Dear Network Appliance Stockholder:

Network Appliance, Inc., a Delaware corporation, will be holding our Annual Meeting of Stockholders on September 2, 2004, at 3:00 p.m., local time. The meeting will be held at our company headquarters located at 495 East Java Drive, Sunnyvale, California 94089. At the meeting, you will be asked to consider and vote upon the following proposals:

1. To elect eight directors of the Company;
2. To approve the Company's amended and restated 1999 Stock Incentive Plan, which includes a proposed increase of the maximum number of shares of Common Stock that may be issued thereunder by 10,200,000;
3. To approve an amendment to the Company's Employee Stock Purchase Plan (Purchase Plan) to increase the share reserve under the Purchase Plan by an additional 1,300,000 shares of Common Stock;
4. To ratify the appointment of Deloitte & Touche LLP as independent auditors of the Company for the fiscal year ending April 29, 2005; and
5. To transact such other business as may properly come before the meeting.

After careful consideration, our Board of Directors has unanimously approved the proposals and recommends that you vote FOR each of the proposals. Details of the proposals and business to be conducted at the meeting can be found in the enclosed Proxy Statement.

Of particular importance this year is our request for additional stock options in Proposal #2. Network Appliance intends to be a growth company. However, in order to grow, it is critical to hire additional people to achieve our long-term strategic goals. Therefore, we are requesting additional options in order to hire, retain and motivate strong candidates from a very competitive pool. In addition, stock options remain an important incentive to retain key employees. Our growth prospects may be limited if we are unable to grant sufficient options to attract, retain and motivate high quality employees. We strongly believe that the amended and restated 1999 Plan is essential for us to compete for talent in the very difficult labor markets in which we operate. Thank you for your consideration and support.

We would like to acknowledge the dedicated service of two Board members who have chosen not to run for re-election this year, Sanjiv Ahuja and Michael R. Hallman. Mr. Ahuja joined the Board in 1998 and has been a valuable contributor to the Company in his role as Director and Audit Committee member for 6 years. Mr. Ahuja was appointed CEO of Orange SA, based in the United Kingdom, in March 2004. Mr. Hallman joined the Board in 1994 as one of the Company's first Directors. Mr. Hallman has been vital to the development, direction and growth of the Company for a decade and has been a key member of the Board in his role on the Audit Committee as well.

Your vote is extremely important and we appreciate your taking the time to vote promptly. After reading the Proxy Statement, please vote, at your earliest convenience by telephone or Internet or date, sign and return the enclosed proxy card in the accompanying reply envelope. If you decide to attend the Annual Meeting and would prefer to vote by ballot, your proxy will be revoked automatically and only your vote at the Annual Meeting will be counted. **YOUR SHARES CANNOT BE VOTED UNLESS YOU VOTE BY TELEPHONE, OR INTERNET OR SIGN, DATE AND RETURN THE ENCLOSED PROXY OR ATTEND THE ANNUAL MEETING IN PERSON.**

**PROXY STATEMENT**

---

**FOR THE ANNUAL MEETING OF STOCKHOLDERS OF  
NETWORK APPLIANCE, INC.  
To Be Held September 2, 2004**

---

**General**

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the Board of Directors or the Board) of Network Appliance, Inc., a Delaware corporation (Company or Network Appliance), of proxies to be voted at the Annual Meeting of Stockholders (the Annual Meeting) to be held on September 2, 2004, or at any adjournment or postponement thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Stockholders of record on July 8, 2004 will be entitled to vote at the Annual Meeting. The Annual Meeting will be held at 3:00 p.m., local time, at the Company's headquarters, 495 East Java Drive, Sunnyvale, California 94089.

It is anticipated that this Proxy Statement and the enclosed proxy card and voting instructions will be mailed to stockholders on or about July 19, 2004.

**Voting Rights**

The close of business on July 8, 2004 was the record date for stockholders entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. At the record date, the Company had approximately 357,543,596 shares of its Common Stock outstanding and entitled to vote at the Annual Meeting, and approximately 1,188 registered stockholders. No shares of the Company's Preferred Stock were outstanding. Holders of Common Stock are entitled to one vote for each share of Common Stock held by such stockholder on July 8, 2004. A majority of the shares of Common Stock issued and outstanding and entitled to vote will constitute a quorum for the transaction of business at the Annual Meeting.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of shares entitled to vote at the Annual Meeting (Votes Cast) with respect to a proposal (other than the election of directors). In the absence of controlling precedent to the contrary, the Company intends to treat abstentions in this manner. Accordingly, with the exception of the proposal for the election of directors, abstentions will have the same effect as a vote against the proposal. Because directors are elected by a plurality vote, abstentions in the election of directors have no impact once a quorum exists.

Broker non-votes (i.e., votes from shares held of record by brokers as to which the beneficial owners have given no voting instructions) will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a proposal that requires a majority of the Votes Cast (such as the approval of an amendment to an option plan). Thus, a broker non-vote will make a quorum more readily attainable, but the broker non-vote will not otherwise affect the outcome of the vote on a proposal.

Stockholders may vote by proxy. The enclosed proxy is solicited by the Company's Board, and when the proxy card is returned properly completed, by telephone, Internet or mail, it will be voted as directed by the stockholder on the proxy card. Stockholders are urged to specify their choices on the enclosed proxy card. If a proxy card is voted by telephone, or Internet or signed and returned by mail, without choices specified, in the absence of contrary instructions, the shares of Common Stock represented by such proxy will be voted FOR Proposals 1, 2, 3 and 4 and will be voted in the proxy holders' discretion as to other matters that may properly come before the Annual Meeting.

---

## **Table of Contents**

For Proposal 1, the eight director nominees receiving the highest number of affirmative votes will be elected. Approval of Proposals 2, 3 and 4 requires the affirmative vote of a majority of the number of Votes Cast. All votes will be tabulated by the inspector of the election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

### **Revocability of Proxies**

Any stockholder giving a proxy has the power to revoke it at any time before its exercise. You may revoke or change your proxy by filing with the Secretary of the Company an instrument of revocation or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

### **Solicitation of Proxies**

The Company will bear the cost of soliciting proxies. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others to forward to such beneficial owners. The Company may reimburse such persons for their costs of forwarding the solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by telephone, electronic communication, or other means by directors, officers, employees or agents of the Company. No additional compensation will be paid to these individuals for any such services. The Company may retain a proxy solicitor to assist in the solicitations of proxies, for which the Company will pay an estimated fee of \$10,000 plus reimbursement of expenses.

### **Annual Report**

The Annual Report of the Company for the fiscal year ended April 30, 2004, has been mailed concurrently with the mailing of the Notice of Annual Meeting and Proxy Statement to all stockholders entitled to notice of and to vote at the Annual Meeting. The Annual Report is not incorporated into this Proxy Statement and is not considered proxy-soliciting material.

## **PROPOSAL NO. 1:**

### **ELECTION OF DIRECTORS**

At the Annual Meeting, eight directors constituting the entire board are to be elected to serve until the next Annual Meeting of Stockholders or until a successor for such director is elected and qualified, or until the death, resignation or removal of such director. It is intended that the proxies will be voted for the eight nominees named below for election to the Company's Board of Directors unless authority to vote for any such nominee is withheld. There are eight nominees, each of whom is currently a director of the Company. All of the current directors were elected to the Board by the stockholders at the last Annual Meeting, with the exception of Mr. Shaheen and Mr. Leslie. Each person nominated for election has agreed to serve if elected, and the Board of Directors has no reason to believe that any nominee will be unavailable or will decline to serve. In the event, however, that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current Board of Directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominees named below. The eight candidates receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected directors of the Company. The proxies solicited by this Proxy Statement may not be voted for more than eight nominees.

In fiscal year 2004, the members of the Board of Directors received an annual cash retainer for their service as directors in the amount of \$30,000. Audit Committee members received an additional \$10,000, and Compensation Committee and Nominating/ Governance committee members received an additional \$5,000 per committee. Directors are eligible to receive stock options under the Automatic Option Grant Program in effect under the 1999 Plan, under which option grants are automatically made at periodic intervals to eligible non-employee Board members to purchase shares of Common Stock at an exercise price equal to 100% of the fair market value of the option shares on the grant date.

Effective for fiscal year 2005, members of the Board of Directors will receive an annual cash retainer for their service as directors. The annual retainer for each director will be \$30,000. Audit Committee members shall receive an additional \$10,000 in cash and Compensation and Nominating/ Governance committee members shall receive an additional \$5,000 in cash per committee. Directors who serve as the Chair of the Board or the Chair of one of the committees of the Board will receive an additional stock option grant of 5,000 shares of stock per Chair, under the 1995 Plan, with an exercise price to be determined on the date of the grant. Each of the options has a term of 10 years measured from the grant date, subject to earlier termination following the Director's cessation of committee service, and is immediately exercisable for all the option shares. However, any shares purchased upon exercise of the option are subject to repurchase by the Company, at the option exercise price paid per share, should the Director cease service on the committee prior to vesting in those shares. The shares subject to each such 5,000 share grant will vest upon the Director's completion of one term of committee service measured from the grant date and continuing through the day immediately preceding the next Annual Stockholders Meeting.

At the 2003 Annual Stockholders Meeting held on September 2, 2003, each of the following individuals re-elected as a non-employee Board member at that meeting received an option grant for 15,000 shares of Common Stock under the Automatic Option Grant Program of the 1999 Plan with an exercise price of \$22.62 per share, the fair market value per share of Common Stock on the grant date: Messrs. Valentine, Ahuja, Hallman, Moore and Wall, Ms. Bartz and Dr. Semmoto. Each of those options has a term of 10 years measured from the grant date, subject to earlier termination following the Director's cessation of Board service, and is immediately exercisable for all the option shares. However, any shares purchased upon exercise of the option are subject to repurchase by the Company, at the option exercise price paid per share, should the Director cease service on the Board prior to vesting in those shares. The shares subject to each such 15,000-share grant will vest upon the Director's completion of one term of Board service measured from the

grant date and continuing through the day immediately preceding the next Annual Stockholders Meeting (i.e., September 1, 2004).

At the 2003 Annual Stockholders Meeting held on September 2, 2003, the following individuals received option grants of Common Stock for service as Chair of the Board or Chair of one of the committees of the Board: Mr. Valentine, 5,000 shares for serving as Chair of the Board and 5,000 shares for serving as Chair of the Nominating/ Corporate Governance Committee; Ms. Bartz, 5,000 shares for serving as Chair of the Compensation Committee; and Mr. Moore, 5,000 shares for serving as Chair of the Audit Committee. Each of the option grants has an exercise price of \$22.62, the fair market value per share of Common Stock on the grant date and a term of 10 years measured from the grant date, subject to earlier termination following the Director's cessation of Board service, and is immediately exercisable for all the option shares. However, any shares purchased upon exercise of the option are subject to repurchase by the Company, at the option exercise price paid per share, should the Director cease service on the Board prior to vesting in those shares. The shares subject to each grant will vest upon the Director's completion of one term of Board service measured from the grant date and continuing through the day immediately preceding the next Annual Stockholders Meeting (i.e. September 1, 2004).

**The Board of Directors unanimously recommends that the stockholders vote FOR the election of all of the above nominees as directors.**

**PROPOSAL NO. 2**

**APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE  
COMPANY'S 1999 STOCK INCENTIVE PLAN**

We are asking our stockholders to approve the amended and restated 1999 Stock Incentive Plan (1999 Plan) so that we can continue to use the 1999 Plan to achieve the Company's goals and also continue to receive a federal income tax deduction for certain compensation paid under the 1999 Plan. Our Board of Directors has approved the amended and restated 1999 Plan, subject to approval from our stockholders at the Annual Meeting. Approval of the amended and restated 1999 Plan requires the affirmative vote of a majority of the votes cast. If the stockholders approve the amended and restated 1999 Plan, it will replace the current version of the 1999 Plan. Otherwise, the current version of the 1999 Plan will remain in effect. Our named executive officers and directors have an interest in this proposal.

To reinforce our commitment to follow procedures and practices that we believe constitute the best practices, we are proposing to amend the 1999 Plan to prohibit our ability to reprice any outstanding stock option or stock appreciation right after it has been granted (other than pro rata adjustments to reflect stock dividends and other corporate events) and to cancel any outstanding stock option or stock appreciation right and immediately replace it with a new stock option or stock appreciation right with a lower exercise price, unless approved by stockholders. Subject to stockholders approving this Proposal No. 2, we have amended our 1995 Stock Incentive Plan (the 1995 Plan) so that we will similarly be unable to reprice any outstanding stock option granted thereunder (other than pro rata adjustments to reflect stock dividends and other corporate events) without approval of the stockholders and neither will we be able to cancel any outstanding stock option and immediately replace it with a new stock option with a lower exercise price.

The stockholders are also being asked to approve an amendment to the 1999 Plan to permit the award of stock appreciation rights and restricted stock units under the 1999 Plan. The 1999 Plan currently allows for the grant of stock options and restricted stock. While we believe that awards of stock appreciation rights and restricted stock units can currently be made under the 1999 Plan through the grant of awards currently permitted under the 1999 Plan, we want to avoid any confusion regarding the types of awards that we may grant thereunder. The ability to grant a wider range of awards under the 1999 Plan will help us achieve our goal of attracting, retaining and motivating our talented personnel. We want to ensure that we have maximum flexibility in determining the appropriate equity compensation for our employees and other service providers.

We are also proposing to amend the 1999 Plan to increase by 10,200,000 the number of shares of the Company's common stock ( Shares ) that may be issued thereunder. To limit the 1999 Plan's dilutive effect

and as part of our desire to follow what we believe to constitute the best practices, we will grant no more than 10% of the Shares to be added to the 1999 Plan under this Proposal No. 2, 10% of the Shares reserved for issuance under the 1999 Plan as of May 28, 2004, plus 10% of the Shares subject to outstanding awards as of such date that return to the 1999 Plan as the result of the termination or expiration of such awards prior to exercise or the repurchase or reacquisition of unvested Shares pursuant to awards under the Stock Issuance Program (e.g., restricted stock) or the proposed Performance Share and Performance Unit Program (e.g., restricted stock units). Subject to stockholders approving this Proposal No. 2, we have amended our 1995 Plan so that we will similarly grant no more than 10% of the Shares reserved for issuance thereunder as of May 28, 2004, plus 10% of the Shares subject to outstanding awards as of such date that return to the 1995 Plan as the result of the termination or expiration of such awards prior to exercise or the repurchase or reacquisition of unvested Shares under the stock issuance program thereunder (e.g., pursuant to awards of restricted stock).

We are additionally requesting approval of the 1999 Plan so that awards granted under the 1999 Plan can qualify as performance based compensation under Section 162(m) of the Internal Revenue Code (discussed in greater detail below).

We believe strongly that the approval of the amended and restated 1999 Plan is essential to our continued success. Our employees are our most valuable assets. Offering a broad-based equity compensation program is vital to attracting and retaining the most highly skilled people in our industry. We believe that employees who have a stake in the future success of our business become highly motivated to achieve our long-term business goals and increase stockholder value. At this important time in our history, our employees' innovation and productivity are even more critical to our success in a highly competitive and fast-paced industry. The 1999 Plan is designed to assist us in recruiting, motivating and retaining talented employees who help us achieve our business goals, including creating long-term value for stockholders.

### **Description of the 1999 Stock Incentive Plan**

The following paragraphs provide a summary of the principal features of the amended and restated 1999 Plan and its operation. The 1999 Plan is set forth in its entirety and has been filed as an Appendix to this Proxy Statement with the Securities and Exchange Commission. The following summary is qualified in its entirety by reference to the complete text of the 1999 Plan. Any stockholder that wishes to obtain a copy of the actual plan document may do so by written request to the Corporate Secretary at the Company's principal offices in Sunnyvale, California.

### **Background and Purpose of the 1999 Plan**

The 1999 Plan is currently divided into three separate components: (a) the Discretionary Option Grant Program, (b) the Stock Issuance Program, and (c) the Automatic Option Grant Program. If the stockholders approve the amended and restated 1999 Plan, two additional components, the Stock Appreciation Rights Program and the Performance Share and Performance Unit Program, will be added to the 1999 Plan. Under the Discretionary Option Grant Program, participants may be granted options to purchase Shares at an exercise price not less than the fair market value of those Shares on the grant date. Under the Stock Issuance Program, the Plan Administrator will be able to make direct issuances of Shares either through the issuance or immediate purchase of such Shares or as a bonus for services rendered by participants on such terms as the Plan Administrator deems appropriate. Under the Automatic Option Grant Program, option grants are automatically made at periodic intervals to non-employee members of the Board. Under the proposed Stock Appreciation Rights Program, the Plan Administrator will be able to grant stock appreciation rights that will allow individuals to receive the appreciation in fair market value of the Shares subject to the award between the exercise date and the date of grant. Under the proposed Performance Share and Performance Unit Program, the Plan Administrator will be able to grant performance shares and performance units, which are awards that will result in a payment to a participant only if the performance goals or other vesting criteria established by the Plan Administrator are achieved or the awards otherwise vest. The 1999 Plan is intended to increase incentives and to encourage share ownership on the part of eligible employees, non-employee

**Table of Contents**

directors and consultants who provide significant services to us. The 1999 Plan also is intended to further our growth and profitability.

**Administration of the 1999 Plan**

The Compensation Committee of our Board of Directors administers the 1999 Plan (Plan Administrator). The members of the Compensation Committee must qualify as non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934, and as outside directors under Section 162(m) of the Internal Revenue Code (so that the Company can receive a federal tax deduction for certain compensation paid under the 1999 Plan).

Subject to the terms of the 1999 Plan, the Plan Administrator has the sole discretion to select the employees and consultants who will receive awards, determine the terms and conditions of awards (for example, the exercise price and vesting schedule), and interpret the provisions of the 1999 Plan and outstanding awards. The Compensation Committee may delegate any part of its authority and powers under the 1999 Plan to one or more directors and/or officers of the Company, but only the Compensation Committee itself can make awards to participants who are executive officers of the Company.

**Shares Subject to the 1999 Plan**

If stockholders approve Proposal 2, a total of 65,800,000 Shares will be reserved for issuance under the 1999 Plan. As of May 28, 2004, 42,321,271 Shares were subject to outstanding awards granted under the 1999 Plan, and 11,099,415 Shares remained available for any new awards to be granted in the future.

If an award expires or is cancelled without having been fully exercised or vested, the unvested or cancelled Shares generally will be returned to the available pool of Shares reserved for issuance under the 1999 Plan. Also, in the event any change is made to our common stock issuable under the 1999 Plan by reason of any stock split, stock dividend, combination of shares, merger, reorganization, consolidation, recapitalization, exchange of shares, or other change in capitalization of the Company affecting our common stock as a class without the Company's receipt of consideration, appropriate adjustments will be made to (a) the maximum number and/or class of securities issuable under the 1999 Plan, (b) the maximum number and/or class of securities for which any one individual may be granted stock options, stock appreciation rights, stock issuances, or performance shares and performance units under the 1999 Plan per calendar year, (c) the class and/or number of securities and the purchase price per share in effect under each outstanding award, and (d) the class and/or number of securities for which automatic option grants are to be subsequently made to both new and continuing non-employee Board members under the Automatic Option Grant Program. The adjustments to the outstanding awards will prevent the dilution or enlargement of benefits thereunder.

**Other Stock Plans**

The Company maintains two other equity incentive plans under which individuals in the Company's service may acquire shares of Common Stock:

***1995 Stock Incentive Plan***

101,700,192 Shares have been reserved for issuance over the term of the 1995 Plan. The 1995 Plan has been approved by the stockholders and is divided into three separate equity incentive programs: (a) the Discretionary Option Grant Program under which individuals in the Company's service, including officers, employees and non-employee Board members, may be granted options to purchase shares of Common Stock at an exercise price per share not less than the fair market value per share of Common Stock on the grant date, (b) the Salary Investment Option Grant Program under which the Company's executive officers and certain other highly-compensated employees may elect to forego a portion of their base salary in exchange for grants of stock options on terms and conditions specified in the 1995 Plan, including that the options be scheduled to vest in monthly installments over the first year after grant, and (c) the Stock Issuance Program under which individuals may be issued shares of Common Stock directly, through the purchase of such shares at a price per share to be determined by the Plan Administrator at the time of the award or as a fully paid bonus for services

**Table of Contents**

rendered the Company or the attainment of designated performance goals. Subject to stockholders approving this Proposal 2, we have amended the 1995 Plan so that (i) no more than ten percent (10%) of the Shares reserved for issuance thereunder as of May 28, 2004 plus ten percent (10%) of the Shares subject to outstanding awards as of such date that return to the 1995 Plan as the result of the termination or expiration of such awards prior to exercise or the repurchase or reacquisition of unvested Shares would be able to be granted under the stock issuance program thereunder and (ii) we will be unable (without the approval of stockholders) to reprice any outstanding awards of options granted thereunder or cancel any outstanding stock option and immediately replace it with a new stock option with a lower exercise price.

As of May 28, 2004, options covering 31,936,588 Shares were outstanding under the 1995 Plan, 6,578,433 Shares remained available for future option grants and direct stock issuances, and 63,185,171 Shares had been issued pursuant to awards thereunder.

***Special Non-Officer Stock Option Plan***

The Special Non-Officer Stock Option Plan (Non-Officer Plan) was implemented by the Board on April 30, 1997. The Non-Officer Plan is a non-shareholder approved plan. Options may be granted under the Non-Officer Plan to employees of the Company (or any parent or subsidiary corporation) who are neither officers nor Board members at the time of grant. 6,400,000 Shares have been authorized by the Board for issuance under the Non-Officer Plan. All option grants will have an exercise price per share equal to the fair market value per share of Common Stock on the grant date. Each option has a maximum ten-year term and will vest in installments over the participant's period of service with the Company. The options will vest on an accelerated basis in the event the Company is acquired and those options are not assumed or replaced by the acquiring entity. All options are non-statutory options under the federal tax law. As of May 28, 2004, options covering 1,566,092 Shares were outstanding under the Non-Officer Plan, 294,048 Shares remained available for future option grants, and 4,539,860 Shares had been issued pursuant to awards thereunder.

Share issuances under the 1999 Plan will not reduce or otherwise affect the number of Shares available for issuance under the 1995 Plan or the Non-Officer Plan, and Share issuances under those two plans will not reduce or otherwise affect the number of Shares available for issuance under the 1999 Plan.

***Spinnaker Networks, Inc. 2000 Stock Plan***

We assumed the Spinnaker Networks, Inc. 2000 Stock Plan (Spinnaker Plan) in connection with our acquisition of Spinnaker in 2004. The Spinnaker Plan allows for the grant of stock options, stock purchase rights and restricted stock units to service providers other than individuals who were not employed by us or any of our subsidiaries (other than Spinnaker) at the time of our acquisition of Spinnaker. The Plan Administrator determines the terms of awards granted under the Spinnaker Plan. As of May 28, 2004, there were outstanding under the Spinnaker Plan 67,635 shares of restricted stock, restricted stock units covering 351,387 Shares, and options covering 1,046,154 Shares and 1,343,101 Shares remained available for issuance thereunder.

**Eligibility to Receive Awards**

The Plan Administrator selects the employees and consultants who will be granted awards under the Discretionary Option Grant Program, the Stock Appreciation Right Program, the Stock Issuance Program and the Performance Share and Performance Unit Program. The actual number of individuals who will receive an award under the 1999 Plan cannot be determined in advance because the Plan Administrator has the discretion to select the participants. Our non-employee directors are not eligible to receive discretionary awards under the 1999 Plan. Instead, our non-employee directors are automatically granted awards of a predetermined number of nonqualified stock options under the Automatic Option Grant Program.

**Discretionary Option Grant Program**

A stock option is the right to acquire Shares at a fixed exercise price for a fixed period of time. Under the Discretionary Option Grant Program, the Plan Administrator may grant non-statutory stock options and/or incentive stock options (which entitle employees, but not the Company, to more favorable tax treatment). The

## **Table of Contents**

Plan Administrator will determine the number of Shares covered by each option, but during any calendar year of the Company, no participant may be granted options and/or stock appreciation rights covering more than 3,000,000 Shares.

The exercise price of the Shares subject to each option is set by the Plan Administrator but cannot be less than 100% of the fair market value (on the date of grant) of the Shares covered by the option. The exercise price of an incentive stock option must be at least 110% of fair market value if (on the grant date) the participant owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or any of its subsidiaries.

An option granted under the Discretionary Option Grant Program of the 1999 Plan cannot be exercised until it becomes vested. An option granted under the Automatic Option Grant Program is immediately exercisable. However, any shares purchased under the option are subject to repurchase by the Company if the Optionee ceases Board service prior to vesting. The Plan Administrator establishes the vesting schedule of each option at the time of grant. Options become exercisable at the times and on the terms established by the Plan Administrator. To the extent the aggregate fair market value of the Shares (determined on the grant date) covered by incentive stock options first becomes exercisable by any participant during any calendar year is greater than \$100,000, the excess above \$100,000 will be treated as a non-statutory stock option. Options granted under the 1999 Plan expire at the times established by the Plan Administrator, but not later than 10 years after the grant date.

### **Stock Appreciation Right Program**

Assuming the stockholders approve this Proposal 2, the Plan Administrator will be able to grant stock appreciation rights. A stock appreciation right is the right to receive the appreciation in fair market value of the Shares subject to the award between the exercise date and the date of grant. We can pay the appreciation in either cash or Shares. Stock appreciation rights will become exercisable at the times and on the terms established by the Plan Administrator, subject to the terms of the 1999 Plan. No participant will be granted stock appreciation rights and/or options covering more than 3,000,000 Shares during any calendar year. The exercise price of the Shares subject to each stock appreciation right is set by the Plan Administrator but cannot be less than 100% of the fair market value (on the date of grant) of the Shares covered by the award. A stock appreciation right granted under the 1999 Plan cannot be exercised until it becomes vested. The Plan Administrator establishes the vesting schedule of each stock appreciation right at the time of grant.

### **Stock Issuance Program**

Stock issuances are Shares that vest in accordance with the terms and conditions established by the Plan Administrator. The number of Shares granted to any employee or consultant pursuant to a stock issuance will be determined by the Plan Administrator, but during any calendar year no participant may be granted more than 200,000 Shares pursuant to such an award. Also, no more than ten percent (10%) of the Shares to be added to the 1999 Plan under this Proposal 2, ten percent (10%) of the Shares reserved for issuance under the 1999 Plan as of May 28, 2004 plus ten percent (10%) of the Shares subject to outstanding awards as of such date that return to the 1999 Plan as the result of the termination or expiration of such awards prior to exercise or the repurchase or reacquisition of unvested Shares would be able to be granted under the Stock Issuance Program or the proposed Performance Share and Performance Unit Program.

In determining whether a stock issuance should be made, and/or the vesting schedule for any such award, the Plan Administrator may impose whatever conditions to vesting as it determines to be appropriate. For example, the Plan Administrator may determine to make a stock issuance only if the participant satisfies performance goals established by the Plan Administrator.

### **Performance Share and Performance Unit Program**

Assuming the stockholders approve this Proposal 2, the Plan Administrator will be able to grant performance shares and performance units, which are awards that will result in a payment to a participant only if the performance goals or other vesting criteria established by the Plan Administrator are achieved or the

## **Table of Contents**

awards otherwise vest. The Plan Administrator will establish organizational, individual performance goals or other vesting criteria in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. No participant will receive performance units with an initial value greater than \$1,000,000 and no participant will receive more than 200,000 performance Shares during any calendar year. Performance units will have an initial dollar value established by the Committee prior to the grant date. Performance shares will have an initial value equal to the fair market value of a Share on the grant date. Also, no more than ten percent (10%) of the Shares to be added to the 1999 Plan under this Proposal 2, ten percent (10%) of the Shares reserved for issuance under the 1999 Plan as of May 28, 2004 plus ten percent (10%) of the Shares subject to outstanding awards as of such date that return to the 1999 Plan as the result of the termination or expiration of such awards prior to exercise or the repurchase or reacquisition of unvested Shares would be able to be granted under the Stock Issuance Program or the proposed Performance Share and Performance Unit Program.

### **Performance Goals**

The Plan Administrator (in its discretion) may make performance goals applicable to a participant with respect to an award. At the Plan Administrator's discretion, one or more of the following performance goals may apply: annual revenue, cash position, earnings per share, individual objectives, net income, operating cash flow, operating income, return on assets, return on equity, return on sales and total stockholder return.

### **Automatic Option Grant Program**

Under the Plan, our non-employee directors will receive annual, automatic, non-discretionary grants of non-statutory stock options.

Each new non-employee director will receive an option to purchase 55,000 Shares as of the date he or she first becomes a non-employee director. Each non-employee director also will receive an option to purchase 15,000 Shares on the date of each annual stockholder meeting, provided that he or she has been a non-employee director for at least six months and remains an eligible non-employee director through each such meeting.

The exercise price of each option granted to a non-employee director is equal to 100% of the fair market value (on the date of grant) of the Shares covered by the option. The option granted to a non-employee director when he or she first becomes a non-employee director vests as to 25,000 Shares on the first anniversary of the date of grant and as to 10,000 Shares each anniversary thereafter (assuming that he or she remains a non-employee director on each scheduled vesting date). All options granted thereafter to the non-employee director become 100% vested on the day preceding the annual stockholders meeting following the grant date. However, if a non-employee director terminates his or her service on the Board due to death or disability his or her options would immediately vest.

Options granted to non-employee directors generally expire no later than 10 years after the date of grant. If a non-employee director terminates his or her service on the Board prior to an option's normal expiration date, the option will remain exercisable for 12 months to the extent it has vested. However, the option may not be exercised later than the original expiration date.

**Table of Contents****Awards to Be Granted to Certain Individuals and Groups**

The number of awards that an employee or consultant may receive under the Plan is in the discretion of the Plan Administrator and therefore cannot be determined in advance. To date, only stock options and restricted stock have been granted under the Plan. The following table\* sets forth (a) the aggregate number of Shares subject to options granted under the Plan during the last fiscal year, (b) the average per Share exercise price of such options, (c) the aggregate number of Shares of restricted stock granted under the Plan during the last fiscal year, and (d) the dollar value of such Shares of restricted stock based on \$19.80 per Share, the fair market value on May 28, 2004.

\* The table does not represent equity awards that may have been granted under the Company's 1995 Stock Incentive Plan. Please see pages 22-23 for greater detail on the equity awards that have been granted to the Company's executive officers and directors.

**Limited Transferability of Awards**

Awards granted under the Plan generally may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the applicable laws of descent and distribution. However, participants may, in a manner specified by the Plan Administrator, transfer non-statutory stock options (1) to a member of the participant's family, (2) to a trust or other entity for the sole benefit of the member(s) of the participant's and/or his or her family, (3) to a former spouse pursuant to a domestic relations order.

**Federal Tax Aspects**

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of awards granted under the Plan. Tax consequences for any particular individual may be different.

***Non-qualified Stock Options***

No taxable income is reportable when a nonqualified stock option is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market

## **Table of Contents**

value (on the exercise date) of the Shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the Shares would be capital gain or loss.

### ***Incentive Stock Options***

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for nonqualified stock options). If the participant exercises the option and then later sells or otherwise disposes of the Shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the Shares before the end of the two-or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the Shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

### ***Stock Appreciation Rights***

No taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

### ***Stock Issuance, Performance Units and Performance Shares***

A participant generally will not have taxable income at the time an award of stock, performance shares or performance units is granted. Instead, he or she will recognize ordinary income in the first taxable year in which his or her interest in the Shares underlying the award becomes either (i) freely transferable or (ii) no longer subject to substantial risk of forfeiture. However, the recipient of an award of restricted stock may elect to recognize income at the time he or she receives the award in an amount equal to the fair market value of the Shares underlying the award (less any cash paid for the shares) on the date the award is granted.

### ***Tax Effect for the Company***

The Company generally will be entitled to a tax deduction in connection with an award under the 1999 Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to each of our four most highly compensated executive officers. Under Section 162(m) of the Internal Revenue Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 1999 Plan, setting limits on the number of awards that any individual may receive and for awards other than stock options, and establishing performance criteria that must be met before the award actually will vest or be paid. The 1999 Plan has been designed to permit the Plan Administrator to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such awards.

## **Amendment and Termination of the Plan**

The Board generally may amend or terminate the 1999 Plan at any time and for any reason.

## **Summary**

Network Appliance intends to be a growth company. However, in order to grow, it is critical to hire additional people to achieve our long-term strategic goals. Therefore, we are requesting additional options in order to hire, retain and motivate strong candidates from a very competitive pool. In addition, stock options remain an important incentive to retain key employees. Our growth prospects may be limited if we are unable

**Table of Contents**

to grant sufficient options to attract, retain and motivate high quality employees. We strongly believe that the amended and restated 1999 Plan is essential for us to compete for talent in the very difficult labor markets in which we operate.

**The Board of Directors Unanimously Recommends That Stockholders**

**Vote FOR Proposal 2**

**PROPOSAL NO. 3:**

**AMENDMENT TO THE COMPANY'S EMPLOYEE STOCK PURCHASE PLAN**

**Introduction**

The stockholders are being asked to approve an amendment to the Company's Employee Stock Purchase Plan (the Purchase Plan), which will increase the number of shares of Common Stock (Shares) authorized for issuance under the Purchase Plan by an additional 1,300,000 Shares.

The purpose of the amendment is to ensure the Company will continue to have a sufficient reserve of Common Stock available under the Purchase Plan to provide eligible employees of the Company and its participating affiliates (whether now existing or subsequently established) with the opportunity to purchase Shares at semi-annual intervals through their accumulated periodic payroll deductions.

The Purchase Plan was adopted by the Board on September 25, 1995 and became effective on November 20, 1995 in connection with the Company's initial public offering of the Common Stock.

The terms and provisions of the Purchase Plan, as most recently amended, are summarized below. This summary, however, does not purport to be a complete description of the Purchase Plan. The Purchase Plan is set forth in its entirety and has been filed as an Appendix to this Proxy Statement with the Securities and Exchange Commission. The following summary is qualified in its entirety by reference to the complete text of the Purchase Plan. Any stockholder that wishes to obtain a copy of the actual plan document may do so by written request to the Corporate Secretary at the Company's principal offices in Sunnyvale, California.

**Description of the Purchase Plan**

The Purchase Plan is administered by the Compensation Committee of the Board of Directors. As plan administrator, such committee has full authority to adopt administrative rules and procedures and to interpret the provisions of the Purchase Plan. All costs and expenses incurred in plan administration are paid by the Company without charge to participants.

**Share Reserve**

The maximum number of Shares reserved for issuance over the term of the Purchase Plan is limited to 15,900,000 Shares, assuming stockholder approval of the 1,300,000-share increase that is the subject of this Proposal. As of May 28, 2004, 10,837,731 Shares had been issued under the Purchase Plan, and 5,062,269 Shares were available for future issuance, assuming stockholder approval of the 1,300,000-Share increase.

The Shares issuable under the Purchase Plan may be made available from authorized but unissued Shares or from Shares of Common Stock repurchased by the Company, including Shares repurchased on the open market.

In the event that any change is made to the outstanding Common Stock (whether by reason of any stock split, stock dividend, recapitalization, exchange or combination of shares or other change affecting the outstanding Common Stock as a class without the Company's receipt of consideration), appropriate adjustments will be made to (a) the maximum number and class of securities issuable under the Purchase Plan, (b) the number and class of securities subject to each outstanding purchase right and the purchase price per Share in effect thereunder, (c) the maximum number and class of securities purchasable per participant

## **Table of Contents**

on any one semi-annual purchase date, and (d) the maximum number and class of securities purchasable in total by all participants on any one purchase date. Such adjustments will be designed to preclude any dilution or enlargement of benefits under the Purchase Plan or the outstanding purchase rights thereunder.

### **Offering Period and Purchase Rights**

Shares are offered under the Purchase Plan through a series of overlapping offering periods, each with a maximum duration of twenty-four (24) months. Such offering periods will begin on the first business day of June and on the first business day of December each year over the term of the Purchase Plan. Accordingly, two (2) separate offering periods will begin in each calendar year.

Each offering period will consist of a series of one or more successive purchase intervals. Purchase intervals will run from the first business day in June to the last business day in November each year and from the first business day in December each year to the last business day in May in the immediately succeeding year. Accordingly, Shares will be purchased on the last business day in May and November each year with the payroll deductions collected from the participants for the purchase interval ending with each such semi-annual purchase date.

If the fair market value per share of Common Stock on any semi-annual purchase date within a particular offering period is less than the fair market value per share of Common Stock on the start date of that offering period, then the participants in that offering period will automatically be transferred from that offering period after the semi-annual purchase of Shares on their behalf and enrolled in the new offering period which begins on the next business day following such purchase date.

### **Eligibility and Participation**

Any individual who is employed on a basis under which he or she is regularly expected to work for more than twenty (20) hours per week for more than five (5) months per calendar year in the employ of the Company or any participating parent or subsidiary corporation (including any corporation which subsequently becomes such at any time during the term of the Purchase Plan) is eligible to participate in the Purchase Plan.

An individual who is an eligible employee on the start date of any offering period may join that offering period at that time. However, no employee may participate in more than one offering period at a time.

As of May 28, 2004, approximately 2,878 employees, including 6 executive officers, were eligible to participate in the Purchase Plan.

### **Purchase Price**

The purchase price of the Shares purchased on behalf of each participant on each semi-annual purchase date will be equal to 85% of the lower of (i) the fair market value per Share on the start date of the offering period in which the participant is enrolled or (ii) the fair market value on the semi-annual purchase date.

The fair market value per Share on any particular date under the Purchase Plan will be deemed to be equal to the closing selling price per share on such date reported on the Nasdaq National Market and published in *The Wall Street Journal*. On May 28, 2004, the closing selling price per share of Common Stock on the Nasdaq National Market was \$19.80 per share.

### **Payroll Deductions and Stock Purchases**

Each participant may authorize periodic payroll deductions in any multiple of 1% up to a maximum of 10% of his or her total cash earnings (generally base salary, bonuses, overtime pay and commissions) to be applied to the acquisition of Shares at semi-annual intervals. Accordingly, on each semi-annual purchase date (the last business day in May and November each year), the accumulated payroll deductions of each participant will automatically be applied to the purchase of whole Shares at the purchase price in effect for the participant for that purchase date.

## **Table of Contents**

### **Special Limitations**

The Purchase Plan imposes certain limitations upon a participant's rights to acquire Common Stock, including the following limitations:

Purchase rights granted to a participant may not permit such individual to purchase more than \$25,000 worth of Shares (valued at the time each purchase right is granted) for each calendar year those purchase rights are outstanding.

Purchase rights may not be granted to any individual if such individual would, immediately after the grant, own or hold outstanding options or other rights to purchase stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any of its affiliates.

No participant may purchase more than 1,500 Shares on any one purchase date.

The maximum number of Shares purchasable in total by all participants on any one purchase date is limited to 1,000,000 Shares.

The Compensation Committee will have the discretionary authority to increase or decrease the per participant and total participant limitations prior to the start date of any new offering period under the Purchase Plan.

### **Withdrawal Rights and Termination of Employment**

The participant may withdraw from the Purchase Plan at any time, and his or her accumulated payroll deductions may either be applied to the purchase of shares on the next semi-annual purchase date or refunded.

Upon the participant's cessation of employment or loss of eligible employee status, payroll deductions will automatically cease. Any payroll deductions which the participant may have made for the semi-annual period in which such cessation of employment or loss of eligibility occurs will be immediately refunded.

### **Stockholder Rights**

No participant will have any stockholder rights with respect to the Shares covered by his or her purchase rights until the Shares are actually purchased on the participant's behalf. No adjustment will be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

### **Assignability**

Purchase rights are not assignable or transferable by the participant, and may be exercised only by the participant.

### **Change in Ownership**

In the event a change in ownership occurs, all outstanding purchase rights will automatically be exercised immediately prior to the effective date of such change. The purchase price in effect for each participant will be equal to 85% of the lower of (a) the fair market value per Share on the start date of the offering period in which the participant is enrolled at the time the change in ownership occurs, or (b) the fair market value per Share immediately prior to the effective date of such change in ownership. The limitation on the maximum number of Shares purchasable in total by all participants on any one purchase date will not be applicable to any purchase date attributable to a change in ownership.

A *change in ownership* will be deemed to occur if (a) the Company is acquired through a merger or consolidation in which more than 50% of the Company's outstanding voting stock is transferred to a person or persons different from those who held stock immediately prior to such transaction, (b) the Company sells, transfers or disposes of all or substantially all of its assets, or (c) any person or related group of persons acquires ownership of securities possessing more than 50% of the total combined voting power of the

**Table of Contents**

Company's outstanding securities pursuant to a tender or exchange offer made directly to the Company's stockholders.

**Share Pro-ration**

Should the total number of Shares to be purchased pursuant to outstanding purchase rights on any particular date exceed either (a) the maximum number of Shares purchasable in total by all participants on any one purchase date, or (b) the number of Shares then available for issuance under the Purchase Plan, then the Committee will make a pro-rata allocation of the available Shares on a uniform and nondiscriminatory basis. In such an event, the plan administrator will refund the accumulated payroll deductions of each participant, to the extent in excess of the purchase price payable for the Shares pro-rated to such individual.

**Amendment and Termination**

The Purchase Plan will terminate upon the earliest of (a) the last business day in May 2011, (b) the date on which all Shares available for issuance thereunder are sold pursuant to exercised purchase rights, or (c) the date on which all purchase rights are exercised in connection with a change in ownership.

The Board may at any time alter, suspend or terminate the Purchase Plan. However, the Board may not, without stockholder approval, (a) increase the number of Shares issuable under the Purchase Plan, (b) alter the purchase price formula so as to reduce the purchase price, or (c) modify the requirements for eligibility to participate in the Purchase Plan.

## **Table of Contents**

### **Federal Tax Consequences**

The Purchase Plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code. Under a plan, which so qualifies, no taxable income will be recognized by a participant, and no deductions will be allowable to the Company, upon either the grant or the exercise of the purchase rights. Taxable income will not be recognized until there is a sale or other disposition of the Shares acquired under the Purchase Plan or in the event the participant should die while still owning the purchased Shares.

If the participant sells or otherwise disposes of the purchased Shares within two (2) years after the start date of the offering period in which such Shares were acquired or within one (1) year after the actual semi-annual purchase date of those Shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the Shares on the purchase date exceeded the purchase price paid for those Shares, and the Company will be entitled to an income tax deduction, for the taxable year in which such disposition occurs, equal in amount to such excess. The participant will also recognize capital gain equal to the amount by which the amount realized upon the sale or disposition exceeds the sum of the aggregate purchase price paid for the Shares and the ordinary income recognized in connection with their acquisition.

If the participant sells or disposes of the purchased Shares more than two (2) years after the start date of the offering period in which the Shares were acquired and more than one (1) year after the actual semi-annual purchase date of those Shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (a) the amount by which the fair market value of the Shares on the sale or disposition date exceeded the purchase price paid for those Shares, or (b) fifteen percent (15%) of the fair market value of the Shares on the start date of that offering period. Any additional gain upon the disposition will be taxed as a long-term capital gain. The Company will not be entitled to an income tax deduction with respect to such disposition.

If the participant still owns the purchased Shares at the time of death, the lesser of (a) the amount by which the fair market value of the Shares on the date of death exceeds the purchase price, or (b) fifteen percent (15%) of the fair market value of the Shares on the start date of the offering period in which those Shares were acquired will constitute ordinary income in the year of death.

### **Stockholder Approval**

The affirmative vote of a majority of the votes cast is required for approval of the amendment to the Purchase Plan described in this Proposal. Should such stockholder approval not be obtained, the 1,300,000-Share increase, which is the subject of this Proposal, will not be implemented.

### **Summary**

The Board believes that it is in the best interests of the Company to continue to provide employees with the opportunity to acquire an ownership interest in the Company through their participation in the Purchase Plan and thereby encourage them to remain in the Company's employ and more closely align their interests with those of the stockholders.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities and Exchange Act of 1934 requires the Company's directors and executive officers and persons who own more than ten percent (10%) of a registered class of the Company's equity securities to file with the Securities and Exchange Commission (the SEC) initial reports of ownership and reports of changes in their ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent (10%) shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on the review of the copies of such reports furnished to the Company and written representations that no other reports were required, the Company believes that during the fiscal year ended April 30, 2004, its officers, directors and greater than ten percent (10%) shareholders complied with all Section 16 filing requirements. However, a 2004 fiscal year-end form was filed by Ms. Bartz for the purpose of reporting a gift of shares by Ms. Bartz's spouse, which took place in a prior fiscal year.

**REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS  
ON EXECUTIVE COMPENSATION**

The Compensation Committee administers the Company's compensation policies and programs and has primary responsibility for executive compensation matters, including the establishment of the base salaries of the Company's executive officers, the approval of individual bonuses and bonus programs for executive officers and the administration of certain employee benefit programs. In addition, the Committee has exclusive responsibility for administering the Company's 1999 Plan, the 1995 Plan, and the Purchase Plan under which stock option grants and direct stock issuances may be made to executive officers and other employees.

All compensation decisions with respect to base salaries, cash bonuses and equity compensation for the Company's executive officers for the 2004 fiscal year were made by the Compensation Committee of the Board of Directors (the Committee) comprised of two non-employee directors, Carol A. Bartz and Robert T. Wall. The members of this Committee meet the independence requirements for non-employee directors under the Nasdaq Marketplace Rules and Rule 16b-3 promulgated under Section 162(m) of the Internal Revenue Code of 1986. The Committee considered internal data, including financial and non-financial corporate goals and individual performance, as well as data from outside compensation consultants and independent executive compensation data from comparable high technology companies and fixed the compensation package of each executive officer at a level competitive with those practices.

