**Report of Independent Auditors**

To the Participants and Administrator of the  
Lipton Savings Plan for Union Employees:

In our opinion, the accompanying statements of net assets available for plan benefits and the related statements of changes in net assets available for plan benefits present fairly, in all material respects, the net assets available for plan benefits of the Lipton Savings Plan for Union Employees (the Plan ) at December 31, 2002 and 2001, and the changes in net assets available for plan benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

**1. Description of Plan**

The Lipton Savings Plan for Union Employees (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Assets of the Plan along with other assets from defined contribution plans sponsored by Unilever United States, Inc. (the Company or UNUS) are maintained in the Unilever United States, Inc. Master Savings Trust (the Trust). The following brief description of the Plan is provided for general information purposes only. Reference should be made to the Plan document for a complete description of the Plan.

**Eligibility**

All employees located at Lipton's Baltimore, Maryland plant who are represented by the United Food and Commercial Workers, Local 27;

All employees located at Lipton's Olathe, Kansas plant who are represented by the Teamsters Local 41 or the Operating Engineers Local 101;

All employees located at Lipton's Dallas, Texas plant who are represented by the Teamsters, Local 745;

All employees located at Lipton's Elgin, Illinois plant who are represented by the Teamsters, Local 333;

Combined before-tax and after-tax contributions cannot exceed 20% of the participant's compensation. Before tax contributions are limited to \$11,000 and \$10,500 for the 2002 and 2001 plan years respectively. All contributions are deposited in the Unilever United States, Inc. Master Savings Trust (the Trust). Participants are fully vested in their after and before-tax contribution accounts immediately. There are no Company contributions to the Plan.

The investment contracts are fully benefit-responsive investment contracts which provide for a certain return for a specified period of time. The crediting interest rates at December 31, 2002 and 2001 for the contracts range from 1.35 to 7.70% and 4.19 to 8.18%, respectively.

The Fidelity Asset Manager Fund invests primarily in stocks, bonds, and short-term cash instruments of both U.S. and foreign corporations and governments.

At the request of the participant, loans are permitted up to the total of the lesser of \$50,000 reduced by the largest outstanding loan balance over the last year or one-half of the participant's account. The minimum loan disbursed is \$1,000. Loans bear interest at a fixed rate based on the Wall Street Journal published prime rate on the first of the month plus one percent, adjusted quarterly. **2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The Plan's financial statements have been prepared on the accrual basis of accounting in conformity with generally accepted accounting principles.

**Valuation of Trust Investments**

Shares of participation in the various funds, other than the Interest Income Fund and the Unilever N.V. Stock Fund are valued based on quoted market prices at the last business day of the year.

The guaranteed investment contracts and the synthetic guaranteed investment contracts in the Interest Income Fund are stated at contract value, which approximates fair value.

Unilever N.V. stock in the Unilever N.V. Stock Fund is valued at market value based on its quoted market price as of the last business day of the year.

**Investment Transactions and Investment Income of the Trust**

Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis. The average cost basis is used in determining gain or loss on Trust investments sold.

---

**Lipton Savings Plan for Union Employees**  
**Notes to Financial Statements**

---

Purchases and sales of securities are reflected as of the trade date.

The Plan presents in the Statement of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

**Benefit Payments**

Benefit payments are recorded when paid.

**Administrative Expenses**

Investment management fees for all funds are paid by the Plan. All other administrative expenses are paid by the Company.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. These significant estimates include fair market value of investments. Actual results could differ from those estimates.

**Risk and Uncertainties**

The Plan provides for various investment options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Plan Benefits and the Statement of Changes in Net Assets Available for Plan Benefits.

The Trust is exposed to credit loss in the event of non-performance by the companies with whom guaranteed investment contracts are placed. However, the Plan administrator does not anticipate non-performance by these companies. The Plan administrator believes that the risk to the Trust portfolio from credit loss is not material due to the diversified nature of assets held.

**3. Tax Status of the Plan**

The Plan received a favorable tax determination letter, effective September 19, 2002, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**4. Investments held by the Trust**

The Trust primarily comprises the assets of the following plans:

Unicare Savings Plan

Savings Plan For Lever Brothers Employees Represented by the ICWUC

Thrift and Savings Plan for Certain Employees of Lever Brothers Company

The plans listed above comprise approximately 99% of the investments held by the Trust as of December 31, 2002 and 2001. The Trust also holds investments for a number of other Plans sponsored by divisions or subsidiaries of Unilever United States, Inc. The Plan has an undivided interest in certain assets of the Trust and sole interest in other assets of the Trust. Certain investment assets of the Trust and related earnings are allocated to the Plans participating in the Trust based upon the total of each individual participant's share of the Trust. On an overall basis, the Plan has a less than 1% interest in the investments of the Trust as of December 31, 2002 and 2001.

The Plan's approximate share of investments held by the Trust at December 31, 2002 and 2001 were as follows:
