QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

What am I voting on?

Election of nine directors to serve until the 2008 Annual Meeting.

Ratification of the Audit Committee's selection of KPMG LLP as the Group's independent registered public accounting firm for 2007.

Those elected to serve as directors of California Water Service Group, which we refer to in this proxy statement as the Group, will also serve as the directors of California Water Service Company and CWS Utility Services, two of the Group's operating subsidiaries.

Who may attend the Annual Meeting?

All Group stockholders may attend.

Who is entitled to vote?

Stockholders of record at the close of business on February 26, 2007 (the Record Date), or those with a valid proxy from a brokerage firm or another similar organization which held shares on the Record Date.

How many votes do I get?

Each share of common stock is entitled to one vote. Each share of preferred stock is entitled to 16 votes. You may also use cumulative voting in the election of directors.

What is cumulative voting and how does it work?

Stockholders or persons holding a valid proxy may cumulate their votes for the election of directors. That is, they may give one candidate nine votes for each common share owned. Instead of casting one vote for each of the nine candidates they may cast all nine votes for a single candidate, or they may distribute their votes on the same principle among as many candidates as they desire. Because each preferred share is entitled to 16 votes, preferred stockholders may cumulate 144 votes (16 x 9) for each share owned. If you do not indicate otherwise, the proxies may use their discretion to cumulate votes.

How are the directors elected?

The nine nominees receiving the highest number of votes are elected to the Board. Common and preferred shares vote together on directors.

Who are the Board's nominees?

The nominees are Douglas M. Brown, Robert W. Foy, Edward D. Harris, Jr., M.D., Bonnie G. Hill, David N. Kennedy, Richard P. Magnuson, Linda R. Meier, Peter C. Nelson, and George A. Vera. All the nominees are current Board members. See Proposal No. 1 Election of Directors for biographical information, including the nominees current directorships in other publicly held companies.

What is the required vote for the second proposal to pass?

In order for the Audit Committee's selection of KPMG LLP as independent registered public accounting firm to be ratified, the proposal must receive the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting.

How do I vote?

You may vote by mail.

Table of Contents

You do this by signing the proxy card and mailing it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

You may vote by telephone.

You do this by following the **Vote by Telephone** instructions on the proxy card. If you vote by telephone, you do not have to mail in your proxy card. You must have a touch-tone phone to vote by telephone.

You may vote on the Internet.

You do this by following the **Vote by Internet** instructions on the proxy card. If you vote on the Internet, you do not have to mail in your proxy card.

You may vote in person at the meeting.

We will hand out written ballots to anyone who wants to vote at the meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the meeting.

If you return a signed card but do not provide voting instructions, your shares will be voted:

for the nine named director nominees

for the ratification of the selection of independent registered public accounting firm

We have been advised by counsel that these telephone and Internet voting procedures comply with Delaware law.

What if I change my mind after I return my proxy?

You may revoke your proxy any time before the polls close at the meeting. You may do this by:

signing another proxy with a later date,

voting by telephone or on the Internet (your latest telephone or Internet proxy is counted),

voting again at the meeting, or

notifying the Acting Corporate Secretary, in writing, that you wish to revoke your previous proxy. We must receive your notice prior to the vote at the Annual Meeting.

Will my shares be voted if I do not return my proxy?

If you are a stockholder of record (that is, you hold your shares in your own name), and you do not return your proxy, your shares will not be voted unless you attend the meeting and vote in person. Different rules apply if your stockbroker holds your shares for you.

What happens if my shares are held by my stockbroker?

If you do not return your proxy then your stockbroker, under certain circumstances, may vote your shares.

Stockbrokers must write to you asking how you want your shares voted. However, if you do not respond, stockbrokers have authority under exchange regulations to vote your unvoted shares on certain routine matters, including election of directors and ratification of the selection of the independent registered public accounting firm. If you wish to change voting instructions you give to your stockbroker, you must ask your stockbroker how to do so.

If you do not give your stockbroker voting instructions, the stockbroker may either:

proceed to vote your shares on routine matters and refrain from voting on nonroutine matters, or

leave your shares entirely unvoted.

Shares that your stockbroker does not vote (stockbroker non-votes) will count towards the quorum only. We encourage you to provide your voting instructions to your stockbroker. This ensures that your shares will be voted at the meeting.

Table of Contents

You may have granted to your stockbroker discretionary voting authority over your account. If so, your stockbroker may be able to vote your shares even on nonroutine matters, depending on the terms of the agreement you have with your stockbroker.

What happens if I abstain from voting on a proposal?

If you abstain from voting on a proposal (either by proxy or in person at the Annual Meeting), your shares will be counted in determining whether we have a quorum, but the abstention will have the same effect as a vote against a proposal.

Who will count the vote?

Representatives of American Stock Transfer and Trust Co., our transfer agent, will serve as the inspector of elections and count the votes.

What does it mean if I get more than one proxy card?

It means that you have multiple accounts at the transfer agent and/or with stockbrokers. Please sign and return all proxy cards to ensure that all your shares are voted.

What constitutes a quorum?

A majority of the outstanding shares present at the Annual Meeting or represented by persons holding valid proxies constitutes a quorum. If you submit a valid proxy card, your shares will be part of the quorum.

Without a quorum, no business may be transacted at the Annual Meeting. However, whether or not a quorum exists, a majority of the voting power of those present at the Annual Meeting may adjourn the Annual Meeting to another date, time and place.

At the Record Date, there were 2,537 stockholders of record. There were 20,656,699 shares of our common stock outstanding and entitled to vote at the Annual Meeting and 139,000 shares of our preferred stock outstanding and 95 entitled to vote at the Annual Meeting.

What percentage of stock do the directors and executive officers own?

Together, they own less than one percent of our common and preferred stock. See [Stock Ownership of Management and Certain Beneficial Owners](#) for more details.

Who are the largest common stockholders?

As of January 1, 2007, the largest principal stockholder was SJW Corp., which held 1,099,952 shares of common stock, representing 5.3% of our aggregate outstanding common stock. To the best of our knowledge, no other stockholders held over 5% of our common shares.

What is the deadline for submitting stockholder proposals for the Group's proxy materials for next year's Annual Meeting?

Any proposals which stockholders intend to present at the 2008 Annual Meeting of stockholders must be received by the Acting Corporate Secretary of the Group by November 27, 2007, in order to be considered for inclusion in the Group's 2008 proxy materials. A proposal and any supporting statement together may not exceed 500 words. Please submit the proposal to Acting Corporate Secretary, California Water Service Group, 1720 North First Street, San Jose, California 95112-4598.

How can a stockholder propose a nominee for the Board?

Any stockholder of record who is entitled to vote at a stockholders' meeting may propose a nominee for the Board. The bylaws contain the requirements for doing so. Contact the Acting Corporate Secretary to request a copy of the full bylaw requirements. Briefly, a stockholder must give timely prior notice to the Group. The notice must be

Table of Contents

received by the Acting Corporate Secretary at the Group's principal place of business by the 150th day before the first anniversary of the prior year's Annual Meeting. If we move the date of the meeting by more than thirty days before or more than sixty days after the date of the previous meeting, notice is due by the 150th day before the Annual Meeting or the 10th day after we publicly announce the holding of the meeting.

If the Board calls a special meeting to elect directors, stockholder notice is due by the 150th day prior to that meeting or the 10th day after we publicly announce the holding of the special meeting and identify the Board's director nominees. The bylaws do not affect the rights of preferred holders to nominate directors where they are otherwise entitled to do so.

The bylaws specify what the notice must contain. The notice deadline for the 2008 Annual Meeting is November 27, 2007.

How can a stockholder propose business at a stockholders' meeting?

Any stockholder of record who is entitled to vote at a stockholders' meeting may propose business for the meeting. Just as with nominations, the bylaws contain the requirements. Contact the Acting Corporate Secretary and request a copy of the full bylaw requirements. The stockholder must give timely prior notice to the Group. The deadlines are the same as for stockholder nominations discussed above. If the Group's Acting Secretary receives a proposal after that deadline it will be considered untimely, and the persons named in the proxy for the 2007 meeting may exercise their discretion in voting with respect to the proposal.

The bylaws specify what the notice must contain. Stockholders must comply with all requirements of the securities laws regarding proposals. The bylaws do not affect any stockholder right to request inclusion of proposals in the Group's proxy statement under the rules of the Securities and Exchange Commission.

Because of the 150-day notice requirement discussed above, stockholders who have not given prior notice may not raise a proposal (or a nomination) at this year's meeting.

How can a stockholder or other interested party contact the independent directors, the director who chairs the Board's executive sessions or the full Board?