**Table of Contents**

*General Compensation Policy.* The overall policy of the Committee is to offer the Company's executive officers competitive compensation opportunities based upon their personal performance, the financial performance of the Company and their contribution to that performance. One of the primary objectives is to have a substantial portion of each executive officer's compensation contingent upon the Company's financial success as well as upon such executive officer's own level of performance. Each executive officer's compensation package is comprised of three elements: (i) base salary, which is determined on the basis of the individual's qualifications, position and responsibilities with the Company, the level of his or her performance and competitive salary levels, (ii) incentive performance awards payable in cash and which are determined based on Company and individual performance, and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and the Company's stockholders. Generally, as an executive officer's level of responsibility increases, a greater portion of that individual's total compensation becomes dependent upon the Company's performance and stock price appreciation rather than base salary.

*Factors.* The primary factors taken into consideration in establishing the components of each executive officer's compensation package for the 2004 fiscal year are summarized below. However, the Committee may, in its discretion, apply entirely different factors, such as different measures of financial performance, for future fiscal years.

*Base Salary.* In setting the base salary for each executive officer, the Committee reviews published compensation survey data for the industry. The base salary for each officer is designed to be competitive with the salary levels for comparable positions in the published surveys as well as to reflect the individual's personal performance and internal alignment considerations. The relative weight given to each factor varies with each individual at the sole discretion of the Committee. For the 2004 fiscal year, the base salary of the Company's executive officers ranged from the fiftieth percentile to the sixty-fifth percentile of the base salary levels in effect for comparable positions in the surveyed compensation data.

*Incentive Compensation.* The Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock options. Fiscal year 2004 has been a transition year, moving from no incentive compensation program in fiscal year 2003 to an incentive compensation program for fiscal year 2004 that was partially funded based on Company performance.

*Long-Term Stock-Based Incentive Compensation.* From time-to-time, the Committee makes option grants to the Company's executive officers under the 1999 Plan and 1995 Plan. The grants are designed to align the interests of each executive officer with those of the stockholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of the Company's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time (up to ten (10) years), thus providing a return to the executive officer only if the market price of the shares appreciates over the option term and the officer continues in the Company's employ. The size of the option grant to each executive officer is designed to create a meaningful opportunity for stock ownership and is based upon the executive officer's current position with the Company, internal comparability with option grants made to other Company executives, the executive officer's current level of performance and the executive officer's potential for future responsibility and promotion over the option term. The Committee also takes into account the number of vested and unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. However, the Committee does not intend to adhere to any specific guidelines as to the relative option holdings of the Company's executive officers.

*CEO Compensation.* The compensation of the Chief Executive Officer is reviewed annually on the same basis as discussed above for all executive officers. Mr. Warmenhoven's base salary earned for the fiscal year ended April 30, 2004 was \$441,681. Mr. Warmenhoven's salary was established in part by comparing the base salaries of chief executive officers at other companies of similar size. Mr. Warmenhoven's base salary was set at approximately the fiftieth percentile of the base salary levels in effect for other chief executive officers in

**Table of Contents**

the published surveys and in reviewing comparable companies. The 400,000 options granted to Mr. Warmenhoven during the 2004 fiscal year were in recognition of his personal performance and leadership role with the Company and were intended to provide him with an incentive to continue in the Company's employ. Those options will only vest incrementally over his period of continued employment and to place a significant portion of his total compensation at risk because the value of those grants will depend upon the future appreciation of the Company's Common Stock. Mr. Warmenhoven will receive a cash bonus in the amount of \$209,286 for the fiscal year ended April 30, 2004 which will be paid out in June of fiscal year 2005.

*Compliance with Internal Revenue Code Section 162(m).* Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly-held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year. The compensation paid to the Company's executive officers for the 2004 fiscal year did not exceed the \$1 million limit per officer, and it is not expected the compensation to be paid to the Company's executive officers for the 2004 fiscal year will exceed that limit. In addition, the 1995 Plan and 1999 Plan are structured so that any compensation deemed paid to an executive officer in connection with the exercise of his or her outstanding options under each such plan (other than options granted pursuant to the Salary Investment Option Grant Program of the 1995 Plan) will qualify as performance-based compensation which will not be subject to the \$1 million limitation. Because it is very unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limit, the Committee has decided at this time not to take any other action to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Committee will reconsider this decision should the individual compensation of any executive officer ever approach the \$1 million level.

Normally, pre-approval is provided at regularly scheduled meetings. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman must update the Audit Committee at the next regularly scheduled meeting of any services that were granted specific pre-approval. On a quarterly basis, the Audit Committee reviews the status of services and fees incurred year-to-date against the original requests and the forecast of remaining services and fees for the fiscal year.

**CERTAIN TRANSACTIONS**

In May 2000 the Company entered in a split dollar insurance arrangement with Daniel J. Warmenhoven. Under the arrangement, the Company will pay the annual premiums on several insurance policies on the life of the survivor of Mr. Warmenhoven and his wife Charmaine Warmenhoven, and Mr. Warmenhoven will pay the Company each year for a portion of those premiums equal to the economic value of the term insurance

**Table of Contents**

coverage provided him under the policies. For each of the 2001, 2002, 2003 and 2004 fiscal years, the Company paid an aggregate net annual premium on these split dollar policies in the amount of \$2,050,000. Under the arrangement, the Company will be reimbursed for all premium payments made on those policies, and it is intended that the Company will be reimbursed not later than May 2005. The policies are owned by a family trust established by Mr. Warmenhoven, and upon the death of the survivor of Mr. Warmenhoven and his wife or any earlier cash-out of the policies, the Company will be entitled to a portion of the insurance proceeds or cash surrender value of the policies equal to the net amount of cumulative premiums paid on those policies by the Company, and the balance will be paid to the trust. The Company has obtained a collateral assignment of the policies as a security interest for its portion of the proceeds or cash surrender value payable to it under the policies, and neither Mr. Warmenhoven nor the trust may borrow against the policies while that security interest remains in effect. The arrangement is terminable by the Company upon thirty (30)-days prior notice, and such termination will trigger a refund of the net cumulative premiums paid by the Company on the policies.

The foregoing transactions were negotiated by the Company on an arms-length basis, and were made on terms no less favorable to the Company than could be obtained from an unaffiliated third party.

Capitalized terms shall have the meanings assigned to such terms in the attached Appendix.

All share numbers in this document reflect (i) the 2-for-1 split of the Common Stock effected on December 20, 1999 and (ii) the 2-for-1 split of the Common Stock effected on March 22, 2000.

**II. STRUCTURE OF THE PLAN**

A. The Plan shall be divided into five separate equity programs:

(i) the Discretionary Option Grant Program under which eligible persons may, at the discretion of the Plan Administrator, be granted options to purchase shares of Common Stock,

(ii) the Stock Appreciation Rights Program under which eligible persons may, at the discretion of the Plan Administrator, be granted stock appreciation rights that will allow individuals to receive the appreciation in Fair Market Value of the Shares subject to the award between the exercise date and the date of grant,

(iii) the Stock Issuance Program under which eligible persons may, at the discretion of the Plan Administrator, be issued shares of Common Stock directly, either through the issuance or immediate purchase of such shares or as a bonus for services rendered the Corporation (or any Parent or Subsidiary),

(iv) the Performance Share and Performance Unit Program under which eligible persons may, at the discretion of the Plan

Administrator, be granted performance shares and performance units, which are awards that will result in a payment to a Participant only if the performance goals or other vesting criteria the established by the Plan Administrator are achieved or the awards otherwise vest, or

(v) the Automatic Option Grant Program under which non-employee Board members shall automatically receive option grants at periodic intervals to purchase shares of Common Stock.

B. The provisions of Articles One and Seven shall apply to all equity programs under the Plan and shall accordingly govern the interests of all persons under the Plan.

**III. ADMINISTRATION OF THE PLAN**

A. The Primary Committee shall have sole and exclusive authority to administer the Discretionary Option Grant, the Stock Appreciation Rights Program, Stock Issuance Programs and the Performance Share and Performance Unit Program with respect to Section 16 Insiders. Administration of the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance and Performance Share and Performance Unit Programs with respect to all other eligible persons may, at the Board's discretion, be vested in the Primary Committee or a Secondary Committee, or the Board may retain the power to administer that program with respect to all such persons.

B. Members of the Primary Committee or any Secondary Committee shall serve for such period of time as the Board may determine and may be removed by the Board at any time. The Board may also at any time terminate the functions of any Secondary Committee and reassume all powers and authority previously delegated to such committee.

C. Each Plan Administrator shall, within the scope of its administrative functions under the Plan, have full power and authority to establish such rules and regulations as it may deem appropriate for proper administration of the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance and Performance Share and Performance Unit Programs and to make such determinations under, and issue such interpretations of, the provisions of such programs and any outstanding options thereunder as it may deem necessary or advisable. Decisions of the Plan Administrator within the scope of its administrative functions under the Plan shall be final and binding on all parties who have an interest in the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance or Performance Share and Performance Unit Program under its jurisdiction or any award granted thereunder.

D. Service by Board members on the Primary Committee or the Secondary Committee shall constitute service as a Board member, and Board members of each such committee shall accordingly be entitled to full indemnification and reimbursement as Board members for their service on such committee. No member of the Primary Committee or the Secondary Committee shall be liable for any act or omission made in good faith with respect to the Plan or any option grants under the Plan.

**Table of Contents**

E. Administration of the Automatic Option Grant Program shall be self-executing in accordance with the terms of that program, and no Plan Administrator shall exercise any discretionary functions with respect to option grants made thereunder.

**IV. ELIGIBILITY**

A. The persons eligible to participate in the Discretionary Option Grant, Stock Appreciation Rights, Stock Issuance and Performance Share and Performance Unit Programs are as follows:

(i) Employees, and

(ii) consultants and other independent advisors who provide services to the Corporation (or any Parent or Subsidiary).

B. Each Plan Administrator shall, within the scope of its administrative jurisdiction under the Plan, have full authority (subject to the provisions of the Plan) to determine (i) with respect to the Discretionary Option Grant and Stock Appreciation Rights Programs, which eligible persons are to receive awards under the Discretionary Option Grant and Stock Appreciation Rights Programs, the time or times when such awards are to be made, the number of shares to be covered by each such grant, the status of an option as either an Incentive Option or a Non-Statutory Option, the time or times when each award is to become exercisable, the vesting schedule (if any) applicable to the award, the maximum term for which the award is to remain outstanding, and whether to modify or amend each award, including the discretionary authority to extend the post-termination exercisability period of awards longer than is otherwise provided for in the Plan, and (ii) with respect to awards granted under the Stock Issuance and Performance Share and Performance Unit Programs, which eligible persons are to receive awards, the time or times when such awards are to be made, the number of shares subject to awards to be issued to each Participant, the vesting schedule (if any) applicable to the awards and the consideration, if any, to be paid for shares subject to such awards.

