We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Northeast Bancorp 401(k) Savings and Retirement Plan as of December 31, 2006, and the changes in its net assets available for benefits for the year ended December 31, 2006, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes, as of December 31, 2006 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the United States Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The financial statements of the Northeast Bancorp 401(k) Savings and Retirement Plan as of and for the year ended December 31, 2005 were audited by other auditors whose report dated June 20, 2006, expressed an unqualified

opinion on those statements.

NORTHEAST BANCORP 401(K) SAVINGS AND RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2006 and 2005

1. Description of Plan

The following description of the Northeast Bancorp 401(k) Savings and Retirement Plan (the Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) plan sponsored by Northeast Bancorp (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility and Participation

Employees are eligible for participation in the Plan after they have completed 90 days of service and attained age 18. Attainment of age 18 became effective on August 2, 2006; prior to that date the age requirement was 21. A participant can enter the Plan on the first day of the next quarter after becoming eligible.

Contributions

A participant may elect to contribute pre-tax dollars to the Plan from their compensation up to the Internal Revenue Service limitation.

On behalf of each participant who elects to contribute to the Plan, and is a participant on the last day of each quarter, the Company will make a matching contribution in the amount of 50% of the first 6% of compensation that a participant contributes to the Plan. The Company may also make a discretionary contribution. A participant must complete 1,000 hours to be eligible for the discretionary contribution. For the twelve months ended December 31, 2006 and 2005, there were no discretionary contributions.

At the participant's option, contributions may be invested in any of the available investment options. As of December 31, 2006, the options consisted of numerous pooled separate accounts offered through Transamerica Life Insurance and Annuity Company (Transamerica) and the Northeast Bancorp Stock Fund. The Northeast Bancorp Stock Fund invests primarily in common stock of Northeast Bancorp. It also contains a small balance of cash equivalents (Prime Fund Capital Reserve Class) for any uninvested funds. Effective March 1, 2007, contributions to and purchases of Northeast Bancorp stock from the Northeast Bancorp Stock Funds are no longer permitted.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contributions on their behalf, an allocation of Plan earnings, an allocation of forfeitures, and is charged with an allocation of administrative expenses. Allocations are based on account balances.

Benefits

Upon death, retirement or disability, the full amount credited to the participant's accounts shall become fully vested. In the event of termination of employment for any other reason, the participant will receive the vested amount of his or her accounts.

Vesting

Participants are immediately vested in their contributions. Participants vest in the Company matching and discretionary contributions as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2	0%
2 but less than 3	20
3 but less than 4	40

4 but less than 5	60
5 or more	100

Forfeitures are reallocated to participants. Unallocated forfeitures were \$18,616 at December 31, 2006 and \$7,982 at December 31, 2005.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investment Management

Transamerica is the custodian of the Plan's investments, except for the Northeast Bancorp Stock Fund. Certain plan investments are shares of pooled separate accounts managed by Transamerica, and therefore, transactions with Transamerica qualify as party-in-interest. Administrative expenses paid to Transamerica totaled \$40,845 for the year ended December 31, 2006.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on an accrual basis.

Administrative Expenses

Custodial fees are paid by the Plan. Administrative expenses are paid by the Plan sponsor.

Valuation of Investments

Investments in pooled separate accounts are valued at fair value as calculated by the custodian based on the market value of the underlying investments. Investments in the common stock of Northeast Bancorp are valued at fair value based upon quoted market prices. Participant loans are valued at cost, which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Benefits

Benefits are reflected as reduction to net assets when paid.

3. Tax Status

A qualifying plan is one for which the employer may currently deduct contributions on its income tax return, the employee is not currently taxed on the contribution, and the plan income is not taxable.

Effective July 1, 2000, the Plan was amended to adopt the provisions of the Transamerica Tax-Favored Savings and Discretionary Contribution Plan and Trust Agreement. This is a volume submitter profit sharing 401(k) plan which received a favorable volume submitter program letter from the Internal Revenue Service (IRS) dated April 17, 2002. The Plan has not requested a separate tax determination letter. However, in the opinion of the administrator, the Plan has been operated within the applicable sections of the Internal Revenue Code and is qualified under the Code and applicable regulations.

4. Participant Loans

The Plan allows participants to borrow against their accounts. Such loans shall not exceed the lesser of \$50,000 or 50% of the participants' vested interest in their account.

5. Investments

The following investments are greater than or equal to 5% of net assets available for benefits as of December 31, 2006 and 2005:
