Report of Independent Auditors

To the Participants and Administrator of the
Good Humor Breyers Savings Plan:

In our opinion, the accompanying statements of net assets available for plan benefits and the related statements of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the Good Humor-Breyers Savings Plan (the Plan) at December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

1. Description of the Plan

The Good Humor Breyers Savings Plan (the Plan) is a defined contribution plan covering all union employees of the Good Humor-Breyers Company (the Company) employed at the Hagerstown, MD and at the Huntington, IN plants. The Company is a division of Conopco, Inc. which is a division of Unilever United States, Inc. (UNUS). The Plan is subject to the provisions of the Employer Retirement Income Security Act of 1974 (ERISA). Assets of the Plan along with other assets from defined contribution plans sponsored by UNUS are maintained in the Unilever United States, Inc. Master Savings Trust (the Trust). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description for more complete information.

Eligibility

All union employees employed at the Company's Hagerstown, MD plant and, effective July 1, 1999, all union employees employed at the Huntington, IN plant are eligible to participate in the Plan on the date of hire, provided they are regularly scheduled to work a minimum of 20 hours per week.

Contributions

Plan participants are permitted to make voluntary contributions of 1% to 15% of their compensation to the Plan through payroll deductions on an after-tax basis, a before-tax basis or a combination of both provided that the maximum participant contributions to the before-tax and after-tax accounts do not exceed 17% of compensation. After-tax contributions are deposited in an after-tax account and before-tax contributions, representing 401(k) contributions, are deposited in a before-tax account. Before-tax contributions are limited to \$11,000 and \$10,500 for 2002 and 2001, respectively. The Company matches 100% of the first 3% of participant contributions and 50% of the next 2% of participant contributions. All contributions are deposited in the Trust maintained by the trustee.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's contribution, (b) an allocation of Plan earnings, and (c) an allocation of forfeitures of terminated participant's nonvested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in all amounts contributed to the before-tax savings and after-tax accounts, plus actual earnings thereon. All Company contributions are 100% vested, therefore there are no forfeitures in the Plan.

Withdrawals and Distributions

During employment, participants may withdraw all or part of their after-tax account and earnings thereon. In addition, upon termination of employment, participants are entitled to all of their after tax account, their before-tax savings account and their vested Company matching account and earnings thereon. Terminated participants may opt to leave their account balance invested in the Plan until they attain age 70½.

Participants may apply to the Benefits Administration Committee for a financial hardship withdrawal of up to 100% of the amount of their after-tax and before-tax accounts, prior to attaining age 59½, provided the withdrawal does not exceed the amount of the hardship.

Investments

Participants have the option to invest in, and direct the Company matching contributions towards any of the following funds:

The PRIMCO Interest Income Fund is primarily invested in guaranteed investment contracts issued by certain insurance companies and synthetic guaranteed investment contracts wrapped by certain banks and insurance companies. The investment contracts are fully benefit responsive investment contracts and provide for a certain return for a specified period of time. The crediting interest rates at December 31, 2002 and December 31, 2001 for the contracts range from 1.35% to 7.70% and 4.19% to 8.18%, respectively.

The Pyramid Equity Index Fund invests primarily in stocks that comprise the S&P 500 Index.

The Fidelity Magellan Fund invests in stocks and other securities (may include up to 20% in bonds) of a variety of large, medium, and small sized companies in a variety of industries (both domestic and foreign).

The PIMCO Total Return Fund invests in government, corporate, mortgage-backed, and foreign securities with an overall portfolio duration averaging 3 to 6 years.

The Fidelity Equity Income Fund invests mainly in dividend-paying common and preferred stocks, particularly of large, established companies with favorable prospects for both increased dividends and capital growth.

The Harbor Capital Appreciation Fund invests mainly in common stocks of domestic companies with market capitalizations of at least \$1 billion, which exhibit above-average earnings growth potential.

The Capital Guardian International Equity Fund invests primarily in foreign stocks in developed markets and stocks of emerging markets.

The Unilever N.V. Stock Fund is invested in shares of Unilever N.V. stock. Unilever N.V. is the ultimate parent of Unilever United States, Inc.

The T. Rowe Price Small Cap Stock Fund invests at least 65% of its total assets in stocks and equity related securities of small companies.

The JP Morgan Select Small Company Fund mainly invests in common stocks of small companies with market capitalization of less than \$1.2 billion.

Loans to Plan Participants

At the request of the Plan participants, loans are permitted up to the lesser of \$50,000 or one-half of the participants' vested interest in all of their accounts (less any outstanding loans), excluding any amounts held in the Unilever N.V. Stock Fund. Loans bear interest at a fixed rate based on the Wall Street Journal published prime rate plus one percent, adjusted quarterly. The interest rate for participant loans is determined at the date on which the loan application is requested. Loans relating to the acquisition or construction of a participant's principal residence are to be repaid, in monthly installments, within fifteen years. This period will be automatically reduced to five years if certain administrative requirements are not fulfilled within six months of loan issuance. All other loans are required to be repaid, in monthly installments, within five years.