C. Only non-employee Board members shall be eligible to participate in the Automatic Option Grant Program.

**V. STOCK SUBJECT TO THE PLAN**

A. The stock issuable under the Plan shall be shares of authorized but unissued or reacquired Common Stock, including shares repurchased by the Corporation on the open market. The maximum number of shares of Common Stock which may be issued over the term of the Plan shall not exceed 65,800,000 shares. Such authorized share reserve is comprised of (i) the 13,200,000 shares of Common Stock initially authorized for issuance under the Plan, (ii) an additional increase of 15,000,000 shares authorized by the Board on August 17, 2000 and approved by the stockholders at the 2000 Annual Meeting, (iii) an additional increase of 13,400,000 shares authorized by the Board on August 9, 2001 and approved by the stockholders at the 2001 Annual Meeting, (iv) an additional increase of 14,000,000 shares authorized by the Board on July 2, 2002 and approved by the stockholders at the 2002 Annual Meeting, plus (v) an

**Table of Contents**

additional increase of 10,200,000 shares authorized by the Board on July 7, 2004 and approved by the stockholders at the 2004 Annual Meeting. Such authorized share reserve shall be in addition to the number of shares of Common Stock reserved for issuance under the Corporation's 1995 Stock Incentive Plan and the Corporation's Special Non-Officer Stock Option Plan, and share issuances under this Plan shall not reduce or otherwise affect the number of shares of Common Stock available for issuance under the 1995 Stock Incentive Plan or the Special Non-Officer Stock Option Plan. In addition, share issuances under such plans shall not reduce or otherwise affect the number of shares of Common Stock available for issuance under this Plan.

B. No one person participating in the Plan may receive stock options and/or stock appreciation rights under the Plan for more than 3,000,000 shares of Common Stock in the aggregate per calendar year.

C. Shares of Common Stock subject to outstanding options or stock appreciation rights shall be available for subsequent issuance under the Plan to the extent the options or stock appreciation rights expire or terminate for any reason prior to exercise in full. In addition, any unvested shares issued under the Plan and subsequently repurchased or reacquired by the Corporation pursuant to the Corporation's repurchase rights under the Plan shall be added back to the number of shares of Common Stock reserved for issuance under the Plan and shall accordingly be available for reissuance through one or more subsequent awards under the Plan. Should the exercise price of an award under the Plan be paid with shares of Common Stock or should shares of Common Stock otherwise issuable under the Plan be withheld by the Corporation in satisfaction of the withholding taxes incurred in connection with the exercise of an award or the vesting or disposition of exercised shares or stock issuances under the Plan, then the number of shares of Common Stock available for issuance under the Plan shall be reduced by the gross number of shares for which the award is exercised or the gross number of exercised shares or stock issuances which vest, and not by the net number of shares of Common Stock issued to the holder of such award or exercised shares or stock issuances.

D. Should any change be made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration, appropriate adjustments shall be made to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the maximum number and/or class of securities for which any one person may be granted stock options and/or stock appreciation rights or awards under the Stock Issuance and Performance Share and Performance Unit Programs per calendar year, (iii) the number and/or class of securities for which automatic option grants are to be made subsequently under the Automatic Option Grant Program and (iv) the number and/or class of securities and the exercise price per share in effect under each outstanding award in order to prevent the dilution or enlargement of benefits thereunder. The adjustments determined by the Plan Administrator shall be final, binding and conclusive.

**ARTICLE TWO**

**DISCRETIONARY OPTION GRANT PROGRAM**

**I. OPTION TERMS**

Each option shall be evidenced by one or more documents in the form approved by the Plan Administrator; provided, however, that each such document shall comply with the terms specified below. Each document evidencing an Incentive Option shall, in addition, be subject to the provisions of the Plan applicable to such options.

**A. Exercise Price.**

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall become immediately due upon exercise of the option and shall be payable in one or more of the forms specified by the Plan Administrator, including without limitation, by one of the following forms of consideration:

(i) cash or check made payable to the Corporation,

(ii) shares of Common Stock held for the requisite period necessary to avoid a charge to the Corporation's earnings for financial reporting purposes and valued at Fair Market Value on the Exercise Date, or

(iii) to the extent the option is exercised for vested shares, through a special sale and remittance procedure pursuant to which the Optionee shall concurrently provide irrevocable instructions to (a) a brokerage firm reasonably satisfactory to the Corporation for purposes of administering such procedure to effect the immediate sale of the purchased shares and remit to the Corporation, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased shares plus all applicable Federal, state and local income and employment taxes required to be withheld by the Corporation by reason of such exercise and (b) the Corporation to deliver the certificates for the purchased shares directly to such brokerage firm in order to complete the sale transaction.

Except to the extent such sale and remittance procedure is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

**B. Exercise and Term of Options.** Each option shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the option. However, no option shall have a term in excess of ten (10) years measured from the option grant date.

Amended 1999 Stock Option Plan

**Table of Contents**

**C. Effect of Termination of Service.**

1. The following provisions shall govern the exercise of any options held by the Optionee at the time of cessation of Service or death:

(i) Any option outstanding at the time of the Optionee's cessation of Service for any reason shall remain exercisable for such period of time thereafter as shall be determined by the Plan Administrator and set forth in the documents evidencing the option, but no such option shall be exercisable after the expiration of the option term.

(ii) Any option exercisable in whole or in part by the Optionee at the time of death may be exercised subsequently by the personal representative of the Optionee's estate or by the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution.

(iii) During the applicable post-Service exercise period, the option may not be exercised in the aggregate for more than the number of vested shares for which the option is exercisable on the date of the Optionee's cessation of Service. Upon the expiration of the applicable exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Service, terminate and cease to be outstanding to the extent the option is not otherwise at that time exercisable for vested shares.

(iv) Should the Optionee's Service be terminated for Misconduct, then all outstanding options held by the Optionee shall terminate immediately and cease to be outstanding.

2. The Plan Administrator shall have the discretion, exercisable either at the time an option is granted or at any time while the option remains outstanding, to:

(i) extend the period of time for which the option is to remain exercisable following the Optionee's cessation of Service from the period otherwise in effect for that option to such greater period of time as the Plan Administrator shall deem appropriate, but in no event beyond the expiration of the option term, and/or

(ii) permit the option to be exercised, during the applicable post-Service exercise period, not only with respect to the number of vested shares of Common Stock for which such option is exercisable at the time of the Optionee's cessation of Service but also with respect to one or more additional installments in which the Optionee would have vested under the option had the Optionee continued in Service.

**Table of Contents**

**D. Stockholder Rights.** The holder of an option shall have no stockholder rights with respect to the shares subject to the option until such person shall have exercised the option, paid the exercise price and become a holder of record of the purchased shares.

**E. Repurchase Rights.** The Plan Administrator shall have the discretion to grant options which are exercisable for unvested shares of Common Stock. Should the Optionee cease Service while holding such unvested shares, the Corporation shall have the right to repurchase, at the exercise price paid per share, any or all of those unvested shares. The terms upon which such repurchase right shall be exercisable (including the period and procedure for exercise and the appropriate vesting schedule for the purchased shares) shall be established by the Plan Administrator and set forth in the document evidencing such repurchase right.

**F. Limited Transferability of Options.** During the lifetime of the Optionee, Incentive Options shall be exercisable only by the Optionee and shall not be assignable or transferable other than by will or by the laws of inheritance following the Optionee's death. However, Non-Statutory Options may be assigned in whole or in part during the Optionee's lifetime to one or more members of the Optionee's family or to a trust established exclusively for one or more such family members or the Optionee's former spouse, to the extent such assignment is in connection with the Optionee's estate plan, or to the Optionee's former spouse pursuant to a domestic relations order. The person or persons who acquire a proprietary interest in the option pursuant to the assignment may only exercise the assigned portion. The terms applicable to the assigned portion shall be the same as those in effect for the option immediately prior to such assignment and shall be set forth in such documents issued to the assignee as the Plan Administrator may deem appropriate.

**II. INCENTIVE OPTIONS**

The terms specified below shall be applicable to all Incentive Options. Except as modified by the provisions of this Section II, all the provisions of Articles One, Two and Five shall be applicable to Incentive Options. Options which are specifically designated as Non-Statutory Options when issued under the Plan shall not be subject to the terms of this Section II.

**A. Eligibility.** Incentive Options may only be granted to Employees.

**B. Dollar Limitation.** The aggregate Fair Market Value of the shares of Common Stock (determined as of the respective date or dates of grant) for which one or more options granted to any Employee under the Plan (or any other option plan of the Corporation or any Parent or Subsidiary) may for the first time become exercisable as Incentive Options during any one (1) calendar year shall not exceed the sum of One Hundred Thousand Dollars (\$100,000). To the extent the Employee holds two (2) or more such options which become exercisable for the first time in the same calendar year, the foregoing limitation on the exercisability of such options as Incentive Options shall be applied on the basis of the order in which such options are granted.

**C. 10% Stockholder.** If any Employee to whom an Incentive Option is granted is a 10% Stockholder, then the exercise price per share shall not be less than one hundred

**Table of Contents**

ten percent (110%) of the Fair Market Value per share of Common Stock on the option grant date, and the option term shall not exceed five (5) years measured from the option grant date.

**III. CORPORATE TRANSACTION/CHANGE IN CONTROL**

A. Each option, to the extent outstanding under the Plan at the time of a Corporate Transaction but not otherwise exercisable for all the option shares, shall automatically accelerate so that each such option shall, immediately prior to the effective date of the Corporate Transaction, become exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for any or all of those shares as fully-vested shares of Common Stock. However, an outstanding option shall not become exercisable on such an accelerated basis if and to the extent: (i) such option is, in connection with the Corporate Transaction, to be assumed by the successor corporation (or parent thereof) or replaced with a comparable option to purchase shares of the capital stock of the successor corporation (or parent thereof), (ii) such option is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing on the unvested option shares at the time of the Corporate Transaction and provides for subsequent payout in accordance with the same vesting schedule applicable to those option shares or (iii) the acceleration of such option is subject to other limitations imposed by the Plan Administrator at the time of the option grant. The determination of option comparability under clause (i) above shall be made by the Plan Administrator, and its determination shall be final, binding and conclusive.

B. All outstanding repurchase rights shall also terminate automatically, and the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of any Corporate Transaction, except to the extent: (i) those repurchase rights are to be assigned to the successor corporation (or parent thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed by the Plan Administrator at the time the repurchase right is issued.

C. Immediately following the consummation of the Corporate Transaction, all outstanding options shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

D. Each option which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Corporate Transaction had the option been exercised immediately prior to such Corporate Transaction. Appropriate adjustments to reflect such Corporate Transaction shall also be made to (i) the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same, (ii) the maximum number and/or class of securities available for issuance over the remaining term of the Plan and (iii) the maximum number and/or class of securities for which any one person may be granted stock options under the Plan per calendar year.

E. The Plan Administrator shall have the full power and authority to accelerate the vesting of options granted under the Discretionary Option Grant Program upon a

**Table of Contents**

Corporate Transaction or Change in Control or upon an event or events occurring in connection with such transactions. The portion of any Incentive Option accelerated in connection with a Corporate Transaction or Change in Control shall remain exercisable as an Incentive Option only to the extent the applicable One Hundred Thousand Dollar limitation is not exceeded. To the extent such dollar limitation is exceeded, the accelerated portion of such option shall be exercisable as a Non-Qualified Option under the Federal tax laws.

F. The outstanding options shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

**IV. REPRICING OR CANCELLATION AND REGRANT OF OPTIONS**

The Plan Administrator may not modify or amend a stock option or stock appreciation right to reduce the exercise price of such stock option or stock appreciation right after it has been granted (except for adjustments made pursuant to Article One Section V.D.), unless approved by the Company's stockholders and neither may the Plan Administrator, without the approval of the Corporation's stockholders, cancel any outstanding stock option or stock appreciation right and immediately replace it with a new stock option or stock appreciation right with a lower exercise price.

**ARTICLE THREE**

**STOCK APPRECIATION RIGHTS PROGRAM**

**I. STOCK APPRECIATION RIGHT TERMS**

Each stock appreciation right shall be evidenced by one or more documents in the form approved by the Plan Administrator; provided, however, that each such document shall comply with the terms specified below.

