**Item 5. Other Events and Required FD Disclosure.**

On November 26, 2002, the Company filed, pursuant to Rule 415 under the Securities Act of 1933, as amended, a registration statement on Form S-3 (File No. 333-101499), including a prospectus, which, as amended, was declared effective on December 12, 2002. On August 7, 2003, the Company entered into an underwriting agreement, pursuant to which it agreed to sell 8,150,000 shares in an underwritten public offering. On August 8, 2003, the Company filed a Prospectus Supplement, dated August 7, 2003, with the Securities and Exchange Commission relating to the underwritten public offering of the shares.

The Company anticipates that its existing cash, investments and interest earned thereon plus the proceeds that it expects to receive from the shares of common stock that it is offering pursuant to the Prospectus Supplement, dated August 7, 2003, will be sufficient to fund its operations as currently planned into the fourth quarter of 2004, assuming that it does not engage in any significant clinical trial or commercialization activities. However, the amounts expended by the Company may vary significantly, and it is possible that the Company's cash requirements will exceed current projections and that it will therefore need additional financing sooner than currently expected.
