**PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS**

To be held on Thursday, June 7, 2007

This proxy statement is being furnished to holders of common stock, \$.01 par value per share (the "Common Stock") of **Presstek, Inc.**, a Delaware corporation, in connection with the solicitation of proxies by the Board of Directors of the Company (the "Board") for use at the annual meeting of the Company's stockholders to be held on **Thursday, June 7, 2007, from 11:00 A.M. to 12 o'clock noon**, local time, and at any adjournment or postponement thereof (the "Annual Meeting"). The Annual Meeting is to be held at the Beekman Suite of the Waldorf Astoria, 301 Park Avenue, New York, New York, 10022. The Company's Annual Report on Form 10-K, containing audited consolidated financial statements for the fiscal year ended December 30, 2006, is being mailed contemporaneously with this proxy statement to all stockholders entitled to notice of, and to vote at, the Annual Meeting. This proxy statement and the accompanying form of proxy were first mailed to stockholders on or about April 30, 2007.

Q: What is the purpose of the Annual Meeting?

A: At the Annual Meeting, the Company's stockholders will be asked to vote on the matters listed in the accompanying notice of Annual Meeting, namely:

1. the election of eight directors;
2. to ratify the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 29, 2007; and
3. to transact such other business as may properly come before the Annual Meeting of Stockholders and any adjournment or postponement thereof.

Representatives of KPMG LLP, the Company's independent registered public accounting firm, will also be present at the Annual Meeting, with the opportunity to make a statement if they desire to do so and to respond to appropriate questions raised at the meeting.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on the record date, April 17, 2007, are entitled to vote their shares of the Company's common stock. Each outstanding share of common stock is entitled to one vote. At the close of business on the record date, there were 35,696,768 shares of the Company's common stock outstanding. The Company has no other voting securities issued and outstanding. Proxies in the accompanying form, properly executed and returned to the management of the Company by mail, telephone or the Internet, and not revoked, will be voted at the Annual Meeting. Any proxy given pursuant to such solicitation may be revoked by the stockholder at any time prior to the voting of the proxy by a subsequently dated proxy, by written notice of revocation of the proxy delivered to the Secretary of the Company, or by personally withdrawing the proxy at the Annual Meeting and voting in person.

Q: How many shares must be present to hold the meeting?

A: A quorum must be present at the meeting for business to be conducted. The presence, in person or by proxy, of at least a majority of the outstanding shares of Common Stock as of the Record Date, is necessary to establish a quorum for the transaction of business at the Annual Meeting.

Q: What if a quorum is not present at the meeting?

A: If a quorum is not present at the time of the meeting, the stockholders who are represented may adjourn the meeting until such time as a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

Table of Contents

Q: How do I vote?

A: You may vote in any of three ways:

- * **You may vote by mail** if you complete, sign and date the accompanying proxy card and return it in the prepaid envelope. Your shares will be voted confidentially and in accordance with your instructions;
- * **You may vote by telephone or via the Internet** in accordance with the instructions found on your proxy card; and
- * **You may vote in person** if you are a registered stockholder and attend the meeting and deliver your completed proxy card in person. At the meeting, the Company will also distribute written ballots to registered stockholders who wish to vote in person at the meeting. Beneficial owners of shares held in "street name" who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Q: How many votes does it take to approve the items to be voted upon?

A: Directors are elected by a plurality of votes. This means that, assuming a quorum is present at the meeting, director nominees will be elected if the nominees receive the greatest number of affirmative votes cast for the election of directors. All other matters at the meeting will be decided by the affirmative vote of the majority cast by the shareholders present in person or represented by proxy and entitled to vote at the Annual Meeting.

Q: Can I revoke my proxy before it is exercised?

A: Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting by using any of the following methods:

- * by signing another proxy with a later date;
- * by voting by telephone or via the Internet after the date and time of your last telephone or Internet vote; or
- * if you are a registered stockholder, by giving written notice of such revocation to the Secretary of the Company prior to or at the meeting or by voting in person at the meeting.

Attendance at the meeting will not automatically revoke a previously granted proxy.

Q: Who will count the votes?

A: The Company will designate the Inspector(s) of Elections at the Annual Meeting.

Q: How will different types of votes be counted?

A: Votes will be counted and certified by the Inspector(s) of Election. In accordance with Delaware General Corporation Law, abstentions and "broker non-votes" (i.e. proxies from brokers or nominees indicating that such persons have not received instructions from the beneficial owner or other persons entitled to vote shares as to a matter with respect to which the brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining the

presence of a quorum. Because broker non-votes and abstentions are not considered to be votes cast, they will have no effect on the votes for the matters presented at the Annual Meeting. The proxies received by the management of the Company will be voted in accordance with the instructions contained therein. Unless otherwise stated, all shares represented by such proxy will be voted as instructed. Proxies which are executed but which do not contain specific instructions will be voted **FOR** the matter in question.

Q: Who is Soliciting my proxy?

A. This solicitation is being offered by the Company, who will bear all costs of soliciting proxies. The Company may request its officers and regular employees to solicit stockholders in person, by mail, e-mail, telephone, telegraph and through the use of other forms of electronic communication. In addition, the Company may request banks, brokers and other custodians, nominees and fiduciaries to solicit their customers who have Common Stock registered in the names of a nominee and, if so, will reimburse such banks, brokers and other custodians, nominees and fiduciaries for their reasonable out-of-pocket costs. Solicitation by the Company's officers and regular employees may also be made of some stockholders in person or by mail, e-mail, telephone, telegraph or through the use of other forms of electronic communication following the original solicitation. The Company may retain a proxy solicitation firm to assist in the solicitation of proxies. The Company will bear all reasonable solicitation fees and expenses if such proxy solicitation firm is retained.

COMPENSATION OF DIRECTORS

On April 7, 2005, the Board voted to revise the Board compensation arrangement for non-employee directors, effective for fiscal 2005 (the "2005 Arrangement"). Pursuant to the 2005 Arrangement, and effective July 1, 2005, each non-employee director of the Company, in his capacity as such and in addition to reimbursement of applicable expenses, received:

1. A \$22,500 annual retainer paid on the first day of July, or a pro-rata portion thereof for Directors appointed after July 1 of a given year;
2. Compensation for attendance at meetings in the amount of: (i) \$1,500 for each in-person meeting of the Board; (ii) \$500 for each telephonic meeting of the Board; (iii) \$1,000 for each meeting of the Compensation and Stock Plan Committee and Nominating and Corporate Governance Committee; (iv) \$1,500 for each meeting of the Audit Committee; and (v) \$500 for each meeting of other committees of the Board. The Chairman of the Audit Committee also received an annual retainer of \$7,500, paid on the first day of July each year during his term. Compensation for meeting attendance was paid to non-employee directors on a quarterly basis;
3. Upon joining the Board, each new non-employee director was granted an option to purchase 25,000 shares of the Company's Common Stock at an exercise price per share equal to the closing price of the Common Stock on the date the option was granted. These options were to be fully exercisable on the first anniversary of the date of grant; and
4. On the Company's first business day of July, each non-employee director was granted an option to purchase 15,000 shares of Common Stock at an exercise price per share equal to the closing price of the Common Stock on that date. These options were to be fully exercisable on the first anniversary of the date of grant.

At a meeting of the Board held on December 12, 2005, the Board voted to vest all unvested options issued by the Company to all Directors, officers and employees, as of and effective December 31, 2005. Therefore, the 15,000 options granted to each non-employee director on July 1, 2005, which were scheduled to vest on July 1, 2006, as well as the 25,000 options granted to Mr. Mullaney upon his appointment to the Board, which were to vest on October 19, 2006, vested on December 31, 2005.

On June 7, 2006, the Board elected John W. Dreyer, who was then serving as Lead Director, to the position of Chairman of the Board. At that time, the Board set the compensation of the office of Chairman of the Board to be the

same as Mr. Dreyer was receiving as Lead Director, which was a \$50,000 annual fee for his term as Lead Director, in addition to continuing to receive all director compensation customarily paid by the Company to its non-employee directors.