Termination

Upon termination of employment, participants are entitled to all of their vested balances. Retirees of the Unicare Retirement Plan may rollover their lump-sum distributions to the Plan to be invested until they attain age 70½.

Terminated employees whose vested balances exceed \$5,000 at termination may elect to leave their account balances in the Plan until they so request them or attain the age of 70½ at which time IRS regulations require minimum distributions to be made. Failure to make a voluntary election to defer payment will result in a total distribution of vested Plan balances at age 65. Terminated employees whose vested balances are under \$5,000 will be subject to an involuntary distribution.

While the Company has not expressed any intent to discontinue its contributions or terminate the Plan, it is free to do so at any time. In the event such discontinuance results in the termination of the Plan, the amount in each member's account becomes fully vested.

Other

During 2002, certain participants working at the Huntington, IN plant, formerly included in the Plan, became participants of the Unicare Savings Plan, an affiliated plan. Accordingly, the Plan transferred \$528,255 of the participants' accumulated benefits to the Unicare Savings Plan.

At December 31, 2002 and 2001, there were 356 and 455 participants, respectively, some of whom elected to invest in more than one fund. Set forth below is the number of participants investing in each fund.

	December 31	
	2002	2001
PRIMCO Interest Income Fund	291	346
PIMCO Total Return Fund	74	94
Fidelity Equity Income Fund	37	55
Fidelity Magellan Fund	77	117

Pyramid Equity Index Fund	128	169
T. Rowe Price Small Cap Stock Fund	30	
Capital Guardian International Equity Fund	22	36
Unilever N.V. Stock Fund	102	121

Administration

The Plan provides that the Benefits Administration Committee is responsible for the General Administration of the Plan.

2. Summary of Accounting Policies**Basis of Accounting**

The Plan's financial statements have been prepared using the accrual method of accounting, in conformity with generally accepted accounting principles.

Valuation of Trust Investments

Shares of participation in the various funds, other than the Interest Income Fund and the Unilever N.V. Stock Fund, are valued based on quoted market prices as of the last business day of the year. Unilever N.V. stock in the Unilever N.V. Stock Fund is valued at market value based on its quoted market price as of the last business day of the year.

The guaranteed investment contracts and the synthetic guaranteed investment contracts in the Interest Income Fund are stated at contract value, which approximates fair value.

Investment Transactions and Investment Income of the Trust

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The average cost basis is used in determining gain or loss on Trust investments sold.

Purchases and sales of securities are reflected as of the trade date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Investment management fees for all funds, excluding the Unilever N.V. Stock Fund, are paid by the Plan. All other administrative expenses are paid by the Company.

Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. These significant estimates include fair market values of investments. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

The Trust is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Plan administrator does not anticipate non-performance by these companies. The Plan administrator believes that the risk to the Trust portfolio from credit loss is not material due to the diversified nature of the assets held.

3. Tax Status

The Plan received a favorable tax determination letter, effective April 9, 1996, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. Investments Held by the Trust

The Trust primarily comprises the assets of the following plans:

Unicare Savings Plan

Savings Plan for Lever Brothers Employees Represented by the ICWUC

Thrift and Savings Plan for Certain Employees of Lever Brothers Company

The plans listed above comprise approximately 99% of the investments held by the Trust as of December 31, 2002 and 2001. The Trust also holds investments for a number of other Plans sponsored by subsidiaries of Unilever United States, Inc. The Plan has an undivided interest in certain assets of the Trust and sole interests in other assets of the Trust. Certain investment assets of the Trust and related earnings are allocated to the Plans participating in the Trust based upon the total of each individual participant's share of the Trust. On an overall basis, the Plan has a less than 1% interest in the investments of the Trust as of December 31, 2002 and 2001.

The Plan's approximate share of investments held by the Trust at December 31, 2002 and 2001 were as follows:

	2002	2001
Short-Term Investment Fund	0.2%	0.2%
Mutual Funds	0.2	0.2
Commingled Funds	0.2	0.0
Guaranteed Investment Contracts	0.2	0.2
Synthetic Guaranteed Investment Contracts	0.2	0.2

5. Transactions with Related Parties and Parties-in-Interest

The Unilever N.V. Stock Fund invests in shares of Unilever N.V. Stock. This fund is designed as a means for employees to participate in the potential long-term growth of Unilever.

Edgar Filing: UNILEVER PLC - Form 11-K/A

Certain Plan investments consist of units in investment funds managed by Fidelity. Fidelity owns these investment funds, and is a party-in-interest as defined by ERISA. In the opinion of the Plan administrator, fees paid during the year for services rendered by parties-in-interest were based on customary and reasonable rates for such services.