Stockholders or other interested parties may address inquiries to any of the Group's directors, to the director who chairs of the Board's executive sessions, or to the full Board, by writing to Acting Corporate Secretary, California Water Service Group, 1720 North First Street, San Jose, California 95112-4598. All such communications are sent directly to the intended recipient.

Can I make comments and/or ask questions during the Annual Meeting?

Yes, most certainly. Stockholders wishing to address the meeting are welcome to do so by adhering to the following guidelines:

1. Stockholders may address the meeting when recognized by the Chairman or President and Chief Executive Officer.
2. Each stockholder, when recognized, should stand and identify himself or herself.
3. Stockholder remarks must be limited to matters before the meeting and may not exceed two minutes in duration per speaker. No cameras, video or recording equipment will be permitted at the meeting.

BOARD STRUCTURE

This section briefly describes the structure of the Board and the functions of the principal committees of the Board. The charters for the Audit, Organization and Compensation, Finance and Nominating/Corporate Governance committees are posted on the Group's website at <http://www.calwatergroup.com>. The charters are also available in written form upon request to the Acting Corporate Secretary, California Water Service Group, 1720 North First Street, San Jose, California 95112-4598.

Table of Contents

The Group's policy is that all directors must be able to devote the required time to carry out director responsibilities and should attend all meetings of the Board and of Committees on which they sit.

Committees:

AUDIT: Reviews the Group's auditing, accounting, financial reporting and internal audit functions. Also, the Committee is directly responsible for the appointment, compensation and oversight of the independent registered public accounting firm, although stockholders are asked to ratify the Committee's selection. All members are nonemployee directors, are independent as defined in the listing standards of the New York Stock Exchange and meet the additional independence requirements for audit committee members imposed by the Sarbanes-Oxley Act and the rules of the SEC thereunder. The Group has not relied on any exemptions in the SEC's rules from the audit committee independence requirements.

The Board has determined that George A. Vera, chair of the Audit Committee, is a financial expert and is independent as defined in the rules of the SEC and in the listing standards of the New York Stock Exchange. This means that the Board believes Mr. Vera has:

- (i) an understanding of generally accepted accounting principles and financial statements;
- (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves;
- (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Group's financial statements, or experience actively supervising one or more persons engaged in such activities;
- (iv) an understanding of internal control over financial reporting; and
- (v) an understanding of Audit Committee functions.

Designation of a person as an audit committee financial expert does not result in the person being deemed an expert for any purpose, including under Section 11 of the Securities Act of 1933. The designation does not impose on the person any duties, obligations or liability greater than those imposed on any other audit committee member or any other director and does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

ORGANIZATION AND COMPENSATION: Reviews the Group's executive and director compensation, employee benefit plans and programs, including their establishment, modification and administration. All members are nonemployee directors and independent as defined in the listing standards of the New York Stock Exchange.

For a description of the processes and procedures used by the Organization and Compensation Committee for the consideration and determination of executive and director compensation, see Compensation Discussion & Analysis elsewhere in this proxy statement.

FINANCE: Assists the Board in reviewing the Group's financial policies, strategies and capital structure, and makes reports and recommendations to the Board as the Committee deems advisable. All members are nonemployee directors and independent as defined in the listing standards of the New York Stock Exchange.

NOMINATING/CORPORATE GOVERNANCE: Assists the Board by (i) identifying candidates and nominating individuals qualified to become Board members and (ii) developing and recommending a set of corporate governance principles applicable to the Group. All members are nonemployee directors and are independent as defined in the listing standards of the New York Stock Exchange. The full responsibilities of the Nominating/Corporate Governance Committee are set forth in its charter, a copy of which is posted on the Group's website at <http://www.calwatergroup.com>.

EXECUTIVE: Has limited powers to act on behalf of the Board whenever it is not in session. This Committee meets only as needed. The Committee consists of two nonemployee directors and two employee directors.

Table of Contents

During 2006, there were eleven regular meetings of the Board, five meetings of the Audit Committee, three meetings of the Organization and Compensation Committee, three meetings of the Finance Committee, two meetings of the Nominating/Corporate Governance Committee and no meetings of the Executive Committee. Each of the director-nominees who served on the Board of California Water Service Group in 2006 attended at least 93% of all Board and applicable committee meetings. Collectively, they attended an average of 97% of all of the Board and applicable committee meetings.

