, 2015, there were approximately 24,110,953 shares of common stock outstanding and eligible to be voted on each matter.

QUORUM, VOTING RIGHTS AND PROCEDURES

The approval of all proposals brought before the Annual Meeting requires a quorum be present at the Annual Meeting. The presence, in person or by properly submitted proxy, of the holders of a majority of the shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. In the event that a quorum is not represented in person or by proxy at the Annual Meeting, a majority of shares represented at that time may adjourn the Annual Meeting to allow the solicitation of additional proxies or other measures to obtain a quorum.

Each shareholder is entitled to one vote on each proposal per share of common stock held as of the record date.

Proposal 1, the election of five directors to serve until the 2018 Annual Meeting, requires approval by a "plurality" of the votes cast by the shares of common stock entitled to vote in the election. This means that the five nominees for director who receive the highest number of properly cast votes will be elected as directors even if those nominees do not receive a majority of the votes cast.

Proposal 2, the ratification of EY as the Company's independent registered public accounting firm, and any other matter that may properly come before the Annual Meeting, require approval by a majority of the shares of common stock entitled to vote on, and voted for or against, or expressly abstained from voting, with respect to the matter.

EFFECT OF WITHHOLD VOTES, ABSTENTIONS AND BROKER NON-VOTES

Shares represented at the Annual Meeting that are withheld or abstained from voting and broker non-votes will be considered present for the purpose of determining a quorum at the Annual Meeting.

For Proposal 1, shares represented by proxies that are marked "withhold" for the election of one or more director nominees will not be counted in determining the number of votes cast for those persons.

For Proposal 2 and for any other matter that may properly come before the meeting, express abstentions will be included in vote totals and, as such, will have the same effect on those proposals as a vote against such proposals.

For Proposals 1 and 2, and for any other matter that may properly come before the meeting, broker non-votes (i.e., the submission of a proxy by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter), if any, will not be included in vote totals and, as such, will have no effect on such proposals.

ELECTION OF DIRECTORS

(PROPOSAL 1)

The Board is classified into three classes, all of which are comprised of five directors, for a total of 15 directors. One class of directors is elected each year for a three-year term. At the Annual Meeting five directors are to be elected for a term of three years. Under NASDAQ listing rules, a majority of the Board must be comprised of independent directors. The Board has determined that each director nominated is independent under NASDAQ listing rules. The five nominees identified below are nominees for election at the Annual Meeting for a three-year term expiring at the 2018 Annual Meeting:

Term Expiring 2018

For biographical information on the nominees, please see “Information About Our Directors, Nominees and Executive Officers.”

Unless otherwise instructed, proxies received in response to this solicitation will be voted in favor of the election of the persons nominated by the Nominating Committee for directors of the Company. While it is not expected that any of the nominees will be unable to qualify or accept office, if for any reason one or more shall be unable to do so, the proxies will be voted for the substitute nominee(s) selected by the Board of the Company.

CORPORATE GOVERNANCE

Board Leadership Structure

Our Board of Directors functions in a collaborative fashion that emphasizes active participation by all of its members. Our business is conducted day-to-day by our officers, under the direction of our CEO, Sam Dawson, with oversight from the Board, to enhance the long-term value of the Company for its shareholders. Mr. Dawson also serves as a member of the Board, which enables him to communicate the Board's strategic findings and guidance to management. Our Board determines who to appoint as our Chairman based on the knowledge and experience of the people then serving on our Board and chooses the person whom it believes best meets the needs of our company. Based on these factors, in 2014 the Board elected Joe Norton as the Chairman effective January 1, 2015. Mr. Norton has been a board member since 1988 and has served on various board committees for the Company and for Southside Bank which gives him an extensive overall knowledge of the Company. This history also brings a good working relationship with management. Also in 2014 John R. (Bob) Garrett was elected as Vice-Chairman effective January 1, 2015. Mr. Garrett has served on various board committees for the Company and for Southside Bank and has proven to be an integral part of the Board since his election in 2009. Both Mr. Norton and Mr. Garrett are independent directors and serve as ex-officio nonvoting members of the Audit, Nominating, and Compensation Committees.

Independent Directors

The Company's common stock is listed on the NASDAQ Global Select Market. NASDAQ listing rules require a majority of our directors be "independent directors," as defined in the NASDAQ listing rules. The Board has affirmatively determined that all of the Company's directors, other than Messrs. Hartley and Dawson, are independent directors under the NASDAQ listing rules. All board committees are comprised solely of and chaired by independent directors.

Shareholder Communication with the Board of Directors

The Company has adopted a procedure by which shareholders may send communications to one or more members of the Board by writing to such director(s) or to the whole Board in care of the Corporate Secretary, Southside Bancshares, Inc., Post Office Box 8444, Tyler, Texas 75711. Any such communications will be promptly distributed by the Corporate Secretary to such individual director(s) or to all directors if addressed to the whole Board.

Code of Ethics

The Company has adopted a Code of Ethics, applicable to all directors and executive officers of the Company. The Code of Ethics is available on the Company's website, www.southside.com/about/investor-relations under the topic Governance Documents. Within the time period required by the Securities and Exchange Commission ("SEC") and the NASDAQ Global Select Market, we will post on our website any amendment to our Code of Ethics and any waiver applicable to any of our directors, executive officers or senior financial officers.

Procedures for Reporting Concerns about Accounting, Internal Accounting Controls or Auditing Matters

Management of the Company has established a Whistle Blower Policy, which includes a fraud hotline. This includes an online reporting system as well as a toll-free, 24-hour, seven-day-a-week hotline. This is a confidential service in which officers and employees can report to an independent company any questionable accounting or auditing matters, including, but not limited to, the following: fraud or deliberate error in the preparation, evaluation, review or audit of any financial statement of the Company; fraud or deliberate error in the recording and maintaining of financial records of the Company; deficiencies in or noncompliance with the Company's internal accounting controls; misrepresentation or false statement to or by a senior officer or accountant regarding a matter contained in the financial records, financial reports or audit reports of the Company; or deviation from full and fair reporting of the Company's financial condition. Any complaints received by the independent company will be reported directly to the Chairman of the Audit Committee and to the head of the Company's Internal Audit department. Complaints will be reviewed by Internal Audit under the direction of the Audit Committee. Complaints submitted will be promptly investigated and appropriate corrective action will be taken, as warranted by the investigation. Management is committed to comply with all applicable securities laws and regulations and, therefore, encourage officers and employees to raise concerns regarding any suspected violations of those standards by using the fraud hotline.

Anti-Hedging and Anti-Pledging Policy

The Company maintains an anti-hedging and anti-pledging policy, which prohibits executive officers, directors and employees who receive equity grants from (1) directly or indirectly engaging in any hedging or monetization transactions, such as exchange funds, prepaid variable forward contracts, equity swaps, puts, calls, collars, forward sale contracts and other derivative instruments, through transactions in the Company's securities or through the use of financial instruments designed for such purpose, (2) engaging in short sale transactions in the Company's securities or (3) pledging the Company's securities as collateral for a loan, including through the use of traditional margin accounts with a broker. The Company maintains this policy because hedging transactions, which might be considered short-term bets on the movement of the Company's securities, could create the appearance that the person is trading based on inside information. In addition, transactions in options may also focus the person's attention on short-term performance at the expense of the Company's long-term objectives. Finally, the Company maintains this policy because a margin sale or foreclosure sale may occur at a time when the pledger is aware of material nonpublic information or otherwise is not permitted to trade in the Company's securities and the margin sale or foreclosure sale of the Company's securities during such time could also create the appearance that the person is trading based on inside information.

Board of Directors Meeting Attendance

The Board of Directors and its committees held the following number of meetings during the fiscal year ended December 31, 2014:

Board	24
Audit Committee	28
Nominating Committee	2
Compensation Committee	2

Mr. Hartley attended less than 75% of the aggregate meetings of the Board. No member of the Board attended less than 75% of the aggregate meetings of any committee on which such director served during 2014. All of the Company's directors were in attendance at the Company's 2014 Annual Meeting. Although the Company has not adopted a formal written policy with respect to director attendance at meetings, we encourage our directors to attend each annual meeting of shareholders and all meetings of the Board and committees on which the directors serve. These committees were formed to assist the boards of directors of Southside Bank and the Company in the discharge of their respective responsibilities. The purpose and composition of these committees with respect to persons who are directors of the Company and Southside Bank are described below.

Board Oversight of Risk

The Company's Board of Directors recognizes that, although day-to-day risk management is primarily the responsibility of the Company's management team, the Board plays a critical role in the oversight of risk. The Board believes that an important part of its responsibilities is to assess the major risks the Company faces and review the Company's options for monitoring and controlling these risks. The Board assumes responsibility for the Company's overall risk assessment. The Audit Committee has specific responsibility for oversight of risks associated with financial accounting and audits, as well as internal control over financial reporting. This includes the Company's risk assessment and management policies, the Company's major financial risk exposure and the steps taken by management to monitor and mitigate such exposure. The Compensation Committee oversees the risks relating to the Company's compensation policies and practices, as well as management development and leadership succession, in the Company's various business units. The Board as a whole examines specific business risks including but not limited to credit risk, interest rate risk and operations risk, in its regular strategic reviews on a company-wide basis.

In addition to periodic reports from the Audit Committee and Compensation Committee about the risks over which they have oversight, the Board receives presentations throughout the year from management that include discussions of significant risks specific to their area as necessary. Periodically, at Board meetings, management discusses matters of particular importance or concern, including any significant areas of risk requiring Board attention. We believe our risk oversight structure is also supported by our current Board leadership structure, with the Chairman of the Board working together with the independent Audit Committee and other standing committees.

COMMITTEES OF THE COMPANY

Audit Committee of Southside Bancshares, Inc.

The Audit Committee of the Board was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended, or the Exchange Act, and consists of eight directors, Messrs. Lovelady (Chairman), L. Anderson, Cade, de Wet, Sheehy, Smith, Thedford, and Ms. S. Anderson. Each member of the Audit Committee is an independent director as defined by the current NASDAQ listing rules and applicable SEC rules. In addition, the Nominating Committee of the Board has unanimously determined that Mr. Lovelady, a CPA, qualifies as an “audit committee financial expert” as defined by the SEC. The Nominating Committee of the Board has also unanimously determined that all Audit Committee members are financially literate under the current NASDAQ listing rules. The Audit Committee is primarily responsible for the engagement of the independent registered public accounting firm, oversight of the Company’s financial statements and controls, assessing and ensuring the independence, qualifications, and performances of the independent registered public accounting firm, approving the services and fees of the independent registered public accounting firm and reviewing and approving the annual audited financial statements for the Company before issuance, subject to the approval of the Board. The Audit Committee manages the Company’s relationship with its independent registered public accounting firm, who report directly to the Audit Committee. The Audit Committee also monitors the internal audit function, internal accounting procedures and assures compliance with all appropriate statutes and regulations. The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting or other advisors as the Audit Committee deems necessary to carry out its duties, with funding from the Company for such advice and assistance. No members of the Audit Committee received any compensation from the Company during the last fiscal year other than directors’ fees. The Audit Committee met 28 times during 2014.

Audit Committee Charter

The Board has adopted a formal written Audit Committee charter that outlines the purpose of the Audit Committee, sets forth the membership requirements and addresses the key responsibilities of the Audit Committee. A copy of the Audit Committee charter may be obtained at the Company’s website, www.southside.com/about/investor-relations, under the topic Governance Documents.

Nominating Committee of Southside Bancshares, Inc.

The Nominating Committee is responsible for identifying, screening and nominating candidates for election to the Board. The Committee is comprised of Messrs. Smith (Chairman), Buie, Cade, de Wet, Powell and Sheehy, each of whom is an independent director of the Company, as defined by the current NASDAQ listing rules, and a director of Southside Bank. The Nominating Committee met two times in 2014.

The Nominating Committee seeks to create a Board that is, as a whole, strong in its collective knowledge and diversity of skills and experience and background with respect to accounting and finance, management and leadership, business judgment, industry knowledge and corporate governance. When the Nominating Committee reviews a potential new candidate, it looks specifically at the candidate’s qualifications in light of the needs of the Board and the Company at that time, given the then-current mix of director attributes.

The Company’s Board of Directors has established the following process for the identification and selection of candidates for director. The Nominating Committee, in consultation with the Chairman of the Board, annually reviews the appropriate experience, skills and characteristics required of Board members in the context of the current membership of the Board to determine whether the Board would be better enhanced by the addition of one or more directors. In considering board of director candidates, the Nominating Committee takes into consideration all factors that it deems appropriate, including, but not limited to, the individual’s character, education, experience, knowledge, skills and ownership of the Company’s stock. The Nominating Committee will also consider the extent of the individual’s experience in business, education or public service, his or her ability to bring a desired range of skills, diverse perspectives and experience to the Board and whether the individual possesses high ethical standards, a strong sense of professionalism and is capable of serving the interests of shareholders. A candidate should possess a working knowledge of the Company’s current local market areas. Additionally, the Nominating Committee will consider the number of boards the candidate currently serves on when assessing whether the candidate has the appropriate amount of time to devote to serving on the Company’s Board. The Nominating Committee, when considering diversity, gives

strong consideration to a wide range of diversity factors as a matter of practice when evaluating candidates to the Board and incumbent directors, but the Committee does not have a formal policy regarding Board diversity. The Nominating Committee identifies candidates to the Board by introduction from management, members of the Board, employees or other sources, and shareholders that satisfy the Company's policy regarding shareholder recommended candidates. The Nominating Committee does not evaluate director candidates recommended by shareholders differently than director candidates recommended by other sources. Shareholders wishing to submit recommendations for the 2016 Annual Meeting should write to the Nominating Committee in care of the Assistant Corporate Secretary, Southside Bancshares, Inc., Post Office Box 8444, Tyler, Texas 75711. Any such shareholder must follow the procedures set forth in the Company's bylaws and the Nominating Committee charter. Our bylaws provide that proposals that comply with all rules and requirements of the SEC and are included in our proxy statement are deemed to comply with the advance notice procedures in our bylaws. Recommendations must be filed with the Assistant Corporate Secretary, on or before December 2, 2015, in order to be included in the proxy statement for the 2016 Annual Meeting. See "Shareholder Proposals." The Nominating Committee is not obligated to nominate any individual for election. No shareholder recommendations or nominations have been received by the Company for this Annual Meeting. Accordingly, no rejections or refusals of such candidates have been made by the Company. In addition, the Nominating Committee is responsible for identifying, screening, and nominating candidates for election to the Compensation Committee and Audit Committee and designating individuals, if any, as an "audit committee financial expert." These nominations are then submitted to the Board for final approval.

Director Stock Ownership Policy

To help promote the alignment of the personal interests of the Company's directors with the interests of our shareholders, the Company established in February 2014, a stock ownership policy for all non-employee directors. Under this policy, each non-employee director is required to acquire at least 5,000 shares of the Company's common stock within five years after the date he or she is first elected as a director. The acquisition period is measured using the calendar year. For current directors, the policy requires that they accumulate these shares over the five years beginning on January 1, 2014. For any new directors, their five-year accumulation period will begin on January 1 of the year following their election. To the extent a director is not in compliance with the policy after the five year accumulation period, any compensation paid to that director must be in the form of stock compensation and the director is required to retain 50% of these stock awards.

The following table shows the stock ownership as of March 6, 2015 of our non-employee directors serving on that date and the percentage of the ownership guideline they have reached.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

In the paragraphs that follow, we will give an overview and analysis of our compensation programs and policies, the material compensation decisions we have made under those programs and policies, and the material factors that we considered in making those decisions. Later in this proxy statement under the heading "Executive Compensation" you will find a series of tables containing specific information about the compensation earned or paid in 2014 to the following executive officers, who are referred to as the "named executive officers" or "NEOs."

Sam Dawson - Chief Executive Officer, President and Director of the Company and Southside Bank;

Lee R. Gibson, CPA - Senior Executive Vice President and Chief Financial Officer of the Company and Southside Bank and Director of Southside Bank;

- Peter M. Boyd - Regional President, Central Texas, and Advisory Director of Southside Bank;

• Earl W. (Bill) Clawwater, III - Executive Vice President, Chief Credit Officer and Advisory Director of Southside Bank;

• Brian K. McCabe - Executive Vice President and Chief Analytics Officer.

The Compensation Committee of the Board (“the Committee”) has responsibility for reviewing and establishing the Company’s compensation programs, consistent with the Company’s compensation philosophy. The Committee attempts to ensure that the total compensation paid to the NEOs is fair, reasonable, and competitive. The Committee conducts an annual base salary and bonus compensation level review of the NEOs and engages outside consultants, as discussed below. When determining compensation, the Company typically does not establish specific performance goals for the NEOs, but instead evaluates and reviews each NEO’s contribution to the overall performance of the Company, taking into account any changes in duties or responsibilities, the overall banking environment, skills and talents demonstrated during the year and leadership skills.

During 2014, the Committee reviewed with management the design and operation of the incentive compensation arrangements for the NEOs and other employees of Southside Bank for the purpose of determining whether such programs might encourage inappropriate risk-taking that could have a material adverse effect on the Company. The Committee concluded the incentive plans and policies do not encourage the NEOs or other employees to take risks that are reasonably likely to have a material adverse effect on the long-term well-being of the Company.

The Committee also reviews and develops recommendations for director compensation, including committee service fees.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program is one that is designed to reward long-term and strategic performance, and which aligns executives' interests with those of the shareholders with the ultimate objective of improving long-term shareholder value. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior officers in key positions and that compensation provided to key officers remains competitive relative to the compensation paid to similarly situated executives of our peer companies (as discussed below). To that end, the Committee believes executive compensation provided by the Company to its NEOs should include both cash and other benefits that reward both Company and executive performance. Performance is evaluated in a number of ways. First and most importantly, the committee evaluates the overall performance of the Company during the year and over a longer term, typically three years. Performance metrics evaluated include profitability, return on equity, ability to pay dividends to shareholders, overall asset quality, capital levels and earnings per share. The Company's performance is measured against its peers utilizing outside independently produced peer group data. The committee also takes into consideration the results of outside examinations and audits. The committee evaluates individual performance of each NEO in their areas of responsibility and to the Company as a whole, taking into consideration the overall banking environment. Using this information as a guide the committee then works through its process of evaluating and setting compensation.

Role of Executive Officers in Compensation Decisions

The Committee makes recommendations to the Board regarding all compensation decisions for the NEOs. The CEO provides input regarding the performance of the other NEOs and makes recommendations for compensation amounts payable to the other NEOs. These recommendations are based on the CEO's personal observation of each NEO's performance, commitment and contribution to the Company. The CEO is not involved with any aspect of determining his own pay.

Setting Executive Compensation

Based on the compensation objectives noted above, the Committee has structured the NEOs' annual compensation to be competitive and to motivate and reward the NEOs for their performance.

In furtherance of this, the Committee occasionally engages an outside consulting firm to conduct a peer review of its overall compensation program for the NEOs. A peer review was conducted in 2013. The Committee engaged Pearl Meyer & Partners ("PM&P") to serve as an independent outside consultant to Southside Bancshares, Inc., reporting directly to the Committee. PM&P was engaged to prepare an Executive Compensation Review specifically for the Committee for 2013. This Executive Compensation Review was based on a custom peer group selected by PM&P based on asset size, location and performance (the "Compensation Peer Group"). PM&P provided the Committee a letter with a statement of independence and the procedures they follow to remain independent. The Compensation Peer Group is comprised of sixteen public commercial banks in Texas, Oklahoma, Arkansas, Louisiana, Arizona, Colorado, Mississippi and Missouri, against which PM&P and the Committee believes the Company competes for talent. At the time of the study the Compensation Peer Group assets ranged from \$1.5 billion to \$7.6 billion with a median asset size of approximately \$3.4 billion. The companies comprising the Compensation Peer Group were:

BancFirst Corporation	Independent Bank Group, Inc.
CoBiz Financial Inc.	MetroCorp Bancshares, Inc.
First NBC Bank Holding Company	MidSouth Bancorp, Inc.
Enterprise Financial Services Corp	Renasant Corporation
First Financial Bankshares, Inc.	Southwest Bancorp, Inc.
Great Southern Bancorp, Inc.	Simmons First National Corporation
Guaranty Bancorp	ViewPoint Financial Group, Inc.
Home Bancshares, Inc.	Western Alliance Bancorporation

During Committee discussions regarding setting NEO compensation for 2014, the Committee referenced the 2013 Executive Compensation Review. The Compensation Peer Group data is used for comparative purposes only. We do not target executive officer pay opportunities at any particular percentile relative to our Compensation Peer Group. The Committee evaluates the NEO's compensation and reviews and discusses performance, job

responsibilities and tenure for each NEO position. Based on this review and discussion of each NEO, the Committee determines the NEO's total compensation. There is no pre-established policy or target for the allocation among different types of compensation. In determining the appropriate mix of compensation for 2014, the Committee took into consideration that although the Company could utilize equity-based compensation as part of its executive officer compensation program, the Committee had determined when it granted equity awards in December 2013, that it would likely wait at least 18 months before granting additional awards to those that received awards in December 2013.

2014 In Review

During 2014 the Company acquired OmniAmerican, a \$1.3 billion bank holding company. The Company also decided to exit the subprime automobile business and sold all of the loans purchased by the Company's subsidiary SFG Finance, LLC ("SFG").

Southside Bancshares, Inc. financial results for 2014, included a return on average shareholders' equity of 7.24% and a return on average assets of 0.60%. Net income for 2014 decreased \$20.4 million, or 49.4%, to \$20.8 million and diluted earnings per common share decreased \$1.10, or 50.2%, to \$1.09 after merger expenses of \$15.9 million related to the acquisition of OmniAmerican and losses of \$7.9 million related to the sale of the SFG loans. During 2014 loans increased 61.4%, and nonperforming assets decreased to 0.26% of total assets.

2014 Executive Compensation Components

For the fiscal year ended December 31, 2014, the principal components of compensation for NEOs were:

- Base salary;
- Annual bonus;
- Annual Incentive Program;
- Long-term equity incentive awards;
- Retirement benefits;
- Perquisites and other personal benefits; and
- Health and welfare benefits.

Base Salary

The Company provides NEOs and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salaries for NEOs are determined based on their position and responsibility by using comparable market data adjusted for duties and responsibilities.

During the review of base salaries for executives, the Committee primarily considers:

- Compensation Peer Group data;
- internal review of the executive's compensation, both individually and relative to our other officers;
- overall individual performance of the executive;
- scope of responsibilities;
- experience; and
- tenure with the Company.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit-based increases to salaries of NEOs are based on the Committee's assessment of performance after considering recommendations of the CEO. The NEO salaries were approved by the Committee for 2014 based on the CEO's recommendations for the other NEOs and company performance.

After considering all of the relevant factors and the performance of each executive, the Committee decided that Messrs. Dawson and Gibson would receive a 2.9% increase in base salary for 2014. Mr. Boyd received an increase in base salary of 3.6% for 2014. Mr. Boyd's compensation package represents a guaranteed compensation package for three years commensurate to previous compensation in consideration for Mr. Boyd agreeing to relocate from Tyler, Texas to open a new branch for the Company in Austin, Texas. The guaranteed base salary was to allow Mr. Boyd time to build his loan portfolio in Austin to a level that would allow Mr. Boyd an opportunity after the three year guaranteed period to receive a compensation package with a salary more commensurate to his previous salary combined with an incentive bonus as a commercial lender commensurate to that which he received in Tyler. Mr. Clawater and Mr. McCabe received a 19.0% and 5.6% increase in base salary for 2014, respectively. Mr. Clawater's increase was due to the additional duties and responsibilities he incurred when he assumed the position of Senior Credit Officer of Southside Bank.

Annual Bonus

All officers and employees of the Company have historically been paid an annual bonus equal to 12.5% of base salary. While referred to as a bonus, the 12.5% has been paid to all employees for over 30 years and is considered by most employees as part of their base salary even though it is approved as a bonus by the Board. During 2014 the Board approved this bonus to be added to all employees and officers salaries. Effective January 1, 2015 it has been fully rolled into salaries and will no longer be a separate bonus amount. For 2014, a 2.5% bonus was paid in June, and then in early October 2014, a 10% bonus was paid on the first nine months of wages. After that, the 10% was added to all employee wages for the balance of the year. Effective January 1, 2015, 2.5% was added to all employee wages.

New Annual Incentive Program for 2014

Prior to January 2014, the annual cash bonus program was primarily comprised of discretionary cash bonus awards. In December 2013, upon the approval of the Board based on the recommendation of the Compensation Committee, the Company implemented a performance-based annual incentive bonus program, the Annual Incentive Program ("AIP") to replace approximately 75% of the discretionary cash bonus awards starting January 1, 2014. Any discretionary cash

bonus award for the Company's CEO and CFO annually will be based upon the Company's performance and individual contributions. The Compensation Committee may also award cash bonuses to other named executives and senior officers of the Company of the Bank.

Participants in the program for 2014 are Messrs. Dawson and Gibson. Under the program, Messrs. Dawson and Gibson have a maximum incentive opportunity of 60% and 45% of base salary, respectively. Due to the fact that 12.5% annual bonus was rolled into the base salary, for purposes of calculating the AIP the base salaries for Messrs. Dawson and Gibson before the 12.5% bonus was rolled in was used.

We believe that a significant amount of our executives' compensation should be contingent on our performance. The AIP formalizes this philosophy for our top executives by providing a cash incentive for the attainment of profitable growth and stable financial operating conditions.

For 2014, the Compensation Committee approved the following performance measures, all of which are weighted equally:

Earnings per share growth (fully-diluted)

Loan growth

Return on average equity

Efficiency ratio

Non-performing loans as a percentage of total assets

We believe that a focus on these metrics over time will support sustained performance and the long-term creation and preservation of shareholder value return.

Performance measures, goals and weighting will be set annually by the Compensation Committee. In determining the amount of the annual incentive payment, a threshold level of performance is established for each measure.

Participants will earn a cash award based on the amount by which actual performance exceeds the threshold goal as set forth below, up to the set percentage of bonus allocated to each performance measure. In the event the Company's performance is less than the threshold with respect to a particular performance measure, no incentive compensation is payable for that particular measure.

Performance Measure	Weighting	Threshold	Award for Achieving Performance Over Threshold
Fully Diluted EPS Growth	20%	5.0%	2.5% for each 1% above the threshold
Loan Growth	20%	5.0%	2% for each 1% above the threshold
ROAE	20%	8.0%	2.5% for each 1% above the threshold
Efficiency Ratio	20%	62.5%	2% for each 1% below the threshold
NPAs / Assets	20%	0.5%	1.5% for each 0.01% below the threshold

The following table presents the actual performance results for 2014 compared to the thresholds for the performance measures and the resulting Annual Incentive Program percentage earned for 2014.

Performance Measure	Weighting	Threshold	Award for Achieving Performance Over Threshold	2013 Result	2014 Result	2014 Result	Compared to Threshold	Award	Maximum Award Weighting
Fully Diluted EPS Growth	20%	5.0%	2.5% for each 1% above the threshold	\$2.19	\$1.09	-50.23%	-55.23%	0.00%	0.00%
Loan Growth	20%	5.0%	2% for each 1% above the threshold	\$1,351,273	\$2,181,133	61.41%	56.41%	112.82%	20.00%
ROAE	20%	8.0%	2.5% for each 1% above the threshold			7.24%	-0.76%	0.00%	0.00%
Efficiency Ratio	20%	62.5%	2% for each 1% below the threshold			55.42%	7.08%	14.16%	14.16%
NPAs / Assets	20%	0.5%	1.5% for each 0.01% below the threshold			0.26%	0.24%	36.00%	20.00%
Formulaic Annual Incentive Program portion of Annual Bonus									54.16%

For 2015, the Committee has made the following changes to the AIP. Due to the 12.5% annual bonus being rolled into base salary, the maximum incentive opportunity for Messrs. Dawson and Gibson have been reduced to 50% and 35% of base salary, respectively. In addition, the efficiency ratio threshold has been reduced to 60.0% from 62.5% and the

NPAs/Assets threshold has been reduced from 0.5% to 0.35%.

Long-Term Equity Incentive Awards

The Southside Bancshares, Inc. 2009 Incentive Plan provides for the grant of equity awards to our employees, officers or directors. The primary purpose of the 2009 Incentive Plan is to promote our success by linking the personal interests of our employees, officers, directors and consultants to those of our shareholders, and by providing participants with an incentive for outstanding performance. During 2010, the Compensation Committee approved a long-term equity program that provides for the grant of equity consistent with the directives in the 2009 Incentive Plan. The Committee engaged the services of PM&P to assist in guiding the Committee as to what is comparable and customary related to long-term equity programs. The Plan outlines the type of incentive awards to be granted under the 2009 Incentive Plan and establishes proposed amounts for participants, subject to final approval by the Committee. We believe these awards align executive performance and achievement with shareholder interests. Our NEOs were awarded long-term equity awards in 2011, 2012 and 2013 with a value equal to a specified percentage of their base salaries, as follows: Mr. Dawson, 50%; Mr. Gibson, 40%; Mr. Boyd, 25%; Mr. Clawwater, 25%; and Mr. McCabe, 25%. These awards were granted 50% in the form of stock options and 50% in the form of restricted stock units (RSUs). Details of the equity awards granted to the NEOs are set forth in the Outstanding Equity Awards at 2014 Fiscal Year-End table below. No equity awards were granted to the NEOs in 2014. We anticipate additional grants will be made during 2015.

Retirement Benefits

Retirement benefits fulfill an important role within the Company's overall executive compensation program because they provide a financial security component which promotes retention. We place great value on the long-term commitment that many of our employees and the NEOs have made to us and aim to incent those individuals to remain with the Company and to act in a manner that will provide longer-term benefits to the Company. The Company believes that its retirement program is comparable to those offered by the banks in our Compensation Peer Group and, as a result, is needed to ensure that our executive compensation remains competitive.

Our retirement plans are designed to encourage employees to take an active role in planning, saving and investing for retirement. The Company maintains a 401(k) plan (the "401(k) Plan"), a tax-qualified, defined contribution plan in which substantially all of our employees, including the NEOs, are eligible to participate. The Company also maintains a tax-qualified, defined benefit pension plan (the "Pension Plan") pursuant to which participants are entitled to benefits based on final average monthly compensation and years of credited service. In addition, the Company maintains a non-qualified supplemental retirement plan (the "Restoration Plan") which provides benefits in addition to the Pension Plan. The Pension Plan and the Restoration Plan are described in more detail under the Pension Benefits table in this Proxy Statement.

The Company has entered into deferred compensation agreements with each of the continuing NEOs that provide for the payment of a stated amount over a specific period of years. These deferred compensation agreements are described in more detail under the Pension Benefits table in this Proxy Statement.

The Company has also entered into split dollar agreements with Mr. Dawson, Gibson and Boyd which allow the executives to designate the beneficiaries of death benefits under a life insurance policy. These agreements are described in more detail under the summary compensation table in this Proxy Statement.

Perquisites and Other Personal Benefits

The Company provides NEOs with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The committee periodically reviews the levels of perquisites and other personal benefits provided to NEOs. The Committee did not review perquisites during 2014, and there were no changes in the types of perquisites provided in 2014. Perquisites provided to NEOs during 2014 were Company paid club dues and a Company provided automobile, with the exception of Mr. Boyd, Mr. Clawater and Mr. McCabe who received a fixed monthly car allowance. Club memberships are made available to various officers who are expected to routinely entertain customers or prospective customers.

Health and Welfare Benefits

The Company offers a standard range of health and welfare benefits on a uniform basis and subject to insurance policy limitations to employees, including NEOs, and their eligible dependents. The benefits are designed to attract and retain employees and provide security to employees for their health and welfare needs. The benefits include: medical, prescription, dental, vision, employee life, group life and flexible spending accounts. NEOs participate in these employee benefit plans, which are generally available to full-time employees on the same terms as a similarly situated employee. Another benefit available to officers at or above the Vice President level and meeting a salary requirement, is a bank provided long-term disability insurance policy which includes accidental death and travel insurance plans and programs.

Severance

The Company entered into Employee Agreements with Mr. Dawson and Mr. Gibson in October 2007 and Mr. McCabe in November 2008. The Board determined that it was in the best interest of the Company to retain the services and encourage the continued attention and dedication of Messrs. Dawson, Gibson and McCabe to their assigned duties. The severance and change in control termination amounts were negotiated based on these NEOs' tenure, scope of responsibilities and other provisions in the agreement.

For a further discussion of the terms of the Employment Agreements, please see the discussion on page 23.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that we may deduct in any year with respect to any one of our NEOs. This limitation does not apply to compensation that meets

the requirements under Section 162(m) for “qualifying performance-based” compensation. The committee intends to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent.

EXECUTIVE COMPENSATION

The following table sets forth the compensation earned by or paid to each of the NEOs for the fiscal years ended December 31, 2014, 2013 and 2012. This information relates to compensation paid to the NEOs by Southside Bank, as the Company does not directly pay compensation to the NEOs.

Employment Agreements

The Company maintains employment agreements with Sam Dawson, President and CEO, Lee R. Gibson, Senior Executive Vice President and CFO and Brian K. McCabe, Executive Vice President and Chief Analytics Officer, (the “Employment Agreements”). The Employment Agreements with Mr. Dawson and Mr. Gibson were entered into as of October 22, 2007 and initially extended through October 22, 2010, with automatic one year term extensions beginning on the first anniversary of the effective date, until a party gives 90 days' notice of non-renewal. The agreements are now in effect until October 22, 2017. The Employment Agreement with Mr. McCabe was entered into as of November 17, 2008 and initially extended through November 17, 2011, with automatic one year term extensions beginning on the first anniversary of the effective date, until a party gives 90 days' notice of non-renewal. This agreement is now in effect until November 17, 2017.

The Employment Agreements provide for an annual base salary to be reviewed no less frequently than annually by the Committee, and entitle Messrs. Dawson, Gibson and McCabe to receive an annual incentive payment of not less than 12.5% of base salary. The amount actually awarded and paid to the executives each year will be determined by the Committee and may be based on specific performance criteria.

The Employment Agreements entitle Messrs. Dawson, Gibson and McCabe to participate in all incentive, savings and retirement plans or programs and welfare and fringe benefits which are generally available to officers of the Company of comparable levels. Finally, the Employment Agreements state that the Company may pay country club annual dues and expenses for each of Messrs. Dawson, Gibson and McCabe.

The Employment Agreements also provide Messrs. Dawson, Gibson and McCabe with severance benefits in the event of certain terminations of employment. These benefits are described in “Potential Payments upon Termination or Change in Control” beginning on page 23 of this proxy statement.

Split Dollar Agreements

In 2004, the Company entered into split dollar agreements with Messrs. Dawson, Gibson, and Boyd. The agreements provide that the Company will be the beneficiary of Bank Owned Life Insurance (commonly referred to as BOLI) insuring the executives' lives. The agreements provide the executives with the right to designate the beneficiaries of the death benefits guaranteed in each agreement. The agreements originally provided for death benefits of an initial aggregate amount of \$2.5 million for the NEOs. The individual amounts are increased annually on the anniversary date of the agreement by an inflation adjustment factor of 5% for Messrs. Dawson and Gibson, and 3% for Mr. Boyd. As of December 31, 2014, the expected death benefits totaled \$2.8 million under these agreements. The agreements also state that after the executive's retirement date, the Company will pay an annual gross-up bonus to the executive in an amount sufficient to enable the executive to pay federal income tax on both the economic benefit and on the gross-up bonus itself. The expense associated with the post retirement liability was \$7,000 for the year ended December 31, 2014.

Pension Plan

The Pension Plan is a tax-qualified, defined benefit pension plan pursuant to which participants are entitled to benefits based on final average monthly compensation and years of credited service.

Entrance into the Pension Plan by new employees was frozen effective December 31, 2005. Employees hired after December 31, 2005 are not eligible to participate in the plan. All participants in the Plan are fully vested. All NEOs employed by the Company at December 31, 2014 were participants in the Plan. Benefits are payable monthly commencing on the later of age 65 or the participant's date of retirement. Eligible participants may retire at reduced benefit levels after reaching age 55.

The benefits under the Pension Plan are determined using the following formula, stated as a single life annuity with 120 payments guaranteed, payable at normal retirement age, which is defined as 65 under the Pension Plan.

Formula (1) and Formula (2), calculated using Credit Service at Normal Retirement Date, multiplied by a service ratio and summed as described below:

Formula (1)	x	The fraction in which the numerator is Credited Service as of 12/31/05 and the denominator is Credited Service at Normal Retirement Date
	plus	
Formula (2)	x	The fraction in which the numerator is Credited Service earned after 12/31/05 and the denominator is Credited Service at Normal Retirement Date

Formula (1) is an amount equal to:

2% of Final Average Monthly Compensation times Credited Service up to 20 years, PLUS
 1% of Final Average Monthly Compensation times Credited Service, if any, in excess of 20 years, PLUS
 0.60% of that portion of Final Average Monthly Compensation which exceeds Monthly Covered Compensation times Credited Service up to 35 years

Formula (2) is an amount equal to:

0.90% of Final Average Monthly Compensation times Credited Service, PLUS
 0.54% of that portion of Final Average Monthly Compensation which exceeds Monthly Covered Compensation times Credited Service up to 35 years

Benefit Formula Definitions

Credit Service

A participant's years of credited service are based on the number of years an employee works for the Company. The Company has no policy to grant extra years of credited service.

Final Average Monthly Compensation (FAMC)

The monthly average of the 60 consecutive months' compensation during the participant's period of credited service that gives the highest average. Compensation generally includes all gross income received by the participant for services actually rendered in the course of employment, with certain exclusions, plus any elective deferrals under Section 125 and Section 404(g)(c). Compensation in the Pension Plan is limited as required.

Covered Compensation

A rounded 35-year average of the Maximum Taxable Wages (MTW) under social security. The table in effect during the calendar year proceeding termination or retirement is used.

The Pension Plan was amended several years ago and participants must now retire to be eligible to receive payments out of the plan. All participants receiving payments out of the Pension Plan at the time of the amendment were grandfathered so as to allow them to continue receiving payments out of the plan. None of the NEOs were in pay status under the Pension Plan at the time of the amendment, and thus were not grandfathered.

The pension disclosures have been computed using the FASB ASC Topic 715, "Compensation - Retirement Benefits" assumptions from the financial statements as of the pension measurement date of December 31, 2014, except the FASB ASC Topic 715 retirement age has been replaced by the normal retirement age for this calculation (and the benefit valued is only the accrued, not the projected, benefit).

Restoration Plan

The annual retirement income benefit of NEOs under the Pension Plan is subject to certain limitations imposed by the Internal Revenue Code. Under one such limitation, in determining the benefit accrued for a year under the Pension Plan, the benefit formula excludes a NEOs compensation above a specified compensation limit. In 2014, for example, the ceiling was \$260,000, which means that the compensation of NEOs in excess of that amount was not considered in the benefit formula for purposes of determining benefits under the Pension Plan. The Company maintains the Restoration Plan, a non-qualified supplemental retirement plan which provides additional benefits by taking into account the excess compensation not taken into account under the Pension Plan. The Restoration Plan is unfunded and noncontributory, which means that benefits are paid from the general assets of the Company and the NEOs are not required to make any contributions. The formula and assumptions used to calculate the benefit payable pursuant to the Restoration Plan are the same as those used under the Pension Plan described above, except that the amounts payable under the Restoration Plan are reduced by the amounts payable under the Pension Plan.

Deferred Compensation Agreements

Under the terms of their deferred compensation agreements, Messrs. Dawson and Gibson, are entitled to receive \$500,000 and \$400,000, respectively, and Messrs. Boyd, Clawwater and McCabe, \$300,000 each, payable monthly over 10 years, if the executive remains in the employment of Southside Bank until his retirement (on or after age 65), or upon permanent disability or death, whichever occurs first. If the executive's employment is involuntarily terminated by the Company for any reason other than for "good cause" (as defined in the agreements), such termination shall be treated the same as a retirement, and the executive shall be entitled to receive the payments. If, prior to a Change in Control (as defined in the agreements), the executive terminates his employment prior to attainment of age 65 for any reason other than death or disability, no amounts shall be due such executive under his deferred compensation agreement. If, after a Change in Control, the executive terminates employment prior to attainment of age 65 for any reason other than death, disability, or for "good reason" (as defined in the agreements), no amounts shall be due to the executive under his agreement. After a Change in Control, a termination by the executive for "good reason" shall be treated the same as a retirement, and the executive shall be entitled to receive the payments.