On August 2, 2006, the Compensation Committee of the Board of Directors of the Company approved an increase in the compensation amount for the Chairman of the Board of Directors for the Company, a position currently held by Mr. John W. Dreyer. Under the revised compensation plan, the annual compensation will be increased from \$50,000 per year to \$150,000 per year, and the change will be effective retroactive to June 7, 2006, the date of Mr. Dreyer's election to the position of Chairman of the Board. In addition, the Chairman of the Board may be eligible to receive additional annual bonuses as may be deemed appropriate by the Board of Directors. On January 2, 2007, in recognition of his contributions to the Company during 2006, the Compensation Committee of the Board of Directors of the Company granted 50,000 ten year non-qualified stock options to purchase the Company's common stock to Mr. Dreyer. The options have an exercise price of \$6.36 per share, which was the price of Common Stock at the close of the trading on December 30, 2006, as reported on the NASDAQ National Market. The Options will vest in full on the first anniversary of their grant. The Options were granted pursuant to the terms of Presstek's 2003 Stock Option and Incentive Plan. In addition, the Compensation Committee granted to Mr. Dreyer a lump sum payment of \$175,000 (one hundred and seventy five thousand dollars) as a bonus for his contributions to the Company in 2006.

Including, and in addition to, the option grants described herein, directors of the Company are generally eligible to be granted stock options or stock-based awards under the 2003 Plan. The Board or the Compensation Committee has discretion to determine the number of shares subject to each award, the exercise price and other terms and conditions thereof.

(a) This column reports the amount of cash compensation earned in 2006 for Board and Committee service.

(b) The amount included in this column represents the amount recognized for financial statement reporting purposes for the fiscal year ended December 30, 2006 in accordance with Statement of Financial Accounting Standards No. 123R, *Share Based Payment* (“SFAS No. 123R”) and thus includes amounts from awards granted in 2006. This estimated hypothetical value is based on a Black-Scholes option pricing model. The Company used the following assumptions in estimating this value: expected option life, 4.53 years; risk-free rate of return, 5.19%; expected volatility, 53.25; and expected dividends yield, 0.0%. As of December 30, 2006, the following director(s) had the following aggregate number(s) of stock options outstanding: Mr. Dreyer, 147,592, Mr. Ebenstein, 67,500, Dr. Howard, 65,000, Mr. Moffitt, 62,400, Mr. Mullaney, 40,000, Mr. Rappaport, 62,500, and Mr. Waite, 65,000. These options, issued pursuant to the Company’s 2003 Stock Option and Incentive Plan, had an estimated fair market value on the date of grant of \$4.70 based on a Black-Scholes option pricing model.

(c) In addition to this figure, Mr. Rappaport was paid a pro-rata portion of a prior year’s annual Board retainer fee in the amount of \$7,500.

BOARD OF DIRECTORS' MEETINGS AND COMMITTEES

During the fiscal year ended December 30, 2006, the Board of Directors held eleven meetings. During the year, each of the Company's directors attended at least seventy-five percent of the aggregate of: (1) the total number of meetings of the Board of Directors; and (2) the total number of meetings of all committees on which they served. Additionally, all of the directors attended the annual meeting of shareholders in 2006. Directors are encouraged to attend the annual meeting of shareholders but are not required to do so.

BOARD OF DIRECTORS AND COMMITTEE INDEPENDENCE

On June 14, 2006, the Board determined that each of the following directors was an "independent director" as such term is defined in Nasdaq Marketplace Rule 4200(a)(15): Messrs. Dreyer, Ebenstein, Moffitt, Mullaney, Rappaport and Waite and Dr. Howard. The Board of Directors also determined that each member of the three committees of the Board met the independence requirements applicable to those committees prescribed by Nasdaq. In reaching this determination, the Board surveyed the membership of the Board and determined that, other than the disclosed related person transactions concerning Mr. Ebenstein, there were no other relationships that might affect the independence of a member. The Board of Directors further determined that Mr. Rappaport is an "audit committee financial expert" as such term is defined by rules of the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee makes recommendations to the Board regarding the size and composition of the Board and is responsible for reviewing with the Board from time to time the appropriate skills and characteristics required of Board members in the context of the current size and make-up of the Board. This assessment includes issues of diversity in numerous factors such as age, understanding of and achievements in manufacturing, technology, finance and marketing, international experience and culture. These factors, and any other qualifications considered useful by the Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Nominating and Corporate Governance Committee and of the Board may change from time to time to take into account changes in business and other trends, and the portfolio of skills and experience of current and prospective Board members. The Committee establishes procedures for the nomination process, recommends candidates for election to the Board and also reviews the functions of the Company's senior executives and recommends any changes it believes are necessary.