Independence of Directors

The Board has adopted a standard of director independence. The standard determines that a director is independent if he or she has no material relationship, whether commercial, industrial, banking, consulting, accounting, legal, charitable or familial, with the Group, either directly or indirectly as a partner, stockholder or officer of an entity that has a material relationship with the Group.

A director is not independent if he or she fails the standard for independence in Section 303A of the New York Stock Exchange Listed Company Manual or the Group's independence standards. The following relationships or transactions disqualify a person from being considered independent under the Exchange's standards:

the director has a material relationship (including, among others, commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships) with companies that comprise the Group;

the director is, or has been within the last three years, an employee of companies that comprise the Group or an immediate family member is, or has been within the last three years, an executive officer of any company that comprises the Group;

receipt during any twelve-month period within the past three years by the person, or by an immediate family member of the person, of more than \$100,000 in direct compensation from companies that comprise the Group, other than director or committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

the director or an immediate family member is a current partner of the Group's internal or external auditor; the director is a current employee of such a firm; the director's immediate family member is a current employee of such a firm who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice or the director or an immediate family member was in the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Group's audit within that time;

employment of the director or of an immediate family member within the last three years as an executive officer of a company whose Organization and Compensation Committee includes an executive officer of the Group; and

being an employee or having an immediate family member who is an executive officer of a customer or vendor or other party which has made payments to or received payments from companies that comprise the Group for property or services of at least 2% or \$1 million, whichever is greater, of the party's consolidated gross revenues, in any of the past three years.

The Board has determined that none of the following relationships, in itself, is material for purposes of these standards:

being a residential customer of the Group;

being an executive officer or employee, or being otherwise affiliated with, a commercial customer from which the Group's consolidated gross revenues in any of the last three years are or were not more than the greater of (i) 1% of the Group's consolidated gross revenues for the year or (ii) \$500,000;

being an executive officer or employee of a supplier or vendor that has or had consolidated gross revenues from the Group in any of the last three years of not more than the lesser of (i) 1% of the Group's consolidated gross revenues for the year or (ii) \$500,000;

Table of Contents

having a 5% or greater ownership interest or similar financial interest in a supplier or vendor that has or had consolidated gross revenues from the Group in any of the last three years of not more than the lesser of (i) 1% of the Group's consolidated gross revenues for such year or (ii) \$500,000; and

being a director of any of the Group's subsidiaries.

If a director is eligible for treatment as an independent director under Section 303A, but has a relationship with the Group other than one of the five relationships described above, the Board of Directors or the Nominating/Corporate Governance Committee will review the facts and circumstances of the relationship and make a good faith determination whether it considers the director independent in light of the purposes of the Sarbanes-Oxley Act of 2002 and the New York Stock Exchange Listing standards and, if it determines that the director is independent, will disclose the basis for its determination in the Group's proxy statement for its next Annual Meeting of stockholders as required by applicable laws and regulation.

In making a determination regarding independence of a director, the Board of Directors will consider, among other things, the materiality of the relationship to the Group, to the director, and, if applicable, to the organization with which the director is affiliated.

The Board has determined that a majority of the members of the Board meet the standard and also are independent, as defined in the listing standards of the New York Stock Exchange.

Director Qualifications

The Group seeks directors with the following specific qualifications:

shows evidence of leadership in his/her particular field;

has broad experience and exercises sound business judgment;

has expertise in an area of importance to Group and its subsidiaries;

is able to work in a collegial Board environment;

has high personal and professional ethics and integrity;

is able to devote the required time to carry out director responsibilities;

has the ability and willingness to contribute special competencies to Board activities, to include appointment to Board committees;

is free from conflicts of interest which would interfere with serving and acting in the best interests of the Group and its stockholders;

has proven to be a high caliber individual who has achieved a level of prominence in his or her career; for example, a CEO or highest level financial officer of a sizeable organization, a director of a major corporation, a prominent civic or academic leader, etc.

In addition, Section 2.8 of the Group's bylaws contains requirements which a person must meet to avoid conflicts of interest which would disqualify that person from serving as a director.

Identification of Director Nominees

The Group identifies new director candidates by director recommendations and by the use of search firms selected by the Nominating/Corporate Governance Committee.