Potential Payments Upon Termination or Change in Control

The following discussion summarizes the compensation benefits payable to (i) Messrs. Dawson, Gibson, Boyd, Clawwater and McCabe, in the event of a termination of their employment under various circumstances, assuming that a termination of employment occurred on December 31, 2014.

Upon termination of their employment, Messrs. Dawson, Gibson, Boyd, Clawwater, and McCabe would receive compensation and benefits for which they had already vested. This would include accrued but unpaid salary, accrued and unused vacation pay, and any balance under the 401(k) plan. In addition, Messrs. Dawson, Gibson, Boyd, and Clawwater would receive benefits under the Pension Plan and Restoration Plan, plus amounts payable under their deferred compensation agreements. Mr. McCabe would receive benefits under the Pension Plan and his deferred compensation agreement.

Employment Agreements

In addition, the Company has employment agreements with Messrs. Dawson, Gibson and McCabe, which govern the terms of each executive's payments and benefits upon termination or Change in Control, as summarized below. Termination by the executive except for Good Reason; termination by the Company with Cause. If an executive terminates his employment without Good Reason (as defined in the Employment Agreements) or the Company terminates the executive's employment with Cause (as defined in the Employment Agreements), the executive will be entitled to receive his accrued salary and previously vested benefits. In this event, no special severance benefits are payable.

Termination by the executive for Good Reason; termination by the Company without Cause. If an executive terminates his employment for Good Reason or the Company terminates the executive's employment without Cause, the executive will be entitled to receive a single lump sum equal to:

• a severance payment equal to the executive's monthly salary multiplied by the number of months remaining in the term of the Employment Agreement (which would be between 24 and 36 months), plus \$10,000;

a pro-rata bonus equal to the product of (i) the executive's Target Bonus (as defined in the Employment Agreements) for the termination year and (ii) a fraction, the numerator of which is the number of days in the current fiscal year through the termination date, and the denominator of which is 365;

his accrued salary;

accrued pay in lieu of unused vacation; and

any vested compensation deferred by the executive (unless otherwise required by an agreement).

Additionally, all equity awards will become immediately vested and exercisable as of the date of termination. Finally, the executive will be entitled to any other amounts or benefits under any other plan pursuant to which the executive is eligible to receive benefits, to the extent officers of a comparable level at the Company received such benefits prior to the date of termination ("Other Benefits").

Termination due to death or Disability. If an executive's employment is terminated due to death or Disability (as defined in the Employment Agreements), he (or his estate) will receive accrued salary and Other Benefits.

Change in Control. If an executive's employment is terminated due to a Change in Control, he will be entitled to the same payments and benefits as if he had been terminated without Cause. However, instead of the severance payment described above, the severance payment will be calculated as follows:

(a) if the termination occurs more than six (6) months prior to a Change of Control or more than two (2) years after the occurrence of a Change of Control, the severance payment shall be the product of two times the sum of (1) the executive's salary in effect as of the termination (ignoring any decrease in the salary unless consented to by the executive), and (2) the greater of the average of the annual bonuses earned by the executive for the two fiscal years in which annual bonuses were paid immediately preceding the year in which the termination occurs, or the executive's Target Bonus for the year in which the termination occurs; or

(b) if the termination occurs within six months prior or within two years after the occurrence of a Change of Control, the severance payment shall be the product of 2.99 for Messrs. Dawson and Gibson and 2.0 for Mr. McCabe times the sum of (1) the executive's salary in effect as of the termination, and (2) the greater of the average of the annual bonuses earned by the executive for the two fiscal years in which annual bonuses were paid immediately preceding the year in which the termination occurs, or the executive's Target Bonus for the year in which the termination occurs.

Restrictive Covenants. The Employment Agreements contain confidentiality provisions and subject Messrs. Dawson and Gibson to certain non-compete and non-solicitation obligations during the term of employment with the Company and for a one-year period and Mr. McCabe for a six-month period following termination of employment.

Reduction in Certain Benefits. The Employment Agreements also state that in the event that any of the severance benefits described above are subject to federal excise taxes under the "golden parachute" provisions under Section 280G of the Internal Revenue Code, the payments will be reduced to the extent necessary to avoid such excise taxes, but only if such reduction would result in a greater net benefit for the executive.

The following table quantifies the severance payments payable to Messrs. Dawson, Gibson and McCabe pursuant to their employment agreements in the event their employment is terminated without "Cause for Good Reason," or in connection with a "Change in Control," and assumes a termination date of December 31, 2014.

Reason for Termination	Dawson	Gibson	McCabe
By the Company without cause or by the executive for good reason	\$1,377,599	\$1,180,462	\$481,793
Termination in connection with a change in control	\$1,924,081	\$1,659,876	\$641,347

Split Dollar Agreements

Under the terms of the split dollar agreements with Messrs. Dawson, Gibson, and Boyd, upon a termination of employment by reason of death, disability (as defined in the split dollar agreements), or retirement at or after age 65, or a termination following a change in control (as defined in the split dollar agreements), payment of the specified death benefits under the split dollar agreements would be triggered. If the executive's employment is terminated for Cause (as defined in the split dollar agreements), he will forfeit benefits under the split dollar agreements.

The following table quantifies the death benefit payable to the beneficiaries of Messrs. Dawson, Gibson, and Boyd pursuant to their split dollar agreements in the event their employment is terminated due to death while still employed by the Company, or in connection with death after termination from the Company due to termination without cause, retirement after age 65 or a change in control. This assumes the event occurred on December 31, 2014.

Reason for Termination	Dawson	Gibson	Boyd
Death benefit while still employed by the Company at time of death	\$1,222,000	\$1,140,000	\$430,000
Death benefit after termination from Company without cause, retirement after age 65, or a change in control	\$973,000	\$833,000	\$726,000

For information concerning transactions by the Company and Southside Bank with certain members of the board of directors of Southside Bank, please see "Transactions with Directors, Officers and Associates."

TRANSACTIONS WITH DIRECTORS, OFFICERS AND ASSOCIATES

The board of directors reviews and discusses each potential transaction with a director, executive officer, significant shareholder or any of their immediate family members and votes to approve or disapprove the transaction. Directors or executive officers who are interested in a particular transaction do not vote on the transaction with respect to which they are interested. The Company's Board has adopted a Conflict of Interest Policy that addresses transactions with related persons.

Certain of the executive officers and directors of the Company and Southside Bank (and their associates) have been customers of Southside Bank and have been granted loans in the ordinary course of business. Southside Bank is subject to Federal Reserve Regulation O, which governs loans to directors, executive officers and certain shareholders of banks and bank holding companies. All loans or other extensions of credit made by Southside Bank to executive officers and directors of the Company and Southside Bank were made in the ordinary course of business on substantially the same terms, including interest rates, maturities and collateral, as those prevailing at the time for comparable transactions with persons not related to the Company or Southside Bank and did not involve more than the normal risk of collection or present other features that are unfavorable to Southside Bank. Prior approval by a majority of the board of directors, with the interested party abstaining, must be obtained for any loan to a director or a director's related interest(s) which, when aggregated with all loans to the director and/or to that director's related interest(s) exceed 10% of Southside Bank's capital plus unimpaired surplus. Prior approval requirements for individual advances for the board of directors will be satisfied by annual Board approval of a line of credit for a director's personal borrowing and similar approval of a line of credit for director-owned or controlled business borrowing. All advances made pursuant to an approved line of credit within 12 months of the date of approval shall be treated as approved. Loans to persons employed by Southside Bank who are considered under Regulations of the Federal Reserve Board to be executive officers shall be subject to prior approval by the board of directors. The Company expects similar transactions to occur in the future with its executive officers and directors as well as directors and officers of Southside Bank. In addition, Billie Boyd Hartley, the spouse of B. G. Hartley, and Jane Hartley Coker, the daughter of B. G. Hartley, are employed by Southside Bank and received compensation of \$287,653 and \$547,839, respectively, in 2014. Mrs. Hartley's compensation includes the gift of a Company owned automobile. Mrs. Hartley's and Mrs. Coker's compensation includes a change in pension value of \$25,083 and \$294,992, respectively. Trent Dawson, son of Sam Dawson, is employed by Southside Bank and received compensation of \$139,639 in 2014. S. Elaine Anderson and Patti Callan received merger consideration for non-qualified stock options and incentive stock options as a result of the Company acquiring OmniAmerican Bank on December 17, 2014. The amount paid to each was \$370,264.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and any persons who own more than 10% of the Company's common stock, to file reports of initial ownership of the Company's common stock and subsequent changes in that ownership with the SEC. Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all forms they file pursuant to Section 16(a). Based solely upon a review of the copies of the forms furnished to the Company, or written representations from certain reporting persons that no Form 5's were required, the Company believes that during fiscal year 2014 all Section 16(a) filing requirements were complied with.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee does not constitute “soliciting material” and should not be deemed to be “filed” with the SEC or incorporated by reference into any other filing of the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this report by reference in any of those filings.

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board of Directors. The Company’s management has the primary responsibility for the financial statements and for maintaining effective systems of internal control. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements contained in the Annual Report on Form 10-K for the year ended December 31, 2014 with Company management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee discussed with the independent registered certified public accounting firm, Ernst & Young LLP (“EY”), which is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles and an audit on the effectiveness of internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (the “PCAOB”) (United States), its judgments as to the quality, not just the acceptability, of the Company’s accounting principles and such other matters as are required to be discussed with the Audit Committee by Auditing Standard No. 16, as adopted by the PCAOB, other standards of the PCAOB, rules of the SEC, and other applicable regulations. The Audit Committee has received the written disclosures and the letter from EY in accordance with applicable requirements of the PCAOB regarding the independent accountant’s communications with the Audit Committee concerning independence, and the Audit Committee discussed with EY that firm’s independence.

The Audit Committee discussed with EY the overall scope and plans for their audit. The Audit Committee met with EY with and without management present, to discuss the results of their financial statement audit, their evaluations of the Company’s internal control and the overall quality of the Company’s financial reporting.

Based on the Audit Committee’s review and discussions referred to above, the Audit Committee recommended to the Company’s Board of Directors that the Company’s audited consolidated financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM (PROPOSAL 2)

The Audit Committee of the Board has selected EY to serve as the Company's independent registered public accounting firm for the year ending December 31, 2015. EY has served as the Company's independent registered public accounting firm since 2012. We have been advised by EY that neither it nor any of its members had any financial interest, direct or indirect, in us nor has it had any connection with us or any of our subsidiaries in any capacity other than independent auditors. The Board recommends that you vote for the ratification of the selection of EY. Shareholder ratification of the selection of EY as our independent registered public accounting firm is not required by our certificate of formation, bylaws or otherwise. Nevertheless, the Board is submitting this matter to the shareholders as what we believe is a matter of good corporate practice. If the shareholders do not ratify the appointment of EY, then the appointment of an independent registered public accounting firm will be reconsidered by our Audit Committee. Even if the appointment is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it is determined that such a change would be in the best interest of the Company and its shareholders. Representatives of EY are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so, and to respond to appropriate questions.

The Board of Directors recommends a vote FOR the ratification of Ernst & Young LLP as the Company's independent registered public accounting firm for the year 2015.

SHAREHOLDER PROPOSALS

SEC rules establish the eligibility requirements and the procedures that must be followed for a shareholder's proposal to be included in the Board's proxy solicitation materials. Under those rules, any shareholder wishing to have a proposal considered for inclusion in the Board's proxy solicitation materials for the 2016 Annual Meeting must set forth his or her proposal in writing and file it with the Secretary of the Company on or before December 2, 2015. Proposals must comply with all applicable SEC rules. The Board will review any proposals received by that date and will determine whether applicable requirements have been met for including the proposal in the 2016 proxy solicitation materials.

In addition, the Company's bylaws establish advance notice procedures that must be followed for a shareholder proposal to be presented at an Annual Meeting but not included in the Board's proxy solicitation materials. Any shareholder wishing to have a proposal considered for the 2016 Annual Meeting, but who does not submit the proposal for inclusion in the Board's proxy statement, assuming that the 2016 Annual Meeting occurs on a date that is not more than 30 days before or 60 days after the anniversary of the Annual Meeting, must submit the proposal as set forth above not earlier than January 1, 2016 and no later than January 31, 2016.

For any proposal that is not submitted for inclusion in next year's proxy solicitation materials, but is submitted for presentation at the 2016 Annual Meeting, SEC rules permit the persons named as proxies in the proxy solicitation materials to vote proxies in their discretion if: (1) the proposal is received before January 31, 2016 and we advise shareholders in the 2016 proxy solicitation materials about the nature of the matter and how management intends to vote on such matter, or (2) the proposal is not received before January 31, 2016.

GENERAL

The Board does not know of any other business, other than that set forth above, to be transacted at the Annual Meeting. However, if any other matters requiring a vote of the shareholders properly come before the Annual Meeting, the persons designated as Proxies will vote the shares of common stock represented by the proxies in accordance with their best judgment on such matters. If a shareholder specifies a different choice on the proxy, those shares of common stock will be voted in accordance with the specification so made.
