Item 1.01. Entry into a Material Definitive Agreement.

On September 21, 2005, Atlas Pipeline Partners, L.P. entered into an agreement with Enogex, Inc., an Oklahoma corporation and subsidiary of OGE Energy Corp. (NYSE: OGE), to acquire all of the outstanding equity interests in Enogex Arkansas Pipeline Corporation, an Oklahoma corporation (EAPC) which owns a 74% general partner interest and a 1% limited partner interest in NOARK Pipeline System, Limited Partnership, an Arkansas limited partnership (NOARK). NOARK 's principal assets include a 565-mile, FERC-regulated natural gas gathering and interstate pipeline, known as Ozark Gas Transmission, extending from southeast Oklahoma through Arkansas into southeast Missouri and a 365-mile natural gas gathering system, known as Ozark Gas Gathering, located in eastern Oklahoma and western Arkansas. The total consideration will be approximately \$163 million in cash, subject to post-closing adjustment based on net working capital. Consummation of the acquisition, which Atlas Pipeline Partners expects will occur in the fourth quarter of 2005, is conditioned on the receipt of various approvals, including Hart-Scott-Rodino Act approval or early termination of the application waiting period, and other customary closing conditions.

Atlas Pipeline Partners has received a commitment from Wachovia Bank, National Association and Bank of America, N.A. for a \$150 million increase to its existing \$225 million revolving credit facility.