The Group considers nominees of stockholders in the same manner as all other nominees. The Group will consider director nominees recommended by stockholders who adhere to the procedure described under Questions and Answers About the Proxy Materials and the Annual Meeting How can a stockholder propose a nominee for the Board? elsewhere in this proxy statement.

Table of Contents**Executive Sessions of the Board**

As required by the listing standards of the New York Stock Exchange, the Group schedules regular executive sessions of directors in which directors meet without management participation. Mr. Douglas M. Brown has been appointed by the board as lead director and to chair these sessions.

Corporate Governance Guidelines

The Board has adopted corporate governance guidelines as defined by the listing standards of the New York Stock Exchange. The guidelines are posted on the Group's website at <http://www.calwatergroup.com>. The guidelines are also available in written form upon request to Acting Corporate Secretary, California Water Service Group, 1720 North First Street, San Jose, California 95112-4598.

Retirement Age of Directors

The Group has established a mandatory retirement age for directors. A director must retire no later than the Annual Meeting that follows the date of the director's 75th birthday. An employee director must retire as an employee no later than the Annual Meeting that follows the date of the director's 70th birthday.

Annual Meeting Attendance

All directors are expected to attend each Annual Meeting of the Group's stockholders, unless attendance is prevented by an emergency. All of the Group's directors who were in office at that time attended the Group's 2006 Annual Meeting of stockholders.

STOCK OWNERSHIP OF MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

Ownership of Directors and Executive Officers

Our board of directors strongly encourages stock ownership by directors and believes it is desirable for all directors to own an amount of shares having a value of four times the amount of such director's annual director retainer. Pursuant to the Group's Corporate Governance Guidelines, available on the Group's website at <http://www.calwatergroup.com>, directors elected before April 27, 2005, who own less than the desirable amounts are strongly encouraged to increase their holdings to that amount by April 26, 2009. Ownership of Largest Principal Stockholders

As of February 25, 2007, the Group's records and other information available from outside sources indicated that the following stockholder was the beneficial owner of more than five percent of the outstanding shares of our common stock.

The information below is as reported in filings made by third parties with the Securities and Exchange Commission. Based solely on the review of our stockholder records and public filings made by the third parties with the Securities and Exchange Commission, the Group is not aware of any other beneficial owners of more than five percent of the common stock.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, requires our directors, certain officers, and holders of more than 10% of our common stock to file with the Securities and Exchange Commission reports regarding their ownership of our securities.

Based solely on its review of the copies of forms furnished to the Group, or written representations that no annual forms (SEC Form 5) were required, the Group believes that, except as set forth in the following sentence, during the fiscal year ended December 31, 2006, our directors, executive officers and holders of more than ten percent of our common stock complied with all applicable SEC Section 16(a) filing requirements.

Table of Contents

Each of the Group's directors and officers received shares of restricted stock and officers also received stock appreciation rights on January 4, 2006, which was required to be reported on Form 4 by January 6, 2006. In relation to this transaction, the Group filed Form 4's late for seven directors and nine officers. To correct this administrative oversight, the Group purchased and implemented software during 2006, to help track equity compensation. We also obtained the services of an outside consultant to provide staff training to insure timely filings of forms pursuant to Section 16(a).

COMPENSATION DISCUSSION AND ANALYSIS

The Organization and Compensation Committee (Committee) administers the Group's compensation plans and programs for board members and executive officers. After a review beginning in September, the Committee recommends to the full Board of Directors in November compensation levels, including the equity incentive plan awards, for board members and executive officers for the 12-month period beginning January 1. The Group's principal executive officer, chairman of the board, principal financial officer and three most highly compensated executive officers in a particular year are referred to as executive officers. The material elements of the Group's executive compensation program include:

Salary

Equity Compensation

Other compensation:

Pension Plan Benefits

Supplemental Executive Retirement Plan Benefits

Deferred Compensation Plan Benefits

Perquisites

The Group historically has not used annual bonuses as a compensation mechanism.

Compensation Philosophy for Executive Officers

The Group's overall philosophy is to provide compensation that attracts, retains, and motivates talented executives, rewards excellent job performance, promotes the Company's one team approach, and provides for fair, reasonable, and competitive total compensation. The Committee believes that compensating executives using these criteria benefits both stockholders and ratepayers.

The Committee is mindful that as a regulated utility, the Group's financial performance is to a large extent dependent upon California Public Utilities Commission (CPUC) ratemaking decisions and other factors beyond the control of the officers such as rainfall and average temperatures. Therefore, the Organization and Compensation Committee's decisions are determined largely by its comparisons with peer groups and evaluation of factors that are within the executive officers' control.

Each year the Committee reviews, assesses and approves all compensation for directors and officers after establishing assurance that the executive compensation for officers is competitively relative to peer group companies of

comparable size, complexity, location and business nature. In addition, it approves the retention, fees, and termination of any compensation consultant or compensation consulting firm used to assist in the evaluation of director and executive compensation.

Determining Executive Compensation

To assist the Committee in its review of executive compensation, the Group's senior management provides compensation data compiled from the average of two surveys of executive compensation: (1) a survey compiled by Watson Wyatt of firms located in the San Francisco Bay Area and, (2) a national survey compiled each year by the specialty consulting firm, Saje Consulting Group, Inc., of market data for the water services industry. In averaging the two surveys, the Committee uses figures from the 50th percentile in the Watson Wyatt survey and the

Table of Contents

Saje Consulting surveys. The Committee believes that this methodology reflects accurately the size and complexity of the Group's business relative to the other corporations in each survey. Saje and Pearl Meyers consultants comment on the reasonableness of the total compensation approach each year.

Elements of Compensation

The Committee historically has set target compensation for base salaries and long-term incentive compensation independently.

Salary

When examining the annual compensation of individual executives, the Committee considers the current market of the position, tenure, recent history of pay increases, performance in achieving the company's results and leadership contribution to position the company for long-term success. In general, the executive officers' salaries are targeted near the 50th percentile of the range of salaries derived from the average of the survey data described above for executives in similar positions. Base salaries are not increased automatically each year. To assist the Committee in its annual review of base salaries, the Group's chief executive officer provides performance information and recommendations to the Committee for each of the executive officers and the Group's chairman based on the survey data and the other factors described above. The CEO provides a full self-assessment of his own performance and degree of success in meeting the goals set for him at the beginning of the year, and this is followed by the Committee's question of him about the Group's performance and his role within it. The Committee then reviews and discusses the performance of each executive and the relevant market information provided by the independent compensation consultants. Once reviewed and agreed upon, the Committee recommends to the full Board of Directors the base salaries for the executive officers (including the chief executive officer and the chairman). As a result of this analysis, the base salaries in 2006 increased for each of the executive officers.

Equity Compensation

The purpose of the Group's long-term equity incentive compensation program is to align executive compensation with stockholder interests, create significant incentives for executive retention, encourage long-term performance by the Group's executive officers, and promote stock ownership. In years 2003, 2004, and 2005, the Committee had not granted equity compensation. In 2005, the Committee engaged the allied executive compensation consulting firms, Clark Consulting and Pearl Meyer Partners, to assist the Group in developing a long-term equity incentive plan and compensation strategy. Clark Consulting also reviewed the equity compensation levels paid to executives at similar positions in both the Watson Wyatt and Saje Consulting surveys, as well as other national and industry survey data, and made recommendations for equity compensation to the Organization and Compensation Committee. The Committee also decided in the interest of fostering the Group's one-team approach that the annual equity incentive awards granted to each of the Group's executive officers (other than the chief executive officer and the chairman) would be the same for each.

In 2006, the value of the annual equity compensation awards granted to the executive officers was granted as stock-settled stock appreciation rights (SARs) and as restricted stock awards (RSAs). The Committee believes this mix of SARs and RSAs creates an effective combination of incentives and retention for those executives who are most responsible for influencing stockholder value.

Although in 2006, the grant of equity awards was made in January, the Committee intends to grant equity awards to the Group's executive officers in March of each year, beginning in 2007.

Both the SARs and RSAs granted in January 2006 vest in monthly installments over 48 months following the date of grant. In addition, the SARs have a ten-year term. The exercise price of the SARs is the closing price for the Group's common stock on the New York Stock Exchange on the grant date. Neither the SARs nor the RSAs provide for automatic vesting acceleration if there is a change in control of the Group.

