EL PASO CORPORATION ANNOUNCES SIGNING OF LETTER OF INTENT TO SELL ITS EAGLE POINT REFINERY AND RELATED PIPELINE ASSETS

HOUSTON, TEXAS, APRIL 30, 2003--El Paso Corporation (NYSE:EP) today announced that it and its subsidiary Coastal Eagle Point Oil Company have signed a letter of intent with Sunoco, Inc. to sell the company's Eagle Point refinery and related pipeline assets for \$130 million plus fair market value for crude oil and refined product inventories at time of closing. The transaction is subject to satisfaction of certain conditions, including negotiation of definitive agreements satisfactory to the parties and receipt of various regulatory approvals.

The assets covered under this letter of intent include the refining equipment and related storage capacity plus interests in various refined product pipelines connecting the refinery to regional distribution systems. The refinery, located in Westville, New Jersey across the Delaware River from Philadelphia, has a rated capacity of 150,000 barrels per day. El Paso acquired these assets through its merger with The Coastal Corporation in 2001.

This sale supports El Paso's previously announced 2003 five-point business plan, which includes exiting non-core businesses quickly but prudently, and strengthening and simplifying the balance sheet while maximizing liquidity. This sale will be additive to the previously announced non-core asset sales that El Paso has either closed or has under contract totaling approximately \$2.3 billion for 2003, or approximately 67 percent of its asset sales goal of \$3.4 billion for calendar year 2003.

El Paso Corporation is the leading provider of natural gas services and the largest pipeline company in North America. The company has core businesses in pipelines, production, and midstream services. Rich in assets, El Paso is committed to developing and delivering new energy supplies and to meeting the growing demand for new energy infrastructure. For more information, visit www.elpaso.com.