Consideration of new Board nominee candidates typically involves a series of internal discussions, review of information concerning candidates and interviews with selected candidates. In general, candidates for nomination to the Board are suggested by Board members or by management. In fiscal year 2006, Presstek did not employ a search firm or pay fees to other third parties in connection with seeking or evaluating Board nominee candidates. The Nominating and Corporate Governance Committee will consider candidates proposed by stockholders, and has from time to time received unsolicited candidate proposals from stockholders. The Committee evaluates candidates proposed by stockholders using the same criteria as used for other candidates. A stockholder seeking to recommend a prospective nominee for the Nominating and Corporate Governance Committee's consideration should submit the candidate's name and qualifications to the Company's Secretary, James F. Scafide, via e-mail at corporatcounsel@presstek.com, by fax to (603) 595-2602 or by mail to Presstek, Inc., 55 Executive Drive, Hudson, New Hampshire 03051.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation and Stock Plan Committee of Presstek's Board, or the "Committee" in this Compensation Discussion and Analysis, assists the Board in fulfilling its oversight responsibilities with respect to the compensation of the Company's officers. The Committee monitors whether the compensation paid to the Company's corporate officers is fair, reasonable and competitive and is substantially tied to performance. The Company's officers are referred to as the "Named Executive Officers" here and elsewhere in this proxy statement.

Objectives and Overview

The objective of the Company's compensation program is to recruit and retain talented leadership within the Company, while at the same time maximizing shareholder value by enhancing the performance of the Company. A named executive officer can earn significant cash compensation above base salary reflecting Company achievements consistent with its business plan.

Table of Contents

Philosophy. The Compensation Committee uses a combination of short-term (salary and annual incentives) and long-term (stock-based) compensation for Named Executives to:

- motivate executive officers to achieve our strategic objectives;
- align the interests of executive officers with the interests of shareholders;
- provide competitive total compensation;
- attract and retain highly qualified key executive officers; and
- reward individual and corporate performance.

During 2006, the Compensation Committee reviewed Presstek's executive compensation philosophy, with the goal of ensuring the appropriate mix of fixed and variable compensation linked to individual and corporate performance. In the course of this review, the Compensation Committee sought the advice of the Chief Executive Officer.

Components. Presstek's executive compensation program is comprised of three major components, with each playing a specific role in support of Presstek's executive compensation philosophy:

- base salary;
- bonus compensation;
- equity compensation; and
- fringe benefits.

The Company does not have any deferred compensation programs or retirement programs other than a supplemental executive retirement plan for Mr. Marino and our 401(k) and employee stock purchase plans that are generally available to all employees. Presstek offers all salaried employees the opportunity to enroll in its health and life insurance programs.

Each of these elements of executive compensation is addressed separately below.

Base Salary. Base salary is provided in order to retain executives consistent with the Company's industry when we do not necessarily improve our financial performance from one year to the next. In 2006, we increased the level of salary paid to Mr. Moosa E. Moosa (former Executive Vice President and Chief Financial Officer) and Mr. Emile Tabassi Tabassi (Vice President, North American Sales) by \$25,000. Increases to Messrs. Moosa's and Tabassi's base salaries were due primarily to recognition of new responsibilities. Base salaries paid to executive officers were fully deductible in 2006.

Bonus Compensation. There are no formula-based bonuses awarded by the Committee, but when awarding bonuses, the Company customarily takes into account specific corporate performance objectives, such as annual gross revenue or net revenue. The Committee maintains discretion in granting performance bonuses and in certain circumstances the Committee has awarded bonuses that are fixed to key events. For the 2006 bonus year, based on Presstek's results in achieving financial and strategic goals, the Company made discretionary cash bonus payments to Mr. Tabassi.

In addition to the bonuses reflected above, the compensation packages for Mr. Tabassi and Mr. Baum include a non-equity incentive plan. This program provides certain performance incentives keyed to sales objectives within their regions.

Equity Compensation: Equity compensation in the form of stock options and restricted stock under the 2003 Presstek Stock Incentive Plan focuses corporate officers' efforts on actions that they believe are required for the Company's long-term success as reflected in increases in shareholder value.

All stock option grants made in 2006 were awarded at the fair market value of a share of the Company's stock at the time of the award and typically vest over a four-year period. The fair market value was determined based on the closing trading price of a share of stock on the day of the grant. Presstek executives do not participate in selecting the grant date and the Company does not time option grants with the release of material non-public information. Stock option awards to executive officers are promptly announced via the filing of a Form 4 with the Securities and Exchange Commission.

The table entitled **“Grants of Plan-Based Awards”** (on page 16) summarizes the stock options granted during 2006 to the individuals named in the Summary Compensation Table. Restricted stock grants typically vest over a four-year period. The restricted stock will generally provide a return to the executive only if he or she remains a Presstek employee until the restricted stock has vested, and can provide additional returns if the market value of the stock appreciates over the price at the grant date. There was no restricted stock granted during 2006 to the Named Executives.

The Company has not and does not time the grant of stock options or restricted shares around the disclosure of non-public information or back date stock options.

Table of Contents

In general, under Section 162(m) of the Code, the Company cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes “qualified performance-based compensation” within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. Currently, the Compensation Committee has structured its compensation policies without regard to the deduction limitations imposed by Section 162(m) of the Code.

Fringe Benefits

We provide corporate officers generally the same benefits as those provided to all other salaried employees, such as health and dental insurance, life insurance, short- and long-term disability, 401(k) plan with company match, and an employee stock purchase plan. In addition, we also provide our corporate officers with either a monthly car allowance, the amount of which depends upon its respective arrangements with the Company, or as in the case of Mr. Baum and as required by UK law, a company car purchased by Presstek.

As mentioned above, Mr. Marino also benefits under a supplemental executive retirement plan that provides for discretionary employer contributions. Presstek provides this benefit to Mr. Marino because it promotes continued long-term service to the Company. In 2006, we contributed \$75,000 to Mr. Marino's deferred compensation plan. This contribution level is consistent with the amount Presstek has contributed to the supplemental executive retirement plan since the Plan's inception in 2005. The total amount accumulated under Mr. Marino's supplemental executive retirement plan is reported in the “Nonqualified Deferred Compensation” table, below.

The following table shows the 2006 account activity for Mr. Marino and includes his contributions, company contributions, earnings and the aggregate balance of his total deferral account as of December 30, 2006. The aggregate balance includes the total personal contributions made (and not withdrawn) by such executive and the contributions made by the Company.

NON-QUALIFIED DEFERRED COMPENSATION					
Name	Executive Contribution in 2006 (\$)	Presstek Contribution in 2006 (\$)	Aggregate Earnings in 2006 (\$)	Aggregate Withdrawal of Distributions (\$)	Aggregate Balance at end of FY 2006 (\$)
Edward J. Marino President and Chief Executive Officer	25,000	75,000	21,563	--	226,669

The Compensation Committee reviews each executive's compensation annually to maintain alignment with Presstek's goals and philosophy.

Process for Setting Compensation

The Committee considers market data when adjusting executive compensation levels. The Committee worked with the Company's Human Resources Department to compile compensation data from proprietary and public surveys that tracked high technology and/or printing or graphic arts industry companies with similar annual revenues, which we refer to as the “Comparator Group”. This data was adjusted to reflect Presstek's size (based on annual revenue) relative to those companies included in the analysis. From this group, we developed a range of compensation of the

components set out above. Below are the companies in the 2006 Comparator Group:

Schawk, Inc.	FSI International
GSI Lumonics	Reinhold Industries
Mattson Technology	Fargo Electronics
Applied Films Corp.	Delphax Technologies
Metrologic Instruments	Rimage Corp.
Baldwin Technology	Transact Technologies
3D Systems Corp.	Stratasys, Inc.

The compensation program targets competitive compensation levels comprised of base salary, annual variable compensation and equity compensation.

The Committee believes differentiation in pay based on performance for all types of compensation, including individual salary levels, annual variable compensation and longer-term variable compensation supports the goals of the Company's executive compensation program described above. A summary of each type of compensation is provided below.

Table of Contents**Resources for Advice and Counsel on Executive Compensation**

In its role in overseeing compensation policies and practices, the Committee consults with personnel serving human resources, finance, and legal functions within Presstek and also retains the services of outside compensation consultants, where and when appropriate, to better understand the competitive marketplace and to assess the appropriateness of the Company's compensation programs.

Compensation Committee Report

We have reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference in Presstek, Inc.'s Annual Report on Form 10-K for the fiscal year ended December 30, 2006.

