Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement

As reported on the Company's Current Report on Form 8-K filed on July 13, 2016, on July 12, 2016, the Company closed a private placement (the "Private Placement") of \$4,444,444 principal amount of convertible debentures (the "Debentures") and common stock purchase warrants (the "Warrants"). The Debentures and Warrants were issued pursuant to a Securities Purchase Agreement, dated July 12, 2016 (the "Purchase Agreement"), by and among us and certain accredited investors within the meaning of the Securities Act of 1933, as amended (the "Purchasers").

Edgar Filing: Function(x) Inc. - Form 8-K

We are currently in default under two of the Debentures that remain outstanding representing approximately 19% of the principal amount issued in the Private Placement for failure to make certain amortization payments, including the payment due in March 2017 and for failure to maintain the Minimum Cash Reserve.

Pursuant to the terms of the Debentures, the failure to cure the non-payment of amortization or failure to maintain the Minimum Cash Reserve within three trading days after the due date constituted an Event of Default. Following the occurrence of an event of default, among other things: (1) at the Purchaser's election, the outstanding principal amount of the Debentures, plus accrued but unpaid interest, plus all interest that would have been earned through the one year anniversary of the original issue date if such interest has not yet accrued, liquidated damages and other amounts owed through the date of acceleration, shall become, immediately due and payable in either cash or stock pursuant to the terms of the Debentures; and (2) the interest rate on the Debentures will increase to the lesser of 18% or the maximum allowed by law. In addition to other remedies available to the Purchasers, the Company's obligation to repay amounts due under the Debentures is secured by a first priority security interest in and lien on all of the Company's assets and property, including our intellectual property, and such remedies can be exercised by the Purchasers without additional notice to the Company.

Under terms of the \$3,000,000 Secured Convertible Note issued in connection with the acquisition of Rant, a default under other indebtedness owed by us constitutes a default under the Rant Note. As a result of such Event of Default, the holder of the Rant Note has executed a waiver that provides that, until May 15, 2017, the events of default arising out of the failure to pay the amounts due under the Debentures as of the date of the waiver and the failure by us to maintain the Minimum Cash Reserve shall not constitute events of default for purposes of the Rant Note. As a result of the failure to make the amortization payments to the Debenture holders and the failure by us to maintain the Minimum Cash Reserve, the Rant Note is also in default, and such default is not covered by the foregoing waiver.
