Frank C. Pickard III
Vice President, Treasurer
VF Corporation

Date: July 3, 2006

Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
VF Corporation Retirement Savings Plan for Hourly Employees

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the VF Corporation Retirement Savings Plan for Hourly Employees (the Plan) at December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H Line 4i Schedule of Assets (Held at End of Year) at December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

VF CORPORATION RETIREMENT SAVINGS PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS

NOTE A DESCRIPTION OF THE PLAN

VF Corporation (VF) sponsors the VF Corporation Retirement Savings Plan for Hourly Employees (the Plan), which is a cash or deferred plan under Section 401(k) of the Internal Revenue Code (IRC). The Plan is comprised of two parts: a contributory Compensation Deferral part and a noncontributory Retirement Contribution part. During 2005, the net assets of the Nautica Enterprises, Inc. Savings and Investment Plan and the Vans, Inc. Retirement Plan were merged into the Plan subsequent to VF 's acquisition of the respective plan sponsors.

Under the Compensation Deferral part of Plan, hourly employees of specified subsidiaries may elect to contribute between 2% and 50% of their compensation to the Plan.

Effective January 1, 2005, VF added a noncontributory Retirement contribution feature for employees hired after January 1, 2005 and eligible employees of newly acquired companies. Eligible employees are automatically enrolled in the Retirement Contribution feature. VF makes quarterly retirement contributions to the Plan in an amount equal to a percentage of eligible employee earnings based on each employee 's continuous service with VF since January 1, 2005. The VF contribution ranges from 2% of earnings for participants with less than 10 years of VF service (which is all current participants) to 5% of earnings for participants with 20 or more years of VF service. Employees vest in the retirement contribution feature ratably by month and are fully vested after 5 years of service or normal retirement. Employee contributions under the Compensation Deferral feature and are invested at the direction of the employee in one or more funds administered by the Plan 's trustees. All Plan assets are trusted by Fidelity Management Trust Company (Fidelity), with the exception of one fund trusted by UMB Bank, n.a. (UMB Bank). VF contributions in the Retirement Contribution feature are invested in the same investment selections as a participant has chosen for his Compensation Deferral balance, except that contributions cannot be invested in VF Common Stock. VF contributions for the Retirement Contribution feature for those not participating in the Compensation Deferral feature are invested as directed by those individual participants.

Individual accounts are maintained for each participant; each account includes the individual 's contributions and investment funds ' earnings. Accounts become payable upon retirement, disability, death or termination of employment. Participants may also withdraw all or a portion of their Compensation Deferral account balance by filing a written request that demonstrates financial hardship as defined by the Plan. Forfeitures are used to reduce VF 's obligations to pay Plan expenses. Unused forfeitures at December 31, 2005 that are available to reduce future Plan Sponsor Contributions totalled \$3,796. Participants may elect to receive distributions in a lump sum, or accounts may be rolled over into another IRS-approved tax deferral account.

Participants may borrow up to 50% or \$50,000 of the participant 's total account balance in the Compensation Deferral portion of the Plan. Participants are charged interest at the Morgan Guaranty Published prime rate at the time of the loan and repay the principal within 60 months, or 120 months if the loan is for the purchase of their primary residence. Payment in full is required at termination of employment. There were 409 and 477 loans outstanding at December 31, 2005 and December 31, 2004, respectively.

Although it has no intent to do so, VF may terminate the Plan in whole or in part at any time. In the event of termination, participants became fully vested in their accounts.

NOTE B SIGNIFICANT ACCOUNTING POLICIES

Investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. General market fixed income securities are valued by a national pricing service, based on standardized pricing methodology. For government guaranteed loans, UMB Bank values the loans at amortized cost, which approximates fair value, as they are guaranteed by the full faith and credit of the United States Federal Government. The fair value of the participation units owned by the Plan in mutual funds and bank common trust funds is based on quoted redemption values on the last business day of the Plan year. Purchases and sales of securities, including gains and losses thereon, are recorded as of the trade date. Dividends are recorded on the ex-dividend date.

VF CORPORATION RETIREMENT SAVINGS PLAN FOR HOURLY EMPLOYEES
NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE B SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and unrealized appreciation or depreciation on those investments.

Administrative expenses consisting primarily of fees for legal, accounting and other services are paid by VF in accordance with the Plan.

Payment of Benefits: Benefits are recorded when paid.

Use of Estimates: In preparing financial statements in accordance with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Risks and Uncertainties: The Plan provides for various mutual fund investment options in stocks, bonds and fixed income securities. The Plan also provides for investment in VF Common Stock. Investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE C PLAN MERGER

During 2005, the retirement savings plans of Vans, Inc. (Vans) and Nautica Enterprises, Inc. (Nautica) were merged into the Plan subsequent to VF's acquisition of the respective plan sponsors. Vans was designated as, and became a participating employer in the Plan effective January 1, 2005. The portion of the Vans plan representing the accounts, assets and liabilities of participants and beneficiaries was merged with, and into the Plan, effective July 1, 2005.

Nautica was designated as, and became a participating employer in the Plan effective April 1, 2005. The portion of the Nautica plan representing accounts, assets and liabilities of participants and beneficiaries was merged with and into the Plan, effective July 1, 2005.

Total assets transferred into the Plan were \$306,492.

NOTE D INCOME TAX STATUS

The Internal Revenue Service has issued a favorable determination letter dated September 23, 2002 stating that the Plan qualifies under the appropriate sections of the Internal Revenue Code (or IRC) and is, therefore, not subject to tax under present income tax law. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The VF Corporation Pension Plan Committee is not aware of any action or series of events that have occurred that might adversely affect the Plan's qualified status. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE E RELATED PARTY TRANSACTIONS

Related parties to the Plan include VF (the Plan sponsor), and Fidelity and UMB Bank (the Plan's trustees). Certain Plan investments are funds managed by Fidelity and UMB Bank, and therefore transactions in these investments qualify as party-in-interest transactions. The Plan also invests in the common stock of the Plan Sponsor. These transactions also qualify as party-in-interest transactions.

VF CORPORATION RETIREMENT SAVINGS PLAN FOR HOURLY EMPLOYEES
 NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE F INVESTMENTS

Net realized and unrealized appreciation and year-end fair value of investments included in Plan equity includes the following:

	Net Realized Appreciation in Fair Value for the Year Ended December 31, 2005	Fair Value At December 31, 2005	2004