 - (2) The dollar amounts in this column represent the compensation cost for the year ended December 30, 2006 of stock option awards granted in fiscal 2006. These amounts have been calculated in accordance with SFAS No. 123R ignoring the estimates of forfeiture and using the Black Scholes option-pricing model.  - (3) This amount includes bonus compensation that was earned in connection with meeting certain Company objectives at the end of each fiscal year, but paid in the following year.
 - (4) This amount includes deferred compensation contributed to, and \$21,563 interest earned in, a Section 409(A) plan in fiscal year 2006 for Mr. Marino, and a retirement payment to Mr. Baum's retirement plan, as required by the laws of the United Kingdom.

- (6) Mr. Moosa departed the Company, effective February 28, 2007.
- (7) Mr. Baum was also paid a bonus of \$44,847 in 2006 for his performance in 2005. Mr. Baum is paid in British pounds sterling and these numbers reflect a conversion based on the exchange rate of 1.9618 at December 30, 2006.

EMPLOYMENT AGREEMENTS AND TERMINATION OF EMPLOYMENT AGREEMENTS

The Company has entered into employment agreements with Messrs. Marino, Moosa, Bouchard, Tabassi and Baum.

Each of these agreements provides for a term of employment of three years which automatically extends annually on each anniversary of the agreement for one additional year unless timely notice of non-renewal is given by one of the parties. The agreements provide for compensation in the form of salary, discretionary bonuses of up to 30% of base salary for Mr. Marino, 40% of base salary for Messrs. Moosa, Bouchard and Baum, and 50% of base salary for Mr. Tabassi. Each agreement provides for equity awards in the form of stock option grants periodically vesting as described above, as well as participation in Employee Benefit Plans, vacations, and fringe benefits.

The following table estimates the base salary severance payments to each Named Executive as though his employment were terminated on December 30, 2006 (the last day of 2006). The amounts under the column labeled "*Termination by the Company without Cause or by the Named Executive with Good Reason on or after Change in Control*" assume that a change in control occurred on December 30, 2006. We are required by the Securities and Exchange Commission to use these assumptions. With those assumptions taken as a given, the Company believes that the remaining assumptions listed below, which are necessary to produce these estimates, are reasonable in the aggregate. However, the executives' employment was not terminated on December 30, 2006, and a change in control did not occur on that date. There can be no assurance that a termination of employment, a change in control or both would produce the same or similar results as those described if either or both of them occur on any other date or at any other price of our common stock, or if any assumption is not correct in fact.

Peter A. Bouchard	185,000	N/A
A. Emile Tabassi (2)	200,000	21,034

- (a) The agreements with Messrs. Moosa, Baum, Bouchard and Tabassi provide for the payment of severance benefits in the event of termination by the company other than for cause equal to 18 months of base salary, in the case of Mr. Baum, and 12 months of base salary in the case of Messrs. Moosa, Bouchard and Tabassi. In Mr. Baum's case, the 18-month period is defined as a "notice period", which is customary in the UK and which amounts to \$256,630, and in addition to this payment, he is also entitled to receive \$8,534, which is the statutory amount derived by a government-mandated formula. The agreement with Mr. Marino provides for such payments for not less than 18 nor more than 24 months, in the event of termination other than for cause, and twelve months in the event of a voluntary non-renewal of the agreement by the Company. Messrs. Bouchard and Tabassi's agreements each provide for a payment of 12 month base annual salary in the event of a termination by the employee for "Good Reason" which is defined as any reason so deemed by the Board in the exercise of its good faith judgment.

Table of Contents

The following table sets forth information concerning unexercised options; stock that has not vested; and equity incentive plan awards for each named executive officer outstanding as of the fiscal year ended December 30, 2006. On December 13, 2005, the Board of Directors voted to vest all unvested options that had been issued to all directors, officers, and employees of the Company as of December 31, 2005. This action was taken to mitigate compensation that would have been required upon the effectiveness of the Financial Accounting Standards Board's SFAS 123R beginning January 1, 2006. As a result of these actions, the Company mitigated approximately \$1.3 million in pre-tax compensation expense in fiscal 2006 and \$0.7 million thereafter related to these options.

The Company's ability to make additional option grants under the 1997 Plan terminated on September 22, 2002.

Description of 1997 Interim Stock Option Plan

The 1997 Plan was adopted for the purpose of granting non-statutory options to any person that the Board believed had contributed, or who would contribute, to the success of the Company or its subsidiaries, including directors, officers, employees, independent agents, consultants and attorneys. A total of 250,000 shares of Common Stock were reserved for issuance under the 1997 Plan. The Company's ability to make additional option grants under the 1997 Plan terminated on September 22, 2002; however, the Plan continues to govern all options granted and outstanding under the 1997 Plan. The options granted and outstanding under the 1997 Plan are currently administered by the Compensation Committee.