**A. Exercise Price.**

1. The exercise price per share shall be fixed by the Plan Administrator but shall not be less than one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

**B. Payment of SAR Amount.** Upon exercise of a stock appreciation right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

1. The difference between the Fair Market Value of a share of Common Stock on the date of exercise over the exercise price; times
2. The number of shares of Common Stock with respect to which the stock appreciation right is exercised.

At the discretion of the Plan Administrator, the payment upon the exercise of a stock appreciation right may be in cash, in shares of Common Stock of equivalent value, or in some combination thereof.

**C. Exercise and Term of Stock Appreciation Rights.** Each stock appreciation right shall be exercisable at such time or times, during such period and for such number of shares as shall be determined by the Plan Administrator and set forth in the documents evidencing the stock appreciation right. However, no stock appreciation right shall have a term in excess of ten (10) years measured from the stock appreciation right grant date.

**D. Effect of Termination of Service.** A stock appreciation right granted under the Plan will expire upon the date determined by the Plan Administrator, in its sole discretion, and set forth in the agreement evidencing the award. Notwithstanding the foregoing, the rules of Article Two Section I.C. also will apply to stock appreciation rights.

**E. Stockholder Rights.** The holder of a stock appreciation right shall have no stockholder rights with respect to the shares subject to the stock appreciation right until such person shall have exercised the stock appreciation right and become a holder of record of shares, if any, issued thereunder.

**II. CORPORATE TRANSACTION/CHANGE IN CONTROL**

A. Each stock appreciation right, to the extent outstanding under the Plan at the time of a Corporate Transaction but not otherwise exercisable for all the shares subject thereto, shall automatically accelerate so that each such stock appreciation right shall, immediately prior to the effective date of the Corporate Transaction, become exercisable for all of the shares of Common Stock at the time subject to such stock appreciation right and may be exercised for any or all of those shares as fully-vested shares of Common Stock. However, an outstanding stock appreciation right shall not become exercisable on such an accelerated basis if and to the extent: (i) such stock appreciation right is, in connection with the Corporate Transaction, to be assumed by the successor corporation (or parent thereof) or replaced with a comparable award, (ii) such stock appreciation right is to be replaced with a cash incentive program of the successor corporation which preserves the spread existing on the unvested shares subject to the award at the time of the Corporate Transaction and provides for subsequent payout in accordance with the same vesting schedule applicable to the award or (iii) the acceleration of such stock appreciation right is subject to other limitations imposed by the Plan Administrator at the time of grant. The determination of stock appreciation right comparability under clause (i) above shall be made by the Plan Administrator, and its determination shall be final, binding and conclusive.

B. Immediately following the consummation of the Corporate Transaction, all outstanding stock appreciation rights shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

C. Each stock appreciation right which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Participant in consummation of such Corporate Transaction had the stock appreciation right been exercised immediately prior to such Corporate Transaction. Appropriate adjustments to reflect such Corporate Transaction shall also be made to (i) the exercise price payable per share under each outstanding stock appreciation right, provided the aggregate exercise price for such award shall remain the same, (ii) the maximum number and/or class of securities available for issuance over the remaining term of the Plan, and (iii) the maximum number and/or class of securities for which any one person may be granted stock appreciation rights under the Plan per calendar year.

D. The Plan Administrator shall have the full power and authority to accelerate the vesting of stock appreciation rights granted under the Stock Appreciation Rights Program upon a Corporate Transaction or Change in Control or upon an event or events occurring in connection with such transactions.

E. The outstanding stock appreciation rights shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

**III. REPRICING OR CANCELLATION AND REGRANT OF STOCK APPRECIATION RIGHTS**

The Plan Administrator may not modify or amend a stock option or stock appreciation right to reduce the exercise price of such stock option or stock appreciation right after it has been granted (except for adjustments made pursuant to Article One Section V.D.), unless approved by the Company's stockholders and neither may the Plan Administrator, without the approval of the Corporation's stockholders, cancel any outstanding stock option or stock appreciation right and immediately replace it with a new stock option or stock appreciation right with a lower exercise price.

**ARTICLE FOUR**

**STOCK ISSUANCE PROGRAM**

**I. STOCK ISSUANCE TERMS**

Shares of Common Stock may be issued under the Stock Issuance Program through direct and immediate issuances without any intervening option grants. Each such stock issuance shall be evidenced by a Stock Issuance Agreement which complies with the terms specified below. Shares of Common Stock may also be issued under the Stock Issuance Program pursuant to share right awards which entitle the recipients to receive those shares upon the attainment of designated performance goals. In no event may shares subject to awards under the Stock Issuance and Performance Share or Performance Unit Programs be issued for more than ten percent (10%) of the shares of Common Stock reserved for issuance hereunder by the Board on July 7, 2004, ten percent (10%) of the shares available for issuance hereunder as of May 28, 2004, plus ten percent (10%) of the shares subject to outstanding awards as of such date that return to the Plan as the result of the termination or expiration of such awards prior to their exercise or as the result of the repurchase or reacquisition of unvested shares. To the extent any shares issued pursuant to awards granted under the Stock Issuance and Performance Share or Performance Unit Programs after July 7, 2004 are forfeited or otherwise return to the Plan, such shares will not count against the foregoing limit and may once again be issued pursuant to awards under the Stock Issuance and Performance Share or Performance Unit Programs as if the original award were never granted. The Plan Administrator, in its sole discretion, shall determine the number of shares of Common Stock to be granted to each Participant, provided that during any calendar year, no Participant shall receive more than 200,000 shares of Common Stock under the Stock Issuance Program.

**A. Purchase Price.**

1. The purchase price per share of Common Stock subject to direct issuance shall be fixed by the Plan Administrator.

2. Shares of Common Stock may be issued under the Stock Issuance Program for any item of consideration which the Plan Administrator may deem appropriate in each individual instance, including, without limitation, the following:

- (i) cash or check made payable to the Corporation, or
- (ii) past services rendered to the Corporation (or any Parent or Subsidiary).

**B. Vesting/Issuance Provisions.**

1. The Plan Administrator may issue shares of Common Stock under the Stock Issuance Program which are fully and immediately vested upon issuance or which are

to vest in one or more installments over the Participant's period of Service or upon attainment of specified performance objectives. The elements of the vesting schedule applicable to any unvested shares of Common Stock issued under the Stock Issuance Program, namely:

(i) the Service period to be completed by the Participant or the performance objectives to be attained,

(ii) the number of installments in which the shares are to vest,

(iii) the interval or intervals (if any) which are to lapse between installments, and

(iv) the effect which death, Permanent Disability or other event designated by the Plan Administrator is to have upon the vesting schedule,

shall be determined by the Plan Administrator and incorporated into the Stock Issuance Agreement. For purposes of qualifying awards made under the Stock Issuance Program as performance-based compensation under Section 162(m) of the Code, the Plan Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals, which shall be set by the Plan Administrator on or before the Determination Date. In this connection, the Plan Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of awards made under the Stock Issuance Program under Section 162(m) of the Code (e.g., in determining the Performance Goals).

2. Any new, substituted or additional securities or other property (including money paid other than as a regular cash dividend) which the Participant may have the right to receive with respect to his or her unvested shares of Common Stock by reason of any stock dividend, stock split, recapitalization, combination of shares, exchange of shares or other change affecting the outstanding Common Stock as a class without the Corporation's receipt of consideration shall be issued subject to (i) the same vesting requirements applicable to the Participant's unvested shares of Common Stock and (ii) such escrow arrangements as the Plan Administrator shall deem appropriate.

3. The Participant shall have full stockholder rights with respect to any shares of Common Stock issued to the Participant under the Stock Issuance Program, whether or not the Participant's interest in those shares is vested. Accordingly, the Participant shall have the right to vote such shares and to receive any regular cash dividends paid on such shares.

4. Should the Participant cease to remain in Service while holding one or more unvested shares of Common Stock issued under the Stock Issuance Program or should the performance objectives not be attained with respect to one or more such unvested shares of Common Stock, then those shares shall be immediately surrendered to the Corporation for cancellation, and the Participant shall have no further stockholder rights with respect to those

**Table of Contents**

shares. To the extent the surrendered shares were previously issued to the Participant for cash consideration, unless the Plan Administrator provides otherwise, the Corporation shall repay that consideration to the Participant at the time the shares are surrendered.

5. The Plan Administrator may in its discretion waive the surrender and cancellation of one or more unvested shares of Common Stock (or other assets attributable thereto) which would otherwise occur upon the cessation of the Participant's Service or the non-attainment of the performance objectives applicable to those shares. Such waiver shall result in the immediate vesting of the Participant's interest in the shares of Common Stock as to which the waiver applies. Such waiver may be effected at any time, whether before or after the Participant's cessation of Service or the attainment or non-attainment of the applicable performance objectives.

6. Outstanding share right awards under the Stock Issuance Program shall automatically terminate, and no shares of Common Stock shall actually be issued in satisfaction of those awards, if the performance goals established for such awards are not attained. The Plan Administrator, however, shall have the discretionary authority to issue shares of Common Stock in satisfaction of one or more outstanding share right awards as to which the designated performance goals are not attained.

**II. CORPORATE TRANSACTION/CHANGE IN CONTROL**

A. All of the Corporation's outstanding repurchase rights under the Stock Issuance Program shall terminate automatically, and all the shares of Common Stock subject to those terminated rights shall immediately vest in full, in the event of any Corporate Transaction, except to the extent (i) those repurchase rights are to be assigned to the successor corporation (or parent thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed in the Stock Issuance Agreement.

B. The Plan Administrator shall have the discretionary authority, exercisable either at the time the unvested shares are issued or any time while the Corporation's repurchase rights remain outstanding under the Stock Issuance Program, to provide that those rights shall automatically terminate in whole or in part, and the shares of Common Stock subject to those terminated rights shall immediately vest upon a Corporate Transaction or Change in Control or upon an event or events associated with such transactions.

**III. SHARE ESCROW/LEGENDS**

Unvested shares may, in the Plan Administrator's discretion, be held in escrow by the Corporation until the Participant's interest in such shares vests or may be issued directly to the Participant with restrictive legends on the certificates evidencing those unvested shares.

**Table of Contents**

**ARTICLE FIVE**

**PERFORMANCE SHARE AND PERFORMANCE UNIT PROGRAM**

**I. PERFORMANCE UNITS AND PERFORMANCE SHARES**

Shares of Common Stock or cash may be issued under the Performance Share or Performance Unit Program through awards of performance shares and performance units, which are awards that will result in a payment to a Participant only if the performance goals or other vesting criteria the established by the Plan Administrator are achieved or the awards otherwise vest. Each award granted hereunder shall be evidenced by an agreement in such form as the Plan Administrator shall determine which complies with the terms specified below. In no event may shares subject to awards under the Stock Issuance and Performance Share or Performance Unit Programs be issued for more than ten percent (10%) of the shares of Common Stock reserved for issuance hereunder by the Board on July 7, 2004, ten percent (10%) of the shares available for issuance hereunder as of May 28, 2004, plus ten percent (10%) of the shares subject to outstanding awards as of such date that return to the Plan as the result of the termination or expiration of such awards prior to their exercise or as the result of the repurchase or reacquisition of unvested shares. To the extent any shares issued pursuant to awards granted under the Stock Issuance and Performance Share or Performance Unit Programs after July 7, 2004 are forfeited or otherwise return to the Plan, such shares will not count against the foregoing limit and may once again be issued pursuant to awards under the Stock Issuance and Performance Share or Performance Unit Programs as if the original award were never granted.

A. Grant of Performance Units/Shares. The Plan Administrator will have complete discretion in determining the number of performance units and performance shares granted to each Participant provided that during any calendar year, (a) no Participant will receive performance units having an initial value greater than \$1,000,000, and (b) no Participant will receive more than 200,000 performance shares.

B. Value of Performance Units/Shares. Each performance unit will have an initial value that is established by the Plan Administrator on or before the date of grant. Each performance share will have an initial value equal to the Fair Market Value of a share of Common Stock on the date of grant.

C. Performance Objectives and Other Terms. The Plan Administrator will set performance objectives or other vesting provisions (including, without limitation, continued status as an Employee) in its discretion which, depending on the extent to which they are met, will determine the number or value of performance units/shares that will be paid out to the Participant. Each Award of performance units/shares will be evidenced by an agreement that will specify the Performance Period, and such other terms and conditions as the Plan Administrator, in its sole discretion, will determine.

1. General Performance Objectives. The Plan Administrator may set performance objectives based upon the achievement of Company-wide, divisional, or individual goals, or any other basis determined by the Plan Administrator in its discretion.

2. Section 162(m) Performance Objectives. For purposes of qualifying grants of performance units/shares as performance-based compensation under Section 162(m) of the Code, the Plan Administrator, in its discretion, may determine that the performance objectives applicable to performance units/shares will be based on the achievement of Performance Goals. The Plan Administrator will set the Performance Goals on or before the Determination Date. In granting performance units/shares which are intended to qualify under Section 162(m) of the Code, the Plan Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the performance units/shares under Section 162(m) of the Code (e.g., in determining the Performance Goals).

D. Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of performance units/shares will be entitled to receive a payout of the number of performance units/shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives or other vesting provisions have been achieved. After the grant of a performance unit/share, the Plan Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such performance unit/share.

E. Form and Timing of Payment of Performance Units/Shares. Payment of earned performance units/shares will be made as soon as practicable after the expiration of the applicable Performance Period. The Administrator, in its sole discretion, may pay earned performance units/shares in the form of cash, in shares of Common Stock (which have an aggregate Fair Market Value equal to the value of the earned performance units/shares at the close of the applicable Performance Period) or in a combination thereof.

F. Cancellation of Performance Units/Shares. On the date set forth in the agreement evidencing the award, all unearned or unvested performance units/shares will be forfeited to the Company, and again will be available for grant under the Plan.

**II. CORPORATE TRANSACTION/CHANGE IN CONTROL**

A. All performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met with respect to performance shares and performance units in the event of any Corporate Transaction, except to the extent (i) those awards are assumed or an equivalent option or right substituted by the successor corporation (or parent thereof) in connection with such Corporate Transaction or (ii) such accelerated vesting is precluded by other limitations imposed in the award Agreement.

B. The Plan Administrator shall have the discretionary authority, exercisable either at the time the unvested awards are granted or any time while such awards remain unvested and outstanding under the Performance Share or Performance Unit Program, to provide

3. Stockholder approval of the 2001 Restatement shall constitute pre-approval of each option grant made under this Automatic Option Grant Program on or after the date of the 2001 Annual Meeting and the subsequent exercise of that option in accordance with the terms and conditions of this Article Three and the stock option agreement evidencing such grant.

4. The Automatic Option Grant Program under this Plan supersedes and replaces the Automatic Option Grant Program previously in effect for the non-employee Board members under the Corporation's 1995 Stock Incentive Plan. That latter program terminated upon stockholder approval of the Plan at the 1999 Annual Stockholders Meeting, and no further option grants shall be made to the non-employee Board members under that program. All options granted to the non-employee Board members on or after the date of the 1999 Annual Stockholders Meeting, whether upon their initial election or appointment to the Board or upon their re-election at one or more of the Corporation's subsequent Annual Stockholder Meetings, shall be effected solely and exclusively in accordance with the terms and provisions of this Article Three, as in effect from time to time.

**B. Exercise Price.**

1. The exercise price per share shall be equal to one hundred percent (100%) of the Fair Market Value per share of Common Stock on the option grant date.

2. The exercise price shall be payable in one or more of the alternative forms authorized under the Discretionary Option Grant Program. Except to the extent the sale and remittance procedure specified thereunder is utilized, payment of the exercise price for the purchased shares must be made on the Exercise Date.

**C. Option Term.** Each option shall have a term of ten (10) years measured from the option grant date.

**D. Exercise and Vesting of Options.** Each option shall be immediately exercisable for any or all of the option shares. However, any shares purchased under the option shall be subject to repurchase by the Corporation, at the exercise price paid per share, upon the Optionee's cessation of Board service prior to vesting in those shares.

1. The shares subject to each 40,000-share grant made to a newly elected or appointed non-employee Board member on or after the date of the 2000 Annual Stockholders Meeting and prior to the date of the 2001 Annual Stockholders Meeting shall vest, and the Corporation's repurchase right with respect to those shares shall lapse, in a series of four (4) successive equal annual installments over the Optionee's period of continued service as a Board member, with the first such installment to vest upon the Optionee's completion of one (1) year of Board service measured from the option grant date.

2. The shares subject to each 55,000-share grant made to a newly elected or appointed non-employee Board member on or after the date of the 2001 Annual Stockholders Meeting shall vest, and the Corporation's repurchase right with respect to those

**Table of Contents**

shares shall lapse, as follows: (x) 25,000 shares shall vest upon the Optionee's completion of one (1) year of Board service measured from the option grant date, and (y) the balance of the shares shall vest in a series of three (3) successive equal annual installments upon the Optionee's completion of each additional year of Board service over the three (3) year-period measured from the first anniversary of the option grant date.

3. The shares subject to each annual 15,000-share grant shall vest, and the Corporation's repurchase right with respect to those shares shall lapse, upon the Optionee's continuation in Board service through the day immediately preceding the date of the next Annual Stockholders Meeting following the option grant date.

**E. Effect of Termination of Board Service.** The following provisions shall govern the exercise of any options held by the Optionee at the time the Optionee ceases to serve as a Board member:

(i) The Optionee (or, in the event of the Optionee's death, the personal representative of the Optionee's estate or the person or persons to whom the option is transferred pursuant to the Optionee's will or in accordance with the laws of descent and distribution) shall have a twelve (12)-month period following the date of such cessation of Board service in which to exercise each such option.

(ii) During the twelve (12)-month exercise period, the option may not be exercised in the aggregate for more than the number of shares of Common Stock in which the Optionee is vested at the time of his or her cessation of Board service.

(iii) Should the Optionee cease to serve as a Board member by reason of death or Permanent Disability, then all shares at the time subject to the option shall immediately vest so that such option may, during the twelve (12)-month exercise period following such cessation of Board service, be exercised for all or any portion of those shares as fully-vested shares of Common Stock.

(iv) In no event shall the option remain exercisable after the expiration of the option term. Upon the expiration of the twelve (12)-month exercise period or (if earlier) upon the expiration of the option term, the option shall terminate and cease to be outstanding for any vested shares for which the option has not been exercised. However, the option shall, immediately upon the Optionee's cessation of Board service for any reason other than death or Permanent Disability, terminate and cease to be outstanding with respect to any and all shares in which the Optionee is not otherwise at that time vested.

**Table of Contents**

**II. CORPORATE TRANSACTION/CHANGE IN CONTROL**

A. The shares of Common Stock subject to each outstanding option at the time of a Corporate Transaction but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of that Corporate Transaction, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Immediately following the consummation of the Corporate Transaction, each automatic option grant shall terminate and cease to be outstanding, except to the extent assumed by the successor corporation (or parent thereof).

B. The shares of Common Stock subject to each outstanding option at the time of a Change in Control but not otherwise vested shall automatically vest in full so that each such option shall, immediately prior to the effective date of that Change in Control, become fully exercisable for all of the shares of Common Stock at the time subject to such option and may be exercised for all or any portion of those shares as fully-vested shares of Common Stock. Each such option shall remain exercisable for such fully-vested option shares until the expiration or sooner termination of the option term.

C. All repurchase rights of the Corporation outstanding under the Automatic Option Grant Program at the time of a Corporate Transaction or Change in Control shall automatically terminate at that time, and the shares of Common Stock subject to those terminated rights shall immediately vest.

D. Each option which is assumed in connection with a Corporate Transaction shall be appropriately adjusted, immediately after such Corporate Transaction, to apply to the number and class of securities which would have been issuable to the Optionee in consummation of such Corporate Transaction had the option been exercised immediately prior to such Corporate Transaction. Appropriate adjustments shall also be made to the exercise price payable per share under each outstanding option, provided the aggregate exercise price payable for such securities shall remain the same.

E. The grant of options under the Automatic Option Grant Program shall in no way affect the right of the Corporation to adjust, reclassify, reorganize or otherwise change its capital or business structure or to merge, consolidate, dissolve, liquidate or sell or transfer all or any part of its business or assets.

**III. REMAINING TERMS**

The remaining terms of each option granted under the Automatic Option Grant Program shall be the same as the terms in effect for option grants made under the Discretionary Option Grant Program.

(ii) Stock Delivery: The election to deliver to the Corporation, at the time the award is exercised, the shares vest or are otherwise issued or upon disposition of the shares, one or more shares of Common Stock previously acquired by such holder (other than in connection with the exercise of an award or share vesting triggering the Withholding Taxes) with an aggregate Fair Market Value equal to the percentage of the Withholding Taxes (not to exceed one hundred percent (100%) of the minimum amount required to be withheld) designated by the holder.

**II. EFFECTIVE DATE AND TERM OF THE PLAN**

The Plan became effective on the Plan Effective Date and shall remain in effect until the earliest of (i) August 16, 2009, (ii) the date on which all shares available for issuance under the Plan shall have been issued or (iii) the termination of all outstanding awards in connection with a Corporate Transaction (unless the acquiror assumes the Plan in the transaction). No amendment or modification shall adversely affect any rights and obligations with respect to awards at the time outstanding under the Plan unless the Optionee or Participant consents to such amendment or modification.

B. The Plan was amended on August 17, 2000 to increase the number of shares of Common Stock authorized for issuance under the Plan by an additional 15,000,000 shares. Such amendment was approved by the stockholders at the 2001 Annual Meeting, and no options grants were made on the basis of the 13,400,000-share increase or the amendments to the Automatic Option Grant Program until such stockholder approval was obtained.

D. The Plan was amended on July 2, 2002 to increase the number of shares of Common Stock authorized for issuance under the Plan by an additional 14,000,000 shares. If such stockholder approval is not obtained within twelve (12) months after the date the first such excess grants are made, then (i) any unexercised options granted on the basis of such excess shares shall terminate and cease to be outstanding and (ii) the Corporation shall promptly refund to the Optionees the exercise price paid for any excess shares issued under the Plan and held in escrow, together with interest (at the applicable Short Term Federal Rate) for the period the shares were held in escrow, and such shares shall thereupon be automatically cancelled and cease to be outstanding.

**IV. REGULATORY APPROVALS**

A. The implementation of the Plan, the granting of any award under the Plan and the issuance of any shares of Common Stock pursuant to an award shall be subject to the Corporation's procurement of all approvals and permits required by regulatory authorities having jurisdiction over the Plan, the awards granted under it and the shares of Common Stock issued pursuant to it.

B. No shares of Common Stock or other assets shall be issued or delivered under the Plan unless and until there shall have been compliance with all applicable requirements of Federal and state securities laws and all applicable listing requirements of any stock exchange (or the Nasdaq National Market, if applicable) on which Common Stock is then listed for trading.

**V. USE OF PROCEEDS**

Any cash proceeds received by the Corporation from the sale of shares of Common Stock under the Plan shall be used for general corporate purposes.