Pension Plan Program

In addition to the tax-qualified defined benefit plan which covers virtually all union and non-union employees, the Group provides supplemental retirement benefits to our executive officers under the Supplemental Executive Retirement Plan (SERP). The plan is an unfunded, unsecured obligation of the Group and is designed to assist in attracting and retaining key executives while providing a competitive, total compensation program. Furthermore, the plan is designed to make up for limitations under the Internal Revenue Code on allocations and benefits that may be paid under the Group's tax-qualified plan. Since the tax code restricts benefits under our tax-qualified plan, our executives would not otherwise be eligible to receive the retirement benefits that are proportional to the benefits received by other employees generally based on compensation. The benefits under the SERP are obtained by applying the benefit provisions of the tax-qualified plan to all compensation as defined under the tax-qualified plan, without regard to the limits, reduced by benefits actually accrued under the tax-qualified plan.

The Group believes that its non-qualified supplemental pension plan enhances the competitiveness of its executive compensation package and promotes retention. The primary reason for the pension plans, particularly the SERP, is to attract and retain senior management by offering a competitive total compensation package.

Deferred Compensation Plan

The Group maintains a deferred compensation plan for its directors, officers, and qualified managers. The plan permits the Group's executives and managers to defer up to 50% of their base salary in excess of Internal Revenue Code limits under the Group's tax-qualified 401(k) plan. The plan is intended to promote retention by providing eligible employees, including the executive officers, with a long-term savings opportunity on a tax-preferred basis. The plan's investment options are similar, but not identical, to the Group's tax-qualified 401(k) plan. The plan's benefits are unsecured, but assets earmarked to satisfy the Group's liabilities under the plan are held in a rabbi trust.

401(k) Plan

All full time employees are entitled to participate in our 401(k) plan and receive matching funds. Pursuant to the plan, executive officers are entitled to contribute up to the statutory limit set by the Internal Revenue Service and the Group matches 50 percent for each dollar contributed up to a maximum Company match of 4%.

Perquisites

As part of the Group's general automobile policy, the Group's executive officers have the use of a company-owned automobile. The Committee believes that the provision of a company-owned automobile allows our executive officers to work more efficiently since many of the areas served by the Group are most effectively reached by automobile as opposed to forms of mass transportation, such as airlines. Any personal mileage incurred by the executive is taxed as additional compensation in accordance with IRS regulations.

Severance Arrangements

None of the executive officers is a party to an individual employment agreement with the Group that provides for severance benefits.

Consistent with the Group's compensation philosophy, the Committee believes that the interests of stockholders are best served if the interests of senior management are aligned with those of the stockholders. To this end, the Group provides enhanced change of control severance benefits to executive officers under the Group's Executive Severance

Plan to reduce any reluctance of the executive officers to pursue or support potential change in control transactions that would be beneficial to the Group's stockholders. The plan was adopted in 1998 and its purpose is to promote the continued employment and dedication of our executives without distraction. The Executive Severance Plan provides severance pay equal to three times base salary to each of the executive officers if their employment is terminated without cause during the two-year period following a change in control.

In addition to the Executive Severance Plan, each executive officer is covered by the Group's general severance policy. Under the severance policy, each non-union employee of the Group is entitled to severance pay of either one

Table of Contents

week's pay after two years of service or two weeks' pay after five or more years service upon termination provided at least two weeks' notice is given. In addition, all executive officers are entitled to a pay-out of six weeks of vacation time upon any termination of employment.

Other Compensation Information

When designing all aspects of compensation, the Group considers the impact of tax treatment, but the primary factor influencing program design is the support of business objectives. The Organization and Compensation Committee has reviewed the Group's compensation structure in light of Section 162(m) of the Internal Revenue Code, which limits the amount of compensation that the Group may deduct in determining its taxable income for any year to \$1,000,000 for any of its five most highly compensated executive officers. Stock appreciation rights are intended to satisfy the requirements for performance-based compensation as defined in Section 162(m) of the Internal Revenue Code. Restricted stock awards do not qualify as performance-based compensation within the meaning of Section 162(m). In 2006, no executive officer's compensation exceeded the limitation set by Section 162(m).

The Group does not currently have any formal stock ownership guidelines for its directors or executive officers, nor does it require that directors or executive officers own a specific number of shares. The Board of Directors strongly encourages stock ownership by directors. Pursuant to the Group's Corporate Governance Guidelines, available on the Group's website at <http://www.calwatergroup.com>, beneficial ownership of an aggregate amount of shares having a value of four times the amount of the annual director retainer is desirable. Directors elected before April 27, 2005, who own less than the desirable amount are strongly encouraged to increase their holdings to that amount by April 26, 2009. Directors elected after April 27, 2005, who own less than the desired amount are strongly encouraged to increase their holdings to four times the annual director retainer level before the end of four years from the date of their election to the Board.

The Deferred Compensation Plan provides specified benefits to select group of management and highly compensated employees who contribute materially to the continued growth, development and future business success of California Water Service Group. This plan is described in more detail on page 16.

Potential Payments Upon Change of Control

On December 16, 1998, the Group adopted the Executive Severance Plan. The Executive Severance Plan provides that if within 24 months following a change of control of the Group, the executive officer's employment is terminated for any reason other than good cause or by the executive for good reason, the Group will make a cash payment to the executive officer equal to three times the sum of such executive officer's base salary as of the date of the change of control or the date the officer's employment terminates, whichever is greater. The payments would be paid in three equal annual installments commencing on the first of the month following the month in which the officer's employment terminated and payable thereafter on the anniversary of the initial payment date.

Each officer's entitlement to the severance payment is conditioned upon execution of a release agreement. Additionally, the executive officer forfeits the right to receive the severance payment if he or she violates the non-solicitation and confidentiality provisions of the Executive Severance Plan.

The terms "change of control," "good cause" and "good reason" have specific definitions assigned to them in the Executive Severance Plan, which is on file with the SEC.

Had a change of control occurred during fiscal 2006 and had their employment been terminated on December 31, 2006, either without good cause or by the executive for good reason, the executive officers would have been eligible to receive the payments set forth below.

Had a change of control not occurred during fiscal 2006 and had their employment been terminated on December 31, 2006, either without good cause or by the executive for good reason, the executive officer would be covered by the Group's general severance policy. Under the severance policy, the executive officer would receive one week's pay after two years of service or two weeks' pay after five or more years service upon termination provided at least two weeks notice is given. In addition, executive officers are entitled to a pay-out of six weeks of vacation time upon any termination of employment.

Table of Contents**Potential payments Upon Change of Control**

Francis S. Ferraro, <i>Vice President, Regulatory Matters and Corporate Relations</i>	\$ 885,000
Robert R. Guzzetta, <i>Vice President, Operations</i>	\$ 735,000

In addition to the benefits described above, if an executive officer's employment terminates within one year of change of control, his or her options do not terminate or accelerate. The executive officer, although no longer an employee of the Company, may exercise his or her options in accordance with the original vesting schedule.

No amounts were paid to directors under this program in fiscal 2006.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Group's financial reporting process on behalf of the Board of Directors. The Committee's purpose and responsibilities are set forth in the Audit Committee Charter. The current charter is available on the Group's website at <http://www.calwatergroup.com>. The Committee consists of four members, each of whom meets the New York Stock Exchange standards for independence and the Sarbanes-Oxley Act independence standards for audit committee membership, and has at least one member meeting the requirements of a financial expert. During 2006, the Committee met five times.

The Group's management has primary responsibility for preparing the Group's financial statements and the overall reporting process, including the Group's system of internal controls. KPMG LLP, the Group's independent registered public accounting firm, audited the financial statements prepared by the Group and expressed their opinion that the financial statements present fairly the Group's financial position, results of operations and cash flows in conformity with generally accepted accounting principles. KPMG LLP also audited management's assessment that the Group maintained effective internal control over financial reporting as of December 31, 2006, and expressed their opinion that management's assessment is fairly stated, in all material respects, and that the Group maintained, in all material respects, effective internal control over financial reporting as of December 31, 2006.

In connection with the December 31, 2006, financial statements, the Audit Committee:

- (1) reviewed and discussed the audited financial statements with management and the independent registered public accounting firm;
- (2) discussed with the independent registered public accounting firm the matters required by Statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended;
- (3) received from KPMG LLP and discussed with the auditor written disclosures required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees" and the Committee also discussed with KPMG LLP the firm's independence, and considered whether the firm's provision of non-audit services and the fees and costs billed for those services are compatible with KPMG LLP's independence; and
- (4) met privately with the Group's independent registered public accounting firm and internal auditors, each of whom has unrestricted access to the Audit Committee, without management present, and discussed their evaluations of the Group's internal controls and overall quality of the Group's financial reporting and accounting principles used in preparation of financial statements. The Committee also met privately with the Group's Chairman and the President and Chief Executive Officer, the Chief Financial Officer and the Controller to discuss the same issues.

Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K to be filed with the Securities and Exchange Commission.