Pursuant to the terms of the plan, the price per share relating to each option granted under the 1997 Plan was to be established at the time of grant by the Board (or a committee thereof appointed to administer the plan); provided that the exercise price was not to be less than 100% of the fair market value per share of Common Stock on the date of grant. The 1997 Plan allows that payment upon the exercise of options may be made by one or any combination of the following: (i) by cash, which may be paid by check or other instrument acceptable to the Company; (ii) by payment in share of Common Stock which are already owned by the optionee, valued at the fair market value thereof on the date of exercise; or (iii) by delivery to the Company by the optionee of an executed exercise form together with irrevocable instructions to a broker-dealer to sell or margin a sufficient portion of the shares sold or margined and deliver the sale or margin loan proceeds directly to the Company to pay for the exercise price.

Table of Contents

The maximum number of shares with respect to which options could be granted to any officer or director under the 1997 Plan was not to exceed the lesser of: (i) 1% of the number of outstanding shares of Common Stock on the date of grant; (ii) 1% of the total voting power of the Company's outstanding voting securities on the date of grant; or (iii) 25,000 shares. The 1997 Plan provides for adjustment of any outstanding options to prevent dilution or enlargement of rights, including adjustments in the event of changes in the outstanding Common Stock by reason of stock dividends, split-ups, recapitalizations, mergers, consolidations, combinations or exchanges of shares, separations, reorganizations, liquidations and the like.

The vesting of options granted under the 1997 Plan was to be determined by the Board. The 1997 Plan also grants the Board discretion to make options immediately exercisable upon: (i) the first purchase of shares of Common Stock pursuant to a tender offer (other than an offer by the Company) for the Common Stock of the Company; (ii) the approval of the Company's stockholders of an agreement for a merger or consolidation, or a sale, exchange or other disposition of all or substantially all of the Company's assets; (iii) with respect to an employee, his or her 65th birthday; or (iv) with respect to an employee, his or her involuntary termination from employment with the Company. Except as otherwise provided by the Board, options granted under the 1997 Plan may only be transferred by will or by the laws of descent and distribution. The 1997 Plan also provides that any option granted thereunder may include a provision to the effect that the optionee may, at any time at which the fair market value of the option is in excess of the exercise price, request that the Company purchase from the optionee all or any portion of the shares as shall be then exercisable under the option at a price equal to the difference between the exercise price of such shares and the fair market value thereof on the date of repurchase; provided, however, that the Company shall have no obligation to make any purchase pursuant to such a request.

If an employee ceases to be employed by the Company (other than for cause or by death or disability), no further installments of the options granted to such employee under the 1997 Plan shall become exercisable, and such options shall, to the extent exercisable on the date of termination, remain exercisable for a period of 30 days following the date of termination. If an employee is terminated for cause or voluntarily leaves the employee of the Company without the Company's consent, options granted to such employee under the 1997 Plan shall automatically terminate and will no longer be exercisable. Upon termination of employment by reason of death, options granted to such employee under the 1997 Plan may be exercised, to the extent exercisable on the date of death, by a legatee or legatees of the employee under the employee's last will, or by the employee's personal representative or distributees, at any time within one year after the date of the employee's death. In the event employment is terminated by reason of disability, options granted to such employee under the 1997 Plan shall, to the extent exercisable on the date of termination, remain exercisable for a period of 30 days following the date of termination. Notwithstanding any of the foregoing, no option granted under the 1997 Plan shall remain exercisable beyond the specified termination date of such option.

The Audit Committee has reviewed the audited consolidated balance sheets of the Company as of December 30, 2006, December 31, 2005 and January 1, 2005, and the related consolidated statements of income, changes in stockholders' equity and cash flows for the fiscal years ended December 30, 2006, December 31, 2005, and January 1, 2005, and the related notes thereto, and has discussed them with both management and KPMG LLP ("KPMG"), the Company's independent registered public accountants for fiscal year 2006, and BDO Seidman, LLP, the Company's independent registered public accounting firm for fiscal years 2004 and 2005. The Audit Committee has also discussed with KPMG and BDO Seidman, LLP ("BDO") the matters required to be discussed by the Statement on Auditing Standards No. 61 (Communication with Audit Committees), as adopted by the Public Company Accounting Oversight Board. The Audit Committee has received the written disclosures and the letter from KPMG and BDO required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as adopted by the Public Company Accounting Oversight Board, and has discussed with KPMG and BDO each firm's respective independence.

Based on its review of the audited consolidated financial statements and the aforementioned discussions, the Audit Committee recommended to the Board of Directors of the Company that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 30, 2006 for filing with the Securities and Exchange Commission.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with U.S. generally accepted accounting principles. That is the responsibility of the Company's independent registered public accounting firm and management. In giving our recommendation to the Board of Directors, the Audit Committee has relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with U.S. generally accepted accounting principles, and (ii) the report of the Company's independent registered public accounting firm with respect to such financial statements.

On June 19, 2006, the Company's Board of Directors, through its Audit Committee, dismissed BDO as the Company's independent registered public accounting firm.

The audit reports of BDO on the consolidated financial statements of the Registrant as of and for the fiscal years ended December 31, 2005 and January 1, 2005, management's assessment of the effectiveness of internal control over financial reporting as of December 31, 2005, and the effectiveness of internal control over financial reporting as of December 31, 2005 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the Company's fiscal years ended December 31, 2005 and January 1, 2005, and during the subsequent interim period prior to engaging KPMG, there were no disagreements with BDO on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements if not resolved to the satisfaction of BDO would have caused BDO to make reference thereto in its reports on the financial statements of the Company for such fiscal years.

None of the reportable events described in Item 304(a)(1)(v) of SEC Regulation S-K occurred within the Company's fiscal years ended December 31, 2005 and January 1, 2005 or the subsequent interim period prior to the Company engaging KPMG.

On June 22, 2006, the Company's Board of Directors, through its Audit Committee, engaged KPMG as the Company's new independent registered public accounting firm. During the Company's fiscal years ended December 31, 2005 and January 1, 2005, and during the subsequent interim period through the engagement of KPMG, the Company did not consult with KPMG regarding the application of accounting principles to a specified transaction, either completed or

proposed; the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any matter that was either the subject of disagreement, as that term is defined in Item 304(a)(1)(iv) of Regulation S-K; or a reportable event, as that term is defined in Item 304(a)(1)(v) of Regulation S-K.

PROPOSAL 2

**RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

KPMG LLP was selected to audit and report upon the financial statements of the Company for the fiscal year ended December 30, 2006. KPMG LLP has served as the Company's independent registered public accountants since June 22, 2006. Prior to that time, BDO Seidman, LLP served as the Company's independent registered public accounting firm. A representative of KPMG LLP is expected to be present at the Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and is expected to be available to respond to appropriate questions. The ratification of this selection is not required under the laws of the State of Delaware, the Company's state of incorporation, or the Company's Bylaws, but the results of this non-binding vote will be considered by the Board in selecting an independent registered public accounting firm.

Set forth below are the fees billed to the Company by KPMG LLP for the fiscal periods indicated.

Audit Fees. The aggregate billed for professional services rendered by KPMG LLP for audit fees for the fiscal year ended December 30, 2006 was \$885,000.

Audit-Related Fees. There were no fees billed to the Company for audit-related services rendered by KPMG LLP for the fiscal year ended December 30, 2006.

Tax Fees. The aggregate billed to the Company for tax-related services rendered by KPMG LLP for the fiscal year ended December 30, 2006 was \$12,000.

All Other Fees. There were no other fees billed to the Company by KPMG LLP, other than those discussed above, for the fiscal years ended December 30, 2006.

The Audit Committee of the Board of Directors has determined that KPMG LLP has maintained their independence, since no fees were billed for the provision of any services related to *All Other Fees* during the applicable audit period.

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

THE BOARD RECOMMENDS A VOTE FOR RATIFICATION OF THIS SELECTION.

OTHER MATTERS

The Board does not intend to bring any matters before the Meeting other than those specifically set forth in the Notice of Annual Meeting and it knows of no matters to be properly brought before the meeting by others. If any other matters properly come before the Meeting, it is the intention of the persons named in the accompanying proxies to vote such proxies in accordance with the judgment of the Board.

The Company's Annual Report to Stockholders, containing audited consolidated financial statements for the fiscal year ended December 30, 2006, is being mailed contemporaneously with this proxy statement and form of proxy to all stockholders entitled to notice of, and to vote at, the Annual Meeting.
